BAREFOOT IN THE GYM—Two young devotees of the modern dance, Michele Davis, left, and Cheryl Geiger, with an assist from their teacher, Mrs. Sandy Davis, stretch-e-e-tch their muscles to achieve one of the positions in the dance.

Dancing Is Make Believe -- And Fun

And Modern Dance Is Best Of All, Students Think

By RITA ZEISS

"Make believe you're driving your father's car and gradually the wheel gets bigger and bigger and bigger." As she talked Mrs. Sandy Davis showed her own expressive hands into ever widening circles until her whole torso was moving with the enormous, imaginary wheel, her arms stretched out to steer it, her head following the circles in smaller arcs of its own.

ing to match her circles, their fingers played in earnest imitations of the graceful movements of her eloquent hands. Then, reversing the movement, they acted out the wheel diminishing bit by bit from a giant circle, big enough (almost) to steer the world, down to a tiny, tissy, bissy wheel, not even big enough to control a little toy car. Then, heads bent over the vanishing circles, they all, teachers and students alike, collapsed in giggling heaps on the floor.

IT WAS FUN. But it wasn't just fun — it was all part of a lesson in modern dance planned by Mrs. Davis for the class of first through third graders. The class, one of two conducted each Friday afternoon by Mrs. Davis, serves as an introduction to modern dance. In it Mrs. Davis attempts to encourage the children to express themselves for modern dance, she says, is "free expression of the individual."

But even such freedom of expression demands a certain discipline, Mrs. Davis pointed out, for the muscles must be exercised so the body can learn the leaping of which discipline can the way to full freedom of expression in the dance be found, she emphasized.

A student of the dance since she was five, Mrs. Davis studied modern dance with Marjorie Mazia, who in turn was a student of Martha Graham, one of the three people who revolutionized modern dance in America.

more advanced third graders study with this group. This is the second year the classes have been instructed by Mrs. Davis, a graduate of Montclair State College and a former teacher in Clark Township.

The modern dance program was organized about five years ago by the Mountainside Music Association to provide dancing classes at a minimal cost for borough children. Mrs. Marilyn Moss, a former teacher in borough schools, was the instructor for the first three years.

AT THE TIME of the program's inception, the association members felt strongly that dance classes should be creative and should not bring a sense of pressure on the children. Modern dance, the members felt, was the only answer, for it would give the children an awareness of their bodies.

Concert Planned With Two Bands, 270 Musicians

The Cavalier Band of Fairfax, Va., will come to the auditorium of Governor Livingston Regional High School on March 25 to play a combined concert with the host school's Highlander Band. The combined concert, the first of its kind at the regional high school, will feature 270 musicians.

Governor Livingston's all-girl Highlander Bagpipe and Drum Unit and the school's twirlers will also perform. The event is open to the public. Members of the visiting band will be guests of several Mountainside residents the weekend following the concert. About 80 Mountainside students are in the regional school band. John Rupp, a Mountainside student, is band president. As a fund raising event, the Governor Livingston band will present two movies, "Gigi," and "Sound of Laughter," tomorrow night in the auditorium of the Berkeley Heights school. Leslie Caron and Maurice Chevalier, star in "Gigi" and Bob Hope, Danny Kaye and Milton Berle are featured in the second film. Tickets for the movie program are available in the office of Deerfield School or from any of the band members. They may also be purchased at the door.

Clark Benefit Dance Sold Out; Many Notables Among Guests

Tickets for Saturday night's dinner-dance for the benefit of the Linda Clark Fund are all sold out. Patrolman Jerome Rice, publicity chairman and one of the organizers of the drive, announced this week. To assure comfortable accommodations for those attending the dance in the Mountainside Inn, tickets were limited to 350. All were gone early this week, Rice said. Honored guests at the affair will be Sheriff Ralph Oriscello, Union County Prosecutor Leo Kaplowitz, Union County Court Judge Chester A. Wiedenbörner, and John Hefferman, president of the State Patrolman's Benevolent Association. Also among the honored guests will be the Rev. Robert B. Mignard, pastor of Mountainside Union Chapel, the Rev. Gerard McGarry, pastor of Our Lady of Lourdes Church, the Rev. Elmer A. Talbot, Jr., pastor of Community Presbyterian Church.

honorary chairman of the drive, will serve as master of ceremonies. Proceeds of the dinner-dance will go to the fund established last December to help Mr. and Mrs. James Clark of Walnut st., Mountainside, pay the hospital and medical bills for their daughter, Linda, who has been hospitalized since Oct. 30 when she was seriously injured in a playground accident. The fund, already close to \$22,000, will get another boost March 26 when the Mountainside Elks conclude a special fund-raising project which is

expected to net a sizeable sum. Among recent contributors to the fund are the Mountainside Post of the American Legion and several PBA groups throughout the area. Police Chief Christian Fritz and James Debbie, two of the organizers of the fund drive, are co-chairmen. Borough Clerk Elmer Hoffarth is serving as treasurer. Those unable to attend the dance who wish to contribute to the fund may do so by mailing checks made out to the Linda Clark Fund to Hoffarth in the Borough Hall.

Displays Honor Girl Scout Week; Adults Asked To Work In Program

In honor of Girl Scout Week, which opened last Saturday, the store windows in the business center of Mountainside are displaying work done by borough troops. The various Brownie, Junior and Cadette troops in the community have arranged exhibits exemplifying the projects carried out by the girls and the various activities of the troops. In conjunction with Girl Scout Week, the community chairman, Mrs. M. A. Donatelli, extended an invitation to adults interested in any phase of Girl Scouting to serve as volunteers. She pointed out that the Girl Scout program, which includes camping, service projects, arts and crafts, citizenship training and the furthering of international friendships, can be carried out in the borough only if enough adults volunteer to work with the troops. Further information may be obtained from Mrs. Donatelli, 1078 Sunnyslope dr., 232-8516.

Mayor Frederick Wilhelmus Jr.,

ECHO PROFILE — Mrs. Mona Grubel

Mrs. Seymour Grubel, current president of the Mountainside Music Association, is a bright-faced, enthusiastic individual with a mind that leaps quickly and gaily from seriousness to levity, from purposefulness to frivolity. Friendly and outgoing, she communicates easily. There is about her a receptive quality, a warmth, an understanding that dissolves the invisible veils that sometimes separate less gregarious persons from their fellows. One of the charter members of the Music Association, she and her husband have been in all the variety shows the group has presented since it was formed eight years ago. Because of business pressures, Grubel will not be in this year's production, but Mona will. She is, she says, in the Miami Beach number. HEARING ON BUDGET Mayor Anticipates Tax Rate Will Drop

A five point drop in Mountainside's tax rate was tentatively predicted by Mayor Frederick Wilhelmus Jr. Tuesday night. Stressing that the rate was as yet unofficial, Wilhelmus told the approximately 12 people gathered in Echobrook School for the public hearing on the municipal budget that they could expect a drop from last year's 4.96 rate to 4.91. The mayor's remarks came after the Borough Council unanimously adopted a budget of \$628,499.74 for municipal purposes in 1966. The budget, which calls for \$288,259.74 to be raised by taxes, will be upped slightly when an amendment, introduced by resolution Tuesday night, is approved by the Council. That amendment would add \$8,800 to the amount to be raised by taxes. Four thousand dollars of that sum would be allotted to additional funds for snow removal in 1966; the same amount appropriated last year, has already been used for snow clearance since Jan. 1. The Council felt it wise to appropriate additional funds in the budget rather than create a deficit, he said. The other additional sums, for legal services for the Board of Education (Continued on Page 3)

Full Membership Seen As Certain In Coming Week

Bond Issue Planned To Underwrite Cost Of Borough Facility

Mountainside's Borough Council gave final approval Tuesday night to an ordinance authorizing the expenditure of \$300,000 for a municipal pool, an action that almost guaranteed that the facility will be ready for use by July of this year.

According to figures submitted by William Ditzel, chairman of the Recreation Committee, 585 borough families had signed up as members as of Tuesday night, only eight days after registration began.

The official authorization of funds to be financed by a \$285,000 bond issue and \$15,000 from capital funds is expected to bring in the 165 members needed by next Wednesday, the goal set by the pool committee for acquiring full membership.

Mayor Frederick Wilhelmus Jr. expressed confidence that the pool will be ready for use this summer. He cited other communities where pool construction was started late in spring and was ready for use early in July. Ditzel stated before the meeting that he expects the amenities to have the plans ready to go for bids within the week. A speed up the project contracts on the pool will be awarded with the stipulation that work must begin within 10 days after use contract is signed.

The Borough Council also gave final approval to an ordinance amending two sections of the 1953 zoning ordinance. The sections amended, 8.4 and 10.4, were changed to allow the construction of a municipal pool on a portion of the bird sanctuary located next to the playing field of Echobrook School.

The Borough Council will soon take title to 2.7 acres of the sanctuary from the N. J. State Highway Department. Purchase price has been set at \$9,000. The proposed pool will be 165 feet long by 50 feet wide and three-and-a-half to five feet deep. A separate wading pool, which will be fenced in, will also be constructed. Two dressing rooms with shower facilities will be installed in the club house. Sun decks will be laid out on the roof of the club house.

An access road will be built through Union County Park lands to the pool from Mountain ave., west of Parkway. Parking space for 165 cars will be provided at the site. Additional parking will be available on the playing field of Echobrook School.

Membership in the pool is limited to Mountainside residents. Family memberships are \$80, individual memberships, \$40. Residents 65 or older get reduced rates, \$15 each. Residents may obtain membership applications at Borough Hall.

MAYOR F. WILHELMUS JR.

Board Will Unveil Expansion Costs At PTA Program

Mountainside's Board of Education will present its proposed expansion program and the estimated cost of that program at tonight's meeting of the borough's Parent-Teacher Association.

This will be the first disclosure at a public meeting of the cost estimates. The session is scheduled to open at 8:15 in the gymnasium of Deerfield School.

The expansion program, as announced last fall by the school board, calls for the abandonment of Echobrook School for educational purposes, and the replacement of that facility by additions to Deerfield and Beechwood schools.

It also calls for the purchase of additional land at both the Deerfield and Beechwood locations and the acquisition of a third tract, on the south side of Rt. 22, as a replacement for the Echobrook site.

No building is planned at the present time for the third site. It would be acquired now, while land is still available, to allow for a possible increase in the borough's school population over the next two or three decades.

Under the proposed plan, Deerfield School, with the addition, would be divided into two separate educational units, one a complete elementary unit for kindergarten through fifth grade and the second a Middle School for all the sixth through eighth graders in the borough.

Beechwood would continue as an elementary unit, kindergarten through fifth. Children now in the Echobrook School would be divided between the other two schools. Dr. Levin B. Hanigan, school superintendent, also serves on the school body. John McDonough is secretary.

Library Officials Attend Seminar

Mrs. Emily Hoffarth, director of Mountainside's Free Public Library, attended a seminar for public library trustees held last Saturday at the Governor Morris Hotel, Morristown. She was accompanied by Mrs. Emma Weber, secretary of the local library's Board of Trustees, and Mrs. William Wallace, also a library trustee.

The seminar, the sixth annual one, was sponsored by the N. J. Library Trustees Association.

Thwina Assigns Board Members To New Positions

New assignments on Mountainside's Board of Education were announced this week by the board president, Roger Thwina. The vice-president, Robert Britton, last year's finance chairman, will head the public relations committee. William Blunno, one of the two new members on the board, will take over the chairmanship of the financial and transportation committees.

The other new member, Grant Lennox, has been appointed chairman of buildings and grounds.

Walter Rupp will retain the chairmanship of the long range planning committee, a post he has held for several years. Bernard Seligman will head the administration committee and Mrs. Mary Rosenquest, the sole woman member of the board, will serve as chairman of the education committee. Last year she handled transportation.

Dr. Levin B. Hanigan, school superintendent, also serves on the school body. John McDonough is secretary.

The story of Peter's healing of the lame man at the gate of the temple called Beautiful (Acts 3) will be presented to illustrate the theme that real substance is spiritual. Peter's response to the man's plea for help was: 'Silver and gold have I none; but such as I have give I thee: In the name of Jesus Christ of Nazareth, rise up and walk.' The account continues: 'And he leapt up, stood, and walked, and entered with them into the temple, walking and leaping, and praising God.' Passages to be read from Science and Health include these lines: 'When we come to have more faith in the truth of being than we have in error, more faith in Spirit than in matter, more faith in living than in dying, more faith in God than in man; then no material suppositions can prevent us from healing the sick and destroying error.'

 terrific! They want to help expand it. But they are handicapped by PTA regulations which limit the raising of funds and fund-raising events.
 So she, Mrs. Reich, Ann Healy, Fern Hyde, Jeanne Wilhelm and other enthusiasts formed a separate group for the express purpose of supplying continuing funds to the school's music department. They named it the Mountainside Music Association and, in the eight intervening years have, in addition to supplying musical equipment and services for the school, they have brought various cultural events to the town and presented a variety show almost every year. As a side benefit, they agree, they've "had a ball" in MIA.

THE GROUP'S most recently announced project, equipping and furnishing a music room in the new public library, brought high praise when borough officials presented the architect's plans for the library to the state library officials. Barely the officials said, has a library in a town the size of Mountainside been similarly endowed.

Funds for the library's musical equipment will come, in part, from the proceeds of "My Kind Of Town." MIA members are working hard selling tickets for the show which will be presented April 1 and 2 in Deerfield School. Mrs. Grubel says, "it's really a wonderful show, everybody must come."

She makes it sound like an invitation to a party.
 Born in Montclair, Mrs. Grubel, the former Mona Pierce, grew up in Irvington. She and her sister attended Irvington schools. It was while she was in Irvington High that she met her husband.

"WE NOT ONLY went to school together," she says with a quick laugh, "we went to work together."

In those days, Irvington High was on split sessions and most of the students were employed in their off time. Mona and her future husband both worked for Vitamin Corp., then a new concern operating on a shoe string. The Grubels were married 19 years ago and lived in Union before coming to Mountainside.

Barbara, now a sophomore in Governor Livingston Regional High School, and Debbie, who attends Deerfield, are both taking piano lessons. They are, their mother says, no masters of the instrument but "they are enjoying it," the main aim, she implies, of any musical study.

"ENJOY" is a word Mona Grubel uses easily and often. It is, in a way, expressive of her approach to life. She enjoys the MMA, she enjoys her work (executive secretary for Brown and Matthews, an engineering firm with offices in Union), she enjoys being in the shows.

She doesn't make a chore out of living. Now working full time — she started about four years ago, first working through one of the temporary office employment agencies — she accepts graciously and thankfully her daughters' attempts to make the wheels at home run smoothly. "They set the table, get the vegetables ready, really plan the meals — I could manage without them."

equally cooperative basis. She and her husband, a salesman with Hooper Distributing Co., have that responsibility on a shared behavior has the time basis.

The Grubels have joined the pool planned for the borough. They not only joined it — Mona went several evenings on the phone among her friends and neighbors to get their applications.

Starting in the one sport in which Mona considers herself adept. Until recent years the family spent a month or more each summer at the Jones shore, enjoying the surf and the sun-bay beach.

The last few summers, Barbara, a mature, teen-aging child, has attended it camp in upper New York State near the Massachusetts border. The camp, an international inter-racial one, is attended by many of the offspring of United Nations delegates and sides.

It has been an enriching, broadening experience for Barbara. The owners establish the camp with the objectives of bringing children from all corners of the world together so they could discuss and exchange ideas, learn about each other's ways of life. As a consequence, the whole camp program is geared to promote such understanding — meals typical of various nations are served and the menus are printed in the language of that nation (the Grubels visited one day when Swahili was featured), the cultural program includes a broad range of events and trips. And best of all are the discussion periods when all the teenagers of every tongue and every nation hash things out.

Although the summers at the shore have been curtailed, mostly because of Barbara's summer camping experiences, but mother feels the whole family is benefiting from the program.

"We all learn from it — it has been quite an experience."

 Adjustment and additional services from the Visiting Nurse, were added to meet requirements recently set up by the state, Wilhelm said.

Under a new state law, the borough attorney cannot serve as legal counsel for the Board of Adjustment. The \$2,000 was allotted to meet that requirement, raising the board's total allotment in the budget to \$2,500.

The \$1,500 allowed in the approved budget for the Visiting Nurse was raised to allow \$2,200 for salaries and \$2,000 for other services in that area, bringing that total item to \$4,300.

A hearing on the amendment to the budget will be held next Tuesday night at the regular monthly meeting of the Borough Council in Echo Brook School.

The budget includes two items not in last year's budget, \$8,000 for the codification of all borough ordinances and \$18,000 for final payment on sanitary sewers installed some years back.

A question from a member of the audience on the size of the police department elicited from Councilman Gilbert Pittenger, last year's Police Commissioner, the comment that another man will be added to the 16-man force in July. Pittenger said the 1966 budget allotment of \$121,700 for salaries and wages for that department (\$3,800 more than last year), allows for six months' salary for the new patrolman.

The questioner, Karl Heinze of Wyoming Ave., asked the Council if the present force is adequate "when 16 men are spread over seven days and three shifts."

Pittenger replied that the department is being built up gradually and is supplemented by five special policemen on the weekends.

Mr. and Mrs. Donald Skoog and Mr. and Mrs. J. Steward Smart, all of Mountainside, were guests recently at the Ocean Reef Club in North Key Largo, Fla.

4 Ask Variances; Adjusters To Act At Next Meeting

Four applications for variances are scheduled to come before Mountainside's Board of Adjustment at its meeting next Monday night in Borough Hall, Rm. 22.

Applications to build one-family homes on lots under the zoning required size will be submitted by Simon Helava of Newark and Angel's Appraisals of Scotch Plains. Helava seeks to erect a house at 214 Central Ave., a lot that does not have the required front footage. Appraisals wants to build at 349 Darby Lane, also on a lot without the required front footage.

Howard E. Raymond of 1230 Poplar Ave. is requesting permission to build a residential addition. His lot does not have the required frontage or proper front setback.

M.H. Lane Corp. wants to build an industrial addition to its building at 191 Mill Lane. The lot is under the required size.

 school. He has seen the enrollment grow from 160 students to its present 1,360 figure.

In the early 1950s the state changed the title of supervising principal to superintendent of schools. Wadas held this position until 1959, when he resigned because of illness, retaining the position of principal at Echobrook.

When Dr. Hanigan took over the superintendent's post, Wadas retained the duties of curriculum coordinator and transportation supervisor. He has worked during this period on committees to coordinate curriculums of all the sending districts to the regional high school system.

Active With Youth
 He started Mountainside's first Boy Scout troop in 1936 and served on the Mountainside Juvenile Council from 1944 until last year. He is a member of the Union County Welfare Council on Children and a past member of the Union County Visual Aids Committee, which he served for nine years. He is a life member of the Parent Teachers Association.

In 1937 Wadas developed the education program for the Children's Specialized Hospital in New Providence rd.

Residents of Berkeley Heights, Wadas and his wife, Sue, have four children. Mrs. Diane Halliday of Burlington, N.C., Lt. Gregory Wadas of the U. S. Army military police, John, a U. S. Army machinist's mate third class, stationed at Pearl Harbor, and Sandra, at home.

Mrs. Wadas is a secretary at Mountain Park School in Berkeley Heights and president of the Stony Hill Players. Asked why they have joined the Peace Corps, Wadas replied, "Because we have always been active."

The Board authorized a letter to Wadas, thanking him for his years of service.

Referring to the new salary guide, Dr. Hanigan said it places the borough in about the same competitive position for hiring teachers that it holds this year.

An additional step has been added, and the largest raises are at the maximum end of the guide. Eleven teachers are now at maximum salary positions, Dr. Hanigan said.

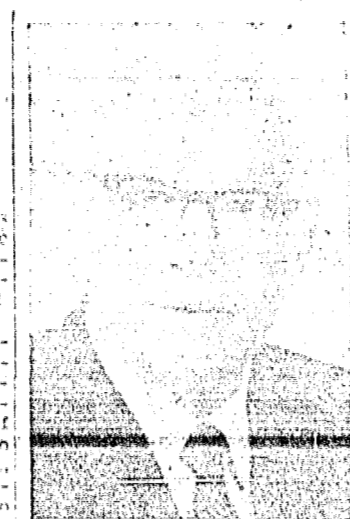

Under the guide a teacher with a bachelor's degree can earn as much as \$9,710 after 19 years of service. This year's maximum in this category is \$9,145 after 18 years. A teacher with 30 credits beyond a bachelor's degree can earn \$5,700 — \$200 more than this year — to start and \$9,920 in 19 years — \$570 more than this year's maximum.

A teacher with a master's degree can earn from \$5,800 to start to \$10,140 at maximum — \$580 more than this year. A teacher with 30 credits beyond his master's degree can earn \$6,100 to start and \$10,400 after 19 years.

Annual increments range from \$210 to \$220.

 and help them to move with grace and fluidity. The years have proven, they feel, the wisdom of their decision.

"All the kids love it. Many of the older ones have gone on or hope to go on with further study," one member reported.

Pressures were deliberately removed from parents too. No formal recitals — that was the dictum irrevocably established five years ago. It has never been altered.

PARENTS ARE invariably invited to the last session of each eight-week course.

"The kids do what they do all the other lessons, the only difference is we watch," one mother sighed gratefully, "no pressures, no costumes, no competing, no tickets to sell. It's wonderful."

And the kids, leaping, bounding, making "diagonals," creating their own dances in the time that is a part of each class, think it's wonderful too. Right now they all have one shining ambition, "to dance like Mrs. Davis."

Some of them are planning to attend the variety show, "My Kind of Town," just to see Mrs. Davis dance.

She will be the featured dancer in the show, the annual presentation of the Mountainside Music Association, when it opens a two-night run April 1 in Deerfield School, Mountainside.

'King And I' Production Tops: Etcetera, Etcetera, Etcetera

By JEANNE WILHELMS

Governor Livingston Regional High School presented "The King and I" by Rodgers and Hammerstein, last Friday and Saturday nights to a wildly enthusiastic S.R.O. audience.

The orchestra in the pit was excellent, and rightly so, because such a wonderful performance deserved good accompaniment.

"Jackie" Vincent, a senior, played a radiantly beautiful Anna, and sang like a bird. Her manner on stage was perfectly that of the proper Englishwoman. When she smiled, she lit up the first eight rows.

Hunter Blackhead, better known as "Choppy," took the extremely difficult role of the King and played it to the hilt. After his first few minutes on stage there was not one person in the audience who didn't believe that he really was a king. His accent never faltered. His attitude and movements were without a flaw. In the "Shall We Dance" number, where Anna teaches the King to polka, his first steps were unsure, then as he began to feel the music and the rhythm and the audience was unable to contain itself and broke into applause at least three times during the dance. Young Blackhead has all the earmarks of a professional.

Kathleen Sullivan, a sophomore, played the role of Tuptim. She has a truly lovely voice which is quite mature. Her duets with Lam Thuy played by Michael Bartlett, were touching, and their voices blended well.

The young Crown Prince was played by Larry Wengold and Matthew Riley was Louis. Anna's son, Tigris, two boys were physically well suited to their roles and did a commendable acting job.

A ballet scene, "The Small House of Uncle Tom" was an outstanding feature of the show. Billie Tison was a most graceful Eliza and she was ably supported by the entire troupe of dancers. The costumes and makeup for this number were particularly remarkable.

Jaimie Caldwell, who has sung in former school productions, had a straight acting role in this show and was most convincing as the devoted advisor to the King. In the scene where he berates Anna for having destroyed the King by teaching him weak Western ways, he was able to bring real tears to many in the audience.

The entire cast are sponsored by Governor Livingston, with one small exception. The last child to appear on stage was a 13-year-old. He went through his motions perfectly, made his bow to the King and to Anna and then returned to his place with the other children. This little tot was Peter Dorhout, son of the director.

Sons Of St. Patrick To Hold 'Irish Night'

The Friendly Sons of St. Patrick of Union County will hold their "Irish Night" on Tuesday, March 15, at 7 p.m. in the Suburban Golf Club, Union. It was announced by Joseph G. Higgins, president.

The by-invitation-only affair is open to Union County residents of Irish extraction. There will be one change from the Irish dinner menu, according to Higgins, and that is a switch from the traditional corn beef and cabbage to steak.

The Friendly Sons of St. Patrick dinner had its beginning at Union County in 1934.

Currently acting officers are the vice president, Daniel P. O'Hara; treasurer, Francis P. Carroll and secretary, Charles P. McGinley.

Attendance must be limited to 150 because of the Golf Club's facilities, it was pointed out in Higgins' announcement.

Named to the dinner committee to handle the arrangements are:

Walter F. Cuff, J. Carroll Dolan, Edward L. Fox, Peter J. Johnson, Dr. Paul J. Krucz, Lawrence A. Ryan, Richard Cummings, William G. Dowd, Alfred F. Germaine, Edward F. Kelly, Edward A. McGrath and Edward L. Whelan.

A highlight of the affair will be awards given to Carroll and McGinley for their service to the association for the past five years, Higgins said. A reception will be held at 6 p.m. in their honor.

H. Russell Morse Jr., president of the Pingry Alumni Association, has announced that the annual cocktail party and dance, sponsored by the graduate organization, will take place from 6 to 7 p.m. April 16 at the Short Hill Club, Short Hill.

In charge of arrangements is J. Lloyd Hasbuck Jr., chairman of dinner and reception. The members of his committee are: Henry C. Hall, Andrew H. Campbell, H. James Tolley Jr. and Theodore L. Mayhew.

Recreation Dept. Seeks Umpires

Applications are now available for membership in the Union County Umpire Federation through the Recreation Department of the Union County Park Commission. The Federation includes baseball and softball.

Established umpires may automatically qualify for membership and individuals interested in becoming umpires may qualify for membership by attending spring clinic and passing exams in baseball or softball or both.

The Federation will charge no dues and members will be free to work where they please. The main purpose of the organization will be to train new umpires and to make available to leagues a directory of umpires who meet certain standards with respect to ability, knowledge of the game, uniform, etc.

To date 25 umpires and prospective umpires have indicated a desire to join the Federation. Applications should be filed as soon as possible.

GOP Freeholders Rap Thoughts Of Tax

Opposition to any State broad-based tax was expressed last week by Republican Freeholders Edward H. Tiller, Walter E. Ulrich and Harry V. Osborne Jr.

The three Freeholders said they are urging the State Legislature to see that more than \$50 million of surplus funds not yet expended by the various administrative agencies of the State are utilized rather than imposing a State income or sales tax on hundreds of thousands of New Jersey residents.

"The national Democratic administration is considering a tax increase, prices are rising rapidly under this inflationary trend which is not being halted by the Washington authorities, yet the Governor of New Jersey is attempting to hamper the electorate of the State with a new and heavy tax," Freeholders Tiller, Ulrich and Osborne pointed out.

They observed that, in addition to millions of dollars which have not been spent, the legislature has other taxing resources at its disposal which, although considered nuisance levies, will not impose a heavy drain on the income of the average family as would a sales or income tax.

Rifle, Pistol Range Set To Open

The rifle and pistol ranges, operated by The Union County Rifle Commission, will open for the season at 1 p.m. on Saturday. The ranges are located in Lenape Park, off Kenilworth boulevard, Cranford.

The rifle ranges, with shooting permitted from the prone position, through ports, can accommodate 20 shooters on the 50-yard range and ten shooters on the 100-yard range. Only .22 calibre single-shot rifles are permitted. The Union County Rifle League shoots at this range most Mondays through Thursdays from the beginning of May to the end of September.

The pistol range has been the center of activity for the Union County Police Pistol League and the Union County Civilian Pistol League. Ten ports can be used at any one time; a 15-yard and a 25-yard range make up this facility.

The rifle range was first opened on Nov. 10, 1920, and in the spring of 1930 the pistol range was opened. In 1958, a sound resistant shelter building was completed to minimize the noise at the pistol range. In 1965, almost 6,000 shooters utilized the ranges.

Both ranges will be open on Saturdays, Sundays, and holidays from 1 to 5 p.m.; and beginning in May the ranges will be open from Monday through Friday evenings from 5:30 p.m. to dark. The fee is 75-cents per shooter and an additional 10-cent fee for each additional target.

PART-TIME STUDENT

She Wins Awards With Kids And Dogs

Mrs. Thomas Tupper teaches teenagers to train dogs — that's the truth, not just a tongue-twister.

Mrs. Tupper, leader of the D.O.G. 4-H Club, has polished, trained, painted and in posed 25 Ocean County boys and girls into becoming one of the most active, award-winning 4-H clubs in New Jersey.

She also works full time as a computer programmer, manages a home in Lakewood, for her husband and teenage son, Tom, and studies at Rutgers University.

The D.O.G. 4-H Club specializes in what its name implies — dogs, dog obedience and dog grooming. The club has produced two national 4-H winners in dog training, Marysu Bennett, the 1965 winner, and Mary Louise Mulligan, who won in 1964. Another club member, Martha Henry, came close to the national award several years ago but was a few weeks too

young to qualify.

In addition to advising the D.O.G. Club, Mrs. Tupper serves as president of the Ocean County 4-H Leaders' Association, a group of adults who serve as volunteer advisors to 4-H clubs. She works with the Department of the Army at Fort Monmouth.

At one time Mrs. Tupper was a student at North Carolina State College in Raleigh, with an eye on a degree in engineering.

Marriage changed that goal, but didn't destroy the desire for knowledge. She now takes three courses at Rutgers each semester — "one for work, one for the College (required course) and one for me." This year the three are computer programming, English and a sophomore course in psychology.

Rutgers occupies an important place in Mrs. Tupper's life, both because she studies there and because the state-

wide 4-H program is sponsored by the State University's agricultural extension division.

Mrs. Tupper believes that teenagers can learn to enjoy their own dogs during useful work.

"You can work and have fun," she says. "I've never seen a 4-H leader stopping down from a platform after giving a demonstration who wasn't smiling."

She encourages members of her club to present frequent

demonstrations of their dog training skills. A beneficial side-effect is that these demonstrations also increase their public speaking abilities.

Five of the 24 New Jersey chapters to the year's National 4-H Club Congress, all state winners, belong to the D.O.G. Club, although none of the five also had members in other 4-H clubs. And in the state-wide 4-H public speaking contest at Rutgers, the D.O.G. Club had winners in five out of six categories.

Larger Program Sought To Train Practical Nurses

An expansion of 50 percent in the training program for licensed practical nurses by the Union County Technical Institute, 423 Park Ave., Scotch Plains, was proposed at a meeting of the Institute Advisory Committee last week to meet the present and anticipated need for trained personnel.

While today's supply of licensed practical nurses is lower than the need, the situation will worsen considerably with the advent of Medicare, with the large

increase in hospital and nursing home patients that will result from it, it was reported.

Mrs. Marie Brennan, director of nursing, Rahway Hospital, suggested a program at that hospital to supplement the program now being run by the Institute at Elizabeth General and Ranmell's Hospital.

The third program is possible with no increase in Institute facilities because it consists of 16 weeks of classroom instruction at the Institute followed by 32 weeks of clinical instruction and practice at the hospital.

Among those present was Mrs. Marion L. Solbie, director, Visiting Nurses Association, Plainfield, who recently employed Mrs. Lillian Nelson of Plainfield, a graduate of Union County Technical Institute. The only

other licensed practical nurse in the Visiting Nurses Association is Mrs. Barbara DePass, president of the Licensed Practical

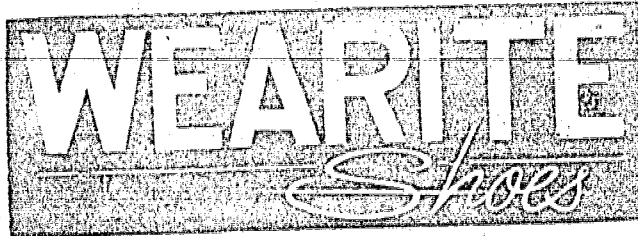

Nurses Association of New Jersey. She formerly held a similar position with the Visiting Nurses Association.

CARING FOR CANINE COIFFURES — Mrs. Thomas Tupper of Lakewood, left, lends a helping hand as Marysu Bennett of Toms River demonstrates dog grooming. Mrs. Tupper combines homemaking, evening classes at Rutgers University and leadership of the award-winning D.O.G. 4-H Club of Ocean County.

RITA TUSHINGHAM STARS ON SCREEN IN ORMONT FILM

Rita Tushingham, award-winning young British actress, is top cast in "The Leather Boys," new adult film attraction at the Ormont Theater, East Orange. Based on the novel of the same title, the picture concerns a Sloven, unkempt young wife, who drives her husband from his home to join the leather boys — on motorcycles. The husband's friendship with one of the leather boys and his preference for his company appears to be the cause of a nearly wrecked marriage.
