VOLUNTEER MARSHALS—Before 1934 the borough of Mountainside had no regular police force. In 1930 Charles Honecker (far right) was part of the six-member volunteer department. He was named the first borough police chief in 1934.

He was borough's 'Adam 1' Law enforcement through the years

By DENISE RENNER MARTIN
Borough police are preparing to move into their new headquarters, feeling the space bite in their present lodgings. Times have certainly changed since Charles Honecker was appointed the first police chief of a one-man department in Mountainside in 1934.

Before that time the borough had a six-man volunteer department, called police marshals, headed by Edward Hamilton. Honecker was part of the volunteer fire force along with his brother Herman, who was chief of the

remark by a suspect in a Newark line-up overheard by the police chief led to the solution of the robberies.

One of the suspects unwittingly said only a woman could identify him, and Honecker promptly brought in that woman. News accounts from 1935 said "the suspect was grilled and finally broke down and admitted his guilt and implicated his accomplices."

In another prohibition-era case, Honecker accompanied State Alcoholic Beverage Control agents on a raid of the Arthur Ayres Sr. home where they uncovered a partly assembled "still" in the barn. At the time, Ayres was a borough councilman.

On a lighter note, Honecker recalled the time when he corralled 40 Italian prisoners of war in Echo Lake Park. During World War II, the POWs were being quartered in Bergen County

They were taken on a picnic to Bound Brook and on their return trip to northern Jersey, their drunken bus driver sped through a red light on Rt. 22 in Mountainside. The prisoners decided they wanted no part in riding back with that driver and decided to sit it out in the park.

Honecker rounded up the Italian prisoners and marched them to police headquarters, holding them until the military came to claim them. The former police chief said, "I was too young for the first world war, and I was excused because I was a policeman in the second—but I did my part. I captured 40 prisoners!"

HONECKER CAME to Mountainside from Brooklyn in 1915 at the age of 16.

First of series

The borough of Mountainside, nestled in the base of the Watchung Reservation, is now fully developed into a quiet suburban community. But it wasn't always that way. Mountainside had its pioneer days and some of those who forged the borough into its present state still live there. This is the first in a series of interviews with the people who helped shape Mountainside.

department, but found he was intrigued by police work and was appointed a special officer.

During Honecker's 24 years of service as chief, he had a hand in several dramatic arrests. One of his most celebrated arrests involved tracking down suspects in a series of robberies at the Mountainside Drug Store in 1935, owned at the time by Milton Soskin. News clippings of the times hail Honecker as "relentlessly pursuing" the gang of three robbers, checking out line-ups throughout this part of the state hoping to get a clue. A casual

Final sign-up on Tuesday for Jets' program

Final registration for the Mountainside Jets' football program will be held on Tuesday from 6:30 to 8 p.m. behind the Deerfield School. All team members must be present for a weigh-in at that time. Uniform information will also be available.

A complete schedule of games for the lightweight and middleweight teams has been established. Physical examination certificates must be handed in to the coaches before contact practice begins in mid-September.

In the event of rain, the registration meeting will be held Wednesday evening at 6:30 in the Borough Hall second-floor meeting room.

For further information readers may call George Fischer, 233-5199; Bill Alder, 233-3056; Alan Goldenberg, 233-5287; Joe Sefack, 232-8578, or Joe Jurczak, 232-9255.

Fall schedule starts Tuesday at library

The Free Public Library of Mountainside will be closed Monday in observance of Labor Day. Regular hours will be observed on Tuesday, from 9 a.m. to 5:30 p.m. and 7 to 9 p.m.

Beginning Saturday, Sept. 10, the library will be open on Saturdays from 9 a.m. to 5 p.m.

Bells ring Wednesday for public school pupils

Public and private schools will open next week throughout the area serving Mountainside.

Borough public schools will open Wednesday with substantially reduced enrollment, the addition of a lunch program and the hiring of two new teachers highlighting the 1977-78 school year.

Superintendent of schools Dr. Levin Hanigan said he expects 775 students to attend the two borough schools. There will be 266 pupils from kindergarten to third grade at Beechwood school and 509 children in grades 4 through 8 at Deerfield School. Last year the two schools had a total enrollment of 845 students.

Hanigan said the enrollment decline will affect the amount of state aid the district will receive. These figures will be submitted to the state in the fall.

Lunches will be served at both schools for the first time beginning Sept. 12. The meals, available to students for 60 cents and adult employees of the district for 90 cents, will be prepared and bused out of Jonathan Dayton Regional High School. Reduced price or free lunches are available for those students who qualify under a predetermined income scale. Menus for the lunches are scheduled to appear each week in the Echo.

Dr. Debora Clifford and Richard Ohlweiler will join the Mountainside teaching staff.

Clifford will teach seventh grade English. She has an A.B. degree in English from Montclair State College and an M.A. in pupil personnel services from the same institution. She attained her doctorate in educational psychology from the University of Tennessee. She has taught in Highland Park and Cranford.

Ohlweiler will teach seventh grade mathematics. He has a B.A. in math from Muhlenberg College and has done graduate work at the University of Maryland, C.W. Post College, Yeshiva University, Clark and Potsdam colleges and St. Lawrence University. He has taught for 20 years in Maryland and New York State.

Board OKs athletic plan in a tumult

The Union County Regional High School District Board of Education, facing opposition from an audience of more than 100 at a special meeting Tuesday, narrowly reaffirmed its controversial decision to reorganize the athletic departments at all four campuses under its control.

The board also voted to give John Brown, district-wide athletic chief whose job is being abolished, his choice of the four new management positions, one for each campus, being created in the reorganization.

The new management positions, each paying \$18,400 to \$26,200 (depending upon education and experience), would be 12-month jobs, not just school-year appointments. The appointees would direct not only athletics, but also health, physical-education and driver-education programs.

Of the four men who held campus athletic directorships last school year, reportedly only one—Mike Sorrentino of Gov. Livingston High in Berkeley Heights—has applied under the new rules. Two others—Joe Mills of David Brearley High in Kenilworth and Louis Peragallo of Arthur Johnson High in Clark—are barred from applying because they lack supervisory certificates. The fourth—Tom Santaguida of Jonathan Dayton High in Springfield, the campus that also serves Mountainside—is not expected to apply because he is just starting a one-year sabbatical leave to work on his doctorate.

The district is already interviewing candidates for the new positions, and friends of Santaguida said it is highly unlikely he would forego his long-planned sabbatical to turn in an im-

Regional board to meet Tuesday

The Board of Education of the Union County Regional High School District will hold its regular monthly meeting at 8 p.m. on Tuesday, in the instructional media center of the Arthur L. Johnson Regional High School, Clark.

The public is regularly invited to attend this meeting, which will be held to transact regular board business.

THIS IS ALSO the first complete year for the compensatory education program. This was instituted last November to provide increased help for students needing further instruction in mathematics and language arts.

Compensatory education is a part of the "Thorough and Efficient" mandate handed down by the state.

Students in the fifth, sixth and seventh grades needing additional attention in mathematics and pupils in

the seventh and eighth grades requiring further instruction in language arts are identified by state testing and under the "T and E" guidelines must be given compensatory education. State funds supply \$21,700 to the district for this program.

Our Lady of Lourdes Catholic School on Central Avenue will begin the program school year next Thursday.

Teacher negotiations private meeting topic

A special private meeting of the Mountainside Board of Education has been scheduled for tonight to discuss the status of teacher negotiations. Negotiations chairman Ron Wood said he has called the meeting to lay the facts concerning the snag in settling this year's teacher's contracts before the board.

3rd tennis title to Mrs. Dooley

Jacque Dooley and Carol Wood defeated Judy Crabtree and Harriet Gerndt, 6-3, 6-3, to win the women's doubles tennis tournament sponsored by the Mountainside Recreation Commission. Les Cooper teamed with Tex Jackson to defeat Chuck and Chucker Dooley in the men's final, 6-2, 6-2.

The women's match was played at the Echobrook courts. This was the third tournament that Mrs. Dooley has won this summer, making her the first woman to capture all three titles in one season.

In the men's match, the Cooper-Jackson team utilized a variety of shots to subdue its opponents.

Recreation unit registration set

Registration will begin on Tuesday for a number of fall activities sponsored by the Mountainside Recreation Commission. Boys and girls soccer for fourth to eighth grades will begin on Saturday, Sept. 10. The registration fee is \$3 per person.

Other program registrations include cross-country track, Slimnastics and the Sept. 27 Yankee baseball trip. Detailed information on all of these programs will be in next week's Echo. Readers may also call the recreation office at 232-0015 for information.

The meeting was originally intended to be a public forum, but not enough board members were able to attend so a quorum was unattainable.

Both the board and the Mountainside Teachers Association (MTA) thought they had reached an agreement on salary pay hikes and initiated a memo of understanding on Aug. 15. After he had signed the memo, Wood asked that each teacher's raise be calculated on an individual basis. After this was done, Wood found the bottom line total cost to be more than he was authorized to negotiate.

The memo, though not legally binding, obligates the parties who signed the agreement to recommend the package to the organizations they represent. The board members who initialed the memo, Wood and Scott (Continued on page 4)

Dayton band is homebound

The Jonathan Dayton Regional High School marching band will return tomorrow from its second annual band camp, held again this year at the Frost Valley YMCA camp, Oliveria, N.Y. More than 80 musicians (musicians and members of other units) participated in this year's program. The group left Sunday and spent the week practicing this year's new halftime show.

Jeffrey Anderson, band director, headed the instructional staff at the camp. Band parents served as chaperones for the group. The Dayton Band Parent Organization sponsors the band camp for the marching band.

A totally voluntary unit, the marching band will perform its new show at all Dayton football games and will also participate in competitions throughout the state. The Dayton band will also hold its own competition on Oct. 16 at Mewell Field, where high school bands from New York, Pennsylvania and New Jersey will take part.

County program placed 60 kids in summer jobs

Some 60 Union County youths working through four community agencies are participating in community service projects funded under the 1977 Summer Program for Economically Disadvantaged Youth.

Four projects in Plainfield are being supervised by the Mayor's Task Force on Youth. They include six youths teaching and supervising recreation at Siedler Field, 10 youths restoring and weatherizing a house which will be used as a community center, five youths working on the renovation of houses scattered throughout Plainfield, and 15 youths beautifying the Evergreen Cemetery.

Twelve Westfield boys have been placed at the Four Seasons YMCA Camp by the Westfield Community Center, where their jobs range from counselor to building a nature trail to general office work.

A third community service project is located in Union, where the New Jersey State Employment Service in cooperation with the Union Township Community Action Organization has placed 12 youths at the Robert F. Kearse Memorial Park to beautify it and maintain it as a neighborhood park.

A piece of the Rahway River Park located in Rahway is the site of the project developed by Union County Community Services. Fifteen youths from Linden are employed throughout the park area to improve and maintain the grounds.

The four agencies are the same ones which have been running the summer employment programs under contract from the Union County Department of Human Resources, with funding from Title III of the Comprehensive Employment and Training Act.

The Union County Youth Service Bureau has coordinated and monitored the agencies.

Seniors, ailing reminded to get flu vaccinations

Influenza vaccination—for patients with chronic lung and heart disease as well as persons over 65—is being recommended by the Central New Jersey Lung Association (the Christmas Seal People), for the winter season.

While the 1977-78 winter is not expected to be a influenza epidemic year, the annual vaccination is strongly urged for adults and children of all ages who suffer from chronic conditions such as asthma, chronic bronchitis, emphysema, heart disease, tuberculosis, cystic fibrosis, kidney disease, diabetes mellitus and other chronic metabolic conditions.

According to the Lung Association, the 1977-78 influenza vaccine will be a bivalent vaccine containing two antigens. It will be made of inactivated influenza A virus comparable to the A-Victoria strain of March 1975 and the B-Hong Kong strain of May 1972.

Persons in the "high risk" category should discuss their case with the family physician. If he agrees that the patient should be vaccinated, the patient should receive the immunization no later than early November.

Although current influenza vaccines contain only a minute quantity of egg protein they can, on rare occasions, provoke hypersensitivity reactions. Therefore, the Lung Association cautions individuals with known or suspected hypersensitivity to eggs to receive the vaccine only under the care and close supervision of a physician. Additional information on influenza is available from the Central New Jersey Lung Assn., 1457 Raritan rd., Clark.

NOW elects coordinators

The Union County chapter of the National Organization of Women (NOW) has elected Claudia Cole and Connie Baker as co-coordinators for the coming year.

Cole lives in Roselle Park and works at the Kean College printing office. She has been a member of NOW for five years and has been a delegate to the state board of NOW and was Union County liaison to the New Jersey Woman's Coalition on women's issues. Cole has also been active in the Woman's Political Caucus and the League of Women Voters.

Baker of Elizabeth is a training specialist with the federal government and has been a member of NOW for five years.

'Out of Work' topic for TV

A TV series entitled "Out of Work" will be telecast on New Jersey Public Broadcasting Channels 23, 50, 52 and 58 beginning tomorrow at 6 p.m. John J. Horn, commissioner of the N.J. Department of Labor and Industry, has announced.

The series was purchased from the Manpower Education Institute, a non-profit organization. It consists of nine half-hour programs designed to provide information and guidance for the citizens of New Jersey on how to cope with unemployment.

The first two programs, "Meeting Your Basic Needs" and "You and the Job Market," will be shown back-to-back tomorrow from 6 to 7 p.m.

FRIDAY DEADLINE

All items other than spot news should be in our office by noon on Friday.

Midwives join hospital teams

A new midwifery program for expectant mothers with emphasis on self help and the family has been initiated by St. Elizabeth Hospital.

The program, which was introduced to the hospital in April of 1976, is conducted in the hospital out-patient department. The nurse-midwives work as part of a medical team and must qualify by studying for a master's degree in public health or related programs approved by the American College of Nurse-Midwives. They are all licensed by the state.

The hospital will present a program dealing with the midwives' work which

will include a slide presentation and question and answer session to clubs or organizations. The hope is to encourage more mothers to use the department's services in the future.

Borough's swimmers dominate 'Carnival' with 12 first places

The Mountainside Community Pool Swim Team, recently crowned league champions, continued to assault the record books as they swept to victory in the Westfield Outdoor Swim League Relay Carnival.

MCP captured 12 first place and four second place awards as they dominated the 20-event carnival. Placing second, third, and fourth were Mindowaskin,

Highland, and Willow Grove Swim Clubs, respectively.
 Five new team records were established by the local swimmers: 8 and under girls, 400 foot freestyle relay of Andrea Wood, Suzanne Crane, Beth Post, and Wendy Wyckoff, 9 and 10 boys, 200 meter freestyle and 200 meter medley relay of Bobby Alder, Jeff Ahlholm, John Fischer, and Shane

Connell; and the 15-17 scotch, 200 meter freestyle and 200 meter medley relay of Pam Bieszcak, Jean Kascin, Paul Healy, Jack Crowley, and Barron Jaffe. Only one relay team in the entire league completed the season undefeated. MCP's 8 and under boys team of Duane Connell, Tom Genkinger, Todd Richter, and Christopher Wixom emerged as victors each time they entered the water this summer.

Placing for MCP were:
 8 and under boys: Christopher Wixom, Todd Richter, Tom Genkinger, and Duane Connell, (1) freestyle, (1) medley. Girls: Andrea Wood, Suzanne Crane, Beth Post, and Wendy Wyckoff, (1) freestyle, (1) medley.

9 and 10 boys: Bobby Alder, Jeff Ahlholm, John Fischer, and Shane Connell, (1) freestyle, (1) medley. Girls: Holly Kempner, Cindy Ahlholm, Sarah Post, and Anne Bunin, (3) freestyle, (3) medley.
 11 and 12 boys: Walter Kempner, Ted McLaughlan, Fred Ahlholm, John Alder, and Rick VanBenschoten, (1) freestyle, (1) medley. Girls: Amanda Wyckoff, Kim Genkinger, Lisa Jackson, and Lisa McCarthy, (2) freestyle, (2) medley.

13 and 14 boys: David Crane, Erik Jaffe, Richard Picut, Tom Fitzgibbon, Tim Harrigan, and Paul Jeka, (1) freestyle, (1) medley. Girls: Penny Levitt, Lisa Fericnicola, Carol Luckenbach, and Susan McLaughlan, (2) freestyle, (2) medley.
 15-17 Scotch: Pam Bieszcak, Jean Kascin, Paul Healy, Jack Crowley, and Barron Jaffe, (1) freestyle, (1) medley. Bo's Step-up: Russell Picut, David Luckenbach, David Crane, and Jack Crowley, (3) freestyle.
 Girl's Step-up: Beth McLaughlan, Lisa Wood, Carol Luckenbach, and Lori Fericnicola, (4) freestyle.

Training set for volunteers at adult center

A volunteer training session will take place at the Union County Regional High School Adult Learning Center in Kenilworth on Sept. 15 at 9:30 a.m. No prior registration is necessary.

Adults who wish to offer their services as volunteer aides in the Center's Adult Basic Education program should report to the temporary classroom unit at David Breairely High School, Monroe avenue, Kenilworth on Sept. 15. A spokesman said the most important requirements are an "outgoing, friendly personality, patience and a willingness to follow instructions." Volunteers will not be expected to prepare lessons or to originate material.

Anyone interested in working in the evening program and unable to attend the morning training session, may call Harry Linkin, director of adult and continuing education at 376-6300 Ext. 99, for an alternate schedule.

The Adult Learning Center will be open beginning Sept. 26 on Mondays, Wednesdays, and Thursdays from 9:30 a.m. to 2 p.m. and from 7:30 to 9:30 p.m. Trained volunteers may work on any schedule they can manage.

NOW conducts judo program

The Westfield Area chapter of the National Organization for Women now will present a program on self-defense techniques on Tuesday.

The program will be conducted by Kathleen Ynn, a student of Newark State for Fine Arts and Psychology and a brown belt in Judo. She will demonstrate how women can defend themselves in various situations.

The demonstration will be held at the Y-Teen House, 132 Ferris pl. in Westfield at 8:15 p.m. A \$1 donation will be collected at the door to defray expenses.

GARY CLOVER FUND

We wish to compliment the entire Mountainside community for the excellent response to the Gary Clover Fund. The strong spirit of helpfulness, so much a part of our town, has been most gratifying and rewarding to all of us involved in the fund.

Our heartfelt thanks to our neighbors, merchants and business concerns who again demonstrated their unselfish commitment to help others. This emotional support has helped to bolster the Clover family during this trying period.

All financial records are on file in the mayor's office, Mountainside Borough Hall, for public inspection.

Convert course

A 10-week course for prospective converts to Judaism will be offered by four rabbis in Union County beginning Oct. 5.

The 10 Wednesday evening sessions will take place at Temple Emanu-El, 756 E. Broad st., Westfield, from 7:30 to 9:30.

The course will offer instruction in basic Hebrew, a survey of Jewish history, an introduction to the Jewish holidays and a discussion of the principles of the Jewish faith.

According to the four rabbis sponsoring the conversion course—Gerald Goldman, Charles Kroloff, Howard Seldin-Sommer and Howard Shapiro—"Judaism is not a missionizing religion; nevertheless, over the centuries many persons have studied and accepted the Jewish faith and become part of the Jewish people."

Persons interested in further information about the course may contact

 SERVING THE COMMUNITY FOR OVER 23 YEARS

THE FIRST BOROUGH AMBULANCE—Police chief Charles Honecker surveys the first borough ambulance in 1948 with rescue squad member Francis Peterson. The ambulance was a re-conditioned hearse from Roselle Park.

Honecker

(Continued from page 1)
His father had always wanted to live in the country and he saw a newspaper ad about the wonders of New Jersey. When the Honeckers settled in Mountainside there were about 150 people in the borough and the 16 year old thought he would go mad in the country after just getting a taste of big city nightlife.
He was finished with school. He said a student finished eight grades at that time. It was considered quite an achievement. The future police chief then began in the carpentry business and eventually opened a contracting firm with his brother.
Honecker met his wife, the former Matilda Arnold of Elizabeth, at a party. They both cut quite a figure on the dance floor and Mrs. Honecker said she knew that night she was in love.
They married in 1927 and built a home near where the Half-Way House now stands. Honecker brought "my Tilly" to the site that he had purchased for \$300 and told her "Here's where we're gonna live."
Mrs. Honecker called herself an "unpaid member of the borough police department." In the early days, there were no radios in the police cars and if Honecker was out on patrol and his wife received a call of an accident or crime, she plugged in a big red light in front of their house and sent signals to her husband wherever he might be. The Honeckers now live on Summit road.
Being a one-man police force, Honecker could be found performing duties not normally associated with a chief. Adults now living in the community fondly recall the chief leading them by the hand at school crossings. And for all this he was paid \$1,400 a year.

approximately 180 students from first through eighth grades. Sarah Donelan, said Our Lady of Lourdes "strives to provide a quality education with an emphasis on religious, moral and ethical values and attitudes, stressing individual responsibility in learning, thinking and doing."
The religious education program for all grades will be taught by the Sisters of Carmel and by Mrs. Lois Polansky.
The multi-age program for children aged 3 to 6 will continue its five-day-a-week schedule. Miss Donelan said the program, in its fourth year, "provides an early and comprehensive beginning to a Christian-oriented education with an emphasis on intellectual, moral, social and physical training."
One new teacher has been added to the staff. Diane Ellis will teach first grade. She is a graduate of Southern Connecticut State College, with a B.S. degree in elementary education and a master's degree in reading. She has taught in Connecticut and Maryland.
Extra-curricular activities will include an instrumental music class for students in grades 4 through 8, a club activities program for third through eighth grade pupils and an after-school activities sports program.
Tuition at Our Lady of Lourdes is \$225 per child with a maximum of \$300 per family if more than one child attends.
Jonathan Dayton Regional High School officials are expecting almost 1,300 students—little change from last year—at the Springfield campus which serves Mountainside, too. A freshman-orientation session is scheduled from 9:30 to 11:30 a.m. Tuesday, and Wednesday will be the regular opening day for all Dayton students.
Teachers new to Jonathan Dayton Regional High are attending a brief meeting today, and the rest of the faculty will be back on the job next Tuesday.
The high school is opening with a new chief, former Asst. Principal Anne Romano, succeeding Principal Anthony Fiordaliso who died two days after graduation of the class of 1977. A number of Dayton teachers have worked during the summer to prepare new programs for fall, including a major re-development of the foreign-language program.

Will enter college

FAIRFIELD, Conn.—Jeffrey J. Kortina of Peachtree Lane, Mountainside, N.J., will be one of several New Jersey residents who will enter Fairfield University on Wednesday as part of the freshman class of 1981.

Teacher negotiations private meeting topic

(Continued from page 1)
Schmedel will present the package with their recommendations for approval to the board tonight.
Both Wood and Schmedel said that although the costs turned out to be too high, they are under a moral, and possible legal obligation to vote "yes" on the salary guide. The other five board members are under no obligation to accept the recommendation.
The New Jersey Education Association negotiator, Ann Whitford, said the memo of agreement may indeed be legally binding. She said precedents have been set in other counties in similar incidents, but since circumstances vary in each case it is difficult to predict what a court will decide.
Whitford said she "didn't know how anybody could make a settlement without costing and recosting." She said she's been in the negotiating business for ten years and has never seen "such a sloppy job" in accepting an agreement. The negotiator said she is of the opinion the board should "live with their mistakes."
The MTA president, F. William Ortolfo, said he will recommend the settlement to the teachers at a meeting on Tuesday and ask for the educators' approval at that time. Ortolfo said "as far as we're concerned we have a memo of understanding with the board negotiators. We were acting in good faith and assumed the board was doing the same." The MTA president said he finds it "incredible that the board would sign a memo of understanding accepting a salary guide without figuring the final costs."
The salary guide accepted in theory by both sides last month places each teacher on a step according to number of years of teaching experience and a horizontal level delineating educational advancement. There are 18 "steps" on the experience ladder and four categories defining educational levels.
Board negotiators Wood, Schmedel and attorney Carmine Liotta would not say how much over the prescribed

mediate application under the new rules.
THE BOARD said the most any of the four men could lose money-wise would be the \$1,875 each campus athletic director received last year in addition to his regular teaching salary. Board member Marilyn Hart of Mountainside said that stripping faculty members of athletic directorships is analogous to stripping an English teacher of part-time duties as a yearbook adviser or dramatics director. "They aren't being fired."
But English teacher Regina Rice, president of the Regional Education Association, said that "is no real rationale," and teachers are "shocked and disgusted" by the athletic shakeup.
Most of the audience consisted of Clark residents, who also brought petitions signed by 1,800 persons. They pleaded with the board to postpone the reorganization until Peragallo obtains a supervisory certificate.
David Oliver, head football coach at Dayton, sought a postponement on broader grounds.
"Your timing (of the reorganization) has been extremely poor," Oliver told the board.
Recruiting candidates for the new management positions, Supt. Donald Merachnik and Asst. Supt. Charles Bauman followed board instructions to advertise both inside and outside the district. Bauman said any out-of-district appointee would probably have to give 30 to 60 days notice before leaving another job to come here. Thus, one or more Regional campuses could be operating for weeks and months without any athletic director.
Oliver said it is "extremely difficult" to start the school year without athletic directors to coordinate distribution of equipment and supplies, scheduling and other details. Several other coaches and physical-education teachers commented that, as one of them put it, "the timing simply couldn't be worse."

limits the final costs figures are. They all did agree, though, that the figure is substantial when considered within the framework of the Mountainside district budget.
SCHMEDEL SAID he personally feels "sorry and let-down" the mistake was made in the preliminary calculations. He said he feels "some sort of personal responsibility" since he initiated the agreement. But, he added, the overcost is "much too much to be ignored or say the amount is something we can live with."
Wood said as negotiating chairman he would "shoulder the responsibility" for the snag. He said he thought the figures he had when he signed the memo of agreement were the final estimates, but it was not until after the Aug. 15 meeting that the figures were computed for each teacher and totaled. Wood said he probably should have had those figures before he signed the memo.
The teachers have indicated to the board representatives they do not want to meet again and will proceed as planned, most likely ratifying the agreement.
It is expected the board will not accept the proposal. If either side rejects the proposed salary guide, it is possible negotiations will resume.
This round of negotiations was started last fall and board members hope to come to terms soon, so they can begin next year's talks. It is a board goal, though it has never been met, to settle contracts before the new budget comes out in February.
Schmedel said he "can sympathize with the teachers" and he is "not happy with the situation either," but he hopes the teachers "can understand the problem."
Ortolfo concluded that "this was the year the teachers really wanted to cooperate with the board." He said he was "sorry the board has taken this attitude. I thought we had this whole thing settled."
Board member Roland Hecker of Berkeley Heights said he supported the plan, "despite the chaos of poor timing," as being less objectionable than the alternative considered by the board majority. Members Stephen Marcink and Virginia Muskus of Clark, William Keyes and Hecker of Berkeley Heights, Dr. Hart of Mountainside and Charles E. Vitale Jr. of Kenilworth, the board president, supported the reaffirmation of the third roll-call vote of the night.
In the first roll-call vote, Natalie Waldt and Margaret Hough of Springfield and Hecker backed John Conlin of Garwood in his futile attempt, loudly applauded by the audience, to postpone the reorganization until September, 1978. The Conlin amendment failed, 5-4, in an emotional showdown.
"I don't respect your smart-aleck remarks," Conlin told Keyes during the amendment battle, and Keyes replied: "Get yourself under control."
Conlin later apologized publicly to Keyes, who said the apology was "not necessary — I appreciate your depth of feeling on the issue." But meanwhile Vitale gaveled for order as shouts of "Attaboy, John" and "Yea Conlin" rose from the audience.
IN THE SECOND roll-call vote, Hecker joined Conlin, Waldt and Hough in voting "no" on the athletic reorganization. The other five voted "yes." John O'Hara, the board secretary, said the motion had carried 5-4. He was promptly contradicted by Hecker.
"It did not carry," said Hecker. "It takes six votes, not just five, to eliminate a position," and Brown's district-wide position was being eliminated.
Tumult reigned for the next seven minutes while impromptu discussion groups formed, both at the board table and in the audience. Even from the front row of the audience, nobody could hear what was being said at the board table, although it was clear — from lip movements — that Supt. Merachnik and the board attorney, Franz Skok, were among those commenting. They

Dayton teacher becoming student

Shiley to seek master's in conducting

After many years as a full-time teacher, E. Edward Shiley is about to become a full-time student.
Shiley, director of both the Jonathan Dayton Regional High School vocal music department and the award-winning Dayton Chorale, will be on a one-year leave of absence. He will attend the graduate school at Westminster Choir College, Princeton, for a master's degree in choral conducting.
This will be something of an anomaly for the one-time farm boy from Stephens City, Va., in that he has actually been conducting choirs and choral groups in the United States and overseas—both civilian and military—formally since 1964. However, while Shiley received a bachelor of music education degree from Westminster in 1966 and took a graduate course in devices of musical force in 1972 from Trenton State College, he has long wanted a master's degree.
Shiley became interested in music and choir work as a youngster in Stephens City. In high school, he accompanied the school choirs and subsequently conducted the choir of the church which he attended.
While at Westminster Choir College, Shiley was student conductor of the college choir and sang with the choir under the direction of Leonard Bernstein, Leopold Stokowski, Eugene Ormandy and Sir Malcolm Sargent. He also sang for two summers with the Diamond Hill Community Chorus, Berkeley Heights. Shiley was choir director for the First United Methodist Church, Trenton, from 1964 to 1968 and

E. EDWARD SHILEY
again in 1971 and 1972.
There, among other things, he also arranged exchange concerts with other churches, conducted city-wide ecumenical vesper services and arranged a monthly concert series featuring vocal and instrumental art. The missing three-year period spanned his navy days.
After graduating from college in 1966, Shiley joined the Northern Burlington County Regional High School in

Columbus as choir director music teacher. In 1967 he switched to David Brearley Regional High School, Kenilworth, as choir director and produced "South Pacific," the first of a series of musical productions for which he received considerable praise.
His production of "South Pacific" was more than appropriate for what was to follow because, the following year, he not only joined the U.S. Navy but was subsequently shipped to the South Pacific and Vietnam.
WHILE IN THE NAVY, Shiley started out as assistant director of the Bluejacket Choir at the Great Lakes Naval Training Center in Illinois. His responsibilities included running an extensive choral program of up to 500 voices, as well as auditioning all applicants to the choir. In addition, he organized the choir into Catholic, Jewish and Protestant groupings for their respective chapel services as well as for weekly review concerts.
His transfer to the Nha Be, Vietnam, navy base opened new horizons for Shiley. Once there, he founded the Nha Be Navy Choir and became its first conductor. The choir served as good will venture for the navy, performing before Vietnamese organizations, churches and in the homes of officials there; USO programs, in hospitals and at military chapels. In addition, Shiley wrote and directed a Christmas show for the Armed Forces Television, his first TV venture and the choir represented the U.S. in the Saigon International Christmas Music Festival, the first of his international music festivals.
Among his other firsts in the navy were the numerous commendations he received for his choral work.
Shiley's advance in the choral music field became even more noteworthy following his discharge from the navy and his "enrollment" in 1971 as director of vocal music at Jonathan Dayton Regional High School. He developed the vocal department from one 60-voice choir to a graded program of four choirs—including the award-winning Dayton Chorale—with a total of 170 voices and two teachers. The Dayton Chorale has won numerous awards not only in the United States, but also in Mexico and recently in Canada.

Court hearing held for assault on police

A preliminary hearing was held last week in Mountainside Municipal Court for a Westfield man accused of assaulting three borough police officers. Frank Constantino is being held in lieu of \$5,000 bail in Union County Jail.
He is charged with three counts of assault, one count of malicious damage and one count of disorderly conduct. Constantino was arrested Aug. 20 at

Chrone's Tavern on Mountain avenue. Police reports said he kicked and spit on Officers James Debbie and Jose Pires and Det. Stephen Somancik. According to police, Constantino also kicked out a patrol car window enroute to police headquarters.
In other court action, Judge Jacob Bauer found an 18-year old Cranford youth guilty of possessing less than five grams of hashish.

William Joseph Gottas was fined a total of \$65 and placed on two months supervised probation. He was also found guilty of illegally possessing beer in a park area. He was arrested by Union County Park Police in Echo Lake Park. Gottas was fined \$20 for the alcohol charge.
Bauer also found Edward Silverstein of Springfield guilty of damaging park property in Watchung Reservation. The 18-year old was fined \$35 for breaking glass in the area, throwing garbage around park property, throwing two wooden horses in the lake and throwing a bench up on the roof of a building.
In traffic court, Anthony Coppola of Jersey City was fined \$215 for driving under the influence of alcohol. His license was revoked for three months.
Bauer found two drivers guilty of careless driving. Martin Romeo of Berkeley Heights and John Burns of Piscataway were each fined \$20 and \$10 in court costs.
Hughes Rodriguez of Plainfield and Gordon Grav of Mountainside were each found guilty of operating an unregistered vehicle and fined \$10 each and \$5 in costs. Rodriguez was also fined an additional \$20 for passing on a marked shoulder.
Bauer fined Albert Brown of Newark \$20 for failing to have his vehicle inspected and \$10 for contempt of court. Todd Stickle of Millington was fined \$20 for not having an insurance card in his possession.

Effort to lure companies to county started by unit

Area businessmen are being asked to support an effort by the Union County Economic Development Corp. to lure more business to the county.

The non-profit corporation—which grew out of the Board of Freeholder's economic development panel—mailed letters to businesses this week asking them to support the drive with cash. Private participation is needed to retain \$45,000 in U.S. Department of Housing and Urban Development community revenue funds pledged to

the corporation by Union County and Elizabeth.

The corporation's aim is to assist businesses in locating in Union County and assist existing county businesses in dealing with governmental procedures when they expand.

Walter C. Money, president of the corporation, said that "by monetarily investing in this new approach for economic stability in the county, business and industry can show their vision of and optimism for the future."

Money, a vice-president of Elizabethtown Water Co., said the corporation "will be able to help the small companies already established and any new companies seeking to locate here. Our corporation will be able to lend its support and prestige in helping a small company attract investment money and find a suitable county location for expansion or settlement."

Infant program begins sign-up

The Union County Unit of the New Jersey Association For Retarded Citizens this week announced openings for registration in its Infant Stimulation Program held at the Faith Lutheran Church in Murray Hill.

Children are accepted as early as possible into this program, a spokesman said, because it is the time between birth and six years of age that the foundations for future learning are established, how a child develops will be determined to a very great extent by the amount and type of stimulation in his environment.

Entrance into an Infant Stimulation program generally follows a referral by a doctor who has ascertained that a child is not at the appropriate developmental level. The incoming child is evaluated in order to design an individualized program appropriate to that child's needs and home environment. The key component is parental involvement. One of the goals of Infant Stimulation is to teach parents how to help their children.

Additional information is available from Mrs. Pam Venckus, Kohler Child Development Center, at 925-2390.

Adult courses offered at UC

Registration is currently under way for more than 50 non-credit courses to be offered at Union College this fall by the Division of Special Services and Continuing Education.

Courses are offered evenings and weekends to accommodate adults and range from one-day workshops to 10-week courses, depending on the material to be covered. Dr. Dee said.

Prospective students may register in person Monday through Friday from 8:30 a.m. to 4:30 p.m. and Wednesday, September 7, and Thursday, September 8, from 6:30 to 8 p.m.

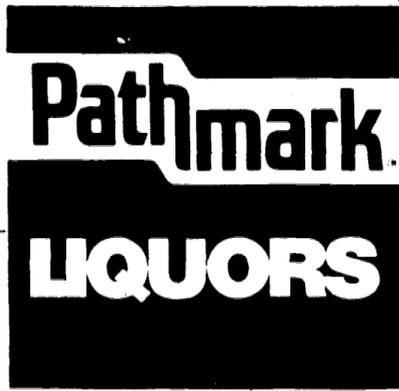

A full listing of all courses is available on request from the Division of Special Services and Continuing Education, 276-2600.

Area hospitals preparing for free eye tests

Free eye tests, as part of Eye Health Week, will be given at five county hospitals during the week of Sept. 25 to Oct. 1. The Medical Society of New Jersey in cooperation with the New Jersey State Commission for the Blind and Visually Impaired, as well as other agencies, will conduct the annual program for all persons 35 years or older.

Participating hospitals and their schedules are: Elizabeth General, Sept. 26, 1 to 3 p.m.; Muhlenberg (Plainfield), Sept. 26 and 29, 1 to 3 p.m.; Overlook (Summit), Sept. 26 and 29, 1 to 3 p.m.; Rahway, Sept. 28, 1 to 3 and 6 to 8 p.m.; and St. Elizabeth, Sept. 27, 1 to 3 p.m.

The tests are designed to prevent blindness, of which two major causes are glaucoma and cataracts. One of every eight blind persons today is a victim of glaucoma, according to the commission. In many cases, the person's sight could have been saved with an earlier detection of the problem.

Cataracts have only one known possible cure—surgery. Although repairing cataracts is a delicate operation, the commission says, the surgery has been perfected to a point where it is safe and effective.

Glaucoma is basically the building up of fluid pressure in the eyeball while cataracts involve the clouding of the lens within the eyeball which blocks the passage of light rays necessary for sight.

Freund joins campaign for Byrne election

Howard Freund of Elizabeth, one of Governor Brendan Byrne's opponents in the June primary election, this week announced he will campaign actively for the governor's reelection.

Freund, a two-time congressional candidate, said he is supporting Byrne because the governor is "an honest decent man."

"The governor's Republican opponent is a hypocrite," said Freund. "Today it's popular for him to be against the income tax. But the record of Sen. Raymond Bateman shows that he supported the income tax in 1972 and voted for it in 1975 and 1976."

Freund said he plans to speak out against Bateman throughout the fall campaign.

"The governor has done an excellent job in bringing a successful sports complex to the Meadowlands, in bringing new industry to New Jersey and in assisting the redevelopment of Atlantic City," said Freund.

Red Cross planning boat trip up Hudson

The special projects committee of the American Red Cross of Eastern Union County headed by Genevieve Pascale DiVenuto and Chris Hanns is sponsoring a trip up the Hudson on Saturday, Sept. 10. The boat ride will be to Poughkeepsie with stops at West Point and Bear Mountain.

Further information is available from the Red Cross at 353-2500.

Jimmy Breslin opens crime seminar at UC

Jimmy Breslin, author and columnist, will open Union College's Public Forum on Crime, Justice and Punishment in America with a keynote address on Wednesday, Sept. 28, at 8 p.m. at Cranford High School. His topic will be "Crime: An American Paradox."

The six-part public forum is funded by a grant from the New Jersey Council for the Humanities and will explore major issues related to crime in America, including street crime, organized crime, prosecution of criminals and punishment. All forum lectures are open to the public at no charge and will be scheduled at locations throughout Union County to assure maximum community participation.

Breslin, a nationally syndicated columnist, whose column appears locally in the Daily News, has received several national awards for crime-

related stories. He is best known for his coverage of the assassinations of John Kennedy, Martin Luther King and Robert Kennedy.

Breslin has a number of books to his credit, including "The Gang That Couldn't Shoot Straight" and "How the Good Guys Finally Won," which was on the bestseller list for six months and which was selected by "Time" magazine as one of the most important political books of 1975.

The Crime, Justice and Punishment Forum is intended to give participants an insight into the criminal justice system with an emphasis on the causes of today's pervasive crime and the imperfections that exist in the administration of justice, according to coordinator Dr. Donald Schmeltekopf.

Breslin's keynote address will be followed by five lecture-discussions on specific issues related to crime.

Bradley to talk at luncheon for women Dems

Bill Bradley, former New York Knicks basketball star seeking a political career in New Jersey, will be guest speaker at a luncheon sponsored by the Union County Democratic Women's Club Sept. 24 at Town & Campus, Union.

The luncheon will honor Mayors Barbara Brande of Cranford, Joanne Rajopi of Springfield and Ann B. Wodjanski of Scotch Plains, and Veronica Leonard of Linden, assistant Union County counsel.

Grace Lubman of Springfield, president of the organization, said general chairman of the event is Sophie B. Baranski of Union. Other luncheon committee members include Mercedes Becker of Union, Renee Booker of Roselle, Lucy DeVries of Springfield, Christine Quatrone of Springfield, Estelle Argyros of Roselle and Edna Merrill of Roselle.

More information on the luncheon may be obtained by writing to the Union County Democratic Women's Club at Box 474, Cranford 07016, or by calling 272-5422.

Auditions to be held

The Revelers Dramatic Club this week announced auditions for the hit musical, "Damn Yankees!" to be held at the Kings Row Restaurant, Main street in Rahway, on Sept. 7 and 8 at 8 p.m.

Don Gordon, Director, will cast up to 25 of all ages for the production, scheduled to run five consecutive Friday and Saturday nights beginning Oct. 28.

The Revelers' 1977-78 season will begin on Sept. 30 with the newly released comedy "Absurd Person Singular." The winter and spring schedule also includes "Habeas Corpus," "Gypsy" and "The Mad Show."

All performances are held at the Kings Row Restaurant at 8:30 p.m. Further information about reservations and group rates is available by calling 574-1255.

Thyroid tests offered to patients who received radiation therapy

Elizabeth General Hospital will offer thyroid examinations without charge to individuals who received radiation therapy for a number of non-malignant conditions almost 30 to 40 years ago, it was reported by George F. Billington, Hospital president.

Such individuals may have a slightly increased risk of developing thyroid disease and should be examined by a physician. Radiation therapy was administered to infants and children through the 1950's for medical conditions including acne, tonsillitis, sinusitis, enlarged thymus, and other minor disorders of the skin, scalp and throat.

The therapy was considered standard medical practice at that time but has since been linked to the development of thyroid disease. A nationwide educational effort is being conducted in an attempt to locate those who received such treatment.

"There is no need for the public to be alarmed—the probability is that very few thyroid problems have developed—

but it would be wise for individuals who know or suspect that they were treated with radiation therapy for non-cancerous conditions in infancy or childhood to contact the Green Clinic at Elizabeth General Hospital for a free examination or to see their personal physician," said Billington.

The examination is simple and painless and takes just a few minutes, the hospital president added.

Elizabeth General Hospital is also attempting to privately locate some thirty patients who, based on the hospital's own medical records, were treated with radiation therapy.

For additional information about the link between radiation therapy and thyroid disease or for an appointment for a free examination, persons should contact Elizabeth General Hospital at

Methodists to observe anniversary

During the week of Oct. 9 through 16, the United Methodist Church of Springfield will celebrate 150 years of service locally. A committee of 30 members is meeting weekly to structure the week's event.

The refreshment committee is headed by Mrs. George Reimlinger. William Rossette will oversee the worship. Theodore Reimlinger is responsible for a historical account. Mrs. Spencer Cannon is the chairperson for the invitation committee. Everett Neumiller is the chairperson for the program committee.

Beginning with a Laity Day service on Oct. 9 at 10:30 a.m. there will be nightly programs with various organizations of the church responsible. Sunday evening is Youth Night. Monday is devoted to United Methodist Men; Tuesday, United Methodist Women; Wednesday, German night, Thursday, choir night; Friday, founders and family night, and Saturday, community night.

The celebration will culminate in a 150th anniversary worship service with the Rev. John Dexheimer, Easter District superintendent of the Northern New Jersey Conference, as the speaker. The public has been invited to all of these programs.

Marion Taylor; former resident

Marion R. Taylor, who died on Aug. 18, at the age of 58 in San Diego, Cal., was formerly a resident of Plainfield and Mountainside.

Funeral services were conducted at the Scatteringill Mortuary, San Diego. Mrs. Taylor was the widow of John R. Taylor Jr. She is survived by two children, John Charles Taylor of Seattle and Lynn C. O'Brien of San Diego, and three brothers, John P. Romer, of Plainfield, Walter P. Romer, of Nagshead, N.C. and George J. Romer of Miami.

MRS. HERBERT HAGEL, vice-president of the Mountainside Woman's Club, was the guest of honor at a recent tea given by the Sao Paolo Woman's Club during a summer visit to Brazil. The Sao Paolo group is affiliated with the General Federation of Women's Clubs in Washington, D.C., as is the Mountainside group. There are 250 members in Sao Paolo. The majority are American and English is spoken at the club.

Children's Hospital completes addition

Its new, 60-bed addition complete, Children's Specialized Hospital, Mountainside has just moved 40 young patients into their new quarters.

The two-level structure has a 30-bed unit for pre-adolescents plus a 30-bed section for teenagers.

"It will be another year before all renovations to our existing buildings are complete," explained Richard Ahlfeld, Director of Administration. "All patient areas, the kitchen and dining area are finished, but work still has to be done in the therapy departments, outpatient classrooms, medical staff area and the clinic and X-ray sections."

Now in its 86th year, the hospital is nearing completion of major construction, begun in November, 1975, which has increased bed capacity from 37 to 60.

Numerous conveniences for the handicapped patient have been incorporated into the design and construction of the modern addition, Ahlfeld noted. Hallways and doorways

are wide enough to accommodate wheelchairs and stretchers, lower handrails for a child's height line the corridors, water fountains and telephone booths are low enough for the wheelchair-bound to use and the four-bed rooms can be seen directly from the unit nursing station, insuring greater personal supervision of the young patients.

An expanded dietary department and a new physical therapy pool are highlights of the addition, which boasts a brightly-decorated interior, Ahlfeld said. In addition, visitors to the new building will arrive at a ground level entrance covered by part of the second floor, protecting people and patients from inclement weather.

With patients moving into the addition, the first phase of the building project is realized, Ahlfeld said. The second phase includes alterations to the existing hospital and will expand outpatient services and therapy areas.

CUT CAR COSTS
If your budget could use some savings, why not try to drive down automobile costs?

In 10 years, that new car you buy this year may cost you from \$12,000 to \$18,000 depending on its size.

The per-mile cost for 1976 standard size cars is about 18 cents. Compact cars cost almost 15 cents a mile and sub-compacts are not far behind at 12.6 cents.

These figures include total costs of purchasing (not including credit costs), maintenance, gas and oil, insurance and taxes for a car bought new and driven 100,000 miles over a 10 year period.

If you don't drive your car for 10 years or for that many miles, the cost per mile would be even greater. Depreciation is high in the first few years, but the longer you own the car the more the costs for repair and maintenance may be.

little generator's owners for the power thus purchased.

Con Edison objected on grounds that the influx of wind-generated electricity might somehow mess up its system. (This was funnier prior to the last blackout, of course.) The important aspect of this seemingly trivial legal event is that a precedent has been set which can have vast future overtones.

One can speculate on the possibility of all of us one day hooking our windmills or whatever other kinds of generators into the nation's power grid, paying for electricity we take, and being paid for electricity we contribute.

Maybe the old electric meter on the side of the house will become a two-way gadget. This is an idea which has little appeal to the typical utility company, which would rather keep on selling us electricity.

But I find it fascinating. One of the major weaknesses of the nation's electrical system today, aside from growing fuel shortages, is the vulnerability inherent in production being limited to relatively few massive generating stations. One can even foresee a myriad of power sources in the future—power from the people, as it were.

Returning to today, however, solar power is being most practically manifested through heating of water. Direct conversion of sunlight to electricity via solar cells is possible, but still prohibitively expensive in terms of the man in the street.

But there is encouraging word on research at a number of industries which know a good thing when they see it. They are working hard to perfect more efficient and cheaper solar cells, and it may well be that solar power will become practical before fusion power. Solar power won't have radioactive hydrogen as a dreadful byproduct, either.

Opera studies scheduled at Kean College

A maestro who has conducted opera across the United States will share his knowledge of the opera world in a new evening non-credit course, "The Pleasures of Opera," this fall at Kean College in Union by the Center for Continuing Education.

Dr. Louis Huber, a member of the Kean music faculty, will draw on his experience as a conductor in San Francisco, New York City, Colorado Springs, and elsewhere, to teach new ways to view and listen to opera. The course, which will start Monday, Sept. 26, will include five weekly lectures and optional trips to hear opera performances in New York City.

Dr. Huber is violinist with the Kean College Performing Arts trio as well as instructor in music. Before coming to Kean, he was conductor and music director of the opera department at San Francisco State College. He has studied music in Italy and Austria, and in 1958 was selected by Boris Goldovsky to attend the Opera Leadership Program at the Berkshire Music Center.

The course fee is \$25 and does not include ticket and transportation costs. Registration deadline is Sept. 19. Additional information can be obtained by phoning 527-2163.

Public invited at Seeing Eye

The Seeing Eye, Inc., dog guide school will hold an open house at its Washington Valley road headquarters tomorrow from 10 a.m. to 3 p.m.

Anyone attending the event will be given a tour of the facility, have a chance to view films and exhibits and have the opportunity to see Seeing Eye dogs in training with their instructors.

The school is located on Washington Valley road off Route 24, approximately 1.8 miles west of the Morristown Village Green.

Today's noise is much louder

Continued exposure can affect hearing

By AUDREY LIKELY
Exposures of Americans to very loud sounds have increased steadily over the past quarter century. These exposures are not limited to industrial workplaces, because during this time period we have developed much louder recreational activities as well. Even our music has grown louder.
Continued exposure to loud sound

may cause hearing impairment. Warnings to the general public about this noise hazard have been common. Industries have set up hearing testing programs in an attempt to detect any changes in a worker's hearing as early as possible in their development so that steps can be taken to prevent further hearing impairment. But, are these testing programs adequate enough for

accomplishing their stated purpose? Current programs for the early detection of hearing impairment are based upon measurements of hearing thresholds. The threshold of hearing for a particular sound is the quietest level at which that sound can be heard. Certainly, when a person's hearing threshold becomes worse, we can say that he (or she) has a hearing impairment.

In a paper given at the June meeting of the Acoustical Society of America, researchers at the Environmental Acoustics Laboratory of Penn State reported that they have observed two other types of hearing change that occur as a result of noise exposure. One of these is a change in the ability to detect small increases or decreases in the loudness of sounds and is called differential sensitivity. The other is a change in the ability to recognize the presence of a sound in a background of noise.

Hiding a sound by mixing it with a background noise is referred to as masking. Neither of these noise effects on hearing is measured by the current hearing threshold testing programs used in industry. In addition, research at the Environmental Acoustics Laboratory has shown that, in some cases, changes in differential sensitivity and in masking can occur when no change in threshold can be detected. Thus, existing hearing testing programs are not adequate for detecting any changes in a worker's hearing as early as possible. They can only detect one of the types of hearing change that can follow noise exposure.

Everyday listening situations for understanding speech make use of differential sensitivity and masking. So, changes in these aspects of hearing could result in losses in the ability to understand speech. This is a particular problem when background noise is present. Clearly, measurements of differential sensitivity and masking should be included in testing programs for the early detection of noise-induced hearing change.

Currently, researchers at the Environmental Acoustics Laboratory are developing a battery of tests that include traditional threshold tests as well as tests for differential sensitivity and masking. Industrial hearing testing programs would make use of these tests along with threshold tests in a test battery. Thus, noise-induced hearing changes could be detected early in their development no matter what the nature of the change may be. This approach would significantly improve the effectiveness of hearing conservation programs.

Benefit rates to rise for those out of work

Benefit rates for 1978 for workers' compensation, unemployment insurance, temporary disability insurance, and the new unemployment insurance taxable wage base were announced this week by John J. Horn, commissioner of the N.J. Department of Labor and Industry.

The maximum weekly benefit amount for unemployment insurance and State Plan temporary disability insurance has been set at \$110 for 1978. This new rate, a \$6 increase over this year's maximum, will be effective to all new unemployment insurance benefit years and all periods of disability which begin on or after Jan. 1.

The new maximum weekly benefit rate for workers' compensation temporary total disability, permanent total disability and dependency will be \$146 per week effective next Jan. 1. This represents an additional \$8 over 1977 for claimants.

Commissioner Horn said that the maximum weekly benefit for unemployment insurance and State Plan temporary disability insurance is established by law at 50 percent of the average weekly wage figure for 1976. The average for this year was \$218.07. Fifty percent of this is \$109.33 which rounds out to \$110.

The law stipulates that for the purpose of these benefits the round should be upwards to the next whole dollar. The new maximum benefit rate is effective only for those claims filed as of next Jan. 1 and thereafter during 1978.

The average weekly remuneration for individuals covered by workers' compensation is set by law at two-thirds of the average weekly wages during 1976. In this case, two-thirds of \$218.07 is \$145.78 which rounds to \$146.

The 1978 taxable wage base under the Unemployment Compensation Law calls for the wages of any individual with respect to any one employer for the purpose of contributions to include

the first \$6200 paid during the calendar year 1978.

These rate figures are annually released before Sept. 1 in accordance with New Jersey laws.

Commissioner Horn said, "Benefits from our income security programs have elasticity according to the average weekly wage. It is evident that if salaries go up, the benefits go up. And if earnings come down the benefits will come down."

Week-long sale for Valley Fair

The Valley Fair Discount Department Store on Springfield avenue, Union is conducting a warehouse sale through Labor Day, Monday.

Merchandise from all Valley Fair stores and warehouses has been assembled in a spacious special area at the north end of the Union store to be sold at discounts of from 50 to 70 percent on wanted brand name items.

Toys, hardware, sporting goods, health, garden, lumber, accessories, shoes and paper and party goods apparel are all a part of this major event. A Valley Fair spokesman emphasized that fresh and new merchandise would be available throughout the six-day sale.

Valley Fair buyers suggested that customers stock up on Christmas gifts for the whole family as well as on items for everyday use.

The warehouse sale has been scheduled to appeal to pre-holiday as well as holiday shoppers. Hours are 9 a.m. to 9:30 p.m. Today through Saturday, 9 a.m. to 5:30 p.m. Sunday and 9 a.m. to 6 p.m. Monday, Labor Day.

As usual, the regular departments also offering sales will be operating at the Valley Fair, in Union.

Jobless rate firm

New Jersey's seasonally-adjusted unemployment rate remained at 8.6 percent of the labor force in July after having declined steadily through the first half of this year. Commissioner John J. Horn of the New Jersey Department of Labor and Industry has announced.

Unemployment in July totaled 284,500 on an adjusted basis compared with 284,300 in June and 376,300 at the recession peak in November 1975.

Horn noted that the unemployment rates of 8.6 percent in June and July were the lowest since January 1975 when it was 8.1 percent. At the recession high, the unemployment rate was 11.4 percent during the months of September through November 1975.

Horn also announced that the department's monthly survey of employers showed that New Jersey's nonfarm wage and salary employment increased by 9,700 in July

Thursday, September 1, 1977 to a record level of 2,810,100, after seasonal adjustment. An over-the-month increase of 17,200 in the nonmanufacturing sector more than offset a decline of 7,500 among manufacturing industries.

Canon EF
The ultimate electronic SLR

"Sophisticated" is an understatement for the Canon EF. It incorporates so many advanced features that it's almost a design tour-de-force. At its heart is a superb, shutter preferred automatic metering system, based on a silicon blue cell for superior performance in low light and instant response to changing conditions. The shutter is both electronic and mechanical (1/2-1/1,000 sec. mechanical, 30-1 second electronic) so that should the battery fail, the camera is still completely operational at all normally-used speeds. The EF is a remarkable camera that must be handled to be appreciated.

- Shutter-preferred full automation with a wide range of shutter speeds
- Unique electro-mechanical shutter
- Ultra sensitive and responsive Silicon metering cell
- Accepts all FD lenses
- Easy multi-exposure shooting
- All metering information shown in viewfinder
- Accepts CAT flash system
- Wide variety of accessories available

Charlie Yates; Carolina native

Funeral services have been held for Charlie Yates of Charles street, Linden, who died last Thursday in Alexian Brothers Hospital, Elizabeth.

Mr. Yates, a native of Sumter, S.C., lived in Linden for the past 29 years. He retired in 1974 after 25 years with the former W.T. Grant store in Elizabeth as a porter. He was a member of the First Baptist Church of Linden.

He is survived by his widow, Mrs. Mae Pearl Yates; a daughter, Mrs. Myrna Coleman of Linden; three sisters, Mrs. Bertha Yates and Mrs. Emily Haynesworth, both of Linden, and Mrs. Mammie Wells of Newark; and three grandchildren.

Arrangements were completed by the G.G. Woody Funeral Home, Roselle.

Soccer Scene

By BILL WILD

"We're number one, we're number one," was the chant heard on the radio from the Cosmos' locker room after they defeated Seattle, 2-1, for the North American Soccer League championship. Steve Hunt of the Cosmos was voted MVP of the game for scoring the first goal and assisting on Giorgio Chinaglia's winning goal late in the game.

Chinaglia scored nine goals in the playoff series to make us no-believers eat our words when we said he was hurting the team during the regular season. Giorgio had his bad luck all at once in the beginning of the season and made many fans doubt that he should even be on the starting team; but he has changed that feeling around this last month.

The Cosmos-Seattle game was beamed around the world and the two teams as well as the NASL showed the world that soccer in America is nothing to be taken lightly any more. The game was just as good as any of the European matches that are seen on various TV stations on Saturdays and Sundays.

The NASL surely used the best officials available for the match and I would like to say they did a superb job, but I can't. The Cosmos won the match so you can't say it is sour grapes, but some of the calls and half of the yellow cards going against the Cosmos were ridiculous. The linesmen weren't any better. I didn't see anything in the newspaper about the poor officiating, but I am sure if the Cosmos had lost the game, there would have been many things about it.

After watching the game on TV for a while we got the idea to turn down the sound on the TV set and tune in WOR radio. We were lucky as it worked out fine. When the TV commercials were on we still heard the game on the radio and when the radio came on with a commercial we were able to watch the game on the TV.

I know the commercials pay the freight, but the TV broadcast was too much. If I were not a Cosmos fan living in "Cosmos Country" I would have tuned out the soccer game. I got the impression that I tuned in the station to watch the commercials and see a little bit of the game. The big network could learn something from Channel 11 on how to make commercials for soccer games and when to break away from the game to show them. The radio broadcast was excellent.

The Cosmos are not the only pro soccer team in the state with a championship in mind. The New Jersey Americans, who are coached by Unionite Manny Schellscheidt are closing in on the American Soccer League championship.

By the time you read this column we will know if they won their semi-final round last night. If they did win they will be scheduled to play in the ASL final at Rutgers on Sunday at 4 p.m. against the western champions. If the Americans do not make it to the finals, either New York or Connecticut will represent the east. I am putting my money on the New Jersey Americans to go all the way.

Judge fines man \$215 in court

Polish Home grabs crown in 'A' division

Polish Hall emerged victorious in the playoff for the National League A division crown, beating Essex Bar and Grill, Monday evening, 15-10. The contest concluded the slow-pitch softball season sponsored by the Linden Recreation Department. The teams had been tied at the end of regular season play.

The game's outcome had no impact on the league title which was captured by B division winners, Linwood Inn. The Inn wrapped up the crown several weeks earlier by way of its 18-4 record. Polish Hall had moved into the first place with Essex by virtue of a 14-3 pasting of Hubies. Five Hall players contributed three-hits apiece to the victory.

In the battle for the American League championship, Old Pub—kingpins of the D division—routed Old Pub A.C., the C winners, 20-4. Old Pub pounded out 27 hits in recording its 11th straight victory. Kurt Wolf and Kevin Maguire each had four hits in as many trips to the plate. Norris Freel won his 16th game in 21 trips to the mound for Old Pub.

The only remaining contest saw Old Stock edge Key Olds, 65, as Kevin Rodgers, son of Mr. and Mrs. Leonard Rodgers of Hussa Street, has completed recruit training at the Naval Training Center, Great Lakes, Ill. He joined the navy in May.

YOU AND YOUR MONEY Insurance on homes requires evaluation

By JUDITH G. RHOADES
Q. We have been having our life insurance program reevaluated, and my brother made the comment that we should probably do the same with our home insurance. I know it is a wise thing to do. I also thought perhaps it would provide a timely subject for your column.

A. You are so right. According to John H. Bretherick Jr., who is the executive vice president of the Continental Insurance Companies, there are more underinsured homes today than ever before.

All over the country, there are examples of families finding out that even though a house is insured for damage against fire, the inflation which has taken place since the house was originally insured could actually rob them of replacing their home, if the tragedy of fire should befall them.

The construction cost index as compiled by the U.S. Department of Commerce shows a more than 100 per cent increase in building costs in the last 10 years. That statistic reveals the cost of building materials and home repairs have risen faster than the cost of other consumer products and services.

If you have not had the value of your home reappraised in the last few years, it would be in your best interests to do so as soon as possible. If monetary cost prevents you from employing the services of a professional appraiser, it is possible to use a general insurance broker. A good agent will provide you with guidelines for you personally to perform many of the tasks of a true real estate appraiser. This should also teach you how to remain up to date on your home insurance.

Most insurance policies will provide up to 80 percent of replacement cost. If your home insurance is not at this level,

PTA flea market
The Winfield Park PTA will sponsor a flea market on Sept. 24 from 10 a.m. to 4 p.m. at the school. The rain date is Oct. 1. Table space is available and interested parties may call 486-2531 or 425-7523.

Art exhibit is slated
The 26th annual outdoor art exhibit of the Linden Art Association, sponsored by the Recreation Department, will be held on Sept. 17 from 10 a.m. to 4 p.m. in front of City Hall.

naturally it will cost more to update it. Most states, however, are allowing a higher deductible figure.

The most prudent buyers, according to Bretherick, opt for the highest amount of coverage, rather than the lowest deductible.

Because of inflationary problems, it is possible to purchase home insurance with special inflation adjustment clauses. These policies have fixed percentage increases which will keep in step with the construction cost index. Of course, your premium will rise with it, but it is an easier method of keeping up to date with the current value of your home.

Nothing could be worse than to have a disastrous fire, and find out you were not properly insured.

Q. I recently had my house painted. Not only that, I had the majority of my landscaping painted also. I have complained to the Better Business Bureau, but I was wondering if there is any other place I should also contact? That company shouldn't be in the painting business.

A. In your state you have a Contractor's License Board where you should register a complaint. As a precaution to anyone who is considering painting their home, if you do not have a painter from a known referral, check with a paint store, to obtain several names. Also find out how many coats of paint are needed with various brands of paint, etc. Then interview at least two contractors and obtain bids from each of them for comparison.

In this way you will have some idea as to the quality of the painting and the contractor you use to perform the job.

Nurse is honored
Eleaine LePoriere of Linden was recently honored by Memorial General Hospital, Union, for five years of service. She is a part of the hospital nursing staff and was presented with a silver pin.

City man hurt in auto accident

A Union street man suffered a possible broken left leg when his motorcycle struck the rear of a car at the corner of St. George avenue and Orchard terrace last Sunday night.

Police said Dennis Mesares was traveling in the same direction as a car driven by Joseph Sincera of W. Blancke street at about 6:15 when both vehicles tried to turn right onto Orchard. The cycle apparently hit the car in the rear, injuring Mesares. He was taken to Rahway Hospital by the Linden Volunteer Ambulance Corps (LVAC).

Another motorcycle accident last Friday shortly after 2 p.m. resulted in bruises and scraped knees for a Rahway man. Police said Gerald Leone was heading south on Stiles when his cycle seemed to lose traction on an oil spill. Leone slid out from the cycle and struck the pavement, police said. He was treated at the scene for his injuries.

Two auto mishaps on Friday occurred within 15 minutes of each other and left five people slightly injured. The first crash took place at 9:20 p.m. on Rt. 1-9 with both motorists claiming the other was at fault. James Lukridge of Rahway and Mary Santoro of Budd Lake were both taken to Rahway Hospital by the LVAC. Lukridge complained of head and shoulder pains while Santoro suffered from neck and chest pains.

At 9:34 p.m., a car driven by Mary Sowienski of Carteret was struck in the front by another vehicle on N. Stiles and W. Gibbons street. Police said the other motorist, who fled the scene, apparently passed Sowienski on the left and, after making contact, dragged the woman's car about 50 feet before leaving.

Sowienski was treated for arm and head injuries while two passengers, Debra Gabel and Barbara Grasic, suffered from respective head and arm pain.

A Sunday morning mishap on E. Elizabeth avenue caused minor injury to an Elizabeth motorist. Police said Patricia Finch was traveling east on Elizabeth and had stopped in a lane for traffic when her car was struck in the rear by a car operated by Joseph Krasinski Jr. of Roselle. Krasinski was charged with careless driving while Finch was taken to St. Elizabeth Hospital for treatment of neck pain.

Borough swimmers end with awards for all

The Mountinside Community Pool (MCP) swim team capped a perfect season last Sunday with an award won by every member at the annual House Championship Meet. The team had previously won the league championship and relay carnival and turned in some impressive performances in the individual championships.

These records were set and another tied at the in-house meet. The record setters were Jeff Alholm in the 50-meter meter breaststroke for boys 9 and 10; Jean Kascin, 200-meter individual medley for girls 15 to 17, and Jack Crowley, 50-meter freestyle for boys 15 to 17. During the season, MCP swimmers individually broke 20 team records and tied three others. Strong performances in relay competition enabled MCP to establish nine new team relay marks.

Bod Squad captures woman's softball title

By JOYCE PINKAVA

The Mountinside Women's Softball League ended its summer season with Bod Squad defeating Short Circuits, 13-4, in the championship game. Bod Squad arrived at the championship with two forfeits while the Short Circuits had to defeat the New Jersey Koasters, 17-10, and the Stingers, 4-2.

In the bottom of the second inning, Bod Squad, scored seven big runs which was all they needed. Sharon Connell opened the inning with a double to left. Kathy King singled to center and Kande Anderson also doubled to center. Candy Pantano, Avis Fromer and Sue Winans singled for the rest of the scoring.

The Short Circuits came back with three runs in the top of the third inning. Michele Morgan walked, Nora Spolarich and Cathy Serbeck singled, and Nonie Seals doubled. In the bottom of the third inning, Kathy King walked. After three Short Circuit errors, Avis

Fromer singled for Bob Squad's three runs in that inning.

The Short Circuits scored their last run in the top of the fourth inning. Paula Cloutier, Barbara Abel and Georgie Kriegsmann all singled and Nora Spolarich doubled.

Sue Winans pitched an excellent game, allowing the four Short Circuit runs on 12 well-scattered hits. Sue was also the hitting star of the game getting two singles and one double. Avis Fromer had three singles and Sharon Connell hit for one double and one single and scored two runs as did Kande Anderson. Connie Morton had a perfect day at the plate with three singles.

For the Short Circuits, Nora Spolarich had two singles and one double. Cathy Serbeck had two singles and Nonie Seals had one single and one double.

Bod Squad manager was Ken Nolan.

Soccer Scene

By BILL WILD

"We're number one, we're number one," was the chant heard on the radio from the Cosmos' locker room after they defeated Seattle, 2-1, for the North American Soccer League championship. Steve Hunt of the Cosmos was voted MVP of the game for scoring the first goal and assisting on Giorgio Chinaglia's winning goal late in the game.

Chinaglia scored nine goals in the playoff series to make us no-believers eat our words when we said he was hurting the team during the regular season. Giorgio had his bad luck all at once in the beginning of the season and made many fans doubt that he should even be on the starting team, but he has changed that feeling around this last month.

The Cosmos-Seattle game was beamed around the world and the two teams as well as the NASL showed the world that soccer in America is nothing to be taken lightly any more. The game was just as good as any of the European matches that are seen on various TV stations on Saturdays and Sundays.

The NASL surely used the best officials available for the match and I would like to say they did a superb job, but I can't. The Cosmos won the match so you can't say it is sour grapes, but some of the calls and half of the yellow cards going against the Cosmos were ridiculous. The linesmen weren't any better. I didn't see anything in the newspaper about the poor officiating, but I am sure if the Cosmos had lost the game, there would have been many things about it.

After watching the game on TV for a while we got the idea to turn down the sound on the TV set and tune in WOR radio. We were lucky as it worked out fine. When the TV commercials were on we still heard the game on the radio and when the radio came on with a commercial we were able to watch the game on the TV.

I know the commercials pay the freight, but the TV broadcast was too much. If I were not a Cosmos fan living in "Cosmos Country" I would have tuned out the soccer game. I got the impression that I tuned in the station to watch the commercials and see a little

League champion Minutemen defeated by alumni team, 6-4

The Springfield Senior Minutemen Suburban Baseball League champions lost to the Senior Minutemen alumni, 6-4, Sunday morning.

John Kronert led off for the alumni and was safe on an error. With one out, Ed Graziano singled and Ed Johnson singled in Kronert. Johnson stole

Ehrhardt nips Masco for men's softball title

Ehrhardt captured the Springfield Men's Softball League championship last week by defeating Masco, 3-2.

Ed Stahl provided Masco with a 1-0 lead on a second-inning homer, but Ehrhardt matched the score on Carmen Scoppotullo's solo blast in the bottom of the second. Ehrhardt took a 3-1 lead in the third on a throwing error and John Kronert's single. In addition to providing the winning run, Kronert excelled at shortstop to kill Masco rallies. Masco pitcher Ray Schramm allowed only six hits. Rich Pieper and Harry Kolb had two hits apiece for Masco. Winning pitcher was John Ehrhardt. Gary Osborne contributed two hits to the winner's total.

bit of the game. The big network could learn something from Channel 11 on how to make commercials for soccer games and when to break away from the game to show them. The radio broadcast was excellent.

The Cosmos are not the only pro soccer team in the state with a championship in mind. The New Jersey Americans, who are coached by Unionite Manny Schellscheidt are closing in on the American Soccer League championship.

By the time you read this column we will know if they won their semi-final round last night. If they did win they will be scheduled to play in the ASL final at Rutgers on Sunday at 4 p.m. against the western champions. If the Americans do not make it to the finals, either New York or Connecticut will represent the east. I am putting my money on the New Jersey Americans to go all the way.

Y classes will dance, run, swim for health

Registration is being taken for fall sessions of adult fitness classes and aerobic dancing for women at the Summit Area YMCA.

Conducted by the Jackie Sorensen Studio, aerobic dancing consists of choreographed dance exercises, set to music. They are designed to condition heart and skeletal muscle system with a 45-minute workout. Other cardio-vascular fitness programs for adults at the summit YMCA include early morning running and evening coed conducted exercise and running classes; swimnastics, featuring water exercise in the pool; limited-

exercise class, for those who are not able to participate in more strenuous classes and for senior citizens; "hustle" dance classes and Y Striders Club for the whole family (ages 6 to 60) and individuals interested in long-distance running.

For women only at the Summit building, there are "Y's Way to Fitness," conducted exercise class three mornings each week; "Happy Hour" fitness, during the supper hour; swim and trim, with land exercise followed by swimming; modern dance and water ballet.

YOUR WEEK AHEAD By DAMIS

- Forecast Period: September 1 to September 10
- ARIES** (Mar. 21-Apr. 19) Old memories relating to family upbringing keep popping into your mind. Clean house and get rid of some of the hangups.
 - TAURUS** (Apr. 20-May 20) This week favors an energetic pursuit of knowledge and information with much communication and traveling to enhance that knowledge.
 - GEMINI** (May 21-June 20) Matters having to do with earnings and possessions are prominent. You may find yourself engaged in buying, selling, deals.
 - MOONCHILD** (June 21-July 22) Abundant energy is yours at this time. Finish up old projects. Physical exercise brings in proved health.
 - LEO** (July 23-Aug. 22) A friend who's confined will appreciate all the help you can give. At the same time, you can ease some of the tensions in your own mind.
 - VIRGO** (Aug. 23-Sept. 22) Social activities seem to propel you along at a rapid pace. You didn't know you had so many friends, did you?
 - LIBRA** (Sept. 23-Oct. 22) Enjoy your popularity. Career opportunities may bring better and increased income. Lady luck is in the picture too.
 - SCORPIO** (Oct. 23-Nov. 21) It's time to reassess your aims and outlook on the future. A renewed interest in religious affairs expands your horizons.
 - SAGITTARIUS** (Nov. 22-Dec. 21) Review financial affairs and employ more efficient methods where called for. Tax and estate matters included.
 - CAPRICORN** (Dec. 22-Jan. 19) Someone close to you keeps prodding and pushing you into action. Your partner or mate gets the attention.
 - AQUARIUS** (Jan. 20-Feb. 18) You give full measure on the job and are called on for just a little more. Guard your health.
 - PISCES** (Feb. 19-Mar. 20) Happy days in pleasant pursuits are promised. Sports, creativity, dealing with children, speculating are favored.

Swim, tennis classes

Beginning adult tennis and swimming classes will be offered this fall by the Center for Continuing Education at Kean College, Union.

The tennis classes, instructed by Shirley Friedman, will meet in three sections, from 10 to 11 a.m. and 11 a.m. to noon, beginning Saturday, Sept. 24, and Thursdays from 6 to 7 p.m., beginning Sept. 29. All sessions will meet for eight consecutive weeks. The fee is \$35 and registration deadline is one week before the start of class.

The swimming lessons will be held on eight Mondays, beginning Sept. 26, from 5:15 to 6:15 p.m. at the D'Angola Gym pool. The fee is \$30 and registration closes Sept. 19. The class will cover fear of water, floating, treading and fundamental strokes. Instructor will be Dorothea Holden.

More information on both programs may be obtained by calling the Center for Continuing Education at 527-2163.

Introducing Telephone Transfer THE SUMMIT WAY

**It lets you earn
5% interest on your
bill-paying funds, while you
do your banking at home.**

Because you've got more important things to do with your time than run to the bank, we've introduced Telephone Transfer THE SUMMIT WAY. It's a totally new service that combines our top-rate SUMMIT Statement Savings Account with a SUMMIT checking account. And it can save you a lot of time and trouble.

With Telephone Transfer, all it takes is a phone call to transfer funds from your savings account to your checking account. (You can call toll-free anytime, 24 hours a day.) So, you can now earn 5% interest on your bill-paying funds—right up to the moment you need to write a check. And you can do it without sacrificing the comforts of home.

Telephone Transfer can do a lot more for you, too. For example, you can arrange to have your Social Security checks or other retirement income

deposited directly into your Statement Savings Account. If you qualify, you can have a built-in cash reserve. And Telephone Transfer also gives you 1/4% off SUMMIT's Installment Loan rates ... a check-cashing identification card ... fee-free Citibank travelers checks, and more. (Call 277-6200 or visit your nearest SUMMIT office for complete details.)

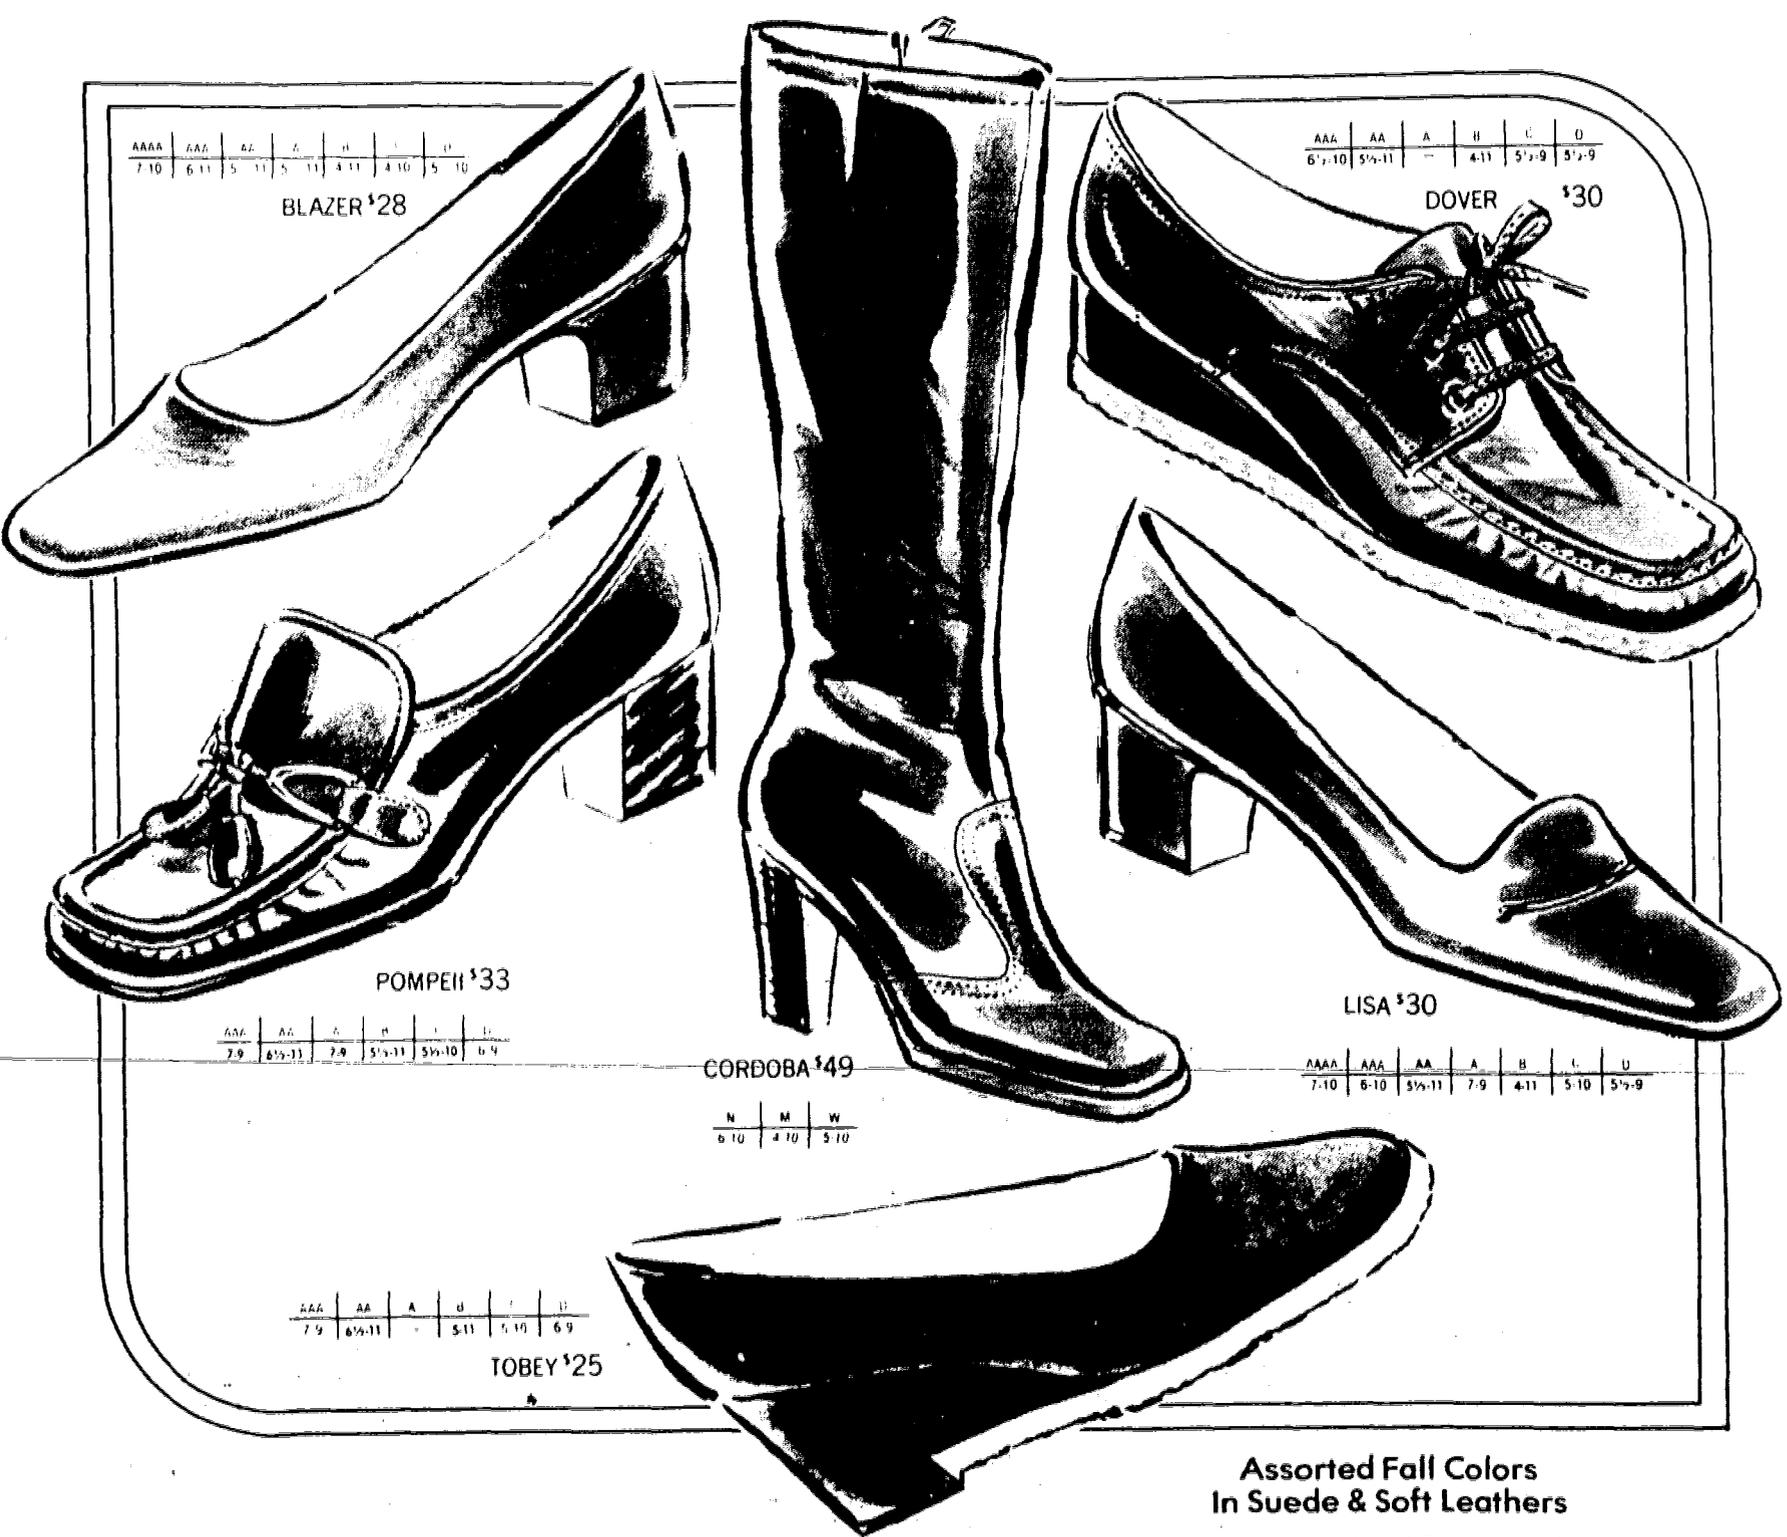

Telephone Transfer. Just one of THE SUMMIT WAYS to get you where you want to go.

Doctor develops home treatment that

Rinses Away Blackheads

in 15 minutes by Ina Lee

A leading New York dermatologist has developed a simple medicated home treatment that rinses away blackheads and whiteheads in a matter of minutes. I saw it demonstrated on five women and two teenage boys. The results were almost breathtaking. Blackheads really rinsed away. In fact, many could be seen on the cleansing tissues that finished each treatment. But this wasn't all! In the case of two older women, I saw enlarged pores reduced, and rough, muddy complexions made cleaner, clearer and smoother looking. In the case of teenagers, I saw acne pimples improve after one application. After seeing these results, I can well understand why so many beauticians are now acclaiming this doctor's treatment as one of the most important beauty discoveries.

Anyone can use it

The treatment starts with a thorough skin cleansing. A special laboratory-developed whipped cleansing cream is used that takes off not only surface dirt, but also softens and loosens pore-caked grime with its emollient action. It liquefies as soon as it is applied and literally floats the dirt right off your face. After this is rinsed off, a delightful mint-scented cream is applied. Within 2 or 3 minutes an absorbing agent called Argilla dries and turns this specially medicated cream into a plastic-like masque. As it firms and hardens, its suction action draws on waste matter in the pores. In 8 or 10 minutes you simply rinse the masque away with lukewarm water which dissolves it immediately. When you wipe your face, you can see blackheads and other pore "filler" actually come off on your tissue. And your skin feels clean—really clean—and refreshed and smooth like velvet!

Pore sponging and closing

The third step in the treatment is an exhilarating application of a unique antiseptic astringent—a facial "mint-julep" that sponges and tightens emptied pores and tones up your complexion.

Nothing else like it

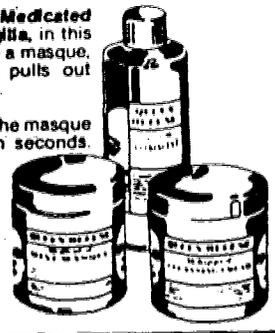

Even after a single treatment, women who have been troubled by blackheads for years see a marked improvement. Many find it hard to believe their eyes. Some blackheads and whiteheads just rinse away. Others are softened and made ready to be drawn out by future treatments. Enlarged pores appear to be smaller. The skin looks smoother and firmer—feels fresher and more alive! In short, after a single treatment taking only 15 minutes, you can expect to see results that normally you would not dare hope for even after many weeks, but don't expect everything at once. Damage done by years of neglect can't be undone in a day. Yet with 3 or 4 treatments a week, you may confidently look forward to startling complexion improvements within 30 days. Then one treatment a week—or every second week—will probably be all your skin will need to keep it clear, lovely and healthy looking. The medically developed products used in this treatment are manufactured and quality-controlled by **QUEEN HELENE**. They are **Queen Helene Whipped Cleansing Cream**, **Queen Helene Medicated Masque** and **Queen Helene Penetrating Astringent**. The three items are sold as a complete skin and beauty kit for \$5.00. Quite a bargain when you think of what it will do for a person's good looks—and self-esteem!

See Blackheads "Wipe Off"

After a Single Queen Helene Skin and Beauty Treatment. Look! See them come off on your cleansing tissue—and without squeezing or digging!

- 1 First apply **Queen Helene Whipped Cleansing Cream**. This liquefies instantly on your skin and softens pore-caked dirt with its rapid emollient action. You tissue off all but a thin film which prepares your face for the masque.
- 2 Now smooth on the **Queen Helene Medicated Masque**. As the absorbing agent, **Argilla**, in this plastic-like cream makes it harden into a masque, its powerful drawing action gently pulls out blackheads and other pore impurities.
- 3 After about 8 or 10 minutes, rinse off the masque with lukewarm water. It dissolves in seconds. Then apply **Queen Helene Mint Julep Astringent**—a special penetrating antiseptic that helps close emptied pores and tones up your complexion.

The vest is reversible and you get an extra pair of slacks

with our herringbone tweed English country-look
suit, making it a 4-piece sports outfit and
brought to you at a particular price of

\$164 for Labor Day weekend only.

This herringbone quad outfit is something we
really can be proud of from a fashion point of view
and well worth your interrupting your holiday to come
and look at it. We bought the fabrics ourselves, an
oxford and light gray herringbone, contrasting with
gray flannel, and a tan/olive heather herringbone with
rusty brown flannel; and had one of our regular
suitmakers make it up for us, to our standards.
We think it's a very good buy even at its regular
price of \$195 for the four pieces.

Some further reasons to spend part of your holiday here:

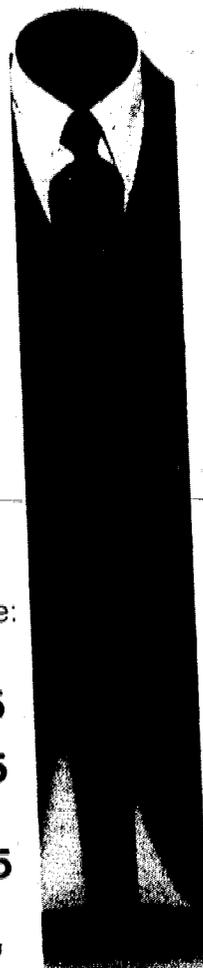

A new-blend oxford button down dress shirt
in solid colors or stripes, regularly
13.50 and 14.00, this weekend at **3 for 29.75**

A pre-cuffed chino pant that will see
you through fall weekends, regularly 18.00 **12.75**

And last chance for our August Special
young men's vested corduroy suit
which after Labor Day will be 85.00 **59.75**
