Overcrowding still urgent problem, Dr. Jones says

MOUNTAINSIDE RESCUE SQUAD

A GOOD PLACE TO STOP --- If an accident is inevitable, which Erich Czubka of Byram, Conn., found out last Saturday morning

when his car jumped the center line on Rt. 22 in front of the Mountainside Rescue Squad building, what better place could be chosen to come to rest than next to an ambulance?

Building up to sudden stop on Rt. 22

Erwin, in front of me stopped and I applied my brakes but my foot must have slipped and hit the accelerator because, before I knew it, I was in the ditch. That was the explanation Erich Czubka of Byram, Conn., reportedly told Patrolman Raymond Della Serra of the Mountainside police as he stood beside his car, which had come to a stop in the garage doorway of

the Mountainside Rescue Squad building. According to Dr. L. Hugh E. Herrick, Czubka was traveling west on Rt. 22 last Saturday morning when his car jumped the center line, hit the car of Martha J. Dolbier of 1627 Larkspur dr., Mountainside, and continued on out of control until it was stopped by the door of the squad building, which it

pushed in and broke, slightly damaging the ambulance inside.

Lt. Herrick also stated that the driver refused medical aid, although he complained of a pain in the right shoulder. Mrs. Dolbier was removed by the Rescue Squad to Overlook Hospital with neck, knee and lower leg injuries. A summons for careless driving was issued.

Talents of teachers to highlight show MMA's 'Lights Up' revue is set for April 5-6

Nine Mountainside teachers will face the footlights as singers and hoofers on Friday and Saturday evenings, April 5 and 6 when the variety show, "Lights Up!" is presented at Deerfield School by the Mountainside Music Association. Four additional teachers are also involved in behind-the-scenes roles.

Linda Jewett, a third grade teacher, will sing in several chorus numbers. Miss Jewett "just naturally gravitated" to the MMA rehearsal call because she enjoys singing and had participated in the annual shows of her sorority at Trenton State College. The young teacher has other interests too. She attends a ceramic class regularly and has begun piano lessons, an interest prompted by the gift of a piano when she graduated from college last year. She has spent her summers as the leader of Franklin School Playgroup in Westfield, where she grew up. Following "Lights Up!" she will play a starring role as a real-life bride at her wedding in July.

Andrew Ray, a fifth grade teacher, some-

times brings a box to rehearsals, inside the box is a white bag containing a boa constrictor which Ray and his pupils observe and feed daily. The snake is only one of many classroom animals, which include crickets, lizards and gerbils. The teacher's interest in his "pets" stems directly from his parents, who operate a pet shop in Springfield. Ray often rides a bicycle to Beechwood School from his home in Union, a feat he accomplishes by rising a half hour earlier than usual. The former Marine, who paints houses during the summer, is a graduate of Newark State College, is married and the father of a 14-month old daughter.

Mrs. Walter Young, a Mountainside resident for 22 years, a charter member of the MMA and a teacher in the borough school system for 11 years, works traditionally on the music organization's ticket committee. She is well known in Mountainside for the many community activities to which she has devoted countless hours. At present Mrs. Young is superintendent of the kindergarten department of the Sunday

School at the Community Presbyterian Church and recording secretary of the PTA. The Youngs have a daughter in college and a son at home.

MRS. WILLIAM STANKE has been a regular substitute teacher for a number of years, an arrangement which allows her to follow her profession but still pursue her many other interests. A veteran of previous shows, Mrs. Stanke sang for many years in the Russian Church choir in Elizabeth, her home town. She and her sister performed with an all-balalaika (Continued on page 2)

one of the Artists who will present a sculpture demonstration at the Westfield-Mountainside Chapter of Hadassah's 10th annual art show and sale, which will be held in the auditorium of Temple Emanu-El, Westfield, April 27-30, it was announced this week.

Public showings of many other artists are scheduled, and speakers will present illustrated talks on each day of the show.

Sponsors, patrons and dignitaries have been invited to attend a luncheon to view the art show on Friday evening, April 27, 7-9 p.m. Tickets for the affair, which will be held from 6 to 11 p.m., are still available.

The first 150 sponsors will receive a limited edition lithograph specially created by Harvey Dinnerstein, an artist whose works have been exhibited throughout the country.

Sponsor and patron chairmen are Mrs. Eugene Shapiro and Mrs. Arthur Sommerfeld, who may be reached at 282-6403, and 282-3605, respectively. Tickets will be available at the door, and students will be admitted free.

MOUNTAINSIDE 'LIGHTS UP'— And so it will on Friday and Saturday nights, April 5 and 6, when the Mountainside Music Association presents its variety show. Shown (left to right) are

Aden Lewis, director, and four Mountainside school teachers, Andrew Ray, Mrs. Thomas Agee Jr., Alfred Landis and George Pierson, who have contributed their talents and efforts in helping to make the show possible.

Insists loss of bond plan hurts pupils

Representative to board raps Kenilworth's stand

As a result of the March 19 defeat of the bond issue referendum for alterations and additions to four high schools in the Union County Regional High System, the overcrowding in the schools has not been ended and immediate steps must be taken to solve the problem, Dr. Minor C.K. Jones, Mountainside representative on the Regional Board of Education, stated this week.

The text of Dr. Jones' statement follows: "I very much appreciate the Echo's making it possible for me to express my deep gratitude to the 2,235 people who took the trouble to come out and vote for the March 19 school bond issue referendum—the sixth step in the Union County regional program to take care of the students who reside in our regional district and require educational facilities.

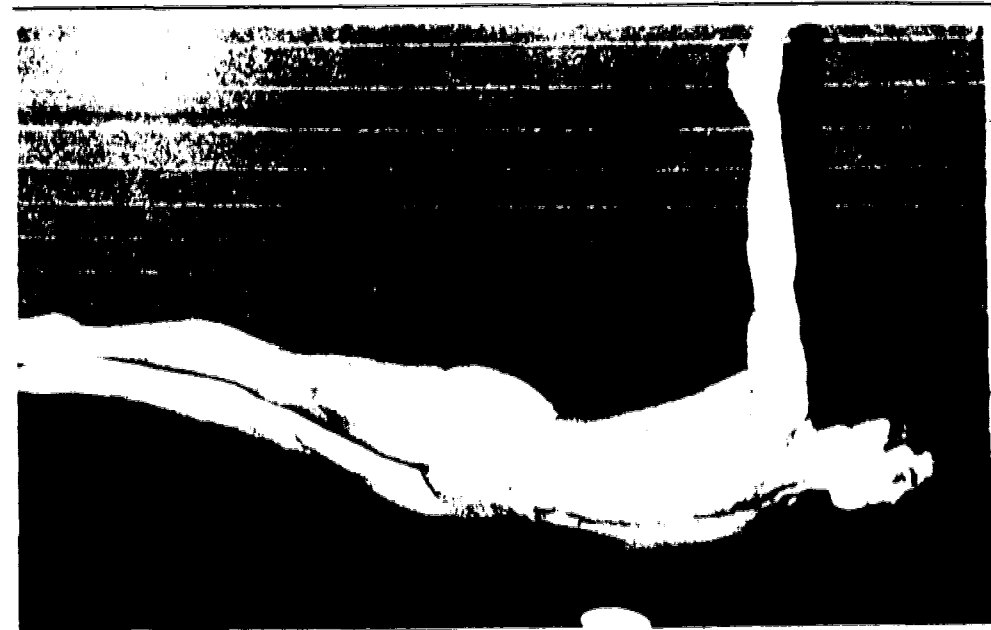

"ONLY SIX PERCENT of the total votes cast made the difference but, after all, it is the old story of every vote being important. The favorable votes of the general public were over-balanced by the two power-blocs of 'no' votes.

"As the Mountainside representative to the Regional Board of Education, I particularly wish to thank those who made possible the fine support from Mountainside. This massive yes vote was almost enough to insure high school facilities for all regional students through 1975.

"Mrs. John Hechtle and every member of her steering committee did a magnificent job in supporting the program developed by the elected representatives from the six communities that make up the Regional Board of Education. Many individuals also helped in many ways, and I express my thanks to them.

"EACH TOWN SENDS members to the regional board, and they know the facts. These facts include the truth that the State Department of Education calls for a basic site of 30 acres per 100 students—a 48-acre site for the 1,800-student high school a few people proposed for Kenilworth's 20 acres. The fact also is that the athletic field at David Brearley serves as a storm drainage area for Kenilworth and is not suitable to hold up buildings. Too, that step five in the Regional plan approved by Mountainside and the regional district on May 28, 1963, voted \$2,850,000 to build the David Brearley Regional High School in Kenilworth! How soon some forget.

IN RARE FORM—Rob Collins, Mountainside senior at Gov. Livingston Regional High, is shown exhibiting the diving form which has earned the young athlete recognition at school and medals, as a representative of the Westfield YMCA.

Mountainside youth wins championship in diving

Robert Collins of 15 Bayberry lane, Mountainside, a senior at Gov. Livingston Regional High School, topped a field of 12 divers to win the Central Atlantic championship in one-meter diving at the Westfield YMCA last Saturday. His 303 points for nine dives earned him the gold medal.

Rob represents the Westfield YMCA, and he is coached by William Cant. In high school competition, he was Group B state champion for the past two years and this year, when Gov. Livingston moved into

the A group, he placed second. He is the only competitor from outside Westfield to place among the top three divers in the last four diving competitions from 1965-68, at the N.J. State Interscholastic Diving championships at Princeton University.

The young diver is scheduled to represent New Jersey in an interstate diving meet at the Philadelphia Aquatic club on Saturday, and he will also compete in the one and three meter competitions of the YMCA nationals in York, Pa., in April, which will wind up the eight-month diving season.

Collins, who plans to enter Florida State University in Tallahassee, Fla., in September, is slated for a place on its freshman swimming team.

Religion league to hold service installing slate

Dr. Francis Lott of Temple Emanu-El, Westfield, a resident of Mountainside, will be installed as president of the recently-formed League of Religious Organizations of the Westfield-Mountainside area at a service in the chapel of the Presbyterian Church of Westfield at 8 p.m. Tuesday.

Other officers to be installed are Fred G. Clark of the First Methodist Church, first vice-president; Daniel F. Lundy of Holy Trinity Catholic Church, second vice-president; Jack Crilly of Our Lady of Lourdes Church in Mountainside, treasurer; Mrs. Theodore Balling of the First Baptist Church, recording secretary, and Mrs. D. E. Tuttle of Community Presbyterian Church of Mountainside, corresponding secretary.

The service will open with an invocation by the Rev. William K. Cober of the First Baptist Church, who served as chairman pro-tem of the league.

A service of "Prayers of Praise and Dedication" will be led by the Rev. Peter M. Kalellis of Holy Trinity Greek Orthodox Church, the Rev. L.R. Stanford of the First Congregational Church and R.L. Bechtolt of the Unitarian Fellowship. The chorus of Holy (Continued on page 2)

Young men to face narcotics charges in borough's court

Clifford Gunderson, 20, of Crawford and three Elizabeth youths, Dennis Cananelli, 18; William Fischbeck, 19, and a 15-year-old juvenile, who were apprehended Tuesday night by Patrolman Joseph Loh on a road leading to the Nike base in Mountainside, were arraigned before Judge Jacob R. Bauer in Municipal court last Wednesday night on charges of the possession of narcotics.

The three older youths were released on \$200 bail each and ordered to report to the court for a preliminary hearing next Wednesday night. The 15-year-old boy was turned over to juvenile authorities. Police said none of the apprehended men had registered narcotic user cards in their possession.

James Johnson of Plainfield and Corrie G. Heard of Jamaica, N.Y., who were being held in the Union County jail in lieu of \$2,000 bail each, on charges of possession of clothing, allegedly stolen from the Job Training Corps in Edison were bound over to the Union County grand jury by Judge Bauer when they appeared before the court for a preliminary hearing. The men were represented at the hearing by Philip Cohen of Elizabeth, Union County public defender.

In traffic cases, Edward L. Thompson of Newark paid a total of \$80, of which \$50 was for contempt, on a 1962 charge of lending his driver's license.

Angel F. Clavello of Elizabeth was fined \$15 for failing to keep to the right. Bert B. Peterson of Menomonee, Wis., was fined \$25 for driving a truck 60 m.p.h. in violation of the 45-mile-per-hour ruling for trucks, and for having expired plates. Horace Mulhearn of Irvington was fined \$30 for possession of an expired license and overdue inspection. Berry Babson of Plainfield was fined \$15 for driving without a license.

Tots' enrollment slated for Monday

The Mountainside PTA summer round-up for the 1968-69 kindergarten will be held at all three schools on Monday, Tuesday and Wednesday of next week from 9 to 12 a.m. and from 1 to 3 p.m. It was announced this week. Registrations are scheduled for the Deerfield School on Monday, the Beechwood School on Tuesday and the Echobrook School on Wednesday. Parents may register at the school most convenient to them.

To be eligible to enter kindergarten in September, 1968, the child must be five years old on or before Dec. 1. His birth certificate must be presented at the time of registration. Neighborhood mothers are distributing PTA summer round-up information sheets throughout the community but, anyone desiring further information, or who would be interested in helping the PTA committee to register the children, was requested to call Mrs. Richard Platoff at 379-7090.

Attention, dog owners

Mountainside police, who began taking a dog census last weekend, and who will continue to do so for the next two weekends, urged residents this week to pick up their dog licenses at the Borough Hall as soon as possible.

MISS JANET K. SIMMS

Hoosier girl plans to wed Mr. Gulden

The engagement of Miss Janet Kay Simms to Dale Arden Gulden, son of Mr. and Mrs. Clifford E. Gulden of 1487 Barton dr., Mountainside, has been announced by her parents, Mr. and Mrs. Joseph W. Simms Jr. of Indianapolis, Ind.

Annual show

Orchestra. Her singing the Russian folk-song "Dark Eyes," is not easily forgotten. She is a former president of the PTA chorus and has appeared with that group as a soloist for the past five years.

Orchestra director Joseph Petruccio, whose downbeat will signal the opening of "Lights Up!" has been a familiar figure in the pit for nine years. An instrumental music teacher, he has taught a dozen instruments, all of which he plays.

Alfred Landis, a recent bridegroom, teaches fourth grade at Echobrook School. Last year his class put on an assembly program about New Jersey which featured music and skits.

Mrs. Thomas Agee Jr. moves easily from teaching seventh grade English at Deerfield School to rehearsals, where she lifts her voice in song. Her husband works for Reynolds Metal and is moved by his company all over the country, every few years.

Hospital auxiliary plans activities for the spring season

Mrs. Robert Schofield of Berkeley Heights, general twig chairman of the Women's Auxiliary of Overlook Hospital, was guest speaker at a meeting of twig chairmen which was recently held at the home of Mrs. John Y. May of Westfield, chairman of the Westfield-Mountainside Twigs.

The annual spring luncheon, which will be held on April 24 at the Shackamaxon Country Club, was discussed, and Mrs. L.V. Reynolds, chairman of Twig VI, was appointed to be in charge of arrangements.

Mrs. M. Scott Eakeley, Westfield-Mountainside bazaar chairman, announced final plans for participation of the twigs in the "Spring Fete" bazaar which will be held at Overlook Hospital on May 17 and 18. Each Twig is contributing handmade items to be sold at the bazaar, Mrs. Eakeley said.

Informals, featuring a colored etching of Overlook Hospital are being introduced, according to Mrs. K.W. Pratt, chairman of Twig V, and proceeds from the project will be donated to Overlook Hospital.

Mrs. May expressed her appreciation to the outgoing twig chairmen for their assistance in the planning and completion of the Twig projects for the bazaar and for their volunteer hours at the hospital.

Priest to address local church group

"Sex Education" will be the topic of the guest speaker, Father Frank McNulty, at the regular meeting of the Rosary and Altar Society of Our Lady of Lourdes Church, Mountainside, on Monday at 8:30 p.m.

Father McNulty, who is from the Immaculate Conception Seminary in Darlington, and is termed an authority on the subject, was the principal speaker at a seminar sponsored by the school system, the PTA and the borough churches, last year at the Deerfield School.

"Because of the large attendance, and since the subject is of primary interest to anyone concerned with current educational trends in this matter, the meeting should be well attended," a spokesman for the group stated. All women of the parish were urged to attend.

It's a boy

Mr. and Mrs. Walter Heckle of 296 Summit rd., Mountainside, have announced the birth of a son, Walter Charles Elmer, at Overlook Hospital on Feb. 23. Walter Charles Elmer, who weighed 6 lbs, 14 ounces, joins sister Deborah, 4, and brother Alfred, 2. Mrs. Heckle is the former Evelyn Diercks.

MRS. JAMES HOLCOMBE has switched roles this year from chorus member to chairman ofusherettes. Her assistants will be members of Girl Scout Cadet Troop 424 and daughters of cast members. The Holcombe family are all musically oriented. Holcombe is an accomplished trumpet player and registrar of the Union County Band and Orchestra School. Daughter Randy is learning to play the trumpet, and her sister Joanne was a member of the Region II State Band playing alto clarinet. Mrs. Holcombe is studying for her master's degree at NYU and teaching sixth grade at Deerfield.

George Pierson, speech therapist in the borough school system, enjoys camping with his wife and small daughter. This interest led him to build a camper from the chassis of a Chevrolet pick-up truck. This year, Pierson moves from backstage, where in previous years he handled lights and audio, to stage front. This will be nothing new for him, however, for while he was at Montclair State he and his brother had a band which frequently spotted him on drums.

Mrs. David Radding's field is crafts, which she teaches on a part-time basis at Echobrook School. She has a dual role this year, creating scenery for the current show and dancing in the chorus. At the same time, she is working with her fifth grade class on a play to be presented April 10. Mrs. Radding attended the Craft Student League in New York, studying metal sculpture and ceramics. She says her husband and two children are tolerant when they find a huge papier mache boulder drying in the garage - they know the boulder will be seen in a caveman sequence in "Lights Up!"

Inter-faith unit

Trinity Roman Catholic High School will present a musical liturgy.

Following the installation, which will be conducted by Dr. Frederick Christian of the Presbyterian Church of Westfield, talks will be given on the traditions of Roman Catholicism by Msgr. Charles Murphy of Holy Trinity and Jack Crilly; Protestantism, by the Rev. M. Jerome Brown of Bethel Baptist Church and Fred G. Clark, and Judaism, by Rabbi Charles A. Krolloff of Temple Emanu-El and Dr. Lehr.

Union readings will be held. The service will close with a solo by Canter Don Decker of Temple Emanu-El, and the benediction by the Rev. James C. Whitaker of the First Methodist Church.

Following the service, which will be open to the public, a social hour will be held in the lounge of the Presbyterian Church.

The stated purpose of the new league is "to provide a mechanism whereby all religious groups in the Westfield-Mountainside area can cooperatively undertake such activities as their respective spiritual principles and convictions indicate are of common concern and responsibility, and to apply their combined spiritual and other resources to community affairs and problems, with each group implementing its religious convictions in its own tradition."

Mrs. Seidel heads Women's Division in UJA campaign

The Greater Westfield Women's Division of the United Jewish Appeal will be headed this year by Mrs. Herbert Seidel, 364 Longview, Mountainside, chairman, and Mrs. Stanley Sloan, 1021 Minisink way, Westfield, co-chairman.

The campaign got under way with the Pacesetter workers' tea on March 14 at the home of Mrs. Herbert Paskow. The film, "Children on Exodus" was shown.

On Tuesday the community workers' tea will be held at the home of Mrs. John Blume, and the same film will be shown.

Next Thursday, the Pacesetter luncheon is to be held at the home of Mrs. Jerome Fechter on Cardinal road, Watchung. The luncheon chairman and co-chairman are Mrs. Howard Dimond and Mrs. Melvin Landew. Hospitality chairmen are Mrs. Harold Bernstein and Mrs. Joseph Schechter. The guest speaker at the luncheon will be Mrs. Matilda Brallove. The door prize is a painting contributed by award winning Sel Gross.

April 30 is the date for the community luncheon at the Chanticleer in Millburn, with Mrs. Louis Kessler as chairman. The speaker at this function will be Major Shulamit Legum.

Lutheran Church to mark Passover

Holy Cross Lutheran Church will hold a Passover meal next Sunday at 5:30 p.m. in the fellowship hall. Rabbi Reuben Levine of Temple Beth Ahm will be the guest of honor and will conduct the Passover ceremony. Rabbi Levine has also served as advisor for the preparation of the meal.

Approximately 50 members of Holy Cross have registered for the occasion. Those who have registered will also be asked to participate in the arrangements. The planning has been under the supervision of the Adult Fellowship Group of the congregation, whose executive committee consists of Mr. and Mrs. John Andrus, Mr. and Mrs. Melvin Nuechterlein, and Mr. and Mrs. Egon Stark.

The Rev. Kenneth Stumpf, pastor of Holy Cross, will explain at the meal the relationship of the Passover to Christianity and specifically its meaning for the sacrament of Holy Communion. According to the Adult Fellowship executive committee, "While it may seem strange for Christians to commemorate Passover, we feel it is important that we better understand the Judaic basis of Christianity and at the same time appreciate the customs of our Jewish neighbors."

Members to attend church seminars

Parishioners from Our Lady of Lourdes Church, Mountainside, plan to attend four workshop-seminars, sponsored by the Newark Federation of the Christian Family Movement, which will be held on Sunday at the St. Thomas of Apostle Church in Bloomfield.

The first two workshops which will deal with aspects of the racial question at the community level, will be conducted by a panel of Negroes from Plainfield, Newark and East Orange who are involved with the problem in their respective communities.

The second two workshops, which will run concurrently, will deal with the development of the Christian Family Movement.

Father John Maloney and Father Charles Gallagher will speak, Mass will be celebrated and a buffet dinner served.

The public has been invited to attend.

Conference, Rally set for weekend

An all-day conference, "While There is Yet Time," sponsored by the United Community Corp., and the City of Newark, will be held on Saturday at 8:30 a.m. at the West Kinney Junior High School at 301 W. Kinney st., Newark. It was announced this week. A Rally will be held on Sunday at the school from 3 - 5 p.m.

Mrs. Mark Fine of 330 Rolling Rock rd., Mountainside, stated that national, state and local figures will speak at the conference and the findings of the conference and a plan for action will be presented at the Rally.

Mrs. Fine, in urging the attendance of suburban residents, stated, "The problems of the cities are our problems. The time is now to become involved. Each and every one of us must do our part if this country is to survive this time of crisis. Come to the conference on Saturday and the rally on Sunday and find out what you can do. Human power is needed."

Anyone interested in further information may call Dr. and Mrs. Fine at 376-7241 or Mr. and Mrs. Alan Gray of Westfield at 233-8509.

Mountainside seaman graduates from center

Seaman Apprentice Frank Palumbo, son of Mr. and Mrs. Leo Palumbo of 301 Cherry Hill rd., Mountainside, has been graduated from nine weeks of Navy basic training at the Naval Training Center in Great Lakes, Ill.

Seaman Palumbo received instruction in seamanship, survival techniques and military drill under veteran Navy petty officers and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

Student is selected

Laurinda Lee Good, daughter of Mr. and Mrs. George W. Good of 309 Garrett rd., Mountainside, was one of the 12 senior students at Centenary College for Women, Hackettstown, who were selected to attend the N. J. Chamber of Commerce meeting which was held last night at the Robert Treat Hotel, Newark.

Dr. Jones

(Continued from page 1)

there must be a high school for them. The bonds dated to the year 2000 were to pay for it. The narrow defeat of the referendum does not change the fact that in 1975 there will be some 1,000 high school students whose secondary school education is not provided for. The regional board has studied this problem completely and thoroughly, and the need still must be met. The misinforming of voters does not provide high school facilities."

DR. JONES ALSO told the Echo he believed that a large part of the blame for the defeat of the referendum could be leveled at the Kentlworth voters, who said in their leaflet, they were not benefiting from this referendum.

"Why," he went on, "if one would go back and look at the pamphlet issued in 1963 for the May election that year, which showed the proposed new Regional High School for Kentlworth, he cannot but note the lion's share of everything went to Kentlworth. They got what they needed and wanted--what would have happened to them if we voted that election down, which was for their benefit?"

"Now that our children need help, the voters of Kentlworth hire sound trucks and distribute leaflets to deny our children what we were happy to give their children. Any community which denies others, in the end denies itself."

Women win praise for aid to Center now opening soon

Mrs. Donald Peterson of 27 Evergreen court and Mrs. Douglas Tuttle of 1000 Mary Lane, both of Mountainside, have received special recognition for their leadership in making possible the Westfield Day Care Center, it was announced this week.

Mrs. Tuttle who was Christian social relations chairman of Church Women United at the "time the need was first brought to her attention three years ago, has worked to make the Center a reality in many different capacities since that time," a spokesman stated.

Mrs. Peterson has been "president of the interim board which has incorporated, secured the location for the Center, developed wide community support and employed staff so that the Center expects to open within a month," the spokesman added.

Mrs. Joseph Wilson, teacher-director, Mrs. Joetta Loftman and Patricia Schulek will be teachers at the new Day Care Center and will be assisted by volunteers who are taking part in special training courses which were held at the Methodist Church in Westfield. Additional volunteers are needed to complete painting and laying of tile at the Center which was formerly the Madison Avenue Chapel, during the next two week-end, it was stated.

The initial \$12,000 fund drive to make the necessary changes at the chapel and to operate for the first year has reached \$13,304.

Mrs. Wilson stated, "This wonderful world of love and understanding and empathy we all desire must start with the pre-school child. The Day Care Center will give a child a feeling of belonging and autonomy, an opportunity for exploration and imitation, the physical opportunity to be with many different types of personalities, the opportunity to learn to share, and to prepare for kindergarten."

College honors former resident

J. Michael Bartlett, son of Mr. and Mrs. Bernard Bartlett, formerly of 257 Evergreen Ct., Mountainside, was one of four male students recently elected to serve as members of the Judicial Board at Gustavus Adolphus College, St. Peter, Minn., it was announced this week.

The Judicial Board has been one of the major goals in the past several years of the Gustavus Student Senate, the most important duty of the board is to review cases that come before it, as far as various offenses are concerned.

Bartlett who is a sophomore majoring in pre-medicine, was elected to represent Sorenson-Link Hall. He is also a member of the Gamma Phi Omega fraternity.

Mountainside residents feted at farewell dinner

Mr. and Mrs. Kenneth Donnelly of 336 Darby lane, Mountainside, were guests of honor at a farewell dinner tendered to them by their neighbors last Saturday evening at the Hampshire House in Convent Station. The Donnellys are planning to move to Boca Raton, Fla., at the end of this month.

Attending were: Mr. and Mrs. Edward Moon-eey, Charlotte Mooney, Mr. and Mrs. Albert Diou, Mary Diou and Mr. and Mrs. Harry Ross.

League members to attend statewide China conference

Members of the League of Women Voters of Westfield plan to attend a statewide China conference, which is being sponsored by the League of Women Voters of New Jersey, next Thursday from 10:30 a.m. to 1 p.m. at Temple Beth El in Cranford, it was announced this week.

Dr. John Scoonesinger, historian, and a professor of political science at the City University of New York at Hunter College and who is also a director of the political affairs division at the United Nations, will be the guest speaker.

According to a spokesman for the Westfield League, the meeting is being held to give league members additional background for their current program of evaluating U.S. relations with mainland China and to assist them in their striving to develop community understanding of this controversial public issue.

Mountainside residents planning to attend are Mrs. Brooke Gardner and Mrs. Julian Levitt. The forum is open to the public, and anyone interested in attending may call Mrs. Frank Rugg at 232-0915.

PROFILE--Mrs. Donald Goff

The president-elect of the Mountainside Music Association, who will take over the reins of this enterprising and community-contributing group in June, is an attractive young woman named Helen Goff.

Born in Irvington, where she attended elementary schools, she later moved with her family to Short Hills, where she entered and was graduated from Millburn High School.

A lover of music from as far back as she can recall, Helen is a devoted pianist and violinist, the latter a talent she displayed as a member of her high school orchestra.

School completed, she became an executive secretary, "outside of music, that is what I wanted to do," she says. While she was continuing to take piano lessons, one day at her studio, a young man, also seeking to further his artistic abilities, walked into her life. It was inevitable that young Don Goff and Helen would soon marry.

Don Goff is a man of many talents. Not only can he play any instrument, he is a painter, a photographer, a film-maker and a producer of shows. Employed as art director of the American Can Co., where he specializes in package designs, in his spare time, he makes travel films for Eastern Air Lines, the government of Puerto Rico where he often does underwater films, and the Scandinavian Travel Commission.

The family, now consisting of Susan, 16, a sophomore at Gov. Livingston Regional High School, and Don Jr., 11, who is in the sixth grade at Deerpark School, accompany their parents on Don's travels. The children take part in the films, depicting family travel, and Helen does the narrating. The remaining member of the family, Penza, a Siamese cat named for a girl from Thailand, whom they met in Sweden, provides the atmosphere.

THE LOVE OF MUSIC, so much a part of Helen and Don Goff's life, is fortunately shared by their children. Susan plays the piano, the oboe, bagpipes and the clarinet and is a member of the Gov. Livingston Symphonic Band and the Highlander Pipers. Her ambition in life is to become a music teacher. Young Donald, who has not made up his mind what he wants to do when he grows up, plays the flute and the drums.

A satiric film on suburbia, which husband Don made and which was recently shown on TV's Channel 13, and the last three shows presented by the Music Association, for which Don also made the films, have convinced the couple that "community shows are very good things."

Mrs. Goff firmly subscribes to the fact that "everyone has fun and most important of all, the proceeds, from the shows presented by the Association, go to worthwhile projects such as equipping the music room at the Public Library, which is so gratifying."

Mrs. Goff, a former music chairman of the Mountainside PTA, a job which included the arranging of music programs for the schools, is now a member of the Band Parents' Asso-

MRS. DONALD GOFF

ciation of Gov. Livingston High School.

IN ADDITION to her active membership in the MMA, she still finds time to get back into the industrial world now and then "by signing up for temporary jobs as an executive secretary. But my life and that of my family is so intrinsically tied up with music and art, I don't always find too much time. Too, traveling takes up a great deal of our time, but I always can find time for music."

When asked what she thought of modern music, she replied, "I love sounds, I love and find beauty in all sounds and in music, from symphony to the Beatles. I believe there are very interesting things going on in music today—the tempo, the beat, the rock, indeed the whole framework, is so exciting, I feel a whole new modern music form or pattern will emerge, which will endure and will be reflected into daily living. To me, there is a message being told by the new generation and there is no question but that it will grow and become part of our culture."

To the novice, there is an inexplicable reaction which exudes from a family living in a world of music and art and it is impossible, upon leaving the calm and beauty reflected in this home on Sunnyview drive and through the members of this family, not to feel a little bit has rubbed off, and one senses a spiritual feeling which must engulf and uplift any listener fortunate enough to have shared a moment with them.

Prudential citation for insurance man

Martin Gordon, of 1185 Puddingstone rd., Mountainside, special agent with the Prudential Insurance Company's A.R. Sntzler and Associates Agency in Springfield, has sold more than a million dollars of insurance during 1967. It was announced this week. He has also received a presidential citation.

Gordon, who attended Rutgers Newark and is designated a chartered life underwriter by the American College of Life Underwriters, is a member of B'nai B'rith, Westfield-Mountainside Lodge. He is married to the former Lenore Rudominer of Newark. The couple are the parents of two daughters, Marilyn, a junior at the University of Maryland, and Barbara, a junior at Gov. Livingston Regional High School in Berkeley Heights.

Elks present bond to Westfield youth

Mountainside Elks Lodge 1585 recently presented a \$25 savings bond to a Westfield youth for his "outstanding efforts" in the Elks National Youth Leadership Contest. The presentation was made by Vincent Vicci, exalted ruler, and Daniel Ball, past exalted ruler, to 15-year-old Andrew Ruotolo at a St. Patrick's Day celebration held by the lodge.

Ruotolo is president of the sophomore class at Westfield High School and a member of the school's Student Council. He has won a silver medal in the Eastern Scholastic Invitational Swimming Meet, is active in baseball and serves as a junior counselor at Camp Monomoy, Cape Cod, Mass., in the summer. Elks' projects, in addition to the Youth Leadership Contest, include the Crippled Children's Foundation, Youth Opportunity programs and sponsorship of a Mountainside Little League baseball team.

2 students at Brearley will continue education

College acceptances for two Mountainside students attending David Brearley Regional High School, Kenilworth, were announced this week by Monroe B. Nestler, director of guidance.

William Kleobus of 260 Apple Tree lane has been accepted at Michigan State University and at Rutgers University. Helen Reynolds of 367 Summit rd. has been accepted at Dade Junior College in Miami.

Student awarded letter

Thomas W. Nielsen of 1481 Deer path, Mountainside, received his athletic letter in midweek basketball during the winter sports awards assembly at Newark Academy, Livingston, last week. It was announced this week.

Mrs. Brailove set as UJA speaker

Mrs. S. Alexander Brailove of Elizabeth, honorary chairman of the National Women's Division of the United Jewish Appeal will speak at the Pacesetter's Luncheon at the home of Mrs. Jerome Fechter on Cardinal Rd., Watchung on April 4 in behalf of the UJA.

Mrs. Brailove has recently returned from a one-woman study mission to the Eastern European countries.

GARY'S CORNER

A REGULAR WEEKLY FEATURE

by GARY LESSING, Manager SOMERSET TIRE SERVICE

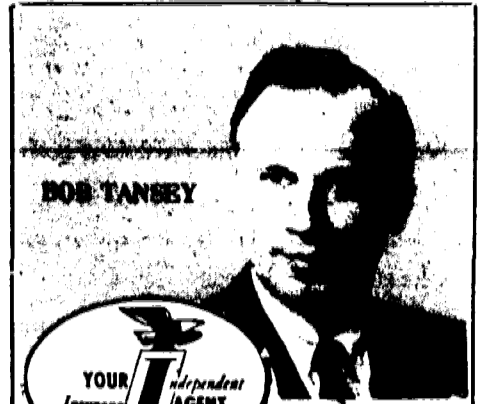

Last week we selected the Boston Red Sox to repeat their win in the American League race. This week we'll side with the Cardinals to also repeat.

If you'll recall, the Cards were given little chance of picking up the flag last year, but they ran away with the race. As world champions and with the same squad manning the field, they should have just as solid a club as in '67. Their pitching is impressive and they have power and speed, and defensively they are tops.

Stars such as Bob Gibson, Tim Lincecum, Orlando Cepeda and Lou Brock would delight any manager, and it especially pleases Red Schoendienst who can add to this roster such names as Mike Torrez, Ron Willis, Ray Washburn, Mike Shannon, Roger Maris and Curt Flood.

There was concern about Maris and Flood before the spring season started, but indications now are that both players are in fine shape, Maris being most optimistic over his facial palsy and Flood, whose throwing arm went dead on him at the end of '67, is as strong as ever these days.

So we'll name the Cards to win again this baseball season and we'll name FIRE-STATION tops in tires for this and every season. Stop in our shop, SOMERSET TIRE SERVICE, Rt. 22 at Springfield rd., Union, for a wide selection. Open daily 9-9, Saturday to 4, our phone number is MU 8-5620.

"PACKAGE" INSURANCE FOR THE BUSINESSMAN

"As a businessman, I know that I must carry insurance to protect me from serious financial loss," writes a reader. "What is the best way I can purchase the necessary coverages at the lowest cost?"

All business firms want to get the most for their money. It's the best idea in more ways than one.

Many insurance experts recommend the special commercial "package" policies. These provide -- at a 15 or 20 per cent discount -- the necessary property and liability coverages in a single contract, with optional coverages to meet other specific insurance needs.

By tying several coverages into one neat package, the insurance business has been able to provide broad protection at a reduced cost.

The program requires the purchase of property and liability insurance. A few of the many kinds of protection available to the policyholder are insurance on his building or buildings, business interruption insurance, and burglary insurance, as well as medical payments coverage, insurance to cover his product inventory and comprehensive general liability insurance.

Crime and boiler and machinery coverages are available on an optional basis.

The following types of firms can take advantage of the complete coverage, convenience and price discount offered by the commercial package policy: mercantile businesses, processors, offices, hotels, motels, apartments, institutions, service businesses and manufacturing firms.

Here at BENNINGER-TANSEY we can give you a complete rundown of the financial advantages available to your business through the package policy. Call us today.

Officers elected for two-year terms by Visiting Nurse, Health Services

The Visiting Nurse and Health Services named 10 area residents as officers for two-year terms at an organizational meeting of the executive board held last week following the first annual meeting of the agency at its Elizabeth office, 345 Union avenue. Another office is located at the Municipal Building in Westfield.

Mrs. Hugh Livengood of Hillside was elected president; Mrs. Ricketson B. Russell of Westfield, first vice-president; Mrs. George G. Leslie of Westfield, second vice-president; and Mrs. James C. Kellogg III of Elizabeth, third vice-president.

Other officers elected were: Willard C. Asbury of Elizabeth, treasurer; Mrs. Nicholas Shakotko of Westfield, assistant treasurer; Harry C. Foehl of Elizabeth, assistant treasurer; Mrs. J. Kenneth Boyle of Westfield, recording secretary; Mrs. Leslie M. Lifson of Hillside, assistant recording secretary, and Mrs. John W. Squirrel of Roselle, corresponding secretary.

An interim slate had been serving the new health agency since its incorporation the first of January. It was formed by the merger of the Visiting Nurse Association of Eastern Union County headed by Mrs. Livengood and

the District Nursing Association of Westfield headed by Mrs. Russell. Both agencies had a history of 55 years of service in their communities and joined forces after a two-year study on ways to meet the demands of public health nursing today.

The purpose of the VNHS is to provide, under medical direction, skilled part-time nursing care in the home, rehabilitation of the handicapped, physical and mental health education and guidance, and other therapeutic services, a spokesman said. These are provided totally or in part to the communities of Westfield, Elizabeth, Clark, Hillside, Linden, Mountainside, Rahway, Roselle, Roselle Park, Springfield, Union and Westfield.

During the annual meeting, one-third of the executive board was elected for three-year terms and Mrs. Alton W. Van Horn of Union was named chairman of the nominating committee. Serving with her will be Mrs. J. Edward Atkins, Mrs. James H. Harris Jr. and Mrs. Cuddie Davidson Jr. of Westfield; Mrs. Frederick Walter and Mrs. Franklin P. Russell Jr. of Elizabeth, and Mrs. John W. Squirrel of Roselle.

The executive director, Mrs. Doris S. Mann, announced three new appointments to an expanding staff: Mrs. Dorothy Barkdoll, with an M.A. degree from New York University, a clinical specialist in rehabilitation nursing; Antonia Kunder, B.S. from the University of Colorado, community mental health nurse, and Mary Kreig, office manager.

Mountainside Plumbing and Heating opened its league lead to four points by virtue of a sweep victory over Air Con Inc., while second place Satellite Diner and third place Westfield National Bank were battling it out for the runner-up spot, with the bank coming out on top with a two-to-one triumph in the Mountainside Men's Bowling League last week at Echo Lanes. Bob Greeley was the big gun for the bankers, scoring games of 212 and 205, while Bob Coleman shot a 203 in defeat for Air Con.

In other matches, a 214 by Fred Buschmann led Mountainside Drug to a three-ply victory over Chrones Tavern, and Frank Stanka's 208 led Drewettes Nursery to a shut-out over Mountainside Deli. Still another triple victory was registered by Villani Lift Truck Service over Mountainside PBA, with Dick Huntley's 203 showing the way.

John Brown's 236 and games of 212 and 202 by Bart Masella led Mountainside Luncheonette to a two-game edge over Blitwise Liquors, with Mary Meade's 213 averting the shut-out. Other two-game victories were scored by Wilhelms Construction and Fugmann Fuel Oil.

Standing of the teams are: Mountainside Plumbing and Heating, 67; Westfield National Bank, 63; Satellite Diner, 63; Mountainside Luncheonette, 59.5; Owens Flying A Service, 58; Blitwise Liquors, 56; Chrones Tavern, 55; Air Con Inc., 54; Fugmann Fuel Oil, 54; Mountainside Drug, 54; Villani Lift Truck Service, 48; Wilhelms Construction, 46.5; Mountainside Deli, 44; Benninger Tansey Agency, 43.5; Drewettes Nursery, 38.5; Mountainside PBA, 28.

Student is selected

Laurinda Lee Good, daughter of Mr. and Mrs. George W. Good of 309 Garrett rd., Mountainside, was one of the 12 senior students at Centenary College for Women, Hackettstown, who were selected to attend the N.J. Chamber of Commerce meeting which was held last night at the Robert Treat Hotel, Newark.

TURNABLE TREATS (good listening) JERUSALEM OF GOLD: SONGS OF THE SIX DAYS WAR. This unique LP album was recorded in Israel, and features songs that accompanied the Six Days War of last June. They are performed by the same artists who sang them on every front from Shaarm-A-Sheikh to Quneitra, from Quantara to the Jordan for the soldiers, resting from the last fight and getting ready for the next. The 12 numbers sung in Hebrew include: "Jerusalem Of Gold," "We Shall Pass," "The Letter," "Tomorrow," "Who Cares," "Epistle To Nassar," "Sharm-A-Sheikh," "Nassar Waits For Rabin," "I've Got Your Letter," "Reunion With The Reserves," "No Other Songs" and "Keep Your Fingers Crossed." You don't have to be Jewish to enjoy hearing this one. (FONTANA SRF-67572). Public Notice

TOWNSHIP OF UNION
PUBLIC NOTICE is hereby given that the ordinance set forth below was introduced at a meeting of the Township Committee of the Township of Union, New Jersey, on March 26, 1968, and that the said ordinance will be further considered at a meeting of the said Township Committee at Municipal Headquarters, Friberger Park, Morris Ave., Union, New Jersey, on April 19, 1968 at 8 o'clock P.M.

MARY E. MILLER
Township Clerk
AN ORDINANCE AUTHORIZING THE IMPROVEMENT OF THE FRANCES COURT LOCATED IN THE TOWNSHIP OF UNION AND TO PROVIDE FOR THE FINANCING OF THE COST THEREOF BY THE ISSUANCE OF BONDS AND BOND ANTICIPATION NOTES AND TO ASSESS FOR SPECIAL BENEFITS.

Section 1. Frances Court as the same exists on a certain map entitled "MAP OF FRANCES COURT, TOWNSHIP OF UNION, UNION COUNTY, N.J., FEB. 9, 1968" shall be improved by the installation of a 15" diameter concrete curb; and there shall also be installed a 15" reinforced concrete curb on the north side of the storm drain system of the Township of Union together with inlets and manholes; and a bridge culvert and drainage structure shall be provided for other incidental work as may be necessary for the proper completion of the aforementioned project. All of the foregoing work shall be as shown on the plan for said work and in accordance with the specifications therefore, both of which were prepared by the Township Engineer and both of which said plans and specifications are on file in the Clerk's office of the Township of Union in the County of Union and in the office of the Township Engineer. The time and grade of said improvement as established by said Engineer and as set forth on said plan and specifications shall be adopted as the time and grade of said work.

Section 2. All of said work shall be done under the supervision and direction and subject to the approval of the Engineer of the Township of Union or his duly authorized representative, on contract or by Township forces with materials purchased by or furnished to the Township.

Section 3. The sum of \$70,000.00 is hereby appropriated to the payment of the cost of said improvement. Such sum shall be paid from the proceeds of the bonds authorized, and the down payment appropriated by this ordinance.

Section 4. Said improvement shall be undertaken as a local improvement and the cost thereof not borne by the Township shall be assessed upon the lands and real estate upon the line and in the vicinity of said improvement which may be benefited by said improvement as provided in Chapter 40 of Title 40 of the Revised Statutes of New Jersey. All assessments levied for said improvement shall in each case be as nearly as may be in proportion to and not in excess of the peculiar benefit, advantage or increase in value which the respective lots and parcels of real estate shall be deemed to receive by reason of such improvement. The amount of the assessment to be levied shall not exceed the cost of said improvement. This portion of the cost, if any, which shall not be so assessed shall be paid by the Township in the case of a general improvement which is to be paid for by general taxation. Such portion of the cost, if any, shall be in addition to the contribution, if any, of the Township heretofore provided.

Section 5. It is hereby determined and stated that (1) the making of such improvement (hereinafter referred to as "purpose") is not a current expense of said Township and (2) it is necessary to finance said purpose by the issuance of obligations of said Township pursuant to the Local Bond Law of New Jersey and (3) the estimated cost of said purpose is \$70,000.00, and (4) \$15,000.00 of said sum is so provided by the down payment heretofore appropriated to finance said purpose, and (5) the estimated maximum amount of bonds or notes necessary to be issued for said purpose is \$65,000.00, and (6) the cost of such purpose, as heretofore stated, includes an aggregate amount of \$15,000.00 which is estimated to be necessary to finance the cost of such purpose, including architect's fees, accounting, engineering and inspection costs, legal expenses and other expenses, including the cost of such obligations to the extent permitted by Section

40A:2-20 of the Local Bond Law.
Section 6. It is hereby determined and stated that moneys exceeding \$15,000.00 appropriated for down payment on capital improvements or for the capital improvement fund in budgets heretofore adopted for said Township are now available to finance said purpose. The sum of \$15,000.00 is hereby appropriated from such moneys to the payment of the cost of said purpose.

Section 7. To finance said purpose, bonds of said Township of an aggregate principal amount not exceeding \$65,000.00 are hereby authorized to be issued pursuant to said Local Bond Law. Said bonds shall bear interest at a rate which shall not exceed six per centum (6%) per annum, and shall mature with respect to said bonds not determined by resolution to be hereafter adopted.

Section 8. To finance said purpose, bond anticipation notes of said Township of an aggregate principal amount not exceeding \$65,000.00 are hereby authorized to be issued pursuant to said Local Bond Law in anticipation of the issuance of said bonds. Said notes shall bear interest at a rate which shall not exceed six per centum (6%) per annum, and may be renewed from time to time pursuant to and within the limitations prescribed by said Law. All matters with respect to said notes not determined by this ordinance shall be determined by resolution to be hereafter adopted. In the event that bonds are issued pursuant to this ordinance, the aggregate amount of notes hereby authorized to be issued shall be reduced by an amount equal to the principal amount of outstanding bonds and notes issued pursuant to this ordinance at any time except the sum first mentioned in this section. The moneys raised by the issuance of said bonds shall, not less than the amount of such notes, be applied to the payment of such notes then outstanding.

Section 9. It is hereby determined and declared that the period of usefulness of said purpose, according to its reasonable life is a period of twenty years computed from the date of said bonds.

Section 10. It is hereby determined and stated that the Supplemental Debt Statement required by said Local Bond Law has been duly made and filed in the Office of the Township Clerk of said Township, and that such statement so filed shows that the gross debt of said Township, as defined in Section 40A:2-41 of said Local Bond Law, is increased by this ordinance by \$65,000.00 and that the issuance of the bonds and notes authorized by this ordinance will be within all debt limitations prescribed by said Local Bond Law.

Section 11. This ordinance shall take effect twenty days after the first publication thereof after final passage. (Fee \$38.00)

Crop plans reported

New Jersey vegetable growers have reported their 1968 intentions for the Garden State's two most important vegetable crops -- asparagus and tomatoes for processing. If present plans materialize, 20,500 acres of canchouse tomatoes and 24,300 acres of asparagus (both for the fresh market and for processing) will be grown in New Jersey this year, according to the New Jersey Crop Reporting Service.

Tomato acreage is down 4 per cent from the 21,300 acres planted in 1967, but is 13 per cent above the five-year average (1962-66). Nationally, the 1968 acreage of tomatoes for processing is expected to total 366,060 acres, a new record high. Based on present planting intentions, New Jersey will

rank fourth among the states in processing tomato acreage this year, exceeded only by California, Ohio and Indiana.

In asparagus acreage, New Jersey is the country's second ranking state. Anticipated 1968 acreage for harvest will be 500 acres less than last year and more than 3,000 acres below the 1962-66 average. For the nation as a whole, 1968 asparagus acreage is expected to total 125,250 acres, compared with 129,100 in 1967 and a five-year average of 139,920. Harvest of the New Jersey crop is expected to begin in late April.

Millions of workers exposed to job perils, says U.S. aide

WASHINGTON — The "bewildering and sometimes frightening" technological explosion is creating whole new areas of health problems for American workers, Assistant Secretary of Labor Esther Peterson has declared.

Speaking before a public affairs forum sponsored by the National Science Foundation Employees Association, Mrs. Peterson said: "In our enlightened society today, millions of American workers are being exposed to health damage from toxic chemicals, physiological stress and, increasingly, to psychological pressures."

"Every 20 minutes a new and potentially toxic chemical is introduced into the industrial environment. There are few if any controls over them and often no knowledge as to their effect on human beings."

"Whole new vocabularies are being born with these new chemicals and we are beginning to hear about synergistic, potentiating and antagonistic reactions of airborne chemicals as they begin to crowd our troubled air."

Mrs. Peterson pointed out that such degenerative diseases as arthritis, heart and kidney ailments are sometimes worsened by industrial exposure.

"Our hearing is increasingly afflicted by noise, and visual exposure to lasers, infrared and ultra-violet light threatens and sometimes damages our sight," she noted.

Even residing in the proximity of a plant using toxic materials can cause sickness, she said. "There is a case on record in which a woman who lived downwind from a plant using the noxious metal, beryllium, contracted the disease berylliosis from the air."

"WE KNOW THAT over half a million workers are disabled annually by occupational diseases," said Mrs. Peterson, citing the prediction that over 1,000 uranium mine workers will die from lung cancer due to radiation, and that about half of the nation's 137,000 bituminous coal miners suffer from the dust disease, pneumoconiosis.

NJEA lauds new proposal for teachers of handicapped

The New Jersey Education Association this week praised a new proposal for consolidating and simplifying certification for teachers of handicapped children.

The proposal would combine three existing special-education teaching certificates into one new general certificate for "classroom

teachers of the handicapped. This would replace separate certificates for teachers of the "mentally retarded," "physically limited," and "socially and emotionally maladjusted," all requiring similar basic preparation.

The change was approved last week by the State Board of Examiners, the Education

Department's professional agency responsible for teaching standards and certification. The 60,000-member NJEA is urging the State Board of Education to approve the change.

Commented Dr. Alfred Skogsberg of Bloomfield, chairman of NJEA's Committee on Teacher Education and Professional Standards: "The move is a beginning, we hope, toward recognizing broader training for teachers and reducing the number of specialized certificates governing various qualifications."

The new standards would eliminate separate

prescribed courses for several teacher specializations. A special-class teacher would be expected to present 18 college credits in the general field of education of handicapped children. Previously, detailed programs were prescribed depending on whether a teacher taught blind, deaf, mentally retarded or emotionally disturbed children. The new standard merely requires study of causes of disabilities, special teaching practices and resources for the handicapped somewhere within the training program offered by a college or university.

"This degree of flexibility should make it easier for New Jersey to recruit from other states the special-education teachers it badly needs," Dr. Skogsberg said. "The regulations will allow for the variety of accredited programs for training teachers of handicapped children found in the many colleges and universities of the nation."

"THE CHANGE RECOGNIZES that a teacher can be prepared for the general conditions of special teaching regardless of the handicap," the NJEA spokesman said. "Handicapped children frequently have multiple handicaps. An individual child in a special class may have more than one primary problem."

In a related move, the Board of Examiners updated state manuals to show that separate special certificates are no longer being issued to teachers of the "blind or partially sighted" and "deaf or hard of hearing."

Under the change, such teachers would still be expected to learn special techniques appropriate to the particular kinds of classes they teach. However, course work preparing teachers for sightless or hearingless classes would be included as part of the 18-credit general requirement for teaching the handicapped. Such specialties would be shown as "endorsements" on the "teacher of the handicapped" certificate.

"Obviously, there is little need for a multiplicity of special certificates when the variations represent a difference of only a few courses," said Dr. Skogsberg. "Our NJEA committee sees great hope in the endorsement approach for cutting much of the 'red tape' that has grown up around teacher certification."

"NJEA favors this move by the Board of Examiners toward fewer certificates and more flexible certification of teachers."

Employment down because of strikes in manufacturing

Nonfarm wage and salary employment in New Jersey was down slightly from January. However, there would have been a seasonal rise were it not for new strikes in manufacturing. According to estimates prepared by the New Jersey Department of Labor and Industry, mid-February employment was about 2,375,000 (excluding farm, domestic, self-employed, and unpaid family workers). This was 28,300, or a little over one percent, above the level for February 1967.

Manufacturing employment declined by 1,200 in February and was 21,900 lower than a year earlier. Seasonal hiring in the garment and some other industries failed to offset the effect of strikes involving close to 6,000 workers in the glass industry. Employment was up 1,300 in the primary metals industry as 1,200 workers returned from strike, but this increase was canceled out by another strike involving 1,300 chemical workers. Layoffs of 1,200 workers were reported in the fabricated metals industry, while employment rose seasonally by 4,400 in the apparel industry.

In nonmanufacturing activities, employment was down by 1,200 over the month but up 50,200 from last February. Hiring by service establishments and state and local government partly countered layoffs in construction and retail trade.

The average factory workweek was unchanged from January at 40.5 hours. Average hourly earnings of factory production workers were \$3.02.

Beadleston to be cited by institute

State Sen. Alfred N. Beadleston of Red Bank will be honored by the Institute for the Development of Educational Abilities at its May 18 conference on childhood learning and communication disabilities.

Dr. Harold Wiener, optometrist, director of the institute, said the award is based upon "Sen. Beadleston's record of devoted efforts to assure all children throughout New Jersey an opportunity to gain from the educational process."

The conference will hear Dr. Haim Ginott, whose best-selling book, "Between Parent and Child," will serve as the basis for his address. Joining him will be Dr. Ray H. Barsch, an authority on perceptual-motor training.

The conference is designed to provide parents, teachers, psychologists and other professionals with a discussion of the latest trends and techniques regarding early recognition of reading, learning and communication difficulties in children. Aiding "slow learners" through better knowledge of dyslexia and other disorders will be stressed.

The award ceremony will be

A GREAT AREA deserves a Great Store

Yes, we who fixtured this building, have served Great Eastern and watched it grow through the years--are grateful to have shared in even a small measure to bring New Jersey's most dynamic Great Eastern Discount Center to this thriving UNION, N.J. community.

Now, after several weeks of unabated action, action, action, with never a let-up in activity, it becomes increasingly evident that Great Eastern Discount Center is No. 1 in the heart of this thriving New Jersey area.

For the privileged part we have played in fixturing this building-- we extend our heartiest and best wishes for the continued success of Great Eastern Discount Centers--and the hope that we, of the construction team, will continue to build upward and onward with New Jersey's most dynamic Discount Chain of friendly family Department Stores.

Thank you Union! Thank you Great Eastern!

A warning on hearty spring cleaning

The arrival of spring brings with it the temptation to rush into traditional seasonal activities. And these are the days that try men's hearts, the Union County Heart Association notes.

Whether it is cleaning up the garden, taking down the storm windows or slapping a coat of paint on the shingles, the Heart Association has a word of advice for the man of the house. If you've been sedentary during the winter, or if you have a history of heart illness, don't do it — until you get a medical checkup. The advice can serve the housewife, too, before she starts the annual check-out binge.

Sprucing up for spring is at least as important to an individual's health as it is to his property,

the Heart Association says. A physical exam should precede the taking on of strenuous chores after a long winter by the fireside. It is vitally important for anyone with heart disease or who is suspected of having a developing heart condition.

INACTIVE INDIVIDUALS MAY find that an interval of recommended conditioning — a regimen of regular physical activity — is all that is needed to get them in shape to do the job safely and with greater efficiency.

The heart patient, too, may get a go-ahead, after an examination by his physician, who can determine how often and to what lengths the patient's condition will permit him to

participate in the Spring roundup.

But even the healthy individual is warned not to overdo things. He should stop when he tires, the Union County Heart Association stresses. He should not twist on old phrases, doesn't have to be rebuilt or cleaned in a day.

A final warning concerns dress — neither too much to bring on over-heating, nor too little to bring on a chill. The spring cleaner may find himself frequently shifting from indoors to outdoors. Unusual exertion at extreme temperatures can precipitate a heart attack in susceptible individuals.

Following the above advice can leave homeowners in as good shape as their bettered homes and gardens when spring turns that corner.

Annual trap shoot at county grounds

The 26th annual James L. Smith Memorial Shoot, sponsored by the Union County Park Commission, will be held at the County Park trap and skeet grounds, off Kentworth Boulevard, Cranford, on Sunday at 2 p.m.

This is a 50-target event at trap. In 1967 Dr. Ernest B. Wetmore of Morristown won the championship by breaking 50 straight targets. Dr. Wetmore also won the event in 1966. Dr. Frank NiNoia of Staten Island, was the 1967 runner-up.

The Union County trap and skeet grounds are open to the public every Saturday and Sunday, from 1 to 5 p.m. Shells of all gauges are available on the grounds.

Hikers plan to clear trail

The Union County Hiking Club has scheduled a trail clearing expedition and a 10-mile hike for its members and guests this weekend.

On Saturday, Nathan Levin of Rahway will lead the trail clearing expedition. The Union County Hiking Club as a member of the New York - New Jersey Trails Conference, is responsible for maintaining a 13-mile section of the Appalachian Trail near Greenwood Lake on both sides of the New Jersey - New York border.

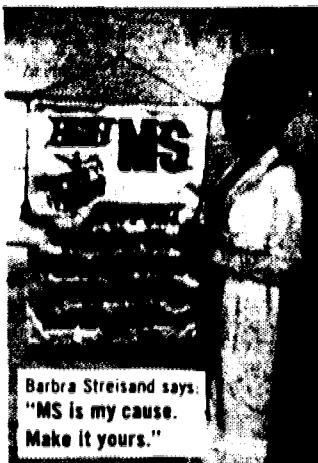

The group will meet at the administration building of the Union County Park Commission, Warmanco Park, Elizabeth, at 8:30 a.m.

On Sunday, Robert Franzblau of Somerset will lead a 10-mile hike in the area of Sunfish Pond in northern New Jersey. This group will also meet at the administration building of the park commission at 8:30 a.m.

For further information concerning the above hikes contact the recreation department of the Union County Park Commission.

April 12 deadline at UC for day class registrants

Union College, Cranford, has set April 12 as the deadline for receiving applications for the day session for the coming fall semester, it was announced this week by George P. Lynes, director of admission.

Lynes said that applications for the fall semester are running about the same level as a year ago. Union College received nearly 3,000 applications for the fall semester of 1966 for a freshman class of 800 in both the day and evening sessions.

The admissions director reported that the college expects a slightly larger freshman class next fall.

April 12 will also be the deadline for high school seniors to submit applications for the new pre-engineering and pre-science programs, Lynes said. These programs will be available to high school graduates who may be deficient in entrance credits in mathematics, chemistry and physics, for example, or those who may need additional preparation for their chosen curriculum.

"It should be emphasized that students in the pre-engineering and pre-science programs will be matriculated in degree programs and with summer work will be able to receive their associate in arts degree in two years," Lynes said.

The new pre-engineering program is designed for the high school graduate who is not academically ready for the demanding college program. Prof. Elmer Wolf, acting dean and chairman of the engineering department, said, "Our new program will be geared to the scholastic achievements and potential of

these students, and will give them an opportunity to move into the college program at a somewhat slower pace than our usual engineering and science majors," Prof. Wolf said.

Union College, which specializes in transferring its graduates to four-year colleges and universities, offers majors in liberal arts, engineering, science, and business administration.

U.S. agency sees 'drastic need' for trained scientists

WASHINGTON — Reports to the Department of Labor from 30 major manpower centers across the U.S. show a drastic need for trained scientists, technicians, and engineers to maintain the present levels of economic growth.

The current issue of the Labor Department's "Job Market for Engineers, Scientists, Technicians" says that the number of chemists, physicists, life scientists, and mathematicians must be doubled by 1975 and the number of employed engineers must be increased by at least two-thirds.

Among those cities in the study showing drastic needs for scientific personnel are Boston, where area employers were hard pressed to add the engineers and scientists to keep pace with industry expansion, research and development growth; Philadelphia, where a strong demand exists for electrical electronic and mechanical engineers; Pittsburgh, where job listings outnumbered applications by two to one.

Also, Detroit, where mechanical and industrial specialists are needed; Cincinnati, where a demand exists for all types of engineers; Chicago, where mechanical

engineers are needed; Kansas City, where the greatest demand for engineers was in the mechanical field; Houston, where employers are seeking young applicants with emphasis on recent degrees rather than experience; and San Francisco, where most job openings specified senior level engineers with highly specialized experience.

Growing problems of urban and industrial health, the publication stated, are seriously stepping up the demand for sanitary and safety engineers with degrees and experience directly applicable to public health programs.

State employment security agencies indicated in the report that most employers continued to offer preference to recent engineering college graduates over those who received their degrees several years ago.

Continuing expansion of medical facilities and services in 1967 was accompanied by ever increasing needs for medical technologists and laboratory assistants, occupations in short supply throughout the country.

MAKING CONTACT

The New Jersey Optometric Association offers this tip to contact lens wearers: Contact lenses normally increase one's sensitivity to light, and in particular, to bright sunlight. Individuals wearing contact lenses are generally more comfortable wearing optically ground sunglasses with their contact lenses when in bright sunlight.

College bond issue drive 'will not be easy' -- NJEA

Public disappointment over the state's failure to expand public higher education may actually hurt future efforts at expansion, the New Jersey Education Association is cautioning teachers.

"If there is to be a college bond issue this fall — and obviously expansion is desperately needed — we face a public with a great many expectations which have been left unfulfilled," says an editorial in the current issue of the NJEA Review, the monthly journal for New Jersey teachers. A bond-issue drive, the review adds, "will not be an easy campaign."

The long-awaited expansion of New Jersey's public colleges and universities still seems a distant prospect, says NJEA. Any bond issue "will do more making up for projects deferred than providing much of a major thrust forward."

The lag in New Jersey education construction because of public higher education construction was one of the biggest losers when Gov. Hughes' income tax plan "bit the dust," says the NJEA Review. That 1966 proposal would have provided the public colleges with \$50 million in construction funds in fiscal 1967 and \$30 million a year thereafter.

Instead, the Legislature enacted the less productive state sales tax, and the 1967, 1968 and 1969 state budgets will have provided a total of only \$38.5 million for construction of public undergraduate facilities, less than the income tax would have provided in fiscal 1967 alone. Hardest hit have been the six state colleges, which in the new state budget, as proposed, would get

only \$1 million in construction funds — as opposed to \$85 million in requests.

In 1965, reports the NJEA Review, state fiscal officials promised that expansion of public higher education would not be delayed. Progress, however, has been slow. The editorial says:

"Actual plans have progressed on no more than one or two buildings at each campus. Even some of these, it is reported, have now been stopped. With the fiscal future so uncertain, college trustees have been asked to switch specialized buildings to general mass-classroom purposes. Promises of new colleges in Bergen County, in North Jersey, along the Shore, and in South Jersey have never materialized."

One result of New Jersey's public-college lag, says the Review editorial, is that the N.J. State Board of Higher Education is basing fundamental decisions on "restriction, not opportunity." The board's recent action requiring students to have 14 "college preparatory" credits for admission is one example of this, comments NJEA, adding:

"Rapid expansion at the state colleges could have assured generous admissions for all similar ranking students — in many new major fields as well as those where a continued supply of well trained teachers is needed."

Now, however, to make room for new programs, the state appears determined to scrap some teacher education programs, says the NJEA Review.

"Unable to commit the state colleges to real

expansion, the State Board of Higher Education seems to have decided that 'opportunity for all qualified' cannot be its motto. And, this demand may well fall on the very teachers our state needs most and whose very students who most need a state college."

Service center for Viet vets

The federal government opened a United States Veterans Assistance Center last week in Newark to provide Vietnam veterans with "a complete one-stop service center." It is located in room 1455C of the new Federal Building at 970 Broad St.

The center is one of 20 in major cities throughout the nation. "Its purpose," a spokesman said, "is to assure that every serviceman who returns to civilian life in the months ahead — no matter where he lives, what background he might have come from, what his hopes and ambitions are — will have the education he wants, the training he needs, and the opportunities for the job he is best suited for."

If a Vietnam veteran wants a job, the center's staff includes representatives from the State Employment Service as well as the Federal Civil Service Commission. If he is interested in education, training, counseling, disability compensation or pension, vocational rehabilitation, medical care, information re-

garding servicemen's insurance, home or business loan, preference in public housing, employment rights, small business opportunities, educational loans and family health needs or any of the many other benefits.

Hadassah members, daughters named models for fashion show

Daughters of several members of Springfield Chapter of Hadassah will model at the Israeli fashion show and supper to be given by the chapter next Thursday night at Temple Beth Ahm.

They are: Allison Ramer, daughter of Mrs. Aaron Ramer; Mrs. Herbert Horn, daughter

of Mrs. Leon Berger; Mrs. Marvin Price, daughter of Mrs. Melvin Bloomfield, and Merri and Terri Chotiner, daughters of Mrs. Irene Chotiner. The other models, some of whom are chapter members, include Mrs. Alan Porter, Mrs. Paul Daitz, Mrs. Robert Weitchak, Mrs. Arthur Kesselhaut, Mrs. Raymond Porter and Mrs. Norman Alexander.

The fashion show, entitled "Horizons Unlimited," is a collection of the Israeli fashions designed by students in the Fashion Department of Hadassah's Alice Seligberg Vocational High School for Girls in Jerusalem. Evening and cocktail outfits which blend modern styling with overtones of oriental flavor are a highlight of the collection.

According to Mrs. Melvin Bloomfield, chairman of the event, the fashion show is "a vivid illustration of the increasing world-wide recognition which Israel's growing fashion industry is receiving." The show, which is presently touring the United States, will be open to both members of Hadassah and the general public. A supper, to be served at 6:30 o'clock, will precede the show.

The committee assisting Mrs. Bloomfield consists of: Mrs. Louis Spigel, Mrs. Nahum Gerahwin, Mrs. David Schwartz, Mrs. Leon Berger, Mrs. Irving Dubin, Mrs. Irene Chotiner, Mrs. Jerome Sonneband, Mrs. Albert Werhotzig, Mrs. Sidney Piller, Mrs. Nathan Ostroff, Mrs. Tillie Haskins and Mrs. Debbie Braun. The commentator will be Mrs. David Schwartz.

Projects for the coming year are supported by funds raised through various B'nai B'rith activities, according to Mrs. Karp. A special membership drive spearheaded by Mrs. Sidney Piller, she said, gained 50 new members for the chapter. Reservations for the evening are being taken by Mrs. Karp at DR 6-3901 and Mrs. Henry Haberberg at DR 6-2093.

Spring keynote of fashion show at Caldwell auditorium Tuesday

Spring is the mood of the fashions to be presented by Brooks of Summit at the James Caldwell PTA fashion show Tuesday at 8 p.m. in the school auditorium.

Mrs. Walter Harm, chairman for the annual event, announced that the program will begin with a dessert served by the hospitality committee under the leadership of Mrs. Charles Bishop and Mrs. Fred Grosso.

The fashion show, featuring models from the PTA will be coordinated by Mrs. Dora Speicher. Models include Mrs. Robert Powers, Sandra Finnelly, Paula Narel, Suzanne Remmele, Mrs. Joseph Knowles, Mrs. Anton Campanella, Mrs. Charles Bishop, Mrs. Roger Nitolo, Mrs. Jay Rosen, and Mrs. Frank Laite. Helping the models will be Mrs. William McRobb Jr., Mrs. Hilary Thomas and Mrs. Thomas Carter.

One of the features of the programs will be the presentation of door prizes, made available by many local merchants. Following the

dessert and fashion show, guests have been invited to play cards. Those planning on playing were reminded to bring their own cards.

Tickets for the party may be purchased through home room mothers or Mrs. Andrew Harkelo, ticket chairman. Mrs. Harm expressed appreciation to those helping make the annual event a success. These include Mrs. Henry S. Wright, pianist; Mrs. Ann Wagner, mimeographing; Smith & Smith, tickets and bridge tables; J.J. Newberry, clothes rack and mirrors; Lido Diner, Swingle's Diner, Tuscan Dairy, Grand Union and Ciro's Restaurant, refreshments; and Village Coiffures, models' hair styling. For a tasty sandwich filling, combine chopped hard-cooked eggs and peanuts with mayonnaise.

Collards is a corruption of "coleworts" or "colewyrts." Anglo-Saxon terms literally meaning cabbage plants.

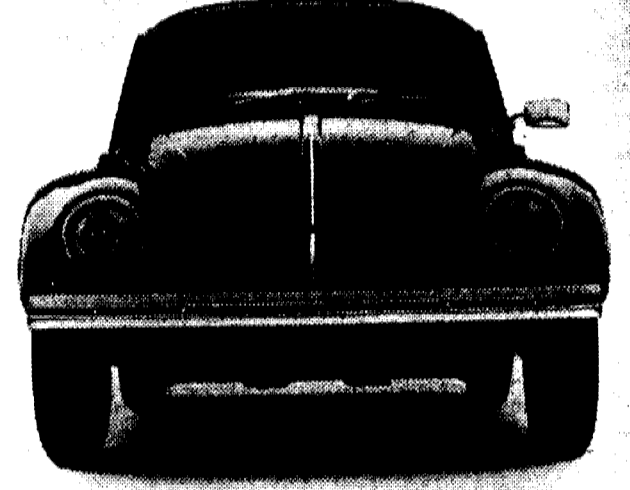

Stuff fresh California dates and serve as party nibblers and salad garnishes. Snip dates along one side, remove pits and fill with apple-mint jelly, a strip of Cheddar cheese, a wedge of fruit or a favorite cream cheese spread.

White rice is low in protein, although the protein is of good quality. Because rice is low in minerals and vitamins, serve it with foods that supply these nutrients — such as meat, eggs, fish, poultry, milk or cheese.

The burt or stem of iceberg lettuce is no indicator of quality or age. Red coloring at the stem is nature's way of healing a cut.

Helen's Favorite:

Cream of Onion Soup (Serves 4)
5 medium onion, sliced
1/4 cup butter
5 bouillon cubes
1 cup hot water
3 cups milk
French bread
Parmesan or Romano cheese
Sauté onions in butter until tender and transparent. Do not brown. Dissolve bouillon cubes in hot water; add to milk and onions. Heat. Toast French bread slices; float on soup. Sprinkle with cheese.

\$1699

What's the catch?

There isn't any. \$1699 is the suggested retail price at the port of entry for the VW sedan. The price includes Federal excise tax and import duty.

It also includes the built-in heater, defroster, windshield wiper, electric windshield wipers, outside rear view mirror, and seat belts front and back.

Not to mention the padded dash and front seat headrests. It's the price of the real thing, not a stripped-down economy model.

What else do you have to pay? The charge for transporting the car from the port of entry. The dealer delivery charge. And local sales tax.

There is one optional that makes a lot of sense. The matching leatherette upholstery. For \$30.00 extra. (Nearly everybody gets it because it eliminates the need for slipcovers.) Well, that's it.

Unless, of course, you count the cost of gas and oil it takes you to get here in your present car.

SUNDAY'S SERMON

CONSCIENCE—There's nothing wrong with playing to win — so long as one plays the game according to the rules. This is the reason some of us discover that a victory we achieved by trickery or deceit is not near so sweet as we had imagined it would be.

There are some, however, who are capable of operating without conscience, or so it seems. They scramble wildly in pursuit of some position or some recognition, oblivious to everything but their one single purpose, or so it appears.

In reality, it is difficult to conceive that, in the hush of night and in the moment before sleep blots out the living truth and the living fact, every man does not come often to a moment of self-appraisal from which there is no escape.

The difference between right and wrong is not always as obvious as the difference between black and white. This is why we are sometimes suddenly aware of our conscience — why we may hesitate, evaluate a situation or a possible course of action.

Conscience is, indeed a guide. And, it cannot be completely ignored.

Dear Neighbor: Just like in the years past, we again are ready to take care of your shade and ornamental trees. Because this year the destructive scale insects appear to be more plentiful than in the past, we urge you to let us spray your oak trees well in advance of first spring leaves. For an early spray during this month, we can use our high viscosity spray oil which is most effective and yet absolutely harmless to humans as well as our birds. The scale insects infect trees which will decay by any means of help later on. Don't let this happen to your trees that are the source of enjoyment year after year. They provide you with cooling shade in the summer time, they beautify your home and, yes, then enhance the value of your very home as if they would want to thank you for taking care of them. Ask Amy

By AMY ADAMS

Dear Amy: My family constantly complains that my husband is too reserved when we visit them. It hurts me to have anyone criticize him for he is a perfect husband. It's true that he has little to say on such visits. If I mention it to him, he gets angry and insists he can't change. Is it possible for him to change?
Mrs. E. L.

Dear Mrs. E.L.: Some people are born talkers and some are born listeners. Both have their places in this world, and it's futile to try to change them. Disregard your family's criticism of your husband. Assure them that you are satisfied with your man and, above all, let him know!
...

Dear Amy: I am 18 years old and live alone. One month ago, I went to the hospital for an operation which was to cost me \$320. Now I find I can't pay it because I make only enough to pay my rent. My fiancé said he'd help me out but we broke up. Can the hospital sue me or send me to jail even though I am a minor and had no co-signer? Could they take me to court or wait until I'm of age and then take action?
Worried

Dear Worried: I don't give legal advice but I think every individual past their eighteenth birthday should know that they can be held liable for any debt they incur for the 'necessities' of life. Since medical care is a necessity, you will have to pay the bill. If you doubt it, ask any lawyer!
...

Dear Amy: My teacher keeps picking on me. Whenever I say a word, he raises the roof. But then he has these so-called 'teacher's pets.' He always lets them talk and do whatever they want. My girlfriends and I have talked this over and decided we should talk it over with you.
Please Help

Dear Please: There were 'teacher's pets' in my day, too (or so I thought). Upon closer examination I found they were tagged this title because they paid attention when they had to, were seldom tardy, had clean work habits, and although I hate to admit it, they were smarter than I. I was suffering from an adolescent case of old-fashioned jealousy. How about you?
...

Dear Amy: I am a divorcee, 30, with four small children. My ex-husband is married, but supports the children and sees them on weekends.

Recently, I met a nice man who apparently is very fond of me and the youngsters. My family objects to him as a serious suitor because he's very nervous, a result of Vietnam duty. My parents say he would never become adjusted to a home with active children. What do you think?
Sandy

Dear Sandy: Your parents are right. Children can get on anyone's nerves occasionally. If your friend is nervous, they could ruin him completely.

Don't make any decisions until you seek the advice of his doctor. He knows how deep his illness is and what the prospects are for complete recovery.
Dear Amy: Do you think that after a girl has given herself to a boy that she can find somebody to think as much of her as they would have if she didn't give herself away?
The reason I ask this question is because some of my girlfriends and myself have discussed it a lot. Some of them think you can and some of them think you can't. We would like to hear your opinion on it.
Girlfriends
Dear Girlfriends: Like a precious stone, a girl's reputation is her best friend. Why should a boy put the same value on a 'dime-store' pearl when he can seek out one that's cultured!

TOWNSHIP OF UNION
PUBLIC NOTICE is hereby given that the ordinance set forth below was introduced at a meeting of the Township Committee of the Township of Union in the County of Union, held on March 26, 1968, and that the said ordinance will be further considered for final passage at a meeting of the said Township Committee at Municipal Headquarters, Friberger Park, Union, New Jersey on April 9, 1968 at 8 o'clock P.M.

MARY E. MILLER
Township Clerk

AN ORDINANCE AUTHORIZING THE RESURFACING OF WASHINGTON AVENUE FROM GALLING HILL ROAD TO COLONIAL AVENUE IN THE TOWNSHIP OF UNION IN THE COUNTY OF UNION, MAKING AN APPROPRIATION FOR SAID PURPOSE AND TO PROVIDE FOR THE FINANCING OF THE COST THEREOF BY THE ISSUANCE OF BONDS AND BOND ANTICIPATION NOTES.

BE IT ORDAINED by the Township Committee of the Township of Union in the County of Union as follows:

Section 1. Authority is hereby given for the resurfacing of Washington Avenue including concrete curbs at intersections and for such other incidental work as may be necessary for the completion of the aforementioned project. All of the foregoing work shall be done according to the plan for said work and in accordance with the specifications therefor, both of which were prepared by the Township Engineer and both of which said plan and specifications are on file in the Clerk's office of the Township of Union in the County of Union and in the office of the Township Engineer. The line and grade of said pavement as established by said Engineer and as set forth on said plan and specifications are hereby adopted as the line and grade of said street.

Section 2. All of said work shall be done under the supervision of said Engineer and to the approval of the Engineer of the Township of Union in the County of Union, and may be done on contract or by Township force with materials purchased by or furnished to the Township.

Section 3. The sum of \$25,000.00 is hereby appropriated to the payment of the cost of said improvement. Such appropriation shall be met from the proceeds of the bonds authorized, and the down payment appropriated by this ordinance.

Section 4. It is hereby determined and stated that (1) the making of such improvement (hereinafter referred to as "purpose") is a current expense of said Township and (2) it is necessary to finance said purpose by the issuance of obligations of said Township pursuant to the Local Bond Law of New Jersey and (3) the estimated cost of said purpose is \$25,000.00, and (4) \$1,500.00 of said sum is to be provided by the down payment hereinafter appropriated to finance said purpose, and (5) the estimated maximum amount of bonds or notes necessary to be issued for said purpose, as hereinafter stated, including the appropriate amount of \$5,000.00 which is estimated to be necessary to finance the cost of such purpose, including architect's fees, accounting, engineering and inspection costs, legal expenses and other expenses, including interest on such obligations to the extent permitted by Section 40A:2-20 of the Local Bond Law.

Section 5. It is hereby determined and stated that moneys exceeding \$1,500.00 appropriated for down payments on capital improvements or for the capital improvement to be hereinafter adopted for said Township are now available to finance said purpose. The sum of \$1,500.00 is hereby appropriated from such moneys to the payment of the cost of said purpose.

Section 6. To finance said purpose, bonds of said Township of an aggregate principal amount not exceeding \$25,000.00 are hereby authorized to be issued pursuant to said Local Bond Law. Said bonds shall bear interest at a rate which shall not exceed six percent (6%) per annum. All matters with respect to said bonds not determined by this ordinance shall be determined by resolutions to be hereafter adopted.

Section 7. In the event that bonds are issued pursuant to this ordinance, the aggregate amount of outstanding bonds and notes issued pursuant to this ordinance shall at any time exceed the sum first mentioned in this section or the moneys raised by the issuance of said bonds shall, not less than the amount of such excess, be applied to the payment of such notes then outstanding.

Section 8. It is hereby determined and declared that the period of usefulness of said purpose, according to its reasonable life, is a period of twenty years computed from the date of said bonds.

Section 9. It is hereby determined and stated that the Supplemental Debt Statement required by said Local Bond Law has been duly made and filed in the Office of the Township Clerk of said Township, and that such statement so filed shows that the gross debt of said Township, as defined in Section 40A:2-43 of said Local Bond Law, is increased by this ordinance by \$25,000.00 and that the issuance of the bonds and notes authorized by this ordinance will be within all debt limitations prescribed by said Local Bond Law.

Section 10. This ordinance shall take effect twenty days after the first publication thereof after final passage.

TEENS help us THINK YOUNG

That's why we employ so many of them! As cashiers! Stock boys and girls! Baggers! Clerks! After school, weekends and vacation time. Bright young people getting to know what the supermarket business is all about! Working... and learning about the growing opportunities in one of the nation's largest industries! Food! And we take our teens seriously! Like setting aside one day in a year for Employee Recognition! A time to applaud our outstanding youth. Or, taking part in local work-study programs while students combine classroom work with on-the-job training right in Grand Union. We truly believe in Youthpower. After all, they'll be running Grand Union... someday!

Promoted by agency

Zal Venet, president of Venet Advertising of 485 Chestnut st., Union, and New York this week announced the appointment of Arthur W. Smith as director of staff services of the agency's retail division.

In his new position, Smith will be responsible for the sales promotion, public relations, copy, media, market research and personnel recruitment services of the retail division, which handles the advertising, sales promotion and public relations for Shop-Rite supermarkets, among other clients.

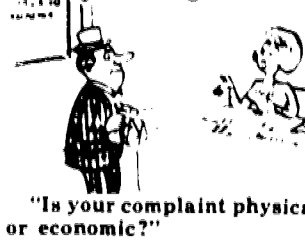

Prior to his appointment, Smith, who has been with the company two and a half years, was retail sales promotion director.

Erasmus Prize goes to sculptor

The Erasmus Prize for 1968, worth 100,000 Dutch florins (roughly \$27,700), has been awarded to the British sculptor Henry Moore. The prize is awarded annually to persons or institutions for outstanding artistic, scientific or social achievements. Part of the prize-money must be spent on a project which contributes to the development of European culture.

The prize will be awarded by Prince Bernhard in Arahem. At the same time, an important retrospective exhibition of Moore's works is to be opened in the gardens of the Kröller-Müller Museum at Otterlo.

Olympic shooting tryouts at Clinton

Grouse Ridge Gun Club of Clinton will hold preliminary tryouts for both international skeet and international clay pigeon this Saturday and Sunday.

Preliminary tryouts are held annually to determine eligibility for invitation to the final tryouts for the United States Shooting Team which will participate in international world championships, Olympics, or Pan American Games. A four-year cycle consists of the Olympic Games, followed the next year by an International Shooting Union moving target world championship, then by the International Shooting Union world championships in all guns, and in the last year of the cycle by the Pan American Games and an International Shooting Union world championship.

Preliminary tryouts are open to all citizens of the United States. Many skeet and trap shooters participate in preliminary tryouts annually throughout the nation in the hope they may receive an invitation to the final tryouts from the N.R.A. International Shooting Committee and the United States Olympic Shooting Committee.

INTERNATIONAL SKEET is almost identical

to skeet as fired in the United States. There is a variable time delay of up to three seconds between the shooter's call for the bird and its appearance. The gun cannot be mounted and must be held so that part of the butt touches the hip bone at or below the belt line until the clay target appears. The targets are much faster than those fired at regular skeet. The international skeet target in still air must carry a distance equivalent on level ground to not less than 65 meters.

International clay pigeon resembles American trap shooting but is somewhat more complex. For example, when fired strictly according to international Shooting Union rules a total of 15 traps is required for each field. Modifications of U.S. trap are allowed for preliminary tryouts so that a single trap is sufficient. The trap or traps are adjusted to oscillate both horizontally and vertically in a continuous cycle. The targets are much faster than those shot at in American trap. They must carry a distance of 75 meters measured over level ground. The International Shooting Union rules permit the firing of two shots at a bird without penalty for the second shot.

COMPETITORS IN THE Clinton tryouts will include Edward Bronish of Hampton, Stanley King of Paramus, Howard Brant of Union, hunting and fishing editor of the Newark Star-Ledger, Frank Decolator and Paul Hamby of New Brunswick, Phil Cain of Whitehouse, Jack Sailer of Union, Don Langston of Clinton, Carl Locke of Flemington, Mr. and Mrs. Mark Waldron of Califon, Mr. and Mrs. Otto T.

Roshen of Spring Lake, Robert Rodale of Allentown, Pa., and many others from Ohio, Virginia and Canada.

Many of the participants are state champions, all-america champions and world champions as well as previous Olympic champions. Men and women compete evenly with no special classes because of sex.

Rt. 78 tour scheduled

More than 250 students from 19 engineering colleges will tour a highway construction project under the auspices of "The Moles" -- an association of heavy construction officials -- and the New Jersey Department of Transportation April 5.

The students will be conducted on a day-long field trip of the site where the Interstate Rt. 78 interchange is being constructed adjacent to Newark Airport.

Students' Day is sponsored annually by The Moles to give college seniors a first-hand look at heavy construction work and techniques. The association which has its headquarters in New York City, derives its name from the prime activities of its founding members who concentrated on tunnel and foundation work.

Montand, Bergen co-star at Ormont

"Live For Life," Claude Lelouch's latest film about an ill-starred love affair, opens Wednesday, March 27 at the Ormont Theater, East Orange. The picture, which has Yves Montand and Candice Bergen in leading roles, concerns a television newscaster with a decided weakness for the ladies which almost wrecks his life.

As he did for "A Man and a Woman," Lelouch collaborated on the script of "Live For Life," and has Annie Gerardot, French star, in a stellar role of the wife of the philandering telecaster.

'Camelot' musical on Bellevue screen

"Camelot," the Warner Brothers-Seven Arts motion picture of the epic Alan Jay Lerner-Frederick Loewe musical romance, which was nominated for five Academy Awards, continues on the wide screen at the Bellevue Theater, Upper Montclair.

Produced by Jack L. Warner, "Camelot" stars Richard Harris as King Arthur, Vanessa Redgrave as Queen Guenevere, Franco Nero as Sir Lancelot and David Hemmings as Mordred. Joshua Logan directed the film.

Lerner wrote the book, lyrics and screenplay for the Technicolor-Panavision film, and Loewe wrote the ballads.

Among the "Camelot" songs are "I Wonder What the King Is Doing Tonight," "The Simple Joys of Maidenhood," "Follow Me," "The Lusty Month of May," "C'est Moi," "Then You May Take Me To the Fair," "How to Handle a Woman," "If Ever I Would Leave You," "I Loved You Once in Silence," "Guenevere" and the title song "Camelot."

Hoffman starred in first movie job

Dustin Hoffman, who was nominated for an Oscar for his role in "The Graduate" now in its eighth week at the Millburn Cinema, appeared in two off-Broadway plays before obtaining a starring role in the current Mike Nichols, Lawrence Turman film production.

Hoffman, who is the son of Harry and Lillian Hoffman, was named by his movie-fan mother after Dustin Farnum, a silent picture cowboy star. His brother, Dr. Ronald Hoffman, professor of economics at the University of Hawaii, was named for Ronald Colman. Hoffman Sr. is a successful furniture designer, who resides with his wife in Beverly Hills.

The actor majored in music at Santa Monica City College, and studied at the Los Angeles Conservatory of Music.

He planned to become a classical pianist but switched to jazz, then went into dramatics at the Pasadena Playhouse. He then went to New York and studied acting under Lee Strasberg before the two off-Broadway plays came about.

Portrait-sitting contest set Saturday at benefit

A contest will be held for a portrait-sitting appointment with the noted Spanish artist Enrique Senis, at the 1968 New Jersey Symphony Ball Saturday at Symphony Hall, Newark. The affair will be the symphony's annual benefit function.

The announcement of Senis' contribution was made jointly by Mrs. Helen B. Meyner and Malcolm D. Talbot, state co-chairmen for the ball. It also was announced that the artist is expected to be on hand on the night of the ball.

CHUTE JUMPER
Geronimo! Bert Berry made the first attached-type parachute jump in January 1912. Jumping at 1,500 feet he used a "chute made by Leo Stevens, manufacturer of balloons."

Unesco gets tariff cuts

Schoolchildren, teachers and scientists in many countries should benefit from lower prices for books, records, works of art and scientific equipment this year, thanks to Unesco.

Government representatives of 68 countries meeting in Geneva recently recommended liberal application of two Unesco agreements eliminating tariffs and frontier formalities for the importation of such articles. Sound recordings whether on tape or disc, will be covered by the agreements. Other items are: audio-visual materials, books, newspapers, magazines, works of art, scientific apparatus and articles for the blind.

There may also be a bonus for cinema-goers, too. The MOVING! Find a reputable Mover in the Want Ad Section.
