## BOE considers superintendent's apparent departure

# Kantes reportedly resigning

By SHAWN EVANS & PHILIP GIMSON

According to at least three members of the Mountainside Board of Education, Superintendent Dr. Margaret Kantes has submitted her letter of resignation and intends to seek employment with the Livingston school system.

The letter was allegedly typed and submitted to board officials last Thursday, but no official action was taken as of this Tuesday.

A school official indicated that Kantes did not wish to make discussion of the matter public at the present time. When Kantes was called for comment Wednesday morning, she said that no action would be taken until next Tuesday's meeting, though she did not confirm existence of the letter.

Receipt of the reported letter prompted a "special emergency" meeting of the board on Tuesday night and school officials said they

did not wish to discuss it, although one board member noted, "Everyone knows about it (Kantes' resignation letter)."

According to the agenda for the special meeting, members decided to meet in accordance with a decision to discuss personnel and confidential matters.

In an interview late Tuesday night, board President Linda Schneider stated, "We were in private session for the entire evening so there was no action taken on the alleged letter of resignation. I am not at liberty to discuss it further."

The board met for over two hours on the matter. Schneider said that an action meeting would be held next Tuesday night, at which time the superintendent's position would be a matter on the agenda.

Sources said that Kantes, who has held the superintendent's position

since it was newly designed in 1980, will now have jurisdiction over a wider level, from kindergarten to grade 12 in her new position in Livingston. Also, it was noted that a more attractive salary was offered.

Just recently, the board approved the reappointment of Kantes at its April 1 meeting for the school 1985-86 year by a vote of 4-2.

During the recent board elections, Kantes' job description came under considerable scrutiny by a few of the board members, as well as many residents who felt the position was not economically feasible.

Board member Linda Esemplare contended during her recent race for another term, that the roles of superintendent and principal should be combined. Talk of this move was also generated by the announcement of Principal Allan Shapiro's retirement, which will take effect at the end of the 1984-85 school year.

Shapiro will be replaced by James A. Johnson, a fourth-grade instructor at Deerfield and a former vice principal of the Beechwood School.

During her campaign, Esemplare had argued that the cost for the administrative salaries alone for one full-time superintendent and one full-time principal during the 1985-86 school year would be in excess of \$120,000.

Esemplare's views were also shared by board member Pat Knodell, who would not comment on Kantes' resignation letter this week.

A majority of the school board, however, voted 5-2 on Feb. 12 to approve the job descriptions for separate positions for the principal and superintendent over the opposition of Knodell and Esemplare, before voting to approve the appointments of Kantes and Johnson on April 1.

IF IT'S WORTH HAVING—it's worth waiting for! Mountainside Deerfield School kindergartener Jonathan Bruschi works hard mixing the stiff pretzel dough that he and classmates shaped into their initials under the direction of Deerfield School eighth-grade home economics students. Instructors Ann Lynch and Carol Tagliente combined classes to introduce the kindergarteners to life-sized kitchens and eighth graders to the art of teaching youngsters. Along with the pretzels, milkshakes, eggs, toast and other beginning cooking treats have been featured in the extended lessons.

# Candidates gear up for races

The widely publicized race among six candidates seeking the Democratic nomination for governor will attract most of the attention in next week's primary, though the shadow of popular incumbent Gov. Thomas Kean may upstage the result of Tuesday's polling.

In the hotly contested Democratic primary for governor, the race is wide open among six candidates.

The field includes: State Senate Majority Leader John Russo, of Ocean County; former U.S. Attorney Robert Del Tufo; Essex County Executive Peter Shapiro; former

State Sen. Stephen Wiley; Newark Mayor Kenneth Gibson and Elliot Greenspan, the New Jersey spokesman for Lyndon LaRouche's National Democratic Policy Committee. (A separate story

profiling the candidates in the race for the Democratic nomination for governor appears on Page 7).

Incumbents in the 22nd District race for two two-year seats on the New Jersey State Assembly, which includes Mountainside, Republican incumbents Bob Franks and Maureen Ogden are running unopposed. The Democrats, also unopposed in the primary, include

John Tully Jr. and Florence Mer-tone.

Republican Borough Council incumbents Marilyn Hart and Robert Wyckoff are seeking re-election for two three-year council seats which will be open at the end of the year. No Democratic candidates filed for the seats.

In the race for three three-year seats on the Union County Board of Chosen Freeholders, the Republican slate is running unopposed. The Republican candidates are incumbent Chairman G. Richard Malgran of Plainfield, elected last year to an unexpired one-year term, William H. Eldridge of Summit and James J. Fulcomer of Rahway.

Three separate Democratic slates filed for candidacy in the primary race for nominations for freeholder. Incumbents Charlotte DeFilippo of Hillside and Walter Boright of Scotch Plains are running together with Gerald W. McCann of Plainfield on the slate of the Regular Democratic Organization of Union County. The Plainfield Democratic Organization also filed a slate of three candidates, Rowand Clark, Marjorie Patterson and Daniel McGowan. Another Democratic candidate, Elie Ernest of Roselle, is running under the aegis of the Inalienable Rights of Man Movement.

# Health program is scheduled

The Mountainside Board of Health has announced that it will conduct a Health Day on Saturday, June 8 from 9 a.m. to 11 a.m. at the Mountainside Municipal Building, located at 1385 Route 22.

The health program will offer an extensive blood screening, consisting of a SMAC-23 test, a complete blood count (CBC) and a high density lipoprotein test (HDL). The blood tests will be performed by National Health Labs Inc. for a non-profit fee of \$10 per person.

The SMAC-23 test is an elaborate blood analysis monitoring several bodily functions. The CBC test is a test including a red blood cell count, a white blood cell count and a differential count.

The CBC test may indicate the presence of infection, anemia, allergies, lung disease and other test indications. The HDL test measures factors protective against coronary heart disease. The test results are used in assessing total cholesterol results from the SMAC-23 test to determine possible coronary risk factors.

Robert M. Sherr, director of health, has noted that anyone taking the blood analysis must fast eight hours

before taking the test, with the exception of water. Preregistration for the blood analysis is required. Information on registering for the test may be obtained by contacting the Health Department at 232-8000, ext. 34, between the hours of 8:30 a.m. and 4:30 p.m. Monday through Friday.

The deadline for registering for the test is June 8. Refunds will not be given for appointments not kept.

The health program will also offer blood pressure screening and counseling by public health nurses from the Visiting Nurse and Health Services Agency.

Colo-screen test kits will also be available to test for occult blood in the gastro-intestinal tract. This is a simple at-home procedure, which tests for the presence of fecal blood.

Test packets and dietary restrictions may be picked up during registration for the blood test, or during the health program.

The health day is open to all residents of the Borough of Mountainside.

# Lawmen push campaign to jail firearm users

By SHAWN EVANS  
A new push to support a recently adopted law requiring mandatory jail sentences for crimes committed with a firearm was the topic of a recent press conference held in Elizabeth by Union County Prosecutor John Stamler.

In the press conference, held on May 22, Stamler explained a statewide commission has been formed not only to make the public aware of the new consequences of criminal activity, but also to inform and deter would be offenders.

He said the prosecutors of New Jersey are "totally and unequivocally behind the efforts" of the commission to deter criminal activity.

During the conference, Stamler, along with Passaic County Prosecutor Joseph A. Falcone and Assistant Prosecutor Robert O'Leary, displayed over 100 firearms which were confiscated during cases from January 1984 to 1985.

It was noted that seven of the nine homicides committed in the county this year involved the use of firearms.

The guns, which ranged in size and age, were displayed on a long table bearing tags of identification. Styles ranged from a Mark IV caliber to a handmade 22 caliber spring-loaded firearm.

Falcone, president of the County Prosecutors Association of New Jersey, and member of the commission, explained the main role of the commission is to heighten the public's awareness and understanding of the Graves Act with its mandatory minimum terms of incarceration for gun-related crimes.

In doing so, an all-out campaign has been launched to inform the public through the media, as well as outdoor billboards.

Falcone said the commission will appear before the Legislature for approval to spend \$325,000 which has already been appropriated for a public education program, without having to first raise \$250,000 in private contributions.

"We are hoping for a waiver. Thus far, only \$38,000 has been raised in matching funds," Falcone said.

"There are two primary goals in this program," Falcone said to the group. "One is to alert the offender and two, to alert the public. Hopefully down the road other areas of law enforcement will be emphasized, but initially this is to let everyone know what would happen if a gun is used," he said.

The commission is comprised of 21 members, out of which nine are appointed by the governor, and the other 12 are by statute.

Stamler, past president of the prosecutors' group, said there have been benefits from the new tough sentencing laws.

"Judges are only human and the way it's been is that we were asking roughly 100 different minds to work the same way," Stamler said. "They (the judges) now know what the policy is if an offender uses a gun—it makes it easier on a judge to know what to do," he said.

He continued, "There is no doubt that the word is out among the criminal element. Every Friday the judges are performing one of their most difficult tasks—sentencing persons convicted of crimes. But a person who uses a firearm doesn't have to wonder what his sentence will be—that person is going to jail. Period."

"We're always going to have to contend with crime, but this is one benefit," Falcone said. "It will let the public know we mean business."

Since the Graves Act, provisions were inserted into the sentencing section of the state's Criminal

# CSH Golf Classic is set

James Witzal, president of Wit's End Inc., announced the 1985 Children's Specialized Hospital Golf Classic, to be held this year at the Fox Hollow Country Club in Lamington on Monday.

A special feature of this year's golf outing will be a prize of a 1985 Mercedes for the first hole-in-one.

"We hope to attract many of New Jersey's avid golfers to this event," Witzal said. "Especially since it will benefit such a worthwhile institution as the Children's Specialized Hospital."

Bruce Hoffmann, chairman of the tourney, added, "The idea took root among friends, and the cooperation

from the hospital staff, the country club, and many volunteers in helping to put this together has been outstanding. We're looking forward to good weather, good fellowship and a big turnout to benefit the hospital," he said.

Children's Specialized Hospital is located in Mountainside and specializes in pediatric rehabilitation.

The tournament entry fee of \$85 will include all greens fees, as well as a cocktail hour and dinner in the evening. Hoffmann said.

For more details and entry forms, contact The Library Restaurant, Horse Hill Rd., Cedar Knolls, 07927.

Justice Code in 1982, some 1,500 criminals have been given stipulated minimum jail terms and State Department of Corrections officials estimate that 45 percent of the inmate population must serve a certain minimum before even becoming eligible for parole status.

Statistics indicate that since the amendment, robberies committed with a gun dropped by 24 percent, with a decline of 17.6 percent the following year.

Under the terms of the law, the minimum terms are fixed at, or between, one-third and one-half of the sentence imposed by the court or a minimum of three years, depending on which is greater, officials said.

**SCHOLARSHIP AWARD**—Sister Marie Anna, left, principal of St. James School, Springfield, presents scholarship awards to students Cynthia Ehrhardt, left, and Christine Bernosky, both of Springfield to attend Mother Seton Regional High School, Clark. The students took entrance exams earlier in the school year, and on the basis of the tests, were granted the special scholarships covering their four years at the high school.

## Teacher of year picked

Thomas Galiszewski, a teacher of the Arthur L. Johnson Regional High School, has been selected as Union County Regional High School District No. 1 "Teacher of the Year," Donald Merachnik, chief school administrator, has announced.

Merachnik described the 43-year-old teacher, who has been with the district for 19 years, as an exceptional teacher of physics who is highly motivated to serve students in both academic and personal development.

An active member of his community, Galiszewski participates in a variety of extracurricular activities, including coaching, adviser to clubs and tutoring students who require assistance.

Galiszewski was educated at Fairleigh Dickinson University, where he received his bachelor of science degree in science education.

He also holds a master's degree from Rutgers University with additional work at Kean College.

Galiszewski's entry packet will be forwarded to Dr. Vito Gagliardi, county superintendent, where he will join in competition with other local district winners for designation as county teacher of the year. A panel of judges will make the final county-level decision and the county teacher of the year will then move on to compete in the state-wide contest. Commissioner of Education Saul Cooperman will announce the New Jersey Teacher of the Year.

The search for local, county and state teachers of the year is conducted by the New Jersey State Department of Education as part of the national Teacher of the Year program, an annual project of the National Council of Chief State School Officers, Good Housekeeping and the Encyclopedia Britannica.

# Teen center may open its doors by July

By KENNETH SCHANKLER  
The long-awaited Springfield teen center, to be housed in the former Raymond Chisholm school building, could be in operation as early as the end of June.

The exact opening date could be decided this week.

At a special meeting of the Township Committee and members of the Recreation Commission May 21, Recreation Director Joe Rapuano said the hiring of a center director and the securing of video games and vending machines were the major stumbling blocks standing in the way of the opening, with the hiring of a director being the major concern.

Rapuano said the director should be someone local students know, possibly a school teacher.

"I think those are the kinds of people the kids are going to want to be around," Rapuano said.

The director, who will be responsible for securing volunteers to work at the center, will be paid \$10 per hour. In the absence of the director, the assistant director will run the center. That position will pay \$5 per hour, Rapuano said.

Membership fees will be \$10 per year per student, with members being issued identification cards for admittance to the center.

Current plans, as outlined for the committee by Rapuano and Recreation Commission Chairwoman Elizabeth Fritzen, call for the center to open two days a week, a proposal that has hampered negotiations with vendors of food and beverage machines and video games.

"Vendors are leery of a center that operates two days a week," Rapuano said. The two-day-a-week operation minimizes the amount of money to be made from the machines, he said.

In addition to negotiating for food machines, Rapuano said there was also a possibility that arrangements could be made for pizza to be delivered to the center.

"Food is a huge incentive for the kids to use the teen center," he said. The center will most likely be open Wednesdays from 7 to 9 p.m. for fifth- through eighth-grade students and Saturdays from 8 to 11 p.m. for students in grades nine through 12.

Fritzen said one classroom at the school would be used for video games and a pool table. A jukebox, donated by someone in the township,

might also be available. The school's gym could house volleyball, basketball and other sports at the discretion of the center director.

"The things you can do there (the gym) are endless," Fritzen said.

Members of the township committee were happy to hear of the center's imminent opening, in light of the amount of time it has taken to get off the ground.

"I think this is fine," Mayor Edward Fanning said. "I think we should do this yesterday."

"You've got to do something to get it started," said Committeeman William Cleri.

A senior citizens' nutrition program is already in operation at the center, having opened in January.

## Municipal Building plans advance

Plans are proceeding for work on the Springfield Municipal Building, according to the mayor.

Cost estimates for electrical, plumbing and modernization work are being prepared by Florham Park architect Bottelli Associates.

Current plans call for two new wings to be added to the existing structure on Mountain Avenue. On the south side of the building, a two-story wing with three rooms on each floor will add 900 square feet of office space, while an addition to Fire Department facilities on the north side of the building will provide a bay for the township's new fire truck.

The present garage is not tall enough for the 11-foot engine.

Mayor Edward Fanning said the cost estimates are being prepared so that township officials can determine whether the expansion can be accomplished in one or two phases.

"It's going to depend upon what the cost is," Fanning said.

When completed, the two new wings will expand the space available to the Police Department, give Fire Chief Ronald Johnson a new office and make more room for the township's municipal court.

The additional working area will

allow the Police Department to be restructured, Fanning said, to make up for current inadequacies in the handling of prisoners.

"Right now, they're too close to public view," Fanning said. "This will take them out of that area."

When the new facilities are ready, a basement area, formerly used for target practice, may be used for storage of department records. That area is no longer used due to the presence of asbestos lining. The asbestos will have to be removed before the room can be used again, Fanning said.

"That space is essentially unusable now," Fanning said.

Botelli's initial expansion plan called for all municipal offices to be moved to the Chisholm School, with the Police Department taking over the entire existing municipal building, but the Township Com-

mittee rejected that plan.

Fanning said he would have preferred just one new wing be added to the existing building, but that was also found to be unfeasible due to the extraordinary height of the new fire truck.

"We would have had a non-symmetrical roof line," Fanning said.

# Town is seeking to avert court hearing

The Springfield Township Committee is hoping to reach a compromise with developer Frank Racioppi in an attempt to keep the two parties out of court.

Racioppi owns a 52-acre tract near the intersection of Route 22 and South Springfield Avenue for which he has proposed a 600-unit planned unit development. Racioppi has threatened to sue the township under the provisions of the Mt. Laurel Supreme Court decision if he is denied permission to follow through with his plans for the land.

The Planning Board has yet to receive a proposal from Racioppi, however, according to Board Secretary Kim Thompson.

The Mt. Laurel decision requires

every municipality to provide a certain amount of land for least-cost housing.

Racioppi's plan calls primarily for the construction of apartments, but township officials would prefer townhouses for the site.

"My aim, if at all possible, was to eliminate residential uses on that side of the highway," Mayor Edward Fanning said. Townhouses, he said, would represent a lesser of two evils.

Fanning and other members of the Township Committee have gone on record favoring industrial development, but would like to avoid a court battle in view of recent Mt. Laurel-related court decisions.

Fanning said a court case would

likely be costly and time-consuming, with local officials unsure of what kind of verdict to expect.

Complicating matters is a May 1984 planning board decision rezoning the land from general industrial use to PUD use. If the township were to reverse last year's decision, unfavorable legal consequences could result, Fanning said.

The original proposal provided for 600 rental units, but Fanning said a development that large could put a strain on township sewer, water and garbage collection services. The

number of people brought into the township by a complex of that size would also add congestion to the already-busy Route 22 area.

A townhouse development, while still not as desirable as an industrial or office complex, would provide for half as many units and a more stable style of occupation, since townhouses are purchased instead of rented, Fanning said.

"I'm not happy with it," Fanning said, "but it's the best we could do. I frankly believe it never should have been zoned that way in the first place."

## Annual talent show slated

The Millburn/Springfield Kiwanis Club will hold its annual talent show tomorrow, 7:30 p.m., at Jonathan Dayton Regional High School, Mountain Avenue, Springfield. Tickets are \$3 per person and can be purchased at the door. All proceeds for this annual event are distributed among the various charities that Kiwanis supports in the local communities.

Show judges include talent and modeling agents Sandi Stewart and Shirley Hoe. Jim Theising ad-

ministrative director of the Paper Mill Playhouse, as well as writer of several network television shows: Miriam Burg, a trustee of the Capitol Repertory Co.; and Bonnie Sobin, a professional dance instructor and owner of a local dance studio.

The program includes a variety of acts ranging from tap, modern, and jazz dancers, popular singers to classical performers, as well as a rock group.

## Costello gains award

Christine Costello, an eighth grade student at Mountainside's Deerfield School, received a Satori award yesterday at Drew University for her team's excellence in the performing arts.

Under the Educational Improvement Resource Center established by the New Jersey State Department of Education, school teams of five members participated in a two-day symposium in the arts earlier this month at Brookdale Community College.

Deerfield's team consisted of Costello, a dancer; Agelica Lopez, an artist; Lia Raamat, a musician who provided an original arrangement of Stravinsky's Firebird Suite; Cynthia Ching, a creative writer and Glen Miske, an actor.

"Satori" is a Japanese word that conveys a combination of excellence through hard work, research and

creativity. The teams award will be one of several conferred in each of several programs run by EIRC by its chairman, Dr. Al Dorhaut, also of Mountainside.

The Deerfield team's award is for a creative sequel to a primitive Russian folk tale. Their presentation was held at the end of the Brookdale symposium, when students used what they had learned in the first day with active artists in various fields. Competition was based on a predetermined synopsis provided by the organizers.

Participation of the Deerfield students was sponsored and paid for by the Mountainside Music Association and the Deerfield Parent/Teacher Association. Team efforts were coordinated by teachers Lois Radding and Pamela Gray of the Deerfield faculty.

## No one home?

The borough's Volunteer Fire Department as well as its Volunteer Rescue Squad are constantly called upon to deal with life-and-death situations.

Whether it's a major fire, an automobile accident, heart attack or other serious incident, squad members are on the way, ready to respond to a situation which may be life threatening.

But both squads, which are staffed with trained volunteers, may eventually face their own life-and-death situations if the role of the volunteer diminishes.

Like most volunteer workers, the men and women who dedicate their time have other commitments, such as day work or school. The present volunteers can only give so much.

Presently, the rescue squad has had more volunteers than ever, with some 44 members working round the clock with their life-saving skills in advanced first aid, cardiopulmonary resuscitation, emergency childbirth, oxygen therapy and defensive driving. But that's not to say that more are not needed.

And with roughly 37 members dedicating their time with the borough Fire Department, officials say there is a need for many more, because when a fire breaks out, everyone is needed. The members, who are trained to assist in various emergency and non-emergency situations, continuously exchange ideas and insights every Monday night during meetings and fire drills at the department.

But wouldn't it be unfortunate if the squad members are no longer able to respond to emergencies on a seven-day-a-week, 24-hour-per-day basis?

Wouldn't it be a devastating situation if one or both of the departments had to close its doors because borough residents didn't heed the emergency calls for sorely needed volunteers?

The squads are perhaps two of the least selfish organizations in Mountainside. Their members work without compensation and often without thanks. Yet they offer Mountainside residents a service that no one can put a price on — saving lives.

You can show that you care by contacting the rescue squad at 233-6338, or the fire chief at 232-6477. Volunteers need to be only 18 or older and possess a valid New Jersey driver's license. Whether you're a high school student, homemaker, senior citizen, or business person, each citizen should give serious consideration to the idea of working for the community as a volunteer.

The possible alternative is that those needing emergency service will call the departments and receive a message: "Sorry, no one's home."

### How I.Q. test scores are determined

By BETH GIORDANO & FRAN SULLIVAN

Q.—My child recently was tested to measure his I.Q. I have never understood how these scores are determined. Could you please explain? Also how definitive is this score? A.S., Linden.

A.—The Intelligence Quotient is most commonly arrived at by dividing the child's mental age (MA) by his chronological age (CA). This figure is then multiplied by 100 to reach the I.Q. number.

The I.Q. score is not a one-time score; it often rises and falls as the child grows. It can also be influenced by a number of outside factors such as cultural environment, the child's health at time of the test, wrong instructions, and a bias on the

part of the test giver. Many professionals are now encouraging parents to regard the I.Q. scores as only a single score from a single test.

Q.—How can you tell if a child is gifted? My 5-year-old daughter is a

school can administer special tests to your child to measure his intelligence, creativity and aptitude. You can help the teachers by keeping a record of your observations.

There are certain characteristics of a gifted child. Signs to look for are early use of advanced vocabulary, keen observation and curiosity, retention of a variety of information, ability to concentrate for long periods, diversity of interests, and strong critical thinking skills and self-criticism.

Q.—Although my son is only a freshman in high school, I am already concerned about his future career. In the next few years, he will have to make decisions that will affect him the rest of his life. What kind of career should he train for? Should he go to college at all?

A.—Your worries are justified. Making the right career choice does begin in high school, and helping your child with his decision begins with you. While the school can be a big help in guiding students, a parent's active involvement is a necessary ingredient.

Many schools are already concentrating on career education with programs that allow students to enter the work world while learning academic skills.

But schools often lack the human or financial resources to counsel each and every child, and that is where parents come in.

First of all, parents (in groups if possible) should take a closer look at the schools' guidance offerings. Do the schools provide reports of career guidance interviews? Are there opportunities within the community for work/study programs?

Courses geared toward developing the interpersonal skills so necessary in business can be very beneficial to students.

If you find that your school system is lacking in its career guidance program, you should consider devising a program of your own. Study other communities for ideas, band together with sympathetic teachers, principals and other school officials. Parent study groups could be established for occupational outlooks, financial aid resources, and alternatives to higher education.

### Radon: Problem that's too big to handle?

By DAVID F. MOORE

The tip of a new problem is just beginning to raise its profile in this state we're in, and it promises to trigger a lot of philosophical soul-searching in and out of government, to say nothing of excited and probably ill-advised demands from ambitious politicians.

It's radioactive radon gas, which has been with us all the time, but nobody heretofore had thought to look for it or consider it as a possible health threat. You see, radon has been identified as a result of our mining and processing of radioactive ores. It can also float quietly upward from the ground, if there are radioactive rocks down below. I'm talking about naturally occurring radon.

For the record, radon is a natural and inevitable product of the radioactive decay of the element radium, which is found in connection with uranium and thorium ores. It is produced at a steady rate over millions and millions of years. It has a half-life of about four days, which means that radon loses half of its radioactivity in the first four days, half of what's left in another four days, and so on. But, as I said, it is replaced at a steady rate.

Radon came to New Jersey's attention with the announcement in late 1983 that it was seeping up into many houses in suburban Essex County, the result of their having been built on radioactive fill dirt more than a half-century earlier.

Odorless, tasteless and colorless, radon can drift up through concrete floors into houses. If the house is tightly insulated, as is the vogue nowadays, it cannot as easily leak out, and thus can present a tiny mathematical increase in the odds favoring the possibility of the dwelling's occupants' contracting lung

cancer. Actually, there are so many ways to get lung cancer that science could never say for sure that any specific case was caused by radon. But some probably are.

That's why, having found out the bad news in Montclair, Glen Ridge and West Orange, the state of New Jersey is about to spend \$8 million removing radioactive soil from under and around just a dozen houses. Radon has not been implicated in anything but lung cancer, and nobody sees it as a threat when it is emitted into the outdoor atmosphere. Its worst indictments have stemmed from cancers induced in miners of uranium ore, especially in the American Southwest.

The state of Maine has been running an educational campaign about the possibility of radon contamination in houses built on top of rock. But recently it came as a big surprise in Pennsylvania, and shortly thereafter in New Jersey, when it was found that the same kind of rocks are plentiful here, and in New York State too.

An employee at a Pennsylvania nuclear plant rang bells when he walked past a radiation detector. Investigation showed that his house, and hence his clothing, contained upwards of 600 times as much radon as federal authorities allow for an eight-hour workday exposure. It was deduced that his house must sit on top of a hot ore body.

The geological formation in Pennsylvania which produced this bad news is known to geologists as the "Reading prong." It reaches clear through New Jersey and on into New York. Basically, it covers parts of northern Hunterdon and central Warren counties and much of Morris, eastern Sussex and central Passaic counties in New Jersey.

Nobody knows how many thousands of houses are built on this formation. Nor does anybody know whether any of them have signif-

cant amounts of radon leaking into them. Most believe that only houses above significant ore bodies would be so affected.

But it's a cinch that everyone in those areas will be wondering from now on: Some will hire consultants to see if they have radon; others will expect state or federal governments to give them the answers. But the truth is that, aside from being natural and thus not subject to laws about hazardous waste and the like, the job is potentially just too big for government to undertake.

What should be done? That's where the philosophical discussions will come in, as well as a probable onset of hasty legislation in this election year.

The New Jersey Department of Environmental Protection states that it is beginning to peruse geological maps of the area in question, but so far says it has no firm ideas on how to cope with the emerging situation. Neither does anyone else. But it's going to be a problem for which a lot of people will want answers.

## Ogden lauds action to aid missing

Assemblywoman Maureen Ogden, R-22, said she applauds the decision by officials of Elizabethtown Gas Company to include photographs and descriptions of missing children in its customer billing. She said the voluntary action by Elizabethtown has prompted her to reconsider a resolution she sponsored in the Assembly that would request public utilities to participate in the missing children program.

"I will not attempt to move my bill because the voluntary effort of Elizabethtown and similar programs initiated by New Jersey Natural Gas Company and Atlantic City Electric Company prove that

the Legislature need not be involved in this way," she said. "Instead of a formal request from the Legislature in the form of my resolution, I will write to the other regulated utilities in the state suggesting that they follow the lead of Elizabethtown Gas Company and participate in the program on a purely voluntary basis."

Other legislation proposed under Ogden's sponsorship would call for pictures and descriptions of missing children to appear on New Jersey Turnpike toll tickets.

"The value of the Elizabethtown initiative is that 200,000 customers of the utility will receive photographs and descriptions of missing children

every month," she added. "If other utilities serving the state will follow this lead, we stand a good chance of very meaningful cooperation with the National Child Watch Campaign."

Ogden said the National Center for Missing and Exploited Children will provide Elizabethtown Gas and other utilities across the nation with two photographs and descriptions each month.

# 6 Democrats seek gubernatorial nomination

By FELICIA SALVACION

On Tuesday, registered Democrats throughout the state will have a chance to demonstrate their choice for the Democratic gubernatorial nomination.

The field of candidates for the nomination are former U.S. Attorney Robert Del Tufo, Newark Mayor Kenneth Gibson, Elliot Greenspan, the New Jersey director of the Lyndon LaRouche's National Democratic Policy Committee; State Sen. John Russo, Essex County Executive Peter Shapiro and former State Sen. Steve Wiley.

Gov. Thomas Kean faces no opposition in the Republican primary.

This is the second of a two-part series on the Democratic candidates.

Former State Sen. Steve Wiley has made toxic waste cleanup a priority of his campaign because, according to the candidate, the governor has not done enough about it.

"Gov. Kean has not performed any act of courage during his administration," Wiley said. "There has been no leadership in the DEP (Department of Environmental Protection), which is under the governor's jurisdiction. Kean has the power to do more for toxic cleanup but hasn't. Someone has to be accountable."

The 55-year-old native of Morristown added, "There has been a lack of leadership in the present state government. The state is coasting on the achievements of the past Democrats."

Wiley continued, "The popularity of the governor is not because of his achievements. I believe his popularity is a transparency born out of the economy and the media."

When Rep. James Florio decided not to seek the nomination, Wiley saw it as "plus" for him.

"Of course, Jim Florio was the principal competitor. I have the utmost respect for him. But his decision not to run is a plus for me. It changes the whole character of the race," Wiley said.

"I believe that I was the dark horse in the beginning, and now, I see myself in the front of the pack," Wiley added.

Wiley has tried to set himself apart from the other candidates, depicting himself as a businessman as well as a public official.

He noted that no other gubernatorial candidate has experience in the private sector like him. Wiley also points out that U.S. Senator Frank Lautenberg, former chairman of Automated Data Processing, has proven that business and politics do mix.

He adds to his credits the chairmanship of the First National Bank and the co-founder and former chairman of Morris Cablevision.

Wiley served as a state senator from Morris County from 1973 to 1977. He won the respect from colleagues in the Legislature for his part in passing the state income tax to subsidize local education costs.

While in office, Wiley sought to

professionalize the Legislature along with reinforcing the committee system and hiring his own staff.

He has also served as the chairman of the board of trustees of the College of Medicine and Dentistry of New Jersey.

Wiley said that the state Democratic Party paints a different picture than the national party. "The state picture is different. The Democrats act as if it were a third party, when in fact they are the majority party. The key to this election is how we are going to beat Kean."

STEVEN WILEY

Wiley has earned degrees from Princeton University and Columbia Law School. He has served as an assistant Morris County Prosecutor. He was counsel to Governor Robert Meyner from 1960 to 1962.

Wiley added, "The New Jersey voters are intelligent. They can make informed judgements based on New Jersey's needs. They know that the state needs someone who will take action."

Essex County Executive Peter Shapiro has maintained a theme of innovation and ideas in his campaign.

"New Jersey wants to see progress and change. I want to move to the future, dealing with the challenges in government, on issues such as education, garbage and property tax."

For Shapiro, the Kean administration has not been New Jersey's biggest problem. "The governor is unlike the others. He really doesn't have to campaign. He isn't New Jersey's biggest problem. But I am critical of his business-as-usual approach."

Shapiro said that his campaign is different. "I bring two unique things to this race. First, I am an innovator. I make change occur, which is evident from my tenure as county executive. Second, I am a successful administrator, as seen through my term in the Legislature and as county executive."

Shapiro won a seat in the state Assembly in 1975, becoming the youngest person ever elected to the state legislature. He was re-elected in 1977, serving the 28th district. Shapiro was elected in 1978 to serve as county executive of Essex County, a new position created by citizen-initiated charter change.

With Florio's decision not to seek the nomination, Shapiro said that the field has been left wide open. "The race is more open than before. Jim Florio had the name recognition

and popularity.

"I am not surprised that my candidacy is seen as strong. I really don't see major competition in the race. If I win the nomination, I believe that I have a good crack at the general election," Shapiro added.

PETER SHAPIRO

The South Orange resident said that the Democratic Party should stop catering to everyone. "The party should stop pandering to every group. They have a bigger interest — to select a candidate to face Kean. Democrats have a hard time identifying with the party. They need a candidate that will get the message across and approach the problem."

"I can show that ideas work," the candidate continued. "My campaign is one of creativity and effectiveness. I can show that I have a track record of how things work."

Shapiro has suggested that a "NASA-type" agency be instituted to specifically tackle toxic waste cleanup. "I would take a different approach to the cleanup. I would take it out of the bureaucracy and create an agency whose sole purpose was to address the toxic waste cleanup."

Shapiro continued, "This agency would be similar to NASA, taking the cleanup out of the Department of Environmental Protection, just as NASA is separate from the Pentagon."

Shapiro said that the most important thing to get across to the voters is that there is a better way of doing things.

"My campaign is one of caring and compassion," Shapiro added. "I have shown that I can run a government effectively and efficiently. It is most important that the voters know that the state government can be run the same way."

Editor's note: Attempts to arrange interviews with Mayor Kenneth Gibson of Newark and Elliot Greenspan, running on the "Inalienable Rights of Man Movement" ticket, were unsuccessful.

# UHS falls in UCT final

By WAYNE TILLMAN  
It's hard to think a baseball game would turn on one play, but in Union coach Gordon LeMatty's eyes, the Union County Tournament finals against Elizabeth turned on one play in the fifth inning.

Dan Rubineti started the frame by reaching first on an error, moved to second when the left fielder overran the ball and then scored on Art Lange's single. Elizabeth's lead was reduced to 6-5 at the time.

Nelson Colon then singled to right and right fielder Rodney Mayers overran the ball. LeMatty waved Lange to third, but a perfect relay from Mayers to Rich Chapparo to Emilio Rodriguez nailed Lange.

But it was the play that took Union out of a possible big inning and the Farmers ended up losing the title game to Elizabeth, 7-5, before 1,400 fans at Linden's Memorial Field last Sunday night.

And not only did the players feel bad about losing, so did LeMatty.

"I told the kids at Saturday's practice that coaches couldn't win the game, but they could lose it," he said. "A cardinal rule of baseball is not to make the first out at third base, but I'll take the rap. My fault. I feel bad because we played so well. We came back nicely and hit well and (Paul) Cifelli pitched well."

But it was not enough to overcome Elizabeth, which won its second county title in the last four years.

EHS jumped on losing pitcher Mike Lawlor in the first inning for a 2-0 lead: Chaparro doubled and scored on Steve Ney's sacrifice fly, then Anthony Candelino, who went four-for-four, blasted a Lawlor pitch over the 370-foot sign in right center.

## SPORTS

But the Farmers refused to quit and scored three times in the second off Fred Gamboa for a 3-2 lead. Kevin Eichorn reached on an error, moved to third on Charlie Hopta's double and scored on a passed ball. Rubineti then put Union in front with a two-run single.

But Elizabeth went in front to stay on Mayers' two-run single which knocked out Lawlor, then RBI hits by Pablo Munoz and Rodriguez off Cifelli gave the Minutemen a 6-3 lead.

In the fourth, Union cut the deficit

to 6-4 as Bob Levy walked, stole second and scored on a single by Neil Kurtz. All that came after Gerry DiPisa tripled, but was tagged out trying to score on a passed ball. Then came the fifth and the play.

And after that, UHS had a chance to tie or go ahead in the seventh when a pair of singles put two on with two out. But Hopta was retired on a fielder's choice, ending the game and Union's hopes of winning its first title since 1975.

UHS, who split two previous meetings with Elizabeth, may get another crack at them in the North Jersey, Section II, Group IV finals next week. The Farmers are scheduled to open the state sectionals tomorrow at 3:45 at home against Bloomfield. And a win just might help them on the road to a fourth showdown with Elizabeth.

The Farmers likely won't be the only area team competing in the state playoffs which begin this week. Roselle Park and Roselle have also qualified. The Rams of coach Joe Kelly opened North Jersey, Section II, Group II play this past Tuesday at Whippany Park, while the Panthers of coach Jack Shaw will host Warren Tech today at 4 in the first round of North Jersey, Section II, Group I.

ESCAPING A TIGHT SITUATION—An Elizabeth runner gets caught between second and third during last Sunday night's Union County championship baseball game at Linden's Memorial Field. Third baseman Dan Rubineti, left, has ball in glove but drops it when he collides with the runner. At far right is Union shortstop Art Lange. The Farmers lost the game, 7-5, depriving Union of an eighth county title.

# UCT softball: UHS wins, loses

By WAYNE TILLMAN  
Union High School had a chance to become only the second team in the history of the Union County girls' softball tournaments to win both the varsity and junior varsity championships, but only came away winning one of the two.

The Lady Farmer jayvees won their championship in impressive fashion, but the UHS varsity was totally stifled by the pitching of Westfield's Nancy Kasko.

The championship doubleheader last Saturday at Linden's Toots Nusse Field opened with Union blanking Cranford, 6-0, to capture the jayvee crown, but Kasko held UHS to just one hit in the varsity final as Westfield won, 2-0.

In the jayvee game, Union did all its scoring in the first three innings and winning pitcher Cathy Frantantoni made it stand up. Bonnie Kirk scored on a wild pitch to make it 1-0 in the first, then a grand slam home run by Robin Derr in the second broke the game open. Sue Sulovski's RBI single in the third rounded out the scoring.

After that, Frantantoni and good defense were enough to keep Cranford, a team that had beaten them earlier this season, off the scoreboard.

"The girls did a good job," said coach Chris Flinn. "I knew defense was gonna win this game. We slumped a little earlier this week, but we were ready. Cathy pitched great and the defense held up. And we were up for this one, the girls were talking about it all week."

The varsity final was a game the Union girls also were talking about, since its only previous loss was to Westfield. But last Saturday, Kasko proved to be too much, going to a three-ball count only once and no-hitting the Lady Farmers until the seventh, when a two-out triple by Julie Brzezinski broke up Kasko's bid.

But that and a hit batsman was all the offense Union could muster against the Blue Devil ace, and Westfield thus became the first team in UCT softball history to successfully repeat as champion.

"Some games she (Kasko) is on more than others," said Westfield coach Carol Donner. "Her control was outstanding."

"She pitched a heckuva game," said Union coach George Hopkins. "But my kids played a good game. But after facing teams with slow speed pitchers, readjusting to someone like Kasko was tough. But the girls hit the ball, it just didn't fall. But I'm proud of them."

Westfield scored what proved to be the decisive run in the first as Sally Parizeau doubled, moved to third on a fly ball by Kim Canata and scored on Tara Vitale's safety bunt. The other tally came in the fourth on Chris Brown's single off the glove of second baseman Kathy Scheffels.

Union still has a chance to even the score with Westfield this week. The two teams met yesterday for the Watchung Conference title and just might meet each other tomorrow for the North Jersey, Section II, Group IV title at a neutral site, if they win the semifinal games.

The Lady Farmers opened play in the North Jersey, Section II, Group IV tournament last Friday with an 8-5 win over Phillipsburg. UHS was trailing 3-0 in the third before a seven-run frame put them in front to stay. Chantay Strickland had three hits to pace a 16-hit attack. Union will host Belleville in the section semifinals this week.

Two other area teams opened state play last week and came away winners. Dayton rallied from a 7-3 deficit in the seventh to tie and then used Dawn Pohlman's home run in the eighth to pull out an 8-7 victory over Whippany Park.

It was one of two hits and two runs scored by Pohlman. Carmela Carpenter cracked a two-run double and Vicki Andersen's safety squeeze, along with a passed ball, were the keys in the four-run seventh frame. Sharon Kutsop earned the mound win.

Dayton met Jefferson Township in the North Jersey, Section II, Group II semifinals earlier this week.

Roselle Park earned a spot in the North Jersey, Section II, Group I finals tomorrow with a 9-5 win over Verona last Friday. The Pink Panthers will meet either defending Group I state champion Mountain Lakes or Kinnelon in the final tomorrow at West Essex High in North Caldwell.

In the win over Verona, Park used a pair of four-run innings to erase a 3-1 deficit. Carolyn Hazlehurst singled home two runs in the fifth and Karen Antonucci had three hits to back the six-hit pitching of Lisa Dragon.

TAKING A MIGHTY SWING—Union first baseman Kim Miller swings at a pitch thrown by Westfield's Nancy Kasko in seventh inning of the Union County softball championship last Saturday night in Linden. The Lady Farmers didn't fare too well, losing 2-0 to Westfield in the final. Kasko held UHS to one hit.

# Twins lead the way in Mountainside LL

The fourth week of the Mountainside Little League action featured a 13-strikeout, three-hit performance by Scott Meisner to enable the Blue Stars to thump the Mets 10-1 and move into second place. First baseman Chris Chiavarelli made Meisner's life easier with an unassisted double play to put the damper on the Mets only threat and also led the Blue Star attack with two hits and four RBI. George Serio, Steve Bunin, and Eric Swartz also had key RBI for the Blue Stars. Tom Cukier, Al and Greg Gittlich had the hits for the Mets.

The Twins needed an eight-run third inning uprising to top the Orioles 9-8 and consolidate their hold on first place. Colin Gordon with a three-run double and Tom Uncheater with a two-run single did most of the damage in the Twins third. Chad Oberhauser picked up the win in relief. Second baseman Jason Perle pelted off a late inning line drive to preserve the Twin victory. Kevin Delaney had a big day for the Orioles with a double, triple and five RBI. First baseman O.J. McElroy and outfielder Bruce Trano were outstanding in the field.

The Braves broke a 5-5 first inning tie with a six-run second inning and went on to pound the Mets, 16-9. Andrew Gallagher had four RBI on two hits and Mike Logio a two-run single to pace the Braves. Outfielder Gordon Thompson and Mike DiBella each came up with fine running catches to enable reliever Richie Roche to register the win. David Cook with three RBI and catcher Matthew Cook with a pickoff as well as a circus catch on a pop foul were the Met mainstays.

The eight and nine-year-old American League saw the undefeated Angels coming back from a seven-run deficit to squeeze past the Yankees, 10-8. Eric Serio and Kevin Sauer each had two hits and four RBI and combined to shut down the potent Yankee attack. Outfielders David Falk and Peter Soulas were the defensive stars for the Angels.

Scott Driscoll hit a three-run homer while David Crosby and Carlos Lucyk with run-scoring triples were the Yankee standouts.

The Yankees rebounded from their heartbreaking loss and pounded 15 hits in a 12-4 scalp of the Indians. Tom Lyons and Lucyk with three hits, Driscoll with two and Veronica Bellezza and Alan Kennedy with two-run singles gave pitchers Ryan Davis and Jaim Argast some breathing room. Chris Giannoti, Jim Forker, Jim Hurley and Brian Burke were the run producers for the Indians.

Relief pitcher Blair Gardiner helped his own cause with an unassisted double play on a popped up bunt as the Astros rallied to top the Brewers, 9-5. Brad von Matt Bovaventura combined for five Astro RBI while Brad John DerLinden, Brad Walters and Manlio Carrelli each had run-scoring doubles. For the Brewers, Brian Anderson led off the game with a home run, Ben Schneider had a towering triple and Tommy Ryk and Keith Kennedy each had doubles.

In Pony League play, Scott Boyd hurled a strong six-hitter as the Colts tripped the Broncos, 6-1. Jim Barrett had a three-for-three day with two RBI's. Jeff Davis scored three runs and Frank Servello had an RBI double for the Broncos. Mike Rinaldo with two hits and Jamie Downey with an RBI double paced the Bronco attack.

The Mavericks came from behind to top the Springfield PBA, 7-4. Grayson Murray hurled three scoreless innings of relief to pick up the win. Mike Price had a bases-clearing double to tie the game in the fourth and tallied the winner on a squeeze bunt by Mike Jackson. Eric Rauschenberger had three hits and Brandon Giordano two.

Mike Zucker had a double, two singles and three stolen bases, Dennis Costello a double and a single and Jeffrey Grohs a fine running catch in left field for PBA.

# Dayton boys tennis ends great season

By WAYNE TILLMAN

If there is one trait of the Dayton Regional boys tennis team that should be known to area net fans, it's a team with no one outstanding player. It's just a talented and deep team.

And that has made first year coach John Delliacono's task much easier. The Bulldogs, who won the North Jersey, Section II, Group II title over Caldwell, 3-2, last Tuesday, sport a 14-2 record and avenged their only loss in the state by beating Governor Livingston, 3-2.

The three singles players have had excellent seasons: junior Adam Jacobs is 8-5 in the first position, senior Anthony Millin is 11-3 at second spot and junior Jeff Ginsberg is 11-2 in the third slot.

"Adam is very consistent and uses his head. He's more of a guile player than a power player," said Delliacono. "Anthony is more of a power player, hits the ball hard and has served as our team captain this season. Jeff is a very gutsy player who was the key to beating GL by winning his match."

His two doubles teams are just as strong, as both have combined for a record of 26-3 this spring. First doubles tandem of Eric and Gregg Kahn was 15-1 and the second doubles of Jeff Levy and Dave Kadash is 11-2.

"Eric and Gregg have been just awesome this year," said Delliacono. "They have only lost two sets all season (before Monday). Eric is strong, puts away shots well and is a fine power player. Gregg is more consistent and a good setup player. Levy also fits the mold of a power player which Dave has been the most improved this season and has been the glue that has held us together."

What has also held the squad has been the tragic death in April of Kip Levinson, who would have been one of the top players on the team this spring. The incident pulled everyone on the team closer together.

Other players who have helped aid in the success of the Bulldogs have been sophomore Gary Millin and freshmen Ted Roth and Bland Eng.

In the win over Caldwell at the West Orange indoor courts, the Kahns edged Race Thorton and Joe Palmer, 6-4, 7-6, 6-3. Levy and Kadash defeated Stan Nishikawa and Gary Asher, 7-5, 6-2. Then, Ginsberg defeated Rob Braceras in a 2½ hour thriller. He lost the first set in a tiebreaker, 8-6, and was trailing 5-3 in the second set before rallying to take four straight games to win, 7-5.

Unfortunately, Dayton's dream of winning a state championship came to an end in Monday's semifinals when they dropped a 3-2 decision to South Jersey champ Moorestown. Moorestown eventually won the Group II title with a 3-2 win over Holmdel.

# Area teams prep for state group meets

The Union High boys track team completed an unbeaten dual meet season, winning its 10th straight in a 74-57 victory over Westfield. The win gave the Farmers the best mark in the Watchung Conference, and came over a Blue Devil team that went into that meet with a 9-0 record.

UHS won eight of the 15 events, with sweeps in the high hurdles, high jump and long jump, and a 41-13 point advantage in the field events. Tony Stewart and Gary Mobley, both juniors, each tallied 14 points in the win and Dan Waldron and Jeff Barber six each.

"This was the first time in many years that a Union track team finished the season undefeated. It's no coincidence that most of our seniors were part of the 1982 freshman team that also went undefeated and won the frosh county championship," said Coach Bill Soranno.

"The success of our program is always due to the fine work of our junior high coaches who teach the young kids the basics and really turn them on to track and field," said Soranno. "They must start competing in grades seven and eight if they intend to perform well on a high school level."

All the area schools competed at last weekend's state sectional meets. In North Jersey, Section I, Group IV, Union finished third with 27 points. Stewart won the high

jump, was third in the 100, second in the 110 high hurdles and fourth in the long jump. Union's other sectional champ was Eric Renkoff in the pole vault.

Stewart, Renkoff, Sean Dillon, Waldron, Barber and Les Dixon qualified for the state Group IV meet, which will be held tomorrow and Saturday at Rutgers Stadium in Piscataway. Also reaching the states from this meet was Fernando Pinto of Irvington in the javelin.

In the North Jersey, Section II, Group III meet, Vailsburg placed sixth and Linden 12th in the competition. Top finishers were Edwin Harris and Maurice Gibbs of Vailsburg, third and fourth in the 400. Harris was second in the long jump; Linden's Scott Benjamin, second in the 800; VHS' Jamar Carter, fifth in the 3,200; Fabian Miller of the Vikings, third in the 110 high hurdles; LHS' James Baker, fifth in the high jump and Vailsburg was third in the 1,600-meter relay.

In North Jersey, Section II, Group II, Roselle finished second in the team standings and Dayton eighth in the boys meet. The Rams' Ezell Baker won the 200 and 400 meters and helped Roselle win the 1,600 meter relay with Ray Rogers, Steven Seay and Andre Rogers. Baker also took second in the long jump, while Ron Fritz was second in the 1,600 and Andre Rogers second in the 800.

As for Dayton, Walter Jackson won the pole vault and was second in the 110 high hurdles, while Gary Francis was fourth in the 800; Ron Bromberg third in the javelin and Dave Cole fifth in the discus.

Roselle Park finished second in the North Jersey, Section II, Group I meet. The Panthers had first place winners in John Schmitz in the discus and Joe Szewdo in the shot put. Schmitz also took second in the shot put, John Chang third in the long jump, Frank Croce fourth in the pole vault, Barry Panzarino fourth in the 110 high hurdles and Ron Drake fifth in the 400.

In the girls sectional meets, Irvington's Sharonda Hopkins qualified for the state group meet by placing third in the 400 in Group IV; Vailsburg was sixth in Group III, but had two winners in Hope Jones in the 100 hurdles and the 1,600 meter relay team of Jones, Malikita Reynolds, Lynn Lofton, and Tracey Williams. Damita Lucas was second in the shot put, Lofton fourth and Jones fifth in the 400.

## New Japanese 'Super Pill' Insures Rapid Weight-Loss

No Dieting — Eat All You Want, Pill Does All The Work

BEVERLY HILLS, CA — An exciting new "all natural" weight-loss "Super" Pill developed by the JMA (Japanese Medical Association) has just been approved for distribution in the United States. Reportedly, it can guarantee that you will lose more than a pound a day without dieting, from the very first day until you reach your ideal weight and figure. News of this "Super Pill" is literally sweeping the country. It's called Amitol and there has never been anything quite like it before.

**"Flushes Calories Right Out Of Your Body"**

What makes Amitol so thrilling and unique is its reported ability to flush calories right out of your body. Amitol is completely safe, it contains no drugs whatsoever. Its ingredients are derived solely from the Konjac root which grows primarily in Northern Japan.

Why the Konjac root? It has been used in Japan for over 1600 years to produce rapid and natural weight-loss!

Japanese studies verify that Konjac root actually prevents fat producing calories from being absorbed into your system. They say it does this by surrounding much of the fats, proteins and carbohydrates you have eaten with a protective viscous coating which is then gently flushed out of your system. And according to Japanese research this produces absolutely amazing results.

And who can disagree! Amitol (although brand new to this country) is already being called by many people, "the most exciting weight-loss breakthrough of the century." In fact, everywhere there are reports of easy and fast weight-loss from formerly overweight people (in all walks of life) who are now slim, trim, and attractive again.

**Company Offers Extraordinary Guarantee**

You now can purchase Amitol direct from the North American distributor, and it comes with an extraordinary guarantee.

If you place your order now and then follow the simple instructions for a period of 30 days, you must be completely satisfied with the dramatic visible results or just return the empty container and Dyna Labs will immediately send back your entire purchase price. This guarantee applies regardless of your age or current weight level. What could be better than that! It's just that simple. If you've tried to lose weight before and failed you no longer have an excuse. Amitol is available, it's easy and it works without dieting!

\$19.95—30 day supply, or \$35.95—60 day supply. Order immediately by sending a check or money order to DYNALABS, 270 No. Canon Dr., Ste. 1255 (Dept. U-31) Beverly Hills, CA, 90210. (Enclose your return address). Credit card holders can order by simply dialing toll free: (1-800-367-2400) 24 hrs a day, 7 days a week. Either way your order will be promptly sent. Please don't wait. You really do deserve to be thin.

## Free Sterling Interest Checking

Investors Savings believes everyone should earn the maximum allowable interest on a checking account -- and shouldn't have to pay service charges or maintain a high minimum balance.

And minimum balance requirements can be incredibly high; some financial institutions demand that customers keep as much as \$1,000 or even \$2,000 in a checking account in order to earn interest.

That's why Investors created Sterling Interest Checking.

With it, you have a free checking account that pays 5¼% per annum with only a \$50 monthly minimum; and the very same \$50 also earns you interest.

Sterling Interest Checking is truly one of the most exceptional offers in the country. So the question becomes not whether you can afford another institution's checking, but whether you can afford to be without ours.

Investors' Sterling Interest Checking. Not a stroke of luck... a stroke of genius!

Situated about a block-and-a-half from the center of the Five Points section of Union, Chestnut Lawn Mower, which covers 2,800 square feet of floor space, maintains an in-house repair center in addition to its retail outlet.

Chestnut Lawn Mower has been in its current location since it opened its doors in 1969.

Nick Novobilski, the store's owner and manager, said, however, that his expertise in outdoor equipment was fostered long before he opened his own business.

"I used to service lawn mowers part time when I was in high school," Novobilski said. "I just had this interest in that kind of equipment."

That interest was put on a back burner when Novobilski went to work as an auto mechanic for several area car dealers following his graduation from high school in 1963. It came to the forefront again six years later when he began to question his future in the automobile field and finally decided to quit to open his present business.

The doors to that business originally opened just on the retail section of the store.

The repair center was added in 1971.

"We've grown with the community," Novobilski said.

That growth has brought Chestnut Lawn Mower to the point where Novobilski can display over 300 machines during seasonal peaks. The store also carries all the necessary equipment — such as belts, spark plugs, oil, and even engines — to keep those machines operating at peak form.

For the upcoming summer months, lawn mowers are the prominent items in the store and perspective buyers can choose from electrical, manual and self-propelled machines manufactured by Toro, Snapper, Lawn Boy and Honda. The store also offers riding mowers such as the 16-horsepower Bolin which retails for \$2,400.

"We carry machines, which if they are not the best, are among the best that are made," Novobilski said.

Used machines — with the Chestnut Lawn Mower personal 90-day guarantee — are also available at the store.

"We stand behind all our equipment, whether it is new or used," Novobilski said.

The repair center plays a key role in the store's business, Novobilski said. For the center not only does tune-ups and blade sharpening and balancing, but also offers gas and electrical welding.

"We also will make up chain saw blades to any length," Novobilski said. "And will order custom-made parts for people who own obsolete machines."

The store offers a pickup and delivery service at an additional cost for customers who do not have the means to transport a piece of equipment to the store for servicing.

In the fall, leaf vacuums and leaf blowers — also manufactured by Toro, Snapper and Lawn Boy — will be placed alongside the lawnmowers.

"They seem to be getting more and more popular every year," Novobilski said.

In the winter, both will be replaced by snow blowers and snow tractors with a "complete line" of parts and accessories, all manufactured primarily by Meyers.

The repair center, in addition to servicing this seasonal equipment, is also available to "hook up" snow plows to trucks, for both personal or commercial use.

"We are also available to do service work for dealers," Novobilski said.

Finally, in the spring, the display will include line trimmers, lawn mowers and other equipment used to put and keep the homeowner's lawn into shape.

Chestnut Lawn Mower and Equipment Inc. is open 8:30 a.m. to 5:30 p.m. Monday through Friday and 8:30 a.m. to 4 p.m. Saturdays.

## Toasting the bride and groom

By RAE HUTTON

Ever since Adam and Eve shared that apple in the Garden of Eden, people have been using food and drink to celebrate life's special occasions.

On one of these special occasions — the wedding — the day isn't complete until the guests have raised their glasses in a wish for the happiness of the newly united couple.

Toasting the bride and groom is one of the oldest symbols of unity and celebration known to man, and there has been much written about how and where toasting originated, what to toast with and most importantly, what to say.

While the classic champagne toast is a wedding favorite because of its festive and versatile nature, many marriages have been kicked off with sparkling cider, bubbling punch or white wine.

In some areas of the world, drinking alcoholic beverages is forbidden so coffee, tea and a variety of soft drinks are used in the salute.

There are as many traditions surrounding the toasts as there are toasts.

At Polish weddings, luck comes to the bride who can drink a goblet of wine without spilling a drop. In early America, newlyweds drank a concoction of sack posset, hot, spiced milk and brew to give them energy for the night ahead.

With members of the Greek Orthodox Church, the wine cup

or glass is broken after the toast. The Greek groom stomps on the glass to break it, reportedly "breaking to pieces" anyone who might cause dissension or discontent between him and his bride.

There is a similar ceremony in the Jewish wedding, but the shattering of the wine glass is in memory of the destruction of the Temple of Solomon.

Some sources believe the origins of toasting go back to the Garden of Eden when Adam and Eve, meeting for the first time, shared the fruit of the tree in the garden.

Others claim that the tradition of toasting evolved from the formality of the host drinking from the cup first to prove that the offering was not harmful. This resulted in feelings of good will, later leading to the Greek and Roman customs of drinking "healths" when dining. The safety factor — that of the host tasting the wine first — remained. History also relates that both the Egyptians and the Chinese offered wine to guests before eating. In fact, giving the guest a goblet of wine upon his arrival at the host's home was taken as a sign of welcome.

"Skool," the Scandinavian expression for toasting, is said to have surfaced sometime between A.D. 700 and 1000 when the Vikings, inviting passing travelers into their home, offered them a bowl of tepid beer from their table. The bowl was called a "skool."

During the reign of Elizabeth I from 1558-1603, few people drank water because it was not fit to drink. There was plenty of wine available, and most of it was stored in wooden barrels, then called tunnes. Since corks were not yet used in bottles, wine had to be consumed quickly or it spoiled. So wine was not sipped, probably giving rise to the expression "bottoms up."

Another theory behind toasting stems from a common method of ensuring a pleasant tasting wine by adding a piece of toasted bread. A slice of toast added to a glass of wine, a jug of ale or a mug of beer furnished the drink with extra nutritional value — probably leading to the most common of toasts, "To your health!"

Throughout history, stories of extravagant toasts have been told, but it was Cleopatra's toast to Marc Anthony that probably was the most expensive. As the story goes, Cleopatra dropped two perfect pearls into her wine and drank it all down, happy in this tribute which cost more than the entire banquet. Although her words were not recorded, she reportedly drank to his health.

While a toast is a traditional part of almost all marriage ceremonies, engagement parties, rehearsal dinners and bachelor parties, most don't cost as much as Cleopatra's.

Popping the cork with an affordable imported sparkling wine doesn't have to take that much of a bite out of your budget and can still provide an ideal complement to formal and informal party menus.

To maximize the pleasure of the celebration, there are some do's and don'ts when serving champagne.

•Cool the bottles for at least 30 minutes in a bucket filled with ice and water. Don't serve it too cold because the wine will lose its fragrance.

•Remove the foil around the cork, untwist the wire muzzle and loosen it all around the neck of the bottle. Hold the bottle in one hand, and with the other, hold the cork firmly. Turn the bottle, not the cork. Don't shake the bottle.

•Wipe the rim of the bottle, pour a little in each glass, wait until initial foam subsides, then fill two-thirds full. Don't leave the napkin around the bottle unless you are trying to hide the label.

•Use tall, elegant tulip or flute glasses which show the Champagne to its best advantage. Since air is the worst enemy to the wine's bubbles, the narrower the glass opening the longer the bubbles will last. Saucer-shaped sherbert glasses should be saved for flat tablewines as they cause the bubbles to dissipate rapidly because they expose the wine to air.

•Once poured, the champagne can be "dressed up." Freeze strawberries, cherries or blueberries in ice cubes made from pink lemonade and place in the wine. Add a peach slice to each glass of sparkling wine for a romantic effect. Another treat is to add a scoop of sherbert to each glass — this creamy delight will melt into a luscious foam.

•Champagne should be stored on its side in a cool, dark place. Champagne does not improve with age. It is at its peak when purchased and may be kept about five to seven years.

# Bachelor parties

(Continued from page 1)

Here's to our bachelors, created by God for the consolation of widows and the hope of maidens

Here's to life, liberty and the pursuit of women

God made the world and rested. God made man and rested. Then God made women... Since then neither God nor man has had any rest.

Here's to wives and sweethearts, sweet, May they never, never meet.

A full tumbler to every good fellow—a good tumble to very bad one.

For it's always fair weather When good fellows get together, With a stein on the table And a good song ringing clear.

Here's to woman And her orifice of sin. It lets her liquefactions out And other factions in.

Here's to the lasses we've loved, my lad Here's to the lips we've pressed, For of kisses and lasses Like liquor in glasses, The last is always the best!

To the upcoming marriage: the only sport in which the trapped animal has to buy the license.

I have known many, Liked a few, Loved but one— Here's to you!

Here's to our sweethearts and our wives; May our sweethearts become our wives, And our wives ever remain our sweethearts.

Let's drink to love, which is nothing... unless it is divided by two.

Women's faults are many, Men have only two; Everything they say, And everything they do.

May all single men get married, And all married men be happy.

To the ladies, God bless them, May nothing distress them.

If all your beauties one by one I toast, then I am thinking Before the tale were well begun I would be dead of drinking.

**THE MAGIC GARDEN's** Paula and Carol, popular stars of the WPIX TV children's show, will be at The Playhouse on the Mall, Paramus, Saturday at 11 a.m. and 2 p.m. performing in their all new concert, "Musical Goose on the Loose." # Mill's 'Evita' is emotional, energetic

By BEA SMITH

Harold Prince, who originally directed "Evita," the musical play on Broadway, which won seven Tony awards, and Larry Fuller, the Broadway choreographer, can certainly be proud of the Paper Mill's production of "Evita" which opened in Millburn last week. It will run through June 30.

With Frank Marino at the directorial reins, and Sam Viverito as choreographer, the big, busy, boisterous musical is thrust at Millburn audiences with an emotion and enthusiasm that is rarely found on the stage.

What makes "Evita" a rare piece of entertainment, in addition to its excellent cast and musical background, is the fact that the

entire production is written to music. There is no straight dialogue; the dialogue is in the musical numbers. And at the Paper Mill, it can become a problem. Perhaps because there are too many powerful microphones, or the actors sometimes sing too loudly — whatever it is, some of the dialogue is lost in its musical presentation.

For "Evita" is a difficult play to stage. And the title role of Evita is portrayed with vigor and realism by Loni Ackerman (a talented young woman, who not only can turn the head and heart of former Argentinian dictator Juan Peron, as played by David Brummel, but who can charm the pants off the entire audience simply by clicking her heels and singing "Buenos Aires").

Ackerman, who played the strenuous role on Broadway, will be replaced on Thursday and Saturday matinees by Donna Marie Elio.

John Herrera, who is superb as Che, the man who narrates the rise and fall of Eva Peron in song, and Brummel, as Peron, both played their respective roles on Broadway and in the national road companies.

A fine cast of 30 or more members sing, dance, march, love, moan and cheer in time to the Tim Rice and Andrew Lloyd Webber music, as Eva Peron's life is unveiled. The woman, who rose from poverty by becoming a dancer and actress, and stomped her way up the ladder of lovers all the way to the top to radio stardom and to manage Argentina's

dictator and Argentina's people with her charm and cunning, burned her candle too fast and too soon, and after six years, died of cancer in her early 30s (in 1952). Her death is vividly mourned on stage, and in the way "Evita" is portrayed, by the audiences as well.

The Paper Mill Playhouse has become so adept at providing its truly realistic scenery and backdrops and lighting, that audiences are beginning to take it all for granted. There is an additional quality in this production. A huge pervading screen has been provided, and as the story of Eva Peron unfolds, the screen shows movies and newsreel stills of the real Perons. Rather than detract from the story line, the screen is exceptionally effective.

A reviewer must point out the brief appearance of Amy Niles, who plays Peron's mistress, and who has one of the sweetest voices one has heard in a lifetime of musicals, as she sings "Another Suitcase in Another Hall."

Much of the music and the dancing (such as "Requiem for Evita," "On This Night of A Thousand Stars," "Goodnight and Thank You," "I'd Be Surprisingly Good For You") stay with an audience. But the catching tune, "Don't Cry For Me, Argentina," (which audiences were overexposed to on television, whenever "Evita" was advertised), continues to be the most popular. During intermission and after the play's climax, one is apt to hear folks singing or humming the tune all the way to the parking lot.

## 'Slugger's Wife' LP is a big hit

By MILT HAMMER

Pick Of The LPs, "Music From the Original Motion Picture Soundtrack, 'The Slugger's Wife'" (MCA Records).

A truly extraordinary team was assembled to make the film. The script was written by Neil Simon, produced by Ray Stark and directed

She also sings the first single from the soundtrack album, "Oh Jimmy," which in contrast to the Neil Young cover, is an infectious helping of effervescent pop. Everyone will be asking for seconds. The third song DeMornay sings is from yet another genre, Prince's signature tune, "Little Red Corvette," which is given provocative new life when sung by a woman.

The range of the rest of the album is even wider, spanning as it does the stylistic space between Klymaxx's molten dance funk ("The Men All Pause") and Nik Kershaw's cool English techno-pop. The latter track, "Human Racing," was the title song of Kershaw's debut album which went platinum in England, gold in Canada, and also produced three silver discs in his British homeland. Jimmy Buffett offers a musical tribute to Florida convertible weather with the loose limbed charm of "Ragtop Day," while ex-Eagle Don Felder revs up to celebrate "Wild Life." In a similar vein, Van Stephenson unveils the "red-blooded, fun-lovin'" power of his turbo-charged rocker, "All American Boy."

The only track left to be mentioned is a luscious, symphonic ballad sung by John Farham and Sarah M. Taylor. (Taylor wrote "Oh Jimmy.") Written by Carol Bayer Sager, Quincy Jones, and the track's producers, Cliff Magness and Glenn

Ball, the song called "Love (It's Just the Way It Goes)" soars with deeply felt erotic and emotional energy.

Spaces for the general public are priced at \$15, and day-of-event price \$18 for everyone. Reservations for dealers can be made by calling Union County College, 276-2600, extension 409.

A rain date has been scheduled for June 8.

## Ball planned by architects

More than 500 people will dine and dance to celebrate "A Commitment to Excellence" at a gala Beaux Arts Ball Saturday, June 1. The dinner-dance, a costume/black tie event in support of the School of Architecture at New Jersey Institute of Technology, will be held in the restored railroad and ferry terminal at Liberty State Park on the Jersey City waterfront.

The ball represents a return to a

custom begun 300 years ago in Paris, explained Sanford Greenfield, dean of the architecture school.

The festivities will begin at 6:30 p.m. and last until midnight. Further information and reservations can be obtained from Sarah Meredith, Department of Development, New Jersey Institute of Technology, Newark, N.J. 07102; the phone number is (201) 596-3403.

such as roast steer on a spit, Bavarian bratwurst, knockwurst and the traditional hot dogs and hamburgers, German potato salad and sauerkraut and dessert will be available.

Doors will be open at 5 p.m. Saturday and 12:30 p.m. Sunday. Admission is \$2.

# GIBSON FOR GOVERNOR FOR LIFE'S SAKE!

15 years ago, Newark, N.J. had the highest infant mortality rate in the nation. Newly elected Mayor Ken Gibson made the saving of human life his top priority. Today, a child born in Newark has a better chance of living than a child born in New York, Chicago, Philadelphia or Washington, D.C. Ken Gibson revitalized health care, and this, is his legacy.

Because people and life are more important than things; As Governor, he will immediately invest surplus state funds to clean up toxic waste dumps. He will build regional facilities away from neighborhoods to transform garbage into energy. He will use his experience as a civil engineer to begin rebuilding the state's roads and bridges. He will introduce a tax reform program and urge 100% state funding of education to eliminate the burden on property owners.

Because people and life are more important than things; It's been said that the measure of a civilization is the manner in which it cares for its elderly. Ken Gibson has shown how much he cares by providing modern, comfortable housing for more than 6,000 senior citizens.

"God bless you, Ken"

Later, travel foul-ups could re-arrange your schedule, contact with government officials is indicated, and career decisions are in the offing.

**SAGITTARIUS (11/23-12/21)** Social or recreational activities may take a back seat to projects or lingering tasks early in the week. ## Bridal attire in S.I. display

The Fashionable Bride, 1796-1975, a special exhibition of bridal attire, is now on display in the Wiman Gallery of the Historical Museum at Richmondtown Restoration. The exhibition features 18 bridal gowns, representing wedding fashions spanning 200 years, selected from the Staten Island Historical Society's collection of over 65 vintage wedding dresses.

The majority of the gowns are from Staten Island families. Many of them are hand-sewn gowns in blue silk, striped taffeta, grey silk, plum silk, turquoise silk and wool, as well as the traditional white and cream. The wedding gown was often the most splendid dress a woman ever owned. Thus for sentimental reasons, these gowns are often preserved along with important accompanying materials, including wedding certificates, invitation, newspaper announcements and photographs. Therefore, unlike most historic clothing, wedding gowns can be specifically dated, providing valuable information about preferred styles, available fabrics and fashion trends.

The Fashionable Bride will run through October 1985. Admission to the exhibition is included in the general admission to the village. Richmondtown Restoration is open to the public Wednesday-Friday from 10 a.m. to 5 p.m. and on Saturday, Sunday and Monday holidays from 1 p.m. to 5 p.m.

Richmondtown Restoration is an historic village and outdoor museum complex characterizing three centuries of the history and culture of Staten Island and the surrounding region.

The pearl grey shawl-collar tuxedo is by Bill Blass for After Six Formals.

### How to 'propose'

"Successful marriages begin with proposals made in natural settings, 'in the middle of the day under ordinary conditions...the proposal itself should be made in sincere and earnest language...often the more simple the proposal the more forcibly it expresses the suitor's feelings.'" From the Book of Etiquette, Lady Troubridge, 1913.

## Thoughts of marriage

Married when the year is new,  
He'll be loving, kind and true.  
When February birds do mate,  
You may wed, nor dread your fate.

If you wed when March wind's blow,  
Joy and sorrow both you'll know.

Marry in April when you can,  
Joy for maiden and for man.

Marry in the month of May,  
You will surely rue the day.

Marry when June roses grow,  
Over land and sea you'll go.

Those who in July do wed,  
Must labor always for their bread.

Whoever wed in August be,  
May a change sure to see.

Marry in September's shine,  
Your living will be rich and fine.

If in October you do marry,  
Love will come, but riches tarry.

If you wed in bleak November  
Only joys will come, remember.

When December snows fall fast,  
Marry, and true love will last.

# Videotape your wedding memories

Videotaping your wedding is the perfect complement to your wedding album. A wedding videotape documents the entire ceremony and reception, complete with an audio recording of everything from the vows to the music.

Jeffrey Thomsen of Accent Video Services, explains that "brides find it very meaningful" to have the music taped, because of the thought that goes into the selection of songs, and because many times a friend of the couple either sings or plays an instrument.

Another plus for the video camera is its unobtrusiveness. The videographer situates the camera, usually on the altar, before the ceremony starts. Though the camera is stationary, the videographer is still able to pan the congregation, and zoom in on individuals and objects.

Thomsen says that the camera can zoom in and observe individual people's reaction to events, without the person knowing that "his face is filling the screen."

In fact, the stationary video camera sometimes has an edge over

the photographer's camera. Thomsen recalls instances at weddings he's worked where the minister has prohibited the photographer from moving around, because he thought his picture taking and the flash from his camera would be distractions.

The clergyman's restriction didn't apply to the videographer, because he remained stationary throughout the ceremony, and his video camera didn't use supplementary lights.

Videotape has another advantage in that it can be played later for relatives and friends who weren't able to attend the wedding. Thomsen says the bride and groom also benefit, as viewing the tape recalls the details they overlooked, due to the intensity of the day, and also the fact that they had their backs to the congregation.

Thomsen says "It's a joy to see their expressions as they watch their tape," because they can relate to all the occurrences they know happened, but missed. "They can see the emotion written on their parents' faces, and it's incredible the tenderness that comes through" when

the camera frames a tight shot of them reciting their vows, says Thomsen.

Most video services offer different packages that vary between \$500 and \$1,000. The more expensive packages include two camera coverage, titling, and complete editing.

# The wedding cake with a difference

This three-tiered, square Saronno Wedding Cake is not only delicious, it's beautiful and for a small wedding of not more than 50 people, will provide something just a little bit different.

Both the cake and filling are spirited with Amaretto di Saronno which is synonymous with love. Appropriately, this intriguing liqueur was created in the 16th century by a beautiful young woman who wanted to express her feelings for the man she loved.

## SARONNO WEDDING CAKE

**Cake**  
9 packages (17 ounces each) pound cake mix  
4½ cups milk  
18 eggs

**Filling**  
2¼ cups Amaretto di Saronno

**Preserves**  
½ cup Amaretto di Saronno

preserves

½ cup Amaretto di Saronno

### Frosting

1½ cups vegetable shortening

1½ cups butter, softened

1½ tablespoons vanilla

1 teaspoon almond extract

½ teaspoon salt

4 pounds confectioners' sugar, sifted

1½ cups milk or cream

Pastry bag with a small star tip

Yellow roses, ferns and 1 large

yellow chrysanthemum, yellow

freesia

Prepare cake mix, one package at a time, adding ½ cup milk, two eggs and ¼ cup Amaretto di Saronno to each package.

Bake six of the packages in greased and floured 10x15x1-inch baking pans. Bake in a preheated moderate oven (325 degrees F.) 30 to 35 minutes or until cake is firm to the

touch in the center.

Bake three of the packages in three greased and floured 8-inch square baking pans. Bake at 325 degrees F. for 45 to 50 minutes or until firm to the touch in the center.

Unmold cake layers and cool on racks.

Trim all the cake layers to make flat, even surfaces. Cut six 10-inch squares from 10 by 15-inch layers. Cut six 5-inch squares from cake that remains. remainder of cake can be cut into small pieces and served for another occasion.

Cut each of 8-inch squares into two equal layers.

Mix apricot preserves and Amaretto di Saronno. Spread filling between layers stacking six 10-inch squares, six 8-inch squares and six 5-inch squares.

Combine all frosting ingredients

and beat until smooth and fluffy. With a spatula, cover the entire cake with about ¼ of the frosting.

Place remaining frosting into a pastry bag with a star tip. Mark diagonal lines on side of cake to resemble a large X. Press a line of rosettes on lines. Use pastry bag with overlapping swirls to edge the

top of each tier and around the bottom of the cake.

Decorate cake with sprigs of green fern and roses that have been washed and patted dry to remove any plant sprays. Decorate top with a mum and freesia and more yellow roses.

Makes 50 servings.

## The oldest groom

If you believe that you are too old to be married, think again. The oldest bridegroom in history, so far as is known, was Ralph Cambridge, who was 105 when he married his 70-year-old wife in South Africa in 1971, according to The 2nd Mammoth Book of Trivia (A & W Visual Library) by Bruce D. Witherspoon.

# Wedding customs: old and new ones

The trend of the '80s return to elegance and romance seems to have extended itself into every aspect of our lives — including weddings.

Today's brides can enjoy all the romance and customs of traditional weddings with the advantage of 1981 style and simplicity. The following are a few old and new wedding customs for the bride-to-be.

- **The bridal shower**—The first bridal shower came to be when a poor Dutch miller fell in love with a maiden whose father forbade the match and refused to provide a dowry. The miller's friends came to the rescue and showered the bride-to-be with enough gifts to start housekeeping.

While the custom of showers continues, today's bride also has the convenience of a Wedding Gift Registry service, some of which are even computerized. She can sign up for everything from kitchen gadgets to linens, making shower-shopping easier for friends and relatives to help set up a bride's first home.

- **Beauty and the bride**—In grandma's day, beauty preparations for that big day (and days thereafter) were no easy or inexpensive task. Beauty aids were either found in the home, like lemons for freshening and mineral oil for moisturizing, or they had to be prepared by a pharmacist and kept cold to retard spoilage.

Today's bride has endless choices. Many women opt for multi-purpose products such as cleansers that moisturize, or all-over moisturizers.

These cream moisturizers are so refined they're perfect for the face, yet they're great for all-over skin care. Add to that the blush of a new bride and you have a combination that makes beauty.

- **Honeymoon**—The first marriages were not by choice but by capture and, when early man decided it was time to take a bride, he carried off his mate to a secret place where they hid while the moon went through its phases — 30 days — and drank a brew made from honey.

Hence, the word honeymoon, now meaning a romantic trip the newlywed couple makes after the wedding. Today's couples can walk along pink, sandy beaches or in glistening white mountains, they can dance till dawn.

With today's high speed aircraft and a good travel agent, the choices for your perfectly dreamy honeymoon are endless.

**TRADITIONAL LOOK**—The groom is well suited for the occasion in a black wool tuxedo newly designed by Yves St. Laurent. The tuxedo features notch lapels with satin piping and matching wool vest. The bride is gowned in an Alfred Angelo dress with lace, embroidery and ruffles. Venise lace and Cluny lace ruffles trim the deep V-neckline. The matching Victorian hat provides an elegant finishing touch.

**SOFTLY SENSUAL** like the Impressionists with their revolutionary approach to art, this year's sophisticated brides are adopting an avant-garde style to their wedding attire, such as this gown by Michele Piccione for Alfred Angelo.

**DECORATOR TOUCH**—Decorating the car for the newlyweds' getaway are members of the wedding party. The best man in a Dacron polyester/wool single-breasted tuxedo and the bridesmaid and flower girl in Chantilly-type lace skirts that bustle in the back. The gowns' lace-ruffled bodices can be worn on or off the shoulder. Matching wreaths complete their attire.

# Couples choosing tradition

Tradition is tradition, regardless of the setting.

And tradition, updated with modern touches, is what spring and summer couples are choosing, whether they exchange vows in a lush country setting or a modern city skyscraper.

Riding to the reception in a convertible or a cab, dining in a country garden or at a curbside stand, jetting off to a honeymoon in the islands or touring Manhattan Island in a yacht, brides still dream of how elegant they'll look on their wedding day.

The urban couple is in the spotlight. The hustle on Wall Street, the glitter of Fifth Avenue, the activity in Central Park all lend their glamour to the city wedding.

Just as the options for the wedding site are many in the city, so the choices in formal wear this season are greater than ever before.

Today's bride can marry in the romantic gown of her dreams. The classical allure of billowing skirts in crisp taffeta continues to beckon the bride who wants to look like a princess in a fantasy world of ruffles and lace.

According to Michele Piccione, vice president of Design at Alfred Angelo Bridals, Inc., Willow Grove, Pa., "The more sophisticated first-time bride who has postponed marriage to pursue career goals may opt for the European-inspired gown with its plunging neckline, sheer lace yoke and touches of vivid color in pink, purple or fuchsia sashes."

The lean look reminiscent of Hollywood's early days is another option, especially popular with cosmopolitan urbanites. Dropped waistlines and fine imported laces in a shorter floor-length gown highlight this exciting new look.

Grooms, too, have updated traditional looks with innovative use of color and styling. The popular Dynasty Collection, designed by After Six Inc., helps bridge the gap between the bridal and special-occasion market, creating the "celebration" market.

"Instead of automatically choosing conservative colors for their wedding, grooms are returning to the individualized ceremony and selecting such 'special occasion' colors as silver, sable, white and candlelight," says Robert Rudofker, President of After Six Inc.

More fashion conscious now than in previous years, couples are developing color themes for the whole wedding party, taking advantage of the diverse color choices designed for the contemporary groom. The new "celebration" market has created endless fashion opportunities for the groom.

Bridesmaids can pick from an artist's palette of hues that include fuchsia, lavender, iris, mauve rose, apricot and peacock blue.

This season's weddings will be choreographed and styled to reflect the perfection of the day. The strictly traditional wedding will become a matter of personal taste, rather than a requirement of the times.

Whether wed in the city or country, today's couples will continue to be influenced by traditions carved from the past.

# Second time around

Nearly 30 percent all marriages today are remarriages. But the number of remarriages isn't all that's growing. So is the spirit of celebration.

Traditionally, couples embarking on second and third marriages faced strong pressure to keep the wedding a small, quiet affair bearing little resemblance to a first wedding. Etiquette books addressed the subject with an abundance of negatives: "The remarrying bride does not wear white." A second engagement is never announced in the newspapers.

All that's changed. The emphasis now is a lot less on rules, a lot more on the importance of sharing a joyful new beginning surrounded by family and friends.

Some suggestions for a remarrying couple:

- As the bride, be just a little bit selfish at this time. Wear an engagement ring. Indulge in a beauty day at the salon — complete with lavish haircare, facial, and

manicure. You deserve it all!

- Feel free to marry in the outfit of your choice. The traditionally simple, cream-colored suit is still lovely — but so is a romantically long and lacy gown, in white or your favorite color.

• The only accessory best omitted is the veil — long a symbol of youth. A more sophisticated choice might be a dramatic picture hat, cloche, or wreath of fresh or silk flowers.

• If either of you has children, try to include them in as many plans as you can.

• They'll feel especially important playing a role in your ceremony — depending on their ages, they can be ringbearers or flower girls, bridesmaids, ushers or honor attendants.

• Make your reception as extravagant a party as you wish, complete with all the wedding traditions — "first dance," the ceremonial cutting of the cake and a

Champagne toast.

• A warm way to welcome guests is to head up the receiving line yourselves, rather than leaving it to your parents. They, in turn, will be free to circulate among guests.

• Don't feel a honeymoon isn't necessary "this time around." Getting married is tiring, even if you've been through it before. How to fit in some rest and relaxation around children?

If possible, plan a trip just for the two of you first, then a "group honeymoon" so you'll all feel like a family.

## Tuna for two

As every new bride quickly learns, it's a real challenge to juggle a weekly food budget and provide exciting meals.

This recipe combines tuna and mushrooms in an elegantly simple wine and cheese sauce, perfectly seasoned with instant cream of chicken flavor soup mix. Sprinkle with bread crumbs and bake for a delightful experience in creative cooking.

### TUNA COQUILLES FOR TWO

- 2 tablespoons butter or margarine
  - 1/4 pound mushrooms, thinly sliced
  - 1 envelope cream of chicken soup
  - 1/2 cup dry white wine
  - 1/4 cup water
  - 3/4 cup shredded Swiss cheese (about 3 oz.)
  - 1 can (7 oz.) tuna, drained and flaked
  - Buttered bread crumbs
- Preheat oven to 350 degrees.  
 In medium skillet, melt butter and cook mushrooms until tender.  
 Stir in instant cream of chicken flavor soup mix blended with wine and water.  
 Add cheese and continue cooking, stirring constantly, until cheese is melted, add tuna.  
 Spoon into two 1-cup baking shells or casseroles; top with bread crumbs.  
 Bake 15 minutes or until bread crumbs are golden brown.  
 Makes 2 servings.

# Some hints on buying your gown

Why does a woman go through such trouble to find the perfect wedding gown? After all, it's a dress she'll wear only once. But that "once" is one of the most important days in her life and she'll want to look her loveliest.

These tips can help the bride-to-be sort through the possibilities and find a dress that's right for her.

- Narrow your choice before you actually set foot in a store. First, ask yourself how formal your wedding will be and rule out any dresses that don't match in style.

One way to tell whether a dress is formal is by the fabric. For example, gossamer chiffon might be appropriate for a dinner dance reception while cotton eyelet is pretty at an afternoon garden reception. Other clues: a lot of lace or pearls and a long train is formal, while a simpler design and very short train is less so.

Next, consider how much you can spend. The average bride spends about \$350 on her dress, but the range of possible prices is from under \$100 to \$7,000 and up.

Don't worry that a somewhat tight budget will keep you from wearing a favorite style. Classic designs tend to show up in every price range.

Finally, consider the actual specifics of style: neckline, waistline, sleeve shape and length, and color. (There's white, ivory, and new pastels, such as soft pink, peach, and aqua, alone or combined with white.)

Is there a combination of these fashion points that catches your eye every time? Then this is the basic style you'll look for.

- Start to actually shop at least six months before your wedding. Most wedding dresses are special-ordered and take a couple of months between order and delivery. And you'll need time for alterations.

To avoid confusing opinions, shop alone, or take along just one other person whose taste you trust. This could be your mother, sister, best friend or even your fiancé.

Plan ahead so you'll shop prepared. Wear the right underclothes, such as a good bra and long slip. Take along shoes with heels in the height you'll be wearing on your wedding day.

- When you do find the dress, be certain the store consultant takes down all your measurements. Also make sure she includes the date you'll need the dress on your sales slip. This could be up to a full month before your wedding if you want to wear it for the bridal portrait in the newspaper.

Ask how long it should take for your order to be filled, and if you don't hear anything from the store by then, give them a call. Mix-ups are very rare but it's safest not to take a chance.

- Once the store does notify you that your dress is in, make an appointment for a fitting right away. Again, bring the right shoes and undergarments.

Take your time and check the fit of your dress in a mirror that lets you see from all angles. Here's what to look for: Is the hem just right, or is there a chance you'll trip on it? Does the skirt fall gracefully with the lining lying flat? Are the buttons sewn securely and in a straight line?

# Wine and dine on roast chicken, fettucini dinners

## First dinner idea

This roast chicken, a recipe not to be found in any cookbook, is a delicious way of celebrating. The secret to this bridal party dish is fruit cocktail, a mixture of fresh-cut fruits packed in their own special blend of real fruit juices with no sugar added.

### ROAST CHICKEN

- 1 can (16 oz.) fruit cocktail
  - 2 tablespoons margarine
  - 1 1/2 cups long grain rice
  - 1/2 cup sliced green onion
  - 1/2 cup thinly sliced celery
  - 1/2 cup sliced water chestnuts
  - 1 tablespoon soy sauce
  - 1 teaspoon salt
  - 1/2 teaspoon ground thyme
- Preheat oven to 450 degrees.  
Drain fruit cocktail, reserving fruit juice.  
Use fruit juice to replace part of

the water required to prepare 3 cups cooked rice, following package directions.

In a skillet, combine margarine, cooked rice, green onion, celery, water chestnuts, fruit cocktail, soy

sauce, salt and thyme.

Saute lightly, stirring occasionally, for 3 to 5 minutes.

Divide and spoon one half the stuffing mixture into a 4 to 5 pound chicken or capon.

Place chicken on rack in roasting pan.

Reduce temperature to 350 degrees.

Roast uncovered for 20 minutes per pound or until done.

Refrigerate remaining stuffing in a covered container.

Heat and serve with grilled or baked pork chops.

Yields approximately 5 cups dressing.

# Bridegroom's questions get answers

Who pays for the wedding? What are the duties of the best man? What should I wear to be correctly attired?

Those are but a few of the questions which may puzzle prospective bridegrooms. Most of the answers to those questions have pat answers, many of them having been handed down from antiquity, others being relatively modern in conception.

The American Formalwear Association, being expert on the rules and mores of weddings and their attendant rules and obligations, has compiled a list of the most often asked questions by grooms and the AFA has supplied the answers that currently apply to them.

Some who can afford it go to wedding counselors to find out what to wear, what to do and how to do it. The following will answer most, if not all, of the questions that the average groom may ask:

Q.: Who or what decides if the wedding is to be formal, semiformal or informal?

A.: Those decisions are usually up to the bride, and are often determined by the choice of gown that she wears and the site of the ceremony.

If she wears a long gown with a train, the ceremony is definitely formal. If the bride elects to wear only a veil with her gown, the ceremony can be considered to be semi-formal.

Q.: If the wedding is formal, what do I wear?

A.: In the daytime, a cutaway coat and striped trousers. However, in some contemporary weddings the groom will wear a white tailcoat, but traditionalists hold out for the gray cutaway.

For a contemporary evening formal ceremony, the groom may wear a black or white full dress (tailcoat), while the traditionalist will wear the classic white tie and tails.

Q.: What do the fathers of the bride and groom wear?

A.: The same rules apply to the fathers as to the ushers and the groomsmen.

Q.: Who decides on the type, place and length of the honeymoon?

A.: Those decisions should be made by agreement between the bride and groom. Its type is usually determined by financial capabilities and the available time for the trip.

Q.: Who provides the bride's bouquet?

A.: The groom buys his bride's bouquet and also the usher's boutonnières.

Q.: Who pays for the honeymoon?

A.: The groom!

Q.: Who gives the honorarium to

the officiating reverend or judge?

A.: The groom.

Q.: Who pays for the rental of the formalwear?

A.: The groom and the members of the wedding each pay for their own.

Q.: Who pays for the wedding?

A.: The bride's family.

Q.: What are the duties of the best man?

A.: The best man attends the groom prior to ceremony, hands him the ring to place on the bride's finger during the ceremony, and offers the

first toast to the bride and groom at the reception.

He also reads, to all assembled, any and all congratulatory messages sent to the bride and groom at the reception.

Q.: If I am a member of the military, is it correct for me to be married in uniform?

A.: In the U.S., one usually only

wears a uniform if on active service. In that case it is correct to wear full dress (if you have it) or, at least, your Class A's.

If your attendants are also in the service they should be similarly attired and officers may wear swords or sabers. Except for regulars, uniforms are best avoided in peacetime.

DESSERT tops off any party.

advance. Never serve any dish without trying it out first.

- Prepare as many dishes as possible in advance and freeze. (To be reheated day of party.)

- If you are planning a sit-down dinner, set table the night before. For a buffet affair, set up a suitable side table so guests can help themselves to dishes, napkins, glasses, condiments, etc.

- Plan on serving at least two cold foods or beverages at any party. This saves time in last-minute preparations. (Boysenberry Cream is a delicious, unusual and colorful, cold dessert to top off any party!)

- Ask a good friend to help out. Since one good turn deserves another, you should plan on helping at her next party!

- Plan what you will wear. It should be comfortable enough so you can get around easily, but should be

special for the occasion.

Relax and have a wondrous time with your guests.
