original Rt. 78 Watchung alignment State picks

The N.J. Department of Transportation has selected the original alignment, for construction of Rt. 78 through the Watchung Reservation. The selection of the alignment, which would connnect existing portions of the interstate highway between Springfield and Berkeley Heights, was announced Tuesday by Commissioner Alan

An attorney for environmentalists opposing construction of the superhighway through the reservation, David Sive, predicted that the route would be challenged in the courts after a final environmental impact statement is

"I believe the selection of this alternate is illegal and effectively destroys much of the value of the park when there is no necessity to do so because there are feasible and prudent alternatives," Sive told this newspaper

Commissioner Sagner said the announcement was made after the DOT received "concurrence" from the Federal Highway Administration's division office in Trenton. The state's consultants. URS Madigan-Praeger of New York City, has been instructed to prepare the final environmental impact

statement, which will be submitted to the Federal Highway Administration and Council on Environmental Quality in Washington for final approval before construction can begin. The impact statement will take about six months to prepare. Also, a public hearing on the design of the alignment will be held, probably in late 1978.

The alignment selected, which was chosen in the first draft environmental

School board details budget for 77-78 Borough outlines 1977 budget

Tax levy expected to decline

The Mountainside Borough Council has introduced a 1977 municipal budget of \$1,851,232, with \$671,227 to be raised by local property taxes. The figure represents a \$117,896 increase over the 1976 tally of \$1,733,336, but the tax levy has been decreased from \$687,795. A public hearing on the budget will be held at next month's council meeting, at 8 p.m. March 15 in the Beechwood School.

Of the general appropriations, the highest amount, \$607,575 is allocated for salaries and wages, with \$410,200 designated for the borough police department, representing a \$30,200 increase over last year's police wage listing.

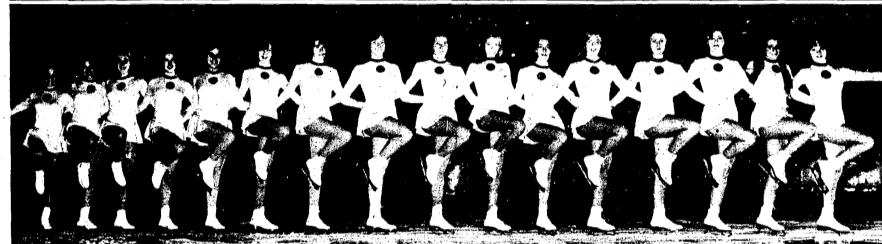

Other salaries and wages amounts are as follows: Administrative and executive, \$46,800, up \$10,800; Department of Public Works and assessment of taxes, \$42,000, up \$8,000; collection of taxes, \$5,825, up \$325; legal services, \$9,000; municipal court, \$14,000; Planning Board, \$2,400, up \$1,400; Board of Adjustment, \$2,400, up \$1,400; inspection of buildings, \$6,000, down \$550; inspection of plumbing, \$2,800, up \$200; road repairs and maintenance, \$30,000; Board of Health, \$12,200, up \$3,375; administration of public assistance, \$2,200, up \$100; Board of Recreation Commissioners,

Home robbed; three juveniles to face charges

Three juveniles-one from Mountainside and two from Westfield-were apprehended this week in connection with the Feb. 17 robbery of a borough

According to police, one of whom was armed with a Bowie knife, entered the house on Wychwood road shortly after noon last Thursday and confronted a woman occupant, who was alone at the time. Police said she was not harmed, but was bound and gagged and placed in a closet, where she remained for approximately one hour before she was able to free herself.

A number of items, including a television set, movie projector, camera and binoculars, were taken from the residence, and the boys also reportedly stole two cars from the garage—a 1976 Cadillac and a 1976 Corvette.

The Cadillac, with most of the stolen property still in it, was recovered later the same day in Echo Lake Park. The Corvette, driven by one of the Westfield boys, was involved in an accident Sunday evening in South Brunswick, where the driver was taken into

\$2.1 million total up by 4.8 percent

The Mountainside Board of Education has proposed a budget of \$2,119,662 for the 1977-1978 school year, an increase of 4.8 percent, or \$97,430, from the budget of \$2,022,232 for the current year. These amounts include debt service.

The budget was advertised last week. Copies are being mailed to residents, who will vote on it on Tuesday, March 29, at the Deerfield School.

At a public hearing on Tuesday at 8 p.m. in the Deerfield School, the board will answer questions and discuss the budget. A week later, at its regular public meeting on Tuesday, March 8, at 8 p.m. in the Deerfield School, the board will vote on adopting the budget and submitting it to the public.

The board can revise the budget any time before voting on adoption. It issued the following statement as an aid to voters:

"In satisfying the community's desire to maintain high educational standards, the board had to take into account the declining enrollment and the 'cap'-the arbitrary ceiling that the state for the second year placed on uncreases in spending.

"The board planned for 900 pupils in the current year, but it has 846 enrolled in kindergarten through the eighth grade. The 1977-1978 budget anticipates an enrollment of 800.

'However, few budget items change solely because of the number of pupils. Offsetting the declining enrollment are rising costs of salaries, materials, services and utilities.

"Salaries account for 70 percent of the budget. Nearly all are determined by negotiations with the four unions of principals, teachers, secretaries and custodians. The board is negotiating now with these groups and cannot predict the outcome. The budget includes allowances for what the board considers reasonable pay rises.

Temperatures to stay at 65 in adult school

The spring term of the Union County Regional Adult and Continuing Education Program will begin on Monday and, according to director Harry Linkin, temperature levels will be maintained at 65 degrees—the regular day-school thermostat setting.

The Regional District has instituted a number of energy saving measures during the present fuel situation, one of which is to lower thermostats to 50 degrees after 3:15 p.m. However, on adult school nights, temperatures in occupied classrooms will read 65

While this temperature is still below normal levels, adult school students should be comfortable if they remember to wear a sweater or jacket to class, Linkin stated.

Persons interested in joining the adult school program may call Linkin at 376-6300.

Know Your Government

From N.J. Taxpayers Association IIII

The Governor included \$453 million for employee pensions and benefits in his budget recommendations for fiscal 1977-78, almost 15 percent of the total General Fund budget of \$3,066 million. The amount proposed represents an increase of \$65.1 million (16. 8 percent) over total appropriations for the present fiscal year, the largest annual dollar increase ever for these purposes, according to a cost trend summary prepared by the New Jersey Taxpayers Association. The increase constitutes more than half of the proposed \$124.7 million net increase in the General State Operations budget. Over the fiveyear period from fiscal 1973, total pension-benefit spending will more than double.

Social Security payments for teachers and public employees (\$140.7 million) represent the single largest item on next year's pension schedule, up \$12.1 million. Other large increases are for the Teachers' Pension and Annuity Fund, up \$17.4 million to \$127 System, including premiums for noncontributory insurance (previously reported separately), up \$11.8 million to \$52 million; pension adjustment program, up \$5.7 million to \$30.8 million. Cost of health benefits, including the prescription drug program, is budgeted to increase \$7.7 million to \$48.3 million.

Cost increases for employee pensions and benefits result primarily from increases in number of employees and in their salaries, increases in Federal Social Security, policy of maintaining actuarial soundness of pension funds and legislated changes in the level of pension and health benefit payments. Despite public criticism of large increases in pension costs in these recent years of budgetary crises, state policy has remained firm to meet existing pension obligations and to reject proposals for deferring payments in order to divert funds to other programs.

A new factor in budget formulation is the recently enacted state expenditure ("cap") limitation law which applies to the Operations and Capital sections of the budget. To the extent that the growth in pension and benefit costs (16.8 percent) exceeds the growth permitted under the "cap" (9.55 percent) in the 1978 budget, increases in other operating and capital programs

are accordingly restricted. To control the rapid upward trend of pensions and benefits cost, the Legislature should refrain from enacting any legislation which expands these state costs until the Legislative Commission created in 1975 to study public pension programs has completed its study and issued its report, suggests the New Jersey Taxpayers Association.

For the past two summers Randy has done reseearch work at the Mount Desert Island Biological Laboratory in Salisbury Cove, Me., as an assistant to Dr. D.E. Opdyke of the New Jersey Medical School, Newark.
Their research involved the study of

the blood pressure of dogfish, a small primitive type of shark. Pressor responses to angiotensins I and II and to the AI-converting enzyme inhibitor were measured and the vascular control mechanisms in the various systems of sharks were determined. It is anticipated that the study will help provide a better understanding of hypertension in humans.

Results of their investigations have been published in the December 1976 issue of the American Journal of Physiology.

Rinaldo will not seek GOP nod for governor

Union said this week that he will not seek the Republican nomination for governor even though a statewide poll shows that he could win the gover-

Rinaldo, who was re-elected in November with a record 74 percent of the vote, said he preferred to stay "at the center of major national and international decisions in Washington where the loss of even one Republican seat in Congress would hurt the party nationally.'

Rinaldo acknowledged that he had been under heavy pressure to run even though he had taken no action to promote his candidacy. Rinaldo said his office had been deluged with thousands of letters, telephone calls and personal appeals supporting him for governor following his 90,000 reelection landslide to a third term in

In waiting until now to end the speculation that he might enter the Republican primary, Rinaldo said he had been obliged to give the 21 Republican county chairmen an opportunity to consider the campaign platform that he had urged them to adopt last month. It included repeal of of the state income tax and support for a constitutional amendment to remove the language of "thorough and efficient education" from the law.

But so far, Rinaldo said, there had not been any significant shift towards his position by the 21 Republican chairmen since he met with them in Atlantic City last month to discuss the campaign

'I recognize that my announcement will disappoint some of my supporters, but I hope they will understand the reasons for my decision. I have made it clear all along that I would not consider running if it meant a divisive primary battle that could split the Republican Party and weaken Republican chances for taking control of the State House," Rinaldo said, adding that he decided to stay out of the race in order to help keep the party unified.

The Union County Congressman said that in recent weeks he had discussed the political situation in New Jersey with Senator Clifford Case, former Gov. William Cahill, almost every county leader, and with a number of other influential Republicans. The talks, he said, convinced him that the Republicans could win the November election only if they stayed united and adopted a platform that had the widest possible appeal to Republicans, Independents and Democrats who are disenchanted with the Byrne Administration.

Union, Morris, Hunterdon, Middlesex and Somerset counties. The nonprofit agency also cooperates with community blood programs in Bergen, Monmouth and Mercer counties to meet the needs of hospital patients. In addition, NJBS serves Staten Island and will extend coverage to New Jersey's Warren County next month.

One of four divisions of the Greater New York Blood Program, NJBS serves 65 hospitals and last year collected and distributed some 54,000 pints of blood in the state. Donations are made at its headquarters in New Brunswick, bloodmobiles throughout the area and at local Red Cross

The current goal for the state is 64,000 units and Dr. Martin Kosman, director of NJBS, said that he and other officials of the program are hopeful the introduction of total coverage will inspire residents to more willingly donate

TOTAL COVERAGE replaces the so-called credit system, under which in-dividuals were eligible for blood at cost only if they or members of their families either had donated blood or been affiliated with a donor group during the year. All recipients of blood are charged a processing, feecurrently \$31.00 per unit-which covers the cost of collecting, testing, storing and distributing the blood. In most cases, however, the processing fee is picked up by New Jersey Blue Cross, Medicare or other forms of health in-

Under the old credit system, it was the patient's responsibility to donate the blood in advance or replace the blood after usage; otherwise the hospital would charge the patient a fee over and above the processing cost. This could boost the total cost of a single transfusion to as high as \$100.

'Total coverage eliminates the added charges and opens the blood supply to all," said Kosmin. "For years there has been debate among blood bank professionals over who is responsible for replacing blood, the sick patient who used it or the healthy community at large. Our position is that the blood supply is community responsibility.

'Blood is our most precious resurce," Kosmin continued, "It saves lives. As members of society, of the healthy community, we should provide this resource willingly. It must be readily available.

He noted that voluntary blood donations in New Jersey have increased steadily during the last four years, but at the same time he expressed hope that the number of donors will rise even more significantly in the

"The demand for blood is increasing constantly," he said. "There are a number of reasons, but perhaps the most significant is that medical science is creating more and more uses for blood, more and more lifesaving techniques. To keep pace with these breakthroughs, many more donors are needed. Healthy individuals, generous enough to take the time to give, are the key. They are the only source of blood.'

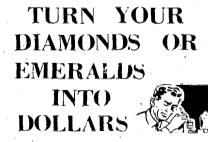

Day of Prayer speaker named

The Rev. John M. Oates, associate pastor of St. Michael's Church in Cranford, who has devoted the major part of his 22 years in the priesthood to reclaiming and rehabilitating Newark's young drug addicts, will address the Westfield area observance of World Day of Prayer on Friday, March 4, at 1 p.m. in Holy Trinity Catholic Church, Westfield. A special youth service under the direction of Mrs. James Kullman will be held at 3.

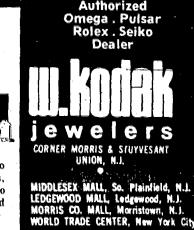

Church Women United, the sponsor, has invited all members of the community to "to join in this fellowship of prayer and learning." Provisions have been made for child care. Parking is limited on the church property, so car pools have been suggested.

Father Oates helped to establish the first live-in drug rehabilitation house inthe East. Daytop Village in Staten Island, which he founded along with Dr. Daniel Casriel, became a model for later homes like Integrity House and Phoenix House.

Dayton girls beat Verona for loop title

By MIKE MEIXNER

"Cricket Franklin scored 28 points to lead the Jonathan Dayton Regional High School girls' basketball team to a 61-51 victory over Verona and a first-place finish in the Suburban Conference. The team, with only two conference defeats during the season, handed Verona its third league setback.

The teams were evenly matched in the first half, which ended with Dayton in front by a point. After the break, the Bulldogs, led by the long-range shooting of Sue Tacovsky, built their lead to 18 points before the Hillbillies could retaliate, finally cutting the

Franklin's constant defensive pressure led to many uncontested Dayton layups. Other standouts in the Dayton lineup were Tacovsky, who scored 16 points, and Ellen Stieve, who had 14. Cathy Gerndt played brilliant defense and also added a basket. Substitute backcourt performer Michelle Gan rounded out the scoring with a free throw. Mary King was lauded by Coach Ruth Townsend for her superb defensive performance.

Minutemen rip South Orange, top Maplewood

By CRAIG-CLICKENGER

The Senior Minutemen of Springfield chalked up two more victories last week. The Seniors outhustled a much taller team of eighth graders from South Orange, 93-64, last Saturday after having turned back Maplewood 67-41, Wednesday. The Seniors will be at home to Kenilworth Saturday and Westfield Wednesday in the Florence

Gaudineer School gym.
Roy Zitomer was the high scorer for the Minutemen in the Maplewood contest. Roy had 16 points and recorded five assists. Donald Meixner, Jerry Blabolil, and Courtney Bachus controlled the backboards for the Seniors with 15, 10 and seven rebounds, respectively. Donald added 13 points and Jerry 12. Courtney netted six.

Alan Berliner and Todd Leonard turned in strong floor games at both ends of the court. Alan hit eight points and made six assists while Todd knocked in four points. Both boys shared the lead in steals with five.

David Geltman tallied four points and Jack Chin and Jeff Cohen finished the game with a basket apiece. Adam Bain came into the game to support the Seniors when needed.

The Minutemen's second victory of the week came against South Orange, whose much taller and more physical players were simply outhustled and coutclassed by the speedy and quick-thinking Seniors. Due to excellent execution and almost perfect timing on the part of the Minutemen, the game, which should have been very close, turned into a one-sided affair. Roy Zitomer and Donald Meixner did

Seniors. Zitomer ended the game with 23 points and the most steals for the night, three. Meixner netted 21. Meixner also had 17 rebounds and shared the lead in assists with four.

Todd Leonard and Alan Berliner kept their South Orange adversaries on their toes on offense and stayed all over them on defense. The Minutemen guards sparked their teammates on both offense and defense with several steals. fast breaks and assists. Leonard finished the game with 16 points and seven assists while his counterpart recorded 14 points and nine assists.

Jerry Blabolil shot for six points and Larry hit five as well as grabbing six rebounds. Courtney Bachus, Jack Chin, Eric Rutstein and Billy Condon all netted two points in the contest to round out the scoring. David Geltman, Jeff Cohen, Adam Bain and Steve Altman were the other Seniors to see the action.

Regional's track team finishes fifth in Relays

By MICHAEL PETRO The Jonathan Dayton Regional High School indoor track team captured fifth place in the Union County Winter Relays and tied for seventh place in the State indoor group championships.

The Dayton Bulldogs, coached by Martin Taglienti and Bill Jones, ended a most successful season with a 3-0 dual-meet record and impressive showings in the championship and relay meets.

The Union County Relays, won by Plainfield, was marked by two fine performances by Dayton in the shuttle hurdle relay and the shotput relay. The team of Frank Ruggieri, Brian Belliveau, Jay Fine and Mark Walls finished second with a time of 32.7 seconds in the shuttle.

Brandon Gambee, Andy Herkalo, Don Lusardi-and John Guilana combined for a total of 178 feet, 2 inches to finish third in the shotput relay.

The group championships provided tough competition for the Dayton squad but again shotputter Brandon Gambee turned in an exceptional performance. Gambee finished second behind Kim Miller of East Orange with a toss of 53 feet, one inch.

The outdoor track season will be getting under way in two weeks. With almost the entire indoor team returning, a banner season may be ahead.

Demons defeat Blazers; Crusaders, Rovers score

The White Demons (8-0-1), Red Crusaders (5-1-2), Gold Rovers (2-3-2), posted victories in floor hockey while the Lead Bullets (7-3) and STP-5 (8-2) triumphed in basketball as the Daily Intramural Program Physical Education Recreation (DIPPER) program concluded its 11th week of league play in the Dayton Regional boys' gym last week.

Rick Weber had four goals, Joe Ragucci three and Kevin Lamb and Demons to a 9-2 conquest over the Blue Blazers (1-3-3). Dave Falcone, Bob Conte, Sid Kaufman, Jeff Bromberg and goalie John Kelly starred for the Demons on defense. Ed Fasulo and Tom Medeville scored for the Blazers in the final minutes when the Demons played without a goalie. Paul Abend, Bill Quatrone, Mike Harmon, Tom Bergeski, Dave Zarra and Alvin Walker played well for the Blazers.

The Crusaders cruised, 6-1, by the STP Eagles (1-4) as Ron Scoppettuolo had a three-goal hat trick; Ken Fingerhut, Frank Pulice and Frank Zahn also scored. Bob Bohrod, John LaMotta, Bill Young and Dan Lusardi sparkled for the Crusaders. Dean Gerber grabbed a rebound shot and slammed it in for the Eagles' tally. Alan Haimowitz, Joe Sangregorio, Tom Poulos, Jeff Schnee, Peter Rossomondo, Harvey Kaish and Mike

Texas, Cal still tied for State lead

Two games remain on the regular Springfield State League schedule, and two teams, Texas and California, are deadlocked for the lead. The Texans had to scramble to turn back Alabama, 30-22, while California had an equally difficult tussle with Utah, before prevailing, 22-17. At the start of the final quarter, Texas led Bama by just three points, 16-13, and needed a 14point final period to put the game out of reach. Ross Melamed and Bill Boogar led this late surge, tossing in 10 points between them, down the stretch.

Melamed and Boogar each finished with 10 points for the game, and Boogar also supplied the bulk of the rebounding power for Texas grabbing nine. Center John Mann was his usual effective self in the post position for the winners, scoring five points, feeding off to his cutting guards for easy layups and playing strong defense. Steve Srednick and Scott Schneiderman each added a field goal to the Texas effort, and Ira Gross contributed a free throw.

Alabama received another top-notch

performance from Scott Newman, who led all scorers with 14 points, nine of which came in the second half as Alabama bid for the upset. Jay Siegel, the floor general for Alabama, again displayed good ballhandling and playmaking, and accounted for four points, as did the other backcourtman, Roger Nevius.

California kept pace with Texas on the wings of another outstanding performance by Mike Berliner, who tallied 19 points and starred on defense. Utah, which was held scoreless in the second period by the tough California "D," trailed by seven points at the start of the final quarter and put on a strong finish, but fell short. Rich Hinkley was a big factor in the Utes' rally, scoring all three of his baskets in the final stanza: For his part, Berliner saved most of his scoring for the tough part of the game, getting 13 in the second half, and nine in the last period to give his team enough of a cushion to hang on.

Greg Lalavee paced Utah with seven points, as well as doing a yeoman job in the rebounding department, and Hinkley finished with six. Mitch Storch and Matt Kuperstein also hit baskets for Utah.

Other contributors to the California win were Jimmy Pabst, who hit a bucket and rebounded well, and Howard Haimowitz, who converted a free throw.

Florida knocked off Oklahoma, 25-22, behind a 16-point effort by guard Marc Chasman, who scored in every quarter. The ball game was nip-and-tuck all the way, with Florida leading 20-17, midway through the last period. However, Dave Corey sank a free throw and Dan Schlager hit a layup to tie the score at 20-all. At the two-minute mark, Steve Dietz made one of two foul shots to put Florida back into the lead, and 20 seconds later, Chasman scored on a fast break to make the margin three points.

Shortly thereafter, in a scramble under the Oklahoma basket, Mike Lehner grabbed an offensive rebound and laid it in to cut the margin to one point again, but in the final minute, Chasman sank a pair of fouls to put the game on ice.

Florida also received good games from Dave Kadish, who tossed in four points, Wendell Joyner, who took down a number of key rebounds as well as scoring a basket, and Adam White, who hit a bucket in the first half.

Schlager paced Oklahoma from the floor with 10 points, and Rich Kesselhaut netted five. Dave Corey finished with three, and Lehner and Scott Nagar each had two. Nagar, in addition, did an outstanding job off the boards for the Okies.

Saturday's schedule is as follows: Alabama-Utah 1:15; Florida-Texas 2:00; California-Oklahoma 2:45.

The sizzling shooting of Andy Lehmann, coupled with the rugged rebounding of Dan Barletta, led the New Providence Pioneers to a convincing victory. Again Dayton was outplayed in the second and third periods. The 86 points surrendered by the Bulldogs was the highest total of the season but the "record" didn't last

Kevin Doty led the rebounding for Dayton but was held to 16 points. Picking up the slack was senior cocaptain Steve Pepe, who scored 21 points, many from long range. Brian McNany tended to the playmaking duties, contributing five assists and eight points.

The Bulldogs were outscored by 15 points in the middle quarters by the Hillbillies of Verona, who collecting 52 points in this two-period span. Dayton was definitely hurt when center Kevin Walker, fouled out. Kevin, who was performing brilliantly, was called for his fifth foul midway through the third period. Gary Lombardi of Verona, took advantage of Walker's absence and ended the night with 32 points.

Doty's 29-point performance, kept the Bulldogs within striking range, as he connected from all over the floor. Willie Wilburn added 12 points, connecting five times from the floor. Walker, scored 10 points while co-captains McNany and Pepe added eight apiece; Teddy Parker hit on one of two shots and two of three from the foul line for four points.

Other key Dayton performers were David Ironson (three points) and Frank Zahn, who arched a jumper that split the cords. Others to see action were Kenny Feld, Ken Fingerhut, Israel Joseph and Skip Liguori, all juniors.

300th victory for Detrick as a college coach

This has been a winter to remember for Bill Detrick. Not the snow and ice, the cold and discomfort. But the things to warm his heart.

Like being inducted into the Jonathan Dayton Sports Hall of Fame and, more recently, having achieved his 300th victory as a basketball coach at Central Connecticut State College.

The victory total was achieved in 18 years, a winning percentage of .685. Detrick, the son of Mr. and Mrs. William Detrick of Center street, Springfield, played basketball and football at Dayton. He then attended Central Connecticut, where he continued to star on the basketball court.

He began his coaching career at his alma mater with a 91-80 victory and went 10 years before suffering through a losing season-one of only two in his coaching career. The Blue Devils were undefeated in the 1962-63 season and repeated that achievement the following year, en route to a 53-game regular season winning streak.

Part of his success may be his attitude toward winning—and losing, "If you lose a ball game you've just lost a basketball game. But if you lose the players, you've lost everything."

Detrick and his wife Barbara are the parents of three children-Barbara, 22; Deborah, 21, and Scott, 17, who plays basketball for a New Britain, Conn. high school team.

School budget (Continued from page 1)

5.3 percent above the 1976-1977 'net operating budget' of \$1,720,471, or an increase of \$90,887 to a maximum of \$1,811,358. 'Net operating budget' is a term the state uses in setting caps. It does not include spending for transportation or for special education for handicapped children. It does not include any money the board may choose to spend from the unappropriated balance on hand last June 30, the money sometimes called 'surplus.' Finally, the amount does not include payments of principal and interest on bonds.

The 1977-1978 budget stays within this cap, without reducing any educational programs. On the other hand, it does not permit the restoration of any programs cut in the past. However, due to newly available state aid for programs to improve 'thorough and efficient' education, Mountainside has been able to expand its remedial reading and mathematics activities.

'Current expenses in the proposed budget, which include everything but debt service—the payments on bonds, total \$1,997,286, an increase of seven percent, or \$130,835, from 1976-1977's

'Debt service, though, is \$122,376, a cut of 21.4 percent, or \$33,405, from the current year's \$155,781. As a result, the increase in the budget overall is only 4.8 percent. There is no spending for capital improvements in either year.

'It should be remembered that the current-expense budget represents the board's best judgment as to what will be needed for each spending item. In fact, circumstances may lead the board to spend more or less than the budgeted amount for any item.

"The budget is broken into 11 categories and the categories into numbered line items for specific types

"Account 100, Administration, covers expenses of the board, including salaries and expenses of the board secretary and the school superintendent and their offices. For 1977-1978, the budgeted amount has risen by \$8,710, or 7.8 percent, to \$119,270. Apart from an allowance for higher salaries, the increase includes \$3,000 more for legal fees than budgeted for this year.

'Account 200, Instruction, is the largest single category, for it includes salaries of teachers, principals, aides and directly related employees and substitutes, plus all the costs of books and supplies. For analysis, it is divided into two parts.

"Total instructional salaries are budgeted at \$1,246,955, an increase of \$72,2345, or six percent. The board plans to reduce the costs of the teaching staff by the equivalent of half a teacher. But, due to lower enrollment in some grades, the equivalent of one and a half other teachers won't be needed for grade assignments.

"Instead, these teachers will be shifted to the expanded remedial reading and math programs created under the new state program for compensatory education. The full cost of the Mountainside program, \$21,701, is paid by the state. The amount is shown separately in Account 1150, Compensatory Education. This state aid, by the way, is not available unless the board starts such programs.

'The rest of Account 200 is related directly to the number of children, for the budgeted items are based on a certain dollar amount per child-for example, \$7.10 for texts for each pupil in the lower three grades. These individual allowances are the same as in the current year. As a result of the projected lower enrollment, total spending for books and supplies in the proposed budget has fallen by \$6,830, or 10 percent, to \$61,690.

The overall increase in all items of Account 200 is \$65,405, or 5.3 percent, to a total budget of \$1,308,645 for Instruction. That percentage, of course, equals the cap.

"Accounts 300 and 400, combined here, are for attendance and health services. They show a total budgeted decrease of \$2,110, or 7.3 percent, to

"Account 500, Transportation, shows a budgeted increase of \$760, or less than one percent, to \$82,970 for school buses.

"Account 600, Operation of Plant, and Account 700, Maintenance of Plant, cover salaries for custodians and repair workers, supplies, heat, utilities, outside services for repairs and for grounds work and the replacement of both instructional and non-instructional equipment. The combined increase in these two categories is \$18,220, or 7.3

percent, to a total of \$268,265. "This increase includes a boost of \$4,300, or 53.1 percent, in the budget for electri ty (excluding heat), which totals \$12,400. The increase also includes most of the \$3,000 set aside under contracted upkeep of grounds to resurface a Deerfield parking lot and most of the

--Lowering the profile of the highway where this would reduce the noise impact on surrounding areas or im-

The consultants will also review

\$15,000 set aside under contracted repair of buildings for necessary repairs to the gym roof at Deerfield.

"Account 800, Fixed Charges, comprises several cost items overwhich the board has little or no control: payments for pension funds, Social Security, insurance, employee bonding and tuition paid to other schools for courses for handicapped children. The increase here is \$21,305, or 15.5 percent, to a total of \$158.650. The increase stems mainly from a \$17,000 rise in premiums for health insurance.

"Account 900, Food Services, is a new item for Mountainside. Despite its protest to the state, the board will be required next fall to provide cold lunches for puipils. Although nearly all children will pay the full cost of the lunches, the board must buy refrigerators and other cafeteria equipment. The total cost is \$13,100, of which the state will pay 75 percent. The board has budgeted \$3,300 for its share of this expense

"Account 1000, Student Activites. has been increased by \$800, or 11.9 percent,

"Account 1150, Compensatory Education, was explained above. "Once again, there will be no sum-

mer school in Mountainside in 1978. 'Money for Mountainside's schools comes from local property taxes, state

aid and unused funds on land. 'For 1977-1978, the Board of Education expects a cut in state aid of \$6,219, or 2.7 percent, to a total of \$226.511. This is due mostly to lower enrollment. However, the reduction would be greater still if the board had not started a new compensatory education program that is financed fully by the state.

"The board has been able nearly to triple the balance appropriated, its spending from unused funds on hand last June 30, to \$60,000 from \$22,000. Sometimes called surplus, these funds result to some extent from a freeze on spending for routine items that the board imposed in the middle of the 1975-1976 school year.

'The total unappropriated balance last June 30 was \$145,257. The board previously had committed \$22,000 of that to spending for the current school year. After deducting the \$60,000 allotted for 1977-1978, the known balance on hand is \$63,257. That gives the board a reserve equal to 3.2 percent of the 1977-1978 courrent-expense budget to use for unforeseen expenses.

':'After allowing for miscellaneous revenue of \$1,000, the board must raise a total of \$1,832,151 in local taxes. This is an increase of 3.7 percent, or \$65,650, from the current school year—less than the 4.8 percent increease in the spending side of the budget.

"The board's best estimate is that this will add about \$20 to the annual tax on a home assessed at \$50,000.

"It should be remembered that in May, the state will refund to Mountainside \$251,636 in tax relief from this year's school budget. The board expects the refund to be used to lower local taxes for the rest of 1977.'

The cost of fire hydrant service, listed in the Public Safety category, has increased \$500 to \$72,500. A total of \$50,000, \$5,000 more than in 1976, is allocated for expenses of the fire department. Police department expenses have risen \$4,700 to \$69,700. Earmarked as a contribution to the Mountainside Rescue Squad is \$11,500; with another \$1,000 going to disaster control expenses. Expenses for inspection of buildings and inspection of plumbing are \$2,320 and \$300. respectively. The former has increased by \$120.

The borough — which is paying maintenance costs for the new municipal building, the old Echobrook School structure housing Board of Education offices, and the old borough hall, in which the police department is still headquartered — has allocated \$37,000 for those expenses.

EXPENSES FOR road repairs and maintenance total \$70,000, up \$2,000. Snow removal costs have risen \$9,000 to \$35,000, while expenses for street lighting have increased \$1,200 to \$17,000.

Cost of maintaining the sanitary sewer system has decreased \$900 to \$6,000, but the borough's share of costs in the Rahway Valley Sewerage Authority has risen by \$5,000 to \$65,000.

Expenses for the Board of Health have dropped from \$4,000 to \$1,575, with another decrease showing in the expense listings for the administration of . public assistance, from a total of \$685 to \$400. Aid to Overlook Hospital remains at \$3,500.

Listed under Recreation and Education is one of the higher budget figures, a \$107,000 allocation for the maintenance of the Mountainside Public Library, \$5,000 more than in 1976. Recreation board expenses show a \$330 decrease, to \$17,370.

Allocated to the Planning Board is \$20,000 for a borough Master Plan. The last plan was approved by that board in 1965, but was never implemented by the Borough Council.

Other general appropriations include a \$250,000 for the capital improvement fund, as compared to \$100,000 listed in 1976. As in last year's budget there also is a \$9,000 appropriation toward the purchase of a fire engine.

Municipal debt service, excluded from the five percent state-mandated budget CAPs, stands at \$107,200, including \$55,000 for payment of bond principal and \$52,200 interest on bonds.

Statutory expenditures include contributions of \$12,750 to the Public Employees' Retirement System; \$10,000 to the Social Security; \$7,500 to the Consolidated Police and Firemen's Pension Fund, and \$54,000 to the Police and Firemen's Retirement System of New Jersey.

IN ADDITION to the local property tax levy, other sources of borough revenue include: Alcoholic beverage licenses, \$20,000; other licenses, \$7,700; building fees and permits, \$12,000; other fees and permits, \$7,000: municipal court, \$12,000; interest and costs on taxes, \$5,000; franchise taxes. \$150,000; gross receipts taxes, \$110,000; replacement revenue, \$253,330; bank corporation business tax, \$4,707; state revenue sharing, \$50,490; sewer use charges, \$35,000; Public Works Employment Act, \$4,446; other revenue sharing funds, \$32,630; receipts from delinquent taxes, \$75,000.

The anticipated budget surplus for 1977 is \$400,000, as compared to \$340,000

Also included in the municipal budget is the 1977 utility budget for the Mountainside Community Pool, which is \$88,050, down from \$98,931 last year. It has a \$13,050 anticipated surplus,

are expected to be pursued by the Impact 78 Committee, a joint undertaking of environmentalists in Springfield, Summit and Berkeley Heights. The committee and Springfield Township have retained Sive to represent them in efforts to stop the highway.

The DOT has been criticized on its planning for the highway since the first draft environmental impact statement was issued in November 1973. Technical criticism by the U.S. Environmental Protection Agency led the state to restudy and rewrite the impact statement.

When the second impact statement was released in May 1976 it was also criticized by the EPA for failure to adequately analyze alternatives to building the highway.

The Interior Department concluded that there was "no feasible and prudent alternative" to using some parkland in construction of Rt. 78, but rejected the original alignment as "unacceptable."

In its comments, the federal department said that the original alignment "would have major adverse impact upon parkland, wildlife populations, vegetation, aesthetics, and an historic site. Its construction would directly take 116 acres of parkland from the Watchung Reservation, separate another 125 acres from the main body of the reservation and decrease the usefulness of additional parklands because of noise and aesthetic impact

generated by Rt. 78 traffic. Construction would destroy marshland, including land reported as habitat of the bog turtle, which appears on the New Jersey list of Endangered Species, and severely disrupt the natural movement of the deer herd presently located in the reservation. The original alignment would require the destruction of approximately 20,000 trees, present a visual intrusion to park users and to nearby residents alike, and. severely impact the historic Sayre; House by passing within 200 feet of the house and bisecting the pond which abuts the house, thereby visually and aesthetically altering the setting of the property. The separated parklandapproximately 125 acres—contains the stables and bridle trails which lead to other portions of the reservation. If this alternative is selected, the stables would have to be relocated, and important segments of trail would be destroved.

The Interior Department found three alternates acceptable-the Ridge Line, South of the Park and Cut-and-Cover routes. It found the Cut-and-Cover the best route of the three because it has "the fewest adverse impacts to the." reservation and to the surrounding communities. It minimizes to the greatest extent feasible a wide spectrum of impacts detrimental to the natural and social environment.'

The department said that the "present and future value of the Watchung Reservation fully justifies" the additional cost—about \$65 million of the Cut-and-Cover alternative.

College offers orientation for **CLEP** exams

A free CLEP (College Level Examination Program) orientation program for adults who are interested in earning college credit by examination will be conducted at Union College, Cranford, on Tuesday, March 8, at 7:30 p.m.

The CLEP orientation is designed to inform adults about college credits they can earn on the basis of self-learning and life experiences, according to Joaquin Garcia of Elizabeth, director of the college's GED (General Education Development) and CLEP Test Center.

CLEP is a national program which offers examinations in five general areas and over 30 specific subjects. General areas include English composition, humanities, social sciences and mathematics.

Most colleges and universities, including Union College, will accept CLEP credits toward a degree program, Garcia said.

Union College will also conduct CLEP preparation courses in the spring semester for those who need to refresh their knowledge prior to taking CLEP examinations.

A 10-session review of English composition, humanities and social sciences will be conducted Mondays from 7 to 9:30 p.m. at New Providence High School, beginning March 21; other sections will meet on Wednesdays from 7 to 9:30 p.m. at the college's Cranford Campus, beginning March 23, and Saturdays from 9 to 11:30 a.m., beginning March 26.

A 10-session review of mathematics and natural science will be conducted Tuesdays from 6:30 to 9 p.m. at the Cranford Campus, beginning March 22.

Tuition for each CLEP preparation course is \$35 for Union County residents and \$45 for all others.

The April Crusade of the Union County Unit of the American Cancer Society will be led by Charles Hardwick of Westfield and Tony Allen of Roselle, Irving R. Sturm president of the unit announced at a recent board meeting.

Hardwick is director of marketing for the Pfipharmecs Division of Pfizer Pharmaceuticals. He is also assistant treasurer of the Union County Unit of the American Cancer Society. Allen is a member of a public relations firm.

The goal of the April Crusade is to receive \$250,000 in donations to finance the research, service and education programs of the society.

Gallo criticizes PUC chairman

Rocco J. Gallo, a candidate in the Democratic primary for freeholder, this week charged that the Public Utility Commission chairman, Joel Jacobson, "overstepped his authority" in opposing deregulation of natural gas.

Gallo charged that Jacobson, "who was never elected by the public, certainly doesn't speak for me and countless other Jerseyans who know that competition and a free market is the only way to have abundance and low prices."

Gallo said he would "rather pay more for gas now than see our factories closed and our homes cold. If we continue as we are now going under regulations we will not have gas and end up being charged more for imported gas from Algeria than we would have paid under a free competitive market in America.'

Tool, die firms urged to boost on-job training

Representatives of the state's tool and die industry were urged to participate in the on-the-job training program conducted by the Union County Division of Employment and

Training last week. Larry J. Lockhart, director of the county's Department of Human Services, addressed 30 prospective employers last Thursday at the Town and

Campus Restaurant, Union.
"The program offers employers the opportunity to hire and train a specific number of disadvantaged persons for permanent employment in jobs that provide an opportunity for advancement to jobs of higher responsibility," said Lockhart. "The Division of Employment and Training will pay the extraordinary costs of providing adequate training to individuals hired and trained under contract. Employer reimbursement is based upon the length and kind of training provided,'

Brendan Ast, placement manager for the division, said that if proposed programs meet specifications, the division will provide consultation and advise on training problems to assist in developing programs, recruit job applicants and provide up to 50 percent reimbursement of wages.

Limit on loans raised by bank The National State Bank has in-

creased its lending limit on home improvement loans from \$7,500 to \$10,000, it was announced by W. Emlen Roosevelt, president.

He pointed out that the period of time in which a customer of the bank could repay the loan would be extended from the present 60 months to 84 months.

Thus the longer time period would enable customers to make smaller monthly repayments. Revised banking regulations are making the changes possible.

The National State Bank, with 39 offices serving Union, Middlesex, Mercer and Hunterdon Counties, has assets of \$714 million.

SSI pays \$111.9 million to needy and disabled

About 80,284 needy aged. blind and disabled people in New Jersey received \$111.9 million in supplemental security income payments in 1976, according to Robert E. Willwerth, Social Security district manager.

Of that amount \$40 million was paid to aged recipients, \$1.6 million to the blind, and \$70 million to the disabled.

Of the total payments in New Jersey, the Federal share in 1976 was \$90.7 million and federally-administered state supplementary payments added \$21.2 million.

Nationwide, the number of persons receiving supplemental security income was 4.3 million and payments totaled \$5.9 billion in 1976.

Supplemental security income is a federally-administered program that pays monthly checks to people in financial need who are 65 or older and to people in need at any age who are blind or disabled.

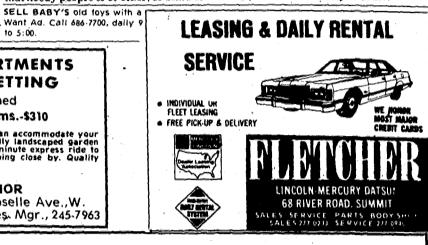

The aim of supplemental security income is to provide monthly checks so that needy people 65 or older, or blind or

disabled; can have a basic cash income-167.80 a month for one person, and \$251.80 for a married couple.

"Not every person gets that much in his supplemental security income check every month," Willwerth said. "Some people may get less because they have other income. Some get more because they live in a state that adds money to the federal payments.'

Supplemental security income is not the same as Social Security, even though the program is run by the Social Security Administration. The money for supplemental security income checks comes from general funds of the U.S. Treasury. Social Security benefits are paid from contributions of workers. employees and self-employed people. Social Security funds are not used for

supplemental security income checks. People who get Social Security checks can get supplemental security income checks, too, if they are eligible for both. But a person does not have to be eligible for social security to get supplemental security income

The new models, named after four of our founding states - Virginia II, Pennsylvania II, Massachusetts II and the New York II - complement the existing eight models. In addition to the four models named, there is the Gettysburg, a twobedroom home, with living-dining room, fully equipped kitchen and carriage house carport, priced at \$27,500. Each of the other new models feature at least two bedrooms, two full baths, dining room, large living room, a full eat-in kitchen and oversized attached garage with automatic garage door opener. In addition, some models have a den, solarium or covered patio. These new units are priced from \$53,900 to \$62,900 and others are available from

\$33,400. Air-conditioning, dividual room controlled heat, washer and drver, storm windows and package (stove, hood, refrigerator, self-cleaning oven, dishwasher and disposal unit) are included in the purchase price. Rossmoor residents

enjoy the clubhouse facilities which include a well-stocked library, rooms for social events, sewing, woodworking, art studio, billiards and ceramics. There's a private championship 18hole golf course on premises, tennis and shuffleboard courts and an Olympic-size swimming pool. The modest monthly maintenance fee provides a private gate house, around-the-clock security guards, all exterior work, fire insurance, landscaping, use of club-house facilities, recreational amenities, medical center (or a fee basis.) water, sewerage and trash collection

One of the very special things about A Country Place is its location. Unlike other adult communities in the middle of nowhere, A Country Place is in the middle of everything. We're just 5 minutes from the center of Lakewood with its movies, shopping, nearby hospital and great municipal facilities. We don't have to tell you how important that can be.

But just because we're small doesn't mean we're limited. We've got everything but just because we're small doesn't mean we're limited, we've got everything the big boys have. That is, everything you want. We don't have room after room filled with unused equipment but no people. We do have a fabulous Country Hall activity center that's always bustling, day and night. A gorgeous olympic-size poof. A golf course a mere mile away. And a unique facility that outsparkles themall; sparkling Lake Carasaljo for superb boating and fishing right in your own backward.

Our homes are different too. Not faceless "barracks" you've seen all too often, but each a distinctive single-family ranch. There are no stairs to climb . . . no overhead neighbors. There is luxury — plenty of it. Central air conditioning and wall-to-wall cameling. Attached garage. Color-coordinated kitchen with oven/range, dishwasher, garbage disposal. Even a clothes washer and dryer. You get it all at A Country Place.

It all boils down to one fact: In town or out of town, there's just no place like A Country Place. That's why 85 percent of our homes are already sold. That's why you'd better hurry if you want to take advantage of the few homes left. With all we have going for us, we think they il be going fast.

Prescription aid plan toll-free number listed New Jersey residents (Medicaid), county offices

seeking information about state's Pharmaceutical Assistance to the Aged (PAA) Program can now call a toll-free hotline-800-792-9745, it was announced this week by Ann Klein, Human

Services commissioner. Questions will be answered from 8:30 a.m. to 4:30 p.m., Monday through Friday.

The PAA Program is designed to aid New Jersey residents 65 and older who do not qualify for Medicaid and who have an annual income under \$9,000 if single and below \$12,000 if married when their annual income is combined with that of the spouse, the commissioner explained.

After an amount based on income is deducted from expenditures for legend prescribed drugs or insulin, the PAA Program will reimburse 80 percent of the balance.

The deadline for filing PAA claims for calendar vear 1976 is June 30. Applications for PAA

and assistance in filling out the form are available from the local medical assistance units

Promotion effort starts for Newark Airport

Reservations clerks, the people who are the first contacts for air travelers will be the prime audience for a new audio-visual program promoting Newark International Airport. The project "took to the air" last week and during the next several months will criss-cross the nation in a cooperative venture involving 11 carriers serving the Newark facility.

The presentation, entitled "A New Way into the Metropolitan Area," was developed by the Port Authority of New York and New Jersey and the Airport Development Council, a consortium of airlines. It is designed to educate those

PSE&G position for Perlmutter Milton Perlmutter, president of

Supermarkets General Corp., has been nominated for election to the board of directors of Public Service Electric and Gas Co. His name will be submitted to stockholders at the company's annual meeting on April 19. Perlmutter would fill a seat now held

by Clifford D. Siverd who plans to retire from the PSE&G board, which he has been a member of since 1968. Siverd retired at the end of 1975 as chairman and chief executive officer of American Cyanamid Co. Perlmutter has been president of

Supermarkets General since 1963. He was one of the organizers in 1956 of Supermarkets Operating Co., the predecessor of Supermarkets General. handling reservations with the advantages and benefits of flying in andout of Newark's \$500 million airport.

Whbile considered one of the most modern, functional and beautiful air terminals in the country, Newark International, since opening in September, 1973, has been under-utilized by out-of-state air travelers, a spokesman said.

'We have one of the finest airport facilities in the nation in Newark and although traffic in and out has been on the increase, Newark International, by no means, has reached its full potential," said Frank Wachdorf, managerof special projects for TWA, and chairman of the aviation committee of the Greater Newark Chamber of Commerce, which co-ordinated the 'New Way . . .'' road show.

"This 20-minute audio-visual presentation demonstrates very clearly what we have to offer and all of the carriers participating in this nationwide promotion are confident that it will ultimately prove successful. We believe passengers flying into the metropolitan New York area, through the recommendations of reservations personnel, will recognize that it is not only easier to reach Manhattan from Newark than from Kennedy and LaGuardia, but that coming into Newark can be a pleasant flying experience.'

In addition to TWA, the participating carriers include Allegheny, American; Braniff, Delta, Eastern, National; Northwest, Pan American, Piedmont and United. All have scheduled the showing of "New Way ... " in their reservations training centers and of fices throughout the country. "By the time 'New Way . . . ' has

completed its road show, more than 2,500 airline personnel will have seen it in more than 20 cities," said Wachdorf, who also noted that the presentation will probably log several thousand air miles before the promotion ends.

A great dinner starts when you watch the chef cut your steak to order.

And that's just the beginning. He cooks it to your taste, while you relax with cocktails in the atmosphere of an original old meat packing plant, right out of another era. Your steak, and all the trimmings right through coffee, are prepared under the watchful eye of your host, Peter Fletcher. Everything will be just the way you want it ... including

the check. We want you to come back often. Open for luncheon and dinner. Major credit cards accepted.

Public TV to present Big Band Era show "All-Star Swing Festival," a

recorded live concert from New York's Lincoln Center starring many of the legendary artists of the Big Band Era. will be aired on New Jersey Public Television on Sunday, March 6, at 8

The concert, taped in 1972, stars Benny Goodman, Ella Fitzgerald, Duke Ellington, Lionel Hampton, Gene Krupa, Count Basie, Dizzy Gillespie, Bobby Hackett, Teddy Wilson, Max Kaminsky, Joe Williams, the Dave Brubeck Quartet, Willie "The Lion" Smith, Paul Desmond and Doc Severinson, who also serves as host of the 60-minute color special.

"Why waste words when you can say it with music?" asks Severinson in his brief introduction to the concert, which opens with "Lady be Good" by Ella Fitzgerald and closes with Count Basie and Duke Ellington at twin grand pianos playing "One O'clock Jump."

In between, viewers are treated to an uninterrupted flow of swing and jazz performed by an all-star roster of the musicians who developed and immortalized that popular popular music

Duke Ellington and Orchestra perform "Take the 'A' Train,"
"Sophisticated Lady," "Mood Indigo" and "Satin Doll;" Ella Fitzgerald and the Tommy Flanagan Trio belt out 'Goody, Goody" and "Body and Soul;" Bobby Hackett plays "Blueberry Hill;"

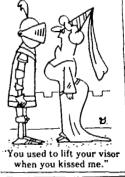

Dizzy Gillespie performs "I Got a Right to Sing the Blues;" the Dave Brubeck Quartet with Paul Desmond play "Take Five;" and Joe Williams, backed by Count Basie, sings "Alright, Okay, You

The Benny Goodman Quartet-Goodman, Teddy Wilson, Lionel Hampton and Gene Krupa-plays "Avalon," "Moonglow" and "Ding Dong Daddy." A highlight of the program is a tribute to Louis Armstrong by Doc Severinson, Earl "Fatha" Hines, Barney Bigard, Tyree Glenn and Arvell Shaw, who play "Sleepy Time Down South," "Rockin! Chair" and "Lazy River" in Satchmo's

Board decries basketball 'chauvinism'

Members of the Regional High School District Board of Education Tuesday night sharply criticized athletic directors, within the district and out, for opposition to board proposals for evening boys' and girls' basketball doubleheaders.

Stephen Marcinak of Clurk, board athletic chairman, told the dozen

members of the audience at Gov. Livingston Regional High School, Berkeley Heights, that the board had been working on the plan since last year. He said the board's goal is to provide equal prominence for male and female athletics.

He said the plan was tried recently at Brearley Regional in Kenilworth, with a girls' team from

Gov. Livingston, but that it has been hard to gain cooperation from other school districts, along with something less than enthusiasm within the district's four schools.
"Male chauvinism," was the mut-

The current expense figure will be the

only one on the ballot in the March 29 school election. The debt service portion, \$122,376, is not voted on

because the amounts in that category had been previously approved by voter referendum, Biunno explained. Biunno also noted that lower ex-

Marcinak noted that district girls teams had done well this year, and that the Jonathan Dayton Regional team in Springfield recently won the Suburban Conference basketball championship.

Bulldogs on rebound: mat team finishes 9-5

By MICHAEL PETRO

The Jonathan Dayton Regional High School varsity wrestling team has completed its most successful season in 14 years. The teams' final 9-5 record is the first time the Dayton Bulldogs have gone over the .500 mark since the 1963-64 season.

The Bulldog team is also the youngest Dayton has had in many years, Stocked with eight sophmores, six juniors and three seniors the Bulldogs fought off early season inexperience to battle their way to the top of the Regional

District standings. To complete this most successful year the Bulldogs finished in fifth place in the District 11 championship wrestling tournament held last Friday

and Saturday in Millburn. Dean Pashian at 101 pounds, Pat

Picciuto at 108 and Mike Calabrese at 115 all battled their way to second-place finishes, while 148-pounder Dan Solazzi came in third and Mark McCourt (170), Rich Cederquist (188) and Dave Gechlik (129) finished fourth.

The individual records of some of the wrestlers are cutstanding. Sophomore Pashian completed the season with an 18-5-1 record. Picciuto and Gechlik. both sophmores, finished with a 17-4-1 and 10-6-2 records, respectively.

Junior Mike Calabrese, who was hurt at the end of the season but battled back to compete in the districts, ended up with a 16-5 mark. Solazzi, also a junior, completed the season with a 20-4 mark

and led the team in individual victories. Seniors Alan Layton, who was 14-6 on the year, and Pat Smith, 9-5, combined (Continued on page 3)

Trenton, Washington disagree about wisest alignment for Rt. 78

A Rt. 78 alternate through the Watchung Reservation which the U.S. Department of the Interior said "fully justifies" \$179 million in additional costs was rejected by the N.J. Department of Transportation because the costs outweighed the benefits.

The alternate in question is the \$214 million cut-and-cover tunnel scheme for burying the interstate highway for its 3.5 mile right-of-way through the Watchung Reservation. Instead of this alternate, which was favored by the Interior Department, and eight other alignments under study for the past year, the state selected the \$35 million original alignment-first proposed in November 1973-as its "preferred alternate alignment."

The state's consultants have started work on the final environmental impact statement which will be presented when completed to the U.S. Department of Transportation and the U.S. Council on Environmental Quality for

Gary Toth, a member of the New Jersey DOT task force on Rt. 78 which recommended the original alignment alternate announced by Commissioner Alan Sagner last week, said that "for the additional cost of the tunnel route we wouldn't be buying that much more in environmental considerations.'

The Interior Department, in comments last August and this past January, stressed its support of the tunnel plan as the best of three alternates it found satisfactory.

In a Jan. 26 letter to John Kessler, division administrator in Trenton for the Federal Highway Administration, Deputy Assistant Secretary Stanley Doremus observed:

"The tunnel alternative clearly has the fewest adverse impacts to the reservation and to the surrounding communities. It minimizes to the greatest extent feasible a wide spectrum of impacts detrimental to the natural and social environment."

THE DOREMUS letter to Kessler, which was also sent to the DOT, said that although the cut-and-cover tunnel plan is considerably more expensive than any other alternative, "the present and estimated future value of

the Watchung Reservation fully justifies such additional costs.

The letter also advised the state high way planners that under existing laws tolls could be imposed for the tunnel beneath the Watchung Reservation.

Doremus said that Rt. 95 in Baltimore (Continued on page 3)

VISITING BELL LABORATORIES in observance of National Engineers Week recently were students from Jonathan Dayton Regional High School. Left to right, David Szabo, teacher Joseph Riley, Brad Weiner and David Vreeland, examine a bust of Alexander Graham Bell near the company's main entrance. The group was among 50 students and teachers from a dozen area high schools who visited engineers at work at Bell Labs in Murray Hill.

Rt. 22 offenses bring fines to 5

Five motorists, all of whom had been ticketed on Rt. 22, received penalties from Judge Jacob R. Bauer at the Feb. 23 session of Mountainside Municipal

Two of the drivers had been involved in accidents: Arnold M. Mailman of Elizabeth, who was fined \$30 for passing on the shoulder of the highway. and Rafael Carmona of Brooklyn, who paid \$25 for driving a tractor trailer truck without the required operator's license.

The other motorists and their penalties were: Edward C. Brown of Edison, \$30 for improper passing, \$15 for failure to have registration and insurance identification card in his possession; Samuel E. Wheeler of Plainfield, \$25 for passing on the shoulder; Donald L. Fuller of Plainfield, \$25 for failure to keep right.

Mrs. Pomel; services held

Funeral services were held last Thursday for Mrs. Lucy Pomel, 79, of Linda drive, Mountanside, formerly of Roselle Park, who died Feb. 21 at her home after a brief illness.

Born in Bayonne, Mrs. Pomel resided in Roselle Park before moving to Mountainside 19 years ago.

Surviving are her husband, Raymond J. Pomel; two daughters, Mrs. Dorothy P. Pollard of Sayville, L.I., and Mrs. Carol P. Liebler of Mountainside: six grandchildren and five greatgrandchildren.

Mrs. Britton; services held

Funeral services for Mrs. Ruth S. Britton, 78, of Tanglewood lane, Mountainside, were held Feb. 19 in the First-Park Baptist Church, Plainfield. Mrs. Britton was pronounced dead Feb. 16 of an apparent heart attack at the scene of an auto accident in Mountainside.

Police said Mrs. Britton was driving on Tanglewood lane when her auto crossed Mountain avenue and crashed into a home at 989 Mountain ave.

Mrs. Britton resided in Plainfield and Basking Ridge before moving to Mountainside. She also maintained a home in Alton, N.H. A graduate of Montclair State Teachers' College, she taught kindergarten at the Irving School before her marriage.

A longtime member of the First-Park Baptist Church, she was the daughter of the late Rev. Walter J. Swaffield, the last pastor of the former Park Avenue Baptist Church, which merged with the First Baptist Church in 1929. She also was a member of the Monday Afternoon Club and the King's Daughters, Plainfield.

Mrs. Britton was the widow of Lester H. Britton, who died in 1963. She is survived by a son, Robert H. Britton of Mountainside; two daughters, Mrs. Charles Hanson of Concord, Mass., and Mrs. George Basbas of New York; a brother, the Rev. Frank M. Swaffield of Kingston, Mass., and six grandchildren.

Funeral arrangements were completed by the A.M. Runyon and Son Funeral Home, Plainfield.

(Continued from page 1) basketball and wrestling competition. The rates were \$10 for adults and \$5 for students.

The board approved a new discount program for next year, to include home football games, as well as basketball and wrestling. With the expanded scope of the program, the rates will be \$15 for adults and \$10 for students.

The members also approved a track and field clinic for students and coaches within the district, to be held Wednesday at Dayton under the direction of Thomas Santaguida, the school's athletic director.

Panel leaders and their topics are: Frank Gagliano, assistant coach at Rutgers University, middle distance and distance runners; Martin Taglienti, Dayton head coach, weight events; John Moon, head coach at Seton Hall University, sprinters and hurdlers, and Bill Jones, Dayton assistant coach, high jump, long jump and relays.

The board voted final approval for two new policies. One sets up procedures for accepting memorial

The other authorizes staff members to ask all job applicants whether they have criminal records and, when indicated, to investigate the applicants' records "by the appropriate means."

(Continued from page 1) to give Dayton the experience it needed at the beginning of the season.

Ken Bell and Cedarquist, both juniors, and Mark McCourt, a senior, finished the year strongly after slow

But most observers feel the major reason for the team's fine performance this season is the head coach, Richard Iacono. Not only has he taught the squad the finer points of wrestling but he has instilled an enthusiasm to win that has kept the team's spirits high throughout the year.

To attest to Coach Iacono's skill, he was nominated as coach of the year in the district at the end of the district

championships. Iacono said the year was extremely successful but there was always a little room for improvement. "The whole year was good. We have a young team so I was very pleased that we did better than I anticipated, especially in the tournaments. There's still a lot of work to do though, some of these boys have been wrestling for only a year. In other towns boys the same age have wrestled for five or six years.

"I was very excited by the en-thusiasm on the team," the coach continued. "We had kids coming to the tourneys who were not even picked to wrestle. Of course I like to have one or two champions from the tournaments, but the kids gave everything they had. I'm satisfied.'

Iacono said he looks to the future with a certain amount of anticipation and apprehension. "A young team is the best type of team to build from, but there are still many unaccountable factors.

He added, "There's a saying among the wrestling coaches: 'Start without your two best wrestlers and work from there.' With the team we have now the future is very bright, but I'm not counting my chickens before they're hatched. A lot can happen between now and next year.'

"I'm not very patient, which I guess is one of my drawbacks, but I want to win. Union and Millburn are still going to be very good next year, but our team has improved so tremendously that we could do something next season."

Rt. 78

(Continued from page 1)

includes a tunnel where tolis are collected. In building that highway, said the deputy assistant secretary, "it was found desirable and prudent to construct a tunnel as one of the measures to minimize harm to a Section 4(f) area.'

Section 4(f) refers to parkland property required for construction of federally-funded projects. In the case of Rt. 78, it would be the Watchung Reservation, which is owned and operated as a public trust by the Union County Park Commission.

Interstate highways, built with 90 percent federal funding, are usually

freeways which do not charge tolls. In addition to the cut-and-cover tunnel plan, the other alignments receiving Department of the Interior support were the ridge and south-of-thepark alternates.

The state DOT rejected these two plans for similar reasons. In the case of the former, there would be substantial destruction of homes in Berkeley Heights and Summit for the highway's right-of-way. In the latter, homes in Mountainside would have to be demolished.

Also, said Toth, there would be substantial noise impact and "physical disruption during and after construction of an extraordinary magnitude" in Mountainside, Scotch Plains, Watchung and Springfield in the case of the south-of-the-park alignment.

Toth said other reasons for the state's rejection of the cut-and-cover tunnel plan included safety considerations. A tunnel, he stated, would not allow construction of shoulders, would reduce sight distance and hamper emergency service response time.

Two on dean's list

Two Mountainside residents-John F. Kuntz of Sylvan lane and Richard A. Heller of Meetinghouse lane-were named to the dean's list for the fall semester. at Fairfield (Conn.) University.

(Continued from page 1) and the budget appropriation can be

viewed as a "savings account" for the eventual work, Biunno said. Fixed charges have risen by \$21,305

to \$158,650 because of increases in pension payments, Social Security, property and liability insurance costs, employee benefits and tuition for special education students who must attend other schools

Student activities costs show an \$800 increase to \$7,500, a reflection of increased program expenses, not including salaries.

One new budget item is \$3,300 for food services as part of the state-mandated school lunch program, which will be instituted in September. Biunno said this money will be used for purchase of food storage and distribution equipment and accounts for only 25 percent of the total program cost. He noted the board expects the remaining 75 percent of the costs to be paid by the state.

Also listed is \$21,701 for the mandated compensatory education programs (remedial reading and math), which is funded entirely by the state.

Listed as sources of revenue for the budget are: taxes, \$1,832,151 (86.4 percent of the total); state aid, \$226,511; balance appropriated from surplus, \$60,000; and miscellaneous revenue, \$1,000. The budget showed a \$145,257 surplus on June 30, 1976, Biunno reported. On July 1, \$22,000 was appropriated for the 1976-77 budget. The 1977-78 appropriation of \$60,000 will leave a surplus balance of \$63,257.

The tax increase represented by the school budget is \$65,650, or 3.7 percent. "It's the board's best bet that this will add about \$20 to the annual tax on a home assessed at \$50,000," Biunno said.

YWCA shows Pacifico's art

Sal Pacifico, a young Springfield artist, is featured in the Summit Young Women's Christian Association upstairs gallery; open to the public during regular YWCA hours through March. The YWCA is located at Maple and Broad streets in Summit.

Pacifico was referred to the DuCret Art School in Plainfield by his high school teacher. Pacifico worked there primarily on ink, watercolor and oil techniques, and his exhibited works now show his multi-media interests.

Recently he has been concentrating on abstract designs and work in black and white. A YWCA spokesperson added, "Some of these on display at the YWCA show an interesting correlation between the meticulous technique of the draftsman (Pacifico has worked as a draftsman with the Foster Wheeler Engineering Corp.) and imagination of an artist." the Laber, Beth Levine, Jeffrey Lubash, Andrew Mantel, Richard Mays, Dawn Mazzarella, Neil Meisel, Debra Moore, Nancy Muirhead, Patricia Murray, Mary Ellen Oesterle, Ilene Ogintz, Marci Perlmutter, Kristen Peterson, David Plaskon, Denise Pollick, Rees Powell, Bonnie Prokocimer, Elizabeth Quinzel, Joan Radding, Richard Ragosa, Lori Rahming, Daniel Reiter, Diana Reo, Laurie Riley, Jacqueline Roche:

The Jonathan Dayton Regional High School varsity basketball team lost their final conference game to West Orange, 81-56. The conference standings showed the Bulldogs in last place with a record of 2-12. The victories for Dayton came against Madison and in their first meeting with West Orange. The overall team record was 7-13. The Bulldogs hattled Hanover Park

Tuesday. Should they have won that first round game of the state tournament, they would face the top team in New Jersey, East Orange.

Dayton got off to their worst start of the year against West Orange and before they realized the game had started, they trailed by a 7-0 count. The worst quarter of the year ensued, and it ended with the Bulldogs trailing 19-4.

Dayton then went into a full-court zone press. This worked effectively, but it seemed to tire the Dayton quintet. At halftime they closed the gap slightly, but that dismal first period was not to be overcome.

In the second half, Springfield began to foul, hoping to overcome their defensive lapses. Ron Bogert, who finished with 20 points, and Danny Melnick, who connected five times from the foul line began to shred the Dayton zone. West Orange scored 30 points in the final stanza to establish a 25-point margin of victory.

Not one Dayton player scored many points, the high point man being Kevin Doty, who notched 16. Substitute Steve Pepe added 14 points to the cause, and spearheaded the second period rally with his timely shooting. Brian McNany exhibited excellent hustle and aided the Dayton attack by amassing seven points. Kevin Walker snatched 11 rebounds and also tallied seven. Willie Wilburn scored six points from his guard posiiton. Substitute playmaker Frank Zahn contributed four points, his high output of this, his junior year. Dave Ironson rounded out the scoring with a basket.

The New Jersey Americans lost to the Connecticut Yankees last weekend at Monmouth College. With total goals counting, the Americans were one goal ahead of the Connecticut booters before the final game started but came in on the short end of a 2-1 score. Both teams scored only one goal but the Yankee goal was shot from behind the blue line which made it count as two points. This tied the tournament at 20 all, and the Connecticut booters were content with the tie, so they held back and played a defensive game to preserve the tie, and went on to win in the "shootout."

American coach Manny Schellscheidt of Union, still thinks he had a much better team than Connecticut and would have beaten them if they would have come out and played an open game of soccer instead of holding back as they did.

Neptune took the amateur championship of the tournament by downing Wall Township, 9-1.

The Cosmos set this Saturday as the date for all soccer fans to visit their new home in Giant Stadium in the Meadowlands. The gates will be open between 10 a.m. and 2 p.m. so you can come in and meet the team, take a few pictures, and even pick your seats for the upcoming games. Season tickets will be on sale that day.

The "new mighty midgets" were in action last Saturday in the Elizabeth armory. The Union Lancer 8-9 yearolds defeated Bridgewater, 4-1. John Kemptner pushed in two goals for Union while Karl Schellscheidt and Jerry Dipasa chipped in with one each. Last fall the Union Lancers played their first soccer game, ever, against this same Bridgewater team and lost it, 9-1. It is nice to see the progress coach Manny Schellscheidt is making with our Union youth.

Track team winds up on positive note

By MICHAEL PETRO

The Jonathan Dayton Regional High School indoor track team has ended an impressive season with a 3-0 dual meet record and a number of strong performances in championship and relay

The Dayton Bulldogs, coached by Martin Taglienti and William Jones, began the season with high hopes that for the most part have been fulfilled. Outstanding individual performances were recorded by many of the athletes on the team.

The season's highlights included a ninth place finish in the Group 3 state relay championships in which the hurdle relay team of Mark Walls, Brian Belliveau, Jay Fine and Frank Ruggieri set a school record of 31.7 seconds.

A fourth place finish in the Union County relays saw Bob Roche run a 10:04 two-mile for third place. A throw of 54 feet 11 inches by Brandon Gambee gave him fourth place in the shot put in the Northern New Jersey championship relay meet. A second place finish for Gambee in the state indoor group championships was also among the top performances by Dayton athletes this

Best ice fishing now is available on state's lakes

New Jersey sportsmen could be missing some of the best ice fishing of the winter if they put away their gear

Ice fishing gets better as the ice thins and the snow cover melts following a deep-freeze winter such as we had this year, the state Division of Fish, Game and Shellfisheries said this week.

"The exceptionally thick ice and heavy snow cover are generally not conducive to the best ice fishing,' according to A. Bruce Pyle, chief of the division's bureau of fisheries.

"As the heavy mantle of snow and ice lessens more light will get below the surface of the lakes, stimulating fish activity," Pyle said.

Other advantages of ice fishing at this time are the relative ease of cutting holes and keeping them open, bait can be kept alive more readily, lines do not freeze so quickly, the longer days allow for more hours of fishing and, last but not least, the warmer weather makes it all the more pleasant.

'The northern lakes and ponds still have plenty of ice on them. How long the ice will last is anyone's guess. With the present ice thickness things look promising for the ice fishermen. Remember, we have had appreciable ice on opening day of trout season in the past," Pyle said.

Pyle advised ice fishermen to exercise caution and check ice conditions for safety. "Even though much of a lake is covered with thick, safe ice, warm sun, wind or springs may cause thin, weak spots at this time of the year," he said.

For the fishing regulations and further information, fishermen should consult the New Jersey Summary of 1977 Fishing Laws, available free from license-issuing agents.

STAR GRAPPLERS.--Key members of the Jonathan Dayton Regional High School varsity wrestling team include Dan Solazzi, left, and Pat Smith.

Jayvees end season. with record of 4-14

By MIKE MEIXNER The Jonathan Dayton Regional High

School basketball Junior Varsity team, composed almost totally of sophomores, ended its season with a 4-14 record under the direction of coach William McNeece. The players ended their Suburban Conference schedule with a 3-11 mark in league play.

The high point of the year was when the Dayton team ousted conference power New Providence on the Dayton gymnasium floor by a 62-52 score. Other victories came against Parsippany, Millburn and Madison. The team finished with Dave Lauhoff

and Mike Meixner reaching the 200 point plateau. Both 6-1 forwards, Lauhoff and Meixner passed well between themselves. Meixner's nigh game was a 32-point performance, while Lauhoff was very consistent, scoring over 15 points in 11 of the 18 games he started in. These two players provided most of the offensive spark for the Bulldogs.

The starting center was Toby Lesofski. He snared the team rebounding title and excelled against West Orange. In that 7-point loss, Toby sank 6 of the 7 shots he attempted and finished with a season high of 13 points.

Starting at guard were Ed McGrady and Mark D'Agostini. McGrady led the

Rosarians plan pin competition

The 16th annual Rosarian Bowling Tourney will be held at Garden State Bowl, Union, on Monday, April 4. There will be two sessions, one at 9:15 a.m. and the second at 1:15 p.m. Closing date for entries is March 31.

The event will consist of three-bowle: teams, and there will be special prizes for high game, high series and most pins over average. Any Rosarian may enter the tournament even if she does not belong to a sanctioned bowling league.

Entry fee is \$3.50 per bowler.

Full particulars may be found on the entry blank which is available from Garden State or from Emma Lampariello, tourney director, at 763-3368.

McGrady successfully made the position transition. Not known for his scoring, McGrady did, however, contribute a 17 point performance against Rahway. D'Agostini tended to playmaking chores, not scoring. Dag led the team in steals, exhibiting his quick hands in many key instances.

Steve Geltman, a sharpshooting guard, was known for his long shot. Despite an early season slump, Steve regained his touch and was deadly at times. He responded well to a starting assignment given to him against Verona, leading the fast break and drilling 13 points through the hoop.

Two small forwards who saw more action as the season went along were Marc Meskin and Tyrone Parker. Meskin was a hustling ballplayer who was tough under the boards, while Parker was a streak shooter who tried to burn the opponents.

Norman Hayes played a vital part in the team. An inspirational factor whether on the floor or not, Hayes acted as the team cheerleader. Hayes, a guard, was a 67 percent free throw shooter on the season.

Kevin Engelhardt, a lanky forward, developed his potential as the season went along:

Other boys who were team members at one time or another were Peter Bacchus, Dave Barnes, Mike Clarke, Ken Feld and Todd Melamed. Coach William McNeece expressed

his thanks to the players, and to the team managers, Barbara Bongiovanni. Orsola Bruccoleri, and Rona Clark

County tax rate to rise one cent -- freeholders

Union County's 1977 budget-\$8 million higher than last year's-will cost taxpayers about one cent more per \$100 of assessed valuation than in 1976.

The approximate tax rate was announced last week when the Board of Freeholders introduced the budget. Freeholder Chairman John Mollozzi said that because of the finding of \$1.0 million in new revenues and a \$514 million increase in ratables there will be no firings of county employees or cutbacks in services.

The one cent per \$100 tax rate represents a \$3 million increase in the amount needed to be raised through taxation, said George Albanese, county manager.

Mollozzi said the new ratables, new found ratables and the 5 percent state cap on increased expenditures all contributed to the low rise in the county

The new revenue sources include a \$601,000 reimbursement under the U.S. Comprehensive Employment and Training Act. The county also saved \$700,000 by not filling staff vacancies. The county also expects to receive more than \$470,000 in fees from new patient rates at John E. Runnels Hospital in Berkeley Heights, said Art Grisi, acting county comptroller.

Concert at UC will aid charity

WCPE, the Union College radio station, will sponsor a concert Saturday at 8 p.m. in the Cranford Campus Center theater for the benefit of the Easter Seal Society of New Jersey.

The concert features guitarist and vocalist, Robert Dale Sterling; "Phase 5." an electrical band, and "Fog on the Oregon Coast," a country music group. Tickets, at \$3, may be purchased at the door or reserved by calling WCPE, 276-

"This is the third year that the station has participated in the Easter Seal campaign and we hope to go over the \$1,000 mark this year," said Nobert Stalgaitis, station manager.

The fund drive was launched on Valentine's Day with a request program. WCPE's audience was invited to request a favorite song for a 25cent donation.

Medical group cites need of measles re-immunization

Children immunized against measles before the age of 13 months may be inadequately protected and should be reimmunized, according to the Union County Medical Society, citing a report published in the Journal of the American Medical Association.

Anne S. Yeager, M.D., of the Stanford University School of Medicine in California and her colleagues studied the protective levels against measles in the blood of 465 children in two California counties, the society

She found that 14.6 percent of the children immunized at 12 months of age were inadequately protected against the disease, but only 5.2 percent of those immunized at 13 months or later had inadequate protection.

"Despite a great reduction in measles with the advent of the vaccine in 1963," Dr. Yeager pointed out, "the control of measles is not a solved problem. Many children still have not been immunized and some of those immunized in infancy are inadequately

An accompanying editorial in the journal, also cited by the medical society, says that experts in the field recommend measles now

munization be deferred until about age 15 months for infants who live in communities where the disease is not prevalent

Vaccinations should be given any time after six months during measles outbreaks, and these children should be re-vaccinated after 15 months, the medical society recommended.

are "Redefining the Goals of Education," "The Politics of Food" and "Women as Agents of Change. Mrs. Gerkin is also a member of the Mountainside AAUW and has been

chairwoman of the committee on women for that branch. Mrs. Marilyn Hart, president of the Mountainside Branch, recently announced the appointment of Mrs. G. Dewey Moser as chairwoman of a study

of television violence. Under the leadership of Mrs. Moser, education chairwoman for the local association, some members of the Mountainside AAUW will view a selected television program for four consecutive weeks, rating it each week on a scale ranging from simple verbal aggression to senseless murder, counting incidents and degrees of violence within categories.

In urging members of the local group to support this study, Dr. Hart stated, "Although there has been an ongoing debate for years as to whether viewed violence acts as a catharsis or really instigates violent deeds, there is more and more research which demonstrates that filmed violence, whether it uses cartoons or real people, actually does stimulate aggression." The results of the study will be made known to the major television networks, she added.

Panther Valley club to be sold to members

Panther Valley Country Club, a 180 acre parcel containing an 18 hole championship golf course, clubhouses, swimming pools, tennis courts and a 200-year old estate house will be sold by Panther Valley, Ltd. to its members. This multi-million dollar complex was designed as the focal point of Panther Valley, a 1,500 acre planned residential

Warren County.

The sale of the country club grounds marks an historic occasion. Built over the development and nine years ago by Travelers Insurance Company as a selfcontained sports complex, it has been functioning as a private club. Because of the growth in membership it is now feasible for the members to own and operate it. Of particular

Mathews-Phillips Management Company took management of Panther Valley.

As a result of this sale, a limited number of fulltime memberships have become available. The public is invited to take advantage of this opportunity to play the most challenging Robert Trent Jones Championship Golf Course in New Jersey. Inquiries should be addressed to Chairman, Membership Committee, Panther Valley Golf and Country Club, Box 35, Allamuchy, 07820.

Hispanic dance program slated by N.Y. troupe

Ballet Hispanico of New York, a young dancing troupe whose roots are in the cultural traditions of Spain, Puerto Rico and Latin America, will perform in the Theater-in-the-Round of Seton Hall University at 8 p.m. Tuesday. Admission to the performance is \$2 for non-students.

Ballet Hospanico has performed for more than 200,000 persons in the last year, on mobile stages in the streets as well as at Lincoln Center. The dancers, none of whom is over 18, come from the Spanish-speaking communities of New York City. Many were discovered in Ballet Hospanico's workshop program which trains disadvantaged young people in the fundamentals of dance and performance.

The Ballet was formed in 1970 by performer and teacher Tina Ramirez to create a national repertory company reflecting the traditions and exof Spanish-speaking periences Americans. It was also meant to work back to the people; there were few visiting Hispanic dance companies and their concerts were usually inaccessible to people in the barrios. "I want people looking at Ballet Hispanico to say, 'Yes, that's us, that's what we feel and beieve in,' " states Ms.

The program will give the audience a chance to sample works that derive from Caribbean, Creole, Mexican and Spanish dance tradition, expressing diverse choreographic points of view. Among the choreographers whose work will be seen are Lois Bewley, Jose Cofonado, Anna Sokolow, Donald McKayle and Alvin Ailey.

The Seton Hall event is sponsored by the Student Programming Board.

Reinspection option popular

New Jersey motorists are using icensed private garages and service stations in large numbers to obtain satisfactory inspection stickers after initial rejection for a vehicle defect.

According to Motor-Vehicles Director ohn A. Waddington, there were 681,851 reinspections at licensed centers the first year of operation (Nov. 1, 1975 to Oct. 30, 1976) which otherwise would have been done at the overburdened tate stations. The Division received only 148 complaints during the first year of operation.

Other results of a field survey of ervice 'reinspection stations,' conducted by Motor Vehicles investigators during December, showed that each vehicle rejected averaged 1.3 items found defective and that the average Fepair cost state-wide was \$15,83. The most frequent cause of rejection, the nvestigators reported, was emissions (30 percent), followed by improperly aimed or faulty headlights (20 percent).

Students would build international bridge over troubled waters

Wrecked tankers are spilling oil on the already otherwise troubled waters of the world's oceans fairly frequently these days and Dr. Baruch Boxer of Rutgers University wishes he knew who was supposed to clean up the mess.

Oil spills and pollution which cross national boundaries to affect the wellbeing of people in other countries are just two of the problems of concern to Dr. Boxer and the other State University faculty members in the International Environmental Studies Program (IESP) at Rutgers' Cook

Dr. Boxer is a professor of geography and director of the IESP, which began at the State University in July 1975 and has been drawing rave reviews from students and others ever since.

The establishment of IESP involved the development of an undergraduate major intended to examine the international nature of environmental deterioration, population problems, world hunger and other concerns that no one nation can solve on its own.

"As the agriculturally and environmentally oriented undergraduate unit at Rutgers," said Dr. Boxer, "Cook College has many faculty members whose work has international applications. IESP was designed to encourage input from faculty in diverse research areas in its assessment of international environmental problems.

"We want our students to get a sense of what the problems are and an awareness of the historical and cultural dimensions of them, as well," he said. "Advanced technology has intensified many of the problems, but others have different causes. Students in IESP develop this awareness and come to realize the difficulties involved in defining, evaluating and dealing with global environmental concerns."

IESP examines particular problem areas through the six new courses which comprise the core of its curriculum, which was recently approved as a degree program by the State Board of Higher Education.

Kean series to have governor candidates

Congressman James Florio, a Democrat from the Second District, will be the first speaker to be heard in a series of discussions with candidates for the New Jersey gubernatorial nomination beginning Monday at 10:30 a.m. at Kean College.

Other appearances will be made by State Senator Anthony Imperiale, Joseph Hoffman, Paul Jordan and Governor Brendan Byrne. All programs in the series are free and open to the public.

Environmental Law," taught by Prof. William Goldfarb; "Environment and Development," taught by Dr. Andrew P. Vayda, and "Energy and World Perspective," taught by Profs. William

L. McLean and David J. Rosen. Dr. Boxer teaches and coordinates the remaining three courses, "Introduction to International Environmental Studies." "Environmental Problems in Historical and Cross-Cultural Perspective" and a senior research colloquium.

"The courses give students a general view of world environmental problems and an idea of what the U.N., individual nations and non-governmental organizations are doing in these areas," he said, "but we can't give students neat lists of universally accepted solutions to these problems because the answers don't yet exist.'

Efforts to find at least some of these answers and to identify and analyze newly emerging environmental con-cerns are made during normal class meetings, but the changing nature of the problems is underlined by special seminars attended by IESP faculty and

The seminars have involved U.N. and U.S. government officials from several agencies and have included a symposium on international environmental policy and management, with guests from seven countries.

A visit by a delegation of scientists from the People's Republic of China and a session on environmental aspects of the U.N.'s Law of the Sea Conference, with participants from several national delegations and a major multinational oil company, were held.

IESP is supported by a grant from the U.S. Office of Education and is being developed in cooperation with the U.N. Environment Program. It already has about 20 students who have declared as IESP majors, and there is growing participation in IESP courses by other students at Rutgers, which Dr. Boxer feels is indicative of their interest in this new field.

"The world knows what the problems are and the incredible complexity of most of them," he said, "but people are just now becoming aware of the international dimensions of many of these issues. Dealing with them will require special skills of the type IESP is providing for our students, who are being trained as environmental; managers and analysts.

"I believe we will find our graduates working in government, for consulting firms, in industry and international organizations and in other situations that require expertise in international environmental management, a challenging career area which is just beginning to be recognized around the

"People can't look at environmental problems in isolated terms," he said. "We want to find solutions to these questions, but putting them in a clear perspective has to come first."

Slovak festival listed May 28 at Arts Center

The second Slovak Heritage Festival of Arts will be staged at Garden State Arts Center, Holmdel, on Saturday,

Albin J. Stolarik of Passaic, general chairman for the festival, announced that this year's event will be dedicated to the Slovak Pioneers of America.

Stolarik said arrangements are under way to present an "elaborate and diversified program," including an ecumenical service with music by representing Slovak denominations in New Jersey. This will be followed by a series of activities and exhibitions on the Arts Center Plaza and Mall and a program of music and dance on the stage.

Slovak churches, lodges or other organizations in the metropolitan area support the festival by arranging group parties—taking advantage of the group discount tickets—and arranging for buses to bring their members from distant communities.

The ticket committee is headed by Jan Sopoci of East Orange. Readers wishing information may telephone

The N.J. Highway Authority, which operates the Arts Center, presents the heritage events as a means of expanding New Jersey residents' participation in activities at the Center; fostering tributes to various ethnic groups for their contributions to American culture, and raising money for the Garden State Arts Center Cultural Fund. Festival proceeds go to the Fund, which sponsors free entertainment for school children, senior citizens, summer youth groups, disabled veterans and the blind.

Camp marking its 75th year

Camp Brett-Endeavor of Lebanon recently held its 75th annual meeting at the First United Methodist Church, Westfield, to mark the beginning of its Diamond Jubilee.

Camp Brett, founded in 1902, and Camp Endeavor, founded in 1911, merged in 1970, and together, over the years, the camps have accomodated more than 44,000 needy children, ages eight to 12, at the Watchung camp and at Cushetunk Mountain, overlooking Round Valley in Lebanon, where the camps operate.

The camp serves children from all over New Jersey who are recommended by various organizations and social services.

Babe Stovall and Babe taught him about the good wood smell and smooth feel of a man's own guitar. Jerry Jeff learned about the music that goes with the song of the road.

New Orleans is as good a place as any, so Jerry Jeff stayed there for a time and worked in the bars. sang in the streets, passed his hat and made some friends. Texas is a better place than most and there he met Gary White and then moved to the city and had a rock group, Circus Maximus, somewhere up north. When that time passed Jerry Jeff went back on the road. Seems like there's no

privacy in a song and if it's done right there's no shame in sharing it. So Jerry Jeff started recording, just Jerry Jeff and his guitar, some songs and some friends. He made an album for Vanguard and three more for Atco and wrote a song

Great atmosphere . . . fine food . . . and old fashioned prices make an evening at the Jolly Trolley something to remember.

STEP THROUGH THE DOOR. . . INTO THE GOOD OLD DAYS.

The beef is great . . . the fish is delicious. On your way in or out, steal a handful of peanuts from our bottomless copper pot at the bar.

Come on over . . . for an old time good time.

Open for lunch and dinner. Major credit cards accepted.

THE JOLLY TROLLEY 411 NORTH AVENUE, WESTFIELD, NEW JERSEY

232-1207 (Next to the Westfield R/R Station)

A great dinner starts when you watch the chef cut your steak to order.

And that's just the beginning. He cooks it to your taste, while you relax with cocktails in the atmosphere of an original old meat packing plant, right out of another era. Your steak, and all the trimmings right through coffee, are prepared under the watchful eye of your host, Peter Fletcher. Everything will be just the way you want it ... including the check. We want you to come back often.

Open for function and dinner. Major credit cards accepted.

Broadens Appeal.

Enriched Flavor process adapted to new low tar 100mm cigarette with remarkable success.

MERIT established a whole new taste standard for low tar smoking.

If you smoke but haven't chosen to take advantage of the MERIT breakthrough because you prefer a longer length cigarette, you'll be interested.

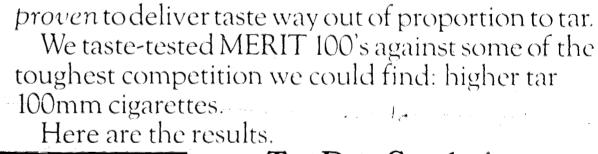

Because now there's a MERIT for you, too. New MERIT 100's. Only 12 mg. of tar. Yet packed with extra flavor. The kind of flavor that makes "low tar, good taste" a reality for 100's smokers.

'Enriched Flavor' Tobacco

Like MERIT, MERIT 100's are packed with 'Enriched Flavor' tobacco. Tobacco fortified with certain key flavor-rich ingredients isolated in cigarette smoke, and

Kings: 8 mg. 'tar,' 0.5 mg. nicotine av. per cigarette. FTC Report Dec.'76 100's: 12 mg.' tar,' 0.9 mg. nicotine av. per cigarette by FTC Method.

Warning: The Surgeon General Has Determined That Cigarette Smoking Is Dangerous to Your Health.

Test Data Conclusive

New 12 mg. tar MERIT 100's were taste-tested against a number of major 100mm brands ranging from 17 mg. to 19 mg. tar.

Thousands of smokers were tested. The results: overall, they liked the taste of MERIT 100's as much as the higher tar 100mm brands tested.

MERIT and MERIT MENTHOL. King Size and new 100's.

The taste barrier for low tar smoking has been broken again.

MERIT & MERIT MENTHOL. KINGS & 1008.

Employment outlook to improve for college graduates in 1980s

Persons employed in white collar jobs accounted for over 50 percent of the labor force in 1976, Herbert Bienstock. Regional Commissioner of the U.S. Department of Labor's Bureau of Labor Statistics, recently told the third annual Conference of Public and Non-Public School Officials at the University Center of the City University of New York.

Bienstock reported that white collar occupations represented the fastest growing group during the period in the past 15 years. Despite recent concerns regarding the outlook for college graduates, the fastest growing white collar job group was the professional and technical category, largely filled by college graduates. Above average increases were also reported for clerical workers, and sales workers.

Bienstock said that although there will be relatively fewer college graduates entering the labor market all through the eighties, the demand for young men and women trained in the nation's universities can be expected to continue to rise. Even during the height of the last recession when the nation had lost almost two million jobs, Bienstock pointed out that the number of professional, technical, managerial and administrative jobs, typically held by college graduates, rose by threequarters of a million.

Jobs offered to handicapped

Fairleigh Dickinson University this week invited handicapped persons. Vietnam-era veterans and all disabled veterans to apply for employment at the school.

Although every faculty and staff job within the university has specific requirements for applicants, many of the positions can be successfully held by members of these groups, said Robert Hill, university director of affirmative action. In fact, the university can make accommodations, in some cases, to enable such persons to perform their jobs here properly and safely.

Personnel officers on each of the university's major campuses in Madison, Rutherford and Teaneck have complete information about employment possibilities and the university's affirmative action program.

N.J. rings golden Bell on 5.7 million phones

entered its golden anniversary year, the company noted that state residents own the distinction of having more telephones, on the average, than residents of the United States as a whole.

According to statistics compiled by the company, there are 79 telephones for every 100 garden State residents, for a total of 5,749,000 phones. A year ago on Jan. 1 there were 75.9 telephones for every 100 residents; a total of 5,553,000

The latest edition of "The World's Telephones," compiled by the Long Lines Department of American Telephone and Telegraph Co. shows the United States average was 69.49 phones per 100 persons on Jan. 1, 1976. The worldwide average was 9.6 per 100 persons. The figures in the booklet are based on 1975 information, because it takes a year to collect data from telephone administrations around the

The booklet contains statistics from 1,400 principal cities around the world, including 11 New Jersey Bell exchange areas. Two of those areas had more telephones per 106 persons than the national average: East Orange, 85.5 per 100 residents; and Elizabeth, 72.7

Just below the national average were Camden, 68.7, Vineland, 68.7; Passaic-Clifton, 68.5; Newark, 68.2; and Union City, 67.0. Trenton, the state capital, had 63.9 telephones per 100 persons.

added worldwide, bringing the total to 379.6 million, a 5.9 percent increase, the first time in 20 years the annual growth rate slowed below six percent. Bell System telephones connect with 98.4

percent of those in the world. The United States, with 149,011,000 phones, is still first in the world in the number of telephones, followed by Japan with 45,514,709 and the United Kingdom with 21,035,602.

Seven metropolitan areas in the United States have more telephones than people: Washington, D.C., 140.4 telephones per 100 persons; Southfield, Mich., 133; Champaign, Ill., 110; San Francisco, 105.6; Palo Alto, Calif., 103; Fullerton, Calif., 102.9 and Newport Beach, Calif., 101.7.

Among other nations reporting statistics in "The World's Telephones," Sweden ran second to the United States in telephones per 100 persons with 66.07; followed by Switzerland with 61.09, and Canada with 57.15. The Republic of Rwanda in Africa had the least, 0.08 phones per 100 persons.

GAS CONSERVATION IS A MUST THROUGH THE WINTER AND INTO SPRING.

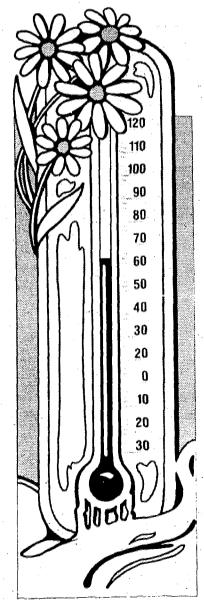

One of the worst winters in our history and drastically reduced gas supplied from pipeline companies have plunged New Jersey into a crisis that will continue into Spring.

Although we have resumed gas deliveries to our industrial customers-thanks in a large measure to your massive conservation-we remain in a day-to-day situation.

Another cold snap or let up on your conservation effort, and we could be in worse shape' than before. Some industries undoubtedly would have to be closed again. And, next time, residential customers máy also .suffer shut-offs.

Your conservation is vital to avoid another curtailment of industrial customers to protect thousands of jobs...and to assure uninterrupted service to homeowners and apartment dwellers.

Conservation is also extremely important if we are to replenish our dangerously low gas reserves to prepare for next winter.

PSE&G urges you to continue conserving gas. Here are some tips

1 Set your thermostat no higher than 65° during the day, and 60° at night. 2 Minimize the use of hot water. Lower

the water heater thermostat setting. Use the cold water laundry cycle. Take showers instead of baths 3 Eliminate all non-essential use of gas, including outdoor lamps

4 Shut off heat and close the door in 5 Inspect your home or apartment from

top to bottom for drafty windows and doors. Weatherstrip them. Put plastic sheeting over windows and air conditioners 6 Insulate your home
