So declared Frances Ehman about her decision to become the Democratic candidate for Borough Council in a community long regarded as a Republican stronghold.

"Elected officials have become less residents in Mountainside," said Ehman, who has lived in the borough for 22 years. "There is really no reason for them to pay heed to the questions of the voters. As members of the ruling party for years, they think they really do not have to worry about re-election."

Ehman lived in Newark, where she was born, and in Hillside before becoming a resident of Mountainside. She was graduated from Newark State College and received her master's degree from Seton Hall University in South Orange. She has also attended

During 1977, 18 families, comprising of 60 persons from the borough, were counseled. A spokesperson for counseling service indicated that the problems being referred from Mountainside "are of a severe emergency nature such as physical abuse and teenage running away."

The Youth and Family Counseling Service, a member agency of the United Way of Mountainside, treats all problems confidentially. This agency, the oldest counseling service in the area has provided counseling for borough residents since 1918. There are 11 professional counselors, all with graduate degrees in social work. Milton Faith has been executive director of this agency since 1964.

Franchise is granted cable television

The Borough Council has granted a franchise to Suburban Cablevision of East Orange for a cable-television system in Mountainside.

The council unanimously adopted the franchise resolution Tuesday night, a week after conducting a public hearing and seeing a demonstration by Suburban Cablevision.

The system, which Suburban officials hope to complete during the first half of 1980, will cost borough government nothing. Residents may buy cable service for \$8 per month. "Home Box Office" service will be available for an additional \$8 per month.

Some questions at the public hearing focused on "X"-rated movies, according to H. Lee Voorhees, deputy borough clerk. A spokesman for Suburban Cablevision assured borough residents that no "X"-rated movies would be shown, but said "R" films are within the programming. For those who desire it, a lockout box is available,

Councilman Thomas Spina told the governing board that any resident who applies for the service in the first 30 days will have the hookup charge waived. Hookups will be made by a cable line connected directly to the television set. The cables will be strung from the existing utility poles to the house of each resident desiring the service. Suburban Cablevision will require the cooperation of the electric company and the telephone company, Voorhees added. The electric lines must be elevated on the pole, while telephone lines must be lowered.

The franchise resolution gives consent for the company "to install, maintain, and operate a cable

Rescue Squad has open house on anniversary

The Mountainside Rescue Squad is celebrating its 40th anniversary this fall with an open house and buffet supper on Sunday, Oct. 29, at the Rescue Squad Building, Rt. 22 and New Providence road.

The Open House, which starts at 1 p.m., is open to all to see the improvements made the past 40 years. The buffet supper at 7 is by invitation. Anyone who is a past Senior member of the squad and has not received an invitation, was urged to call Mary Steiner at 232-2312 by Monday. There are some past members who have moved and their addresses are unknown.

The Rescue Squad was formed by 14 men 40 years ago this fall after they had observed a fatal automobile crash on Rt. 22 and not one of them knew any first aid to help the victims.

John Keuler is the only Charter Member who after 40 years is still an active rolling squad member. The Rescue Squad presented him with a gold "Life Member" membership card a few years ago in recognition of his years of faithful service.

There are 30 senior members, 11 probationary members and two honorary members.

Saenger-Chor concert slated

Saenger-Chor Newark will present a concert Sunday evening, Oct. 22 at 8 p.m. at the Community Presbyterian Church, on Deer Path, Mountainside. The Saenger-Chor is a group of ap-proximately 50 male singers who are dedicated to the presenting of German and American songs and enjoying the pleasures of singing. The group, under the leadership of its assistant director, Joseph Koemel Jr., will perform German and American songs.

The Saenger-Chor Newark, now at the Deutscher Club in Clark, is in the 53rd year of its existence. It will present its annual concert on Nov. 25, at Kean College in Union.

This concert is part of the Mountainside Community Concert Series. Donations may be made at the door.

The Republican trio of Tom Spina, Bob Viglianti and Roy Mumford, seeking seats on the Borough Council and as tax collector, this week stated that residents of the borough have a "clear-cut choice of continuing local government in the tempo and style of the past decade or gambling with new faces who have no experience at any level of borough activity.

According to Councilman Tim Benford, GOP campaign manager, *We've selected three residents who have shown a concern for Mountainside over the years. Their involvement with all areas of local life have not only prepared them for public office but indicate to borough residents that these people care about Mountainside.

Tom Spina has served on the Board of Education, was a chairman of the Community Fund and was active with Bestowers, among other groups. Bob Viglianti has put in almost 10 years of service on the Rescue Squad and was also active with the Community Fund and various other local organizations. Roy Mumford has been part of a small group of volunteers who finance and do the work of putting up the annual Christmas tree, and he, too, has left a mark on Mountainside through work with several community organizations.

"These are people who have proven they care. They understand the heart of Mountainside, they've worked with fellow residents. Collectively they have 43 years of service in one form or another in Mountainside. They're running now for public office because they've received the endorsement of people who know them and what

"We have a very desirable life-style here, it is almost a Camelot, if you will. This trio of Mountainsiders have indicated by past performance that they appreciate what we have and wish to participate in the process of continuing and improving it when possible.

"The opposition, on the other hand, has unfortunately offered two candidates whose credentials in borough participation leave something to be desired. However, I should add that they are fine, decent people with good intentions. I just wish they had been more conspicuous over the years in community activities so we could all evaluate their endurance.

"Serving on council takes a lot more out of a person's family life than many people realize. Tom Spina knows that; he has spent a year at the job. Bob Viglianti knows it also. He has had to work with the governing body over the years and is frequently among the handful of people who attend council

The Mountainside Fire Department utilized four trucks, two ambulances and 28 of the 36 volunteer firemen to battle an early morning blaze on Monday that caused extensive damage to the home of Mr. and Mrs. Carmine Petruzziello of 1243 Rt. 22, according to

Deputy Chief Robert Farley.
The fire, which started in the basement of the one-family residence. lasted a little more than three hours. Petruzziello and his wife, who were sleeping on the second floor, smelled smoke and reported the fire at ap-proximately 1:15 a.m. The firemen worked until 4:30 a.m. to extinguish the blaze, which Farley said probably started in the furnace.

There was extensive damage to the basement, dining room and living room which, according to the deputy chief, surround the chimney. The fire, he said, probably worked itself straight up the chimney. Library to show memorial, gift books for week

Memorial and gift books will be on display at the Free Public Library of Mountainside from Thursday, Oct. 19, through Thursday, Oct. 26.

Three memorial books given by Mr. and Mrs. Frank Robart are being placed in the collection in memory of a friend. "Oriental Rugs," written by Janice Herbert, is a handbook explaining what every buyer should know before investing in an Oriental carpet.

"Oriental Rugs and Carpets Today" by Georges Izmidlian tells how to select with an investment in mind, the care needed, and the pitfalls to avoid. "Oriental Rugs, Expanded Edition," illustrated and written by Murray Eiland, is a handbook of 19th and 20th Century Persian, Turkish, Turkoman and Caucasian rugs.

The Mountainside Woman's Club, garden department, has presented the library with the Homes and Gardens 'Book of Flower Arrangement" by Betty Massingham. It shows colored photographs of flower arrangements. There are chapters on all types of arrangements, including those for wall brackets and window sills, as well as for special purposes like weddings, anniversaries and church decoration.

No vaccination, no dog license

The Mountainside Board of Health will again offer residents a free clinic for the vaccination of all dogs

against rabies. The clinic, under the direction of the Westfield Veterinary Group, will be held on Wednesday, from 7 to 9 p.m. at the Fire House on New Providence

Young Americans in the process of choosing a solace in the job shortage facing teachers around the country. Only a little more than half of the teaching graduates who wanted iobs in public schools this year were able to find them, a recent National Education Association study revealed.

According to the report. however, almost a third of million additional teachers are needed in the United States to raise all schools to minimum quality levels.

Association officials claim that more teachers are needed in the areas of mathematics, science, vocational-technical subjects and agriculture.

The study reported that currently there are two applicants for each teaching job nationwide. In 1977, more than 164,000 new graduates were competing for only 85,000 teaching positions.

total of 234 yards rushing. In the fourth period. Senese inserted his regular junior varsity defensive unit on the field and they performed admirably, stopping Caldwell.

Despite the one-sided loss, the offensive and defensive backfields provided a bright spot for Dayton Coach Robert Kozub, who directs these positions, was impressed with the showing, especially Picciuto, who plays offensive and defensive halfback. He had Dayton's longest run from scrimmage this year and the highest single-game total, 77 yards on seven carries. Pat contributed four tackles and was constantly aggressive on defense. Larry Irene and Ed McGrady supplied the blocking and combined for 33 yards rushing. Preziosi had an extremely rough afternoon - nine times he dropped back to pass, seven times he was sacked. However, he showed poise and never quit. Ken Klebous filled in for Albert and threw two passes, including a 10-yard completion to speedy Nick Caricato. Klebous also doubled on defense. He has started two games and has been impressive as a tackler. Tony Circelli turned in his fourth consecutive stalwart performance as the monster back, recording five tackles. Jeff Vargas, who anchors the secondary from his strong safety slot, is called by Kozub "an excellent pass protector." Coach Senese again rated Jim Wnek

the top defensive player of the week. Whek contributed a team-high 10 tackles and superb blocking. Jim, who did not start last year, has become one of the top linebackers in Union County. Whek recorded the initial hit on all 10 of his tackles and he displayed quickness. Rich Cederquist played offensive and defensive lineman and handled the punting, averaging 34 yards per kick. Sophomore Robert Dooley was a sur-prise as outside linebacker and contributed two unassisted tackles.

Other outstanding defenders were Chris Dillemuth, Jeff Johnson, Ken Bell and Rob Roff. The offensive line. though outmuscled, tried hard and epened a big hole on Picciuto's run. Mitch Frank and Lou Herkalo played well while Greg Shomo; the center. helped. Dan Pepe filled the tight end position well and converted the extrapoint attempt. The special teams were aided by the play of Ricky Souders. Mark Ackerman, Ed Francis and Mike Caricato.

Coach Senese has noted that throughout the year that his prime job has been to install the fundamentals of his coaching system to the players. The seniors who lettered last year, having trouble adjusting to the radical changes, have committed costly errors. However, Senese is quick to explain that his underclassmen have adjusted

well and will be strong in future years. The junior varsity outfit has a solid defense and a strong-armed quar-terback in Mark Dooley. Other jayvee stars include Rich Seifert, Paul D'Andrea, Frank Riccio and rugged fullback Harry Weiss, who is averaging six yards per carry. There is bright hope for the future in Weiss, who is big, 6-2, 220) and durable.

be aware that this country's heart disease toll is on the decline. Experts speculate that the reduction in heart diseaserelated deaths can be primarily attributed to new technologies and the fact that people are taking better care of themselves. It is estimated that in-

hospital deaths of patients with acute heart attacks have been reduced by as much as 30 percent over recent years as a result of newly-installed, efficient coronary care units.

In addition, there's been a 30 percent decrease-1950-in carsince diovascular diseasewhich includes heart attacks, strokes, hardening of the arteries and ailments. Carother diovascular deaths per 100,000 have dropped from 425 in 1950 to 295 two years ago, research reveals.

Some doctors point out that the decline is due to an increase in individual awareness of the risks of high blood pressure, obesity, a family history of heart disease, diabetes, smoking and excessive cholesterol intake.

For example, between 25 and 30 million people have quit smoking. Check with your local medical officials and ensure your golden years aren't interrupted by a heart disease that can be prevented.

Lillian Carter to talk at Dems' breakfast

the Union County Democratic Committee's annual pre-election honoring "Our Democratic Women," announced County Chairman Harry P. Pappas.

The breakfast is Sunday, Nov. 5, at the Town and Campus Restaurant in

The event honors seven of the Democratic Party's longest active Democratic women-people who. according to Pappas, "never sought or asked for recognition but who richly deserve our highest honors.

Selected for recognition are Sophie Baranski of Cranford, Mercedes Becker of Union, Alice O'Donnell of Elizabeth, Gertrude Frolich of Kenilworth, Catherine Lehr of Linden, Marguerite Markey of Rahway, and Stella Penzak of Clark.

Richard McCormack, candidate for Congress, is co-chairman of the event with county-level candidates Brian Fahey, Hugh Caldwell, Anthony Amalfe, Gene Carmody and Matt Mirlocca.

As an example of the caliber of the women being honored. McCormack cited Catherine Lehr's half century of service to the Democratic party. "Catherine Lehr has been a Democratic committee member for 46 years, vice chairperson of the Linden Democratic Committee for 37 years. vice chairperson of the County Democratic Committee for 30 years. and county chairperson for a brief period in 1975.

The President's mother will hold a news conference with the area's press shortly before the breakfast.

Matthew Mirlocca, County Planning Board Chairman and candidate for Freeholder said "we are limiting attendance to 1,000 people and we expect

to sell out those tickets within a week. Governor Brendan T. Byrne and U.S. Senator Harrison A. Williams head the list of dignitaries expected to attend.

Freeholder Walter E. Ulrich of Rahway. Republican candidate for surrogate of Union County, this week stated, "The office of surrogate deserves the commitment to serve full time. I will pledge full time service, and as surrogate my only professional or business interest will be yours.

"As judge of the surrogate's court, the surrogate is responsible for the appointment of executors, guardians and trustees. The Surrogate is also responsible for granting letters of administration when a person dies without leaving a will. The Surrogate does not sit in judgment of contested matters as such matters are referred to the County Court, Probate Division.'

Ulrich went or to say, "As your surrogate I again promise to serve full time as does our present surrogate. Mary C. Kanane, who is retiring after 51 years of county government service. Surrogate Kanane has honored me by endorsing my candidacy to succeed

Fahey cautions writers of wills

"Homemade" wills could create expensive complications for the executor of the estate, according to Brian Fahey, Democratic candidate for

Union County surrogate judge.

A new state law on wills, probate and inheritance includes a section on holographic wills - written and signed in longhand), Fahey explained. "The statutory protection against a fraudulent will the law demands 'solemn form' court proceedings for holographic wills-- includes notice to all possible inheritors and the sworn testimony of witnesses before a judge in the courtroom, as opposed to informal probate in the office of the Surrogate Judge. The difference in time, costs and emotional trauma simply does not ment the 'do-it-yourself' approach.'

Fahey cautioned, "There is a low probability of successful, problem-free probate when you present a homemade will. The consequence may very well be that the court determines that all or a part of estate property should be inherited according to a legal formula of property distribution, as if the person had died without a valid will. This would mean a sharing of estate funds between the surviving spouse and children, despite the original will's

"Now sergeants are assigned to separate areas, they're given added responsibilities and they don't have to go through the undersheriff as often when making decisions," he said.

'New duty manuals for corrections officers and sheriff's officers were published so employees would have set guidelines to follow on the job," he

Amalfe said that though the program was instituted only in March, "already there has been a marked increase in efficiency, improved morale and greater development of skills and talent of the personnel.

Carmody, a supervisor for Western Electric, praised the in-service training programs which have been initiated

Training in the areas of firearm safety, computers, jail orientation, use of force in arrest and control of prisoners, all accomplished with no charge to the county, have raised performance levels. Carmody said.

"Continuing education greatly enhances an individual's daily performance and generates enthusiasm for the job," he added.

Ghost village tour planned at Trailside

A one-of-a-kind site in Union County will be featured Oct. 29 when Charles Hoag leads a "Tour of the Deserted Village." Hoag, a village resident, will provide historic information on Feltville, a one-time booming municipality. Visitors will meet at the Trailside Nature and Science Center parking lot 'at 2 p.m.

Trailside programs this month also include Eagles, Snakes and Almanacs, explaining how Minoan farmers used the Phaistos disc 4.000 years ago to determine sowing and harvest times.

The Minoan program is presented at 8 p.m. each Wednesday and at 2, 3 and 4 p.m. Saturday and Sunday at the Trailside planetarium. Admission to the planetarium is 50 cents per person. Children under 8 are not admitted.

Trailside facilities, operated by the county Department of Parks and Recreation, are located at Coles avenue and New Providence road, Mountainside, in the Watchung Reservation. The Nature and Science Center is open from 3 to 5 p.m. Monday through Thursday and from 1 to 5 p.m. and Saturdays. Sundays and holidays. Programs are announced on a "special events" telephone, 352-8410.

Average hourly earnings were up 5 cents over the month to \$5.82.

Since July 1977, gross average weekly earnings of area factory workers have risen \$16.30. Average hourly earnings rose 33 cents over the year and the average workweek was up 36 minutes. in part reflecting the adverse impact of the July 1977 power failure in New-York

Bienstock indicated that the 7.7 percent increase in average weekly earnings exceeded a 5.2 percent rise in area consumer prices.

The purchasing power of take home pay or real net spendable earnings declined by 0.5 percent since June 1977. Bienstock indicated this decline was due to the manner in which the reduced tax liability under the Tax Reduction and Simplification Act of 1977 was calculated.

The tax reduction became effective June 1, 1977, but applied to the entire year. The wage earner, therefore, realized reduced withholding deductions in the last seven months of 1977 equal to the full annual tax reduction. In 1978, however, the reduction was distributed over the full year. Bienstock noted that if the 1977 tax cut had been in effect throughout 1977, real spendable earnings would have increased 1.1 percent between July 1977 and July 1978 instead of dropping by 0.5 percent.

Housing pushes CPI up

The Consumer Price Index for all urban consumers in the 18-county New York-Northeastern New Jersey area rose 0.4 percent between July and August, it was reported by Herbert Bienstock, regional commissioner of labor statistics who directs the Bureau of Labor Statistics' Middle Atlantic Region. The August rise principally reflected increases in the housing sector. The food index edged down by 0.2 percent over the month. Over the year ending in August 1978, the overall index rose 5.6 percent.

The CPI for urban wage earners and clerical workers also rose 0.4 percent in August and was up 5.1 percent from a year ago. Seasonally adjusted, the all urban CPI rose 0.3 percent in August following a 0.2 percent

increase in July.

The 0.2 and 0.3 percent increases in July and August, respectively, compared favorably. Bienstock said, with the monthly average increase of 0.7 percent during the first six months of 1978. Seasonally adjusted, the food at home index declined 0.2 percent in August and 1.0 percent in July in sharp contrast with increases averaging 1.7 percent a month in the first half of 1978.

The New York-Northeastern New Jersey all urban CPI rose to 197.6 in August (1967-100). Th'.s. \$19.76 was needed to buy what \$10 could buy in the 1967 base period. Bien-stock said that the purchasing power of the dollar was 50.6 cents in 1967 dollars and 42.5 cents

in 1957-59 dollars. Three fourths of the July to August increase in area consumer prices resulted from a 0.7 percent rise in the housing component, according to Bienstock. The shelter category was up sharply by 0.9 percent

BETTER LIVING FOR ADULTS

Being progressive has become our tradition. Help us pass it on.

One of the first requirements of a great medical center is to administer health care that reflects the most modern developments in the field of medical care.

Saint Barnabas has long been in the forefront of progressiveness — from the quality of our 731-bed facility to the quality of our staff, including 700 physicians and 500 professional nurses. We bring quality health care to over 30,000 inpatients a year, ranking ninth in patient volume for single hospitals in seaboard states from Boston to Washington, D.C., including New York City and Philadelphia.

We think you will agree that progressiveness is important. Progressiveness is the key to such advances as new diagnostic equipment to detect cancer and heart disease and new treatment devices in radiology.

Because we believe that access to quality health care is important to you, we ask you to help keep us progressive. Your contribution will implement the expansion and long-range program of Saint Barnabas Medical Center and will not supplement the operating funds.

Your contribution will help pass on a tradition of quality health care that you will want to be available in your future — and that of your loved ones.

Please send a check today. And make our future worthy of yours.

GINO VANNELLI

By MILT HAMMER

Pick Of The LPs. BROTHER TO BROTHER by Gino Vannelli - A&M SP-4722 -

Gino's sixth A&M album marks major breakthrough for this inventive, gifted artist The passonate intensity and rich molodic texture: that characterize all of Gine's best work remain. out the album vibrates with an altogether-new.

lyric lop sound. Tideoded to write some good sings that would mean something, and I think we've succeeded. Gino says. And while he enjoys one or the most devoted or cult followings, he believes the music on the LP "has a much more

universal appeal." The album was coproduced by Gino and his brothers Joe and Ross. Joe has sung, played keyboards, arranged and helped produce all Gino's albums: Ross contributes two tunes to the album. one of which is the firs! single, the ssensuous and lovely "I Just Wanna

The seven remaining tunes, including the showpiece title track, and

Y offers

courses Students of dance may choose from a variety of styles and techniques offered this fall by nationally known dance teachers, at the YM-YWHA of Metropolitan N.J., 760 Northfield ave., West Orange. The classes are open to adults and

teens. Monday classes of "Modern Dance for Beginners," 6:30 - 7:30 p.m., and "Modern Dance for Intermediates," 7:30 -9 p.m., are being led by Sally Hess, a member of Dan Wagoner and Dancers.

Barbara Baker, and teacher at New York's Construction Co. Dance Studio, is instructor for 'Ballet for Adults.'' Tuesday class held 12:30'-2 p.m. for beginning students and those who have had some dance background.

Dance-Choreographer Frank Ashley is teacning two "Beginner Jazz" classes starting at 6:15 p.m. and an intermediate class at 3:15 p.m. on Wednesdays Ashley has taught throughout the U.S., Australia, Europe and the Caribbean and is the director of his own dance company.

the deeply-felt "People I Belong To," inspired by the affection and support he's received from his family, were written by

Public funding of campaigns found desirable

In a report evaluating the experience of public financing in the 1977 state gubernatorial election, the first of its kind in the nation, the New Jersey Election Law Enforcement Commission recommended that New Jersey retain partial public financing of gubernatorial general elections and extend the concept to primary elections for governor beginning in 1981.

The commission concluded that "public financing is a desirable means of funding a significant part of the cost of the gubernatorial campaign," and that "public funds are a preferable alternative source of funds to large private contributions."

Contained in the commission's report to the governor and legislature are the findings of a detailed study of the im-pact of public financing on the 1977 campaigns and recommendations for modifications of the public financing law adopted in 1974. The recommendations are being incorporated in legislation which will be ready soon.

In 1977, New Jersey became the first state to finance a gubernatorial election campaign partially with public funds. In that election, a total of \$2,070,816 was disbursed to the two major party candidates for governor, former Republican State Senator Raymond Bateman and Governor Brendan Byrne. Two dollars in public funds were available to match every dollar raised by the candidates from private contributors. No contributor was permitted to give more than \$600, and candidates were required to raise a minimum of \$40,000 in limited contributions before they were eligible to receive public matching funds. An expenditure limit prohibited each candidate from spending more than \$1,518,576 for his campaign (excluding certain exempted expenditures). Loans from individuals were limited to \$600 and those from banks to \$50,000 for each campaign.

5 artists lead history series at Montclair

Five artists will lead the Montclair Art Museum's art history lecture series this season. Adolf Konrad, James Brooks, John Opper, Jack Tworkov and John Day will each speak of his work in dialogues with Robert Koenig, the museum's associate director.

Konrad will open the series on Tuesday morning, Nov. 14. He joined the museum's art school teaching staff this fall. His painting "Secret Garden" is in the museum's permanent collection and is on view, with additional works, in the art school instructors' exhibition.

The series will continue on Nov. 21 with Brooks and Opper together. The artists will be presented at the museum in a two-man exhibition opening Nov. 5. Opper is represented in the museum's permanent collection: Brooks was represented in the "Drawing the Line" exhibition last winter.

Tworkov will speak Nov. 28. His painting "Knight Move Series" was recently acquired for the museum's permanent collection

The final lecture will be given on Dec. 5 by Day, noted for his paper collages and for his series of paintings "Erebos and Beyond," two studies for which were represented in the "Drawing the Line" exhibition. Further information is available from the museum at 746-

Two horribly annoying reasons to introduce Mobil Super Unleaded Gasoline.

A car should be seen and not heard.

That's why we're introducing new Mobil Super Unleaded Gasoline with a higher octane level.

Not only does it help knock the knocks and pings out of your engine, it could also give your car more power than most other gasolines. (In fact, millions of cars on the road today are being cheated of peak engine performance.)

And what's more, if your car is properly tuned, Mobil and still shakes, sputters and backfires after

you turn the key off, using Mobil Super Unleaded may help eliminate all that. And that's whether your car is new or old.

And even if you've been using leaded premium gasoline you'll be glad to know that Mobil Super Unleaded's high octane level is high enough to meet anti-knock requirements of most cars today.

Mobil Super Unleaded. Because when you're driving, one of the nicest sounds in the world is the sound of absolutely nothing.

During this past summer, Jeanmarie traveled with the William Ross Century Production company in "The Sound of Music." Playing the role of Brigitta Von Trapp, she worked with stars Ann Blyth and Jean Pierre Aumont during the entire five-week tour. The company performed in New Jersey (Smithville), Massachusetts (Hyannis), New York (Latham and North Tonowanda) and

Pennsylvania (Valley Forge).

The youngsters were allowed to join in cast parties. Jeanmarie revealed: 'The latest we stayed up was 3:30

She readily admits that it was not all fun. There was the time when her throat was so sore that she could hardly talk on stage. Another rough aspect of the tour was traveling on a bus and plane for lengthy periods of time-sometimes as long as eight hours.

Jeanmarie's first stage appearance was in "Gypsy" at the Celebration Playhouse, Cranford, during the summer of 1977. She has modeled professionally and has made personal appearances with Joe Franklin and Henny Youngman.

In the spring of this year, she was in the 1978 Milliken Breakfast Show at the Waldorf Astoria. This is the largest industrial show in the world, she said, and performers have included Ann Miller, Cyd Charisse, Donna McKechnie, Phyllis Diller, Jack Weston, Janie Sills and Dorothy Lon-

Sports car overturns in Reservation

Three people who were riding in a two-passenger 1973 Triumph con-vertible were taken Saturday by the Mountainside Rescue Squad and the Medic II emergency unit to Overlook Hospital after the car they were riding in went out of control and turned over in the Watchung Reservation Saturday afternoon.

Alan Katz, 20, of Cranford, who was riding on the parcel rack behind the seat on the passenger side, was pinned under the car and remains in critical condition at Overlook Hospital. The other passenger, Harvey Lemons, 18, of Garwood, is in satisfactory condition. The driver, Geoffrey P. Townsend, 20, of Cranford, was treated at Overlook and was released.

Townsend was driving between the W.R. Tracy drive loop and Surprise Lake at 5:50 p.m. on Saturday when he lost control of his car and it went up on a slight embankment on the right side of the road, police said. The car, which at the time had its roof down, then rolled 180 degrees and landed with the roof side down. Union County Park Police have made no charges against Townsend, and an investigation of the accident is still being conducted. The car was demolished. Wednesday new date for candidates' night

The American Association of University Women has rescheduled candidates' night in Mountainside for next Wednesday at 8 p.m. in Deerfield School's all-purpose room. The event, originally scheduled for last night, had been cancelled when the AAUW

for last night, had been cancelled when the AAUW discovered that all candidates could not be present. Next Wednesday's debate will be too late for coverage in this newspaper.

"A sid, remark hinted that all was not right," Mrs. John Barry, president of the Mountainside chapter said. Last Wednesday, she phoned Mary Stanke, who had been handling the arrangements for the event. "She was shocked when I called her."

Upon verification that Thomas Spina and Robert Viglianti, two GOP nominees, would be out of town on business, the AAUW cancelled the event. According to Stanke, Tim Benford and Arlene

Liberman, Republican and Democratic campaign managers, respectively, had been notified that Oct. 25 was the tentative date and if any of the candidates could not be available, she should be notified.
"Benford never called to let me know," Stanke

said. "He assumed it was cancelled and we were going to have something else instead. I told him to call me back if they couldn't make it. He never called back" called back.

Benford contends that it was the AAUW members who never "got back to us. They called us and asked about the date. I asked for a new date but they never got back to us.

Woodland R-3 Zone dropped by planners

The Mountainside Planning Board last week unanimously voted to delete the proposed creation of an R-3 zone in the Woodland avenue area. The motion, proposed by Board Chairman Donald Jeka, was passed early in last Thursday's public hearing after a hand count showed that over half of the audience present was in opposition to

the zoning change.

Another segment of the audience expressed interest in apartment or condominium housing for senior citizens while others were upset over the proposed extension of Glen road. Jeka's motion was to "remove the

proposal for creating a new R-3 zone in the Woodland Avenue area from our revisions of the Master Plan. It is the feeling of the board that the suggested R-3 zone is the most responsible ap-proach, but those residents most af-fected stand in almost complete opposition.

This motion removes the zoning change for Woodland avenue but not the R-3 zone from a section of Walnut and Locust avenues under the revised master plan.

The motion was prompted by objections raised at the last public hearing, several phone calls, letters and a petition from residents in the affected area. The petition to the board, urging the rejection of the new zoning. was signed by all but two of the Woodland avenue residents.

Don Carpency, a Woodland avenue resident, said, "Presently, there are 33 lots on Woodland avenue with four lots conforming to the R-2 zone. An R-3 zone would bring three other lots into conformance, still leaving 26 non-conforming lots. Our investigation of Mountainside tax maps shows 645 lots in the borough that do not conform to the R-2 zone requirements.

Questioning the R-3 advantage of allowing a more diversified housing type, Carpency further stated: "We in the proposed R-3 Zone have the most diversified housing in the borough. We are also the most populated section in the borough (containing 33 homes and 106 people.) What we do not need are small lot sizes and smaller houses which would only add to the polution effects, added noise and an increase in

traffic flow."
Mrs. Mabel Young of Deer Path asked the board to consider "senior citizen apartments." Young, president of the Senior Citizens' Club, said she has lived in Mountainside for 32 years and is "at a point where I'd like to give up the house and go into an apartment. But I'd like to stay in Mountainside.' She suggested a moderate income housing apartment to be put up on the

Midgets launch drive Saturday

The Mountainside Midget Football organization will conduct its annual door-to-door fund drive Saturday starting at 10 a.m. The athletic program for boys 9 to 14 includes a noncontact clinic for boys 7 and 8. This year, 80 boys are participating in games against teams from neighboring communities. A spokesman said, the program relies totally upon financial donations from community residents, businesses, organizations, and any outof-town support that may be secured. Members of Mountainside's Midget Football teams will be dressed in uniform and walking throughout Mountainside Saturday seeking donations.

"The Mountainside Midget Football Booster Club thanks the residents of Mountainside for their past and continuing support of this successful program for boys.

Barnes tract Clarance Winans, who has previously served as Planning Board chairman said, "We have senior citizens who would like to stay in town but cannot and remain in single family homes. I have had people comment to me that

they would like apartments to remain in Mountainside, "Winans warned that if the board did not establish apartments and control the zone, a judge might tell the borough that apartments must be built and control would be lost. (Continued on page 2)

CAMPAIGN PROFILE For Borough Council

Thomas J. Spina, incumbent Republican candidate for Borough Council, is a 16-year resident of Mountainside. Spina lives with his wife Ruth, son Rick, a freshman at Princeton University, and daughter Linda, a junior at Jonathan Dayton Regional High School.

Spina, born in Lowville, N.Y., at tended the Manlius School and graduated from Lyons Falls High School. He received a bachelor of science degree in business management from Syracuse University and later attended Fairleigh Dickinson University Graduate School of Business. Spina has also attended many seminars in business management. He is a group sales

For two years, Spina served on active duty with the U.S. Air Force as a special investigator and is a major in the USAF Reserve.

A member of St. Paul's Church in Westfield, Spina has participated in numerous community activities. He was a Little League team manager for six years, served on the Bestowers' committees, was a member and show performer of the Mountainside Music Association, as well as member of Dayton Booster Club, Honorary PBA Local 126, Mayor's Advisory Council on Youth, PTA Safety Committee and the Dayton Choral Parents' Society. Having served as 1978 United Way fund drive chairman, he is now a trustee of

From 1970 to 1973, Spina was a member of the Mountainside Board of Education and acted as the board's negotiator. He was successful in negotiating the first multi-year teacher contract in the state. He also served as

the board vice-president in 1973. As a current member of the police committee, he helped negotiate a contract between policemen and the borough. A recent announcement revealed the first three-year contract with the Police Department, one which Spina sees as fair to the policemen, yet anti-inflationary for the borough tax-payers. Many hours of negotiating resulted in this agreement without resorting to mediation or arbitration, both which he said are costly to all parties concerned.

Spina calls himself "dedicated to responsive, cost-effective local government, with as little state and federal bureaucratic control as

The Deerfield School soccer team defeated Garwood by a score of 5-2 to bring its seasons record to four victories and one loss. Scoring goals for Deerfield were Mike Dalhausser (two), Peter Grett, Pat Esemplare and Henry

Deerfield dominated play throughout the game and had a 5=0 lead going into the last quarter thanks to the excellent play of the halfbacks Pat Esemplare, Henry Largey and Glenn Delaney.

The starting fullbacks Ricky Brahm and Dan Harvitt enabled goalie Andrew Grett to shut out Garwood for the first three quarters. Doug Magnolia, Russ Schon. Drew Greeley and Jim Haughey played well on the line and assisted on most of the goals.

Previously, Deerfield had beaten Springfield twice by scores of 4-2 and 5-All nine goals in those games were scored by Mike Dalhausser and Peter Grett. The lone loss was to Brewer in Clark by a 2-1 score. Deerfield outshot Brewer 19 to 4 but was unable to take advantage of the opportunities.

Spina, Viglianti claim low tax rate key topic

Councilman Tom Spina and his Republican running mate for the other seat on the Mountainside governing body, Bob Viglianti, were busy last taking the message of the borough's "favorable tax rate" to the doorsteps of residents. They were joined by Roy Mumford, seeking to fill the post of tax collector, who added that "efficiency in local government is one sure way of controlling spending.

"We have had the most favorable tax rate of any comparable community in Union County for several years now," Spina said. "This is no accident. It is the direct result of a concerted effort by our borough councils over the years to keep the ratio between services and spending at an acceptable level. Every member of council, past and present, has experienced the same frustrations we all face when we view waste and capricious spending at the county, state and federal levels of government. We don't want it here and, fortunately, we've been able to control it through frugal home rule," he added.

Viglianti stressed the higher property values in Mountainside and credited the local tax structure in part for them. "Mountainside has a reputation throughout the tri-county area of being a-municipality that-has been governed economically by a non-salaried mayor and council. The majority of residents moved here because of the ecological environment, the school system and the desirable tax rate. All anyone has to do is compare our local tax rate against

neighboring communities and then do the same thing with property values. It works here in the borough because we want it to work and take steps to make 't work,'' he said.

Mumford expanded on these sentiments by pointing out that efficiency in administering the borough's affairs on a day-to-day basis was part of the checks-and-balances system needed to insure continued good government.

"Prudent handling of borough funds, coupled with accurate, punctual recording, have been hallmarks of Mountainside's fiscal administration as long as I can remember. Simply put, we get the most value possible for every dollar collected in local taxes. It is hard work but it pays off year after year. We're in better shape locally than the majority of communities in the state. And that's not campaign oratory, it is a matter of public record. Our taxes are low, and they're low because we've cared enough to continually elect neighbors who reflect our feelings about how Mountainside should be administered," Mumford said.

The trio continually drove the tax message home and assured residents that they were in concert with those the wanted to maintain the structure,

"I guess it says an awful lot about the way things are in town when the only issue people repeatedly raise is the favorable tax rate and ask us if we will do our best to keep it that way," Spina

linjured in aftermath of 3-vehicle accident

One person was injured in a three-car accident on Rt. 22 at 8:36 a.m. on Oct. 17, according to Mountainside police. Virginia C. Mohyla of Fanwood, driver of one of the cars involved, was bleeding from the face but told police that she would see her own doctor.

The accident, according to police reports, occurred when Roberta Figueroa of Keansburg was stopping for traffic and was hit in the rear by a car driven by J. Richard Behrens Jr. of Scotch Plains. Figueroa told police that a few seconds later, she was again hit from behind by the Behrens-operated vehicle. According to police, Behrens said he was slowing for traffic when Mohylas car hit his, while Mohyla and Figueroa contended that Behrens' car struck Figueroa's vehicle before Mohyla ran into the back of Behrens'

Free clinics set in Mountainside

The Mountainside Board of Health will hold two screening programs on Nov. 7 at the Borough Hall, Rt. 22.

The monthly hypertension clinic will be held from 10 a.m. to 3 p.m. and the diabetes screening program will be offered on an appointment-only basis. Appointments for the diabetes tests

may be scheduled by calling Mrs. Elaine Graf, public health nurse, at 232-2400 on Tuesday, Wednesday and Thursday between 10 a.m. and 2 p.m.

The board is hoping that more residents will be able to attend the hypertension clinic since it is being held on election day, when many of them will have the day off. Both clinics are

The car driven by Donato Nisivoccia of Belleville struck a utility pole after colliding with Elizabeth resident Fernando Nogueira's car on Oct. 18 at 9:34 a.m. Police said Nogueira was traveling west on Rt. 22 and Nisivoccia was entering the highway from Mountain avenue. When Nogueira started to turn right to enter a service station, he collided with Nisivoccia's vehicle. According to police reports, Nisivoccia's car then struck the pole,

When Emily Hoffarth suggested condominiums in back of the Post ffice, she took the stand that Mountainside would not need any subsidy. "I know six widows in town and they are happy here," she said.
"They want to stay here. They have money. They can pay their way, but they do need people to care for them."

Robert Catlin, consultant to the Planning Board, said it is possible to zone an area for senior citizen housing if the lot is town owned.

Opposition to apartments in the borough was expressed by other members of the audience. Frank Gambee of Summit road said, "We don't want apartments or smaller lots."

Randall Derry of Sherwood parkway called apartments "the beginning of the end. The Borough should keep apartments out," he said. "Apartments might start off relatively nicely, but they tend to deteriorate."

Frank Torma of Sunrise parkway labeled apartments "tenement He said it would only attract houses." "transients in and out. As soon as you bring in a tenement, house, the whole aspect of the community changes."

Torma also raised objections to the rezoning of an R-2 section near Glen road to a limited industrial zone, and the proposed extension of Glen road. Torma told the board residents in that area are surrounded on three sides by light industry and now are facing a

'We want something with a lawn. An office building would upgrade the area. When industry comes in, they don't care about you or me or the borough. The only thing they care about is what goes into the cash register. We don't need any more industry." Torma said that when two houses were sold recently, local residents heard prospective buyers say that they were nice houses in a nice location but they didn't like what they saw around the

Another resident of that area, Victor Spolarich of Rutgers road, said, "Slowly, the area is being encroached upon by industry. Keep the area as is." Relating to the extension of Glen road to Springfield avenue which would provide a connection to Rt. 22, he added, "The road is of virtually no benefit to residents, only outsiders.'

Rocco Gentile of Glen Road warned that "When you put trucks on that (Glen) road, you're going to have a problem."

"You are inviting transient traffic to travel through without the benefit to residents," Torma added. "You will

The Union Lancers played host to the hard-hitting and fast Holy Cross eleven last Sunday at Farchers Grove. The first division match ended in a 1-1 tie with the Lancers getting the equalizer in the closing minutes of play. Holy Cross was a second division team last season, and they were out to show the big leaguers that they belong.

The Union County SC traveled to New York and played to a scoreless tie against New York Atlas, who are in second place and just two points behind the leader Kearny Americans in the Second Division North.

The Lancers will play away next week against the Olympic Flames. This means Union County SC will be the home team this Sunday at the Grove.

The Farcher's Grove regulars were treated to a preliminary match between two of the younger Lancer teams last Sunday. The midgets took on the boys team. The older team scored two goals in the first half of the match and then the midgets scored two goals in the second half to tie things up. Both of the teams will see action this Saturday against Union County SC teams. The midgets will play on the field across from Union College in Cranford. This will be a battle of the undefeated-the two teams played to a draw-in-their-first-match of the season and won the rest of their games up to now. The game is at 1 p.m.

The Union County midgets are coming off of a 5-2 Silver Lake A team, with Todd Dalhausser scoring two goals while the Lancer midgets downed Silver Lake B, 8-0.

The Lancer boys team will start the ball rolling at Farchers at 1:15 against the UCSC boys team. The Union County SC rolled to a 13-1 victory over St. Pat's of Staten Island last week while the Lancers won their match against Silver Lake S.I., 3-0. Orlando Laurenco scored two goals in that match while Julie Brzezinski added one goal. Julie, who goes to Central Six School in Union, plays right wing on the boys team and is the first girl to be used on any official Lancer team in league play. Julie knows her soccer and takes orders well. She stays out on the wing, and when the team runs into trouble in front of the goal all they have to do is push the ball to the right and she is there to bring it back in again. She has scored as many as five goals in one game and is the teams leading scorer. Julie also excells in swimming and girls softball.

A game by the Union Kickers (another boys team of the Lancers) vill follow the UCSC vs. Union Lancers match at Farcher's Grove. The Kickers downed the Bergen Kickers, 4-0, last week. They also played two exhibition matches during the week and defeated New Providence 5-0, but lost to Kearny,

The Mountainside Kickers extended their undefeated record to 5-0 last Sunday be downing Summit, 8-0. They have scored an impressive 32 goals and have only allowed two. Mat Miller of Mountainside scored five goals in the Summit game. The Mountainside booters will play two games over the weekend. They will meet Chatham on Saturday and Rahway on Sunday. Both games are at 2 p.m. and will be played home on the Dayton Regional High School soccer field in Springfield.

Councilman Bruce Geiger concurred, "I agree that Glen road should not be extended."

Poplar avenue resident Frances Ehman suggested the installation of a left turn signal at Mountain avenue and Rt. 22 to help alleviate some traffic congestion and added that the proposed office zone at Rt. 22 and New Providence road would add to the traffic problem there. She also said it would not be beneficial to widen New Providence road as it would attract more and faster traffic. Geiger stated that he spoke to Robert Koser, borough engineer, and they hoped to delete this widening from the master plan.

The Planning Board will hold a special meeting tonight at 8 in the Municipal Building. Interested persons may attend but will not be allowed to speak. The board will review tapes of he public hearings and all other in-

formation gathered.

Jeka said, "We then will resolve which we will include and not include. Then we vote on the master plan." The plan is sent as the board's recommendation to council. The council may adjust it, and work on the plan must be complete by January. All zoning or-dinances also must be made by the board and adopted by the council by

District board meets Tuesday

The Union County Regional High School District will meet in an adjourned regular session at the David Brearley Regional High School, Monroe avenue, Kenilworth, Tuesday at 8 p.m.

The agenda includes review of the auditors' report, role of the guidance director in comprehensive high schools, review of the operations of the Instructional media centers, a report of the Adult Learning Center and the full adult school program for 1977-78.

T. Zelles, 77; Pru supervisor

Private funeral services have been held for Theodore Zelles, 77, of Hidden circle, Mountainside, who died Thursday in Overlook Hospital, Summit. Mr. Zelles was a supervisor for Prudential Insurance Co., Newark, for s years, retiring 12 years ago.

Born in Newark, he moved to Mountainside five years ago. Surviving are his wife, Margaret

Mountainside coed to tour with choir

When the Bucknell University Chapel Choir launches its fall concert tour through three states, Nov. 2-5, its complements will include a Mountainside student.

The student is Laurie L. Weeks, daughter of Mr. and Mrs. Hedley .M. Weeks of 257 Meeting House lane, who is a junior at the university. She also is a 1976 graduate of Jonathan Dayton Regional High School.

FRIDAY DEADLINE All items other than spot news should be in our office by noon on Friday.

"Do you think the town is doing enough for the youth?" 44, 46, 10.

Do you agree with the Democratic Party's position that Rt. 78 should follow its original path through the reservation?'' 93, 3, 4.

"Do you think that Mountainside would be better served by a balanced two-party representation?" 87, 7, 6 "Is there any subject that you feel

strongly about that we didn't cover?"

When asked to comment on the survey results, Ehman responded, There is a definite desire by Mountainsiders that additional services such as garbage collection, street cleaning and leaf pickup be considered by borough officials. Other towns are doing it and their taxes are similar to ours. An analysis ought to be made which would determine how we really compare to other communities considering that we pay private contractors for the additional services.'

Ehman's running mate, Vaccari, added, "The survey highlights the town's desire for a change, During our door-to-door campaign we've had an extremely favorable response. Even a large number of admitted Republicans have agreed with us that it is time for a change.

The high percentage of "don't knows" in the question on senior citizens concerns Frances and Ray. They feel that people are not aware of the plight of many of our most valued residents. They feel that the possibility of getting a senior citizens' minibus ought to be looked into, especially since it will cost Mountainside little or no money since federals funds are available for this purpose.

Vincent Price at reception

Vincent Price will attend a reception scheduled to follow the actor's appearance in "Diversions and Delights." Friday, Nov. 17, at 8:30 p.m. at Plainfield High School as a fund-raising benefit for the Westfield YWCA.

The reception at Echo Lake Country Club is open to all holding patron tickets for the show. Marjorie Bradshaw of Mountainside is in charge of the postperformance affair.

Tickets, set at \$25 for patrons and \$10 for reserved seats, are on sale at the YWCA, 220 Clark st., or by contacting Daisy Crane, 373 Creek Bed road, Mountainside.

Students act in a 'Mouse Trap'

Agatha Christie's classic play, "The Mouse Trap," will be performed by Jonathan Dayton High School students on Nov. 10 at 8 p.m. Tickets for the twohour production are \$1.50 each. The story is based on the nursery rhyme.

'Three Blind Mice.'' Students who will be taking on roles include Marcy Levinson as Mollie Ralston, Paul Reiter as Giles Ralston. Alan Effron as Christopher Wren, Joy Jartman as Mrs. Boyle, Jessica Fine as Miss Casewell, Frank Wanca as Major Metcalf, Mark Farinella as Mr. Paravinani and Stewart Gelwarg as Sergeant Trotter.

'Smoke screen' seen clouding 'non-issue'

Benford this week charged the Democrats with trying to create a "smoke screen over the non-issue of a candidates' night forum in Moun-

'We don't understand what all the fuss is about. There is going to be a candidates' night and the Republican candidates will certainly participate. That was never in doubt. The question was only on finding a date when all candidates could be present. Our candidates have been in front of the residents of the borough since last April when they were selected and then confirmed in the June primary election. Local residents have had an opportunity to question them and get their opinions for the last several months. The Democrats didn't come out with their two-thirds of a slate until last month. They need this exposure much more than we do so why they are creating confusion and making wild charges is baffling.

'To set the record straight I'd like to relate what our involvement in this has

"The AAUW contacted us over a month ago and asked if we could participate in a forum on Oct. 25. We immediately discovered that previous commitments prevented all three of our candidates from being present and asked for an alternate date. We heard nothing else officially until Oct. 20 when Nov. 1 was suggested as an alternate date. This also created problems and we countered with an offer of Nov. 5 and

even offered to supply a hall.
"Since Nov. 5 is the date of our own cocktail party for the GOP candidates, the AAUW felt the date might not be acceptable to the opposition so we

not a simple task, I should add, since both Tom Spina and Bob Viglianti had arranged their business schedules for the fall back in the summer when we had no opposition.

"I wish it were as simple for our candidates to be available as it is for the opposition but the fact is they are busy with the affairs of the borough. Tom Spina attends several meetings a week in conjunction with his Council committee assignments and regular council work meetings. Bob Viglianti is captain of the Pescue Squad and as such he has scheduled obligations, including nights he sleeps in the squad building on duty and various committee meetings. Both of these men have professional obligations which they must fit into the available free time they have. Neither of them gets paid for their civic work. It is simply not fair to expect them to disrupt their previous civic and business obligations to accommodate a couple of johnny-comelatelys who have absolutely no civic committments whatsoever, no local volunteer work and no record of activity in the community, past or present, to centend with. We're a bit lired of the cheap shots. The opposition has not been able to come up with any real issues or offer any solid advice on how to improve Mountainside so they've tried to make something out of nothing with this candidates' night smoke screen.

"Roy Mumford's schedule is more flexible but in fairness, to him, to the other candidates and the residents of Mountainside we wanted this forum scheduled on a date when all candidates

could be present. 'One final comment: The opposition has been trying to play on the fact that they deserve to be elected so Mountainside can have "watchdogs" on local government. Every watchdog I've ever heard about was trained. I don't think the opposition fits the bill since they are conspicious by their absence at council meetings and meetings of the various other boards which oversee the wellbeing of our borough:

"They have made one council meeting this year and to get into the council chamber they had to ask Bob Viglianti where it was!

I hope this is the end of their attempts to create non-issues. We welcome their challenge and look forward to discussing the status of local government. They have every right to question our methods, the Constitution provides for that, but they should understand that Mountainside is not a 'political town' where voters are subjected to questionable campaign oratory and charges and countercharges which only serve as an insult to the residents. Mountainside has always elected officials who have contributed to the town, people who have displayed a concern for the community. The fact that they've run for local office as Republicans or Democrats has little meaning in the results."

Dems pleased with new candidates' night

"We are deeply gratified that the AAUW, under the presidency of Mrs. John Barry, has prevailed upon our opponents to appear at a rescheduled candidates' night, Nov. 1," stated Frances Ehman, Democratic candidate for Mountainside Borough

'We found it incredible that at the last moment not one Republican candidate for borough office was available for the originally scheduled candidates' night Oct. 25, when the scheduling had been done a month previously.

"However, we are pleased that our opponents have finally realized the importance to Mountainside voters of having candidates running for high borough office willing to appear in public and make a statement of their beliefs and a stand on issues."

Ray Vaccari, Democratic candidate for tax collector, said, "When Frances and I first learned the Republicans had suddenly become 'unavailable' for the original candidates' night, we were shocked. We feel that anyone aspiring to public office should be responsive to the voters.

"Although we have had to juggle our schedules at short notice and at great incovenience, we feel so strongly about the need for an informed electorate that Frances and I welcome the chance Nov 1 to debate our opponents in a public forum. We applaud the AAUW's perseverance in getting our opponents to come before the voters of Mountainside. That's what the democratic process is all about,"

"It was precisely this 'recalcitrant, unresponsive' attitude that the Republicans have adopted toward Borough residents that first determined the Ehman-Vaccari candidacies. We believe that elected officials must be responsive to their electorate, that the smug complacency evinced by the incumbents must be replaced by people willing and eager to be true representatives of all Mountainside citizens," Ehman and Vaccari added.

"Getting to know all the residents of the borough has been an exhilarating experience," said Ehman, "The Republicans don't know what they're missing. Ray and I have been ringing doorbells in the borough and by the time election day arrives on Nov. 7, wewill have visited all of the 2200 homes in Mountainside. The people in the Borough are truly remarkable. Their enthusiasm is catching. Residents are really excited that we're out and meeting the people, being responsive to their comments, their needs and wishes. We feel we've made a host of friends in the borough. Why people have actually thanked us for coming to see them, remarking it's high time candidates for municipal office have taken a real interest in constituents.

Ehman and Vaccari have been campaigning for the past two months on the theme of a "responsive, efficient and economical government" for

citizens' survey which was conducted by members of the Democratic party in the borough, continuing with statements to the press, coffees, bus stop get-togethers, publicized meetings in Echo Plaza Shopping Center with citizens of Mountainside and culminating in a door-to-door, face-to-face effort to meet all residents, Ehman and Vaccari have waged a campaign to discover "what Mountainside is thinking; what Mountainside needs; how we can best serve the people of Mountainside.'

According to Ehman, "People have been wonderful in encouraging us in our efforts to bring a truly representative government to Mountainside. We're waging an uphill battle but we're getting strong support. It's really a wonderful feeling to hear residents say: 'It's about time someone cared what we think. We're with you all the way.'

Vaccari, who conceived the idea for the citizens' survey, commented, "It's been interesting to hear residents say they've approached Borough Hall time and again with complaints or suggestions for bettering the Borough only to be shunted aside. When we're elected we won't let that happe.". We'll be here to listen, to investigate, and to get back to every citizen on all suggestions and problems. Meeting the residents of Mountainside on a one-toone basis, hearing what they have to say, has been one of the great ex-periences of my life."

Dayton jayvees drop number five, 20-0

The Dayton junior varsity football squad lost a 20-0 decision to the Madison Dodgers which put its season log at a disappointing 0-5. Despite the loss, jayvee coaches Bob Kozub and Bill Kindler noted substantial improvement and were quick to point out that with just four minutes remaining in the game, the score was only 8-0.

The coaches were upset over three costly turnovers which aided the Madison victory.

Lineup swaps fail to spark **Bulldog team**

By MIKE MEIXNER

Despite continual lineup changes by rookie coach Vincenzo Ferrante, he has been unable to stir the Dayton soccer team from its difficulties. The Bulldogs are now 1-10 after a 3-0 loss at the hands of Summit and a 4-1 loss to Millburn. Springfield will travel to face the West

Orange Cowboys today.
Summit controlled midfield completely in the second half and finally scored in spurts, connecting twice in 28 seconds. According to spectators, that seemed to break the Bulldog morale, and they were unable to come back.

However, it was an overall strong game for Dayton. Goalie Dave Lauhoff had a busy day, and he responded with 17 saves. The defense of Steve Geltman and Todd Melamed helped Lauhoff.

Don Meixner scored his third goal of the season on an assist by wing Marc Meskin. Only Meixner has scored more than a single goal all season for Dayton, and the team has managed but eight goals in 11 contests.

The game was close at halftime, 2-1, but an injury to captain Tony Sangregorio further demoralized Springfield, and two fourth quarter goals were scored.

Quarterback Mark Dooley, despite leading a scoreless offense, threw well with good protection from his offensive line. Tim Holleran was the standout

Dayton lineman. The Dayton ground game had its highest output of the season due to the running of Mike Caricato, Ed Francis and Sal D'Addario. They combined for 106 yards rushing.

The air attack also was vastly improved. Dooley tossed the ball to his brother, tight end Bob, for three catches spanning 34 yards. Other receivers were slot back Estes Hoffmann and split end Billy (Buzz) Ventura.

Throughout the year, the defense has used the fundamentals of head coach Angelo Senese and has decreased opponents' yardage each time out. This group is directed by two-way performer Rich Seifert, who also is the offensive center. Holleran and Ron Buthmann are two fast 220-pound lineman, and another bruising defensive performer is nose guard Fabian Riccio. The team will take on New Providence next on

The Dayton Bulldogs continued their long football season by losing, 42-0, to perennial state power Madison, ranked third in New Jersey. The team travels to New Providence next Saturday to face the unbeaten and untied Pioneers. Coach Angelo Senese noted that his team was well prepared for the Madison game but was physically unable to compete. He noted, however, that all six touchdowns were scored in a 15-minute span. During that time, the Bulldogs turned the ball over three

Dayton had two early scoring opportunities. The first came when a poorly-executed Madison play left the ball bouncing toward a Dayton player who was unable to pick it up. A second opportunity arose when Lou Herkalo recovered a fumble deep in Dodger territory. However, the offense-was stopped cold.

Madison running back Joe Butler had brilliant day, scoring five touchdowns. He almost singlehandedly erased Dayton's hopes for victory. The passing game was thwarted by the defensive backfield. All-state quar-terback Steve O'Donnell completed just two passes in the game. Jeff Vargas, Ken Klebous and Larry Irene played superbly against the pass. Klebous intercepted his first pass of the season to stop a Madison drive. They were shorthanded because of injury to safety-halfback Pat Picciuto.

Dayton passer Al Preziosi and his fillin, Klebous, outdueled the Dodger ace O'Donnell; they combined for five completions and 92 yards passing. Nick Caricato, who switched from wide receiver to the slot position, made two receptions. Both Vargas and Rich Souders caught bombs from Dayton's passers, Vargas for 28 yards and Souders for 33 yards. The final reception was credited to tight end Dan Pepe. A strong point for Senese was the offensive line, which held together and gave maximum time to the passer. The line play was led by Herkalo, Mitch Frank, Rich Cederquist, Rob Roff and sophomore Bob Dooley.

Robert Irene returned after a twoweek absence due to an injury and, despite the fact that his timing was slightly off, still managed to be Dayton's top gainer. Larry Irene turned in another rugged performance and was particularly effective on a punishing 12 yard run. Ed McGrady contributed good blocking and a 4.5 average. Caricato, Klebous and Preziosi also added to the total rushing

For the fourth consecutive week, monster back Tony Circelli turned in a superb performance. Coach Senese was again impressed by the play of Circelli, a lightning-quick performer. Rich Cederquist bolstered the defensive line and made 11 tackles. On ten of those he administered the first hit. Linebacker Ken Bell led the Bulldogs with 14 tackles. The defense was strengthened by the play of Jim Wnek, Dan Pepe, Chris Dillemuth, Mitch Frank, Jeff Johnson, Al Arnold and Bob Roff. The special teams were aided by Vargas, Ed Francis, Mike Caricato. Jim Reilly, Rich Souders and Bob Dooley. Cederquist punted seven times, with one kick sailing 50 yards.

Bulldogs' frosh still improving despite losses

By MIKE MEIXNER
Despite a winless start, the Dayton freshman football team has shown excellent prowess and continues to impress coach Rick Iacono and varsity

coach Angelo Senese.

Monday, the Bulldogs recorded their top offensive outing of the year in a heartbreaking 22-16 defeat by Madison. Quarterback Dan (Zip) Circelli used the option effectively throughout the game and passed extremely well. He was aided by halfback John Apicella's running and blocking. Coach Iacono stated that his boys

were unprepared for the opener against Clark but have been learning the new system and have not lost by more than a touchdown since the 24-8 setback to the Crusaders.

Summit, whose varsity team is a state power, struggled to overtake the Bulldogs, 10-6. In that game, Coach Iacono lauded an outstanding defensive unit which turned in a solid goal-line stand. The Hilltoppers had a first down on the six but failed to score. Apicella led the offense with an excellent ground game and three catches coming out of the backfield.

Caldwell, undefeated in conference play, squeaked out a 6-0 victory over Dayton. Caldwell team had a first down on the Dayton four but failed to crack the goal line in four successive plays. Iacono cited nose guard Jack Parent and safetyman Larry Maier as the outstanding defenders in that contest. Coach Iacono attributes the close ballgames to the spectacular play of his defense which, with the help of Coach Senese, has rapidly improved. The starting alignment includes linebackers David Crane and Ben Mirto, nose guard Parent, defensive tackles Nino Parlavecchio and Larry Zavodny, defensive ends Mark Yoss and Chuck Bell and a secondary led by Bob Carroll, Circelli and Maier. The freshman team will play New Providence on Monday.

Dems propose senior citizens employmentaid

Freeholder Anthony Amalfe of Roselle, Roselle Park Mayor Eugene Carmody and Matthew Mirlocca of Union, Democratic candidates for the Union County Board of Freeholders, this week voiced support for employment services for senior citizens.

Senior citizens are faced with high costs of living, inflation and spiraling medical costs just like the rest of us, Amalfe said. "For those who must survive on Social Security benefits alone, their checks are often not nearly enough to live on these days and seniors must seek part-time jobs to supplement their incomes.

Carmody, 10-year mayor of Roselle Park, said "senior citizens are very often happy to fill part-time jobs a younger person may not find overly attractive. Many would simply like to obtain employment, which will not prove to be too demanding, for 20 to 30 hours a week. For those people, this service is an invaluable aid.'

As mayor, Carmody said, he was instrumental in securing a senior citizens mini-bus from the State Department of Transportation and establishing the Human Resources Board for senior citizens.

"Many senior citizens have outstanding talents and special abilities which would prove most advantageous to employers," Mirlocca said. "When an employer hires a senior citizen, he gets the benefit of years of both life and work experience as well as an added measure of responsibility and

CPA unit plans 'stress' course

The New Jersey Society of Certified Public Accountants has scheduled a "Stress Relief Workshop" Monday from 9 a.m., to 5 p.m. at the Ramada Inn, Clark. It will cost \$100 to learn how to rid oneself of tension, "but it may be the best investment many of our members make," said William J. Murray, CPA, president of the society and a partner in the accounting firm of Peat, Marwick, Mitchell & Co., Newark.

Dr. Frances M. Stern, a psychologist and director of the Institute for Behavioral Awareness in Springfield, will conduct the workshop in stress relief training. Among the topics she will cover will be techniques to relieve tensions resulting from interpersonal contact with clients, learning how to cope with situations inherent in the accounting profession which cannot be changed, and learning to recognize cues that signal stress problems.

THANKS TO MATT RINALDO YOU CAN GET MORE THAN STAMPS AT THE POST OFFICE.

You can get help. Help with Social Security problems, help with immigration problems, help with the IRS, help securing veteran's benefits help dealing with an impersonal, unresponsive, often uncaring federal bureaucracy.

Because on June 19, 1978 Congressman Rinaldo launched his first Post Office Öffice, And since then Matt's trained caseworkers have gone into post offices throughout Union County to personally reach - and help - constituents who couldn't reach him. People like Mr. Balkrishna Patel of Roselle Park. Mr. Patel's dream has always been to become an American citizen. He applied for citizenship at the Immigration Department in Newark, but his application was delayed because his file was mistakenly sent to Washington. Mr. Patel met with one of Matt's caseworkers at his local post office, and within two days his application was sent back to Newark, reviewed and approved.

Congressman Rinaldo's Post Office Office caseworkers have cut through bureaucratic red tape to help Alan Fishkin of Clark receive his veteran's education benefits, Kenneth Laux of Rahway receive his disability benefits, and Dominick J. Cardillo of Garwood receive his U.S. Civil Service pension benefits.

But the Post Office Office is only one of the innovative ways Congressman Rinaldo reaches out to the people in Union. Matt's Mobile Office is another. He's personally taken his Mobile Office all around the county, to meet the people he represents face-to-face. Matt just isn't the kind of guy who can sit behind a desk and wait for people to come to him. The Mobile Office has given Congressman Rinaldo the chance to meet — and

help — thousands of people all around Union. Of course, Matt does maintain a regular, full-time office in the district. But even Matt's regular office doesn't keep regular hours. Because Congressman Rinaldo keeps his office open 9 AM to 6PM, 6 days a week. He knows that many working people can't come to his

office during the week. So he keeps his office open all day Saturday, too.

You'd think that a Congressman who spends so much time working for the people in his district, wouldn't have much time left to work in Washington. But if you think that, then you don't know Matt Rinaldo. As hard working as he is at home, he's just as hard working in Congress. In fact. Matt has one of the best attendance records in Congress - present for 98.8% of all votes. And when he's not voting he's busy serving on two major Congressional committees and three key subcommittees. He's always working on legislation in the important areas of crime control. health, mass transit, tax reform, welfare reform, national defense, energy, consumer protection and flood control.

And with all that, Congressman Rinaldo still finds time to sponsor and organize Senior Citizens Seminars and a Solar Energy Day Conference. If we could just harness Matt Rinaldo's energy there wouldn't be an energy crisis.

For six years Congressman Rinaldo has always been there when you needed him. Making sure your voice is heard in Washington, and your problems are solved at home. On November 7th Matt Rinaldo needs you. Vote 3A on Election: Day. Help Matt Rinaldo so he can keep on. helping you.

Alexian series on depression, cancer planned

After launching its new Community Education series with a program and screening on diabetes, Alexian Brothers Hospital, Elizabeth, is preparing a November program on depression and a December program

The turnout for the recent diabetes program was called "very pleasing" by J. Peter Certo, chief administrative officer. "It demonstrates that the public has a vital interest in health topics and is receptive to a comprehensive discussion on such subjects."

Certo stated that details of future programs will be announced newspaper articles and releases to clubs, organizations and groups. Those wanting to be placed on a mailing list may contact the Department of Continuing Education at Alexian Brothers 'Hospital, he said.

The diabetes program format in-cluded panel discussion by Robert R. Granville, executive director, New American Diabetes Association; Frances Tasner, associate -director of the Hackensack-based state chapter, and Dr. Jose Garcia of Alexian Brothers Hospital.

Sponsored in cooperation with the Tri-Hospital Education Committee of Elizabeth, the program reflects a commitment by Alexian Brothers Hospital "to reach into the community and make every effort to furnish health information and promote preventive medicine," Certo stated.

The program covered these points: -There are two kinds of diabetes: juvenile diabetes appears up to age 15; adult-onset usually occurs after 40.

—Overweight people stand a greater chance of getting diabetes.

-Other factors related to adult-onset diabetes include surgery, severe infection, pregnancy, emotions and menopause.

—Symptoms of diabetes include continuous hunger, drinking a lot of water and constantly going to the

-Diet, exercise and proper rest are important to controlling diabetes.

 A diabetic should take extra care of his feet to avoid infections and poor circulation, problems that diabetics tend to develop as they get older.

The hospital president said that the information would be used in compiling a written history about the hospital and also in various exhibits which will be displayed throughout the year.

Elizabeth General Hospital also will be celebrating its centennial with a variety of professional, social, educational and fund-raising events, Billington said.

Elizabeth General, founded in 1879, is the oldest hospital in Eastern Union County. It had its beginnings in a free, two-room dispensary which was founded by four Elizabeth physicians. The dispensary provided care to 1,000 patients during its first year of service.

In 1890, property at Elizabeth General's present site on E. Jersey and Reid streets was purchased and a 125bed hospital was opened in 1894. A seven-story hospital building was completed in 1924 and part of this structure still exists. Modernization of the hospital throughout the years brought the addition and expansion of

the west, east and southwest wings. Today, Elizabeth General Hospital contains 373 beds and 50 bassinets. The hospital provides a full range of medical specialties, including medicine, surgery, pediatrics, obstetrics and gynecology, psychiatry, outpatient and emergency services. Elizabeth General serves as the center for pediatric medicine for Elizabeth, and its Community Montal Health and its Community Mental Health Center offers a variety of in and out patient psychiatric services. The hospital also is involved in numerous educational endeavors, including the operation of a School of Professional

Cubs pow wow to aid leaders

A Cub Scout leaders' pow wow is scheduled by Union Council, Boy Scouts of America, Saturday, Nov. 11, at the United Methodist Church in Cranford.

The pow wow, designed for all Cub Scout leaders, pack committee members and interested parents, will demonstrate pack administration, Webelos den activities, skits and puppets, games and crafts, according to Matt Linkel, pow wow chairman.

Cub Scout packs participating will bring ceremony equipment and com-pleted crafts for exhibits at the "ideas extravaganza." Skill and fun games will be demonstrated on a "midway," Linkel said.

Registration is handled in the Cub Scout packs; information is available from the council service center, 60 Prince st., Elizabeth, 354-5676.

Seven endorse Fahey in race

State Senator Anthony Russo this week announced that he and six others are endorsing Brian Fahey for surrogate judge of Union County.

"Brian Fahey, as a practicing attorney and specialist in probate law, is the only qualified candidate running for the post of Union County Surrogate,' Russo said. "In addition to my support, Brian Fahey has won the endorsements of State Senator John Gregorio, Elizabeth Mayor Tom Dunn and Surrogate Judges Nicholas Amato of Essex, Andrew Smith Jr. of Monmouth, Bruce MacNaul, of Camden and Alphonse Stanzione of Ocean County.'

Russo added: "Frankly, it's a matter of assessing the professional legal credentials for the elected post of surrogate judge. "We feel it's only logical that a judge dealing in probate law should be an attorney and, even more desirable, a specialist in the field. Clearly our choice is Fahey. "The public interest will be best served by Fahey presiding as Union County surrogate judge."

Observatory to open doors

Union College's Sperry Observatory will be open to the public for guided tours Sunday, from 2-5 p.m., as part of the college's Family Day, it was announced by George Chaplenko of Edison, president of Amateur Astronomers, Inc.

The observatory, which is jointly operated by the College and AAI, will open its doors for guided tours in which the public may view and ask questions about the facility.

Mental Health

It was once believed by

some that narcolepsy was a psychologically-caused

disorder. Researchers J.

Christian Gillin and Wallace B. Mendelson,

both M.D.s working at the National Institute of

Mental Health, are in-

vestigating the possibility

that narcolepsy could

have a physiological cause. Gillin and Men-

delson report considerable

research has indicated

narcolepsy may result

from an impaired sleep-

cycle regulating

mechanism causing irregular REM sleep patterns in narcoleptics.

These irregular patterns

in turn could be the main

influence over the other

symptoms, the doctors say. REM sleep may have even more significance

than is now realized.

Researchers have noted

that the REM sleep pat-

terns of patients suffering

from such problems as

anxiety neurosis,

depression, borderline

schizophrenic disorders,

and drug abuse are significantly irregular. Doctors Gillin and

Mendelson say an im-

portant factor in treating

the narcoleptic disorders

is a timely diagnosis. Our

hypothetical Alex

received a quick diagnosis, but a recent

survey of individuals with

narcolepsy indicated there

is an average of 15 years

between the appearance of

the symptoms and the first

correct medical diagnosis.

Narcoleptics have been known to develop guilt

problems, anxiety, depression and lack of

motivation presumably as

a result of being labeled

lazy, clumsy or unin-telligent by a public which does not, for the most part,

recognize or understand

their problem. Gillin and

Mendelson say physicians

and the public need to

know more about nar-

colepsy to prevent destructive labeling or

further complications

from developing in nar-

He was made by Quassar made by Quassar Industries of Rutherford. The android shook hands with a dozen manufacturers at the 30th Annual NJMHA Convention for the show space drawing. He gave a presentation on Atlantic City and the upcoming show and answered questions of prospective exhibitors. Later in the evening, Atlantar presented awards to industry figures honored at the convention.

"Members were surprised and pleased at the knowledge, efficiency and personality of our new executive vice-president,' stated Edward J. Dolan of Pleasantville Mobile Estates, show chairman, "This show is a major move for New Jersey. We've never hosted a Northeast trade show before. We expect it to open new markets for manufacturers and suppliers on the trade days and bring a concept in housing to the public on public days. Atlantar will play an important part in seeing that everything runs smoothly and all details are handled."

Legion asking state: maintain vet preference

Anthony Lori, newly-elected commander of the American Legion, the largest veterans organization in New Jersey with more than 75,000 members, has voiced the opposition of the organization to any change in the veterans preference law. Upon learning of Gov. Brendan Byrne's support of the "watering down" of the current preference or "equalization law," Lori sent telegrams to every member of the State Assembly and Senate.

At the recent state convention of the American Legion, Lori called the retention of the current Veterans Preference Law the top priority of his administration. "Unfortunately," Lori stated, "the respect and appreciation of veterans seems to diminish in the minds of some as time passes and the memory of these sacrifices dims.

"What concerns the American Legion as much as any thing," Lori continued, "is that the veterans who would be hurt most by any change in the current law would be the young minority veterans of the Vietnam Era, who even today are experiencing a rate of unemployment which is totally unacceptable. We again intend to present the issues clearly to our legislative representatives and we feel confident that we can count on our elected officials today, just as citizens of New Jersey were able to count on the veteran during our past conflicts."

Drive benefits expansion, new hospital gear

"Being progressive has become our tradition—Help us pass it on" is the theme of the third annual fund-raising campaign of the St. Barnabas Medical Center Development Fund. Monies raised will be used to implement the expansion of the hospital and finance the purchase of new equipment and technological improvements.

Milford A. Vieser of Short Hills is chairman of the development fund and vice-chairman of the board of trustees

at the medical center.

The fund was started in 1976, and as of Oct. 15, it has raised \$3,906,000 from the medical center trustees, professional staff, employees, foundations and friends. All of this has been dations and friends. All of this has been received in cash except \$64,000 in pledges to be paid in the near future. "The goal of the campaign," Vieser

declared, "is to continue the St. Bar-nabas tradition of excellence in health care by providing the funds to meet the needs of rapidly changing medical

"We confidently predict the development fund will substantially pass the four million dollar mark by

year's end,'' he said. Money contributed to the develop-ment fund will not be used to sup-plement the regular operating budget of the hospital.

Kean students begin retarded girls troop

Four Kean Collège students have established the only active girl scout troop for retarded children in Union County.

The four coeds, Lisa Goldman of Ridgefield, Kim McCorrick of Succasunna, Linda Foley of Summit, and Sue Keenan of Rahway started the girl scout troop as a project requirement for a course in the Special Education

To qualify for the bachelor of science egree in occupational therapy, Kean tudents must complete four years of ourse study as well as six months of upervised field experience.

An important consideration in the state's approval of Kean for the occupational therapy concentration is the college's location in a major metropolitan area. Kean is within an hour's drive of 50 hospitals and agencies offering a wide variety for student field work. Students commuting from outlying areas have easy access to the campus by the Garden State Parkway and the New Jersey Turnpike.
