READY TO GLIDE—Just to make sure that there'll be no mishaps on Christmas Eve, Santa Claus brings his sleigh to the motor vehicle inspection station on Route 22 in Union to get it checked out by Jerry Hrycyshyn. While Rudolph and the rest of the reindeer browse, Santa takes his vehicle over the hurdles,

including runner alignment, lamplight adjustment and, of course, sleighbells in working order. Santa (also known as Wilfred Haines) found no Scrooges at the inspection station; the sleigh passed with flying colors.

Council votes to seek funds for local roads

By SAME FINNELL

An audience of four persons heard the Mountainside Borough Council conduct its last regular public meeting of 1979 Tuesday night.

Among the six resolutions addressed and passed by the board was the authorization of an application to the N.J. Department of Transportation for about \$56,000 in assistance to the borough for road resurfacing.

The funds would be provided in compliance with the Transportation Bond Issue, passed by state voters in November.

Robert Koser, in charge of roads for the borough, has drawn up a list of needed improvements, which was read by Councilman Bruce Geiger. The list includes resetting of manholes, paving, work on curbs and leveling on sections of Short Drive, Foothill Way, Darby Lane, Cherry Hill Road and Raccoon Hollow.

In other business, the council approved the appropriation of \$1,280 in emergency funds to defray the costs of services provided by the Society for the Prevention of Cruelty to Animals, Rahway, with which the borough has a contract for the handling of stray animals and other animal-related

expenses not covered by a borough department.

The 1980 budget will have to include the emergency expense to cover, with funds being taken from this year's surplus. Councilman Nicholas Bradshaw issued a reminder that all dogs in the borough must be licensed. The fees for licenses are used to cover the SPCA contract.

The borough also appointed Jack Barrett, professional engineer, as a professional consultant to perform a heating system survey on the old and new municipal buildings. The system was awarded without competitive bidding. John Post, board attorney, said the lack of competition was an "allowable exception" necessitated by the difficulty of drawing up specifications on the project.

In financial matters, the council approved refunding tax payments of more than \$5,000 as a result of veterans' status, senior citizen deduction and overpayment. The earliest

Presbyterian Church plans Gilbert recital

Robert Frank Gilbert, a graduate of Jonathan Dayton Regional High School, will present an organ recital at the Community Presbyterian Church, Mountainside, Sunday, Dec. 30, at 7:30 p.m. Gilbert will perform works of Buxtehude, Pacelbell, J. S. Bach, Schroeder, Langlais and Mulet. The concert is open to the public.

Gilbert is a student at Hartt College of Music in West Hartford, Conn., where he is pursuing a five-year double bachelor degree program in liturgical music and music education. He studies organ with Harmon Lewis, visiting lecturer of organ-harpsichord, and with the organ department chairman, John Hultz.

Gilbert has given organ recitals in Rhode Island and Connecticut. Early next year he will give recitals in Hartford, Conn., New York City and Newark. Gilbert has also studied with internationally-known organ recitalists: Marie-Claire Alain, Nicolas Danby, Robert Glasgow, Nicholas Kynaston, and Werner Jacob. He is presently organist and choirmaster at St. Mary's Church in Unionville, Conn., and served as organist of Historic Old First Church in downtown Newark last summer.

Holiday deadline

Because printing schedules are disrupted by the holidays, this newspaper has set early deadlines for organizational, social and other items. All material intended for the Jan. 3 issue must be submitted by 5 p.m. next Wednesday, Dec. 26.

Burglar takes jewelry, cash

A home on New Providence Road was the scene of a burglary last Thursday as \$135 and an undetermined amount of jewelry were reported stolen, Mountainside police said.

According to a resident, the house was left with an alarm system on at 8:50 a.m. When the resident returned home at 4 p.m., the master bedroom was found ransacked, according to police.

Bill to improve Rt. 22 clears Assembly unit

A bill by State Senator Donald T. DiFrancesco (R-Union, Morris) to "alleviate and rectify" unsafe conditions on Route 22 has been released from the Assembly Transportation and Communications Committee.

DiFrancesco's resolution (A-3018) urges the New Jersey Department of Transportation to repair those highway conditions, "both structural and design, which pose safety hazards and impede the effective and efficient flow of traffic on Route 22," most notably in Somerset and Union counties.

"Route 22 is an important artery that will continue to see high use, both private and commercial, even as the cost of gasoline continues to rise," said DiFrancesco. "As the most direct and efficient east-west route in this part of the state, Route 22 is one highway that must be maintained, now more than ever."

DiFrancesco, recently appointed to serve on the Senate Transportation and Communications Committee, said, "The longer we wait for redesign and improvements, the worse things will get, at a cost that will be intolerable to the commuter, the businessman and the taxpayer."

The 22nd District legislator noted that some funds for a study of Route 22 improvements might become available under the transportation bond issue approved by the voters last November.

None injured in 3-car crash

Three persons escaped injury last week in a three-car accident on Route 22, Mountainside.

Jean Bergen, 44, of Elizabeth reportedly told police she was traveling east on Route 22 in the left lane at about 7:30 p.m. Thursday when a car driven by Robert Toresco, 25, of Plainfield cut over from the right lane and struck her vehicle. Toresco told police he was attempting to enter the first east-west U-turn and had checked his rear view mirror, police said.

Robert McClean, 17, of Colonia, the driver of a third vehicle, told police he was traveling east on Route 22 when Toresco's vehicle struck the Bergen vehicle forcing it off the roadway into the McClean vehicle.

School board votes budget

The Mountainside Board of Education adopted a tentative 1980-81 school budget Tuesday night that constitutes a 4.3 increase over last year's budget, according to John McDonough, board secretary.

The \$2,180,961 budget is well within state cap figures of just under 7 percent, McDonough said. Although specific figures on any major changes were not available, McDonough said heating costs make up a significant increase.

A public hearing on the budget is tentatively scheduled for Feb. 25, followed by the school board election March 25. The dates have been moved ahead of the usual March and April dates—pending approval by Governor Brendan Byrne—to accommodate the Jewish holiday of Passover.

Choirs to sing Handel classic

The Christmas section of Handel's Messiah will be performed at the Community Presbyterian Church on Deer Path in Mountainside Sunday at 7 p.m. by the Cantabile Singers.

The group of about 60 young voices from Springfield and Mountainside will be accompanied by organ, harpsichord and string quartet. The tenor soloist will be Charles Osborne of St. Paul's Episcopal Church, Westfield. Men & Boys Choir Organist will be James Little, organist-choir director of the Community Presbyterian Church. Kim Shiley of Westfield will be the harpsichordist.

The string quartet is under the direction of Walter Legawiec of Mountainside, composer, performer and teacher. Ed Shiley of Jonathan Day High School is director of the Singers.

There will be time following the performance to greet the participants in the church fellowship room. A free will offering will be asked to help defray the expenses.

Movie offered on Wednesday

The Free Public Library of Mountainside will present a movie for children on Wednesday. In "Hunted in Holland," a boy who is visiting his Dutch penpal becomes involved in a chase after a jewel thief who is posing as a tour guide. The program is free to children five and older. There will be two showings, from 1:30 to 2:30 and from 3 to 4 p.m.

The library will be open from 9 a.m. to 1 p.m. Monday, Dec. 24, and closed Dec. 25. Regular hours will be observed Wednesday, Dec. 26, from 9 a.m. to 5:30 p.m. and 7 to 9 p.m.

The library will be open from 9 a.m. to 5:30 p.m. on Monday, Dec. 31, and closed Jan. 1. Regular hours will resume Jan. 2.

Alison Hart chosen officer in sorority

Alison Hart, a junior at Gettysburg (Pa.) College, was recently elected vice-president of Sigma Kappa, one of seven sororities on campus.

She is the daughter of Mr. and Mrs. David Hart, Summit Road, Mountainside.

CHILDREN'S CHRISTMAS—Kari, at left, and Vicki, patients at Children's Specialized Hospital in Mountainside, delight in decorating a Christmas tree in the hospital courtyard. Community groups in the area have helped make the holiday season merrier for the physically disabled youngsters at the rehabilitation facility.

COSTUMES FROM THE ATTIC—Mary Jane King, staff member of the Free Public Library of Mountainside, puts the finishing touches on clothes that are part of "Grandmother's Trunk: Costume as Social History," an exhibit of costumes of mothers and children from approximately 1890-1920 featured at the library through Jan. 3. Photographs, books and regalia also are on display.

Funds sought for Red Cross

The Westfield Mountainside Chapter of the Red Cross has been asked to raise \$1400 as part of a national effort to replenish the depleted disaster fund, stated Dr. Ashton C. Cuckler, chapter chairman.

"No one can accurately predict the severity of the coming winter, the possibility of spring floods, or early summer tornadoes. We do know that Red Cross must be prepared to meet the emergency needs of disaster victims," he said. Based on past experience, the Red Cross can expect to

spend about \$16 million on disasters in nine months between October and June.

"For this reason, the American Red Cross is launching an unprecedented emergency campaign to raise \$15 million.

Ernest S. Winter, chairman of Members and Funds for the Westfield-Mountainside Red Cross, urged local residents to join with others across the nation in this vital fund raising effort and send their contributions to the American Red Cross, Emergency Disaster Campaign, 321 Elm St., Westfield, N.J.

Seniors help pupils bring history 'to life'

The second grade pupils in the James Caldwell School, Springfield, are learning about Springfield's history from the people who lived it—its senior citizens. As part of their social studies unit on the community, the school's staff felt that history would "come alive" for the pupils if they could locate senior citizens who would be willing to come in and share their experiences.

Working in cooperation with Diane DiPalma, parent coordinator of the project, the staff contacted the seniors through flyers sent home with the pupils, PTA contacts and personal phone calls. Resource people were located who could explore the topics of education, transportation, ways of making a living and recreation.

Dayton grad on paper staff

Walter D. Bromberg, son of Dr. and Mrs. Albert M. Bromberg of Green Hill Road, Springfield, has been elected to the directorate of the Dartmouth, student owned daily newspaper at Dartmouth College. The new directorate will take over operation of all aspects of the newspaper with the beginning of the winter term of Dartmouth's four-term, year-round academic year.

Bromberg, a junior, will act as assistant photography director.

Bromberg, an honor student, has received citations for scholastic distinction in chemistry and sociology. A 1977 graduate of Jonathan Dayton Regional High School, he is majoring in chemistry.

A special feature of the day was a visit by Arthur Cole, a former president of the Elizabeth Historical Society. Cole heard about the project and volunteered many pictures and newspaper articles, which were of interest to all. The Springfield residents who participated in the program were Anne Columbo, Arthur Bjorstad, Madeline Lancaster, Mildred Lindeman, Kathleen Laico, Edward Cardinal and Richard Quinzel.

The senior citizens came into school to share their experiences and their stories were put on tape so that the pupils could use them again. The tapes will be made a permanent part of the school library's audio visual collection.

In addition, several people brought in old photographs and souvenirs. The pupils were very interested in seeing how the town and school looked many years ago.

Gutman gains pair of honors

Ruth A. Gutman, daughter of Mr. and Mrs. William Gutman of Short Drive, Mountainside, has been awarded two National Association of Educational Broadcasters Graphics and Design awards in recognition of two promotional spots for WNET-TV.

Gutman, a graduate of Northwestern University School of Speech and Gov. Livingston Regional High School in Berkeley Heights, has been an associate producer at Channel 13 for a year and a half. In addition to her work in the station's broadcast department, she was part of the production team for such NET specials as "Big Band Bash" and "Frankenthaler: Towards a New Climate," a documentary in the station's ongoing women and arts series.

Three injured as car crashes

A 19-year-old Watchung woman and two passengers in a car she was driving Sunday suffered minor injuries when the car struck a concrete divider on Lawrence Avenue, Mountainside.

Cheryl Watt was treated for face cuts at Overlook Hospital, Summit, and released. Debbie Vagell, 18, also of Watchung, and Caroline Finley, 19, of Warren, both were treated for moderate head injuries and released.

Police said Watt stated she was traveling east on Route 22 at 7:44 p.m. when she attempted to turn off onto Lawrence Avenue. The vehicle skidded on the wet pavement and struck the divider, she told police.

Defective light brings arrests

Two Newark brothers, who had warrants out for their arrest, were taken into custody, last Friday by a Mountainside patrolman who had stopped them in a car on Route 22, police reported.

Roberto and George Cruz were taken into custody after being stopped because the rear license plate light was out on the car they were driving, police said. The patrolman, upon approaching the car, saw a rag stuffed near the light concealing the identity of the plate, according to police reports.

The patrolman checked the credentials of the two and learned that there were three traffic warrants issued for Roberto and a bench warrant issued for George, police said.

They were picked up in Mountainside by Newark police when they could not post bail, police said Monday.

Nine awarded Pingry honors

H. Westcott Cunningham, headmaster of the Pingry School, Hillside, has announced that the following Mountainside residents have earned honor grades for the first marking period:

Barry Charles, Far View Drive; Anne Wixom, Bayberry Lane; Edward McLaughlan, Saddle Brook Road; Paul Vetter, Forest Hill Way; Lisa Allan, Oak Tree Road; Jill Logio, Nottingham Way; J. Alison Little, Outlook Drive; Motria Huk, Fox Trail, and David Calderone, Coles Avenue.

TASK OF GIVING—Packing gifts for those less fortunate are Deerfield School students Maurice Nistorenko and Jim Haughey. The students decorated a box for contributions collected in their home room. The gifts represented an unusual "payment" for animal trainer Frank McSweeney, who gave free show featuring his trained dogs and cat at Beechwood and Deerfield schools. In return, the students made voluntary contributions for McSweeney to distribute in holiday program at orphanages and hospitals.

Buckle up message of 'crash' program

According to the National Safety Council, every 16 seconds someone is injured in a traffic crash — for a yearly total of almost two million disabling injuries — and every 10 minutes someone is killed in a traffic crash — for a yearly total of more than 50,000 deaths.

If all passenger car occupants used lap and shoulder belts, the National Highway Traffic Safety Administration estimates, 20,000 lives a year could be saved in the United States. In an attempt to convince New Jersey motorists to buckle up, the New Jersey State Safety Council is providing "Safety Bell Convincer" demonstrations to schools, employers-employees and community organizations. The "convincer" allows a person to experience a controlled collision and walk away unharmed.

Sitting in a real car seat, and restrained by a lap belt and shoulder harness, the rider travels down a nine-foot ramp. The descending rate of speed is approximately 10 miles per hour. Upon reaching the bottom of the inclined rail, the car jolts to an abrupt stop against a pair of rubber bumpers causing an impact that leaves a lasting

impression in the mind of the rider without personal injury.

The rider is able to walk away from this 10 mile-per hour collision with no injuries because the forward motion is restrained by the safety belts. Without the belts, in a real crash, the person would either be ejected from a vehicle or thrust against its interior, sustaining a fatal or serious injury.

The "convincer" is available statewide at no charge for demonstrations for schools, employers, employees and community organizations. Information is available from the New Jersey State Safety Council, 642-3123.

Council meets

overpayments addressed by the refunds were made in 1977.

The borough also approved payment of more than \$8,000 for deeds of easement for property owners affected by the Mary Allen Way sanitary sewer extension.

Regional frosh defeat 3 teams in scrimmages

Twenty-two candidates turned out for the Jonathan Dayton Regional High School boys' freshman basketball team's first practice Nov. 15. Since then, the squad has been practicing five days a week and opened its season

against Kawameen Junior High School of Union Tuesday. Coach Arthur Krupp has pared the team to 15 players and the starters appear to be Kyle Hudgins (6-1) at center, Jim Price (5-9) and Glen Delany (5-9) at the forwards. Ron

Fusco (5-5) and Pat Eschemplere (5-7) at the guards. The sixth and seventh men off the bench are Michael Berliner and Dave Johnson. Others on the team are Carlos Rivera, Lew Jenkins, Ken Dietz, Tommy Walker, Dave Kadish, Charles Coleen, Charles Rodriguez, and Victor Gutierrez.

At Union Catholic, the Bulldogs played six 10-minute quarters. They won two, lost two and tied two, compiling 41 points to the opponents' 33. Hudgins scored 19 points, Price 14, Fusco and Eschemplere six each, and Delany four.

At Clark Dayton, four of five

eight-minute quarters, scoring 80 points to Clark's 57. Hudgins had 21 points, Delany 11, Price 9, Berliner 8, Fusco 8, Rivera 7, Johnson 5, Jenkins 5, Eschemplere 2, Walker 2 and Coleen 2.

Facing Kendworth at home the frosh romped 40-14, winning all five eight-minute quarters. Price 13 points, Eschemplere 11, Jenkins 13, Hudgins 12, Johnson 12 and Kadish 10. Berliner added 10, Fusco 8, Walker 4, Delany 4, Rivera 4, Dietz 2 and Coleen 2.

The freshmen employ several defensive patterns, tight man to man and 2-1-2 zone.

Soccer Scene

By BILL WILD

Did you ever try to be in three places at the same time? Well, that is what I did last Sunday. Luckily the three places were all at Farcher's Grove. The Elizabeth Sport Club Women's Auxiliary was presenting its Christmas Party for the children and grandchildren of the club members in the main ballroom. This included players in the Union Lancer junior soccer program. You can bet Santa Claus was pretty busy.

The football Giants were on the TV in the main ballroom, and out on the field, the Union County Sport Club junior team was playing the Wayne Sportsfriends in a league game.

The score stood at 1-1 in the first half of the soccer game, and that was the way the half ended. This gave me a chance to go inside and check out the Giant score and see what was going on at the Christmas party. I don't have to tell you about the Giant game because even I lost interest and the party was just starting to warm up, so I went back outside for the second half of the soccer game. The game ended at 1-1 with Union County in control, but the ball just would not go into the net for the locals.

I went back in, and found out that I was not missing much on the TV. The Giants were back in their 1978 form.

Santa to visit skating rink

Santa Claus will make an appearance at the Warinanco Ice Skating Center, in the Roselle section of Warinanco Park, on Sunday. He will spend the entire day skating at the center, talking to youngsters and giving out free candy canes. The Warinanco Ice Skating Center will be open on that day from 10:30 a.m. to 12:30 p.m., 1 to 3 p.m., 3:30 to 5:30 p.m. and 8:30 p.m. to 10:30 p.m. Admission is \$1.25 for senior citizens and youth and \$1.75 for adults.

Parents told sledding tips

Every Christmas, thousands of children receive sleds, a gift guaranteed to make a child's face beam with pleasure. Many parents consider sledding a safe and harmless activity. But today's environment is changing, suburbs and subdivisions are encroaching on open land perfect for carefree sledding, busier roads with more vehicles are an added danger, shorter days reduce visibility.

The following suggestions: Keep sleds in top operating condition. Check for broken parts, split wood or sharp edges. The most serious sledding accidents involve automobiles. Sledding anywhere near a road is asking for trouble unless the road has been closed to all traffic. Drivers have difficulty seeing sledders, and icy roads may make stopping in time impossible.

find a safe place to sled. The ideal sledding site is a broad, gently sloping hill far removed from streets or roadways. The hill should have a long flat area at the bottom so children can coast to a stop.

-Caution children about sledding on frozen ponds or lakes. Ice that appears frozen solid could give way under the weight of sled and rider. -Teach children that the proper position for sledding is with both arms and with both legs on the sled.

CardioRobics opens facilities

CardioRobics held its grand opening Nov. 30 as New Jersey's first medically-supervised facility for comprehensive cardiac conditioning. The professional staff includes a board-certified cardiologist, two cardiac nurses, a registered nutritionist and a clinical psychologist.

CardioRobics seeks to provide an individually-prescribed plan to increase the efficiency of the heart muscle and circulatory system. This plan emphasizes control of other factors which

contribute to heart disease—smoking cessation, stress management, weight normalization and nutritional counseling.

A comprehensive program at CardioRobics evaluates the cardiovascular system at rest and in motion and provides a prescribed plan of

exercise and risk factor reductions for people without and with heart problems. This plan is available on an individual or group basis.

CardioRobics is conveniently located off Route 24, close to the Garden State Parkway, at 673 Morris Ave., Springfield. Parking is free. Hours begin at 7 a.m. Information is available at 467-3465.

Cookies, robes sent to hospital

The American home chairman of the Mountainside Woman's Club, Phyllis McLeod, has announced the results of the efforts of the club members for "Operation Candy-Cookie."

One hundred and twenty-seven decorated coffee cans were filled with homemade cookies and sent to Runnells Hospital. Twelve lap robes also have been delivered to Runnells for the senior citizens.

Boys at the New Jersey Training School at Skillman were not forgotten. Twelve beanies, 18 pairs of knitted slippers and 8 knitted scarves, as well as a check for \$15, have been sent to them for the holiday season.

Florence Britton, the Mountainside Woman's Club social service chairman, has requested the public to save the cancelled stamps from their Christmas cards. They can be sent to her at her home, 213 Central Ave. Mountainside, N.J., 07092. The stamps will be sent to England where a project sponsored by the London Daily Mail and operated by the London Society for the Blind makes the stamps in packets to be sold.

The money is used to buy seeing eye dogs for blind people.

Williams introduces bill to save low-interest mortgage financing

WASHINGTON—U.S. Senator Harrison A. Williams Jr. (D-NJ) has introduced legislation which would prevent the dismantling of tax-exempt bond programs which provided an estimated \$13 billion in low-interest mortgage funds nationwide during 1979.

Williams, chairman of the Senate Subcommittee on Housing and Urban Affairs, said his measure would permit the sale of mortgage revenue bonds "which have pumped billions of dollars into the tight housing market and helped moderate income families purchase a home." The senator's measure was designed to save this important source of mortgage financing from efforts under way to prohibit future sales of bonds for single family housing or community revitalization projects.

Under Williams' measure, states and municipalities would be permitted to issue tax-exempt mortgage bonds when the conventional market is unable to meet the demand for financing. Proceeds from the sale of the bonds

would be used to provide below market level mortgages to moderate-income families "who have been cut out of the housing market because they cannot afford the high monthly payments required under present day mortgages which carry 13 and 14 percent interest rates," Williams said. The measure also would permit the use of these funds for valuable neighborhood revitalization projects and urban areas which are too often underserved by private mortgage lenders.

Existing bond programs in 13 states and communities across the country would suffer debilitating cutbacks and the loss of billions in low interest funding without the authority guaranteed under Williams' legislation. Williams noted that an estimated \$35 billion in financing for single family homes alone could be raised yearly by 1984 through the sale of such bonds. His legislation would permit the sale of mortgage revenue bonds to continue in the following situations:

As part of local redevelopment or

revitalization programs that utilize federal grant funds.

When the bonds are issued by state housing finance agencies.

When the proceeds of the bond issue are targeted to low and moderate income families.

The senator's bill also limits bond issues to the financing of owner-occupied dwellings so that lower interest rates do not fuel speculation in the housing market.

Soaring interest rates have hamstringed the conventional mortgage market and driven even moderate income families out of the housing market, Williams said.

The senator noted that mortgage revenue bonds have accounted for an increasing percentage of the \$120 billion national mortgage market during the past five years. In 1978 for instance the sale of bonds raised an estimated \$5.5 billion, by 1979 that figure rose to \$13 billion.

Booklet offers guide for cancer patients

The Union County Unit of the American Cancer Society has announced publication of its new "Community Resource Guide" for cancer patients and their families. The result of two years of work by volunteer members of the unit's Patients Service and Rehabilitation Committee, the free booklet outlines a wide range of services provided by various agencies in Union County. The Schering Plough Corp. in Kenilworth financed this first time project.

Enid Barton, chairwoman, expressed her committee's opinion on the importance of the booklet. "The guide can be invaluable to cancer patients and their families. It can help take some of the confusion out of the many decisions one faces when cancer services are sought," she said.

The 14 page guide lists agencies offering a wide range of services. Information on sick room supplies, transportation, rehabilitation and counseling, financial assistance for therapy and treatment and where to seek them are some of the services outlined. The guide will be distributed throughout the county without charge.

Additional information is available by calling 354-7373 or 232-0641.

Cancer grant OK'd for study of viruses.

A research grant of \$90,000 has been awarded by the American Cancer Society to Dr. Michael J. Leibowitz, assistant professor of Microbiology at the Rutgers Medical School, for a study related to viruses as a possible cause of cancer in humans.

ACS research funds in effect in New Jersey scientific institutions now total more than \$1 million.

"Many types of viruses are known to cause cancer in animals," Dr. Leibowitz noted. "Our aim in tracing viral genetic materials within a simple host cell is to seek similar applications in higher organisms and human malignancies."

Dr. Leibowitz hopes to detect changes in the functions of a yeast host cell after it is invaded by virus genes. At the same time, the process by which the invading viral material feeds itself and is fed by the host cell is traced and analyzed.

"The actual chemical functions of host and virus genes in the replication, or duplication, process remain unknown," Dr. Leibowitz said. "Our study employs the basic organism of yeast to study the host functions required for the duplication of a double-stranded RNA 'killer' virus. Our hope is that similar virus-host interactions subsequently may be found in higher organisms, including the infection or tumor-forming viruses with their host cells."

A HOME IN YOUR RANGE Wyncrest Farms, Shark River Road in Tinton Falls offers this attractive two story, the Locust featuring four bedrooms and two and a half baths. Developer is Holly Building Corp. of Brielle, headed by Justin and Jim Segal. Prices at the new 28 home community start at \$75,900.

Crestwood maps out community services

Two new publications prepared by Crestwood Communities illustrate the "full-service active adult" community concept pioneered by the Crestwood complex now celebrating its 15th Anniversary.

The fifth edition of the Crestwood Street Map, printed in four colors like an oil company road

map, emphasizes the self-containment features of the community. Secluded off the highway, in the South Jersey Pinelands, Crestwood is almost completely surrounded by virgin forest, state fish and game preserves. Yet within its boundaries, as shown on the map, are two major

shopping plazas with 22 stores, soon to be expanded to double that number. Three auto service stations, three banks, law and insurance offices.

Ten clubhouses, together with their furnishings and equipment for social, entertainment and sports activities, valued at more than \$4 million, are distributed throughout the neighborhoods. Residents become lifetime clubhouse members upon taking occupancy of their homes. Additionally, facilities for swimming, and other recreation are provided by Harry Wright Lake, a Manchester Township park for township residents only, less than one mile beyond Crestwood's borders. Woodland walkways, are a pleasurable stroll among nature's delights within the community.

"In health-care facilities, too, Crestwood is virtually self-sufficient," pointed out the Crestwood founder and president, Mike Kokes. "We have a new \$500,000 Medical Center, with 32 doctors representing general family practitioners and more than a dozen specialists including dentists and X-ray. That's right in the center of our town. Three equipped and staffed ambulances are maintained by the volunteer Whiting First Aid Squad on 24-hour alert, and there are four full-service hospitals within 20 minutes' drive."

Seven houses of worship are found within the boundaries of the retirement complex, and a dozen more, representing Jewish, Catholic and Protestant denominations, are in the surrounding communities.

All of these amenities of a full-service residential suburb are readily accessible to residents via a network of community buses that circulate Crestwood on a regular schedule and provide service also to nearby towns for additional shopping and religious services.

In the background, but of prime importance, are various support services that make the whole thing work, Kokes noted. Crestwood has its own water company that draws from wells deep into the 15 trillion gallon supply that underlies South Jersey and is the largest aquifer in the Northeast.

62 units sold by Wellington in first 2 days

What happens when you offer home buyers a new condominium community with plenty of luxury, resort-type features, affordable prices and a location just 45 minutes from New York City?

People appreciate it. And in the case of Wellington Place, the new condominium by Weiner Homes in Aberdeen Township, visitors at the preview demonstrated their appreciation in the most powerful manner possible: they bought 62 homes in the first three sections.

During this inaugural weekend, more than 400 prospective homebuyers crowded Wellington Place's sales trailer. In addition to the 62 purchasers, 21 "back-up" deposits were taken in the event any of the first 62 condominiums becomes available as a result of a cancellation.

"You have to realize that the New York-New Jersey metropolitan area contains some of the most sophisticated home seekers anywhere," noted David Weiner, the firm's marketing director. "They've done their homework, they've seen

what's available and they've concluded that they can get more home for their money at Wellington Place."

Four one-bedroom, one-bedroom-den and two-bedroom condominium models are available, with up to two full baths. According to the construction supervisor and vice president Joshua Weiner, "The extensive list of standard features includes a woodburning fireplace, wall-to-wall carpeting, separate dining area, central air conditioning, G.E. appliances, walk-in closets and more." All-brick exteriors, York heat pumps and complete insulation are also featured to provide substantial energy savings.

Currently under construction are two tennis courts, a swim club, jogging trail and a large private clubhouse, Josh Weiner added.

Current prices range from the low \$50s to the mid-\$60s. Carteret Savings and Loan is providing 30-year mortgage financing for qualified purchasers.

The sales center at Wellington Place is located about a mile south of Lloyd Road, on Route 34 in Aberdeen.

What to check before signing a contract

With increased energy costs and interest rates on loans, more and more homeowners are deciding to invest in home improvements rather than move. Consequently, an increased number of complaints concerning home improvement contractors are being reported to the New Jersey Division of Consumer Affairs and county and local consumer offices.

To help avoid potential problems with contractors, it is important to exercise caution in hiring a contractor. These tips may help you find a reputable and reliable contractor.

Obtain at least three estimates, preferably from contractors who have been recommended to you. You can ask the Division of Consumer Affairs, Action Lane at 201-648-3295 if complaints have been lodged against the firms you are considering.

Compare the contractors' estimates and the quality of materials offered. It is often worth paying a higher price for higher quality materials and workmanship.

Ask for the names and addresses of other customers to see the contractor's work. Legitimate contractors should not hesitate to give you such

references. When visiting these homes, check workmanship and quality of materials.

Check all advertising claims such as energy savings and sale prices for accuracy.

Check the contractors' reputations with the local building department, chamber of commerce, the National Home Improvement Association or another contractor's association.

Do not rely on verbal promises—insist that all claims be incorporated into the contract.

Ask contractors for their permanent business address.

Beware of contractors who offer discounts to use your home as a model often no savings results.

Avoid those who

attempt to coerce you into having work done that you don't want or need.

Before you sign a contract, be certain that there are no blank spaces and that the following information is included in the contract:

Plans and specifications including brand names of materials and equipment and a statement that substitutes are not permitted.

Itemization of the costs of labor and materials.

Certification that the contractor has the required insurance and worker's compensation coverage.

Starting and completion dates.

A clause that the contractor will remove

all waste materials after completing the job.

A guarantee of the contractor's work for a reasonable period.

Clearly stated payment terms based on the satisfactory completion of the work.

When the work has been completed, hold back the last payment until the building inspector has approved the work and the contractor has given you a notarized waiver of lien certifying all subcontractors and suppliers have been paid. Also confirm that all work is completed

before signing the contractor's completion certificate.

In New Jersey, if you sign a home improvement contract in your home, you can cancel it within

72 hours of signing the contract. Notice of cancellation must be given by return receipt mail and mailed no later than 5 p.m. on the third day after the contract has signed.

Pick of the LPs LIVE FROM NEW YORK GILDA RADNER WARNER BROS RECORDS HS 3320 Recorded live at New York's Winter Garden. As a central talent for one of TV's most successful experiments in unrestrained, topical comedy, Gilda, in her

four years as a Saturday Night Live regular, has created some of the funniest, most endearing characters in the history of the medium. In a show which itself has become an entertainment phenomenon, launching major new stars, ushering in a new era in TV relevance and introducing a host of catch phrases into American lexicon, Gilda stands out as a marvelously astute comedienne, a skilled performer, and above all, an entertainer whose work is informed by a sense of vulnerability, of humanness, a very empathy with her audience and with the characters she portrays. When Warners approached Gilda to do an album early last year, she began delving into her Saturday night experience for material that might fill a solo LP. "I began developing some of the characters a little more deeply and in the process realized that what I really wanted to do was a musical album."

Second-half foul trouble costly as Regional five drops opener

By PENNY LEVITT

The Jonathan Dayton Regional High School basketball team opened its season last Friday at Arthur L. Johnson High School of Clark. The game was highlighted by the Bulldog's tough defensive play; at the half, Arthur L. Johnson led Dayton, 27-25. The Crusaders went on to win the game, 67-46, as four Dayton starters fouled out during the second half.

Joseph with 14 points. Anthony Cirelli had six points and five assists, Mitchell Toland five points, Albert Gargiulo two points and Ricky Marech, substitute of the week, five points. Larry Walker, Ken Klebous, captain Billy Ventura, Robert Steir, Jeff Engelhardt and Tyrone Hayes saw action throughout the game.

Coach Ray Yanehus was pleased with the team's pressure defense and recognized its difficulty converting offensive strategy into points.

Next Thursday and Saturday, the team will travel to David Brearley High School in Kenilworth to compete in Union County's holiday tournament.

Jonathan Dayton's junior varsity squad was impressive beating the Crusaders, 69-41. High scorer was Larry Maier with 16 points. Coach Bill McNeece said he was proud of the boys' cooperation and team effort.

Bowling teams score shutouts to open season

The Jonathan Dayton Regional High School varsity bowling team opened its season by defeating Governor Livingston Regional High School, 3-0, at Echo Lanes, winning 759-717, 847-766 and 724-689. Captain Michael Steinberg led the Bulldogs with a 183-511. Mike Pine had a 175-487 series, freshman Dan Freedman 176-477, Ron Zirkel 165-419 and Rich Zirkel 164-436.

The second squad also won its match, posting 689-736, 725-671 and 793-718 victories. Freshman Mike Suchomel had a 220-538 series. Tedd Nugent bowled 165-457 and Richard Popper 140-402.

Dayton will take on the Brearley Bears and Governor Livingston at Plaza Lanes next week, before opening Suburban Conference play Jan. 3. Competition is held in Plaza Lanes, Madison, every Monday and Thursday afternoon. John Swedish is coach of the bowlers, who posted a 9-3 conference record last season and lost the Suburban Conference title to Summit by one game.

Dayton five trounced by Clark girls

By DAVID GOLD

A very young Jonathan Dayton girls basketball team opened its season last weekend in Clark and the 68-18 loss showed why the veteran Clark team is ranked in the top five in the county. "It was a learning experience," commented coach Ruth Townsend. "We're young and inexperienced and made mistakes. This might be the toughest team Dayton will face all year."

Townsend's main concern is the lack of offense. She indicated the team wasn't passing or penetrating enough and she would have like to see the girls take more shots. Dayton using a patterned offense, also showed a weakness in foul shooting. Regional went only two for 16.

According to Townsend the defense was strong. Dayton did not press in the game.

Kathy Clarke led Dayton on defense. Other key players were Theresa Young, Debbie Barron, Linda Graziano, Lana Tanarrow, Jill Jacobs and Linda Leese.

It was a disappointing way to open the season but Townsend and the players will "try and learn from it."

Rebuilding Bulldogs seventh in mat event

The Jonathan Dayton wrestling team opened its season last weekend by placing seventh in the eight-team Gov. Livingston Holiday Tournament, led by Steve Tenenbaum who won the 129-pound division.

Coach Richard Iacono commented that this is a young team that lacks experience this early in the season.

Roselle Park finished first, followed by Bridgewater West and Gov. Livingston. Dayton never finished last in a weight class. Ed Francis was third at 122 pounds, Vince Cervone (188), Ben Scaturro (135) and Frank Colatruaglia (108) who all finished in fifth place. Sixth place finishers were Steve Salemy (141) and Paul D'Andrea (148).

Finishing seventh were Bill Giordano (101), Rusty Gramaldi (115), Jack Parent (158), Nino Parlavocchio (170) and Ron Bohman (heavyweight).

Iacono is not displeased with his team's performance in what he considers a rebuilding year. Dayton was in good shape but the wrestlers have "had no mat time."

Dayton will try to even its record tomorrow night in Belleville, which is ranked third in its region. The Bulldogs are ranked 12th in the region.

The key to a successful program is its feeder program, according to Iacono. The Springfield midget wrestling program is doing a good job but Iacono is hoping for more local support.

Mat matches to be telecast

The Hillside High School vs. Jonathan Dayton wrestling match will be cablecast via Suburban Cablevision's local Channel 3 tonight at 7:30 immediately following "Time In". The bouts were to have taken place yesterday at Hillside's gymnasium.

The Comets of Hillside are directed by John Zappulla and the Dayton Bulldogs of Springfield are coached by Rick Iacono.

The match will have a repeat cablecast tomorrow at 7:30 on Suburban's Channel 1.

FINAL STRIDES—Jeff Knowles, 17, of Springfield grinds out the final yards in last year's Jersey Shore Marathon. Knowles, who was captain of the varsity cross country team at Jonathan Dayton Regional High School, this year finished 246th in a field of more than 3,000 with a time of 3:03. He plans to run in the Mardi Gras Marathon in New Orleans in February.

Dayton's track team in Cranford tri-meet

By PENNY LEVITT

Tomorrow afternoon the Jonathan Dayton Regional High School boys' and girls' winter track team will open its

season at Cranford High School in a tri-meet with Cranford and Roselle.

Head Coach Bill Jones is confident, after observing the runners in an intersquad scrimmage, that the team has an excellent future. The potential of several newcomers is becoming increasingly evident. They include Kathy Castalis, Kathy Gerndt, Beth Mortimer, Karen and Kathy Rickerhauser, Mary Jo Scuderi, Nick Basilotto, Andy Carr, Kevin Iacono, Jim Pabst and Matt Smith.

Distance Coach Dave Cowden anticipates a successful season since his runners are young yet experienced. The team will be led by captains Trish Taylor, Maria Sannino, Jay Bruder, Danny Dommaratsky and Jeff Knowles at the Minute Men Relays in Elizabeth, Thursday, Dec. 27. On Saturday, Dec. 29, Dayton will have 70 entries at the Union County Developmental Meet in Cranford.

'Awards given to five bowlers

Twenty-three students from Jonathan Dayton Regional High School completed the first six-week after-school bowling program at the Plaza Lanes in Madison last week.

Daily Intramural Program Physical Director John Swedish said trophies for outstanding play in the league were awarded to Mike Steinberg (all-round champion), Dan Freedman (high average), Mike Suchomel (high game), Rich Zirkel (high series) and Ellen Goldstein (most improved).

Other bowlers who performed well in the league included: Mike Pine, Steve Klein, Ron Zirkel, Tedd Nugent, Scott Semel, Richard Popper, Tim Nugent and Scott Hain. The league plans to resume play after the varsity bowling season ends in March.

Mental Health

From HEW

RUNNING AND DEPRESSION

A new treatment for depression also could help you lose weight and stop smoking.

It's called "running." According to a study funded by the National Institute on Mental Health, running is at least as effective as traditional psychotherapy for the relief of depressive symptoms in some people—and at far less cost.

The study was undertaken by investigators at the Wisconsin Psychiatric Research Institute under the direction of Dr. John Greist. The idea for the study was based on the widely-accepted belief that exercise promotes physical and mental health.

To determine whether running might have psychological benefits for patients who suffer from depression, the Wisconsin research team randomly assigned 28 patients to one of three treatment groups: a running group, a time-limited psychotherapy group, and a time-unlimited psychotherapy group.

Patients in the running group jogged at a comfortable pace under the supervision of a running leader trained in physical education and educational psychology. The group concentrated on proper breathing, correct posture, diet and other physical elements of running. Talk which focused on depression itself was neither encouraged nor reinforced.

Greist explains that "this approach worked well since depressive thoughts seldom emerge during running, and when they do, they are virtually impossible to maintain."

Consequently, "this technique... was successful in breaking through depressive thoughts in all of our patients."

At the end of 10 weeks, a comparison of the three groups revealed that the running and the time-limited groups had similar levels of improvement with regard to depressive symptoms. The time-unlimited group, whose treatment was not completed within 10 weeks, showed less improvement.

How can running work to relieve depression? Greist sees several ways:

—Becoming a "runner" is an achievement and represents success for

many people who have been frustrated and depressed by previous failures. —Running improves a person's physical health and appearance and consequently increases self-acceptance. —The act of running provides a time for quiet reflection which can unearth neurotic conflicts in a person's makeup and stimulate self-analysis and change.

Marching band plans blow-out

Members of the Jonathan Dayton Marching Band will be honored at a special dinner tonight at the high school. The Band Parents Organization is hosting the dinner to thank the band members for the hours of work which led to the band's winning the Tournament of Bands Chapter V Championship last year.

Following the dinner, the band will present its annual December concert.

Cleanup time: glass, papers

The Jonathan Dayton Regional High School Key Club will hold its twice-a-month Glass-In on Saturday. All residents of the area were urged to bring glass sorted by color with the metal rings removed from around the mouth of the bottles, and newspapers (tied in bundles), for recycling.

The Glass-In will be held in the high school parking lot from 8 a.m. to 3 p.m.

A holiday 'gift' idea—blood donors sought

Union County residents can donate a gift of life and health for the holiday season during a special blood drive tomorrow at Red Cross headquarters, 203 West Jersey St., Elizabeth, from 12:30 p.m. until 5 p.m.

The special blood drive is an attempt to bring up the level of local donations, which have been dropping during the past two years because of resident apathy, according to the Red Cross.

No appointment is needed for tomorrow's blood drive and locations of other area blood banks outside of Union County are available from the Red Cross at 353-2500.

Blood donations are needed especially before the coming holiday season and must holiday weekends, when there are more emergency accidents and bloodmobile hours are cut, Overton said.

The amount of blood being given by Union County residents is becoming lower and lower, according to Peter W.

Overton, manager of the Union County chapter of the Red Cross. Two years ago, the Red Cross used to receive about 40 pints of blood per drive day; now it receives between six and 10 pints per day, he said.

"Alienation from one's neighbor is spreading," he said. "Severe public apathy continues to deteriorate the position of the Red Cross in collecting voluntary blood."

because of a "lack of concern for others," agreed Vera Maier, chairman of the local Red Cross blood program.

The Red Cross now must import about 35 percent of the blood used for medical purposes from Europe. About 5,500 pints of the 8,000 pints used annually in Union County donated by residents, Overton said. As a result, the Red Cross, now requires that patients who receive blood must replace it, Overton said. That can be done by finding friend or relative to donate the blood, he said. Until now, the Red Cross has provided blood to anyone who needed it without that requirement, Maier said. She noted, however, that the Red Cross will continue to cover all individuals participating in the program, senior citizens and those unable to give blood, but in need of it. Another problem is receiving donations from unhealthy specimens. Overton cited an example of a New Year's Day in Lowell, Mass., when a number of people lined up to give blood, but most of it was unacceptable.

Group seeking more vests aid

The Honorary Mountainside PBA 126 inaugurated a "Bulletproof Vest Fund Drive" in October for the purpose of raising monies to equip each member of its police force with a bulletproof vest. A spokesman said, "the fund drive has been successful but is still short of its goal, and it is hoped that those who were of a mind to contribute and who have not yet done so will do so in December."

Businesses and individuals were requested to send their donations to the Honorary Mountainside PBA, Local 126, Vest Fund, 895 Mountain Ave., Mountainside, 07092.

DEERFIELD PROGRAM—Patty Kelly, on the alto sax, and Judy Geiger, on clarinet, will be among Deerfield School students participating in a traditional holiday musical program to be presented next Thursday at 1:30 and 8 p.m. in the school. Participating will be the fourth- and fifth-grade choir, the sixth-grade choir, the mixed chorus, and the seventh and eighth-grade chorus, and the Deerfield Advanced Band.

paperbound and will cost only \$3 to \$5 each. Hanigan, superintendent of schools, described the books as as ambitious as a high school senior. Williams cited the skills learned in the preparing of the board voted 4-1 for immigrants called between possibly to awarding the grants. The controversial application again involved Clifford, who has asked for money to put on another musical show this year. Board member Pat Knodel mentioned that the migrants originally were to be used for innovative programs. "It bothers me to see the money for the play come out of the migrants, however, I have no objection to the play," she said. The vote to table the request was 4-1, Barre dissenting.

Roller skating sessions planned

The registration fee for roller skating is \$3.50 per person, and includes bus transportation, admission and skate rental. The bus will leave Deerfield School at 1:15 p.m. and return at 5:30 p.m. People in the third grade and above may participate. Early registration is strongly recommended by the Commission.

Registrations for both trips are being accepted weekdays at the Recreation Office from 9 to 11 a.m. and 2 to 4 p.m. Payment must accompany registration.

The board also approved a request by Deerfield students to attempt to publish a yearbook. Dr. Debora Clifford, English and composition teacher, will help the students, who will attempt to raise the money themselves through activities such as bake sales. The books include program information and conservation.

Holiday deadlines

This newspaper has instituted 5 p.m. Wednesday deadlines for material intended for the Dec. 27 and Jan. 3 issues because printing schedules will be disrupted by the Christmas and New Year's holidays.

All organizational, social and other material meant for the Dec. 27 issue must be submitted by this coming Wednesday, Dec. 19: all material for Jan. 3, by Wednesday, Dec. 26.

The ski trip registration fee is \$15 per person and includes bus transportation and lift ticket. Rentals and lessons are available for an additional fee. A "first day on skis" package is available for \$26 per person, and includes bus, lift ticket, rentals and two lessons. The bus will leave Deerfield School at 6:15 a.m. and return at about 6:30 p.m. The trip is open to all ages but people in the seventh grade or lower must be accompanied by an adult.

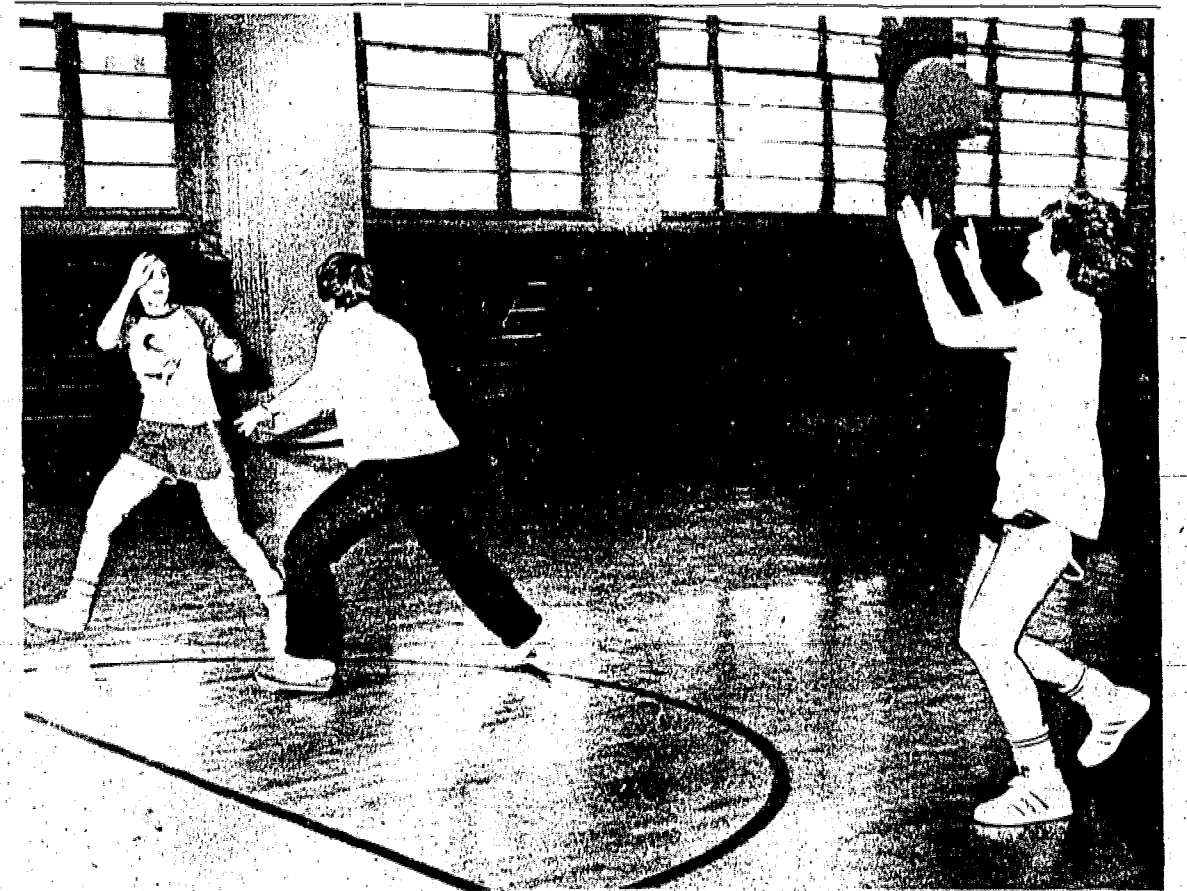

For additional information, readers may call the Recreation Office at 232-0015.

'Grandmother's' book on view

An exhibit of photographs, costumes, posters, books and regalia which represent historical costumes as social history is on display at the Free Public Library of Mountainside, through Jan. 3. Featured in "Grandmother's Trunk Costume as Social History" are costumes for mothers and children from approximately 1890-1920, selected in honor of The International Year of the Child.

Two films on Costume as Social History will be shown next Thursday at 7:30 p.m. in the library meeting room. At that time all of the items from the exhibit will be on display, and books and bibliographies will also be available.

The display and films are part of the project, "Ways of Knowing: The Humanities—in New Jersey—"

State's natural history covered in VC course

Union College will offer the state's only course in the natural history of New Jersey beginning with the spring semester, it was announced by Dr. Leonard T. Kreisman, vice-president for academic affairs.

The course is unlike others offered in the state chiefly because it is designed as an interdisciplinary study. While other institutions

conduct classes in one aspect of natural history—the geography of New Jersey, for instance—none approach the subject from several points of view.

The Union College course, to be taught by seven professors, will include historical, biological and geological perspectives. Two field trips are scheduled.

The course, of interest to the general public,

also is regarded as a "resource" course which can provide valuable material for elementary and secondary school science teachers. It will provide them with examples of natural phenomena that can be observed by their students' geological facts about the area, bird and animal habitats and movement patterns, and

the role the environment has played in the state's history.

"This course is designed in part to meet the requirements of an aspect of staff development for elementary and secondary school teachers," said William E. Dunscombe Jr., associate professor of biology at Union College.

"Most people don't know a great deal about the natural history that surrounds them and it's particularly important that teachers of science make their course

relevant to their students. Until now, no course has offered all of the areas of natural history in one course at the same time," Dunscombe said.

The three credit course will be offered on Wednesday evenings from 6:30 to 9:10.

The spring semester begins Jan. 28. In person registration will be conducted at the Cranford campus Jan. 23 and 25. Admissions and registration information is available by calling 979-8500 or 979-8581.

Dinallo is Knight

Anthony M. Dinallo of Hasbrouck Heights, president of Terminal Construction Corp., one of New Jersey's most active general contractors with headquarters in Wood Ridge, has been invested into the Knights of Malta, the oldest order of knighthood in the world. Cardinal Terrence Cooke led the investiture at St. Patrick's Cathedral in New York City followed by brunch at the Waldorf Astoria Hotel.

The investiture of Dinallo into the Knights of Malta is yet another honor for the president of terminal construction who, over the years, has been active with many civic and charitable groups. He was the recipient last year of the Vincent T. Lombardi Humanitarian Award presented by the Order of the Carmelite Fathers. He is on the

board of trustees of St. Mary's Hospital, Passaic, and is on the board of directors of the Garden State Bank, Paramus.

He also was presented last year with the Engineering Excellence Award by the Society of American Military Engineers for service to the country, profession, and in recognition of outstanding contribution to the advancement of the science of military engineering.

HOSPITAL STAYS CUT
 Since 1946 the average time a patient stays in a hospital has fallen from 91 days to 7.6. But the cost of the average stay has jumped from \$85.45 to \$1,504.10.
