Study Road Link Between 'The Top,' Rest Of Town

HERE WE GO AGAIN!—Litter covers the lawn of this state-owned house on W. Bryant ave. Windows are broken and the place is in a general state of disrepair. The Township Committee has, for the second time, requested that the State Highway Department take action in cleaning up property along the path of Rt. 78.

Township Awaits State Action In Cleaning Up Its Properties

Action on the part of the State Highway Department in cleaning up state-owned property along the path of the proposed Rt. 78 is being awaited by the Township Committee. A letter to the department requesting action on the cleanup was sent following the last Township Committee meeting, and so far, according to Committee Chairman William Koehn, it still waits for an answer.

Open Bids Tuesday For Brearley High

Bids for construction of the David Brearley Regional High School in Kenilworth will be opened by the Union County Regional High School District Board of Education at 8 p.m. next Tuesday. The Governor Livingston Regional High School, Berkeley Heights, last week the board bid \$2,850,000 in bonds at 3.35 percent to finance construction of the new school at Morris ave. and 14th st. in Kenilworth. The successful bidder for the site was the Suburban Trust Co. of Westfield, which was the highest bidder at \$4,000,000 in Springfield municipal bonds for financing construction and improvements of the Municipal School in Kenilworth will be about what Frederick J. Stefano, board auditor, predicted at the Jan. 21 meeting of the board, when it learned that the district had received an "A" rating from the Moody Investors Service. He had estimated 3.33 percent.

New Salary Law Up For Adoption At Next Meeting

Salary raises ranging from \$50 to \$750 and a provision for a two percent longevity payment for municipal employees are contained in an ordinance to come before the Township Committee Tuesday night. If the ordinance is passed employees with more than five years service will receive the "longevity payment" in addition to the raises set by the law. The \$50 raise set for custodians will bring their annual total to \$5,450, and a \$750 increase for the township engineer will bring his annual rate to \$9,250. Also slated to receive salary boosts are both the fire and police chiefs, who under the ordinance will receive an additional \$150 raising their yearly total to \$6,450. The deputy fire chief will receive an identical boost bringing his yearly total to \$6,350, while a raise of \$150 slated for the police captain will bring his yearly income to \$8,350. Those who would receive \$100 raises in pay include police lieutenants, sergeants, detectives and first through third class patrolmen. Salaries of probationary patrolmen will remain at \$5,400.

Total cost of the increases, including the "longevity payments" will cost the township \$18,900.

Bid Turned Down For Subdivision

In the lone case the Planning Board had on its agenda it turned down an application for classification of a subdivision. With board member Francis Keane sitting as chairman for the absent Donald Potvin, the board Thursday night refused the request of Anthony Paragono to subdivide a lot at 20 Battle Hill ave. into two lots.

The property in question has an 84-foot frontage. The applicant was requesting that the property be divided into 42-foot lots. The bid is located in an S-40 zone which requires a 60-foot frontage per lot.

Property Losses From Fire-Over Last Year's Total

Four Major Blazes So Far This Year Cited By Town FD

Four major fires this year have topped property loss by fire above the final figure for last year, according to Deputy Fire Chief Robert Day. Although no figures have as yet been compiled, Day said he is reasonably sure that loss by fire exceeds last year's total figure of \$21,130.17. Day said that figures would be available as soon as insurance companies could make their estimates to his department.

He said that a fire in a home on Laurel dr. which destroyed the interior of the structure, plus a blaze at Center-Bell Mfg. Co. in January, accounted for a large loss in property, in addition to the Easter week fire in the Forest dr. apartments and a blaze at Swinlock's Barber on Rt. 22.

"These," he said, "can be considered major fires for this township." Day pointed out, however, that the 1963 figures represented a low over a 10-year average. In 1962, he said, property loss amounted to \$74,770. Large fires at Evergreen Lodge and a fire in a home on Hillside ave. accounted for \$50,250 of the total 1962 figure, he said.

Last year, although the loss was down, firemen answered a total of 275 calls. A breakdown of the figure shows that answered alarms for 75 residential calls; 1 non-residential; 11 stores; 1 manufacturing concern; 2 storage type buildings; 2 public buildings; 125 brush; 3 miscellaneous; and 23 vehicles.

At that time the committee also considered the question of the "face lifting" of the highway department and emphasized that they were an attraction to youngsters to enter and start fires.

Following the meeting the highway department moved in to board up houses, clear up debris and mow lawns. At that time it was pointed out by Corson that demolition contracts would be let "within a two-month period," as by September. Quick's action followed the meeting and then Mayor Arthur M. Falkin expressed delight at the "face lifting" being accomplished by the highway department.

MILLTOWN RD. BRIDGE—The bridge spanning the Rahway River at the Springfield-Union line makes a picturesque scene, but not for long. The hazardous road conditions at the bridge will be eliminated—and so will the bridge. A newly aligned Milltown rd. and new bridge is in the planning stages, with completion slated by Dec. 1.

Three Committees Studying Sites For Library Relocation

Three sites for relocation of the public library are currently under study by three local governmental bodies. Township Committee Chairman Philip Del Vecchio said this week.

"For obvious reasons the locations of these sites cannot be publicly divulged at this time," he said. The township committee pointed out that one site for possible relocation of the facility is being studied by the Planning Board; that the Township Committee is currently investigating purchase of another site and that Mayor Robert Hargrove is working with an autonomous board considering use of another site.

Del Vecchio made his statement in a letter to the Leader commenting on a current "library" movement instigated by a group of citizens who are advocating use of the Fadam Farm property for a new library.

Pointing out that the present library was willed to the township by Mrs. Sarah Bailey with the provision that the building must be used as a library by the township or the property will revert to Overlook Hospital, Del Vecchio said, a decision must be made as to whether to expand the present facility or build another.

"This is not a simple decision," he said. "It is most important that the correct decision be made—and that can only be done by weighing all the factors and deciding on the best course."

He said in view of the provision in Mrs. Bailey's will, consideration had to be given to expansion. He said: "I do not think Springfield either needs or can afford two libraries, and that possibility of the present library land automatically becomes an issue."

That October Township Committee Chairman Arthur M. Falkin then mayor, told a meeting of the Library Board that "We should be ready for a library in about five years."

He said the township had no library.

Plans In Works On New Roadway To Development

Tentative Alignment Has Been Set Down, Says Town Engineer

There is a road in The Top in the future. Just how far in the future is not being predicted, but the project is presently being discussed and considered. According to Township Engineer Walter Koehn, no firm plans have been drawn, but a tentative alignment has been set down. Koehn said that the road would run from Shunpike rd. through a portion of property presently owned by the Houdaille Quarry Co. and then along a strip of township owned land between the quarry and Ballusrol Golf Club, eventually joining with an access road into a new development of Ballusrol Top, Inc.

Involved in the mile-long roadway to The Top is the realignment of Shunpike rd. purchase of the land strip from the quarry company and determination of road width. Koehn said.

Although no target date has been set for the project, according to the township engineer it will take from six to 18 months to bring the roadway once the work gets under way.

Second Feeding Of Sabin Vaccine Sunday At Dayton

Saul Freeman, director of Civil Defense in Springfield and director of the Sabin Oral Polio Vaccine program in the area, said this week reminded residents that the second vaccine feeding will be given Sunday at Jonathan Dayton Regional High School from 11 a.m. to 4 p.m.

He said that anyone who missed the first feeding on March 1 should take the next two phases of the program "and thus become immune to two types of polio and then make up the one that was missed at a later date. The third clinic will be held May 24."

Freeman added that registration forms have been distributed and for those families who do not have children in the schools, parents are requested to place instructions around the town.

A number of persons turned out for the first vaccine feeding, both the oral and every five-inches.

For a rundown on some facts to know about the program see editorial on Page 4 of this week's paper.

Rumbling Bulldozer Building New Diamond

The bulldozer rumbling over mounds of soft earth at the Springfield Municipal Pool this week is laying a freshly-cleared area for construction of a softball field.

A brook is being diverted for the project, and an embankment pushed back. Ivy on pachysandra is planned for the slope.

Recreation Director Ed Ruby said it will be ready for use by pool members this summer and the following spring it will double as a Little League field.

On the east edge of the pool property, adjacent to the Presbyterian Church cemetery, the 60 x 80 ft. field is separated from the new facilities by a high wire fence to keep youngsters away from the pool during off-season use.

This is the first of improvements planned for the pool. A \$200,000 appropriation authorized by the Township Committee last month. All will be ready for use by June 22, tentative pool-opening date, Ruby said. He added that improvements are planned for township playgrounds, also. They, too, are scheduled to open June 22.

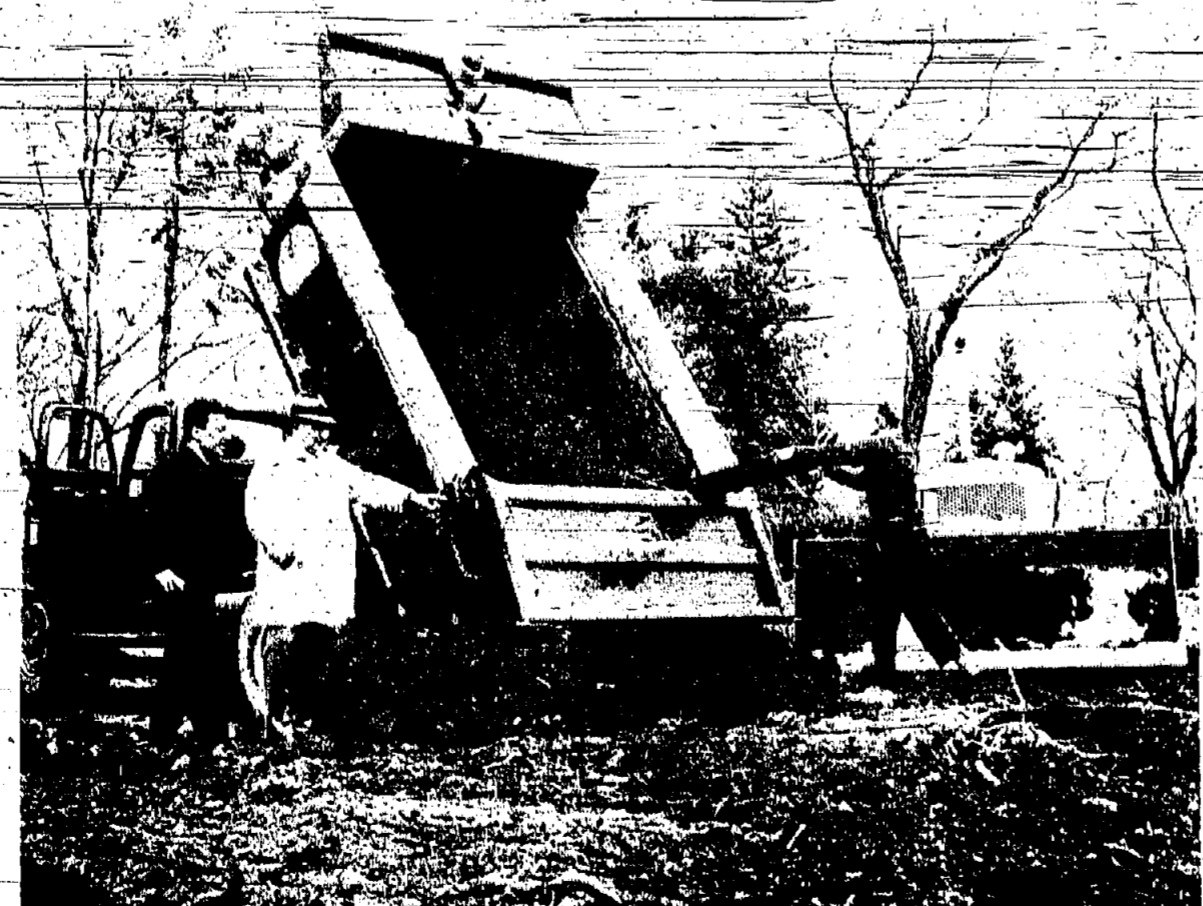

Recreation Department plans to construct a hardball court, a volleyball court and an 18-hole putting green. A basketball court was constructed last year.

Next year, Ruby says, he hopes to add four tennis courts to the property. These, too, would be outside the fenced area for use by the township at large.

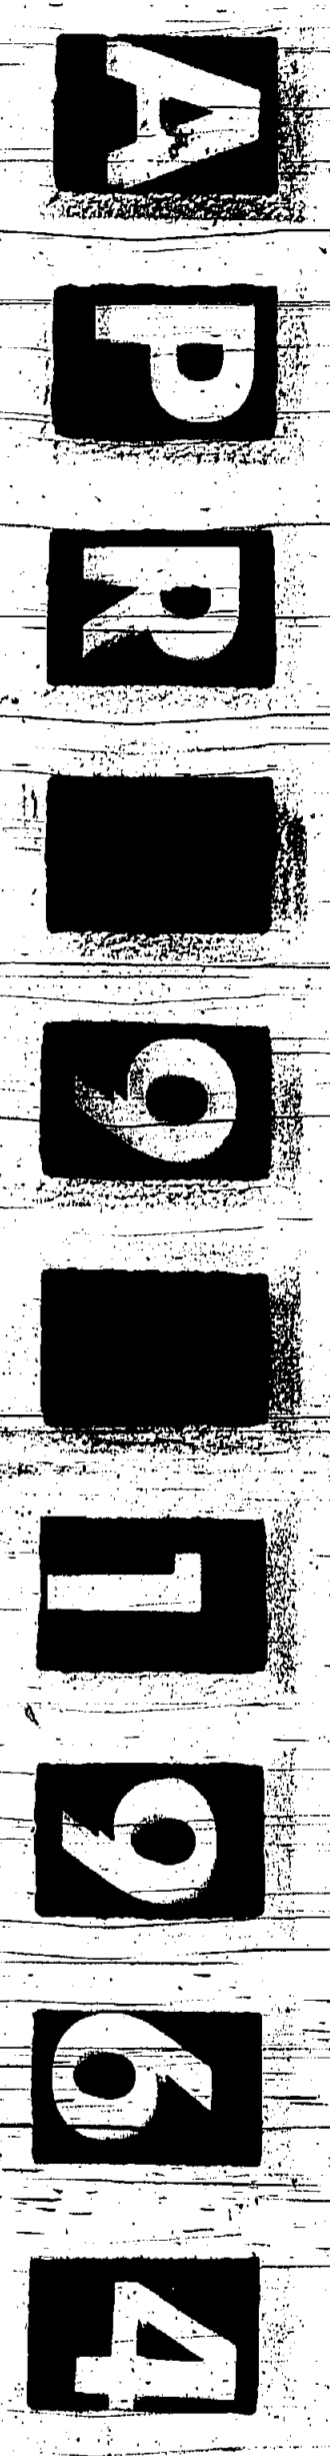

Other improvements, this year will be purchased and installed.

Building Permits Rise To \$230,000 So Far This Year

Building inspector Otto Feesler approved last month seven applications for new construction with a total value of \$127,700, bringing this year's total to date up to \$230,250.

The value of construction approved by the end of March 1963 was \$97,937 — a figure that includes the Municipal Swimming Pool application, according to reports from Feesler's office.

Also approved last month were 10 applications for alterations with a total value of \$36,058; two signs, \$215; two burials, \$7,200. Fees totaling \$832 were collected.

New construction approved last month includes: two additions valued at \$117,700 at Commerce st., and six one-family dwellings.

New High School Already Has Gift

The new David Barclay Regional High School in Kentilworth is still on the drawing board but already a gift has been received for the school.

A letter from Arthur S. Cole of Elizabeth has sent the Regional Board a photograph of the voucher for payment of ten dollars to David Barclay for his services in February 1789 as an elector in the Electoral College which chose George Washington as president.

Cole has a photograph of a painting of David Barclay which he has offered to let the school use to have a reproduction made.

Barclay was one of the four New Jersey signers of the Constitution. Two of the other three, Jonathan Dayton and William Livingston, are already memorialized in the names of Union County Regional High Schools.

Taxpayers Report Slate Has Dubious Distinction

New Jersey is back in first place as the state whose taxpayers pay the most for each dollar of "aid" received from the Federal Government. After holding this dubious distinction for several years, New Jersey lost it to Delaware in the previous annual accounting.

A survey by the Taxpayers' Association showed taxpayers of this state paying an average of \$36.45 in tax dollars — a better than \$2 cost for each \$1 of aid.

New Jersey's new \$2.10 tax rate topped those of all 50 states and the District of Columbia, Delaware, whose taxpayers paid the highest rate in the 1962 fiscal year, six changed places with New Jersey in the new calculations, dropping into second place with a payment of \$2.03 per dollar of aid received.

New Jersey's other neighbors fared somewhat better. Taxpayers in New York State were sixth among the "paying" states with a cost of \$1.62 per \$1 received. Those of Pennsylvania were 13th with \$1.18 cost per dollar, the association said.

In all, taxpayers in 10 states paid more than a dollar for each dollar of Federal aid received. Rhode Islanders with a \$1.11 tax payment for each dollar of aid received, broke even.

Other states received "negative" Federal aid dollars, the tax costs of which ranged from 89 cents in Oregon, to 82 cents in Texas, to 25 cents in both Mississippi and Alaska.

When \$2,977,000,000 in grants allocated among states from the Federal Highway Trust Fund are added to those financed from general revenues through the administrative budget, the grand total of the Federal aid distribution nationally, reached \$6,308,000,000 in fiscal 1963. New Jersey's share of the grand total of Federal aid, both general and highway, amounted to \$177,800,000. Its taxpayers contributed...

The Recreation Department also plans to construct a tennis court at the Sandmeier playground and to resurface the tennis court at Henshaw playground.

The department has bought 10 Japanese maple trees for the front of the Woodside playground, Ruby said enthusiastically. "They should look beautiful in the fall, curve in the road."

Optimists, Scouts Slate Program On Bicycle Safety

The Springfield Optimist Club, in conjunction with the club-sponsored Explorer Scout Troop 170, will hold a bike safety program from 8 a.m. to noon, April 24 in the parking lot at Gaudineer School. The event is scheduled to coincide with National Bike Safety Week, which opens April 24.

Bicycle safety tests will be supervised by Peter Lawrence and John and Justin McGarvey, according to James M. Cawley, Optimist Club president.

Rules of participation in the event include specifications that all bikes must be ridden to the testing area. All types of two-wheel bikes, from the standard single gear to road and racing bikes, will be eligible, Cawley said.

Bike safety stickers will be presented to the owners of those bikes judged in proper operating condition. Cawley urged all those who wish to participate to prepare their vehicles for inspection.

A bike will be awarded to one of the participants, Cawley said.

Members of the committee are Henry S. Wright, Joe Radcl, Edgar Otto, Bert Kaswimer and Jay Swelling. Additional information may be gained by calling Wright at DR 9-2562.

Union County Hikers Have Week-end Choir
 Members of the Union-County Hiking Club will have a choice of three hikes being offered this weekend. All will start from the Administration Building of the Union County Park Commission in Worthington Park, Elizabeth.

A seven-mile rambles through Jockey Hollow has been planned for 9:30 a.m. Saturday. The Appalachian Trail in the Watchung Mountains will be the site of a 10-mile hike slated for 8 a.m. Sunday. Also on Sunday a group will set off on a six-mile wonder on the top of the Kittatinny Ridge in Sussex County.

UJC College Readiness Program Will Open June 29 For 4 Weeks

Union Junior College, Cranford, will again sponsor a College Readiness Program this summer designed to help prospective college freshmen adjust to the new world of college. Dr. Kenneth W. Iverson, dean, announced this week.

The four-week program will open on June 29 and will continue through July 24. Classes will meet daily from 8:30 to 11:40 a.m.

Dr. Iverson said the program will feature an orientation to college life, including tips on

School Editors, Congresswoman Meet Saturday

U. S. Representative Florence P. Dwyer (R-8th Dist.) and Union County representatives of secondary school publications will meet for a unique kind of press conference Saturday. It will be a seventh annual occasion.

Thirty or more editors, reporters and photographers from student papers at public and parochial high schools, prep schools and junior colleges in and near Union County are expected to attend the session, which will be held in the Winfield Scott Hotel, Elizabeth, at 9:30 a.m.

Unlike most press conferences, the target for student questioners, Congresswoman Dwyer plans to ask some questions herself.

"It's really an exchange of views and ideas," Mrs. Dwyer explains. "For me, it's a fruitful opportunity to learn what a particularly thoughtful and intelligent cross-section of our young people are thinking.

These young people, who occupy responsible positions of leadership in the student community, come from all backgrounds and every kind of secondary school. They're quick-witted, remarkably well-informed and deeply concerned about what's happening in the world."

The Union County congresswoman will open the press conference with a brief review of the record of Congress to date. After that, the student journalists will take over with questions covering the range of government and politics, national and international affairs.

It's One Down And Two To Go For County Vaccine Campaign

It's one down, and two to go in the Union County Sabin Oral Polio Vaccine campaign.

"When you took the first Sabin feeding last month, you built up an immunity against one of three types of Polio," Dr. Edward Ehrenberg said this week.

"Now you must take the second feeding on Sunday and the third feeding on May 24 for total immunity against all three types of polio."

The second and third feedings are not boosters — they are protection against different types of paralytic polio.

"What about those who missed the first feeding?"

"Go ahead with the second and third," Dr. Ehrenberg said.

"Then in the Fall, take Type 1 from your physician."

A total of 52 schools — one was added since the first feeding — will be open throughout Union County from 11 a.m. to 4 p.m. on Sunday as temporary clinics for the administration of the Sabin program.

The Sabin drops are given on a lump of sugar. Infants and those who cannot have sugar will be fed with an eye dropper.

"Two out of three Union County residents participated in the first feeding," Dr. Ehrenberg notes.

"Now that people realize how easy it is to take the drops, we are looking for a better turnout the second and third time around."

Over 338,000 Union County residents — or 87.4 percent — turned out for the initial feeding. This was a higher percentage than other urban areas in the state.

Dr. Ehrenberg urged all those who have taken the Sabin injections to take the Sabin vaccine for lasting protection and to avoid being carriers of polio. All persons six weeks and older should take the oral vaccine, he said.

The only exceptions are those suffering from fever, vomiting or diarrhea.

"We have an opportunity to make polio as rare as smallpox," Dr. Ehrenberg said.

Over 300 million persons throughout the world have taken the vaccine.

Reminders:

(1) To speed up the lines at the 52 sites, all persons participating are urged to fill out registration forms before arriving at the temporary clinics. New registration forms must be filled out for every feeding.

(2) Please bring your immunization certificate (card) with you. If you lose it, a new one will be issued, the doctor said.

CANOE MAGAZINE APPOINTS BEUTE TO EDITOR POST

William M. Beute, a maritime historian, formerly of Union, has been appointed as editor of the "American Canoeist," it was announced this week by Raymond A. Dodge, association commander.

The "Canoeist" is the official publication of the American Canoe Association, the purpose of which is the advancement of canoeing and related activities.

Beute, a governing member of the canoe association has given numerous lectures and demonstrations pertaining to canoeing and New Jersey history. He is president of Beutronics Laboratories of Kenilworth, designer and manufacturer of electronic and electro-mechanical assemblies.

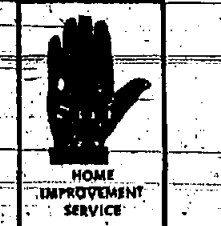

Summer Session Director Named

The appointment of Professor Walter B. Mallimore of Blanton as director of the summer session at Union Junior College, Cranford, was announced this week by Dr. Kenneth C. MacKay, UJC president.

Mallimore, who is an assistant professor of English at UJC, takes over as director of the summer session from Dr. Kenneth W. Iverson, dean.

UJC's Summer Session will open June 22 and will continue through July 31. Registration is scheduled for June 18 and 19. Forty freshman and sophomore courses will be offered in liberal arts, engineering, science and business administration.

Support Urged For GOP Ticket

Election of the organization-enforced Republican delegate to the national convention will assure all Union County Republicans that their opinions will be represented in San Francisco in July, Robert B. MacPherson, one of the organization-backed candidates for delegate, said this week.

"Senator Clifford P. Case is on the ballot as Union County's delegate-at-large while Mayor F. Edward Blumenthal of Union and myself are running for district delegates," MacPherson said.

"Case would represent the conservative wing of the party with more liberal leanings. Mayor Blumenthal would reflect the views of middle-of-the-road Republicans and that he (MacPherson) would offer the thinking of the conservative wing of the party."

A VIEW OF SOME ENCHANTED ISLAND from the shores of Tahiti in January. Actually the island is Moorea, a sister island to Tahiti, and famed for its Bali Hai inspiration.

THE FEMINE LOOK

Commentary on a recent National Editorial Association Round the World Newspaper Study Missions

By TRUDINA HOWARD

SECOND IN A SERIES

Around Tahiti

When you are in Papeete, the capital of Tahiti, life is not complete unless you visit "Queens" and go shopping at Marie au You's.

Queens, you soon learn, is not really Queens at all, but "Quinn's," a waterfront bar-salon and dance hall of Mutiny on the Bounty fame. The Tahitians pronounce all English words with a French accent, however, so it comes out "Quiness."

On a Saturday night this hit or Tahiti goes wild. Wild! Wild is mild for it. For one thing, almost everyone in Tahiti who is under 30 and above 15 is there, either living last tourist. But I'm sure the entire population of the island, which is a nice round 40,000, is there too. It is so crowded you don't need your own energy to stand up. The crowd just props you up. Then for another thing, anything can happen and anything does.

On the night we went there, the crowd was flowing out over the two sets of swinging doors onto the sidewalk as it took some time to get inside. We got as far as two yards when things began to happen. The man next to the man next to me got knocked out by the man he was arguing with, one of our women got pinched where she shouldn't be pinched, a woman came from the booth area and "Tahitian" bar in order to better hit a man who was trying to kiss her.

The more remarkable thing about this last episode was what followed. Two bartenders came over—not to cool the man down, but to take the bottle away from the girl.

No one objected, either. Everyone was involved in his or her own idling, or in doing the Mahitian—pronounced Medicine in Tahiti. This is a Tahitian dance that completely absorbs the performer and it is a passion in Tahiti currently.

As I said, we got two yards inside the door, but when we saw all this we decided to flee just as fast as we could—and we did. (The last we saw of the girl, she was in the "bar" area.)

Marie au You's on the other hand, is a nice, quiet woman's shop, owned by a nice, quiet little Chinese woman. Here you can get a Tahitian dress either ready-made or made-

been set under the palm thatched roof of the hotel for the banquet, but there wasn't one dish, or one piece of silverware to be seen. The food was served and eaten off polished hibiscus leaves, a half coconut made a glass and the middle three fingers of your hand, were your knife and fork and spoon. Pork is easy that way—but you should try creamed spinach!

A few days later, when it was dark, the villagers of a little village on the island called Temae, performed dances and songs for us. Their only light came from torches, and these were made by tying long dried palm leaves or banana leaves together to make a wand. Little boys held them as they danced, and kept lighting new ones, so the light would be constant. It looked like the whole island would go up in smoke every once in a while, if not from the "living torches," at least from the violent dances, but it didn't. You never saw anybody wiggle so fast as the Tahitian girls do in a dance. It's like a 100 mile an hour hula.

Later by full moonlight we returned to the waiting boat and sailed back to Tahiti.

No Worry Bugs

Tahitians live in little grass, or bamboo, houses with about five to 15 acres of land, and there is never a door or a window or a lock anywhere. They never worry about robbery because there is none. It is said that a Tahitian has never known what it is to be cold or hungry. And I can see why. It is always warm and food grows like weeds.

The main staple is coconuts of which they eat each day. They use three per day and one family usually owns 200 coconuts. Some of the coconuts to support the family for one year. Each tree produces seven crops a year. The shells are used for fuel and the leaves for houses, mats and cloth. On their land they also raise yams, sugar cane, breadfruit, bananas, pineapples, avocados and taro. Taro is a second staple whose root resembles yam and whose leaves are used as spinach.

Business is good with the export of phosphate and copra (dried coconuts) and with tourism. There is no income tax, no real estate tax, no road tax, and no gasoline tax. Gas is about 60 cents per gallon, but there are no many cars, and there isn't far to get to. A few cars are mostly small foreign ones and some regular American ones, but bikes work beautifully.

There are nice American goods available like Kleenex, Palmolive soap, Log Cabin syrup, Campbell soup, Revlon toilettries and so on. While all manufactured goods like clothes and tools and cars, etc., have to be imported, they are within the budget of the Tahitian. There just is nothing to worry about.

If Tahitians could worry and I doubt it, they would worry about one thing. The slow march South of the island is a much concerned over France's announced intention to do so. Relations between the islands and France have generally been good, but with the testing idea, much opposition and ill-feeling has arisen. Already about 400 or 500 French Foreign Legionnaires are in Tahiti as part of the atomic test preparations, and the Tahitians do not seem to like it one bit. According to reports the test is being planned for 1965 at an atoll some 850 miles southeast of the island, which, the Tahitians say, is too close.

Be that as it may, they will have a hard time changing the way of the times. So it may be that the first real joy to come to this island will be a hand from man. The hand of God surely never could do that to the fair Tahiti.

HELP LICK POLIO!

SABIN ORAL SUNDAY THIS SUNDAY APRIL 12th

11 A.M. TO 4 P.M.

QUESTIONS and ANSWERS:

- Q** Who should take oral polio vaccine?
A Everyone aged 5 weeks and older.
- Q** What is oral polio vaccine?
A This is a vaccine taken by mouth.
- Q** When will oral polio vaccine be given?
A Vaccine will be given on special Sundays between the hours of 11 A.M. and 4 P.M.
- Type 1—April 1**
Type 2—April 12
Type 3—May 24
- Q** How many doses must I take?
A Three, because there are three types of polio virus. You need vaccine against each type to be protected.
- Q** Where can I go to get the oral vaccine?
A Vaccine will be available in every section of Essex and Union Counties. Site nearest you is listed below.
- Q** How is the oral polio vaccine given?
A A few drops of vaccine are placed on a sugar cube which is then eaten.
- Q** How much does oral polio vaccine cost?
A A voluntary contribution of 25 cents is suggested. If you are unable to pay, the vaccine will be given free of charge. If you are unable to pay, the vaccine will be given free of charge.
- Q** Should I take oral polio vaccine even though I have had Salk shots?
A Yes! The oral vaccine can not only help protect you against polio, it can also help prevent your carrying polio to others. Salk vaccine provides only temporary protection.

Tips for TODAY'S HOMEMAKER

From MARY ARMSTRONG, County Home Agent

RICE-MAKES-GOOD-EATING

IN BOTH EAST AND WEST
 Rice is the staple food of more than half the world's population, but it is also an interesting variety food for all the rest of us. It sustains life for the masses of the Eastern Countries but it also plays an important role in the meals of the Western World.

This week, when rice is one of the United States Department of Agriculture food headlines, is a good time to think about it and plan some good hearty dishes bolstered with rice.

Chicken-rice soup—Spanish rice, chicken and rice, salmon rice croquette, rice ring for beef stroganoff, apricot rice stuffing for duck or other fowl, rice-pudding-with-raisins—these are just a few of the good things rice makes possible. Savory stuffed cabbage or stuffed green peppers are other favorites using rice. Of course, the small fry would add the rice-puffs, flakes and checks that are so much in demand at breakfast time.

Our rice farmers have gathered a fine crop of rice this year, much above average. Grocery shelves are now well stocked with every favorite rice variety to meet any mealtime need—the regular white-milled rice that is the American consumer's top preference, par-boiled rice, precooked rice, and brown rice.

Meat, fish, poultry, milk and cheese are always good choices to go with rice since they provide the protein that rice lacks. The fluffy white rice provides color contrast and the needed bland background for highly seasoned foods.

Chicken, another food now in plentiful supply, combines with rice in Rice and Chicken Casserole, and a Rice Ring with

meat, fish or fowl filling makes a tempting, everyday main dish.

RICE AND CHICKEN

CASSEROLE
 Slightly brown—1 cup uncooked rice in 1/4 cup butter. Add 3 cups diced chicken, 1 cup-crushed pineapple, 2 cups chicken broth and salt. Pour into a greased 3 quart casserole and cover. Bake 1 hour in a 350 degree F. oven, removing the lid for the last 10 minutes.

Lima beans make a perfect dinner mate for this casserole.

TASTY FILLED RICE RING

Cook 1 cup rice. Add salt and softened or ripe olives. Pack into a well-greased 3 inch ring mold and bake 15-20 minutes in a 350 degree F. oven. Unmold and fill the center with beef-stroganoff, creamed turkey or chicken a la king. Serve with Harvard beets for added color and flavor.

Glee Club Sets Music Festival

The Maplewood Glee Club of Maplewood Community Recreation Service will present a light-hearted program of show numbers, humorous and patriotic music, next Saturday, April 15, at 8:30 p.m. at Columbia High School.

Directed by Jack Platt, the 40-man chorus will perform in such special arrangements as "Ono Moos Time", "Moon River", "Someone To Watch Over Me", and "Comes Once In A Lifetime".

Guest artists will be soprano Patricia Johnson, Broadway musical-comedy performer. The Columbia High School Girls' Choir will also appear in a series of numbers, led by Conductor Warren G. Schmolli, director of Vocal Music at the school. Tickets are available at door, with students admitted at lower rates.

IF YOU SAVE STAMPS... THIS TV COSTS \$2,465.68

21" RCA COLOR T.V.
LIST PRICE **\$549**

Who pays over \$2,400 for a \$549 Color T.V.? If you save stamps, you do!

Here's proof: It takes 150 books of stamps of leading trading stamp companies to get this 21" Color T.V. Set. That's 180,000 stamps.

Since you over pay (as shown on the comparative table below) at the rate of \$2.59 for every 189 stamps, to accumulate 180,000 stamps you have overpaid \$2,466.68 on your groceries.

You paid \$2,465.68 for merchandise worth \$549! (That's true and typical of the so called "gifts" you get at leading stamp company redemption centers!)

Red Cross Chapter Details Work In Alaskan Relief

The Springfield Chapter of the Red Cross is working to make voluntary contributions of funds to the local chapter in Alaska to help the Red Cross in its relief work in Alaska. The Springfield Chapter is active in the disaster relief work being done in Alaska wherever disaster strikes.

Robert Laurence, Springfield disaster chairman, said the Red Cross has established operations headquarters in the YACCA at Anchorage. He said Red Cross rooms including nurses are working in the major affected areas giving emergency aid and laying the groundwork for recovery assistance.

"Throughout the nation the Red Cross has been confronted with an almost unprecedented avalanche of inquiries related to the well-being of people in Alaska," said Mrs. Charles Sasse, chairman of Home Service. "Inquiries should be made through your local Red Cross Chapter."

She said that the Red Cross estimate is that 1,000 families may need assistance from Red Cross in recovering from the effects of this disaster, and that cost may well reach \$2 million. There are adequate Red Cross emergency supplies in Alaska to enable us to meet the immediate needs of those families who have been affected. Red Cross will stay on the job until all needs have been met.

Concluded Laurence: "The fact that Red Cross was able to work quickly, efficiently and at peak performance in this major U. S. disaster is the result of adequate preparation, adequate trained volunteers and staff to do the job effectively, adequate disaster supplies on hand without waiting for a special emergency appeal to the people and adequate funds to finance the costly emergency operation."

"If we in Red Cross, and as concerned neighbors in Springfield are to continue to be of help wherever disaster strikes we must support the work of the local, national and worldwide Red Cross. We must volunteer to be trained in various aspects of Red Cross service and we must give generously to our local fund drive."

'Parents Dilemma' Topic Of Chisholm PTA Meeting

Dr. Robert Larvosa, professor of Education at Newark State College, will speak on "The Modern Parents' Dilemma" at a meeting of the Raymond Chisholm School PTA on Monday evening, April 28.

Attendance of the talk and writing concerning the role of parents in the home is anticipated.

The speaker is recognized as one of the leading authorities on the subject of parent-teacher relationships and elementary education.

Dr. Larvosa also teaches Parent and Family Life at Chisholm School, arranged the PTA program, Mrs. Byron Ehlers, PTA president and Mrs. Robert Powers, principal, will welcome those attending the meeting, an announcement said.

JUNIORS PETITES TEENS

A "NEW" STORE IN UNION CENTER:

We are opening a new annex to our present store because we feel there is a definite need for a shop of this nature to cater to the desires of the teenage girl.

A "NEW" CONCEPT IN UNION CENTER:

Our prime function will be to offer merchandise that both fits and is styled for the JUNIOR MISS. To perform this job, we have shopped all of the Junior Resources, eliminating the styles that we feel have an older appearance. We have narrowed down our horizon to a very specific and specialized concept. We select and buy merchandise that we feel is suited to the needs of the teenage girl, alone.

A "TRUSTED" NAME IN UNION CENTER:

THE SUSAN SHOP

For the past fifteen years at Union Center we have become known as a store of QUALITY, STYLE and SERVICE for the infant children and the teenager. This will be our fourth expansion at our present location. We will continue to offer QUALITY, STYLE and SERVICE in our new "JUNIOR CIRCLE" Shop.

Ask Amy
BY AMY ADAMS

Dear Amy:
Your recent article concerning a girl 24 years of age who was hooked on pills (signed her name "Hooked And Can't Get Out") was sent to me by a friend. I am a woman 28 years of age. In 1956, I started taking pills and slowly graduated to taking heroin by '61. I have been in and out of jails and hospitals. I felt hopeless just as this girl does.

In September of 1963, a friend (an ex-dope addict) invited me to a "Teen Challenge Rally." There I heard another ex-dope addict give his testimony of how God delivered him from a life of crime and dope addiction. That night I found the answer for my dope addiction and other problems in my life. At 11:30 p.m. I tried many other ways and so did many others like myself, but through Teen Challenge, I found complete cure and peace of mind.

Now I am living with the group of people who specialize in working with dope addicts. They stay with me day and night helping me through any temptation I might have.

Please consider sending this letter and information enclosed to this girl. Thank you very much.
"Hooked And Can't Get Out"
Dear Got Out:
"Hooked And Can't Get Out" did not include her name and address - in addition, she does not want I am publishing the organization for her and the many others who are in desperate need of help.
TEEN CHALLENGE CENTER
2263 South-Holm Blvd.
Los Angeles 18, Calif.
My sincerest thanks for your letter.

Dear Amy:
This letter is in response to the cry for help from a female narcotic addict that you published recently. You are probably aware of the excellent work being done for narcotic addicts by SYNANON here in Santa Monica, Calif. It is an organization of 5 years or so, that has several branches throughout the country and a great many former addicts come clean for as long as 5 years) are now restored to so-

cley as testimony to the fact that SYNANON works. It has been recommended as doing an outstanding job with narcotic addicts, this girl, who want to help themselves.

How do I know? I'm a student at State Teachers College, Northridge (a senior majoring in Sociology) and this semester I have a class in Criminology under a well known Sociologist, Criminologist, Dr. Lewis Yablonsky. He is intimately concerned and working with SYNANON, so naturally we have heard about it and read literature that tells of its good reputation.

It appears that the girl did not send her name and address. I hope and pray that she will help other people to realize how altogether easy it can be to get "hooked" into phantoms, ruinous addiction through this class. I have become intensely aware of the dangers and trauma involved.

For whatever help it may be, I'm sending you this letter to you. I am signing my name because there is no reason that I should not.

Mary Janette Guster

County Extension Service Repeats Program For Mature Men, Women

The Union County Extension Service program for mature men and women called "Live Long and Like It," conducted by Mrs. Mary W. Armstrong, Union County Home Agent, will be repeated from 10 to 11:45 a.m. on three consecutive Thursdays, April 16, 23, and 30. The sessions will be held in the auditorium of the County Extension office, 7 Bridge Street, Elizabeth.

There is no charge for the programs.

The Extension Service is sponsored by Rutgers University, Union County Board of Chosen Freeholders, and the United States Department of Agriculture.

First session topic, "Make Every Day Count," includes suggestions for getting along with other people, basic human needs and behavior patterns that may result when needs are not met. Help will be offered in understanding other people and developing potential.

For personal fulfillment, the following topics are, "Enjoy The Foods That Serve You" and "Make Every Dollar Count." Suggestions for economic adjustments likely to be required in later years.

Advance registration will be helpful in making arrangements for these sessions. Write the Extension office, 1106 Elizabeth Avenue, Elizabeth, or telephone Elizabeth 3-5000, for further information or to enroll.

Plant New Trees To Line Footpath At County Parks

A collection of 20 different shade trees, a donation from the North Jersey Landscaping Association, is now being planted by the Union County Park Commission in Warranaco Park, Elizabeth and Roselle. The donation was made in recognition of the New Jersey Tercentennial.

The trees are being planted in an area along the footpath between the Aster Garden and the refreshment stand. The planting includes trees that are common and available in this area.

Included in the planting will be one of each of the following species: Crimson King Maple, Norway Maple, Pin Oak, Red Oak, Scarlet Oak, Chinese scholar tree, Sweet Gum, Sugar Maple, Shadblow, Thymus, hollyhock, Katsura tree, Silver Leaf Linden, Bradford Gallery Pear, Hops Crabapple, Sorrel tree, Japanese Quince, Kousa Dogwood, Cherry, Carolina Silverbell, Hop-hornbeam, Sour Gum, Maidenhair tree.

The planting is made possible through the efforts of Eric H. Peterson, Jr., Union County Agricultural Agent, and a member of the Union County Tercentennial Tree Planting Committee which was appointed by the Park Commission in 1962 to determine areas in the County Parks where memorial tree plantings will be suitable and in keeping with the aesthetic development of the parks.

Those interested in participating in a memorial tree planting during the Tercentennial Celebration are requested to contact the Park Commission for further information.

Rinaldo Pleads For Costs Curbs

Freeholder Matthew J. Rinaldo of Union this week called on all county employees to pull together to halt the costs of rising government.

Speaking at a "Republican Candidates Night" in Roselle Park, the freeholder told his audience that "all department heads have had their budgets checked and if we are to continue the services required by law and expected by the people of this county, every penny appropriated must be well spent."

Referring to a \$227,000 cut the Republican board made in the 1964 budget, Rinaldo said the document was "one of the most fine-toothed combs we ever used. We combed at the roots, not the branches."

He added that requests had been cut six percent by the Finance Committee before a one-and-a-half-percent slash was effected at adoption time. Rinaldo said the total reduction of seven percent from initial requests was "a real saving to the taxpayer."

State Tax Reform Committee To Meet At Roselle Park High

The Union County Committee for State Tax Reform, which is dedicated to demonstrating the need for a revised tax system, will meet at 8 p.m. next Wednesday at the Roselle Park High School.

"All organizations or public agencies in the county interested in tax problems and tax reform may send representatives. The meeting will be held by the group to acquaint civic organizations in the county with the tax reform program and to provide a forum for the exchange of views on the subject."

The meeting is being held in recognition of the New Jersey Tercentennial.

The increasing burden of local property taxes, the inadequacy of state institutional and correctional facilities, the shortage of college buildings, the need for construction of highways and local roads, the necessity to preserve and improve mass transportation, the continued reliance upon municipal taxes to balance the state budget and the necessity for improvement in our business tax climate require the enactment and implementation of a program of tax reform in New Jersey.

Among the groups represented at the recent meeting were the N. J. Manufacturers Association, the American for

Democratic Action, the N. J. Citizens' Highway Committee, the Associated Builders of New Jersey, the N. J. League of Women Voters, the N. J. Jaycees, the N. J. Farm Bureau, the Committee for School Support, the League of Municipalities, the State Federation of Educational Boards of Education, the N. J. PTA, the N. J. Association of Township Committees and the N. J. Public School Business Officials.

District Scout Men To Meet On Tuesday

The Northern District, Union Council, Boy Scouts of America, will hold their monthly committee meeting at 8 p.m. Tuesday at the Sewall-Bellevue Center, 601 Union Ave., Elizabeth. Under the chairmanship of George Doby of Union, the District Committee consists of representatives of the various churches, PTAs, civic

and service groups that sponsor members of the committee. Anyone interested in working with this group in administering the organization is invited to attend. Advancement and safety are Doby's goals.

REPORT ON SERVICE

Last year, more than 600 volunteers actively participated in the service program of the Union County Chapter of the American Cancer Society. These volunteers prepared over 170,000 cancer dressings and traveled more than 12,000 miles taking cancer patients to hospitals for treatment.

Some of the work done last year included: preparing and distributing 170,000 cancer dressings; traveling more than 12,000 miles taking cancer patients to hospitals for treatment; preparing and distributing 170,000 cancer dressings; traveling more than 12,000 miles taking cancer patients to hospitals for treatment.

\$27,000 WELL SPENT
 In 1963 a total of \$27,000 was spent in Union County for service to cancer patients by the local chapter of the American Cancer Society. This money made possible the purchase of a mobile unit of service, education and research.

AID TO KOREAN YOUNGSTERS

Form 'Pig Scholarship Corps'

A regional chapter of the New Jersey P.S. Corps (Pig Scholarship Corps) is being organized on the Union Junior College campus tomorrow. The New Jersey P.S. Corps is being organized to provide pigs for children in every fourth in the Province of Kyung Puk, Korea, which, in effect, will provide a scholarship for middle school, high school and college for only \$5.

There's more to the program works in Korea: A child is given a female pig to raise, by himself under careful supervision. His pig produces an average of eight baby pigs each year. These piglets are sold, and the money is deposited in a joint bank account and is restricted for the child's educational expenses. When he is ready to enter middle school (seventh grade), all of the money he needs is paid directly to the school of his choice. If the child wishes to go on to high school and college, he continues the process until his country gains a doctor, a teacher, an engineer or some other desperately needed specialist.

In Korea, about 85 per cent of the children in rural areas are unable to continue their education beyond the ninth grade, because their parents cannot afford even the modest tuition costs. There are no free schools.

The regional chapter at Union Junior College is being organized by the Day Session Student Council. Ernest Grainger, of 2723 Academy rd., Union, is regional chairman.

HELP FOR INDIGENTS
 The Union County Chapter of the American Cancer Society provides partial support for indigent and medically indigent patients at diagnostic and treatment clinics in Elizabeth General Hospital, Overlook Hospital in Summit and Muhlenberg Hospital in Plainfield.

GILBERT G. ROESSNER

Roessner Attends Oxford Institute For Two Weeks

Gilbert G. Roessner, executive vice president of City Federal Savings, is now attending a special two-week course at Lincoln College, Oxford, England, sponsored by the International School of the Building Societies Institute. Lincoln College is one of the oldest Oxford Colleges founded in 1420.

One hundred members from 18 countries have been enrolled in the school. They will exchange knowledge and ideas from all the countries from which the students are drawn. In addition they will examine the economic and sociological influence of savings and loan associations and their future potential.

It is historically appropriate, Roessner said, that this, the first year of the International School, should be held in England which was the birthplace, both of building societies and also of the International Union of Building Societies and Savings Associations.

Roessner is scheduled to deliver a paper entitled "Savings in the United States." A survey of the various savings media and a discussion of the level of savings, sources of personal income, and monetary stability.

Roessner joined City Federal Savings in 1941 as mortgage officer. In 1952 he was elected vice president and treasurer and became executive vice president in 1958.

Roessner is president of the Union County Park Commission and president of Overlook Hospital in Summit where he resides. He is a member of Union public schools, Rutgers University and the American Savings and Loan Institute.

Elizabeth YMHA Plans Day Camp

A nursery day camp for preschool youngsters under the auspices of the YM-YWHA in Elizabeth will be instituted this summer. Mrs. Berice Richter, chairman of the nursery subcommittee of the Y, announced this week.

The day camp will be open to four and five-year-olds, born between Jan. 1, 1959, and Dec. 31, 1960. It will run for four weeks, from June 28 to July 21, from 9 a.m. to noon, Monday through Friday. All nursery activities, including finger and outdoor play, art, nature and water fun, will be conducted at a site near the YMHA.

Registration for the regular Nursery School starts September 14 at 8:00 p.m. in the auditorium of Crawford High School. The school will be open to three-year-olds three mornings per week and for four-year-olds for five mornings per week. The school operates mornings from 9:45 to 11:45. Further information on either of these programs is available by calling the YMHA at EL 5-0738.

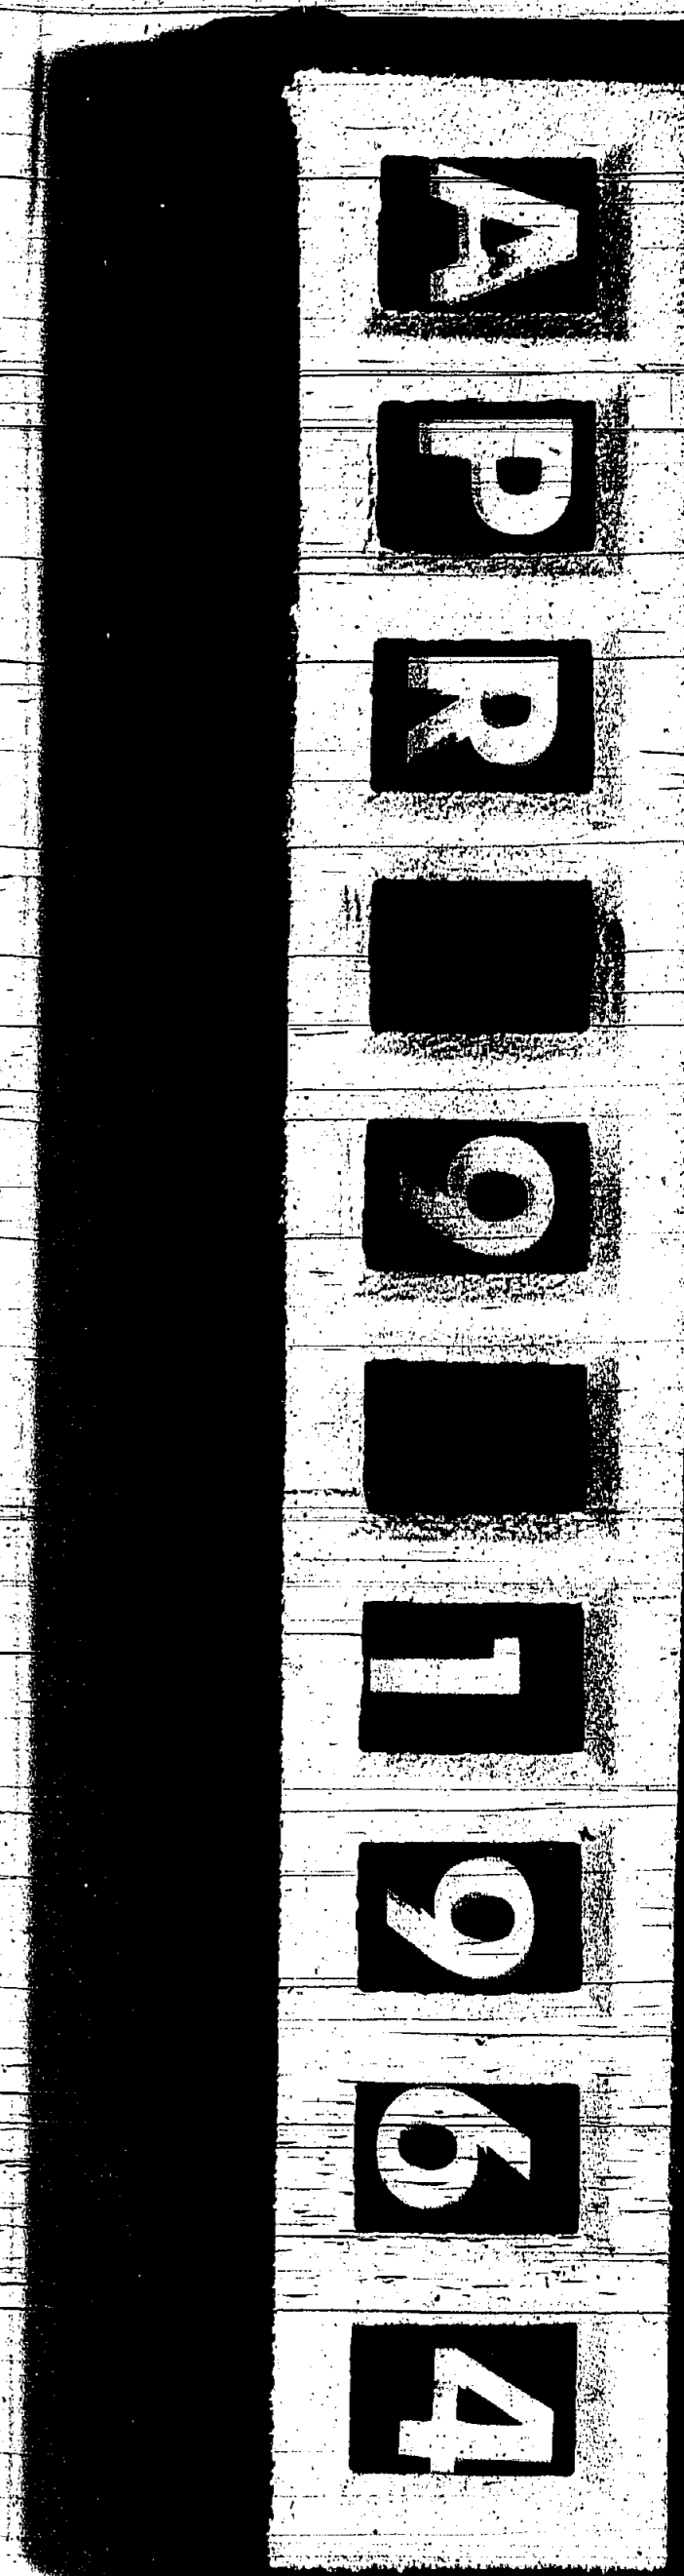

Chorus To Perform Bach Cantata Apr. 17

A cantata by J. S. Bach, "Sleepers Awake, Opus No. 146," will be the featured work by the Suburban Symphony Chorus under the direction of Evelyn Bleeke of Westerfield at its second concert of the season April 17 at 8:00 p.m. in the auditorium of Crawford High School.

The chorus will be accompanied by a chamber orchestra comprised of members of the Suburban Symphony Orchestra of New Jersey under Peter Szio of Millburn.

Balalaika Orchestra Plays At Clinton Hill

The Balalaika Orchestra of South River, which includes adults and children, will present a musical program this Sunday at 7 p.m. in Clinton Hill Baptist Church, 2015 Morris Ave. The program will be open to the public. The five-year-old daughter of the director, Leon Jelenkovic, is the youngest person in the orchestra which includes domras and balalaikas.

The orchestra, which was formed in 1951 at the Russian Baptist Church of South River, have presented similar concerts at services and missionary conferences in many area churches. The Rev. Alex Leonovich will bring a missionary challenge. Rev. Leonovich came to the U.S.A. as a boy with his parents. He received his education here and is a graduate of the New York University Training Center in New York, N.Y. He has spent several years among the Slav-speaking people in South America, where he worked both as director of the Russian broadcasts at the pioneer missionary broadcasting station HCJB, "The Voice of the Andes," Quito, Ecuador, and as field evangelist in Argentina, Paraguay, and Brazil.

His missionary work in England's "Iron Curtain" of Czechoslovakia and he has first-hand information on conditions there.

Mr. Leonovich has spoken in many of the largest cities in America and abroad, speaking at the Young Men's Christian League and Bible and Missionary conferences. He has ministered to his ministry.

Christadelphians Open Series of Lectures Sunday

The first in a seven-part series of Bible lectures will open Sunday at 7:30 p.m. in the Masonic Hall, 1012 Morris Ave., Union, under the sponsorship of the Christadelphians.

The lectures, which are free and open to the public, will be given by lay leaders of the church.

Engene Turner, of Meriden, Conn., will lecture this Sunday on "Babylon Will Never Rule The World." Mr. Turner and three of the other scheduled lecturers, Alvin Brille, of Cranford, N. J., and Russell Dixon, of Haldwain, N. Y., have instructed for many years at the Christ's Summer Bible School at Waltham, Mass.

August Link, of Mountain, Pa., and J. A. Somerville, of Fairview, will also be among the speakers. All have had extensive experience in public speaking.

The lectures will continue on six consecutive Sunday evenings through May 24. Free parking will be available at the municipal parking lot on Morris and Grandview aves., Union, next door to the Masonic Hall.

FAMILY LIFE TODAY

LEARNING TO TALK

"I thought he would never learn to talk, but now I wish he'd never started. He isn't quite a second anymore," complains a mother.

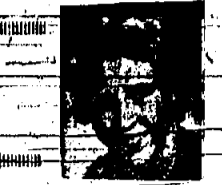

"This is true of children — once they learn to talk, they seem never to stop. Some children learn faster than others. Some children talk later because someone nearby understands their wants so that it's not necessary to talk.

Learning to talk is easy for children, but they need their parents' help in order to learn to talk well. The child's first venture into speech is a great event, but the excitement dies down before the child learns grammar.

Any normal child learns to speak the language he hears. He pronounces words the way his parents do, copying a drivel or careless grammar just as certainly as he copies good speech.

As a child's speech is determined by what he hears, example is the important thing. Time is needed for the youngster to pronounce words clearly. While baby-talk may be charming at the age of 2, it becomes embarrassing at 10. Therefore parents who initiate the baby talk of their child do not provide him with examples of the correct way of pronunciation.

Talking needs to be encouraged and to be made fun, without constant corrections of grammar or pronunciation. The child learns through hearing that words change their form — that

Two "mouses" are "mice". Constant correction will only make the child unhappy and hesitant about talking.

M. A. Cooper, 48, Dies in Hospital

Murray A. Cooper, 48, executive vice-president of the J. J. Cooke Warehouse Corp., Jersey City, died in a New York hospital last Friday.

Mr. Cooper moved to 1232 Highland Union five years ago. Prior to that time he was a resident of Long Island City, New York.

He was engaged in the warehousing business practically all of his working life, and joined the Cooke organization in 1930 as controller. He was promoted to executive vice-president in 1961 at the time of the death of the founder of the company, J. J. Cooke.

Mr. Cooper was a veteran of World War II, having served in the Air Corps in the European Theater.

He is survived by his wife, Frances; two daughters, Eileen and Judith; a son Gregory and two sisters, Mrs. Nettie Howard and Mrs. Esther Levin.

Funeral services will be held at 10 a.m. Sunday at the funeral home of J. J. Cooke, 1232 Highland Union. Burial will be in the cemetery of the same name.

SUREST AND EASIEST — a few drops of Sabin Vaccine on a lump of sugar and you **HELP** **STOP POLIO FOR GOOD**

S.O.S.

a Reminder:

IF YOU TOOK YOUR FIRST SABIN ORAL POLIO VACCINE DROPS LAST MONTH, YOU ARE NOW...

1/3 SAFE

FROM POLIO!

FOR TOTAL IMMUNITY AGAINST ALL TYPES OF POLIO YOU MUST TAKE THE 2nd and 3rd FEEDINGS ON APRIL 12th and MAY 24th

FACTS TO REMEMBER:

Everyone must fill out a new registration form for the second feeding. To avoid waiting in line, fill yours out at home.

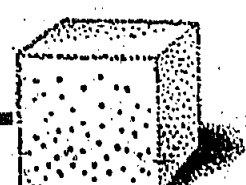

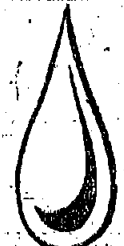

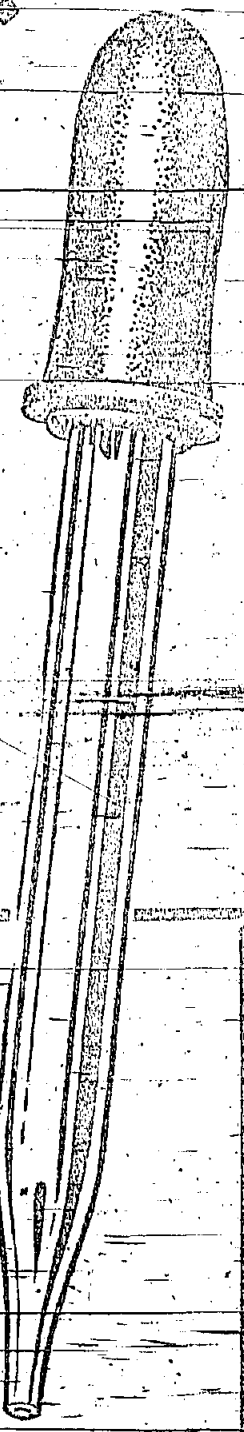

Please bring your immunization card with you for the second feeding. If you lost it, a new card will be issued.

The April 12th feeding is NOT a booster — it's protection against Type III polio. Immunization against Type II will be given on May 24th.

Every person six weeks and older should be immunized against polio. If you missed the first feeding, start now and make it up in the fall through your private physician.

52 schools throughout Union County will be used as temporary clinics for the Sabin Oral Polio Vaccine feeding. The schools will be open from 11 a.m. to 4 p.m.

If you have any questions about any phase of this program, call Sabin Oral Sundays headquarters at the Union County Courthouse, Elizabeth 4-0225.

Suspended Term Given Union Man Who Beat Boy, 5

A 16-year-old Union man was sentenced to a suspended term of 180 days for beating a 5-year-old boy in Union Township. The boy was taken to the hospital and had a fractured skull. The man, who was charged with assault, was arrested by police officers on April 1 before Magistrate James G. Conner on complaint of Mrs. Gertrude Granger of 216 Market St. in Union. She said the man had dragged her son up a flight of stairs and thrown him down.

Mehr Passes NJ State Bar
