Little League will open drive for \$\$ Sunday

The Mountainside Little League will conduct a door-to-door fund-raising campaign Sunday, it was announced by E.J. Gibadio, league president.

In a letter to be delivered to all Mountainside residents along with a self-addressed envelope for contributions, John Podmayer, chairman of the fund drive, says: "Beat it! 'Go play some place else!'" "You don't hear this very often in our town, and one of the big reasons is Mountainside Little League, where any youngster from 8 to 15 years old can play baseball to his heart's content.

"There's this nice thing about Little League -- it's neighbor sponsored. We don't ask the town, the state, or the federal government for support. The modest amount needed for our program comes from generous people like you. As you know, the expansion of the school facilities at Deerfield meant that we had to move our ball park, and we still have some needed this summer. You can hit your home run now! A dollar or two will keep Mountainside baseball an exciting happening in the lives of our youngsters.

"Enclosed with this letter is your self-addressed envelope. We would greatly appreciate any contribution you would care to send. "On Sunday there will be a future major league ringing your door bell. If you haven't mailed your contribution - be nice to him."

Two students from Our Lady of Lourdes School, Mountainside, Tim Williams and Sean Fenton, were awarded medals last Friday which they won in a mathematics contest last Nov. 18 at St. Joseph's School in Metuchen.

The contest was based on scores obtained in a test in the modern mathematics. Forty-six schools participated, and Our Lady of Lourdes ranked fourth with two winners out of a possible ten.

Sister Jane Frances, teacher of the mathematics class, expressed her pride in results since this was the first contest in which the students have participated. McCarthy unit names cleric honorary head

The Rev. Charles Brackbill Jr. of 1537 Deer Path, Mountainside, was elected honorary chairman of the Mountainside Volunteers for McCarthy, it was announced by the co-chairmen, Robert Jaffe and Mrs. Richard Fork, at an executive board meeting held at the home of Jaffe.

Mr. Brackbill, who has resided with his family in Mountainside for the past eight years, is associate executive director of the United Presbyterian Church, division of mass media. Also announced at the meeting was the addition of Mrs. Harold Tulchin of Mountainside to the executive board.

Under discussion at the meeting was an assessment of the Indiana primary. Jaffe said that "Kennedy's narrow victory justifies our continuing support and increased efforts in behalf of Sen. Eugene McCarthy. In obtaining nearly 30 percent of the Indiana vote, McCarthy demonstrated that he has the grass roots support and can stand up against the demagogic political opportunism and money power of the political machines."

Co-chairman Mrs. Fork said, "We are pleased at the broad base of popular support for McCarthy in Mountainside demonstrated by volunteers crossing party lines to include Democrats, Republicans and Independents." Mrs. Fork said that "significant contributions have already been received as well as pledges of support and a post office box and a telephone number have been established so that other supporters can come forth." They are: Mountainside Volunteers for McCarthy, Box 1200, Mountainside, 07092; telephone, 233-5156.

Activities announced by the organization include cooperation with the Westfield Volunteers for McCarthy fund-raising event tomorrow at 7 p.m. It will be a dinner art auction entertainment at the Westwood Lounge, 438 North ave., Garwood. Proceeds from the (Continued on page 2)

'Best cartoonist' of '68 Young artist wins state prize

Dennis Pannullo, 16, son of Mr. and Mrs. Ron J. Pannullo of 251 Old Tote rd., Mountainside, this week joins the growing list of local teenagers who by their talents and efforts bring pride and honor to their families, schools and community. Dennis qualifies by his selection as the state's best teen cartoonist.

At first sight, young Dennis appears to be an ordinary kid. He enjoys doing things all boys do -- and he talks and acts as most boys of his age do. But, in probing deeper, one finds this is no ordinary boy; this is a gifted young man.

With a talent for art, the Gov. Livingston Regional High School sophomore published his group caricature drawing of the 100-odd faculty members, in last June's issue of the Highlander, the high school paper. It took 120 hours to produce the 20"x30" drawing, but the artist made certain there were no two faces alike. It is not easy to understand how one so young could express such discernment, but it all paid off.

Encouraged by his success, Dennis was persuaded to enter his caricature in the contest sponsored by the Scholastic Press Association of New Jersey, which was held on May 3 at Upsala College in East Orange. Competition among the state's high school newspapers, which included all fields of journalism, was keen, but Dennis' entry was chosen "Best Cartoon of 1968." His was the only winning entry from the Highlander's entire staff.

NO NOTICE in the field, he was awarded first prize (a plaque) in 1964 in the tri-centennial celebration of Mountainside for his art work, depicting the growth of the community. At 13, from among more than 60 entries in the 13-20-year-old group in the outdoor art show which was held at the (Continued on page 2)

MTA plans tribute to retiring teacher

The Mountainside Teachers' Association will honor Mrs. Helen Fountain, kindergarten teacher at Deerfield School, at a dinner next Tuesday evening at the Mountainside Inn, it was announced this week.

Mrs. Fountain, who has spent 25 of her 35 years of teaching service in the Mountainside school system, is retiring in June.

A spokesman for the group said that anyone interested in "joining in this well-deserved tribute to Mrs. Fountain for her dedication and concern for the hundreds of students she has taught through the years" may do so by contacting Mrs. Elaine Weibel at the Deerfield School.

Particularly close adherence to this newspaper's Friday news deadline is advised for the issue of May 30, which will go to press early because of the Memorial Day holiday. All social, organizational and other material for the issue of May 30 should be submitted by Friday, May 24.

Pathways official lists contributors to the organization

"Pathways in Music," the organization which has brought a chamber music series to the area, can now boast "an impressive list of supporters" according to Robert Le Frank of Mountainside, chairman of the organization and one of its founders.

He added that the lists of subscribers, patrons and committee members now include residents of Mountainside, Westfield, Scotch Plains, Cranford and Watchung. Mountainside patrons include: Mr. and Mrs. Leon J. Anson, Mrs. Stephen Bumball, Mr. and Mrs. Louis Borchert, Mr. and Mrs. Allan W. Dehls, Mrs. W.C. Hand, Mr. and Mrs. Emil Hechtie, Mr. and Mrs. Harry Irwin, Mr. and Mrs. Merlin Juvrud, Mrs. A.D. Neroda, Mr. Arthur Olson, Mr. and Mrs. Donald F. Peterson, Mr. and Mrs. E.F. Ryder, Mr. and Mrs. Samuel Seager, Mr. and Mrs. Edward Tuttle, Mr. and Mrs. Robert Van Voorhies and Mrs. Walter Young, Jr.

Committee members who reside in Mountainside are: Robert Le Frank, Mrs. William Chimitz, E. Pieter de Monchy, Mrs. A. K. Olson, Samuel Seager and Mrs. D.E. Tambini.

The organization recently announced that its third concert of the season which will feature the "Brass Arts Quintet," will be held on May 26 at 8 p.m. at the Community Presbyterian Church, Deer path and Meetinghouse lane in Mountainside. Tickets may be purchased in advance by calling 232-6898 and will also be available at the door.

demonstrate new or different teaching techniques which have been explored during the school year. Aden G. Lewis, music coordinator, has been repeatedly thrilled with the results of his use of the Kidaly philosophy of teaching music reading in the Kindergarten this year. Through singing, listening, writing, and rhythmic activities, including many original songs and dances created by Lewis, the children have shown considerable progress in the understanding of music, according to a spokesman.

The third grade pilot piano program instituted this year in the Mountainside school system will be demonstrated by Mrs. Dorothy Hake, piano instructor.

Mrs. Joan Montgomery, instrumental music teacher for the lower grades, will demonstrate the progress made in the string program as a result of the Suzuki methods, which is of Japanese origin and has been modified to meet the needs of the children.

Mrs. Evelyn Bleske, who is the choral director as well as general music teacher in Grades 6, 7 and 8, will demonstrate choral techniques which she has found to be helpful with young people in this area group.

Joseph Petruccio, instrumental music teacher at Deerfield School, has been exploring the area of "listening" in the regular band or orchestral rehearsal. The important area of listening, rather than being an isolated facet of the music program, becomes inextricably a part of the whole music experience. The results of this experiment will be demonstrated by Petruccio.

There will also be a display of social studies courses prepared by Mrs. Irene Buchner's sixth grade class at Deerfield. New PTA Officers will be installed at this meeting.

Borough superintendent lists holidays, other school plans

Dr. Levin B. Hanigan, superintendent of Mountainside schools, in a statement last week said that as provided in the school calendar, schools will be closed on Memorial Day, Thursday, May 30. Dr. Hanigan also said that the Board of Education has approved the following day Friday as a school holiday.

In issuing "important information for the school year, 1968-69" the superintendent stated:

In addition to requiring evidence of immunization against diphtheria and poliomyelitis, and smallpox vaccination, the Board of Education has adopted the following policy: "All children entering school shall be required to have evidence of immunization against measles, or evidence that the child has had clinical measles. This policy concerning measles shall cover all grades and ages and shall be effective September 1, 1968. "Any pupil failing to comply with these provisions may be excluded from school unless a physician issues a written certificate stating that the pupil is unfit for immunization; or the parent objects, in writing, because the procedure interferes with the free exercise of his religious principles.

"Measles immunization forms will be sent home with your child within the next two weeks.

"THERE ARE STILL openings in all courses. Registration forms are available at the office of the superintendent of schools. Questions concerning summer school should be directed to Marianne Beckers at 233-0634, any week day (except Wednesday) between 1 and 3:30 p.m.

"Parents whose children have been recommended for strengthening in reading or math are urged to return the registration forms as soon as possible.

"The summer school piano course, open to children who have completed at least second grade, will be taught by Mrs. Mary Ann Newbert. Each child enrolled will receive one 30-minute group lesson daily. "By enrolling in the summer school course, children do not jeopardize their eligibility for enrollment in regular classes in the fall. "Students in grades 2 through 7 who are studying with private teachers, and wish to share in a group learning situation, are also welcome to enroll."

PROFILE -- Herman Graf

"People can say what they want to about the advantages of going away to college, but for me, there is nothing like going to a local college," says Herman Graf, a very busy alumnus of Rutgers University, "because long after one has graduated, he can keep the friends he made there, around him, socialize together as families and work for the institution which educated him."

The wisdom of his words would appear to be borne out by the fact that this man, who was graduated from Rutgers with a B.S. in business administration has consistently, throughout the years, served his alma mater in many capacities.

As past president of the School of Business Administration Alumni Association, he was recently honored at a dinner for his "in-office work." He has also served as president of the Board of Governors of Delta Sigma Phi Alumni Club, as a council member of the School of Business alumni and is presently serving as a trustee of the Alumni Faculty Club.

Medical director attends assembly in Atlantic City

Dr. E. Milton Staub, Administrator and Medical Director of the Children's Specialized Hospital, New Providence road, Mountainside, has returned from a four day Middle Atlantic Hospital Assembly in Atlantic City.

At the hospital's booth, whose theme was "Every child deserves a place in the sun," Dr. Staub answered questions about the rehabilitation services offered by the local hospital. He stated, "We provide the physical, occupational, intensive medical and nursing care the handicapped child deserves and needs. Our local Board of Education provides school facilities which enable the children to maintain their normal educational schedules."

Dr. Staub also said that since "hospital business is one of the largest businesses in the nation, employing several million people in all sorts of jobs, and with the advent of Medicaid and Medicare, the number of persons needed on the health team will increase rapidly," he urged young people to seriously consider getting into the field.

It was also announced that although Dr. Staub has returned to the local hospital, a hospital representative will be present when the booth is moved to Haddon Hall in Atlantic City for the annual meeting of the State Medical Society.

However, if one is looking for this youngster any Saturday morning, he cannot be found poring over books or sitting at his drawing board - or even playing the sports he enjoys. He can be found in the emergency room at Overlook, serving as a volunteer.

PROFILE -- Herman Graf

(Continued from page 1)

as a sales representative for Union County, a job he still holds.

A resident of Westfield for 20 years until last year, Graf is married to the former Olga Pubanz of Maplewood, whom he describes as "my childhood sweetheart, who was the prettiest girl at our junior-senior high school prom — and I was the lucky guy who married her."

The couple are parents of two sons, William, 24, was born in Arizona, while his father was in the service. He graduated from Cheshire Academy in Cheshire, Conn. and attended Temple University. He is married and lives with his wife in North Plainfield. The couple expect their first child in November.

Robert, 22, will graduate from Monmouth College in West Long Branch, where he majored in business administration and programming, in June. Bob is the athlete of the family and has participated in sports in high school and college.

GRAF is a modest man, who underestimates himself when he insists "I have really done so little in my life outside of my job and family, I wonder what in the world you can write about." Nevertheless, in addition to furthering the cause of education by his devotion and work as an alumnus of Rutgers, he has also served as cub-master of pack 171, Westfield (Watching District) and as a neighborhood committee and institutional representative for Scouts Troop 72. He was a manager for the Little League and the Pony League in Westfield and taught a Sunday School class at Westfield Presbyterian Church.

He has also been active in civic affairs and the Red Cross in Westfield and has just been appointed a trustee of the Westfield College Men's Club, of which he has been an active member for several years. He is also a member of the Echo Lake Country Club.

Moving to his new home at 1436 Fernwood rd., Mountainside, just a year ago, Graf says that he and his family, who always felt themselves "Westfieldites," have grown to love their new community and intend to become active in community affairs.

A long-time member of the Republican Party, he says "I watch with interest the efforts of our mayor and council and perhaps one of these days, when I am better acquainted with residents, my wife and I can become more of a part of the community, but right now, I am looking forward to my first grandchild and in the years ahead, I hope to be able to work with all my grandchildren."

Photography is Graf's prime hobby, but the Graf's also like to travel. They have journeyed to Europe and most of the islands in the Caribbean. "Oh," he adds as an afterthought, "I just found out something else I love to do. You see, I always enjoyed track in high school, but, over the years, I became less interested in physical exercise."

"Then a doctor friend of mine told me about the advantages of jogging. And, although some of your readers may laugh, you can tell them for me, the doctor and I jog two miles every night, and it's the greatest sport in the world. You can tell them too, they don't know what they are missing."

"We urge all our friends to try it. It is not only good for the heart, it's the best thing yet for the nervous system. We hope the sport will take hold and more people will take it up," he concludes.

50 years of close ties with Douglass Federation of Women's Clubs sparked founding

A close relationship has existed between Douglass College and the New Jersey State Federation of Women's Clubs since the days when members of the Federation spearheaded the drive that led to the school's founding. The Federation's financial and moral support has continued to play an important role in the history of the college, now celebrating its golden anniversary.

The relationship between Federation and college is believed to be unique in the United States. The New Jersey group is the only State Federation in the country to have played such an important part in the founding of a college.

The Federation's efforts for the college began in 1911, when Mrs. Mabel Smith Douglass, president of the College Club of Jersey City, received an invitation to speak before a district meeting of the State Federation. Her zeal and enthusiasm for a women's college so excited the Federation that it joined with

the College Club to promote the project. Mrs. Douglass was named chairman of the Federation committee on the college and led the fight to establish the women's college. The Federation has supported the college through contributions for building construction, scholarships and prizes and by political action.

Federation Hall, the gift of the Federation, was the first NJC building erected exclusively for academic purposes. Completed in 1922, it now houses the admissions office. At that time the Federation also contributed books and furniture to establish a browsing room for the original school library.

The Music Building, largely the Federation's gift, was completed in 1928. Federation-contributed funds aided substantially in the construction of the original Student Center, completed in 1953. Enlarged in recent years, it is now known as the College Center.

Federation money also helped furnish the

library-study center, which opened in 1961. Through its college committee room fund, the Federation sees to the comfort of Douglass' foreign students by furnishing their dormitory room.

Two \$500 scholarships are awarded annually to freshmen who, following their junior year in high school, have participated in the Citizenship Institute program of the Federation. The Federation runs the Institute, which allows each member club to sponsor one or two high school juniors who attend the one-week citizenship training institute at Douglass College in June. The scholarships go to two participants who are judged to be outstanding.

In addition, the Federation provides general scholarships, special awards in art and drama and music and home economics scholarships. Pan American Exchange Scholarships were established in 1940 to bring South and Central Americans to Douglass. Scholarships donated by the Federation for the 1967-68 school year

totalled \$11,715.

Prizes include a \$50 government bond given as a drama prize to a Douglass or Rutgers student who is judged to have written the best one-act play for actresses. Art awards are given annually to three Douglass seniors majoring in the field.

The Federation sponsors an annual "College Day" in the fall, working with and through the admissions office to bring college-minded students to the campus.

The Federation meets at Douglass occasionally and also is a neighbor of the school, with headquarters located on Clifton Avenue in New Brunswick, at the edge of the Douglass campus on land leased from the State University.

Miss Frances Riche, secretary of the college, is liaison between the college and the Federation.

The close ties between the school and the Federation have never been broken. Today, the 45,456-member Federation continues its active support under the leadership of its current president, Miss Geraldine V. Brown of Keyport.

FAMILY POT LUCK

BY HELEN MALE

When using olive oil for frying or sauteing, place the oil in a completely cold pan or skillet to start, over low heat, warming the oil gradually. Heat can be raised to medium to bring olive oil up to correct frying temperature.

Canadian-style bacon is a tender cut that is cured and smoked. It tastes more like ham than bacon.

Beef bouillon is an excellent liquid to use when braising liver. For a pound of liver, use one-fourth cup bouillon.

Always serve gravy as hot as possible. Use a heated gravy boat to insure the gravy reaches table hot rather than cold.

For a quick dessert, pour one can of red cherry pie filling in a 9-inch cake pan. Sprinkle over filling 1/2 of regular-size yellow cake mix. Pour over the dry mix 1 stick melted butter or oleomargarine. Bake in 350 degree F. oven 20 minutes. Serve with whipped cream or ice cream topping.

Ambrosia Salad
1 12-1/2 ounce can pineapple tidbits, drained
1 11-ounce can mandarin orange sections, drained
1 cup dairy sour cream (1/2 pint)
1 cup miniature marshmallows
1 3-1/2 ounce can flaked coconut
Salad greens

Combine ingredients, reserving a few orange sections and some coconut for a garnish. Serve on crisp salad greens with a garnish of orange sections and coconut. Makes 4 servings.

Job prospect bright for college grads

WASHINGTON — Employment prospects for 1968's college graduates are exceedingly bright, according to the findings of a just-released Department of Labor study. In releasing a summary of job opportunities in several major fields, the Department reported that this year's graduates — over 820,000 of them — still may not be able to fill all career openings offered. More than 670,000 men and women will receive bachelor's degrees and 150,000 will receive advance degrees, representing the largest graduating "class" in U.S. history. As graduation nears, never has there been such a strong, three-way pull for American college graduates — from industry, graduate schools, and the military draft.

Why a family on a budget can afford a KitchenAid dishwasher.

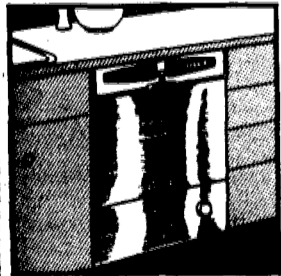

A KitchenAid really gives you your money's worth in three big ways. One. A KitchenAid lasts longer. Many of the dishwashers made as early as 1949 are still going strong. Two. KitchenAid has a fine service record. Many of our customers tell us they have yet to call a serviceman for repair or adjustment of their KitchenAid. Three. You'll be satisfied with a KitchenAid. It does a really good job. You can put your dishes in without hand-rinsing, and they'll come out really clean and dry. It'll hold a whole day's dishes easily. So come in soon and select your KitchenAid dishwasher. They come in many models and styles.

being offered jobs in computer programming, personnel, and merchandising. Increased demand is also reported for liberal arts majors to plan and staff public and private programs dealing with the problems of inner cities and depressed rural areas. Graduates with majors in anthropology, art, drama, English, history, language and philosophy may experience some difficulty in finding suitable employment, particularly if they are unwilling to relocate or to accept positions outside their major fields of study. Negro college graduates are receiving more job offers at higher salary levels than a year ago as employers actively seek Negro graduates to fill openings in virtually all fields of work. Women graduates will find prospects especially bright in mathematics, accounting, data processing, and the natural sciences in addition to their traditional opportunities in teaching, nursing, library work, social work, counseling, and retailing. Recruitment by aerospace

companies is somewhat less active than in recent years but the industry continues to employ large numbers of scientific and technical graduates. Recruitment activity by other industries with military contracts has also slowed. Increased activity is reported, however, in a number of industries, including life insurance, retail trade, data processing, food, and machinery. State, local, and Federal government recruiting remains active. Graduates who are undecided about their careers can turn for guidance to many sources. College libraries and counseling offices are likely to have the Department of Labor's "Occupational Outlook Handbook," a guide to career opportunities in about 700 occupations and 30 major industries. State public employment service offices affiliated with the U.S. Employment Service will provide graduates with information on employment throughout the country. These offices list job openings, indicating the types of workers in demand in specific areas.

VA hospital to cite volunteer workers

Several area residents will be cited Monday at the Annual Volunteer Award Ceremony to be held at Lyons VA Hospital. It was announced this week by Dr. S.T. Ginsberg, director. Volunteers have been active at Lyons since it opened in the early 1930's. The group includes teenagers who serve in a summer and after-school program; retired men who work during the day; men who perform volunteer services after their regular jobs; senior citizens; homemakers, and mothers. Mrs. Frances Boettger of 30 Highland ave., Springfield, of the American Red Cross, will receive a special award for 4,000 hours of service. Certificate of Merit (300 hours of service) —

New St. Benedict's head son of Kenilworth couple

Rev. Ambrose James Clark, O.S.B., a 41-year-old canon lawyer, teacher and writer, has been named headmaster of St. Benedict's Preparatory School, Newark, it was announced this week by Rt. Rev. Martin J. Burne, O.S.B., abbot of St. Mary's Abbey and president of St. Benedict's.

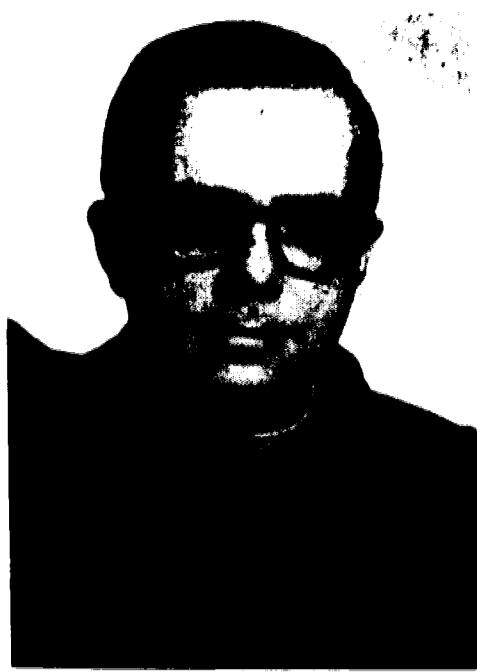

Father Ambrose, an alumnus of St. Benedict's, and the son of Mr. and Mrs. James

P. Clark of Kenilworth, will succeed Rev. Dr. Laurence J. Grassman, O.S.B., who is leaving the post for reasons of health. Father Laurence, who has spent more than a quarter of a century on the faculty at St. Benedict's, had been named headmaster in June of last year.

St. Benedict's, a college preparatory school for boys, is celebrating its 100th anniversary in Newark.

Born in Elizabeth, Father Ambrose received his early education in schools of that city and was graduated from St. Benedict's in 1945. He served his novitiate in the order of St. Benedict at St. Benedict's Abbey in Achinson, Kansas, and was ordained to the priesthood in Newark in 1953.

In 1949 he received a bachelor of arts degree from St. Vincent's College in Latrobe, Pa., and in 1959 a master of arts in the classics from Fordham University in New York.

Rider opens its doors to the needy

Rider College, Trenton, has opened its doors to 10 disadvantaged high school boys and girls who couldn't otherwise afford to attend college.

President Franklin F. Moore announced that the college would be paying tuition and room and board for the students when they enroll as freshmen next fall. Six of them will attend school here this summer.

The four-year program for the students, all Negroes from the New Jersey shore area, will involve an investment by the college of about \$100,000, Dr. Moore reported.

"These are young people who ordinarily don't meet our entrance requirements but seem to have good college potential," Dr. Moore said.

28 horses, riders from eight states in endurance ride

Preliminaries for New Jersey's sixth annual 100-mile endurance ride get under way today with the starting time for the 28 participating horses and their riders from eight states set for 7:30 a.m. tomorrow in Wharton State Forest.

The contest is sponsored jointly by the New Jersey Department of Agriculture, New Jersey Department of Conservation and Economic Development and the Arabian Horse Association of New Jersey.

After two and one-half days on the trail, riders and their mounts will assemble for final judging at noon on Sunday at the ride headquarters, Klitch's Twin Oaks Farm, Ham-monton. Awards and trophies in the various categories will be presented by State Secretary of Agriculture Phillip Alampi.

The ride will be judged 70 per cent on perfect condition of the horse and 30 per cent on correct timing. On each of the first two days, 40 miles must be covered in seven hours. On the last day, 20 miles must be ridden in three hours.

According to Whitney Bowles, who is in charge of the Department of Agriculture's horse and pony program, the competitive trail ride is designed to stimulate greater interest in the breeding and use of good horses, possessed of stamina and hardiness, and qualified to make good mounts for trail use. The first 100-mile ride was held in Vermont in 1935. Five eastern states now hold such contests annually.

ANOTHER SHOW put on for children of the Union-Essex area was presented recently at the National State Bank in Springfield by the DOKK clown unit sponsored by Grante Lodge, Knights of Pythias, of Irvington. known as Dramatic Order, Knights of Khorassan, Higera Temple of Newark, entertains children in hospitals, homes and institutions. Adults, standing from left, are Sam Grossman, Bernard Shaw, Abe Krulowitz, Irving Cohen and Irving Libel. Seated are Meyer Trugman and Ed Walton. (Photo by Abe Keve)

UNICEF to enter new areas of aid

Having helped many countries make substantial gains in disease control in the recent past, UNICEF now hopes to make corresponding progress in helping to alleviate other major problems. UNICEF assistance is also being requested in such areas as community development, day care and family planning. Special attention is being given to children between the ages of one and six. Too young to receive the attention given at schools, they are likely to be neglected when new babies arrive and consequently have a high malnutrition and disease rate.

U.S. alerts employers to age bias ban

WASHINGTON — The worker between the ages of 40 and 65 has a new ally in his fight against arbitrary age discrimination in employment. The Department of Labor has launched an attack against age bias by alerting 500,000 employers, employment agencies, and labor organizations across the country to their new responsibilities beginning June 12. The Age Discrimination in Employment Act goes into effect on that date. The act promotes the hiring of the older worker by prohibiting employers of 25 persons or more in an industry affecting interstate commerce, employment agencies serving such employers, and labor organizations with 25 or more members in an industry affecting interstate commerce from arbitrarily discriminating on the basis of age. The Labor Department notice includes an official poster which must be prominently displayed and which alerts the worker to his rights under the new law; guidelines designed to assist employers, employment agencies, and labor organizations in meeting their new responsibilities; and a letter from the Administrator of the Department's Wage and Hour and Public Contracts Division who is responsible for the enforcement of the Act. Information about the Age Discrimination in Employment Act, including copies of the notice to employers, employment agencies, and labor organizations is available from the Divisions offices located in more than 100 U.S. Cities or from the Wage and Hour and Public Contracts Divisions, Department of Labor, Washington, D.C. 20210.

Train to explore underwater sites

A course of background training for young archaeologists who have been specializing in underwater exploration of ancient wrecks and sites started recently at London University's Institute of Archaeology. Experts will instruct the archaeologists on the structure of vessels and areas they may be exploring, and how to conserve finds. The course is intended to prepare the underwater archaeologists for their summer programme of exploration.

BY AMY ADAMS

Dear Amy:

About six months ago I was going with a boy who was in a small motorcycle gang. We had a lot of fun and excitement. Then, about four months ago, the gang was broken up because of some of the kids' parents.

The boy I was going with was sent to live with an aunt in another town. He was on probation then and still is as far as I know.

Since the gang has broken up, I feel so lonely. I long for the good times and kind of life I had. I'm not even as interested in boys as I once was. I'm only interested in the fun of a motorcycle gang. How can I forget all this? I love it so much, especially motorcycles. I'm 16.

Lonely

Keep off the "wheels" and stay in the "heels" and you'll eventually find some boys just as interesting as the former group you traveled with -- and I hope, in less trouble. Just give it time!

Dear Amy:

I've had a very miserable married life. Then he met some one where he worked. To make the long story short, he asked for a divorce. I didn't contest it. He married her, and now he has buried her.

He keeps calling me at all hours. Just how can he be discouraged? I certainly don't intend to take him back. Never!

Ex-Mrs.

Contact the lawyer who handled your divorce. He has the legal answer.

Dear Amy:

From 1963 to 1965 I was going steady with a girl for 18 months during the three years, and then she broke up with me. She got married and was married for two years, but finally that ended in divorce. And then we went back together again.

She told me she loved me and I told her the same . . . and meant it, as she did. She went to Washington and would be gone for about two weeks, but she said she would write

me every day. Well, it's been two weeks and three days and not a word.

The thing is I do love her and want her for my wife, but I do not want to be a "sucker". Not a Word

Dear Amy:

It seems that your girlfriend says one thing but does another. So I can only assume she does not mean what she says. When she returns home, and if she gets around to finally contacting you, get this straightened out with her. Because if she is so insincere about keeping her word, I don't think she would make you a very good wife.

Dear Amy:

I have nothing against our men fighting in Viet Nam for our country, but I believe when their one year tour of duty is up, they should be allowed to come home.

We have a very close friend stationed in Dong Ha. He was supposed to come home on the 11th of April. But I received word that he has not gotten any of his leave papers. This morning we heard that the base was hit by the Viet Cong. Fifteen of our men were killed. We haven't heard as yet if he was one of the casualties or not.

What I want to know is why the Marines keep our men there after their tour is up? He should have left there two weeks ago.

Mrs. Sue Ecklund

Dear Sue:

The boys serving in Viet Nam are supposed to be rotated to the States when their tour

of duty is complete. Perhaps there are extenuating circumstances in his case which has delayed his homecoming.

Don't wait any longer. Your Congressman should be contacted immediately to see why he has not arrived home.

I pray that he is not one of the casualties.

Albert Finney, who makes his directorial bow in "Charlie Bubbles," new adult film, which opened yesterday at the Ormont Theater, East Orange, also stars in the film, Lisa Minelli co-stars, with Colin Blakely and Billie Whitelaw in supporting roles.

The star of "Tom Jones" plays the title role in the Regional Film in Technicolor, as that of a sophisticated, successful and bored author determined to make drastic changes in his life.

MIKE DOUGLAS AND PEARL BAILEY, two of the hottest names in show business, have just recorded a new song, "Do Unto Others" and on the flip side "Young At Heart" on Project 3 Records (PR-45-1335). Cut out this picture and leave it on your parents' pillow.

(They might take the hint.)

We admit it. A Royal typewriter isn't the same as getting a trip abroad. But you can put in your bid for that as a post-college kind of thing.

Meanwhile, nothing, but absolutely nothing, is going to be a bigger help to you than a Royal.

Face facts, friends. College doesn't have that old personal touch. Your professors don't always know all your endearing qualities. They're only interested in neat work. Well thought out neat work.

It's well thought out TYPED neat work.

Besides. Royal typewriters aren't just for working on. Even love poems are perfectly acceptable typed. (Especially if you have shaky handwriting.)

Letters only take about four minutes to write with a Royal at your finger tips. And you've never heard of a Handwritten Great American Novel.

Forget that Royal typewriters are fantastically accepted by the Establishment. You're smart enough to realize a typewriter can be groovy, too.

Want to bet your parents will leap at the chance to buy you a Royal? Try them. (Royals and parents.)

By the way, congratulations. You'll love college, a lot.

Colonial Social Club sets meeting tonight in Union

The Colonial Social Club of Union will hold its regular meeting tonight at 8:30 at the home of the Union Elks, 395 Chestnut st. Bob Smith, president, has announced that plans for the group's annual dance and picnic will be formulated. Trevor Edwards, chairman, has announced that tickets for one of the New York Mets Game in June will be available.

The meeting tonight will be Ladies' Night. Refreshments will be served.

Favorable outlook for spring crop

Weather conditions so far this spring have been quite favorable for New Jersey grown produce, says Anne L. Sheelen, County Home economist. If the favorable weather continues, it will be a summer of good quality fresh fruits and vegetables.

Asparagus, spinach, strawberries and rhubarb are four New Jersey products which should receive careful watching in the weeks ahead. All of these are coming to market a little earlier than usual.

Asparagus should reach its peak around Memorial Day and continue in the market until the end of June. Even during its height in production, however, asparagus is one of the higher priced vegetables. The main reason for this is that it is difficult to harvest. The spears have a rapid and irregular growth which make it difficult to use mechanical harvesting equipment. Testing of newly designed equipment is now being conducted, which may help to eliminate this condition in the future.

The spinach crop from New Jersey is expected to be about 10 percent higher than last year. Because spinach is well iced during shipping, it is usually crisp and in excellent condition in the market. For menu variety, serve raw spinach in your spring salads. It offers a unique color, flavor, and texture contrast.

Good supplies of New Jersey strawberries should be in the market about May 25. When choosing strawberries, look for ones with a full red color and a bright luster. Small to medium sized berries are usually a better flavor choice than the larger ones and are of excellent eating quality.

Rhubarb will appear on the market at about the same time as the strawberries. Take advantage of the situation when it happens and prepare a delightful Strawberry-Rhubarb Pie. It is a special treat available only once a year.

Service projects planned this year for Teen Caravan

Rabbi Joseph Lichtman, director of Teen Caravan, a summer camp project sponsored by the Eastern Union County YM-YWHA, Green Lane, Union, for boys and girls in grades nine and 10, announced plans for a Special Service Project which will take place each Monday during the seven-week season of the camp.

Plans are being made, Rabbi Lichtman said, to place volunteers in the various departments of St. Elizabeth Hospital, the Summer of Service Program, the CAFEO, a federal program and a Y-HO-CA program, another "Y" camp project. Children wishing to work for the day campers in Y-HO-CA will be involved in planning dramatic productions and two editions of a newspaper with special emphasis on Y-HO-CA.

The innovation of the Service Project is voluntary for all campers and is included in the summer program at no additional charge. A limited number of places are still available and registration may be made by calling the "Y" at 289-8112.

Boy Scouts to conduct camporee next weekend

More than 1,000 Boy Scouts and their adult leaders will participate in the "SHOW-O-REE, BSA" camporee May 24-26 at Bier-tuempfel Park in Union according to Walter G. Momm, district activities chairman. The Scouts will represent 18 troops in the Northern District of Union Council, of Union and Springfield.

The Scouts will pitch their campsites on Friday evening. Following the opening ceremony on Saturday morning, Cub Scouts will demonstrate activity badge requirements in booths while the Scout troops will construct gateway projects. In the afternoon, a competitive Scoutcraft rally will be held. Boys will compete in flap-jack baking, tent pitching, tug-of-war, roman chariot races, rapid dressing relay and other action contests, Momm said.

At 6 p.m. on Saturday, a "western-style bar-b-que," including the roasting of beef quarters will begin. A representative player from the New York Giants and New York Jets will be present to meet the Scouts and to participate in the campfire program scheduled for 8 p.m. Saturday. Representatives of local township committees will join Mayor F. Edward Bieruempfel of Union in the inspection of the units before the campfire program.

Church services on the campsite will be followed by an advancement session on Sunday morning. Closing ceremony, with the presentation of awards, will be held Sunday at 11 a.m., Momm said.

Assisting Momm on the committee will be Harry Morgan, Frank Gundaker, Louis Ver-rone, Jack Gill, Wes Slifer, LeRoy Compton, all of Union, and Eugene Finney and Herbert Handschuch of Springfield.

The troops planning to participate include: Troop 62, F. Gaudineer School, PTA, Spring-

field; Troop 63, Washington School, Union; Troop 64, Hamilton School, Union; Troop 65, Franklin School, Union; Troop 66, Lion's Club of Springfield; Troop 67, Battle Hill School, Union; Troop 68, Connecticut Farms Presbyterian Church, Union; Troop 69, St. Michael's Church, Union; Troop 70, First Presbyterian Church, Springfield; Troop 71, Lion's Club of Union; Troop 73, St. James's Church, Springfield; Troop 85, Holy Spirit Church, Union; and Troop 167, Connecticut Farms School, Union.

Volkswagen's automatic stick shift. It's easier to use than it is to say.
It's quite a mouthful, isn't it? But once you get by the name, the rest is easy. There isn't a clutch pedal to contend with. And for all practical purposes, you can drive everywhere without shifting. On the highway, you shift once. (This is like an overdrive: you go faster, your engine goes slower, and your automatic bug won't turn into an automatic hog.) And when the going gets rough (like up a ridiculously steep hill), you can shift into low. What could be simpler? One thing: the automatic stick shift is an option. So you'll have to pay a little more. But compared to other automatics, it's a bargain. Because with every automatic stick shift, we include a remarkable money-saving device: A Volkswagen.
