Summer music lessons offered

The Mountainside Music Association will offer group lessons on musical instruments to children in grades three through eight for five weeks this summer.

The half-hour lessons will be offered each weekday morning at the Mountainside Gospel Church, Central avenue. Each student will be in-terviewed by Howard Kravitz and placed in a class which fits his or her needs. Tuition for the five-week course

"We find that concentrated daily study during the summer months, without other school obligations, offers students an opportunity to develop finer

musical ability," Kravitz noted. Those interested in enrolling children in the summer music program may contact Kravitz (232-8828) or Judy Williams, MMA president (232-8756).

Tagless dog? It's not too late

A number of borough dog owners have neglected to obtain 1977 licenses. even though renewals were due in January. According to one borough worker, there were more registrations by March of 1976 than by June of this year—so that means a lot of pooches are now "illegal" residents.

Owners can remedy the situation by picking up a new tag any weekday, between 8:30 a.m. and 4 p.m., at the Municipal Building. And there's no penalty for the latecomers.

A woman who won a civil rights suit against the Mountainside Board of Education can have a job in the school system next year-if anyone can find

Board attorney Raymond O'Brien reported at Tuesday night's monthly board meeting that the Equal **Employment Opportunity Commission** in Washington, D.C., has ruled that a newspaper advertisement placed by the board two years ago was in violation of the Civil Rights Act of 1964. The settlement agreed to by the board provides that the complainant, Constance G. Neiss, will be offered a teaching post for 1977-78 if a job for which she is qualified is open. The board however, does not have Ms. Neiss' address, nor does it know how to contact her.

The advertisement, for an eighth grade English teacher, appeared in the New York Times on Jan. 13, 1975, and indicated that applicants should be persons "above and beyond the responsibilities of parenthood, which could interfere with after-school meetings." Ms. Neiss protested to the state commission on civil rights that such a restriction was in violation of her rights. The state unit referred the case

Sign-up starts, plans made for midget football

A registration night will be held Wednesday, June 29 from 7 to 9 at the Borough Hall meeting room on the second floor. Uniforms may be ordered, or parents can arrange to purchase used equipment at a lower cost.

The clinic (no contact) will again be available to boys 7 (by Sept. 1) and 8 years old.

A \$7 deposit is required registration. Checks should be payable to Mountainside Midget Football Booster Club. Further information is available from George Fischer, 233-5199; Bill Alder, 233-8056; Allen Goldenberg, 233-5287; Joe Sefack, 232-

Chorale wins award in college competition

For a second time, the Jonathan Dayton Regional High School vocal music department's Chorale has won the second highest prize in college level world music competition.

The 30-member Chorale, competing Ottawa, Canada, on May 27 against a worldwide choral standard set for the college category, acquired more than the necessary number of points for a silver medal.

The judges based their award on three musical offerings by the Chorale, conducted by E. Edward Shiley, director of the school's vocal music department. The selections were Leonard Bernstein's "Chichester Psalms," Brahms' "Oh Cast Me Not Away" and "Laudibus in Sanctis" by William Byrd. Shiley selected the first and third songs, while the judges, prior to the festival, gave him a choice of one of three pieces, of which he chose the

Brahms selection. Two years ago, the Chorale, performing in the college level of the International Music Festival in Washington, also won a silver medal. The Chorale did not participate in the festival in 1976.

The following awards were given out concert in the high school: musicianship award, Howard Drucker; most improved musician, Alison Hart; choral director's award, Murray Indick; choral citizenship award, Kurt Cristoffers and Van Vitale.

The Mountainside Music Association presented a scholarship to Karen Dougherty to further her career in music, while the Choral Parents Society presented similar scholarships to Robert Gilbert and Joan Ragno.

The following students received scholarships to attend summer vocal music camps: Carol Wingard, Marjorie Drysdale, Debra Keller, Hillary Watter, Kathy DiGiorgio, Melinda Simmons, Kristen Peterson, Ruth Ellen Ortolf and Douglas Hewitt.

Brewers advance to playoff final; Dodgers run winning streak to 6

A solo home run by pitcher Matthew Miller broke up a tight pitchers duel to enable the Brewers to squeeze out a 1-0 victory over the Cardinals. Brewers catcher Tom Genkinger and outfielder Douglas Maher starred on defense; Steve Souders and Chris Hannauer did the same for the Cards.

The Cardinals then beat the Royals, 5-3. Steve Burton and Mark Garretson hit well for the Cards; teammates Susan Collyer and Roy Morton fielded well

behind the pitching of Robbie O'Neill.

The Royals came back from an early triple and Scott Goldenberg's home

run. The winning rally included hits by Brian Moran and Blair Miicke and a grand slam homer by Mike Wood.

In a game that was in doubt until the final out, the Yankees defeated the Brewers in an American League finals playoff, 8-7. The Yanks scored first on a home run by Bill Bryant after a single by Chris Ventura. Mark Franciosa and Brian Dailey provided strong pitching. The Brewers tied the game on a grand slam home run by Matt Miller. In the last inning, the Yanks put one across before Greg Torberg retired the side with the bases loaded.

The Major League Dodgers last week won three straight games, running their streak to six. The Mustangs were 10-8 victims as Stu Jurczak picked up the win. Hits by Charlie Rodriguez, Ricky Brahm, Stephen Solomon and Michael Wachsberg helped to win.

Jurczak again pitched a strong game against the heavily-favored Vikings, striking out 15 in a 10-8 victory. Robert Sefack, John Sexton, Brahm, Solomon and Rodriguez had hits.

Ricky Brahm's pitching, along with the bats of Stephen Solomon (a double and two singles) and Stu Jurczak (three-run homer) proved to be too much for the Orioles as the Dodgers won, 16-11. Fred Ahloholm pitched for

the Orioles. The Vikings bounced back, winning two games last week. The Vikings beat the Orioles, 8-5. Patrick Esemplare was the winning pitcher, going the distance. Leftfielder Peter Von Der Lind made a fine catch in the bottom of the fourth

with the bases loaded to squash a rally. The Vikes came out on top again later in the week when they edged the Blue Stars, 5-4. In the bottom of the third the Vikings took a three-run lead on triples by Mike Kontra and Vince Mannion. After a scoreless fifth inning, Doug Torberg led off the sixth with a single and Kirk Yoggy followed with a two-run honier. But that wasn't enough for the Blue Stars, as the Vikes held on to win.

The Braves beat the Blue Stars, 10-6, in a well played game. Jim Cleveland, the winning pitcher, struck out 12 and received offensive support from Jim Corter, Tony Mazzucca and Jim

Dascoli. The Chiefs downed the Mets, 6-4, as Ed Hanbicki had three hits, one a homer to deep left center.

In the Pony League, the Pintos defeated the Colts, 7-3. Dave Crane was the winning pitcher. Danny Weiss fielded well. Scott Hain, Steve Jurczak, and John Baumgartner had hits.

The Broncos clinched the Pony League title by downing the Mavericks, 8-4, on a one-hitter by pitcher Mike Baumgartner. Glen Mortimer, Ronnie Zimmerman, Keith Hanigan and Dennis Sauders had key hits.

(Continued from page 1) percent wage increases in 1977-78 and

1978-79. Dissenting votes were cast on the secretaries' pact by R. Charles Speth, and on the principals' agreement by Speth and Patricia Knodel.

Mrs. Knodel, citing decreasing enrollment, noted that the board should begin to consider elimination of "some of our administrators," and termed "a disgrace" one provision of the principals' pact-providing for 15 cents per mile reimbursement for principals' use of their cars between local schools.

Board member Scott Schmedel defended the contracts, noting the six percent hike "is approximately the anticipated increase in cost of living expenses for 1977-78." He agreed that administrative staff reductions are possible in the future, but argued that the board "will not reach that point within the next two years." He also defended the mileage payments, calling it a fair rate "based on going reimbursement in industry and business.

The board still is in mediation with the Mountainside Teachers Association on a 1977-78 contract, but voted Tuesday to approve pay increments provided in the 1976-77 pact.

In preparation for the state mandated school lunch program, which is to start in September, the board approved a contract with the J.C. Company, Inc., of New Brunswick, which will prepare borough students' lunches using facilities at Jonathan Dayton Regional High School in Springfield. Since the price of foodstuffs fluctuates from month to month, a fixed price for the services could not be set, but the board, under law, may not charge more than 60 cents per lunch. Federal subsidies will support the program.

There was some debate over planned use of a custodian's time to transport the lunches from Dayton in his private van, and the board will study this matter further. The board also may withdraw from its contract with the J.C. Co., if pending legislation is passed nullifying the court-mandated

In other action, the board approved the Borough Council's plans to expand the parking lot at the new municipal building-on land still owned by the school board. Cost of the project will be borne entirely by the borough.

Also approved was a request by the Mountainside Little League for reimbursement of \$338 for a fence it constructed at the Deerfield playing field and \$78 for repairs to the Major League Field. Speth protested the fence payment, noting the work had been done without prior board authorization. On a motion by Schmedel, the board voted to write a letter to League officials noting that future expenses will not be considered for reimbursement unless projects are discussed by the board and authorized in advance.

Appointments for the 1977-78 school term included the naming of a school physician, Dr. Theodore Lorenc, and a dentist, Dr. Irwin Greenbaum. Lorenc will receive \$1,500; Greenbaum, \$850. Also approved was psychiatric service, at a maximum rate of \$4,800.

Also at the session, Mrs. Knodel requested two reports from Superintendent of Schools Dr. Levin B. Hanigan and a ruling by the board attorney on the constitutionality of a student rating system.

Mrs. Knodel asked for a report on the number of students who failed to attain the 50th percentile in recent physical education tests, and then asked the board to place on its agenda for the next meeting a discussion of corrective gym programs or extra drills. She also requested that Dr. Hanigan give a full report on possible corrective measures in math instruction, noting that on state math tests, borough fourth grade students ranked 10th in the county.

She sought a ruling from O'Brien on a system which ranks fifth, sixth and seventh grade students on a 1 to 5 rating in four major subjects. The ranking, she said, is based on the subjective judgment of teachers and determines in which class a student is placed. "I'd like to know if this is legal, constitutional or discriminatory" she said.

School bus hits man walking on Rt. 22

A 46-year-old New York City man was injured last Thursday when he was struck by a school bus while attempting to walk across rain-slick Rt. 22 in Mountainside.

The mishap occurred at 10:32 a.m. in the eastbound lanes of the highway, between Mill lane and Glen road. According to the police report, the pedestrian, Tom Kavanagh, was hit by the bus, operated by Renee Bellamy, 21, of Fanwood, after he entered the roadway from the center island. Police said the vehicle, registered to a Garwood firm, was not one of the buses serving the borough schools and did not have any passengers at the time of the accident. No charges were filed against the driver.

Kavanagh was taken to Overlook Hospital by the Mountainside Rescue Squad; he was treated for head injuries and released.

Two other mishaps were recorded the same day. At 2:55 p.m., police said Sam Jacober, 27, of Springfield came to headquarters to report that another auto had hit his car in the westbound lanes of Rt. 22 and had failed to stop. The vehicle, reportedly driven by William P. Majette, 36, of Plainfield, was located later in that city. Majette was issued summonses for careless driving and for leaving the scene of an accident; Jacober received a ticket for failure to have registration in his

Police said Jacober was taken to Overlook Hospital by the Mountainside Rescue Squad after he complained of neck and back pains.

A Pennsylvania man escaped injury when his auto smashed into a utility pole on Deer Path last Thursd evening. Police said Edward F Zabroski, 30, of Wilkes-Barre, told them he was northbound between Ackerman avenue and Meeting House lane at approximately 7 p.m., when his auto was run off the roadway by an

unidentified vehicle which crossed the center line. Zabroski's car crossed the lawn at 1438 Deer Path and smashed into the pole.

At 2:35 a.m. Friday, a Plainfield motorist was hurt when his car hit a utility pole on Rt. 22, skidding on the west roadway. Police said the car, operated by Jefferson Hunt, 38, struck the pole off the westbound lanes across from police headquarters. Hunt reportedly continued down the highway, looking for a place to pull over and halt with safety. He finally stopped at the Blue Star Shopping Center in Watchung, where he called Watchung police, who notified Mountainside police.

Hunt, suffering a facial injury, was taken to Muhlenberg Hospital, Plainfield, by the Watchung Rescue

THIS WEEK'S LET-TER: I have this problem. I'm 15 and feel very much for this guy I'm in love with. I started going with him over a year ago. We were only in junior high. Last summer-before we started high school—we had a lovely time together. Then I found out he was after another-and older (two years)-girl. He broke up with me for her. They had problems and now we've been back together for awhile. I'm as much in love with him as I ever was, but I can't forget what he did to me.

OUR REPLY "Always" keeping him is asking for a lot. Try enjoying what you have now. Cultivate your friendship for what it is at present time Worrying about "keeping him" may cause you to lose sight of what's right in front of you now.

Rich fruit cake

Rich fruit cake is much tastier if made weeks before use. During the period of ripening, flavors are more evenly distributed and the cake becomes more moist. After baking, wrap in a heavy aluminum foil or moisture-vapor-proof paper and store it in the refrigerator, freezer or a cool area of the house. If stored in a freezer, fruit cake will keep fresh and flavorful for about a year.

Hitting the spots

When doing a major kitchen cleaning, reorganizing, or remodeling, try to find as convenient a spot as possible for each kitchen aid. Ideally, small appliances should be stored where or near where they are used-especially those used often such as the toaster, coffeemaker or can-opener.

Space course is offered for grade teachers

Skylab and the space shuttle program will hold the spotlight when NASA, the Morris Museum of Arts and Sciences and Drew University combine to offer grade school teachers a workshop in aerospace education at the university, July 5 to 16.

Open to teachers of science in grades five through nine, the workshop trains them to teach the rudiments of flight and space science to youngsters. The methods-which the teachers experience for themselves-include the building and flying of model airplanes and rockets, the design of space payload packages, the construction of montage maps from satellite photographs, the solving of basic problems in aerial navigation and dozens of other "hands-on" ways of learning.

The teachers will also be familiarized with such local area resources as the planetarium at County College of Morris, the telescopes in the Drew observatory and the control tower and hanger facilities at Morristown Airport, where they will spend an afternoon that will include flying in a light place with a NASA pilot

This will be the third consecutive year for the NASA workshop at Drew. Three educational specialists from Goddard Space Flight Centerincluding rocket expert Minot Parker, who has been with the Drew workshop all three years-will do most of the teaching.

Robert L. Fenstermacher, Drew physicist and astronomer, will present the unit in astronomy with the help of Irene Sachs, assistant science coordinator at the museum and founder of its astronomical society.

The workshop will meet weekdays from 9 a.m. to 4 p.m. It offers three credits toward the master's of education degree and, in some school systems, qualifies teachers with advanced degrees for a salary increment. Tuition, including all materials, is \$200 and enrollment will be limited to 35. Details are available from Sachs at the museum, or From Dean Mark Lono at

After having served for three years at Our Lady of Lourdes Parish, Mountainside. I have been transferred to the faculty of Oratory Preparatory School in Summit. Since I will be leaving Mountainside on this Saturday, I would like to take this opportunity to thank the residents of our community for all they have done for me over these past three

I have found Mountainside to be a warm and friendly community during my stay here, and I hope that everyone who follows me into this community will experience its warmth and friendliness as I have. Thanks for all we have shared-all the joys and sorrows. all the good times and bad times. You have come to mean a lot to me, and I know I will miss you.

I have to say "goodbye" so I think I will choose to say "until we meet again." I truly hope that our paths will cross many times in the future. Thanks for all the wonderful memories, you have all added much to my life.

For comparison, she and her associates also terviewed 30 women who worked as beauticians, electronics assemblers or had jobs traditionally held

Although the study is not yet completed, Walshok has come to the conclusion that there really isn't any important difference in the way women and men feel about work.

One woman reported very simply that she had become a groundskeeper because it offered good money. "Where else am I going to make this kind of money?'

New Rutgers degree: bachelor of fine arts Artistically talented and dedicated begin in the fall of 1978.

students will soon be able to earn a bachelor of fine arts (BFA) degree at Rutgers, the State University

The BFA curriculum in the areas of theater arts, studio art or music is intended for those who want a professional education in the arts, said Prof. John Bettenbender, acting dean of the State University's new School of Creative and Performing Arts.

Based in New Brunswick, the school opened its doors last fall and enrolled some 90 graduate students—candidates for a master of fine arts (MFA) degree-during its first academic year.

Students are now being accepted for the BFA program in theater arts, which was approved by the State Board of Higher Education this spring and will start this fall Plans call for the BFA programs in studio art and music to

DIAMOND APPRAISALS

The school seeks students who have professional career potential and applicants will be accepted primarily on the basis of their artistic ability, said the acting dean.

"You do not become a major in the School of Creative and Performing Arts by declaring yourself a major," he explained. "You must apply, bo auditioned, submit a portfolio, be interviewed.'

Job opportunities for those completing such programs are good, according to Prof. Bettenbender, who is also chairman of the university's Department of Theater Arts.

While most theater majors won't become Broadway or Hollywood superstars, a broad range of career possibilities exists in show business and related fields, he said. Industrial shows, regional theaters. Madison Avenue, television-all employ professionals in the theater.

"The same kind of thing applies to commercial art," he continued. 'There's a tremendous amount of use for artists commercially.

"My hopes are that we develop a first-class school of the arts to fulfill what the state asked us to do-to create a center of excellence in the arts for New Jersey but a center of excellence measured by the best in the country or out of the country, as well."

Veterans unit cites benefits

James R. Purdy, director of the Veterans Administration Regional Office in Newark, announced recently that many veterans and widows of veterans who are also senior citizens may be eligible for VA pension benefits. Purdy said he is certain many are not aware that the benefits exist.

Veterans of wartime service with 90 days or more service, who are 65 years of age or are totally disabled, may be entitled to pension benefits if their income does not exceed certain limitations. Pension benefits are also payable to needy widows or widowers of wartime veterans.

Eligible veterans or surviving spouses may also be granted a special allowance for aid and attendance, if they are patients in a nursing home, helpless or blind, or so nearly helpless or blind as to need the regular aid and attendance of another person.

Purdy said that persons desiring information about VA pension benefits and related programs should contact the VA regional office at 20 Washington pl., Newark,
