Artists on display

Artists from throughout Union County were among those who exhibited their work for display and sale at the 19th Annual Open Outdoor Fine Art Show and Sale, sponsored by the Kenilworth Art Association Sept. 7 near the Harding School ballfield in Kenilworth. At left, Springfield resident Anne King shows a wide range of her photographic work, including a piece which won first place in the non-professional mixed media category. Below left, Ralph W. Butler of Union displays his beautiful landscapes and seascapes. Below center, admiring the work of Roselle Park artist Alan Higbee, are, from left, Mary O'Connor of Eanwood, and Terry and Helen Guarino of Kenilworth. Below right, artists Kosia Novak and Gustav Woloszyn, both of Linden, take a look at some of the work displayed at the show.

Calories only units of measurement

Editor's Note: Dr. Cavalieri is an assistant professor of medicine at the University of Medicine and Dentistry of New Jersey-School of Osteopathic Medicine. He lives in

Everybody hates calories. People picture them as little gobs of fat just waiting to attach themselves to their victims' hips. Actually, calories have no form or substance at all. Just like an inch or a degree, a calorie is nothing more than a unit of measurement. Calories measure energy. The energy in a pound of body fat equals 3,500 calories. To build an extra pound of body fat the body must consume 3,500 more calories than it burns. To lose a pound of fat, the body must burn 3,500 more calories than it consumes. This can be done by increasing exercise every day or by cutting down on the food eaten. A combination of both is the most

Anyone who has tried to lose a pound or more of fat will readily admit that it is very difficult. Ironically, repeated dieting may be the reason it becomes more and more difficult.

effective and long-lasting approach.

Drastically reducing food intake (to 1,000 calories or less per day) causes the body to "know" it is being threatened and it responds as itwould during starvation. The body becomes increasingly efficient at conserving calories. Your pound weight loss When you reach metabolism slows each time it the "plateau" dieters dread, don't

perceives another attempt to ''starve'' it. Because dieting without exercise

causes 'your metabolism to slow down, your body resists weight loss. The less food you eat, the more it conserves calories. In addition, dieting without exercise causes muscle loss, along with fat loss. As a matter of fact diet without exercise can actually result in up to a pound of vital muscle loss for every three pounds of fat loss.

If you exercise vigorously, your metabolism speeds up, not only during exercise, but for up to 15 hours later. So, you burn extra calories, but your body doesn't perceive that it's starving. It just thinks it's working harder.

An added bonus is that muscle is metabolically more demanding than fat. The more muscle you have, the more calories are burned just because it is there. Even while you are sleeping, your body burns calories faster through the muscle vou built by exercising.

Remember, there is only one way to lose weight. Burn more calories than you consume each day. If you reduce your daily caloric intake by 500 calories and burn 500 calories more than usual each day through increased exercise, in a week, you will take in 3,500 fewer calories than vou need to maintain your weight and burn 3,500 more calories than usual. The result is a healthy twogive up. Exercise a little more each day until the body's metabolism stabilizes and weight loss resumes.

This column is given to New Jersey yewspapers as a public service of the University of Medicine and Dentistry of New Jersey.

Health and fitness

Most people are interested in how to be assured that they get the proper nutrients in the amounts needed from daily meals and snacks. They probably recognize the six classes of nutrients - protein, carbohydrate, fat, vitamins, minerals, and water - although it may surprise some to learn that water is considered a nutrient.

According to Dairy, Food and Nutrition Council, it is the nutrients in food, not specific foods, which are needed by the body.

foods into nutrients or nutrient combinations and waste products. Blood carries these nutrients from the digestive system and oxygen from the air we breathe to every cell in the body. Some nutrients need to be replenished every day from the food eaten; others can be stored in the body for future use.

All nutrients are available from food, but they are found in different foods in varying amounts. Many foods play important roles on the nutrients most of us need can be obtained by eating a variety of different types of foods.

For centuries, people in different parts of the world have lived on a wide variety of food combinations. Thus, a variety of foodstuffs is known to provide the nutrients that support life, and promote growth and health.

Free eye health testing will be available at most New Jersey hospitals this week, Monday through Sept. 26. The tests will target

Calendar

The digestive system processes potential eye problems that may require follow-up care.

> A variety of health care organizations, including the New Jersey Hospital Association (NJHA), are joining the Medical Society of New Jersey in providing this public service program. Now in its 30th consecutive year, the "Eye Health Screening Program" has tested 266,000 persons. Last year, 75 hospitals and numerous mobile units served as test centers for the nearly 6,000 screenings done by thalmologists statewide.

The screenings are available to all people over the age of 35 who are not already receiving opthalmological care. In addition to testing one's vision and the measurement of intraocular pressure, an examination of the external and internal eye will be performed.

Further information concerning the program can be obtained by contacting the Medical Society of New Jersey, (609) 896-1766, or NJHA at (609) 275-4071.

Audit staff expanded

The Internal Revenue Service's ability to examine tax returns in New Jersey was considerably strengthened recently as it swore in 48 new revenue

The new revenue agents and the 21 IRS employees who were recently promoted to that position, bolster the number of agents in New Jersey to 500. In addition, the IRS will now have a cadre of 84 tax auditors who will be assigned to 12 offices around the state.

Revenue agents essentially examine corporate and more complex individual returns, while auditors concentrate on the less complicated in-

The newly-assigned agents and auditors will allow the IRS to annually collect an estimated \$100 million in additional revenues in New Jersey.

The increased hiring authority is part of a nationwide program, which will see the IRS increase its revenue agent corps by 2,500 in each of the next three years. In New Jersey, the IRS expects to add over 200 new agents, a 40 percent increase, during the three-year period.

We believe that this year's hirees and recently-promoted agents will give us the ability to increase the number of returns we examine annually from 44,000 to 50,000," commented Cornelius, J. Coleman, IRS district director in Newark. "We will also now begin to see a narrowing of the tax gap which has grown to \$4 billion in New Jersey," he added.

The "gap" is the difference between the taxes owed and the amount actually paid, according to the IRS official.

The newly-hired employees will undergo an initial five to six week period of intensive training in tax law and IRS procedures, after which they will receive several weeks of "on-the-job" experience examining actual returns. That will be followed by additional classroom work.

The revenue agents also will receive specialized training in the newlyimplemented Automated Examination System. Under that system, agents are assigned to a portable computer which will enable them to expeditiously verify the accuracy of tax returns, as well as have immediate access to databanks to research taxpayer accounts and tax law issues.

"We are very pleased that we were able to hire individuals who demonstrated a very high potential for professionalism, integrity and understanding tax law. They represent the most qualified among the 1,048 candidates who responded to our job notices earlier this year," Coleman

Craft makers sought

Trailside Nature and Science Center is looking for crafters and artisans to display quality products at its 1986 Nature Boutique Nov. 30 from 1-5 p.m.

Items to be sold should be handmade from natural materials or. based on a natural history theme.

Registration is \$7.50 per crafter or artist. This event will be free of charge to the public.

For more information or to reserve a spot, call Betty Ann Kelly, Tuesday through Saturday, at 232-

Native and planted dogwoods are still showing signs of deeline in New Jersey. Symptoms may include extensive lower branch dieback, clusters of water sprouts on the main trunk and noticeable leaf spots and blotches. If decline continues, branches proceed to die from the ground upward and affected trees eventually die. Although numerous fungi have been isolated from declining trees it is agreed by researchers that these organisms

mainly attack stressed trees. In most cases, the primary problem has been environmental stress with extensive drought in the early 1980s and severe winter weather during the last few years. Weakened trees are later subject to attack by borers, anthracnose fungus, and the fungus Botryosphaeria which can cause cankers, dieback and leaf spots.

For best results in combating this disorder, remove dead or cankered branches during dry weather, control borers with lindane sprays and maintain optimum growing conditions to increase tree vigor. Adequate watering and an occasional spring fertilization also will help to control decline. Kousa dogwoods do not seem to be affected by this problem.

We have noted an increasing amount of borers in flowering cherry trees and in other prunus species such as peach, plum, flowering almond, cherry, wild cherry and cherry laurel. Presence of borers is indicated when masses of gum that contain red-brown larval droppings and sawdust are found on tree trunks near the ground. This is in contrast to clear gum deposits caused by cracking of the bark and mechanical wounds. The borers destroy the inner bark of trees from slightly below the soil surface to 10 inches above the soil line. Damaged trees become unthrifty and produce off-color foliage. Trees attacked by the borer frequently die within several years.

Borers may be controlled by handworming in spring or fall, using insecticide drenches and by early fall fumigation with moth crystals (paradichlorobenzene) of trees three years old. For specific directions on control ask, for our Leaflet 513-A by writing or by stopping by the Union County Cooperative Extension Service

Garden Spots

Office, 300 North Ave., East Westfield, 07090.

September is an excellent time of year to get rid of poison ivy that has managed to sneak its way into home gardens and yards.

At this season, herbicides sprayed on poison ivy's familiar three-leaved foliage are absorbed into the plant's roots system more readily than at other times of year, so efforts to eliminate these troublesome and tenacious plants are especially effective.

The chemical recommended for the job is glyphostate, sold as Ortho's Kleenup or Monsanto's Roundup. These materials should be diluted according to label directions and sprayed to cover as much of the poison ivy foliage as possible.

To tackle poison ivy that is climbing on hedges or entwined with other desirable leafy plants, a gardener should first put on protective clothing, including gloves, and carefully disentangle the poison ivy. Lay the vine on newspapers spread on the ground to protect the grass, spray the poison ivy, and leave it for about 10 days.

Poison ivy growing on mature trees can be sprayed without damage to the tree. If the vine is growing too high to reach, simply cut the vine and spray the lower In garden areas with desirable plants nearby, a gardener can apply the herbicide to poison ivy leaves with a paint brush, or a spot sprayer can be used if the air is still.

Flower gardens that are reginning to wane after the warm symmer can be, rejuvenated by adding chrysanthemums. They are available now in bud or bloom, either as container-grown or field-grown plants dug with a ball of soil.

Chrysanthemums at the Rutgers University Display Garden will begin to bloom about Sept. 20 and continue until mid-October, according to Cooperative Extension specialists at Cook College. This year's display features top-rated varieties of previous years in a wide range of types and colors.

First to bloom will be Baby Tears, a short white Button type which remains attractive almost four weeks, and Debonair, a short lavender Decorative variety. The latest variety is jackpot, an intermediate-height yellow Decorative, which blooms about Oct. 10.

Highest rated varieties of previous years are Yellow Starlet, a tall yellow daisy type, and Starlet, a tall gold-bronze Spoon chrysanthemum. A new introduction which has also received high marks is Grenadine, a pink Decorative of intermediate height.

Other high-scoring chrysanthemums in this year's Rutgers display, listed by color are: white— Patriot and White Stardom; yellow—Goldmine and Yellow Jacket; bronze—Viking and Wolverine; red—Minn-gopher and Red coat; and pink—Stardom.

Many of these chrysanthemums will survive the winter if planted in a well-drained location and mulched about mid-December to provide plants for next year's garden.

'APPLES—AND—ORANGES, 1985'—Dr. Donald Lokuta's painting, acrylic on canvas, will be displayed in an exhibition in the Cork Gallery of Avery Fisher Hall at Lincoln Center, New York City, Sept. 25 to Oct. 7. Dr. Lokuta of Union, associate professor of photography at Kean College of New Jersey, Union, will exhibit with five other New Jersey artists, all with connections to Kean College, who have been invited to exhibit their works.

Artists in N.Y. exhibit

Six New Jersey artists, all with connections to Kean College of New Jersey, Union, have been invited to exhibit Sept. 25 to Oct. 7 in the Cork Gallery of Avery Fisher Hall at Lincoln Center in New York City.

They are Dr. Donald P. Lokuta of Union, associate professor of photography: Jean M. Mattson of Plainfield, coordinator of television services at Kean; Michael Bergman of West Orange, a commercial photographer and guest lecturer at the college, W. Carl Burger of Califon, professor of design and-drawing at the college; Robert Yoskowitz of Somerville, a Kean alumnus who teaches at Union County College, Cranford, and Rena Segal of Somerset, whose father, George Segal of South Brunswick, a sculptor, was awarded an honorary doctorate by Kean College in 1984. Lokuta, Mattson and Bergman exhibited last year at Cork.

An artists reception in the Cork Gallery is scheduled for 2 to 5 p.m. on Sept. 27. On the same day from 4 to 7, a reception will be held for a George Segal exhibit in the Sidney Janis Gallery, 110 West 57th St., New York City.

Lokuta, whose photographs and paintings have been exhibited, will show acrylic on canvas paintings at the gallery. He describes them as "video inspired images of still lifes and portraits in primary colors with a strong concern for form and composition."

County briefs

Members sought

The Kenilworth Art Association has announced that it is looking for members from ages eight to 80, "not only from the immediate surrounding area of Union County, but also from counties in Northern and Central New Jersey who are close enough to drive to our meetings."

The meetings are free and open to amateurs and professionals. There are demonstrators in such categories as oils, watercolor, pen and ink drawings, graphics, mixed

media and photography.

"We want to inspire young and older artists to be better artists. New painting techniques are constantly being discovered and the old taboos in ways to paint are now acceptable in the eyes of the judges at our September art shows and sales, so there is always something new to be learned."

The Kenilworth Art Association has regular monthly meetings on the first Monday of every month except January and February, July and August and September because of the art show and sale, which is held on the first Sunday after Labor Day. The first meeting is in October and continues to June of the following year. Newsletters are sent out each month.

The group runs bus trips to Atlantic City and the District of Columbia and to the art galleries and museums in New York City and surrounding areas of New Jersey or Pennsylvania about once a year.

"We light a lamp beside the Kenilworth Library, ground floor level door where even handicapped people can easily enter," it was reported.

The meetings are held in the Kenilworth Library, North 22nd Street and Boulevard, Kenilworth, at 8 p.m.

New members can send a stamped self-addressed envelope for a membership blank to Kenilworth Art Association, Box 205, Kenilworth, N.J. 07033.

Antiques show set

The original Morristown Antiques Show celebrates its 35th anniversary Sept. 19, 20 and 21.

Only a short distance from many historic sites, the first armory show gave visitors the opportunity for a hands on approach to many of the artifacts seen at these sites. From 50 exhibitors in 1951, the show has grown to 105 exhibitors offering 18th, 19th and 20th century furniture and accessories. Variety is assured as dealers from New England, New Jersey, New York, Pennsylvania

and Virginia display the antiques familiar to their area. The show opens at noon tomorrow and continues through Sunday. The Morristown Armory, located on Western Avenue, has ample free parking and refreshments available. Show managers are Joan Madsen and Agnes Franks.

Pet hazards listed

People for Animals, a non-profit animal welfare group serving Union, Essex and Middlesex counties, has issued a warning to pet owners that kittens and puppies born in the early months of spring may be vulnerable to health hazards such as viral infections or death by auto or accidental poisoning.

Whether they are house pets or outdoor pets, kittens and puppies of approximately six months old are exposed to various viruses that flourish during the summer months. Feline or canine innoculations as a deterrent to these deadly viruses are strongly suggested.

Tragedy may result when domestic animals are released to wander at will outdoors. Spayneutering keeps pets from roaming to instinctively find mates or protect their territory

Kean festival slated

Kean College of New Jersey students will be welcomed to campus Tuesday and Wednesday with the eighth annual campus awareness festival featuring a celebration of Kean's cosmopolitan flavor and a 'hands-across Kean' event for New Jersey's poor.

The campus awareness festival is designed to familiarize students with services and organizations as well as programs available to them at the College. The theme of this year's event is "The World Is One at Kean"

In keeping with the theme, an activities fair from noon to 3 p.m. on the Hutchinson Green will include a mini foreign food festival and the modeling of costumes from India, Nigeria and Japan by members of the International Student Association.

Other first day activities will include "hurdy-gurdy music," athletics, games and the display of information about 90 campus groups as well as representatives of Kean's student services office. The information also will be available between 7 and 8 p.m. at the Campus School, Bruce-Townsend, Hutchinson, Willis and Vaughn-Eames.

Greek letter groups will be host at a party for prospective members from 9 a.m. to 1 p.m. in the College Center Cafeteria.

At noon on the second day of the festival, Kean students will join a mile-long line of hand holders for a nominal charge. Proceeds will be contributed to local food banks.

An all-college picnic featuring a steel drum band and refreshments will conclude the festivities.

Sponsors include the College Center Board, Council for part-Time Students, Graduate Student Council, Greek Cooperative Council, International Student Association, Office of Student Activities, Schering-Plough Corp., Student Organization Inc., and the office of the vice-president for student services.

Page 3 — FOCUS ON UNION COUNTY — September 18, 1986

'Titanic' lives on in sequel to '55 classic

BY MARK HAVILAND

"The Night Lives On" is the title of historian Walter Lord's newly published sequel to his classic 1955 book, "A Night to Remember," on the sinking of the passenger liner Titanic after it struck an iceberg on April 15, 1912, and it offers new facts and revelations on the disaster almost 75 years later.

The original book, which was subsequently made into a movie, was a suspenseful, compelling piece of non-fiction, in which the Titanic had struck the iceberg in the Atlantic Ocean within the first 25 pages, and the book hurtled along to the sinking and the eventual rescue

with more suspense than a Hollywood disaster movie.

Review On The Shelf

In contrast, the new book, which is published by William Morrow, is a sort of lengthy appendix to the earlier work, repeating details of the original account of the sinking only when they serve as a foundation for new revelations. In other words, like any sequel to a book or movie, you

will not get the "big picture" of the sinking unless you read the original work, which is still in print and available in paperback format, without the photos in the hardcover.

However, the reader will still be fascinated by Lord's objectivity and discussion of details of the disaster and its aftermath, such as what the ship's band was playing when the vessel sank, and interesting highlights of the British and American investigations of the tragedy.

With first class passengers like John Jacob Astor in the spotlight, there was little acknowledgement at the time of the wreck of the high loss

ises to be a more optimistic period for most. Stalled plans get the go ahead, and new ventures and opportunities are indicated for many. Later, social gatherings are enjoyed, groups, clubs and organizations stir your interest and pay attention to changes on the job in coming months.

CAPRICORN (12/22-1/20) Communications, local travel and siblings' interests highlight the early portion of this week. Make time to smooth out hectic schedule demands and finish up with lingering tasks and old business. Later, romantic, creative and children's interests flourish and entertainment interests are highlighted.

AQUARIUS (1/21-2/19) You may feel as though you're being pulled in several directions during this period, uncertainties or insecurities crowd your thoughts and deceptive influences touch the lives of some. Later, financial gains are evident, communications are touchy and your own scattered energies prove ineffective.

PISCES (2/20-3/20) The financial theme is highlighted during this busy week, new ventures and plans occupy your time and those at or from a distance may play a key role. Later, matters related to religion, education or publishing may become important for many. Benefits through others are indicated for most.

DON'T MISS A WEEK OF LOCAL NEWS CALL 686-7700 FOR HOME DELIVERY

the book hurtled along to and the eventual rescue new revelations. In other words, like any sequel to a book or movie, you

Rebecca's forecast

For week of Sept. 18 through Sept. 25

ARIES (3/21-4/20) This is one week to pay attention to "gut feelings." Deceptive influences are highlighted and false promises or proposals will have to be side-stepped. Later, job, health or daily concerns continue to plague some. Elders make important decisions and siblings affairs assume importance for many.

TAURUS (4/21-5/21) Take advantage of lighter aspects early this week. Get out and enjoy yourself; social and recreational plans are highlighted. Later, additional burdens or obligations become evident, career demands escalate and dealings with medical personnel may be on the agenda where loved ones are concerned.

GEMINI (5/22-6/21) You may be feeling somewhat glum early this week; additional burdens or demands may be the culprit. Career and partnership interests crowd your thoughts. Later, think over carefully all decisions or choices that will influence your overall security now, but more important in the future.

CANCER (6/22-7/23) The coming week may find you discontent and restless. Changes on the work front are imminent and even a new location may be in the offing. Later, unexpected travel may be on the agenda, those at a distance assume importance and try as you might, certain areas of your life continue to be unstable.

LEO (7/24-8/23) Matters related to legal, bank or insurance papers will come to your attention during this week. Review and re-evaluate pension, investments or other long-term security interests. Later, money is spent on the home front, daily routines are interrupted and you continue to seek new creative outlets.

VIRGO (8/24-9/23) This week will intensify matters related to all key relationships. Joint financial interests are highlighted and money may be spent on home or property improvements. Later, travel for business may be on the agenda. Investment opportunities emerge and changes in daily schedule annoy some.

LIBRA (9/24-10/23) Unexpected breakthroughs are indicated during this week. Your opinions are in demand and valuable conversations are highlighted. Later, finances are boosted, someone of power or importance may enter your life and the opportunity to fulfill a long held wish may be just around the corner.

SCORPIO (10/24-11/22) Avoid overextending yourself during this period; poorly based decisions will surely result in a loss. Be wary of allowing this magnetic cycle go to your head. . .keep things in perspective. Later, details are important, emotions may trip up judgments and having all the facts puts you a step ahead.

SAGITTARIUS (11/23-12/21) This prom-

of life among the poorer passengers. Lord profiles one family, whose members apparently all perished in the disaster.

The author also points out how the Titanic, as it was launched on its first and only, almost dragged a smaller ship into a collision with the massive liner.

Occasionally, the book hits a few dry spots. For the most part, it is clear and concise, but it also does not define all the nautical terms. With my seafaring limited to a few trips on the Staten Island ferry when I was a child, I still do not know where and what a "poop deck" is.

The final chapter of the book discusses proposals put forth since the sinking on how to raise the ship from the bottom and discusses the joint American-French expedition that rediscovered the resting place of the liner.

Some of the ideas to float the ship are pretty comical, including encasing it in ice so that it floats to the surface, and filling the interior of the wreck with ping pong balls. These ideas were put forth before the expeditions discovered the ship is in two sections 12,500 feet below sea level

I wish Lord could have been able to devote more space to the expeditions, although the current trip occurred too late for inclusion in Lord's book. "The Night Lives On" also includes a generous selection of photographs.

Pick of the LPs "Grown Up Children,' -by Orleans (MCA Records)

Some things are just meant to be. And so it is with Orleans, a band that has weathered the ups and downs of

the three kept in touch in their hometown Woodstock and frequently jammed together. Johneven played guitar-on-a-post-Hall Orleans LP, and at times both Larry and Lance played bass in the John Hall Band.

Disc 'n data

performing for more than 14 years to come together again in a form that is better than ever. Proof positive of that statement can be found in the grooves of their new MCA album, 'Grown Up Children.'

Orleans formed in 1972 in Woodstock, N.Y., when John Hall, Larry Hoppen, Lance Hoppen and drummer Wells Kelly began playing the northeast. Orleans' first released album took place in 1973. The members of Orleans struck pay dirt with their next LP in 1975, which spawned the classic hit, "Dance With Me." The best was yet to come, however, when their next album containing "Still the One" was released in 1976. "Still the One" was one of those rare songs that struck an international chord, for not only did it become a smash hit for the band, it also became ingrained in the streams of American consciousness with its use as a theme for a major television network.

The strain of success began to take its toll, however, and in 1977 Hall left the band to pursue a solo career. Orleans played on, having a top 10 record with "Love Takes Time" in-1979 and continued to perform into

Though John no longer "officially" performed with Larry and Lance as Orleans during this time.

The seeds were sown for the new Orleans project through the songwriting efforts of John and his wife Johanna. She came down to Nashville in late 1983 with several songs to shop around. One demo of theirs was a song called "You're Mine," which featured Larry Hoppen's distinctive lead vocal. It was MCA vice president of A&R Tony Brown, who, upon hearing the demo, provided the catalyst for the re-grouping of Orleans. Knocked out by "You're Mine," Tony suggested to the Halls that if Orleans was interested in getting together again, he'd love to work with the band.

Titled "Grown Up Children," the new LP features John, Larry, and Lance on various instruments aided by a team of some of the best players around. Special guests include labelmate Steve Wariner on harmony vocals for the track, "Language Of Love" - a song he cowrote with Hall - the great Chet Atkins on classical guitar on the song "Circles," Ricky Skaggs-adds fiddle and mandolin for the song "On Hold" and acoustic guitar and vocal admonishment on the title track and New Grass Revival's Bela Fleck plays banjo on the title song and "Fly Away.

Craft show is exhibited

Two firsts were celebrated when an invitational juried craft show by members of New Jersey Designer Craftsmen opened at the Old Queens Gallery in New Brunswick Saturday. Titled "Craft as Art," this was the first invitational exhibit for juried NJDC members held outside a museum setting and the first show dedicated to crafts held at Old Queens Gallery, it was announced. The show will run through Oct. 11.

Media will include enamels, jewelry, fiber, ceramics, glass and wood.

The choice of Old Queens Gallery as a showcase for those New Jersey craftsmen who "are best in their fields was singularly simple and appropriate, according to NJDC member and exhibit chairman Ashley Greenfield. "Old Queens is in the heart of the cultural center of New Brunswick."

New Jersey Designer Craftsmen, a statewide organization of about 1,000 members and supporters, is sponsored in part by the State Council on the Arts, Department of State. It is a resident arts company of the New Brunswick Cultural Center and a member of the Middlesex County Neighborhood Arts Consortium.

FROM '1776'-Sam Kressen, left, portrays Ben Franklin and Don Perkins is John Adams in the Mask & Mime Theater Foundation production scheduled Sept. 25, 26, 27 and 28 at the Union County Arts Center, Rahway, formerly the Old Rahway Theater.

Operetta program due

Light Opera Theater will perform a program of American music at the Union County Arts Center, Rahway, tomorrow and Saturday at 8 p.m. The program will feature "Down in the Valley," a one-act operetta by Kurt Weill, and a selection of love songs from American musicals.

Based in Linden, the Light Opera Theater is a non-profit organization made up of professional singers and amateurs. Formerly known as the Linden Opera Theater, the company's performances will mark the group's comeback and debut in the renovated Union County Arts Center. The center used to be the "Old Rahway," a vaudeville-picture palace "that was saved from demolition by Rahway Landmarks, Inc." This season is its first since the renovation.

Additional information can be obtained by calling the Union County Arts Center box office at 499-0441.

REVIEW

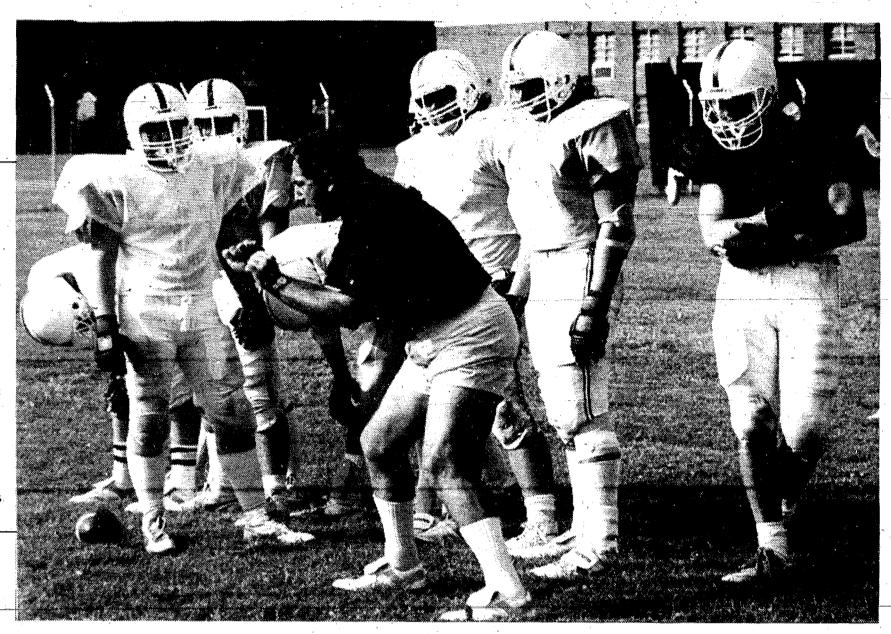

COUNTY LEADER NEWSPAPER
THURSDAY, SEPTEMBER 18, 1986

POINTERS—Union High School football coach Lou Rettino is back at the helm of the Farmers for his-10th season this year. Here he gives. some pointers to his young squad, which hopes to carry on the championship tradition of past Union High squads. Rettino is optimistic about the season, despite losing nine players tο graduation last year.

By DENNIS ORLANDINI

After losing nine two-way starters to graduation including High School All-American running back Tony Stewart and all-state safety Gary Mobley, a casual observer would think the odds would be stacked against the possibility of Union High School repeating as Group Four, North Jersey Section Two champion.

But Union Coach Lou Rettino has been faced with problems of similar magnitude before. In the last eight years Union teams have gone to the sectional championship final seven times, and took home the title in five of those years.

A football-crazy town, with a football program beginning at the third-grade level, Union coaches have never had to deal with a talent shortage. In his 10th season with the Farmers, Rettino said whether Union will be able to continue their dominance of local and state football depends largely upon his players' attitudes.

"All I can do is hope that kids that played behind last year's team have as much dedication, enthusiasm, and the kind of attitudes as they did," said Rettino. "It's never really a question of replacing talent. The question is how many of these kids are willing to pay the price that it takes to succeed in football. This is probably harder than the things they've done in the past. There are more sacrifices involved." Rettino said."

Whether this year's team succeeds, depends largely on how hard they work, according to Rettino. "One thing about last year's team was that everyone was a tremendous worker. A lot of their success came through their work, it was not all Godgiven talent.

Rettino felt it was too early to comment on whether this year's squad would uphold

Union's championship tradition. That, he said, is something that only regular season competition will decide.

"It's a matter of how they will react under pressure and adversity," Rettino said, For two or three years in a row Union teams lost on opening day, but bounced back to win all their remaining games, Rettino pointed out.

Several players have experience, having served in backup roles last year, but only two starters on last year's championship team are returning.

Defensive end Tony McEnroe and outside linebacker Mark Richards will be back, and this year they will also be counted on to assume starting offensive roles.

Jeff Scott joins McEnroe at defensive end. Controling the middle of the line, at tackle, will be standout wrestler Mike Ferroni and Chris Markovich.

Mike Caulfield, Chris Siedelhofer, and Bubba Wilmore have moved into the starting linebacker along with Richards.

A.J. Giovanni, Steve Hightower, Clarence Morris, and Mike Wakefield were fighting for the two cornerback positions.

The last line of defense, the safety job, is also undecided.

Gene Pierce and Jim Young are the top candidates.

The offensive line figures to be quick and tough, though not huge. At the five blocking positions, only one player tips the scales at more than 210 pounds, and the starting guards, Siedelhoefer and Caulfield weigh in only in the 180s. Nick Kouroupas has earned the opportunity to start at center, and Scott, and McEnroe, the only really big player of the unit at 6-4, 230 pounds, should start at the tackles.

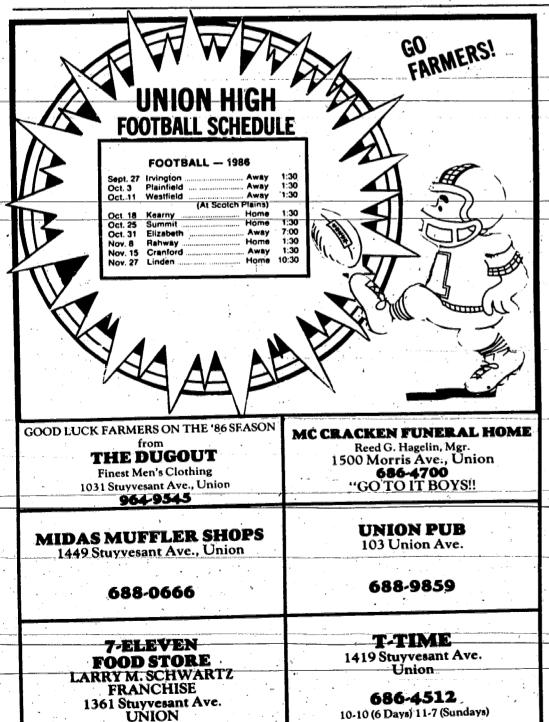

Six foot, six inch quarterback Ed Baffige will throw to a receiving corps that includes

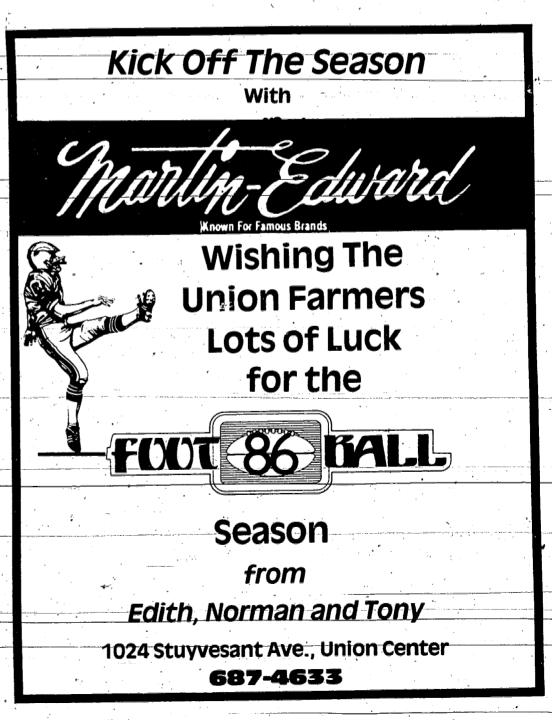

record of building winners is impressive

enough to merit this warning - Don't bet

against him!

Park's Panthers have to stay healthy

ROSELLE PARK Panthers' Head Coach John Wagner puts his players through a lateral movement drill.

By DENNIS ORLANDINI

If the fates are kind enough to bless the Roselle Park Panthers with an injury-free season, coach Jack Wagner's team could go all the way to a Group One, North Jersey Section Two championship this fall.

Coming off a 7-3-1 mark in '85, the team lost only a few players to graduation, and has eight of last vear's offensive starters, and eight defensive starting players retur-

The 1986 team could be championship bound - if they can remain healthy. Last year the Panthers made it to the sectional final, but with two key players hurt and unable to perform in the title game. they suffered a 35-6 trouncing at the hands of Brearley.

Roselle Park has had to deal with the player shortage problems that can affect any Group One school. With a smaller school population, that usually means that a typical Group One school gets a much smaller turnout of players trying out for its athletic teams than an average group four school would.

Group One schools characteristically lack depth. Roselle Park is no exception.

The Panthers have a relatively small varsity roster of 39 players. Although-Roselle-Park-has a-worldof talent, their coach Jack Wagner said, "Like many Group One schools we don't have a great deal of depth." If Roselle Park is to remain

key players remain healthy. Most of Wagner's stars are two-way players, and he's counting on a 15-man nucleus to handle the 24 starting offensive, defensive and kicking

"We have a lot of experienced kids back, and we'll have a bigger team than in the past, but we have to stay healthy," Wagner emphasized.

Wagner said that his wing-T offense should be stronger this year. "I'm looking for more point production from this year's team," he said. "Our quarterback has improved his throwing ability, and I'm looking for this team to reduce its number of turnovers.

Dave Hartzler, who gained recognition aa one of the area's top guards, leads the offensive line's charge. Hartler and counterpart Mike Heller who both weigh in the 180's are small, but quick and tough pulling guards.

They are joined by a pair of big tackles, 255-pound Joe Szwedo, who distinguished himself as a shotputter last spring, and 225-pound Eric Loneker.

The line is anchored by 205-pound center John Popovich.

Baseball standout Dennis Mc-Caffery, and trackster Mike Mittachone should divide time at tight

Phil Carpenter, a 5-6, 150-pound speedster, who Wagner calls,

"pound for pound the strongest kid om the team," and Mike Small, a fleet-footed outfielder for Jack Shaw's sectional champion baseball team last spring, will alternate at split end.

Wagner will employ a four-back offense. At quarterback the Panthers use second-year starter Steve Scribano. Wagner cites the southpaw as looking good at scrimmages in running the offense, and as a much-improved passer.

The key to the offense should be the performance of 5-11, 205 pound, right halfback Gene Mirabella, a three-sport standout who also excels in wrestling and baseball.

Mirabella rushed for more than 700 yards last year, and his ability to establish the Panthers' running game opens the door for their passing game as well.

Jeff Horowitz and 215-pounder Len Zennario, another baseball standout, should start at left halfback and fullback respectively.

On defense Wagner usually employs a 5-3-3 formation. "We play good team defense, and go to the bail very well," Wagner said.

The defensive line is bulwarked by. Mittachone, a standout defensive end, who led the team with 15 sacks

Two other starting offensive linemen will be pulling double duty. Loneker is a three-year starter at nose guard, and Heller should win a defensive tackle spot.

They will be joined on the front five by Rich Miranda, a 170-pound defensive end, and 225-pund, senior defensive tackle Joel Lualhati.

Zennario a standout in the middle. leads the linebacking corps. He will be flanked by Mirabella and Horowitz.

McCaffery will be the key player in the Panthers' secondary. The cornerback led last year's squad with 10 interceptions.

He is matched with Carpenter at the opposite corner, and Small at

Small, who established a school record last year with six field goals, will be the placekicker, and Carpenter will handle the punting

Others who Wagner expects to see some action this year, include, offensive lineman Tony Fiume, fullback Chris Tokarski, running backs Rob King and Craig Vail. Top defensive substitutes include lineman Pete Ausiello, linebacker Joe Siter, and defensive backs Bob Massa and Chris Belle.

Wagner looks for a three-way race within the Valley Division this year between his club, Brearley, and New Providence. He pointed out that the Mountain Valley is a tough conference. He said that that was ilustrated by the fact that last year Bound Brook, a middle-of- the-pack team, upset MVC giants Immaculata and New Providence: "I don't think you can afford to look. past anybody in this conference," Wagner said.

To make things even more interesting, and challenging, Roselle Park has added Group Two, North Jersey Section Two defending champion Hillside to their schedule.

As the season opener against Bound Brook, Sept. 26 approached, however, Wagner appeared less concerned about any single opponent than about keeping everyone healthy. With so many players counted on to start both ways, injuries could have a crippling effect on the Panthers fortunes, but given their degree of talent, a healthy season could just about guarantee a large measure of success for the Panthers in 1986.

'86 may be a sweeter year for Dawgs

By MARK YABLONSKY

If the 1985 high school football season could have ended after just two weeks of play, Jonathan Dayton Regional High would have been a prime contender for a Group 2 title. But there happen to be nine weeks of regular season play, and by the time it was all over, the Bulldogs had limped to a 3-6 record, thanks to the loss of seven starters, including the club's top two running backs. Thus, what appeared to be a good season turned sour. But things may be sweeter this time around.

Proving that there is life after disaster. Dayton head coach Tony Policare has "numerous" starters returning on defense, and no less than five on offense, including his own son, Tony Policare III. who led all of Union County in passing last year, hitting 57 percent of his throws for a dazzling 1,158 yards. The younger Policare was one of the few bright spots in a season that brought back memories of the old "Marcus Welby, M.D." television series.

"The epitomy of the whole, thing, the lowest point was in the Ridge game,' recalled the senior Policare in reference to a 16-7 defeat in the next-to-last game of 1985, in which a gritty Bulldog club managed to carry a 7-0 lead into the final quarter of play before losing. "We did not even have two running backs to put in the game. So I can tell you we were decimated with injuries. It was just an unusual year. A vicious schedule.

Last season's viciousness, however, will be somewhat less conspicuous in 1986. Instead of playing powerhouses such as Verona and New Providence in non-league play, the opponents will be Manville and Parsippany Hills. But the first six games will be with Mountain Valley Conference opponents, including the likes of Hillside and Immaculata, last season's Group 2 and Catholic division champs, respectively. Then, just for fun, a rematch with Bob Taylor's powerful Brearley Regional squad awaits on Thanksgiving morning to wrap up regular season play. The defending Group I Bears defeated Dayton, 6-0, on Turkey Day a year ago. So it's not quite safe to go back into the water just

But Policare's club knows how to swim well enough when healthy. "We're very optimistic," said the fourth-

year coach, who came to Dayton in 1983 after coaching at Orchard Park High

School in upstate New York. "We get after things. We've got some real well-kept secrets here. Part of our philosophy is to incorporate good football, good citizenship, and good academics, not necessarily in that order.

"I think if we stay healthy we certainly have the potential," he added. "We have the potential for a state playoff."

Along with the younger Policare, tight end John Lusardi, an all-Mountain Valley Conference First Team selection a year ago, figures to be the keystone to the Bulldog offensive thrust this season. Also regarded as "our version of Lawrence Taylor" on defense by the older Policare, the 6'2, 220-pound senior caught 26 passes in 1985 and is already a strong target of interest from several Division I collegiate

One pleasant surprise for Dayton offensively may come from Mark Williams, a 6'3, 190-pound receiver, who is returning after spending a year on the sidelines. Williams had lettered as a sophomore for a 6-3 Dayton club in 1984, and will give Dayton an added threat in the passing lanes to work with.

Returning seniors Jim Ruban, Brian Cole and Mark Lebovitz will be anchoring an offensive line that will try to clear some holes for tailback Robert Fusco, now a year wiser after being forced into play as a replacement for the since-graduated Darren Iaione, who was hobbled by a torn hamstring that effectively ended his final year with Dayton two weeks into the

On defense, Bill "The heat miser" Quandt will be making his unmistakable presence felt at defensive end once again. Also a First-Team pick in MVC honors, the stocky Quandt figures to combine with linebacker Lusardi to wreak havoc on opposing runners and receivers. Inside linebacker Jeff Stoffer will do his part as

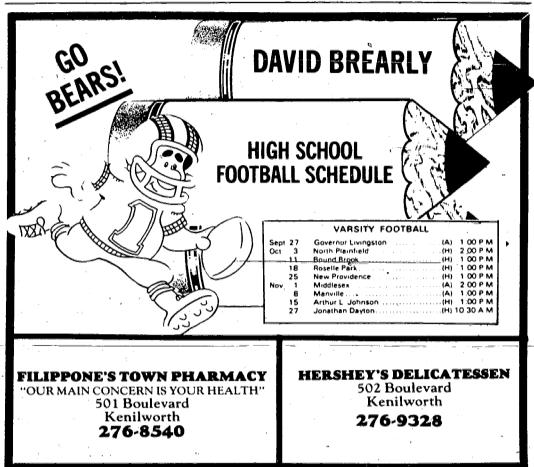

"He's a great one," said Policare of the 6'3, 210-pound Stoffer, who registered 19 against Brearley

BACKFIELD IN MOTION—Linden High School guarterback Rob Shalhoub takes the center snap from Rob Gaupp as the team rehearses a running play for its season opener against Rahway Saturday.

BLOCKING PRACTICE—Linden High School football players attack blocking dummies during practice last week.

'86 Tigers trying to stay competitive

By KENNETH SCHANKLER

- "Football" Thursday, September 18,

Last year, the Linden High School football team rode a stingy defense to a 9-2 record and the North Jersey Section 2, Group 3 championship.

Losing only to Elizabeth and arch-rival Union, Coach James "Bucky" McDonald's Tigers held opponents to a total of 51 points, an average of 4.6 points per game. Along the way, Linden held the opposition scoreless four times, including a 17-0 whitewash of Scotch Plains in last year's playoffs that preceded a 19-7 victory over West Morris for the state title.

''We had a real good season last year,'' said McDonald of last year's Tigers. "But that was last year and that's history.

This year. McDonald is making no predictions for a season that starts Saturday against Rahway, saying only, "We're trying to be a competitive football team.

While the 1986 Tigers will feature the same 4-4-3 look on defense that they won with in 1985, this year's team will feature a lot of new faces, particularly in the line. where it lost Billy Orak, Mike Rembish. Allan Tillman and Robert Willis to graduation

"We lost a lot of key people in our offensive and defensive line," McDonald noted. "I think as a senior group, they had a real good chemistry.

At defensive end, McDonald will have Robert Gaupp, James Sporer, Robert Squay and Omar Ramirez. Defensive tackles will include seniors Darryl Roberts, David Valiant and Jeffrey Todd and junior Kevin Buckley

At the linebacker position, the Tigers will choose from Jim Smith, Billy Hasko, James Baker, Cornell Starling and Leon Harrell. The defensive backfield will feature junior Kelvin Johnson, senior Kenyatta Green, Trell Foster and Antoine

On offense, the Tigers concentrate on a ground game that uses a lot of players in a wing-T formation.

'We're going to use a lot backs," Mc-Donald-explained, "We like to run the

At quarterback, McDonald will rely on the experience of Robby Shalhoub, a senior who led last year's offense.

"It's nice to have an experienced quartérback-to-lead-your-offense," Mc-Donald said.

Tailbacks will include Tony Purcell, a returning senior, Johnson, Green and Foster, with senior Jim smith, a threeyear starter, and Harrell, a sophmore, rounding out the backfield.

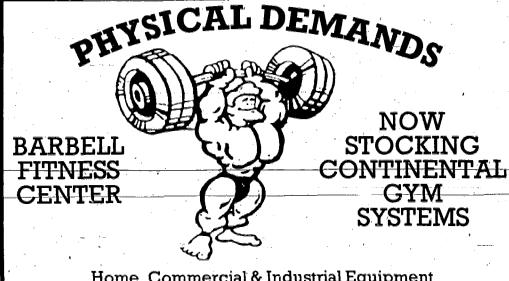

All, according to McDonald, will see a lot

"We use all three backs in this offense." the coach said. "That's the type of offense

McDonald, in his second year as head coach after serving seven years as an assistant, said the Tigers are "progressing as a football team" toward its opener with Rahway, whom he called "one of our biggest rivals.

The schedule also includes battles with Union and Elizabeth, as well as games with Scotch Plains, Irvington, Plainfield, Westfield and Summit in the Watchung Conference.

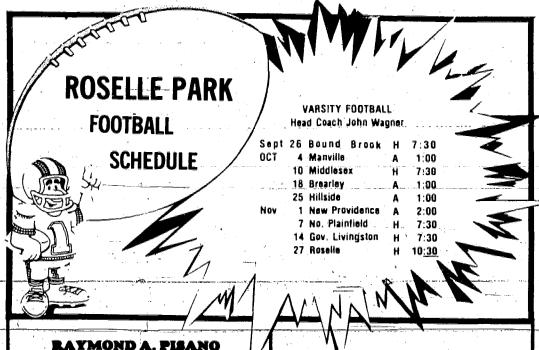

'It's a tough, tough league,'' McDonald noted of the Watchung Conference in which the Tigers compete. "There seems to be a lot of parity.'

Brearley's Bears set for title defense

By MARK YABLONSKY

Somehow, the comparison is hardly fair. While the Brearley Regional Bears are not unlike their professional namesakes in Chicago when it comes to intensity and muscle, there is one noticeable

distinction: Brearley has been a perennial powerhouse for the past decade, while the Monsters of the Midway have only held that distinction since 1984. Like the feared defending Super Bowl champions, however, Bob Taylor's grizzlies have a title of their own to

defend — and they seem ready to do just that.

A number of returnees from last year's 10-1 club that won its last nine games and rode to a North Jersey, Section 2, Group 1 title seem ready to take on challenges from hungry Mountain Valley Conference powers such as Roselle Park and New Providence, the two clubs that Taylor calls "the two outstanding teams" in MVC play. Challenges, of course, are all part of the game. For Brearley, so is winning. And after a 21-0 loss to Governor Livingston in the second week of play, that's all the Bears did.

"It made us a better team, really, because we got our act together and won the last nine ballgames," recalled Taylor, who has coached Brearley since 1974. "Our kids are adapting well. We've got to mold into a team, develop our unity, and play together. That's our most important goal.

"There's no carryover. Because the teams you beat last year are all looking for revenge."

A quick look at the roster. however, reveals that revenge won't be easy to come by for Bear opponents. While "stickout" quarterback Danny Sims has moved on to Wagner College in Staten Island, last year's starting backfield of Mike Chalenski and Joe Capizzano will both be in place for next week's opener at Governor Livingston, the lone team, of course, to have defeated Brearley in 1985. Chalenski, who has gained more than 1,823 vards in two varsity seasons, is already the target of admiring glances from several-Division I collegiate programs, as well as one or two major league

baseball scouts.

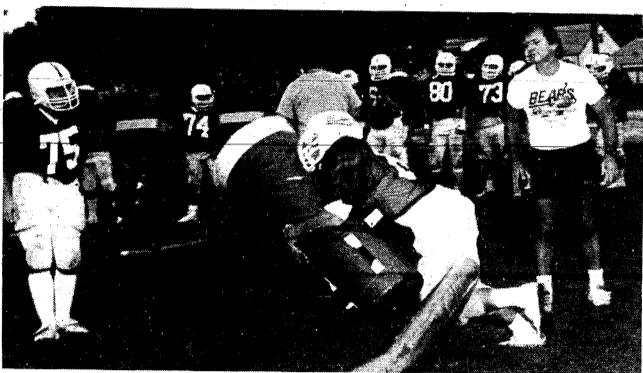

Helping to protect new starting quarterback Gary Faucher will be the likes of center Mike McCoy, guards Dominick Pascarella and Robert Kanterman; and tackles Tom Ramos and Brett Hubinger. Throw in 6'4, 220-pound tight end Scott Miller — whose brother Ed has recovered from a serious knee injury and starts for the University of Pittsburgh — and you have the makings of a fairly talented offense.

"He's up to the task," said Taylor of Faucher taking over the quarterbacking reins. "He's quite a competitor. He runsthe option extremely well. A bright kid."

The defense isn't dumb either. Proving that it is possible to turn around and defend as well as you score, linebackers Chalenski and McCoy, and tackles Hubinger and Kanterman will do their best to make life miserable for opposing offensive formations. Defensive halfbacks Ken Heim and Capizzano, along with corner Ken Kinney and free safety Kiriakatis figure to do a better job of patrolling the air lanes than some of the nation's air traffic controllers.

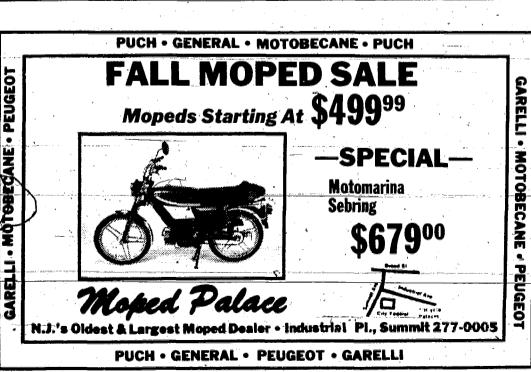

On paper, therefore, there doesn't appear to be much to "kick" about. But after Brearley touchdowns are scored, and in the event a key field goal is needed, returning placekicker Michael Vergura will be ready and willing to go.

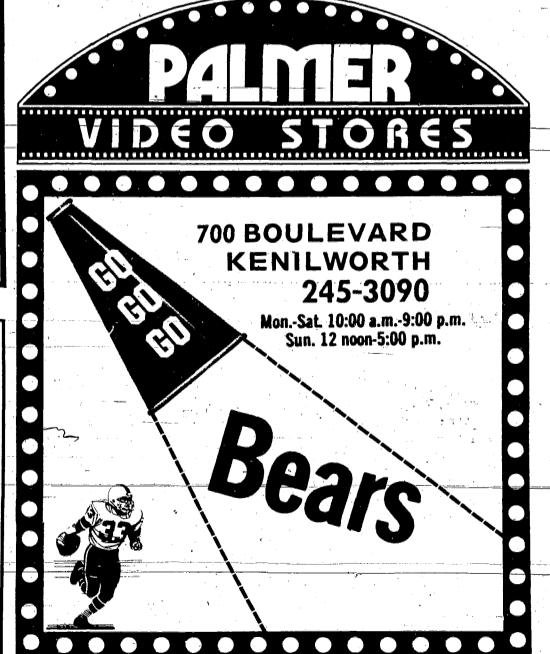

Like the rest of his teammates.

BRING 'EM DOWN!—Members of the Brearley Regional football team work out on a tackling sled as coach Bob Taylor looks on. The Bear defense is expected to a strong point again this year.

Questions surround Rams '86 season

By DENNIS ORLANDINI

Trying to get a fix on how well the Roselle Rams will do this season, might puzzle Jimmy the Greek, Pete Axhelm, and even the most senior football sages, and veterans of the lockerroom interview, training camps, and the Las Vegas odds boards.

Question marks abound. While the Rams appear to be strong at some key positions such as quarterback and tailback, a slew of starting positions were still undecided as the season approached.

Head coach Lou Grasso likes it that way. According to Grasso, the open spots weren't due to the fact that nobody had played well enough to establish themselves as starters. but rather, the opposite. Grasso said a number of players had played well at several spots, and that competition for jobs was intense. With under two weeks before their season opener against Ridge Sept. 27, the race for these spots was still too close to call.

"Competition helps bring out the best in our players," said Grasso.

He's also looking at some players at several positions, and that versatility could be a key behind any success the Rams may enjoy this

Grasso said his team will feature good depth. Roselle's roster is fundamentally composed of juniors who have already gained some varsity experience. Grasso said their key needs include filling jobs vacated by graduating seniors at center, tight end, and linebacker. All in all, the team was not badly hurt by graduation, Grasso said.

"I feel a lot better about this team at this stage, than most of the teams I've coached.'' said Grasso, now in his eighth year as head coach of the Rams.

Grasso termed the backfield and receiving positions as the most settled spots on the

Quarterback Shawn Wilson, a starter last

year ha worked hard on his passing, and his passing ability should keep defenses from keving too much on the Rams' running game.

Scott Baldwin, a strongly built, speedy junior is Roselle's leading rushing threat.

Baldwin enjoyed at 250 plus-yard game at one point in '85.

Fullcack George Payne complements Baldwin inthe backfield with his quickness and blocking ability.

Tight end Roland James, and wide receivers John Smith and Tim Smith form the heart of the Rams' reciving corps. James will also handle the team's placekicking and punting duties.

6-2, 255-pounder Keith Knapp appears likely to fill the shoes of last year's standout center Ray Massaro.

The other four blocking jobs have yet to be won, Grasso said. Kenny Knapp, Wendell Frazier, Anthony Dorsey, Altreque Cook, Tim Carwise, and Mike Curtis were all in the running for the remaining line posts.

Roselle's defense is even less settled than the offensive eleven. An injury to defensive captain and middle linebacker J.T. Whitehead has clouded the picture even

It is likely that several players will wind up as two-way starters. Several offensive lineman will switch over to their defensive line counterparts, and a number of backs and receivers will switch over to secondary positions. Fullback Payne, will see action at. linebacker, Grasso said.

Among the defensive specialists Grasso will employ are nose guard Delmeus Walker. linebacker Quadir Rauf, linebacker John Miller, and defensive backs Richie Harris, Troy Clark, Antoine Saterfield, and Shawn Smith.

"We'll rotate them a lot," Grasso said. ''Thev'll all get a chance.''

Whatever combination of players nails

down the starting defender jobs, you can look for an aggressive, risk-taking defense from the Rams

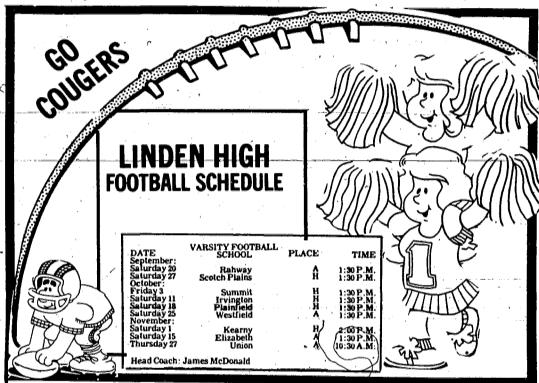

"We're gamblers," said defensive coordinator Rocky Shaw, "We love to blitz, and we can run a lot of variations off our 5-3-3 defense, so you don't know where the blitz is coming from.

The Rams fell just short of the .500 mark last year, finishing with a 3-4-1 record. They may have been a better team than their record indicated. It is arguable that with some breaks in the close games, Roselle could have finished with a healthy 6-2 mark.

Grasso and Shaw have teamed up to control the Rams' football program for the last eight years. Last year was the first time they fell short of the .500 mark since 1979, their first year together at Roselle.

The two have worked hard this summer to reverse the potential losing trend, and end the Rams' streak of losing seasons at one. As Shaw put it, "We don't take too kindly to losing around here.'
