Hopes For Vote On Storm Drains By End Of Year

Ordinance Needed
To Authorize Funds;
No Budget Provision

George Coughlin, chairman of the Public Works Committee, said this week that he hopes for a public vote by the Mountainside Borough Council by the end of the year on a storm drainage proposal that is ready for delivery.

He will ask the Council tonight to set a date for a caucus meeting to discuss the measure, which was endorsed unanimously by the committee last week after a series of meetings with Killam Associates of Millburn, a consulting engineering firm. Other members of the Public Works Committee are William McCurley and George Stillwell.

Coughlin said that he hopes to have the proposal discussed at a public meeting — probably next month — after the Council has had time to deliberate.

Although he would not reveal the details of the proposal, he said it was in line with recommendations made by the consultants. "It was not an easy plan to devise," he said, "but now we know what we want to do." He said that if the Council does not approve of the proposal, he will call for a public vote to put the views of the councilmen on record. "I'll be glad," he said, "when we will all have reached a decision and are ready to proceed."

The proposal includes a recommendation for financing the project, but the Council will have the final say on this and other aspects of the plan. Funds for storm drainage relief were not provided in this year's budget. An ordinance authorizing such financing must be introduced, given a public hearing and final approval before work can start.

A preliminary study by the Killam firm last year, dealt with the area east of Summit rd. Coughlin said this was not continued because the Council then asked Killam to review the problem as it affects the entire borough.

Under the contract between the borough and the consulting firm, Killam will provide preliminary plans for storm drainage work for the entire borough and supervise various phases of whatever portion of the work the Council decides to carry out. The contract allows five years for implementation.

The contract calls for payment for the consultants on a sliding scale based on the amount of work done.

Three residents of the Darby lane — Linda Dr. section, located in the area east of Summit rd., attended last month's Borough Council meeting, demanding definite action to eliminate open storm drainage which they said caused flooding of their properties after storms.

Bliwise Is Accepted

Glen D. Bliwise, son of Mr. and Mrs. Bliwise, 1407 Chapel Hill, Mountainside, has been accepted a member of the freshmen class at Moravian College, Bethlehem, Pa. There are 323 students in the record-setting enrollment in the freshmen class. Classes begin next Wednesday.

WARM WELCOME — Mrs. Frances Shallcross, Mountainside Welcome Wagon hostess, has a basket full of gifts for newcomers Mrs. E. Duane Kemp, the wife of a U. S. Navy commander, and their five children. The family has

Pastor Explains Plans To Utilize Lourdes Rectory

The new administration building and rectory now under construction on property adjacent to Our Lady of Lourdes Church and School in Central ave., Mountainside, is expected to extend the functions of the parish beyond its present limitations, Rev. Gerard J. McGarry, pastor, said this week.

The two-story brick and frame building, which is expected to be completed some time this fall, will be more than a rectory, Father McGarry explained, because it will contain two large basement meeting rooms with accordion doors that will close to provide a possible total of four meeting rooms.

A first-floor waiting room will be open all day and well into the night to persons who wish to consult with Father McGarry or either of his two assistant pastors, Rev. Francis F. McDermitt and Rev. Francis X. Carden, he said.

Other first-floor facilities will be a living room, dining room, kitchen, living quarters for a housekeeper, three offices and a record room.

The second floor will contain five bedrooms that will provide living quarters for the pastors and visiting priests and storage areas. There is also room to accommodate an additional priest if the parish is expanded, Father McGarry said.

Meeting Interesting People Welcome Wagon Full Of Smiles

By MARIAN BROWN

Mrs. Frances Shallcross of 301 Old Tote rd. feels she has just about the best job a mother can have.

She's the Welcome Wagon hostess for Mountainside, and to her falls the warm and friendly task of welcoming the many interesting newcomers who put down stakes in the borough each week.

Equipped with a smile and a gaily-decorated basket of gifts, she sallies forth two mornings and afternoons a week to make her calls — without interrupting the schedule of her own family. She's home for lunch, after school and for all of the special times a mother is needed.

Last week she knocked on the door of U. S. Naval Commander and Mrs. E. Duane Kemp, who have just moved to 332 Raccoon hollow from Naples, Italy.

She was greeted by Mrs. Kemp, Connie, 15; Eugene, 13; Deborah, 9; Kim, 8, and Daryl, 2. Also Sugar, the dog, age 4.

Cmdr. Kemp is now serving shore duty with the Eastern Sea Frontier operation in the Federal Building in New York City. It is his job to keep track of all ships, United States and foreign, that sail within his area of supervision.

"We had no idea where we would locate when we returned to the United States," Mrs. Kemp said to her guest as she accepted the gifts and information about the bor-

ough that were offered to her. "But when we saw Mountainside, we thought it was so beautiful that we decided to live here."

Old hands at packing and unpacking, the family has quickly put into place the assortment of furniture and art treasures it has collected from all parts of the world.

There is a stone reproduction of the head of Michelangelo's "David" (purchased in Italy) on top of a walnut

table from India in the family room and brass candelabra from Crete over the living room mantle. A tall brass candle-holder from Morocco stands by the stairway.

Art treasures also include a number of paintings. Besides several originals there is a reproduction of Rembrandt's "Man In the Golden Helmet," a gift from Mrs. Kemp to her husband on their wedding anniversary, and a copy of illustrations from the interior walls of ruins at the Villa de Vitti in Pompeii. "The walls are so beautiful that artists sit around and copy them," Mrs. Kemp said.

BESIDES THEIR STORE of treasures from all over the world the Kemps have a personal collection of memories and anecdotes (personal and otherwise) with which to remember their travels.

There was the time they rode down the cobblestone streets of Madeira, Portugal, in a sled.

It's customary there, Mrs. Kemp explained, to ride a sled on snowless streets. The driver pushes from behind and then hops aboard. Sparks (Continued on Page 3)

WELCOME WAGON

Next Step
"The next step," he said, "will be up to the Borough Council." He said he intends to continue urging the Council to act on planning a new library building but added that the trustees cannot take official action themselves.

Asked about his preference for a site, he said he would prefer that a library be built at a location apart from other municipal buildings.

Mayor Frederick Wilhelm has cited difficulty of meeting requirements laid out by the federal government in the short time left before the deadline. In addition to the site and matching funds, the borough must provide preliminary drawings prepared by a registered architect and meet several other stipulations.

Holiday Deadline

Because of the Labor Day holiday on Monday, observance of this newspaper's Friday news deadline for the issue of next Thursday, Sept. 2, is particularly important. All organizational, personal and social news items should be submitted by tomorrow for publication Sept. 2.

Planning Board To Submit Recommendations Tonight For Amendment On Zoning

The Mountainside Planning Board is expected tonight to submit to the Borough Council minor recommendations affecting the Council's proposed amendment to the 1955 Zoning Ordinance, which had its first reading in July over a storm of public protest. The Board, in closed

session Monday, outlined its recommendations on the amending ordinance that would establish a new zoning classification to be called "preferred, restricted commercial A" for two parcels of property.

The property, now zoned residential, includes the A. A. Wilson tract in the north side of Rt. 22 and another large tract also on the north side of that highway, bounded by Central ave., Corrine ter. and Summit rd.

Robert Garrett, chairman of the Planning Board, said that the recommendations involve a "modification of language" and do not call for any major revisions of the amending ordinance.

Robert Catlin and Associates of Rockaway, planning consultants who conferred with the Planning Board on the measure last week, considered the ordinance "appropriate and reasonable" in terms of the borough's Master Plan, Garrett said.

Sept. 21 Hearing?

Mayor Frederick Wilhelm said that the Board is in "agreement with the intent of the ordinance." If the Board's recommendations meet with the approval of the Council the ordinance will be advertised and could conceivably have its public hearing at the next meeting of the governing body, Sept. 21, the mayor said.

Recommendations envisioned by the Planning Board include subjects such as the percentage of a piece of land that can be used for construction, setback from the street and side-yard requirements, parking requirements and population density control, Garrett said.

Objectors at the July meeting took the stand that no action should be taken involving the Wilson property while the current case between Wilson and the Borough is pending in Judge Milton Feller's court. In the litigation Wilson is seeking authorization to erect a store on the front of his property and a garden apartment on the balance of the approximately 12-acre tract.

Wilhelms reminded the objectors. He had asked the court to reverse a denial by the Board of Adjustment for a variance to expand the use of the property.

Objectors

The objectors at the July meeting included former Mayor Albert Hartung; Harry Swensen, president of the Pembroke Civic Association, which has vigorously opposed rezoning of the Wilson tract; Joseph Styba, a Democratic candidate for Councilman; Clyde Van Allen, and others.

Van Allen, a member of the Pembroke Association, said that his group was agreed that its members would act to halt the passage of the ordinance. Swensen has said that the group had consulted with a legal advisor on the subject.

The hiring of the Catlin firm was recommended by the Council at the July meeting when the ordinance was sent to the Planning Board for study and revision.

Repeat Bus Schedules

School bus schedules for Mountainside elementary and high school students, including Freshman Day at the regional high school, are repeated in this week's issue of the Echo as a public service.

Elementary Schools To Open Wednesday

Mountainside elementary school children will not receive transportation cards in the mail this week, Superintendent of School Dr. Levin B. Hanigan said this week.

Youngsters attending the borough's three elementary schools, Beechwood, Beechwood and Echobrook, and Our Lady of Lourdes School have been asked by Dr. Hanigan to check the bus schedule reprinted in this week's issue of the Leader-School. School will begin next Wednesday.

Transportation cards will not be sent this year because of the absence of Charles Wadas, transportation director and principal of Echobrook School, who is reported in "very good" condition at Overlook Hospital following an operation last week.

1,270 Students

Dr. Hanigan reported that the borough's elementary schools will open their doors this year to some 1,270 youngsters — about the same as last year, he said. A half-session with dismissal at 1 p.m. will be held Wednesday. School will be held for a full day from 9 a.m. to 3 p.m. beginning Thursday.

There will be about 335 youngsters at Our Lady of Lourdes School this year, a jump of 35 over last year's enrollment figure of 300, Sister Genevieve Agnes, principal, reported.

The parochial school will open its doors to its first eighth grade class, she said. The school lodged grades one through four when it opened four years ago, and it has added one grade each year since.

"We now have a complete elementary school," she said, "and at the end of this year we will hold our first graduation."

Continue IFA Program
Innovations are scheduled for the public schools also. Dr. Hanigan said that the IFA (initial teaching alphabet) program introduced last year will be con-

tinued this year. One-half of the first grade children will participate in the program, he said. They were selected on the basis of tests conducted among kindergarten children last year to determine those who would most benefit from the program.

Tests conducted on those who participated last year, he said, revealed that students learning to read with IFA "generally achieved better" than those who learned with traditional methods, although the brighter youngsters learn as rapidly with either method.

A "linguistic spelling" program will be introduced in Beechwood School in one classroom in each of grades one through four and in both fifth grade classes.

Gets Commission After AF Training

IGNACIO, Calif. — David L. Corbett of Mountainside, N.J., has been commissioned a second lieutenant upon completion of four weeks of U.S. Air Force training at Hamilton AFB, Calif.

Lt. Corbett, son of Mr. and Mrs. Luke W. Corbett of 382 Short dr., Mountainside, has been a member of the Air Force Reserve Officer Training Corps unit at the Citadel, Charleston, S.C., where he received his bachelor's degree in business administration upon graduation in May.

The lieutenant, a graduate of Westfield High School, participated in Air Force flying and support operations at the Air Defense Command base.

ECHO PROFILE — Sgt. Blair Murphy

Mountainside Police Sgt. Blair Murphy has been assigned to the desk at the Police Department ever since he attained his present rank in 1959, but he says he's an outdoor man at heart.

He grew up in Mountainside before homes began to crowd out formerly expansive wooded areas, and he used to hunt small game where his own home at 1295 Poplar ave. now rests.

The borough was a considerably smaller community then, and the roads he walked to Echobrook School, Mountainside's only elementary school at the time, were country roads.

After graduation from Jonathan Dayton Regional High School in Springfield he joined the U.S. Navy Construction Battalion and saw active duty in World War II operations in Okinawa.

With the war over, Murphy found his heart was still with the out-of-doors, and

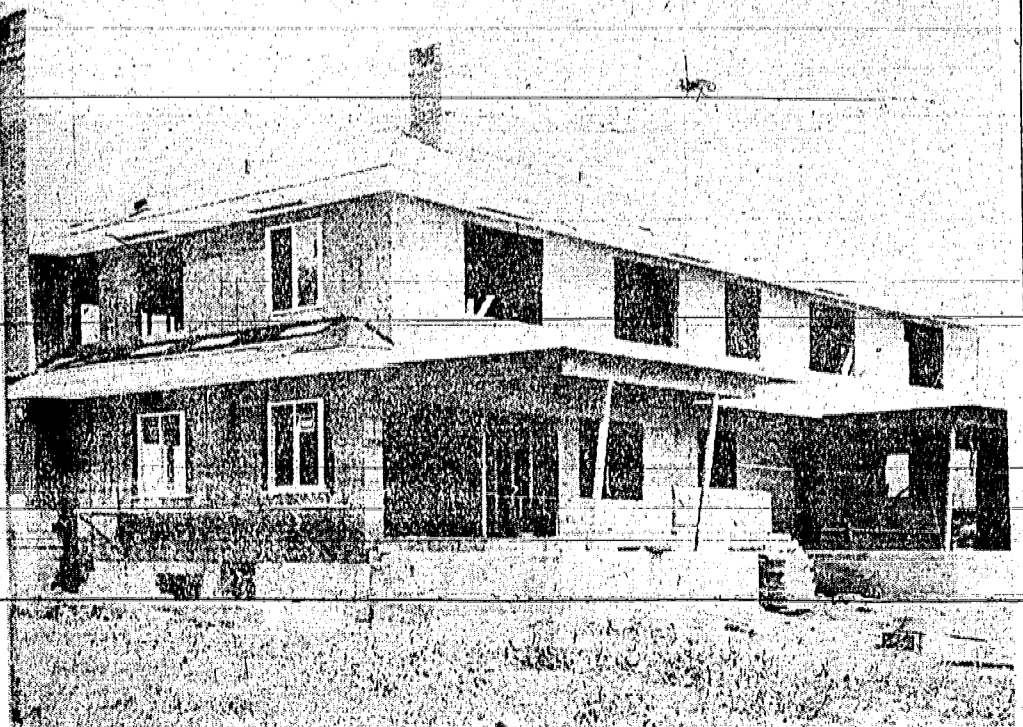

he enrolled at the Delaware Valley College of Science and Agriculture in Doylestown, Pa., where he majored in agriculture for one year.

He said he doesn't know why or when he decided not to be a farmer. He knows he got more out of college than an education, however, for it was on a blind date to a college dance that he met his wife, the former Barbara Webb of Scotch Plains.

The couple was married in 1950. They have two sons, Charles, 14, and Jim, 12. They moved to their present home from the Murphy family homestead in Woodland ave. in 1960.

After college, Murphy put to use a skill he learned in the Seabees — driving a truck. He worked in this capacity for the Union County Road Department for eight years. He liked it, he says, because it kept him out-of-doors.

Olympic Park Announces Features For Closing Week Of 1965 Season

Five days remain, counting today, in Olympic Park's 1965 season. The holiday weekend will close the Irvington-Maplewood amusement park's 50th anniversary year.

The free circus for the final week features Bob and Lauren Top who skate on a six-foot circular platform atop a 60-foot flagpole. Top learned to roller skate on the sidewalks of New York; his wife was a concert harpist in Santiago, Chile, when he met her.

Lona Antelek and Her Canines, an unusual dog troupe, and Leo Gasca, Mexican tight wire performer, round out the bill being offered at 4 and 9:30 p.m. daily through Monday.

Concerts by Basile's Olympic Park Band will be presented afternoons and evenings in The Grove.

The four-million-gallon swimming pool also will be open through Monday. Nearly 1,000 swimmers won certificates there Saturday on successful completion of classes conducted by the Newark Red Cross.

Peace Pilgrimage Set For Sept. 19

Thousands of Knights of Columbus members in New Jersey will travel to Williamstown on Sunday, Sept. 19, for the 15th annual Pilgrimage of Peace.

Exercises are scheduled to begin at 2:15 p.m. at the monument on Main st. where Steward A. Schroeder, state K of C deputy, will place a wreath to commemorate the community's war dead.

Uniformed members of the 4th Degree will then escort the delegations from 168 K of C councils from around the state in a mile-long march to the sanctuary and shrines of St. Mary's Church prayer garden where Mgr. Francis J. Cosgrove will lead the recitation of the rosary.

The pilgrimage is sponsored by the New Jersey State Council of the Knights of Columbus.

Truck Theft Reported In Super Market Lot

Union police are investigating a stolen truck reported in Friday by the A & P food store on Morris ave.

The truck, a panel model belonging to the Fechtner Plumbing and Heating Company, was last seen being driven toward Springfield from the lot by an employee of the company. The registration was in the glove compartment.

Board Discusses Building Plan For Commercial Site

A request by Maurice Weill, president of the Murray Construction Co. of Springfield, to build a speculative commercial building at 250 Sheffield st., Mountainside, was taken under consideration by the Planning Board Monday night after a discussion of the interpretation of the term "building line" in the borough's building code.

Plans submitted by Weill, who is owner of the property, provided a screened-in executive parking area for 25 cars in front of the building but behind a required setback from the street. The Board said it would seek the opinion of its attorney concerning the legality of the request and asked Weill to submit a design of the seven-foot high concrete block decorative screen that would shield the parking area from the street.

Weill said this plan was designed to offset problems presented by the narrowness of the property. The parcel is 140 feet wide and 640 feet deep. The steel and masonry building shown in the plans would be 110 feet wide and 234 feet deep. Parking for an additional 100 cars would be provided in the back of the building.

In other business the Planning Board approved a request presented by Martin Vincenzoni of Westfield, general contractor, to construct movable partitions in the second floor of the Mountainside branch of the National Bank of Westfield at 855 Mountain ave. subject to a review of parking facilities. Plans have been drawn to increase usable office space in the two-story brick colonial building in order to provide space for an insurance underwriter's office, Vincenzoni said. He said the parking lot provides space for 30 cars.

The Board also reapproved two previously-granted subdivisions. It reapproved requests by James and Paula Biondi of 1026 Prospect ave. for a subdivision of one lot into three, originally granted in September 1960, and by Walter Rosenzant of 1216 Rt. 22 for subdivision of one lot into two, originally approved last February.

Electro Dynamic Appoints Stanton Chief Engineer

W. Norman Stanton of 265 Appletree lane, Mountainside, has been appointed chief industrial engineer for the Electro Dynamic Division of General Dynamics Corporation.

Formerly a regional manager for the use of high energy metal-working machines, Stanton's new responsibilities include: labor standards, cost estimating, capital equipment justification, hydraulic engineering and tool-room functions.

Previous employment was with Vickers, Inc., Detroit, Mich., and Ruckel Machinery Co., New York City as a hydraulic application engineer.

Bells To Chime At Regional For Borough Students

Some 1,455 to 1,475 teen-agers from Mountainside, Berkeley Heights and Kenilworth are expected to pour into Governor Livingston Regional High School when school bells toll at 8:25 a.m. next Thursday.

Freshmen will report at 8:25 a.m. Wednesday for a half-day orientation program that will include an assembly and a series of shortened classes.

Home-room assignments will be distributed in the school buses and will be printed on posters inside the building. Student guides will be on hand on Freshman Day to direct newcomers to their proper rooms.

Higher Enrollment
This year's enrollment is some 61 to 81 students over last year's enrollment of 1391, but the number of freshmen is down this year. There will be 400 freshmen this year compared with 475 last year, because last year's freshman class included students from Kenilworth. This year freshmen from Kenilworth will attend the Jonathan Dayton School in Springfield.

Upper classmen will attend an opening day assembly program Thursday, while freshmen, who will have attended a similar program the day before, remain in their home rooms.

The only innovation this year in the school program will be a second year of technically-oriented drafting, which will involve a work-study program in which the students are assigned to business and industrial firms half of each school day to receive on-the-job training for which they are paid.

Use IBM Machines
If student schedules look different this year, it will be because they were printed on IBM machines at the IBM Data Center in the Time and Life Building in New York City over the summer.

Bernard Carr, guidance director, said this week that the student enrollment has become great enough to necessitate the use of computers for scheduling purposes.

on families in the United States, Canada, United Kingdom, Puerto Rico and Trinidad.

For this work she took special training in public relations before setting up operations in Mountainside last April. She then had to introduce herself to the local merchants. Her first call was made May 11, and since then she has welcomed 80 families to the community.

The summer is a hostess' busiest time, she explained, because that is when most moves are made. By the end of this year some 150 families will have moved into the town, she said, about half of this number during the summer.

When Mrs. Shallcross isn't calling on newcomers, she's home taking care of her husband, William, and three children, Diane, 20, Robin, 12, and William Jr., 10. Diane is a student at Winthrop College, the Women's College of South Carolina, in Rock Hill, S. C.

"My family and job both keep me busy," she explained, "but I love everything I do. I juggle my schedule to suit myself, and things work out beautifully."

Van Nest Named For Fellowship At Columbia U.

Robert J. Van Nest of 1538 Deer Path, Mountainside, has been chosen an international fellow at the Columbia University Graduate School in New York.

A beginning graduate in European history, he is among 70 students chosen for the program which combines graduate study with advanced training in international affairs.

The 24-year-old Van Nest was graduated in June from St. Lawrence University, Canton, N. Y., with magna cum laude distinction.

He is a member of Phi Beta Kappa and Phi Sigma Alpha and was outstanding in parliamentary student government and in the college model security council.

Van Nest was born in Summit. He attended Jonathan Dayton Regional High School, Springfield, and was graduated from Governor Livingston Regional High School, Berkeley Heights.

Mrs. Shallcross gave the Kemps a letter from the mayor, welcoming them to Mountainside, an invitation to become members of the Newcomers Club, literature about the local Girl and Boy Scout organizations and Post Office, a list of doctors on the staff of Overlook Hospital, and information about the Motor Vehicle Department, Social Security office, the local

ECHO PROFILE

(Continued from Page 1)

During this time he became a special policeman in Mountainside, and when an opening for a regular spot on the force opened in 1964, Murphy took the exam and got the job. He was the fifth patrolman on what was then a seven-man force.

He took the indoctrination course at the Union County Police Chiefs' Training Academy, then located in Westfield, which included basic police procedures, public relations and criminal law. He has since taken basic and advanced courses there in fingerprinting and photography.

"THE FIRST requirement for a policeman," Murphy says, "is common sense. You have to know how to make a commonsense decision in a split second."

When he was a patrolman, Murphy was out-of-doors most of the time, and he has some amusing anecdotes to tell of these years.

There was the night a man waved down his patrol car in Rt. 22 and demanded to be taken home to Berkeley Heights.

"Take a bus," Murphy told him, and that's just what the man did. He went across the street to the Somerset Bus Co. terminal and took a bus that was sitting outside. When Murphy heard reports on his radio that a bus had been stolen and was proceeding in an erratic manner past the quarry in Watchung toward Berkeley Heights, he put two and two together.

Because he's a good cop he had thought to take the man's name and address. He was waiting on his doorstep in Berkeley Heights when the guy pulled up in the stolen bus.

Then there was the accident that occurred on the highway during his first week on the force. It was an 11-car accident that tied up traffic for a considerable distance and required the services of the local rescue squad to take the injured to the hospital.

HIS JOB on the desk is also interesting and varied, he feels. "You do the same thing every day, but every day there is a sense of anticipation that something different may happen," he says. And it usually does.

People call the police desk with every conceivable kind of problem, he said. A woman once called to ask what to do when

her storm door blew off. He told her to call a carpenter. Another woman called to say her washing machine was on fire. He told her to pull out the plug.

Then there are the notes he receives from the Cub Scouts and Brownie troops to thank him for escorting them through the police station. "These are the things that make you feel good," he said.

And as for time spent out-of-doors, his hobbies provide that. He's still an avid hunter and fisherman. In the hunting line he likes to shoot pheasant and is pretty good with a shot gun. He has a beagle that also prefers pheasant to any other kind of hunting. "I've seen him turn away from a rabbit he was chasing to follow a pheasant," he said.

As for fishing, a month ago he caught a 35-pound striper off Sandy Hook.

Hobby number-three is his newly purchased motor scooter, which he drives for kicks, he said.

Asked how he feels about the many people who turn to the police for help in serious to simple matters, he said: "They're what keep most of us in this business. We wouldn't be here if we didn't like helping people."

grade class at Beechwood School. The material for the instruction has been assembled by Science Research Associates of Chicago and was illustrated by Mountainside artist Harry Devlin.

A modified English program that will use the overhead projector to reproduce student themes on a screen will intensify practice in composition for grades six through eight at Deerfield School, Dr. Hanigan said.

The English program aims at developing communication skills rather than urging a formal memorization of rules, he explained.

south sides will be brick and the rest of the building will be red cedar shingles painted grey with white trim. There are two front porches.

Architect for the facility is Alfonso Alvarez of Upper Montclair. Barone Construction Co. of Wayne is the contractor.

Father McGarry has been with the Mountainside parish since it formed in 1958. Masses were held in the Deerfield School auditorium until the school and church buildings were completed in September 1961.

The local priests now live in a former one-family residence at the corner of Central ave. and Wyoming dr., across the street from the house that serves as a convent for the four nuns of the parish.

Asked about possible future construction, Father McGarry said that a convent might be built if additional nuns are brought to the parish.

Horseshoe Event Slated Sept. 19

The 39th annual Union County Horseshoe Pitching tournament, sponsored by the Union County Park Commission, for men working or living in Union County will get under way on Sunday, Sept. 19, at the Warinanco Park Courts, starting at noon. This event is said to be the oldest consecutive horseshoe pitching event in the United States.

Competition is scheduled in two divisions: Class "A" and Class "B." A qualifying round of 50 horseshoes will start at noon. The eight players with the highest qualifying scores will compete in Class "A." Class "B" will be a round robin or double elimination depending on the number of entries.

VIET NAM CRISIS STEPS UP NEED FOR VOLUNTEERS

The Chief of Naval Air Reserve Training at Lakehurst has asked for volunteers for active duty because of expanding U. S. commitments in Viet Nam.

Rear Admiral George P. Koch called for volunteers from among Naval Reserve Personnel with certain undermanned critical skills.

According to Commander E. J. O'Malley, Service Information Officer of the Naval Reserve Training Unit, the Viet Nam crisis has placed an increasing burden on the Navy. To fulfill the Navy's mission in support of the U. S. operations in the Far East and still retain worldwide readiness, it's necessary that the active duty strength be increased in certain undermanned skills by requesting volunteers, he said.

Interested Naval Reservists may contact the Personnel Officer at the Naval Air Reserve Training Unit at Lakehurst. The telephone number is 657-4411 extension 466 or 292.

Confirmation Units Slated At Beth Ahm

Meyer Biddelman, president of Temple Beth Ahm, Springfield, has announced that the confirmation classes at the temple will begin Sunday, Sept. 19.
Confirmation I will be taught by the temple's rabbi, Reuben R. Levine, who will concentrate on "The History of the Jews in America." He will cover the growth of Reform and Conservative Judaism, and there will be periodic discussions of current problems and ethical questions relating life today to the answers of the Jewish tradition.

Confirmation II will be taught by Mrs. Aimee Neubart, who will concentrate on the establishment and growth of the state of Israel. There will be readings in the Bible as a living document, and the class will examine portions including biographies, legends and poetry.
Confirmation III will be a class on Jewish laws of marriage and the family, teen-age problems and ethical questions.

Two Autos Damaged In Crash On Main St.

Two cars were damaged early Monday morning in a collision on Main st., Springfield, just north of Morris ave. Maurice Baines, 30, of Parsippany, was driving south on Main st. at 6:45 a. m., according to the police report.
His car collided with one driven by Raymond M. Badger, 21, of 240 Morris ave., Springfield. Badger was driving out of a driveway into Main st., the report stated.

Parents who are interested in enrolling their teen-agers are requested to contact Edwin Schoffman, principal at DR-6-2987, at the temple.

The Reality of Man

is his thought, not his material body. The thought force and the animal force are partners. Although man is part of the animal creation, he possesses a power of thought superior to all other created beings. —Baha'i Writings

Klute Notes 40 Years With Bell Telephone

Walter A. Klute of 372 Dogwood way, Mountainside, recently celebrated his 40th service anniversary with Bell Telephone Laboratories. He is a supervisor in the overseas communication laboratory at the company's Murry Hill location. Klute joined Bell Laboratories in 1925 as a technical assistant. After completing a technical assistant course at Bell Labs, he studied at Brooklyn Polytechnic Institute and New York University. He received a B.S. degree in electrical engineering from the University in 1934. Klute has specialized in transmission research and development. He first worked on apparatus for telephone sets and later developed test equipment for telephone instruments. He spent many years in research on communication systems, voice operated devices and during World War II, secrecy systems. He was transferred to the submarine cable area of the system development department where he was concerned with the development of submarine telephone cable systems, in 1953. In 1961, he became supervisor of a group working on ground station development of the Andover, Maine, site for Project Telstar. He later became Bell System site manager at the French ground station at Pleumeur Bodou and was decorated by the French government for his contributions to Project Telstar.

Children's Art Used For Summer Camp

The creative art of several Union County children was put to use this summer at Kawas Camp, Honesdale, Pa. The camp, directed by the O'Byers, and directors of the camp which emphasizes forum techniques and dramatics in addition to regular sports and camping experiences are Mr. and Mrs. Peter Nicotro of 1109 Keweenaw, Linden.

The Nicotros have been using a large barn on the camp property as a center for the children's art work. The main function of the building is as a dining and recreation hall. The exterior of the building, however, is enhanced year after year by children's art work.

The main facade of the building displays an Indian theme designed, carved and painted by the youngsters under the direction of Jack Rolan, teacher and art major in the elementary school system of Union County who participated in the project. The youngsters under the direction of Jack Rolan, teacher and art major in the elementary school system of Union County who participated in the project are Keith Young, Daniel Weiss, Bruce Ronal and Alan Seigel, all of Union.

A group of ten-age girls who completed a mural of Indian warriors on the building's exterior included Paula Sakatos, Janie Goltzler, Jana Dick, Janet Weiss and Helen Kohler, all of Union; Sandi Segal of Springfield and Wendy Lubin of West Orange.

Trailside Holding Pre-Show Exhibit

Members of the Trailside Garden Club of Union will conduct a demonstration on flower arrangements and preparation of specimens of flowers, fruits, and vegetables at the Union County Park Commission's Trailside Nature and Science Center, in the Watchung Reservation, Mount Airy, on Sunday at 3 p.m.

The purpose of the demonstration is to show how to prepare exhibits for the Annual Fall Flower Show to be held the following weekend, Saturday, Sept. 11, and Sunday, Sept. 12, from 1 to 5 p.m. each day.

On Tuesday, Wednesday and Thursday, at 4 p.m. each day, Dr. Harold N. Moldenke, director of Trailside, will conduct one-half hour nature talks for children. The topic selected for the three days is "Moths and Millers." The talks will be illustrated with color slides.

Men's Wear Shop Gets Designation

Rockoff Men's Wear, Elizabeth, has been designated a GQ Campus and Career Fashion Center by Gentlemen's Quarterly, the fashion magazine for men, from 1 to 5 p.m. each day.

As a result of this designation they will be listed in the recently published GQ Campus and Career Annual as an "established source for young men's fashions who stand ready to serve the wardrobe requirements for the young of all ages."

FEASIBILITY STUDY

Rinaldo Calls For 'Automated Alimony'

Matthew J. Rinaldo of Union, Republican candidate for freholder, this week called for a feasibility study of the use of Union County's proposed new computer to process alimony payments made through county courts.

Noting that the volume of such payments has been rising steadily over the past several years, Rinaldo said the new data processing system to be installed by the county should be explored as a "possible cost-cutting tool in the processing of alimony checks."

Rinaldo, while a member of the Board of Freeholders in 1946, sponsored a resolution that resulted in the creation of a "Little, Little Hoover Committee" that studied ways of effecting greater efficiencies in county government.

The committee was charged with finding areas where more efficient procedures could save the taxpayers' money. He asserted, "The recommendations of the committee I helped to launch are beginning to be implemented. My suggestion that alimony payments be au-

Holiday Deadline

Because of the Labor Day holiday on Monday, observance of this newspaper's Friday news deadline for the issue of next Thursday, Sept. 9, is particularly important. All organizational, personal and social news items should be submitted by tomorrow for publication Sept. 9.

Automated is only one area in which fuller utilization of the tools of the electronic era could benefit the taxpayers. I sincerely believe this proposal merits serious consideration."

Expect More Boys In Scouting

A dramatic advance in getting Scouting to more boys is expected as the result of the Breakthrough for Youth program of the Union Council, Boy Scouts of America, according to Dr. Kenneth N. Albrecht, the council president this week.

Nearly 110 Cub Scout packs, Boy Scout troops, and Explorer posts in Eastern Union County are setting new goals that will expand the quality of the Scout program and ensure the reaching of a substantially greater number of boys, Albrecht said. The goals affect trained leadership, membership, program, advancement, service and activities.

"Breakthrough for Youth means that scout leaders are determined to use scouting's great potential to build a new generation of American boys," Albrecht said. He pointed out that a recent study of school dropouts shows an almost complete lack of skills and either a total lack of confidence or a misguided confidence not backed up with ability.

"Scouting can do much to help," he said. "Scouting skills and the advancement program bolster confidence. Our merit badge program provides opportunities for boys to explore over a hundred subjects under the guidance of fine adult citizens from all walks of life."

Paint Portraits, Seascapes, Landscapes 'Live'

The 17th Annual Trailside Art Show, which will be held at Watchung Reservation on Sept. 19 (rain date, Sept. 26) will feature 11 professional artists who will work "on location." Visitors to the Show will be able to observe portrait painting, quick sketching, still life, seascapes and landscapes develop as they watch. The Show will be open from 10:30 a.m. to 5:30 p.m. Ballot

boxes for popular voting will close at 3:30 p.m. and visitors are urged to come early if they wish to see the paintings clearly and cast their ballots. Admission to the show is free, a spokesman for the show said. The subject of an oil portrait by Miss Mary Ellen Sutkoff of Dunellen, will be Donald L. Ferguson of Westfield, president of the Union County Park Commission.

Also doing portraits and sketches will be Mrs. Hella Bailin of Union, who will work in oils; Mrs. Hannah Hoffman of Elizabeth, who will work in pastels and charcoal, and Mrs. Dorothy Kelly of Union, who will work in oils. Mrs. Bailin received her training in Europe. Mrs. Hoffman studied in Newark and lectures and demonstrates painting techniques. Mrs. Kelly

attended school in Newark and New York and now teaches portrait painting at her own studio and in Union and Roselle Park Schools. Painting a landscape in winter colors will be Lee Gaskins of Fairwood. Frank Zaccarelli of Somerset has elected to do a seascape in oils. Herbert S. Wylie of South Plainfield will do an oil study of flowers and Jane Whipple Green of West-

field will work on a semi-abstract in oils. Helon Drake Hoeker of Short Hills will demonstrate the difficult technique of painting a still life with a palette knife. Seven hundred and fifty feet of snow fence will be provided to display the works of approximately 500 artists. Seven Union County art groups will each have its own "little show," a spokesman said. A separate section will be provided for adult independent artists, under the supervision of Mr. and Mrs. Eugene Holland and Mr. and Mrs. H. A.

Alburt Bross of Summit will demonstrate his artistic ability by painting a landscape in oils. Judith E. Grabarz Is Wed Saturday In Springfield's Methodist Church

Springfield Emanuel Methodist Church was the scene of the marriage Saturday of Judith E. Grabarz, daughter of Mr. and Mrs. Henry F. Grabarz of 231 Baltusrol ave., Springfield, to James E. Johnson, son of Mrs. Gladys Johnson of Charleston, W. Va., and the late Mr. Paul Johnson.

The Rev. Donald Weber officiated at the 4:30 p.m. ceremony. A reception followed in the Hotel Suburban, Summit.

Kathleen Hopping of Springfield served as maid of honor. Serving as bridesmaids were Dale Dauser and Renee Rojahn, both of Springfield.

Lanny F. Wiles of N. Wilkesboro, N.C., served as best man. Ushers were Bernard Horton of Norwood, N.C., and Henry F. Grabarz Jr. of Springfield, brother of the bride.

The bride is an alumna of Jonathan Dayton Regional High School and Ringling School of Arts, Sarasota, Fla.

Her husband, also a graduate of Ringling School of Arts, was graduated from Charleston, W. Va., High School. He is employed as an artist by the Charlotte, N.C. Observer.

Following a wedding trip, the couple will reside in Charlotte.

Mrs. W. F. Chatfield of Montclair, the new president, will welcome old and new members at the dessert meeting.

Members and prospective members should contact Mrs. Marshall Johnson, of Berkeley Heights for further information about the meeting—a spokesman stated.

FALL ACTIVITIES OF PRESBYTERIAN WOMEN RESUMED

Mountainside Presbyterian Women will start their fall program on Sept. 14. Scheduled are cutting, machine stitching and cancer dressings groups which will meet in the Memorial Room in the church from 10 a.m. to 12 noon. The executive board will meet in the church library at 10 a.m. with Mrs. Robert Kubli as the presiding president.

The afternoon circles will meet at 12:30 p.m. for dessert, program and hand work as follows: Mrs. Grabinsky, Kings Chapel Hill rd.; Langhein, Fulton; High Point, det. Spain; Scarro, 283 Garrett rd.; and Graham evening circle, at 8:15 p.m., at Zobal, 30 Bayberry lane.

Sewing for the Christmas box will be completed Sept. 21 in the Memorial Room from 10 a.m. to 12 noon. Each member is asked to bring lunch and dessert will be served at 12:30 by the program committee. An afternoon trip is planned to the Bible Gardens, Woodbridge. Arrangements may be made with Mrs. Hayes at AD 8-0446.

Barbara Starr Married To Stephen Bender Sunday

Barbara Lynn Starr, daughter of Mr. and Mrs. Irving H. Starr of 1 Hemlock ter., Springfield, was married Sunday to Stephen A. Bender, son of Mr. and Mrs. Joseph A. Bender of 21 Ann pl., Springfield.

Rabbi Reuben R. Levine and Cantor Israel J. Weisman officiated at the 5:30 ceremony in Temple Beth Ahm, Springfield. The reception followed in the temple.

Iris Glassman of Maplewood served as maid of honor. Serving as bridesmaids were Edith Abramson of Kenilworth and Judith Louise Hirsch of Wayne. James A. Bender of Springfield, brother of the groom, served as best man. Ushers were William Bender of East Orange, brother of the groom, and Charles Sklar of Wilmington, Del., cousin of the bride.

Mr. and Mrs. Bender are alumni of Jonathan Dayton Regional High School, Springfield. The bride, who was also graduated from Douglass College, teaches kindergarten in the Madison Township Public School system.

Her husband, who is an alumni of Cornell University, where he was a member of Pi Tau Sigma, honorary engineering fraternity, is a member of the graduate study program of Bell Telephone Laboratories, where he is employed as a mechanical engineer. He will begin work

education, he added, pointing out that "almost everyone can do art work with the inclination, ingenuity and time." During his course, Brodman works with each student, helping each according to his ability. Brodman, who received a bachelor of fine arts degree from Syracuse University and who is now working on a master's at Montclair State College, has studied under prominent artists. Among the other arts and crafts courses offered at the Union County Regional Adult School are an art workshop, sculpture and jewelry making. This year, a new course, antiques, also will be offered.

Ask Amy

BY AMY ADAMS

Dear Amy:
I am 17 years old and I've been married one year and we've always lived with my mother-in-law. Well, we (my husband and I) bought a farm which we've had about seven months. But, my mother-in-law took the house over, she took the yard over, she took the gar-

den over, and she's taken over everything but my husband and she's almost got him, too.
I want what every married woman wants. I want a home that's mine and to live alone with my husband. We do not have any privacy here in our supposed 'home'. Many times I have wanted to tell my mother-in-law off but I haven't the nerve to say anything and it's driving me crazy. I liked her a lot when we were married, but when she claimed my house, I felt myself beginning to hate her. I've tried and tried to get along with her but I can't.
She has other children with whom she could live. But she doesn't. Please tell me what to do?
Had I!!!

Dear Had I:
According to the results of a recent survey, young marrieds were warned to watch out for marriage wrecker — MILT — mother-in-law trouble.
Urge your husband to put his mother up elsewhere... far enough so that she can't visit too often. The sooner done the better. (It's surprising, but distance lends enchantment.)

Tips for Today's Homemaker

From MARY ARMSTRONG, County Home Economist

"Help wanted! Can you offer some suggestions in the newspaper for cheap sandwich fillings?"

This S.O.S. was received in my mail last week from an Elizabeth homemaker. A few days later came a telephone call from a Hillside wife and mother telling how she "saves a great deal" on her husband's packed lunches. Both indicate that varied sandwich fillings at low cost are the concern of many.

For the lady who sent the S.O.S. we thought of two very tasty sandwich fillings that were developed during "depression days" when few people had much extra money. One recipe uses baked beans — the other cheese and dried beef, both with tomato soup. Both recipes make 25 sandwiches and can be successfully frozen for a short time.

Frankfurters and cottage cheese also make a tasty and inexpensive combination sandwich filling. Tuna fish, egg and pickle filling is popular with many; also, it is much better than plain tuna and is a change from egg and pickle alone.

Chicken giblets and celery filling make good use of parts of the chicken, sometimes a surplus commodity in contrast to other chicken meat. Cook Your Own Meat And Freeze for Sandwiches

The Hillside housewife, noting the suggestion in an Extension Service release that home cooked ham was much less expensive for sandwich filling than ready prepared sliced boiled ham, offered her experience. She reports buying several chickens at one time, cooking them, removing the meat from the bones, and packaging separately whole breasts and other small light and dark meat for freezing. The small pieces are used for very good sandwiches at very low cost.

She also reports buying lean beef roasts on special at 79 cents a pound, cooking them and, after serving at one hot meal, slicing some beef thinly for her husband's lunches. She has found that these roast beef sandwiches cost less than half what ready-to-eat cold sliced roast beef costs.

5 cups Baked Beans (Boston style) 1 1/2 No. 10 cans
1 teaspoon salt
3/4 cup Chili Sauce
1 teaspoon onion juice
50 slices bread (whole wheat)

BETTE CHARNIGA TO STAGE, DIRECT PARISH MUSICALS

Miss Bette White Charniga of 51 Ridgewood Ave., Irvington, has been contracted to stage and direct dance and musical numbers for the fall musicals at St. Michael's Parish, Union, and the Sacred Heart Parish, Bloomfield.

Dance classes will resume at her studio at 22 Sloan St., South Orange, on Oct. 1. Registration can be made by mail or at the studio on Sept. 17 and 18. Classes are offered in ballet, tap, jazz, modern, teenage discoteque, pre-school creative, adult slimnastics and baton twirling. No recitals are scheduled. However, students wishing to perform appear in the school's Red Cross Show troupe.

An alliance with the Studio Arts School of Maplewood has been scheduled this fall. Students from both schools will audition for a musical production which is under the direction of Mrs. Rudolph of the school and the choreography will be done by Miss White.

Miss Linda Larson, Miss Holly Smith and Miss Barbara Lieberman are students who have danced professionally this summer.

TOO EARLY
The New Jersey Optometric Association states that, although children today carry very heavy reading loads beginning at age six and seven, many studies show that the visual mechanism is not ready for these requirements until a child is eight or nine.

MISS CAROL ANN ROSCOE

ROSCOE NUPTIALS ARE ANNOUNCED FOR JANUARY

RSELLE — Mr. and Mrs. William Roscoe of 566 W. 7th ave. have announced the engagement of their daughter, Miss Carol Ann, to Peter Lahosky, son of Mr. and Mrs. Peter Lahosky of Jersey City.

Miss Roscoe, an alumna of Abraham Clark High School, Roselle, attended John Robert Powers Modeling School, Millburn. She is a secretary for the Federal Bureau of Investigation, Newark.

Her fiancé, who was graduated from Seton Hall College, Newark, is a supervisor for the All State Insurance Co., Jersey City.

A January wedding is planned.

COMPARE COSTS ON LOW-CALORIE, REGULAR FOODS

BY ANNE L. SHEELEN
COUNTY HOME ECONOMIST

Specially processed low-calorie foods have gained much popularity in the United States within recent years. During the past two years, the sales for these food products have increased 14 percent.

Be a keen buyer when you purchase these foods. Read the label and the price tag to evaluate cost and calorie comparisons with regular foods.

As with all food products, the information on low-calorie food labels is controlled by law through the Federal Food, Drug and Cosmetic Act. The law states that if a food claims to be of use in controlling body weight, the label must include the following information:

1. The percentage by weight of carbohydrate, fat and protein.
2. The available calories in a specified quantity of food.
3. The percentage by weight of any ingredient that is not utilized in normal metabolism, and next to the name of this ingredient the word "nonnutritive" must appear.
4. If the nonnutritive ingredient is saccharin or saccharin salt, the label must read: "Contains per cent by weight of saccharin or saccharin salt, a nonnutritive, artificial sweetener which should be used only by persons who must restrict their intake of ordinary sweets."

The above label information can guide you in making the most economical purchase. Artificially sweetened ice cream can cost twice as much as standard ice cream and offers only a small saving in calories. A one-half cup serving of artificially sweetened ice cream contains only 24 fewer calories and a one-half cup serving of ice-milk contains only five calories less than the same size serving of ice cream.

Low-calorie bread is usually cut in thinner slices and may be priced higher than regular sliced bread. On a comparable weight basis, both loaves of bread contain approximately the same number of calories.

Often fruits packed in water, not syrup, are less expensive than their low-calorie, dietetic counterparts.

Some frozen and canned fruit juices are packed without the addition of sugar. These juices have fewer calories and are usually priced the same as those juices which have sugar added to their contents.

Canned tuna packed in water has fewer calories than tuna packed in oil and costs about the same.

Pattern Alteration Series Scheduled For Leaders

Home sewers who want help in solving pattern alteration problems, may attend the leader training series in Pattern Alterations to be conducted by the Union County Home Economics Extension Service.

For convenience, homemakers may register for either the Elizabeth series on Wednesdays, Sept. 15, 22, 29, and Oct. 6, 1:15 to 3 p.m. in the Home Economics auditorium, 7 Bridge st., Elizabeth; or the Scotch Plains series on Thursdays, Sept. 16, 23, 30 and Oct. 7, 9:45 to 11:45 a.m., South Side Fire House, Haritan rd., Scotch Plains.

Each person attending will be measured accurately for proper pattern size and will make a perfect fitting basic muslin pattern for herself.

The requirements for registration are attendance at all four sessions of either series, and a willingness to help at least five other people learn how to alter their pattern. There is no charge for the course, but registration is limited.

Mrs. Carolyn F. Yuknus, County Home Economist, will conduct both series. She has announced that class members should bring a tape measure, a piece of string about 40-inches long, a pencil and notebook to the first session.

To register for either series write the Home Economics Extension office, 1'06 Elizabeth ave., Elizabeth, N.J., or phone 353-5000.

Holiday Deadline

Because of the Labor Day holiday on Monday, observance of this newspaper's Friday news deadline for the issue of next Thursday, Sept. 9, is particularly important. All organizational, personal and social news items should be submitted by tomorrow for publication Sept. 9.

GEOFFREY GEISER A FUTURE GROOM; PLANS JUNE DATE

Mr. and Mrs. Frank W. Jensen of Beach Haven Gardens, have announced the engagement of their daughter, Carole Ann, to Geoffrey Lewis Geiser, son of Mr. and Mrs. R. Paul Geiser of Union.

The bride-elect, who was graduated from Southern Regional High School and Mary Washington College of the University of Virginia, is employed by the school board of Virginia Beach, Va. She will teach at Kellam High School.

Her fiancé, an alumnus of Wesleyan University, Middletown, Conn., where he was a member of the Delta-Tau-Delta fraternity, plans to continue graduate work in child psychology this fall.

A June wedding is planned.

BANK SECRETARY JUDITH JANCUSKA IS A BRIDE-ELECT

Mr. and Mrs. Joseph Jancuska, Jr. of Portsmouth way, Union, have announced the engagement of their daughter, Judith Ann, to Vincent Timirello, son of Mr. and Mrs. Carl Timirello of Elizabeth.

Miss Jancuska, an alumna of Union High School and Katherine Gibbs Secretarial School, Montclair, is presently employed by the Union County Trust Company in Elizabeth as a secretary.

Her fiancé, who was graduated from Jefferson High School, Elizabeth and R.C.A. Institute in New York, is with Apex Television, Inc. of Elizabeth.

PROPER CARE

Many so-called "eye defects" found in children 10 years ago are now considered as visual disabilities that proper care and guidance can overcome or circumvent, according to the New Jersey Optometric Association.

Judith Signorelli To Wed Matt Farley Of Vailsburg

MISS JUDITH SIGNORELLI

Mr. and Mrs. John Signorelli of Union announced the engagement of their daughter, Judith Ann, to Matt Farley, son of Mr. and Mrs. Matthew Farley of Vailsburg at a family dinner recently held in Spring Lake.

The bride-elect, a graduate of Benedictine Academy, Elizabeth, is a junior at Newark State College.

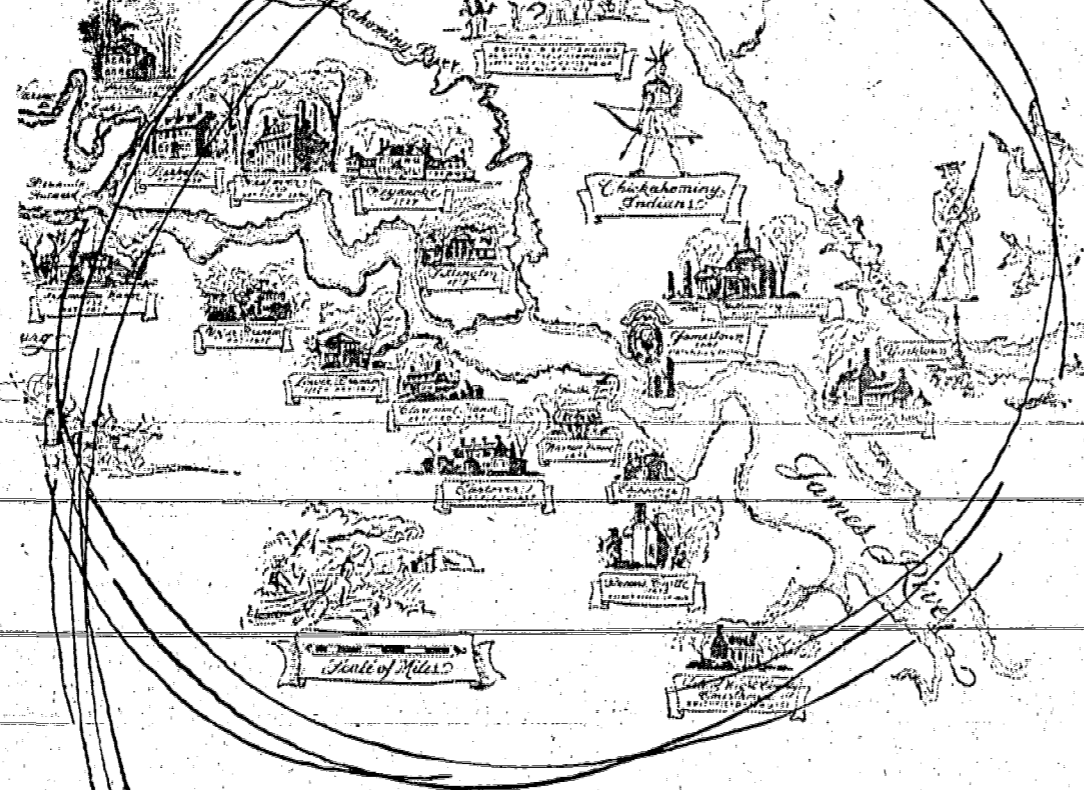

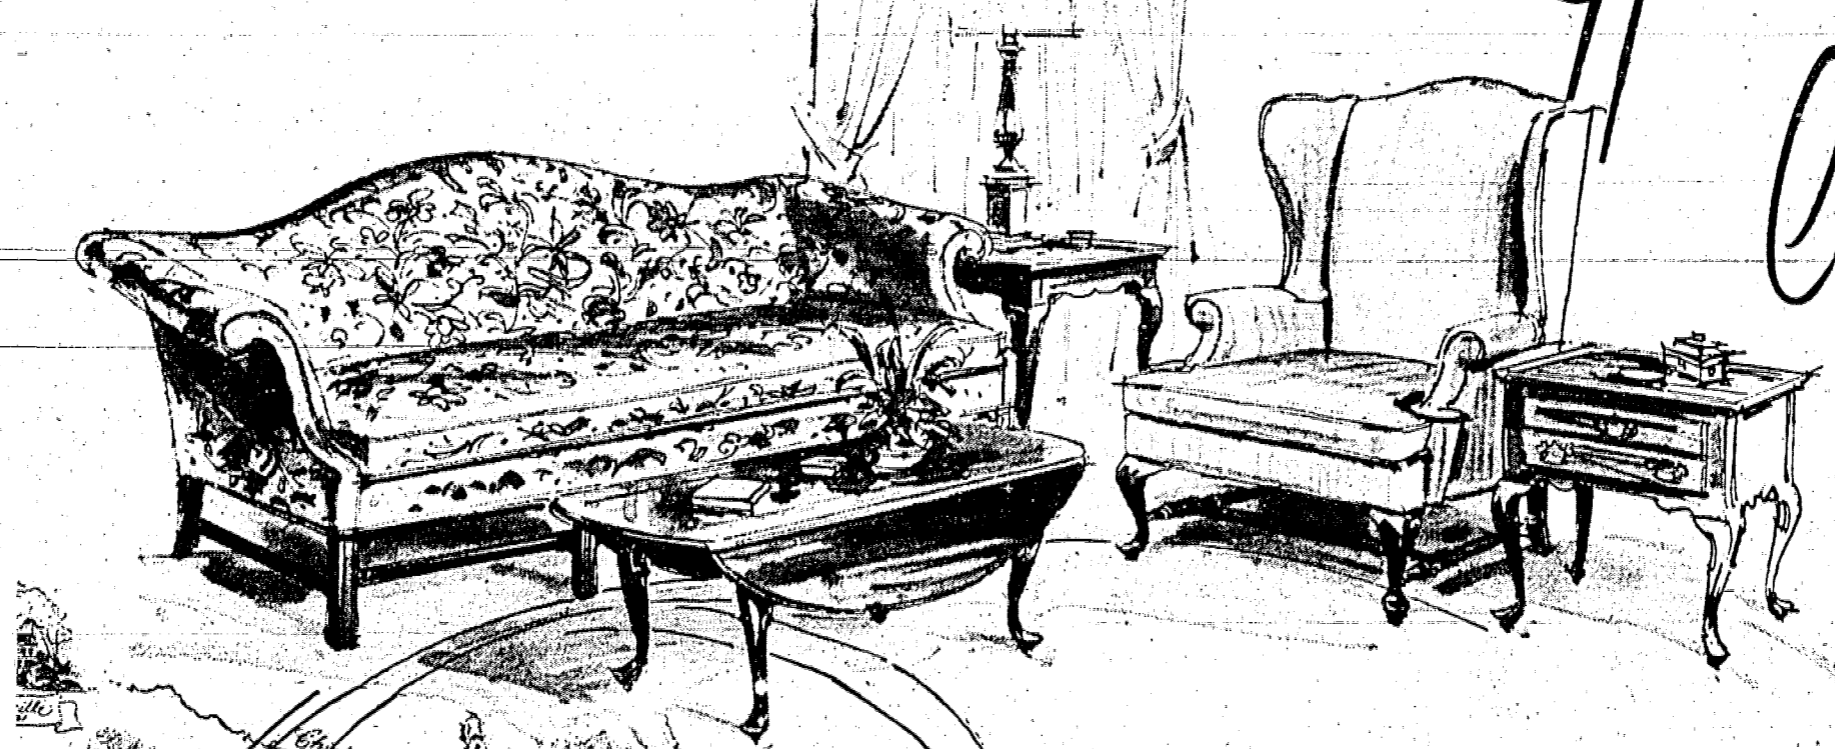

Mr. Farley attended St. Benedict's Prep and Newark College of Engineering. He is associated with David Settle Corp., Newark.

ART OF SEEING

The New Jersey Optometric Association states, every child has to learn to see, just as he learns to walk or talk. The art of seeing is made up of many different visual skills: focusing, directing, coordination and judgment of space relationships.

Record Enrollment Seen At Union Junior

Union Junior College, Cranford, will open its 33rd academic year on Sept. 17 with an expected enrollment of 1,500—an all-time high, but only 50 more than a year ago.

Dr. Kenneth W. Iversen, dean, said this week about 800 full-time students are expected in the Day Session and 700 part-time students in the Evening Session. There are 104 student nurses from the Schools of Nursing of the Elizabeth and Perth Amboy General Hospitals enrolled in the pre-clinical nursing program.

The Day Session freshman class of about 450 students was selected from more than 2,000 applications processed, Dr. Iversen said.

Dr. Kenneth C. MacKay, UJC president, said no substantial increase in enrollment will be possible until additional facilities are provided.

CAN BE CORRECTED
Less than one-half of the one per cent of all children are born with pathological defects in their vision apparatus, the New Jersey Optometric Association points out. Most children's vision problems are functional in nature and can be corrected by the family optometrist.

Women's S.S. Benefits Outlined

The Social Security Amendments of 1955 include several provisions especially for women, and it's important for women to know what these changes in the law can mean to them. Ralph W. Jones, social security district manager in Elizabeth, said this week.

Besides health insurance for the aged, Jones stated, there are many other changes in the old-age, survivors, and disability insurance program. Of these changes, three affect women directly, and all the others have a "woman's angle."

The provisions especially for women are: payment of reduced benefits to widows as early as the age of 60; wife's and widow's benefits for divorced women who were married for at least 20 years before the divorce; and benefits for women 72 or older who were not eligible for benefits previously because they or their husbands had not worked long enough under social security.

Less directly affecting women is the provision that allows for the payment of benefits to the children of retired, disabled, or deceased workers up to the age of 22, if the children are full-time students.

"Information on these and other changes in the social security law is available from the Elizabeth Social Security Dis-

PREDICTS RECORD HIGHWAY DEATHS FOR WEEKEND

Fred Rosenberg, Safety Director of the Motor Club of America, said this week that he expected the Labor Day Weekend to yield even more fatalities than the Fourth of July weekend in which 10 New Jerseyans lost their lives and a new national toll of 52 was established.

"All the indications point to a tragic weekend filled with auto fatalities," said Rosenberg. He condemned "the deepening sense of the driving public's indifference" toward their own safety and that of others.

Rosenberg urged that drivers practice "both strategic and defensive driving habits" throughout the long weekend and the entire year.

SPEED IS CHARGED
John Berker of Summit paid a \$20 fine Monday night in Springfield Municipal Court on a charge of driving 40 m.p.h. in a 25 mile zone on Milltown rd.

Nancy Jo Lynn School Registration To Be Held Sept. 10, 11 in Roselle

Nancy Jo Lynn School of the Dance, 117 Chestnut St., Roselle has announced that registration of students will be held Friday Sept. 10 from 2 to 5 p.m. and Saturday Sept. 11 from 11 a.m. to 2 p.m. Adult classes are also available. Classes will resume Tuesday, Sept. 14.

During her five years with the June Taylor Dancers, she was captain of the troupe and choreographer.

Miss Humenik has given benefit performances at veterans' hospitals and military installations and has been featured as a specialty dancer with the Elizabeth Variety Players and the Foot-lighters of Garwood. A pianist also has appeared in theatres, night clubs, fairs and on radio and television shows in this country and Canada.

Miss Lynn, the daughter of former Councilman and Mrs. Joseph E. Humenik of Garwood, was graduated from Arthur L. Johnson Regional High School, Clark.

A former member of the June Taylor Dancers, Miss Humenik was a student of the Jack Stanley and June Taylor dancing schools in New York City and also attended the St. Petersburg, Fla. Charm School. At her dancing studio she teaches tap, ballet, acrobatics, baton twirling, modern jazz and ballroom dancing.

Holiday Deadline
Because of the Labor Day holiday on Monday, observation of this newspaper's Friday news deadline for the issue of next Thursday, Sept. 8, is particularly important. All news items, personal and social news items should be submitted by tomorrow for publication Sept. 9.

Receive Awards At Graduation Of Tech Institutes

Walter Schaefer of Irvington, Michael Hoffman of Dover and Walter Triebel of Union won awards for scholastic excellence at the recent combined graduation exercises of Union Technical Institute, 2000 Morris Ave., Union, and Morris Technical Institute of Dover. Exercises were held at the Coronet in Irvington.

Triebel was presented a U. S. Savings Bond by William Beute, president of Neutronics Laboratories, Kenilworth. Another award went to LeRoy Horan Jr. of Union.

Louis N. Pazienza, historian and principal in the Elizabeth public school system, was the guest speaker on the subject, "Challenges of Free Men in the World." Andrew Popp, engineer for Public Service, discussed "The Past and Future of Electronics."

The graduation marked the completion of a two-year program in electronics technology as junior electronic engineering aides. The program includes mathematics, physics, electronic drafting, electronic theory, electronic lab and technical English. Paul J. Barotta is school director.

OVER THE SPEED LIMIT
Louis A. Hauptfleisch, 47, of Summit was fined \$20 Monday night in Springfield Municipal Court on a charge of speeding in Shunpike rd.

Jack & Jill Nursery To Reopen Sept. 13

The Jack and Jill Cooperative Nursery of the Kenilworth-Roselle Park-Union Branch Y. M. C. A. will reopen Monday, Sept. 13, at 218 Salem rd., Five Points, Union.

Mrs. Richard McElroy of Union is chairman of the nursery, which is a program for pre-school children, three to five years of age. The teacher will be Mrs. Mildred Levin, who attended the University of Maine, Boston University and received her degree in Early Childhood Education from Tufts University.

Mrs. McElroy pointed out this week that the program is designed to provide pre-school children with the opportunity to "develop socially, physically and emotionally and to give them regular association with other children in an environment supervised and guided by skilled, trained persons."

She said that parents, too,

benefit from such a cooperative program, through observation and some participation in the educational, administrative and social activities.

The three to four-year-olds will attend Tuesday and Friday from 9 a.m. to 11:30 a.m. and the four to five-year-olds will attend Monday, Wednesday and Thursday, 9 a.m. to 11:30 a.m.

George W. Hoffman, branch executive, said that classes are filling rapidly. Further information can be obtained by calling 687-5570.

VOTERS STEPPING UP APPROVAL OF PROPOSED BONDS

Disposition of citizens to approve proposed bond issues for improvement of local educational facilities, appears to be growing, according to a report from the U.S. Office of Education.

Well over \$3 billion of school bonds were approved by voters in 2,100 communities throughout the land last year, for a new national record.

This was \$45 million more than in 1963, a year that had set the highest previous record.

Bond issues proposed but defeated, also reflect the growing disposition of voters to provide financing for the badly needed new facilities.

The total for last year, the Office of Education reports was \$744 million. But this was a drop from the defeated record of the previous year. It was \$159 million lower.

During the past eight years, the period during which the Office of Education has been keeping a record of school bond issues, voters have approved \$16.6 billion of \$17 billion that had been proposed, for an average approval rate of 72 percent.

Social Security Benefit Payments Up For Next Year

The short range effect of the 1965 amendments to the Social Security Act on New Jersey residents was outlined this week by Joseph B. O'Connor, regional director of the Department of Health, Education and Welfare. They will increase benefit payments to state residents next month to bringing in \$137 million by the total payments under the newly enlarged program to \$82 million for 1966. In 1967, additional payments resulting from the amendments will amount to \$221 million and total payments will rise to \$938 million.

An estimated 33,000 residents of New Jersey who could not receive monthly benefits under the old-age survivors and disability insurance program in effect before the 1965 amendments will be able to receive monthly benefits immediately under the program as amended. These payments are estimated at \$87 million next year and \$97 million in 1967, O'Connor stated. Total benefit payments for both years under the OASDI program are estimated at \$772 million and \$814 million, respectively.

About 659 thousand persons aged 65 and over residing in New Jersey will be eligible for hospital insurance protection under the basic plan on the effective date, July 1, 1966. Hospital insurance benefit payments under the plan would be about \$39 million in July-December 1966, and \$87 million in 1967, the first full calendar year of operation, according to Mr. O'Connor.

Benefit payments under the voluntary supplementary medical insurance benefits plan would be about \$11 million in July-December 1966 and \$37 million in 1967.

GAS HEAT RATES REDUCED!

Now is the best time to go gas heat!

The Public Utilities Commission has just approved a rate reduction for Elizabethtown Gas customers using gas heat. That means 45,000 families in Elizabethtown's area are going to save on heat this year. How about you?

Every day, more and more families are realizing the dependability, the cleanliness and the economy of gas heat. Your local plumbing

and heating contractor will tell you that nothing beats gas heat! Installation is simple and gas heating equipment rarely needs servicing.

That's also why most builders of new homes in this area choose gas heat.

Now's the time to call Elizabethtown Gas or your local

plumbing and heating contractor for a FREE HOME HEATING SURVEY. You'll get a written estimate of the yearly cost of heating your home with gas. And you'll learn how inexpensive it is to install a gas-fired conversion burner or a modern gas heating unit. The rates are down. Now it costs less than ever to have the very best! Call.

Because of the Labor Day holiday on Monday, observance of this newspaper's Friday news deadline for the issue of next Thursday, Sept. 9, is particularly important. All organizational, personal and social news items should be submitted by tomorrow for publication Sept. 9.

State Fair Entries Deadline: Sept. 16

Entries in the domestic arts department, always a feature at the New Jersey State Fair, Trenton, will be received until Wednesday, Sept. 15, and those for the canned goods, pastry, and candy divisions until Sept. 16. The fair will open on Saturday, Sept. 18, and close on Sunday, Sept. 26.

Entries should be sent to Mrs. Florence Cok, 26 Woodland ave., Trenton, who is the superintendent. All exhibits will be judged Friday night, Sept. 17. Blanks may also be obtained from Arthur B. Porter, fair manager, Box 608, Trenton.

There are 26 divisions in the department including one for Arts and Crafts and Fine Arts. There is also a section for amateur photographers covering land and seascapes, portraits, still life, animal and action shots, both in color and in black and white.

A special section has been set aside for boys and girls, 10 to 17 years of age. It includes exhibits of hand sewing, rug and leather work, doll and bird houses, airplanes and woven bead work among the awards.

There is also a division for the best collection of mounted insects and butterflies and for stamps. For those with hobbies there are premiums for woodwork, metalwork and jewelry, leather work, ceramics and displays of methods of transportation by air, land and water.

Wild And Cultivated Plants Responsible For Poisonings

An estimated 12,000 children were poisoned last year after eating cultivated or wild plants growing in their backyards, according to statistics from an article in a recent issue of Poisons magazine. The lives of these boys and girls were endangered because enough people do not know that many plants are poisonous.

Nature itself often aids in the deception by combining poisonous and edible parts in the same plant, he points out. Such apparently harmless foods as rhubarb, tomatoes and potatoes have dangerous chemicals in their leaves and vines. Verhulst adds, "Even adults fall victim to the innocent beauty of plants they have grown at home."

Verhulst adds, "Even adults fall victim to the innocent beauty of plants they have grown at home." Among the more dangerous are holly of the valley, rhododendron and larkspur. Christmas plants such as the cherry poinsettia and mistletoe can be fatal if the leaves or berries are chewed or eaten.

Dr. John M. Kingsbury, New York College of Agriculture botanist, has identified 700 species of plants, shrubs and trees which are considered dangerous. The Poisons article lists many of them and identifies the symptoms and harmful effects. It says, "Where there is any suspicion of plant poisoning call the doctor so that he can contact the nearest Poison Control Center for specific treatment. Warn children of any age to keep plants out of the mouths unless served to them by an adult as a food," concludes the article.

Record Turnout At Conventions Seen By Legion

The Annual Department Conventions of the New Jersey American Legion and its Auxiliary will be held simultaneously at Wildwood Sept. 9-11. Advance reservations and registrations indicate that attendance will exceed that of any previous year.

U. S. Senators Clifford P. Case and Harrison A. Williams, Jr., several N.J. Congressmen, Governor Richard J. Hughes and State Senator Wayne Dumont, Jr., will head a list of national and state officials addressing the conventions. The Directors and Superintendents of Federal and State Veterans' Hospitals and Homes will also address the Legionnaires. The Armed Forces will be represented by the commanding officers of Fort Dix, McGuire Air Force Base, the N.J. Army National Guard and the State Department of Defense.

Important matters affecting the health and economic security of veterans will come before the conventions. Other pertinent matters in the fields of Americanism, child welfare, national security and community service will also be on the agenda.

Some 15 to 20 thousand persons are expected to see Legion's drum and bugle corps contest and four-hour parade on Sept. 11. The national champion "Cavaliers" Senior Corps of Hawthorne and the National Champion "Garfield Cadets" Junior Corps of Garfield, will compete with numerous other crack New Jersey Corps in both events.

Stephen B. Lopes, Carnegy Point, Department Legion Commander, and Mrs. Richard Diehl, Morristown, Department Auxiliary President, will preside at business sessions of the two organizations.

Varied Racing Slate At Flemington Fair

The 109th annual Flemington Fair, jammed with entertainment for every member of every family, will feature auto racing in four programs starting Saturday afternoon and ending Labor Day afternoon.

In between will be Saturday night and Sunday afternoon meets, too. Once the Fair is completed, the weekly Saturday night races will resume, lasting into mid-October.

The American Racing Drivers Club will start the schedule Saturday with a midday car program starting at 2 p.m. and after heat races and consolation have established, the main event lineup will end their activities with that 25-lap grandstand attraction.

Holiday Deadline

Because of the Labor Day holiday on Monday, observance of this newspaper's Friday news deadline for the issue of next Thursday, Sept. 9, is particularly important. All organizational, personal and social news items should be submitted by tomorrow for publication Sept. 9.

SHORT CAUSES FIRE

Firemen answered a call Monday on Vauxhall rd. and Rt. 22 where a car was burning, according to Union Fire Department reports. The fire started due to a short circuit at the distributor where the wiring was damaged, said reports.

Medicare Frauds Precaution Issued By Regional Director

Elderly citizens should not pay money for Medicare coverage to individuals posing as representatives of the Social Security Administration, Joseph B. O'Connor, Regional Director of the Department of Health, Education, and Welfare, warned this week.

"In this most recent racket, which is spreading across the country," O'Connor said, "a con man alleges he is connected with the Social Security Administration and is authorized to sell Medicare insurance policies, or

says he can enroll a person over 65 in the Medicare Program. He may offer a discount to anyone giving an immediate payment, but in any event will collect what money he can and then disappear.

"There have been other rackets at various times in the past including impersonators who have offered sums of money, allegedly representing an increase in Social Security benefits, as a device to gain entry into homes and find out where money is kept. If the opportunity arises, a purse or wallet containing money is then stolen," O'Connor said.

To guard against these deceptions, Mr. O'Connor stressed the following:

1. Those receiving Social Security or Railroad Retirement benefits will qualify automatically for Hospital Insurance, and will receive an application card for Medical Insurance benefits in the mail in September, October, or November. All others

over 65 will have to apply for Hospital Insurance which they will receive at no cost and will also have the option of enrolling in the Medical Insurance Program. No enrollment will begin until September 1, 1965.

2. Hospital and Medical Care coverage will not be effective until July, 1966, so the \$3 monthly payments by individuals for Medical Insurance benefits will not begin until that time.

3. There will be no discount rates of any kind under the Medical Insurance Program.

4. Any contact in which cash is requested should be reported to the local Social Security District Office immediately.

Bona-fide Social Security representatives can identify themselves either through official cards bearing their pictures, or through the local Security District Office, O'Connor assured the public. No Social Security representative, however, is authorized to collect money for Medicare enrollment.

HAIR 'PLANTED' ON BALD DOMES

TRANSPLANTS of small pieces of hairy scalp have been successful in regrowing hair on bald spots, reports the American Medical Association. Some of the

skin grafts were so small that they contained only two or three hair follicles. The total number of grafts required to cover a bald area may vary from as few as 20 to as many as 500 or more, and the placing of the grafts requires meticulous attention to detail.

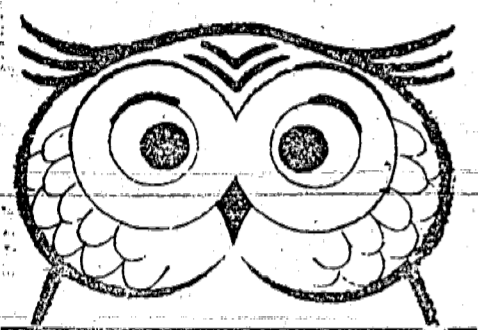

NEWLY FILLED teeth won't be quite so sensitive if research at Georgia Tech is successful. The scientists have discovered that if dental filling materials are exposed to ultrasonic frequency when they are placed in the tooth, they harden in minutes instead of hours, minimizing pain.

THE WORLD is headed for the greatest catastrophe in history — famine for hundreds of millions of people — says the American Chemical Society. Food production lags while the populations of Asia, Africa and Latin America are expected to increase by 900 million in the next 20 years. Unless measures to increase food production and decrease the birth rate are taken, the political and economic consequences will be massive and far-reaching, says ACS.

COLORED fertilizers will make life easier for the farmer or gardener, says Holland-Suco Color Co., which recently introduced a line of pigments for tinting agricultural chemicals. Coloring the fertilizer makes it easier to see what land has been covered and what kinds of chemicals have been used. Hues available include yellow, orange, red, violet, blue and green. PRE-NATAL brain testing procedures are being studied by scientists at the University of Rochester. They are trying to find a system for recording infants' "brain waves" during delivery, to establish a normal electrical pattern. Such tests, made with an electroencephalograph, would help in diagnosing and treating brain damage. Also, deviations from the normal pattern might be clues to causes of brain injury during delivery.

THE SKULL of an "ape man" believed to have lived 500,000 to 600,000 years ago has been found by Chinese anthropologists. The skull, discovered in northwest central China, may be the oldest such specimen ever found. Yale University paleontologists theorize, however, that the ancestor of the first true man existed 14 to 15 million years ago.

INDIA'S POLICY of non-alignment is even carried through to the construction of the nation's own jet plane, complains Nath Pai, a member of Parliament. He reported to Parliament in New Delhi that the plane is being fabricated from parts manufactured in many countries, and predicted sourly that it may not even fly.
