School board relocates 4th grade to Beechwood

The Mountainside Board of Education last week voted to move the 1980-81 fourth-grade class to the Beechwood school. The move came in response to a recommendation by Dr. Levin Hanigan, superintendent of schools.

About three dozen residents attended the meeting, chiefly to hear the board's decision on this issue.

Hanigan supported his recommendation by saying school enrollments and administrative workloads of the two principals would be better balanced. Projected enrollment, with the new alignment, is 236 students in Beechwood and 360 in Deerfield. Beechwood now handles kindergarten through third grade, and Deerfield houses the fifth through the eighth

Hanigan also argued that the move will provide a "better balanced and more effective educational program." Among the benefits, he said, are two full-time librarians and 8:30 to 3:30

p.m. library hours in each school. Hanigan also said Beechwood is more small-child oriented, calling it "especially appropriate for a kindergarten through fourth-grade pro-Most middle schools throughout the country are organized on a fifth through eight-grade basis, he

Hanigan also said the extra rooms at Deerfield could be used for community programs, such as Girl Scouting and senior citizens' activities.

Disadvantages include, the superintendent said, two 'itinerant teachers and the physical move of files and books. Moving the library materials would cost about \$386, he

Both measures passed, 4-3, with Pat-Knodel, Charles Speth and Linda Esemplare dissenting.

"This is a grandiose scheme, Knodel said, "It has no educational purpose whatsoever. The only reason your're doing this is to keep Beechwood. School open.

Speth suggested moving the thirdgraders to Deerfield and closing off Beechwood rooms to save energy. Esemplare expressed concern over kindergarten through second-graders' receiving only one gym period a week and over fifth-graders' feeling left out. in part because of the location of their classrooms near the empty former fourth-grade rooms. Board President Dr. Art Williams also said be favored following the recommendation of the administration, but added that, in compliance with the suggestion of the school facilities advisory committee, the board should review the Beechwood School issue

In other business, the board voted, 5-1, to pay substifute teachers \$35 per day until the end of the year, provided the board come up with a definitive policy on substitute teacher pay for 1980-81 Knodel dissented. Speth had left the meeting early. Hanigan's recommendation that substitutes by paid \$30 a day for the 10 days and \$35 for 11 or more days, cumulative, failed. A motion by Kolton to pay \$40 per day until the end of the year and to create a new policy. also failed. As a basis for his recommendation, Hanigan told the board that he has been unable to get substitutes at the former rate of \$25 per day

A proposal to raise cafeteria a la carte prices in all four regional high schools was defeated by the Regional Board of Education at its meeting April

The proposal called for raising prices on items such as sandwiches, pastries and hot lunches to compensate for increased food and labor costs, Harold Burdge, board secretary said. The proposal was made after a series of meetings with Dr. Donald Merachnik, superintendent of the Union County Regional Board of Education, Ann Romano, principal of Jonathan Dayton School, Abraham Rosen president of Ja-Ce. Co., Inc. (the board's food management service), Natile Waldt, cafeteria advisor to the board, and Burdge, he said.

The recommendation was defeated unanimously after board member Roland Hecker noted that the additional revenue brought in by the priceincreases would not be substantial enough to warrant a price increase for the last two months of school.

The board has lost about \$3,800 during the past seven months because food and labor costs have risen while the board is continuing to honor its contract with Ja-Ce Co. Inc., of New Brunswick.

The loss is being absorbed by a cafeteria account surplus budget, a "rainy day fund," which will be emptied by next September, Burdge said.

"We would like to run a break-even proposition. We don't want to cost the taxpayers money,'' Burdge added.

The board voted to discuss the issue in June to prepare for possible price increases in September.

In other business, the board rescinded a bid award for a 1979 54-passenger school bus from Hausman Bus Sales and refused to accept delivery of the bus because it has a bent chassis. The board voted to solicit new bids for a school bus, which will cost about \$23,000 and to investigate buying a diesel-

The darkrooms were converted from other uses and did not have adequate ventilation to eliminate the odors of chemicals, according to Lewis Fredericks, assistant superintendent for buildings and grounds.

The board voted to use the Meisel Avenue Field, field house and lavatories at the Jonathan Dayton Regional High School for the Springfield Junior Olympics on Sunday, May 4 from 10 a.m. to 6 p.m. Rain date for the Junior Olympics is May 11.

hour, the Mountainside Board of Education Monday night unanimously adopted criteria for the selection of a new superintendent of schools.

The standards, except for minor changes, are those drawn up by the board's three member screening committee:Bart Barre, Linda Esemplare and Carl Marinelli. The new administrator will succeed Dr. Levin Hanigan, who is retiring.

Barre noted that the adopted criteria correspond closely to those chosen by borough residents who responded to a criteria-rating questionnaire mailed out by the board.

The board received 275 responses to the questionnaire, which asked residents to rank, on a scale of one to five, just five of more than a dozen criteria. Fifty of the responses could not be tabulated because the respondents did not follow directions.

The criteria receiving the greatest number of five votes as most important were: leadership skills, rated "five" on 54 responses; previous experience as a school administrator, 52; good physical and mental health, 23; emphasis on teaching the basics, 22; decisionmaking ability, 15, and fondness for children, 14.

Those criteria appearing most often among the top five choices were: leadership skills, listed on 167 questionnaires; decision-making ability, 136; competence in developing curriculum, 117; previous experience as a school admunicate with various groups, 114.

Under a section titled "remarks," 12 responses suggested combining the superintendent's job with that of principal. In a board brochure mailed out with application forms to prospective applicants, they are told, "Should enrollment figures so indicate, it is possible that at some future point the superintendent might be asked to serve as an administrative principal.

Board President Dr. Art Williams -called the number of responses "a fairly respectable reply.

Among the criteria the board discussed was minimum experience for an applicant to be considered. Pat Knodel said 10 years of "public school work," three of which could be in administration, should be the minimum. She noted that a younger superintendent might not "command the respect" of Mountainside teachers, saying that the school system's teachers have "a lot of experience.'

Several board members expressed concern that so strict a minimum might eliminate candidates strong in other areas. Williams said the board should not "eliminate before we look." Barre moved that three years teaching and three years administrative experience constitute the minimum. The motion, seconded by Jerrold Kilton, passed, 5-1, with Knodel dissenting. Board member Charles Speth was ablsent. "Experience" would include labor and personnel relations.

Among the personal qualifications are decision-making and management abilities; leadership ability; openness and frankness in all relationships, and good health.

The board also lists among the criteria those required to obtain state certification as an administrator. Among others, they include a master's degree, three years' successful teaching experience and a state instructional certificate.

In other business, the board adopted a resolution supporting changing the state drinking age to 21 and voted to hold its next agenda and regular meetings May 13.

Governing **bodies OK** capital fund

The governing bodies of the six Union County Regional High School towns voted unanimously Monday night to endorse the regional capital outlay budget, defeated in the March election.

Five of the six groups voted unanimously within themselves to approve the \$310,090 measure, while Clark endorsed it, 4-2, according to Harold Burdge, Regional Board of Education secretary. The regional system comprises Clark, Garwood, Berkeley Heights, Springfield, Mountainside and Kenilworth.

Mayor Thomas Ricciardi of Mountainside was chosen to act as chairman at the meeting.

The capital outlay portion of the budget was defeated in the March elections by more than 100 votes. It passed in five towns, but was defeated in Clark

by more than 400 votes. About 10 members of the public attended the meeting, which lasted about two hours, Burdge said.

A holiday 'gift' idea-blood donors sought Union County residents can donate a Overton, manager of the Union County

gift of life and health for the holiday tomorrow at Red Cross headquarters, 203 West Jersey St., Elizabeth, from 12:30 p.m. until 5 p.m.

The special blood drive is an attempt to bring up the level of local donations, which have been dropping during the past two years because of resident "apathy," according to the Red Cross.

No appointment is needed for omorrow's blood drive and locations of other area blood banks outside of Union County are available from the Red Cross at 353-2500.

Blood donations are needed especially before the coming holiday season and most holiday weekends, when there are more emergency accidents and bloodmobile hours are cut, Overton said.

The amount of blood being given by Union County residents is becoming lower and lower, accoring to Peter W.

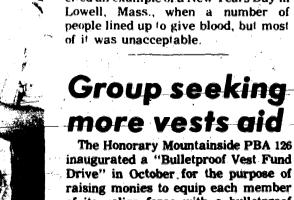

chapter of the Red Cross. Two years season during a special blood drive ago, the Red Cross used to receive about 40 pints of blood per drive day; now it receives between six and 10 pints per day, he said.

"Alienation from one's neighbor is spreading," he said.

'Severe public apathy continues to deteriorate the position of the Red Cross in collecting voluntary blood'

because of a "lack of concern for others," agreed Vera Maier, chairman of the local Red Cross blood program.

The Red Cross now must import about 35 percent of the blood used for medical purposes frm Europe. About 5,500-pints of the 8,000 pints used annually in Union County donated by residents, Overton said. As a result, the Red Cross, now requires that patients who receive blood must replace it, Overton said. That can be done by finding friend or relative to donate the blood, he said. Until now, the Red Cross has provided blood to anyone who needed it without that requirement, Maier said. She noted, however, that the Red Cross will continue to cover all individuals participating in the program, senior citizens and those unable to give blood, but in need of it. Another problem is receiving donations from unhealthy specimens. Overton cifed an example of a New Years Day in Lowell, Mass., when a number of people lined up to give blood, but most of it was unacceptable.

inaugurated a "Bulletproof Vest Fund Drive" in October for the purpose of raising monies to equip each member of its police force with a bulletproof vest. A spokesman said, "the fund drive has been successful but is still short of its goal, and it is hoped that those who were of a mind to contribute and who have not yet done so will do so in December.''

Businesses and individuals were requested to send their donations to the Honorary Mountainside PBA, Local 126, Vest Fund, 895 Mountain Ave., Mountainside, 07092.

Phone book includes guide for consumers

new Plainfield-Somerville & Vicinity telephone directory, which new Jersey Bell recently delivered, contains a wealth of new information.

There's a revised and more consumer-oriented customer guide section in the front of the book. And there is an eight-page survival guide with first aid instructions and tips on preparing for natural disasters.

"The customer guide is larger, easier to read and understand and contains an entirely new section that lists many local social, welfare and community service organizations," said Richard Rybinski, the company's local community relations manager. "We've also added a map of our PhoneCenter Store locations.

The customer guide includes information on how to save time and money with telephone service; consumer rights and responsibilities; how to protect privacy as a telephone user; how to order and change telephone service; instructions for making local and long distance calls; rates and charges; how to read a telephone bill, and descriptions of the types of residence telephone services that are available. The guide also lists optional services, such as Touch-Tone dialing and custom calling

Rybinski said the survival guide lists emergency first aid procedures for victims of unconsciousness, choking, heart attack, drowning, electrical shock, head injuries, bleeding, seizures, broken bones, burns, drug overdose and poisoning. There's also a section on what to do before and after natural disasters, such as floods and hur-

The White Pages section of the new directory contains 376 pages of alphabetical listings-10 pages longer than last year. The Yellow Pages grew by 12 to 651 pages. They contain listings of just about all business services and products—from abdominal supports to zoos. A total of 154,357 directories was delivered this year-an increase of 6,158 from 1979.

"The cover of our new directory features some of the notable firsts in the state and the people responsible for Rybinski said, "The cover depicts Thomas Edison and his invention of the electric light bulb in 1879 at his Menlo Park workshop; the first organized baseball game played in Hoboken in 1846; Elizabeth C. White's development of the cultivation of blueberries in Whitesbog in 1910; Seth Boyden and his invention in Newark of the processes for the country's first patent leather in 1819 and malleable iron in 1826; the first glassblowing factory in the United States in Wistarburg in 1739. and Telstar, the first active communications satellite, built by Bell Laboratories in Hillside and launched in 1962 from Cape Canaveral.'

The directory's inside front cover includes a list of local fire and police emergency numbers and spaces for other emergency numbers.

A map outlining the areas served by the directory appears on the back cover. Zip code information for the post offices in the area served by the directory is at the end of the Yellow Pages section.

tural Gas.

As America searches for a solution to its longrange energy needs, natural gas comes to the forefront as an economical and plentiful source of supply. Gas is the most efficient and economical of all major energies.

Natural gas is piped directly from the wellhead to over 50 million homes, businesses and industries via a sophisticated pipeline network. Because very little energy is used to transport it. 93% of the energy reaches its destination ... and without endangering wildlife and waterways. Of all the major fuels, cleanburning natural gas results in less pollution and damage to the environment than any other.

Vast underground natural: gas deposits and new technologies could continue to supply gas for centuries to come while maintaining a long-range cost advantage to the energy consumer. And because most natural gas is domestically produced, it is less likely to be affected by embargoes, price squeezes and world crises. It is America's hope for energy independence in the near future. Depend on natural gas...it's America's Answer.

The money will go toward a new Center for Community Health now under construction. A campaign for the center which was started in October 1978 has raised \$4.25 million to date.

Speakers at the kick-off session will include Robert Heinlein, Overlook president and director; Robert Mulreany, general campaign chairman, and Doris Sullivan, community campaign chairman.

Volunteers will conduct a phone campaign reaching 10 communities served by the hospital. Overlook trustees and administrators will be on hand at the telephone center each evening during the drive to answer questions and help with the calls.

The campaign slogan is "Put Yourself in the Center," Sullivan said.

'First, we want people to help us build the center with their gifts," she said. "And then, when it is in operation, we want them to 'put themselves in it' by taking advantage of the many health education courses, preventive health

Condos spark boom in Palm Beach area

row, more new housing has been developed in ties, the regions fraditionally associated with Florida's housing boom. And in 1979, a year in which the Palm Beaches experienced a 44 percent surge in housing starts, more condominium units were built than all other types of residences combined.

These facts, reported by a Miami-based economic research firm. underscore the burgeoning demand for condominium homes in the county and the efforts of developers to satisfy it. According to Keith White, president of Reinhold P. Wolfe Economic Research Inc., Palm Beach County has become "one of the hottest real estate markets in the United States." It is clearly the leader in Florida. The long-term prospect is that the county will continue to be a leading growth area in the U.S. throughout the This analysis supports

Saturday trout season opener awaited by anglers, youngsters

Saturday's opening of the New Jersey trout season traditionally is as much a father-son affair as it is a lure for serious anglers so area sports shops have geared up for this event for weeks.

Lou Fallivene, of Huff's Sport Shop.on Stuyvesant Avenue, Union, says purchases of fishing licenses and trout stamps went up the first warm day in

Wayne Tevlin of the Reel Tackle Shop on Wood Avenue, Linden, advises his customers to display, their license, "Some think I just want to sell the plastic sleeves, but if the game warden can't see your license, you could get fin-

The New Jersey Division of Fish, Game and Shellfisheries has released 169,000 trout for opening day in more than 200 lakes and streams.

Locally, rainbow trout were stocked in Diamond Mill Pond, Millburn; Ash Brook, from Ash Brook Reservation to the Lake Avenue Bridge; Green Seely's Pond to Route 22, and the Rahway River, from Route 24 to Jackson Dam. A Bruce Pyle, chief of the division's Bureau of Freshwater Fisheries, said the trout range from seven to 20 inches.

Area fishermen have mixed feelings about opening day hoopla. Bob Pranio of Roselle, a regular at the Reel Tackle Shop, recalls his boyhood fishing days fondly, "Opening days we'd get to Jackson's Pond at four in the morning to be sure we'd get a good spot. We'd sit around a can of Sterno warming our hands and getting to know each other. It was a good time for father and son.

Telvin says he can outfit a novice fisherman for \$30 to \$40 and sell him a starter kit for his son for about \$15. All in all, it's a fairly inexpensive way for a family to stay in touch.

On the other hand, many veteran fishermen shy away from opening day. Tom Percoski, a habitue of Huff's and a member of the Union Police Department, avoids opening day because, he says, the streams are lined with "Sears fishermen," his term for parent who is goaded into taking his kid fishing for the first time, "He runs to Sears and buys a hundred dollars worth of equipment. Come opening day, the two get frustrated because they don't know what they're doing. The father sits in the car, reads the paper and the kidgets into people's hair.

Percoski, an avid sportsman, says practicing stream side courtesy is what makes the sport pleasurable. He suggests first-time fishermen seek advice from someone who knows the ropes or an organization like the Federation of Sportsmen, which can be confacted through Huff's and the Reel Tackle

Fallivene and Tevlin are happy to answer questions from novice and veteran anglers. Fallivene says one of his greatest pleasures is steering kids _ straight about sports afield.

Ernie Fodor, a Rahway Hospital employee who spends an occasional lunch hour at the Reel Tackle Shop. says there are planty of books with good advice. However, Fodor cautions, 'there's no substitute for stream side experience." Fodor says he learned to fish as a boy by watching whoever was catching the most fish.

Fodor is still learning. "You never know it all. There's always something you can pick up from another fisher-

For opening day bait, Fodor and Pranio recommend anything which resembles hatchery food. Salmon eggs and Velveeta cheese were suggested.

Telvin warned against using corn: "The trout's digestive system can't handle it." If the fish takes the corn without being caught, it swims away and dies because it can't expel the bait.

Fallivene recommends the Mepps White Silver O Buck Tail as a good allround lure. Most fisherman agree stock trout are "suckers" for Mickey Finns and streamer pattern flies.

Fishermen are allowed to take six trout per day from April 12 through May 31 and four per day thereafter. Pyle was concerned about low levels in the state's lakes and streams resulting from light snow this winter but, he says, all the rain in March brought the water levels up and excellent conditions are expected for opening day.

THEY'RE OUT THERE WAITING—Division of Fish, Game and Wildlife worker Pat Heun displays a sample of the Hackettstown hatchery crop to visitor Keith Isakson. 610,000 trout have been stocked throughout the state for the season opening Saturday.

Dayton nine to meet strong Summit today

By DAVID GOLD

The Jonathan Dayton baseball team, in preparation for today's season opener against Summit, scrimmaged Westfield last week and was beaten in the last inning, 2-1. Dayton scored when sophomore catcher Dave Crane walked, stole second and was singled home by senior John Baumgartner.

Coach Bob Lowe said pitching kept Dayton in contention until the final inning. Senior captain Joe Policastro went the first three innings and was followed by Baumgartner, Kevin Karp (junior) and Adam Bain.

Lowe commented that his young ner in right.

squad is optimistic about the season. The Bulldogs will have to be up for the opening games against Summit and Hillside (Saturday). Both are strong teams and Lowe expects "competitive games.

Due to injury to starting sophomore-John Sivolella some changes have been made in the lineup.

Junior Don Meixner will be the Dayton shortstop and, when not pitching, Policastro will play center field with Bill Condon, a junior, in right field. When Policastro pitches, Condon will be in center and junior Mike Baumgart-

Volleyballers open against Nutley today

The Jonathan Dayton volleyball team, which brought its preseason scrimmage record to 1-1 last Wednesday by downing Westfield, will open its season this afternoon against an extremely tall and strong Nutley squad.

Race to help home for girls

All is ready for this year's Barrett House Benefit Runs in Summit, according to the race committee. The competition is this Sunday.

There is still time to enter the event, consisting of a 10,000-meter run and a one-mile "fun run," according to a spokesperson. The deadline for entry is between 10 a.m. and noon the morning of the races. Runners can register at the Summit YWCA.

More than 1,000 runners competed in last year's event, contributing \$4,000 to the support of Barrett House, the group home for girls sponsored by the YWCA.

Dayton beat Westfield 15-12, 10-15, 15-

Coach Steven Fenton singled out the two co-captains, Seniors Mary Jo Scuderi and Susan Svitil, for their excellent play. The Bulldogs scored 11 straight points off Scuderi's serve while Svitil was Dayton's prime setter.

Dayton's first scrimmage of the season was a 15-8, 16-14° loss to Elizabeth, ranked 10th in the county. Dayton's Dorothy Sullivan turned in a fine performance with her serve.

Fenton said he is pleased with the way the team is developing and with the way they compare in height to the other teams so far.

There will be tryouts for the Women's Seccer League that I spoke about in last week's column at Rutgers this Saturday at 2 p.m. Anyone interested may call Beth Dorch at 654-6747.

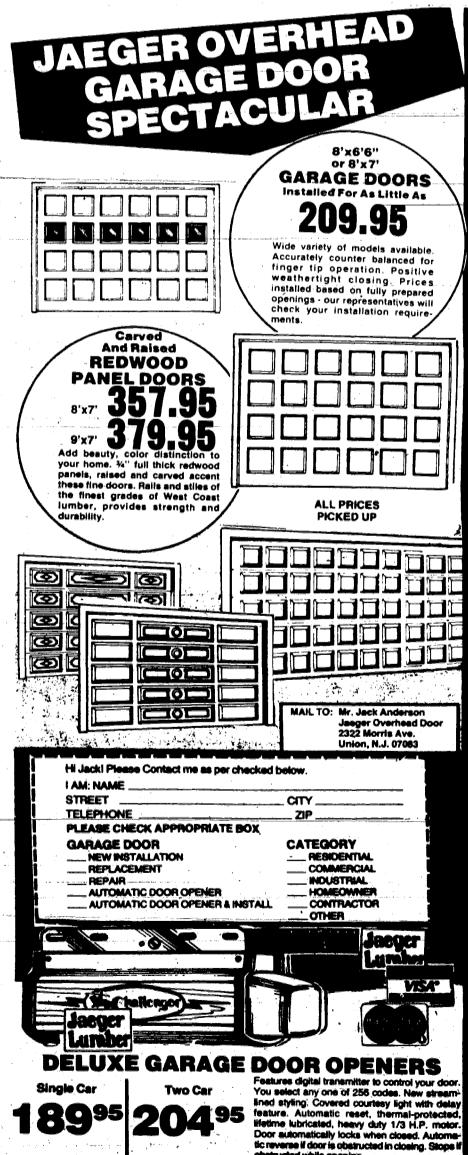

And now there is only one Union team left in the New York Cup. The Union Lancer midget team lost to the German Hungarian Metros last Saturday, 1-0. Manny Schellscheidt's Union Kickers are the only team of three that is still alive in cup play.

I dropped by Farcher's Grove last Saturday evening and was glued to my seat by one of the most enjoyable soccer matches I have seen in a long time. I would say that 75 percent of the game was played on the Metros' half of the field. Dave VanDeventer's midgets did everything they knew how but the ball just didn't go into the net for them.

After a scoreless first half, which the Union eleven dominated, the Lancers, again took the game to the New Yorkbased Metros. Everyone in the ballpark felt the Lancers were bound to score any minute, but it just wasn't their day. Most of the second half was played on the Metros' end of the field and the New York booters would launch a raid on the Lancer goal once in a while. It was on such a raid that the Metros scored the lone goal of the game.

After the goal was scored against them, the Lancer midgets came right back time after time but the ball would not go in for them.

team opened its season by splitting two non-conference tests. In Wednesday's opener at Union Catholic; the Bulldogs won, 5-0. It was the third consecutive year Dayton shut out Union Catholic in the opener.

Alan Berliner (first singles) came from behind to win, 6-4, 6-4. Down 0-3 in the first set. Berliner stormed back to take the next five and split the remaining two. In the second set, Berliner took the opening game as each player won until Alan broke service to lead, 4-3. He took the next game and then divided the remaining two. Mark Dooley (second singles) was shut out in the first set but rallied to win the next two, 6-4, 6-2. Mike Pine, showing a lot of determination, outslugged his foe, 6-3, 6-2. The doubles team had little opposition. Dan Schlager and Steve Bloch (first doubles) won 6-2, 6-0. Robert Steir (playing strong and agressive net) and Michael Berliner (second doubles) won

two sets by shutouts. The next day, against Berkley the doubles teams won. Alan Berliner lost, 1-6, 3-6. Dooley won winning the first set, 7-5, before dropping the next two, 3-6, 0-6. Pine also won the first set, 7-5, before losing, 3-6, 2-6.

At first doubles, Bloch and Schlager won, 6-4, 6-1. At second doubles, Steir and Michael Berliner were extended to 31 games before winning, 7-5, 4-6, 6-3. After struggling to win the first set, Steir and Berliner opened a commanding 4-1 edge in the second set but lost the next five games and the set. In the rubber set, they took a 5-0 lead only to see Berkley Heights cut the deficit to 5-3. Dayton won the match when Berliner rifled a pair of service aces.
