## Campaign Disputes Spark Town Committee Meeting

### Regional Eleven To Open Season With Home Game

#### Bulldogs To Oppose Team Representing Gov. Livingston High

This Saturday at 2 p. m. at Melsel Ave. Field, the 1967 football season will begin for Jonathan Dayton Regional High School's Bulldog football team. The opening game will be against Gov. Livingston Regional of Berkeley Heights.

The rivalry among the three Regional schools of Union County has always been strong, and Saturday's game should be a spirited one. The Dayton athletes are hoping to repeat last year's 10-0 victory over Berkeley Heights.

Although the newly resurfaced gridiron at Melsel Ave. is not yet ready for use, a temporary field has been constructed adjacent to it for Dayton home games. The grandstands have been moved to the sidelines of the new field, and the wooden goal posts give the scene a feeling of resemblance to football in earlier years. All games had to be played on the road last year.

In two scrimmages last week, Dayton coach Herb Palmer molded his team into final form and watched his personnel to determine his starting line-up.

**Starting Team**

The tentative offensive line-up for Saturday's game will see Dave Ronco at left end, Ernie Eskridge at left tackle, Rich Basta at left guard, Tommy Tonkin at center, Alan Greenberg at right guard, Dan Etzold at right tackle and Bob Blythe at right end.

### Highway Agency To Sell Buildings

The New Jersey State Highway Department has scheduled a public sale tomorrow of three vacant dwellings located in Summit and Springfield. The buildings now stand on land purchased by the Department for the future construction of Rt. 24 Freeway and Interstate Rt. 78 and must be moved from their present locations. One building is located in Summit at 24 Morris st.

The other two are in Springfield, located at 15 Park lane and 22 Salter st. A highway auctioneer will be at the Summit property at 11:30 a. m. to receive bids for all three dwellings which will be sold as separate units.

A highway spokesman said that similar sales during recent years have saved or regained almost a million dollars for the department. At the same time, he added, hundreds of valuable buildings have been returned to useful service, and to municipal tax rolls.

**BULLDOG BATTLERS** — Jonathan Dayton Regional High School football players line up in the offensive formation they will use in the season's opening game against Livingston Regional here on Saturday. Across the line, in the usual order, are Bob Blythe, right end; Tom Tonkin, right tackle; Alan Greenberg, right guard; Lance Kraemer, center; Dick Basta, left guard; Dan Etzold, left tackle; Dave Ronco, left end. Backs are: Perry Krowne, right halfback; Bob Ries, quarterback; Mike Adickman, fullback; and Carl Yaras, left halfback.

### GOP Counterattacks On Pool Purchases

Mayor Robert D. Hardgrove and Township Committeemen Arthur M. Falkin and Robert G. Planer this week questioned the motives of their opponents as reflected in the content of recent Democratic campaign statements.

The three Republican incumbents declared, "The Democratic candidates for election to the Township Committee have, by innuendo, chosen to cast a cloud of suspicion over the construction of the Springfield municipal pool by the present Township Committee.

Falkin, Hardgrove and Planer emphasized that the records available at the Municipal Building are open to the citizens of the community at all times. Over a period of the last six weeks, the Democratic candidates have thoroughly searched these records, and it is noteworthy that their research apparently disclosed nothing more than that which was previously openly discussed at a public

### SPORTS FACILITIES TO REMAIN IN USE IN POOLSIDE AREA

Dry-land-recreation-facilities at the municipal swimming pool will remain open on Saturdays and Sundays until further notice according to Township Committeeman William Koons, recreation commissioner.

The pool itself is fenced off, but the basketball, volleyball, paddleball and other areas are available to residents weekdays from 9 a. m. to 4 p. m. Fred Purro is in charge of the area.

### Member Sought By School Board For Short Term

The resignation of Dr. Benjamin H. Josephson from the Springfield Board of Education was accepted by the board at the meeting last Thursday, August 23, 1967.

A local pediatrician, Dr. Josephson was in the governing-school body. "I have found that my time for board activities has become greatly reduced. I have enjoyed an excellent experience as a board member for the past 4 1/2 years."

A temporary replacement is expected to be named in the near future. The one-year remainder of Dr. Josephson's term will be filled at the February School Board elections.

### SCHOOL ENROLLMENT

John O. Berwick, superintendent of schools, reported an opening day enrollment of 2,157, distributed among the schools as follows: Caldwell, 271; Chisholm, 228; Walton, 354; Sandmeier, 431; and Gaudineer, 785. Enrollment has remained fairly stable for the past five years, except that the student body at Gaudineer has increased from 676 in 1960 to 785 this year.

Progress on preparations for the new wing to be added at the Gaudineer School was reported by Joseph A. Bender, chairman of the committee on advisory school planning. (Continued on Page 13)

### Democrats Renew Contract Questions

Procedures in the giving out of contracts for township work this week came under continued attack by the Democratic candidates for the Township Committee.

Henry Grabarz, Jay Rinon and Doug Mattice, "State laws are very strict and specific regarding the awarding of contracts by governing bodies, particularly where a public official may have either a direct or indirect interest in the supply of materials to a municipality."

"The courts have stated very clearly and emphatically their position on matters of public bidding and supplying of materials and we quote the following court decision: 'Purpose of this section is to guard against favoritism, improvidence, extravagance and corruption, and section should be construed with sole reference to the public good and shall be rigidly adhered to.'"

### Falkin Charges Personal Attack

By ABNER GOLD  
Heated arguments on issues raised in the local political campaign highlighted the meeting Tuesday night of the Springfield Township Committee. Committeeman Arthur M. Falkin set off the fireworks, following a routine session devoted to Committee business, when he delivered an impassioned reply to charges issued last week by the Democratic candidates.

Falkin, Mayor Robert D. Hardgrove and Committeeman Robert G. Planer are being challenged by Jay Bloom, Douglas Mattice and Henry Grabarz. Bloom strongly disagreed with Falkin's comments and went on to take issue with the Committee on other matters.

Stating that he regarded portions of last week's campaign statement as a personal attack, Falkin declared, "I have been proud to serve the township. Statements of guilt by innuendo are a slur on the community."

He stressed that all contracts for construction of the municipal pool, currently under fire from the Democratic candidates, had been approved publicly and unanimously by the Township Committee of the time, which included four Republicans and a Democrat, former Mayor Vincent J. Bonadies. (A detailed statement on the pool contracts by the three Republican candidates appears elsewhere in this issue.)

Falkin also declared, "Everything that was brought out in the statement last week was a matter of public record. I object only to the method of its presentation at this time. There has never been any attempt at subterfuge on our part. Everything I did was with an absolutely clear conscience."

Democratic Rejoinders  
Bloom, who was the only one of the Democratic candidates to speak Tuesday, stated that he "never implied anything" about Falkin, "nor do I imply dishonesty on his part at any time. He seems oversensitive."

Ascribing to Falkin "merely a lack of understanding of what constitutes a conflict of interest," Bloom urged that when Falkin abstains from voting on a contract, he should reveal his reasons for not participating.

Bloom also commented that "increasing the amount of a contract by 50 percent" as was done with the plumbing at the pool "is very unusual." He added, "There are too many justifications for the new course of action."

The Democratic candidate also pressed the Committeemen for what he termed a "lack of progress" with the project of constructing a new road and provide parking areas behind the stores on the north side of Morris Ave.

Mayor Hardgrove responded that present problems arose (Continued on Page 6)

### DEADLINE TODAY FOR REGISTERING FOR NOV. 3 VOTE

Today is the deadline for registering to vote in the Nov. 3 general election in Springfield.

Registration in the Township Clerk's office in the Municipal Building or at the Union County Office of Elections, Elizabeth, concludes at 4 p. m. Voters may also register with and municipal clerk in Union County.

### Members Named For Town Group On Human Rights

Appointment of 10 of the men and women who will serve on Springfield's newly organized Human Relations Committee was announced by Mayor Robert D. Hardgrove at the Township Committee meeting Tuesday night.

Members include the Rev. Bruce Evans, pastor of the First Presbyterian Church; the Rev. Francis Coyle, pastor of St. James Catholic Church; Rabbi Reuben R. Levine of Temple Beth Ahm;

Also: William J. Burns, 344 Milltown rd.; Abraham Levig, 103 Briar Hill circle; Robert H. Johnson, 21 Ruby st.; Mrs. David Schwartz, 14 Berkeley rd.; Also, Harold Bischof, 6 Remer ave.; Norman Banner, 231 S. Springfield ave., and Mrs. Edward Carmichael, 35 Warner ave.

Burns will serve as chairman of the committee, with Mrs. Schwartz as vice-chairman. The mayor announced that the group would hold its first meeting next week. Appointment of the committee, to deal with local problems in the areas of human relations and civil rights, was authorized by an ordinance approved two weeks earlier by the Township Committee.

At that time, members of the Township Committee stressed that the new group would supplement the work of other local organizations dealing with human relations.

### All Aboard For Addis Ababa Teacher Begins Peace Corps Duty

Claire Longfield of Springfield left to begin her teaching career last week — and she's going just about as far out of town as anyone can go.

She is one of 270 Peace Corps volunteers assigned to duty in Ethiopia, where she will teach English at a secondary school. A June graduate of Trenton State College, Miss Longfield completed 10 weeks of intensive Peace Corps training at the University of California at Los Angeles, including at least three hours per day of Amharic, the Ethiopian national language.

"Most of my friends are all for me," she told the Leader just before her departure for 21 months overseas. "They all think the Peace Corps is a wonderful idea. A lot of them wish they could go, too, and some are even thinking of signing up."

Peace Corps questionnaires are available at any Post

**CLAIRE LONGFIELD**

Office, according to an official press release, and examinations are given each month.

that Miss Longfield is taking this means of serving the cause of world progress, but they're also a little worried to see their little girl go so far from home. Reaction to this aspect of the story depends primarily on the age of the reader.

Miss Longfield commented that she has been interested in the idea of the Peace Corps ever since it hit the headlines four years ago. She had always wanted to teach, and this will give her a background impossible to duplicate any other way.

A native of Springfield, she is a graduate of Jonathan Dayton Regional High School, where she was a member of the National Honor Society and secretary of the Spanish Club.

At Trenton State, where she received her degree in English with honors, Miss Longfield was president of her dormitory and a member of the Student Government. (Continued on Page 6)

## Mayor Reports On Phone Calls

Prompted by recent discussion on residents' telephone calls to the homes of township officials, the Mayor Robert D. Hardgrove reported on the calls he receives.

"The average is approximately 20 calls a week," the mayor said. "In general, almost all are valid questions, from people who have a legitimate interest in specific information."

He said that the calls tend to follow a seasonal pattern, the mayor reported, with leaf removal questions due for a sharp increase now, to be followed by calls on removal of snow.

### Sip & Sup Owner Plans To Appeal Ruling By Board

Plans to take legal action against the Springfield Board of Adjustment were announced last week by John Bullock, owner of the Sip and Sup Restaurant, after the board denied his application for a special exception permit to construct a motel next to the restaurant.

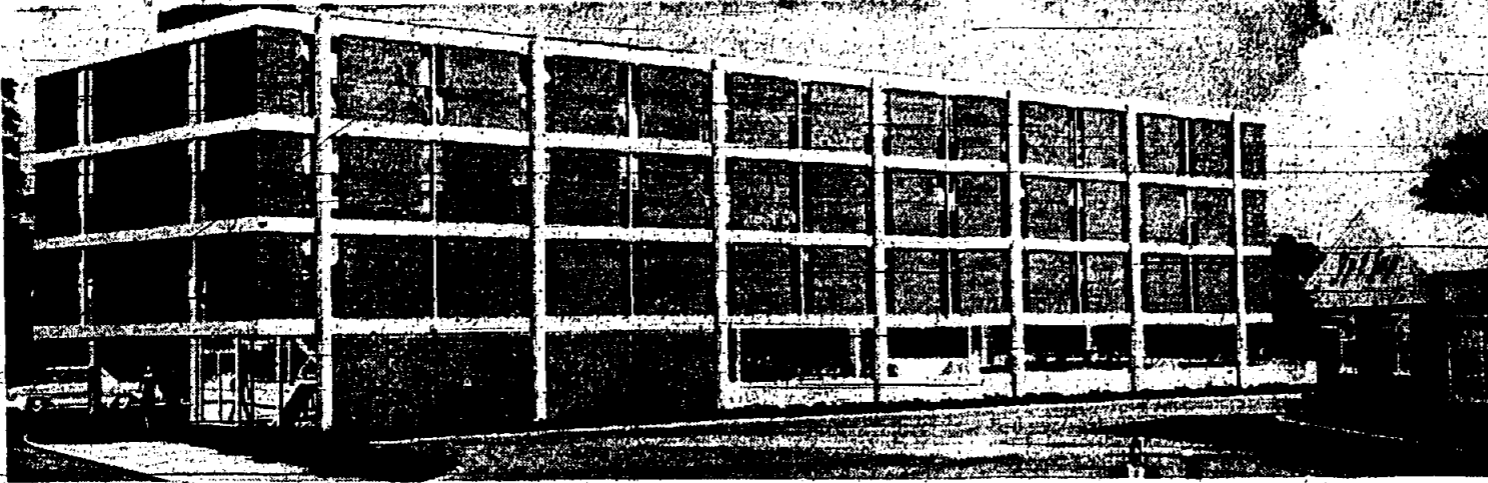

The denial was based on two points. The board ruled that other buildings which might be constructed on adjoining property could block the windows and cut off light and air from the projected motel, which would be built right up to the property line.

In addition, the unanimous ruling by the Board of Adjustment declared that the "layout of the parking spaces and drive-ways is not conducive to safe operation."

Henry C. McMullen, attorney for Bullock, told the Leader, "we will definitely appeal on the grounds that the decision is not based on justifiable findings. We feel that the windows do not provide proper grounds for a denial."

McMullen, who was Springfield's first township magistrate, served in that post from 1948 to 1960, and he has long been active in the local Republican party.

He went on to say that the plans for the motel "conform with the zoning ordinance and with the building code. We went in merely asking for a special exception for a permitted use in a general business zone. We did not need a variance."

**PROPOSED MOTEL** — This is the architect's sketch, by the Summit firm of Kuhn and Drake, for the proposed motel for which a permit had been sought for the property adjoining the Sip and Sup restaurant at Morris and Springfield aces. John Bullock, owner of Sip and Sup, has announced he will appeal to the courts from a denial by the Springfield Board of Adjustment.

### Investment Class At Y In Westfield

An adult course in advanced investing techniques will start Oct. 14 at the Westfield YMCA under the joint sponsorship of the YMCA and the Westfield YWCA, it was announced by James Gentles and Jean Marshall, adult program chairmen of the two groups.

Instructor for the five sessions will be William Sullivan, a representative of Merrill Lynch, Fenner and Smith. He presented a similar course two years ago at the YMCA.

The YMCA and YWCA will hold their annual family camp weekend Oct. 2-4 at Frost Valley in the Pocono Mountains. Features include canoeing, trap shooting, archery, hiking and special evening programs. Registration is now on at the YMCA and YWCA, according to Harold Rohman, adult program secretary for the YMCA.

**Garden Apartment**

The hearing on an application by Functional Homes for a variance to build a garden apartment at 92 Denham rd. was adjourned for a month, at the request of the applicant.

Samuel A. Bloom, counsel for the applicant, explained that notice of the hearing had not been served properly on one property owner in the area, and he asked for the extra month to serve the notice in accordance with legal requirements. The hearing will be held Oct. 27.

The zoning body denied a request for a variance submitted by Dr. Henry Mulhauser. He had wanted to construct an addition for his professional office building at 260 Morris ave. The board declared that plans for the addition failed to provide adequate parking facilities.

In other actions, the Board of Adjustment granted two structure variances, for Joseph Roth of 170 Pitt rd. to add to his garage, and for Abner Gold of 210 Lelak ave. to extend his dining room.

# LEADER PROFILE

## PAUL PENARD

"In January, 1965, I'll be all washed up. Finished. Kaput!"

These words were uttered by Paul Penard of 29 Lyon pl., Springfield, the other afternoon during an interview.

Penard, a tall, muscular, fair-haired chap, who is head of Union County Teenage Republicans, Inc., and the Springfield Teenage Republicans (a division) referred to the day when he would no longer be a teenager — and therefore, no longer a leader of teenage politics.

He will be 20 years old in January.

Because of this fact, Penard expects to plunge into his work and fill each hour to the utmost capacity.

"It's rough," he said, "and it'll get rougher in November during the presidential elections. And what makes it even more rough is that adults seem always to be looking down on us and snapping: 'What are teenagers doing in politics?'"

"I'll tell you what teenagers are doing in politics," he said grimly. "What happens now in politics, is going to be on us when we're older. The circumstances will weigh on us. And we may have to suffer the consequences."

"We're fighting for what we hope is clean politics . . . at least, for the future. Because what our parents vote for, we're going to have to contend with in the future."

Paul, who is the son of Mr. and Mrs. Werner W. Penard, was born in New York City. Three years later, his family moved to Springfield. He was graduated from James Caldwell School, Morristown Preparatory School ("a private school") and Jonathan Dayton Regional High School.

"I started to attend Rutgers University in the evenings," he said, "where I took a business management course. But I left. I took a job with the Holland American Lines in New York. My father has worked for the company for more years than I can remember. Anyway, I lived with it for 19 years. I'm in the special services department. I work with agents who make sure whatever the clients want — deck chairs, reservations, passports, visas for local cruises — they get smoothly and easily."

"I've been across to Europe four times with them."

Paul, however, was more interested in talking about his political organizations.

"I started the Springfield Teenage Republicans. In 1960 I went to the Republican headquarters in my town to ask what I could do to help Richard Nixon. That was when I joined the Union County Teenage Republicans. I did the same in 1961. And in 1962, it was brought to my attention that there wasn't a county organization in Springfield. Perhaps I should start an organization in town."

"Well, I went out to talk to my friends. What a murderous job that was. It was a long hard grind, but we finally got organized. Henry Wright helped me start the organization, and we built our way up."

"You know," Paul said thoughtfully, "the hardest working people in the world are the TABS — because they can run! And I mean that literally. They have life in them and ambition, and can wear their shoes to the ground handing pamphlets and stuff out of house to house."

"Last year, we spent days and nights traveling between here and Newark . . . house to house. Some parents are still mad at us," he mused, "for spending so much time away from home. We did an awful lot of running. We handed out literature, which saved postage. We worked weekend after weekend on posters."

"On Nov. 5, we worked at headquarters, brought in food, picked up people who couldn't drive or who had no other means of transportation to the polls. Some of our girls would baby-sit. Others were out doing the boys' work. Some of them can even out-do the boys come to think of it, once they get going."

"Even my sister, Margot, who is 16, belongs to our organization. We have about 30 members in the Springfield groups. All told, we have about 250 members in the Union County Teenage Republicans."

Paul declared excitedly, "This is the time of year to get more members than in any other year. Kids should be saying, 'Gee, what can I do?'"

"But as I said, we're building up all the time. In fact, last night we were out forming a meeting in another town."

"The work doesn't really interfere with school studies. Most of the work the kids do is on Saturdays. There's an occasional Sunday. And we might have a meeting on Friday night or Saturday night."

"I shun meetings for the middle of the week. Still, there are kids out campaigning right and left all week."

"The kids in my town have worked. And I mean really worked! We've had cake sales, County Young Republican pic-

# Realtor Cites Benefits Of New Housing Law

More Americans will be able to buy better homes with the help of a section of the recently enacted housing law of 1964, Henry J. Lansu of Millburn, president of the Board of Realtors of the Oranges and Maplewood, Livingston, Millburn, Short Hills and Springfield, pointed out this week.

The portion of the new law referred to by Lansu is an amendment to Section 203 (b) of the program of the Federal Housing Administration. It increases the maximum home mortgage limits which may be insured by the agency from \$25,000 to \$30,000 for one-family houses; from \$27,500 to \$32,500 for two and three-family houses; and from \$35,000 to \$37,500 for four-family houses.

This part of the new law was among those sections of the 1964 bill supported by the National Association of Real Estate Boards, of which the local board is a member.

"The most significant thing about this new provision is that it will make it possible for purchasers to buy a better house for a lower down payment," Lansu said. "Here are a few examples:

**Down Payment**  
"Under the old law, a family buying a home valued at \$25,000 had to make a down payment of \$4,000 in order to qualify for FHA-insured financing; under the new law, the minimum down payment on the same home can be as low as \$3,200."

"Under the new law, a family seeking a house valued at \$34,800 may purchase it with a down payment \$5,000 lower than under the old law which required anything in excess of the \$25,000 mortgage to be added to the down payment. The down payment, under the new law, would be \$4,600 as compared to \$9,600."

It is noteworthy, too, the realtor added, that the increase

in the agency's home mortgage limit recognizes the recent general high level of property and increased purchasing power which enables families to meet higher monthly mortgage payments on larger and better homes.

Lansu observed that many families are now enjoying current incomes that will easily sustain the higher monthly mortgage costs, although they may not have had the time to accumulate the higher lump sum down payment required under the old law.

It is in this situation, he said,

that the new provision will enable them to put their home purchase plans into effect without the delay that might have been necessary up to now.

If home purchases under the new FHA section follow the recent pattern, Lansu commented, existing houses will dominate buyer choices. According to the latest figures, more than three out of every four home mortgages insured by the agency had existing homes as security.

"There are many reasons for this enduring popularity of the pre-owned home," Lansu said.

"A well-maintained existing home in a good neighborhood has proven its value. It has been through the 'shake down' period, and any flaws that may have existed originally usually have long since been spotted and remedied."

"In addition, many such houses offer real value in living amenities in the form of larger lots and rooms, established shrubbery and landscaping, and a complete array of civic services such as schools, roads, shopping centers and churches."

# Overlook Hospital Prepares \$6,500,000 Expansion Plans

Overlook Hospital this week announced a \$6,500,000 "Progress Program for Overlook," a major expansion broadening the scope of its services to the 14 communities served by the hospital, including Springfield.

The main focus of the program will be a seven-story wing, adding 84 beds, which will serve 3,700 more patients a year and bring Overlook's bed capacity to 425. The hospital currently gives medical services to more than 15,000 in-patients and 20,000 out-patients a year.

The new wing will be built at the rear of the hospital, providing a new main entrance on Beauvoir ave. at the fifth floor administrative level of its last major wing, constructed in 1959.

Expansion was termed "imperative" by Robert C. Porter, president of the Board of Trustees. "The hospital has been running to full capacity for many months. Solariums have been converted to patient rooms with bathroom and without shower rooms have been pressed into service at times of emergency," he said.

"By postponing elective surgery and minor treatments, the hospital has managed, but we must move ahead without delay if we are to meet the increasing needs of the constantly increasing population in our service area," he added.

"Population forecasts and expansion plans of other hospitals in the general area have been considered and without delay is pressed by the plans of any other institution," Porter pointed out.

In 1961 Overlook engaged a firm of hospital consultants, headed by Anthony J. J. Rourke, M.D., former president of the American Hospital Association. The administration, medical staff and trustee development and planning committee have been working for many months on preliminary planning. Architect for the new building is Donald R. Needs of Boston, Mass., who designed the hospital's 1959 wing.

The hospital is launching several new areas of medical service to the community, including a new short-term psychiatric unit and out-patient psychiatric center.

Another new area of service to the community and medical staff will be the Medical Education Center. Here lectures and programs on preventive medicine will be held for the public and medical students. The new department on the Medical Staff informed of new developments in medicine.

Overlook will have completely new emergency and clinic sections with entrance on the fourth floor level. The use of these departments has more than

doubled in the last five years. Over 8,000 emergencies came to Overlook for treatment last year.

X-ray and laboratory will have new quarters. These departments have been seriously overcrowded with the steadily increasing caseload at the hospital plus constant new diagnostic tests.

Overlook has had an intensive care unit for several years, but the new installation will improve these facilities and streamline the unit's operation. The unit will have a nurses' conference room and family waiting room, as well as modern quarters.

A special isolation unit is

included in the plans. Overlook has an isolation unit, but the new area will be even more strictly separated from other patient areas and will have superior gown and scrub facilities, plus other precautions essential to isolation techniques. The former isolation unit will be converted to regular patient care.

Included in the program are a nurses' garden apartment project on Glenside ave. and added parking facilities. Both these aspects of the program will be financially self-liquidating, but both are essential to provide adequate nursing staff and parking for an enlarged Overlook.

## Report From Trenton

By State Senator Nelson F. Stenler (R-N.J.)

A number of years ago, as a matter of fact, in 1960, the Assessment Reform Law, commonly known as Chapter 61, of the Laws of 1960, was passed. This technically authorized municipalities to tax all tangible household personal property and effects. The enforcement of this law was postponed for three years.

The postponements themselves proved that there were inequities in the law, and unless we did something about it, would eventually create a hardship.

This year, despite Senate Bill 367, sponsored by Senator Grossi of Passaic, the law has gone into effect. Senator Grossi's bill actually repeals the law, and I voted for the repeal on the basis that this was just another tax which the public did not understand, and never will understand.

The result, since the day that the repeal passed the Senate and could not pass the Assembly, has been a havoc.

The argument that I have used for some time for a tax convention to examine into our present structure is proven, by the enforcement of this tax. Most voters all over the State are upset and properly so, by a tax on their boats. It is possible that automobiles might be taxed under the present law — if the exemption is removed — but to climb this fouled-up situation the Local Property Tax Bureau down at Trenton has suddenly developed the bureaucratic position of "you must do what I say, whether you like it or not."

This bureau has come out with in order on standardized forms for every municipality in the State, and in Union County alone, 14 out of the 21 municipalities must purchase new equipment, since their present equipment does not meet Trenton's standards.

One of our towns bought its equipment about three years ago, and now must practically

lose it out and spend \$10,000.00 of the taxpayers' money to follow the dictates of the Tax Bureau.

This should be a grave concern to every municipality, which is now required to find the money to purchase this equipment.

Most of the budgets in the municipalities are completed and filed in the first three months of the year. These funds will have to be forthcoming from emergency appropriations. To complete this bureaucratic operation, these forms must be available about October 1st because the final date for the municipalities' filing of its tax structure with the county boards is really December 31st.

Some inquiry should be made into this mis-use, and abuse of authority. It happens too often.

## Miss O'Meara Listed

Deirdre Mary O'Meara, daughter of Mr. and Mrs. Thomas F. O'Meara of 81 Mountain ave., Springfield, is one of 372 freshman women entering Trinity College, Washington, D.C., this fall.

A graduate of Mount St. Mary's Academy, North Plainfield, Miss O'Meara began a week of college orientation activities Friday prior to the opening of classes yesterday.

Trinity College, now in its 60th year, is one of the oldest liberal arts colleges for women established under Catholic auspices. Its founding by the Sisters of Notre Dame de Namur in 1897 was the culmination of over 80 years' experience in American education.

# Only Half A Loaf, But We're Starving

The \$40,100,000 College Bond Issue on the Nov. 3 ballot is no better than half a loaf — but when you are starving, half a loaf is considerably better than none.

And there should be no doubt that our youngsters are starving for college facilities in New Jersey. All public four-year colleges in New Jersey have been turning fully qualified applicants away by the hundreds and thousands. There are just not enough classrooms, laboratories or dormitories.

By 1970, according to a 1968 report of the State Department of Education, the public colleges should provide 22,500 more places for qualified youngsters. The facilities which would be provided by the bond issue would accommodate 10,645 additional students. Thus, the half a loaf.

We hope this issue will not take on the bitter political character that marked the campaigning for and against the \$750 million bond referendum that fared so poorly a year ago. It certainly shouldn't, considering the history of placing this issue on the ballot.

The question goes on the ballot as the result of recommendations of a joint legislative committee. It studied the demand for college places, the capital needs of the public colleges and alternative methods of solving the problem. Then it recommended the bond issue as a "practical interim capital program" and listed specific projects at the three Rutgers campuses, at Newark College of Engineering, at Newark State in Union, Paterson State, Montclair State and Jersey City State.

Bi-partisan support for the issue went on the record again when the Assembly passed enabling legislation; 53 votes to 4, and the Senate voiced its approval, 14 to 2. Governor Hughes signed on July 13.

It would not be surprising if some

political leaders fail to provide the leadership this issue deserves. They are well aware of how bloody the governor looked the day after the last election when the \$175 million bond issue went down to such humiliating defeat. And politicians don't like to be associated with losers or losing issues. But bi-partisan support in the legislature will remain on the record, whether our office-holders lead the campaign or try to sit this one out.

We agree that New Jersey will have to face up to the need for a broad-based tax eventually despite the timidity of legislators. However, we cannot wait for a broad-based tax. Leaders in both parties have said that a broad-based tax cannot be enacted before 1966 at the earliest, and that time estimate seems to us to be conservative. Once passed, even a broad-based tax may be unable to handle the imposing needs for state aid — for highways, institutions, college buildings, etc., and bond issues could still be needed for long-term capital construction.

We concede that this is stop-gap and inadequate. It is also too late for the qualified youngsters who have been turned away. It is also too late for those who will be graduated from our high schools next year and the one after that for it will take until 1967 to get the facilities provided by this bond issue ready for use.

But with all these shortcomings, it is the best bet we have now to serve our youngsters better and to improve New Jersey's poor record of support for public colleges.

During the 1963-1964 fiscal year, New Jersey appropriated \$6.61 per resident for its public colleges. The average appropriation that year in other states was \$11 per capita.

And where did New Jersey rank in such expenditure? It ranked 47th!

# Teachers At Dayton Win Added Degrees

Three teachers from Jonathan Regional High School, Springfield, were awarded master's degrees in their areas of study this past summer. Anthony Comella, adviser to the Student Council, and a member of the social studies department, received his master's degree in school administration from Selwyn Hall University.

Stella Blaisiecki completed her fourth consecutive six-week summer National Science Foundation Institute at Bowdoin College in Maine. She was granted her master's in education in mathematics in August. She spent three weeks touring the West, with five days at Glacier National Park in Montana and five days at Lake Louise in Canada.

Miss Blaisiecki reported that Veronika Dehner, a 1960 graduate of Dayton Regional and presently a student at Ohio State University, is spending two weeks at Dayton to participate in a field experience program related to student teaching.

Mrs. Sarah Larsen of the English department and Herb Palmer of the health and physical department attended Montclair State College during the summer. Mrs. Larsen took courses in statistics, modern literature, and English literature toward her master's degree while Palmer, who is attendance officer, athletic director and head football coach, took four courses toward his administration certificate.

Joseph Mills and Thomas Santiguada attended Rutgers University in the summer and took courses in health and physical education toward their master's degrees. Mills is assistant football and baseball coach, while Santiguada is assistant basketball coach.

Dave Carl of the social studies department attended the Democratic national convention at Atlantic City with a study group from Newark State College in Union. He attended com-

# Regional School Receives Citation

A Certificate of Extraordinary Merit has been awarded to Jonathan Regional High School for its standards and expanding the program in the field of driver education during the last school year. The citation was made by the New Jersey Safety Council.

The program at Dayton consisted of a minimum of six hours per student behind the wheel driver instruction, exclusive of time spent in the student driver car as an observer.

John Brown, coordinator of the Dayton driver education program, said eight qualified instructors man two cars during seven of the school periods each day. Each car carries four students.

At least 30 percent of the eligible students, those 16½ years of age or more, were enrolled in the driver education program.

### New Ambulance Damaged Taking Case To Hospital

The newest ambulance of the Springfield First Aid Squad was damaged in a collision with another car Saturday afternoon while transporting a victim in another two-vehicle accident to Overlook Hospital in Summit, Springfield police reported.

No one was injured in the second accident. The patient in the ambulance was Sophie Sikoraki, 62, of Somerville. She had suffered cuts on the head and bruise on the knees in the earlier accident, police said. The ambulance, a 1964 Cadillac, received damage to the right front, but it was able to continue on with the patient to the hospital.

The earlier accident occurred in the eastbound lanes of Rt. 22, when a car driven by Robert L. Garner, 17, of 14 S. Derby rd., Springfield entered the highway from the S. Springfield ave. overpass ramp and went into the southbound lanes.

Gerald H. Title of 21 Cottage lane, Springfield, was driving the ambulance taking the victim to the hospital when it was in collision with a car driven by Edward Street, 42, of 40 Rose ave., Springfield, at Mountain and Homer aves., police said.

Both vehicles were northbound on Mountain-ave.

### Young Democrats Plan Research On Voting Trends

A report concerning Springfield voting trends of the last two general elections was authorized at a recent meeting of the Springfield Young Democratic Club held at the home of the president, Jeff Katz.

Among persons elected by the club, which reports a membership in excess of 80 persons between the ages of 14 and 18, are Carol Frucher, registration committee chairman, who will plan a voter registration drive; Sandy Neukirch, chairman of the national campaign committee, who will coordinate Young Democratic activities with the Young Citizens for Johnson and Humphrey; and Jeff Feldman, sergeant at arms.

Three officers of the club attended the Democratic Convention in Atlantic City. They were Katz, Sam Gerstwin and Steve Tasher. They took part in the youth rally at Convention Hall Thursday, Aug. 27, and heard the acceptance speeches of President Johnson and Vice Presidential nominee Hubert Humphrey.

After the convention Katz and Gerstwin attended the birthday party arranged for President Johnson in the Convention Hall ballroom.

## Today is '65 Pontiac Day. 1965: The year of the Quick Wide-Tracks

What do we mean by "quick"? Just this: A new all-over Pontiac offering a new Turbo Hydra-Matic — the slickest, swiftest-shifting automatic transmission you ever touched a toe to; eager new Trophy V-8 power, now steering agility; a surer-footed Wide-Track ride. And a new Pontiac Tempest that's become even more of a Pontiac with new style, new length and Pontiac-quick reflexes to match. You never know cars could be so beautiful, and so keenly attuned to your touch. This is your year to drive a Wide-Track-quick!

'65 Pontiac Pontiac How does the success car outdo itself for 1965? Beautifully, just beautifully. But this Pontiac has no intention of getting by on looks alone, though it could. So there's new quickness, Pontiac style. A new nimbleness. New fuel savings. A smooth, easy new ride. Drive a '65 Pontiac and see how one success leads to another.

'65 Pontiac Tempest Tempest's even more of a Pontiac now, and what more could a car be than that? The '65 Tempest looks like a Pontiac, as you can see. Rides like a Pontiac on Wide-Track. Goes like a Pontiac, too: a 140-hp six is standard. Or you can get a quick V-8, up to 285 hp. You'll wonder how we can keep the price so low on so much car.

Commentary on a recent National Editorial Association Round the World Newspaper Study Mission  
 By TRUDINA HOWARD

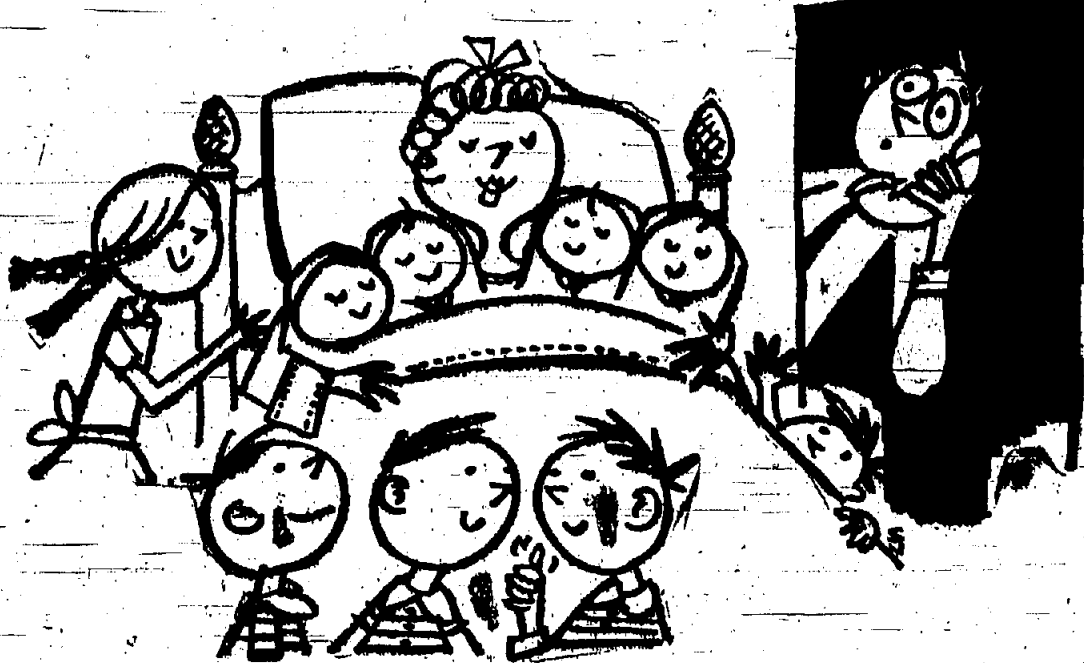

**Number 24, INDIA—CONTINUED**  
 The nicest thing anybody ever said about the U. S. wheat sale to Russia — was said in India.  
 Chester Bowles, the American ambassador to India, told our touring National Editorial Association Study Mission Group, that the Indian people have a definite attitude on that subject. Most Indians are not well educated, he told us, but they are not dumb. They are a practical people and they are not going to sell their souls to a government (meaning Russia) which can't even raise food for itself! One of the biggest assets the U. S. has in India, is its ability to raise food.  
 We met Ambassador Bowles at the beautiful Edward Stone-designed embassy in New Delhi last week. He spoke with us for an hour. At the meeting he wore an unusual golden tie clip that looked like script of some sort. Before we left we asked what the tie clip said. He smiled with evident pleasure and said, "My name in Urdu." Urdu is a language derived from Hindustani, used by Moslems and written in Arabic letters.  
 From the way the Ambassador talked, it would seem he loved India. He was full of admiration for the country which is mainly illiterate, and so diversified.

**Town Meeting**  
 (Continued from Page 1)  
 from a refusal to cooperate on the part of one land-owner, later in the evening identified as Joseph Casternovia. Hardgrove said that the basic problem was a disagreement on price.  
 Hardgrove went on to note that property owned by P and L Realty Co., at the corner of Morris ave. and Main st., presented less of a problem at the moment. This area, he said, would be used for the second portion of the roadway, with the immediate time pressure. He asked the P and L to sell the entire parcel, rather than just the land needed for the road, and that this would require a separate ordinance.  
 Comment by Bohrod  
 Malcolm Bohrod, a local attorney with offices on Morris ave., challenged the Committee for what he termed "premature announcements" of "land purchase contracts." He also pressed for details on a "time schedule" originally issued for the new roadway.  
 During this series of exchanges, Falkin identified Bohrod as a "Democratic district leader."  
 "Since you brought in politics," Bohrod snapped, "do you support the committee?"  
 The public portion of the meeting concluded with comments from Mrs. Arnold Harlem, Henry S. Wright, Mrs. Harry Einstein and Irwin Bross.  
 Earlier, the Committee awarded a contract for improvement of Milltown rd. near the Union line to Cava Contractors, Inc., of 20 W. 4th St., Madison, Cava was low bidder with a total bid of \$8,851. Other bidders were Taff Construction Corp., Union, \$9,260, and Ralph Barone and Sons, Kenilworth, \$9,345.

**INDIA IS** two-thirds the size of Europe but it has 450 million people, or about 297 persons for each square mile, making it the second most populated country in the world. China is the first.  
 It is a democracy with a parliamentary system of government at the center and in its 28 States. The head of the Indian Republic is the president but the real power is the prime minister who currently is Lal Bahadur Shastri. The central government, which is led by the prime minister, is responsible to a popularly elected parliament consisting of two houses, the Lok Sabha (House of the People) and the Rajya Sabha (Council of States). It gained its independence in 1947 and is a member of the British Commonwealth of Nations.  
 Hindi is the national language and English is widely understood, but there are many dialects. There are three main religions, and four main groups of people in India. The religions are Hindu, Moslem and Christian. The groups include the dark-skinned primitive tribes-people who live in the hills and jungle; the Dravidians who are dark-skinned and live mostly in the south and who are usually lighter-skinned and comprise the largest group and who are both Hindu and Moslem, and a small Semitic group which includes Moslems of Arab and Turkish origin, and Jews.

**INDIA'S GREATEST** single resource is her fertile ground. Not only is it fertile for farming, but it is "fertile" in natural riches of all kinds, from forests to coal and iron, gold, silver, copper, etc. But the farmers use only the most old-fashioned farming methods and do not get the most out of the soil, and the tremendous amounts of resources barely have been touched.  
 So, one of India's greatest problems is her old-fashioned work habits. Some American missionaries and Indian leaders have experimented with modern methods of farming, but it has not become widespread. It is the same in other fields also. On our drive from Madurai to Cochin, we passed a highway-construction crew. It was at least 95 degrees in the shade and men and women were repairing a road with hot tar. But they weren't using pourers or machinery or whatever you use with tar — they were putting it down by hand. A little boy sat on the side of the road grading stones by hand; women carried buckets of tar and poured by hand, and men sat and patted the hot tar into place by hand.  
 Some officials say, "we can't buy tools and equipment — we have to make our own." What will the people do if we have tools and machinery? It doesn't matter if they're slower, or less efficient. No one is in a hurry anyway and what does it matter?  
 And so it goes in India. Efficiency is not the pass word. Population is. And the population doesn't seem to care about efficiency, yet. At least they are not in a hurry for it. They do not even try to achieve it.  
 On another drive, this time from Agre to New Delhi, we had a flat tire half way up the 127-mile run, in the middle of nowhere. The car was a Chevrolet and the Indian driver had a lug wrench, a rag wrench in the car. Only the rag wrench didn't fit the lug-nut of the car.  
 So we calmly, oh yes calmly, sat and waited for another car to come down the highway to borrow one that would fit.  
 After a time, a little Fiat appeared.  
 The lug wrench fit the Chevy. Of course.  
 Why worry about efficiency? Actually it was a fun incident. Not only for the amusing wrench but for the amusing episode which followed. The puncture occurred in a small settlement, and we no sooner had come to a halt when we were surrounded with all the children and all the dogs of the village. You would think we just had the greatest accident on record for the size of the crowd around us, and for the stares directed at us. But Indians stare anyhow. They go from the tip of your head to the tip of your toes. They do not mean to be rude. They are just honestly interested.  
 Besides all the children who became engrossed with the camera, and rather tricky, the passengers of the little Fiat joined the crowd and stood and watched and talked too. They did not hurry off. They were Indian-men dressed in western suits and were extremely polite. After the tire was fixed, they grinned from ear to ear and politely turned to me and thanked ME. Me, who just stood there doing nothing! Then as we drove off, they waved and waved and bowed, and all the children giggled and yelled and waved goodbye. It was the nicest flat tire I ever had.  
 Next: Delhi and Agre.

**Peace Corps**

(Continued from Page 1)  
 She spent her junior year as an exchange student at the University of Saskatchewan, Canada, where she was a member of the swimming team, vice-president of her dormitory and secretary of the International Student Society.  
 The young Springfield teacher and her colleagues will now join more than 130 Peace Corps volunteers serving in Ethiopia as secondary school and university teachers, health workers and lawyers.

**HER SCHOOL** will not be assigned until her arrival, and it could be in the capital, Addis Ababa, or in any of a number of other towns throughout the country.  
 Peace Corpsmen in Ethiopia over the past three years have brought about a 35 percent increase in the number of secondary school teachers, and a similar increase in the number of students. Previously, only one child in eight attended school.  
 The American volunteers teach such subjects as English, mathematics, science, geography, history, teacher training, physical education, home economics, business education and industrial arts.  
 They also assist local educators in writing Ethiopian textbooks. Students now use British and American texts. Volunteers are also renovating old schools and libraries, to develop more space for badly needed classrooms.

This latest group of volunteers joins some 10,000 other Americans now working for the Peace Corps in 46 African, Asian and Latin American nations. More than 5,000 volunteers were trained this summer and early fall.

**To Join In Mission Of Lutheran Church**

Members of Holy Cross Lutheran Church of 639 Mountain Ave., Springfield, will join fellow Lutherans from almost 40 other New Jersey congregations in a "Spiritual Life Mission" October 5-11.  
The mission will call for a study in depth of the total church program, consultations and recommendations of a guest pastor or resource leader who discusses local performance, opportunities, and challenges, special evening services and supper meetings, prayer sessions, a youth rally, and a final service of rededication Oct. 11. Special morning "Missions to Ministers" are also planned at Christ Lutheran Church, Maplewood.  
Designed to help motivate members to new and higher levels of spiritual living and service, the mission will lay great stress on a congregational self-study or inventory which probes deeply into all areas of parish life. Guesswork and sentiment are replaced with statistics and sometimes disturbing facts.  
The self-study serves as the basis for three special midweek evening services: Christian education Oct. 6, stewardship Oct. 7, and evangelism Oct. 8. All services will begin at 7:45 p.m. Guest consultant at Holy Cross Lutheran Church will be the Rev. Walter Abel, Wappington, Conn. General chairman of

**Lutheran Church Convention Ends**  
Mrs. Lester Messerschmidt returned Sunday evening from Monticello, N. Y., where she represented Holy Lutheran Church, Springfield, at the first Sunday School Teachers' Convention of the Atlantic District of the Lutheran Church — Missouri Synod. Over 1,000 teachers, pastors, superintendents and Sunday School leaders were in attendance, she said.  
Purpose of the three-day convention, according to Dr. Arthur Wittmer, parish education secretary of the Atlantic District, was to "provide inspiration, information and instruction for Sunday School workers, to promote the importance of the Sunday School, and to provide a setting that would allow all in attendance to participate, exchange ideas, and share and learn."  
Sessions were held at the Laurels Resort Hotel on Sackett Lake.

Incidents from the lives of the prophets Elijah and Elisha (I and II Kings) will be featured in the Bible Lesson on "Reality" to be read at Christian Science churches throughout the world on Sunday.  
Readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include these lines: "The fading forms of matter, the mortal body and material earth, are the fleeting concepts of the human mind. They have their day before the permanent facts and their perfection in Spirit appear. Mortals must look beyond fading, finite forms, if they would gain the true sense of things" (pp. 263-264).

**Panel Discussion At St. Stephen's**

The first meeting of the Women of St. Stephen's Church in Millburn for the men and women of the church will be held Tuesday at 8 p.m. in the green room of the Parish Hall. It will be an open meeting, an announcement said.  
The subject will be "Youth and the Church." A symposium will follow the panel discussion. The Rev. Henry A. Tilghman of the Church of the Holy Communion in South Orange, will be moderator.  
Members of the panel will include Miss Daphne Hughes, director of youth consultation service of the Protestant Episcopal Church of Newark; Rev. Dr. Joseph H. Harrison of St. Paul's Church, Westfield, and Jan Tausch of Short Hills, a psychologist.

**Local Witnesses To Attend Confab**

The Springfield congregation of Jehovah's Witnesses will participate in a Bible convention Oct. 9-11 in Metuchen.  
Plans are underway for 1,900 ministers and their families to assemble. They will come from 16 New Jersey congregations and three from Staten Island, N. Y.  
Students of the ministry from Springfield will attend the convention of the group, officially known as the New Jersey Circuit No. 5 of Jehovah's Witnesses. The sponsor is the Watchtower Society of Brooklyn.

### Needlecraft News

By NANCY BAXTER

There isn't a woman among us who doesn't enjoy playing the "interior decorator" role! We all have our own style, with some leaning toward the ultra-modern and others toward the traditional or provincial, yet there is one room that is a universal favorite—the nursery. It is here that we can use our most feminine ideas.

#### Rabbling Over

There's so much joy in preparing things for the bright, huggable new addition to the house. For your favorite baby, here is a butterfly rug . . . bubbling over with pompons . . . that will be the focal point in the loveliest nursery. Complete with black feelers, it looks real enough to fly up and hover over baby's crib! Ours is done in melting shades of pink and white, lightening toward the center, with soft, pale yellow would be just as lovely and also solve the problem of—will it be a boy or a girl?

#### Soft and Cuddly

It's unbelievably easy to do. Start, a felt backing is cut from a diagram into a graceful butterfly shape, then, using a set of pompon rings, settle down to quickly and easily making his puffy wings and delicate feelers—all of separate pompons—finally sew them to the felt with button and-needle thread. Any baby or new mother will be just delighted with your gift. Free instructions, including diagrams, are available by sending a stamped, self-addressed envelope to the Needlework-Editor of this newspaper. Ask for Leaflet PF 2823.

## Ask Amy

BY AMY ADAMS

Dear Amy: Will you answer a question for me? I met a dreamy fellow on Friday. He called me twice on Saturday. Took me dancing on Sunday. Met me for lunch and skating on Monday. We went to a movie on Tuesday. Had a dinner date for Wednesday. Took me bowling on Thursday. Went night-clubbing on Friday and he never showed up on Saturday.

What do you think happened? I can't reach him!

A Stepper

Dear Stepper: He probably collapsed! Have you checked the local hospitals?

Dear Amy: Am writing this letter in hopes you'll print it for your "Undecided" writer who appeared in a recent column. It may not be the custom, but it may help her along.

"Dear Undecided: After reading your letter in the paper I had to write and tell you of a very unpleasant and never-to-be-forgotten experience of mine. Two years ago I was faced with the exact same problem, and just as close to home as yours. It was very, very heart-breaking but I have stuck it out with my man. My love for him has brought him back to my side of the fence and to our children. We never moved nor did the girl's family. I see her every day and can't exactly be friends, but we say hello and chat of the weather—I can only say a man is human and from the beginning of time this has been happening. Believe me, I didn't take it as lightly as it sounds; but my man was always good before this one incident, and I felt my children needed a good father and I a good husband. So as the old saying goes, "We know what we have, but who knows what we'd be getting."

## Fair Housing Group To Feature TV Film

The Springfield Fair Housing Committee will hold a general meeting on Wednesday evening at 8:30 at the Emanuel-Methodist Church, 46 Main st. The meeting is open to the public.

The film, "No Hiding Place," dealing with the efforts of a Negro family seeking a home in the community, will be shown. This award-winning film was twice shown on the television series "East Side West Side, starring George C. Scott. A discussion period, during which coffee will be served, will be held following the film.

The Springfield Fair Housing Committee, which was initiated in October, 1963, has seen its membership grow to almost 100. The main activity of the group has been a series of home discussion meetings, at which neighbors were invited to discuss the problems that arise when a member of a minority race seeks to purchase a home in a white community.

Moderators, provided by the education committee, headed by Lawrence Armour, sought to explain the workings of the Fair Housing Committee and to encourage discussion of the problem of fair housing in Springfield.

## Chamber Reveals Con Game-- Sham FBI Men Bilk Widows

J. Edgar Hoover, director of the Federal Bureau of Investigation, has denounced a con game in which men posing as FBI agents have bilked elderly widows of their life savings by enlisting their aid in a plan to "trap bank embezzlers."

This was disclosed by the Chamber of Commerce, in cooperation with local savings institution officials.

The Chamber executive said Hoover's denunciation of the ruse as a "despicable scheme" was contained in his statement to the National Better Business Bureau, with which the Chamber is affiliated through membership.

NBBB first exposed the scheme in March, noting in a public warning that 65 to 80-year-old widows in several states had been bilked of many thousands of dollars by con-men posing as Federal Agents or bank security officers.

According to NBBB, the most recent incident involved a 69-year-old widow in Stamford, Conn., who, police said, was in-

duced by an individual posing as an FBI agent, to withdraw her savings of \$3,000 in the interest of checking on the honesty of the bank's employees.

In his statement to NBBB President K. E. Wilson, Hoover said:

"FBI agents do not operate in such a manner in connection with investigating suspected dishonesty or other violations of law on the part of bank employees."

Similarly, an official of the Chamber said that under no circumstances would any savings institution require or seek the aid of a depositor to detect a suspected fraud by a bank employee.

Hoover described the scheme this way: A man telephoned an elderly widow, advising her he is an FBI agent and asks her to help trap a suspected embezzler at the bank where she has a Savings account.

If she agrees she is told to withdraw her savings, wearing gloves so that the teller's fingerprints are the only ones on the bills, and is further advised that the money will be picked up by a man wearing a police badge. Having done as instructed she soon discovers that it was all a hoax.

Con men employ several other variations of this scheme but the end result is the same.

Hoover said persons approached by anyone claiming to be an FBI agent should demand his credentials. Each special agent carries an identification card which bears his name, photo, graph, signature and other information and is countersigned by the bureau director.

The letters "FBI" are superimposed over the agent's name and the identification bears the seal of the Department of Justice. In addition, each agent carries a uniquely inscribed badge.

Hoover said anyone telephoned by a self-proclaimed FBI agent should advise him that they'll call back. Disregarding the number he provides, they should contact the FBI at the number listed in the local telephone directory and explain why they are calling.

## Prescription By New Doctor: 'Please Just Try To Bury The Story'

Students at the Florence Gaudineer School have been hoarding a precious bit of information from their elders. Their principal, Mrs. Theilma Sandmeier, will receive her doctor's degree in educational administration and supervision next Thursday from Rutgers University.

The youngsters knew because William Wagner, building superintendent for the school system, beat the gun with a "Dr. Sandmeier" sign on the door to the principal's office. The sign, incidentally, came as a surprise to its recipient.

Dr. Sandmeier had only one request when asked for further details on her achievement: "Please just try to bury the story in the back of the paper so not too many people will see it."

She has been principal at Gaudineer School since it was opened in 1953. The Sandmeier School is named in her honor. Dr. Sandmeier attended Columbia University as an undergraduate and received her bachelor's

degree from Newark State College and her master's from Rutgers. Her doctoral thesis was based on a study of local schools. "Earning a doctorate," she stresses, "is a group affair, and the degree is never gained solely through the efforts of one individual. Much of the credit

goes to the staff of the school for their understanding and assistance, to the parents of students for their encouragement and to my husband, just for putting up with me. Special thanks are due to the League of Women Voters for participation in the research project."

"We hold our own platforms on foreign and national issues. Why, we've had Matthew Rinaldo and Henry Wester as guest speakers. Now, we're trying to get Congressman Dwyer.

"Once," he recalled, "we tried to get Bernard Shanley to speak. Somehow or other, he didn't get our message and request. Something went wrong. So, the next time I saw him, I pointed this out, and he said, 'The next time you want me, let me know personally.'"

"If you ask these people to come," Paul said, "they'll come. They know how important it is for teenagers. After all, they work for the public. And don't forget, we're the public, too."

"You know," he said, "our organization is not run amateurishly. Everything is done on parliamentary procedure. Sometimes," he grinned, "it gets very involved."

"A few of us even took part in a convention twice a year. We have nominating committees. We have held mock presidential elections, one in the winter and one in the summer. (Which incidentally turned out to be for Gov. Seranton)."

## School Board

(Continued From Page 1)

The architects have the plans 60 per cent completed, he said, and are starting on the specifications. Final plans should go to Trenton for approval Dec. 1, and bids for the work should be received in February. Ground breaking is tentatively set for March 15, with a target date in the spring of 1966 for completion of the project.

The board voted special thanks to Bender for his supervision of extensive renovations and improvements this summer at the Caldwell School. He presented a "very rough estimate" of \$50,000 for further work next summer, which should give the school "another 50 years of useful life."

**New Baskets**  
Plans include new basketball baskets to go with the recently installed backboard in the Caldwell gymnasium.

The board discussed at some length a letter from Milton Greenberg of 141 Milltown rd.

objecting to the new fence around the playground at the Raymond Chisholm School.

He stated that it was objectionable esthetically and also represented a traffic hazard, because it blocked the vision of drivers nearing the corner of Milltown rd., S. Springfield ave. and Fieldstone dr.

A letter was read from Mrs. Harry Eastman, in behalf of the Springfield New Library Committee, asking the School Board to name a representative on the New Library Committee. Board members expressed the view that the New Library group did not represent a "Board of Education function" and that board members could join the group as individuals, if they wished.

**New Teachers**  
In other action, the board approved the hiring of several new teachers. Their names, backgrounds and salaries follow:

Jane Becker, a graduate of Wheaton College with a master's degree from Goucher College, \$5,500;

Theresa De Lauro, a graduate of Paterson State College with teaching experience in Lyndhurst, \$5,600;

## Republicans

(Continued From Page 1)

The amount to be paid the contractor for performing the work of furnishing the materials covered by the supplementary agreements may be determined as the difference of the lump sum or unit price basis, or on the basis of actual cost to the contractor shall decline or fail to execute the supplementary agreement, the engineer may have the materials furnished or the work performed by others, and the contractor shall not interfere therewith.

**"Lump Sum Clause"**  
The Republican incumbents went on to say, "The plumbing change order for the installation of the sprinkler system at the pool was negotiated in accordance with the provisions of the lump sum clause of this section."

It should be noted that the specifications provide that work cannot be giving to another contractor in the same trade without the concurrence of the original contractor. This is a clause which is written into every contract throughout the construction industry and is authorized by New Jersey State Law.

"Every change order for extra work on the pool construction was approved by the pool architect, the consulting engineer, the pool consultant and the township engineer before it was submitted to the full Township Committee for signature.

"Final approval by the Township Committee was done at an open meeting and voted upon in public by the entire Township Committee. This particular plumbing change order was unanimously approved on May 14, 1963, by the five members of the Township Committee, which included both Democratic and Republican members, all of whom were present.

"During the planning stage of the pool, provision was made for a limited seeded area, merely around the perimeter of the pool, because of budgetary considerations. The perimeter seeded area was to be irrigated by sprinkler valves built into the pool apron.

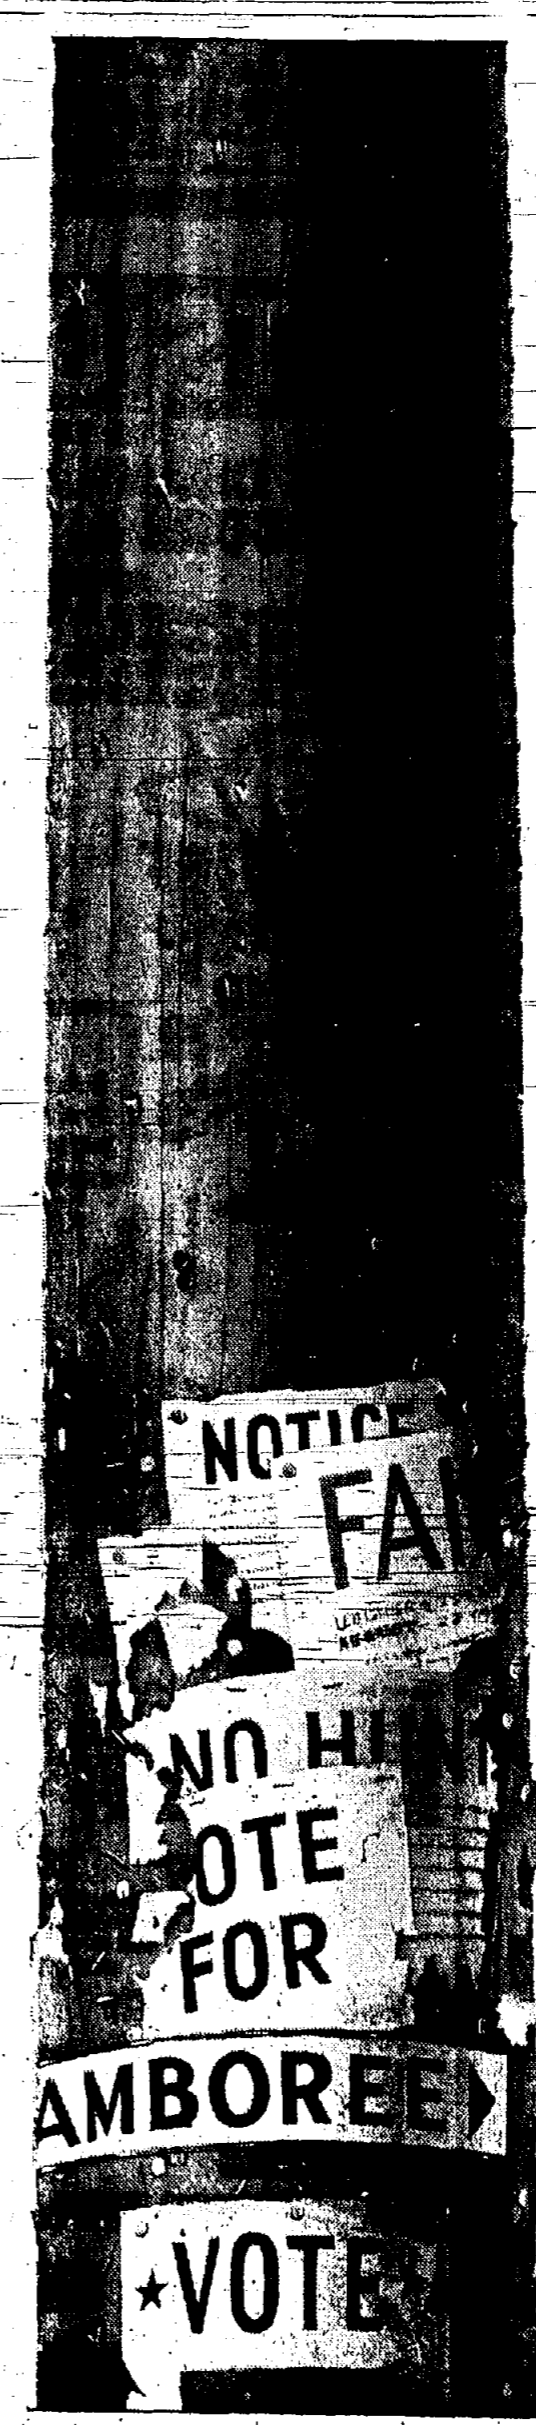

"As a result of efficient buying of the pool contractor, additional funds were available to expand the seeded lawn areas. It would have been imprudent not to provide an extension to the sprinkler system to service this expanded lawn area, which added so much to the beauty of our pool.

"We are asking the people of Springfield to decide what the intention of the Democratic Candidates state is, either: (a) A display of ignorance of the fundamentals of contractual agreements or (b) A deliberate attempt to mislead the public for political purposes.

"Every action taken by the Township Committee is open to public scrutiny. There never has been or ever will be any attempt to conceal the operations of township government under the present administration. This should be apparent since the Democratic statement quoted part of the official records as the source of their research.

"It is unfortunate that in their desire to achieve political fortune the Democratic candidates have chosen to castigate the members of the Township Committee on what has been termed the finest effort on behalf of the people of Springfield, the municipal pool.

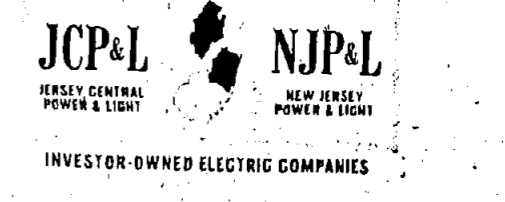

"The Democratic candidates do not acknowledge the speed with which the pool was completed, the recreational opportunities that the pool has afforded, the sound financial basis on which the pool has operated, nor the bringing together of our community, as never before."

## Danger Signs

Signs and notices are invariably put up with nails or with tacks or with staples. These little metal objects can cause a lineman's foot to slip when climbing utility poles—in fair weather and foul, in daylight and darkness. Posting bills on utility poles in New Jersey is illegal (Section 27:5-1 of the Revised Statutes).

Post no bills. Please.

# Four-Year Institutions Seeking Junior College Grads With Aid

Many four-year colleges and universities are seeking out junior college graduates and setting up special programs of financial aid for them, Prof. Soul Orkin, director of admissions, told a convocation of Union Junior College sophomores last week.

"We have found increasingly that many highly respected four-year colleges and universities are casting covetous eyes on the junior college graduate—especially graduates of Union Junior College. They have set up scholarships and other financial aid programs for junior col-

lege graduates," Prof. Orkin said. Among institutions which have established financial aid programs for junior college graduates are the University of Chicago, George Washington University, Coe College, American University, Washington University, St. Louis, and Colby College, Prof. Orkin said.

"It is important that you realize that you are not at a disadvantage when you transfer. We know of many four-year colleges and universities which are more than anxious to have our graduates," he said.

Theodore Fleck, director of admissions at Upsala College,

East Orange, told the UJC sophomores that the best time for them to submit applications for transfer is right after their third semester of work at UJC. He urged them to select their next college in a careful manner and to read the catalog and visit the campus before they make up their mind.

E. Theodore Stier, director of admissions at Newark State College at Union, told the UJC sophomores that the transfer situation at his institution differs from year-to-year.

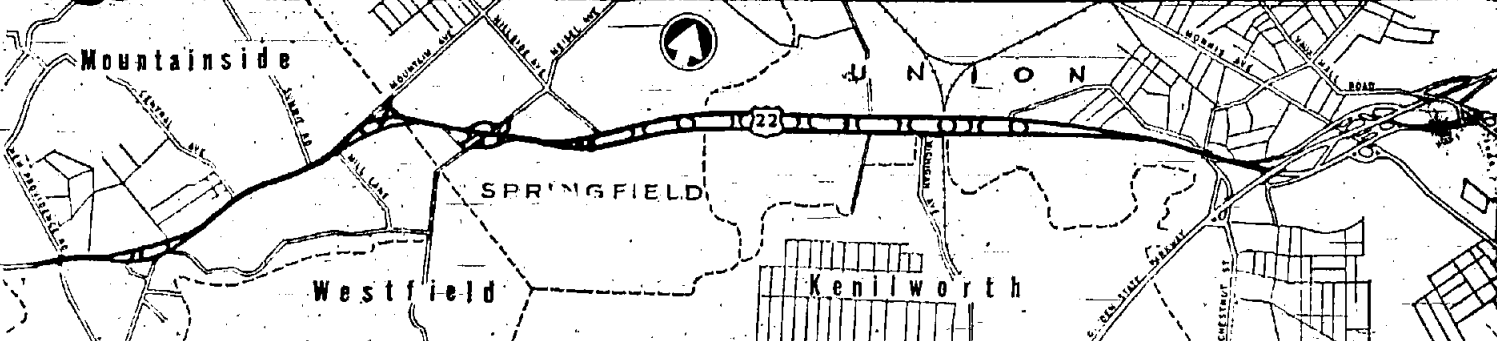

"We always take some transfer students and we give priority to Union Junior College graduates. But we are faced next year with a real problem of space," he said.

A similar problem is envisioned at Newark-Rutgers, Robert Biunno, director of admissions, said.

"We took 75 transfer students out of the 350 who applied. We give UJC graduates one of the first priorities," Biunno said.

The Newark-Rutgers official said he does not consider the applications of transfer students until May "after we know how many upperclassmen are coming back."

Dr. Kenneth C. Mackay, UJC president, and Edwin Durand, director of the Campus Center, welcomed the sophomores back to Union Junior College. They urged the sophomores to set a good example for the freshmen in their study habits, attire, and use of college equipment and furniture. Dr. Kenneth W. Iversen, dean, presided.

ROAD WORK — Map shows portions of Rt. 22 which will be repaved in Union, Mountainside and Springfield.

## Bids To Be Received For Rt. 22 Repairs

The New Jersey State Highway Department announced bids will be received Oct. 8 on a project for resurfacing a portion of Rt. 22 in Union County through Union, Springfield and Mountainside.

Rt. 22 in this location carries two lanes of traffic in each direction, eastbound and westbound, on reinforced concrete pavement which has become badly deteriorated as a result of a heavy traffic usage, the state said.

The 5.5 mile project will extend westward from the vicinity of Vauxhall rd. in Union Township through the Township of Springfield to the vicinity of New Providence rd. in the Borough of Mountainside.

All of Rt. 22, including turnarounds, will be resurfaced with a three inch thickness of bituminous concrete. Bituminous concrete shoulders will boarder the outer edges of the roadways, the state said.

The roadways of the route are separated by variable width median dividers in some locations and by concrete barrier in other locations.

Numerous turnarounds are located along the entire length of the highway in the area of the proposed project permitting traffic to readily reach local street intersections and business establishments, the state said.

Improvements will be made to the drainage system along this portion of Rt. 22.

Local road intersections will be improved. Costs of the project, which is expected to be completed in 70 working days, will be paid entirely by the State Highway Department. All bids will be reviewed before a contract, according to the state.

## Panel Moderator Named By Group

Charles M. Cohen of Springfield, credit manager for Hatfield Wire and Cable Division, Continental Copper and Steel Industries, Inc., Hillside, will serve as panel moderator at the October meeting in Pittsburgh of the Electrical Manufacturers' Industry Group of the National Association of Credit Managers' Eastern Regional Conference.

Cohen, who recently received a company award for his 15 years of credit management service at Hatfield, will offer a number of questions for the panel's consideration. These questions will deal with the expansion of credit, marginal accounts; extra dating, and the adoption of the Uniform Commercial Code; also the relationship of outstanding credits to earnings and the significance of the number and dollar amount

of bankruptcies. of the Electrical Manufacturers' Credit Bureau, Chicago. He is president of the author of numerous articles of the National Association of Credit Managers and a member and financial trade journals.

**NATIONAL 4-H CLUB WEEK**  
SEPTEMBER 26th TO OCTOBER 3rd

## Slate 4-H Club Week Sept. 27-Oct. 3 Put Aside

Monday through Oct. 3 is National 4-H Club Week, it was noted this week by Norman M. Cohn, Union County 4-H Club Agent.

"It is a time for acquainting young people, nine to 19 years old with what 4-H has to offer," he said.

"Years ago, 4-H was intended solely for rural boys and girls. As cities expanded, 4-H included suburban youngsters and even city dwellers. Of the 14,000 plus club members in New Jersey 4-H clubs in 1963, 15 percent lived on farms. The rest came from rural non-farm and urban homes," he said.

Cohn added that detailed information about club and how to join one may be gotten from contacting the club agent at 7 Bridge St., Elizabeth, or by calling EL 3-5000 Ext. 287.

"In town or country, there is fun, friends and a future in store for every young person who joins a 4-H Club and every adult who becomes a volunteer leader," Cohn added.

## School Children Advised Of Woes In Smoking Habit

Copies of a talk on smoking and respiratory disease were mailed to schools last week by the Union County Tuberculosis and Health League.

A talk was given by Dr. S. M. Hoch, manager of industrial health, Merck and Co., at a late spring meeting sponsored by the league to launch a poster contest on smoking among the high schools in the county.

Dr. Hoch explained the mechanism of breathing, and noted that industries are nearly conscious of the quality of air and the dusts and vapors it may carry. But, he noted, "even in the most highly polluted atmospheres in the United States, studies have shown that substantially greater exposure to irritating, disease-producing material occurs as the result of cigarette smoking than as a result of exposure to the dust and fumes of the atmosphere."

Explaining how the breathing process is altered following exposure to various elements in cigarette smoke, Dr. Hoch concluded:

"The smoker is the man with the chronic cough, with the increased amount of sputum, with greater breathlessness than the non-smoker. He is the man in whom chronic bronchitis, emphysema and cancer of the respiratory tract is far more common than in the individual who has never fallen a victim to the habit."

"Any approach which would hope to reduce the amount of respiratory disease and disability in this country would pay greater dividends, if it put its emphasis on smoking, than if it placed it on any other single factor known to complicate this problem in America."

Copies of Dr. Hoch's talk were made available to the league by Merck and Co. They are being mailed to schools who have requested them. Additional copies are available from the League for any school administrator or health teacher who wishes them.

The winning posters from the contest have been on display during the summer at branches of the Union County Trust Co. They will be loaned to schools and other organizations who may wish to substitute them for exhibit.

### PAINT WALLPAPER NOT ADVISABLE, SAYS HOME AGENT

Homeowners frequently ask about painting over wallpaper. You can do it, says the Rutgers extension home furnishing specialist. But later, when you try to remove the paint-coated paper, you may wish you hadn't. Painted wallpaper is hard to remove, particularly if latex paint is used.

You may have to paint over wallpaper, however, if water was made of wallpaper. The moisture needed for removal of wallpaper will damage wallpaper unless it was painted before the wallpaper was applied.

Remove any loosened wallpaper from wallboard before painting. Next, paint the area with some of the paint you've chosen for the room. Let it dry; then paint entire surface.

Don't try to paint wallpaper on a plastered wall unless the paper is adhering firmly. And two coats may be needed to cover adequately.

It's really better to remove the wallpaper from plastered walls, advises the New Jersey specialist. You can use a steamer to thoroughly soak and loosen the paper. Or use a large sponge, paint brush, old cloths or a hand spray, and get the paper as wet as you can.

Pull the wallpaper off, remove any traces of paste by washing the wall with a paint cleaner dissolved in warm water, following manufacturer's directions.

Then rinse the walls with clear warm water. When dry, patch cracks and holes with spackling compound. Wait until plaster is completely dry to paint the room.

Election of Joseph E. St. Clair as president of Victaulic Company of America, 835 Lehigh ave., Union, has been announced by the board of directors. The position had been unfilled since the death of Richard W. A. English in July.

St. Clair was elected vice president-sales in 1956 and a director of the company in 1959. Previously he had been West Coast district manager and Western Area manager. After active duty as a U. S. Navy officer during World War II, St. Clair joined Victaulic in 1947 as a sales representative. He is a resident of Madison.

Victaulic Company of America manufactures pipe couplings and fittings for applications in a wide segment of pipe-using industries.

## Find Stolen Car—Golf Clubs Gone

A car stolen Friday night from Manuel Britto, a bartender living at 1064 Lowden ave. in Union, was recovered two days later, but a \$400 set of golf clubs and other golf equipment had been stolen.

In addition to the golf clubs, he listed as missing a pair of suede golf shoes, a jacket, camera, plaid jacket, front and rear floor mats and two hubcaps.

Britto told police the cars was taken from Carl's Tavern, 2187 Springfield ave. Union police received a report Saturday night that the same car was involved in an accident at Stuyvesant and Oakland aves., and that it had continued on in the direction of Elizabeth.

## Union Youths Become U. S. Navy Recruits

Two Union youths have enlisted in the U. S. Navy and have been sent to the Navy Training Station in Great Lakes, Ill. for nine weeks of basic training. They are Ronald Wayne Frank of 1323 Liberty ave., and William Edward Knecht Jr. of 2722 Meister ave.

Both boys were graduated from Union High School. They will return home for a short leave period after basic training and then be reassigned to a new duty station.

## Union Girl, 18, Injured In Fall Down Stairs

Nancy Klubick, 18, of 397 Burroughs ter., Union, was injured Tuesday morning, when she fell down a flight of steps in a business building at 1000 Stuyvesant ave., Union police reported.

The girl, complaining of pain in her back, was found lying on her back, when police and an ambulance arrived. She was hospitalized.

## RECREATION DEPARTMENT

Women's physical fitness classes will be held at 8 p.m. Thursdays at Washington School starting next week.

The Huskie Youth Club will meet in the game rooms of the center Mondays through Fridays. Seventh and eighth graders will convene from 7 to 8 p.m., and ninth graders and older, 7 p.m. to 9:30 p.m. Dances for ninth through twelfth graders will be held at 7 p.m. Saturdays.

Basketball leagues for mid-get junior, intermediate, senior and industrial participants will organize and start in December. Wilbur Kolb will be in charge of boys' and men's leagues. Luther Berry will be in charge of girls' leagues.

The recreation director also said that the department's Children's Chorus, Harmonics Band, Adult Mixed Chorus and Municipal Band are available to organizations free of

charge, but rules prevent their use for money-making ventures.

Further information on all matters is available from the superintendent by phoning MU 6-4200.

## Three Persons Hurt In Highway Collision

Three persons were injured yesterday in a two-car collision in the east-bound lane of Rt. 22.

Antonio E. Gusmao Jr., 51, of Newark was taken to Memorial General Hospital, Union, where several sutures were required to close a laceration of the head. He was detained at the hospital for x-rays.

Also taken to the hospital were Carlo Piegari, 34, and his wife, Marlene, of Plainfield who were both treated for head lacerations and released.

According to Union police, Piegari was traveling east on Rt. 22 when the Gusmao car entered—the highway from Springfield rd. and was struck in the left side by the Piegari auto.

## Goldwaterite Hits 'Timid Attitude' Of Administration

Dr. Peter Butler of Mountaintide, state chairman of the Goldwater-Miller Nationalities Division, said that ethnic minorities in New Jersey had a right to protest the "timid, do-nothing attitude" of the Democratic administration towards the "aspirations of Eastern European captive nationals living under a Russian dictatorship."

Dr. Butler said the Goldwater-Miller ticket "supports the aspirations of such captive-national organizations, their demands for withdrawal of Soviet forces and the return of free elections."

He declared that the GOP platform is "unequivocal in standing behind the goals of exiled spokesmen of the captive countries and lands hope to those enslaved millions who refuse to be resigned to their present fate."

Dr. Butler called for a ballot protest by ethnic leaders in the state and by Americans with ties to Communist-dominated countries of their birth in Eastern Europe, Hungary, Poland, East German, Czechoslovakia, Bulgaria and the Ukraine.

## Union High PTA To Meet Monday

## Women Voters County Council Arranges Candidates' Meeting

The two candidates for the House of Representatives from the sixth congressional district of Union County have accepted the invitation of the Union County Council of the League of Women Voters to speak at a candidates meeting on Wednesday, Oct. 14 at Union Junior College, Cranford. The meeting will begin at 8:15 and is open to the public, it was announced this week.

## Junior Achievement Praised By Official

In an address to 100 company executives who will guide this year's Junior Achievement program in Union County high schools, James J. McCrory of the Humble Oil & Refining Company in Linden, lauded volunteer advisers for performing an "unselfish and invaluable service."

McCrory told the executives that Junior Achievement presentations to students who have taken part in the program will be made in 14 public and parochial schools within the county.

Among the schools designated for award presentations are Jonathan Dayton Regional High School in Springfield, today; Linden High School, Wednesday; Arthur L. Johnson Regional High School in Clark, Thursday;

incumbent in the House of Representatives; Richard J. Traynor, New Providence, Democratic candidate for Congress. Freeholder candidates are: Irene T. Griffin, Westfield; George J. Forrester, Elizabeth; Matthew J. Rinaldo Jr., Union; Henry P. Wester, Mountaintide, Republican; Hugh Caldwell, Plainfield; Frank T. Cuchie, Cranford; John V. Donohue, Roselle; and Edward J. Wiltuz, Elizabeth, Democrats.

## Secretaries Group Slates 1st Meeting

The Union County Association of Educational Secretaries will hold its first meeting of the year Monday at Hillside High School, Hillside. Guest speaker will be Miss Anne Marie Kravovich, Berkeley Heights school system's staff psychologist, who will discuss "Public Relations."

Other Junior Achievement officials explained manufacturing and financial procedures, awards and scholarships.

Indications point to a record enrollment of more than 2,000 boys and girls, P. C. Osterman, president of the Union County and Carteret Junior Achievement groups, said.

## Shanley Hits Foe For His Priority On LBJ Blessing

Questions from the audience will follow.

## Traynor Charges Leadership Fails In Dwyer Regime

The question of unemployment in Union County became an election issue when Richard J. Traynor, Democratic candidate for the sixth district congressional post, declared that his Republican opponent, Congressman Mrs. Florence Dwyer, has "failed to show leadership in this vital area."

Traynor, in a release this week, said the unemployment in "our labor market is drawing national attention because our chronic unemployment continues to drive the local rate well above the national rate."

According to Traynor, the Union County labor market area has averaged 6.3 percent unemployment while the national average is 5.3 percent.

## Chatham Township Moderator, Is Currently Editor of the 'New Jersey Voter'

Shanley said that Williams apparently was unaware that the press overheard the Democrat incumbent on a recent tour of Bergen County confess that, "and I quote Williams directly, 'there is some truth to the allegations of LBJ's parliamentary overreliance.'"

More than 1,000 supporters of Rep. Florence P. Dwyer, congresswoman from the sixth district, were at the Washington House in Plainfield last Thursday in what was termed a "non-political, non-campaign kind of affair. The evening was devoid of political speeches, a spokesman said, with emphasis on entertainment."

# Regional High School Pioneered In Several Fields

**By WARREN W. HALSEY**  
Second of a series.

The facts contained in this history have been taken, for the most part, from official sources. Interpretations are the opinions of the author, who was superintendent of the Union County Regional High School District from its inception until he retired in June, 1964.

**REGIONAL HIGH SCHOOL** marks a milestone: The Union County Regional High School was the first regional school in New Jersey to be created by having a number of small communities combine to support a regional school. While Mount Holly and Penns Grove had formed regional districts, high schools had existed in these districts and the purpose of becoming regional districts was primarily to secure additional state aid.

The Union County district was a pioneer in many respects in establishing such a district, in building a large addition to the original structure and in building a second high school in a second district. When the State Department of Education was faced with the need for providing leadership in solving the problem of tremendous growth in the high school area in the post-war period, the example set by this regional district was of great assistance in providing a solution.

It has been amply demonstrated in this district that the pooling of resources of several small districts can provide the equipment, curricular offerings and services far beyond those of the small high school.

**SELECTING A NAME** for the high school: At the suggestion of Dr. A. L. Johnson, the Board of Education named the school after Jonathan Dayton, who was in command of a company of militia during the Battle of Springfield during the Revolution.

Jonathan Dayton grew up in Elizabethtown and was a captain in his father's regiment at the time of the battle. Part of this engagement took place near the northern edge of the school property.

Jonathan Dayton had the distinction of being the youngest member (27) serving as a delegate at the Constitutional Convention of 1787. In 1798, he was elected to the U.S. Senate and served from 1799 to 1805. Later he became actively interested in the settlement of the western territory and held title to vast tracts in Ohio. As a tribute to his interest, the city of Dayton, Ohio, was named for him.

**MAKING PREPARATION** for opening in 1937: After the formation of the Regional District in 1936, the Board of Education met in the office of the County Superintendent of Schools in the Court House in Elizabeth until the high school opened in September, 1937.

Dr. A. L. Johnson acted as the educational consultant for the board until the appointment of a supervising principal. The long delay in select-

ing a supervising principal was not due to a scarcity of applicants but probably due to Dr. Johnson's desire to hold the reins of authority as long as possible since he had been with the project since its inception.

Today, the superintendent of a newly-formed regional district has at least a year to build a curriculum, select a staff, and aid in the preparation of a budget, select equipment and take care of the infinite number of details required in the operation of a high school.

The minutes of the Board of Education of Feb. 8, 1937, list the qualifications expected of candidates for the position of supervising principal. It is interesting to note that "the person finally selected must be willing to render voluntary service without compensation prior to July 1, 1937," an indication that these were depression years. On March 23, 1937, Warren W. Halsey was selected by a unanimous vote of the Board of Education.

When the supervising principal was appointed, he was given a sizeable cardboard box which contained teachers' applications which had accumulated over the preceding two years. The Board established this policy in interviewing candidates:

1. Minimum experience of 1 year;
2. The courtesy of an inter-application from Union County;
3. Unless circumstances were unusual, married women would not be employed;
4. Salary range; women, \$1,300 to \$2,000; men, \$1,400 to \$2,000.

Interviews with candidates were conducted in Garwood where Halsey was supervising principal. Candidates selected for recommendation to the Board of Education were interviewed by the board at the James Caldwell School in Springfield, usually on a Saturday afternoon.

As soon as school closed in Garwood in June, the supervising principal and secretary set up an office with borrowed equipment in the as yet unfinished Regional High School. The newly appointed teachers were in and out of the building throughout the entire summer.

Enough praise cannot be given to this group who gave so unstintingly of their time in preparing courses of study, scheduling students and taking care of all the details which make for the smooth operation of a high school. On the opening day, one of the older residents of Springfield was present because he wanted to see the first students transported to Springfield rather than to another community for high school education.

**THE HIGH SCHOOL en-**  
**Brushing Up On Plans In Advance Can Save Effort In House Painting**  
That old adage, plan ahead, is especially valuable when it comes to painting a house,

WARREN W. HALSEY

**rollment grows:** The following list indicates two significant facts about the size of the high school population: 1937, 849; 1938, 953; 1939, 838; 1940, 808; 1941, 952; 1942, 903; 1943, 800; 1944, 925; 1945, 942; 1946, 971; 1947, 925; 1948, 936; 1949, 936; 1950, 1,008; 1951, 1,071; 1952, 1,161; 1953, 1,267; 1954, 1,433; 1955, 1,542. 1. For the first 13 years, there was practically no change in the number of students enrolled despite the large increase in the lower grades of the elementary schools.

2. After the population wave struck the high school in 1960, the increase mounted in geometric proportions and has made rapid growth in high school population one of the outstanding features of this Regional District ever since.

**FINANCIAL PROBLEMS ARISE!** When this Regional High School opened in 1937, the district had no balance carried over from preceding years. The Board of Education had to depend upon the six local districts turning over Regional High Schools' share of the taxes collected locally. As late as March 20, 1940, the minutes of the board indicate that requests for further payments due were made to three of the districts in arrears.

In order to encourage the formation of regional districts, the legislature wisely put in the original legislation state aid of \$60 per pupil. The first budget of the district totaled \$165,080, of which \$97,625 was anticipated from state aid and \$77,455 or 46 per cent was raised from local taxes.

Over the years, the proportion of state aid decreased so that in 1959, 76 per cent of the budget of \$1,230,470 was raised locally. State aid over most of this period was liberal, however, especially when compared with other school districts.

Union County Regional High School has been in a fortunate position financially over

the years. Many industries have located in the several districts and in a great many areas very substantial homes have been built.

As a result, while the school enrollment doubled from 849 in 1937 to 1,642 in 1954, the assessed valuation of the district increased from \$17,038,765 in 1937 to \$65,267,122 (equalization figures not used) in 1955, an increase almost fourfold.

Since New Jersey depends so largely on the property tax for the support of schools, the regional district with its rapid increase in assessed wealth has been able to finance good schools.

**THE EDUCATIONAL PHILOSOPHY** of Regional High School. This statement was prepared by a committee of teachers for the 1950 evaluation of the high school:

"Jonathan Dayton Regional High School strives to be a comprehensive high school. As such we should provide ample opportunity for achievement in academic and vocation-

al skills. We should provide media for acquiring an awareness of social responsibility and learning to use leisure time intelligently.

"The curriculum should cover a wide range of subjects on several levels commensurate with the students' mental abilities.

"We feel that qualified faculty is one whose members are not only competent in subject matter but are understanding, creative, scholastically inquisitive and generally interested in the welfare of their students.

"The administration should concern itself with organizing the school program, with administering the activities of the school and with providing the impetus for faculty and students to manifest a greater pride in their school and its achievements."

**THE BOARD OF EDUCATION** is progressive. Few boards of education in the state of New Jersey have been as foresighted as the Regional

High School Board in providing facilities for a rapidly growing school population. Whenever the need for more space was urgent, the Board of Education built an addition or new building and had the facilities ready when needed.

Tribute should be paid to Richard Southgate of Berkeley Heights, who spent long hours developing growth prediction tables which proved to be remarkably accurate for many years.

While there have been many changes in the personnel of the Board of Education, the changes have been gradual so that new members have had the advantage of working with experienced members. The board has always been interested in the welfare of its employees and has adopted salary schedules which compared very favorably with other communities in this area.

**THE HIGH SCHOOL LIBRARY** expands. A high school library should be one of the educational centers of

a secondary school. In 1937 Jonathan Dayton Regional High School had a trained librarian and a large amount of shelf space but few books. The total collection in 1937 consisted of 1,382 books, 685 of which were new, 53 were purchased second-hand, 405 were publishers' samples and 129 were gifts. The library had to be built up over a period of years since the Board of Education had limited funds in the early years.

By 1956, the library had grown to 6,460 books, 103 different magazines and a large number of pamphlets. In addition, freshman library instruction had been taken over by the English teachers and the library was no longer used as a study hall, except during lunch hours.

The library was a laboratory for putting into practice the theory learned in library instruction, since students came to the library by permit. The circulation had become the largest in the history of the school.

To be continued.

## Rinaldo Endorses Per-Capita Method

Freeholder—Matthew J. Rinaldo of Union this week endorsed the per-capita method of financing for a vocational-technical high school, if the project is approved in the Nov. 3 General Election. He was one of the freeholders to vote Thursday to include per-capita financing in the wording of the referendum question on the ballot.

### Resident Enrolled In Medical College

Robert F. Willner of 826 Bishop st., Union, has entered the Graduate School of The Medical College of Virginia, where he is working for his master's degree.

A graduate of Admiral Farragut Academy in Toms River and Franklin and Marshall College in Lancaster, Pa., he was employed last summer by the New Jersey Orthopedic Hospital in Orange, where he worked in the operating room.

## 10-Mile Trek Set By Hiking Group

The Union County Hiking Club has scheduled two hikes for members and guests Sunday—the first being a 10-mile trek along the Appalachian Trail near Stokes State Forest from Rattlesnake Spring to Buttermilk Falls under the direction of John and Blanche Sirota of South Plainfield. The group will meet at Rt. 22 and West End ave., North Plainfield, at 8:30 a.m.

The second hike will be a walk along the Hudson River on Manhattan Island. The tour will start at Inwood Park and stop at the Cloisters, Fort Tryon Park, Grant's Tomb and Riverside Church. This group of hikers will meet at the Port Authority Building in New York at 10:30 a.m.

Those interested in participating with club members may do so. After going on three hikes, they are eligible for membership.

**STOLEN CARS**  
Eighty percent of all car thefts in the U. S., says Motor Club of America, was committed by a teenager, and this year over 1,000 cars will be stolen each day.

## Budget Approved By Palsy League For Coming Year

United Cerebral Palsy League of Union County recently approved an operating budget of \$71,237 for the fiscal year beginning next Thursday.

According to Julius R. Polonsky, president, the budget covers operating expenses for a full program of services to the cerebral palsy at the language center, 218 Holly st., Cranford. Center services include physical, occupational and speech therapy, pre-school education, psychological evaluation and family guidance. Diagnostic services are available to all residents of the county and admission to the center program is determined by the medical director.

Mrs. Norman E. Rauscher of Summit was elected to the board. Mrs. Rauscher, a teacher in the Summit school system, has her capacity as board member will represent the organization on the Board of the Summit United Fund.

## Auto Fire Put Out By Union Firemen

The Union Fire Department Monday night extinguished a fire in a car owned by Frank L. Brown Sr. of 1208 Shalstead dr., Union, at Burnet ave. and Leslie st. in Union. Damage was confined to wiring, they said.

The firemen also put out brush fires earlier in the day at Skyway and Oakland aves. and on Green line behind the Murray Tube Co.

The department responded to a brush fire alarm Tuesday afternoon on the grounds of Newark State College.

### UNION COUNTY PARKLANDS REVISITED

THE LAWN BOWLING GREEN in Green Brook Park, Plainfield, built in 1956 and used by the Union County Lawn Bowling Club. Members of the club bowl every Saturday and Sunday from 2 to 5 p.m. Members of the bowling committee of the club inspect and assist beginners, using tape and clips up to check its latest growth.

## Area People Among Art Show Winners

Eight area residents were among winners at the Trallice Art Show, attended by 16,000 spectators at the Watching Reservation last week. A winding 700-foot snow fence displayed 441 paintings.

Popular vote winner in the adult amateur category was Jo Ann Rose of 10 Marshall st., Irvington, for a painting entitled "Alone." The entry also won her honorable mention in the amateur oil traditional painting category.

Popular vote winner in the children's exhibit was David G. Johnson of 1356 Birch Hill rd., Mountaineer, for a painting entitled "Wintery Morning."

In the professional class Herbert S. Wylie of Plainfield, a member of the Roselle Park Art Association, won first place for traditional oil paintings with an entry entitled "The Fall Show." Second place in traditional water color paintings was won by S. Allyn Schaefer of 215 East 6th ave., Roselle, for his entry, "Fala."

In the amateur class June R. Kremer of 2043 Spruce st., Union, a member of the Union Recreation Department Art Group, won first place in traditional oil paintings with an entry, "Summer time." "Street Vendors-Mantle" was the name of the entry that won second place in traditional water colors for Marion Dwyer of 226 Chestnut st., Roselle Park, a member of the Roselle Park Art Association.

Mrs. Hella Ballin and Mrs. Dorothy Kelly, both of Union, were among 10 professional artists who set up easels and worked on location. Mrs. Ballin did pastel sketches of four children, and Mrs. Kelly drew six charcoal sketches of adults.

Area groups participating were the Linden Art Association

Jim Sanders of 234 Baltimore ave., Springfield, has been awarded a certificate of merit by the Mobil Oil Company for winning the Mobil Economy Run driving test at the New York World's Fair.

The certificate commends Sanders as a safe and economical driver, and for achieving a safety-economy mark of 19 miles per gallon of gasoline over a simulated course from Los Angeles to New York. Approximately 1.2 million visitors to the Fair are expected to participate in the driving competition, patterned after the Mobil Economy Run now in its 28th year.

**2 Girls Hurt In Double Crash At Intersection Minutes Apart**

A Union girl was hurt in a three-car collision early Saturday at Meisel ave. and Milltown rd., Springfield, after which a Vailsburg girl received injuries in a two-car accident at the same intersection, police said.

Injured in the first accident was Mary-Bradley, 18, of 1331 Brookside dr., Union. The second victim was Maureen Callahan, 16, of 12 Sheldon ter., Vailsburg. Both were taken to Overlook Hospital in Summit by the First Aid Squad. The Union girl received a cut on the head, while the Vailsburg girl suffered a broken tooth, police said.

Miss Bradley was a passenger in a car driven by Gail-Richelle, 17, of Livingston. The other cars involved in that accident were one driven by Kathleen Dowd, 18, of 320 Roosevelt

ave., Kenilworth, and a parked car owned by Eugene Boehm, 58, of 440 Meisel ave., Springfield, police said.

According to police, the south-bound car on Meisel ave. driven by Miss Dowd struck the west-bound car driven on Milltown rd. by Miss Richelle. The latter car then careened onto Boehm's property, damaging a wooden fence, flowers, lawn, a bird bath and his car parked in the driveway. The Dowd and Richelle vehicles were towed from the scene.

Four minutes later a north-bound car on Meisel ave. driven by Alfred Benson, 18, of Maplewood, came to the intersection and struck a parked car owned by Chester Anthony Jr., 26, of 5 Windsor ave., Springfield, police said. Miss Callahan was a passenger in the moving car, which was towed from the scene.

# Regional Eleven To Open Against Gov. Livingston

## Unbeaten Dayton Booters Will Visit Highly Ranked Edison Tech Team

An enthusiastic and experienced Dayton Regional soccer team swept its two opening games this week against strong opponents. In the opener last Friday, the Bulldogs defeated powerful Thomas Jefferson High of Elizabeth by the score of 1-0.

On Tuesday, they defeated their sister school and rival, Arthur Johnson Regional of Clark. The score against Clark was 3-2. The team will attempt to follow up these opening victories with more of the same tomorrow in an away game with Edison Tech, rated one of the area's top soccer teams this year. Then on Monday, Scotch Plains will venture to Springfield for another match.

**Johnson Topples**

On Tuesday, Coach Pauli started the same successful lineup against Johnson Regional that he had used against Jefferson. In the first quarter, however, Johnson seemed to outmaneuver the Dayton athletes.

About mid-period, Dayton's Keith Neigel was injured and replaced by sophomore Steve Goldhammer. Johnson took advantage of the situation sneaking a goal into the left corner of the net.

Goldhammer soon seemed to regain his poles, however, and made numerous good saves in succeeding periods. Near the end of the first quarter, forward Fred Reu dribbled past defending backs and drove the ball past the Johnson goalie for a Dayton score. The second quarter saw no more scoring, so the half ended in a 1-1 tie.

The third quarter saw three goals scored in a period of fast aggressive play by both teams. The fullback for Dayton, Stu Falkin, sent a long-kick downfield to Fred Reu, who booted it past the defending goalie's outstretched arms for the second Dayton score.

As play resumed, the Johnson goalie was lured out of the goal by Dayton. Forward Mike Heinke took a clear shot at the open goal, but his kick was stopped by the hand of a Johnson back. This foul gave Heinke a free shot at the goal, which he booted in for another Dayton score.

Johnson Regional scored another goal after a corner kick in the third period, but Dayton successfully held onto its 3-2 lead through the fourth quarter. Both sides seemed exhausted after the furious third period. Although the Dayton play seemed sloppy, Johnson could not score. The game ended in a 3-2 vic-

tory for Dayton. Coach Pauli Dayton seemed well pleased with his boys' performances during the week. He noted the boys have learned they must be aggressive to score. He praised especially the play of forward Rich Mayer and the sophomore goalie, Howie Goldhammer.

**Jefferson Upset**

The 1964 soccer season opened for Dayton last Friday with an important victory. After weeks of intensive practice sessions, the Dayton team took to the field on high school's campus and defeated powerful Jefferson High School of Elizabeth by the score of 1-0. Dayton had never before beaten Jefferson in its soccer history.

The team which accomplished this victory consisted of Keith Neigel at goalie, Val Sojina and Stuart Falkin at fullback, George Schenach at left halfback, Dave MacMillan at center halfback, Dave Drogan at right halfback and Ken Max Rich Mayer, Fred Reu, Mike Heinke and Mark Muller on the forward line.

The ball was put into play by Dayton after co-captains Neigel and Max won the toss. Both teams showed aggressive play on the forward line, but only one threat could be mustered by each side in the first quarter. Although Dayton began many drives, led by MacMillan and Reu, the first half ended scoreless. Two long, high goal kicks by goalie Neigel helped keep Jefferson out of the scoring zone.

The third quarter saw many Dayton threats, but no scoring until late in the period. Finally, after a pass by Reu, Heinke, the right forward, booted the ball long and high from about 25 yards out to the left corner and into the goal.

A happy shout went out from Dayton players and spectators along the sidelines at this unexpected score. It proved to be enough for a Dayton victory, as the Regional athletes held Jefferson scoreless through the fourth and final period.

**Tryouts Slated By Summit YMCA For Swim Teams**

Tryouts for the Summit YMCA boys' and girls' swim teams will be held next week at the Summit "Y" Pool.

New girls interested in trying out for the championship Summit Seals team should register at the Summit "Y" from 6:30 to 8:30 p.m., Monday, Sept. 28; Wednesday, Sept. 30; Monday, Oct. 5; or Wednesday, Oct. 7. The Seals have won the Central Atlantic Area championships and N.J. YMCA Girls' league championships for the last five years. Two of its members, Sue Pitt, and Ginny Duenkel, have just qualified for the American Olympic team.

All girls between ages 8-16 interested in competitive swimming are welcome to try out. The coach is Frank Elm, head swimming coach at Rutgers University.

New boys are invited for boys' team tryouts to be held at the Summit pool, as follows: boys 10 years and under, Tuesday, Sept. 29 at 6:30 p.m.; boys 11-12 years, at 7:30 p.m.; Thursday, Oct. 1, boys 13-14 years, at 5:30 p.m.; and 15-17 year old boys at 7:30 and 8:30 p.m.

The new coach of the boys' team will be Henry Bunin, varsity coach at Snyder High School in Jersey City. Last year the Summit boys' team won second place in the Central Atlantic Area championship, won the N. J. YMCA's boys' swim league championship, and were undefeated in dual meet competition. Boys who were on the team last year should attend tryouts.

## Game Will Initiate Temporary Field

(Continued from Page 1)

In the backfield will be Bob Ries at quarterback, Carl Yaras at left halfback, Perry Krowne at right halfback, and Mike Adickman at fullback.

**Defensive Regulars**

Most of these starters will also be playing on the defensive team, along with Lance Kraemer at tackle, Harlan Bauer at middle guard and Rich Lyons at end. In the defensive backfield will be Frank Haydu and Dan Clifton, as well as Blythe and Ronco.

In last Wednesday's scrimmage against South Plainfield, neither team was able to score. Nevertheless, Dayton was able to move the ball well on the ground against a team that appeared to be big and heavy. Statistically, Dayton gained more total yardage than Plainfield.

On Saturday, Dayton defeated highly touted Linden High School in a practice scrimmage.

The real hero of Saturday's scrimmage, however, was Ernie Eskrine, who converted two of three extra-point attempts to give Dayton its one-point edge. Ernie's consistent conversion kicks will be a great asset.

With a pre-season scrimmage tally of two triumphs, one tie and one loss, the Dayton football team will be going into Saturday's game against Berkeley Heights in top form.

Coach Palmer feels that his running and passing attacks will each complement the other, and both must move the ball for a victory. He is confident that his team can contain Berkeley on the ground, and looks for a victory if the pass defense can stop the visitor's aerial attack.

## Klein, 6-0, Leads Temple Bowlers

Jules Wasserman's 226, 211-814 series led the Temple Becht-Ahm bowlers at the 14-Week Arena Union, last week as the Joe Klein team extended its winning streak to six games. Abby Weinberg came up with a 204, Gil Wolfe rolled 200 and Dan Rosenthal pinned a 202.

With only six games played in the league the Kleins, with 6-0, lead while the Moskowitz bowlers are in second place with a 5-0 record. Four teams are tied for second place and four teams tied for the seventh slot in the standings.

# Regional Eleven To Open Against Gov. Livingston

## Unbeaten Dayton Booters Will Visit Highly Ranked Edison Tech Team

An enthusiastic and experienced Dayton Regional soccer team swept its two opening games this week against strong opponents. In the opener last Friday, the Bulldogs defeated powerful Thomas Jefferson High School by the score of 1-0.

On Tuesday, they defeated their sister school and rival, Arthur Johnson Regional of Clark. The score against Clark was 3-2. The team will attempt to follow up these opening victories with more of the same tomorrow in an away game with Edison Tech, rated one of the area's top soccer teams this year. Then on Monday, Scotch Plains will venture to Springfield for another match.

**Johnson Topple**  
On Tuesday, Coach Palfi started the same successful line-up against Johnson Regional that he had used against Jefferson. In the first quarter, however, Johnson seemed to outmaneuver the Dayton athletes.

About mid-period, Dayton goalie Keith Neigel was injured and replaced by sophomore Steve Goldhammer. Johnson took advantage of the situation sneaking a goal into the left corner of the net. Goldhammer soon seemed to regain his poise, however, and

made numerous good saves in succeeding periods. Near the end of the first quarter, forward Fred Reu dribbled past defending backs and drove the ball past the Johnson goalie for a Dayton score. The second quarter saw no more scoring, so the half ended in a 1-1 tie.

The third quarter saw three goals scored in a period of fast aggressive play by both teams. The fullback for Dayton, Stu Falkin, sent a long kick downfield to Fred Reu, who booted it past the defending goalie's outstretched arms for the second Dayton score.

As play resumed, the Johnson goalie was lured out of the goal by Dayton. Forward Mike Heinke took a clear shot at the open goal, but his kick was stopped by the hand of a Johnson back. This foul gave Heinke a free shot at the goal, which he booted in for another Dayton score.

Johnson Regional scored another goal after a corner kick in the third period, but Dayton successfully held onto its 3-2 lead through the fourth quarter. Both sides seemed exhausted after the furious third period. Although the Dayton play seemed sloppy, Johnson could not score. The game ended in a 3-2 vic-

tory for Dayton.  
Coach Palfi of Dayton seemed well pleased with his boys' performances during the week. He noted the boys have learned they must be aggressive to score. He praised especially the play of forward Rich Mayer and the sophomore goalie, Howie Goldhammer.

The 1964 soccer season opened for Dayton last Friday with an important victory. After weeks of intensive practice sessions, the Dayton team took to the field on high school's campus and defeated powerful Jefferson High School of Elizabeth by the score of 1-0. Dayton had never before beaten Jefferson in its soccer history!

The team which accomplished this victory consisted of Keith Neigel at goalie, Val Solina and Stuart Falkin at fullback, George Schersch at left halfback, Dave MacMillan at center halfback, Dave Dropkin at right halfback and Ken Max, Rich Mayer, Fred Reu, Mike Heinke and Mark Muller on the forward line.

The ball was put into play by Dayton after co-captains Neigel and Max won the toss. Both teams showed aggressive play on the forward line, but only one threat could be mustered by each side in the first quarter. Although Dayton began many drives, led by MacMillan and Reu, the first half ended scoreless. Two long, high goal kicks by goalie Neigel helped keep Jefferson out of the scoring zone.

The third quarter saw many Dayton threats but no scoring until late in the period. Finally, after a pass by Reu, Heinke, the right forward, booted the ball long and high from about 25 yards out to the left corner and into the goal.

A happy shout went out from Dayton players and spectators along the sidelines at this unexpected score. It proved to be enough for a Dayton victory, as the Regional athletes held Jefferson scoreless through the fourth and final period.

On Saturday, Dayton defeated highly touted Linden High School in a practice scrimmage by the score of 20-19. Coach Palmer felt that the offense was much improved in the Linden scrimmage.

Marc Anthony, filling in for Mike Adickman who was out with an injured finger, gained good yardage at fullback. Halfback Carl Yaras also looked good, and the offense was marred only by a few untimely fumbles.

**Line Strength**  
The defensive line was particularly effective against Linden's strong backfield. Linden's three touchdowns were scored in the air. Coach Palmer feels that his pass defense was a little weak, but expects to improve that in practices before Saturday's opening game. Quarterback Bob Ries may also see action in the defensive backfield.

The real hero of Saturday's scrimmage, however, was Ernie Erskine, who converted two of three extra-point attempts to give Dayton its one-point edge. Ernie's consistent conversion kicks will be a great asset.

With a pre-season scrimmage tally of two triumphs, one tie and one loss, the Dayton football team will be going into Saturday's game against Berkeley Heights in top form.

Coach Palmer feels that his punters and passing attacks will each complement the other, and both must move the ball for a victory. He is confident that his team can contain Berkeley on the ground, and looks for a victory if the pass defense can stop the visitor's aerial attack.

## Tryouts Slated By Summit YMCA For Swim Teams

Tryouts for the Summit YMCA boys' and girls' swim teams will be held next week at the Summit "Y" Pool.

New girls interested in trying out for the championship Summit Seals team should register at the Summit "Y" from 6:30 to 8:30 p.m., Monday, Sept. 28; Wednesday, Sept. 30; Monday, Oct. 5, or Wednesday, Oct. 7. The Seals have won the Central Atlantic Area championships, and N. J. YMCA Girls' league championships for the last five years. Two of its members, Sue Pitt, and Ginny Dunkel, have just qualified for the American Olympic team.

All girls between ages 8-18 interested in competitive swimming are welcome to try out. The coach is Frank Elm, head swimming coach at Rutgers University.

New boys are invited for boys' team tryouts to be held at the Summit pool, as follows: boys 10 years and under, Tuesday, Sept. 29 at 6:30 p.m.; boys 11-12 years, at 7:30 p.m.; Thursday, Oct. 1, boys 13-14 years, at 5:30 p.m.; and 15-17 year old boys at 7:30 and 9:30 p.m.

The new coach of the boys' team will be Henry Bunin, varsity coach at Snyder High School in Jersey City. Last year the Summit boys' team won second place in the Central Atlantic Area championship, won the N. J. YMCA boys' swim league championship, and were undefeated in dual meet competition. Boys who were on the team last year should attend tryouts.

Other high scores were rolled by Larry Cyr, 202-202; Joe Romano, 224; Dennis Francis, 220; Ronnie DeSantis, 211; George Brenn, 208; Joe Alacco, 202; and Robert Rizzo, 202.

## Bowling League Open To All Girls Planned In Town

The Springfield Recreation Department will again offer a program of girls' bowling. All girls of grammar school age to 14, who are interested in bowling in a competitive league are invited to meet at the Springfield Bowl on Center st. at 3:30 p.m. on Tuesday, Oct. 6.

This girls' bowling league was operated last season by the Recreation Department. It is expected that this program will gain in numbers for this season.

The girls will roll two weeks of practice games before the start of competitive league play. At this time they will receive instruction in bowling skills by trained bowling instructors.

Immediately following the practice sessions, the girls will be placed on teams and competitive rolling will begin. The girls will bowl for individual and team awards to be presented at the conclusion of league play.

The date for registration for this program is Oct. 8 at 3:30 p.m. at the Springfield Bowl. The cost to the girls who will be in this program is 75 cents a week. This covers two games bowled and the use of bowling shoes.

## Klein, 6-0, Leads Temple Bowlers
