PROFILE--Lt. Vincent Brinkerhoff

(NOTE: This is the second in a series of profiles on the various candidates for national and county offices this year.)

Lt. Vincent L. Brinkerhoff of the Cranford Police Department is thankful for the experience he has gained in running for state and national offices in the Veterans of Foreign Wars. Chances are he'll need it, too. The Cranford Republican is running against Ralph

Oriscello for Union County sheriff.
Oriscello has held the post since 1959 and ever since then has proved to be a formidable foe at the polls, each time gaining more votes than before.

But Brinkerhoff is unperturbed, 'I'm hopeful and confident," he says of the election in November. "I don't think anybody is invin-

This is Brinkerhoff's first try for public office. Earlier this year, he said, he was contacted by the GOP county screening committee and was sounded out on the possibility of running against Oriscello. At first he wasn't sure about running, but "the more I thought about it, the more I liked the idea."

THE 46-YEAR-OLD POLICE officer said his approach to the office would be that of a younger man. Although he is 11 years Oriscello's junior, he has ample experience. Brinkerhoff is a 22-year man with the Cranford Police Department. He joined the municipal department in 1947 after he was honorably discharged from the Marine Corps. In 1955 he was promoted to the rank of sergeant.

Four years ago he was elevated to lieutenant. His current duties include general super-vision of the department, Although he is out in the patrol car most of the time he is often behind a desk taking care of the various

administrative duties within the department.
When appointed lieutenant in 1964 he was also named human relations and public relations officer for the department, in the human relations post he deals largely with minority groups, spending much of his time investigating and answering complaints and criticisms

against the department.
Brinkerhoff noted that there is "not much of a problem in Cranford. We try to make sure nothing happens." He has attended workshops and seminars in the past four years on police and human relations work in an effort to prevent disturbances that might arise out

of complaints against the department. The department often receives "crank comabout police organization, but he added there are some legitimate criticisms as well. "The police aren't infallible," he

A NEW ADVANCE in penology, allowing minor violators being held in county jails or state prisons to be released weekdays so they may work at their regular jobs and then return at night and weekends, is supported by the aspiring sheriff. He feels the new law, recently approved by the State Senate and Assembly, would assist in the rehabilitation of the minor violators because they would

15 years in system; 3rd musician to leave

Aden Lewis, musical director of the Mountainside school system, has submitted his resignation after 15 years of service, Dr. Levin B. Hanigan, superintendent of schools, announced at the board of education meeting on Thursday evening at the Beechwood School.

Dr. Hannigan said that Lewis has been wanting to teach in the college field for the past eight years but has stayed on because he felt the local school system had much to offer, 'but felt the time had come to make his

Lewis is the third music teacher to resign this year. Joseph Petrullo resigned earlier this year, and Mrs. Joan Montgomery, who had taught instrumental music in grades four and five, is resigning to join Petrullo in the Springfield school system. Mrs. Montgomery stated in her letter of resignation that she will have more facilities to work with in the Springfield schools and since she wants to teach only strings, that opportunity has been

Dr. Hanigan also said that of the 14 teachers leaving the system this year, all but one had been replaced. He stated, "One cannot really say that 14 are leaving, as one teacher retired and another is on maternity leave. Every year we have about the same percentage of teachers leaving. Last year the number was 11, so we think with only one more this year, we are

Meeting held by Volunteers for McCarthy

A meeting of the Mountainside Volunteers for McCarthy was held Sunday evening at the home of the co-chairman, Robert H. Jaffe.

The group prepared announcements of the activities to be pursued before the August Democratic convention. Telegrams and letters are being sent by the steering committee and other supporters to uncommitted dele-gates, urging them to "hold an open conven-tion responsive to popular sentiment" and to give McCarthy "fair representation" on convention committees.

Mrs. Richard Fork, co-chairman, announced

that a group of Mountainside supporters would be present at the East Brunswick delegates' meeting today to talk to delegates and "indicate the widespread support from independents, Republicans and Democrats that McCarthy would receive if nominated.

It is the opinion of the McCarthy volun-teers that only McCarthy could swing a broad group of voters and thus unite this country, Mrs. Fork declared.

Education board to move Monday

The Mountainside Board of Education will move to its new permanent headquarters in the first floor front of the Echobrook School next Monday, John J. McDonough, board secretary, announced this week.

McDonough said that the move from the present quarters in the Professional Building on Rt. 22 was motivated to save the taxpayers the rental fee. Monday through Friday hours will continue from 8:30 to 4 p.m., and the present telephone number of the board will be main-

The swim team of Mountainside's Municipal pool defeated Manor Park of Westfield, 133-98, in its first meet held Saturday at Manor Park. Borough youngsters placed first in five of the 10 relay races for the various age groups. They also captured 12-other first places, 11 seconds and six thirds. Dick Joyce, swim coach, said he was exuberant with the victory and hopes "our meet next Saturday at Beacon Hill is as victorious."

Robert Ventura captured first place in the free style race for boys eight and under, while John Irwin placed third. Lindsay Weeks took first place in that age group and Sharon Grace was second. The Weeks and Grace girls, joined by Cindy Geiger and Christine Picut, placed

first in the relay in that age group.
In the 9-10 free style division, Richard Coe

Fifteen Mountainside residents are among 804 students enrolled in the day and evening sessions of Union College's annual summer

session, which continues through Aug. 2.

More than half of the students enrolled in the summer session are from colleges and universities other than Union College, Prof. Farris S. Swackhamer, director, reported. About 200 colleges and universities are represented in this year's summer session, about 50 more than a year ago. This is the largest enrollment in the 35-year history of Union College.

According to the Mountainside Police De-partment, Elbert Parrott, 21, of Plainfield, driver of the pick-up truck, stated he was driving east on the fast lane, when an uni-dentified woman in a car in front of him stopped short, causing him to slam on his

breaks and jump the center isle.

William F. Moss, 25, of Roselle Park, alone
in his car, driving west in the left lane was
unable to stop his car in time to avoid being struck head-on by the truck.

Sgt. William Lenehan and Patrolman Steven Semancik investigated the accident, which took place in the early morning hours of July 3 in front of the Addresograph Multigraph build-ing. They said that both men were taken to Overlook Hospital by the Mountainside Rescue Squad. Merchant marine shipboard training for Erik Nielsen

Erik Christian Nielsen, 21, son of Mr. and Mrs. Erik C.M. Nielsen of 219 Glen rd., Mountainside, is aboard the S.S. Pioneer Moor as an apprentice engineer under a program of the Calhoun Marine Engineers' Beneficial Association Engineering School of Baltimore, according to an announcement this week.

Nielsen, a graduate of Gov. Livingston Regional High School, enrolled in the Calhoun Engineering School in November of 1967 and is now undergoing his shipboard training. Upon completion, he will return to the school for six more months of classroom study and then sit before a Coast Guard board in examination for his third engineer's license. Upon receipt of that, he will have the opportunity to go to

sea as a full-fledged marine engineer. The school was established in October of 1967 by the national MEBA to relieve the shortage of licensed engineers aboard American-flag merchant vessels. It is financed by the shipowners, in an arrangement with the

engineers' union. Roy Luebbe, director, said that the twoyear crash course, which begins with six months of classroom training, is open to all high school graduates or those able to pass the high school equivalent examination. Any youth between the ages of 18 to 25, interested in joining the program, which provides lodging and meals and pay of \$200 per month during training, should contact him at 9 Light st

Police. Since then he has furthered his education by taking courses in police science and attending various police academies. He is a graduate of the Union County Police Academy. He ranked first in his class at the State Police Academy when it was located in Treuton, in 1951. He was a member of the academy's second graduating class. He also attended Delchanty Institute in New York City to study police science and the University of Maryland for courses in police supervision. He has also participated in various FBI, state and local workshops on chemical testing, weapons and other law enforcement techniques.

AN ATHLETE IN HIS YOUTH at Cranford High School where he was a varsity member of the football, baseball and basketball teams, Brinkerhoff limits himself to golf and bowling today, He says he is only "an average player" in both sports. He wishes that his scores in these two sports were sometimes reversed. He was also a member of two semi-professional teams, the Cranford Collegians football squad and the Cranford Athletic Club baseball

Much of his free time is spent in Veterans of Foreign Wars activities. He is active in Capt. Newell Rodney Fiske Post 335 of the VFW in Cranford, He has served as the post's commander. The Cranford police officer has also been Union Council commander and Fifth District commander, He was state VFW commander in 1966-67.

He is now serving as representative to the VFW national executive board for New Jersey and Maryland. He is also a member of the American Legion.

Brinkerhoff says he probably had more to do with the passage of the New Jersey law giving veterans a \$50 exemption on local property taxes than anybody except the legislators. He helped get this veterans' benefit into law while serving as legislative officer for the New Jersey VFW.

HE IS CURRENTLY SERVING as volunteer chairman for the 1968 multiple sclerosis drive in Union County. His duties in that capacity include organizing the annual fund drive for the county chapter of the MS Society.

Brinkerhoff, a widower, has three daughters, all products of the Cranford school system. Dale, 21, is a graduate of Cranford High School and works in the township. Dana, 16, will be a senior at the high school in

Shaving the Brinkerhoff residence in Cranford are two pets: A short-haired St. Bernard and a Siamese cat. The dog, only seven months old, refuses to stay outdoors at night, Brinkerhoff said. Before the St. Bernard joined the family the cat was "queen of the house" and appeared a bit resentful of the dog. Now, the Police officer said, "they ignore each other."
A popular master of ceremonies at area

events, Brinkerhoff is MC at softball games of the Cranford Police Department and throughout the county. He enjoys public speaking and delivers lectures each term at the Union County Police Academy on topics such as drunkometer testing and the handling of complaints and criticisms.

One of his own major criticisms of law enforcement today is that "there seems to be more concern with the perpetrators of crimes than the victims." He says one of the reasons for this emphasis, which he believes to be misguided, is recent rulings of the Supreme Court. While he believes the court to be well within its rights in handing down such decisions, he says some of the court's rulings have "made it difficult for the police. We can handle it, but the court in some areas has made it hard for us to function." The licutenant would rather see the decisions of the court written into the Constitution than be handed down from the courtroom.

Brinkerhoff hopes for further expansion of cooperation between the various law enforcement agencies in the county. He said the sheriff should make available equipment and facilities to local departments whenever possible,

Professionalism, he insisted, should be the main attribute of a sheriff. As a professional, Brinkerhoff feels election as sheriff "would be an advancement . . . for one in my profes-

In breaking down the reasons for the teachers' leaving, Dr. Hanigan said that three have left for other positions, two for promotions in other systems, three are moving to other areas of the country and two have resigned for personal reasons—one because the pressure of home and professional life was too much and one who was being married and moving to Massachusetts.

THE SUPERINTENDENT reported that the new summer school outdoor science program was progressing well and that it was being shared with groups of children from Plainfield, whose community was paying for their attendance. However, there have been some minor problems the superintendent said, and the Mountainside PTA will hold a discussion with parents of the children of both communi-ties so that the small differences can be resolved. The meeting will be held tonight at 7:30 at the Echobrook School.

Grant Lennox, board president, reported that the improvements and additions to the buildings and grounds of all community schools were proceeding at a rate which would insure completion of all facilities for the September

opening.
In other business, approval was granted for the president and secretary to enter into an easement agreement with Public Service Electric and Gas Co., covering a new trans-former pad installation at the Deerfield

This blind man can hear and > understand a 60-minute speech in 30 minutes.

If you've ever played a 331/3 rpm record on 78 rpm, you know what happens. The voice speed is more than doubled, but the result is a high-pitched, squeaky babble. Bell Telephone Laboratories has eliminated the high pitch, the squeak and the babble. They have developed an electronic device (the harmonic compressor) which permits the recording of the human voice at twice its normal speed without any distortion whatsoever.

This process is actually a hearing equivalent for speed-reading. And that means everyone, but most especially the blind, will one day have a meaningful substitute for speed-reading. The uses for compressed speech, as it is called, are numerous.

In the not too distant future, textbooks, news articles, even novels and other fictional material could be recorded with the Bell Telephone process, and "speed-heard" with perfect understanding by the trained listener. For these reasons and many others, the American Foundation for the Blind in cooperation with Bell Telephone Laboratories is now studying the possible use of compressed speech in its tape and disc recording programs for the blind.

Master's degree awarded Calvano

A master's degree in management has been awarded to Eugene T. Calvano of 1119 Sawmill rd., Mountainside, by the Rensselaer Polytechnic Institute, Troy, N.Y., it was an-

nounced this week.

Calvano was among the more than 1,300 students who received bachelor's, master's and doctor's degrees at the university's 162nd commencement exercises which were held on

Rensselaer was founded as a school for science and engineering in 1824, but has expanded to include programs in architecture, management, the humanities and social sciences. It is the oldest school of engineering in the English-speaking world, according to a spokesman for the university.

The trend to earlier retirement and more leisure time has led to a surging "second home" market in New Jersey and neighboring states.

This is evidenced by lake and shore communities offering weekend or vacation living..or all-year living for many retired persons.

A selection of these homes and homesites will be featured each week for the next few months in this newspaper.

MOSCOW, USSR - Last week the American journalists with Novosti Press Agency hosted the activities of the agency, a non-government organization engaged in disseminating information on a commercial basis both inside the Soviet Union and abroad, The scope of the agency's work can be judged by the fact that it maintains contacts with more than 100 countries on all the

American guests in the Soviet Journalists' Union. The reception was attended by Alexander Yefremov, secretary of the Union; journalists from Prayda and Livestia: from the Novoye Vremya and Za Rubezhom weeklies; representa-tives of Novosti Press Agency, and Tass. On that day the guests also visited the Pravda editorial offices and printing facilities. Earlier a reception was

International peace, the responsibility of journalists to their readers, the need to develop mutual understanding -- these were the main subjects of conversations between the Soviet and American newspapermen. The guests, who as they put it, came to the USSR to get firsthand information, asked who owns the Soviet press, radio and television, who manages Soviet printed organs and who shapes their policy. They also discussed the economic aspect of the Soviet press. The American guests learned, for instance, that part of the profit made by Prayda, the most widely read paper in this country, goes to the Communist Party, whose organ the paper is. Fund will offer aid to leukemia patient

A \$100,000 fund providing complete service care to the leukemia patient has been es-tablished by the New Jersey Division of the American Cancer Society, it was announced this week by Charles J. Buesing of Red Bank, chairman of the Division's Finance Com-

The program, initiated July 1, will include payment of all medications, processing of blood, in-patient care in hospitals when not covered by insurance, housing of family member near treatment center when patient is a child, care at home as necessary for administering blood, nursing care and trans-

Financial aid will be offered at a maximum of \$1,000 per patient with the stipulation that all patient services be performed in the state of New Jersey.

'The nature of this illness puts a great strain on the patient's family, causing both a financial and an emotional drain. This pilot leukemia service project will be conducted on an experimental basis for one year, and we hope the plan can be established as a permanent program to aid leukemia patients, Buesing said.

The county level of the American Cancer Society will be the seat of operation for the program and the Executive Committee Chairman, who is always a physician, will be responsible for approving services to the patient

Property taxes increase at top \$1.5 billion in state

Aggregate local property tax levies in New Jersey topped one and one-half billion dollars this year for the first time.

This amount was a seven and one-half percent increase over 1967 totals. It compared with a record 13.5 percent rise last year. according to compilations released by the New Jersey Taxpayers Association.

Local property levies are the chief support of more than 1,150 school district, county and municipal units of government in the State. They total \$1,553,020,546 this year, or \$108,369,458 more than 1967.

Levies for school purposes rose nearly 13 percent this year to \$839.1 million, while the levies for county purposes were almost 17 percent higher at \$307.4 million.

For the first time in recent years, however, levies for municipal purposes, only, showed a decline. The 1968 municipal total was \$372.7 million as compared with a record high of \$404.7 million the year before. The \$32 million decline in levies for municipal purposes was attributed to the return of more than \$101 million to municipalities under the state's business personal property replacement program enacted in 1966.

NJTA said that the reduction in municipal levies by \$32 million indicates that the \$69.4 million balance of the \$101.4 million replacement tax revenue was used largely by municipalities for appropriation increases, including transfer of funds to school districts by a number of municipalities. This latter action served in these districts to offset in part tax rate increases for school purposes caused by removal of business personal prop-

erty from the local property tax base. Under the 1966 replacement program, the Association explained, the state returned to each municipality the highest amount levied by the municipality in the years 1964, 1965 or 1966 on business personal property - ma-chinery and equipment and inventories. The Legislature this month added 1967 to the other three years, which will cost the State Treasury an additional \$5.4 million for reimbursement to certain municipalities.

State reimbursement was geared to repeal of inventory taxation, state assumption of the responsibility for administering the taxation of business machinery and equipment at a uniform state tax rate, imposition of new taxes on retail gross receipts and unincorporated business, a one and one-half percent increase in the corporation net income tax

Dr. Hanigan announces speech therapy program

A last-minute change has made speech therapy available in the summer school program, Dr. Levin B. Hanigan, superintendent of Mountainside schools, announced last week. Dr. Hanigan also reminded parents in the community that literature for grades one and two, reading for grades three and four and outdoor science classes are filled to capacity, but that there are a few openings still available in other

Outdoor science will be based at the Echobrook School this year, because the students will be out in the field most of the time and regular, everyday classroom space is at a premium. By placing this group at the Echo-brook School, two more classrooms will be available at Beechwood for other subjects.

In other matters pertaining to summer school, Dr. Hanigan said that the pre-school classes of one-and-one-half hours have not received as much parent interest as they deserve. "Our experience in the past," he commented, "indicates that those children who will be kindergarteners in the fall profit tremendously by the opportunity of getting familiar with school routine, being exposed to music, art, rhythms, following directions, taking turns, stimulating language development activities, number games and story hours, come to school as veterans in the fall. Their adjustment is aided by summer experience."

In recommending both programs highly, the uperintendent said, "Post-kindergarten serves as a fine introduction to the important first grade program. In the fall, these children proceed easily into the opening phases of the regular reading, language and math activi-

In a summary of the past year Dr. Hanigan stated:

"NOW THAT the school year 1967-68 has passed into the record books, a backward look may be in order. This has been generally a good school year, although the new construc-tion at Deerfield School has given us many problems. Lack of adequate parking inconvenienced staff members and parents to some degree, A temporary driveway from Saw Mill road produced mud, water, chuck holes and hazardous walking. Driving, too, was a little precarious, and one never knew just how deeply his car was going to sink in the

"Restricted playground areas and overcrowded lunchroom facilities gave rise to a larger than usual number of disciplinary cases. Yet, it could have been much worse. The patience and understanding of most students, parents, and teachers were indeed commendable. With their help, the whole year

passed without any 'federal cases.'

"At this point we are looking forward with pleasant anticipation to the use of the new facilities at Deerfield School. There will be more room to spread out and do our basic educational program with a reasonable degree educational program with a reasonable degree of comfort. The other phases - instrumental music, typing, foreign language, seminar discussion and independent study rooms, and opportunities for strong students to pursue more science, math, social studies, and English materials in a lab setup - still require additional facilities and staff.

"Our math and English programs throughout the grades have been strengthened and

out the grades have been strengthened, and better test results support the changes. The human growth and development phase of our health education program in grades six, seven, and eight finished its first full year successfully. Next year grades K-5 will be included, and new instructional materials have been

"More attention has been given to controversial issues in social studies, and critical thinking has become one of the major goals the program. Student revolt, civil rights, law and order breakdown, assassinations of Sen. Robert Kennedy and Dr. Martin Luther King, the Poor Peoples' March, and other similar open-ended items have been discussed thoroughly with the students.

'Individualized instruction in basic subjects of reading, spelling, math and English has been highlighted. Diagnosis of learning problems and formulation of programs de-signed to overcome deficiencies noted in the diagnoses have occupied a major part of teacher time. Test results and school librarian reports continue to indicate a strong reading instructional program and a good carry-over

into good personal book selection.
"So all in all, I'm satisfied with the 1967-68 school year."

A UNIQUE COMBINATION

There are virtually endless flavors and com-

binations to choose among.

One suggestion is Amalfi Salad, recipe given

below. It is a near relative to an Italian

Antipasto. It consists of marinated cooked

potato slices, marinated artichoke hearts, anchovies, olives, tomato wedges and hard-

cooked egg halves arranged on a bed of greens.

The ingredients featured in the recipe are only a guide. The preparation of this salad can

result in a creative experience. Add or subtract

the ingredients according to the food preferences of your family. Try to achieve a colorful

arrangement, however, and a unique flavor

additions or substitutions.

Sprinkle potatoes with salt and pepper; marinate in 1/2 cup salad dressing. Drain artichoke hearts well; marinate in 3 tablespoons dressing. Line platter with salad greens; arrange potatoes and artichoke hearts, olives, tomato wedges and egg halves in sections on greens. Garnish artichoke hearts with anchovies; sprinkle potatoes with chopped parsley. Serve with additional salad dressing.
YIELD: Four servings.

Boys and girls, from toddlers to teenagers, began taking part in the programs that will couple supervised recreation and instruction in diversified arts and crafts, indoor and outdoor games and swimming.

Daily indoor swim programs for various age groups were set up by "Happy" Pezzia, the "Y" athletic director, with Miss Roberta Jacobson as swim director.

The "Y's" arts and crafts department is one of the most popular attractions for both boys and girls, a spokesman said.

Directed by Nicky Glassman, the department offers instruction to 10 groups of boys and girls, totaling some 300 daily, in classes running from 9 a.m. to 4 p.m.

The children work with wood, plaster, card-board, pine cones, sea shells, buttons and collar stays in turning out a variety of articles that are placed on exhibition as the classes progress.

Four of the "Y's" camp projects, STEP, for the boys and girls in grades seven and eight; Teen Caravans, for boys and girls in grades nine and 10; Camp Canone, for boys and girls three and four years old, and Camp Y-HO-CA, for boys and girls ages five through ll, will run for seven weeks.

For a week, Aug. 19-25, Camp Wi-Away will offer overnight camping in a country setting for boys and girls eight through 11 years old, as will Tween-Away provide camping experience during the same period for boys and girls 11-14.

Some vacancies exist in the last three weeks of the camping season, the spokesman said,

Movie at Millburn now in 23rd week

The Joseph E. Levine presentation, "The Graduate," an Embassy Pictures release in Panavision and Technicolor, continues for its 23rd week at the Millburn Cinema, Millburn and its fourth week at the Regent Theater, Elizabeth, and Route 4 Drive-in, Paramus.
The picture, which stars Anne Bancroft, Katharine Ross and Dustin Hoffman, was directed by Mike Nichols, who won an Academy Award for Best Director of the Year for "The Graduate."

Arts Center lists `rock symphony'

A unique combination -- The American Symphony Orchestra and The Rascals, one of the nation's top "rock" groups -- will team up for the world premiere of a new symphonic work at the Garden State Arts Center today. Leopold Stokowski is music director of the American Symphony Orchestra which will be

conducted by Joseph Eger. The symphonic work, written by Charles Morrow and titled, "Groovin"/Do You Feel It," was commissioned by Eger for The Rascals

especially for the 9 p.m. performance. Information on tickets available for this world premiere and a nearby Garden State Arts Center ticket outlet may be obtained by phoning 264-9200. The Garden State Arts Center is located between Exits 114 and 117 on

`Midnight Ride' limited at Paper Mill Playhouse

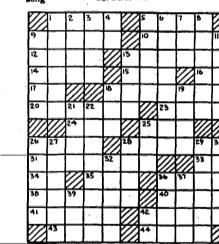

Originally scheduled to run through July 28, the pre-Broadway comedy, "The Midnight Ride Of Alvin Blum," will remain at Paper Mill Playhouse in Millburn until Sunday. The comedy stars Harvey Stone.

It was announced that theatergoers now

holding tickets for performances from July 16 until July 28 may exchange their reservations for an earlier date or receive a refund at the Paper Mill box office.

`Doctor Dolittle' starts third week

About seven months before the scheduled start of production on "Doctor Dolittle," 20th Century-Fox film, which started its third week vesterday at the Bellevue Theater, Upper Montclair, animal training began at Jungleland, Thousand Oaks, Calif.

The training was under the personal super-vision of Roy G. Kabat, Another group of animals began training in England some time later.

Locations were scouted and agreed upon, with the principal ones the beautiful village of Castle Combe in England to become Peddleby-On-The Marsh, and the British West Indian island of Santa Lucia to become the floating Sea Star Island.

Rex Harrison is starred in the title role, with Samantha Eggar as Emma Fairfax, Anthony Newley as Matthew Mugg, Richard Attenborough as Albert Blossom, the circus owner, and Peter Bull as the cantankerous General Bellowes.

'Best actress' stars in Ormont picture

Pia Degermark, who stars in "Elvira Madigan," Swedish film, which is being held over for a third week at the Ormont Theater, East Orange, garnered a Best Acress Award at the Cannes Film Festival for her role in the picture. Thommy Berggren plays her young lover in a movie based on a true love story which was filmed where it actually happened. "Elvira Madigan" was written and directed

by Bo Widerberg.

Choral group has opening for parts

The Masterwork Chorus is now inviting applications for membership from those who would like to sing with the group when it opens its 14th season in September, Summer auditions are planned for prospective members so that they can begin rehearsal in the fall as full members of the organization. There

are openings in all voice parts.
Included on the Masterwork schedule for the 1968-69 season are performances of Pur-cell's "Fairy Queen," Handel's "Messiah," and Orff's "Carmina Burana" at Philharmonic Hall, as well as other concerts in Carnegie Hall and the northern New Jersey area.

People wishing to obtain further information

about chorus membership, or to register for summer auditions, may call the Masterwork office at 738 Speedwell avenue, Morris Plains; phone 201-538-1860.

Mamie Van Doren set for Meadowbrook stage

Mamie Van Doren and Reginald Gardiner will star with Irving Harmon in 'Those Fabulous Follies," opening at the Meadowbrrok Dinner Theater, Cedar Grove, Tuesday. The Gary McHugh, Carl Sawyer and John Beaumont production, which will contain an assortment of comedy skits, blackouts and a half-dozen chorus girls "a la burlesque," will play Tuesdays through Saturdays through Aug.
