Summer Courses Range From Math To Typing, By Way Of Creative Art

By MARIAN BROWN

Steering the course of the Jonathan Dayton Regional High School summer program for the fourth consecutive year is slender hand with a firm grip.

It belongs to Anne Romano, summer school director and assistant principal, who brings a touch of well-groomed femininity to the otherwise exclusively male administrative ranks in the district high schools.

Overlapping duties involving closing the regular school program and opening the summer session, which will run from near Monday through July 31, leave Miss Romano with just seconds between appointments.

The curriculum has been

drawn up, she explained, and three new courses will be offered. They are college preparatory math, a review course, "RATES" and creative art.

RATES is the physical education enrichment course which will be taught by John Swedish. Creative art will be taught by Mrs. Jay Bloom, a member of the Summit High School faculty.

SUMMER school courses are held in two categories, Miss Romano explained—review and enrichment. They are provided without tuition to residents of the Regional High School District under the age of 21 and for \$30 per 60 hour course and \$20 per

30 hour course for non-residents. School will be in session from 8 a. m. to 12:05 p. m. Sixty-hour courses will meet for two hours daily; 30-hour courses, for one hour.

Student registration, accomplished with the help of guidance counselors, will close at 3 p. m. tomorrow. Late registration will close at noon Saturday and should be accompanied by a fee of three dollars.

Besides review and new courses, subjects offered include accelerated reading, de-

velopmental reading, driver education, general shop, how to study, instrumental music, mechanical drawing, personal typing, shorthand, advanced chemistry, advanced math, drama workshop and printing.

The dark-haired, vivacious administrator was known for her frank enthusiasm even as a classroom teacher several years ago, and has always been heard to say that she loves her job.

A STORY once told by her second grade teacher to her mother indicates that she showed an ability for leadership at a tender age. One day, seeing the teacher busy at her desk and her classmates becoming restless at theirs, the then seven-year-old Anne decided to take the situation in hand. The teacher looked up from her preoccupation to see Anne at the blackboard teaching the class.

Born in Berkeley Heights, she attended Scotch Plains and Jonathan Dayton Regional High Schools. An A. B. degree at Monclair State College was followed by an M. A. in personnel and guidance and additional graduate study in administration at Rutgers University.

She joined the Regional faculty in 1934 as a social studies teacher and two years later was named director of attendance in addition to her

teaching duties. She was made assistant principal in 1960. Her favorite subject until it hit psychology, she said with her usual enthusiasm one day last week in her office. She spoke of her former teaching assignment with the nomination of an administrator who hastened the rewards of classroom teaching. Asked if she missed the teacher-teacher contact, she admitted there is no satisfaction equal to that of knowing a class has grasped what one is trying to impart.

The class she taught in psychology, which is still a part of the Regional curriculum, drew a great deal of self-expression from the students, she said, because of its informality.

A DISCUSSION of her job as assistant principal revealed other satisfactions. "I hope to see people get out of trouble," she said of her disciplinary function. Agreeing

that her manner of handling teenagers' classes naturally, she said, "It's just that I love people so much."

The role of the assistant principal is largely that of disciplinarian. Noting the warmth in Miss Romano's expression as she spoke of this function, this reporter concluded that discipline is not such an austere word when it is based on the quality of compassion.

Backs Her Car Into House Of Neighbor

Mrs. Jean M. McIver, 61, of 47 High Point rd., Springfield, was taken to Overlook Hospital, Summit, last Thursday, when she backed out of her driveway into a neighbor's house, Springfield police reported.

The car, a 1964 Chevrolet owned by Mulver Beverage Co. of Hightstown, was towed from the scene, police said. The house is the property of Mr. and Mrs. Nicholas DiGiorgio, 18 High st.

New Library Group Holds Open Meeting

An open meeting of the Springfield New Library Committee was scheduled to be held last night, at the home of Robert Starr, president of the group.

The committee seeks construction of a new library building on Fadem Farm property on Mountain ave. at the corner of Shunpike rd., a site that is currently the object of a taxpayers' suit against the Township Committee. The suit protests approval of a special exception zoning permit by that body that would pave the way for erection of a convalescent home there.

Mrs. Ruth Schwartz, co-chairman of the new library

group, said that the committee will continue to press for a new library, since traffic on Morris ave. limits use of the present facility by children.

Starr said that members of the Township Committee and Library Board of Trustees had been invited to last night's meeting but he did not know whether they would attend. The group would discuss further means of pressuring township officials for a new library, since a petition signed by 1,029 persons had failed, Starr said.

Starr said they would question the need for a new library survey, because the township has already paid for a survey by Helen C. Reynier, written last year.

"Miss Reynier's survey was fine in terms of books and staff," Starr said, "but it ignored site location. We don't need another survey to determine site location if the Township Committee will draw up a list of available sites and compare them against American Library Association standards. The Township Committee could then choose a site and proceed from there," Starr said.

He said his group still favors the Fadem Farm site but would consider other sites if they were suggested by the Township Committee.

"We want to broaden the scope of our group and look into the administration of the library," Starr added.

Mother, Daughter Hurt In Crash

A Mountinside woman and her daughter were injured Monday evening in a two-car collision during rain on Mountain ave., Springfield police reported. The woman, Mrs. Helen T. Hottis, 45, and the child, Frances, 15, were taken by the First Aid Squad to the office of the family physician in Mountinside. They suffered cuts on the legs, police said.

According to police, Israel Malowatsky, 48, of 387 Mountain ave., Springfield, was parked in front of his home. He told police he started out attempting to turn left and did not see the southbound station wagon driven by Mrs. Hottis because of the rain. The cars collided, police said.

LEADER PROFILE

REV. JAMES DEWART

Rev. James Dewart decided he wanted to be minister when he was four years old.

Although a cousin in Massachusetts, who is also a minister, has traced the Dewart family tree and tracked down 11 ministers, six of them Methodist, four Episcopalians, and one Congregationalist, Mr. Dewart didn't know of this tradition when he made his decision to become a pastor.

Before he was old enough to go to school, he would gather his family in the sun parlor of their Passaic home for Sunday evening services, leading his parents, the older sisters and one older brother in hymns and prayer. An older member of the family would read the Bible, he explained.

Mr. Dewart is the new pastor of the new Springfield Emanuel Methodist Church.

"We think of this as a new church," he said, explaining the merger of the Springfield Methodist Church with the former Emanuel Methodist Church of Newark.

The congregation from the Emanuel Church is of German origin and holds worship services in that language. Therefore services in both English and German will be held in the merged church.

GERMAN LANGUAGE services at 9:30 a.m. each Sunday will be led by Emanuel Schwing of Madison, a lay preacher, Mr. Dewart said. English services will be conducted by Mr. Dewart at 11 a.m.

Asked if he intends to learn German, Mr. Dewart said that he and his wife are already studying German language books and intend to purchase records. He says he's counting on members of his new congregation to help him master the fine points.

Mr. Dewart said that his first three sermons will summarize the mission of the church. The first, "A Faith to Proclaim," will deal with what he believes, the second, "A Love to Share," the fellowship of the congregation and its effect on the community; and the third, "A God to Trust," a Communion service, the personal relationship between God and man.

The new congregation will comprise a total of 560 members, Mr. Dewart explained, 379 of them from Springfield. Members of the Emanuel congregation are from a number of surrounding communities, including Madison, Florham Park, Union, Cranford, Roselle, Maplewood and Irvington.

THEIR FAMILIES originally lived in and around Newark and have moved to the suburbs. They now find Springfield is more centrally located than Newark.

The German Ladies Aid and the German Mission Society will continue to function as independent departments, their meetings held in the German language.

"The German people have a warm-hearted spirit," Mr. Dewart said. "And they're such good cooks."

Asked if he expects the merger to be effected smoothly, he replied readily in the affirmative. "One can accomplish anything if it is done in the right spirit," he said.

Mr. Dewart says he likes the challenge, adding that the basic challenge in life is to put what one believes into practice. "Great living comes from great faith," the pastor said.

His is a practical rather than a metaphysical Christianity. "We don't all express our beliefs in the same way," he said, "but we practice in the same manner," explaining that brotherhood is the motivating force.

Asked his views concerning current issues, he did not hedge in response to questioning. Mr. Dewart said (a) he supports the Supreme Court school prayer ban on the basis that religious education is the responsibility of the church and of the home; (b) he believes in integrated churches; and (c) he encourages interfaith discussions and socializing.

THE COMMON DENOMINATOR of all religions and races, he said, is a faith that is practiced.

A native of Passaic, Mr. Dewart is a graduate of Passaic High School. His earliest influences, he says, were from Sunday School teachers at the First Methodist Church there. As a teenager he was president of the Newark Conference Youth Fellowship and vice-president of the Christian Youth Council of New Jersey.

He received a bachelor of arts degree from Brothers College, Drew University, in 1948 and a bachelor of divinity degree from the Theological Seminary of the same university in 1951. He attended the School of Alcoholic Studies at Yale University.

Congress Has Bill To Aid In Solving Transit Woes

REV. JAMES DEWART

WASHINGTON, D. C. — As you drive around our State these days, all too often it's bumper-to-bumper going; and when you look at a commutation timetable, all too often the schedule is woefully inadequate.

Silently, we all hope for some higher authority to issue an edict which will unlog the highways and provide better rail service.

But hoping will not relieve our traffic jams. We need action. If, as the expert's recommendation, we want to get people off rubber and on to rails, we will have to beef-up our mass transit facilities.

Nor is there much time for delay. Urban America will soon grind to a complete halt if we

don't come out of our "transit trauma."

And people will leave their cars home and use rapid transit if good service is provided at a fair price. This has been proven in Detroit, Boston, Philadelphia and New Brunswick in demonstration projects underwritten in part by the government.

Help on a large scale, however, is now right at our fingertips.

The Mass Transit Bill, which has already passed the Senate where I had the privilege of sponsoring it, will shortly come up for a vote in the House of Representatives.

The bill would provide \$500 million over the next three years to communities which want to

build, expand or overhaul their bus, subway or rail system.

Even though this legislation has the support of the entire New Jersey Congressional Delegation, there are some Model A-minded lawmakers who refuse to recognize the enormity of the transportation tangle that grips our cities.

Consequently, it looks like the House vote will be close — as close, in fact, as the car in front of you on your way to work this morning.

Opponents of the bill argue that it will be costly. But what votes which would guarantee

Senator Williams Reports

By Sen. Harrison A. Williams

passage. The answer to miles of problems in just inches away.

about traffic congestion? It costs an estimated \$6 billion annually in time and wages lost, extra fuel consumption, faster vehicle depreciation and lower tax yields. By 1980 when our automotive and human populations will have soared considerably the cost would be \$8 billion.

There are other losses. Urban renewal in blighted downtown areas is little more than Federal folly unless accompanied by efficient transit systems which permit easy entrance and exit to the inner city.

New Jersey, now in the throes of a rail crisis, would, of course, benefit considerably from the legislation.

Federal assistance would help pay for two key projects: electrification of the New York and Long Branch Shore Line between South Amboy and Red Bank; and the linking of the Main Line of the Jersey Central with the Pennsylvania Railroad in Newark.

Clearly, the Mass Transit Bill is a must. Every effort is needed to win the few additional House

votes which would guarantee

passage. The answer to miles of problems in just inches away.

about traffic congestion? It costs an estimated \$6 billion annually in time and wages lost, extra fuel consumption, faster vehicle depreciation and lower tax yields. By 1980 when our automotive and human populations will have soared considerably the cost would be \$8 billion.

There are other losses. Urban renewal in blighted downtown areas is little more than Federal folly unless accompanied by efficient transit systems which permit easy entrance and exit to the inner city.

State Division Halts Discrimination In Recreation, Employment, Housing

The New Jersey Division on Civil Rights this week announced that corrective action was taken during May on a number of employment, housing and public accommodations cases. The following are summaries of some selected closed cases:

A Monmouth county country club golf course, charged with excluding a Negro golfer from tournament competition, has signed a Division agreement stating that the Negro golfer, who was discriminated against will be invited to make full use of club facilities in common with all other members and players.

Club employees have also been instructed to practice open

accommodations policies, regardless of the race, color, religion, or national origin of the player. The agreement also applies to all property which the club controls or might operate anywhere in the State of New Jersey.

A Warren county industrial firm has invited an engineer to return for a second job interview, because a plant personnel man improperly asked the applicant a question about the country of his birth. In employment interviews in this state, questions of birth place, national origin of parents or relatives, or race, religion, or in some cases age, are prohibited by the rules and regulations of the Division.

The engineer in question, who had been born in eastern Europe but was an American citizen, later received a letter from the plant manager saying that, "The job is still open, please return for another interview."

A female employee of one of the Middlesex county's larger electronics plants was reinstated in her job after sick leave in May. Sixteen youngsters lost their lives last year after she filed a complaint alleging that as a Negro she had been told to furnish some personal information not requested of other white employees. When the company manager was apprised of this discriminatory situation, he reinstated the employee at her assembly line job, and the person responsible for the discriminatory situation was reprimanded.

A young light-skinned Negro woman who applied for an apartment advertised in East Orange was told that the apartment was available. When she returned that same evening with her fiancée, they were told that a deposit had already been accepted and that no other apartments were available. On the following day while friends of the Negro couple inquired at the same building, they were shown two vacant apartments for rent. Within three days after the Division received the complaint against the investigation, the Negro couple was offered an apartment and signed a lease.

Report From Trenton

by State Senator Nelson F. Stabler (R-Union)

War in Vietnam. Floods in Montana. Terrorism in Panama. And now, from the State of New

Jersey, comes the shocking news that Cumberland County has a deficiency of 18 holes! I am now the proud owner of a 23-page book, printed at state expense, entitled "Golf Courses in New Jersey." Open Space Month is in fact, I am the proud owner of four of these useful booklets. All four arrived in my mailbox the same day, in separate envelopes, at a cost of 48 cents postage alone.

(President Johnson, please note: You can leave a 100-watt bulb burning in a room for 24 hours and seven rights for what cost New Jersey taxpayers to mail me four copies of "Golf Courses in New Jersey." The book is equally as useful as the fact that Cumberland has 18 golf holes. On Page 4, for example, it clearly states that the primary function of a golf course is recreation." Now here's something I never would have known if I hadn't read this book. Cumberland's deficiency is based on a standard of one hole required for every 3,000 population. By the same standard, Union County has 30 holes (top rank) and a different standard, however, mentioned only two pages later, Union is missing 164 holes of the 362 it desires. (Ask any golfer in the county.) Hudson County is in a bad shape. They have no holes at all. Their deficiency is either 206 or 411 holes, depending on which standard you use. A pretty map on Page 8 illustrates the state's "critical area," insofar as golf holes are concerned.

Most of the state is out of the danger zone, you'll be happy to know.

I can't imagine how much it cost the state to research, write, design, print and mail this book. I don't know how many were printed and distributed. With my four copies, however, I received four identical cheerful letters, all signed by Commissioner Robert A. Roe of the Department of Conservation (1) and Economic Development. Commissioner Roe states that "this report is offered primarily in the hope of stimulating further discussion and clarification."

All I can say is: I hope so, Commissioner. And if that's really your intent, you're off to a great start.

One thing I'd like clarified right away is: When will people in the State House start thinking about ways to reduce the excessive cost of government?

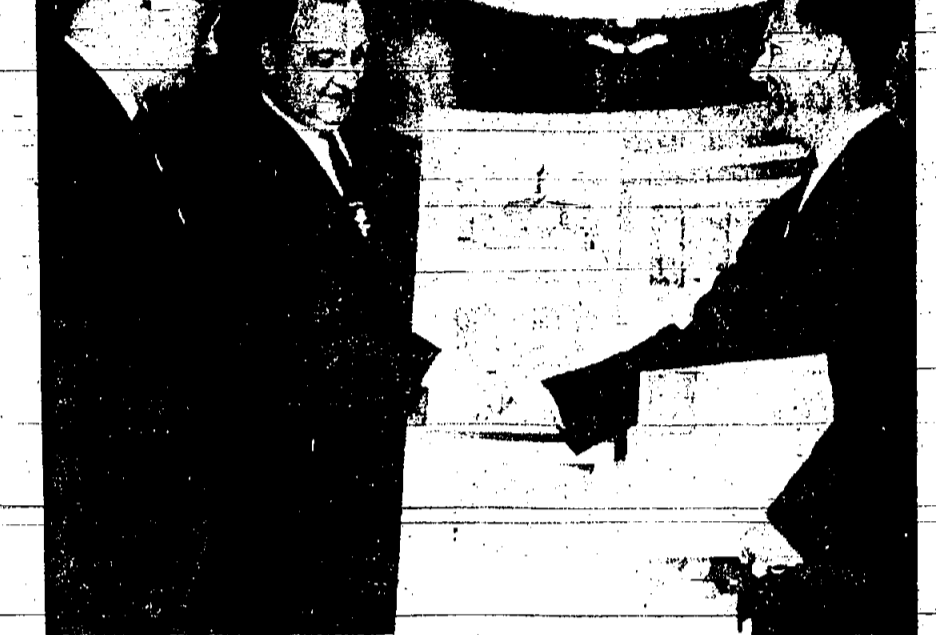

HAZEL H. HARDGROVE, Secretary

Springfield Explorer To Serve At World's Fair In Service Corps

Springfield Explorer Scout Peter Lawrence of Post 170 will serve for nine days at the World's Fair starting Tuesday with other "top scouts" from Union Council, Boy Scouts of America.

The boys will serve with the fair's Service Corps as guides, first aiders or in any activity in which they wish to participate. They will be easily recognizable by their scarlet jackets with the World's Fair emblem.

When not on duty, the boys will be housed at Fort Totten in the officers' quarters. Lawrence is a sophomore at Jonathan Dayton Regional High School and the youngest scout to serve with the volunteer hand-picked corps. His post is sponsored by the Springfield Optimalist Club.

TERCENTENARY ART — The Rev. Bruce C. Evans, center, and the Rev. Donald C. Weber, left, ministers of the First Presbyterian Church of Springfield, receive a portfolio of Tercentenary watercolor prints from Joseph F. Reimeyer, agent of the Prudential Insurance Co. The local church is one of six historical spots portrayed by Henry Gasser, well-known artist and Prudential director, in observance of the state's 300th anniversary. The church was built here in 1761, destroyed during the Revolutionary War and rebuilt in 1781.

State Safety Council Offers Statistics On Hazards To Children In Summer

With upwards of 3,000,000 children in New Jersey starting

vacations by the close of this month, the New Jersey State Safety Council calls attention to accident hazards likely to involve youngsters, particularly in the age group under 15 years, during the months of July and August.

Last year in the state during the nine-week period, 103 youngsters under 15 years of age lost their lives in all types of accidents, including drownings, traffic mishaps, burns, scalds, and falls. Sixty-two of these were pedestrians, including 224 under five years of age.

Chief causes of the child traffic deaths and injuries in order of importance were crossing in midblock, crossing from behind

parked cars and playing in roadways. The record also shows, the council points out, that 2,574 of the children injured were passengers in vehicles operated by adults.

Recreation in public accidents took the lives of 20 youngsters. Thirteen of these were victims of drownings, including two under seven years of age. Two resulted from a fall from a different level, and six were classified as other specified accidents.

The record, the council points out, shows that youngsters need supervised supervision of youngsters under 15 years of age by those responsible for their safety during the summer months.

ELKS SEEK

(Continued from Page 1) club, had testified that the club met for luncheons, regular meetings and special affairs. He said that the usual number of members attending a meeting was between 30 and 35 and that a large "blind" would draw about 10 percent of the membership.

David Bagley, a member of the Board and a resident of Siles, at removed himself from the hearing and the following executive session in which the decision was made. Bagley was one of the property owners notified because of the proximity of his house to the proposed lodge.

Meanwhile, the Board of Education at its meeting on the same night, voted unanimously to oppose the variance request because the lodge would have been located too near to the Edward School.

In other action, the Board of Education of Emanuel, principal of 112 Tucker ave to extend a non-conforming use and add a bathroom, bedroom and sun deck to his home. He owns a two-family home in a single family zone.

Denied was the application of Harry Benson of 85 Adams ter. to add a porch to his home. Mrs. Benson represented her husband. The application was denied, Miller explained, because the Board had no power to grant the variance.

FINISHED

TIRES STOLEN

Spare tires and wheels, valued at some \$250 were reported taken from new cars parked in a lot at Mallon Motors at 1128 Springfield ave., Irvington, over the weekend. Police said the area is enclosed by a 10 foot fence, and there were no signs of entry or exit.

17 Forfeit Licenses For Points Or Speed

Seventeen area motorists have forfeited their licenses for varying periods under the New Jersey Point System and 60/70 Excessive Speed Program, the Division of Motor Vehicles announced this week.

James Bradley, 26, of 1044 Warren st., Roselle, lost his license for seven months, effective May 22, under the Point System.

Charles W. Deegan, 19, of 260 Myrtle ave., Irvington, lost his license for six months effective April 22, under the Point System.

Richard R. Roemer, 19, of 469 Troy dr., Springfield, lost his license for four months, effective May 21 under the Point System.

Three motorists lost their licenses for three months under the Point System. They are Roger M. Lumley, 21, of 2236 Morrison ave., Union, effective May 28; Salvatore L. Graco, 23, of 159 Park pl., Irvington, June 1, and Zigmund Ulinski, 25, of 16 Union ave., Irvington, May 28.

Leonard Simons, 20, of 1019 Chandler ave., Roselle, lost his license for 60 days, effective April 9 under the Point System.

Seven motorists lost their licenses for 30 days under the Speed Program. Their names and effective dates of revocation follow:

Ronald D. Petracca, 26, 2539 Lin ave., Union, May 23; Ernest Henze, 54, 2026 Pleasant pkwy., Union, May 25; Dennis B. Igoe, 27, 1972 Haines ave., Union, May 25; Herman Albert, 66, 292 Beechwood ave., Union, May 27; Alan N. Ferber, 20, 31 Leslie pl., Irvington, June 7; George Jimenez, 20, 15 Hennevey pl., Irvington, June 13 and Reginald F. Chesney, 21, 150 Ballusrol way, Springfield, May 18.

Howard F. Singer, of 20 Marshall st., Irvington, lost his license for 15 days, effective May 28, under the Point System.

Woman Dies Following Fall

A 76-year-old woman died last week of head injuries suffered in a fall at an Irvington home. The victim was Mrs. Angelina Marino, of Newark, who was injured May 24 when she accompanied her daughter and son-in-law to view a house for sale at 265 Stuyvesant ave. Police said she fell down seven steps leading to the basement. She was admitted to Irvington General Hospital in critical condition and died last Tuesday.

KEYNOTE SPEAKER

Freeholder Returns To Boys' State

A taste of politics at the 1947 Jersey Boys' State convention on the Rutgers University campus convinced Somerset County Freeholder William W. Lanigan that he would someday enter the political arena.

Lanigan, who will return to Boys' State Sunday to give the keynote address at the 19th annual encampment of the American Legion-sponsored citizenship program, describes his week-long stay at Rutgers

17 years ago as "a chance of a lifetime."

"Once I had tasted politics," recalls the 34-year-old freeholder, "I realized it would always be a part of my life." He added, grinning, that he came to this decision, "even though I was defeated by 11 votes in my campaign to become the 1947 Boy Governor."

Each year the outstanding high school boys selected to attend Boys' State are divided

into two mythical political parties, hold mock conventions and campaign to elect municipal, county and state officials. The week's activities are supplemented by lectures, discussions and special events, all largely directed at producing better informed citizens.

The Somerset freeholder, who was mayor of Bridgewater Township from 1961 to 1963, said Boys' State enables the young delegates to put to use the political and governmental principles they have learned in high school.

"At Boys' State, for the first time, I saw the theoretical side

of politics and government realistically in action," Lanigan said. He pointed out that his later experiences proved that there was little difference between running for office at Boys' State or running for mayor or freeholder.

An alumnus of Tenafly High School, Lafayette College, Easton, Pa., and the University of Pennsylvania Law School, Philadelphia, Lanigan said he was also thankful to Boys' State as it indirectly led him into choosing law as a career. He said that, following his week at Boys' State, he was selected as one of New Jersey's two delegates to Boys' Nation in the nation's capital, where he was selected a supreme court justice. Eventually he decided that politics and law would make a fine dual career.

Lanigan is now an assistant general attorney for the Johnsonville Corp. in New York City. He and his wife, the former Joyce E. Hansen of Plainfield, live in Bound Brook with their two children, Mary Beth, 6, and Mark, 4.

PASSPORT TO POLITICS — Somerset County Freeholder William W. Lanigan holds a certificate he received 17 years ago at Jersey Boys' State, a program he says inspired him to enter politics. He will give the keynote address Sunday at the opening session of the American Legion-sponsored citizenship program.

UJC Gets Grant For Engineering, Physics Program

Union Junior College in Cranford has been awarded a grant of \$2,500 from the National Science Foundation for optical, electronic, and atomic and nuclear equipment for its modernized engineering and physics program. It was announced this week by Dr. Kenneth C. MacKay, UJC president.

The grant from the National Science Foundation covers half the cost of the equipment to be purchased for the engineering and physics department, Dr. MacKay said. The foundation and the college will provide \$1,643 for optical equipment, \$1,572 for electronic equipment, and \$2,540 for atomic and nuclear equipment.

Dr. MacKay said this is one of the first National Science Foundation grants to a two-year college since they became eligible for federal assistance.

Prof. Elmer Wolf of Cranford, chairman of the engineering department, will administer the grant.

Band, Orchestra Summer School Begins Activity Monday In Roselle

The Union County Band and Orchestra Summer School will open its 22nd session Monday at the Locust School in Roselle. Registration will be held tomorrow and Saturday.

The aim of the school is to develop musical ability of students. Since its inception in 1933, the school has set forth such objectives as worthy use of leisure time, growth of musical skill, increased appreciation of music and continued development of the individual's personality.

All band and orchestral instruments as well as piano, organ and baton are taught at the school. Last year's addition of a choral program proved so successful that it will be expanded as an extension of the supervised recreation program.

There are six levels of instruction by 27 qualified teachers under the directorship of Casimer V. Bork of Roselle.

Last year's student enrollment of 650 students from all parts of the County and beyond promises to be surpassed by this year's pre-registration, Berk said.

Many outstanding musicians will make guest appearances at the weekly assemblies Friday mornings during the session. Each student will participate in at least one performance during the session, and many of the advanced students will take part in more than five.

An addition to this year's schedule of concerts will be the participation of students in a Tercentenary Concert July 18 at Warrinanco Park Stadium. The entire school will travel to New York City to attend a concert by the Goldman Band in mid-July.

Police Training Ends Tomorrow

State Assemblyman Peter McDonough of Plainfield will speak at a graduation dinner for 32 patrolmen enrolled in the 19th Union County Police Training Academy semester tomorrow at 1 p.m. at the Cranford in Garwood.

Patrolmen from Springfield, Roselle, Clark, Engwood, Linden, Providence, Plainfield, Rahway and the county's Park Police and from communities in Morris and Hudson Counties are enrolled in the academy which is conducted by the county Police Chiefs Association at Junior College in Cranford.

Police Chief Lester W. Powell of Cranford, academy dean, will be master of ceremonies and award graduating certificates. The session began May 11, and classes have been held daily.

CD Demonstration Held In Plainfield

A 200-bed Civil Defense emergency hospital has been set up at the Plainfield Armory, 1201 East 7th st., for demonstration purposes and will continue until June 28.

The demonstration is sponsored by the Union County Civil Defense and Disaster Control in cooperation with the second district of the New Jersey First Aid Council. Rescue and first aid squad personnel in Union County and surrounding areas are invited to attend. Demonstration hours are 9 a.m. to 5 p.m. weekdays.

Entrance Exam Set For Evening Pupils

An entrance examination for students interested in entering Union Junior College's Evening Session in the fall will be given next Wednesday evening at 7:30 o'clock in the Lecture Hall of the Nonahagan Building, Cranford.

All students who have not taken College Board Examinations are required to take the entrance examination. Prof. Saul Orkin, director of admissions, reported. Prof. Orkin said no additional applications are being accepted for the Day Session, but students may still apply for the Evening Session.

Know Your Government

From N. J. Taxpayers Association

Four Counties Show No Debt
Four New Issues

Issuing of governments without outstanding debt. They were the first to do so in the state since 1963 within the exclusive

Throughout the state the 21 counties reported aggregate gross debt, as of December 31, 1963, of \$191,694,238 an increase of more than \$17 million over the previous year.

Eleven of the counties reported increases of nearly \$19 million in their gross indebtedness. These counties authorized debt

both issued and not issued. Hunterdon counties have enjoyed debt-free status for long periods. The remaining counties showed declines in their gross debt totals aggregating nearly \$2 million. Sussex County, which in 1962 listed \$25,000 in debt authorized but unused, was among counties showing no debt. Gloucester County has listed no gross debt since 1961 while Salem and

authorized capital debt totaled \$39,976,950 and \$17,019,000 respectively as of December 31, 1963 of \$3305,000 and \$1,071,000 more than the capital debt reported at the end of 1962, respectively. NEED HELP? Find the RIGHT person with a Want Ad. Call 371-3000.

give Dad a SCHICK SHAVER

the one gift he'll use 365 times a year!

NEW SCHICK SUPER-SPEED

Choose model with red-striped head for regular and tough beards

Choose model with green-striped head for sensitive skin

...in two models to suit any skin and beard

The new Schick Super Speed is available in two models to give a perfect shave with any type skin and beard. Super Speed with a Red-Striped Head makes short work of regular and tough beards; the model with the Green-Striped Head pampers the most sen-

sitive skin. With the head that's right for your face, Super Speed shaves perfectly from the first day — no waiting. Both models feature Schick's new surgical stainless steel washable head — the cleanest head for the cleanest shave.

NEW SCHICK MAGNA-POWER

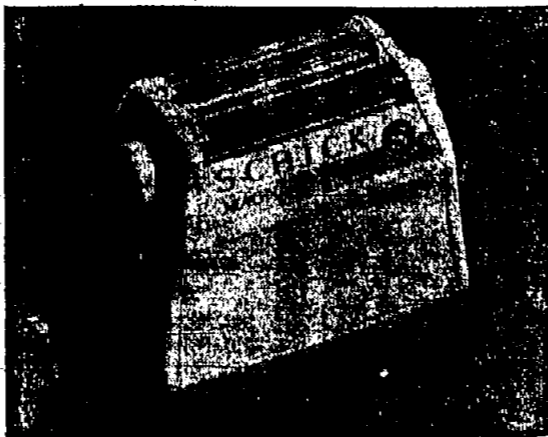

SCHICK ETERNA POWER

Eterna Power has Schick's exclusive surgical stainless steel shaving head—

- Starts sharper—stays sharper
- Pops up to wash clean after every shave
- Adjusts to the contours of your face and neck at the touch of a finger

Eterna Power gives you the cleanest, closest shave ever—with cord or without!

Imagine an electric shaver with a surgical stainless steel head for sharpness . . .

A washable head that pops up so you can rinse away dirt, stubble and germs . . .

A comfort control which adjusts to the contours of your face and neck.

A most extraordinary shaver? Yes. But not the most expensive.

Crosswinds Of The Common Market Found Evident In Exchange Of Food

"Unthinkable!" said many realists when friendship between Germany and France was first mentioned. "Why, they can't even be seated together at a dinner party!" But although the food of each nation contrasts as vividly as the characteristics of the people, both seem to be happily associating today. The European Common Market illustrates the "fait accompli" of political Union and the words of a statesman testify to the interchange of food likes, says Mary W. Armstrong, Union County Home Agent.

French diplomat Jean Belard recently smilingly admitted that the hamburger Americans borrowed from Germany is fast becoming a French delicacy. But, of course, under a French name. He told an American audience that American soldiers and tourists have made their food tastes felt all over Europe.

America's cosmopolitan way of borrowing what she likes best from the many nations of her origin and blending it with her own way of life is especially obvious in the world of food. Culinary versions such as the three following help turn the cultural trick.

Kraut Au Vin With Wuerstel
 1 1/2 pounds sausage links
 1 (No. 2 1/2) can sauerkraut drained
 2 cups peeled, cored and finely chopped tart apples
 1 cup finely chopped onion
 2 cups (1/2 inch) soft bread cubes
 1 teaspoon salt
 1 teaspoon caraway seeds
 1 bay leaf, crushed
 2 peppercorns, crushed

1 cup Sauternes
 Prick the skin of each sausage link. Place in skillet and cover with boiling water; simmer for ten minutes. Combine other ingredients, toss together with two forks. Place in lightly buttered shallow casserole (2 1/2 or 3 qt.). Arrange sausages on top. Bake in a slow oven (325 deg. F.) for one and one-half hours, turning the sausages over at the end of 45 minutes to brown on all sides. Serve with Cheese Balls a L'Americaine.

1 cup grated process American cheese
 1 1/2 cups (1/2 inch) soft bread cubes
 1/2 teaspoon onion salt
 1/2 teaspoon pepper
 1/2 teaspoon savory
 2 teaspoons chopped green pepper
 1/4 cup canned mushroom stems and pieces
 2 eggs beaten slightly
 1/2 cup fine dry bread crumbs

Sauce
 1 No. 1 can condensed tomato soup
 2 tablespoons prepared mustard
 1 teaspoon horseradish

Combine cheese, soft bread cubes, onion salt, pepper, savory and beaten eggs; mix well and let stand for ten minutes. Shape into small balls, using 1 tablespoon mixture for each one. Roll in dry bread crumbs, and fry in hot deep fat (375 deg. F.) for one minute, or until golden brown. Drain on paper towels. Transfer to a heated chafing or baking dish. If baking dish is used, place in a slow oven (275 deg. F.) until ready to serve. For sauce: Combine undiluted soup, mustard, and horseradish; heat. To serve: Pour tomato sauce over cheese balls. Yield: 16 cheese balls.

Veal Blintzes Kempinski
 1/4 pound veal, roasted and ground
 1/8 cup yogurt

'Y' HOSTESSES SET HOOTENANNY

The Junior Hostess Club of the Elizabeth YWCA will hold a "hootenanny" party Saturday evening in honor of the service men at Fort Monmouth. Men and women 17 years and over are invited to attend the affair in the 'Y' administration building, 1104 East Jersey st., Elizabeth. A small donation is requested.

The young hostesses will attend a dance tomorrow evening at the Fort Monmouth Service Club. They have also been invited to attend another dance at Fort Monmouth on June 26.

Elections and a pizza party were the high spots of the club's June meeting. All girls between the ages of 17 and 25 who are interested in joining the club are invited to call the YWCA, EL 4-4500, to arrange an interview with the adult director, Linda Karen.

JOIN HEALTH FAIR IN ESSEX COUNTY

Five members of the nursing staff of Memorial General Hospital of Union participated in the Essex County Health Fair held last week at the South Mountain Arena in West Orange.

The five, Mrs. Mary Motley, director of nurses at the Five Points Hospital, Mrs. June Hunt, head nurse in the operating room, Mrs. Florence Davies, medical head nurse, Miss Mary Jo Szymanski and Mrs. Maxine Falen, both staff nurses, assisted in the booth set up by District One of the N. J. State Nursing Association.

ROSARIANS ADD A NEW MEMBER

Mrs. Benjamin Tenaglia was welcomed into membership of the Rosary of St. Michael's Church, Union, at the June meeting.

The Rev. Joseph Driscoll, assistant pastor, spoke on the importance of the Rosarians in a parish. Father Driscoll substituted for the spiritual moderator, Msgr. Edward Begley, who was on retreat.

Serving on the kitchen committee were Mrs. Charles Bombalicky, Mrs. Edward Cwikinski, Mrs. Alfred Patetta, Mrs. Stanley Rucki, Mrs. Gerald Walsh and Mrs. Gustav Koenig. Mrs. Edward Cook presided.

\$2,345 Donated To Memorial General At Volunteers' Installation Dinner

Checks totaling \$2,345, proceeds from two separate fund-raising events, were presented to Col. Howell L. Hodgskin, administrator of Memorial General Hospital, Union by the Hospital Volunteer Guild at an installation dinner last Thursday at the Beef 'n Bird Restaurant.

Installed as president of the guild by Dr. Alan Kleederman, president of the medical staff. Also installed were Mrs. James Hazlett, vice president, Mrs. Robert Bradley, treasurer, Mrs. Amadee Legoux, recording secretary, and Mrs. John Gawley, corresponding secretary.

Guests included Albert Leberg, president of the board of trustees, Mrs. Herbert Guff, past president of the Union County Osteopathic Society Auxiliary, and Mrs. William Montley, superintendent of nurses.

A travel talk was presented by Miss Dorothy Shea of the American Tobacco Co. She was introduced by Dr. Goff. Col. Hodgskin offered the invocation.

ATTENDS SUMMER SCIENCE SESSION AT MICHIGAN U.

ROSELLE PARK—Frank J. Lyons Jr. will participate in a National Science Summer Institute at Michigan State University, E. Lansing, Mich., for additional credit toward his doctorate degree.

A 1958 graduate of Seton Hall University, Mr. Lyons received his master's degree from Highlands University, Las Vegas, N. M., in 1961. He is now an assistant professor of psychology at Newton College of the Sacred Heart in Boston, Mass.

He is the son of Mr. and Mrs. LO LAYNE Sr., 610 Sherman Ave., Roselle Park. His wife is former Judith Turch of Union.

Rummage Sale Set

A rummage sale will be held Saturday at 1017 Stuyvesant ave. Union, under the sponsorship of the Suburban Woman's Club of Union. Mrs. Paul Spiduro is chairman and Mrs. Pat DiSalvo is co-chairman of the sale which will open at 9 a.m. and run until 3 p.m.

Advise Students To Register For Social Security

Students who plan to work this summer should get social security cards now, according to Ralph W. Jones, social security district manager in Elizabeth. "All employers require that you have a social security card before they will put you on their payroll," Jones said. Employers must have these numbers for their quarterly social security returns. Any student who has never had an account number card or who has lost his card should call, write, or visit the social security office at 268 North Broad St. between the hours of 9 a.m. and 4:30 p.m. The Social Security Administration makes no charge for a new card or a replacement for a lost card. Students unable to come to Elizabeth can get an application form at their local post office, he added.

Teacher Picked For Chem Study

George J. Elhajj of Union, a chemistry teacher at Livingston High School, has been selected to attend the 1964 Summer Institute for Secondary School Teachers of Chemistry, at Bowdoin College on the seacoast of Maine.

The Chemistry Institute will continue for six weeks from June 29 through Aug. 7. The institutes are under the joint sponsorship of Bowdoin and the National Science Foundation.

The Chemistry Institute will include lectures, reading, discussions, problem sessions, and laboratory work designed to refresh and extend the participants' understanding of chemical principles.

St. Luke's Lists Church Services

ROSELLE — The Church of St. Luke the Evangelist, Roselle, lists services for the coming week:

Sunday (summer schedule): 7:30 a.m., Holy Eucharist; 10 a.m., Family Eucharist.

At the 10 o'clock service, Gregory Howe, Gregory Lewis, Clyde Vall Jr. and Robert Vanus will be inducted into the order of St. Vincent. Richard Burk, Richard Claus, Bruce Irwin, John Porter and Thomas Zarstak will be admitted as Probationers.

My Neighbors

There'd be fewer broken homes if more people did things together like us, Helen.

'The White House' Set At Paper Mill

Helen Hayes will make her first appearance at the Paper Mill Playhouse in Millburn here June 13, in her recent Broadway triumph, "The White House," a chronicle of the great first ladies in residence there through the years.

James Daly will also star in the two week engagement through July 25.

"The White House" offers Miss Hayes an opportunity to display her extraordinary virtuosity. In it she plays Abigail Adams, Rachel Jackson, Mrs. Franklin Pierce, Leonora Clayton, Mary Todd Lincoln, Julia Grant, Mrs. James G. Blaine, Mrs. Grover Cleveland, Mrs. Benjamin Harrison, Mrs. Theodore Roosevelt and Edith Wilson.

Rides, Games, Refreshments At Knights Of Pythias Carnival

The Larchmont Lodge, Knights of Pythias carnival opens Monday evening for a week-long run on the National Family Stores and Shop-Rite parking lot, Rt. 22 in Union. The Lodge is made up of members from both Union and Springfield.

Lewis Lewin of 135 Headley ter., Union, chairman of the carnival committee said it would run through next Saturday. The carnival will be open from 6 p.m. to midnight every day and from 2 p.m. to midnight on June 27.

There will be six children rides, 14 rides for the adults, 12 game booths and six refreshment stands for the carnivalgoers, Lewin said.

Lewin said the carnival is a charitable affair and proceeds will be used to assist various organizations, including mental health and the heart funds.

Heads of committees include the following members: Henry Brauchler, advertising; Morris Goldstein, refreshment; Milton Oshan, manpower; Sidney Silverman, finance; John Todaro, maintenance; Peter King Jr., security; Stanley Schultz, publicity; Harold Kutakoff, display; Bernard Raskin, public relations; Robert Ostering, carnival; Arthur Roggen, inventory; and William Silver, opening night arrangements.

S-S-S-S-S-S-S-S

City Federal Saving's temporary inflated office on Stuyvesant, which allowed the "Golf Ball" as it is called by many Unionites, to be inflated, was torn off and the famous landmark sank to the ground. The "Golf Ball" will be stored and then re-inflated when City Federal opens its next branch. The picture at top shows the office just before the compressors were turned off. The next two pictures show the Glo-Dome sinking slowly to the ground. The building was located at Stuyvesant ave. and Vauxhall st. The Glo-Dome has been replaced by another building on Stuyvesant ave. City Federal's new Savings Pavilion was designed by Edward Durell Stone. Back in September, 1962, it took workmen just 15 minutes to "build" the temporary office.

BURGLARY PREVENTION WEEK

Police Chiefs Give Tips For Vacationers

The New Jersey State Association of Chiefs of Police, Inc. this week appealed to residents to help discourage burglars when they leave their homes for vacation.

State Association President Jerry J. Sullivan urged localities to become familiar with the "do's" and "don'ts" of "Burglary Prevention Week" which begins Sunday in New Jersey.

"The Association believes an alerted public taking a few simple precautions can greatly enhance the job our police are doing."

"It is estimated that over 900,000 burglaries were committed throughout the country last year. This means that a burglary was

committed about every 35 seconds, day and night, every day of the year. Burglary continues to increase each year, at a greater percentage than the population growth. During the coming months, the burglary rate will probably increase directly proportional to the number of persons taking vacations and the degree of carelessness with which they leave their homes unprotected," he said.

1. Make sure all doors and windows are securely locked.

2. Tilt venetian blinds on the ground level so persons approaching your house or ringing the doorbell can not look in.

3. During evening hours make your home look "lived-in" by

leaving a light burn. Automatic timers, connected to a lamp, can accomplish this ruse every evening when you are away.

4. Keep garage doors closed. An empty garage is a sure giveaway of absence.

5. Don't advertise your absence by announcing your departure in the newspaper columns.

6. Notify your nearest neighbor of your leaving, and, if possible, leave a key with him so he can check your home periodically.

7. Arrange to have milk deliveries discontinued and your newspaper subscriptions to follow you during your absence.

"And," he added "a most important point is to notify our

police department when you are leaving and when you expect to return. This enables us to make periodic checks on homes and investigate any irregularities. Remember, the house and property you're helping to protect this summer — is your own!"

S. Sherman, 77, Was Long Active As Local Builder

Funeral services were held Tuesday for Samuel Sherman, 77, of 65A Mountain ave., Springfield, father of Magistrate Max Sherman, Rabbi Reuben R. Levine of Temple Beth Ahm officiated in the Suburban Chapel of Philip Apple & Sons, Maplewood. Interment was in Beth Israel Cemetery, Woodbridge. Mr. Sherman died in New York Hospital Monday after a long illness.

Born in Russia, Mr. Sherman came to this country in the late 1890s. He had lived in Newark, Hillside and West Orange before moving to Springfield. A builder, Mr. Sherman had headed the firm of Sherman & Sons which has been in business for 35 years. The firm developed much of the Kipping Village, Sherwood rd. and Battered top area.

He was a member of the Home Builders' Association of Northern New Jersey, Eagle Lodge of Newark and Independent Potlone K. U. V.

Besides his son, Max, Mr. Sherman leaves his wife, Mrs. Annie Sherman, a daughter, Mrs. Frances Schaff of West Orange, two other sons, Isidor and Nathan, both of Summit, and 11 grandchildren.

Bible School Sets Vacation Classes At Baptist Church

Vacation Bible School will open at Clinton Hill Baptist Church, Union, Monday, according to the Rev. John D. Fissel. School will be in session each day from 9:30 a. m. until noon, beginning Monday and ending July 2.

The school is open to youngsters ages three through 15, and they may be registered by calling MU 7-9140. Mrs. Edwin Weiland Sr., director of the program, said that the theme for this year's school is "Making Time Count for Christ."

The church will hold a parade through the Larchmont section at 6:30 p. m. tomorrow. Following the parade, which will end at the church yard, registration will be held and refreshments will be served.

The regular daily program will include Bible stories, games, songs and handwork. There will be awards for memory work and attendance.

Witnesses Set For Atlantic City

Marshall DeCristofano, presiding minister of Jehovah's Witnesses, announced that the Springfield congregation is among the more than 250 congregations invited to assemble in Atlantic City this month. The event will be a district assembly of Jehovah's witnesses, scheduled for June 25-28 at Atlantic City Convention Hall.

31 reasons why you should eat out at Sip & Sup one evening during the week

Can you find the reason that most applies to you?

MOM	DAD	KIDS
<input type="checkbox"/> you've just wallpapered a room	<input type="checkbox"/> it's a break for your wife	<input type="checkbox"/> it's fun
<input type="checkbox"/> you've finished cleaning	<input type="checkbox"/> you're late for dinner	<input type="checkbox"/> it's fun
<input type="checkbox"/> you've had it	<input type="checkbox"/> get in practice for Mother's Day	<input type="checkbox"/> you can get a "Champ" hamburger
<input type="checkbox"/> you like to get menu ideas	<input type="checkbox"/> your wife seems a little frazzled	<input type="checkbox"/> you like pancakes
<input type="checkbox"/> you can use a hint	<input type="checkbox"/> you got a raise	<input type="checkbox"/> you can choose from at least fifteen different desserts
<input type="checkbox"/> you won't have to cook	<input type="checkbox"/> you didn't get a raise	<input type="checkbox"/> it's fun
<input type="checkbox"/> you won't have to eat leftovers	<input type="checkbox"/> to show you understand how a housewife feels	<input type="checkbox"/> it's a short vacation with the family
<input type="checkbox"/> you can't have your favorite dish and the rest of the family eating	<input type="checkbox"/> it's easy on the budget	<input type="checkbox"/> it's fun
<input type="checkbox"/> to put a real sparkle in living	<input type="checkbox"/> you can give the children practice eating out	
<input type="checkbox"/> you want to take your husband out (it's leg wear)		

...and there's always this reason: The family needs a mid-week break. A meal out gives them the break they need.

Softball League Sets Double-Headers On Sunday

Mueller Remains Unbeaten In Play

Two Springfield Adult Softball League double-headers are scheduled this Sunday, one at Messel field, and the other at Washington field.

At Messel, Mueller will face Brunner Excavating in the first game which begins at 10 a.m. and the second game which is scheduled to start at 11:30 a.m. will feature Holly Hill and A.H. Meeker.

At Washington field, it will be P.B.A. pitted against Fischer Bros. in the first game and Katz against Conte in the second contest.

With three weeks completed in the Springfield Adult Softball League just one team remains undefeated. It is Mueller Chevrolet, they downed Katz last week, 3 to 1 to capture first place. In other games of interest last week Holly Hill defeated Fischer Bros. teams were knocked from the ranks of the undefeated in upset victories by the P.B.A. and A.H. Meeker Co.

The league opened play last Sunday at Messel field as Katz net Mueller in an all important game. Mueller scored first in this game, when Tony Narbonne struggled to left, advanced on an infield out and scored on Van Meekier's deep fly to right field. Mueller scored the game winning runs in the fourth inning when Gabe DiPaolo hit a two run home run deep to left field. Hank Jenkins, who pitched a fine game for Meeker, scored after DiPaolo's home run. Katz did not score a run until the final stanza, when back to back doubles by Angie Landau and Abe Friedman scored the lone run for Katz. Bobb Rosetti pitched a fine game for the Katz team only to bow to a superior effort.

The second game at Messel field last week featured the

Realtors' Group To Cite Freeman

Saul Freeman of Springfield and seven other recipients of the first annual community award of the Board of Realtors of the counties of Mercer, Warren, and Camden, will be honored at a luncheon at the Holiday Inn, 1000 Short Hills and Springfield, will receive plaques at the Board's spring luncheon Wednesday afternoon at the Hotel Suburban, East Orange.

An individual or group in each of the communities has been named to receive the award, for "who has done the most outstanding work to make our area a fine place to live, do business and own property in," according to Henry J. Lanza, board president.

Patrick Leading Women Bowlers In Beth Ahm Play

The women in the Beth Ahm Bowling League in Springfield made the big news last week. Martina Patrick was the high scorer among the female set. She rolled a 202 game and a 312 series.

And Iola Kiedman's high game was a 167. Shirley Straus' top game was a 167.

The opening game at Irwin field last week saw the undefeated and 1963 league champion Fischer Bros. Travel Bureau team mop up with A.H. Meeker Co. When the game was completed Meeker had taken the measure of Fischer Bros. by the score of 14 to 10. Meeker scored nearly in the first, third, fourth and sixth innings. Keith Higgins, with four hits and Art Trosken with three hits, were the big hitters for Meeker. Ed Dunlap pitched the complete game to take the win for A.H. Meeker Co. For Fischer Bros. this was a day of frustration. Countless rallies by Fischer were snuffed off by brilliant plays by Meeker.

Meeker third baseman, Drew, made an unassisted double-play in a late inning to put out a Fischer rally that would have tied the game. Joe Zimone hit a very well far. Fischer in a losing cause, as did Lenny Sheriff, Lloyd Crowder, and George Allen. Bill Savarin took the loss for Fischer.

The final game of the day was a real old-fashioned slug-fest as a total of 30 runs crossed the plate. In the contest, the P.B.A. took the measure of Conte's Pelletessens. The score was P.B.A. 18 and Conte's 12. This was the first win of the young season, while for Conte it was their initial loss. The fifth inning was the whole story for the P.B.A. as 11 runs crossed the plate. Those hitting the ball for the P.B.A. were Johnny Johnson, "Butch" Bell, Jack Horn, and Sam Calabrese. Sam Calabrese was the winning pitcher. Sam also had a long home run to cap a big day himself. For Conte's it was two grand slam home runs that kept them in the game until the fifth inning. Joe Zimone's second home run, hit in the first grand slam and Vin Altieri hit the second grand slammer. Pop's drive was hit in right field down the line while Altieri's blast was hit to deep left.

The final game of the day was a real old-fashioned slug-fest as a total of 30 runs crossed the plate. In the contest, the P.B.A. took the measure of Conte's Pelletessens. The score was P.B.A. 18 and Conte's 12. This was the first win of the young season, while for Conte it was their initial loss. The fifth inning was the whole story for the P.B.A. as 11 runs crossed the plate. Those hitting the ball for the P.B.A. were Johnny Johnson, "Butch" Bell, Jack Horn, and Sam Calabrese. Sam Calabrese was the winning pitcher. Sam also had a long home run to cap a big day himself. For Conte's it was two grand slam home runs that kept them in the game until the fifth inning. Joe Zimone's second home run, hit in the first grand slam and Vin Altieri hit the second grand slammer. Pop's drive was hit in right field down the line while Altieri's blast was hit to deep left.

Brunner Captures St. James Minor League Championship

Brunner Excavating won the St. James Minor League championship in Springfield. A victory over Quality Auto Parts did the trick.

A running catch by Larry Spiegel in deep left field with two men on ended Quality Auto Parts only scoring threat and gave Brunner Excavating a 4-1 victory.

Steady pitching by Paul Lambert and good defensive play featured a well played game by Brunner Excavating. Their first two runs came in the first inning when Richie Wreck walked, then Leon Bissomanno was hit by a pitched ball. Phil Lambert singled, filling the bases. Kevin Dreher then doubled, driving in two runs. Two more runs were scored in the fourth inning on a single by Phil Lambert, followed by a triple by Kevin Dreher, scoring Phil Lambert from first. The final run was scored on a walk to Kenneth Conil with the bases loaded. Quality Auto Parts scored their only run when Richard Kalina hit a home run in the fifth inning. Kalina sacrificed to bring in Brian Muller from third. The losing pitcher was Carmine Bove.

Major League Action

In Thursday's Major League game, Morris Motors beat Gaylin Buick, 12-5. It was a tie game until the fourth inning, when Morris Motors got four hits and took advantage of three errors by Gaylin Buick to score three runs and a victory. A home run by John Messing, a triple by Philip Lambert and a double by winning pitcher Ronnie Sasaki were the only extra base hits of the game. The losing pitcher was Bob Hanum.

Special Meeting

It was disclosed that a special board meeting will be held Tuesday evening to receive bids on automatic fire detection systems for the Gaudineer, Sandmeier and Walton schools, and for a chain link fence for the Clinton School, and to award the bids that same evening if it is possible.

The board was asked if it had given any consideration to a successor to the retiring Mrs. Lucy Forsyth as Caldwell School principal. The question was raised by Mrs. May Sneider of the Caldwell faculty, who said that teachers throughout the system did not know whether or not to apply for the position.

Board members replied that no decision had been reached whether a successor would be appointed or whether the matter could be handled by administrative changes. In any event they added, no action would be taken until further becomes completely familiar with the entire local situation, and to award Robert Southard, who emphasized that he was speaking as a private citizen rather than as a board member, suggested that teachers always have the right to submit applications where a vacancy might exist, and said they do not have to wait for formal announcement by the board.

Baseball Program Slated For Summer

The start of another summer baseball program for the boys of Springfield has been announced by Scott Donington, assistant director of Recreation for the Township of Springfield.

"Once playing is through, their baseball skills are expected to register for this program at the Springfield School Field in June 28 between the hours of 6:30 and 7:30 p.m. Boys who are unable to register at this time may register for play at Sanderson Field on any Monday or Tuesday evening, 6:30 a.m. Please register so that equipment may be provided for all."

Emphasis in this program is placed on individual instruction to help boys achieve their potentials. Instruction is supervised by men with long experience in teaching youth baseball. Men who worked in this program last year and who will be returning this year include: Jack Williams, director of the Springfield Youth Major League; L. Sal Falone, director of the Springfield Youth Minor League; John Janukowicz, team manager for the Recreation Dept.; and T. F. Fines and J. M. D'Andrea, a former star athlete in Springfield and manager of youth teams for many years. In addition, coaches and managers of many other youth baseball teams are expected to help with the instruction.

Last year this program helped boys from the St. James League, the Springfield Youth Minor and Major Leagues, and the Babe Ruth League. This year, as last, the program will give boys individual help to boost their batting averages, improve their fielding, base-running, bunting, pitching, and knowledge of baseball strategy. A good part of every session is devoted to individual and group instruction on specific points of the game. The boys also participate in intra-squad games to give them opportunities to advance their skills in games against teams from other leagues.

Every Springfield boy who has passed his eighth birthday but has not yet reached his fifteenth birthday is eligible to participate. Boys should bring their own gloves when they report to the first session. All other equipment will be provided. Instruction will start immediately with the first session, Donington said.

Major League Action

In Thursday's Major League game, Morris Motors beat Gaylin Buick, 12-5. It was a tie game until the fourth inning, when Morris Motors got four hits and took advantage of three errors by Gaylin Buick to score three runs and a victory. A home run by John Messing, a triple by Philip Lambert and a double by winning pitcher Ronnie Sasaki were the only extra base hits of the game. The losing pitcher was Bob Hanum.

Crestmont Captures Flag In Youth Majors League

An extra-inning 4-3 victory over the unbeaten Washington Field on Friday placed Crestmont in the winning rally in the bottom of the eighth with a single up the middle. Bob Falone then singled to right and when the ball got past the right fielder, Falone went to third and Janu-

Bucci No-Hits Elks In Babe Ruth Game

Joe Bucci stood out in the Morris Motors Babe Ruth League victory over Channel 5-0, in Springfield.

Bucci received strong defensive support from outfielders Steve Siegel and Joan Bava.

Losing pitcher Larry LeSota pitched good ball, after a shaky start.

In another contest last week Morris Motors edged the Elks 3-2. Wilbur Hill, who recently plays short stop, relieved starting pitcher Steve Hart. Steve Hart was the big hitter for the winners. He went two for three. Dave Rubinfield and Brian Shoshan started at the plate for the losers.

Steve Hart was the big hitter for the winners. He went two for three. Dave Rubinfield and Brian Shoshan started at the plate for the losers.

TOWN POOL

(Continued from Page 1)

Ellis and Toni Minette, Puerto is returning to Springfield for his third season of recreational work. He is a teacher in the Carteret school system.

Marino, a former star athlete at Dayton Regional High School, is presently employed at the Springfield State College in Montclair.

Miss Greenhouse has a long background in recreation work and is presently a student at Monmouth College in Long Branch. Miss Ellis, a student at Rutgers College, is returning for her second season of recreation work in Springfield. Miss Minette is a Springfield resident, as are all the recreation workers. She is presently attending the State College.

Basketball Coach

Raymond Yauchus, Regional High School basketball coach, will also join the recreation staff at the pool this summer. Yauchus will work exclusively with basketball, as he will conduct a basketball clinic and carry on his duties from the teen-age and younger players.

Another new attraction at the pool will be a children's hour every afternoon between the hours of 2 and 4. At this time, groups of younger children will assemble under the supervision of the recreation leaders. There will be story telling, book reading and supervised quiet games.

Arts and crafts is another activity planned for the pool this summer. Every Tuesday and Thursday afternoon throughout the summer, Judy Sienkiewicz, Springfield's art director, will visit the pool site to conduct art classes with the children. Miss Sienkiewicz will be assisted by Miss Ellis of the regular pool staff.

In addition to these activities, regatta programs and general supervised programs are planned in the following activities: volleyball, horse-shoes, tetherball, table tennis, handball, football, softball, and baseball. These activities will be offered to the adults as well as to the children at the pool.

'Learn-to-Swim'

An additional aspect of the recreation program to be held at the pool this summer will be the annual "Learn-to-Swim" program offered to every boy and girl in Springfield. This program this season will be conducted by the pool staff under

Official Of State Wears 2nd Hat As Manager Of Olympic Team

TRENTON — Rutgers University and Tokyo may be worlds apart, but to the nation's top track and field athletes who will converge at Rutgers on June 27 and 28 for the National AAU championship, the Japanese capital, site of the 1964 Olympics, is just around the corner.

Under the careful scrutiny of America's top track and field coaches, the athletes will be competing for the final elimination meet to be held the first week in July at Randall's Island, New York, and a crack at the Olympics.

Topping the list of critical on-lookers will be Albert R. Post, former decathlon champion and head manager of the U. S. Olympic men's track and field team, which will travel to Tokyo later this year to compete against the world's greatest athletes. Post was directly instrumental in having the finals held in New Jersey. He represented Governor Richard J. Hughes before the National AAU convention in San Diego last December at which time the Garden State received the nod over Bakerfield, Calif., where the finals had been held in recent years.

The New Jersey District AAU and its sponsor, the New Jersey Jaycees, are holding the finals in conjunction with the Centenary celebration. Rutgers, the State University, is cooperating with both groups in conducting the meet at its newly reconditioned stadium overlooking the Raritan River. Les Wallack, Rutgers track coach, is serving as director of the AAU meet while the Jaycees are footing all the bills.

Post, a daily commuter to his office in Trenton where he heads the State Bureau of Commerce in the Department of Conservation and Economic Development, noted that he was only doing his job in helping to line up the AAU finals for the State. As head of the Olympic track team, Post will be in a position to see some of the athletes who will be selected for bertha on the U.S. squad the following week at Randall's Island. "I'll

be able to see first hand most of the boys who will represent the United States in the summer games in Tokyo, he commented.

Killing two birds with one stone is old stuff to Post, an enthusiastic follower of sports. He only did it assist in bringing the AAU finals to New Jersey, as part of the Centenary celebration, but he was able to do it in his own backyard and still get a glimpse of the boys who will be under his training for the Olympics. "Had Bakerfield won out over us, he would have had to travel to California to get a preliminary look at the crop of athletes trying for the team. With our increased promotional and industrial development programs in New Jersey, I'm not sure I could have spared the time."

According to reports he receives from Wallack, the meet is proving to be one of the finest in AAU history. Some of the outstanding athletes and record holders scheduled to participate include miler Tom O'Hara, 400 hurdles titlist Vin McArdle, sprinter Sam Perry and pole vaulter John Pennel.

"With the big play we've been getting, all indications point to the most successful finals in the history of the meet," Post stated in his Trenton office as he read reports from both Wallack and the Jaycees.

He has served as chairman of New Jersey AAU track and field meets for 15 years, chairman of national AAU track and field championships for 10 years, vice chairman of the National AAU track and field committee and secretary of the U.S. Olympic track and field committee for 1960-1964.

He has also served as president of the New Jersey AAU for several terms, officiated at 36 state and 10 national meets for 36 years and acted as referee judge for many national championships. He received the Medal of Honor from Finland for 25 years of outstanding service to the objectives of amateur track and field events.

Monmouth Park Has Large Entry For N. J. Futurity

A total of 45 New Jersey-bred juveniles has been named for the \$15,000 added New Jersey Futurity which will have its annual running at Monmouth Park on July 22. As usual, the morning of the Futurity will find Monmouth Park playing host to the state's owners and breeders for the annual yearling show, held in the tracks' English walking ring.

Mrs. Milton Erlanger is one of the prominent nominators to this year's renewal of the Futurity, which she won last season with Redpoll carrying the colors of her Woodside Farm. Her establishment enjoyed a clean sweep of honors that day for her yearlings were voted first honors in both filly and colt classes and were named champion and reserve champion of the show.

Many two-year-olds from the home state represent owners who have been prominent in New Jersey racing and breeding scheme for some time. In addition to Mrs. Erlanger, other nominators include H. O. H. Felling, Joseph O. Evans, Mrs. Thomas Geoly, Norman P. Bates, Bernadette Stable, Colonial Farm, Woodland Farm, Ruff Acres and Glenelg Stable.

Mrs. Erlanger has the colts Rhynon and the fillies Fiddle Jade, Rhodie and Ad Astra eligible for the Futurity, and Mrs. Geoly's lone nominee Sy-R is a roan-colored, Fryingpan-bred former president of the New Jersey Breeders, is represented by La Boule Blanche and Blaze A Trail, while Evans, a Director of Monmouth, has entered Floridafair, Dave's Devil, Dickson Hills and Cornell Miss.

This Gigantic Trout No Mere Fish Story

A brown trout weighing 16 lbs., 11 oz., flipped over all previous New Jersey records when it was caught in Greenwood Lake on June 8, the Division of Fish and Game in the Department of Conservation and Economic Development reports. The big fish was identified as one stocked by the Charles O. Hayward State Fish Hatchery in 1960.

It was caught by Howard Devore of Midvale, on a live bait, and was over three pounds heavier than the existing state trout record. It weighed 16 pounds 11 ounces 16 hours after it was caught, according to certified scales in Tomaneke's Butcher Shop, Midvale. It measured 30 inches in length and 2 1/2 inches in girth.

The previous state record brown trout weighed 13 pounds, 2 ounces. It was caught by Joseph Todaro of Newton, fishing in New Waywanda Lake in 1956.

The official weigh-in was witnessed by Conservation Officer Garrett Westerveld, Fish and Game Photographer Harry Grosch and the Tomaneke brothers.

Natural dehydration over 18 hours is believed to account for the discrepancy between the official weight—and an earlier reported weight of 17 pounds, 11 ounces.

Devore, an assembly line worker for the Ford Motor Co., was drifting in a boat with Thomas Jordan of Midvale when the trout struck his eight-pound test line. He says it gave him a terrific fight for half an hour and that it was very difficult to net.

The new record brown trout was stocked from New Jersey's State Fish Hatchery in 1960. Scale samples examined by the State Fisheries Laboratory in Lebanon confirm that it was six years old when caught. Since brown trout are of European origin and are not native to New Jersey, conservation officials have no doubts that this fish came from the hatchery.

Under a cooperative agreement with the New York Conservation Department, New Jersey stocks brown and rainbow trout in the interstate lake, and New York releases brook trout. Joint fishing regulations permit licensed anglers of either state to fish the entire lake.

Trout have been stocked in Greenwood Lake every year since 1958. Fisheries Management Chief Robert A. Hayward says it was expected at that time that the lake would produce some real "bunker" trout. Greenwood Lake, like Lake Hopatcong and Big Swartswood Lake is large enough for trout to hold over for several years, and the abundant herring provide excellent forage.

In addition to the record-breaker, quite a few trout weighing five pounds and over have been taken in Greenwood Lake in recent weeks.

A LOOK AT THE UN with Trudina Howard

Hammarskjold Sculpture Wish Fulfilled

FIVE and a half tons of bronze standing 21 feet high above the main object in the decorative circle in front of the Secretariat Building of the United Nations Headquarters in New York.

It is a free form abstraction sculpture and was unveiled last Thursday in memory and respect of the late Secretary-General, Dag Hammarskjold, who died while on duty in Africa two years ago.

Mrs. Hammarskjold had vision privately expressed the wish that the circle in front of the Secretariat Building "one day be adorned with an appropriate sculpture." He had also indicated, a report states, that such a work of art might suitably be done by his friend, Mrs. Barbara Hepworth of England, whose work he admired.

This wish has now been fulfilled.

TODAY'S CROSSWORD PUZZLE

Answer to today's puzzle will appear in next week's paper.

Extend Your Hours

During the New York World's Fair season, the United Nations has extended its hours for visiting tourists. The first tour will start at 8:45 a.m. and the last tour will start at 8:45 p.m., each tour taking about one hour.

The tour is entitled "The Form" and resembles a new plank of wood joined together, rounded at the ends, with a hole in the upper part. It is intended to be a square base, or plinth, and is set in the center of the circle. It took 20 months to complete, says Mrs. Hepworth.

The tour will start at 8:45 a.m. and the last tour will start at 8:45 p.m., each tour taking about one hour.
