# HIGHLANDERS BERKELEY HEIGHTS NU ME UNION COUNTY DEG H.S. D.

WINNERS AGAIN - The Highlander Bands of Gov. Livingston Regional High School captured first place in competition at the Elks parade recently in Atlantic City. The Highlander marching unit, directed by Daniel Kopcha, includes the band, band front, pipers and dancers. The Highlander Bands represented Burlington Lodge 996. They ended the season with a 2½year record of being undefeated in all competition.

# A 'voyage to darkness' Eclipse to be viewed at sea

Mountainside residents will be on the staff and among the passengers when a luxurious floating observatory embarks on a "Voyage to Darkness" expedition tomorrow to observe one of the most widely-heralded natural spectacles of modern times — the June 30 total eclipse of the sun.

Departing from New York City, 1800 passengers aboard the P&O Line's Canberra will cruise off the coast of Mauritania, Weat' Africa, where they will rendezvous at sea with eclipse totality. The cruise will last 15 days.

Jack Platt of Mountainside, former chair-

Jack Platt of Mountainside, former chairman of the music department of Newark State College, Union, will be the director of the

#### Services are held for Eric Dornfield, victim of crash, 16

Funeral services were held Sunday for Eric Dornfield, 16, of 443 New Providence rd., Mountainside, who died last Thursday of injuries he received in a one-car crash in Gillette.

According to police, Dornfield and three other 16-year-old youths were in a car which went out of control on a curve on Long Hill road, rolled over and burst into flames. The other youths, identified as William Dutton of 1157 Ridge dr., Mountainside, and two boys from Staten Island, escaped injury. Dornfield died at Morristown Memorial Hospital.

A student at Jonathan Dayton Regional High School in Springfield, he was born in New York and lived in Cranford before moving to Mountainside five years ago

Mountainside five years ago.

He is survived by his father, Lawrence
Dornfeld; his mother, Mrs. Dora Weit; a
brother, Roy; two sisters, Samara Reid and
Valary Asa, and grandparents, Mr. and Mrs.
Isadore Schilder.

Isadore Schilder.

# Miss Clark wins MTA scholarship

The Mountainside Teachers' Association has awarded its John A. Lindemann Memorial Scholarship to Linds Clark of 154 Walnut ave., Mountainside. Miss Clark, a recent graduate of David Bearley Regional High School, Kenilworth, will attend Drew University in the fall, where she plans to major in-mathematics.

Miss Clark was a member of the National Honor Society, the German Club, and was on the staff of the high school yearbook. She has also received awards for achievement in

German.
She is a recipient of an Elks Club scholarship
for handicapped students and the David
Brearley High School PTA scholarship.

"culture at sea" program on the Canberra. Alan Lewis, for 15 years coordinator of music for Mountainside public schools, and Mrs. Fred Wilhelms of Mountainside will also be on

Gary Wieler of Mountainside will be among the passengers.

The June 30 eclipse belongs to a cycle of

The June 30 eclipse belongs to a cycle of eclipses which is responsible for the three longest totalities since 699 A.D. The next longer total eclipse will not occur until the year 2150.

The eclipse will not be seen anywhere in the

United States. The next total solar eclipse readily accessible over a large part of North America will come 2017.

America will come 2017.

The June 30 eclipse touches the earth at sunrise in Brazil and leaves the South American coast in a northeasterly direction. It crosses the Atlantic Ocean prior to reaching the Sahara Desert in Africa. Although the eclipse will also be visible from the African mainland, the problems of dust, blowing sand, clouds, wind, heat and haze and the unavailability of transportation and accommodations make the

viewing difficult for land-based observers.

The two fully stabilized British ships will employ all available scientific resources, including use of continuous satellite weather data, to assure optimum eclipse viewing conditions. If necessary the ocean liners will be maneuvered over wide stretches of the eclipse path to avoid inclement weather.

path to avoid inclement weather.

Both "Voyage to Darkness" cruises will feature shore excursions which emphasize natural history. The African Eclipse Cruise

#### 4-bar couple cited by Philippines for work in Air Force

U.S. Air Force Captain Lynn J. Lemmermann, son of Mr. and Mrs. Henry Lemmermann of 863 Mountains ave., Mountainside, and his wife, Air Force Capt. Rebecca Lemmermann, are members of a USAF organization which has been honored with the Republic of Philippines Presidential Unit

Capt. Lemmermann is an administration officer and his wife is public information officer at Clark Air Force Base with the 405th Fighte Wing which received the award for providing fibod relief and recovery support to the Philippine government last July 21 to Aug. 15, when more than 100 inches of rain fell on

regions of Luzon.

Both Mr. and Mrs. Lemmermann will wear a distinctive service ribbon to mark their affiliation with the unit.

Lemmermann is a 1960 graduate of Jonathan Dayton Regional High School and received a B.S. degree in 1965 from the Pennsylvania State University. He was commissioned in 1967. His wife, a native of Pacoima, Calif., received a B.A. degree from San Francisco State College,

# Council takes aim at pigeons with vote to hire exterminator

The problem of the pigeons on Woodland avenue and environs may soon be eliminated, thanks to a resolution adopted by the Mountainside Borough Council at its monthly session Tuesday in the Beechwood School

By a unanimous vote, the governing body agreed to eradicate the problem through a contractual agreement with an as yet unnamed exterminator, and to bear the cost of those services after negotiating the price.

According to Woodland avenue homeowners, the pigeons, who could be disease carriers, began nesting in the eaves of their houses a couple of years ago. The birds have been breeding there, and now reportedly infest homes all along the street. The residents presented the problem to Council last month, noting the possible health hazard, and the property damage which has already been caused by the birds.

The pigeon situation was studied by the Board of Health, and Health Officer Charles F. Dotto recommended the birds' removal. Mayor Thomas Ricciardi noted that a similar problem has developed in neighboring Westfield, and

#### Dem committee retains Cardoni as its chairman

The Mountainside Democratic Committeemet on June 11, and reorganized as required by law H R Cardoni was reelected to the position of chairman, a post he had held for the last seven years.

The following additional officers were also elected: Virginia Heinze and Joseph J. Stypa, vice-chairmen, Ingrid D'Amanda, secretary, and Theresa Sauerborn, treasurer.

At the conclusion of a short business meeting which followed the balloting, Cardoni extended his appreciation to the committee members and to the voters of Mountainside "for the support given to the Democratic candidates at the state, county and local level." (He further stated, "the developments in the Republican national, state and local levels will be a plus factor in the victory in November by Frank Gagliano and Albert D'Amanda, the Democratic candidates for council, and for Steven J. Sussko, the Democratic candidate for tax collecter."

stated to would "pursue the matter" with official there.

Another matter of concern to the community—the application for construction of a town house complex on a site at Rt. 22 and New Providence road—also was brought up at the session—when it was noted that the firm of Johnstone and O'Dwyer had appealed to the Board 'Adustment for a variance Originally it was reported that a 44-unit apartment was planned—but the recent communication from the company noted the application was for a 27-

A hearing on the application had been set for June 11 but the firm requested and received a 60-day postponement. Board attorney John Post explained that Johnstone and O'Dwyer had to their property owners within a 200-foot radius of the site of the original meeting, but apparents had not contacted them about the postponement. He noted that it is the firm's responsibility to make such notification.

In other action, Council approved the reorganization of several combined committees to include recently-appointed Councilmar Nicholas Bradshaw They are as follow ethics, assessment and collection, finance and executive. Bruce Geiger (chairman Peter Simmons, Bradshaw, police, licenses kaws and rules, Simmons (chairman), John (\*\*Connell, Bradshaw; engineering, public works\*\* (reiger (chairman), William Van Blarcom Bradshaw

O Connell—was appointed—Council representative to the Planning Board and Tax Board—to fill—the vacancy created by the resignation of Louis N. Parent. Also confirmed was the reappointment of Frank Torma to a three year term on the Tax Assessors Board, and the reappointment of Robert Koser to a three year term as superintendent of public works.

The 15 borough residents in attendance at the meeting also heard unanimous approval given applications for alcoholic beverage licenses by 11 local operations, and a debate over license renewal for the Jade Fountain.

#### Holiday deadline

Careful adherence to this newspaper's Friday deadline is urged for material intended for the July 5 issue, which will go to press early because of the Independence Day holiday. All organizational, social and other news items for the July 5 issue should be submitted by Friday morning, June 29.

# Robins top Owls in play-off to take girl's softball honors

Mountainside Girls' softball came to a climax when three teams, tied for first place, entered a play-off series.

In the first playoff the Owls beat the Bluejays 9-3 with Debbie Orgen the winning pitcher. In Second playoff game the Robins topped the Owls 7-4, with Lisa Fernicola the winning pitcher. After the Robins scored four runs in the fifth inning the Owls began to fight back with a three run sixth inning. They were still threatening with a runner on first and two outs when Kathy Gerndt threw to Cindy Quinn for the final out of the game.

In other games the Orio es squeaked by the

In other games the Orio es squeaked by the Canaries 9-8 with Debbie Dorio and Debbie Preziosi the winning pitchers combination.

The Cardinals beat the Eagles 9-2 with Sue

Stogniew the winning pitcher. Cindy Irwin, Liz Knodel and Carolyn Weeks played great ball. The Cardinals then bowed to the Peacocks 16-9 with Cindy White the winning pitcher for the Peacocks. Cindy and Pat Taylor hit home runs.

The Robins shut-out the Blackbirds 32-0 with Lisa Fernicola pitching her first shut-out. Kathy Lasiewski hit a grand slam, Patty Lasiewski and Lori Fernicola each hit homers. The Blackbirds than beat the Parrots 7-0.

The Roadrunners topped the Parrots 26-11 with Karen Sury the winning pitcher. Beth Young hit a home run and a triple, Karen Sury and Terry Young each hit a triple. For the Parrots, Cara Hoy, Barbara Schoenfeld and Kathy Blewis hit triples. In the final game of

(Continued on page 11)

Jade Fountain had acquired property on Rt 22 near New Providence road in May 1969 and purchased a liquor license at that time but construction of the planned restaurant was never begun. An attorney for the corporation has explained the delay was due to problems of financing and also the question of the State Highway Department's possible plans for the area.

Council stated it has studied the problem in detail, and voted, 5.1, with Van Blarcom casting the "nay" ballot, to grant renewal of the license for a period of six months. The firm's attorney acknowledged his client would lose the license if construction work was not carried out during that period.

There was also some debate over the matter of fund raising drives within the community. The question was raised by the application of the Chad School of Newark, a facility for underprivileged children, to solicit door-to-door. Approval was granted, dependent upon a check

with the Bureau of Consumer Affairs to ensure that the school is an authorized charity. Chad School also would be required to provide a daily list of solicitors, names to the police department, who would issue identification buttons. The fund drive would be conducted next week, on weekdays from 9 a m to 5 p.m.

The lone dissenting vote on the approval was cast by William Cullen, who stated such appeals should go through the Community Fund, in order not to set a precedent for other charities and cause residents to be "beseiged" with solicitations. Simmons pointed out that Chad School's operation does not consist of simply asking for funds, but involves the selling of "high-quality" stationery and greeting cards.

Also approved was the application of the Ruth Estren Goldberg Memorial for Cancer Research to place canisters in the town during the week of Sept. 17. Discussing the ap

(Continued on page 11)

JUST A FRIENDLY DISCUSSION—Catcher Lisa Bunin doesn't seem deterred by a muchtaller umpire, Cary Levitt, as she argues call during Saturday's Mountainside Girls' Softball League All-Star Game, held at the Echobrook School. Despite Lisa's avid support of her team, Team A, they were trounced 13-4 by Team B. Members of the winning team were Alison Kelly, Debbie Preziosi, Karen Daugherty, Maureen Palmer, Debbie Orgen, Cara Hoy, Teresa Ciasulli, Cindy White, Patricia Taylor, Karen Sury, Beth Young, Cathy Gerndt, Cathy Carthy, Kathy Smith and Karen Cantagallo. Besides Beth, those who fought the losing battle were Betsy Earle, Laurie Riley, Kathy Schon, Linda Mancinelli, Sue'Tacovsky, Beth Masters, Carolyn Weeks, Julie Holding, Helene Bunin, Barbara Van Benschoten, Nancy Dow, Sharon Schoffman, Mimi Oesterle and Susan Nestler. (Photo by AndRich Studios)

FAST AS A GREASED WATERMELON—Members of the Deerfield School 8th grade class pursue the lightning-like melon (see arraw) as part of a water game at the annual graduates' party held recently at the Mountainside Community Pool. The Middle School class was treated to a program of swimming and competitive games, a supper, and dancing to music of the 'Jacob Stone' band, courtesy of the

Mountainside PTA, which has sponsored the party for five years. Mrs. Orville White was general chairman of the event, aided by Mrs. William Riffel, co-chairman and chaperon committee head. Other committee chairmen were: Mrs. George Crane, games; Mrs. Abe Suckno, refreshments; Mrs. Gerard Dillemuth, invitations, and Mrs. james Goense, decorations.

#### Master's degrees earned at Harvard

Two students, one from Mountainside and one from Springfield, have received master's degrees from Harvard University, which held its 322nd commencement ceremony at Cambridge, Mass. last Thursday.

Carol Sue Fruchter of 18 N. Derby rd., Springfield, earned a master of arts degree in teaching. Robert Gilbert, 437 New Providence rd., Mountainside, received a master's degree in business administration

Besides the master's degrees, there were 1,400 bachelor's degrees awarded by Harvard and Radcliffe Colleges

#### Group sponsoring family trip to Shea

"Educational Insights," a non-profit N.J. state chartered community service organization, is sponsoring a family excursion to N.Y.'s Shea Stadium on Sunday afternoon, July 29.

The regular Montreal-Mets game that afternoon will be preceded by the annual exhibition clash between children of Mets players and their dads. Proceeds from this and other excursions support the organization's school and tutorial scholarship fund for underprivileged children

Round trip transportation from Summit and Union is on deluxe chartered air-conditioned buses with all game seats being reserved. There is a \$7.50 charge per person.

Checks or money orders may be mailed to "Educational Insights," Box 414, Cedar Knolls, N.J. 07927, Excursion B329-NR.

Additional information can be obtained at the main office, 539-1666 for opportunities available to families residing in Morris, Essex and Union

#### Sandmeier pupils present two plays

Christine Martino, Lisa Schnee and Michelle Steir were the featured players in a recent performance of "In the Witch's House" at Springfield's Thelma Sandmeier School. The second graders, who are taught by Alice Foster, presented the play to several classes. The production was directed by Rosemarie Krosche, learning lab instructor.

Another play, "The Lady Who Put Salt in Her Coffee," was also given at the school by members of two third grade classes.

The cast included Lisa Wallach, Stephen Dahmen, Larry Maier, David Corey, Ellen Markstein, Heidi Yormark, Amy Rosenbaum Danny Uslan, Marc Chasman, Jon Karp, Jeff Drood and Zenon Christodoulou.

#### Monticello accepted

Bruce A. Monticello, son of Mr. and Mrs. Richard Monticello of 103 Edgewood ave., Springfield, has been accepted by Lincoln Technical Institute, Union, for the fall semester. He will be taking the full automobile and diesel engineering curriculum.

utilized this summer because of extensive cannot fit into their program, or to develop areas in the schedules for part-time employment or for involvement in an outside interest or activity

Twenty-eight courses will be offered for original credit during the six week summer session. The roster of original credit offerings includes Investigation of Forces in Space, Photography, Oceanography, U.S. History Survey, Individual in the American Economy Developmental Reading, Independent Writing Creative Writing, Literature of Mystery and Adventure, Media Study, Personal Typing Auto Shop, Aviation

Enrichment courses differ from those offered during the regular school year in that no credit toward graduation is given. Students elect to take these courses for enjoyment or to strengthen particular skills.

Included in the offerings of six-week enrich ment courses are Algebra I (for college-bound students), Workshop in Basic Math (for incoming ninth graders), Instrumental Instruction, Musical Theatre Workshop, Theatre Workshop, Creative Arts, How to Study, Hairstyling for Men and Women, Stereo and TV Repair and Athletic Skills.

Two sessions with five courses each will be offered in three-week periods: College Board Review - Math, College Board Review - Ver bal. Driver Education, Modern Dance, and Introduction to Commercial Art. The first session will be held June 25 to July 13, and the second July 16 to Aug 3 Each of these courses will meet two hours daily for three weeks.

Similar to courses offered during the regular school year are review courses which students take during the summer to raise grades or to pass courses they previously had difficulty with Twenty eight review courses will be of fered during the six-week session.

A complete listing of all courses, times, dates and locations of specific offerings can be found in the 1973 summer session brochure which may be obtained in the main office of all four Regional high schools

#### Regional district hires teachers for curriculum review

Approximately 90 Union County Regional High School District teachers will be employed this summer to participate in the following 12 workshops: English, Business Education, Career Education, CP Mathematics, Probability and Statistics, Science, Cultural Anthropology, Geography, Individualization of Foreign Language Instruction, Physical Education, TV Production, and Title I.

Two objectives for summer workshops for members of the Regional District faculty are to review and upgrade the curriculum and to provide in-service training for our teaching staff, stated Dr. Martin Siegel, the director of instruction

Specific purposes of the workshops will vary Personnel in the English workshop, for example, will evaluate the courses offered during the 1972-73 school year, review the curriculum guide, prepare additional resource materials, suggest supplementary textbooks and recommend teaching techniques. In addition, there will be curriculum planning for the 1974-75 school year.

During the coming school year two in-service programs will be offered for teachers of English and science. Regional English teachers will be able to participate in an inservice program on teaching basic skills, and science teachers may attend in-service classes on computer orientation Teachers in the Title I workshop will work

with students during part of the program and will develop instructional strategies during the remaining time. Title I is a federally funded program which provides assistance to students who need to strengthen basic skills in mathematics and reading.

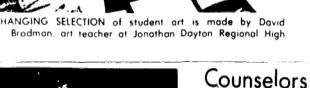

#### 6 to be honored for volunteer aid

Six Springfield residents will be honored today by the women residents of the Daughters of Israel Pleasant Valley Home at a luncheon for their hours of service to the home.

Mrs. Marvin Simson will be given a merit certificate for 800 hours of service. Mrs. Saul Ring and Mrs. David Wolff will be presented with gold certificates for 125 hours of service within a one-year period.

Also recognized for service to the home during the year will be Mrs. Harriet Kovaler. Mrs. Robert Ontell, and Mrs. Henry Waldman.

Second Class Postage paid at

20 cents per copy Mailed subscription rate \$6,00 per year lew Providence Road, Mountainside, N.J

The Westfield-Mountainside Chapter of the

American National Red Cross this week appealed to the public to respond to the call for donors at the blood bank on Wednesday, June 27, at the Presbyterian Church, 140 Mountain ave., Westfield.

Mrs. Edward W. Love, chairman of the program stated, "Few advances in medical science have been made so rapidly or contributed so much to the good of mankind as the use of blood, both in surgical and general medical cases. Blood has given doctors one of their most valuable tools. Medical miracles in blood transfusions only a few years ago are taken for granted today.

"The more the population grows, the greater the number of patients needing blood, and medical research is continually finding new ways to use blood to save human lives. Both the population growth and the new discoveries are inevitable and will continue on an increasing

Mrs. Love noted, "If the supply of blood made available by donors to the Greater New York Blood Program and similar organizations

does not keep pace with the rising demand, people are going to die for want of the blood that could have saved their lives and their health. There are days, particularly during July and August, that blood banks usually experience severe shortages because many regular donors are on vacation. There is no source of synthetic blood which can be used. The only production plant for human blood is in

the human body. There is no substitute."

Mrs. Love concluded, "It is easy, painless and safe to become a blood donor, and the knowledge that you are doing something to help those not blessed with good health will give you a wonderful feeling. Anyone between the ages of 18 and 65 years old is eligible.

"An appointment may be made by telephoning the local chapter office, 232-7090, 9 12 a.m. or 1-4 p.m. You may not be dying to give blood, but some day you may be dying to get

#### Rinaldo tells Russian TV interviewer free emigration is vital to trade status

Matthew J. Rinaldo (12th Dist) has appealed directly to the Soviet leaders and people to eliminate emigration barriers preventing Jews and other Russian nationals from leaving the

The Union County Congressman made his remarks Friday during an exclusive interview on the capitol steps with Vladimir Dounaev, a leading commentator on the Moscow flagship station of Russia's principal television network Dounaev, an English-speaking journalist who was stationed in Great Britan for five years, is in the United States to cover Soviet Chairman Leonid Brezhnev's visit with President Nixon this week. The Soviet leader is in Washington to seek improved relations with the United States. He also is returning the visit paid to Russia by President Nixon a year ago

Rinaldo was interviewed along with his aide, Louis Vetter of Mountainside, as part of a planned program covering Congressional reaction to the Brezhnev visit. The comments of Rep. Rinaldo are scheduled to appear on Moscow television this week.

The subject of the Soviet Jews came up when Dounaev asked the Congressman for his opinion of the most-favored-nation trade status the Administration has proposed giving to the

"I told him that I would support mostfavored-nation trade status for the Soviet Union only after the Russian government permits Jews and all other citizens to emigrate freely. I reminded the Russian interviewer that this was not exclusively a Jewish cause Rather, it is one for all humanity, because when one man is enslaved, all mankind is in bondage.

The Union County Congressman said he welcomed the chance to "let the Soviet leaders and people know how the majority of the Members of Congress feel about this issue Rinaldo is a co-sponsor of the Mids-Jackson bill, which would deny most favored-nation trade status to countries that refuse to allow freedom of emmigration

"Judging from the expression on the in terviewer's face when I defended the right of Soviet citizens to emigrate, I surmised that he neither expected nor welcomed this part of my comments," the Congressman noted "But while there's some possibility Soviet TV may not use this portion. I believe it was important to make the effort to reach people and I shall hope for the best

During the interview, Rep. Rinaldo also said he thought the visit of the Soviet Chairman would provide an "opportunity for our leaders to get to know each other better. I think that these talks can help establish the basis for improved relations in the future '

While the Soviet cameraman was changing his film, Dounaev asked the Congressman's aide about Rinaldo's party affiliation. When informed that Rinaldo was a Republican, Dounaev asked if the Congressman was popular with his constituents "Well," Vetter replied, "he received 62 percent of the vote last year. But he'll never get 98 or 99 percent of the vote, as candidates do in your country."

The Russian shrugged and smiled enigmatically, bringing the interview to a

#### Graduate course in reading slated

Discussions and workshops under the guidance of nationally-recognized authorities in content reading will highlight "Graduate Seminar: Reading in Content Areas," at Newark State College at Union, Aug. 6 - 17 from 9:30 a.m. to 4 p.m. weekdays

Of particular interest to teachers, curriculum specialists educational administrators and librarians, participants may earn three semester hours of graduate credit.

For further information and registration material, contact Dr. Donald S. Leeds, director, "Graduate Seminar: Reading in Newark State Union, 527-2070

#### Young GOP to sponsor festival tomorrow night

The Union County Young Republicans will sponsor their second annual oldies-but-goodies festival for young adults and homecoming college students at the Villa Restaurant, River road, Summit, tomorrow at 8 p.m.

The affair will offer pizza, beer and dancing to taped music from the years 1953 to 1963. For further information, call Gary Hills (273-8094) or Bob Rooney (289-5678).

#### Holiday deadline

Careful adherence to this newspaper's Friday deadline is urged for material intended for the July 5 issue, which will go to press early because of the Independence Day holiday. All organizational, social and other news items for the July 5 issue should be submitted by Friday morning, June 29.

SOVIET COMMENTATOR Vladimir Doungev interviews Rep. Matthew J. Rinaldo (R.: 12th Dist.) on Capital steps, Looking on is Louis G. Vetter of Mountainside. Rinaldo's aide. Audio man in foreground is Victor Lissakovitch. Lev Dovgillo is cameraman. Interview is expected to be shown this week over Russia's leading television network

#### **UC Liberal Studies course** offered for adult applicants

Adults enrolling in Union College's new Liberal Studies Exploring Science and the Arts" program will not be required to take any entrance examinations, nor will they be expected to submit SAT scores, according to George P. Lynes, director of admissions

The new two-year degree program is designed for adults who have been out of high school for at least four years. While all course offerings are traditional college-level credit courses, the program is unique, Lynes said, in that it provides an opportunity to explore different areas of study without having to select a specific major.

"Liberal Studies: Exploring Science and the Arts" is based on the premise that many adults are interested in beginning or continuing a college education for the sake of personal enrichment and intellectual growth and are not interested in following a narrow course of

The program allows students to select courses from all disciplines. The only requirement is that they take a minimum of six humanities, mathematics and natural science. social science, and business and public policy. Those who satisfactorily complete 60 credit hours of course work are eligible to receive an associate in science degree

#### McDermott chairman of GOP state meeting

State Senator Frank X. McDermott of Westfield was elected chairman of the Republican State Convention when it opened its sessions at the Holiday Inn in Trenton last Thursday. The Union County Republican also was named to the Resolutions Committee.

(UCWPC) this week noted "with pleasure" the number of women who ran for elective office in the primary and passed a resolution congratulating "all of those women whose names will appear on the ballot in November in Umon County " The action was taken at a board meeting

A spokeswoman for the caucus commented that "compared to two years ago, there were far more women on the ballot this June for state, county and municipal offices, exclusive of county committee positions, which require an equal number of male and female can didates

Among those who will be running in the general election in November, two are members of the UCWPC They are Former assemblywoman Elizabeth Cox, running countywide for an unexpired Senate seat, and Betty Wilson, who is seeking election to the State Assembly from District 22 Two others. yving for a state and county position respec-

#### 'Deserted Village' guided tour set for Sunday afternoon

The semi-annual guided tour of Glenside Park, popularly known as the "Deserted Village" in the Union County Park Commission's Watchung Reservation, will be conducted on Sunday at 2 p.m.

Visitors who will make the tour will meet at the Trailside Nature and Science Center and proceed in their cars to the area of the historical tour

Charles S. Hoag, a resident in the area, will lead the group through the area, discussing its 300 year history from the time of its habitation by the Indians and early settlers to its later activity as Feltsville and still later as a resort to its present status as a part of the park

Trailside, but Donald W Mayer, Trailside director will present half-hour nature talks for children at the Center at 4 p.m. Monday through Thursday. Also on Sunday, at the Trailside Planetarium, a program will be given on the

No program will be conducted on Sunday at

largest planet, Jupiter. The program's title is "The Mysterious Giant." The presentations will be at 2, 3 and 4 p m. It will be repeated on Wednesday, at 8 p.m. As the Planetarium seats only 35 persons tickets issued at the Trailside office are on a

first-come, first-served basis. Children under

ight years of age will not be admitted. The public is welcome to visit the Trailside facilities from 3 to 5 p.m. on weekdays except Fridays and from 1 to 5 p.m. on Saturdays Sundays and holidays.

the State Assembly from District 24, and County Surrogate Mary Kanane, running for

Additional women on the November ballot are Dr. Elisabeth Barabash, New Providence Betty Barrett, Summit, Naomi Faison Summit, Joan Geer, Fanwood, Ruth Gibadle Mountainside, Victoria Hart, Winfield, Mary Ellen Irwin, New Providence, Barbara Johnson, Plainfield, Doris Mann, Garwood, Nellie Suratt - Flainfield and Carol Whittington

Included in the resolution was a special mentics for for Assemblywoman Ann Klein who carried eight of the 21 municipalities in

"Mrs. Klein is a caucus member in Morris County," a UCWPC spokeswoman stated: "She exhibited great courage in becoming the first voman to campaign for governor and in conducting as honest and outstanding a campaign as she did. She has earned the respect of all the

#### 3 soloists, chorus added to programs of N.J. Symphony

been added to the list of artists who will appear with the New Jersey Symphony Orchestra's series of "Midsummer Screnades" July 12, 17 and 19 at the Paper Mill Playhouse, Millburn. In addition to the Paper Mill concerts, the Symphony will perform this summer a Waterloo Village and in the Washington, D.C.

Henry Lewis, music director, will be on the podium for all summer concerts.

The three soloists, who will appear in a performance of Act II of Mozart's "Marriage of Figaro" July 12, are John McCurdy, a bass baritone star of the Metropolitan Opera soprano Leona Mitchell, who has been engaged for next season by the San Francisco Opera Company, and Olivia Stapp, mezzo-soprano who performs with the New York City Opera Company

Monmouth Civic Chorus will perform July 19 in Schubert's "Song of the Spirits over the Waters" and in Beethoven's Choral Fantasy

The Paper Mill series opens July 12 with violinist Berl Senofsky, soprano Eleanor Steber and baritone Robert Goodloe in an all-Mozart

The July 17 concert will feature an all Mendelssohn program, with pianist Rudolf Firkusny as soloist. The July 19 program will present Malcolm Frager as piano soloist in a Beethoven and Schubert program. All three concerts will start at 8 p.m. Tickets may be ordered through the Paper Mill box office

The Symphony's Waterloo concerts June 30 and July 21 will present Peter Nero and Elia Fitzgerald as soloists on the respective dates. It will perform June 24 at the Wolf Trap Farm Park arts festival in Vienna, Va

#### Fair event now co-ed

The New Jersey State Fair feature, "Women's World," has been renamed "Domestic and Fine Arts Department." The change was initiated because of the increasing number of men entering the once-female dominated competition.

"Éach year we are getting more and more men as participants," said Joseph S. Ancker, general manager, "in everything from baking to basting and cut work to crocheting. In fact, it was through the urging of several male entries that we finally decided to re-christen the department '

Entrants must reside in New Jersey, New York, Pennsylvania or Delaware. No exhibits will be accepted unless entry has been made in advance of entry deadline, Aug. 31. The fair will run from Friday, Sept. 7 to Sunday Sept.

#### Adoption is topic of TV program

The feasibility and desirability of adopting black youngsters age two or older will be explored on "The Children Are Waiting ... the case for adoption," Tuesday at 9:30 p.m. on Channels 50

The program will look at the changing lives of some New Jerseyans who have adopted. The Children Are Waiting presents a look at changes in official and unofficial at-titudes toward adoption and pending legislation.

(R-12th-N J.) this week sharply criticized the Environmental Protection Agency's proposal for "drastic" new transportation control measures in the New Jersey New York area. The Union County congressman challenged

both the need for and the practicality of the proposal He specifically took issue with the Disclosure is made

#### by Mrs. Wilson on personal finances

Betty Wilson, a Democratic candidate for the Assembly in District 22, this week released a statement of her personal finances. Mrs. Wilson said, "In order to promote open government and an informed citizenry, believe every candidate for public office should make a report to the public of all personal assets and liabilities."

Mrs. Wilson reported joint assets with her husband, James, totaling \$78,500. These assets include a home valued at \$65,000 and investments listed in her husband's name of

In addition to those investments. Mr. and Mrs. Wilson own two cars worth \$2,500 and cash savings of \$2,000

The couple's joing earnings last year were \$28,658 They paid federal income tax on those earnings in the amount of \$4,268. Mrs. Wilson listed liabilities as a \$31,700 mortgage on the home, and outstanding loans of \$7,300. This leaves a joint net worth of \$39,500.

Mrs Wilson noted that as the Democratic candidate in the 22nd Assembly District, "I vigorously support open and honest dealing in government and believe the candidate's duty is to be open about himself first so that his stands on the issues can be fairly judged."

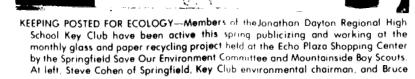

in the state approximately 60 percent by 1977. In a letter to acting EPA Administrator Robert Fri, Rinaldo urged the agency to restudy its recommendations and to review the plan submitted to EPA by New Jersey's Environmental Protection Department which, he said, "would achieve the same air quality standards by the same date with much less disruptive results.

EPA's proposals, Rinaldo said, include a freeze on the amount of gasoline available to dealers based on sales during the fiscal year ending June 30

"Severe restrictions on gasoline supplies parking facilities, deliveries and similar EPA proposals for reducing the use of automotive vehicles could have a devastating effect on the economic and social health of New Jersey, Rinaldo wrote, "and unless they are proved to be absolutely essential to the physical health of our people, more practicable alternatives should be developed.

Noting that the family car "is no longer a luxury but a necessity," the congressman pointed out that "the suburban housewife needs the automobile to shop, to take her children to and from school and to make regular visits to the family doctor and dentist." Rinaldo emphasized his long-time support of strong environmental protection legislation, both at the federal and state levels, but he added that 'environmental control measures must be workable as well as effective and must be economic needs

Stressing that "positive steps may be more desirable than negative ones," he urged that automobile manufacturers be required to produce virtually pollution-free cars at the earliest possible time and that Congress act favorably on legislation he has introduced to make mass transportation facilities more widely available to urban and suburban

#### THE STATE WE'RE IN

By DAVID F. MOORE, Executive director, North Jersey Conservation Foundation

There seems to be an almost total lack of responsibility on the part of those advocates of unwise land use in what they seem bent on making the "Garbage State." The highwaymen. are still out to protect their special interests from the dangers of mass transit at the expense of the rest of us

Furthermore, a recent vote in Washington shows that the highwaymen have the support of a third of New Jersey's delegation in the House of Representatives. This was a vote in which an effort was made to tap the bulging Federal Highway Trust Fund for some desperately needed furding for mass transit. It's desperately needed because too much open space is being paved over for highways, too much air is being polluted by auto exhaust and too much precious gasoline is being wasted by too many fat Detroit cars.

That amendment was defeated, thanks to the liberally financed lobbying efforts of the highwaymen. The vote was 215-190 against putting \$700 million of highway trust money into mass transit. Although few places need better mass transit more than New Jersey, five of its 15 U.S. Representatives voted against the amendment. They are James J. Howard, Robert A. Roe. John E. Hunt, Joseph J. Maraziti and Charles W. Sandman Jr.

It's a powerful lobby Who gains by high ways? We all do to a degree. But those who do best are: Auto makers, truck lines, cement companies, gasoline companies, the outdoor advertising industry, related labor interests, auto insurance companies. You can probably think of a few more. It's tough to know that this

#### Mrs. Puorro receives health, nursing degree

Sonia Puorro of Springfield, a register nurse at Rahway Hospital, was awarded a bachelor of arts degree in health education and school nursing by Jersey City State College on June 3

Mrs. Puorro, who lives at 78 Irwin st., is a relief nurse in the hospital's emergency center.

#### John Napier awarded B.S. degree from MIT

BEAT THE HIGH COST OF LIVING

represents one of the biggest chunks of the U S

The battle over intelligent and equitable use of the highway trust money is going to continue, even though that particular amendment was defeated. It's a worse situation than the average muddled Washington legislative mess

Both House and Senate have passed their own, very different, versions of the Federal Aid Highway Act The differences are now being resolved in the Joint Conference Committee. New Jersey, unfortunately, is not represented on that committee. The closest relative on it is James Buckley, Senator from

The key issue in both House and Senate versions is whether highway trust money should be used for public transportation facilities - auto-alternatives. In the case of the Senate bill, there's operational assistance for troubled mass transit facilities. However, it would also exempt a highway in San Antonio from environmental responsibility. The house bill has a few hooks of its own, like delaying the removal of highway billboards and the skeleton of a future interstate program.

The central issue in the problem is that the highwaymen show little concern about the side effects of their efforts. It happens that development breaks out where highways are put, and this means drainage, runoff, water supply and pollution problems. Rivers were the sources of transportation in the old days - highways now seem to dictate the locations of new towns - but the rivers still end up as the carriers

Most environmentalists I know want to see some of that highway trust money put into other uses, like beefed up rail service, which would help reduce the growing need for highways by cutting the need for cars. That would cut pollution and gasoline consumption, too. ouldn't we become less auto addicted?

#### Ehrgott is graduate; plans to attend Cornell

In-person registration for Union College's annual summer session will be conducted tonight from 6 to 9 at the Cranford campus. Dr Bernard Solon, director, said classes will begin Monday.

Some 70 credit and non-credit courses will be offered in the summer session which runs through Thursday. Aug 2 Classes will be held Monday through Thursday, mornings and evenings at the Cranford campus and evenings only at the Elizabeth and Plainfield campuses. Students attending the summer session have

Students attending the summer session have the opportunity to begin or continue their college education, make up failures, improve a grade or enrich their program of study Current high school juniors and seniors may also enroll in the summer session, earning college credits while still in high school.

Credit, courses parallel the freshman and sophomore years at four-year institutions and are offered in the fields of English, biology, fine arts, drama, business administration, chemistry, geology, mathematics, economics, education, government, history, psychology, sociology, physics, French and Spanish.

Non-credit courses are offered in communication skills, science, developmental reading and mathematics and are designed to meet the needs of students whose academic backgrounds have not prepared them for the college level. In addition, both credit and non-credit

In addition, both credit and non-credit courses are offered for those for whom English is not their native language. English as a second language is a three-credit college level course. English for speakers of other languages is a non-credit course offered on three proficiency levels. These courses will be offered in the evening only at the Elizabeth Campus.

A drama workshop, painting and drawing workshop and pre-college workshop will round out Union College's summer session offerings.

Students recitering in-person are asked to present a check or molley order to cover tuition and fees. Union County residents should present a Certificate of Residency while those students to he plan to have their credits transferred to the college or university they are presently attending must have the permission of a college official.

# Seton Hall to offer environment study

Seton Hall University will offer two new courses in its "Education Encompasses The Total Environment" program during the summer session starting July 2.

The courses, which are an effort by the School of Education to improve the quality of life in our world through school and community cooperation, are "Implementing Environmental Education Programs" and "Aesthetics, Art and Our Environment." Both courses are offered at undergraduate and graduate levels for three credits and at elementary and secondary levels.

Registration is June 25-27 from 9 a.m., to 7:30 p.m. For more information contact Dr. Helen B. Warrin, director, Environmental Education Project, at 762-9000, ext. 200A.

# Playmakers Guild planning auditions

The Union County 4-H Playmakers Guild has announced that it is seeking actors between the ages of 15 and 22 for its next production, "Today a Flower."

Auditions will be held from 8 to 10 p.m. July 24 and 25 at the Union County 4-H Office, 300 North ave. east, Westfield.

Those interested were asked to write to the casting director, Henry Lee Marvel, at Wasteland of Fortune Productions, Union County Extension Service, 300 North ave. east, Westfield, 07090.

The circus is being presented by the Union Jaycees, and discount tickets may be obtained by calling the Jaycee number, 687-7007. Prices are \$1.25 for children; \$2 for adults.

# UCTI students eligible for federal assistance

Financial aid opportunities available to students attending Union County Technical Institute, Scotch Plains, were sharply increased as a result of official recognition by the Bureau of Higher Education, Office of Education, of the Department of Health, Education and Welfare, it was announced this week by Dr. George H. Baxel, president of LICTI

Dr. Baxel said that UCTI was designated "an eligible institution" by HEW, offering collegelevel post-secondary programs and will now be able to participate in federal assistance programs, including the college work-study program, the educational opportunity grants program and the guaranteed student loan program. UCTI is also eligible to apply for participation in special programs for disadvantaged students, including Talent Search and Upward Bound.

"Our newly-acquired 'eligibility' status means that a number of grants, loans and scholarship programs funded by the federal government are now available to our students," explained Dr. Baxel. "Prior to this time, most of our students were dependent upon private and industrial scholarships, or their own personal income."

Dr. Baxel noted that only students enrolled in accredited programs which are at least one year in length are eligible to receive benefits from the programs administered by the Bureau of High Education. Students enrolled in tailor-made occupational programs or continuing education courses will be assisted in finding other means of financing their education.

Under the auspices of the Union County Coordinating Agency for Higher Education and in cooperation with Union College, Union County Technical Institute is providing the programs and services of a community college in Union County. Through a contractual arrangement, graduates of UCTI's two-year programs receive associate degrees conferred

#### G.l. Bill's benefits to expire for many Viet vets next year

The current G.1. Bill is seven years old and will expire for many Vietnam veterans on May 31, 1974, according to J.W. Hagan, Jr., director of Newark VA Regional Office.

Hagan said that the current bill, enacted by Congress in 1966, provides academic education benefits for eight years. Time is computed from the veteran's date of discharge, or from the date of the law. A man discharged this month, Hagan said, will still have eight years in which to pick up his educational options.

Hagan added, however, that Donald E.

Hagan added, however, that Donald E. Johnson, administrator of Veterans Affairs, had assured veterans that the VA would be able to continue its support of farm-cooperative, on the job apprenticeship and flight training for a year longer. This is because these programs were not included in the 1966 legislation, but were added a year later, Hagan explained

The administrator noted that 1.4 million, or 33 percent, of 4.1 million veterans made eligible by the 1966 law have used all or part of their education benefits.

The current G.I. Bill provided eligibility to all veterans discharged since Jan. 31, 1955, many of whom had been out of service several years before they became eligible, the VA chief pointed out.

The overall participation rate for Vietnam era veterans is about 46 percent.

VA pays veterans (with no dependents) \$220 monthly if they are full-time trainees, with higher rates for those with dependents. On-job trainees, with no dependents, are paid a starting allowance of \$160 monthly—larger checks go to those with dependents. Employers also pay the veteran-trainee wages, which are increased on a regular schedule during the training period.

Veterans whose benefits may soon expire, or any eligible veteran interested in G.I. Bill benefits, have been urged to contact any VA office or representatives of local veterans service organizations.

#### Arts Center shows Gary's sculptures

A one-man exhibition of sculpture with a distinctly bolts-and-nuts influence will be presented on the Garden State Arts Center grounds from Monday. June 25, through Saturday, June 30.

The display will show the creations of Jim Gary of Red Bank, who works largely in metals, and will be sponsored by The Monmouth Museum of Lincroft. It was announced by Commissioner Joseph C. Irwin of the New Jersey Highway Authority, which operates the Arts Center.

The Gary sculpture will be on exhibit every day of the Arts Center stage program featuring Glen Campbell and Donna Fargo. The works will be put on display on the Arts Center mall in late afternoon and will remain up until the amphitheater curtain time--8:30 p.m. Monday through Thursday and 9 p.m. Friday and Saturday.

### Institute in physics offered to teachers

Harvard Project Physics, an in-service institute for secondary school teachers, will again be offered by Newark College of Engineering during the 1973-74 academic year. The Foundation at NCE, the college's private affiliate, is sponsoring the tuition free institute, which will carry six graduate credits.

Development of physical principles, teaching methods and the use of the laboratory in Harvard Project Physics differ considerably from conventional methods, according to Leon Landsman of NCE's Physics Department, director of the institute.

Classes meet on Wednesday evenings at NCE. Opening for 30 teachers are available. Information on the institute is available from the Foundation at NCE, 323 High st., Newark.

# Choral reading set next Wednesday

The next in a series of 12 Summer Sings, informal choral readings sponsored by The Masterwork Music and Art Foundation, will be held on Wednesday, June 27, at 8 P.M. at the County College of Morris Student Center, Center Grove road and Route 10, Dover. The evening program will include Bach's "Ein Feste Burg" and "Christ Lag in Todesbanden."

David Randolph, conductor of the Masterwork Chorus and Orchestra, will conduct the sing; the piano accompanist will be Michael May. The sing is open to all who would like to participate or observe. There are no auditions or other special requirements; music is furnished. The charge is \$2 per person, payable at

Further information can be obtained by calling the foundation at (201) 533-1860 week-days between 9:30 a.m. and 1:30 p.m.

#### Holiday deadline

Careful adherence to this newspaper's Friday deadline is urged for material intended for the July 5 issue, which will go to press early because of the Independence Day holiday. All organizational, social and other news items for the July 5 issue should be submitted by Friday morning. June 29.

Indoctrinated into the squadron, which will also have an exhibit at Sears, North Plainfield, were John Matera, 435 Clark rd., and Robert Schuerle, 700 Suburban rd., both Union, Joseph Nemick of 339 Hillside ave., springfield, and Edward Plasky of 3 May st. fryington.

# Jewish groups to mark merger Sunday evening

The merging of the Union County Jewish Federation and the Jewish Community Council of the Plainfields and Environs into the Jewish Federation of Central New Jersey will be celebrated on Sunday evening at Temple Emanu-El, Westfield.

The event also will mark the conclusion of the 1973 United Jewish Campaign which, according to Fred Sichel, president of the Union County Jewish Federation, "has been the most successful one in our history."

Campaign leaders of both communities will be honored at the celeberation and the annual Joseph M. Weinstein Memorial Award will be presented. Dr. Gerald Staffin of Westfield, chairman, has announced that the event will feature cocktails, dancing and election of officers and board members for the new Federation.

The constitution for the new Federation, which has been approved by the boards of both the Union County Federation and the Plainfield Community Council, will be presented for ratification.

In a joint statement, Sichel and Dr. Max L. Hollander, president of the Plainfield Community Council, said: "Consolidation of top lay leadership on an area-wide basis is a significant step forward in our continuing effort to meet the needs of Israel and the local Jewish communities."

Stating that Jewish people living in New Jersey "deserve to be part of an organized Jewish community," they explained that there are currently thousands of Jews in the state

living in "grey areas" that are served by nobody Services such as "Ys." Family Service agencies and specialized Jewish education were established originally in the cities. With the mass exodus to the suburbs that has occurred in recent years, there are now many people living too far away to avail themselves to these services.

"By combining our resources and our leadership," they explained "we can generate more funds, thus enabling us to provide better service to all Jews."

They further stated that other Federations and Councils throughout the country have been studying our growth pattern, and the process of area development is now on the agendas of many other organized Jewish communities throughout the U.S.

#### Two magazines publish Milt Hammer puzzles

#### New Regional District grouping policy to affect academic programs next fall

The academic programs of Union County Regional High School District students for the 1973-74 school year will be affected by a new grouping policy approved by the Regional Board of Education this month

Grouping is the process of placing students with similar academic potential in the same classroom. The grouping policy for the 1973-74

school year is a result of study and discussion by a special district grouping committee, coordinators, administrative advisory council and administrative and supervisory personnel This grouping will affect only the subject areas of English, mathematics, foreign languages. social studies, and science

Grouping is one way to provide differentiated

#### Different ranking plan for students established

A new district-wide ranking system for students of the Union County Regional High School District was approved this month by the Board of Education The ranking system. which was developed by a special district committee of guidance directors, faculty members and administrative and supervisory personnel, will become effective July 1

The purpose of ranking students, noted Dr. Martin Siegel, the Regional director of instruction, is to provide colleges and employers with additional information regarding a candidate's potential "A number of studies point out that rank in class and recommendations of

#### Council meets

(Continued from page 1)

plications, John O'Connell noted that there has been a tendency lately for groups to drop out of the Community Fund, apparently feeling they can do better on their own. Ricciardi noted he is planning a meeting with past and present leaders of the Fund to discuss this situation and the possible necessity of setting up "a different

Regarding the borough's financial situation, Bruce Geiger noted that Mountainside's revenue sharing funds have been invested until the end of the year, in order to earn interest on the money. The borough has received a total to date of \$29,686, earmarked for police salaries Of this, \$23,111 will be used in November, with the remainder to remain invested until the following year

In the audience participation portion of the neeting, Democratic Council candidate Albert )'Amanda questioned the governing body on irchitectural contract for the planned irehouse Board attorney Post noted that a lainfield architect, Jerry R. Rippa, had been iired for a sum of \$2,000, for work including reliminary studies and site preparation. An idditional payment, contingent on the total cost or the building, would be made later

Post explained this is usual practice, but noted the Council had set an upper limit on the payment of the "contingency percentage," a reiling of \$16,000 "This would assume a peak total cost of \$200,000-\$225,000 for the facility." he said, reiterating that is a ceiling price, and that the firehouse might be built for less

#### Eclipse

(Continued from page 1)

ports of call are Tenerife, Canary Islands and Dakar, Senegal

Passengers will visit volcanoes, botanical gardens, bird sanctuaries and native villages. Full educational programs are also featured

The comprehensive educational programs, tnown as "science at sea" and "culture at iea," will include popularized as well as iniversity accredited courses.

"Science at sea" courses will be taught by eading authorities in astronomy, astrophotography, birding, celestial navigation, environment, history and philosophy of science, meteorology, modern exploration, navigation, oceanography, photography, science for young people and voicanology. "Culture at sea" offerings include art, music, drama and cultural anthropology.

#### Degree awarded to Miss Timpanaro

WILLIAMSBURG Va. — Patricia Lynn Timpanaro of Mountainside, N.J., received a B.A. degree at commencement exercises June 3 at the College of William and Mary. Chief Justice Warren E. Burger gave the commencement address and received an honorary Doctor of Laws Degree from the College.

Approximately 1,000 undergraduate, graduate and professional degrees were conferred by the college. Commencement activities included a symphony orchestra concert and a reception, hosted by President and Mrs. Thomas A. Graves, Jr., for graduating seniors, their families and friends.

#### Miss Schmidt among Kent Place graduates

Suzanne Schmidt of Mountainside will be among the graduates participating in the 79th commencement of Kent Place School, Summit.

Ceremonies for the Class of 1973 will be held on the campus, starting at 5 p.m. Henry O. Clutsam Jr., president of the board of trustees, will present certificates to the graduates.

#### Hoy is honor graduate

Cal Hoy, son of Mr. and Mrs. M. C. Hoy of 1 Tanglewood lane, Mountainside, was among the Montclair State College students receiving degrees at the school's June 10 commencement exercises. Hoy graduated magna cum laude.

#### Ross on dean's list

James R. Ross, son of Mr. and Mrs. James Ross of 1260 poplar ave., Mountainside, has been named to the dean's list for the second semester at Nasson College, Springvale, Me.

#### Loftus cited at college

Patrick E. Loftus of 805 Hillside ave. tainside, has been named to the dean's list at John Carroll University, Cleveland, Obio for the spring semester having attained better than a 3.15 average.

#### school principals are useful indications of student potential," he said Students will be notified of their exact rank by the guidance department. It will also be made available to parents, appropriate school

colleges and prospective employers The system used in computing rank will be made public to students, staff and parents Ranking procedures will be made public to students, staff and parents.

personnel and, upon student request, to

The system used in computing rank will be made public to students, staff and parents Ranking procedures will be included in student handbooks and staff manuals.

Cumulative class rank will be calculated at the end of the ninth, 10th and 11th grades. A final cumulative rank will be compiled at the end of the first semester of the 12th grade

A student who plans to graduate at the end of three years will be included in the senior class rank at the time he completes sufficient credits and required courses to be included with the graduating class. All students will be ranked except those in special education classes

Grades in pass-fail courses will not be in cluded in computing class rank; however, grades in all other courses will be used in computing class rank. Failing grades will be included in computing class rank.

Differential weighting will be used in com puting class rank. Courses designated 'readiness' will be given the numerical equivalent of the report card grade; courses designated "advanced placement" will be given two additional points per report card

This weighting system would be adapted to the various grading systems in the district

CLIPPERS FROM THE NEIGHBOUR YOU LIKE LEAST

learning experiences for students. Groups will vary in the learning tasks, instructional methods and pace. The degree of grouping will depend upon such factors as the nature of the offering, the number of students enrolled, and the specific departmental application of

In grouping students, consideration will be given to (1) current academic achievement in a given subject and previous performance in related areas. (2) reading ability as measured by tests and from formal classroom observation, (3) general scholastic ability as measured by intelligence and other test instruments recorded on the student's test record card and the student's total school record, and work study habits such as drive, motivation, effort, diligence, perseverance and maturity as observed and recorded by

The decision concerning a student's placement in any course will be made by the professional staff, using the above criteria. A student or his parent may initiate a request for placement in a group Grouping practices should be flexible so that adjustments may be made if appropriate

If a review of the recommendation for placement is necessary, each case will be dealt with individually. It is the role of the guidance department to make adjustments in schedules based on individual needs and abilities of

Groupings to be used in the district during the 1973 1974 school year. Advanced placement average and above, average and below, readiness. Advanced placement courses which are taught at an advanced level and follow guidelines of the College Entrance Examination Board

Average and above sections are for students average and above in performance, reading ability, general scholastic ability and work study habits. Average and below sections are for students average and below in per formance, reading ability, general scholastic ability and work-study habits

Readiness sections are for students who have individual learning difficulties requiring additional preparation and who would benefit from instruction in a relatively small group of no more than 15 students

#### Regional frosh, JV baseballers show promise

The Jonathan Dayton Regional freshman baseball team compiled a respectable 6-6 record in the 1973 season.

Coach Bill Kindler's squad could easily have had an 8.6 record - two games were cancelled because of rain with teams the Bulldogs had previously beaten. One game was against Madison Borough, a 19-0 victim of the Bulldogs earlier in the season.

The Bulldogs were 4-0 in the first month of the season but ran into bad luck the second half of the year. The frequent rains cancelled many practices, hindering the pitchers and infielders the needed the work to stay sharp

The six Dayton victories were won by two pitchers Joe Graziano and Greg Lies, each with three victories, have bright futures as layton varsity pitchers.

The Bulldogs were a great hitting team with squad average over .300. The team was paced by three 400 hitters. They were Mike Flood, Jeff Pittenger and John Flood. For the varsity baseball team, which sorely needs hitting, these players could be the key to a successful season in 1974.

The junior varsity also had a successful eason with a 7-8 record. They were paced by tast baller Gary Pressloff and at the plate by Bill Bohrad, Larry Maxwell and Jerry

With such talent moving up to varsity next year. Dayton will be strong contenders for the Suburban Conference title

#### Golf winners listed in women's contest

Results of the nine-hole women's golf urnament held June 14 at Echo Lake Country Club are as follows:

#### Local student to preside at national convention

Joanne Holcombe of Ledgewood tainside, will leave for Ball State University, Muncie. Ind, on Saturday to preside at the weeklong third annual convention of the National Federation of Students of German Miss Holcombe, a junior at

Goucher College, Towson, Md., became active in the NFSG during her sophomore Regional High School through the encouragement of Barbara Obording, German instructor at the high school. Joanne has served as

president of the Gov Livingston German Club and president of the New Jersey Chapter, NFSG, as well as being co-founder and convention chairman of the Maryland Chapter. Miss Holcombe has served the NFSG in every possible national office. She was

committee in 1970, national recording secretary in 1971. vice-president in 1972, and national president in 1973. PSG has a

chairman of the resolutions

teachers of German, and one of its primary purposes is the promotion of further interest and understanding in the German language and

cultural heritage. Other NFSG members from this area who will attend the convention include Bruce Carle, Francie Carver, Steve Crossman, Kris Eppler, Doug bership of 15,000 students and and Linda Thoms

#### Y Ranger Camp to hold Fourth of July campout

campout will highlight the for the three-day campout first two-week session of the which climaxes each two-Westfield YMCA's Ranger Camp for advanced campers grades four to six, which begins Monday. The camp is open to boys in Westfield, Cranford, Garwood and

Mountainside. Learning how to feed yourself in an unfamiliar woods on edible trees and bushes such as cattail root and blueberries on one hand-and how to prepare gourmet meals such as barbecued chicken and wild rice over a campfire on the other are features of a typical Ranger campout.

The advanced camping program teaches boys to use

#### Summer Y membership The Westfield YMCA will

again offer summer memberships for men and boys. The special summer fullprivilege membership offers all the facilities of the Y at half

the yearly rate (except for family, senior citizens and

athletic club memberships).

Adults enrolled may use the facilities through Sept. 30 and may convert the summer membership to a year-round full-privilege membership by paying the other half of the annual rate before Sept. 30. Converted memberships expire 12 months from the date of the original ap-plication. Boys enrolled under the summer membership plan are entitled only to programs offered during the summer.

A three-day Fourth of July the tools of nature to prepare week period. Animal and track identification. firebuilding, use of ax, finding directions are among the ways boys learn to enjoy caring for themselves in the out-of-doors.

At least half of the daily 9 a.m. to 4 p.m. Ranger Camp sessions this year will be held at the Y's new Four Seasons Outdoor Center in rural Lebanon Township. A new emphasis on nature study and environmental education will be a feature of the camp-as will a brand new three-acre lake for swimming and boating.

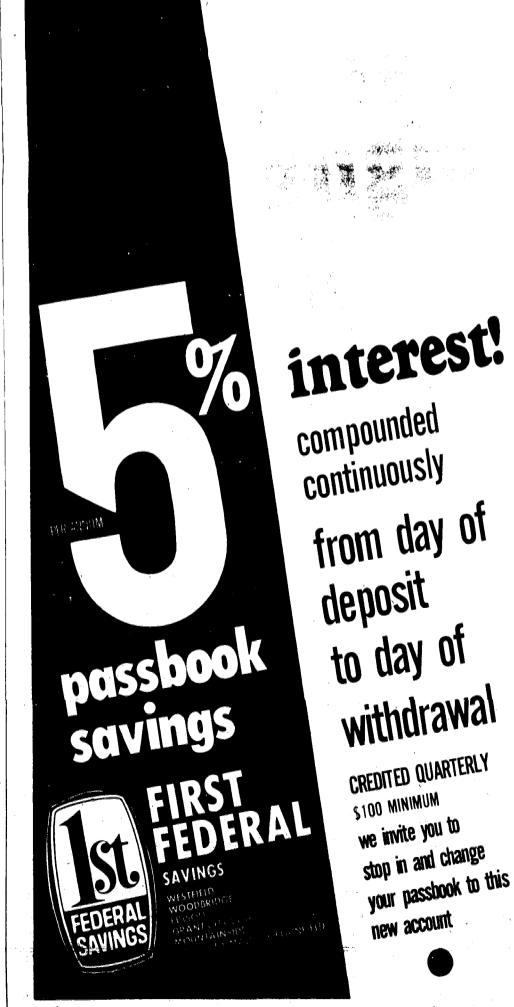

The next door Ken Lockwood Gorge Fish and Game Preserve, one of the most famous fly-casting areas in the East, stocked with some of the largest brook trout, will also be used.

Registrations are being accepted for all four camp periods: June 25-July 7, July 9-20, July 23-August 3 and August 6-August 17. Further information can be obtained by calling the Y, 233-2700.

OFF EXIT 91 OF THE GARDEN STATE PARKWAY, BRICK TOWNSHIP, N.J. DIRECTIONS: (A) Take Garden State Pky. south to Exit 91. Turn left on Burnt Tavern Rd. (Route 549 North) and go approximately 1/4 of a mile to Van Zile Rd. Turn right and go approximately 1/4 mile to Burnt Tavern Manor. (B) Take N.J. Turnpike to Exit 11. Then take Garden State Pky. south and proceed as above.

#### Ve know which way is up. You've reached a certain plateau. In your life, your income, your desire for the good life. And we have just the place for you to live that good life: The Top of the East. We're the top. Or at the top. The Top of the East is located on the highest point of the Atlantic Seaboard. Which gives you a pretty good view. Of all the places you're just far enough away from Like inland New Jersey, The New York Skyline, Brooklyn. And (would you believe?) the tip of Long Island. Just come up and see for yourself.

What's up, dock? Indeed. Boating in top marinas nearby. Fishing all over the place. And swimming. Not to mention camping, picnicking and a day (or ten) at the races (there are two major tracks nearby). And shopping, eating, learning-you name it-extraordinary facilities are at hand.

Don't go away. Not if you don't want to. You'll have a spacious swimming pool,

sundeck, private cabanas and

professional tennis facilities right at Top of the East. So you'll be up and at the water in no time-if you like. And it will be yours to use as part of your maintenance fee. There will be saunas and a health

club, too, available for your optional use. Onward and upward.

To our "Top of the East" PRIVATE PENTHOUSE CLUB, a special place, available to you, for drinks and a breathtaking view of the skyline.

And there will be valet parking, a uniformed doorman; a plush, even lush, entrance lobby and much, much more at the Top of the East.

You'll light up. When you see the condominium apartments themselves. They are quite, quite simply, luxurious. With spacious balconies. Dressing rooms. Walk-in closets. Regal entrance foyers. Air conditioning, Magnificent

General Electric equipped kitchens. But you have to see it. And see it. And see it. Because once you've reached the Top of the East you'll never come down

Directions: Garden State Parkway south to Exit 117; then east on Rt. 36 approx. 13 miles to Scenic Drive Atlantic Highland, (just past King James Nursing Home); make jughandle left turn and continue to Top of the East.

#### Your Guide To Better Living

# in the SUBURBAN REAL ESTATE MART • City • Suburbs • Farm Country • Lake • Shore

#### Sales brisk at Cove as many visit

Much of the recent brist, shore real estate business is due to summer visitors discovering excellent yearround homesites, according to sales statistics at Pirate's condominium community, Monmouth Beach

Pirate's Cove, for instance, has experienced dramatic upward swing in sales since Memorial Day and the war mer weather drawing many city dweller to the shore area Condominiums especially. salesmen point out, are proving popular with those who have been contemplating a move from city apartments which they rent, and young marrieds who desire to buy their first home rather than

Besides owning a "year round vacation home" and eliminating expensive vacations, most condominium arrangements of home ownership offer financial advantages of equity-building and property value increases, without maintenance responsibilities where all common areas are maintained by the owners' association

The Pirate's Cove twobedroom model on the lower level presents an approximately 16 by 20 foot living room, kitchen, storage area, powder room and dining room with sliding glass doors leading onto the rear patio. The second story holds two huge bedrooms, bath, more than-ample closet space, dressing room off the master bedroom, and an exterior balcony, also leading from the master bedroom

All homes are equipped with major appliances, including Westinghouse dishwashers. garbage compactors, double oven and ranges, refrigeratorfreezers, washers and dryers. Central air conditioning and warm air heat (at no additional cost) have been included in the "easy living" design of the community.

The two-story townshouses are tastefully detailed with such amenities as hardwood floors and finished natios. As part of the condominium vnership-maintenance plan, the grounds are professionally maintained year-round.

Pirate's Cove located in Monmouth Beach off Garden State Parkway exit 117, is reached by heading south on Highway 36 to Beach Road and then right onto Riverdale ave. Homes are priced from the mid-thirties.

CLEARBROOK Segment of homes at Clearbrook the planned 3.200-house adult condominium

Monroe Township, Aaron Cross Construction Co. Inc. is developing the complex and offers homes

#### Short, trequent vacations enjoyed at Big Bass Lake

Bass

like baying a lot of time off. from work in one big chunk Long-time employees of big corporations frequently get as much as six weeks vacation a year, but commonly they avoid taking it all at once. The retiree, faced with having the rest of his life off, will often go back to his old profession on a part-time basis or accept a new job. Students or teachers, who could afford to stay idle the whole summer, will usually keep themselves busy with special studies or find some off-season employment

These observations on human nature come from Lou-Larsen, developer with his brother John of Bag Bass Lake in the Poconos. Larsen says that the hesitancy of most people to be out of harness for extended periods has played an important part in the popularity of leisure home communities like Big Bass. These places are not designed for one-shot-a-year vacations. Rather, they are keyed to the relatively new discovery that vacations are most enjoyable when they are spaced out in small segments over the entire year

Bearing this in mind. developers like the Larsen brothers have gone to great trouble to find locations and build accommodations to make their communities suitable for recreationoriented living at all seasons of the year. As for location, it has to be one where something interesting is happening indoors and outdoors in every season. And along with this

Tradessee Contraction Contract

Own a piece of Americana

comfortable the year 'round as a home in the city or suburbs. This means real honest-to-goodness all-weather homes a far cry from the leaky summer cottages (three rooms and no bath) and the crude hunting shacks of a playground for the kids. generation ago The Larsens supplied all

Lou Larsen notes that Big Lake began its development two years ago with a lot of natural advantages not accidental but advantages that he and his brother took a long time in finding The whole region of the Poconos had been famous as a vacation area for a hundred years, but the par ticular spot in the Poconos they selected had some special points in its favor. In particular, it had that big lake where the bass were numerous enough and big enough to have the whole community named for them. The 800-acre truct was also rolling and well drained, - oded and directly adjust at to thousands of acres of any beautiful

It was a terrain adapted to all kinds of outdoor pleasures and sport mot only in spring, summer, fall or winter but in all of those seasons.

Pennsylvania state parks.

beautifully

Still, nature didn't supply everything. The modern suburbanite or city dweller is glad to get away from the turmoil and pressures of urban living, but once he has passed the Scouting age, he is not inclined to go off into the woods like a modern-day Daniel Boone. The kind of goes the need to provide the leisure living he has in mind

amenities. Like a ski slope carved out on a hillside between the trees and a sophisticated T-bar lift for the skiers A white sand beach along the lake. Picnic groves with tables and benches and a

that but they kept going. The climax of their efforts came with the recent opening of a handsome new Recreation Center with luxurious lounges heated indoor swimming pool sauna bath and other ac commodations for recreation and pleasant gatherings at any time of the year. It set the seal on Big Bass Lake as the kind of community that all leisure home developers try to attain a place where people can come for long stays if they feel like it and where they come for those one-day or weekend mini-vacations whenever they please.

"To enjoy this sort of thing, you don't have to make a major project of it every time you come up," says Larsen. 'You don't have to take a big slice out of your free time. The roads to the community are excellent, mostly super highways, and you can reach Big Bass from most points in eastern New Jersey or New York City in less than two hours. It's even a shorter trip from most cities in eastern Pennsylvania.

This is the new way to live, and today families with modest incomes can afford it. Home sites of a full half-acre or more at Big Bass are priced from \$4,990, and beautiful allseason leisure homes can be built on them for as little as \$19,990. Such homes include wall-to-wall carpeting, kitchen appliances including range and refrigerator, and with individual water supply and sewage systems fully installed and operational. Attractive financing terms are available. Buyers of a lot and house in combination can get a mortgage for up to 95 percent of the purchase price.

Routes to Big Bass at Gouldsboro, Pennsylvania, include Interstate 80, north on 81E to Exit 3. From there, it's only two miles over 507 to the Big .Bass Welcome Center.

#### Firm names ad manager

Arthur C. Savage has been appointed advertising and sales promotion manager of Technology Northeast, Inc., Lakewood, it was announced by Justin A. Segal, president.

Savage will direct all advertising and sales promotion Leisure programs for Technology-Northeast.

Among the adult communities Leisure Technology-Northeast has already built are: Leisure Village, Leisure Village East and Leisure Village West, all in the Lakewood area of New Jersey, Leisure Towne in Vincentown, New Jersey and Leisure Village and Leisure Knoll in Ridge, Long Island.

Technology-Nor Leisure theast, is a subsidiary of Leisure Technology Corp., a major developer of planned retirement communities throughout the United States. In addition, the firm develops vacation and recreational communities and manufactures prefabricated homes. former inanager of communications

#### Report cites stress of cancer on Family

The complexities of modern urban life coupled with the rising cost of living are posing 'almost insurmountable crises" for thousands of families of advanced cancer patients in the metropolitan area, according to Irene G Buckley, executive director of Cancer Care, Inc. and the National Cancer Foundation, in the voluntary organization's annual report, just released

A record 19,000 people were helped by Cancer Care. Inc., the service arm of the agency serving the tri-state 50-mile radius of New York City, during the 1971-72 fiscal year a 12 per cent increase over the previous period the report said

The agency expended more than \$2,500,000. the highest amount in its 26 year history, in order to meet the increasing demand for its services

#### Continued growth of state's business in April reported

"New Jersey's business expansion continued in April and there was some further improvement in labor market conditions," New Jersey Economic Indicators reports in its current issue. This monthly report on business conditions and economic statistics is prepared by the N J. Department of Labor and Industry's Division of Planning and Research.

"Retail sales, new passenger car registrations and bank debits continued to set record highs," says the report, "showing that New Jersey is sharing in the nation's strong advance of consumer buying." Residential construction maintained its record pace, but nonresidential construction contracts remained sluggish. Most other business indicators continued to show an expansionary

Construction activity in April continued on the uptrend that has been in progress since 1971, says the report. "New housing starts could be passing their peak, as in the nation," states the report, "but sufficient projects are already in the pipeline to make it fairly sure that homebuilding activity will remain strong through the summer "Nonresidential contract awards have been declining since a peak last May. In the first quarter of this year they were

26 percent below a year ago. Employment is still showing a strong uptrend in all major sectors except manufacturing, says the report. Manufacturing employment has not changed much since late 1972 because expanded hiring by some firms has been offset layoffs associated with several plant closings

Indicators of factory labor demand remain strong, however, suggesting a resumption of industrial job expansion in the months ahead. Nonfarm employment rose seasonally in April to an estimated 2.7 million while unemployment declined seasonally to about 204,300 of 6.4 percent of the work force.

The report discusses a number of business indicators that reflect a rising trend. Retail sales in the first quarter were 13 percent above a year ago. New car sales hit an all-time high in April after seasonal adjustment, and new passenger car registrations for the first four months were 11 percent above the same period last year Bank debits in the state's major metropolitan areas climbed to another record high in April and so far this year are running 33 percent ahead of 1972.

Business failures in New Jersey dropped sharply in April to a total of 26, says the report. While this indicator is highly erratic from month to month, explains the report, a downward trend appears to be emerging since the last half of

#### 'Slither' offered by Elmora with murder mystery

'Slither" and "They Only Kill Their Masters," opened yesterday on a double bill at the Elmora Theater, Elizabeth.

'Slither," which features James Caan, Peter Boyle, Sally Kellerman, Louise Lasser and Allen Garfield (a former staff member of Suburban Publishing Corp.) concerns a nutty escapade involving an odd assortment of types involved in a search for hidden embezzled

The picture, which was filmed in color, was directed by Howard Zieff

James Garner, Katharine Ross, Hal Hol-brook, Edmund O'Brien, Peter Lawford, Harry Guardino, Ann Rutherford, June Allyson and Tom Ewell head the large cast of "They Only Kill Their Masters," an MGM picture in color. The film is a murder mystery concerning a dog which is found next to a woman's body and is thought to have attacked her. But a local police chief in a California town has other ideas on the

James Goldstone directed "They Only Kill

#### Lemmon is star of Park picture

"Save the Tiger" arrived yesterday at the Park Theater, Roselle Park, on an associate

bill with "Fear Is the Key. Jack Lemmon and Jack Gilford have leading roles in the film story about a Los Angeles dress manufacturer who spends a day wrestling with his past-in flashbacks and memories. Photographed in color, the picture was directed by John Avildsen.

"Fear Is the Key" is a movie thriller involving a vengeance trail of an undercover and underwater man who finds himself against a villainous salvage operation in Louisiana.

Barry Newman and Suzy Kendall star in the picture, which was filmed in color. Michael Tuchner directed "Fear Is the Key."

The Saturday matinee feature at the Park will be "My Side of the Mountain" and with cartoons starting at 1:45 p.m.

#### Open casting call set by Actors Cafe

Open casting will be held at the Actors Cafe Theatre. South Munn and Central avenues, East Orange, on Sunday at 7:30 p.m. for all parts in "Happy Birthday, Wanda June," by Kurt Vonnegut Jr. Production is scheduled for Aug. 10 through Sept. 8.

The cast consists of two middle-aged women, five middle-aged men, one young boy and one young girl about 12 years old. Rehearsals are Sunday through Wednesday evenings. For information call David G. Kennedy, producer,

#### DISC 'N DATA

In answer to the many mail requests the column receives from the 35 plus readers to mention some golden album oldies, that should satisfy the nostalgic appetite.

COLLECTOR'S ITEMS (1936-45); by Judy Garland. This is not a collection of Judy's greatest hits You will look in vain for "Over The Rainbow," "On the Atcheson, Topeka and the Sante Fe" or "The Trolley Song." What you will discover, however, is a prize culling of some of Judy's choicest and rarest vocal treasures. You will hear on the LP the two earliest selection of Judy's to reach the record-buying public, back in 1936, and discover the bubbly effervescence of a gifted 14 year-old, who had not yet appeared in motion pictures

Selections include "Stompin" At The Savoy," "Swing Mister Charlie," "Everybody Sing," "All God's Children Got Rhythm," "You Can't Have Everything. "Sleep My Baby Sleep," "Blues In The Night" (My Mama Done Tol' Me) "No Love, No Nothin', "A Journey To A Star," "This Heart Of Mine," "If I Had You" (with the Merry Macs), "Smilin" Through"

"Cry. Baby, Cry, ""Ten Pins In The Sky," "It Never Rains But What It Pours," "Oceans Apart," (Can This Be) "The End Of The Rainbow," "Buds Won't Bud," "Swanee. "Embraceable You," "I Got Rhythm." "Wearing Of The Green," "IUs A Great Day For The Irish" and "How About You" (DECCA DEA-7-5)

SONGS OF OUR TIMES (Song Hits of 1930) by Ted Straeter And His Orchestra. Here are some 1930 highlights to help jog your memory

#### Theater Time Clock

All times listed are furnished by the theaters

CINEMETTE-THE LIFE AND TIMES OF JUDGE ROY BEAN, Thur., Mon., Tues. 7, 9:10; Fri., Sat., 7:30, 9:40. Sun., 5:20, 7:30, 9:40 --0--0-

RECORD HEAT IN JUNE.

BUT THE WORST IS YET

> Now, here's what we call convenience! The first air conditioner that's designed to move with you from room-to-room. First off, it's light...just 43 pounds. Second, it has its own carrying handle built right into the top. Third, its case is almost indestructible Lexan for durability. But, don't let the light weight or compact size fool you...this is a full-featured air conditioner with all the convenience features you've come to expect from Hotpoint. If something a bit larger is part of your summer comfort plans...Hotpoint has that, too. Models up to 18,500 BTU's in a variety of styles to blend perfectly with your decor. Why face another sizzling day or sweltering night when the convenience and cool comfort of a Hotpoint air conditioner is as close as your neighborhood BBD store,

#### Mike Finamore was told he had leukemia. Nine years ago.

When Mike Finamore was thirteen years old, he was told he had leukemla. At that time, this meant he had five, maybe six months, to live.

maybe six months, to live.

But just about then, leukemia research produced some dramatic results:

A special combination of drugs that would kill the leukemia cells in the blood and permit the person to live longer than

ever before. So Mike was treated. And it worked. He didn't die.

THIS SPACE CONTRIBUTED BY THE PUBLISHER AS A FIRE IC SERVICE

Instead, he became one of the fortunate few to have leukemia and live. And today his weekly treatments enable him

to lead a normal life.

In fact, right now he's putting the roof
on a house he built himself.

And when it's finished there will be a

double celebration.
The new house, And Mike's 22nd birth-

Most people expect presents. Mike's happy just to have a birthday.

By JOSEPH TOBIN

Director Ecology and Conservation Wave Hill Center for Environmental Studies New York, NY

Often we forget that which is most apparent and which appears before ( ) as daily principle. It's important to recall that one of the most significant premises controlling the world's ecology has been well known to physicists for many generations It is rather bluntly stated in these words'. "There's no thing as a free Junch All processes, no matter what their origin, involve energy transfers and this transfer of energy is never one hundred percent efficient. A proper education in environmental principles cannot ignore this important law of physical energy dynamics

It has been a recent contention that technology and the impact it has had in the development of industrialized agriculture has made it possible to circumvent energy transfer laws through the use of sophisticated fer tilization, irrigation and harvestation techniques on the farm. In the area of food production this has been true and rapid tran sport of farm goods to major urban areas has made laws related to per capita population distribution based on acreage obsolete

The effects on our society, however, of wasted energy - that portion of a fuel or substance that is not used in a transfer process are enormous. The internal-combustion engine for example, is only about 40 percent efficient as an energy unit. This means that for every 10 gallons of gasoline an automobile uses, actual work (movement of the vehicle) is done by less than half of the fuel consumed.

The remainder is born by exhaust into our air in the form of unburned hydro-carbons which are the United States' single greatest source of air pollution. Our country requires that research be done with all possible haste to devise more efficient ways of automotive energy transfer. We are in the midst of a world wide energy crisis. Energy is at a great premium and must be conserved. This con servation should begin in our own homes and be

reflected in our daily lives, through reduction in personal electrical usage, recycling of materials, use of mass transportation, car pools, etc. Most important, there is no time to lost on the part of the scientific technological community in its quest for

#### Unemployment rate increases to 6 pct. of May work force

Unemployment in New Jersey increased by 23,600 in May, counter to normal seasonal expectations, according to a preliminary estimate prepared by the NJ Department of Labor and Industry's Division of Planning and Research. This brought the May total to an estimated 227,900, or 7.0 percent of the work force. The unemployment rate in April was 6.4 percent and in May 1972 it was 7.0 percent of the work force. After seasonal adjustment, May's rate was 7.1 percent, up from 6.3 percent a month earlier but about the same as before last

About two-thirds of the rise in the unem ployment rolls between April and May resulted from the entry of additional jobseekers into the work force. This always occurs in May, though the increase this year was somewhat greater than normal

Usually the May increase in unemployment among persons entering the work force is offset by reduced unemployment among other workers resulting from seasonal hiring in construction, services, and other activities. This did not happen this year. One reason is that seasonal unemployment was unusually low during the past winter and early spring, because of favorable weather, meaning that there were fewer workers left in May to be

Another key factor in some parts of the state was the building trades work stoppages, which prevented the seasonal hiring of construction workers that normally occurs in May and also caused layoffs of some non-striking workers Sluggishness of seasonal activity in the apparel and food processing industries also con-

Among the state's nine major labor areas the unemployment rate increased by half a point or more in eight areas and was not significantly changed in one -- the Atlantic City area Compared with a year ago the rates were higher in five areas, lower in three areas, and unchanged in the Newark area.

#### Enlistment has \$2,500 Army bonus

The United States Army now offers two new enlistment options for service in the Regular Army which pay cash bonuses of \$2,500 for a fouryear enlistment. Titled the Army Cash Bonus Enlistment Option and the U.S. Army Training and Cash Enlistment Option, both are available to young men who

Prospective enlistees must meet normal mental, physical and moral standards for enlistment and be high school graduates. Those still in school may apply before they graduate if school officials certify they will graduate at the end of the school term.

Under the Cash Bonus Enlistment Option, young men without previous service may volunteer service with the artillery, armor or infantry, The offer also applies to former servicemen, if they have served less than three years and have been out of service for more than three months.

The bonus is payable upon successful completion of basic combat training, advanced individual training, and the award of a military occupational specialty which certifies the soldier is qualified to perform in his military job. The bonus, of course, is subject to normal tax deductions.

#### N.J. Ballet due at Drew

New Shakespeare Festival has announced a series of guest attractions which will be offered in its 1973 Monday Night Specials series, July 2 through Sept. 3, at 8 p.m. at Drew University, Madison.

Opening special, on Mon-day, July 2, will be the New Jersey Ballet, which packed the festival theater last

New Jersey's first resident professional ballet company, has performed at the Paper Mill Playhouse, Symphony Hall in Newark, the Garden State Arts Center, Seton Hall and Penn State Universities and the Montclair Fine Arts Festival, among others.

20 Cents Per Copy

Busy day ahead at pool for July 4 stay-at-homes

The Mountainside Community Pool, which has been open for several weekends, went into a daily program on Monday with a full schedule of events planned for the season

Heading the list of "special events" is the July 4th program, which includes a water decathlon for boys and girls 15 years of age and younger. The competition starts at 11 a.m. Also on the holiday schedule are foul shooting

and shuffleboard tournaments for adults and children, horseshoe pitching contests, three legged races and other competition The full program for next week includes

A.A.U. long course Junior Olympics qualifications at 9 a.m., Sunday; a teeny bopper party from 9 to 11 p m. July 5, and an adult party at 9 pm , July 7. Also on July 7, the borough's "A" swim team will compete in a 10 a.m. me€t in

Other Teeny bopper parties are set for July 25, Aug. 8 and Aug. 22 Parties for young adults will be held July 18 and Aug. 15, and additional adult parties are planned July 21 and Aug. 11.

The pool, which will be open through Labor Day, offers swimming lessons for all levels. including pre-school In the pre-school program, parents accompany the children in the water during the eight lessons, which are offered once a week for eight weeks. There is a charge of \$3 for the entire course. The first pre-school session begins Monday, with others starting on July 16, July 30 and Aug. 13.

The Beginner and Advanced Beginner category offers 12 lessons for \$5, offered over a three-week period. Children must be registered for kindergarten for the fall of this year to be eligible to join this instructional group. Sessions will start Monday, with others beginning July 23 and Aug. 13.

WAR BEAUTIFUL.

Advanced category, which includes 18 lessons during a four-week span. Each series costs

\$7.50 They begin on Monday and on Aug. 1. In addition to the regular swim lessons diving instruction and junior and senior Red Cross life-saving courses are offered. Further information on these is available from the pool

The pool is open from noon to 9 p.m. daily, affording even commuters the opportunity of utilizing the facility Membership applications still are available for families, individuals and

Families which were members last year are charged \$100 for the season; new families pay \$100 plus a \$20 initiation fee for the first season Single memberships cost \$50 or \$15, the lower cost being for those individuals whose families also have a membership. These would include unmarried persons over the age of 21 who are still living at home. Senior citizens pay a rate of \$15 per person.

Senior citizens get two guest passes each; individuals who paid the \$50 fee get five; and couples without children who hold a family membership get 10.

As of Tuesday, the pool had recorded a total of 740 memberships, including 628 families, 64 singles and 48 senior citizens. Last year's July figures showed 782 memberships, with 687 families, 64 singles and 31 senior citizens.

Although there is a drop in the total Recreation Commissioner William Cullen noted at last week's borough council meeting that at least 40 families could be expected to join before the end of the season, bringing the facility's budget within the figure projected for

SWIMMING POOL 'SPORTS' — Mountainside Community Pool activities are now in full swing, and the young borough residents pictured above prove there's more than one way to enjoy the facility. After a workout in the water, Lisa Bardack, Jayu Schlesinger, Sandy Crane and Susan Zioboro

(I. to r., top photo) find a card game on the lawn the best way to relax. Little Julie Meisner (below) doesn't even have to leave the kiddle pool for her relaxation, as long as Donald Duck' and an apparently tasty thumb are available.

Six Scouts earn Eagle

at Troop 177 ceremony

#### Resurfacing begun on municipal roads, to finish by August

Mountainside Borough Councilman Bruce Geiger, chairman of the governing body's engineering and public works committee, last week announced that resurfacing work has begun on 17 municipal roads. The project is expected to be completed by the end of July.

The cost of the resurfacing was estimated to be between \$30,000-\$40,000, with the bulk to be borne by the borough. Approximately \$7,000 of the total will be paid from state funds, obtained through the state's Road Maintenance Con-

The thoroughfares that will be repayed are as follows: Poplar avenue (from Cedar avenue to a point 1,050 feet east); Old Tote road (from Knollwood road to Cedar avenue); Knollwood road; Central avenue (from Knollwood to Cedar); Blazo terrace; Cherry Hill road (from Blazo to a point 150 feet north); School drive. and Briar Patch.

Also: Woodacres court; Orchard road; Bayberry lane; Bayberry court; New Providence road (from Summit lane to Outlook drive); Outlook drive (south of New Providence road); Pembrook road (Rt. 22 to Force drive); Locust avenue and Walnut

Geiger said workers have started raising manhole covers in preparation for the paving, which also will entail the raising of curbs in some areas. He noted that traffic would have to be rerouted, but said no schedule was available as to the dates when detours would be in effect.

Six members of Mountainside Boy Scout Troop 177 received their Eagle badges at a court of honor and Eagle award dinner last week at Community Presbyterian Church.

Scouts earning the Eagle badge were Scott Burke, Matthew Drysdale, Bruce Gollob, John Keenan, Carl Kolts and Robert Zimmerman. Former Scoutmaster Robert Roman made the presentations.

Scoutmaster John Crowley presented rank advances and merit badges to the following troop members: John Crowley, Star Scout; Jeff Borchert, Robert Hain, Eric Kolts, Malcolm Talcott, First Class; Mark Borkowski, Second Class; Paul Greenberg, Tenderfoot Chris Baker, Borchert, Scott Burke, Crowley, Drysdale, Chris Earle, Gollob, Hain, Harry Irwin, John Irwin, Donald Jeka, Keenan, Eric Kolts, Carl Kolts, Tom Medevielle, Mark Osbahr, Robert Roman, Skeet Sellars and Talcott, merit badges; Chris Baker, Jeka, mile swim awards.

The program was opened with the invocation delivered by the Rev. Elmer Talcott Jr., pastor of the church. Committee chairman Arthur Winter with the welcoming address. Among those present to congratulate the new Eagle scouts was Mayor Thomas Ricciardi.

All the new Eagle Scouts prepared special projects as part of the requirements for the

Drysdale, who attended the World Jamboree in Japan and the Philmont Scout Ranch in New

Mexico, developed a system for distributing information throughout Mountainside by use of maps for his project. The Jonathan Dayton Regional sophomore is a member of the school band, Chess Club, Key Club and the Explorer Post sponsored by the Western Electric Company. He has been active in the Little League and Church Youth Fellowship. This summer he will hike the Appalachian Trail in New Hampshire. He hopes to attend the 1975

Jamboree of the Boy Scouts in Norway. Burke's project was the organization and completion of a newspaper drive in the borough. Proceeds were used to purchase equipment for the Little League. The Dayton Regional sophomore also participated in programs at the Philmont Scout Ranch last summer. He is a member of the Church Youth Fellowship and has tutored at the Elizabeth-

Keenan organized a 35 mm photographic slide file to be used in conjunction with science tests at Dayton Regional for his Eagle project. He attended Philmont and also earned the (Continued on page 2)

najor at Elon College For competition minded adults, a series of tennis tournaments has been scheduled at the Deerfield School courts. On July 28 and 28 tourneys will be held for men's singles in two age groups 16.25 and 40 and over, and for mixed doubles, 18 and older. Men's singles, 26 40 years, and women's singles, 16 and over, will be in the tourneys Aug. 4 and 5. Registration deadline for the July tournaments in July 20

for the others. July 27 Reginners' golf lessons will be held during July for adults and youths, with five two-hour sessions in each division. Fee for adults is \$14 tor youths. \$9 Mark Lesslauer will instruct the courses, to be held at the Deerfield School, a driving range and Par 3 course

Other sports activities include a soccer clinic for boys eight to 12 years old, to be held at the Deerfield School on Tuesdays and Thursdays from 9-11 a m., starting July 3. There is a \$2 fee for the course, which will be taught by Glenn Schoemer Women's Softball League play, which will run from six to seven weeks, starts on July 9, with games to be held at Deerfield School field

Borough girls aged four to 11 years will once again have the opportunity to take part in a creative dance program, under the direction of Judith Reich of Mountainside Three sessions are planned. June 25-July 6, July 9-19, and July 23-Aug 2 An \$8 fee per session entitles each child to eight one-hour lessons

Dates and times for a four-week twirling clinic will be announced shortly. Beginner and intermediate classes, for youngsters in the 5th to 8th grades, are planned. The fee will be \$2

Four bus trips to the Garden State Arts Center also are included in the Commission's summer schedule. On July 13, residents can see a program featuring Henry Mancini and Lena Horne, and on Aug. 3, a production of "No, No, Nanette," starring Don Ameche and Evelyn Keyes. Fee for each is \$5 for seats in Section C at the Center.

The Fifth Dimension can be seen in concert on August 9, for a \$3.50 charge, and on Aug. 30 there will be a show featuring Liberace. Fee for the latter is \$5, and first preference for reservations will be given to senior citizens. Prices for all the outings include both admission and bus fare. Buses will leave from the Deerfield School parking lot, off Central

An adult trip to Monmouth Race Track is listed Saturday, July 21. Buses will leave Deerfield School at 11 a.m. and return after the races. The \$2 charge will cover bus fare only.

Family trips and skating outings are new events on the summer schedule. The first family trip, to the Morris Museum of Arts and Sciences and the Morris County Railroad, is set for July 10. The charge, including bus and admission, will be \$3 for children, \$4 for adults. Buses will leave Echobrook playgrounds at 9:30 a.m. and return at 4 p.m.

ON AUG. 1, there will be a family outing to the Turtle Back Zoo in West Orange, with a fee of \$2 for youngsters and \$2.50 for adults. including fare and zoo admission. Buses will leave Echobrook at 10 a.m., and return at 3.30 p.m. On both family outings, children must be accompained by an adult. Families should bring their own picnic lunches.

July 10 and Aug. 8 are the dates for roller skating outings at the Livingston rink. A \$2.50 fee includes bus from the Deerfield School, admission and skate rental. Ice skating at the South Mountain arena is scheduled July 26. There will be a \$3 charge for the bus from Deerfield School and rink admission, but skate rental carries an additional 70-cent charge.

The Commission's summer playground program, held at the Echobrook School, began on Monday and will run through Aug. 17. For the first time, there are sessions scheduled for sixth to eighth graders.

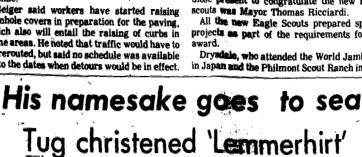

The older children may take part in the

program on Tuesday and Thursday mornings. First to fifth graders have all-day schedules on Mondays and Fridays, and afternoon activities on Tuesdays and Thursdays. A number of special trips, each costing under \$5, will be held on Wednesdays.

YOUNGSTERS' OUTINGS and dates are as follows: Baseball game, for 3rd to 9th graders, July 11; Staten Island Zoo and Ferry, July 18; (Continued on page 2)

CREATIVE CHOREOGRAPHY—Judith Reich (center) instructs youngsters on basic ients of creative dance, as part of summer program spansored by the borough's Recreation Commission. The course, designed for girls aged four to 10, is being offered in three eight-lesson sessions. The first began Monday and will run through July 6. Others are set for July 9-19 and July 23-Aug. 2.

Many area residents are boating enthusiasts, and their vessels often bear the names of family members, but there aren't many who could claim the distinction of Melvin E. Lemmerhirt of Mountainside. His name is now

mblazoned on an ocean-going tugboat.

Lemmerhirt, of 1124 Saddle Brook rd., is vice-president of the Great Lakes Dredge and Dock Go., and is in charge of the firm's North Atlantic division, where the new tug will be employed.

employed.

The 4,000 horespectuar vessel was christened by Mrs. Lethinschirt June 21 at a ceremony at New Orleans' infinitifial Canal. It was built by the Southern Shipbuilding Corp. of Slidell, La.,

and the half was launched March 28 in the Pearl River in March 28.

#### 3 teens charged with theft of sign

Three Westfield teenagers were picked up by Mountainside police Monday morning and charged with possession of stolen property. namely a "No Loitering" sign that had been posted in the parking area of the Friendly Ice Cream Shop on Mountain avenue.

The two foot square placard is one of five that are missing from Friendly's and from Chrone's Tayern. Police said they erected the signs last week, "and within three days, all were stolen

The Westfield youths one aged 16, and the others aged 17 were picked up at 12-15 a m-by Ptl. Herman Hateken and Ptl. John Garrett after the sign was reportedly spotted in the

The teenagers were released in the custody of their parents, pending signing of juvenile

#### New Yorker hurt, lost control of auto

A New York man was injured Tuesday morning when his car apparently went out of control on Summit road and crashed into a tree and a utility pole. Mountainside police

Police said Stanley Fried, 55, of Roslyn Heights, N.Y., was alone in the northbound auto when it ran off the roadway near Charles street at 6.56 a.m. Police were not able to obtain a statement from motorist, who was taken to Overlook Hospital by the Mountainside Rescue Squad

#### Maas at orientation

David A Maas of Mountainside was among the incoming students who took part in a recent one day orientation program at Chowan College, Murfreesboro, N.C., a two-year liberal arts college. Maas is the son of Mr. and Mrs Louis I Maas of 1063 Sunny Slope dr.

scheduled on July 11, 18 and 25, from 1 to 2 p.m If the puppet shows are a success, they could be continued in the fall. A recreation department spokesman said they would like to obtain permission from the Mountainside Public Library for use of its facilities.

The playground staff is headed this year by Larry Baiza of Hillside, as supervisor. Baiza, a 1973 graduate of Newark State College, Union. holds a degree in physical education. He has worked with the Mountainside Recreation Commission in its 1972 and 1973 basketball leagues and clinics.

Arts and crafts supervisor is Lynn Firestone of Linden, back in the borough for a second summer. She is also a 1973 graduate of Newark State, with a physical education degree

PLAYGROUND ASSISTANTS are Robert Greeley and Barbara Foster, both of Mountainside. Greeley is a senior at Gov Livingston Regional High School Miss Foster, a 1973 graduate of that school, plans to major in physical education at college. She also will be a parttime tennis instructor during the summer

Registration is required for the playground program and all other Recreation Commission activities. Registrations are accepted at Borough Hall, Monday through Friday, from 9 m to 5 p.m.

The Commission is offering activities for all age groups in the borough, but there still seems to be a lack of interest from many teenagers

At last month's Borough Council meeting, a group of local teens requested help from the governing body in setting up a program for their particular age group. Recreation commissioner William Cullen invited the youths to draw up a schedule of activities for approval and implementation by the Commission A special meeting for that purpose was to be announced, at the teenagers convenience, but, according to Recreation Department director,

Nancy Pollock, "they never contacted us." Looking ahead to autumn, the Recreation Department has been accepting registrations from boys aged nine to 13 for the midget football program. Seventy-three have already signed up, but other youths who would like to participate can still register today and

#### Bridgeport dean's list includes local students

Two Mountainside residents have been named to the dean's list at the University of Bridgeport (Conn.) for outstanding academic achievement during the spring semester

Honored were Sheila A. Carson of 314 Rolling Rock rd., majoring in basic nursing, and Susan Dabrowski of Route 22, majoring in secretarial

NEW EAGLE SCOUTS Members of Boy Scout Troop 177 who were presented with their Eagle badges last week are, from left Scott Burke, Matthew Drysdale, Bruce Gallob John Keenan, Carl Kolts and Robert Zimmerman. The Eale award dinner

The above summary or synopsis was prepared from the report of audit of the Borough of Mountainside, County of Union, for the calendar year 1972. This report of audit submitted by Suplee, Clooney & Company, Registered Municipal Accountants and Certified Public Accountants, on file at the Borough Clerk's office and may be inspected by any interested person.

Mountainside Echo, June 28, 1973

HELENA M. DUNNE Deputy Borough Clerk (Fee: 857.96)

awaits rare eclipse Three bus loads of amateur Observatory of Union College Sunday are now on an African safari search of a solar eclipse

They are part of an Amateur Astronomers Inc sponsored expedition to view what has been described as the most significant solar eclipse of this century in Mauritania, West Africa. They departed for Dakar aboard a 707 jet from Kennedy International Air

The expedition, which has been three years in the planning, will view the sixand a half minute eclipse on Saturday from Akjoujt. Mauritania, which will be 16 miles from the center-line of the eclipse, as well as an area noted for its cloudless skies and lack of rain.

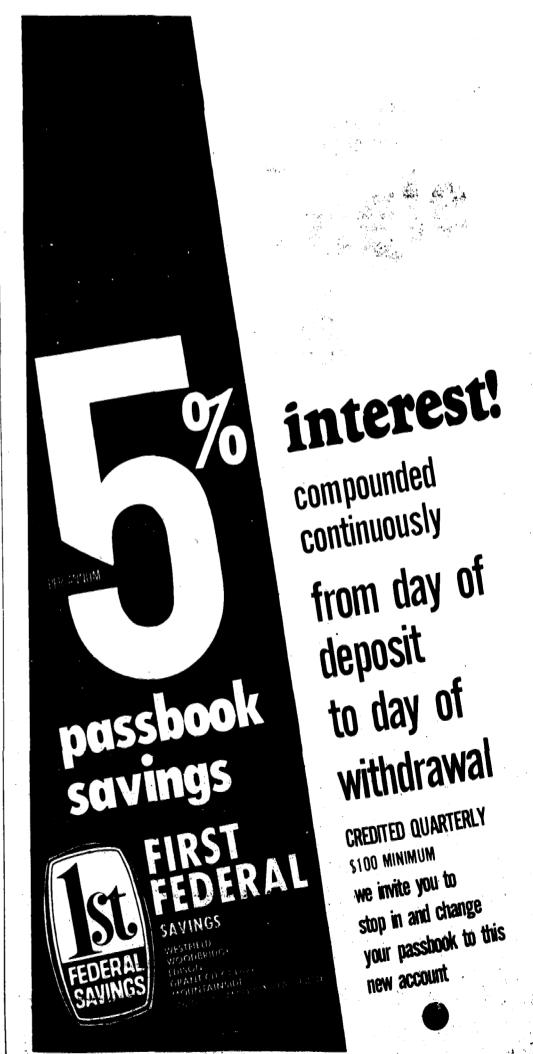

Although Akjoujt is on the edge of the Sahara Desert, the amateur astronomers-engineerers, housewives, physicians, scientists. students, teachers and clergymen-will have airconditioned accommodations. food with a French cuisine and entertainment, all planned by Roger Tuthill of Mountainside, expedition director. who made the arrangements in three previous trips to Mauritania

There were 115 members of the expedition who left from the Sperry Observatory. Another 85 went to Kennedy Airport for the flight to Dakar. where another 20 people will join the safari. The group includes residents from 10 New Jersey counties, 26 states, Washington, D.C. and three foreign countries, Bolivia, Canada and Mexico.

From Dakar, Air Mauritanie, the Mauritanian national airline, will fly the group to Akjoujt.

The AAI trip is primarily a scientific expedition says Tuthill. "Memebers plan to take advantage of the extreme length of the eclipse to study the solar atmosplere. With thousands of other amateur and professional astronomers from throughout the world, they will be taking photographs and conducting experiments to study the polarization of the sun's corona, to make accurate timings of the position of the sun from the edge of the path of the eclipse, to seek a precise definition of the orbit of the moon, to conduct an interplanetary search and to take measurements of the effect of radio wave propagation," he added.

Many of these phenomena are not visible or measurable except during an eclipse, according to Tuthill. "Since most eclipses last about three minutes, with the longest possible laper time for an eclipse being seven minutes, this solar eclipse should prove a rare opportunity for adding to the existing body of knowledge about the atmosphere," he said.

#### Dr. Feig elected president of board of Schechter School for 1973-74

NEWLY-ELECTED OFFICERS of the 1973-74 board of governors of the Solomon Schechter Day School of Essex and Union make plans for the school activities next year. Pictured above, left to right, are, standing: Irving Kurtz of Highland Park, treasurer; Mrs. Harold Reisberg of Springfield, secretary, and Dr. Michael Och of Maplewood, vice-president. Seated, left to right, are Emanual Needle of Maplewood, vice-president; Dr. Gerald Feig of Springfield, president, and Philip Solondz of Livingston, vice-president.

#### Ad proves 'arresting' Bid to sell cubs lures agent

Advertising sometimes can reach too many people. In the case of a Union man and the daughter of a Springfield resident too many people included Frank Glotta of the New Jersey Fish and Game Department.

A spokesman for the Fish and Game Department said David Newberger, 31, of 1138 Reeves ter., Union, brought four mountain lion cubs and a four month old bobcat into Union from California

Newberger placed an advertisement in the New York Times to sell the animals-the mountain lions for \$700 and the bobcat for \$250 and Glotta saw the ad, the spokesman said.

When Glotta went to the Newberger home, on May 15, Ann Mullman, 26, listed by Springfield

police as a resident of New Brunswick, took two of the mountain lion cubs to her father's home at 72 New Brook lane, put them in crates and shipped them to Florida according to the spokesman

According to police, Newberger was arrested the spot and charged with possession of illegal animals, interfering with an officer and failure to obtain a license to sell animals. Ann Mullman was arrested at 8 p.m. on May 18, and after spending a night in jail, was charged with interfering with an officer. Both will appear in Union Municipal Court on July 16.

The only remaining animal at the Newberger house, the bobcat, was "seized as evidence" and is now on display at the Terry-Lou Zoo in Scotch Plains.

FURNITURE SHOWROOM OPENED—William Ruocco, mayor of Springfield, cuts ribbon at grand opening last Thursday of Dover Furniture of Springfield on Westbound Rt. 22, Springfield, as Jack Glantz (left), president of Dover Furniture co., and Charles Falick manager of the Springfield store, look on. Dover Furniture, which specializes in living room furniture, offers unusual values made possible by multistore buying power and specialization. The success of the original store in Dover was followed by the opening of branches on Rt. 46, Wayne, and Rt. 10, Whippany. The Springfield store is open from 9:30 to 9:30 weekdays and from 9:30 to 6

Other newly-elected officers of the 1973-74 board are vice-presidents, Emanual Needle and Dr. Michael Och, both of Maplewood, and Philip Solondz of Livingston, and treasurer, Irving Kurtz of Highland Park

In addition, the following members whose terms had expired, were re-elected to the board: Dr. Aaron Wyner, Herbert Limmer, Morris Jaffe and Paul Rosenberg. New members of the board of governors include two Springfield men, Joachim Schorr and Sidney Piller, along with Lewis Schwarz, Mrs. David Rosenberg, Gideon Goren, Dr. Rabbi Alexander Shapiro and Dr. Judith Lax.

Dr. Feig, prior to his election as president, was a vice-president of the day school board and a member of this governing body for the last four years. He is also a member of the

Springfield Lodge of the B'nai B'rith. Director of research for the Sun Chemical Corporation in Carlstadt, he is affiliated with Temple Beth Ahm and Congregation Young Israel, both of Springfield. He is married to the former Mildred Asman, who has also been active in Solomon Schechter School affairs, both as a PTA president and as a member of the day school's Education Committee Their two daughters. Hilary and Susan, have received their entire academic training at the Solomon Schechter Day School and will be entering the ninth and fifth grades, respective ly, in September Hilary is a "charter" student in the school, having been enrolled since its inception in 1965, and will be in the new high school's first ninth grade.

In addition to electing the new officers and members, at the annual meeting, the board received final reports of standing committee heads. Paul H. Shapiro, outgoing presidents, mentioned highlights of the past year. Because the school had outgrown existing facilities at Congregation Beth Shalom in Union, he reported that the Lower School, for kindergarten through grade four, remained there, but an Upper School for grades five through the eight moved to the YM-YWHA on Green lane, Union. In the quarters at the Y, a fully-equipped science laboratory and separate library were instituted.

A new educational director, Joachim Scharf, joined the staff to head the school

The decision was made to inaugurate a high school with a new year's ninth grade, and a recommendation that the Judaic program be taught on two levels was approved by the board. Day school graduates will continue an intensive, all-Hebrew education for half of each school day in high school, but non-day school graduates will have a Judaic curriculum on a separate track adjusted to a limited Hebrew language background. However, both groups will intermingle in the general studies program

Present members of the board of governors who will continue to serve in the same capacity are: Dr. Ralph Gwatkin, Rabbi William Horn. Alexander Banks, Jerome Kipnees, Rabb Elvin Kose, Dr. Barry Lauton of Springfield, Stanley Levine, Dr. Matityahu Marcus, Bernard Novick, Rabbi Jehiel Orenstein, Joseph Rosenberg, Stanley Strauss, Dr. Nathan Winter and Horace Bier.

Paul H. Shapiro joins the board as a former president, and Mrs. Bernard Wasserman as PTA president, along with her two designates, Mrs. Millard Spialter and Mrs. Rhea Karlin.

#### 3 local students named to Bridgeport honor list

Three Springfield residents have been named to the dean's list at the University of Bridgeport (Conn.) for outstanding academic achievement

during the spring semester.

Honored were Brenda Demuth of 117 Warwick cir., who is majoring in fashion merchandising; Jill S. Gecker of 62 Country Club lane, and Marcy Rich of 44 Golf oval, both elementary education majors

#### Marogopulos awarded law degree at Seton

Theodore Marogopulos of 27 Skylark rd., Springfield, was one of 218 students at Seton Hall University to be granted a juris doctor degree at the school's South Orange campus ceremonies.

The graduates of the school, which is located in Newark, were addressed by Herbert J. Stern, United States attorney for New Jersey, who was awarded an honorary degree.

#### Braatz receives M.A. at Fairfield University

Ernest P. Braatz of 46 Marion ave., Springfield, was awarded a master of arts degree on June 3 from Fairfield University,

Commencement speaker was Dr. Sidney P. Marland, U.S. commissioner of education and assistant secretary of the U.S. Department of Health, Education and Welfare.

#### Dr. Kent to head Overlook's family practice residency

In a move to provide a steady inflow of well trained young physicians to the Overlook area, a new concept of family practice residency will begin July 1 at Overlook Hospital under the direction of Dr Donald F. Kent, former president of the Overlook medical staff.

Overlook Hospital has recently received approval from the American Medical Association for residencies in the specialty of Family Practice, which seeks to treat patients as part of their family unit, an updated version of the oldtime GP

Utilizing modern methods and psychological understanding of the social and emotional factors in the patient's environment, as well as his physical needs, a vital feature of the program is a model family practice unit wherein the young residents, all medical school graduates see and care for office patients.

A model Family Practice Unit has been established at Overlook in the old main lobby area off Morris avenue, with another unit to be located in Chatham at Dr. Kent's original of fices at 4% Main st

Dr. Kent will continue to see his own patients and also will serve as consultant in reviewing all cases handled by the residents.

At both to ations a suite of doctor's offices is complete to nurse practioner and receptionist At both locations the aim is to provide an ideal setup showing how a doctor's office should be run. Each resident will have his own cluster of patients representing a broad socio-economic mix. He will follow them through the three years of his residency, under faculty super vision. He will utilize such new concepts as the problem oriented medical record and the use of paramedical personnel

The resident will be further exposed to community medicine by making house and nursing home calls, and working in school situations. He will also participate in other community medical programs such as Overlook's Family Health Centers in medically-indigent areas.

"Overlook Hospital is sponsoring this important enlargement of its medical education program in the belief that the well-equipped community hospital is the logical place to train young doctors in family and community medicine Dr Kent commented

This is a pioneering program, one of only two such programs in the state. It is a fact that 55 percent of doctors stay within a 25-mile radius of where they last trained; 75 percent stay within the state," Dr. Kent pointed out.

"It is imperative that New Jersey provide clinical experience in the hospital setting now that our state has two four-year medical schools under the New Jersey College of Medicine and Dentistry, one in Newark and one

#### Miss Bove marks school graduation

CATHERINE A. BOVE

Catherine A. Bove, daughter of Mr. and Mrs. Michael Bove of 155 Linden ave., Springfield, was graduated from St. Francis School of Nursing, Jersey City June 17 at a Concelebrated Mass in Sacred Heart Cathedral, Newark, His Excellency, Thomas A. Boland Archbishop of Newark, presided.

She was vice president of the junior class and president of the senior class, literary editor of the yearbook and was honored for three years of outstanding leadership at St. Francis.

Herbert Ross of 1606 Rising way. Moun tainside is in charge of ticket sales. Box seats are priced at \$10, admission to Section A is \$6

Section B, \$5, and Section C \$4 Songstress Aliza Kashi, who has made numerous appearances on "The Mery Griffin Show and in nightclubs, will headline the festival program. Also featured will be "To Live Another Summer." an all Israeli troup that appeared on the New York stage last year with a collection of satiric songs sketching Jewish history, and a dance repetoire ranging

from traditional Hasidic dances to rock
The Ayaions, an Israeli quartei, will offer comedy skits, and a program of dances will be performed by the Sadot Dancers of New York The Cantors Concert Ensemble of the New Jersey branch of the Cantors Assembly of America will sing traditional liturgical music The group is under the direction of Leopold

Also appearing will be 12-year-old violin virtuoso Nadja Salerno-Sonneberg of Cherry Hill, who won top honors in the recent children's auditions sponsored by the Philadelphia Symphony Orchestra

#### `Freedom Tree' dedication held

The Foothill Club of Mountainside dedicated its "Freedom Tree" on Flag Day, June 14. The tree was planted at the Deerfield Middle School in tribute to Marine Captain James Egan missing in action in Vietnam since Jan. 21, 1966

The officer's parents, Mr. and Mrs. James Egan of Mountainside, were present at the dedication Mrs Egan is New Jersey State coordinator of the National League of Families, which is working to keep the issue of the M.I.A.s in the public eye.

Mayor Thomas Riccardi presented the salutation at the program. The flag ceremony was carried out by the following members of VFW Post 10136: Commander Joseph Mazur, and Comrades Joseph Huber, Stan Mazur, John Miarmi and William Schryba

The Deerfield Larkettes sang "Day by Day," and the third grade class of the Deerfield Elementary School sang "Fifty Nifty United

A plaque to identify the "Freedom Tree" will be added at a later date, at which time another formal ceremony will be held.

#### Albert Morrow; TEPCO engineer

Funeral services were held Sunday in Boca Raton, Fla., for Albert P. Morrow Jr., a former Mountainside resident who died last Thursday at the Fountains Nursing Home in Boca Raton after a brief illness. He was 66

Born in Philadelphia, Mr. Morrow lived in Mountainside before moving to Florida five ago. He was formerly employed as mechanical engineer by TEPCO. Mountainside

Surviving are his widow, Mrs. Victoria Morrow: two sons, Charles of Ft. Lauderdale, Fla , and Albert of Yorba Linda, Calif.; three daughters, Mrs. Joyce Schreiber of Jersey Shore, Pa., Mrs. Margaret Cozzens of Spring Cov., Pa., and Mrs. Victoria Otis of Willingboro; two brothers, John, of Bala Cynwyd, Pa., and William of Roslyn, Pa.; a sister, Mrs. Jessie Mohrmann of Forest Hills and 20 grandchildren.

#### Cardoni on dean's list

EMMITSBURG, Mo.-Robert L. Cardoni of 326 Short dr., Mountainside, N.J., has been named to the acdemic dean's list for the second semester of 1972-73 at Mount Saint Mary's College in Emmitsburg. He is a sophomore at

list, and a \$515 penalty for falsifying application for a driver's license, will be paid to the probation office. Stembridge also received a two months suspended sentence for the latter crime

In connection with the case, a \$30 fine was given Marlene Stembridge, also of Plainfield, for allowing an unlicensed driver to operate her

The narcotics case involving Kenneth J Matysek of 271 Apple Tree lane, Mountainside, was sent to the Union County Grand Jury. Matysek, who was arrested May 7, has been charged with illegal possession of metham-

In other court action, a total of \$50 in fines was levied against Raymond D. Vickery of Union for operating a motorcycle without a license, and for passing on the shoulder of Rt. 22 Passing on the shoulder of the highway brought \$20 fines to three other persons Raymond F. Moran Jr. of Plainfield, Michael J. Cohen of Scotch Plains, and Robert W. Stolz of Fanwood

Margaret T. Walzer of Scotch Plains paid \$20 for failing to yield the right of way at the turnoff intersection of Rt. 22 and New Providence road Lydia Wade of Cranford was fined \$20 for failure to have license or registration in her possession while driving on Woodland avenue Both women had been involved in auto ac

Operating a motorcycle without a license resulted in a \$15 fine for Mark I. Hammer of 1172 Puddingstone rd., Mountainside His summons had been issued on Foothill way

Kenneth J. Bittman of New Providence paid \$30 for careless driving resulting in an accident on Summit lane Following too closely on Rt 22 brought a \$20 fine to Paul J. Cooney of Linden

The Austin Leasing Corp. of Jersey City received a \$35 penalty for allowing use of improper plates on one of its vans. The summons had been issued on Rt. 22.

Carlos Alocker of Springfield and Barton Transfer Co. of New Providence each had \$25 bail forfeited for highway violations. Alocker had been charged with being an unlicensed driver. The firm was cited for not having rear taillights on its tractor trailer

In non-motor vehicle cases, Antonio Carlone of Millburn received a \$10 fine for loitering after dark in the park. Konstantinos Papamoros, also known as Gus Moore of Newark paid \$30 for failing to give a good account of himself. Papamoros also had been accused of possessing burglar tools, but that charge was dismissed.

#### Hartman presents Boy Scout award

R. A. Hartman, president of the Palnut Co., Mountainside, took part in the program held recently at the annual meeting of Thomas A. Edison Council, Boy Scouts of America, in North Brunswick. Palnut is a division of T.R.W.

At the scout meeting, Hartman presented a National Exploration Award to Explorer Robert Williams, 15, of Edison, and described an all-expense paid trip the youth will take this summer to California, where he will be a guest of T.R.W. and work with the firm's space scientists for several weeks

The award is sponsored jointly by T.R.W., the Explorers Club of New York City and the National Explorer Division, Boy Scouts of

#### Seliaman earns honors at Berklee College

BOSTON, Mass. THE Berklee College of Music has announced that Jonathan D. Seligman, freshman and the son of Mr. and Mrs. Bernard Seligman of 349 Summit rd., Mountainside, N.J., has earned placement on the dean's list for the second term of the 1972-73 school year.

arranging composition, harmony, solo and orchestral performance, as well as the humanities. Upon graduation from Berklee, he will be qualified as a teacher, arranger, composer and instrumentalist

#### Freshman year ends with academic honor

GREENVILLE, Pa. - Robert Pfriender of Mountainside, N.J., has been named to the dean's list at Thiel College for the spring semester, according to Dr. Richard W. Solberg, vice-president for academic affairs.

Pfriender, son of Mr. and Mrs. Henry Pfriender, 222 Pembrook rd., made a grade point of 3.25 or better on a four-point scale. He is a freshman, majoring in accounting.

#### Evelyn Coe is honored

Evelyn H. Coe of 262 Hickory lane, Mountainside has been named to the dean's list at the University of Delaware for the spring semester, having attained above a 3.25 average. She will be a sophomore and is majoring in art education.

#### Academic achievement

Miss Ann Mazur of Raccoon Hollow, Mountainside, has been named to the dean's list at the College of Saint Elizabeth, Convent Station, for the past semester.

#### Freshman wins honors

Sandra Thayer, daughter of Mr. and Mrs. Ralph Thayer of Mountainside, has been awarded second semester honors for scholastic achievement at Geneva College, Beaver Falls, Pa. Miss Thayer is a freshman, majoring in

#### Brown on dean's list

David Brown of 1634 Nottingham way, Mountainside, has been named to the dean's list at Duquesne University School of Business and Administration for the spring semester.

FIRST WOMEN GRADUATES-Randy Sue Schott, center, daughter of Mr. and Mrs. Frank Schott of 371 New Providence rd Mountainside, was among the first 11 women to receive degrees from Lehigh University at commencement exercises on May 27. She and three other coeds, Melissa G. Muendel of Basking Ridge, left, and Susan Anisfield, right of Upper Montclair, were among the four girls who are residents of New Jersey to receive degrees.

#### Middlesex woman hurt as truck jumps divider

June 21 after her car collided with a tractor trailer truck that had jumped the center divider on Rt. 22, Mountainside police reported In a second accident that day, two borough women required emergency treatment after they were involved in a crash on New Providence road

The first mishap occurred at 4-30  $\bar{p}/m_{\odot}$  on the ramslicked highway, opposite Hall & Fuchs Co Police said the truck driver, Edgar Wood of Morristown, told them his truck skidded on the wet pavement in the eastbound lanes and went over the concrete wall. Mary A. Heffernan of Middlesex, who was driving westbound in the fast lane, said she was unable to avoid the truck because of traffic on her right

Miss Heffernan suffered abrasions on both knees but police said she told them she would see her own physician

Evelyn Keller of 1365 Woodvalley rd Mountainside, was charged with careless driving after she reportedly ran into another car at the intersection of New Providence road and Apple Tree lane at 9 40 p.m. Both Mrs. Keller and the other driver, Judith A. Langbein of 1440 Force dr., Mountainside, were injured and were taken to Overlook Hospital by the Mountainside First Aid Squad

Police said Miss Langbein was making a left turn off New Providence road when she reportedly stopped to allow two boys to cross the street. Her car was then hit in the rear by

Class starts this Monday at institute

Five hundred persons are expected to enroll in a variety of classes being offered in the 1973 summer session at Union County Technical Institute and Vocational Center, Scotch Plains, according to Jack Glynn, director of the summer session and coordinator of the civil technology program.

The summer session opens on Monday and programs range from a length of two to six weeks. Day classes meet Mondays through Thursdays and evening programs meet two nights per week.

In-person registration for the summer session will be held today and tomorrow from 6 until 9 p.m., Glynn said.

At the institute, credit redi physics, the courses in humanities. sciences, mathematics and technologies are scheduled. Non-credit courses in introductory and advanced typing, and shorthand, are scheduled as well as refresher programs for those who want to improve or update their skills. Courses in basic and physics, which are designed for those who lack background to take a credit-level program or for those who want a brushup, are also being conducted in the summer session.

Community service programs aimed at providing the home or automobile owner with a practical knowledge of maintenance and repair of his home or car are included in this summer's offerings Glynn stated. These courses inçlude auto mechanics for women, household plumbing, practical house wiring, lawn and garden maintenance and creative cooking.

Glynn said many of the programs offered 'during the summer session are filled but openings still exist in some classes. Persons interested in attending the summer session are urged to inquire im-mediately by contacting the Director of Summer Session at Union County Technical Institute by calling 889-2000.

# Follow the Road to Fun This Summer by Driving Sately, Carefully, Courteously

Family trips are fun, so let everyone help plan the excursion. And remember, driving safety makes vacation time and summer weekends more enjoyable. Dad's the pilot, but it's only fair that some of his crew pitch in for a safe trip by checking to see safety belts are buckled and to watch for traffic problems and signs on the highways.

The family can help with directions, too, so Dad won't be map reading while driving.

Before you leave, double-check tires, brakes, steering. Be sure your engine is in tip-top shape. When you're on your way, take it easy, drive carefully, obey the rules of the road. Take safe driving along, wherever you go.

Family trips are fun, so let everyone help plan the excursion. And remember, driving safety makes vacation time and summer week-ends more enjoyable. Dad's the pilot, but it's only fair that some of his crew pitch in for a safe trip by checking to see safety belts are buckled and to watch for traffic problems and signs on the highways.

The family can help with directions, too, so Dad won't be map reading while driving. Before you leave, double-check tires, brakes, steering. Be sure your engine is in tip-top shape. When you're on your way, take it easy, drive carefully, obey the rules of the road. safe driving along, wherever you go.

#### Tennis, golf, Camp Horizoffered in Y summer teri.

New YMCA Camp Horizon and four junior golf schools will highlight the Westfield YM CA's summer term Registration for the first of four two-week summer sessions began Mon-

Tennis lessons for boys in grades 5 to 8 and 9 through 12 will also be offered.

"It's time to get away from schoolyards and suburban sidewalks in the summer heat." noted Y program director John A. Leitch. "The Y this year has a really ideal program for boys who want to stay at home- 'Camp Horizon' at our new Four Seasons Outdoor Center in Lebanon Township. The new site, which is a pre-Revolutionary farm, promises a broadening mixture of traditional day camp fare an environmental education. That's why we're calling it Camp Horizon--- we hope it will broaden the scope of the boys' interest, education and understanding."

Camp Horizon for boys in grades 1 through 6 and Ranger Camp and advanced program for boys in grades 4 through 6 will be held at the

Kinder Kamp, an introductory program for boys 4-6 will again be held in the woods of the Watchung Reservation All three programs begin Monday

Golf is among the fastest growing sports oday Boys who don't know how to play the game often feel left out. The same is true of ennis," said physical director Harry L. Lesher offering four junior "That's why we're golf schools this term'

Use of all clubs will be covered-including rons, putter and woods—as well as experience in the course. Golf professional John Bollimger will teach the classes at Scotch Hills Country

#### Watchung Nature Club fetes long-time member

Miss Zimmerman of Berkeley Heights. a founder of the Watchung Nature Club of Plainfield, was honored by that group June 19 et their "Strawberry Picnic Supper," the final

Mrs. Zimmerman received a hand-lettered eroll citing her for having "the longest and cost faithful membership" in the club. The esentation was made by Norman Courtelyou Plainfield, also a long-time member. Club sident for the 1972-73 season is Mrs. Harold Debbie of Scotch Plains

Two schools will be for boys grades 5 to 8 --one course held Tuesday through Friday June 26 through July 6 from 10 to 11 a.m., the second Tuesday through Friday, July 24 through Aug. 3, from 10 to 11 a.m.

Two schools for boys grades 9 through 12 will be held Tuesday through Friday, July 10 through July 20, from 10 until 11 a.m.

Tennis instruction will include all fun-damentals-ground strokes, grips, forehand, backhand, service, rules and ettiquette.

Instruction for boys in grades 4 through 6 will be held Mondays from 9:15 until 10 a.m. and for boys in grades 7 to 9 Wednesdays from 9:15 to

"Boys make great strides in skill instruction that's offered daily," pointed out Lesher. Intensive everyday swim instruction will be offered in four two-week terms: June 25-July 6, July 9-July 20, July 23-Aug. 3 and Aug. 6 through Aug. 18.

Registration is on a walk-in basis at the front desk of the Y, 138 Ferris pl., every day from 9:30 a.m. until 9 p.m.

#### Warmwater fishing replaces trout search in New Jersey

The successful 1973 trout season has come and gone, but summer fishing is just beginning Russell A. Cookingham, director of the N.J. Division of Fish, Game and Shellfisheries, noted this week

New Jersey waters were stocked with over 750,000 trout this spring from state and federal hatcheries. The state hatchery in Hackettstown produced a record 660,000 trout this year. This igure exceeds last year's output by approximately 60,000 trout and the 1956 record by

An abundance of rainfall the past two years in conjunction with two "open" winters, were contributing factors toward this record production.

The stocking season may be over but there is good fishing in store for warmwater species. Many ponds, streams and lakes contain good populations of catfish, perch, pickerel, sunfish and bass and these can provide a great deal of recreational pleasure during the summer

The division wildlife management areas

#### contain many fishing areas with Collier's Mills, Tuckahoe and Assunpink a few of the more For additional free fishing information, write

to the Division of Fish, Game and Shellfisheries, P.O. Box 1809 Trenton 08625, for pamphlet titled "Places to Fish in New Jer-

In addition, the division recently broke ground at the Assunpink Fish and Wildlife Management Area for construction of an impoundment which will eventually form a 235acre lake for future fishing and recreation.

This reservoir is one of five to be included in this proposed 5,000-acre wildlife management outdoor recreational area which will be managed by the division. Three are designed as fishing lakes and two as waterfowl im-

This multi-purpose recreational and flood control project is being built as part of a federal-state cooperative program which includes basic funding and expertise from the U.S Soil Conservation Service and supplemental funding and management of the Division of Fish, Game and Shellfisheries, Department of Environmental Protection.

Cookingham said that many recreational, and fish and wildlife management benefits would accrue to the New Jersey outdoor enthusiasts from this green acres area

#### CLOSED FOR HOLIDAY

Union College will be closed on Wednesday, July 4, in observance of Independence Day, it

#### Mountaineers, Mashers win games in first round of county tournament

week in the first round of games in the Union County Girls Softball Elimination Tournament

The Mountaineers, for girls in seventithrough minth grades, defeated North Elizabeth, 8.2, and the Mashers, for girls ir 10th through 12th grade, turned back Unic... 6.2

Laurie Weeks was the winning pitcher in the Mountaineers' game, walking only two batters and holding North Elizabeth to two runs. The Mountainside squad had eight runs on 17 hits Doubles were registered by Nancy Balazik and Kathy Fenton Other members of the team include Debbie Orgen, Tami Bass, Nancy Benninger Amy Geltzeiler, Laura Laustsen, Debbie and Donna Orgen, Maureen Palmer Debbie Preziosi, Barbara VanBenschoten, Eva Young Karen Weinberg, and Carolyn Weeks Managers are Jane Laustsen and Ronne

The Mediers defeated Union behind the pitching of Robin Sury. The team earned their six runs on 15 hits. Marianne Herrick doubled

#### 6 Pingry students win athletic letters

#### Westfield Y swim class is underway

Eight weeks of daily swim are a feature of the Westfield YMCA's summer program which begins this week at the Y. The lessons are open to Mountainside residents

The 40 lessons are offered without additional charge to full-privilege YMCA youth members, and on a graduated scale for non-members who reside in the Westfield area.

The Y is again offering halfprice summer memberships which can be converted into full-privilege memberships in "The intensive instruction

possible in every day classes is a boon to many boys, who may be swimming outdoor somewhere else but come to the Y for daily lessons," said physical director Harry L. ''Summer classes are

generally smaller, providing more individual attention with many Westfielders vacationing."

Three two-week summer terms remain: July 9 through July 20; July 23 through Aug. 3 and Aug. 6 through Aug. 18.

Registration for the classes are being accepted at the front desk of the Y, 138 Ferris pl. daily from 9:30 a.m. until 9

#### Kennel club show slated

The Twin Brooks Kennel Club will hold its 26th annual all-breed dog show at the Mall in Short Hills Sunday, July 15, from 8 a.m. to 7 p.m. More than 2,000 dogs have been entered and the Hudson English Setter Club is supporting its entries at this

John Stocker of Indianapolis will judge the best-in-show; group judges include: Sporting, Mrs. Tom Stevenson; hound, Tom Stevenson; working, Gordon Parham; terrier, Denis Grivas; toy, Stevenson and non-sporting, Cyril Bernfeld. Boys and girls from 10 to 16 will compete in Junior Showmanship for the Geraldine Rockefeller Dodge

trophies. The Twin Brooks show is unaffected by weather since it is under the cover of the Mall.

Those little classified ads in the back of the paper may be your enswer. Each week it's different, Make reading the classified a 'must' this week end every week.

#### was announced this week by Dr. Kenneth W. Iversen, president.

Stanley F. Yolfes, M.D., Director National Institute of Mental Health

MENTAL HEALTH MATTERS

ALCOHOL INFORMATION A Kalamazoo psychiatrist

seeks the latest information on diagnosing alcoholism. An Indian alcoholism counselor in Arizona needs to know about new techniques to help his clients. A housewife in Atlanta wants to know how to find local alcoholism services for her husband.

Now, a new information service is available to help meet their needs.

This is the National Clearinghouse for Alcohol Information. recently established by the National Institute on Alcohol Abuse and Alcoholism, a component of the National Institute of Mental Health of HEW's Health Services and Mental Health Administration.

The mission of the information service is, as an announcement says, "to quench the thirst of professionals and laymen alike for current knowledge about America's No. 1 drug problem.

Does it seem strange, calling alcoholism a drug

problem? It may, but it is nevertheless true. Alcohol is a drug; and it is our most widely used—and abused—drug,

In addition to responding to requests for information, the new alcohol clearinghouse will selectively disseminate to professionals and alcoholism programs, information gathered from all over the world, using an array of specialized services to do so.

These will include computer-assisted literature searches, indexes of articles on technical sub monthly newsletter, and a magazine for professionals concerned with alcohol studies and alcoholism.

"We are going to strive to respond thoughtfully and professionally to every request we receive...and provide the most up-to-date and scientifically accurate information available in this field," says the service's director.

Address of the new resource is: National Clearinghouse for Alcohol Information, Box 2345. Rockville, Md. 20850

New Jersey's 1st mobile home tune-up service.

Our Mechanics Make Housecalls

Starting today, you'll never have to waste time waiting for a busy gas station mechanic or overworked dealer service department to tune your car.

The . Tuner comes to you — tunes your car expertly using brand name parts and sophisticated electronic analysis equipment ... in your driveway, or the parking lot where you work. You get the kind of engine analysis they demand in Detroit on 23 critical engine functions . . , no guesswork, no inflated estimates, no inconvenience. And The Car Tuner guarantees all parts and labor. What's more, all old parts are returned to you to verify replacement, and the detailed engine analysis shows you what work was done. Never a question, never an unauthorized charge. And, if major motor work is required, you'll be told after the electronic analysis and we won't continue if we can't do it. You'll only pay a modest service charge for the

analysis. (In most cases only \$7.50.) If additional work is required and our mobile mechanic does it, he'll advise you of additional costs before he goes further and he requires your signature for authorization.

CALL TODAY FOR APPOINTMENT (201) 469-4200 (201) 469-4208

#### Emergency procedures for boatmen

Governors Island, N Y New Jersey boatmen are urged to reaquaint themselves with their radio equipment and emergency procedures so that assistance can reach them as soon as possible

Coast Guard officials here. anticipating heavy boating traffic over the July 4 holiday reminded boaters that despite the large number of radio frequencies available. Channel 16 (156.8 Mhz.) and 2182 Mhz, are the only ones the Coast Guard monitors on a 24hour basis Citizen Band frequencies are not monitored for distress calls and their use as safety equipment is not encouraged by the Coast

Along the New Jersey coastline, nine Coast Guard stations monitor the two emergency frequencies - the stations at Atlantic City Barnegat, Beach Haven, Cape May, Great Egg-Ocean City. Manasquan Inlet, Sandy Hook, Shark River and Townsend Inlet.

In the event of an emergency, boatmen should remember that the most critically needed piece of information is the position of the vessel with reference to the closest known land position. This should be followed by:

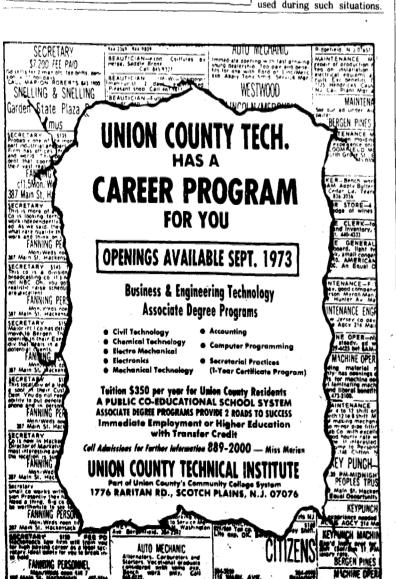

1. The nature of the distress number of people 2. The

involved 3. A description of the

vessel. 4. Types of personal

flotation devices available. 5. Are there any smoke flares or signalling devices aboard and are they in use?

In emergencies where lives are generally threatened such as a fire, explosion, collision or a man overboard -calling "Mayday" over one of the two monitored channels is more than warranted and should be used. The call signifies immediate danger, loss of life or property and should be only

# Hospital Fund appoints first executive director

Peter E. Wolkodoff of Centerport, N.Y., has been named the first executive director of the newly-formed Tri-Hospital Fund, Sister Ellen Patricia Meade, president, announced this

Wolkodoff, a veteran of 22 years of fund raising experience in higher and secondary education, hospitals, social agencies and environmental and cultural organizations, will direct the combined fund raising effort of the city's three hospitals—Alexian Brothers, Elizabeth General and Saint Elizabeth

The Fund was created recently following a feasibility study by the Hospital and Health Planning Council of Metropolitan New Jersey The three hospitals have withdrawn from the United Way of Union County

A graduate of the University of Buffalo, Wolkodoff has been a consultant on fund raising, marketing, public relations and management functions

He was vice-president of development and university relations at Adelphi University. Garden City, N.Y. and director of development at Georgetown University in Washington, D.C., where he organized and coordinated the university's medical center's needs during its \$26 million campaign.

Wolkodoff was also a consultant with John Price Jones Co., of New York City, which conducted a number of campaigns for such institutions as St. Mary's of Notre Dame, Chicago Wesley Memorial Hospital, Voice of America, University of Buffalo, Africa Service Institute and the YWCA of Pittsburgh, among others

In addition to serving as associate director of development and alumni relations for the University of Buffalo, where he acted as field director in the university's \$5 million medical dental school campaign, Wolkodoff also served as a consultant in the Fairleigh Dickinson University fund drive to establ: h a dental school and for the Rutgers School of Business Administration.

In 1969 Wolkodoff received the Award of Merit from the American College of Public Relations Association for the best national use of marketing and TV to tell the "Adelphi Story."

He is also a founder of the Academy of Hospital Public Relations and is a trustee of the Association of Fund Raising Directions, in charge of education and training programs for new members.

"The Tri-Hospital Fund is indeed fortunate in being able to acquire the services of Mr. Wolkodoff as a full time director." Sister Ellen Patricia said. "His extensive experience in capital, special and annual giving campaigns, will give the Fund the direction it needs."

Wolkodoff is married and the father of four children.

The Fund, with offices in the Winfield Scott Hotel in Elizabeth, is the first major effort of

PETER E WOLKODOF

cooperation between the city's three hospital and is administered by a board of trustees from each homestal.

## Retirement plans subject of course

The Plainfield Adult School has announced plans for a pre-retirement planning course designed for persons who are within five years of retirement. The sessions will be held at the Plainfield High School, 1, on 7 to 9 p.m., for five consecutive Thursdays, starting July 10

The course, which has the endorsement of the Union County Office on Aging, will cover such subjects as Social Security, Medicare, living arrangements after retirement, physical health and nutrition in old age, legal affairs, consumer problems, financial planning and leisure time activities. Married couples have been urged to attend the sessions together.

Registration may be made by writing to Jane F. Flaherty. Assistant Director. Adult and Continuing Education. Plainfield Adult School. Plainfield High School Miss Flaherty also may be contacted by phone at 753-3252.

#### Holiday deadline

Careful adherence to this newspaper's Friday deadline is urged for material intended for the July 5 issue, which will go to press early because of the Independence Day holiday. All organizational, social and other news items for the July 5 issue should be submitted by tomorrow morning.

#### Two churches list combined services

The annual summer Union Worship Services held by the Springfield Presbyterian Church and Springfield Emanuel United Methodist Church will begin this Sunday During July services will be held in the Presbyterian Church, Morris avenue and Church mall, at 10 a m, with the pastor, Dr. Bruce W. Evans, in charge Dr Evans will also provide pastoral services for both congregations during July

Supervised child care for pre-schoolers and children in grades through the fourth will be provided in the Presbyterian Parish House, 37 Church mall, from 9:45 to 11:30 a.m., under the leadership of Westminster Fellowship members. This is an expanded program to the nursery service usually provided during worship services

On Sunday, July 8, the Rev. John Borter will preach the sermon. Formerly of Springfield and a member of the local church, he is now pastor of the Slippery Rock Presbyterian Church, Ellwood City, Pa.

#### Zucchini omelet

By Irene Brown, Chatham,

- for Weight Watchers 3 cups water
- cup diced unpeeled fresh zucchini
- tsp. salt
- slice bread, made into bread crumbs i eggs

oz. grated Parmesan cheese

Bring water and salt to a bubbling boil in small saucepan. Drop in the diced zucchini and blanch for 3 minutes, then drain thoroughly. In a large mixing bowl, soak the bread crumbs in the skim milk for 5 minutes. Stir in the zucchini, grated cheese, and salt. In another bowl, beat the eggs with a whisk or fork until they are just blended, then stir them gently into the bread crumb-and-zucchini mixture. Preheat a 10-inch Teflon skillet and pour in the egg-and-zucchini mixture and cook over moderate heat for 2 or 3 minutes or until the eggs are firm but still slightly moist. Slide the skillet under the broiler for 30 seconds to brown the top lightly and serve at once.

Suggested meal-luncheon-serves 2

#### Crunch Snack

Li cup regular margarine o. Sutter

- I teaspoon sesame seeds
- 14 teaspoon onion powder ta teaspoon garlic powder
- 14 teaspoon oregano 1 teaspoon dill weed 1 teaspoon Worcestershire sauce

3 cups sugar coated puffed corn cereal 2 cup pecan haives

1. Melt margarine in large saucepan over low heat: remove from heat. Add sesame seeds, onion powder, garlic powder, oregano, sugar coated puffed corn cereal and pecans; toss gently until mixture is well-coated. Spread evenly in shallow baking pan.

2. Bake in moderate oven (350 F.) about 10 minutes or until crisp. Cool. Store in tightly covered container

Yield: 312 cups Crunch Snack.

#### Miss Barbara Diane Fulmer is bride in Springfield temple

Barbara Diane Fulmer, daughter of Mrs. Mildred Fulmer of 311 Alden rd., Springfield, was married Sunday afternoon to Matthew Allen Ravitz, son of Mr. and Mrs. Lester Ravitz

Rabbi Reubin Levine officiated at the ceremony in Temple Beth Ahm, Springfield, where a reception followed

The bride was escorted by her brother, Barry Fulmer and her mother, Mrs. Fulmer. Robin Fulmer of Springfield served as maid of honor for her sister. Bridesmaids were Mrs. Cheryl Fulmer of Camden, sister-in-law of the bride; Mrs Barbara Melinek of Elizabeth, sister of the groom; Mrs. Carol Katz of Elizabeth, cousin of the bride, and Debbie Michels and Randi Cooper, both of Springfield. Elene Ravitz of Totowa, sister of the groom, served as flower

Stewart Ravitz of Totowa served as best man for his brother. Ushers were Tom Shanker of Elizabeth, Ira Katz of Elizabeth and Jay Leve of Highland Park, both cousins of the bride and Jerome Kozak of Trenton, and Stuart Melinek of Elizabeth, brother-in-law of the

Mrs. Ravitz, who was graduated from Jonathan Dayton Regional High School, Springfield, is employed by Western Electric Co . Springfield.

Her husband, who was graduated from Passaic Valley High School and Rutgers University, where he received a B.A. degree in economics, is employed by Grand Warehouse,

Following a honeymoon trip to Bermuda, the couple will reside in Roselle Park.

#### Chinese cookware touch

The Chinese influence has beautifully developed in a new easily-cleaned cookware of porcelainized steel. The motif is blue and white

#### Young Israel's school opens registration for second year The religious school of Young Israel of

Springfield, 339 Mountain ave. at Shunpike road, is accepting registration for the new school year which begins in September. The school provides a complete range of classes from the first Hebrew grade through post Bar-and Bat-Mitzvah. It also provides a class on Sunday mornings for seven-year-olds or other students in the second grade of public school

#### Dungaree picnic scheduled Sunday

Young Israel of Springfield will sponsor a dungaree work-picnic" Sunday at 10 a.m. at the synagogue grounds, 339 Mountain ave., corner of Shunpike road. At the event, adults, teenagers and children will repair and paint the building, and clean up its grounds. A barbecue

The day's work will be under the direction of the building and grounds committee, consisting of Gilbert Edelcreek, Sol Einhorn, Sidney Heller and Ralph Witzkin. Robert Schlesinger is chairman of the picnic, assisted by Fred Bayroff, Bernard Kleinert, Jack Wexler and Dr. Leonard Strulowitz, ex-officio.

Mr. and Mrs. Paul Nittoly of 64 Caldwell pl., Springfield, are the parents of a son, Matthew Edward, born June 9 at Overlook Hospital, Summit. The new arrival weighed in at 5 lbs. 8 ozs. Mrs. Nittoly is the former Maryann Racioppi, daughter of Mr. and Mrs. Michael Racioppi of Springfield

#### Mrs. Bernice Edelcreek, school board chairman, said, the 1972-73 school year, the founding year at the school, was marked by 'great progress' for its students. She said the small classes allow individual attention for all students. The curriculum features Hebrew reading and comprehension, prayers, Bible, history and current events, and principles and practice of Judaism. The regular classes consist of two afternoon sessions a week, each of an hour and a half duration

Membership in the congregation is not required for registration in the one-day-a-week classes, according to Mrs. Edelcreek

Further information about the school hours, tuition, curriculum, etc. may be obtained from Mrs. Edelereek, 376-3992, or from Rabbi 1. Turner, 467-0217 or 376-6806

WHICH PATH?

Someday, we will all have to answer for our lives here on earth. Did we use God's gift of life wisely or foolishly? For some, the answer will be easy because they followed the path that God set before them and tried to stay on the straight and narrow. For others, the answer will be difficult because they did whatever they felt like doing, following their own whims and selfcentered pleasures.

When that final day of judgment comes, will you be pleased with the life you have lived, or will you regret being born? If you are not happy with the way your life is going and you know that God is not happy with your life either, now is the time to do something about it. It is never too late to seek God's forgiveness and God will show you the way. He will also show you his purpose and meaning for your life. Try to find God's will for your life and He will help put you on the right path the path home to God.

### Are the speed and convenience of Touch-Tone service a luxury?

## At only 5¢ a day more, how can they be?

Touch-Tone service may sound like a luxury, but it's not. Especially when you consider the added convenience of pushbuttons that let you tap numbers twice as fast as you can dial. And after a one-time charge, only \$1.50 per month puts Touch-Tone service on your residence line, including all your extensions.

So start living with the speed, convenience and modern look of Touch-Tone phones. In your

choice of colors and styles. Call your local Telephone Business Office and order yours today. Ask about our Residence Package, too. It gives you three or more Touch-Tone phones at a bargain price.

### Tire safety hints help avoid summer driving frustrations

WASHINGTON, D.C. — By turning on the air conditioning, or getting a little fresh air, motorists can avoid the frustrations during the hot and muggy days ahead. And a little fresh air for the tires will also aid in avoiding a lot of

frustrations "One of the most persistent problems in tire care and safety is underinflation,'' says Ross R. Ormsby, chairman of the Tire Industry Safety "Underinflation causes an excessive build-in of heat in a tire, and heat is its worst enemy.

Ormsby said this problem is very evident during the summer months when families are taking longer when trips, and vehicles are often overloaded. One strong recommendation of the Council is for motorists cording to conditions. driving long distances at prolonged high speeds to inflate their tires four pounds per square inch above the auto manufacturer's recommended inflation levels found in owner's manual, but never to exceed the maximum level found on the sidewall.

The Council also offers these summer driving tips:

1. Make sure your tires have not worn to less than onesixteenth of an inch in any two or more adjacent tread depth Replace immediately if they have worn to this danger point. Tires have built-in "wear bars" which appear as smooth bands across the face of the tread when it has worn to onemethod for checking tread depth is to take a Lincoln-head

### **Apartments** sale closed

Marina Gardens, the 200unit garden apartment complex which borders the banks of the Raritan River in Edison, has been sold, according to Charles Kramer, president of Brounell-Kramer. Union realtors who handled

The 11-acre property at Fox road and Marina drive was owned by Harvey and Elaine Berk. Robert Levinson, who handled the negotiations for Brounell-Kramer noted that the 21/2 story apartment complex has a swim club and marina for residents' use.

The apartments, near major highways serving the area (including Interstate 287, the New Jersey Turnpike, U.S. 1 and 18), are in a secluded location which is attractive to married couples children.

Union attorney Harold Hochman represented the buyer, and Stephan Samnick Cossman & Samnick, in Parsippany, handled legalities for the owners.

Brounell-Kramer is one of New Jersey's largest real estate organizations.

### Blau Mortgage appoints Froling

Andrew L. Froling, a resident of East Hanover (NJ), has been appointed vice president of Blau Mortgage Company, it was announced by Edward L. Blau, president.

Froling joined the firm in 1964 and was appointed assistant vice president two years ago. He has handled Blau's income property loan department since 1969, which arranges financing for garden and high-rise apartment projects, industrial buildings and shopping centers.

# CONDOMINIUM LIVING IN C

to know the kind of prestige that name implies is to know what Boothwyn House is all about. Elegance. Understatement. Luxury. In other words, living well in a setting second to none in its convenience and its natural surroundings. Essex County's first hi-rise condominium, Boothwyn House, offers easy access to the South Orange railroad station and bus stops as well as to the fine shops and services which South Orange is known for.

Combining the tax, equity and appreciation benefits of condominium ownership, with the quality maintenance provided by the outstanding builder,

makes Boothwyn House an extraordinary opportunity for the discerning home buyer. Among the many luxury features of your Boothwyn House condominium are: wall-to-wall carpeting; spacious balconies; all-electric, dine-in kitchens plus dining areas; 24-hour intercom and TV security system; individual heating and central air conditioning systems; free off-street parking (optional indoor parking available); automatic elevator; and rooftop sundeck.

HERE'S WHY: IF WE CAN'T FIX **YOUR NEW** WESTINGHOUSE **AIR CONDITIONER** ON THE SPOT, **WE'LL LOAN YOU ONE WITHIN 24 HOURS** ANYTIME THIS YEAR.

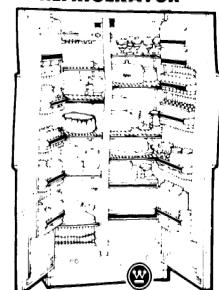

Air conditioner companies make a lot of promises for their room air conditioners. But only one of those promises really matters. That the air conditioner you buy is going to keep you cool. But, what happens when something goes wrong with that air conditioner? You're left sweating it out, weeks maybe months, trying to get some repairman to fix your air conditioner before But because Westinghouse makes what we believe are the best air conditioners in America, we promise you something nobody else does. This summer if you buy a new Westinghouse room air conditioner and it breaks down anytime this year, we'll loan you one within 24 hours if we can't fix yours right on the spot. And that's gotta be the best promise anyone can make.

1050 POMPTON AVE., CEDAR GROVE, N.J. (201) 256-1455

Good listening.-HOME TO MYSELF: by Melissa Manchester. (BELL-1123) Numbers by the talented Melissa include: "If It Feels Good" (Let It Ride), "Easy," "Something To Do With Loving You." "Funny That Way." "Pick Up The Good Stuff", "Be Happy Now." "One More Mountain To Climb," "Jenny "Doing The Best" (That I Can), "Home Te

Born Feb. 15, 1951 in the Bronx, Melissa has been exposed to all kinds of music throughout her life, this broad exposure is evident in her live performances and on Home to Myself, for her music avoids being restricted into any one narrow category Melissa's father, David Manchester, has been a basoonist with the Metropolitan Opera Orchestra for 20 years, and this developed in Melissa an affinity for classical music. She lists among her favorite performers Elizabeth Schwarzkopf of the Metropolitan Opera as well as such con temporary artists as Dusty Springfield, Aretha Franklin and Elton John 'All kinds of music were important to me

when I was growing up." Melissa states, "not just rock and roll, although the energy of rock and roll has certainly been very influential Growing up in the Bronx and later on Manhattan's Upper West Side, Melissa graduated from the High School of the Per forming Arts in Manhattan, and from the ages of 16 to 18 was a staff writer for Chappell Music Staff writers at music publishing houses such as Chappell are generally faceless, nameless people who are either in search of, or have found, the formula for writing Hit Records

Melissa moved on She attended New York University School of the Arts, becoming one of nine people accepted from over a hundred applicants to study sone writing and record production with Paul Simon, and Melissa acknowledges his strong influence on her writing.

A former member of Bette Midler's "Harlettes," Melissa has sung and played piano and harpsichord on the National Lam poon Radio Dinner album and on the Victory People's Chorus and Orchestra Lp, and has also done vocals on many TV commercials

Together with Carol Bayer Sager, Melisso has written all the songs on the album, and accompanies herself on piano

JOE PONAZECKI-Actor portrays the character Frank in Twigs, stage comedy now at the Paper Mill Playhouse, Millburn, which stars Sada Thompson in four roles. The show will run through Sunday.

### 'Get the Police' on film

## *`Brownout' can damage equipment* Warning issued on motor-driven appliances

when an electrical power company delivers less than full voltage to home and industrial subscribers due to overloaded lines can do damage to motor-driven appliances and industrial equipment unless both the current supplier and the current-user are aware of the temporary emergency and take precautions

Chapter of the Associated Builders & Contractors Inc. Membership of the group includes a number of electrical contractors, and these firms particularly sounded the

Don Ludwig, chapter president, said that electrical contractors frequently find it

### Disability insurance helped 38,000 in N.J. last year

Approximately \$116 million in cash benefits was paid to 38,000 New Jersey residents last under the Social Security Administration's Disability Insurance

Ronald M. Heymann, commissioner of the N.J. Department of Labor and Industry, said the disbursements resulted from claims adjudicated by the Department's Division of Disability Determinations, contracting agency for the federal government

Recent amendments to the Social Security Act liberalized features for covered workers and their dependents. Therefore, the total dollar amount of disability expenditures during 1973 is expected to increase about three-fold. I urge the public to be fully aware of the

### Parkway to open 1-278 connection via Rt. 440 today

The first direct connection from the Garden State Parkway northbound to Interstate Route 287 westbound is scheduled to be available to motorists today

This will be accomplished by the opening of a ramp leading directly from Parkway Exit 127 into the westbound Rt 440 Freeway, which connects with westbound 1-287. The opening will be the result of cooperation between the New Jersey Highway Authority, which operates the Parkway, and the State Department of Transportation, which is building Rt 440 and 287

Authority Commissioner Sylvester C. Smith, Jr pointed out that a direct connection from Rts 287 and 440 eastbound to the Parkway southbound was made available last Jan. 17 through the cooperation of the two agencies. The opening of this link, he noted, provided the first superhighway route to the Parkway from the booming Rt 287 corridor, which covers parts of Middlesex, Somerset, Morris and Warren counties, as well as areas farther to the west and north

Motorists immediately made good use of that hook-up between the high-speed roadways, Smith said. Now, he added, with the opening of the direct link from Parkway Exit 127, drivers will be able to stay on superhighways in making the return trip from the Garden State Parkway, Jersey Shore points and other places served by the Parkway south of the Raritan

Smith said the Highway Authority and the DOT had been pushing to get the latest link ready in time for the traffic peak anticipated in July, and "it's good to see that this aim will be

Before the openings of the direct link-ups. motorists had to follow busy local streets to reach the Parkway from Rts. 287 and 440 or to

Today's opening will be the last in a series of ramp openings linking the Parkway, Rt. 440 and other roadways in the Woodbridge area.

### PERSON SUFFERING **HEARING LOSS** OFFERED BOOKLET

U.S. Government Publication Available At No Charge

WILMINGTON, DEL. - A free United States Government booklet entitled "Hearing Loss - Hope Through Research," is now available to persons suffering a hearing loss.

Published by the U.S. Dept. of Public Health, Education and Welfare for use by the hard-of-hearing, the booklet covers such facts as inherited deafness, discovering early trouble, selecting a hearing aid, noise damaging and adults's hearing, and the main types of hearing loss.

Free copies of the booklet are available by writing to "Government Booklet," Independence Mall, Suite 65, 1601 Concore Pike, Wilmington, Delaware, 19803.

warning

protection this legislation guarantees to individuals who become unemployed because of physical disability." Heymann commented Insured workers are entitled to benefits at any time prior to retirement age when their medically established impairments are expected to result in death or to prevent substantial gainful work for at least 12 months

Benefits also are available for deceased

workers' widows and widowers who become

disabled before ago 60, as well as to non-

disabled spouses and minor children In New Jersey, applications for disability payments must be filed with any of the 21 District Social Security Offices in the state Each claim is referred to the Division of Disability Determinations for processing and approval

According to Division Director James A Ware, this takes about 33 days; nationally, the processing time averages 35 days.

Ware pointed out that "the Disability Insurance Program permits, under certain conditions, a person who receives disability payments to be employed during a nine-month trial work period. Of course, its primary objective is to cushion economic hardships on behalf of persons whose earnings are cut off because of physical disability.

Inquiries concerning the program may be directed to the Division of Disability Determinations. Department of Labor and Industry, 1100 Raymond blvd., Newark, 07102

### Dr. Weinstein gets taculty senate post

Dr. Bernard Weinstein, associate professor of English, has been elected chairman of the Newark State College at Union Faculty Senate for the 1973-1974 academic year.

A resident of Westfield, Professor Weinstein is a graduate of City College of New York, and received an M.A. and Ph. D. from New York University. He joined the Newark State faculty in 1965 and previously taught at N.Y.U. and Queens College.

Other officers on the Senate Executive Committee elected for a one year term are: Robert Sitelman, assistant professor of philosophy, vice-chairman, and Dr. Eileen

business and industrial alike that electrical supply short of a "normal range" of 104 to 127 volts can harm alternating current motors. He emphasized that no reflection upon utility

lines, on days when excess use of air conditioners other equipment taxes power plants beyond normal capacity.

Motor-driven equipment designed to run on standard alternating current supply, a 104 to 127 volts, may be in danger of overheating when current is below 100 volts. Also, motors built to operate at set speeds with full voltage supply are compelled to work harder...and thereby wear out quicker when reduced voltage causes such speeds to drop. Equipment embodying heating units alone no motorsprobably would not be damaged by under-voltage. But users might become convinced that such equipment had suddenly turned defective.

Some motor-driven equipment, the group said, has built in thermal overload controls to stop motors if they should overheat. These are found, usually, on larger, more costly appliances Even then, was the warning repeated stops and starts under a thermal control could shorten motor life. More, a reduction in motor speed could cause the switching mechanism of an induction motor to fall back on it starting windings. Result: acceleration until the motor works on its main windings, then deceleration, the cycle repeating over and over again

Among recommendations given by the group

1 Power companies should advise their customers about "under-voltage" and the damage and life-shortening this can mean to motor driven equipment

2 Air conditioners and other major. high-current-demanding appliances should be turned off whenever possible in heavy-load periods, and effort should be made to minimize use of a number of motor-driven units at the same time

3. In the event of a recognizable "brownout. all heavy appliances should be turned off. A good refrigerator will keep food safely for five 24 hours, depending upon condition and contents, and keeping the doors closed.

4 A TV set can often serve as a low-voltage tell-tale. If a narrow black band forms around the picture on a properly-adjusted set, it is possible that voltage is down

5. Steps should be taken to assure cool as possible operation of motors. Dust and obstructions should be cleaned away from motor vents.

6. Voltage can be monitored with the aid of a voltmeter-a case of inserting the meter's leads into outlet openings. The leads should be handled only by insulated grips to avoid danger of electrical shock

7. Advice of a qualified electrical contractor should be sought to minimize damage to costly electrical equipment during potential

companies should be inferred "Low voltages," he said, "can often result from inadequate wiring. The trouble can arise, too, from insufficent power potential in the

### 'How much more would we have to pay serve the eggs properly?' 8-year study lists 298 fatally injured in building industry

LAFF OF THE WEEK

Labor & Industry is to enforce labor standards set up to legislation to provide fair and safe working conditions. Most state employers, concerned with the well-being of their em ployees, join the department's efforts to reduce accident rates

This is reflected in the special eight-year study of fatal construction accidents in New Jersey 1964 (brough 1972) conducted by the department's Bureau of Engineering and Safety and released by Herbert J. Heilmann, assistant commissioner of the department' Labor Relations and Work Place Standards

A fotal of 298 employees was fatally injured. during this time, the number of fatalities varied from a low of 26 in 1967 to a high of 48 in 1970 Employment in the construction industry increased from an estimated 105,000 in 1964 to

Herlmann points out that "the fatality figure is not a statistically large one, therefore the rate per employee fluctuates widely. The lowest rate in the eight-year period was 22.4 fatalities per 100,000 employees in the construction industry in 1972 and the highest was 40 0 per 100 000 in 1970.

If was the judgment of the inspectors of the department's Bureau of Engineering and Sale's who investigated each accident that in 68 percent of the cases, compliance with the Construction Safety Code would have prevented the accident or would have so minimized the injury that death would not have resulted stated Heilmann

Many trades and occupations were reviewed for the report. The highest fatalities were among laborers (83) with 72 among sheet metal workers welders, plumbers, mechanics. masons surveyors and superintendents In other work areas, there were 33 fatalities among :ronworkers, 34 among carpenters, 21 amone painters, 17 among operators or oilers 14 among truck drivers, 11 among roofers and 10 among electricians during the eight-year

## Parkway left lane open only to passenger cars

in the left lane of any section of the Garden State Parkway having three or more lanes for traffic in any one direction, the New Jersey Highway Authority announced this week

Ommbuses, campers, trailers, semi trailers or any combination of vehicle and trailer, and hearses, flower and other vehicles in a funeral cortege are not permitted to use the left lane in any Parkway section which has three or more lanes for traffic in one direction, according to Authority Commissioner John B. Townsend. Such vehicles are allowed to travel in the left lane, he said, "when and to the extent necessary to prepare for a left hand turn or when necessary to enter or leave the Parkway or a service area by entrance or exit to or from the left lane or when reasonably necessary in response to emergency con

He pointed out that these regulations were adopted in a resolution by the commissioners of the Authority, which operates the Parkway. In the same resolution, the commissioners enacted regulations which prohibit all but passenger cars and funeral vehicles not in a cortege from using the Parkway's new inner roadways now being built between the Raritan and Asbury Park Toll Plazas.

The construction now in progress will provide tour new lanes, two in each north south travel

### Army Engineer fails to supply data for Tocks--Case

The chairman of the President's Council on Environmental Quality (CEQ) said this week the environmental assurances requested more than a year ago for the Tocks Island dam and reservoir project still have not been provided Russell E. Train, chairman of CEQ, provided this information in a letter to U.S. Senator Clifford P. Case (R. N.J.) a member of the

which has jurisdiction over the project Senator Case wrote to Train on June 11, noting that in February, 1972 the chairman advised the U.S. Army Corps of Engineers that certain agreements and assurances will be needed before construction of the project could

Public Works Appropriations Subcommittee

Among other matters. Train had asked that priority be given to implementing an advanced waste treatment plan for the area around the proposed reservoir that a water quality standards entorcen - program, including 95 percent phosphate removal, be adopted prior to completion of the dam, and that New York State commit itself on a priority basis, to cleaning apadl sources of pollution in the Upper Delawa. Basin

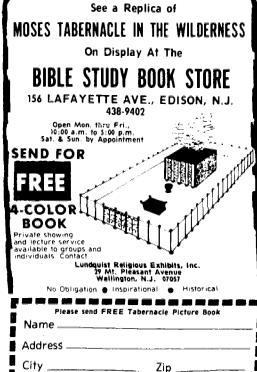

Train had said that the agreements and assurances requested would, if provided. minimize the potential for eutrophication of the reservoir. Senator Case also has expressed concern about the eutrophication problem

### EARTHBOUND

often we torget that which is most apparent and which appears before us as daily principle It's important to recall that one of the most significant premises controlling the world's ecology has been well known to physicists for Many generations. It is rather bluntly stated in these words. There's no such thing as a free

All processes, no matter what their origin. involve energy transfers and this transfer of energy is never one hundred percent efficient A proper education in environmental principles cannot ignore this important law of physical energy dynamics

It has been a recent contention that technology and the impact it has had in the development of industrialized agriculture has made it possible to circumvent energy transfer laws through the use of sophisticated fertilization, irrigation and harvestation techniques on the farm. In the area of food production this has been true and rapid transport of farm goods to major urban areas has made laws related to per capita population distribution based on acreage obsolete.

The effects on our society, however, of wasted energy - that portion of a fuel or substance that is not used in a transfer process are mormous. The internal-combustion engine, for example, is only about 40 percent efficient as an energy unit. This means that for every 10 gallons of gasoline an automobile uses, actual work (movement of the vehicle) is done by less than half of the fuel consumed.

The remainder is born by exhaust into our air in the form of unburned hydro-carbons which are the United States' single greatest source of air pollution. Our country requires that research be done with all possible haste to devise more efficient ways of automotive energy transfer. We are in the midst of a world wide energy crisis. Energy is at a great premium and must be conserved. This conservation should begin in our own homes and be reflected in our daily lives, through reduction in personal electrical usage, recycling of materials, use of mass transportation, car pools, etc. Most important, there is no time to be lost on the part of the scientifictechnological community in its quest for

### Festival set at Waterloo

Popular American music is the theme for the Waterloo Village Summer Music Festival. In six concerts under the tent at the Colonial village in Sussex County, the music will range from the sophisticated lyricism of George Gershwin to the roots

of country music. On Saturday at 8 p.m., Peter Nero, pianist, will join the New Jersey Symphony, under the direction of Henry Lewis, in a salute to Gershwin. This September will mark the 75th year since the birth of the

American composer. The 175th appiversary of the founding of Byram Township, in which the village is located, will be saluted on Sunday, at 8 n.m. with a concert of American country music, featuring Glenn Ash and Jeanne Steel. The village will be open from 1 p.m. that day and will offer such pre-concert events as a fife-and-drum corps muster.

### Board picks 4 members

The election and installation of four new members of the Board of Trustees were completed at the recent annual meeting of the Epilepsy Foundation of America, New Jersey Chapter, it was announced by Robert D. Witzel, board chairman.

The newly-elected members (for 3 year terms each) include Mrs. Connie Sicoli of East Hanover: Earl Henwood of Union; John Langenbach of Plainfield and David Fred Trogler, of Roselle.

Members remaining on the schinger, vice-president, of Newark: Richard G. Schoel of Westfield; Eddye Shivery of New Brunswick, and Ruth V. Vallely of East Prunswick.

The Executive Committee for 1973 - 1974 includes James F. White, of Union, President; Arthur B. Green, of West Orange, vice-president; William W. Sharp, of North Brunswick, vice-president, Robert L. Rooney, of Union, state secretary; Olaf Johnson, of Wallington, state treasurer, and Elizabeth Wulster, of East Brunswick.

### Schinness heads academic aid plan at Union College

The appointment of Dr. Roger Schinness as director of the College Success Program at Union College was announced this week by Dr. Kenneth W. Iversen, president.

Dr. Schinness, an assistant professor in the Department of Economics, Government, and History, succeeds Prof George Willard, a member of the Department of Modern Languages, in the position Prof Willard has taken a year's leave of absence from the Union

The College Success Program is designed specifically for students who have the in tellectual ability to do college work but who have poor high school records. Many of the students were not motivated in high school and were madequately prepared for college work Dr. Schinness explained.

College Success students at Union College are enrolled as fully matriculated students, but they receive intensive counseling and remedial instruction, if necessary. Seminars designed to amprove study and research skills and reading s omprehension as well as to set realistic career goals are also part of the program.

A member of the Union College faculty since 1971 Dr. Schinness previously taught at Seton Hall University, South Orange, and was a teaching assistant at the State University of New York at Binghamton

The Schinness earned his bachelor of arts degree magna cum laude at John Carroll aversity. Cleveland, where he was named Outstanding History Student upon graduation and served as president of Phi Alpha Theta. hat sonal honorary history fraternity. He earned his master of arts and doctor of philosophy degrees at the State University of New York Dr. Schinness wrote his dissertation on "The Torres and the Soviets: British Conservative Parts Attitudes Toward Russia 1917-27." He also spent three months researching in English archives in 1969

Dr. Schinness has written several articles on historical events, two of which will appear in forthcoming issues of "International History Magazine" and "Studies in History and Society. He is a member of the American Historical Association, the Institute of Con Jemporary History, the Conference on British Studies, the Historical Association of London and the New York State Association of

## Bard's `Errors' at Echo Lake Park July 9-12

blending classical and modern settings and costumes, will be presented in the lower pavilion area in Echo Lake Park, Westfield and Mountainside on Monday through Thursday July 9 through 12, at 8:30 each evening.

Rain dates held open by the Union County Park Commission for the open-air feature are Friday and Saturday, July 13 and 14

The Park Commission has improved the contour of the area, permitting seating on the hillside. The public, as in 12 previous seasons of Shakespeare productions, is encouraged to bring lawn chairs or blankets for seating in the informal atmosphere under the stars. A minimum of bleacher seating will be provided The Shakespeare drama program has brought hundreds of spectators out each evening in past years

The four nights of the comedy, condensed from Shakespeare's five acts to two acts, will be staged by the New Jersey Shakespeare Festival of Woodbridge. Co-operating with the park commission in sponsorship of the play at Echo Lake Park are the Colonial Savings and Loan Association and the United Counties Trust

This year's Shakespeare director, Ror Davids of New York, who is responsible for modernizing costumes and settings, has attempted to make "The Comedy of Errors" more "relevant" in today's life than the Bard's

twins to attempt to find each other after years of separation. Their simultaneous presence in the same city leads to confusion and a "conjedy of errors as they attempt to straighten out their attains as well as baffled friends and relatives, confused over their identities

Rose Belatsky of Woodbridge is the executive director and producer of the play. This is the 13th year of presentation by the New Jersey Shake-peare Festival of Woodbridge Union County park presentations have been included

The consedy will be the second feature in the park commission's Summer Arts Festival. The first program was the "Smith Street Society

Rutgers University Graduate

Other planned programs include. The Original Hobo Band of Pitman, a novelty brass and on July 18 and the Joe Lafferty Combo, a jazz band in cooperation with the Elizabeth Local of the Musicians Federation with funds from its Musician's Trust Fund, on July 25 Five August programs will be announced later. Rain dates are Thursdays following the scheduled Wednesday programs. All will bego

reelected at UC The reelection of five department chairmen at Union College was announced this week by Dr. Kenneth W. Iversen, president.

Department heads

The chairmen include Prof. Elmer Wolf dean of Union College as well as chairman of the Department of Engineering and Physics; Prof Hermann J Bielefeld, chairman of the Department of Modern languages; Prof. Gunars Salins, chairman of the Department of Psychology and Sociology; Dr. Bernard Solon, chairman of the Biology Department, and Dr. Augusto Salvatore, chairman of the Mathematics Department.

### UC to trustee to judge Davidson, Muscatello named

Two of Union County's five new judges are not only alumni of Union College, but Cuddie E Davidson Jr. of Westfield and Richard P Muscatello of Elizabeth are members of Union College's Board of Trustees as well

Davidson was appointed to a Superior Court judgeship and Muscatello was named Union County Juvenile and Domestic Relations judge Both are Republicans and both were appointed by Gov. William Cahill and confirmed by the State Senate

"It is a great honor for Union College to have two of its outstanding alumni as well as members of the Board of Trustees appointed and confirmed as judges at the same time," Dr Kenneth W. Iversen, president of Union College, said "This is not only a significant moment personally for Mr. Davidson and Mr Muscatello, but is also a great moment for the

entire Union College community." Davidson, a member of the Class of '42 of Union College, has served on the Board of Trustees since 1956. He is a member of the Library Committee of the Board of Trustees and heads the joint Board-Administration Faculty-Student Internal Affairs Committee

A member of the Class of '41 and former president of the Union College Alumni Association, Muscatello serves on the Board of

Trustees' Buildings and Grounds and Library Committees. He has served as the official alumni representative on the Board of Trustees since 1971.

'It is our great hope that Mr. Davidson and Mr Muscatello will be able to continue their membership on the Board of Trustees once they become judges, as we understand current court rules do not permit such membership,' Dr. Iversen said.

Davidson is a member of the law firm of Davidson and Buttermore of Westfield, and Muscatello is a member of the law firm of O'Brien, Dalleman, Liotta and Muscatello of Elizabeth

Dr. Iversen pointed out that both Davidson and Muscatello are products of Union College's liberal arts program, which leads to many professional careers
A veteran of the U.S. Air Force with service

during World War II, Davidson has served as chairman of the Westfield Joint Civic Committee, as a member of the board of deacons of the Presbyterian Church of Westfield, and as chairman of the Union County Republicans. He is a member of the American Bar Association, the New Jersey State Bar Association and the Union County Bar Association

Formerly an assistant prosecutor for Union County, Muscatello has been active in the Union County Legal Aid Society and the Union County College Opportunity Committee

### Everglades movie Trailside feature Sunday afternoon

"Provious of the Everglades" is the film to be shows at the Union County Park Commission's Trailsale Nature and Science Center in the Watchung Reservation on Sunday. The film will be presented at 2, 3 and 4 p.m.

The files shows the many birds and animals living in the Florida Everglades, some of primitive origin. Nature lovers will enjoy this view of life in a very unusual area.

On Monday Tuesday and Thursday, Donald W. Mayer. Trailside director, will present half hour nature talks for children on "Hawks and The programs are listed for 4 p to each of the three days.

Also on Sunday, at 2, 3 and 4 p.m., the Transide Planetarium has scheduled a program 3.2.1 Blast Off!" about the use of high altitude rockets in the science of astronomy The same program will be repeated at 8 p.m. on Wednesday, July 4

As the Planetarium seats only 35 persons, tickets issued at the Trailside office are on a first come first served basis. Children under eight years of age are not admitted

The public may use the Trailside facilities '- p m daily except Fridays during July and August The center features thousands of exhibits as well as special programs and activities

Tradside features are announced on a park commission "events telephone," 352-8410, on a

### Cooperative admissions plan set up by UC, Stevens Tech

Union College, with campuses in Cranford, Shzabeth and Plainfield, and Stevens Institute of Technology, Hoboken, have developed a admissions program in engineering, it was announced this week by George P. Lynes, director of admissions at I mon College

The cooperative admissions program provides for Stevens Tech officials to consult with admissions officers at Union College regarding applicants who cannot be ac commodated immediately at Stevens Tech

### Barbershop group has audition tonight

The Colonlial Chorus, local chapter of SPEBSQSA (the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc.) will conduct free auditions this evening at 7 o'colock at the Knights of Columbus Hall, 2400 North ave., Westfield Neither previous singing experience nor ability to read music are necessary.

Back from a third-place finish (out of 14) in division competition at Asbury Park earlier this month, the local barbershoppers are preparing for the district contest to be held in Washington, D.C., in October, They're also learning new songs for the annual "Harmony Holiday" show, set for Dec. 7 and 8.

For more information about tonight's audition, the Colonial Chorus, or barbershopping in general, readers may call Russ Malony, 688-5874.

students who demonstrate potential but who lack adequate academic background to succeed at Stevens, students who, for financial reasons, should attend a two-year college during their freshman and sophomore years. and students who simply cannot fit into the

Union College conducts a pre-engineering and a pre-science program for students who want to major in these areas but lack the chemistry, physics or mathematics subjects necessary to do so. Upon successful completion of these programs, a student may enter the regular two-year program offered at Union College.

Union College also conducts a College Suc cess program for students who lacked the motivation to succeed in high school and an Educational Opportunity Fund Project for students who are educationally and economically disadvantaged.

If an applicant who is referred by Stevens is accepted by Union College, he or she will be guaranteed trnasfer admission with advanced standing to Stevens Institute if he or she earns an Associate in Arts degree at Union College. Lynes added.

'The cooperative admissions program demonstrates the current trend toward closer cooperation and articulation between our fouryear institutions and the two-year college graduate," stated Lynes. "It is also evidence of the high respect Stevens and Union College each place on the other's standards struction and educational policies.'

### Palsy summer program gets under way Monday The Union County United enrolled along with their

Cerebral Palsy Center's summer programs for its various groups will begin Monday and end Aug 10

According to Oscar Friedensohn. executive director of the CP League, "an exceptional schedule of events is planned for the Center's Adult Work Activity Group.' Mrs. Lynne Chase of Cranford, adult group director, will supervise two weekly sessions. A new staff member, Mrs. Katherine Chisholm of East Orange, will conduct two weekly arts and crafts

sessions Mrs. Chisholm's early training was in art and design and she has done extensive work with veterans and also with individuals with physical handicaps and mental retardation. Kris Walker of Roselle Park, director of Home Service Programs, will take the group on a weekly field trip.

The Day Care Program for pre-school children will also throughout session. The summer categories within this program are: two develop mental classes for children aged two to kindergarten and grouped according to age; the CODEP Class—a joint project of Newark State College and the CP League designed to evaluate children whose disabilities have rendered them difficult evaluation subjects; and the infant program for children from birth to two years who are

parents

All pre-school chases will participate in a -winning of Miss Mary Wesel, chief physical therapist at the CF to help parents learn to provide the therapeutic to their handicapped children Each child must be ac companied by a volunteer preferably a family member

The swimming program will take place at the Cranford Municipal Pool Centennial ave., Cranford, on Tuesdays and Thursdays from 1 to 2 p.m. Mrs. Peg Katim of Scotch Plains, who has had experience in water safety programs will assist Miss Wesel. Regular Clinics and Physical Therapy schedules at the CP Center, 216 Holly st. Cranford, will continue

### **Blood Bank starts** program to avert summer shortage

The North Jersey Essex County Bloowill begin its summer donor program with a full schedule of bloodmobiles and daily clinics for July

Summer is often a period of blood shortages with heavy demands for blood outstripping supply as potential donors leave the area for vacation But, according to Walter Hamilton, chief recruiter for the volunteer blood banking facility. "if donors continue to respond as they have this spring, we should have no 'crisis situation this summer. However, it's hard to predict from one day to the next what new demands may be made on our resources.

Donor hours at Blood Bank headquartes, 45 S Grove st., East Orange, are Mondays, 8-10 a m., Tuesdsays and Thursdays, 3:6:30 p.m., Wednesdays and Fridays, 2.4 pm., Saturday, 9 a m 12 30 p.m. Healthy adults between the ages of 18 and 65 years are eligible donors.

Bloodmobile stops open to the public during July include Marriage Encounter Group of St Elizabeth Parish, Linden, on July 14, 10 a m. 2 p.m. Teamsters Local 177, Irvington, and Amalgamated Transport Workers Union Local

### Precautions can prevent hurricane damage anchored to the ground are especially

deadliest especially if she's a burricane

And don't expect the 1973 hurricane season which runs June 1 through November to duplicate last year's calmness, warns the Insurance Information Institute. Changing weather conditions made the 1972 storm season the quietest in 42 years. Only Agnes with her \$97 million in insured damage mostly from flooding broke the calm-

Hurricanes have taken almost 5,000 lives in the U.S. and damaged several billion dollars in property in the last five decades. Most hurricane deaths can be prevented and destruction minized, says the institute

No hurricane can strike the U.S. coast without ample warning Satellites track hurricanes for hundreds of miles before they reach mainland Ships, aircraft and radar continually chart their movements

When a burricane threatens, the National Weather Service the nation's watchdog against storms - warns residents in the area at least a day in advance

A new hurricane flood and damage rating

system, developed by the National Hurricane Center in Miami, has been added to the war ning arsenal

The system, says the institute, is based on a sliding scale similar to the Richter Scale used to measure the intensity of earthquakes. One number, on a scale from 1 to 10, will warn of the storm's flooding potential; the other number from 1 to 5, will estimate the damage potential exclusive of flooding.

Drowning causes more than 75 percent of hurricane deaths. Most lives would be saved if people heeded evacuation warnings and moved out of low lying coastal areas to high groundeyond the reach of flood waters

Ruggedly built homes on high ground provide a safe refuge. But mobile homes should be moved or evacuated.

When evacuation warnings are issued, leave early and go to a pre-arranged shelter. Long before the peak of the storm, flooding, toppled utility poles and downed power lines can prevent escape. Gas up cars in advance because fuel stations may be out of operation

Buildings can be protected against hurricane winds, which can drive a plank like an arrow through a tree trunk, fling pieces of buildings through the air like shrapnel and flip a mobile home or car like a tinkertoy.

The greatest damage to buildings usually occurs to glass, roofs and exterior walls. Tape. boards or shutters can protect glass. Large windows and garage doors should be braced Movable objects such as bicycles, trash cans, boards and outdoor furniture can become

dangerous missiles. They should be anchored or stored inside Cars should be moved to high ground, and small boats moored securely, moved upstream

or taken out of water Heavy roof covering and durable siding can withstand severe winds. Mobile homes not

1970 Those that were properly secured to the ground with cables sustained minor damage. Perhaps the most important precaution to take during a hurricane, according to the institute, is to listen to newscasts for advice from authorities. Having a battery-run radio is a necessity in case of power failure.

Hurricane Celia destroyed half of the 9,000

mobile homes in the Corpus Christi area in

Persons in a hurricane area should stock emergency supplies--water, food, cooking and lighting equipment and tools.

WATER-Store surplus drinking water (one quarter per person per day) in sealed con-tainers in case the supply fails or is contaminated. Drinking water can be sterilized by boiling, water purification tablets available at drug stores or household chlorine bleach.

FOOD—Stock a five-day supply of non-perishable food—soup, canned goods, juice and

COOKING-Use a stove that runs on canned heat or kerosene in ease of power failure LIGHTING-Keep flashlight and extra

batteries, lantern, candles and matches handy TOOLS-Have hammer, nails, screwdriver and saw ready to make emergency repairs during and after the storm.

To prevent wind damage, keep a window open on the side of the building opposite the wind. If a window is blown out -open more. To avoid fire and electrocution, shut off gas, electricity and water where they enter the

When the power is off avoid unnecessary opening of refrigerators and freezers. Use dry ice, if available, to preserve food.

If in the midst of a hurricane there is suddenly a calm-beware. This is most likely the eye or center of the storm passing directly over This full may last from a few minutes to winds will return

People have been killed by venturing from the eye to the high wind area surrounding it After the hurricane, avoid lowland areas Even though the winds subside, flooding may continue. Roads undermined by coastal flood

overhanging power lines kill many people Notify police and hospitals of persons in jured Report dangling wires, broken sewer and water mains to utility companies or police

waters may collapse under a car's weight. And

COMMUNITY RESPONSIBILITY Communities as well as individuals bear responsibility for safeguarding life and property, particularly through advance plans and legislation regulating land use and establishing hurricane proof building stan

New buildings, public and private, should be

during an emergency. And land susceptible to flood waters should be left unoccupied

Estates

The State Division of Civil all municipalities suggested Defense-Disaster Control is technical requirements for mobile home tiedown or dinances

"Review of these standards leading to adoption of appropriate ordinances should be done now, before the summer season begins. The recognized hurricane season starts in late summer however, tornado conditions can develop anytime and are usually related to heavy thunderstorms," he said.

Brochures illustrating precautionary measures for mobile home owners are available through Van Hise's office and may be obtained by writing to the New Jersey Division of Civil Defense-Disaster Control, Eggert Crossing road, P.O. Box 979,

### Masterwork music class

The Masterwork School of the Arts will offer summer instruction to those interested in piano, organ, harpsichord, voice, sitar, tabla or classical Indian dance

Classes are held at The Masterwork Music and Art Foundation, Morris County Park Commission Cultural Center, 300 Mendham Rd, Morristown.

Michael May, concert artist, will teach the keyboard instruments; Sandra Darling. New York City Opera soprano, will conduct classes in voice; Poonam Bhatia will teach the Indian instruments and dance.

To register for classes or for further information, call The Masterwork School of the Arts at 538-1860 weekdays between

LON NOL ELECTED Lon Not was elected to a 5year term as president of Cambodia on June 4, 1972.

### Discussions of satellites at Museum

Satellites, sun watching and special shows for youngsters comprise the three main segments of the July-August program planned by the New Jersey State Museum Planetarium, W. State St., Museum Trenton There is no admission charge for any of the various activities.

"Exploring the Earth from Space," the daily lecture throughout the period, will take a look at present and future plans for earth satellites at 11 a.m. and 1 p.m. each weekday from July 2 through Aug. 31 and at 2, 3 and 4 p.m. each Saturday, Sunday and holiday from July 7 through Labor Day. Children under seven will not be admitted.

Special shows for parents with small youngsters will be presented at 10 a.m. each Friday from July 6 through Aug. 31.
The sun-watching segment

of the July-August schedule calls for observation of the daytime sky through Planetarium telescopes at 2 each weekday afternoon, weather permitting. There is no age limitation for these sessions

In addition to the regular programming, the Planetarium is planning a special 3 p.m. Thursday lecture series for July 19, July 26 and Aug. 2. Subjects, in order, will be "A Tour of the Milky Way," "Sky Highlights of 1973" and "Origin of the Solar System." children under seven will not be admitted.

The State Museum is open from 9 a.m. to 5 p.m. Monday through Saturday and from 2 to 5 p.m. on Sundays. It will be closed July 4.

### Floral sales rose in '72

The gross wholesale value of sales by commercial producers of carnations, chrysanthemums (standard, pompon and potted), gladioli and roses in New Jersey totaled \$5,555,000 in 1972, up 7 percent from the 1971 value of 5,215,000 according to the New Jersey Crop Reporting

The total net value of foliage plant sales was \$1,462,000 in 1972 and \$844,000 in 1971.

Gladioli were the leader in value of sales, which amounted to \$1,844,000 or 37 percent more than a year earlier as a result of increased acreage and a higher average price per spike. Total sales of the three types of chrysan-themums ranked next in importance and, at \$1,751,000, were up 4 percent from 1971. Sales of the standard type accounted for all of the increase; both the pompon and potted types were down alightly.

JWV honors two with council prizes

Two members of Elin-Unger Post 273, Jewish War Veterans, have been named recipients of the two highest awards presented by the Essex County Council of Jewish War Veterans.

The William Marcus Memorial Trophy for membership was presented to Jack Schechter of Hillside, commander of the post, which serves both Essex and Union counties. The Maurice Lundy Man of the Year award was won by Martin Kaufman of Hillside.

This is the second consecutive year that a member of the post has the Marcus award.

COMPARATIVE STATEMENT OF OPERATIONS AND SURPLUS — CURRENT FUND Year 1972 Year 1971

RECOMMENDATIONS

That a continued effort be made in 1973 to collect the senior citizen deduction disallowances or cancel by appropriate action those determined to be uncollectible.

That efforts to assure implementation and compliance with the "Local Public Contracts Law" and the related guidelines issued by the Division of Local Government Services be continued and appropriate action taken where necessary.

That revenues collected from the issuance of licenses, fees and permits by the Police Department, Office of the Township Clerk, and Fire Department be deposited within forty-eight hours as required by N.J.S. 40A:515

That deposits received in connection with the permits issued for road openings during the year 1971 and prior be retunded or cleared from the records.

The above summery or synopels was prepared from the Report of Audit, submitted by Robert #. Systemy 8, Genster, Certified Public Accountants, is on file at the Township Clerk's Office and may be inspected by any interested person.

### KINGSTON FUEL CO.

AN IMPORTANT MESSAGE TO OUR CUSTOMERS The Fuel Oil Crisis Is Real and the following are our suggestions to help you thru the coming winter

FIRST - MODERNIZE YOUR HEATING SYSTEM.

Install our tried and proven Modern Oil Burner. Join our hundreds of satisfied customers who have already saved one to two times the cost of this quality burner. They have saved on fuel oil as well as on service calls.

We will install This Burner At Our Cost With a 1 Year Unconditional Guarantee At LAST YEAR'S PRICE OF DON'T WAIT-WE DO NOT KNOW HOW LONG THIS PRICE OFFER CAN LAST!

SECOND - HAVE YOUR FUEL OIL TANK CLEANED. We will remove sludge and water and chemically treat your tank tor \$35 THIRD - INSTALL AN ADDITIONAL STORAGE TANK

We will install at our cort an additional tank which can mean more than money in the bank. Your health and comfort may OUR 45 YEARS OF REPUTABLE SERVICE IN THE FUEL BUSINESS IS YOUR ASSURANCE OF DEPENDABLE SUPPLY. PLEASE HEED OUR ADVICE ABOVE AND HELP US KEEP OUR

REPUTATION AND YOUR COMFORT.

In my neighborhood everyone was poor, Most of us were lucky if we had enough food to eat or clothes to wear. So like most kids we spent a lot of time talking about the things we wanted out of life. Things like owning a big car, wearing fine clothes and going to all of the best places. Boy, we could hardly wait to grow up.

Like the other kids I had little odd jobs in

grammar school but I got my first real job when I storted high school. I was a junior clerk in a big department store. That's where I first heard about U.S. Savings Bonds. My boss asked me if I wanted to join the Payroll Savings Plan and I said yes. A month later I got my first bond.

When my friends found out they really had good laugh. Imagine buying U.S. Savings

Bonds when there were so many other great things to buy. Well, they kept laughing and I kept saving all through high school. After graduation some of us wanted to go to college. And that's when my Bonds really came in handy. They not only helped pay my tuition, but also helped buy some books.

Well, I'm a senior now and locking forward to graduation. Unfortunately, a lot of my friends never even got started. And to think, they laughed when I bought my first Bond.

### Realtors promote 8 percent ceiling on mortgage rate

Deep concern over the serious lack of funds" for home mortages in New Jersey has been voiced by the 10,000 member New Jersey Association of Realter Boards on behalf of home seekers unable to get conventional loans

Albert Rubin, president of the association said this week that he has advised state banking commissioner Robert L. Schaub that it is imperative to increase to eight percent the cerbing on mortgage rates

Rubin, in a letter to Schaub, said. "I have completed a tour of local Boards of Realtors throughout the state and can assure you that the situation is critical

"The Federal Reserve Board has increased its rate to 6% percent, the highest this rate has been in over 50 years. The corresponding increase in the prime rate to 7 - percent by major lenders places the New Jersey residential mortgage market in jeopardy Without adequate conventional financing, the residential sector of the real estate industry will cease to function. Rubin added

Rubin pointed out that Commissioner Schaub recently expressed his own concern that lenders of mortgage funds were putting their money elsewhere to obtain a higher return because New Jersey's ceiling has been at 7.5 percent since April 1971

The Realtors and Associate memoers of the New Jersey Association respectfully request you to review the problems with the advisory committee and then increase the ceiling to the eight percent permitted under state law

## Building boom continues along Shore Construction permits point to '73 as record year

along New Jersey's Shore continues on the upswing, according to Ronald M. Heymann, commissioner of the New Jersey Department of Labor and Industry

Statistics collected thus far for this year by the Office of Business Economics on building permits issued by the New Jersey Department of Labor and Industry indicated that 1973 promises to surpass all previous records. A look at the preliminary figures show that the counties of Monmouth, Ocean, Atlantic and Cape May combined, account for more than one third of all dwelling units authorized for construction in the state during 1972

More than 20,000 units were approved for construction along the Shore area during 1972. with Ocean County accounting for about one halt the total. Early reports for 1973 show that Ocean is again the leader in the number of units authorized and is expected to match last year's pace

Town houses, garden apartments, retirement villages and high rise condominiums have become recent tayorites, accounting for much of the residential construction. Single family dwellings and vacation homes, however, have not lost their appeal and continue to absorb their share of the market

But, a change has occurred and most of the new construction growth is now intended for year round Shore living, a trend that has been developing over a number of years

been land values that have steadily risen in such vacation areas as Long Beach Island. "We find that there has been considerable interest also in modernizing and up-grading properties, such as the modest summer cottages that are common in these locations," Heymann noted

Construction growth has not been restricted to the residential category but has occurred also in the commercial area. Local officials, hotel owners, and amusement operators have responded to growth along the Shore with a number of new projects designed to make the area more attractive to vacationers. An estimated \$20 million is being spent to expand and improve facilities for this summers influx

In Asbury Park, more than \$1 million has been spent to modernize and refurbish the Conventional Hall and Casino. Construction of a stone breakwater around the Hall has been completed through a \$400,000 federal matching tund agreement

At Lakewood, over \$4 million has been spent on environmental, as well as recreational facilities. A new 80-acre lake has been created south of Ocean County Park by damming up the south branch of the Metedeconk River Surrounded by parklands, man-made Lake Shenandoah features a fish ladder that enables herring to migrate upstream during the spawning season. Built at a cost of \$350,000 with matching state and federal funds, the new lake is both an ecological and recreational asset

A new 18 hole golf course that conforms to the natural terrain adjacent to the Woodlake Country Club has opened for play As part of a township program to upgrade tourist facilities, both the surrounding landscape and the interior of the Irvington Hotel and its European Spa have been remodeled at a cost of over \$1

construction is under way in the residential district while the two-mile boardwalk for the first time will feature imported German and Italian "Thrill" rides. Ocean County, with 56 miles of white sand stretching from Point Pleasant to Beach Haven will provide 250 newly built motel-apartments this summer

In Atlantic City, construction of a new high rise hotel on beach-front property adjacent to Convention Hall is being negotiated with a West Virginia syndicate which has purchased an option to build.

Up the boardwalk at the Hotel Dennis, a new attractions for springtime visitors is the world's largest portable Monopoly board. measuring 32 (set by 32 feet. A new boardwalk paython, the city's 10th, is being rushed to ampletion in time for summer visitors In Cape May County at the southernmost tip

of the New Jersey shore-line, 14 new mortels, 10 of them in the Wildwood area, are being anstructed for summer occupancy at an -timated cost of \$10 million

If we are fortunate enough for the weather to hold, indications are that 1973 will be another record year at the Shore. New facilities will be

### Smith joins Mangels as a sales associate

Elmer H. Smith of Roselle Park has joined the Union real estate and insurance firm of R Mangels and Co., as sales associate in the residential sales field. Announcement of amith's affiliation with the firm was made by Rudolf C. Mangels, president

Smith has been active in the Union County residential sales field for over 21 years, including experience in sales management

about additional expansion." Heymann stated A check with various moter and hotel owners real estate rental agents, and major com-

mercial establishments shows that even though the pre-selson got off to a wet start on Memorial Day, the hot weather of June is an encouraging sign for a very good summer All report that business is ahead of last season at this point

Cape May County is no exception to this, which is reapidly becoming a mecca for Canadian as well as U.S. vacationers Officials are expecting their best year ever in that county. The resort industry there expects to spend close to \$1 million to promote Cape May throughout Canada and the tri-state area this

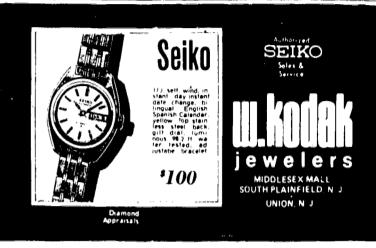

Association offers \$1,000 award in script competition

The Cultural Arts Section of the Association of Jewish Center Workers is sponsoring a national playwriting contest, according to Stanley Weinstein, cultural arts director at the YM-YWHA of Metropolitan New Jersey, ave., West Orange. A prize of \$1,000 will be awarded for the best

full length play. The script may be either a drama, comedy or musical The prize-winning play will be produced nation-wide by centers with performing arts facilities during the 1974

A competent jury of theatrical luminaries will be chosen to make the prize-winning selection.

Interested playwriters are encouraged to send their scripts to Stanley Weinstein. Director of the Arts, YM-YWHA of Metropolitan New Jersey, 760 Northfield avenue, West Orange 07052. A self-addressed stamped return mailer should be enclosed

### STRICTLY PERSONAL

By Pat and Marilyn Davis Copley News Service

Dear Pat and Marilyn: I am 16 and must have braces. I've talked my parents out of this for a year and now the date is set. What worries me is how boys feel about girls who wear braces'

The same way girls feel about boys who wear braces. Just keep in mind how pretty vou'll be when the braces are ■ removed And keep smiling! Dear Pat and Marilyn:

am having a terrible argument with my parentsespecially my father. And it is l all over which college or university I should attend. I INSURANCE COMPANIES university 1 should attend 1 want to go to college and

realize the value of an education but feel I should be allowed to select the school

My father attended a university. It was large when he was there and it has grown since that time. I nave several friends who have gone to this university and they tell me that you almost never see the professors, that the classes are turned ever to associates and that the faculty spends their time on research or writing books. They also tell me it is next to impossible to contact a professor even if you

make an appointment I want to go to a junior college. The campus is smaller with fewer students. and I feel I will do much better. I don't want to attend classes of 300 or more students. I'm just not ready for such a big change at this point. How can I convince my father that I want to start at a smaller college?

Dear Fred:

Tell Dad just what you have told me, and he should abide by your decision. Whether you attend a large or a small college the essence of education depends upon the student not the size of the campus. It depends upon the student's ambition, drive and understanding.

I agree that we must not allow students to become IBM cards. Professors must be approachable and must feel teaching responsibility Students invest a great deal of money in their education and must not be shortchanged.

### **Employment** in May dips by 5,300

New Jersey's nonfarm wage and salary employment dipped by 5,300 in May as strikes in the construction industry more than offset seasonal gains in trade and services, announced Ronald Heymann, commissioner of the N.J. Department of Labor and Industry. The total of 2,696,700, estimated by the department's Division of Planning and Research, was 43,300 above that of a year

Strikes in the construction industry resulted in a reduction of 14,900 at a time when employment in that industry would normally be expanding. This adversely affected the seasonally adjusted figures which showed an atypical decline of 19,200 construction jobs in May. While seasonal adjustment eliminates distortions caused by seasonal influences, it does not take into account isolated occurrences such as strikes.

Fractional changes were reported among the state's major manufacturing in-dustries in May. Total manufacturing was up by 1,200 with most of the increase reflecting a recall of 1,000 workers in the apparel industry

Nonmanufacturing employment suffered a setback of 6,500 in May largely because of the construction industry strikes. Gains of 5,400 in services and 4,400 in trade could not offset the 14,900 reduction in construction.
