Children learn grown-up tips on being alone

A program, called "Home Alone" has been developed for Westfield children in kindergarten through sixth grades who have to be left alone at home for any reason.

Recently introduced by the Westfield-Mountainside Chapter of the American Red Cross, Home Alone's intent is to educate children on safe practices as well as responsibility, the program's organizers explained.

Gertrude Elster, executive director of the Red Cross, explained this is just one example of many new programs being developed by the chapter.

According to Patricia Goodale, director of Community Health and Safety Services for the Red Cross, who is implementing the program, "it is intended to open the lines of communication between the children and their parents on the subject of being safe and responsible should the occasion ever arise that the child must be home alone."

Along with Goodale, the program is taught in Westfield in cooperation with Sgt. Earl Lambert of the Westfield Police Department by using slide presentations in conjunction with activity books and emergency phone stickers.

But Goodale, along with Police Lt. Joseph Mazur of the Mountainside Police Department, recently introduced the program to borough students at Our Lady of Lourdes Catholic School.

The program, which has been going on since March, teaches students safety tips and other practices through assembly-type programs, for grades kindergarten through third and fourth through sixth grades, Goodale said.

It is estimated that more than 4,000 students in the state — including 1,000 in Westfield — and some 35,000 students nationwide have been trained by the Red Cross on being home alone.

Goodale explained the program originated in Kansas City, Missouri and was introduced in the New Jersey area by the Morris Area American Red Cross.

"When I saw the program, I decided it was something that I would like to see done in our area," Goodale explained.

Children were given workbooks to do at home with their parents and were urged to talk with their parents about safe guidelines for time spent alone.

Emergency stickers were provided to give children quick

access to phone numbers should they need them.

A group of provisional members of the Junior League of Elizabeth-Plainfield assisted the chapter by producing a slide presentation to accompany the program.

Funding for the project was contributed by the Parent/Teacher Organization Council of Westfield and Junior Women's Club of Westfield.

"The assistance of these organizations helped make this program possible," Goodale said.

Goodale explained the slides begin with school children being dismissed from school, as the clock indicates the 3 o'clock hour.

"The slide shows the kids leaving in a very large group — the message here is 'play it safe, don't walk alone — walk with a friend when you go home,'" she said.

Goodale tries to get student input and feedback by asking them questions, like, "why do you think it's better to walk home with a friend?"

"The students usually tell me things like, 'because if you walk alone, somebody might take you. But I try to make this program very positive, rather than frightening,'" she said. "So I tell them, 'well, it's more fun to walk with your friends.'"

"Then, we talk about strangers and most of this is repetition and reinforcement because they've already learned this from their parents. We then talk about who you can turn to for help," she explained.

For the lower grade levels, Goodale said coloring books are given out which enforce the rules of safety, and safe places to keep a key.

"I reinforce that you don't tell anyone or show anyone where your key is — then, we move into the area of what to do when the student finally gets home," she said.

She said all through the program she talks about how to keep open communications with the parents.

The students are also taught home rules, such as how to properly use the telephone and other safety measures.

"The children are very receptive to this and I'm happy that this program is growing," she said.

Goodale said she plans to also visit Mountainside's Deerfield School soon, as well as a group of retarded children at Edison Junior High School in Westfield.

Other Red Cross chapters offering the home alone program include Raritan Valley, Princeton and Eastern Union County.

New jail on agenda

The Board of Chosen Freeholders is scheduled to meet tonight with representatives from Grad Partnership of Newark, the architectural firm retained by the board to bid for the construction of the proposed new county jail.

Just last week, the freeholders were expected to meet to discuss the feasibility of renovating the existing courthouse space as an alternative to building the 215,000 square-foot, eight-story jail and parking facility.

But Freeholder Chairman G. Richard Malgran said that idea has been scratched after County Engineer Armand Fiorletti determined it would be more costly to renovate the existing courthouse space.

"We held a meeting last Thursday, and the county engineer said the plans for renovating the space would cost much too much," Malgran said. "There's no alternative."

There are several apparent problems involved in renovating the space, including the need for larger cells as well as more space for recreation.

"What I want to know is to what extent we can build a new facility and the nature of reducing the size and expense but still provide the space needed to meet the

requirements," Malgran said.

According to County Manager Lou Coletti, renovating the existing space would require that the entire jail be brought up to state standards for correctional facilities. This would include the widening of cells in the current facility to the 75-square-foot standards, which would result in a significant decrease in the jail capacity.

Plans to construct the new facility have been delayed for almost a year after the board learned the initial price of the new jail had drastically increased from \$18 million to a tab of almost \$40 million. Jail architects informed the board last summer of the increase.

"I want to talk to them (Grad Partnership) to find out why the cost has escalated so much," Malgran said.

Thus far, the county has spent some \$1 million on architectural fees and is presently awaiting the results of a study on what should be done with the existing jail if the inmates were moved to a new facility, DeFilippo said.

Officials noted that the inmate population at the county jail in Elizabeth has increased from between 430 to 450 over the last four years. Those figures are double the amount the facility was originally built to hold.

Ricciardi fund established

A special scholarship fund has been designed for college bound high school seniors from Mountainside in honor of former Mayor Thomas Ricciardi, who served the borough for 14 years.

The fund, according to scholarship committee members, was established to remind the community of Ricciardi's long-term service and continuing commitment to its people.

Organized and incorporated by interested citizens in the borough and funded by private contributions, the Thomas J. Ricciardi Scholarship Fund is

preparing to select its first two recipients.

Fund members have distributed applications to the regional high schools, the Mountainside Public Library and local churches.

Applications must be submitted by Monday, May 27 in order to be considered.

A special Scholarship Committee will review the confidential applications and recommend to the Board of Trustees two students who will each receive a \$500 grant.

Applications will be evaluated on the basis of need, scholarship, character, all-round ability and good citizenship.

Scholarships are scheduled to be awarded each year to college bound high school seniors.

Interested students should obtain applications from their guidance counselors or the Mountainside Library.

GUESS WHAT CLASS? — John Theis, instructor at Deerfield School, informs the students in one of his two eighth-grade history classes that they are about to embark on a class project pertaining to events which made the pages in their history books during the Civil War. Theis has instructed the students to present their research projects in the form of a newspaper page, with at least four items taken from the chapters of their books. Theis invited representatives from the Mountainside Echo to speak with the class about newspaper layout. For more school page photos, turn to page 6. (Photo by John Boutsikaris)

Council to move house

By SHAWN EVANS

Time seemed to race against the 230-year-old Deacon Andrew Hetfield House, which lies among mounds of topsoil on 1260 Route 22 West.

The mounds, created from excavation on the land in preparation for other uses, temporarily brought a desolate look upon the Georgian colonial style house which would have been destroyed by razing if the building could not be successfully moved.

But time was on the side of members of the Mountainside Historic Preservation Committee, a group which has spearheaded the drive to save the house, commonly dubbed the "Dutch Oven."

The Mountainside Borough Council at its Tuesday night work session by a vote of 3-1, approved the authorization of a contract to move the house from its present highway location to a spot adjacent to the Mountainside Public Library.

Borough Administrator Jim Roberts said the contract has been awarded to the firm of R. Welsh and Son of Florham Park for \$66,830.

Welsh was one of two bidders formerly rejected on two separate occasions, because his bid was "legally insufficient." Another bid of \$183,000 by another contractor was also rejected twice because it was "beyond the borough's means."

According to Borough Attorney John Post, three areas of the contract had to be clarified.

"My office sent a draft contract to Welsh and he returned it saying he didn't like three areas in the contract: I know the problem has been resolved to Welsh's satisfaction — it's now up to the governing body," Post said.

The three areas of concern include the extent of the guarantee.

"It (the guarantee) was more broad and cumbersome than he

wanted it to be, and it was just a matter of changing one word from 'perfect' to 'good,'" Post said in regards to the condition of the work expected a year from now.

The second area called for a change in the schedule of payments, which includes \$15,000 when the contract is signed, another sum in that amount when the house is moved to the site and an additional sum when the house is placed on the foundation, with the balance to be paid upon completion, officials noted.

"Finally, an area pertaining to a penalty fee was cleared up."

After the signing of the contract, Welsh has 17 days to move the house, with the work substantially completed within 30 days.

Post said that Welsh preferred not to sign the contract until he can speak with the utility company to coordinate its schedule with his.

In other action, the council heard opposition from residents regarding the loud noise from the fire horn, which is attached to the Volunteer Fire Department on New Providence Road.

Residents pleaded with the council to have the horn removed, preferably to Borough Hall.

Mayor Bruce Geiger told the residents the angle of the horn was changed last week as well as the air pressure in the hopes that this would solve the problem for some people without causing problems for others.

"We're begging you, please bring it down here (borough hall). People live under it, next to it, along side of it — it's the most horrendous sound I've ever heard," said one resident.

Viglianti recommended to the governing body to immediately look into moving the horn, providing it would not cause harm to anyone, cost an astronomical fee and that it was with the cooperation of the Fire Department.

Highway crash halts traffic

The driver of a Chevette which crashed off of eastbound Route 22 in Mountainside Monday was listed in satisfactory condition in Overlook Hospital as of Tuesday, according to a nurse official.

Gloria Hamilton, 59, of Orange, and a passenger, Ruth Cox, also listed as satisfactory as of Tuesday, had to be freed from their car by borough rescue workers after the vehicle swerved off of the highway and crashed Monday, police reported.

According to borough police

reports, the crash which trapped the two women, occurred at about 7:25 a.m. Apparently, the car left the road west of Mountain Avenue, after hitting a utility pole, then ran into road debris from construction.

Police said the car then flipped into the air, with the front end landing first, coming to a rest on the passenger side.

Reports indicate the traffic was closed for at least 20 minutes during the morning rush, with cars being rerouted by police officers.

SHOWED APPRECIATION — Presenting a Certificate of Appreciation to Ptl. Robert E. Lowyns of the Mountainside Police Department, are from left, Matthew J. Derham, president of the AAA New Jersey Automobile Club and Garly L. Stephens, training specialist from the Institute of Police Traffic Management, University of North Florida, Jacksonville. The automobile club and its Foundation for Safety, headquartered in Florham Park, recently recognized and honored the hard work and dedicated efforts of Lowyns, who earned the distinction of completing the Basic Traffic Accident Investigation Course sponsored by the club and the New Jersey Office of Highway Safety.

Schering developments

Robert P. Luciano, chief executive officer of Schering-Plough Corp., Kenilworth, predicted the development of "exciting new products" at the company's annual meeting held in Kenilworth recently.

With a substantially enlarged research program that has been turned in new directions, Luciano said, "We at Schering-Plough can now begin to look for those exciting new products that will give us the superior earnings growth we want."

Luciano said Schering-Plough embarked on a threefold strategy five years ago that required it to reinvigorate its research, strengthen its consumer and pharmaceutical product base, and reduce its costs while increasing productivity and improving the use of working capital.

"Profits," he continued, "are our long-term goal, and we plan to earn them by creating and capitalizing on scientific, technological, product and marketing advantages in both our pharmaceutical and consumer businesses. We have built the foundation, and we believe we are approaching the time of payoff."

Luciano reported that since 1978 the company has invested more than \$700 million in research and development and over \$900 million in new and upgraded research and manufacturing facilities and equipment.

"That's more than 1.6 billion in just six years," he said, "which should show you just how serious we are about the search for new therapies and the improvement of our plants and equipment." He noted that the company's capital requirements are declining and will total about \$140 million this year, down from last year's level of \$174 million.

Reporting on Schering-Plough's enhanced research efforts, Luciano said some people have concluded that the company is putting too much emphasis on interferon. But, he said, "interferon represents less than an eighth of our overall research spending this year." He explained that interferon is part of a larger effort devoted to recombinant DNA and immunology research, which he declared will "revolutionize medical treatment in the decades ahead."

Town awards bids

The Springfield Township Committee awarded three bids for municipal projects at a special meeting April 29.

The James Petrozello Co., Kearny, was awarded a one-year contract for scavenger services at a cost of \$347,000. The contract also provides a \$4 discount on each ton of recyclable materials.

A contract for the planting of the Villa Tract was awarded to Peters Todd, Inc., Union, for \$10,850.

The Belson Construction Co., Roselle, was awarded a contract for an apron for the municipal swimming pool in the amount of \$32,200.

Ogden states views on environment

Assemblywoman Maureen Ogden (R-22), quoting from the Eagleton Institute of Politics' recent report on the quality of life in New Jersey, said, "The protection and improvement of the environment ranks as the paramount issue in the state."

Ogden said the report concludes that environmental protection will emerge "as the single most important issue in the state" for the remainder of the decade.

"I am not surprised by the results of the Eagleton survey," Ogden said. "Our problems with acid rain, solid waste management, toxic waste disposal and recent chemical spills have focused public attention to the issue of preservation of our environment."

Ogden is the sponsor of several bills that would address the acid rain problem and is the sponsor of major

legislation that would prevent indiscriminate development in the state's freshwater wetlands.

"It is also interesting to note the Eagleton study, Images III, concludes that New Jerseyans are dissatisfied with the opportunities for cultural enrichment in their immediate areas," Ogden continued. "I am a strong advocate of legislation that would create regional cultural centers throughout the state and am the Assembly sponsor of a bill that would provide \$50 million to renovate and restore existing cultural centers so that the arts can become more available to a greater number of people."

The Eagleton study indicates that the most widely cited source of dissatisfaction with the state continues to be with the environment. According to the study, only 5% of

the respondents complained that taxes are too high and fully one-quarter could not think of a single thing that they dislike about living in New Jersey.

"Clearly, our state is on the right track in attending to those issues that impact the quality of life," Ogden said. "Most of my colleagues in both parties share my concern for the quality of our environment and the availability of the arts and I am hopeful that significant legislation will be debated and passed this year."

Franks lashes out at Reagan budget

"Over the past few weeks, we have heard the budget plans of the Reagan Administration," commented Assemblyman Bob Franks, who represents Mountainside in the General Assembly. These plans include increasing defense spending and cutting many domestic programs.

Franks notes, "Many analysts have observed that neither the South nor the West took their fair share of proposed cuts, and the burden has fallen disproportionately on the Northeast and Midwest to bear the brunt of the deficit. I want to see all Americans equally bear the burden. The problem may be that many of the administration's appointees understand the importance of many programs to the West and South, but don't understand the necessity of the other programs to the Northeast and Midwest."

The proposed budget calls for the elimination of subsidies for Amtrak, cutting funds for the operation and capital costs of local transit

operations, cutting funds for waste water treatment (sewer programs), and eliminating the Small Business Administration.

According to officials at New Jersey Transit, the proposed cuts would mean a 56 percent reduction in the capital budget, a loss of \$99 million, which is 62 percent of that budget. Of more immediate concern would be the loss of \$44 million from the operating budget, about 10 percent of the total. Franks notes, "The cut in the operating budget would necessitate a 20 percent increase in fares. After all the money that has been spent fixing up the Morris and Essex lines, it would be a shame if ridership declined due to increased fares even before everyone knew about the improvements that have been made."

"We need to promote ridership, not reduce it by raising fares. With increased ridership on the Morris and Essex lines, we are getting commuters off the highways helping to reduce pollution and congestion

Putting more cars on the local roads will not be good for this area."

"Waste water programs are as important to this area as irrigation projects, are to the West. Mass transit programs, benefitting thousands of commuters in this district are as important as the interstate highways which developed in the West. The military budget, which is spent for the most part outside the Northeast, must undergo scrutiny equal to that of all other departments of the government," Franks said.

"Both of our area's congressmen, Matthew Rinaldo (R-7th district) and Dean Gallo (R-11th district) have asked President Reagan to reconsider the cuts due to their disproportionate damage to New Jersey. Both Congressmen agree with me that we are willing to share the burden, but not bear it alone. I hope that the president and his advisors will come to agree with us as the budget makes its way through Congress," Franks concluded.

Man pleads guilty to bank charge

A 53-year-old township man has entered a guilty plea to charges that he caused a Union savings bank to fail to file a proper report with the Internal Revenue Service.

W. Hunt Dumont, United States attorney for the District of New Jersey, announced that Nikolas Agathis of Springfield pleaded guilty to a one-count information charging him with causing City Federal Savings and Loan Association to fail to file a currency transaction report with the IRS.

Dumont said that Agathis, by his guilty plea, admitted that on or about July 12, 1983, he used the names of individuals without their authority to obtain three money orders with cash totalling approximately \$17,000.

According to the information, the purchases were made at City Federal Savings and Loan Association, Union. The information explains that City Federal is a financial institution which was required to file Currency Transaction Reports with the IRS for transactions of U.S. currency in excess of \$10,000. Dumont explained that by purchasing the three separate money orders in other individuals names, each for less than \$10,000, Agathis prevented the bank from realizing its obligations under the IRS code.

Dumont said that Agathis faces a maximum penalty of one year in jail and a \$1,000 fine for his guilty plea.

Dumont praised the Special Agents of the United States Internal

Revenue Service under the direction of Robert G. Roche for their investigative efforts in connection with the prosecution.

This case is being handled for the government by Assistant United States Attorney Jodi Lee Alper.

A SWEET MESS— Having eaten her very first chocolate Easter Bunny, Stephanie Ann Cava, 11 months old, found it was fun to play with the melted chocolate as well. All or nothing

The art of political adaptation and compromise is going on currently in the state capitol.

The prime mover and shaker behind these machinations is Gov. Thomas Kean. Thwarted so far on two promises he made to improve the quality of public school education in New Jersey — minimum salaries and merit pay for teachers — the governor is taking steps to link the two issues. It is somewhat of a gamble in that it could turn out to be an all-or-nothing proposition, but it's a risk that's worth taking.

Kean says he will not sign a bill raising the minimum starting salaries for teachers to \$18,500 unless the Legislature agrees to enact a still-to-be-introduced "teacher recognition" fund. If approved, the proposal would provide local districts with increased aid to allow them to award annual "outstanding performance" bonuses of \$500 per teacher for up to 5 percent of the local instructing staff. The minimum amount a district would receive would be \$4,000.

The New Jersey Education Association, the largest teachers' union in the state, fearing that politically favored teachers would be the only ones rewarded by local districts, rejected the governor's original merit pay proposal, which called for up to \$5,000 a year in incentives for "outstanding" teachers. To overcome this obstacle, Kean proposes that one-third of the membership of local district committees that would judge which staff members should get the bonuses be chosen by the local teachers' union. The second third would be chosen by school administrators. That combined group would choose the final third.

As long as the bonuses are related to superior teacher performance, local districts would be free to distribute the "teacher recognition funds" in whatever manner the local school board determines.

Kean's decision to link minimum pay and the bonus proposal is a fairly gutsy move. By saying he won't sign the minimum starting pay measure without the "teacher recognition fund" proposal, the governor is risking the possibility of having neither. Initial indications, however, suggest that the support is there. Assemblyman Joseph P. Doria, sponsor of the minimum pay bill, says he will support the teacher bonus proposal.

There's still a long row to hoe. There is a stalemate on how much of the projected cost of the minimum pay plan — \$200 million — will be borne by the state and how much by local taxes, let alone how the governor's bonus pay proposal would be financed.

Where there's a will there's a way. The Legislature has a lot of incentive — the quality of the state's public education system.

Letter to the editor

Ogden's vote was 'a clear message'

This letter is to thank Assemblywoman Maureen Ogden for her vote in opposition to the litter tax bill "A 2003" in the Energy and Natural Resources Committee on April 29 and her continued support for a beverage can and bottle deposit law.

The litter tax is a gross receipts tax applied to almost everything covered by the New Jersey sales tax. It involves a cumbersome collection process to raise a small sum to pay for additional local and state litter pickup. It will do little toward achieving its ostensible goal of cleaning up New Jersey.

Environmental groups consider the litter tax a sham promoted by the supermarket and beverage industries to steer the state away from enactment of the can and bottle deposit bill, a law which New Jersey badly needs for solid waste reduction as well as litter control.

Although the litter tax was voted out of committee 3-2, Mrs. Ogden's "nay" is a clear message from a recognized advocate of good environmental law that the tax bill is not worthy of passage by the full Assembly.

Ask the teacher

Finding out about unfamiliar schools

By BETH GIORDANO & FRAN SULLIVAN

Q.—My husband was recently transferred to a city approximately 500 miles away. While we are all very excited about the move, we are confused about how to choose a school system for our children. I am unfamiliar with the area and don't want to rely on real estate agents for advice.

A.—The best approach is to go directly to the source. Contact the superintendents of the communities or districts you are considering. Ask about the average class size, number of full-time teachers total district enrollment, and cost of education per child.

You should also be interested in percentage of high school dropouts,

Money management

Home buying: many factors to consider

Making a decision on buying a home this spring demands as much skill as predicting the weather. You've got to guess on which way interest rates are heading, decide between hundreds of different mortgages, calculate a budget to make the monthly payments and you have to find the home that's just right.

Buying a home is the biggest investment most people ever make and it demands some personal financial savvy to get the best deal you can. Only one in four U.S. households has enough income to support today's median-priced home. Mortgage lenders, facing the highest rate of foreclosures since the Great Depression, are talking about stricter income qualifications for borrowers.

QUALIFYING FOR A MORTGAGE
Most mortgage lenders say your monthly housing costs may not exceed 28 percent of your gross income. Your total long-term borrowings, which include your housing payments and any other debts with a term of more than six months, cannot exceed 33 percent to qualify for most mortgages.

SHOPPING FOR A MORTGAGE
"There are two things you have to do in choosing a mortgage," says Jim Kropp, a CPA who buys properties for a major real estate firm. "The first is shop and the second is to shop some more."

A quick way of shopping is by using electronic mortgage brokers. The largest of these computerized mortgage brokers has 25 lenders from around the nation offering variation on eight or nine different mortgages. This allows you to shop for mortgages from lenders across the country. You can usually request printouts of the mortgage payments from computerized brokers and use them for further comparison shopping.

APPRECIATION
With the current rate of appreciation on real estate remaining steady at about 5 percent, those who

as well as the number of graduates who are accepted into colleges and universities.

Ask about the availability of

guidance counselors and their ratios for students.

For children in the lower grades, you should find out about special programs such as for learning disabilities, speech, and gifted children.

Finally, ask for the range of teacher salaries. How does it compare with surrounding communities?

Once you have established these basics, take a close look at the areas that interest your children. What are the athletic, musical or science programs like? What are the library facilities?

Once you have narrowed down your choices, make an appointment with the principals of one or two schools in each district and get a feeling for how the school operates.

While looking for houses, talk to neighbors about the schools their children attend. You could also ask the people with whom your husband will be working about the schools in the communities in which they live.

Q.—My 5-year-old can't say "three" or "thumb." Any word that begins with "th" she says "f." She says "free" and "fumb." I would like her to receive speech instruction in kindergarten. At what age should she be saying these words correctly?

A.—As a rule of thumb, said Jane Scoles, adjunct professor in the Speech and Hearing department of Kean College, 65 percent of all 5-year-olds can use the "th" sound correctly.

Scoles recommended that you discuss the problem with the school's speech correctist. The specialist will screen your child and will then discuss the results with you. A plan of action can then be devised.

Q.—My first-grade son has been having problems with his school

work throughout the year. His teacher and I have been working with him, but apparently to no avail since the school is now recommending retention. I want to do what is best for him, but I wonder if keeping him back will benefit him in the long run. How do I know for certain?

A.—Arrange an appointment with his teacher and review the reasons for her decision to retain him. Ask her to pinpoint his weak areas with suggestions on how to rectify the problem.

It is less painful for a child to be left back in the kindergarten or first grade. It also allows the child to break out of the failure cycle. If, at the end of the first grade, for example, a child is only performing at a third month level, he will be that much behind his peers if he is allowed to pass into the next grade. He will have to master the remaining months of first-grade material, while learning second-grade work. That is an almost impossible task for any child, especially one who is already struggling.

If a child repeats his first year, he begins that year already ahead of his class. His self-esteem, therefore, remains intact.

million persons who want a home but can't afford the cost. A home buyer who can't make the down payment alone may find that a shared equity mortgage is a money saver. Find a partner (who may or may not live with you) and share the down payment, the appreciation and the tax breaks for interest payments.

MORTGAGE INSURANCE
If you can't afford to make a down payment of 20 percent or more on the purchase price, you may qualify for mortgage insurance. Mortgage

insurance generally tacks on \$15 to \$30 on a monthly mortgage payment (depending on your down payment), the mortgage amount and whether you have an adjustable-rate mortgage. Someone who has little cash for a down payment, but is certain to have a rising income, is an ideal candidate for mortgage insurance. However, it may be less costly to obtain a term insurance policy.

These ideas are just a sampling of the current trends affecting home buyers that CPAs say may be helpful in your quest for the home that's just right.

Way to healthy diet

By ELLAWESE B. McLENDON
Are you concerned about ways to limit salt, fat, and sugar in your diet? If the answer is "yes," these ideas may be helpful. We acquire the taste for salt, fat, and sugar very early in life. However, for health reasons, we are confronted with the need to reduce our intake of these. Remember, moderation is the key, and may be the answer to some of our problems.

To reduce your intake of salt, use less in cooking; break the habit of shaking salt on food at the table. Eat foods such as popcorn, potato chips, pretzels, and pickles without salt; cut down on cured meats and cheeses.

Some flavoring agents high in sodium are soy sauce, Worcestershire sauce, catsup, pickles, olives, and garlic, onion, and celery salt. Be on the lookout for salt hidden in prepared foods.

Many over-the-counter drugs contain sodium, which is a component of salt. Talk to your pharmacist; ask questions about the medication you buy, whether it's by prescription or over the counter. Water softeners tend to raise the sodium content of water; the harder the water, the greater the amount of sodium need to soften it.

Ellawese B. McLendon is an extension home economist with the Union County Cooperative Extension Service.

To lower your intake of fat, select lean meat, fish, and poultry, and use some meat alternatives such as dry beans and peas and tofu; try part-skim or low-fat dairy products. Trim off fat from meats; boiled, baked, broiled, or steamed are good ways to cook meat. A pat of butter is not necessary each time bread is served. Also, limit the number of eggs you consume.

Some ways to limit sugar in the diet is to use less on cereals, in beverages, and in cooking. This means less sugar in the different forms, including white sugar, raw sugar, brown sugar, honey and syrup. Eat and drink less sugar-containing foods. Consider serving fresh fruit or fruit packed in juice or in light syrup.

Become a label reader and get in the habit of selecting foods lower in salt, fat, and sugar. Preparing foods with herbs, spices, and peppers helps to improve the natural taste and flavor of food.

For our salt substitute recipe, send a stamped, self-addressed envelope to Mrs. Ellawese B. McLendon, Extension Home Economist, 300 North Avenue, E., Westfield 07090.

Book details 'war of attrition'

By ROSE P. SIMON
THE PACIFIC WAR
"Eagle Against the Sun," by
Ronald H. Spector.

This is primarily an interpretive work of the great war between the United States and Japan, beginning with Japan's stunning display of air power, and ending with the most deadly American air raids in history. Told from the American point of view, the subjects of policy, strategy and operation (on both sides) are emphasized. Spector, a major in the Marine Corps Reserve, former historian at the U.S. Army Center of Military History, and presently professor of history at the University of Alabama, has written a comprehensive scholarly analysis of that "war of attrition" against Japan.

The author describes the condition of the pre-war service. The personnel (commanding officers, enlisted men), the four armed services, the resources available (equipment) and the government attitude. Although there had been an "orange" plan for some years (in case of a Japan attack), the U.S., ignoring signals, was unprepared.

We learn too, that the rivalry among commanders, services, and the Allies, often changed the course of events negatively.

Spector covers a vast field: some of the strategic blunders, the successes, the submarine bombing campaigns, involvement in other areas (India, Burma, China, the Philippines, Okinawa, Iwo Jima), the growth of the guerilla movement, and the breaking of the Japanese Code.

Also discussed are the atomic bomb decision, the internment of Japanese-Americans, the treatment of women in the Armed Forces, and the racist policies against blacks. Many portraits of principals are included, among them Claire Chennault, Chiang Kai-Shek, William F. Halsey, Emperor Hirohito, Douglas MacArthur, George C. Marshall, Chester W. Nimitz, Joseph M. Stilwell, Jonathan M. Wainwright, Sir Archibald Wavell and Isoroku Yamamoto.

AMERICA FROM THE AIR
"Land Prints," by Walter Sullivan.

The author's enthusiasm for the

subject is illustrated by his opinion: "But nothing in the man's history or imagination can hold a candle to the true account of how North America came to be formed." It was the result of continual collisions, volcanic explosions, lava floods, animal stampedes, deluges of ice and water, great winds, and man-made endeavors (dams, farms, cities). Our exciting transcontinental landscape has been seen and photographed from the air. There are also innumerable aerial views, and maps.

Sullivan bases much of his work on the "plate-tectonic" theory held by many modern scientists: the collision of two gigantic land masses on our Eastern coast millions of years ago (the Grenville Collision). This resulted in eruptions, the radical folding of landscapes, etc., erosions, the splitting of land masses, the gradual widening of the Atlantic Ocean, the shrinking of the Pacific, and many more phenomena which affected our topography and geology (mountains, valleys, lakes, lava, mineral deposits).

Each section of the continent is analyzed as to origin and character relative to the tectonic hypothesis: The Appalachians, the Plains of the Midwest, the Rockies, California (San Andreas Fault, earthquakes), and the Hawaiian Islands. Also examined are: the impact craters, the influence of waterways, the ever-changing barriers (narrow islands, sandpits, baymouth bars) and the development of coastal communities.

From the air can be seen "that human transformation of the landscape from its pristine beauty to contrived ugliness, that is spreading like cancer." To illustrate some of the "scars," the writer notes: power plants, grid-patterns of cities, eroded farmlands.

Society entertains visitors

A special presentation was made to the Springfield Historical Society recently, at the Historic Cannon Ball House by the Wayne Adult School Historical Club headed by Bill Moir.

The club gave a framed tombstone rubbing to Howard W. Wiseman, vice president of the Springfield Historical Society, in appreciation of its contribution to the preservation of historical sites in Springfield and the surrounding area.

The Wayne contingent also visited the First Presbyterian Church and its two cemeteries where Moir

lectured on the different eras of development of the township from its early beginnings to the present time. They also did tombstone rubbings—in both cemeteries—and took a tour of the Historic Cannon Ball House, Church Mall, and sites near Springfield Center led by Howard Wiseman. After a luncheon in the Presbyterian Parish House, the Wayne group was taken to see historical sites in Westfield by Moir which included the Miller-Corey House, the Presbyterian Church, and various cemeteries.

The verdict is unanimous. Spring's great according to the students in Janet Carriello's sixth-grade class at the Harding School, Kentworth. Recently, they displayed their creative talents in a series of delightful poems celebrating their favorite elements of the season.

Deerfield pupils produce newspaper in history class

Eighth-grade students at Mountainside's Deerfield School studying the Civil War under instructor John Theis will be given various assignments regarding topics which took place during that era in history. The students must research four chapters from their history books and in turn, develop the facts onto a front page of a class newspaper as a project. The students began studying the Civil War recently.
In order to develop the historical moments into news articles, Theis invited the managing editor of the Mountainside Echo to visit the classroom and talk to the students about newspaper design, along with the staff photographer. The students took notes on the "basics" of newspaper reporting which will aid them in their research.
The youngsters learned the difference between news articles and editorials, how to form a hard news story, the difference between a hard news story and a feature, how to form a lead and other aspects of the journalism field. They were attentive and asked many questions regarding the field of journalism such as "How do you get the information if the person doesn't want to talk to you?" and "Do you have a lot of deadlines?" and "Is there a lot of pressure?"

Bill proposed to help find missing

Assemblywoman Maureen Ogden (R-22) has drafted two bills that would assist law enforcement officials in helping solve the growing problem of missing children. She said her legislation has been prepared in memory of her late colleague, 21st District Assemblyman Edward K. Gall of Cranford, who had successfully urged various dairies in the state to print pictures of missing children on their milk containers.

"One bill asks the state Board of Public Utilities to request regulated public utility companies in the state to include pictures of missing children in their customer billing envelopes," Ogden said. "These companies could help us reach virtually every household in the state."

She said a second bill would require that administrators of local school districts enrolling new

students would request, in writing, the new students' records from the school of their last attendance and to obtain proper identification of new students such as a certified copy of a certificate of birth.

"This bill would assist in the detection of missing and abused children by enabling public schools to keep informed of the whereabouts of the students in the educational

system and to avoid the unnecessary notification of law enforcement and child welfare authorities," Ogden stated.

She said about 1.5 million children are reported missing in the United States each year and authorities estimate nearly 5,000 are believed to be abducted by strangers.

Art contest attracts entrants

Forty-eight young artists have entered their work in U.S. Rep. Matthew J. Rinaldo's art competition for high school residents of New Jersey's 7th Congressional District.

The pieces are on display at the Schering-Plough Corporation, 2000 Galloping Hill Road, Kenilworth. The exhibit is open for public viewing Monday through Friday from 1:00 to 4:00 p.m.

Rinaldo said the winning entries will be announced at a reception for the students, their parents and art teachers to be held the evening of May 17 at Schering-Plough, Kenilworth. The entry selected as

"Best of Show" will be taken to Washington for display in the U.S. Capitol complex along with art from other congressional districts across the country.

The Congressman will have the winning artist as his guest at a June ceremony in Washington opening the national exhibition. The second, third and fourth place finishers in the district competition will receive awards, and the other participants will be presented with certificates of achievement.

Entered in the contest from the local area are: Roy Kuczera, Stephen Ageny and Terrence Walker of Jonathan Dayton Regional High School and John Schuleridge of Vinon

Kiriakatis and Len Tripodi of David Brearley Regional High School.

The contest is being conducted as part of "An Artistic Discovery," an annual competition sponsored by the Congressional Arts Caucus to promote the creative talents of young Americans. The competition is held at no cost to the government.

Assisting Congressman Rinaldo with the competition are Arlene Schor, art supervisor for the Union Township Board of Education; Albert Tucher of Bridgewater-Raritan High School West; Katherine Davitt of Bound Brook High School, and Janet Petrik Haggerty of Union.

State adopts special fund bill

Legislation establishing a special state fund to assist the families of chronically ill children in paying medical expenses was recently passed by the state Senate.

The bill, sponsored by Sen. Donald T. DiFrancesco (R-Union), would establish a special state program, initially funded at \$5 million, to help parents with chronically ill children meet medical expenses if they do not have insurance or once their insurance benefits are exhausted.

DiFrancesco said, "The Department of Health estimates that there are 4,200 children with chronic illnesses in our state, a quarter of whom could benefit from this legislation. My bill would provide financial assistance to families of these children who have no more medical insurance coverage and face medical bills totalling more than 30 percent of their income."

DiFrancesco said, "We have all heard stories about neighbors and friends raising money to assist the family of a seriously ill child pay for medical costs. However, not all families have someone they can turn to for financial support. I know of cases where families have been forced to sell their homes or go into debt to pay for the medical expenses needed to keep their children alive. In other instances, parents have had to give up their jobs, and with it their

medical insurance, to care for their ill children.

"The emotional trauma families face when they learn their child is seriously ill is only compounded by the stark reality of the staggering cost of medical treatment. And while the vast majority of families have medical insurance, it often falls short in meeting the child's constant medical needs," DiFrancesco said.

"I know of one case, for instance, involving a boy named David who was hospitalized five times during the first five years of his life for a rare blood disease. It took four years and more than \$70,000 in medical bills before doctors could determine what was wrong with him. And after that, the medical bills continued to mount. One four-month stay in the hospital cost the family more than \$51,000—and this did not include doctor's fees. The physicians did not charge for their services.

"The father earned less than \$12,000 a year and even though he had medical insurance, the coverage was limited to \$30,000 for each illness," DiFrancesco said.

DiFrancesco added, "Another case involves a child who was born three-and-a-half months premature. The child has been hospitalized for a total of 17 months and the family's health insurance benefits have been

exhausted. The family, which has a monthly income of \$2,000, is saddled with \$3,200 a month in medical expenses needed to keep their child alive. These expenses are not covered by Medicaid."

The bill would provide financial assistance to pay the medical bills of children suffering from a catastrophic illness, a developmental disability or a mental illness. A special commission would be established to administer the program.

Harry L. Steinberg, 70, of North Miami Beach, Fla., formerly of Irvington and Springfield, a prominent figure in Essex County softball for a half century, died May 4 in Memorial Hospital, Hollywood, Fla.

Mr. Steinberg was born in Newark and lived in Irvington, Florida and Springfield before returning to Florida five years ago. His softball career covered all of his residences. He had given up playing slow-pitch softball only two years ago when poor health curtailed his activities.

He started pitching softball — fast pitch — at the age of 14. As a teenager, his sports career at Newark's East Side High School included varsity baseball, football and basketball. Over one stretch of his career as a slow-pitcher, he won 23 in a row. During the course of his career, he used that technique to claim more than 400 victories. In 1966, he was the pitcher for Seymour's of Livingston, a team that made it to the Softball Slow-Pitch World Series in Parma, Ohio, and finished 25th in the U.S. Mr. Steinberg was a .500 hitter for many years.

He was the founder of the H&S

Vending Co. in New Jersey, a firm now operated under another name by his sons. In Florida, he ran another vending machine company, Wingate Enterprises. His firms sponsored softball teams with which Mr. Steinberg had been a player. He was a member of the Young Men's Hebrew Club of Irvington.

Music Festival of Faith conducted

Several hundred people gathered in Holy Spirit Roman Catholic Church, Union, on the afternoon of May 5 for the fourth Biennial Music Festival of Faith sponsored by the Council of Congregations of Union.

Mark Adams, music director of St. Michael's Roman Catholic Church, served as the organist for the program. Irene Hannig and the Rev. Nancy E. Forsberg, served as coordinators and narrators. The opening selections were presented by the choir of Holy Trinity Lutheran Church, directed by Gene Paul Rickard. Of the three a cappella numbers, one was a translation of Psalm 91 in the Slovak language. This was followed by the Male Chorus of Bethel AME Church, Vauxhall, directed by Wilma Jean Casey.

St. Michael's Choir sang one anthem by Johann-Sebastian Bach

in honor of the 300th anniversary of the birth of the composer and a Gregorian Hymn in Latin, used frequently in Catholic worship.

Choir members from three Presbyterian churches (Connecticut Farms, Townley and Second Presbyterian) combined to sing under the direction of Linda Lanier-Keosauan and accompanist Edna Bailey.

Margaret Smiriga, organist at Holy Spirit Church, directed her choir in both traditional and contemporary music from the liturgy.

The Jewish tradition was represented by the Shiru Nah Choral Group, under the direction of Ronnie Weinstein and accompanist Francine Sprinzen. The songs, many of which were sung in Hebrew, were composed by an Israeli woman, Naomi Shiemer, who bases her work upon the Bible.

The United Mass Choir of

Vauxhall and Vicinity, under the direction of Earle Smith, concluded the program with two Gospel songs, "which have a special significance in the Black Church worship experience."

The offering, which was taken midway in the service, was "designated for African Famine Relief and amounted to about \$900."

After the sacred concert, everyone was invited to participate in a fellowship hour for which the host church and women from other congregations donated homemade finger foods.

Stephen Wolf, president of the Council of Congregations, was assisted by representatives from the various congregations in Union Township in the preparation for the event. Marilyn Deckert arranged for the collation of the printed programs.

'WE ARE THE WORLD'—The children of Holy Spirit School, Union, led by their director, Elizabeth Harrity, sang a tribute to 'the suffering people of Ethiopia' at the Council of Congregations music festival at Holy Spirit Church on May 5.

New Japanese 'Super Pill' Insures Rapid Weight-Loss

No Dieting — Eat All You Want, Pill Does All The Work

BEVERLY HILLS, CA. An exciting new "all natural" weight-loss "Super" Pill developed by the JMA (Japanese Medical Association) has just been approved for distribution in the United States. Reportedly, it can guarantee that you will lose more than a pound a day without dieting, from the very first day until you reach your ideal weight and figure. News of the "Super Pill" is literally sweeping the country. It's called Amitol and there has never been anything quite like it before.

"Flushes Calories Right Out Of Your Body"

What makes Amitol so thrilling and unique is its reported ability to flush calories right out of your body. Amitol is completely safe, it contains no drugs whatsoever. Its ingredients are derived solely from the Konjac root which grows primarily in Northern Japan.

Why the Konjac root? It has been used in Japan for over 1600 years to produce rapid and natural weight-loss. Japanese studies verify that Konjac root actually prevents fat producing calories from being absorbed into your system. They say it does this by surrounding much of the fats, proteins and carbohydrates you have eaten with a protective viscous coating which is then gently flushed out of your system. And according to Japanese research this produces absolutely amazing results.

And who can disagree! Amitol (although brand new to this country) is

already being called by many people, "the most exciting weight-loss breakthrough of the century." In fact, everywhere there are reports of easy and fast weight-loss from formerly overweight people (in all walks of life) who are now slim, trim, and attractive again.

Company Offers Extraordinary Guarantee

You now can purchase Amitol direct from the North American distributor, and it comes with an extraordinary guarantee.

If you place your order now and then follow the simple instructions for a period of 30 days, you must be completely satisfied with the dramatic visible results or just return the empty container and Dyna Labs will immediately send back your entire purchase price. This guarantee applies regardless of your age or current weight level. What could be better than that? It's just that simple. If you've tried to lose weight before and failed you no longer have an excuse. Amitol is available, it's easy and it works without dieting!

\$19.95 30 day supply, or \$35.95 60 day supply. Order immediately by sending a check or money order to DYNA LABS, 270 No. Canon Dr., Ste. 1255 (Dept. U-31) Beverly Hills, CA, 90210. (Enclose your return address). Credit card holders can order by simply dialing toll free: (1-800-367-2400) 24 hrs a day, 7 days a week. Either way your order will be promptly sent. Please don't wait. You really do deserve to be thin.

Marking service lines beforehand

I'm out here marking the pavement because this area is going to be excavated shortly. These yellow marks are our way of letting contractors know there's a gas line below. Then it won't be disturbed or damaged and possibly cause an accident or interruption of service.

Call 1-800-272-1000

By state law, excavators are required to call that special central toll-free number 72 hours in advance to notify utility companies and municipalities that digging will take place. Member companies with underground facilities in the area are alerted so they can mark their lines prior to start-up of digging in the area.

You can call, too

If you see any excavating activity in your immediate area, you can call the number, too, to be sure that everyone

involved has been notified. In all likelihood, the companies already have done it. And if you are planning any digging on your property (other than routine gardening) such as a swimming pool installation or grading, play it safe and call the central number.

By checking you'll have the peace of mind that there is no danger of accident or interruption of your service. And the service is absolutely free of charge, of course.

That's people-to-people service

Working to prevent accidents is just one way we try to help you use energy more wisely. Look for our "Seal-Up and Save" energy conservation messages with your bill or in your local newspapers.

UHS track squad third in conference

Union's boys track team had a busy week last week, but also got some outstanding individual performances in the process.

The Farmers began the week last Monday by placing fourth at the Minuteman Games in Elizabeth. Eric Renkoff took top honors in the pole vault at 13 feet, while Gary Mobley and Tony Stewart finished second and third, respectively, in the high jump. Rob Trinklner finished third in the 400 meters with his best time this season, 50.2 seconds.

Also, Sean Dillon placed fourth in the javelin. Steve Kraus set a school record in the 3,000 meters, taking fourth in 9:15 and personal marks were set by Andre Bowers in the 800 meters (2:03.3) and Dan Waldron in the 400 meter intermediate hurdles (57.8). The Farmers finished behind Elizabeth, Willingboro and Westfield in the team standings.

Then at last Thursday's Westfield Relays, the sophomore distance medley team of Rob Veglia, Bob Travaglini, Chris Rinaldi and Jim Dell'omo finished third, while the soph 4 x 200 team of Travaglini, Jerry Crincoli, Steve Hightower and Mike Foreman placed fifth.

Union remained unbeaten in dual meets, winning its eighth in a row by forfeit over Plainfield, then finished third at last Saturday's Watchung Conference championships.

The Farmers had champions in Renkoff in the pole vault and Stewart in the high hurdles. Stewart had another excellent outing, scoring 16 1/2 out of UHS' 36 1/2 points. Rahway won the team championship, followed by Westfield and UHS.

"I'm very happy with the continued improvement our athletes have shown all season," said Coach Bill Soranno. "Many personal records are set every time we compete, and our efforts have been extremely competitive. Hopefully, we'll peak as we move into the last weeks of the season."

After competing in the New Jersey Relays at Brick Township this past Tuesday, Union hosted Rahway yesterday and will compete at the Union County championships this Saturday at Williams Field in Elizabeth.

As for the Union girls, they got a second place finish in the 4 x 800 relay at the Westfield Relays from the team of Alicia Hennessey, Tara Knighton, Julie Zilberberg and Shona McMahon. Third went to the distance medley team of Knighton, Hennessey, McMahon and Ulla Johansson.

The 4 x 400 relay team of McMahon, Stephanie Thompson, Crystal Jackson and Tracy Barnes finished fourth as did the shot put relay duo of Marcy Benson and Joy Beall. Jackson, Barnes, Thompson and Knighton took fifth in the 4 x 200 relay.

After losing a 66-11 dual meet to Plainfield, the Lady Farmers were able to only get one team point at the Watchung Conference meet, that being Wendy Sampson's third place finish in the discus.

Personal marks were set by Beall in the discus, Jackson and Thompson in the long jump, Jackson in the high jump, Thompson in the 200 and 400 hurdles, Jackson and Barnes in the 200, McMahon in the 800 and Hennessey in the 1,600.

In the Mountain Division meet for boys, Dayton and Roselle finished in a second place tie, while Dayton took third and Roselle fifth in the girls meet.

Frank Croce of Roselle Park won the pole vault in the Valley boys meet, while the Rams' Ezell Baker won four events in the Mountain Division meet: the 100, 200, 400 and long jump. Dayton's winners were Gary Francis in the 800, Walter Jackson in the 110 meter hurdles, Dave Cole in the discus and Ron Bromberg in the javelin.

In the girls' meets, Tracy Biber of Dayton was a double winner, taking the 1,600 and 3,200 meter runs, while their 1,600 meter relay team of Biber, Sue Rauschenberger, Ann Cocchia and Maria Buckley won. Roselle's Engria Alderman took top honors in the shot put.

Union meets Pioneers in UCT

It's been 10 years since the Union High School baseball team last won the Union County Tournament. And this weekend, the Farmers get another opportunity to capture county honors when they compete in the UCT semifinals at Rabkin Field, starting at 8 p.m.

But UHS, who is the lowest surviving seed left in the tournament (sixth), must face second seeded New Providence in one semifinal game this Saturday, while top seeded Elizabeth tangles with fourth seeded Rahway in the other game at 5.

Capricorns triumph

There were many exciting games played last week in the Union Suffrage Softball League. Here's what happened.

SENIOR DIVISION

CAPRICORN 4, SCORPIONS 1

In one of the best games of the day, the Capricorns topped the Scorpions. Sue Detjen led the way as she pitched a six-hitter, struck out six and had four hits herself while driving in two runs. Connie Barsky made a great play at third base to snuff out a potential rally in the first inning. Maria Corigliano made a good catch in left field to end the third inning. For the Scorpions, Lori Salerno and Karen French combined on an eight-hitter. Nancy Rush went two-for-three and Karen Kastner scored the only run. Ann Marie Morreale played a great game at shortstop with five putouts.

COMETS 3, VIRGOS 8

The Comets exploded in a game that was dedicated to Andrea Stroz, who due to injury cannot play this season. The Bulwin sisters led the attack for the Comets as Debbie pounded out five hits, including a homer, two triples and two doubles while her sister Lori belted a homer and two doubles. Kim Policastro had a triple and three doubles while Kelly Stephenson hit a home run. Catcher Andrea Caskey caught a foul tip to end a five run rally in the third inning. For the Virgos, Chris Miner had a double which drove in two runs.

ZODIACS 2, PISCES 4

The Zodiacs exploded for five home runs to crush the Pisces. Liz Craco hit a grand slam home run

while pitching and fielding well. Dina Cutrino, Jean Winslow, Jennifer Reichle and Laura Mollach also hit homers for the Zodiacs. The Pisces were led by Leann Dittman and Kristin Moran who each hit a double. On defense, Kristina Gallini played a good game at shortstop.

And as Farmer coach Gordon LeMatty has known from past tournaments, all it takes for a team to win a county tournament is to have

one hot pitcher. A great example of this was last year, when Union Catholic won behind the superb right arm of Al Ashmont.

Union reached the semifinals by defeating Johnson Regional, 5-0 last Saturday. Although the game was played in Clark, Union batted last and made the most of it by coming through with two runs in the bottom of the fifth and adding three insurance runs in the last of the sixth.

Scoreless through 4 1/2 innings, the Farmers broke the ice when Larry Laguna and Charlie Hopta led off the fifth with singles. After Kevin Eichhorn delivered a sacrifice bunt, Laguna scored when Bob Levy reached on a fielders choice. Hopta scored on Neil Kurtz's sacrifice fly. Union added three runs in the sixth on a two-run double by Mike Horton, who later scored on a single by Hopta.

Mike Lawlor hurled the shutout, giving up five hits and one walk while striking out five.

Here's what happened in last week's other games:

DAYTON REGIONAL

The Bulldogs lost a tough one to Roselle Catholic, 7-5, last Thursday in Springfield. Jeff Ryan was the winning pitcher, striking out eight en route to his second victory in

three decisions. He also did plenty to help his own cause with a perfect four-for-four day. The Lions had taken a 5-1 lead, but Dayton scored four in the fourth, three on a homer by Tom Kisch, to tie the game. Kisch and teammate Greg Torborg finished with two hits each. This past Monday, the Bulldogs lost to New Providence, 8-4.

ROSELLE

Al Scherb, who pitched six innings, and Vin Sabba combined on a one-hitter to pace Clark over Roselle, 12-0, last Tuesday. Hector Munoz had the hit for Roselle, a single in the fourth inning. Last Thursday the Rams lost a squeaker to Governor Livingston, 2-1.

UNION

The Farmers edged Cranford, 2-1 last Wednesday in Union. Union got both of its runs in the top of the fourth. Consecutive base hits by Neil Kurtz, Dan Rubineti and Art Lange filled the bases. An error scored Kurtz before winning pitcher, Mike Horton lifted a sacrifice fly to center for the game-winner. Last Friday the Farmers beat Union Catholic, 6-3. Dan Rubineti doubled in three runs and crossed on an error to give Union a 4-1 lead in the third. Paul Cifelli pitched a six-hitter for the victory.

JUNIOR DIVISION

JUDICIARIES 9, EDUCATORS 7

Diane Collins had three hits and Lisa Koenigsberg two to lead the Judiciaries attack. The game ended with Jennifer Goodman tagging out a runner at the plate. The Educators were led by Tracy Bilous with two triples and two RBIs. A triple play was turned in by Kelly Sinnott, Megan Jadro and Tracy Bilous to end a Judiciaries rally in the second inning.

HOMEMAKERS 10, PROFESSIONALS 9

Leading the Homemakers' attack was Kim Brandyberry and Lesley Hendricks. Both of them had a home run and a triple while Conceita DeGena belted a triple. Defensively, Jennifer Lombardo and Danielle Gunther both played very well.

FARMERS 11, POLITICIANS 5

The Farmers were led by Marilyn Jacobs who had three hits and three RBIs and Shannon Schmitt with a home run which knocked in two runs.

THE NEW IRVINGTON CHRYSLER PLYMOUTH
817 SPRINGFIELD AVE., IRVINGTON • 374-9400

Dear Car Buyer,

Too often we have customers tell us about their unpleasant experiences of shopping for a car at a "volume" or "highway" dealership. They say that low price is what they wanted and thought that the larger dealers would give the better price. Unfortunately, they find that until they finally haggle for that price, the pleasure of car shopping becomes a hassle. And the price they get was not for the car they originally wanted or saw advertised.

IF YOUR CAR SHOPPING IS TURNING INTO A FIT & FIGHT GAME, IRVINGTON CHRYSLER PLYMOUTH HAS A SUGGESTION

Come to our showroom at 817 Springfield Ave. Irvington and see the difference between dealers. While low price is extremely important, it's not the only thing to consider when you make your car purchase.

At IRVINGTON CHRYSLER PLYMOUTH you get more than our great low price. Our professionals are committed to giving the public the best car, the best protection and the best, courteous service. It's a commitment shared by everyone in our dealership. You'll feel and appreciate the difference.

Our smaller, "low overhead" dealership actually saves you more money. We don't bounce you around from salesperson to salesperson confirming equipment options and costs. We don't make promises that can't be honored, like delivery dates or finance and leasing rates. And we don't intimidate you with quick sales talk. We want you to get the car you want and be comfortable while you decide. After the sale, our SERVICE DEPARTMENT is always available without making you wait 2-3 weeks for service.

Bring us any advertised deal... and in our comfortable showroom and relaxed atmosphere we'll discuss how to make even that deal a better one here at IRVINGTON CHRYSLER PLYMOUTH.

We want your business. We want your friendship. We want to grow... and by doing more for you now, we know you'll be back again.

Thank you,
Dallas Tarron

READY FOR THE UCT—Union third baseman Chantay Strickland, in recent action, will try to help Union win its way into the Union County Tournament softball championship game tomorrow night when they meet Cranford in the 5:30 p.m. nightcap in Linden. The first game at 6:30 pits Westfield against Roselle Park. (Photo by John Boutsikaris)

Park, Union in UCT final four

By WAYNE TILLMAN
With four excellent teams left, the semifinals of the Union County girls' softball tournament should prove to be a dandy. The semifinals will be held tomorrow at Linden's Memorial Field, starting at 6:30 p.m. with a rematch of one of last year's semi showdowns, third seeded Westfield against second seeded Roselle Park.

The other game at 8:30 should be just as interesting as fourth seeded Cranford tangles with the UCT's top seed, Union. The winners will meet for the county championship May 25 at 8:30 p.m. at Linden. In case of rain, the semis will be played this Saturday and the finals the following Saturday.

And, as in the past, four good pitchers will be showcased tomorrow in Westfield's Nancy Kasko, Roselle Park's Lisa Dragon, Cranford's Sonji Jenkins and Union's Andrea Peters.

And these two games are rematches of games played earlier this year. The Pink Panthers pulled out a 1-0 nine-inning decision over Westfield last month, while Union and Cranford only met last week, with the Lady Farmers winning, 5-3.

But that is in the past, and tomorrow's matchups expect to be close, low-scoring affairs.

Westfield, who won last year's tourney, edged Dayton Regional, 5-

4, last Saturday in the quarterfinals as Kasko hurled a seven-hitter, struck out five and walked none in outdueling the Bulldogs' ace, Sharon Kutsop. Kasko also belted a two-run homer.

Roselle Park reached the semis by beating Governor Livingston, 4-0, as Dragon hurled the shutout. Diane Cushman drove in one run with a sacrifice fly and knocked in another with a single, as did Kelli Schaefer.

Cranford defeated Clark's Johnson Regional, 4-1, in the quarterfinals as Jenkins fired a three-hitter, walked five and struck out five. She also tripled in a run, as did Kris Westra to give the Cougars the deciding runs.

Union reached the final four for the second straight year as they ripped Scotch Plains, 7-0, behind the two-hit pitching of Peters. She also walked three and struck out seven. Sharon Mulvihill and Julie Brzezinski each had two hits for the Lady Farmers.

Last year, Westfield beat Roselle Park and Dayton staged the county's biggest upset by beating Union in the semifinals. Then Westfield defeated Dayton to take the title.

This year, Westfield faces a tough obstacle as no team has won back-to-back UCT championships. Park faces one, trying to beat the Blue Devils twice this season. And Union

is hungry to regain the title it won two years ago. Cranford is also determined to come away winners and prove that they belong in the elite of the county.

The stage is set for what should be two excellent softball games.

Both Union and Westfield geared up for the tourney by winning this past Monday. Union ripped Millburn, 7-1, as Peters pitched a five-hitter and smacked four hits, one a double. Westfield ripped Elizabeth, 12-5, as Tara Vitale cracked a grand slam home run to aid Kasko, who allowed just one hit in four innings of pitching. Kasko and Sally Parizeau each rapped out three hits.

John's, Vigliotti top St. Joe's loop

John's Deli in the Junior League and Vigliotti Electric in the Intermediate League, sport undefeated records as they hold first place after the second week of play in the St. Joseph's Boys Club league in Roselle.

John's ran its record to 4-0 with wins over Tobin Realty (7-6) and Woody's Funeral Home (12-5). In the first game, Jason Mayer was the winning pitcher and, along with Sam Rocco, had two hits each. Jermaine Wactor provided a key hit in the final inning and scored the winning

run. Jason Shann homered for Tobin.

In the second game, Jimmy Corcoran was the winning pitcher in relief of Pete Shaw. Corcoran, Mayer and Rocco each had three hits, while James Murray homered for Woody's.

Tobin's also came up with a pair of victories this past week, 10-5 over Pat's Liquors and 7-2 over Malin's Department Store. Shann and David Rhodes were the winning pitchers. Rhodes had four hits in the first contest and three more in the

second. Doug Monaco added two hits against Malin's.

In final Junior action, Malin's topped Pat's, 19-7, as winning pitcher Torrence Smith struck out 11 batters in four innings and also blasted a homer, triple and double. Barry Hill had five hits for Malin's and Ben Schall tripled and doubled for Pat's.

In the Intermediate League, Vigliotti's record now stands at 5-0 after posting victories over VFW (13-1) and Temple Travel (8-3).

DEFENDING MARATHON WINNERS—Steven Erath, left photo, and Ron Sotak, right photo, cross the finish line at last year's Union Mini Marathon. This year's event will be held May 27 at Biertuempfel Park, with registration between 7:30 and 8 a.m., with race time at 8:15. Applications and details may be obtained by calling 686-4200.

Union mini marathon set for May 27

The fifth annual Mini Marathon, sponsored by the Union Recreation Department, will be held May 27, rain or shine.

The marathon will again be under the direction of Sgt. Frank Budney and he will be assisted by Kathy Dunn, Vice Chairperson of the Community Betterment Committee and Adult Recreation Advisory Committee members Joyce Nastasi,

Lilly Schmitz, Leo Daniels and Dick Fried.

This year, Budney is expecting 150 local runners to be at the starting line, ranging in age from five to 60-plus. The runner will be entered in eight age groups, and the first three in each group (male and female) will receive trophies. In addition, the first three overall male and female finishers will receive trophies. Of all

the awards, the most popular is the family (parent/child) category. Three awards are given in this category.

The race will start at 8:15 a.m. and finish at Biertuempfel Park, winding through local streets. Applications will be mailed out to previous participants and will also be available soon in the schools,

Recreation Department, Library, Police and Fire Headquarters, and at Town Hall. The race is free and open to Union residents only. This event offers both the serious and recreational runner the opportunity to test their skills, and at the same time offer a family event. All the runners share in having a good time, no matter how fast they run. The whole idea of the Mini Marathon is physical fitness with family and friends.

One aspect for all runners to consider will be the weather. Last year the temperature was in the high 90's by mid-day, which can cause some problems. Runners should drink plenty of fluids one hour before the race, wear comfortable clothing and running shoes, and run no faster than they have trained to run. There will be a water station at the one mile mark and medical personnel will be available. The race will run rain or shine and a large digital clock will be at the finish line for the runners to see their time.

One of the major objectives this year will be to get more female participation. By starting a training program now (walking and building gradually to an easy jog) most people will be ready to run by May 27th. Older runners should first check with a doctor if they have been physically inactive for a long time.

County fetes area athletes tonight

The Union County Interscholastic Athletic Conference will hold its annual scholar-athlete dinner tonight at the Town and Campus in Union.

The conference will honor 22 girls and 23 boys cited by their schools as scholar-athletes.

Of the local schools, those to be honored are Helen Filippone and John Barr of David Brearley Regional; Margaret Taylor and David Cole of Jonathan Dayton Regional; Joan Wojtowicz and Robert Schmidt of Linden High; Michelle Glassman and Matthew Schoenfeld of Roselle; Kelli Schaefer and James Shriner of Roselle Park and Julie Brzezinski and Neil Kurtz of Union.

Two students from among those county schools to be honored will receive the Gardell Award (boys)

and Duncan Award (girls).

There will also be a presentation made to Abner West, the retiring personnel director of the Elizabeth Board of Education, who coached football, basketball and baseball at Elizabeth High (then Thomas Jefferson High) in the 1940's and 1950's. His teams won state championships in all three sports.

Tryouts Sunday

The Roselle Recreation Baseball League will have tryouts for all Roselle residents this Sunday at 10 a.m. at Armino Field. Participants are asked to bring a glove.

Eligible players must be at least 16 years of age and not 21 prior to June 1.

Tickets and further information may be obtained by contacting UCIAC secretary-treasurer Frank Cicarell at 558-3014.

Duda seventh in state gym meet

Joey Duda of Union placed seventh among 45 boys in the United States Gymnastics Federation Class III New Jersey State Championship meet held recently at East Brunswick High School. He also took awards in the individual events by placing third on parallel bars, sixth on still rings, eighth on pommel horse and seventh on floor exercise.

Duda, who is a fourth grader at Holy Spirit, will next compete at the USGF Region VII championships this weekend.

Rebecca's forecast

For Week of May 16 through May 23

ARIES (3/21-4/20) This would be a good time to take a long look at your financial picture and make adjustments and changes where necessary. Others are drawn to you now, almost magnetically, and a new romance is possible. Later, tackle domestic obligations, give another emotional support within the family.

TAURUS (4/21-5/21) It's wise to stick to the tried and true for most of this unpredictable, though at times lucky, week. Avoid placing unnecessary stress on vital relationships. Later in the week you accomplish a lot on the work front and others are noticing. Keep communication lines in good working order.

GEMINI (5/22-6/21) Some may feel the recent months adversity in job, health or personal matters mounting early in this period and the consequences of happenings now may be felt for weeks to come. You may have to accept that certain ties must be severed. Later, romantic interests are promising, take a chance!

CANCER (6/22-7/23) You may find everyday dealings a bit stressful early in this week, another's motives are a mystery and avoid impulsive or persuasive spending. Tact and diplomacy go a long way this week. Later, important projects are launched, health matters improve, and ca-

reer opportunities never looked better

LEO (7/24-8/23) Domestic difficulties are still evident for many and disagreements won't be hard to find. Family responsibilities mount for many and some long range planning seems to be in order. Later, you're feeling better, legal advice is probable, and keep your most private plans to yourself for now.

VIRGO (8/24-9/23) Use extra caution in travel, communications and financial transactions early in this week. Mix-ups are likely in any of these areas. In-laws provoke tension, new job opportunities are evident, and exciting new meetings are indicated. Plan social activities close to home later in the week.

LIBRA (9/24-10/23) Fortune smiles early in the week, impromptu activities are unusually lucky, and some receive exciting offers. Later, don't go overboard in spending, romance is at its absolute best and your spirits soar. Make arrangements that will offset a career/home dilemma. You can do anything now!

SCORPIO (10/24-11/22) At some point during this period many will have to face an important and perhaps overdue decision regarding an important alliance. As a result certain ties may be severed, others will be strengthened. Later, you have the opportunity to improve finances, follow your own intuition.

SAGITTARIUS (11/23-12/21) This is no time to try to duck your responsibilities as they will catch up with you during this period. Another's complaints may be justified and changes in the domestic environment are likely. Later, pay attention to health warnings and new romantic interests are indicated and reciprocated!

CAPRICORN (12/22-1/20) The early portion of this week may fall short of the mark in many areas of your life. Don't give in to depression and resist the impulse to spend recklessly. Later, expect a lucky turnabout in job, health or relationship matters. Your financial picture improves dramatically.

AQUARIUS (1/21-2/19) You could be faced with important decisions early in this period that are likely to revolve around work and family interests. Listen to another's advice for now. They may have more insight for the moment. Later, make the best of work situations and pay attention to subtle goings on.

PISCES (2/20-3/20) Financial matters are favored early in this period; keep certain plans to yourself, and make the final arrangements for travel plans. Later, family interests improve, important transactions are concluded, and important correspondence is indicated. Creative endeavors may hit some stumbling blocks.

HealthBeat

Hints for a healthy vacation

(Editor's note: HealthBeat interprets timely health information as an education service from the Community Information Network of St. Elizabeth Hospital. Consult your physician for medical advice to individual problems.)

A trip to another country can be exciting and enjoyable, but it can occasionally be hazardous to your health. Many of the health hazards can be avoided if the following precautions are kept in mind.

Your local health department can give you information about immunization required for the places you plan to visit. Ideally these immunizations should be given at least one month in advance of your trip. Only immunizations for cholera or yellow fever may be required by law. You should also make sure that your polio and tetanus-diphtheria (DT) booster immunizations are still effective. Travelers to developing countries with poor sanitation should also consider typhoid vaccine and gamma globulin to prevent hepatitis. Children should have all their basic immunization series up to date. Ask your doctor if there is a risk of malaria in a country you plan to visit, and, if so, for a prescription for anti-malaria pills.

If you wear glasses or contact lenses, take along an extra pair. Have an adequate supply of any medication you take regularly, especially prescription drugs, and carry a note from your doctor stating the need for such medication. It is important to have your prescriptions filled before you leave since some drugs have different trade names in other countries. If you suffer from a chronic illness, such as diabetes, you should carry an identification card or tag which will inform others of the condition in case of an emergency. If you would like a list of English-speaking physicians in countries you plan to visit, a worldwide directory is available from the International Association for Medical Assistance to Travelers, 350 5th Avenue, New York, N.Y. 10001. Most major hotels and businesses abroad have lists of English-speaking physicians.

Travel by airplane can disrupt the natural functioning of your body,

especially your eating and sleeping habits. In general, you should eat when you are hungry—even if it is 3 a.m. Allow your body to adjust gradually to time changes. Some airplane travelers feel very tired when they arrive at their destination. This "jet lag" is caused by travel through different time zones. To avoid "jet lag" it may be helpful to do the following: for flights eastward, go to bed earlier than usual three nights before you leave; for flights westward, stay up later than usual three nights before you leave. Sleep on the airplane, if possible, and try to take a nap as soon as you arrive at your destination. Drinking a lot of fluids but little or no alcohol is also recommended.

Let common sense guide you in your travels. Wear clothing appropriate for the climate of the places you visit; use a sunscreen when appropriate. Do your sight-seeing in comfortable walking shoes and try not to crowd too much into each day. Keep your sleeping habits as normal as possible. Avoid ex-

cessive alcohol, tobacco and caffeine.

Water usually is suspect in developing countries. Use bottled carbonated water or water that has

been boiled as in tea and coffee. Tap water can be made safe by boiling it briefly or by use of chemical disinfectants recommended by your doctor or pharmacist. Avoid the use of ice in drinks — it may have been

Special staff for this nursery

"I love kids!" With a characteristic shrug and smile, Re Tiner-Kiza, R.N., explained in three simple words the source of her motivation as nursing unit coordinator of the Special Care Nursery of Elizabeth General Medical Center. Although the nursery provides specialized care for newborns who are considered "at risk," Re feels that "special" is a

good word to describe the many members of the nursing and medical staff behind the 14-bed nursery. Classified as a Level II Perinatal Care Center, the nursery allows the Medical Center to respond immediately to a wide range of problems which may threaten the well-being of a newborn infant. Problems may be signalled during labor if the unborn infant shows

signs of an abnormal heart rate, or if the labor is premature. If the mother is above age 35, or has high blood pressure or a history of miscarriage, she will require special observation during her pregnancy and delivery. Immediately after birth, all infants are assigned the Apgar score, which evaluates respiratory effort, heart rate, reflexes, muscle tone and color. A low Apgar score in any of

these five categories will result in special observation by the nursery's pediatricians, neonatologists and nurses. According to Thomas Bejgrowicz, M.D., chairman of the Department of Pediatrics, the Newborn Special Care Nursery is equipped to treat most problems which a newborn may encounter. "A few very sick

Infant care nursery is special

babies in need of extensive surgery or respirator care are transferred to nearby Newark Beth Israel Medical Center," explained Dr. Bejgrowicz, who added, "once stabilized, these infants are returned to Elizabeth General to complete their recovery."

The combined program with Newark Beth Israel Medical Center provides an exchange of skills and resources to both institutions. Joan Arboit, M.D., assistant director of Elizabeth General's Department of Pediatrics, also serves as a consulting pediatric nephrologist at both hospitals. According to Dr. Arboit, a special benefit of this program is the skill of Ilana Zarafu, M.D., who serves as the director of neonatology at both Newark Beth Israel Medical Center and Elizabeth General Medical Center. Dr. Zarafu visits Elizabeth General several times a week to make rounds, examine problem infants in the special care nursery and to supervise the standard of care.

Elizabeth General also includes a combined residency program which allows second-year pediatric residents the opportunity to spend part of their rotation at Elizabeth General in the Special Care Nursery.

National trends in newborn care are closely followed by the Medical Center's Perinatal Advisory Committee, which consists of key medical staff and nursing personnel

at Elizabeth General and Beth Israel. The committee, which meets monthly, works to promote new ideas within the Medical Center's perinatal areas, which include the Special Care Nursery, regular nursery, obstetric/gynecology unit, and labor and delivery areas.

Re Tiner-Kiza'a love of children gives her a special ability to relate to parents who often feel grief and guilt

upon learning that their baby is ill. "These parents need a lot of support," Re said, adding that the staff responds quickly to lend assurance to parents and others. "The entire emphasis of the nursery is on people," she said. "The nurses, physicians, social service workers - they're just fantastic."

Eye Institute provides 'total' eye care

The Suburban Eye Institute, Springfield Avenue, Berkeley Heights, is a concept of total eye care for the patient conceived by Cosimo M. Paone, O.D. and Jordan D. Burke, M.D., which combines the professions of optometry and ophthalmology. Services offered

include complete eye exams, contact lenses, vision training, orthokeratology, treatment of diseases of the eye and on-sight cataract implant surgery, radial keratotomy, laser treatments and permanent eyeliner.

Dr. Burke and Dr. Paone share a

reception area where there is always a warm welcome.

Dr. Paone specializes in contact lenses and orthokeratology, the science of correcting and inhibiting vision problems by reshaping the outer transparent layer of the eye, or cornea, though the use of

specially designed contact lenses.

For patients requiring surgery, Dr. Burke performs the latest surgical procedures.

The "I Care-Eye Care" philosophy of the Suburban Eye Institute extends to all aspects of eye care.

A Home Warranty makes buying or selling a home a lot easier.

We do everything we can to make your real estate transaction happen easily and that includes offering Homeowner, Buyer and Seller Home Warranties.

For the seller that means cost free coverage for any covered items that might require attention while your home is on the market. If your home doesn't sell you've had cost free protection. But if something does go wrong you pay only a minimal deductible. For the buyer a Home Warranty means protection from repair or replacement bills caused by mechanical failures for one full year after closing, again only subject to a minimal deductible. So if you want to buy or sell a home, ask us about our Homeowners Home Warranties. We'll make your life a lot easier.
