TWO SECTIONS — 50 CENTS

No contest in borough primary

By Dennis Schaal
Staff Writer

Primarily speaking, in Mountainside, it was no contest.

In Tuesday's primary, in a turnout observers say was extremely light, Republican voters gave their ascent to incumbent Mayor Robert Vigilanti, returning Councilman Robert Wyckoff, and Robert Beattie, who will be seeking his first term on the governing body Nov. 5.

The three ran unopposed in the primary and will have no competitors in the fall general election.

Vigilanti garnered 173 votes for the mayoral spot, newcomer Beattie notched 178 for one council seat and Wyckoff attracted 175 for the second council slot.

The six members of the governing body and the mayor are Republicans, a balance of power shutout that will go unaltered next year.

"I'm happy that all the Republican candidates ran unopposed," Vigilanti said Tuesday following the tally. "I'd like to think that people think we're doing a good job."

Vigilanti, who resides on Ridge Drive, said he was not surprised at the sparse turnout since the Republican contest was not in doubt and because the voters had no major decisions to make.

Vigilanti, who served on the Borough Council for nine years, is assured of his second four-year term as the borough's top office holder in the Nov. 5 elections. The mayor also functions as president of the Union County League of Municipalities.

Incumbent Wyckoff, who lives on New Providence Road, is completing his ninth year on the governing body and will vie for his fourth term in November. He served as council president in 1990.

The second council seat opened when Councilwoman Marilyn Hart, a four-term Republican, opted not to seek re-election. With Hart's seat open, Beattie, a member of the Board of Adjustment, is making his first bid for the Borough Council. A Birch Hill Road resident, Beattie has lived in the borough for four years.

Under primary rules, only registered Republicans were eligible to vote for the unopposed Republican candidates.

The total turnout in both Republican and Democratic primaries from Mountainside was 273. Democrats had no borough candidates, but passed judgment on county freeholder slates.

HAPPY 100TH BIRTHDAY!—Children's Specialized Hospital in Mountainside will celebrate its 100th birthday Saturday with a gala party from 11 a.m.-3 p.m., to which the public is invited to enjoy free refreshments, carnival games and prizes, singing and entertainment. Putting the final touches on a special birthday cake made by the hospital's patients are, from left, Marty Dyke, president of Westfield Twig II; Shirley Biegler, hospital community resource coordinator; William Cross, Exxon applications designer in Linden; Sallie Comey, hospital director of education; and Trisha Yurochko of Mountainside, media services coordinator at the hospital.

Program will tackle litter in borough

By Suzette Stalker
Managing Editor

The Mountainside Borough Council and Department of Public Works and Facilities are teaming up with local residents for the renewal of the municipality's Clean Communities Program, to be held on July 13 from 9 a.m. to noon. The raindate for the program is July 20 during the same hours.

"We're basically going to operate it the same way we did last year," remarked Walter F. Dinizo, Public Works and Facilities director. "We're asking everyone in town for their participation. It worked very well last year, and I think people are very keen on litter control and recycling."

Borough Councilman Keith Turner, chairman of the council's Solid Waste and Recycling Committee, met May 22 with Dinizo and about a dozen borough residents to discuss the upcoming Clean Communities Program. The residents represented local organizations who have volunteered for the event.

Represented were the Mountainside Women's Club, Mountainside Memorial Post 10136 of the Veterans of Foreign Wars, Mountainside Active Retirees, the Recreation Commission, Our Lady of Lourdes Church, Mountainside Garden Club, Friends of the Mountainside Library and the Mountainside Fire Department.

The Clean Communities Committee, chaired by Dinizo, is comprised

of Public Works Chairman Robert Farley and Tom Root, a Public Works employee, as well as Mountainside resident Marina Kennedy.

Dinizo noted that although the committee has not yet selected definite cleanup sites, the locations will likely be either the same as or comparable to last year's program. Sites generally targeted for the program are roads and woodland areas which are particularly prone to litter accumulation.

Louis Vitale, a Hickory Lane resident, will add a special touch of ingenuity to this year's event by donating his patented plastic rings, which allow plastic bags to expand when they are filled with litter, according to Dinizo.

The Clean Communities Program is funded through the Clean Communities Act of New Jersey, which assists municipalities in their campaigns by providing funds for cleanup, educational and enforcement programs. This year, Mountainside received \$11,000, part of which will be used to purchase a new pickup truck for the Public Works Department, Dinizo confirmed.

Volunteers are asked to meet at Mountainside Borough Hall at 9 a.m. on the day of the cleanup, where locations will be assigned and tools such as rakes, litter sticks and plastic bags will be provided to them. A DPW truck will then go around and pick up the bags. Refreshments will be served and each volunteer will receive a T-shirt for his or her efforts.

Volunteers use conference for opportunities

By Suzette Stalker
Managing Editor

The call to volunteer echoed through Jonathan Dayton Regional High School in Springfield on May 29, as the Key Club welcomed representatives from 21 organizations to the school's third annual Volunteer Opportunities Conference, designed to promote community service among area young people.

Each organization had a table in the school cafeteria, where employees and adult volunteers answered questions and handed out brochures, business cards and other material to more than 100 students from Mountainside and Springfield who came seeking information about volunteer service.

Conference participants included Children's Specialized in Mountainside, Union Hospital, the Boy Scouts of America, Washington Rock Girl Scout Council, the Springfield Public Library, the Springfield First Aid Squad, the Mountainside Fire Department and Rescue Squad, the American Red Cross and the American Heart Association.

The Cerebral Palsy League of Union County, Voluntary Action Center of Union County, New Jersey Regional Day School of Millburn, Summit Speech School, Elizabeth Coalition to House the Homeless, Isaiah House, East Orange; the Meridian Nursing Center, Westfield; the Ashbrook Nursing Home, Scotch Plains; and Manor Care's Reach program were also featured.

In addition, the Jonathan Dayton Key Club and Safe Rides/Safe Homes also had tables at the event. The Key Club does volunteer work for such diverse organizations as the Summit Child Care Centers, Children's Specialized Hospital and Covenant House, while Safe Rides/Safe Homes strives to prevent tragedies caused by intoxicated drivers.

The first Volunteer Opportunities Conference was organized in 1989 by Jason Schneider of Mountainside,

then a senior at Jonathan Dayton, as his project for the Gifted and Talented Program. Schneider returned to his alma mater to coordinate last year's conference, and was also on hand this year.

Schneider, who will begin his junior year at Brandeis University, Waltham, Mass., in September has compiled a Volunteer Opportunities Resource Guide, which he has updated annually since 1989, and which lists approximately 60 organizations, mostly in Union and Essex counties, for which high school students can volunteer.

The Jonathan Dayton Key Club, a community service organization within the high school, ran the conference for the first time this year. Key Club President Kathy McCabe, a Springfield senior, organized last week's conference with the help of sophomores Ben Schneider, who has followed in his brother's footsteps, and Jason Perle of Mountainside.

A member of the Key Club for three years, McCabe described her own experiences with the club and as a past volunteer with Children's Specialized Hospital as being "some of the best things I've done in high school."

She added that volunteer service is an excellent way to prepare high school students for a successful future. "It really helps them later in life. Being a volunteer gives them job experience, self-confidence and helps them understand the world they live in and what they can do to improve it."

The New Jersey Regional Day School, which enrolls about 100 multiply-handicapped and hearing-impaired students, is one of only 11 such facilities in the state. It provides academic and vocational education, as well as occupational therapy, art, music and adaptive physical education classes, according to Dr. Stuart Barudin, program director.

"We maintain a relatively low teacher-student ratio and we can

Nancy Shackette, right, head of the Children's Department at the Springfield Public Library, explains the library's need for volunteer workers as Jennifer Geiger, a senior at Jonathan Dayton Regional High School, listens.

always use volunteers to provide more individualized attention," the educator explained. "What the student volunteers get is an opportunity to work with handicapped kids, learn a little sign language, and work with the kids in different educational environments.

"If students feel they have the slightest interest in pursuing a career in special education, they will know right away by spending some time in my school," he continued. He added that, besides the general rewards received from volunteering with any organization, the school provides students with "the extra benefit of making a career decision."

The Cerebral Palsy League, headquartered in Union Township, serves

as an education center for children and adolescents with cerebral palsy. It provides an Early Intervention Program for youngsters from birth through age 3 and individual education programs for those in preschool through age 21.

Grace Garcia, day care coordinator for the league, confirmed that student volunteers can assist with feedings, read stories to the youngsters and supervise playground activities. They can also participate in the league's Integrated Day Care program, which often includes students' non-handicapped siblings.

Gail P. Moffett, executive director of the Westfield-Mountainside chapter of the American Red Cross, remarked that the United States'

recent involvement in the Persian Gulf war has renewed an interest in volunteerism among young people nationwide and has also prompted a greater awareness of global issues.

Moffett explained that the ways high school students can volunteer for their local Red Cross chapters "basically has to do with the skills they already have. If they've had experience typing or filing in school or outside companies, they can do clerical work; and if they've had CPR or First Aid training, they can be part of our Junior Disaster Team."

Anyone interested in obtaining a copy of the Volunteer Opportunities Resource Guide or further information about volunteering for the various organizations can contact Jason Schneider at 232-8745.

Deer are presenting problems for local motorists

By Dennis Schaal
Staff Writer

Connie Silbert takes her dog for a leisurely stroll most mornings along Mt. View Road, a windy stretch in Springfield that splits the Beltsville Golf Club and Hidden Valley Park. But what should be an idyllic sojourn has too often recently turned gruesome.

Silbert, who lives in an adjacent residential section on Highlands Avenue, has, during this ritual, discovered the carcasses of five deer, apparently killed by cars, during May alone. The most recent incident on

Mt. View Road occurred May 25. She said most of the accidents have taken place during the daytime.

"There's no reason for people to drive the way they do up there," Silbert, a town resident for 21 years, complained Monday. "It's not a highway."

Silbert explained that she is concerned not only for the welfare of the defenseless deer, but also fears that pedestrians who utilize the roadway including children who live on nearby streets like Top Dog Drive and Per Hills Road may be at risk from the speeding traffic.

Although at several turns on Mt. View Road posted signs urge a 25 mile-per-hour speed limit, Silbert disclosed that the state considers the street a rural road, which it classifies as a 50 mph zone.

"It's considered a rural road, but it's really not a rural road," she contended. "There are residential areas close by. Children ride their bikes there and there are people walking."

The township police department is aware of the problem and is considering further safety measures. Police Capt. James Hietala confirmed this week that "between three and five

deer" have been struck by autos on Mt. View Road in the past month. He said the deer apparently wander from Watchung Reservation in Mountainside, through the golf course and onto the streets.

But Hietala pointed out that Mt. View Road is not considered among the more dangerous in the township and that instances of deer being struck by cars have taken place on Rt. 22, Summit Road, and most recently, Shampike Road also.

Silbert advocated that the speed limit on Mt. View Road be changed to 35 mph — and that the township

police should enforce it. She commended Hietala, whom she's been in contact with concerning the problem, for his cooperation. But she stated that "you rarely see a police car" giving tickets on the road.

She also urged the township to maintain the brush along both sides of the road so that motorists would have better visibility in order to avoid the animals.

Hietala noted that Silbert has a "valid complaint" regarding the deer being struck. But he said from his perspective the situation is "a deer problem." See DEER, Page 2

Deer becoming problem along the local roadways

(Continued from page 1)
 lem, not a speeding problem."

The captain said he has assigned patrol cars to monitor the pace of motorists on the road, but so far they have not registered any unusual speeding violations there. He said that a true indicator of a speeding problem would be a spate of traffic accidents on Mt. View Road, which has not taken place.

Hietala said that "deer crossing" signs were posted on Mt. View Road last year, but that the animals keep

colliding with cars because "the deer can't read." He said he recently witnessed a Mercedes strike a deer on the roadway around 4 p.m. one day. Hietala was driving in a patrol car behind the other auto, which he said was traveling at 25 to 30 mph.

"If that car wasn't up ahead of me, then it would have been me that was wearing that deer as a hood ornament," the captain said.

Hietala observed that instances of deer being hit by cars have occurred with regularity during this time of

year for the past five years, if not longer.

The police captain said the township has ordered curve signs, which will be installed at windy junctures on Mt. View Road in the next two weeks, in an effort to slow the traffic. In the meantime, Hietala said he is collecting additional reports from officers who have been assigned to monitor motorists' speeds on the road.

Hietala indicated that these patrol reports will be forwarded to the township engineer for further consideration.

Library adds magazines to collection

The Mountainside Public Library, in addition to its new children's videos, large print books and other expanded programs, has added to its periodical collection a variety of magazines which can be checked out for one week.

For electronic buffs, "Radio Electronics" features building and technology reports on videos, stereos, computers and other equipment. "Vanity Fair," a publication about people in society, entertainment and

the media, features Dolly Parton as the cover story for its June issue.

"Omni," covering a wide gamut of science, economics, science fiction and space travel, is recommended for the eclectic reader. For those interested in subjects which would not appear in the mainstream press, the "Utne Reader," subtitled "the best of the alternative press," is available. This publication includes divergent views on books and politics.

For young adults, "Rolling Stone"

contains articles about rock and roll, its stars, national affairs, entertainment personalities and television. One of its feature articles this month is a tribute to Bob Dylan on his 50th birthday.

"Compute," the complete home computer resource, will be helpful to those who already own a computer or are thinking of buying one.

New juvenile magazines include "Art and Man" published by Scholastic, which provides a good foundation for children about art and artists.

"Mad Magazine" features satirical humor and amusing cartoon strips. "Sports Illustrated for Kids" contains color photos of children engaged in various sports, plus human interest stories about the sons and daughters of famous athletes.

Local artist to present exhibit at children's hospital

World-renowned artist and illustrator Harry Devlin of Mountainside will present an exhibit of his illustrations at Children's Specialized Hospital, New Providence Road, Mountainside, throughout the month of June.

Devlin, known for both his illustrations and his architectural works, will feature illustrations which were done for children's books written by his wife, Wende Devlin.

He is presenting the exhibit in honor of the hospital's centennial celebration, and his work will be on display during Children's Specialized's 100th birthday party to be held on the hospi-

tal grounds this Saturday.

Some of his well-known works, presented in collaboration with his wife, are the Cranberry series of children's books, "Cranberry Thanksgiving," "Cranberry Mystery" and "Cranberry Birthday," along with "Old Black Witch," "The Knobby Boys To The Rescue" and "Aunt Agatha, There's a Lion Under The Couch."

Devlin's popular series of films for New Jersey Broadcast is entitled "To Grandfather's House We Go."

A World War II Navy artist, Devlin received a bachelor of fine arts degree

from Syracuse University and illustrated for the national magazines "Collier's" and "Saturday Home Magazine."

He is the recipient of numerous honors, including the Chairman's Gold Medal from the Society of Illustrators; an Award of Recognition from the New Jersey Historical Commission and an honorary doctorate in Humane Letters from Kean College.

Devlin is a member of Artist's Equity of New York and a life member of the Society of Illustrators. He is a member and served as president of the National Cartoonists Society and

is currently honorary chairman of that group.

He is a member of the Associated Artists of New Jersey and has been inducted into the Advertising Hall of Fame. Both Devlins are in the Literary Hall of Fame, and Harry Devlin recently presented a retrospective exhibition at the Morris museum.

"Children's Specialized is honored to have Mr. Devlin present his works as part of the hospital's centennial

celebration," commented hospital president Richard B. Ahlfeld. "What a better combination than children's illustrations with a children's hospital for the celebration of 100 years of care and service."

If an individual or group would like to view the display between 8 a.m. and 4:30 p.m. during the week or on weekends, one can contact Shirley Biegler, hospital community resource coordinator, at 233-3720, ext. 379.

Schobel earns honors

The deans of Rider College's Schools of Business Administration, Continuing Studies, Education and Human Services, and Liberal Arts and Science have announced the names of more than 1,000 undergraduate students who have been placed on the Dean's List for academic excellence. Springfield resident Eric Schobel, majoring in accounting, earned the academic honors.

Students earn honors

Springfield residents Shelby Applebaum and Gregory Maltman, both 11th-graders at the Wardlaw-Hartidge School in Edison, have achieved a spot on the Upper School Honor Roll for the fourth marking period.

The Wardlaw School is an independent coeducational institution with campuses in both Edison and Plainfield. A member of The National Association of Independent Schools and NJAIS, the school serves more than 50 communities in central New Jersey and welcomes students of all races, religions, national backgrounds, and economic circumstances.

First honors given

Springfield residents Dawn McGann and Robin O'Brien achieved first honors for the third marking period at Mother Seton Regional High School in Clark.

In order to receive first honors, a student must earn all A's in her academic subjects. Many of the above are enrolled in the honors program at Mother Seton Regional High School.

Students earn degrees

More than 1,700 students were awarded diplomas during commencement exercises at Glassboro State College on May 17.

The college awarded bachelor of arts, bachelor of science, master of arts and educational specialist degrees.

From Springfield, candidates for degrees included Justine Chrystal, majoring in communications, Michael Knox, majoring in law/justice, and Bruce A. Yablonsky, majoring in communications.

Degrees bestowed

Springfield residents Patricia Anne Cameron and Mina Antonietta Zotti were among the 144 seniors at the College of Saint Elizabeth who were awarded bachelor's degrees at the

89th commencement exercises on May 18.

Cameron received her bachelor of science degree in business administration and mathematics, and Zotti received her bachelor of science degree in business administration.

Honorary degrees also were conferred on Dr. Elsa Gomez of Cranford, president of Kean College and an alumna of the College of Saint Elizabeth, who delivered the commencement address.

Roden makes list

Frederick Scott Roden of Springfield was among the 482 students at Drew University's College of Liberal Arts who were named to the 1990 fall semester Dean's List for their outstanding academic achievement.

Roden earned a minimum of a 3.4 grade-point average, equivalent to or better than a B+, on a scale in which A equals 4.0.

Founded in 1867, Drew University is a selective, independent university with an enrollment of nearly 2,200 in a college of liberal arts, a graduate school and a theological school affiliated with the United Methodist Church. Drew is one of only three universities in New Jersey with a chapter of Phi Beta Kappa, the nation's most prestigious academic honor society.

Weisholtz graduates

Jason R. Weisholtz, son of Mr. and Mrs. Mark Weisholtz of Cottage Lane, Springfield, was among approximately 300 members of the class of 1991 of Albright College, Reading, Pa., who received their baccalaureate degree in the arts and sciences during the 132nd commencement exercises on May 26.

Weisholtz earned a bachelor of science degree in accounting.

Law degree bestowed

Howard Matalon of Shelley Road, Springfield, received the degree of Juris Doctor cum laude on May 12 from Boston University School of Law. Matalon was a Touro scholar and was also the note editor of the Boston University Law Review.

He received his bachelor of arts degree summa cum laude from Brandeis University, Waltham, Mass., and was elected to Phi Beta Kappa.

Matalon will be serving a one-year judicial clerkship with New Jersey Supreme Court Justice Alan Handler and will thereafter become an associate with the law firm of Lowenstein, Sandler, Kohl, Fisher and Boylan, Roseland.

Kahn graduates

The party candidates who will be on the ballots in November for two-year Assembly and Senate terms, and three-year county freeholder terms, were decided in Tuesday's primaries.

Although most of the legislative districts which cover Union County had uncontested state Assembly and senatorial primaries on Tuesday, the 20th and 29th districts, which include Hillside, Linden, Rahway and Roselle, were the showcase for two contested Democratic primaries for the Assembly. Three candidates battled for the two slots on the ballot in the 20th, and four in the 29th.

Nine Democrats, including a line of three Regular Hillside Democrats and a line of three Roselle Democrats vied for the three slots on the freeholder ballot in the fall.

20th District

Incumbent George Hudak, and Elizabeth Mayor Tom Dunn won the 20th District, which includes Roselle, Rahway and Linden.

Hudak recorded 6,124 votes, unofficially, while Dunn garnered 5,783.

Hudak, a Linden resident, was first elected to the Assembly in 1987. Prior to sitting at the state level, he served on Linden City Council for decades and was council president in 1979.

Dunn has served as mayor of Elizabeth since 1965 and as a senator from 1974-78. He sat on the Union County Board of Freeholders from 1959-1964, and on the Elizabeth City Council from 1952-1956.

James Devine, the odd man out, tallied 3,864 votes, unofficially.

Philip Gentile and Richard Hunt ran unopposed in the Republican primary for the Assembly as did Raymond Lesniak, the incumbent Democratic senator and Jeffrey Cohen, who will run against him on the Republican line in the fall.

Gentile is an attorney who lives in Elizabeth. Running for his first elected office, he has been active in the Republican Party for the last two years.

Hunt, who has been active with the Republican Party in Linden, has not held a public office either. He is also running for the Linden City Council from the 1st Ward.

Lesniak, an Elizabeth resident, first was elected senator in a special election in June 1983. He was re-elected in the fall of 1983 and again in 1987. Immediately prior to his Senate terms, he served as an assemblyman for 5 1/2 years. Lesniak, a graduate of St. John's University School of Law, is a partner in a Roseland law firm.

Cohen, a Rahway resident, is seeking his first elected office. In 1989 he ran in the previous 20th District for Assembly and lost to Tom Deverin and George Hudak. Cohen is a toll collector on the New Jersey Turnpike and has been active in representing his Union in Rahway.

21st District

None of the Assembly or Senate primaries was contested in the 21st District, which includes Kenilworth, Roselle Park, Springfield and Union.

Democrats Neil Cohen and Gary Neissenbaum will be on the Assembly ballot in November as will Republicans Monroe Lustbader and Maureen Ogden.

Cohen served as a Union County freeholder from 1988-1990 and was elected to the Assembly for his first term in 1989. The Union Township resident has a law practice in Montclair.

Neissenbaum, a Springfield resident, has been a practicing attorney since 1984. The 31-year-old has been involved with the Democratic Party since his college days.

Lustbader, a Short Hills resident, is currently serving his fourth term as an Essex County freeholder. The 59-year-old is a West Orange-based lawyer.

Ogden is the incumbent Republican. She served on the Township Committee in Millburn from 1976-1981, during which time she served three years as mayor and three as deputy mayor. She was first elected to the Assembly in 1981.

The Republican line for Senate will be incumbent C. Louis Bassano, who will run against Caldwell resident Cathy Mills.

Bassano, a Union resident, was first elected to the Assembly in 1971, but lost in the Democratic landslide of 1973. He rebounded and was re-elected in 1975, 1977 and 1979. He was elected to his first Senate term in

1981 and re-elected in 1983 and 1987. Information about Mills was unavailable at press time.

22nd District

In the 22nd District, which includes Clark and Mountainside, Bob Franks and Richard Bagger will be the Republicans on the November ballot and will be running against Edward Kahn and Richard Kress.

Franks, a New Providence resident, was first elected to the Assembly in 1981 and has been re-elected four times. He is a management consultant.

Bagger was first elected to the Westfield Town Council in 1983 and was re-elected in 1985 and 1987. Since 1990 he has served as mayor of Westfield. Bagger, a Princeton graduate, is an attorney.

Kahn, a Scotch Plains resident, is director of operations for a printing company. He ran for Township Council last year but was defeated by less than 1 percent of the votes. The 31-year-old has been appointed to the Governor's Advisory Council of Small Businesses and the Union County Economic Development Corporation.

Kress, a Mountainside resident, is a practicing attorney in Clark.

The senatorial candidates are Republican Donald DiFrancesco and Democrat June Fisher.

DiFrancesco, a Scotch Plains resident, was elected to the Senate in a special election in 1979 and re-elected in 1981, 1983 and 1987. He served as

minority leader in 1982, 1983 and 1984. From 1976-1979 he was in the Assembly.

Fisher, a Scotch Plains resident, has been an active member of the Democratic National Committee and chair of the Eastern Region. She served on the state committee for 18 years and is currently commissioner of elections in Union County.

Freeholders

The Democrats, including incumbents James Connelly Welsh and Walter E. Boright, and newcomer Troy Smith, won the Union County freeholder primary by a landslide in most towns. The Hillside and Roselle lines took only a fraction of the votes even in their home towns.

Welsh, a Hillside resident, served on the Township Council for nine years including a stint as mayor. A lawyer, he was elected to the Freeholder Board in 1989.

Boright, a Kenilworth resident, served on the Borough Council and as mayor.

No information was available pertaining to Smith as of press time.

County sheriffs, administration reach agreement

By Alec Schwartz
Managing Editor

Union County Manager Ann Baran was able to reach an accord Monday with the county sheriff and the courts, which will thwart any legal proceedings with regard to the reduced funds allotted to those departments under the introduced county budget.

According to Freeholder Chairman James Connelly Welsh, the result of the Democrats' tough stand with respect to budget restrictions was responsible for a savings of around \$400,000. He said that the courts and sheriff had originally asked for \$400,000 more than they settled for after negotiations with Baran.

He said further that the Republican minority on the Freeholder Board was almost able to undermine the efforts, when two Republican freeholders voted against introduction of the \$216-million budget on May 23. However, the Democrats received support from Freeholders Casimir Kowalczyk and Gerald Green, who "pulled themselves out of sick beds" to attend the meeting. The budget was introduced by a 5-2 vote.

Welsh said that the approach which caused the two departments to "knuckle under" could not have worked if the budget had not been introduced when it was.

Green said that "11th hour" negotiating by Baran was laudable.

On Friday Assignment Judge Edward W. Beglin Jr. sent a letter to the freeholders stating that the

\$508,153 difference between the budgeted and requested funding was not acceptable. He stated further that the courts would follow the standard appellate procedures.

"The judge indicated that he would take us through the judicial process of which the decision makers are judges," Welsh said.

Welsh said that avoiding a judicial appeals process did more than assure the decision was mutually acceptable. He said that the taxpayers would not have to foot the cost of legal bills which the process almost surely would have required. He said that the process also would have tied up staffs from all parties involved, who could otherwise have been providing their accustomed services.

Baran said that the reduction of the court's and sheriffs' budgets is the first step toward correcting a long-standing problem which requires county tax money to pay for state services. She said that a strong legislative push would be following so that county tax money would cover the costs of county services such as parks and roads, and revenues which fund state services will come directly from state taxes.

Baran was able to reduce the \$508,153 difference in the courts' budget, which Beglin said was too large to deal with, to just \$80,000. Beglin agreed to comply with the freeholder-suggested furlough program, which narrowed the gap to

\$274,991.

Library offers amnesty period on overdue books and videos

The Springfield Public Library, 66 Mountain Ave., has announced that an amnesty period for all overdue library materials, except for the charges on videos and charges on rental books, will be held this month.

Fines on overdue materials returned to the library between June 10 and June 21 will be forgiven. The library urges residents to check school lockers, car trunks, closets or any other favorite hiding places for overdue books and return them to the library during this period with no penalty.

The library also wishes to remind all users that summer hours will begin on June 22. This means that the library will be closed on Saturdays and Sundays during the summer and will resume regular weekend hours beginning Sept. 7.

As always, the library is accepting donations of magazines and paperback books in good condition. Magazines should be two years old or less. For further information, one can call the library at 376-4930.

In other news, the library will be featuring a display this month by Springfield students in the Gifted and Talented programs at township schools, including works by academically, artistically and musically talented young people, according to program coordinator Pamela Gray.

The upper level academically gifted students will present the results of their investigations into the economic principles essential to the creation and marketing of a new model car. The lower level students, including those in kindergarten through

grade four, will display individual projects.

The Talented Art Program will be represented by student work from all grades. Musically talented students in the Bravi Program will display the sheet music for their original compositions. The public is invited to attend this exhibition in the meeting room during regular library hours.

Finally, Emma Lampariello, treasurer of the Springfield Public Library board of trustees, will show her origami boxes and modulars in the display cases in the library's entrance.

Lampariello, a Springfield resident, is well-known in the area for her artful decoration of the library's Christmas tree. In addition, she has given Sunday afternoon workshops at the library to share her enthusiasm for this Japanese art form.

Women's vets organization holds installation

Garden State Chapter 52 of the Women's Army Corps Veterans Association will hold its installation of new officers for 1991-92 on Sunday at 1 p.m. at the Menlo Park Old Soldiers Home, Edison. Refreshments will be served.

Angelo S. Morganti of Westfield, past post commander of Mountaineer Memorial Post 10136 of the Veterans of Foreign Wars and past commander of the Veterans of Foreign Wars of the United States, District 5-Union County, will install:

Sophia Kawejcsza, president; Ann Schopf, first vice president; Stella Slocum, second vice president; Beverly Buchanan, secretary; Eileen Johnson, treasurer; Gladys Thorpe, chaplain and Millie Dudas, sergeant-at-arms.

The WAC Vets meetings are held on the second Sunday of each month from September to June at 1 p.m. at the Menlo Park Old Soldiers Home. Women who have served in the

WAAC, the WAC, those now serving in the United States Army or reserves are invited to join.

Further details are available by calling Stella Slocum at 985-2510.

UNICO elects officers

The Springfield-Mountainside Chapter of UNICO National recently elected a new slate of officers for 1991-92. Chief officers include Vincent Bonadies, president; Sam Russo, vice president; Vincent Scalera, sec-

retary and William Cieri, treasurer.

The other officers are Michael Bove, assistant treasurer and Philip Torrisi, Dominick LaMorgese and Joseph C. Chieppa, delegates to the District and National Conventions.

SANDWICHES FOR THE POOR — Students at St. James School in Springfield have been bringing in sandwiches once a month since the beginning of the 1990-91 school year to help St. Joseph's Church in Elizabeth feed the homeless in the area. Centennial salute

For the last 100 years, Children's Specialized Hospital has been treating sick and injured youngsters from around the world.

On Saturday, the hospital will commemorate its 100 years of service with a celebration that will feature carnival games, refreshments, music and entertainment throughout the day.

The celebration is open to the public, and we encourage all Mountainside residents to be a part of this small aspect of the borough's history.

The celebration will give residents the opportunity to salute the state's only hospital dedicated exclusively to pediatric rehabilitation.

We salute the administration, staff members and volunteers for their dedication to the rehabilitation of children.

In recognition

What a way to end a 40-year career as a teacher!

Second-grade teacher Alice Ortolf will put away the pencils, pens, notebooks and chalk for the last time this year, as she says farewell to Deerfield School, her home away from home for the last 23 years in the Mountainside School District.

Ortolf will take into retirement more than just a host of memories of the students she has educated. In May, she was presented with the Governor's Teacher Recognition Award, the piece de resistance to a long career in education. The award is given annually to one teacher from each New Jersey school district for outstanding job performance.

Ortolf is not walking the path into retirement alone this year. She will be accompanied by Gene Castor, who will have spent the last 32 years in the school district.

Our hats off to two people who provided one of the most valuable gifts we can give our children — knowledge.

LET'S DANCE — The Mountainside PTA and the Mountainside Music Association recently sponsored a program by the Phyllis Rose Dance Company at Deerfield School. The students had an opportunity to participate in classroom workshops, where they were instructed in dance movements by members of the company. After the workshops, the students were able to see the culmination of some of the exercises during a performance by the entire company. Many of the students participated in the performance by demonstrating their newly-acquired skills.

Authority aggressively pursuing rate relief

As you know, we are aggressively pursuing a regional partner for our 1,440 ton-per-day waste-to-energy project in Rahway. In addition, we are examining the viability of several ash disposal facility locations for final disposition of ash generated by the facility. I am encouraged by a newspaper story on this subject. To that end I have directed Joseph Kazar, executive director of the Authority, to begin immediate discussions with Middlesex County regarding a possible arrangement with that county. We are also pursuing regionalization negotiations with several other counties which are at various stages and will continue to vigorously pursue all potential partnership opportunities.

I want to emphasize that all of our permits are in place and we have completed all of our submittals to the BPU staff. We expect that the McEnroe process (review of the project) will be completed by BPU staff and final approval for construction will be given by late summer so that construction may commence at that time. This necessary project should then be available in two years to put an end to the spiraling cost of waste disposal which has been associated with risky out-of-state disposal patterns.

In addition, on the subject of transfer stations, I would like to report that the Authority took formal action at its meeting last night to correct a troubling problem concerning transfer station rates. We were distressed to learn that the 23 percent reduction in disposal rates at the AMS transfer station

Be Our Guest

By Angelo Bonanno

has in many cases been wrongfully retained by garbage hauling companies instead of being passed through to the consumer. The Authority was successful in negotiating this 23 percent decrease in rates with AMS which was formally approved by the N.J. Board of Public Utilities on Feb. 13, 1991. The rates at AMS went down on March 1, 1991.

Our investigations indicate that of approximately 160 BPU regulated haulers who use AMS, only 36 filed the required tariff amendments by the Feb. 27, 1991, deadline. As of May 10, 1991, only 55 haulers had filed, and of this group 12 tariffs are still not approved by the BPU, meaning the higher rates were still being charged by the haulers to their customers. Over 100 haulers had not filed the mandatory revisions by May 10, 1991.

The impact of this situation is as follows:

- On March 1, 1991, rates fell 23 percent at AMS to all haulers using the facility.
• On March 1, 1991, all municipal customers of AMS began to immediately enjoy the full rate reduction.
• Between March 1, 1991, and

today, over 100 haulers continue to charge their customers the old rates, but are themselves charged the lower rate, wrongfully pocketing the difference.

The Authority estimates that over \$50,000 per week is wrongfully being retained by haulers and not passed through to the homeowners and businesses as was ordered by the BPU in February.

In order that this inequity be corrected, the Authority last night authorized its general counsel to file an emergent application with the BPU. This application would require that by June 1, 1991, all haulers prove to the Authority that they have reduced their rates to their customers. If they have

not put these reductions into effect, they would be charged the old, higher rate. These additional funds would be placed, by the Authority, into an escrow account to benefit the ratepayers. The Authority would also take action to ensure that all haulers take immediate action to lower their charges to their customers.

The Authority feels very strongly about this issue. We want to make sure that the rate relief we worked so hard to achieve benefits the taxpayers of Union County and is not wrongly intercepted by private haulers.

Angelo Bonanno of Hillside is chairman of the Union County Utilities Authority.

Red Cross thanks residents

To the Editor:

The Westfield/Mountainside Chapter of the American Red Cross wishes to thank the donors from these two communities for their generous support of this year's Membership Campaign.

With 75 percent of our goal reached, we are finishing up the campaign this month with every expectation of reaching our annual fund goal.

As one agency of the United Fund of Westfield, we are proud of our partnership and appreciate the financial underpinnings that its allotment provides our local work in disaster relief, service to the military families and veterans, blood services, health and safety education, youth and senior and disabled transportation.

This fiscal year's report will show the enormous outpouring of aid for victims of Desert Storm, Kurd Relief, Bangladesh and the national disasters. We are struck with admiration by the response of Westfield and Mountainside residents and businesses. Our thanks are small compared to those of the recipients.

With every good wish for our continued association with the giving and responsible citizens of Westfield and Mountainside, we are encouraged in our efforts to assist individuals to prepare for and cope with emergencies and neighbor to help neighbor.

Veto assault weapon bills

To the Editor:

Editor's note: the following letter was directed to Governor Florio. On behalf of New Jersey PTA's 255,000 members, I urge you to continue your support for strong assault weapon protection for New Jersey's citizens and veto A-4263/S-3140. These bills were passed with very little grassroots public input and reflect the view of a small lobby group, not New Jersey's citizens.

Health and Human Services Secretary Louis Sullivan has said "We are losing our youth, not only to disease but increasingly to injury and violence. Just as we have controlled so many childhood diseases, we must now mount an equally aggressive campaign to rid our children's lives of the causes and tools of injury and violence." Military assault weapons are tools of violence and war, and as such should be strictly regulated.

New Jersey PTA believes that our current assault weapons law provides adequate protection to NJ's children and their families. The Senate and Assembly acted out of fear for their re-election in passing S-3140/A-4263, not out of concern for the public. Please veto this legislation, to protect New Jerseyans, especially the children.

Bill will help save lives

To the Editor:

Earlier this month, Congressman Bernard J. Dwyer (D-NJ-6) stood up for America's law enforcement community and cast a vote for public safety. He joined 238 other courageous members of Congress in voting for the Brady Bill, which will give police adequate time to run background checks to ensure that we're not handing over handguns to known criminals and crack dealers.

The Brady Bill has the support of 95 percent of Americans, including 87 percent of the gun owners, according to national polls. In addition, the measure is backed by former Presidents Reagan, Ford, Nixon and Carter.

Congressman Dwyer's constituents can be proud that their representative put their safety above the special interest gun lobby. The Brady Bill will help save lives and reduce handgun injuries. We hope that the U.S. Senate follows the lead of the House and passes this legislation.

Court's abortion ruling is intrusive, unfair

"If the government says they don't want to fund abortions, that's one thing, but how can you be stopped from giving women information about something legally available to them and how can doctors do their jobs when they're not allowed to?" said Sharon, a 24-year-old college student from Bayonne.

"I would feel my rights were violated because they wouldn't give me the full information; that's their job to tell me. It's something like blackmail. Either you do it our way or you won't get the money," said a 19-year-old patient at a public health clinic in North Jersey.

"If you take this away from them, this might be their last hope," said Ann, a 27-year-old mother of two.

These were just a few of the public reactions from concerned New Jersey women in response to the appalling 5-4 ruling by the United States Supreme Court upholding "the U.S. Department of Health and Human Services regulations barring facilities that receive Title X funding from discussing abortion or referring women to facilities that perform abortions."

It is ironic to say the least, that this newly-aligned, more "conservative" Supreme Court would take such an aggressive, intrusive governmental role in the lives of women, primarily the urban poor with respect to abortion.

Ronald Reagan, George Bush and other "conservatives" have long advocated for less government and less regulation in the private lives of American citizens. "Less government is better government" was one of their more popular campaign slogans.

But this dangerous decision, made possible by the vote of conservative Bush appointee David Souter, is not only a blatant invasion into the private lives of women, it also forbids doctors

Screening New Jersey

By Steve Aduato Jr.

from offering advice, information or treatment to these women regarding a medical procedure that has been declared a "legal" option.

Souter confounded many when he stated during arguments in the case, "You're telling us (the government) in effect, may preclude professional speech." That's right, Mr. Souter, so why did you vote with the majority to interfere with the intimacy of doctor/patient relations?

It is bad enough that these five justices are restricting information to women regarding such a personal, moral and medical decision, but the fact that their primary targets are poor, often teen-agers, who are in need of such valuable information often only found at federally-funded clinics.

These are the women of East Orange, Trenton, Asbury Park, Elizabeth and Plainfield, who unfortunately don't get their information from respected "medical journals" or by reading the health or medicine section of the New York Times. These are the women who need the help of a caring and supportive government. These are the women who are least likely or able to politically mobilize and fight back.

This decision doesn't affect middle- and upper-class women who can afford to seek medical advice and treatment about abortion in private clinics. It is only those clinics that receive federal dollars that are being jeopardized. Some call this the power

of the purse strings, but it is more appropriately labeled economic "blackmail."

This cruel decision by our nation's highest court has forced financially-strapped public health clinics to make a brutally difficult "choice": Either stop providing information or counseling to women regarding abortion, or lose much-needed federal funding.

In many ways, this debate is not about whether abortion is morally right or wrong. It's not about the complicated decision of when life begins. For as long as abortion is legal in this country, this court decision is about questions of justice, equal access to health care and growing disparities among the rich and poor.

On these questions, this newly-

aligned, more "conservative" Supreme Court has spoken loud and clear. Now, it is Congress' turn. They should immediately begin the effort to pass legislation "restoring to federally-financed clinics their right to offer abortion counseling" — in spite of the fact that a "kinder and gentler" President Bush has threatened to veto such an effort. If it comes to that, Congress should attempt to override his veto. The Supreme Court, President Bush and other like-minded "conservatives" are dead wrong on this issue and they should not have the last word.

Program managers should be accountable

Faced with a pay-as-you-go budget agreement over the next five years, Congress is in a financial bind. It cannot fund new initiatives for education, the environment or health care unless it takes the money from existing programs or raises taxes to cover the added spending.

In order to initiate a new spending program, Congress must shift its priorities within the proposed \$1.4 trillion budget by trimming waste and eliminating obsolete programs.

As matters now stand, however, there is no precise way to determine for certain whether the government is spending the public's money prudently. Pet programs that have been on the books for decades achieve a kind of immortality; they are seldom terminated and go on from year to year with minor variations and more money.

Unless a program, such as subsidized housing, runs into trouble because of allegations of waste, mismanagement or fraud, Congress and the administration have few yardsticks to measure their success or failure. Thousands of government programs eat up federal taxes each year

Report From Washington

By Matthew Rinaldo

without being routinely obligated to show that they are producing results.

Washington can learn something from states and cities that use performance standards for certain programs. Phoenix, Ariz., Dayton, Ohio, and the states of Florida and Oregon are using performance-based budgeting to set specific program goals which are measurable at the end of each budget year. Oregon has 160 measurable goals that help state legislators keep track of the state's progress over the next 20 years. They range from annual reports on how many commuters each year switch from single occupancy cars to reach the goals that the state transportation department has set, to the state's annual targets for recycling waste.

Congress and federal program managers need to find out what works and what doesn't under a concept for performance standards that is built into the budget of each federal agency and program. Program standards should measure what the taxpayers are getting for their money, what the programs are supposed to accomplish, and determine if they are meeting their goals.

Legislation that I am backing, the Federal Program Performance Standards and Goals Act, would require federal agencies to establish performance standards and goals for every major spending category.

Not all programs can be neatly measured: research into genetic diseases or the development of new energy sources are two examples. There are many dead ends that scientists run into before they can accomplish their goals. But in general, performance standards work well in most cases.

The Department of Health and Human Services, for instance, can develop performance standards for programs to reduce infant mortality rates. The Justice Department already publishes annual reports on crime rates, and Housing and Urban Development can set goals and perfor-

mance standards for programs that rehabilitate rundown housing.

Over the last several years, Congress has given the General Accounting Office increased authority to evaluate programs as part of the Legislative Reorganization Act. I want to take it one step further by requiring each program manager to include annual goals and performance standards in their budget requests to Congress. That way, they can be held accountable for their success or failure.

Finding that certain programs do not work would help Congress to weed out those that are wasting money, and it would make more funds available for new programs and for those that are successful but need more money to expand. It would also require Congress to specify what it expects a program to achieve when it approves a budget request. It is time for a performance revolution to force the federal government to function more effectively with scarce resources and to get rid of programs that are no longer needed.

Summer arts festival concert series announced

The Union County Board of Chosen Freeholders has announced that the Department of Parks and Recreation's 1991 Summer Arts Festival concert series will begin June 19, with a Jewish Heritage Night Concert.

The 11-week series will feature a different type of musical group each Wednesday, from 7:30 to 9:30 p.m., in the amphitheater area of Echo Lake Park, Mountainside. Concert admission is free, and patrons should bring lawn chairs or blankets to sit on.

According to Freeholder Vice Chairman Elmer Ertl, "The season's first concert, Jewish Heritage Night, will feature The Hester Street Troupe. The trio includes Jay Seifach, Alan Sweifach and Jim Bazewicz of Cranford, and is being brought back this year due to their popularity in the past."

The Hester Street Troupe took its name from the Lower East Side of New York. It was on Hester Street that many of the newly arrived immigrants lived, pushcart vendors sold their wares, weddings were held in the street and back yard, and Klezmer bands were in the forefront of Jewish entertainment. The Hester Street Troupe brings their audiences back to that time with their interpretations of popular and older Yiddish songs, Klezmer melodies, Freilachs, Hebrew and Chassidic melodies, as well as English songs with a Jewish flavor.

The 1991 concert schedule is as follows:

- June 19, Jewish Heritage Night featuring The Hester Street Troupe.
- June 26, A choral celebration featuring The Celebration Singers.
- July 3, The National Chorale sponsored by Merck & Company Inc.
- July 10, The Big Band Sound sponsored by the American Federation of Musicians, Local 151 featuring The Music Makers.
- July 17, Broadway Review featuring Tuxedo Junction.
- July 24, Country-Bluegrass Festival featuring The Warrior River Band.
- July 31, The Ocean County String Band sponsored by McDowells Total Comfort Company.

Disabilities Act is topic at county chamber meeting

Implementation of the new United States "Americans With Disabilities Act" will be the subject of discussion at the next Union County Chamber meeting at 8 a.m., Monday, at the Ramada Hotel, Clark. The cost is \$15 per person for chamber members, \$20 per person for non-members.

The speaker will be Claire L. Scarano, coordinator of mentors in the Vocational Services Department at Kessler Institute for Rehabilitation Inc. in West Orange.

She will also acquaint business leaders with Kessler's mentoring program and to let them know how she can help them find reliable employees and provide support in the initial stages of employment of Kessler's clients who have all recovered from a head injury and are ready and motivated to work.

Reservations may be made by calling The Chamber at 352-0900. Reservations requests are urged to be made early.

908 will begin Saturday — and we're not kidding

New Jersey's new 908 area code officially takes effect Saturday.

Beginning at 2 a.m., New Jersey Bell, United Telephone Company and interexchange carriers throughout North America will make changes in their switching offices that will make it mandatory for people to dial 908 when calling into central New Jersey. Customers who do not dial the appropriate area code will receive an informative announcement instructing them to do so.

The new 908 code was announced in April 1989 and became functional in January 1990, allowing residential and business customers to begin using the new code and putting it on stationery, signs and advertisements.

"Until now, customers were able to reach any of the 314 telephone exchanges in 908 by using either 908 or 201," said Jim Shields, 908 project director. "But that period of permis-

sive dialing is rapidly drawing to a close. Beginning on June 8, customers should dial the appropriate area code or their calls will not go through. That means that customers calling from the 908 area will need to dial 1 plus 201 to reach people remaining in the 201 area code."

The 908 code serves 1.5 million access lines in the central part of the state. It became necessary to introduce the new code to replenish the supply of available phone numbers and enable customers to use various telecommunications services, including facsimile machines, beepers and cellular phones.

In addition to remembering to dial 908 or 201 when appropriate, customers also should reprogram any equipment such as automatic dialers and computer modems. Customers who subscribe to certain New Jersey Bell optional services will need to make

some changes as well. Call Block, Call Forwarding, Priority Call, Select Forward and Speed Calling customers should reprogram the numbers on their lists to reflect 908 or 201 as appropriate.

"Customers also should remember that dialing 908 will not cost them a penny more," Shields said. "The price of telephone calls will not increase because of the new code. In addition, New Jersey Bell will continue to handle the same calls it does today."

The 908 area includes all of Warren County and almost all of Union County.

The following exchanges, once a part of the 201 area in Central New Jersey, now are in the 908 area:

202, 204, 205, 206, 213, 214, 218, 219, 220, 221, 222, 223, 225, 229, 231, 232, 233, 234, 236, 238, 240, 241, 244, 245, 246, 247, 248, 249, 251, 254, 255, 257, 264, 269, 270,

Section II: The sum of \$320,000.00 be and the same is hereby appropriated for payment of the cost of making the improvements and renovations authorized in Section I. of this Ordinance. Said sum so appropriated shall be met from the proceeds of the sale of bonds and notes authorized by this Ordinance and the down payment appropriated by this Ordinance.

Section III: It is hereby determined and stated that (1) the making of improvements and renovations to the Rescue Squad Building (herein referred to as "purpose") is not a current expense of the Borough; and (2) it is necessary to finance said purpose by the issuance of obligations of said Borough pursuant to the Local Bond Law of New Jersey; and (3) the estimated cost of said purpose is \$320,000.00; and (4) \$16,000.00 of said sum is to be provided by the down payment hereinafter appropriated to finance said purpose; and (5) the estimated maximum amount of bonds or notes necessary to be issued for said purpose is \$304,000.00; and (6) the cost of such purpose, as hereinbefore stated, includes the aggregate amount of \$320,000.00, which is estimated to be necessary to finance the cost of such purpose, including accounting, costs of authorizing, selling and issuing obligations, and other expenses to the extent permitted by Section 40A:2-20 of the Local Bond Law.

Section IV: It is hereby determined and stated that the sum of \$16,000.00 be and the same hereby is appropriated as the down payment required for the cost of said purpose.

Section V: To finance said purpose, bonds of said Borough of an aggregate principal amount not exceeding \$304,000.00 are hereby authorized to be issued pursuant to the Local Bond Law. Said bonds shall bear interest at a rate per annum as may be hereafter determined within the limitations prescribed by law. All matters with respect to said bonds not determined by this Ordinance shall be determined by resolutions to be hereafter adopted.

Section VI: To finance said purpose, bond anticipation notes of said Borough of an aggregate principal amount not exceed-

ing \$304,000.00 are hereby authorized to be issued pursuant to the Local Bond Law in anticipation of the issuance of said bonds. In the event that bonds are issued pursuant to this Ordinance, the aggregate amount of notes hereby authorized to be issued shall be reduced by an amount equal to the principal amount of the bonds so issued. If the aggregate amount of outstanding bonds and notes issued pursuant to this Ordinance shall at any time exceed the sum first mentioned in this Section, the moneys raised by the issuance of said bonds shall be not less than the amount of such excess, and shall be applied to the payment of such notes. The outstanding Section VII: Each bond anticipation note issued pursuant to this Ordinance shall be dated on or about the date of its issuance and shall be payable not more than one year from its date, shall bear interest at a rate per annum as may be hereafter determined within the limitations prescribed by law and may be renewed from time to time pursuant to and within limitations prescribed by the Local Bond Law. Each of said notes shall be signed by the Mayor and the Borough Treasurer and shall be under the seal of the Borough and attested by the Borough Clerk. Said officers are hereby authorized to execute said notes and to issue said notes in such forms as they may adopt in conformity with law. The power to determine any matters with respect to said notes is hereby delegated to the Borough Treasurer who is hereby authorized to sell said notes either at one time or from time to time in the manner provided by law.

Section VIII: It is hereby determined and declared that the period of usefulness of said purpose, according to its reasonable life, is a period of 5 years computed from the date of issuance of said bonds.

Section IX: It is hereby determined and stated that the Supplemental Debt Statement required by the Local Bond Law has been duly made and filed in the office of the Borough Clerk of said Borough, and that such statement so filed shows that the gross debt of said Borough, as defined in Section 40A:2-43 of the Local Bond Law is increased by this Ordinance by the amount of \$19,000.00 to \$2,368,544.74 and that the obligations authorized by this Ordinance will be within all debt limitations prescribed by said Local Bond Law.

Section X: Any funds received from the County of Union, the State of New Jersey or any of their agencies or any funds received from the United States of America or any of its agencies in aid of such purpose shall be applied to the payment of the cost of such purpose, or, if bond anticipation notes have been issued, to the payment of the bond anticipation notes, and the amount of bonds authorized by such purpose shall be reduced accordingly.

Section XI: The full faith and credit of said Borough are hereby pledged to the punctual payment of the principal of and the interest on the obligations authorized by this Ordinance. The obligations shall be direct, unlimited obligations of said Borough, and said Borough shall be obligated to levy ad valorem taxes upon all taxable real property within said Borough for the payment of the obligations and the interest thereon without limitation of rate or amount.

Section XII: This Ordinance shall take effect twenty (20) days after the first publication hereof after final passage.

What goes up, doesn't come down!

If you're trying to guess which way rates will go over the next year, you need our One-Way CD. This FDIC-protected certificate guarantees a fixed rate of interest the day you open your account. If interest rates fall, you're protected. The rate on your CD will go down. When interest rates go up, so will the interest on your CD. That's why we call it a One-Way CD.

The One-Way CD requires a minimum deposit of \$5000 for a one-year term. The interest we pay is tied to the New York Prime and is compounded quarterly. Remember, the money you deposit is yours should you need it. However, there are penalties for early withdrawal. Inter Community customers like taking advantage of the One-Way CD because it eliminates the guess work. And rates could be going up.

Church's 36th year

The Battle Hill Community Moravian Church, Liberty Avenue and Hus Court, Union, will celebrate its 36th anniversary as church in Union Sunday at the 10:30 a.m. service of worship.

The church will serve as host at a Love Feast during the service. The Love Feast has its roots in the "Agape" meal served in the early Christian Church. During the service, the members "take time to be served a small raised sugar bun and coffee which are passed out to the congregation by our Sacristans. It was reported by the Rev. Jeffrey D. Gehris, pastor. "After each person has a bun and coffee, we partake of the food and beverage together while special music is played. "The Love Feast service is a service of word and song. Many of the hymns sung have special meaning for the church."

The women of the church will sponsor a strawberry festival directly after the worship service. A light lunch will be served including strawberries, vanilla ice cream and a short cake. Food items will be sold separately during the strawberry festival.

Monti is recognized during commencement

Nancy Monti, Archbishop Theodore E. McCarrick's secretary for charities and social ministry for the Newark Archdiocese, was conferred with the Doctor of Humane Letters degree, Honoris Causa, at Caldwell College's commencement ceremonies May 19.

Monti, of Roselle Park, is an individual who has responded to a broad spectrum of human needs and quality of life issues. For the past 13 years, she has served as executive director of Catholic Community Services, the largest private non-profit social service agency in New Jersey. In this position, she oversees programs which minister to more than 100,000

families in the Newark Archdiocese each year. Daily, she directs a staff of 700 who provide a network of comprehensive services to the handicapped, the disadvantaged, the homeless and the needy in northern New Jersey.

Monti has worked for more than 25 years in the field of human services. Her first social work position was with a Brooklyn family services agency which focused on family problems with an emphasis on child adjustment. She continued working with troubled families until she joined Mount Carmel Guild/CCS in 1964 in the Hudson County Division, where she provided mental health services to families.

Gifted and talented learn at workshop

Academically-gifted eighth-graders from Springfield, Mountainside, Kenilworth, Clark and Berkeley Heights learned economic principles during a two-day workshop which was held at Florence M. Gaudineer School in Springfield recently, when they learned the law of supply and demand and how to create a marketing package.

The seminar was sponsored by Pamela Gray, coordinator of the Union County Gifted and Talented

Association. Gray has been working with John Galandak, president of the Foundation for Free Enterprise, to create this immersion into basic marketing techniques.

Students worked in simulated corporate "think tanks" to create and package a new model car. Their simulations culminated in competitive presentations modeled after similar presentations in the world of business. Galandak selected the presentation that would win the bid.

Kiwanis represented at seminar

Leonard Morvay, a member of the Kiwanis Club of Millburn-Springfield, recently represented the New Jersey District of Kiwanis International at its eighth annual Public Relations Training Seminar at Kiwanis World Headquarters in Indianapolis, Ind.

Morvay will serve as the District Public Relations chairman for 1991-92 under the direction of New Jersey District Governor Austin Johnson.

Kiwanis is a civic and community service organization with more than 8,700 clubs and 329,000 members in

70 countries. During the past year, Kiwanis clubs raised and spent \$65 million and Kiwanis members contributed to more than 22 million volunteer hours to service activities.

Kiwanis International is currently conducting a major, three-year service emphasis called "Young Children: Priority One." Every Kiwanis club is encouraged to sponsor at least one substantial project that addresses the most urgent needs of children, from pre-natal development to age 5.

Last year, Kiwanis clubs directed more than \$10 million to achieve the goals of the "Young Children: Priority One" program.

In 1969, she held her first administrative position in the CCS Comprehensive Mental Health Center in Newark.

Monti has served on 20 boards, committees, task forces and teams which have addressed a wide range of problems from child abuse to educational reform.

Monti's professional affiliations include the Academy of Accredited Social Workers, the Association of Mental Health Administrators and Catholic Charities U.S.A.

In recognition of her efforts to improve lives, Monti received the Governor's Pride of New Jersey, Clara Barton Medical Service Award in 1988. Two years earlier, she was the recipient of the Papal Pro Ecclesia et Pontifice Award, bestowed on her by Pope John Paul II, and in 1984 was named N.J. Social Worker of the Year and received the Unico Humanitarian Award.

Monti resides in Roselle Park with her husband, Peter. She is the mother of Helen and Peter Monti and Barbara Pantelakis, and has one granddaughter, Emily.

Hartman named district top teacher

Donald Hartman, an English teacher at Jonathan Dayton Regional High School in Springfield, has been selected as the Union County Regional High School District's "Teacher of the Year" for 1991, in accordance with the New Jersey State Department of Education's "Teacher of the Year" Program.

A Springfield resident, Hartman grew up in South Orange and graduated from Columbia High School in Maplewood in 1963. He received his bachelor of arts degree in English, with a minor in education, from Rutgers University in 1967.

Hartman subsequently entered the Air Force as a lieutenant, and spent four years in the service. He spent three years at Lackland and Randolph Air Force Bases in the San Antonio, Tex., area. From July 1970 to July 1971, Hartman served as an Air Force captain in Vietnam.

He earned the Bronze Star for distinguished service while in Vietnam.

After his discharge from the Air

Donald Hartman

Force, Hartman took his first teaching job in September 1971 at Highland Regional High School, Blackwood, Camden County. After a year as an English teacher at Highland, he came to Jonathan Dayton in September 1972 and has been there since.

Hartman earned his master of arts degree in literature from Seton Hall University in 1978 and is completing his master's plus-30 at Kean College, Union. He has already earned a supervisor's certification and has completed additional courses in literature and education.

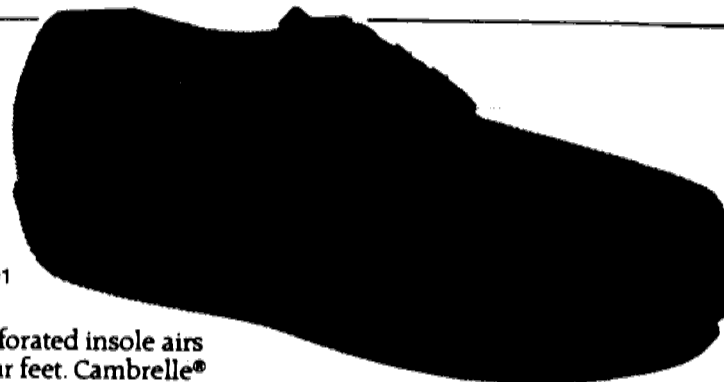

During his time at Jonathan Dayton, Hartman has taught many types of English courses, including senior English, sophomore English, Basic Skills, American Literature, Effective Writing, World Literature and Shakespeare.

Long confident with #228 crew

By Mark Yablonsky
 Sports Editor

For the first time in over a decade, the Post #228 American Legion baseball team of Springfield has a new coach. Tom Long, who joined Harry Weinerman's successful program as an assistant coach in 1989, has taken the reins from Weinerman, who resigned at the end of last season after having coached for 11 years.

The former Clark head coach from 1981-85 and one of the game's most astute observers, Long feels confident his team has the makings of a successful one.

"Well, we have 11 players returning from last year," explained Long. "We have a very good nucleus of kids who not only can play, but they love the game."

"We have kids who really love to play the game and they really get along well with each other, too."

Since the Hillside program folded two years ago, several of that town's players have suited up in Springfield uniforms and the results have been good. This summer, Long will have five Hillside players on his Springfield team, and pitching is the main area that stands to benefit.

Lefthanders Vinnie Cocilovo and Jason Gibson, and righties Joe DiGrado and Mike Fronzak will help the Post #228 pitching staff immensely. In particular, Cocilovo and Gibson should offer a sound lefty-righty punch. And Cocilovo, when he doesn't pitch, will likely start at first base.

"Vinnie's a fine hitter," Long said. "He's strong and his power is to the right-center field gap."

Fronzak's younger brother, Chris, will be an outfielder.

Returning for his final year of eligibility will be starting catcher Matt Gallaro. Long also likes what he sees in his starting infield.

Andy Huber, who has good range and a good arm, will start at shortstop, and the second baseman will be Clayton Trivett, who in Long's words, "loves to eat, drink and sleep baseball." Stationed at third base should be Terrence Young, whose rapidly-improved play is one reason why the Dayton Regional High team made it to the North Jersey, Group 2, Section 2 title game on Saturday against Summit at Whippany Park.

Gibson and Mike Fronzak can also play the outfield, as can Reddington and Jay Desai. Both can also catch, and Desai, in fact, did a lot of catching for Rick Iacono at Dayton this spring.

Another pitcher is Craig Hauelsen, who started for Dayton and will start for Springfield as well.

Other names to look for include Dave Bernosky and Blair Gardiner.

Ladies lose 2

By Kim Eagan
 Sports Correspondent

The Lady Bears of Brearley Regional High recently ended their 1991 softball season by losing their final two games: 6-2 to Roselle Park, and 10-3 to Arthur L. Johnson Regional.

In the loss to Roselle Park, Kim Eagan had a run-scoring single in the third inning, and against Johnson, Stacy Bober and Karen Savage both belted two hits each for Brearley. Joann Cheeka took both losses.

Brearley's final record was 4-16.

Swim sign-up

Registration for the 1991 Springfield Swim Team, sponsored by the township's recreation department, will be held this Saturday, June 8, from 1 to 3 p.m. at the municipal pool. The rain date is Sunday at the same time and place.

The registration fee is \$20. Checks should be made payable to the Springfield Swim Team.

Boys and girls, ages five to 17, are eligible to participate.

Further information is available from 912-2226, or the team coach, Sissy McCullough, at 564-7820.

Owls in tourney

For the ninth time in the last 10 years, Union County College's golf team is being represented at the National Junior College Athletic Association.

Casey O'Reilly of Roseland and Mike McCrea of Westfield are competing in the four-day, 72-hole tournament, which began on Tuesday and is scheduled to last until tomorrow.

O'Reilly and McCrea qualified on the basis of their finish in the Region XIX championship last fall. O'Reilly placed sixth in the region and McCrea placed seventh. They are competing in the tournament as individuals.

READY TO GO — Clayton Trivett, left, and Terrence Young, who were both part of Dayton Regional's 14-9-1 season, will now pool their efforts to help the Springfield American Legion baseball team this summer. Now coached by Tom Long, the Post #228ers are scheduled to open this Monday, June 10, against Berkeley Heights at Ruby Field. Game time is set for 5:45 p.m.

Bucs win; Cubs defeat Mets

The following is this week's rundown on Little League baseball action in Mountainside.

PIRATES 13, ORIOLES 4

Robert Hopkins lined a triple and double, and teammate Adam Perle belted two doubles in leading the Pirates to victory. Hopkins and Dominic Marletta, at second and first base, respectively, both recorded five put outs, while pitcher Brett Davis struck out six. Larry Chiswick also tripled for the Bucs. Chad Vigilanti and Carlos Santos both had a single and double each. Oriole hurler Scott Keller also struck out six batters.

CUBS 4, METS 3

Shaun Farhion pitched his best game ever by striking out 15 batters and hurling a strong two-hitter to defeat the previously-unbeaten Mets, 4-3, in extra innings. The only Met hit went to Brian DiVito, who singled in the first two Met runs; and to Jimmy Lopes, who also singled. Joe Leone doubled home two runs for the Cubs, who also got a run-scoring double from Matt Farrington. Later, after Jon Bruschi's steal of home tied it for the Mets at 3-3, Pat Collins drew

a bases-loaded walk to force in Kevin McDonough with the winning run.

BLUE STARS 14, CUBS 10

The Blue Stars scored seven times in the first two innings and had enough left to hold off the Cubs, 14-10. The big Star hitters were Kenny Fisher, Robbie Gianotti, Brian Cantagallo, Billy Stolling and Ryan Kirkland. For the Cubs, Shaun Farhion had three doubles, Pat Collins and Tom Tancred both doubled twice, and Sal and Jimmy Russo both singled.

METS 21, PIRATES 4

Jon Bruschi and Zack Orenczak both went 4-for-4 and Jimmy Lopes struck out 12 batters in the Mets' 21-4 pounding of the Pirates. Lopes also singled three times, while Brian DiVito cracked two singles and two doubles. Other contributors to the Met win included E.J. Mattioli, who had three hits, and Ian Farrington, who had two. Chris McPhearson and Robert Hopkins led the Pirate offense. Hopkins hit a two-run double.

METS 21, BRAVES 12

The Mets jumped out to a 17-2 lead after three innings. Once again, it was a combined team effort that produced the win. Zack Orenczak led the attack

with three hits and three RBI, while Keith Jensen and E.J. Mattioli each drove in four runs with two hits each. Jimmy Lopes, Brian DiVito and Jon Bruschi had two hits apiece. Brett Oberhauser had three hits and drove in four runs for the Braves. Mark Leyrer had two hits more.

METS 11, ORIOLES 8

In their final game of the regular season, the Mets wrapped up first place with an 11-8 win over the Orioles. Jon Bruschi drove in two runs and scored three, while Jimmy Lopes and Dan Amiran both went 3-for-4. Zack Orenczak, Brian DiVito and Ian Farrington contributed two hits each. Chad Vigilanti doubled and tripled for the Orioles, and Carlos Santos and Chet King both had two hits apiece.

'Dawgs had cheers and success in '91

By Mark Yablonsky
 Sports Editor

At the start of the 1991 season, few, if any, expected much out of the Jonathan Dayton Regional High baseball team. But by season's end, there were many cheers directed toward Dayton's way, and for good reason.

The reason was a largely unknown group of overachievers who kept on working, continued to have fun, and yes, continued all the way to the North Jersey, Group 2, Section 2 title game where Summit ruined everything with an 8-1 verdict last Saturday in Whippany Park.

Well, check that. All Summit ruined was Dayton's shot at a sectional title. The rest could never be ruined or taken away from what this 14-9-1 team was able to achieve.

"Summit was a good team and I wouldn't be surprised if they won it all," said Dayton coach Rick Iacono on Monday. "I see a lot of good things in that Summit program."

And quite a few more good things in his own team.

"I've never had a team work harder than these kids," explained Iacono, whose team had won seven games in a row — including sectional playoff wins over Mendham and Chatham — prior to playing Summit on Saturday. "This is the hardest-working team I've ever had."

"Generally speaking, this is a team that doesn't tater (power) the ball. We're a team that has been scoring runs. This is a team where everybody has to contribute for us to be a successful team."

The list of contributors probably should begin with junior shortstop Andy Huber, who batted a scorching, team-leading .439 and led the team in hits (36), while scoring 21 runs, making off with 10 stolen bases, and even driving in 16 runs — from the leadoff spot, no less. Huber, who was injured after sliding into first base in the fifth inning of the loss to Summit, was

charged with just one error from the 10th game of the season on.

Clayton Trivett, who batted .395, also scored 16 runs, lashed five triples and two homers, and was guilty of just four errors at second base.

And from the mound, the junior second baseman/pitcher was 5-2 with an earned run average of less than 3.

And there are many more names. Junior Anthony Palermo, who had to sit on the bench for much of last year as a sophomore, batted .274, drove in 10 runs and was guilty of just one error in all 24 games in center field.

Junior first baseman Mark Nadzen, who got very little playing time last year due to the presence of the hard-hitting Dale Torborg, claimed a .264 batting average this year, along with a team-leading 16 bases on balls.

Junior catcher Jay Desai batted .373 and had three of Dayton's four hits against Summit in the sectional title game. Junior third baseman Terrence Young hit .329 this spring, stealing 12 bases and driving in 20 runs.

Others, including juniors David Tazaki and Dave Bernosky, also had their moments.

In case you haven't noticed by now, this team is made up of largely juniors. In fact, the only senior to be in the starting lineup was rightfielder Peter Gutrich, who batted .279.

That means, of course, that next season Iacono will have a team of hard-working seniors.

"That's nice," Iacono concluded. "I hope the kids improve on this year between now and next season. The best thing about this team is they got along well together. They've been fun kids to coach, they're good kids and they're pretty good students."

Owls conclude 1st year

For a first-year team, the Union County College baseball squad put up impressive numbers this season.

The Owls finished with a 14-15 season record, only one game below the .500 mark that coach Jim Casalino said was the team's goal at the start of the season.

The Owls, who launched the school's first-ever baseball season, finished with a 7-13 mark in Region XIX.

"Overall, I am extremely pleased with the way things went this season," Casalino said. "Everybody played very well and everyone contributed to our success. And the guys were fine students as well as great players."

Left fielder Kevin Bradley of Maplewood led the team with a .422 batting average. Shortstop Lou Romeo of Rahway batted .385 and tied for the team lead in stolen bases with 19 — out of 20 attempts. Brian Paton, also of Rahway and the Owls' designated hitter, batted .346 and drove in 26 runs to lead the team in that category. The two Rahway residents were named to the All-Garden State Athletic Conference's Second Team.

There were other bats in the UCC lineup, too. Center fielder Jamaine Grisom of Irvington hit .371, while second baseman Lance Branch of Montclair hit .321. Union resident Frank Napolitano batted .357 and led the team in doubles with 13.

On the mound, David Shaw, a teammate of Napolitano when the two played at Union High School, finished with a record of 2-2 and an earned run average of 2.43. Tom Carfagno was 2-4 with a 7.42 ERA.

"I'm really optimistic about next season because we have a lot of kids coming back," Casalino concluded. "It'll be a great nucleus for next season. We're just looking to add a little pitching."

"Our recruiting is also going well. We got an earlier start than last year. Next year, we'll be looking to improve our region record and qualify for the Region XIX Tournament. We want to set our goals a little higher."

HERE IT COMES — Jason Gibson, who is completing his junior year at Hillside High School, is a member of this year's Springfield American Legion baseball team. Gibson is both an outfielder and left-handed pitcher and will be one of two southpaw hurlers on the Post #228 team.

WHO'S ON FIRST?

This week's question: Who is the only player in major league baseball history to strike out 2,000 times?

Last week's answer: Hall of Famer Carl Yastrzemski, only one year after winning the Triple Crown, also won the 1968 American League batting title with a less-than-spectacular .301 mark. Yaz, who had belted 44 homers, drove in 121 runs and batted .326 for the Boston Red Sox in their "Cinderella," pennant-winning season of 1967, did drop off quite a bit in RBI in 1968 (74), as well as in homers (23).

Yet in a season that will forever be remembered as "The Year of The Pitcher," Yaz's 1968 numbers don't really seem all that bad — especially when you consider that he played at least part of the time with a nagging wrist injury. Yastrzemski did manage 162 hits in '68, and he also scored 90 runs. The season before, Yaz had had 189 hits and 112 runs scored.

In winning the '68 A.L. crown — the third and last time the famed hitter ever won a batting title — Yaz edged out Oakland's Danny Cater, who batted .290. Just behind Cater was Tony Oliva of the Minnesota Twins, who hit .289. Pete Rose of the Cincinnati Reds won the National League batting title in 1968 with a .335 mark.

In 1968, by the way, major league batting averages fell to an all-time low of .237, and both the American and National Leagues registered earned run averages of under 3. In fact, more than 20 percent of all games played that year resulted in shutouts.

This week, Henry Hascup of Lodi, Fred Kopeckl of Union and Bob Dilley of Springfield submitted correct answers.

Baseball tryouts slated

Tryouts for the Springfield Junior Minuteman baseball team will be conducted at Roessner Field this Saturday and Sunday, June 8-9, from 9 to 11 a.m. each day.

To be eligible, a player must not reach his 13th birthday until August 1 of this year.

Owls offer B-ball camp

Individual videotaping and performance reviews are viable ways to help youngsters improve their skills on the basketball court, says Ed Breheny, Union County College's Owl basketball camp director.

The week-long summer camp from July 15 to July 19, open to youngsters entering grades 3-8, offers "intensive instruction" in the fundamentals of basketball under the sponsorship of the college's department of continuing education's "Colleges for Kids" program. The focus is on improving technique, which Breheny says can be enhanced by having the player actually see himself in action.

Competition is provided in a friendly setting so that children will have fun while participating in team interplay.

During the week-long session, special guests will sprak to participants about their own ideas of how to be effective on the basketball court. These guests will include players from the New York Knicks and Rutgers University teams. Also, a number of high school coaches will be on hand.

Further information is available by calling 709-7601.

Soccer camp is slated

A week-long day camp offering training in the fundamentals of soccer will be available this summer for players six through 17 years of age at Union County College.

The co-ed camp, which is sponsored by the Union County Department of Parks and Recreation, will provide instruction by licensed coaches and outstanding college players who will teach skills, technique, team tactics and strategies from beginner to advanced levels. Special training will also be offered for goalkeepers.

All participants will be grouped according to age, size and ability. The soccer camp will be conducted on the college's Cranford Campus, using the soccer fields across the street in Nomahegan Park. All campers will receive a T-shirt.

Beginner and intermediate classes will be held from 8:30 a.m. to 3 p.m., July 22-26; other intermediate and advanced level students will attend camp at the same time July 29-Aug. 2.

Further information is available by calling 709-7601.

Damato paves road of the future

Union resident John Damato, president of Damato Paving Inc., comes from a long line of professional pavers.

Following in his father's and grandfather's footsteps, he has run his company since 1979. The veteran paver has background in paving everything from streets to sidewalks to patios, and extends his jack-of-all-trades mentality to performing small construction jobs such as building fences and restraining walls.

Lately, Damato has been specializing in interlocking paving and has built sidewalks, patios, and curbs out of bricks, cobblestones, and other decorative stones.

Damato said that the decorative look is becoming very popular for use in home patios and walkways as well as in place of traditional concrete sidewalks in front of retail stores.

"It really looks sharp," said Damato. "And it's practical because if you have a sidewalk which crosses the

roots of a tree and the roots force the concrete to buckle, you have to replace the concrete, but with bricks or stones you just pull them up and cut the roots back.

In addition to work for members of the private sector, Damato Paving has done work for big businesses, including the phone company, and for other commercial operations.

Those interested in any sort of repaving work may call Damato at (908) 688-4429 for a free estimate and brochure.

Gem designer immortalizes composers in stone

Photo By Barbara Kokkalla

He's polishing the stones. Sherman Perr of Union, whose hobby is gemstone designing, works diligently and painstakingly on one of his 'musical' portraits. A former president of the Union Symphony, Perr is now president of the New Jersey Lapidary Society in Union.

By Bea Smith
Lifestyle Editor

Classical music has always played an important role in the life of Sherman Perr of Union. And now, as a retired industrial designer, Perr has happily allowed classical musicians to invade every waking moment of his life. Now that his hobby is that of a gemstone designer, who makes miniature rings in the shape of classical composers, the 70-year-old uniquely talented man has turned into a successful, extremely contented human being.

Perr designs miniature portraits on jewelry by using a technique called matrix portraiture, a process involving the use of both small and large pieces of gemstones which are set in nickel to create the shapes.

During a recent visit to this office, Perr said, "I recently did an exhibition at William Paterson College in Wayne. I'm always doing something like that," he said. "I'm president of the New Jersey Lapidary Society here in Union, and as such, I have obligations to do this sort of thing. I lecture, show slides, show the technique of doing these kinds of things, and show some of my work such as this..." He pointed to a ring on his finger which boasted a miniature Mozart.

"It's called stone intrassia, actually 'pietra dura,' which really means 'strong stone.'"

Perr, who has a warm, jolly face, and who looks like everyone's friendly and caring uncle, explained that his love of music was derived practically from birth. "My mother, Mary Perr, played a superb classical piano, and my father, Martin Perr, just loved to hear her play. I was brought up in an atmosphere of classical music. I always loved that music, and everything I did after that was involved with classical music, including being president of the Union Symphony for 11 years."

Perr leaned back in his chair, folded his arms across his chest, and said, "By profession, I'm an industrial

designer. I was graduated from Pratt Institute in 1947. I had started there earlier, but I had to stop my studies to go into the Air Corps. I was in the service for four years and while I was in China, Burma and India, I became a staff sergeant. Then I came back and finished at Pratt.

"I also went to the Newark School of Fine and Industrial Art in the evenings," he recalled. "I just liked art so much that I wanted to explore every facet of it — including live individuals," Perr smiled. "Originally, I went to West Side High School in Newark. That was where I found I had a natural talent for art. I think I've explored every media of art including a little bit of sculpture."

Perr understood that he couldn't earn a living sculpting, so he went into the industrial design business with two partners. It was called Warner-Greene Associates, and it was located in the Military Park building in Newark, which is where he met his wife, Ruth.

The Brooklyn-born Perr, who moved with his family to Newark when he was 3 or 4 years old, lived in Newark until 1942, where he enlisted in the Air Corps. When he married in 1948, he and his wife moved to Hillside and lived there a number of years. "We've lived here in Union in the same house for 38 years," he said.

"Then I went into the lumber business with my father-in-law, David Levy. It was called the Levy Brothers Co. of Hillside. Then he decided to liquidate the business, and we went into the building business. We built in Cranford. I bought a piece of ground in Union and decided to build a firehouse in Union. Then we went up to Basking Ridge."

After the building business, Perr went into the alteration business at the Blue Star in Watchung. "We did alterations on ceilings, then branched out in commercial interiors and started doing floors," he said.

He raised his eyes, then brought

them down. "From ceilings to floors," he chuckled.

"Having been an industrial designer, I had a real eye for color and form and ergonomics," which he explained is designing for the special needs of man in his work environment. "I had built some medical facilities in clinics and medical structures. Then I got into the technical aspects of X-ray rooms and facilities.

"Now that I'm retired," mused Perr, "I still get calls from doctors, and sometimes I go on a consulting basis. But I closed my business in 1989. It was time," he said. "I just turned 70. It was time to retire. Our children were grown, with children of their own. We have a son, Jack, who is an electrical engineer in California; two daughters, Andrea Schweitzer in Cranford and Stephanie Connolly in Atlanta, Ga., and four grandchildren — all girls!"

How did Perr become interested in the gemstone design profiles of classical composers?

"A friend of mine, Bob Heyman, who passed away recently — I loved him like a brother — came to visit me one day, and I noticed he was wearing a silver ring. 'What do you think of my ring?' he asked me. 'I got it in Lohaska, Penn., you know, Bucks County.' He said, 'What could you put in it?'"

"Two weeks later, I heard a record of Beethoven's music. And suddenly, I said to myself, 'I've got to get a ring with the head of a Beethoven.' So, I called up Tiffany's — I had so much chutzpah," Perr grinned. "Well, of course, they didn't have it. And I called everywhere else and kept getting negative replies. And the more I couldn't get it, the more I wanted it. So, finally, I decided to make it myself."

Perr explained that he was familiar with most of the methods of production, but he didn't know about stone. "So, I looked in the yellow pages of the telephone book for lapidary, and found that a guy in Mountainside sold

lapidary supplies. I rushed down to see him, told him what I wanted, and he said I was nuts. Ultimately, what happened was he told me that jade was the best to work with. I bought diamond burrs and I tried with a Dremel Motool, and I burned out a couple of hundred bucks worth of burrs.

"I began to realize," he said, "what not to do. It got to be a way of life with me... what paths to follow. I went into my workshop, which actually is a garage in back of my home. I set up a picture of Ludwig van Beethoven, and tried to copy it as a miniature ring. Finally, my wife said, 'That's a very good monkey.'"

Perr grinned sheepishly. "I tried over and over again and by the fourth or fifth time, I began to make Beethoven rings. The setting is done by a process called lost wax casting. It's the same process as used in the manufacture of dental prostheses. My dentist, a personal friend of mine, gave me an old dental engine and a hand piece. The engine was missing a couple of wheels, but I fixed it and started to use it, and I found it was an excellent tool for what I wanted to do.

"I went out and bought other tools because I was intrigued with the whole project. Then I started to do gemstone rings of other composers, and now, I probably have one of the most extensive pieces in the country. I've made rings with the faces of Bach, Mozart, Beethoven, Schubert, Gershwin, Vivaldi and Verdi."

After he joined the New Jersey Lapidary Society, Perr said he began to learn the techniques on how to handle stones. "I decided I wanted to do a flat plaque of Beethoven, and I was going to do it in stone. I have a big collection of classical music memorabilia. It took me three years to do it. And I also did Brahms in nickel silver, which I call matrix portraiture. The next one I did was Schubert. But," he sighed, "let me tell you, it's really time consuming."

One day, Perr's wife said, "Why See GEM Page B4

WHERE TO DINE

A Guide to Find the Finest Dining In New Jersey

By Mark Faris

The New Blue Ribbon Restaurant offers Union County residents the fine cuisine, relaxed atmosphere and superior service that might be expected of a fancy New York establishment without the hassle of getting around in a big city.

The New Blue Ribbon Restaurant, 256 Hollywood Ave. in Hillside, offers a delicious assortment of Span-

The New Blue Ribbon

ish, Portuguese and Brazilian dishes that will tempt and satisfy any palate. The establishment has dining facilities that can seat couples, families and small and large groups, and also offers complete catering services.

Restaurant review

Manly Afonso, the owner of the restaurant, opened the New Blue Ribbon Restaurant in November 1989. He said he chose Hillside as the site of his restaurant because "it looked like a good place to locate a restaurant like the New Blue Ribbon Restaurant."

The establishment offers a selection of appetizers such as shrimp in garlic sauce and stuffed mushrooms, salads, soups, and a wide variety of entrees such as stuffed lobster and veal extremena. A meal there can be nicely topped off with a flan, the classic Spanish dessert made of custard, or other delicious desserts.

My guest and I began our meal by sharing an appetizer, the clams casino. The clams were wonderfully spicy and had an interesting twist — the New Blue Ribbon Restaurant prepares them with a piece of bacon on top, an ingredient that enhanced our enjoyment of the seafood dish.

After we finished our appetizers, our waiter, Modesto, brought our entrees, the paella valencia that I ordered, and the chicken with rice and sausage that caught my companion's eye.

Modesto suggested a fine Portuguese green wine, or vino verde, called Gatao, to complement our meal. Gatao was a pleasant surprise as

it was without the sweetness or bitterness that I dislike about most wines.

Having traveled to Spain and Portugal, I eagerly awaited the paella valencia, knowing that the saffron and rice dish generally contains a bounty of seafood and chicken, and I was not disappointed.

The New Blue Ribbon Restaurant's paella, good as any I have had, was topped with half a lobster, and contained generous helpings of shrimp, chicken, clams, mussels and pieces of chorizo, a spicy Spanish sausage.

My guest thoroughly enjoyed the chicken with rice and sausage entree that she had selected. She described the dish as rich and tasty, without being too spicy, and was pleased with the amount of chicken it included.

The serving sizes were large enough so that both my guest and I brought home doggie bags with enough food left over to make another meal.

For dessert, my companion and I

selected beverages as we were far too full from dinner to eat anything else. I ordered the cappuccino and my friend ordered an espresso.

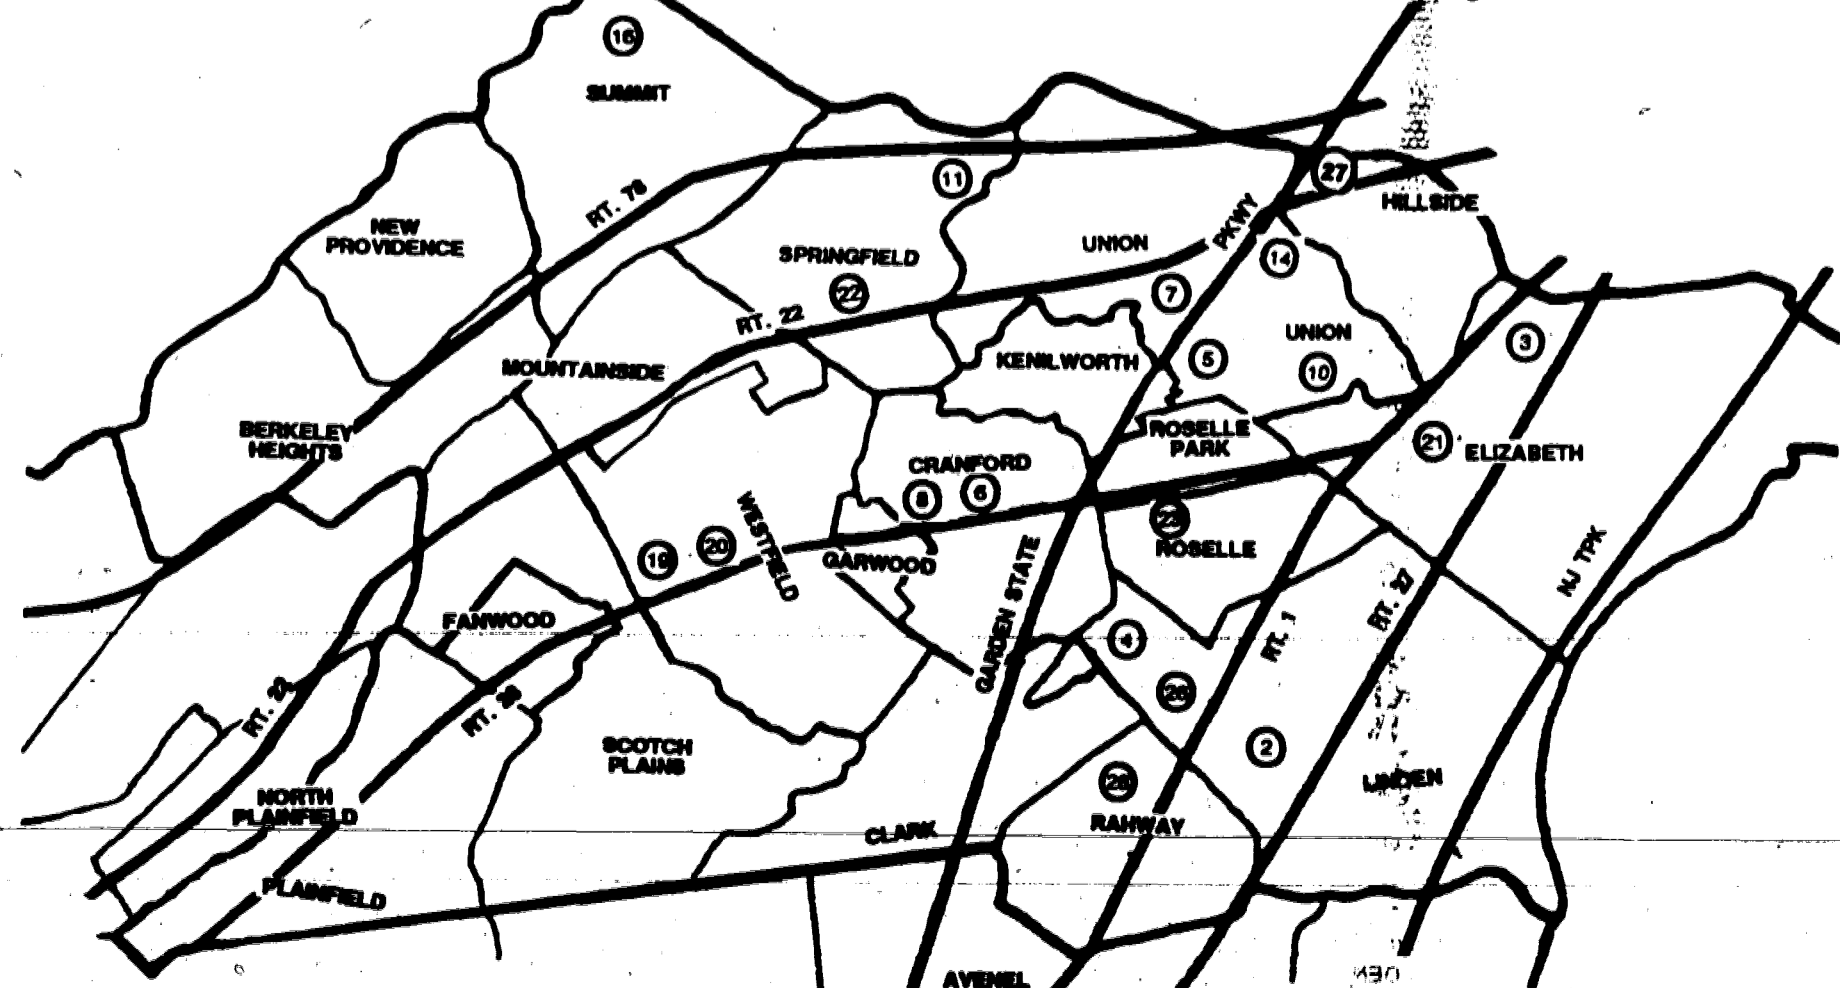

My very satisfying cappuccino was served with a cherry and a healthy dose of creme de menthe, which our waiter said represented the red and green of the Portuguese flag. My guest was also impressed with her espresso, which she said was good and strong.

The prices of the restaurant are reasonably priced for an establishment that offers food this good.

Appetizers ranged from \$5.25 to \$7.95, and the cost of an entree ranged from \$7.95 to \$22.95, with the average being around \$11 to \$13. The establishment's desserts were priced at \$2.95 and up.

The New Blue Ribbon Restaurant offers a large selection of wine and drinks, with bottles of wine costing \$9 and up.

The restaurant is open for lunch from 11 a.m. to 3 p.m., and for dinner from 3 p.m. to 11 p.m., Sunday through Thursday; on Friday and Saturday, the restaurant is open until midnight.

Gem designer sets composers in gems

(Continued from Page B3)

don't you do a plaque of Mozart? "I thought it was a great idea," Perr said. "And I really researched him in local libraries. I always thought his eyes were brown, but one day, I went into the Newark Library and found a book which had a poem about Mozart and a line that said, 'In the blue of those eyes.'"

One of the outstanding features of Perr's plaques is the original signatures of the composers, which Perr creates and uses.

He also works with cloisonne, which in French means enclosures. "It's fired glass enamel. I bought a firing oven, like the Boy Scouts use. Incidentally," he said, "I'm a member of the Enamel Society. I worked with some of the finest enamelists in the country. They were Marilyn Druin, Marion Slepian, Peg Miller and Kathryn Wood. And another club I belong to is the First Mountain Crafters of Maplewood.

"Working with little pebbles, it became so frustrating, so painstaking. But I began to develop a lot of things by myself. I decided to use small portraits, using an entirely different technique.

"It took 50 hours to do Beethoven. I did Gershwin in various shades of blue. Brahms, made in stone, took 120 hours. This is what I'm really intrigued with — especially stone. I've done Johann Strauss, the younger, you know, the Waltz King."

For a man who is retired, Perr said he is "busier than ever. And happier." "And I just love the classics and the music. I was president of the Union Symphony until four years ago. And I have a walnut plaque to prove it," he said.

"Good music has always been a great analgesic for me," Perr said. "It's better than Valium."

"Champ: America's Loch Nessie" by Sheila O. Barrera of Rahway.

Unknown creatures featured in exhibit

Unexplained lake phenomena will be the subject of an art exhibition by Rahway resident Sheila O. Barrera, opening on June 30, at the Les Malamut Art Gallery, Union. The show will remain open during the summer.

Forty-five original works of art covering sightings at such lakes as Loch Ness in Scotland, Lake Okanagan in British Columbia, Canada, Lake Nahuel Huapi in Argentina and Lake Champlain, New England, will be displayed. Indian lore, historic and scientific studies into these curious sightings, ancient legends and mythology on the subject will also be depicted in some of the works.

Barrera began the series in 1985 while visiting some friends in the Lake Champlain area. She has done

some extensive research into these unusual sightings, has visited many of the lakes and has interviewed eyewitnesses.

"In my work, I am mostly interested in showing aspects of the natural world that aren't immediately noticed in everyday life. I want to give people the opportunity to make up their own minds as to whether these creatures actually exist," said the artist.

"As acclaimed author and philosopher L. Ron Hubbard said in his book, *Understanding: The Universal Solvent*, 'Truth is not determined by its appeal, but by the evidence,'" Barrera said.

Barrera, a 1977 graduate of Pratt Institute in Brooklyn, N.Y., has had her work featured in several galleries,

including the Michael Ingar Gallery in Soho, NYC, Wilhite Collectibles in Clearwater, Fla., and the Gallery of Illustration and Fine Art in Philadelphia, PA. Her bronze sculpture, "Warrior," won the first prize 3D in the 1980 Lunacon Art Show.

The artist recently completed a series of illustrations for a soon-to-be published book by Canadian author Dwight Whalen on historical legends and recent sightings in the Lake Erie area. The publisher is Horseshoe Press.

On June 30, from 2 to 4 p.m., Barrera will meet guests and collectors at a reception at the Les Malamut Art Gallery, located in the lower level of the Union Public Library, 1976 Morris Ave., Union 07083. The show will run from June 30 until Sept. 4.

Ensemble opens NJSF series

On Monday, the New Jersey Shakespeare Festival, Bonnie J. Monte, artistic director, and Michael Stotts, general manager, opens its 1991 series of Monday Night Specials with the medieval vocal quartet Anonymous 4.

An ensemble-in-residence at St. Michael's Church in New York City, Anonymous 4 specializes in the performance of medieval chant and polyphony, combining these with poetry and narrative to create a variety of unusual programs. The *New Yorker* said of Anonymous 4, "They are remarkable; somehow they combine virtues of boy singers — purity, steadiness, forthrightness — with a femininity that made their singing especially moving." Established in 1986, the group presents its own concert series throughout the United States and Canada, and made their European concert debut at the Tage Alter Musik Festival last June.

The quartet will present "The Miracle of Santiago: A Medieval Pilgrimage," a representation of a 12th-century pilgrimage to the tomb of St. James the Apostle. The program includes readings adapted from two medieval sources, *The Golden Legend of Jacobus de Voragine* and the *Codex Calixtinus*, and music from the *Codex Calixtinus* and the *Codex las Huelgas*. The *Codex Calixtinus* is a particularly important source for scholars and performers of medieval music; it not only preserves complete liturgical services, with music, from the 12th century, but also contains an appendix of 20 polyphonic pieces, one being the earliest extant three-voice work.

Anonymous 4's members are Ruth Cunningham, Marsha Genensky, Susan Hellauer and Johanna Rose. Cunningham, a soprano who is a member of the Renaissance vocal ensemble Pomerium Musices, has appeared with Concert Royal, Ensemble for Early Music and the Waverly

Concert. Holder of a degree in Performance of Early Music from the New England Conservatory of Music, Cunningham is also a professional Baroque flutist and recorder player.

Genensky (soprano) is a former member of Pomerium Musices, and has appeared with the Baltimore Consort, the Folger Consort and the Mannes Camerata. She holds a B.A. in music and folklore from Scipps College and an M.A. in folklore and folk-life from the University of Pennsylvania.

Hellauer (mezzo-soprano) is a former member of Cappella Nova and of Pomerium Musices, and now performs with Trio Chanteclaire. She holds a B.A. from Queens College, as well as an M.A. in historical musicology from Columbia University.

Rose (soprano), also a former member of Pomerium Musices, has appeared with Music For A While, Chicago's Harwood Early Music Ensemble and the Mannes Camerata. Holder of a bachelor of music in voice from the Manhattan School of Music and an M.F.A. in Early Music Performance from Sarah Lawrence College, Rose has co-authored and appeared on two children's shows about early music with the group Nottingham Fair.

Anonymous 4 will perform Monday at 8 p.m. in Bowne Theater, Drew University, Route 24, Madison. Tickets are \$21 and \$25 and are available through the NJSF box office, open daily 10 a.m.-6 p.m., phone 377-4487. Student rush tickets, \$5, are available 15 minutes before curtain. Proper ID required.

Union artist displays works in Italian fest

Paintings by Italian-American artist Ivo David, of Union, will be exhibited at the Garden State Art Center in Holmdel on Saturday. The art show is sponsored by the Art Center of Italian and Italian-American Culture to maintain and perpetuate the Italian Heritage in the United States.

David, born in Italy in the Province of Benevento where he completed all the academic curriculum on the arts and philosophy, graduated from the Academy of Fine Arts in Italy. He held, for a few years, the art and design teaching position before coming to the United States to have a one-man show in New York at the Crespi Gallery.

David continued the art style of his father Arduino also a well-known artist from the region of Sannium in Campania and Friuli. Since he was a young student, David was an apprentice at his father's art atelier and worked with European artists. David has displayed a life-long dedication to his art for the continuous development of new techniques and new styles.

Theater kicks off its summer season

New Jersey theatergoers will have more than one reason to celebrate this season when Summerfun Theater, Montclair's oldest professional theater, returns to the Weiss Arts Center on June 18 for its annual eight week season. First, there will be the season itself — full of the laughs and surprises that have become Summerfun's trademark — peppered with shows receiving their first professional productions in New Jersey. Secondly, there's the addition of another full production to the Summerful season — producer Scott MacConnell's way of celebrating 20 years of professional summer theater in Montclair.

The producer has chosen to break a statewide trend by expanding, rather than reducing the company's offerings. "Severe reductions in state and corporate funding have forced a host of operations to reduce the number of shows in their season, or drastically alter their level of production," he said. "Summerfun Theater is the only professional, Equity affiliated theater in the state to expand its offerings — but what better way to celebrate the energy, enthusiasm and audience support that has made us welcome all these years?"

True to his belief that summer theater should be "theater for the sake of its audience," MacConnell has chosen a fast-paced season full of comedy and romance. "After the past year's financial and political events," he said, "Our audience deserves to sit back and feel good about themselves for a while."

Feeling good is certainly at the heart of Neil Simon's "Rumors," Summerfun's opening production of the season and one of the shows receiving its New Jersey professional premiere. A wisecracking, door-slaming farce, "Rumors" takes the stage on June 18 for a two-week run. Mad improvisation and desperate cover-ups in the world of New York City politics are the targets of "Rumors," which some New York critics found too funny, noting that in penning the show author Simon had opted for gags and comic reversals instead of the gentle introspection of some of his other shows. "In short," MacConnell said, "the man wrote a play full of belly laughs and got damned for it!"

Reversals of a different kind are the

order of the day in "Accomplice," Rupert Holmes' shocker of death, duplicity and deception being presented July 2 through 6. Nothing is what it seems in this taut tale of the unexpected, shot through with flashes of electric tension and unexpected humor.

Two vastly different productions will challenge Summerfun's resident professionals in the middle of the season. "Death Takes A Holiday," a fantasy romance, is a classic story of love beyond the external, reminiscent of the recent movie "Ghost." "Death Takes A Holiday" will be seen July 9 through 13, followed immediately by "Lend Me A Tenor," the uproarious farce of chaos in the world of grand — and not so grand opera, July 16-20.

July 23 through July 27 will see the performance of "A Walk In The Woods," Lee Blessing's timely story of two diplomats, one Russian, one American, exploring each other's beliefs and discovering their common humanity as the Cold War begins to thaw.

Concluding the season, Summerfun will present the Tony nominated musical "Romance, Romance." Actually two musicals in one, "Romance, Romance" is affection and confection — two stories of love that together span a century and demonstrate delightfully that all things change — except attraction, pursuit and "Romance, Romance!"

Subscriptions for Summerfun's six show "celebration season" can be ordered for \$45 per subscription for senior citizens and students and \$50 for standard admission — as little as \$7.50 per show for Tuesday through Thursday evenings at 8 p.m. or the Thursday 2 p.m. matinee. Weekend subscriptions, Friday and Saturday evenings at 8 p.m. are \$54 for senior citizens and students, \$66 for standard admission. Subscription orders and reservations for individual shows can be ordered by calling Summerfun at 256-0576.

AUTO MARKET

Auctioneer talks business with a customer.

Buyers get no hassle at public auto auction

A new and unique concept in used car buying has opened up in Newark's Ironbound section.

When you're in need of a used car, you no longer have to put up with the hassle of negotiating with a greedy, polyester-suit-wearing used car salesman.

Now you can pay the price you want to pay at the New Jersey Public Auto Auction.

Every Saturday at noon, approximately 350 fine used cars are auctioned off to the general public — all makes, all models, all years, including vans, pickups and 4-wheel drives.

Doors open at 10 a.m. for inspection when you can actually walk around the lot and kick the tires. At noon all the cars are started and driven through the building where you, the public, can bid the price that you want to pay, and the last bidder owns the car. There's never a charge for admission. Registration to bid is free. There's ample free parking for more

than 500 cars. Everyone registering to be a bidder at the auction is eligible to win a free car given away after the

auction, which will take place at 75 Stockton St., Newark. For additional information, call 817-9500.
