MOUNTAIN OF MINERALS: Edwin Skidmore, of 233 Central ave., Mountainside, holds a slab of yellow celestite (the second most common mineral in the world) which he found in Toole County, Utah. Behind are piled various

other specimens of minerals, part of the approximately 75 tons of minerals and gems which Skidmore, one of the country's leading authorities on mineralogy, has collected over the years.

225,000 Miles, 1,700 Kinds Of Minerals

Collector Skidmore An Expert In Many Areas

By RITA ZEISS
Edwin Skidmore of 233 Central ave., Mountainside, is a nationally recognized authority on mineralogy. His research began during World War II, when he developed an electrical connection for the propellers of B-29's, and inventor of an ultra-violet lamp used by the Naval Research Laboratory in the development of a red fluorescent powder which helped save the lives of many lost at sea during that same great conflict.

Yet, he had only two years of schooling beyond grammar school, and he insists, has never read much and studied very little. Skidmore's high school education was cut short because his bicycle couldn't make the trip to Roselle Park where the only secondary school in the area was located. "A resident of Mountainside since 1930, Skidmore spent the first 12 years of his life in a grammar school in Elizabeth. He started high school in Springfield where a secondary school was conducted on the second floor of one of the high grammar schools. The high school was moved to Roselle Park two years later and my bicycle just wasn't up to that distance," he says.

However, the lack of formal education has not hindered him from pursuing a variety of vocational careers and hobbies that would leave a less energetic man exhausted. In his backyard workshop he repairs cars, fabricates electrical appliances, runs laboratories, and renews blue print cylinders for many days. The manual procedure is a method which he developed for removing the scratches from the pyrex tubes, makes the cylinders, which cost about \$600 new, re-usable. As far as Skidmore knows he is one of only two men in the country able to perform this task. His workshop and the area surrounding it are stacked with cartons and piles of all types of minerals, minerals he collected in his travels throughout this country, Alaska and Mexico and others he

has secured from all over the world. His interest in minerals was awakened back in 1926 when he was touring the Arizona desert and picked up a piece of petrified wood in the Petrified Forest. His interest has deepened and broadened in the intervening years and he now has, he estimates, about 75 tons of minerals and gems, worth again he estimates between \$50,000 and \$60,000. His collection ranges from specimens too small to be seen by the human eye to a huge 249-pound stone he hauled by himself from nearby Franklin. The "hidden" beauty of the stones fascinates their owner. (Continued on Page 3)

COLLECTOR

Council Adopts Ordinance Boosting Borough Police Salaries By \$400

Action Provides Percentage Hikes For Long Service

New Scale Effective Jan. 1; Patrolmen's Maximum At \$7,100

The borough council passed the ordinance on Monday night by a 5-2 vote. The ordinance provides for a 10 per cent increase for the first year, a 5 per cent increase for the second year, and a 3 per cent increase for the third year. The ordinance also provides for a 10 per cent increase for patrolmen with 10 years of service, a 15 per cent increase for 20 years, and a 20 per cent increase for 30 years.

An ordinance authorizing the issuance of \$10,000 in bonds to finance construction of a sanitary sewer along Highway 22, running approximately 1,000 feet west from Mountain View st., will affect 14 property owners who will be assessed according to their frontage on Hillside ave.

The ordinance fixing salaries for borough employees was amended to include a section governing the salary of fire inspectors at \$3 per building inspected, including compliance inspections and follow-ups. It provides for a \$2 payment for all other inspections, the fees to be paid annually.

Bids for a radio alerting system to be placed in the homes of volunteer firemen were held for further study. The bids ranged from \$4,288 to \$5,595.

PETITION AGAINST multiple-dwellings is signed by Mrs. Lee Clarkson (center) of 225 Evergreen st., Mountainside. Bell-ringers in the signature drive, conducted by the newly formed Civic League Association of Mountainside are Mrs. Harry Swensen of 225 Evergreen st. and Mrs. Walter Legawice of 226 Evergreen st. Mrs. Swensen's husband is the coordinator of the association.

Women To March On Borough Hall To Demand Pool

Scores of Mountainside women will march on Borough Hall at the Oct. 20 meeting of the Council to demand immediate action on the proposed municipal pool. Herbert Ross, chairman of the Mountainside Municipal Pool Committee, announced this week.

Let the council members think "the heat is off them" literally and figuratively to start the ball rolling for the pool. Ross announced that to date more than 350 families have signed the petitions requesting the town fathers to establish a municipal pool.

To date the Concord Estates Civic Association, the Lions, the Footfalls and the Democratic Committee have announced their support of the pool. The chairman said, "Invitations to join the drive and the October march have been extended to the Association of University Women, the American Legion, the Deborah Chapter, Elks, Hadassah, the Holy Name Society, the Kiwanis, the Mountainside Republican Club, the Newcomers, the P.T.A., Pembroke Civic Association, the Regular Republican Club, the Rotary Society of Our Lady of Lourdes Church, the Rotary Club, the Sherwood Forest Civic Club, the Sunny Slope Civic Club and the Women's Club of Mountainside. Ross announced.

Ross expressed the hope that the Borough Council will initiate legislation in the near future so we (the residents of Mountainside) may enjoy a swimming facility next summer.

Is Tract Really For The Birds? Pool Site Ownership Still Up In Air

By RITA ZEISS
The four-acre tract on Rt. 22, which was previously discussed as a site for a community pool in Mountainside and which had been thought to be owned by the N. J. State Highway Department, may just belong to the birds.

The State Department says there is a bird sanctuary on the site, which adjoins the athletic field of Dobbin School. William O'Neil, borough Council representative to the recreation committee, previously reported in a letter that he has been assigned to investigate the ownership of the tract. He said that the Borough and State officials were in a sanctuary there.

Everyone knows it but the birds. The property is described in the State Highway Department records as Parcel BS-A and runs Borough Clerk Elmer Hoffarth says, 253 feet along Rt. 22 from the end of the athletic field toward Parkway, and 480 feet back. This reporter's timid exploration of the area scared up many a bird, only a fat white rabbit in a yard on Parkway and a flock of pigeons in a backyard loft.

The postings which are usually prominently displayed to inform trespassers that the site has been set aside as a bird sanctuary are nowhere in evidence. It is impossible to get through the heavy underbrush to find if any are posted in the impenetrable labyrinth.

A Parkway resident, who claims to have known all along that the area was a sanctuary, says that she used to pick berries there years ago but now "you couldn't get through it, you won't find any birds there anyway." She seemed to find no ambiguity in her two statements.

According to an official of the State Highway Department, that agency secured a "revocable" license on April 15, 1947, from the Newark Orphan Asylum Association to maintain a bird sanctuary on the tract. Ellen S. Harce, shore, address unknown, signed the agreement for the Newark Orphan Asylum Association. The license is revocable on 30 days notice.

The highway official said that the tax map shows the department has ownership of the site. He had no explanation for that fact nor any idea of how the department went about maintaining the sanctuary.

A check with the Fish and Game Department of the N. J. State Conservation Department revealed that "ordinarily a sanctuary is maintained by the appropriate postings and signs." (Continued on Page 3)

Adjustment Unit Reslates Meeting

Monday night's meeting of Mountainside's Board of Adjustment was canceled due to a lack of a quorum. The meeting was rescheduled for next Tuesday night.

The board secretary, Mrs. Marguerite Becker, announced that four applications, scheduled for discussion Monday night, will be considered. The applications, all of which involve additions to existing buildings, are from Robert French of 1242 Poplar ave., insufficient distance from back property line; Richard Merrill of Crest Lane, Scotch Plains, whose property is half in Scotch Plains and partly in Mountainside; addition in violation of building schedule; Jack Kalkman of 1446 Dunn pkwy., addition too close to side line and Mountainside lot, 1220 Rt. 22 addition for non-conforming use.

Monday night's meeting of Mountainside's Board of Adjustment was canceled due to a lack of a quorum. The meeting was rescheduled for next Tuesday night.

Anti-Multiple Homes Petitions Will Be Counted This Evening

Signatures of petitioners expressing opposition to multiple dwellings in Mountainside will be tallied tonight at the home of Clyde VanAllen, 217 Pembroke rd., Harry Swensen, coordinator for the sponsoring Civic League Association, announced this week.

Swensen reported that "tremendous enthusiasm" was shown by the residents contacted. He estimated that 98 per cent of those reached "gladly" signed the petition, which calls on the Planning Board, the Borough Council and the Mayor to "preserve the one-family residential character of Mountainside as it now exists and (b) to establish a firm policy that no multiple dwellings, including high rise and garden apartments, be permitted in our community."

No estimate of the number of signatures collected could be made, Swensen said, since many other groups and individuals were working with the association. He has "no idea" of how many petitions are being circulated, Swensen added.

1 Week Remains For Voter Sign-Up

Mountainside voters have only one week to register to vote in the November elections, Borough Clerk Elmer Hoffarth has reminded residents. Registration closes Sept. 24.

A great many "brand" new voters — those who have reached their 21st birthday since the last election — have already registered for this year, the clerk said. He attributed the large number in part to the fact that this is a presidential election year.

Registration hours today through next Wednesday will be from 9 a.m. to 9 p.m. in the Borough Clerk's office. Registration hours on next Thursday, the final day on which voters may register for the November election, will be from 9 a.m. to 5 p.m.

Wester Improving

Mountainside Councilman Henry P. Wester, who has been confined at Overlook Hospital since he collapsed at the Aug. 25 meeting of the Council, was described at press time as "improving" by a hospital spokesman. No information was given as to a possible release date for the ailing councilman.

ECHO PROFILE — Frederick Wilhelms Jr.

Mountainside's new mayor, Frederick Wilhelms Jr., presided at his first borough council meeting Tuesday evening — a chore for which he feels he received adequate training during his six years of service on the Board of Education. The new mayor, a solidly-built man with a calm, confident air, is not the type to be disturbed or deterred by criticism. He anticipates problems, discussions and heated opposition during his term. "After all, that's the way a democratic government is supposed to operate," he points out.

FREDERICK WILHELMS JR.

Wilhelms' years of service on the Board of Education, five of them as president, gave him, he says, a pretty good idea of what one can expect when he is involved in making "unpopular" decisions. During his term — from 1956 to 1962 — Beechwood School and the addition of a library addition to Deerfield Township School were started just as his term expired, and the first addition to Deerfield School was in process when he went on the board. "All together," he says with a chuckle, "I was involved in four of the board's construction programs — I learned about unpopularity."

**CITIZENS' GROUP
BICKENS JOHNSON
SLATES MEETING**

The recently organized Springfield Independent Citizens for Johnson will meet next Thursday at the home of Mr. and Mrs. Robert Starr, 18 Elm St. Mrs. Starr is chairman of the group, which has announced, as its purpose, "to encourage citizens of Springfield, regardless of their political affiliation to promote the re-election of Lyndon B. Johnson as president."

Appointed as an executive meeting last week were Starr and Mrs. Lawrence Armour, membership chairman; Mrs. Chester Moroz, secretary; and Ronald Citron, publicity chairman.

Regional High School District Was A Depression Baby

By WARREN W. HALSEY
First of a Series
The facts contained in this history have been taken, for the most part, from official sources. Interpretations are the opinions of the author, who was superintendent of the district from its inception until his retirement in June, 1958.

In many respects, the Union County Regional High School District has been unique in the state of New Jersey. The district was born in the great depression and would not have materialized without the financial assistance provided by the Public Works Administration of the Federal Government.

The first high school building erected by the school district is located in Springfield, because of the generosity of the official bodies in Springfield, as well as the generosity of Mrs. Agnes G. Flemer, who gave part of the original plot of land to the Regional Board of Education.

The population of the District has greatly increased since Jonathan Dayton Regional High School was built, so that many of the present residents are unaware of the early history of the district. Older residents may take pleasure in refreshing their memories and may learn some facts which they did not know.

The first high school building erected by the school district is located in Springfield, because of the generosity of the official bodies in Springfield, as well as the generosity of Mrs. Agnes G. Flemer, who gave part of the original plot of land to the Regional Board of Education.

The population of the District has greatly increased since Jonathan Dayton Regional High School was built, so that many of the present residents are unaware of the early history of the district. Older residents may take pleasure in refreshing their memories and may learn some facts which they did not know.

until a supervising principal was appointed several years later. Because Dr. Johnson took the initiative, furnished the inspiration and provided the leadership in forming the program, the school district was known as the "father" of this project. Meetings were held in the various districts and local problems were carefully studied.

After a thorough study over a period of nearly two years, six of the districts, on advice of the State Department of Education, considered the formation of a regional high school district. The seventh district, New Providence Borough, was omitted because a district must approve the formation of a regional district as a means of solving the problem of providing high school accommodations.

PWA offered grants up to 45 percent of the cost of construction and in certain instances loans to public bodies unable to undertake their share of financial responsibility.

Without the loan and grant provided by the PWA the referendum to establish the Union County Regional High School District would not have been submitted to the voters. The entire proposal of the project submitted to the PWA approval provided that the project would be favorably voted upon by the people of the districts through referendum.

difficult through the generosity of the people of Springfield and Mrs. Agnes G. Flemer on the splendid cooperation of the Union County Park Commission.

The Springfield Board of Education donated a five-acre plot which was purchased several years previously in anticipation of erecting their own high school. The Township Committee of Springfield gave title to approximately 1 1/4 acres through the "volving" of a public thoroughfare known as Owasissa Avenue.

Mrs. Flemer donated approximately 2 1/2 acres immediately adjacent to the Springfield School property. To complete the tract of 11 acres, it was necessary to purchase 2 1/4 acres. Most of the land was a gift and the Park Commission agreed to construct an athletic field on park property primarily for the use of the high school.

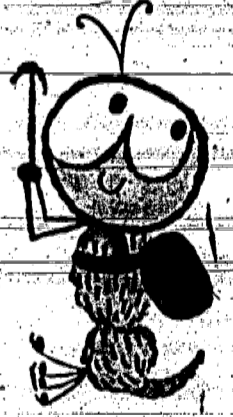

After the location was definitely agreed upon, it was necessary to prepare preliminary plans and specifications and prepare an application to PWA. The application called for a considerable amount of data on the financial standing of each community and a thorough explanation of the need for the project. After many conferences with PWA officials, the application was formally filed on March 7, 1934.

Knights To Hear Speaker For PA

Springfield, Council, Knights of Columbus, will meet on Wednesday at St. James School Hall. The meeting will feature an address by Richard MacDermott, assistant manager of the bridge and tunnel department of the New York Port Authority. His topic will be "The World Trade Center."

The council is planning to hold its first initiation of new members into the first degree of the order in October. Men interested in joining the Knights of Columbus can call Nuseir Parah, membership chairman, at 688-1823, or any member of the council for details.

PWA MADE THIS Regional High School District possible. It must be remembered that the district was a depression baby. When the district was formed in 1934, the majority of the population was unemployed. The district was formed as a means of solving the problem of providing high school accommodations.

Something was needed to help communities and PWA provided that assistance. Under the most adverse circumstances, one of the blanketed periods in the history of this nation and with no guiding precedent established, the Federal Administration of Public Works was started in 1933 to undertake a building program for reconstructing immediately necessary public projects which would not only add to the capital assets of the community but to the nation as a whole.

Religious School Names Principal
Mrs. Aaron Goll of Livingston has been appointed principal of the Religious School of Temple Shalom for the 1964-65 year. It has been announced by Philip L. Lewis, chairman of the school committee.

ROBERT W. EDMONDSON CAP Honor Cadet Finishes Course

RANTOUL, Ill. — Robert W. Edmondson of 134 Hawthorne Ave., Springfield, N. J., has completed a space age orientation course for Civil Air Patrol members at Chanute AFB. Cadet Edmondson was one of 52 selected CAP cadets representing each state, the District of Columbia and Puerto Rico, who participated in the Air Force-CAP sponsored course. The 17-year-old cadet received briefings on Air Force rockets, aerospace programs and space exploration programs. A demonstration firing of a V-2 rocket engine climaxed the course.

Red Cross Will Elect Slate On Wednesday
The Westfield-Mountainide Red Cross Chapter will elect new officers at the annual meeting scheduled for next Wednesday at 8 p.m. in the chapter house, 321 Elm St., Westfield.

Guest speakers will be Robert Barrett, general chairman of the United Fund, Robert Fuller, secretary, and representatives of the Junior Red Cross who attended the junior training centers or served at the Veterans Administration Hospitals in East Orange or Lyons.

Bahr's Leads At 3-0 In Women's Bowling
Herbert Bahr's Landing stands in first position in the Boro Women's Bowling League of Mountainide with three victories and no losses after one night of competition.

Other team standings follow: Teddy's Seafood Restaurant—2-4-4; Rau Quality Meats—1-2; Kroyer's Krates—2-1; D. J. Hartnett & Co.—1-1; Cross County Realty—1-2; Jewett Motors-Dodge—0-3, and Billwee Liquors—4-2-4.

32ND ANNUAL FLOWER SHOW

FRIDAY, SEPT. 18

You are cordially invited to attend a Flower Show sponsored by the Garden Department of the Woman's Club of Connecticut Farms, on Friday, September 18, at the MAIN OFFICE OF THE FIRST STATE BANK OF UNION, 1930 Morris Avenue, between the hours of 10:00 A.M. to 2:30 P.M. and 6:30 P.M. to 8:00 P.M.

ADMISSION FREE

Entries may be made on Thursday evening between 7 and 8:30 P.M. or on Friday morning between 9 and 11 A.M. Entry blanks and full information are available at all three First State Bank offices. We are pleased to provide this announcement in the public interest, and whether or not you have an entry, we hope you will attend.

Awards will be made on Friday, Sept. 18th at 7:00 P.M.

Youth Job Service May Be Organized

The Youth Employment Service will hold a community-wide organizational meeting next Monday at 8:15 p.m. in the Deerpark room of the Deerfield School in Mountainside. Norman Kline, president of the Y. E. S. Chapter, will discuss the success of the movement which is presently named a youth job opportunity for meaningful employment for young people.

Monday night's meeting will be held at 8:15 p.m. in the Deerpark room of the Deerfield School in Mountainside. Norman Kline, president of the Y. E. S. Chapter, will discuss the success of the movement which is presently named a youth job opportunity for meaningful employment for young people.

Truck Operator Fined For Driving On Revoked List

A storage van driver from Newark was fined \$205 in Mountainside Municipal Court last week for operating a motor vehicle while he was on a revoked driver's list.

The trucker, Robert Efford 48, appeared before Magistrate Jacob Bauer. He was driving a vehicle owned by Universal Storage of Newark at the time of his arrest on Rt. 22 on May 26.

Donald R. Dryden, 26, of East Orange was fined \$15 for failure to have his vehicle inspected, and \$20 for contempt of court. The original court date was July 11.

Other motor vehicle violators fined included George Danko Jr., 46, Dunellen, speeding at 40 miles per hour in a dump truck (the limit is 30 mph); Rosetta Benham, 41, Jersey City, traffic light violation, suspended fine and \$5 costs and Lancaster Truck Leasing Lancaster, Pa., improper display of name on a truck, \$12.

Glee Club Concerts Feature Boy's Choir

The Christmas concerts of the Westfield Men's Glee Club slated for Dec. 12 and 13 will feature a performance of the seventh grade Boy's Choir of Roosevelt Junior High School in Westfield, it was announced this week.

The performance of the Boy's Choir will be one of the features commemorating the 40th anniversary of the Westfield Men's Glee Club.

The club holds rehearsals at 8 p.m. Mondays at the Congregational Church assembly hall on Elmer st., Westfield. Memberships, both active and associate, are open for the current season, the announcement said.

The science lab at Oakcrest Regional High School in Mays Landing, one of the many New Jersey high schools participating in Bell Telephone's "Aids to High School Science" program.

Special Bell teaching aids improve science training in local classes.

The Bell System recognizes that no force helping the individual or the nation to grow is stronger than education. That's why the Bell System has begun a program called "Aids to High School Science." In this program, aids like these are made available to teachers without charge: (1) Color films dealing with diverse scientific fields; (2) Regional meetings for science teachers; (3) And most important—a series of scientific experiment kits developed by the scientists at Bell Laboratories.

The first three of these kits—dealing in such areas as chemistry, physics, and electronics—are now being used by qualified students under the direction of their teachers. More scientific kits are being developed.

Because our business—and your improving telephone service—is based on scientific research, we at the Bell System feel a responsibility toward the education of those bright high school students.

The "Aids to High School Science" program is one way of fulfilling that responsibility.

Panel Discussion To Air Problem Of Pornography

Next Wednesday's meeting of the Westfield - Mountainside Area B'nai B'rith at 8:30 p.m. at the Mountainside Inn will feature a panel discussion on the subject, "Pornography: Is There a Way to Control It?"

Panel participants will include John P. Walsh, representing the Westfield Citizens Committee for Decent Literature, Arthur Soria of the American Free Press Association, and Maguison Essex County law enforcement officer, and Harold Planders, representing the N. J. Committee for the Right to Read Adult Summerfield will act as moderator.

Pool Site

(Continued from Page 1)

By "parting" a regular walking track of the grounds, a pool site was proposed. A weathered wooden structure is being built for the inhabitants of a well-maintained bird sanctuary. However there are no state or federal level, the department representative said.

BUT THERE'S STILL a definite question as to the legitimacy of the sanctuary, maintained or not.

The grant of the license, the Newark Orphan Society Association, no longer owns the land. It was sold to a former state, over a year ago to an individual.

Sometime after the date of the "revocable" license, the Newark Orphan Asylum Association merged with the Newark Home for the Friendless, the new organization was named the Newark Home for Foster Care.

In 1960 the Newark Home for Foster Care merged with the Children's Aid Society and became the Child Service Association which maintains offices at 285 Broadway Newark.

That organization sold the land "over a year ago," the informant states.

Some years ago the Newark Orphan Asylum Association maintained a home for children in the white building now owned by the Wilson Co. across the highway from the disputed site. That building and land were sold shortly after the close of World War II.

The orphanage had a chapel on the property which is now supposed to be a sanctuary and when the highway was constructed the state built a "cat walk" under the road so the children could get safely to church.

The chapel has since been destroyed. Everything still remains something of a mystery. Who purchased the land? Why does the tax map show state ownership?

And do the birds (the ones not there) still have a legal right to it?

Collector

(Continued from Page 1)

His raggy laugh-released face lights up with enthusiasm as he shows his treasures, expounding them to the ultraviolet lamp to bring out the deep, locked-in beauty that is not visible in ordinary light.

ALTHOUGH HE NOW HAS more than 1,700 kinds of minerals, or nearly half the number known to be extant, the collector says that his hobby has cost him very little.

"Back in 1926," he says, "I lent myself seven dollars — kept it separate and never had to lend myself any more."

His search for minerals has taken him in the last ten years over 225,000 miles, miles he has traveled in a 1951 station wagon which he has equipped with a bed and full camping equipment. He has traded by mail with other collectors throughout the world.

His collection includes malachite from Siberia, amethyst geodes from Brazil, rutile quartz from Bahia, naturally colored agate slabs from Mexico, precious opal from Australia, rhodochrosite from Argentina, citrine from Brazil, jade from Wyoming and British Columbia, chalcophany pseudomorph from Tarnobrzeg, Fla., beautiful quartz crystals (sometimes called Herkimer diamonds) from New York State, minerals found in the zinc area around nearby Franklin and hundreds of other specimens.

Widely recognized as an expert on minerals, Skidmore claims to "really not know" how he learned so much about them. "When I look at them I know them. I can identify the state they're from—but I really don't know how I know," he insists with a rueful shake of his head.

However he does know how he learned one lesson. A few years back his shop was broken into and the thief got away with \$5,000 worth of minerals and stones. Since that time, Skidmore has equipped the shop with a burglar alarm system that will shoot off 18,000-volt electric darts. He is also perfecting another protective device—an automatic spray that will drench any intruder with methyl mercaptan.

Methyl mercaptan, Skidmore chuckles, is really just a fancy name for skunk oil.

"There'd be no trouble catching a thief saturated with that aroma."

Sunday School Sets Commissioning Rite

The Sunday School staff of Redeemer Lutheran Church of Westfield will be commissioned at the close of the 8:30 a.m. church service Sunday.

The Rev. Walter A. Butler will officiate, assisted by the Rev. C. Clifford Kanagan, Superintendent William Meyer will present the news staff. Deputation leaders are W. A. Emalie, William Dunham and Mrs. Walter Ruppberg. Mrs. Helen Fitz is expected to be present.

Sunday School classes are held at 9:45 a.m. Bible classes for junior high school age, high school age and adults are held at 10:30 a.m.

Mountainside Music Association Slates Slim-And-Trim Dance Class

A modern dance expert, Mrs. Mary M. Mess, will teach a new Slim-And-Trim class for women, sponsored by the Mountainside Music Association, beginning this coming week.

The class will be held at the Mountainside Music Association, 1100 Westfield Ave., Westfield, N. J., on Wednesdays at 8:00 p.m.

BBW Sets Panel On 'Oral' Pills Next Thursday

A panel discussion on "Medical Reports on the New Oral Contraceptives" will be held next Thursday at 8:30 p.m. at Temple Emanuel, Westfield.

The Westfield Chapter of the B'nai B'rith Women will sponsor the panel. Panelists will be Dr. Harold Wasserman, a Mount Zion internist, and Dr. Irving Farber, gynecologist. Dr. Wasserman is a graduate of Louisiana University in Switzerland, is a member of the staff of Jefferson Hospital and Gateway Hospital, Dr. Farber is a graduate of New York University Medical School, is a member of the staff of St. James Hospital and St. Barnabas Hospital and is attending physician in gynecology in the City Hospital of Newark.

Westfield Church To Hold Retreat

The Annual Retreat of the First Baptist Church of Westfield will be held tomorrow and Saturday at the Seaside Hotel in Ocean Grove. Dr. Robert Edgar, pastor of the Central Presbyterian Church of New York City, will be guest leader.

The church's Friendship Guild will see a pantomime playlet entitled "These Also Are Ours" at its first meeting of the new church season at 8:15 p.m. Tuesday in the church.

Housing for the elderly will be the subject of a special meeting called by the Social Action Committee of the Baptist Church next Wednesday at 8 p.m. in the local church.

Publicity chairman and individuals urged to observe the Friday deadline of this newspaper for other than spot news. Thursday is even better. Include your name, address and phone number.

Vandals Damage 7 Trucks Parked At Hall And Fuhs

A case of vandalism in Mountainside a weekend involving an estimated \$2,000 in damage to new trucks was brought to the attention of The Echo by the victim, who said he had reported the circumstances to local police.

A spokesman for Hall and Fuhs said that stones were thrown at seven 1964-model truck chassis parked in the company yard ready for delivery.

The spokesman said windshield and rear glass of each were broken, metal was dented and other damage resulted. He estimated the damage at from \$200 to \$300 for each vehicle.

The building was not entered this time, the spokesman said, but it was about a month ago, and the petty cash fund was robbed, he claimed. The latest incident occurred between noon Saturday and 7:30 a.m. Monday, he stated.

Leader Of PBA Hits 'Policy Of Dilution'

Mountainside Police Officer John Zamboni, president of the local Patrolmen's Benevolent Association, this week expressed his group's support of a recent editorial printed in the Advertiser newspaper of the Catholic Archdiocese of Newark.

The article was critical of recent court decisions which were seen as lessening effectiveness of police in protecting the public from criminals.

Text of the editorial follows: "Sober-minded citizens and many thoughtful lawyers today are concerned about the deteriorating effectiveness of the policeman's role in protecting the public. The spiraling crime rate, augmented by racial riots and violence, has multiplied normal police problems.

"Police departments may suffer from inadequacies in the number and quality of personnel, but their most serious handicap today is a demoralizing spirit of futility in enforcing the law because the courts maintain a policy of dilution and dismissal of legal sanctions.

"Superior Court Judge William G. Long of Seattle, a national authority on law enforcement, explained the causes of our 'crime explosion' and lawlessness in an interview published in U. S. News and World Report, April 20, 1964. He said the courts to a large degree are responsible for the present situation. Judges are expected to act in behalf of the constitution and for fear of convicting an innocent man they let guilty walk over everybody.

"He believes also that social workers and psychologists and a lot of judges are dealing superficially with the evil.

"There seems to be an open conflict between the objectives of the police and those of the courts. The police concentrate on protecting the public, but the courts seem to be more interested in protecting the lawbreaker. The leniency of courts has become an incentive to lawless license. Fear of punishment as a deterrent to crime has ceased to exist. Justice has become soft and the rule of law is not respected. Suspended sentences are substituted for punitive jail terms. This is the trend today.

"Civil disobedience is erupting everywhere in violence with hoodlums causing bloody mobs, assaults, stabbing, and looting. While the lawyers argue over constitutional rights and the justification of civil disobedience, the cop on the street is assaulted with rocks, bottles, Molotov cocktails, and bullets. If his function in making arrests is frustrated by court procedures, then we face anarchy.

"No one is going to argue against the Bill of Rights and our courts' stubborn defense of men's rights, even evil men's rights. But if the primary objective in the administration of justice is to be lenient for criminals and rioters, then the protection of society becomes secondary, and the courts have forfeited their main responsibility."

SERVICE AWARDS WERE presented to veteran employees of the Mountainside Board of Education at the annual school board luncheon held last week at the Mountainside Inn. Dr. Levin B. Hangan, school superintendent (front left) and Dr. Edward J. Nolan, president of the Board of Education (front right) presented ten year awards to Mrs. Judith and Mrs. Mildred Herran, front row (left to right), and William Hummel, rear row (left to right).

Democrats Claim GOP Feuding Has Caused Standstill

Jules Rose and Joe Stypa, Democratic candidates for the Mountainside Borough Council, this week charged the feuding of the present Republican administration with bringing governmental functions to a standstill.

"The last two mayors (Orlin Johnson and Eugene Rau) quit a fine record," the office seekers pointed out "and for months the Republican factions could not agree together on a new mayor."

Rose and Stypa said the "inaction" of the governing body has left "such continuity as we have in council" business to Irving Johnson's borough attorney and Elmer Hoffarth (borough clerk), neither of whom has "been elected to anything."

Calling on the residents to take an active part in municipal affairs, the candidates said "the town must rouse itself and place responsibility for the future with people who care—the Democratic candidates."

Stypa, with a tongue-in-cheek attitude, applauded the stand taken by newly-appointed Mayor Frederick Wilhelm Jr. when he presided at his first council meeting last week. Reminding voters that Wilhelm, in asking all the people to participate in borough affairs, specifically included by name Rose and Stypa, the latter said "we applaud the mayor's stand and suggest that you, the voters, as good citizens, carry out his recommendation to put Rose and Stypa in office."

Long-Time School Employees Honored At Board Luncheon

Seventeen employees of the Mountainside Board of Education were honored last week for their years of service at the annual school board luncheon held at the Mountainside Inn.

The top award, a gold pin with a small sash, was given to Mrs. Sarah Herran, who worked last June after 25 years of service as a kindergarten teacher. Mrs. Herran, who has moved out of town and was last president of the teachers' union, was presented with a gold pin and a certificate.

Other award recipients were Mrs. Mildred Herran, who began her service in 1939 teaching kindergarten and first grade for the first ten years. Her service record has been excellent, only by Charles J. Wall, principal of Echbrook, who received his 25-year pin last June. A gold 15-year pin was presented to Mrs. Eleanor B. Ma-

Domareki Enrolled At Niagara University

George J. Domareki of 407 E. Main St., Mountainide, N. J., has enrolled in the freshman class at Niagara University. He is the first of his family to attend college. Domareki is a member of the St. Joseph's High School and has been a member of the St. Joseph's High School since he began studies there in 1958.

New Cataloguer Two Promotions Set Appointed To Staff At Bristol Myers Co.

Miss Theresa M. Woodruff, who has been appointed as a cataloguer at Bristol Myers Co., has been promoted to the position of assistant manager of the Bristol Myers Co. in the finishing and accounting departments in 1962. She has been in the position since 1958.

Miss Woodruff, who resides at 92 Highland Ave., Mountainide, N. J., is a graduate of Union College and has a master's degree in arts at Columbia University.

She is a graduate of Lehigh University and has a degree in mechanical engineering. She joined the company in 1963 as head of plant engineering and maintenance until her promotion to her present office.

Ms. and Mrs. Keenan and their four children reside at 311 Inwood Ave., Mountainide.

WILLIAM V. JOHNSON

JOHN H. KEENAN

Smith Rites Held; Was Toolmaker

Funeral services were held Friday for William J. Smith of 257 Central Ave., Mountainide, who died at his home Sept. 9 after a long illness. He was 68.

Born in Hamilton, O., Mr. Smith had lived in Mountainide for the past 40 years. He retired in 1960 after 23 years service with American Car Co., Newark, as a toolmaker.

Surviving are his wife, Mrs. Pauline W. Landenfels Smith; three daughters, Mrs. Elizabeth Rounds of Greenbrook, Mrs. Elaine Heider of Parsippany, and Mrs. Dorothy Patton of Cornwall, O.; and eight grandchildren.

Services were at Gray's, 318 E. Broad St., Westfield, with interment in Fairview Cemetery, Westfield.

Richard Wythe Young Back At Pennington

Richard W. Young of Pennington, N. J., has returned to his home after a long absence. He was in the service of the U.S. Army during the Korean War. He is now a member of the Pennington School Board and is serving as the school superintendent.

GOP Women Name Chairmen

Harold M. Tulehina, president of the Mountainside Women's Republican Club, has appointed four additional members to the executive board.

New appointees are: Mrs. Alfred Saimini, legislation; Mrs. Edmund Sikorski, nominating chairman; Mrs. George Coughlin, telephone; Mrs. William McCarty, program.

The executive board met Monday evening at Mrs. Tulehina's home. Plans were formulated for the programs to be presented at the general meetings throughout the year.

At Stamler Breakfast

Mountainside Mayor Fred Wilhelm last Saturday morning attended a combination breakfast-work session hosted by Republican State Senator Nelson E. Stamler and Assemblymen Loree Collins, Nicholas St. John LaCorte, Frank X. McDermott, and Peter J. McDonough. The affair was held at the Holiday Inn in Kenilworth for Union County's Republican mayors.

ECHO PROELLE

(Continued from page 1) Answers only to the name of "Kip" is an eighth-grader at Deerfield School.

A SPORTS ENTHUSIAST

Mayor Wilhelm boasts that he didn't miss a basketball game last season at Governor Livingston High School. He is a member of the W. Wilhelm Athletic Club of Elizabeth, a club founded by his grandfather in 1898.

Salt Water Fishing — Deep Sea and Surf

Another sport the municipal leader enjoys and one he shares with the members of his family during their annual vacation at the Jersey shore. But gardening is not his strong point.

Wife Fed It, Watered It, Tended and Hoisted Over It

Then, carefully following the printed directions, he applied a weed-killer. He killed almost every weed and just about every blade of grass, he reports sadly. When giving directions to the family about the house with a lawn like the Sahara Desert.

W. Wilhelm, holder of a civil engineering degree from Lafayette College, says fervently he will stick to engineering in the future and leave gardening to the green-thumb experts.

But he is not apt to find time for any on his hands when he leaves the lawn maintenance detail.

He is currently serving as an elder in the Community Presbyterian Church and was formerly a Sunday School teacher there.

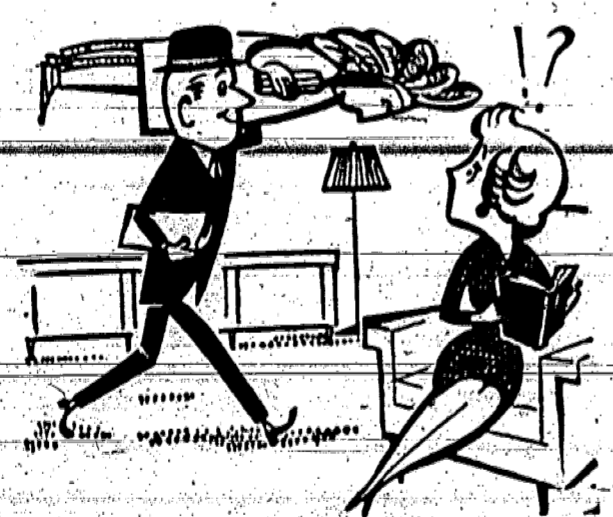

He is also a member of the Board of Directors of the Eastern Union County Chamber of Commerce, the Board of Managers of St. Elizabeth's Hospital, the Board of Trustees of the Union County Laborers' Welfare and Pension Fund and president of Sigma Nu Alumni Association of Lafayette College.

He is a past president and team manager of the Pony Baseball League of Mountainide and past president of the Building Contractors Association of New Jersey.

Despite his many activities and the pressure of his job, Wilhelm hopes to stay on top of the duties of the mayoralty. He has already answered the stack of mail that was waiting for the new mayor's attention.

His desk is piled high with files, he's ready for action. And, he says with an anticipatory gleam in his eye, he doesn't doubt that the Mountainside citizenry will give it to him with both barrels.

Bowen To Assist In Rehabilitation Of Dope Addicts

Freeholder Matthew J. Rinaldo this week announced the appointment of a full-time case worker to assist in the rehabilitation of narcotic addicts.

Rinaldo said that Sheriff Ralph Orscolio had named Michael F. Bowen of 124 William St. Roselle to the post.

Bowen, a graduate of Seton Hall University in South Orange, is a professional officer for the county. Rinaldo said he was recruited with the sheriff's office and termed Bowen "the best qualified to help carry out the Union County Narcotic Rehabilitation Program that has proved itself a promising one."

Hiring of the full-time case worker is a key part of the program advanced last winter by Rinaldo. As a result of his resolution, the board of Freeholders appropriated \$600,000 for the operation. Earlier this year the board hired Dr. Victor J. Medeiros to work part-time, providing group therapy to addicts who were inmates at the Union County jail.

Rinaldo said that the case worker would serve as the addict's crutch during the critical time of his release from jail and return to the community and environment which helped spawn his addiction. Help in gaining acceptance from society and in obtaining a job would also be provided by the case worker.

"We are convinced that we are moving in the right direction," Rinaldo commented. "We hope ultimately to improve the situation to a marked degree by working with addicts in jail, and by following up on them after their release, we are attempting to prevent their return to a habit that has taken a costly toll in human misery."

LEONARD E. BEST
Leonard E. Best Speaker Tonight At Dwyer Dinner

Leaders Of 3 Faiths To Speak At Confab On Racial Problems

Leaders of the three major religions in the area will speak at a conference on racial problems to be held at the Dwyer Hotel in Springfield on Friday, Sept. 18.

The conference, which will be held from 8:30 a.m. to 1:30 p.m., is being sponsored by the Dwyer Hotel and the Jewish Community Center.

The speakers will include Rev. Dr. James M. Bevel, a prominent Baptist minister; Rev. Dr. Martin Luther King Jr., a prominent Methodist minister; and Rev. Dr. Abraham Joshua Reiss, a prominent Jewish rabbi.

The conference is being held in conjunction with the annual meeting of the National Council on Urban Affairs.

Persons Who Are Hard-Of-Hearing Now Given Help

CHICAGO, Ill. Sept. 17 - Is hearing loss hereditary?

At least one-third of the time the answer is "yes!" Often this is when hearing loss results from otosclerosis, a growth of bone in the middle ear. In many cases, this condition can be corrected by a delicate operation.

But in a great majority of men and women a hearing loss is caused by deterioration of the nerve cells of the ear. This is especially true of older people.

Regardless of what is causing your hearing problem, or the hearing problem of a friend or loved one, the important first step is an electronic hearing test.

After this test is made, then it can be determined what should be done about the problem. But even when a hearing impairment is serious, there is no reason to despair. Almost any correctable hearing loss can be helped with a tiny BELTONE hearing aid. This very small Beltone aid will provide full power for clearer hearing, and yet be so inconspicuous it will go unnoticed by one's closest friends.

Persons concerned about their hearing can now receive an electronic hearing test at no cost by simply contacting Mr. Myron Caine, Certified Hearing Aid Audiologist, at BELTONE HEARING SERVICE, 850 Broad St., Elizabeth, N. J., or by calling EL 3-7080 for a FREE hearing test to determine your hearing loss problem.

If you are in the neighborhood of 850 Broad St., Elizabeth, stop in for a free consultation with Mr. Caine. He will diagnose the degree and nature of your hearing loss. Or, if you prefer, he will consult with you in the convenience and privacy of your home.

For your appointment, at no cost or obligation to you, call EL 3-7080.

FRIDAY DEADLINE

All items other than spot news which are submitted to this newspaper should be in our office by Friday to insure publication in the next issue.

MRS. FRANK H. POOLE FRANK H. POOLE, STUDENT MINISTER, GROOM OF NURSE

Miss Cheryl Ann Apgar, daughter of Mr. and Mrs. S. Alton Apgar, 1207 Kelly St., Union, N. J., was married Saturday afternoon to Frank H. Poole, son of Mr. and Mrs. Frank H. Poole, 347 Hagen Ave., Union.

Rev. Richard Gass and Dr. Lewis S. Mudge, minister of Amherst College, Amherst, Mass., officiated at 2 p.m. in Danelen Methodist Church. A reception followed at the Religious Education Building of Danelen Methodist Church.

The bride was escorted by her brother, William E. Apgar, of Middlesex.

Mrs. Harvey Clark of Highland Park, served as mother of the bride. Bridesmaids were Mrs. Albert Barba of Danelen, Mrs. Mary Wade of Plainfield, and Mrs. Thea Crowley of Plainfield. Miss Beverly Birch of Danelen was a junior bridesmaid.

Thomas R. Poole of Union served as best man. Ushers were Michael Bartlett of Rumson, Robert Keith Jr. of Ardmore, Pa., and John Ransmeier of Contooc, N. H.

Mrs. Poole, an alumna of Bound Brook High School and Methodist Hospital of Brooklyn School of Nursing, is a staff nurse at Princeton Hospital.

Her husband, who was graduated from Union High School and Amherst College, is a midwife at Princeton Theological Seminary, Princeton, and a student assistant minister to Backing Ridge Presbyterian Church.

Following a week's honeymoon in the Pocono Mountains, Pa., the couple will reside in Princeton.

you get one of these in every room with **ELECTRIC HEAT**

Yes, one big advantage of Electric Heat is room-by-room temperature control. Because each room has its own thermostat, every member of the family can choose their own comfort level. This means that baby's room can be kept extra warm, the kitchen cooler, the living room just right. Room-by-room temperature control is just another in a long list of "extras" you get with Electric Heat. It is quiet, dependable, automatic, clean. If you are building or buying a new home, insist on modern Electric Heat.

Now, thanks to Public Service's special new low rate for heating your entire home electrically, Electric Heat is more economical than ever before. Call Public Service right now for full details. We'll also be glad to help you plan your new Electric Heat system, without charge.

USE OUR CONVENIENT LAYAWAY PLAN... NO EXTRA CHARGE

Tippy Canoes And Rowboats Too, Draw Fall Visitors To Parks' Lakes

Six canoes, 142 rowboats, 20 refreshment stands, two snack bars, 28 acres of water and several thousand fish are among the numerous responsibilities of Tom Nolan, an ex-Navy man who runs the County Park Commission boat and refreshment stands. Nolan lives at 40 E. Grand Ave., Roselle Park. Boating is offered in four locations by the County Park Commission: Warnanco Park at the Roselle-Elizabeth line, Upper Echo Lake in Mountainside, Lower Echo Lake in Mountainside and Lake Surprise in the Warnanco Reservation, Summit. The lakes are now in the middle of their "second season" according to Nolan. "Boating is most popular in the spring and fall in mid-summer it's just too hot for most people to sit out in the sun."

MOST POPULAR OF THE four areas at this time of year is Lake Surprise — the huge 24-acre lake completely surrounded by trees. Now, and later next month the fall weather turns the trees into a riot of color, surrounding the boater with breathtaking beauty. Eight-acre Warnanco Lake

is always the most popular but particularly in spring when boaters enjoy rowing past the cherry-blossom-lined shore. Keeping the county's boat in shape cost \$20,000 last year — including the replacement of several old wooden rowboats with new aluminum models. The County began acquiring aluminum boats in 1961 and ultimately plans to replace most, but not all, of the wooden variety. "A lot of boaters prefer the wooden ones, even though they're relatively slow and clumsy and a lot harder to row," notes Nolan. "But those big old clunkers are just about impossible to tip over, could fill one up with water, sit six men in it, and it still float. I guess that's why some people prefer them."

The new aluminum variety are pretty tough to tip, too, and require a lot less maintenance. "They skim through the water with only the slightest stirring of the oars. Rowing is less work and more fun."

THE MOST TIP-ABLE boats are the County's six canoes — sleek aluminum streaks that make Hiawatha's canoe look like a coal barge. An avid canoeist, Nolan admits that they take some skill to keep afloat. They yield to the slightest pressure. The canoes were first introduced in Warnanco Park but they sat at the dock most of the summer with only a few venturesome takers. The next season they were moved to Lake Surprise and became a sell-out overnight. Most weekends, would-be takers have to wait in line to rent them. Nolan can't explain it. Maybe the people who rent Lake Surprise canoes are experienced boaters. In any case, the dock is crowded with canoe renters of all ages. Patrols have to be on hand to assist them with the canoes when a lake wind picks up. The danger of tipping is not enough for danger people who had a lot of fun. Boaters who get chucked into the lake usually wind up standing in water up to their waists. They look pretty silly, but nothing is harmed that way. Little children are potential trouble, however. The occupancy limit for our boats is five — and we count children as 1/2 people. Occasionally we'll get a customer who's well past six or eight years old, and he'll argue that the occupancy limit doesn't apply to them. But how could one person handle a whole crew of children if the boat should tip?

ALL IS A ROW — Tom Nolan of the Union County Park Commission checks condition of rowboats in Warnanco Park Lake, one of four boating areas throughout the county operated by the Parks Commission. Boating is becoming increasingly popular in the fall, Nolan notes. (Staff Photo by Don Smith)

Area Secretaries At NSA Series

Ninety-four area secretaries, in addition to members of the Union County Chapter of the National Secretaries Association, participated in the first session of a series of four meetings on "Secretarial Procedures" held at the Winfield Scott Hotel last week.

The president, Mrs. Ruth Schmid, announced that Dec. 1 is the deadline for submitting applications for taking the Certified Professional Secretary (CPS) examination. This is a two-day, six-part examination administered by the Institute for Certifying Secretaries, to be held May 7 and 8, 1965. The examination is open to all secretaries, whether they are members of NSA or not, and includes both men and women.

Mrs. Schmid also announced that members of the Inter-Club Relations Committee would represent the Union County Chapter at the "Institute on Leadership Skills" presented by the New York Chapter of NSA at the Park Sheraton Hotel, New York on Sept. 26.

NEED A JOB? Read the Help Wanted section of the Classified Page. You can probably find an employer who can use your services. If not, let your qualifications in an employment wanted ad. Just call 484-7700 and ask for Ad-Taker.

(1) — Freeholder Osborne for Dept. of Public Health and Welfare, approving Capital Improvements for the John E. Rinnella Hospital for the year 1964 as set forth.

(2) — Freeholder Forrester for Dept. of Public Health and Welfare, accepting the first unit at the John E. Rinnella Hospital, as of January 21, 1964, due to the fact that same was subsequently occupied by patients.

(3) — Freeholder Osborne for Dept. of Roads and Bridges, accepting bid of Mangano and Prestoni of South Orange, for the construction of a bridge on Madison Ave. near Elkwood Ave., in the Borough of New Providence, for the sum of \$2,463.00 and authorizing Director and Clerk to execute agreements covering same.

(4) — Freeholder Osborne for Dept. of Roads and Bridges, accepting the low bid of Mangano and Prestoni of South Orange, for the construction of a new bridge on East 3rd Street, Colonia Place, Plainfield, for the sum of \$10,067.00 and authorizing Director and Clerk to execute agreements covering same.

(5) — Freeholder Osborne for Dept. of Roads and Bridges, authorizing Director and Clerk to execute agreements with the State of New Jersey, Borough of New Providence and Town of Berkeley Heights, relative to the improvement of Mountain Avenue from Marlon Lane to Livingston Avenue, New Providence and Berkeley Heights.

(6) — Freeholder Osborne for Dept. of Roads and Bridges, approving plan for the improvement of Lawrence St. and Woodruff Road, East Milton Avenue to East Hazelwood Avenue, Rahway, subject to certain conditions, and agreeing to contribute to the City of Rahway \$5,000 for the cost of said construction.

(7) — Freeholder Osborne for Dept. of Revenue and Finance, approving bills, as set forth, for payment of the County of Union, for the Department of the Whole, extending public commendation and recognition to Jacob Schumier, for the act of bravery in rescuing two youngsters who had fallen into the Elizabeth River.

(8) — Freeholder Donohue, at this time brought up the question of Hospitalization coverage and stated that he should bring all companies in and have a comparison, and not wait for Freeholder Osborne's study. After a general discussion, Director Stimmer asked the Finance Committee to submit a report. ...

For FULL BANK SERVICE "Make a date with National State"

Need a bank service? Any bank service? Pick up the phone and give us a call. Chances are, we can be of immediate service because National State offers complete banking. That's one of the many advantages of choosing a full-service bank. There's great convenience, too — doing all your banking in one stop. And there's satisfaction in knowing you can get helpful counsel from officers who are specialists in your specific banking need. Can we be of service? Stop in at our nearest office ... or dial EL 4-3400.

Tot Injured In Tumble Down Stairs At Home

Eleven-month-old baby was injured when he tumbled down a staircase at his home in Springfield township.

The child, who was playing in the living room, fell from the second floor landing. He was taken to a local hospital where he was treated for a concussion and a broken arm. The mother said she was not at home at the time of the accident.

Judge Assigns Springfield Man As Law Secretary To Judiciary

Donald W. Barger, of Springfield, has been assigned as law secretary to the county judge.

Barger, 42, is a graduate of the University of Pennsylvania and has worked for the county for several years. He will serve Judge Barger, who is in charge of the county courts.
