## Testimony is completed in Della Serra hearings

By SUSAN SWEENEY

Testimony was completed Tuesday night, following the eighth hearing in the case of Sgt. Raymond Della Serra.

The verdict is not expected to be delivered for at least seven weeks. All eight days of transcripts will be transcribed for the use of the lawyers and the Borough Council. They must also go more than 76 documents of evidence.

Both the defense and prosecuting attorneys did not give an ending speech. They shall present their post-finding facts after receiving a copy of the full transcript.

A former Mountainside police officer who was Alder's partner when he was a patrolman testified that on occasion he and Alder had discussed Della Serra. Defense Attorney William Wertheimer asked, "How did he feel about Sgt. Della Serra?" "He didn't like Della Serra. He didn't like his work product," replied the former borough employee, who requested that his name be withheld because he now is doing undercover work for the county.

"On numerous occasions he (Alder) said that he would, if he ever got in the position, get Della Serra. And he would make sure to get him first," he added.

"Did you doubt that he would get

him?" asked Wertheimer. "After a while, I didn't," he replied.

During Della Serra's cross-examination, prosecuting attorney John Philips questioned him on where he kept his records of transaction and why they were not presented when the police searched his home. "He (Sgt. Glenn) didn't ask, but I had them," said Della Serra.

Wertheimer asked Della Serra if he had a bound book for all his transactions of gun purchases. "Yes," replied Della Serra.

He also asked if Sgt. Glenn had given Della Serra his undivided attention during the time of the search. "No, he was going through the gun cabinet and was looking for things. The permits that I produced, he acted like he wasn't interested in," said Della Serra.

Philips questioned Della Serra as to when the entries were made in the bound book for reference. Della Serra had no recollection of a particular date.

Former president of the PBA and patrolman for the Mountainside police, John Olock, testified that during a conversation with Alder, "he became upset and outraged" and said that he would "fight the PBA for everything that we (the PBA) wanted," in regard to their decision to back Della Serra.

Olock went on to testify on his concern with why Alder was bringing up charges dating back to 1976. According to Olock Alder had a meeting when he first became chief and said that he wanted a "clean slate." "I asked him what happened to that clean slate. He said that a clean slate only dealt with personality," said Olock.

The present PBA president, Alan J. Kennedy, also testified to Alder's "clean slate" policy. Kennedy added that Alder had approached him, while Edward Mullin was still the chief, and said that "this is an opportunity to get rid of the chief. Get new blood and get Della Serra."

Philips asked Kennedy if he had ever been reprimanded by Alder. "Yes, about the PBA decision," replied Kennedy. "Was he ever promoted over you when the both of you were taking the same exam?" asked Philips. "Yes," replied Kennedy.

Although Kennedy had done four points better on his sergeant's exam, Alder received the promotion because, in Philips' estimation, of the oral exam.

In the hearing June 16, defense Attorney William Wertheimer finished his questioning of Della Serra after displaying to the council pistol pur-

chase permits and firearm applications belonging to Della Serra.

Prosecuting attorney John Philips began cross-examining Della Serra. Philips' questioning involved Della Serra's firearm applications, referring specifically to the words "dealer" and "business," which appear on his applications.

"Did you look to the back of the document?" asked Philips, referring to the details involved in application. "I don't recall, but I probably did," replied Della Serra.

Philips went on to ask that, if he had read it, "did you make any connection that the license you received was for a dealer?" "I made no connection," replied Della Serra.

Philips continued to ask if Della Serra gave any thought to or understood what a dealer and a business meant on the application. He understood the meanings, but made no connection to it pertaining to himself, according to Della Serra.

During Wertheimer's questioning, Della Serra was asked if he had kept a record of his dealings (in handguns). "I didn't deal in handguns, therefore I

# Festival entry forms are made available

UNION—Distribution of application forms for the ninth annual Festival on the Green began this week as the committee for the arts, crafts and photography exhibition reached the halfway point in its eight months of preparations for the Sept. 25 event.

The festival is conducted annually at Friberger Park by a committee appointed by the Union Township Chamber of Commerce. Rain date is Oct. 2.

Application forms appear in this newspaper and are mailed to artists and photographers who exhibited the previous year.

Committee members also distribute forms on a selective basis at art and craft shows throughout the state.

Forms are mailed to colleges, art schools, libraries and commercial firms. Additional applications may be obtained from the Chamber offices at 2165 Morris Ave., phone 688-2777.

Numbers of exhibitors have increased each year. Another record is anticipated this year with more than 30 inquiries having been made even before application forms became available.

Kathleen Dunn, festival chairperson, noted that in-quiries had come from New York in addition to all areas of New Jersey.

Last year's record entries included 75 artists, 125 crafts persons and 33 photographers in addition to 25 clubs which sold food or presented displays.

The flood of crafts entries had to be cut off weeks before last year's festival. The committee is placing special emphasis this year on the requirement that crafts entries must be hand-crafted by the exhibitor.

# Rejection of mall urged by Bassano

Sen. C. Louis Bassano (R-21) today urged Springfield Township officials to reject the proposal for a major shopping mall on Route 22 which could cause "a disastrous overload" on the already overburdened state Highway.

In a letter to Springfield Mayor Stanley Kaish and the Township Committee, Bassano appealed to the local government to deny the application for a Bamberger's-Alexander's center off Route 22 and Springfield Avenue.

"The effect on traffic would be a disaster," Bassano warned. The Union Republican explained he was taking the unusual step of offering "unsolicited advice" to fellow office holders because he had faced a similar decision as a Union Township Committeeman several years ago.

At that time, Bassano voted to reject a mall at the site of the Union Drive-in Theatre because of "unsupportable congestion."

"Traveled by nearly 70,000 cars daily, the highway between Scotch Plains and Hillside already has a tragically high accident rate. The traffic situation needs easing, not aggravation."

"As a state official, I am keeping a close watch on the adverse effects such construction would have on Route 22, and the already heavily traveled county roads feeding it," Bassano revealed.

"We in Union are confident that we made the right decision," the Senator wrote. "I appeal to Springfield to weigh these considerations carefully in reaching your conclusion on the mall, and particularly urge you not to ignore the safety of our motorists in doing so."

**Simpson is honored**  
 SPRINGFIELD—Elizabeth Simpson, a member of the Springfield Board of Education, was honored recently at a banquet sponsored by the Union College Alumni Association at the Westwood, Garwood.

Simpson serves as vice president for the association and is program director for the Maplewood Recreation Department. She also is an active member of the Springfield First Aid Squad.

**1,000 KILLED**  
 Every year in the United States nearly a thousand people die when their cars are hit by trains at grade crossings.

## Testimony complete

(Continued from page 1) have no reason for it," replied Della Serra.

Della Serra continued his testimony on his purchases and transfers of firearms. Wertheimer asked if he ever made a fee or profit in transferring guns. "No, never," replied Della Serra.

Wertheimer continued his questioning on the charge of Della Serra's parking in the wrong space (in the Police Department lot). He asked if others who had parked in that same area have ever had charges brought against them. "No one to my knowledge has ever been charged," replied Della Serra.

On the charge of giving police false and misleading information on the records for his firearms, Della Serra said that he was totally unprepared for a search; therefore, the records were not available.

During cross-examination, Philips questioned why Della Serra had purchased guns outside of New Jersey. "The guns from out of state were for my own collection. One gun that the police had confiscated, was a collector's item. It was one of 500 made in this country," said Della Serra.

Philips also questioned Della Serra's understanding of the New Jersey laws

on firearms, in reference to purchases made out of state. "I knew I needed an (a firearm's) I.D. card and a pistol purchase permit," said Della Serra.

"Did you know about a license to purchase handguns over state line?" asked Philips. "No," replied Della Serra.

Philips went on to question why Della Serra had obtained permission from former Chief Edward Mullin to use the Police Department as a mailing address for receiving guns, but never asked the acting police chief, Lt. Joseph Mazur, or Chief William Alder for that same permission. Della Serra said that he never assumed that the continuation of mailing the guns to the department was a problem.

"Did you ever tell Chief Alder you had permission to use the department as a mailing address?" asked Philips. "No," replied Della Serra.

"It was never a problem because they never knew," said Philips. "I don't know if they knew," added Della Serra.

## Three events scheduled by hiking club

A ramble, a circular and a cycle trip highlight this weekend's calendar of events scheduled by the Union County Hiking Club.

Slim Demarest will lead the first activity, the South Mountain Ramble, slated for Saturday. Turtle Back Zoo, Northfield Road, West Orange, is the 10 a.m. meeting site for this leisurely six-mile walk which includes lunch.

On Sunday, Jan Torres will lead the Palisades Circular. The Essex Toll Plaza of the Garden State Parkway is the 8:30 a.m. meeting site with the Palisades Interstate Parkway state line look out as the 10 a.m. alternate. This strenuous eight-mile hike includes rock scrambling.

The Lambert Castle Museum parking lot, Valley Road in the Garret Mountain Reservation, is the 10 a.m. meeting place for Sunday's Paterson Bike Ride. Simon DeVries, who reminds bikers to bring lunch, will lead this 20-mile tour of the Great Falls and the historic district.

Additional information regarding these and future hiking club activities can be obtained by calling the Union County Department of Parks and Recreation, 352-8431.

## Pension plan costs roaped by Franks

The cost to New Jersey taxpayers for public employee pensions will top \$1 billion in fiscal year 1984 and represents the largest growth item in the state budget, according to Assemblyman Bob Franks of Berkeley Heights. He said pension costs have increased at a rate exceeding \$100 million a year in recent years.

"These are staggering statistics," Franks said. "The taxpayer cost has increased from \$380 million in fiscal 1977 to \$853 million this year and to more than \$1 billion next year. We must take steps now to control these costs or we'll be consumed by them," he said.

Franks, who recently attended a Washington meeting of the Pensions Committee of the National Conference of State Legislatures, said several states face severe problems with their pension obligations and that federal legislation is pending that would regulate the state operated pension plans. "None of us will welcome federal involvement because it will simply add to the cost of administration of the system here in New Jersey," Franks said. "However, we must get control of the problem."

Franks was appointed to the Pensions Committee by Assembly Speaker Alan

Karcher and Minority Leader Dean Gallo.

"The dramatic increase in these costs results directly from the ever increasing number of public employees, higher employer contributions each year and the practice of 'pension-hopping' where employees jump from one pension plan to another because benefits are better. The legislature has a clear responsibility to get a handle on the problem."

Franks said Governor Keim is expected to appoint a blue ribbon, bipartisan committee to study the pension problem and to recommend possible solutions to the legislature.

"One obvious solution is to limit the growth in the number of public employees," he said. "I would not support any effort to limit the benefits presently being received by former employees, but I will support reasonable recommendations to control the growth of these costs," he said.

"Many of our taxpayers do not realize the enormity of this problem or that a major percentage of their taxpayer dollars are used for pension benefits," Franks said. "Reform legislation will need public support when it is introduced."

## County offering tour of Deserted Village

The entire family can enjoy a trip back in New Jersey's history during the "Semi Annual Tour of the Deserted Village," the old mill town located in the Watchung Reservation.

The walking tour of the village, also called Feltville, will take place on Sunday at 2 p.m. under the direction of Charles Hoag, a village resident. Participants will meet at the Trailside Nature and Science Center, a Union County Department of Parks and Recreation facility at Coles Ave. and New Providence Rd., Mountainide. They will form a car caravan to the site of the former factory town on the shores of the Blue Brook.

The area, believed to be first used as a village by local Indians, was settled by Peter Wilcox, who built the first grist and lumber mill in around 1736. During the American Revolution and the War of 1812, the mill was converted into a gunpowder plant.

In 1845, the mill was purchased by David Felt, who provided dwelling, a manor house, a school and a general store-church for his mill employees. Sometime between 1845 and 1860, the area came to be known as Feltville. Felt sold the property in 1864 to Dr. and Mrs. Samuel P. Townsend, who made several unsuccessful attempts at starting different industries there. They went bankrupt and by 1882 the area was

already showing signs of becoming the Deserted Village.

After the purchase of Feltville by Warren Ackerman in 1882, the area was upgraded and christened Glenside Park. An attractive summer resort, it offered golf, tennis, baseball, riding and fishing for approximately 20 years. The advent of the car, allowing travel to distant resorts, caused Glenside Park's fall. In the late 1920s a cottage was maintained for transient guests. The property was eventually sold to the then Union County Park Commission, now called the Union County Department of Parks and Recreation.

During the Depression, the cottages were restored and rented to families. Today, they are rented by private individuals and are part of the Outdoor Education Center.

Recently, efforts have been made to reconstruct several of the buildings according to historic accuracy. In 1973, the village was nominated to be placed on the National and State Registers of Historic Places. It was appointed in the Summer of 1980.

The village is not open to visitors on a regular basis so the tour is a unique opportunity for visitors to relive some of Union County's history. The fee for the tour is 50 cents per person.

Additional information is available by calling Trailside, 232-5930.

**Views On Dental Health**  
By SEAN T. FENTON, D.M.D.  
**TEETHING**  
When your baby was born, he most likely smiled a gummy, all pink smile. But under those gums was a mouthful of developing primary teeth (20 to be exact) ready to erupt through the gums.  
Teething usually begins somewhere between the sixth and eighth month starting with the two lower central teeth followed by the two upper central ones. These are sometimes called "milk teeth." Your baby will be teething on and off for the next two years by which time all twenty of his primary teeth should be showing.  
A baby may be irritable when teething. His gums are sore and swollen because the tooth is trying to push its way through. He may drool a lot because it hurts when he closes his jaws. And he will probably want to chew on hard things. Give him a teething ring, a hard biscuit, or one of those plastic affairs that you freeze so that it's hard and cold to baby's gums. The action of biting is good, too, for his jaw development. Teething is natural. It does not cause any illness. If baby is extra uncomfortable, your dentist or physician can prescribe a medicine that numbs the gums.

# Black film festival is under way

The 1982 Newark Black Film Festival, which opened yesterday will present six weekly screenings of documentaries, dramas and musicals, in addition to significant contemporary and historical films about the black experience.

The free screenings will be held at the Van Houten Library Theatre on the New Jersey Institute of Technology campus, 99 Summit St., Newark. The programs begin at 7:30 p.m. on Wednesdays through July.

This year's festival is the eighth edition of an annual event co-sponsored by the Newark Museum, the Newark Public Library, New Jersey Institute of Technology and the Newark Colleges of Rutgers University.

Each of the six evening programs will have commentaries by filmmakers and special guests.

Topics include "Reflections of the

Sixties," "Black Women in Films," "Black Leaders/Black Ideas" and "Romance and Realities."

On June 30, Donald Bogle, author of "Brown Sugar: Eighty Years of America's Black Female Superstars," will show slides and talk about women of stage, screen and music, including Lena Horne, Billie Holiday, Cicely Tyson and Pam Greer. The June 30 program continues with a screening of "Stormy Weather," the classic tribute to black entertainer Bill "Bojangles" Robinson and several decades of American singing and dancing.

On July 7, Haile Gerima's "Ashes and Embers," the episodic story of a struggling black Vietnam War veteran, will be present.

Carl Clay, executive director of the Black Spectrum Theatre Company, will introduce and discuss his film, "Radio," on July 14. The evening will

also feature "Clarence and Angel," directed and written by Robert Gardner.

Filmmaker Kathleen Collins and actress Seret Scott will discuss "Losing Ground," a fiction movie that takes a humorous look at one black women's quest for a more complete sense of identity, on July 21. "Four Women," a film visualization through dance of a song by Nina Simone, will be shown the same evening.

The 1982 festival concludes on July 28 with two films inspired by "Black Leaders/Black Ideas." Commentary will be provided by Woodie King Jr. and Joanne Grant, filmmakers.

"Fund, the Story of Ella Baker," is a documentary about civil rights activist who helped develop some of the famed leaders of the black struggle. Julian Bond, the Rev. Ralph Abernathy and Harry Belafonte honor her on film.

"Death of a Prophet" is a recollection of Malcolm X on his last day, combining documentary footage with dramatic recreation. Commentary is provided by Ossie Davis, Amiri Baraka and Yuri Kochiyama.

Admission is free to all programs. Free tickets will be given out beginning at 6:45 p.m. each evening. All seating is on a first come-first serve basis. Due to fire regulations, there will be no admission once theater seating is filled to capacity. Groups of ten or more interested in attending must make arrangements in advance by calling 733-6600.

Funding for the 1982 Newark Black Film Festival has been provided by a grant from the New Jersey State Council on the Arts, matched by the Cape Branch Foundation. A brochure describing all of the programs is available by contacting the Newark Museum, 733-6600.

# VA head gives warning

James R. Purdy, director of the Newark Veterans Administration Regional Office, said this week that once again false and misleading literature is being distributed in New Jersey.

"totally erroneous and a cruel hoax being played upon veterans throughout the country."

The application requests that the applicant forward the form to a "V.R. Prosser." But Purdy said that no such person exists and he advised veterans to ignore this and similar types of literature offering insurance dividends. Veterans who have active National Service Life Insurance policies in force, who are entitled to dividends, need not apply. The dividends on these policies are paid automatically.

The literature, in the form of an application, advises World War II veterans to apply for a divided/refund on their GI insurance. Purdy said that the literature claims the refund or dividend is due regardless of whether or not the insurance is still in force. Purdy said that the information is

# Crafts show slated at Speedwell Village

A celebration of the crafts of yesteryear and the opening of the renovated historic L'Hommedieu-Gwinnup House will mark the summer's holiday at The Speedwell Village National Historic Site on Sunday, July 4, from 1-5 p.m.

Weaving, toy and basket making, leather working, woodcarving, quilting, spinning and chair caning will be among the 19th century skills

demonstrated by numbers of artisans slated to participate. Visitors will be encouraged to participate in several craft areas where selected items will be offered for sale.

An educational afternoon for children and adults alike, the event will also mark the opening of the historic L'Hommedieu-Gwinnup House. Representative of town house architecture of the late 18th and early 19th cen-

turies, the house includes four first-floor rooms and a "working kitchen" in the basement. Owned by Nathaniel L'Hommedieu before the Revolution and acquired by John Gwinnup in 1775, the house was moved to Speedwell Village when an urban renewal project threatened it with demolition at its original Water Street location in Morristown. When fully renovated, the house will be furnished to resemble the way of life of a middle class merchant named Grover Young, a 19th century Morristown blacksmith. It also will stand in contrast to other village buildings, particularly the mansion home of early New Jersey industrialist Stephen Vail, whose son Alfred assisted Samuel Morse in developing and first demonstrating the telegraph on the

village site in 1838.

Tours of the village, with commentary by historical interpreters, will be offered throughout the afternoon holiday event. Visitors may take refreshment at the snack bar or bring their own picnic lunch to enjoy in the village's 7-acre park setting. The Gift and Attic Shop, offering handcrafted items, also will be open in the Estey House.

Admission to the craft show and demonstration will be \$1 for adults, 50 cents for young people to age 16 and free to children under age 6. Speedwell Village is located at 333 Speedwell Ave. along Route 202, one mile north of the Morristown Green. Further information is available from (201) 540-0211.

# Census asks women about size of family

How many children do married women expect to have within the next five years? Will they average the same number as in the recent past? Answers to these questions will help indicate the future growth and composition of the nation's population, data vital to planners both in government and private business.

William F. Hill, director of the Census Bureau's Regional Office in New York City, announced that information

on child care, number of children, and birth expectations of American women is being collected from a sample of households in this area. The questions are in addition to those usually asked in the monthly survey on employment and unemployment conducted nationwide by the bureau for the U.S. Department of Labor.

Households in this area are part of the sample of 71,000 across the country scientifically selected to represent a cross section of all U.S. households.

# HOW TO BORROW \$50,000.

If you've been thinking of borrowing a lot of money, you need one of two things: a rich uncle or your own home.

And unfortunately, rich uncles have always been in short supply.

However, if you do own your own home, you've probably been congratulating yourself on your wise investment. Most home prices have been increasing at an average of 14% a year. And in many areas of the country, that figure is considerably higher.

So you do have an excellent source of money. The question is, how do you get your hands on it without having to sell your home?

## Start with pencil and paper.

First figure out just how much equity you have. Equity is the amount of money you'd actually walk away with if you sold your home and paid off your mortgage. It's a combination of your original down payment, any principal you've paid off, and the amount your home

has increased in value.

So the more your home's gone up in value, the more equity you have.

Just write down an estimate of how much you could get for your home if you sold it today. Check newspaper real estate ads or ask neighbors what similar homes in the area have sold for.

Then subtract the amount of money you still owe on your home. You can get this information from your last mortgage statement.

The amount you have left over is your equity. And chances are, it's a pretty impressive figure.

## Call in an expert.

This is where we come in. With an HFC Equity + Loan, you could borrow as much as \$50,000,\* depending on your equity. At competitive rates.

We call it Equity + because you get the use of your money plus all the financial expertise HFC has built up for over 100 years.

## Ask your HFC manager.

You'll get all the information you need in a friendly, straight-forward manner. How much you could borrow. (This, of course, depends on an appraisal of your home.)

What the monthly costs would be. And what the actual total cost of the loan would be.

You see, every HFC manager goes through special Equity + training and knows all about real estate lending. When you walk through the door, we'll be prepared.

## Give us a call.

If you would like to discuss an Equity + Loan give us a call or stop in at any of our offices. Please look in The Yellow Pages to locate the office most convenient for you.

Unlike a rich uncle, we're there when you need us.

\*In New Jersey, loans above \$2,500 are secondary mortgage loans.

# Red Cross issues warning on hurricanes

Anthony J. DiGiovanni, chapter chairman for the Eastern Union County Chapter of the American Red Cross has reminded area residents that the next six months—from June to November—are officially designated as the hurricane season. The American Red Cross, the nation's primary volunteer disaster relief agency, will spend this period in a high state of readiness.

The chapter chairman points out "the Union County area has been faced with many types of natural disasters over the years, but by far the most common type of disaster to hit this area has been the hurricane. Hurricanes have hit New Jersey with varying degrees of intensity, the most severe generally striking during the months of August, September and October.

The Red Cross suggests that area residents could reduce their disaster-related injuries and losses by taking basic precautions now, before a hurricane strikes. Among the suggestions put forth by

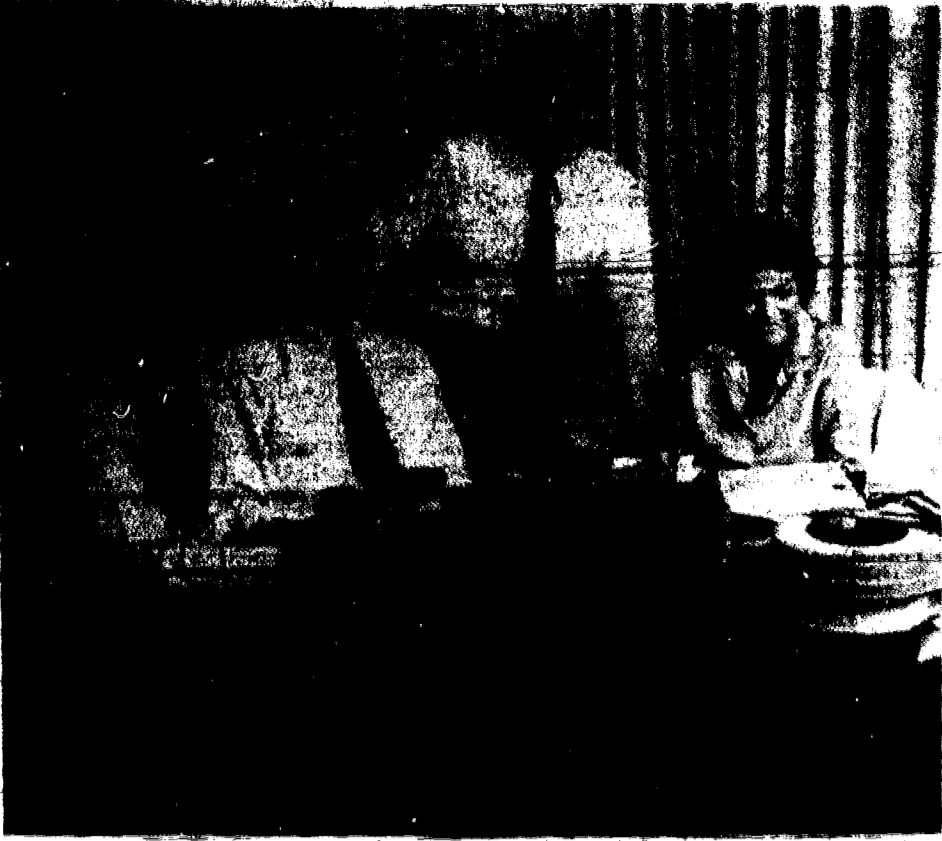

DiGiovanni are the following:

- Check the grounds around your home. Remove dead or dying trees and shrubs. Anchor objects to the ground that cannot be moved indoors, such as garbage cans, picnic tables, and even the dog house. These objects may become deadly weapons if caught in the winds of a hurricane.
- Check the outside of your home. Repair loose shingles and shutters. Secure television antennas. Repair shaky chimneys and rain gutters.
- Stock up on food and water, especially foods that can be eaten with little or no cooking. You should have enough food on hand for 4 or 5 days, also a non-electric can opener, as electric lines may be down.
- Make sure that your

- flashlights and battery powered radios are in good working order. Have extra batteries, matches and candles handy.
- Boards, tools, and other supplies should be ready to secure windows, doors, etc.
- Board up windows or protect them with shutters or tape.
- Turn refrigerators to the coldest possible setting to preserve food for as long as possible in case of power failure.
- Fill the gasoline tank of your car. (During power outages, gasoline pumps may not be operating).
- Evacuate low-lying areas. Get away from beaches and areas likely to be swept by hurricane tidal surges and high winds. Leave early to avoid being trapped in traffic jams or by rising waters. Hurricanes mov-

- ing inland can cause severe flooding. Stay away from river banks and streams.
- If evacuated, take important papers and such things as prescriptions, eyeglasses, foods for special diets, a change of clothing, and toys or books for the children.
- Above all, if a hurricane strikes the Union County Area stay indoors and listen to local radio for the latest weather bulletins. If it is advised that you leave your area, follow instructions as to the route and shelter in your area.

For additional safety tips regarding hurricanes, area residents have been advised to contact the E. Union Chapter of the American Red Cross located at 203 W. Jersey Street in Elizabeth. DiGiovanni summed up

## Working as technician

SPRINGFIELD—Mark Anthony Fernandez, son of Dr. and Mrs. Jose Fernandez, and a senior at Mansfield State College, Pa., is contributing his skills as a technician in two Mansfield Repertory Theatre summer productions.

This year, the Repertoire Theatre is producing "Tribute" the award winning Broadway play and film, both starring Jack Lemmon, and on "Golden Pond." They will play on alternate nights July 21 through August 7.

# Y slates camp, exercise class

The Summit YMCA has announced it still has some spaces available in the first session of Y-Rangers, the travel camp for boys and girls in grades four through eight. The Y also is offering a six-week exercise program designed to alleviate back pain.

A special Summer session of Y's Way to a Healthy Back, a six-week exercise program to alleviate back pain, will begin July 12 at the Summit YMCA, 67 Maple Street. The course will meet twice a week on Monday and Thursday evenings from 8 to 9 p.m.

This national YMCA program, developed by Dr. Hans Kraus, M.D., is designed to teach self-help techniques to people suffering from back discomfort. The series of simple movements

promotes relaxation and flexibility, and at the same time, strengthens all the postural muscles.

"The importance of relaxation in a back program cannot be stressed enough," comments Y instructor, Diane Martin. We feel this YMCA program can really help people in need of tension relief." Martin, a trained nurse, has been teaching the Y's healthy back course for over three years to more than 450 people. Almost 90 percent of all class participants report that they feel a lot better and that their back pain has been substantially reduced.

Registration for the summer Y's Way to a Healthy Back is being accepted now at the Summit YMCA (273-3330). Y-Rangers, the Summit Area YMCA

travel camp for boys and girls, grades 4-8, still has some spaces left in its first session beginning June 28-July 9. The Y-Rangers program is an extension of the YMCA day camp, Cannundus. Campers spend their first week at Camp Cannundus in the Watchung Reservation learning camping skills and getting acquainted with their fellow Y-Rangers and then will embark on a five day/four night camping trip to Virginia.

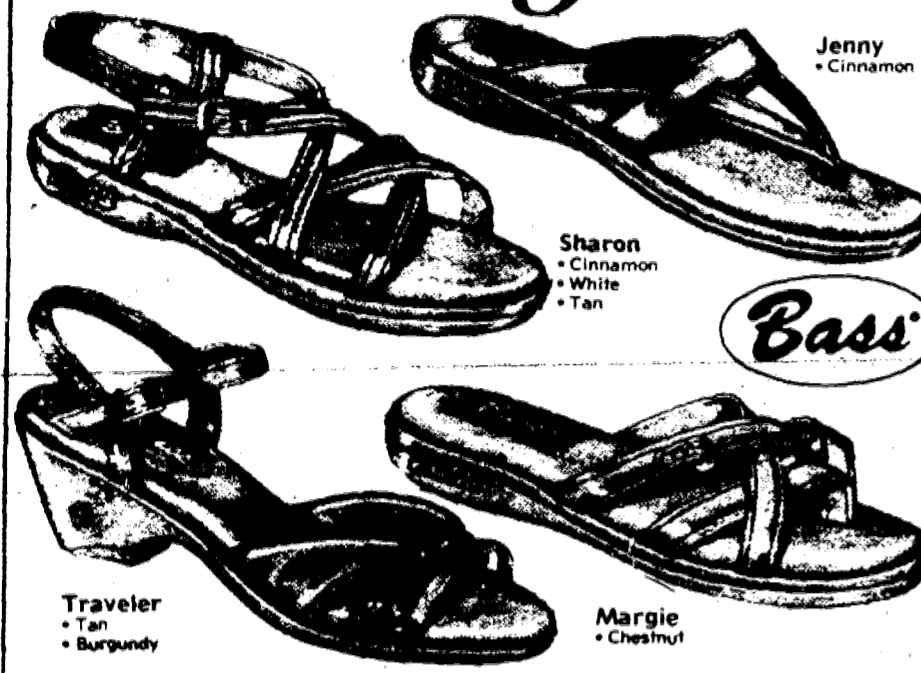

Highlighting the trip will be excursions to Colonial Williamsburg, Jamestown, and Yorktown Battlefield; Virginia Beach, complete with a visit to the world famous water slide; and a full day at Busch Gardens Amusement Park.

The Ranger fee includes daily bus transportation to camp during the first week, T-shirt, insurance, all transportation, food, lodging at KOA campgrounds and admission to all attractions.

Directing the Y-Ranger program again this year is David Bostwick, Berkeley Heights, who has been with the YMCA camp staff for four years. "The Virginia trip is back by popular demand," comments Bostwick. "It was an unqualified success with the Rangers last year."

More detail and registration information is available from the Y at 273-3330.

# Mill-Spring, Bombers win titles

Mill-Spring Liquors and the Bombers captured first half division championships in the Springfield Men's Softball League.

Mill-Spring won top honors in the East with a 7-2 record, edging out

## Sports this week

Custom Floors (6-3), Shallcross/Creative (5-4), Ehrhardt T.V. (4-5) and M & M Automotive (2-7).

And in the West, the Bombers took the title with the league's best first half record, 8-1. Masco Sports (7-2) claimed second place, ahead of Libco (4-5), Master Blaster (2-7) and Knights of Columbus (0-9).

In last week's action, Libco held off Ehrhardt T.V. for a 10-9 victory. Ehrhardt scored three runs in the top of the seventh inning to take a 9-8 lead, but could not hold down to Libco in the bottom of the seventh. Libco's Tom Bay led off the seventh inning rally for Libco with a single. Trip Davis tripled and Brian Gray knocked in the winning run. Steve Libonoth and Davis each had three hits for the winners. Bill Nevius had two hits and scored three runs and Rob Dempster had three hits. John M. Ehrhardt, Bob Files and George Jorda had two hits for the T.V. men. Neil Kamler was the winning pitcher. John J. Ehrhardt took the loss.

The Bombers scored a 13-6 victory over Shallcross/Creative to clinch the first half Western Division title. The Bombers had 16 hits, led by John

Kronert's three hits and Jeff Kronert, Dave Mitchell, Bob Tafel, Lou Vasillo and Tony Cicconi with two hits apiece. Ron Hydock was the winning pitcher. Roy DeVries and Kevin Karp led the Shallcross offense with three hits each and Bob Brandt and Joe Shallcross each homered in a losing effort.

Mill-Spring Liquors won the first half Eastern Division title by defeating Master Blaster, 2-0. Tom Burke allowed three scattered hits in pitching the league's first shutout of the season. Carlos Olivieri had a triple, the only extra base hit off Burke. Mill-Spring scored one run in the second inning on a single by Tom Burke and Joe Ragucci's double. In the fifth, Mike Johnson singled and Rich Johnson singled home Mike with the second run of the game. Jim Fritz also pitched well in defeat for Master Blaster.

M & M Automotive defeated K of C, 10-4. Stu Falkin led the M & M offense with three hits, Dave Stromeyer had two and Dave Cohen was the winning pitcher. John Scanelli, Tom Quinn and Bob Summers had two hits each for the Knights. Mark Lamb was the losing pitcher.

Masco Sports held on to defeat Custom Floors, 5-4. Masco had a 5-0 lead going into the fifth inning. Custom Floors scored three unearned runs in the fifth and added one more on a double by Ron Scoppetullo and Ed Johnson in the sixth. Ray Schramm, Masco's pitcher, settled down to retire Custom in the seventh—after Joe Policastro singled and Jake Lamatta doubled—for the victory. Jim Maxwell had two hits and played well defensively for Masco.

# Playoffs begin in town softball

Everybody is catching playoff fever in the Springfield Recreation Department's Girls' Softball League.

And the situation is becoming very, very interesting in both the Upper League playoffs and the Lower League action.

In the second round of the Upper League softball playoffs, the Royals edged the Angels, 10-3, and the Red Sox downed the Yankees, 5-3. The Royals and Red Sox will meet for the league title.

The Royals won behind the hitting of Leslie Ligornier, Denise and Patty Cameron, Jennifer Fabricant, Joyceann Glassen, Cindy Kostin and Joan Melkowitz. Dawn Severini and Cheryl Rubin played well on defense. The losers were led by Staci Uchitel, Crissy Clark, Stacey Byrd and Kim McMillon.

The Red Sox were led by Karen McCourt, Stacey Schneiderman, Dana Wasserman, Staci Weirnerman and Allison Saunders at the plate, while Heidi Warner, Justine Chrystai, Fern Drucks and Amy Greenman sparked on defense. The Yanks were paced on offense by Julie Ehrhardt, Ann Leddy, Tina Schenerman and Renee Verducci, while Leslie Weinger and Bridg Corbett led the defense.

In the Lower League playoffs, the Astros beat the Cardinals, 11-4, as Denise Severini and Jodi Willis made

outstanding defensive plays, while hits were made by Beth Halsey, Denise Cassini, Jenny Francis, Janis Netschert, Nancy Rubinstein, Jodi Willis, Shannan Cassini, Jennifer Beck, Kristen McLearn and Marci Fischel.

The Cards were led by the hitting of

Colleen Drummond, Alissa Hardy, Sally Ann Kisch, Missy Peterson and Jennifer Scilla. Amy Zidel, Holly Barber, Rosalie Boffa and Adina Lubetkin played well in the field.

The Mets defeated the Braves, 6-2, behind the hitting of Jennifer Epstein,

Julie Koppekin, Marlo Tracy and Laura Sexton and the defense of Lisa Bohrer, Lisabeth Hart, Heather Perkel and Jodi and Traci Schanerman. Rosie DiTullio, Laurie Pedersen, Marcia Rockman, Carly Sacher and Julie Schacter stood out for the Mets.

# Blue Stars squeeze to LL crown with classic 6-5 win over Mets

As betis a championship playoff game, the Blue Stars and Mets battled through what was clearly the best game of the season, with the Blue Stars winning, 6-5, in extra innings to capture the Mountside Little League crown.

The Mets jumped out to a 2-0 lead in the first inning as Blue Star pitcher Joe Ventura experienced control problems and added another run in the third on Jim Keller's double.

Ventura then doubled home three runs to get his team back in the game and then put them ahead in the fifth with a two-run single, only to see the Mets retie the score on hits by Marc Castelo, Brian Delaney, Matt Swartz and Peter Kozubal to send the game into extra innings.

After each team threatened and failed to score in the seventh, the Blue

Stars won it in the bottom of the eighth as Jim Barrett drew a walk and scored on Tom Kelly's long double to right center field.

In the Pony League, the Broncos topped the Colts, 5-3, as Kevin McGrath had three hits and drove in three runs, including a two-run single in the fifth which broke open the contest for winning pitcher Steve Burton. Tom Jackson and Myles Carter starred on defense for the winners.

Kevin Everly and Todd Richter combined to pitch well enough for the Colts but fell victim to erratic defensive support. Bill Quandt and Jim Rau led the losers' attack.

In the American League, the Angels rallied for four runs in their last at-bat to beat the Astros, 6-5, for the title. The winners came up with a well-rounded

performance with timely hitting from Mike Byrne and Sean Stevens, fine fielding from first baseman Tom Cukier and strong relief pitching from Chris Chiavarelli and Andrew Gallagher.

Ted Sadler, Richard Roche and Colin Gordon led the Astro attack at the plate, and John Rau and Lewis Rubovitz excelled on defense.

## Legion squads visiting for annual tournament

By BOB BRUCKNER

Springfield's American Legion baseball team looks to be one of the favorites this weekend when it hosts the Tri-County Tournament.

Action begins Saturday at 9:30 a.m. at Ruby Field with Livingston playing Parsippany, followed at noon with Scotch Plains and Irvington and Westfield against Florham Park-Madison at 2:30.

The hosts then start play at 5 p.m. against one of Essex County's toughest teams, Caldwell. The semifinals will be Sunday at 10 a.m. and 1 p.m., with the finals set for July 4 at 10 a.m.

And to put the cherry on top, Post 228 will open action next week with a Monday showdown against talented Roselle on the road.

Last week, Coach Harry Weirnerman's team won two of three games. The locals drubbed Rahway, 12-0, and edged Cranford, 2-1, in extra innings before falling to Westfield, 3-1, also in extra frames.

Against Westfield, Post 228 got an

early lead on Paul Clarke's homer to left field. After Westfield tied it on a sacrifice fly, Springfield failed to capitalize in the later innings.

"I thought we played well. We were disappointed that we lost, but no one was all the time," said Weirnerman. Westfield won it in the eighth on a single and a throwing error by Springfield.

The loss wasted a fine effort by pitcher Jeff Kopyta, who threw a three-hitter and fine defensive play by outfielder Kirk Yoggy.

Prior to Westfield, Springfield beat Clark, 2-0, as John Baumgartner struck out 10 and held the losers to three hits and Dave Crane homered. Baumgartner then blasted one over the fence to round out the scoring.

Aside from league play, Post 228 defeated South Amboy, 9-5, but lost a 2-0 decision to Secaucus.

However, Springfield may meet Secaucus again in the upcoming Meadowlands tournament July 1 at Kane Stadium in Arlington Heights.

## Dayton star Wood earns all-conference honors

Talk about total domination. All sophomore center fielder Lisa Woods did this year for Dayton's girls' softball team was lead the club six offensive categories.

And a number of other underclass players posted some sparkling stats for Coach Howard Cushnir's team this past season.

Wood was undoubtedly the team's No. 1 star in 1982. She paced Dayton with a .491 average on a team-leading 36 hits in 74 at-bats, slammed one home run, four triples, two doubles and scored 25 runs.

All that made her a logical choice for

first team. All-Mountain Valley and third team. All-Union County honors.

Cushnir is confident that Wood's return next year, plus the presence of several other talented players, will enable Dayton to better its 4-20 record.

Other top returnees will include Lisa Geraghty (.333), Linda Belenets (.406), Monica Preiss (.349), Amanda Wyckoff (.343), Carol Heymann (.333), Kathy Price, Karen Flynn, Michelle Kennedy, Sharon Kutsop and Donna Keller.

Dayton will miss slugger Linda Graziano, whose .476 average was second best on the club, plus Karen Rickerhauser (.404), Julie Klubenspies and Linda Bongiovanni.

## Tennis team debuts July 6

The Springfield Recreation Department has announced a 10-match schedule for its junior tennis team during the summer. The netters will compete in the New Jersey Youth Town Tennis League and open July 6 against Morris Township.

Other teams on the schedule are Bridgewater-Raritan, Elizabeth, Millburn, Mountainside, North Plainfield, Plainfield and Westfield.

Springfield residents 10-17 years of age and interested in trying out may contact Susie Eng at 467-8376.

## Union honors local athletes

Four Springfield residents are among 71 Union College students who were awarded letters as members of the Owls' intercollegiate athletic teams in 1981-82 at the annual Awards Night at the Cranford campus.

The awards were presented by athletic director Wynn Phillips and the coaches. UC is a member of the Garden State Athletic Conference and conducts varsity teams in soccer, cross country, men's and women's basketball, wrestling, men's and women's tennis and golf.

The Springfield honorees are wrestlers Michael Calabres and Pat Picciuto; Adam Silverstein in cross country and Ellen Steive in women's basketball.

**Cults enact film in Linden Twin**

By MARIANNE ASTALOS  
 What features movie stars, a rock 'n' roll star, two Shakespearean actors, and an actress who starred in the recent Oscar-nominated film, "Atlantic City?"

Why it's "The Rocky Horror Picture Show," a featured midnight attraction, which has been enacted at the Linden Twin Theater for two years. It celebrated its birthday on June 18.

"The Rocky Horror Picture Show," featuring Meat Loaf, Tim Curry, Barry Bostwick and Susan Sarandon, and the cult fans celebrated the anniversary in style — a style which would probably be considered outrageous and strange to the "virgins" who might have attended the event.

What is a "virgin?" And how was the birthday celebrated? Frank Kubiak, manager of the Linden Twin Cinema, has all the answers.

A look-a-like contest was sponsored by the theater on the nights of June 18 and 19. Several different characters were on hand to participate in the celebration. They included Dr. Frank-N-Furter, Riff Raff, Magents and Columbia.

Prizes were given out during both nights and a door prize, for each night, also was awarded.

Some people decided to see the movie for the first time last weekend. These newcomers who witness the event are nicknamed, "virgins" by the weekly followers of the movie.

"The first-timers who are unaware of what to expect are sometimes a little surprised and a little annoyed, but generally, they get into the spirit. As soon as they (the followers) find out someone is a 'virgin,' they are quickly initiated," Kubiak said, as a grin spread across his face.

The followers of the movie are generally in their teens or early 20's and they hear about it from their friends by word-of-mouth and the list of fans goes on and on. Kubiak said older people come to see the movie out of curiosity.

The growing list of fans are members of a "Rocky Horror Picture Show" cult. Kubiak allows the cultists to bring rice, toast, cards and newspapers into the

theater. Water is not allowed in the viewing area. These items are used as audience participation props and this is probably a reason why the 98 minute-long movie is so popular.

Kubiak said the movie is "messy enough without the water," and added it takes a while for the theater workers to clean up the mess the next morning.

"The 'mess' is created by the audience who takes part in the movie by throwing cards, rice and toast at the screen during key parts of the movie. The 'cues' actually are given by the actors.

The Linden theater boasts one more "Rocky Horror" classic. The movie house has its own "cast" who performs the movie below the screen every weekend. Most of the performers are from town and they get dressed up and play their favorite characters.

When asked how long he thinks the show will play, Kubiak said, "As long as they keep coming, the movie will keep playing. It is still drawing a lot of people and crowds."

For those whose curiosity has been whet by now, the movie may be seen at the midnight hour on Fridays and Saturdays. It has been called, "An outrageous assemblage of the most stereotyped science-fiction movies, Marvel comics, Frankie Avalon/Annette Funicello outings and rock 'n' roll of every vintage. Running through the story is the sexual confusion of two middle American 'Ike Age' kids caught in the complications of the decadent morality of the '70's, represented in the person of the mad doctor Frank-N-Furter, a transvestite from the planet Transsexual in the galaxy of Transylvania."

Open auditions for all roles for the New Jersey premiere of Stephen Sondheim's Broadway musical, "Merrily We Roll Along," will be held at the Edison Valley Playhouse, 2190 Oak Tree Road, Tuesday and Wednesday at 7:30 p.m.

Peter Loewy, director, and Larry Rothweiler, musical director, have announced that they are seeking six principals, three men and three women, ages 25 to 35 years old, who "can sing and move well." There also is a chorus of seven men and seven women, ages 17 years old and up.

The play will open the 1982-1983 season and will play weekends, Sept. 10 through Oct. 17. Rehearsals will begin in mid-July.

**Bard comedy due June 24**

Among the Super Stars in the Great Arena will be Clarence Celmonns and the Red Bank Rockers," June 25.

through Aug. 12; "Salute to Elvis," featuring all the songs that made Presley famous and performed by Raymond Michael, Aug. 13 to 19; and "Super Circus," featuring "thrills of the world of the big top."

The Rock Arena film and Concert Salutes will include "Crystal Ship Salutes Jim Morrison and The Doors," July 1 and 2; "Rat Race Choir salutes Led Zeppelin," July 8 and 9; "Backstreets Salutes The Grateful Dead," July 22 and 23.

Pick of the LPs—Original soundtrack music from the film, "E.T. The Extra Terrestrial," music by John Williams (MCA Records). The picture is now playing at the Linden Twin I Theater.

"E.T." composer-producer John Williams is currently dividing his time between serving as conductor of the Boston Pops Orchestra, composing music for the screen and composing new symphonic works.

He has written scores and acted as musical director for more than 50 films, including "Jane Eyre," "Goodbye, Mr.

Chips," "The Poseidon Adventure," "The Towering Inferno," "Earthquake," "Jaws," "Close Encounters of the Third Kind," "Superman," "1941," "Star Wars," "The Empire Strikes Back" and "Raiders of the Lost Ark."

Williams has been nominated 13 times for an Academy Award, receiving Oscars for "Fiddler on the Roof" in 1972, for "Jaws" in 1976 and for "Star Wars" in 1978. He has twice received the Television Academy's Emmy and was awarded two Grammys for "Superman."

For television, Williams has composed a large body of music including scores for such outstanding programs as "Alcoa Theater," "Kraft Theater" and "Playhouse 90."

The composer's symphonic works have been performed by many major American orchestras, including Los Angeles, Pittsburgh, Houston, St. Louis and Boston. His first symphony was premiered in 1966 by the Houston Symphony Orchestra (conducted by Andre Previn) and was presented again in London by the London Symphony Orchestra in July 1972. Two years ago, Williams was appointed conductor of the Boston Pops Orchestra, succeeding the late Arthur Fiedler.

Williams attended the University of California in Los Angeles and the Juilliard School of Music in New York, where he studied with Rosina Lhevine.

# RESTAURANT GUIDE

**HOUSE OF PLENTY**—Jahn's Restaurant, 945 Stuyvesant Ave., Union, famous for sundaes of all kinds, also offers complete dinner specials, cocktails and luscious desserts. Located one block from Union Center, Jahn's reputable name was established officially in 1897.

## Jahn's: great ice cream and much, much more

By GAIL CASALE  
Jahn's Restaurant, 945 Stuyvesant Ave., Union, is more than just an ice cream parlor. It's also a first-rate restaurant that offers complete dinner specials, cocktails and an attractive party room that accommodates up to 175 people.

It always fascinates me to learn the story behind a name. In this case, the Jahn's origin is quite interesting and explains the primary image of the restaurant as a well-known ice cream parlor.

Back on a chilly winter day in 1888, an ambitious immigrant named John (Papa) Jahn arrived in New York with a strong will and an enterprising spirit. Since he originally came from a colder climate, Papa knew his niche would be in the ice cream business. As the story goes, Papa married, opened his first store in 1897 in the Bronx, and after a gradual start, business began to boom.

The good word spread quickly. Generations later, Papa's offspring and colleagues opened parlors in Jamaica, Richmond Hill, Flushing and, of course, Union.

The quaint decor and clever menu continue the charming theme that Papa Jahn established centuries ago. Its exterior is truly inviting. The white building, which stands one block from Union Center, displays a picture window edged with red drapes and various green plants on the inside.

Complementing the "Gay

90s" atmosphere, tiffany-style lamps bearing the restaurant's name brightly illuminate the red interior and neatly arranged booths and tables.

On to the present! Jahn's has come a long way from the small ice cream spot that existed several years ago. Now you can feast on generous portions of shrimp scampi, breast of capon cordon bleu or veal marsala and still enjoy a scrumptious dessert at the meal's end.

Watch for the monthly specials. May I take the liberty of mentioning some of the ones offered in June. Start with an appetizing cup of soup, followed by fresh tossed salad and your choice of entree from among broiled assorted seafood platter, tender milk fed veal parmigian or breast of stuffed capon. Accompany that with potato, vegetable and a complimentary glass of wine.

A refreshing bowl of jello, sherbert or creamy rice pudding served with coffee tops your dinner. Ladies and gentlemen, a meal such as the kind described above ranges from a mere \$5.95 to \$7.95. And you thought that Jahn's was only an ice cream parlor!

The June dinner specials are served daily from 4 to 9 p.m. Monday through Saturday and from 12 to 9 p.m. on Sunday.

Host Michael Fotinos cordially seats the dinner crowd. The pleasant waiters and waitresses wisely follow his cue with accommodating service, yes, with a smile.

Jahn's is also a great local

spot to take your date after a movie, and enjoy a soothing cocktail or delicious burger. For those diners watching their waistlines, select something from the dieters' menu. The tuna, grilled cheese and turkey specialties are designed to help curb that overactive craving.

Jahn's spacious banquet room is suitable for all kinds of parties. The appealing decor, composed of shades of blues, wood paneling and Mediterranean-style crystal chandeliers, provides the perfect atmosphere for that special occasion.

My friends, I cannot complete my review without listing some of the goodies featured at the ice cream palace that helped make Union famous. Try one of Jahn's hot fruit sundaes topped with hot Maine blueberries, cherries or apple chunks. Depending on the size of your sweet tooth, there are teeny, medium and large tummy ticklers (like the all inclusive "Kitchen Sink") to satisfy you. My favorite teeny one is the marshmallow sundae melting over with plenty of the gooey sauce and luscious whipped cream.

For your convenience, Jahn's has its own parking lot. The restaurant opens daily at 10 a.m. and closes at 12:30 a.m., but continues serving until 1:30 Fridays and Saturdays.

Papa Jahn would have been deeply proud to see how the Fotinos family carried on his tradition. Jahn's Restaurant offers a little bit of everything with a great deal of quality.

'Trial by telephone' success for motions

New Jersey's experimental program of encouraging judges to hear trial motions by telephone whenever possible, rather than requiring the presence of both attorneys, saved clients an average of \$86 in attorney fees, according to a survey conducted by the American Bar Association (ABA) in four counties.

Under the system, an attorney files a written motion, which is sent to the judge and the other attorneys as usual, and, if oral arguments are required, a telephone conference is scheduled for the judge to hear both sides and either make a ruling at that time, or contact the attorneys later with his decision. Frequently, one of the attorneys is present with the judge and the other attorney is on the telephone for a motion hearing, a situation referred to as a split hearing. In the ABA survey, 48 percent of the New Jersey cases reviewed involved split hearings. The ABA survey found that:

Of 155 attorneys surveyed, 84 percent were "very satisfied" or "somewhat satisfied" with the telephone hearings, while 15 percent were "very dissatisfied" or "somewhat dissatisfied."

A total of 80 percent of the attorneys stated that the reduction in travel and waiting time is reflected in lower attorney fees.

Average attorney waiting time for telephone motions was 13 minutes, compared to a 76-minute average for in-court motions.

In split hearings, 17 percent of the attorneys felt there was a "great advantage" to the attorney present, 62 percent "some advantage," while 19 percent pressed an equal advantage for both attorneys.

The director noted that the ABA survey indicated that some large New Jersey corporations, particularly insurance companies, have recognized the efficiency of the motion by telephone system.

Plans are being formulated for the 50th year class reunion of the Irvington High School Class of 1933.

According to a spokesman, the reunion committee is anxious to hear from members of the class or anyone who knows of the whereabouts of class members. Those interested have been asked to call Annabel Hartlaub, 273-3524; Violet Kederisha, 762-1435; Helen Richner, 273-8560; Eleanor Girschbach, 766-3756; George Beck, 763-5359, or Albert L. THE STATE SUPREME COURT has adopted a rule, effective Sept. 13, requiring a written fee agreement between an attorney and the client in cases involving matrimonial actions. This agreement must be signed by both parties.

The new rule does not require any specific form, nor does it mandate specific matters to be included in the agreement. However, the court noted that the effectiveness of the rule in reducing disputes will depend on the number and nature of matters specifically agreed upon by the attorney and client.

# A group offers tips on summer earnings

More than 27 million young people are expected to be employed by 14 million employers in an extraordinarily busy summer. Jobs in both the public and private sectors have been decreasing. The Bureau of Labor's Summer Youth Employment program alone last summer paid about 120,000 to 130,000 thousand jobs. And students may have to compete with some of the nation's more than 10 million unemployed workers.

These factors, says the N.J. Society of Certified Public Accountants (CPAs), make it more important than ever to get the most from your summer paycheck. To many, that means increasing the amount of take-home pay by not having taxes withheld unnecessarily.

If you're a student, unmarried, and your total income for the year—summer and school year—is \$3,300 or below, you're probably exempt from any federal income tax but

not from Social Security tax. If so, you should claim yourself exempt on the Employer's Withholding Allowance Certificate (Form W-4).

For example, let's say you earn the minimum wage of \$2.30 an hour. (You may not be eligible for minimum wage if you work in certain industries.) If you work 40 hours a week for the 13 weeks of summer, your earnings will be only \$1,192 and you will not be subject to income tax.

Students who work in industries where tips and overtime add a substantial amount to income should be careful. CPAs caution that tips are taxable income. Remember, when estimating your summer earnings, to include any tips you anticipate making. In our example, if tips and overtime amount to another \$1,558, you may have to pay income tax.

You can only claim yourself exempt, however, if you did not owe taxes last year, you received a full refund of taxes

paid, and you don't expect to owe taxes this year. Students who earn more than \$3,300 year-round workers who earn income from other sources, and anyone with more than \$1,000 in dividend or interest income should talk with their employers about withholding. Although the amount of tax these people will owe could be small, some employers may withhold taxes at the annual salary rate instead of the total earnings.

Let's say you're a law student earning \$350 weekly. That would be an annual salary of \$18,200 if you worked all year. If you work only the 13 weeks of summer, your total salary comes to \$4,550. Because you make more than \$3,300, you must have taxes withheld. If your employer withholds federal income tax at the annual rate, you will have \$65.14 withheld weekly. Withholding on \$4,550 amounts to only \$5.77 a week. Work out a schedule with your employer to avoid over-withholding.

If you work full time during nine months of the year, and hold a seasonal job during the summer, you should also investigate your tax status. Consider how much tax is being withheld from your full-time, permanent position and how much income your summer earnings will add. Make sure the tax withheld will cover the extra income tax—or put money aside to have when taxes are due.

When counting your summer paycheck, don't forget about state taxes. If you take a job out of state, be sure to understand the state tax laws that affect you as a non-resident. Some states allow students to claim themselves exempt from state and city tax—or they may withhold at a low rate that can later be refunded.

While living-at-home may save you money, job opportunities may be better somewhere else. Plan your budget to cover any extra costs of living away from home and see if the situation is to

your advantage. For example, if you plan to work at a resort, compare the benefits of earning less but getting free room and board to earning more and paying for lodging. If you must accept lodging to hold the job, or the employer provides meals on the premises for convenience, these benefits cannot be taxed.

The exchange system can work other ways. If, for example, you work at a college during the summer semester, you might be able to get academic credits for your work in lieu of money, especially if you are working with a professor or doing research. Your earnings can't be directly applied to college costs without incurring tax, but you can

save on tuition later on the exchange credits.

When calculating your summer earnings, don't ignore the tax dependency on your parents. If you earn \$3,100 and the support is \$6,000, you can't claim a \$1,000 exemption as a dependent. If they are in the 15 percent tax bracket, your earnings come costs them \$500 in tax dollars.

Summer jobs provide valuable learning experiences for students. One thing they should learn, CPAs say, is how to manage their paycheck and get the most from it.

## New 20-cent stamp to be issued commemorating Peach Garden

The U.S. Postal Service has announced today that a 20-cent commemorative stamp recognizing the 50th anniversary of the International Peach Garden joining Dunseith, and Boissevain, Manitoba, Canada, will be issued June 30, in Dunseith.

The International Peach Garden is a symbol of more than 150 years of peace between the United States and Canada. Organizations and individuals of both countries have participated in the establishment, maintenance and development of a garden of flowers, shrubs, trees and recreational and cultural facilities situated at the geographic center of the longest unfortified border in the world.

The design for the International Peach Garden stamp was created by Gyo Fujikawa of New York City. She previously had designed the 1960 United States - Japan Treaty and the 1966 Beautification of America commemorative stamps.

The horizontally-oriented commemorative features against the white

background of the stamp paper a maple leaf, symbolic of Canada, beside a red rose. One line of black type across the top of the stamp reads, "International Peace Garden," and "1932" printed over top "1982" and "USA 20c" appear in black type in the lower left and right corners, respectively.

The engravers for the stamp were Kenneth Kipperman (vignette) and James L. Goodbody (lettering and numerals), both of the Bureau of Engraving and Printing. It was printed on the offset/intaglio press using the colors black, brown and green. There are 50 stamps to a pane with two groups of plate numbers—a four-digit number

representing the offset printing plates and a three-digit number representing the intaglio plates.

### EARLY BRIDGES

As early as 2560 B.C., man began building bridges. The oldest known existing bridge is the slab-stone single arch spanning the Meles River in Turkey, constructed about 850 B.C.

### GOOD 20 YEARS

Conventional ammunition can be stored for 20 years or more and still be serviceable, the U.S. Army says. The condition of ammunition is checked every three to five years.

## VA notes drop in payments

Veterans Administration-guaranteed Graduated Payment Mortgages (GPM) are now available with lower down payments for new home purchases.

The new program is part of the Veterans' Disability Compensation, Housing, and Memorial Benefits Amendments passed by Congress.

Under the GPM, monthly payments are lower for the first few years than the corresponding monthly payments on a traditional mortgage for the same amount. In a GPM mortgage, a portion of the interest due on the loan each month is deferred and added to the principal balance of the loan. This is done during the early years.

After a set number of years, the payments become a constant amount for the duration of the loan. From that point on, each scheduled loan payment includes all of the interest due plus a portion of the principal, as in a traditional mortgage.
