Appeal Opposes Use Of Town Pool As Political Issue

Mattice, Falkin Answer Questions On Campaign

The Leader this week prints the second pair of answers to a brief series of questions directed to all candidates for the Township Committee. Answers by the remaining candidates will appear next week. The questions were: "What do you regard as the basic issues of the campaign? What are the strong-points of the current administration? What are the weak points of the current administration? Specifically, why do you regard your election as in the best interests of the community?"

Falkin Spotlights Town 'Progress' Over Past 3 Years

In answering the series of questions, Arthur M. Falkin, Republican, seeking re-election to the Township Committee, stated: "1. The basic issue of the 1964 campaign for Township Committee is whether the present administration has provided the people of Springfield with good government during the past three years. The question of whether the best interests of the people have been served through the leadership of the present administration and whether such accomplishments such as the municipal pool and such promises for the future as a five-year road building program while providing a sound fiscal economy is for the voters to decide.

"2. The strong point of the present administration is that it has provided positive leadership in planning for the future while coping with the daily needs of our town. The efforts of the five Committeemen on behalf of the community in attending meetings throughout the state, by making themselves available, morning, noon or night as their function requires, the common purpose of achieving what is best for Springfield, and succeeding are all a credit to our community.

"3. The weakness of the present administration rests about (Continued on Page 4)

AID FOR THERESA: LIONS' DONATIONS FOR INJURED GIRL

The sum of \$77 was contributed to the Theresa Gargalowitz Fund by members of the Springfield Lions Club at their meeting last Friday at the Mountside Inn. Members were asked to contribute by Herbert Kern, who has been active for some time in seeking the repairing of Morris ave., Springfield, which is now under way.

The money will go toward the hospital expenses of Miss Gargalowitz, a college co-ed from Union, who was critically injured last April when her car skidded on the trolley tracks on Morris ave. Miss Gargalowitz is still in a coma at Overlook Hospital, and help has been sought by her friends and neighbors to meet medical expenses, now that her hospitalization insurance has expired. Contributions may be sent to the Theresa Gargalowitz Fund, Box 4, Union, N. J.

Mattice Opposes Current Policies On Zoning, Youth

In his reply to the questions, Douglas C. Mattice, Democratic candidate for the Township Committee, declared: "1. I regard the following as basic issues of the campaign: "As the current administration is all-Republican, many residents of the township are not represented in government affairs; "A complete lack of ability on the part of the present Township Committee to cope with zoning problems and an utter disregard for the people involved in these problems; "In spite of glowing past promises, in my estimation, there is still no adequate program for the youth of our community; "The constant floating of loans to cover the purchase of items which will have to be replaced long before they are paid for.

"2. The strong point of the current administration is a doubtful one as far as I can see; that of completing a private municipal pool, for which its members and the township will be paying for after it needs replacing.

FIRST MEETING — Shown at the first meeting of the new Human Rights Commission last week at Springfield Township Hall are, seated, from left, Township Committeemen Philip Del Vecchio, Mayor Robert D. Hardgrove, William J. Burns, commission chairman, and Committeemen Arthur M. Falkin and Robert G. Planer, Commission members, standing, from left, are Abe Levine, Rabbi Reuben R. Levine, Mrs. David Schwartz, Mrs. Elwood B. Carmichael, Norma Banner, the Rev. Bruce Evans and the Rev. Francis X. Coyle. Harold Bishop and Robert Johnson arrived at the meeting after the picture was taken.

Human Relations Commission Begins Activities In Township

Springfield's newly formed Human Relations Commission took its first collective look at the township at its first meeting last Wednesday at Town Hall. William J. Burns, chairman, told the Leader following the meeting that the commission plans to examine all facets of community life before deciding whether to concentrate its efforts against discrimination and prejudice in any one area.

He added that the future course "will presumably be along educational lines. The consensus of our members is that one of the first things we should do is make the township people aware that our group exists, to hear their complaints and suggestions." The next meeting is scheduled for Wednesday evening, Nov. 4.

Burns stressed that, although the commission is designed to be an advisory body for the Township Committee, it will be completely autonomous in its activities and recommendations.

Robert R. Klein, supervisor of education for the State Division on Civil Rights, was guest speaker at the meeting last Wednesday. He reviewed the history of civil rights legislation in New Jersey since the first law in this field was passed in 1945.

Noting that some 35 municipal human rights groups now operate in the state, Klein praised establishment of the commission in Springfield before any major civil rights problems developed in the township.

As typical of the commissions throughout the state, he mentioned the Trenton Human Relations Commission. Klein commented that this group deserved a great deal of credit for preventing any riots or similar demonstrations, although conditions there in some respects resembled those in Elizabeth, Jersey City and Paterson, where violence did erupt this summer.

Other members of the local commission are Robert Johnson, Harold Bishop, Abe Levine, Rabbi Reuben R. Levine, Mrs. David Schwartz, Mrs. Elwood B. Carmichael, Norma Banner, the Rev. Bruce Evans, and the Rev. Francis X. Coyle.

Parking Lot Offered By Parkway Agency

Disclosure of a specific item of progress in efforts to alleviate the parking problem on the north side of Morris ave. highlighted what was generally Springfield's most peaceful Township Committee meeting since the election campaign got under way in earnest this summer.

Mayor Robert D. Hardgrove announced at Tuesday's meeting that the State Highway Department had agreed to grant the township use of a 10-foot strip of land adjoining the right-of-way for Rt. 78.

He said that the town would use the land to provide new parking facilities, adjacent to the present Parking Lot No. 2 and adjacent to the property owned by Parkway Agency. Entrance will be through Parking Lot No. 2, opposite Caldwell Pl. The mayor added that rent to the state will be \$1 per year.

Later in the evening, Hardgrove announced that Democratic candidate for the Township Committee, Douglas C. Mattice, exchanged barbs over the slow progress of a road planned to run behind the stores on the north side of the main business street.

Moving, But Slowly

Hardgrove assumed up the administration position when he declared, "We are moving as rapidly as we can, but it is not going as fast as we had anticipated." He traced the problem to two landowners who had refused to sell property needed for the road. "But had not as yet signed contracts to do so."

The Committeemen gave final approval to four bonding ordinances. One authorized \$13,000 financing for curbing on Henshaw ave., Beverly rd. and Cain st., and a second authorized a \$70,000 bond issue to repave portions of S. Maple ave., Henshaw ave., Beverly rd., Cain st. and the intersections of Edgewood and Wentz aves. and Lyons pl. and Satter st.

Costs of the curbing project are scheduled to be recovered (Continued on Page 10)

Project Planners Join In Stressing Nonpartisanship

Signers Of Statement Cite Efforts To Avoid 'Political Overtones'

An appeal for an end to use of the Springfield municipal swimming pool as a political issue was released this week by a group of 18 men and women, representing some two-thirds of those who worked on planning for and construction of the pool.

"Noting that the pool was a product of both Democratic and Republican administrations, the statement declared, "We were always concerned and watchful for unfair representations and political overtones."

They also stressed, "At no time during this period were we deluged by party politics or past affiliations, and went on to say, 'Let's not deprecate and belittle the efforts of those who willingly and unselfishly helped to make the undertaking a reality.'"

Signers of the statement noted that they had not requested signatures from anyone currently active in party politics within the township, to avoid any partisan flavor in the appeal.

"The statement was signed by Marvin H. Strauss, Mrs. Lea Benoit, Russell Baetjer, Frederick Brown, August Caputo, William Carr, Joseph Fleischman, John Hall, Dr. Henry Hunske, Walter Havins, Mrs. Sue Kalem, Howard Kiesel, Robert Klein, Stan Kroeger, Mrs. Alice Lormer, Joseph Seidel, John Sherman and Ben Yarrow.

Text of the statement follows:

"Since the construction of the municipal pool in 1963, many comments and much criticism have been noted at the project and the people most responsible for its development. The many accolades and thanks have been cherished by all of us who served.

"Even the scores of constructive suggestions and critical recommendations have been helpful in shaping the policies of the operation. As you will remember, we even solicited your ideas through a town-wide questionnaire. We were not insensitive to criticisms and comments, but we were always concerned and watchful for unfair misrepresentations and political overtones.

"Now, in the heat and emotional fervor of an election campaign, the tenor and direction of the remarks have been focused and aimed as personal attacks on certain individuals who served. Let's make no mistake about it.

"The building and completion of our pool was an all-out team effort, and our township officials, both past and present administrations, served as working members of that team. Without the courage and determination of our elected representatives, who gave real effort and substance to our dreams and ideas, the beautiful recreational facility that you enjoyed the past two summers might still be an open, vacant field.

"Current Critique

"While the misguided current critics are enjoying the comfort of their TV sets or leisurely basking at their private swimming pools, let's not forget the pool workers (Continued on Page 5)

Decision Upholds Earlier Rejection Of Wright Petition

Efforts by Henry S. Wright to run as an independent for the Springfield Township Committee received a further setback on Tuesday. Judge Walter L. Helfield III of the N. J. Superior Court upheld a previous ruling which invalidated Wright's petition for a place on the ballot.

Henry Nulton, Union County clerk, last week voided Wright's candidacy on the grounds that the witnesses to the petition had not actually seen the signatures being signed. This was the ruling upheld by Judge Helfield in his decision on Tuesday.

Wright, who told the Leader following Tuesday's decision that he would not appeal the case further, added that he would continue his campaign as a write-in candidate.

He also disclosed that he had opened local headquarters at 188 Mountain ave. for his own campaign and for "National Independents and Republicans Voting for the Goldwater-Miller Ticket," a group founded and headed by Wright.

A Republican district leader, Wright has been at odds for some time with the local party leadership. Reasons for the split, he says, include the local organization's failure to support the national ticket. He asserted this week, however, that leaders of the Springfield Teenage Republicans are aiding him in his new headquarters.

Since the new office is directly opposite Jonathan Dayton Regional High School, Wright expects a steady attendance of teenagers. He will have available for them a large selection of campaign literature, including are such books as "None Dare Call It Treason" and "A Texan Looks At London," which are critical of the present national administration.

Fair Housing Unit Issues Invitation

Officers of the Springfield Fair Housing Committee this week issued a special invitation to all residents to attend the executive board meeting Monday at 8:30 p.m. at Temple Shalom. The open board meeting is being held in place of an October general meeting. Irving Samuels will preside.

"There are still some people in Springfield," the fair housing group stated, "who are not aware that there is such a committee, and there are citizens who, knowing of its existence, see the dark as to the actual purposes and aims of its members. We extend this invitation to the public to come out and observe this special meeting. Questions from the floor will be encouraged."

Town Candidates Set As Speakers In Annual Debate

The League of Women Voters this week urged all Springfield residents to attend Candidates Night Tuesday at 8 at the Edward V. Wallon School. The Republican candidates, Arthur M. Falkin, Robert D. Hardgrove, Robert G. Planer, the Democratic candidates, Jay B. Bloom, Douglas, Mattice, Henry Grabarz, and Henry Wright, independent, will address the audience.

Each candidate will be permitted to make a five minute prepared statement. A rebuttal period will follow, with a three-minute maximum for each man. The meeting will then be open to the audience for direct questioning of any candidate on the platform. The moderator for the evening will be Mrs. Henry Dearborn of Summit. Mrs. Stephen Beno is LWV president.

Candidates Night is held annually as a public service by the League of Women Voters. The League stressed that it is a "non-partisan organization and does not support any candidate, but believes that voters should have the opportunity to see and hear all the candidates running for public office. An informed voter is an intelligent voter."

TAKING HIS CAMPAIGN: for election to the Springfield Township Committee, in the voters on a door-to-door basis, Douglas C. Mattice, right, offers some inside advice to Werner W. Peard of 39 Lyons pl.

Democrats Open Campaign Office

Henry Grabarz, Jay Bloom and Doug Mattice, Democratic candidates for the Township Committee, took part in opening ceremonies Sunday for the Springfield Democratic headquarters at 238 Morris ave. The office will coordinate local efforts for the national campaign of President Johnson, as well as the local bid for votes.

Bloom, Mattice and Grabarz told the opening-day crowd, "We are proud to be associated with the national ticket. In any event, this is one place where we welcome differences of opinion. No one will ever be thrown out of Democratic headquarters because he cares to voice an opinion which might be different."

They explained their comment by noting that Henry S. Wright, a Republican district leader, had been asked to leave GOP headquarters the previous week. Wright had filed to run as an independent for the Township Committee, and the validity of his petitions was being protested in a legal action. A strong supporter of Sen. Goldwater, Wright has for some time attacked local Republican leaders for having declined to support the national candidate.

Republicans Attack Opponents' Tactics

The three Republican candidates for the Springfield Township Committee, Mayor Robert D. Hardgrove and Committeemen Arthur M. Falkin and Robert G. Planer, this week strongly criticized the tactics used by their opponents.

The incumbents centered their fire on Democratic charges of misadministration in construction of the municipal swimming pool.

The Republicans stated, "Lacking any constructive platform of their own that might aid to the better of our town of which we are all so proud, the Democratic candidates seek to fragment our people by creating sectional differences in order to gain political advantage for themselves.

"In the past two years we have seen our townspeople gain mutual respect and understanding for each other while sharing the facilities of the Springfield municipal pool. Aside from the pleasures of swimming and playing together, our citizens have gained a new feeling of congeniality with their neighbors in this pleasant atmosphere. Is it this manifestation of community understanding that our Democratic opponents seek to destroy?"

Human Rights Group

They added, "In a continuing effort to foster this type of community rapport, the Township Committee-appointed Springfield Advisory Committee on Human Rights had its initial meeting on Oct. 7. The basic goal of this group of representative citizen leaders is to bring about a better understanding among the people of our community.

"Springfield's Committee on Human Rights is one of the first of its type in the State of New Jersey that has been created to maintain a harmonious relationship between its people rather than one hurriedly convened to remedy an aggravated situation.

Falkin, Hardgrove and Planer declared, "This is typical of the fastidious action that the people of Springfield have come to expect from their representatives. (Continued on Page 5)

3 Democrats Issue Zone Plan Warning

Henry Grabarz, Jay Bloom and Doug Mattice, Democratic candidates for the Township Committee, this week issued a "stern warning" to the citizens of Springfield.

They charged that the present administration has planned "wholesale zoning changes" for the township of Springfield which will vastly change the character of the township.

The candidates further charged that the present administration is just waiting for the election to pass, to spring upon the public these changes. They indicated that the "present administration has been sitting on the so-called master plan changes for the past year and the changes are so vast that they have been afraid to reveal them."

Elk Scholarships
Now Are Offered
For Top Students

Entries are now being accepted for the 1965 "Most Valuable Student" competition being conducted by the Elk National Foundation. It was announced this week by John Griffin, exalted ruler of the Springfield Elk Lodge.

A total of \$10,000 in scholarship awards will be presented to a total of 200 students, ranging from \$200 to \$1,500. Calling for applications from young men and women with "brilliant mind, but empty purses," Griffin noted that the competition is open to high school seniors and college students below the senior year.

In addition to scholastic excellence and financial need, criteria in the judging will include "citizenship, personality, leadership, perseverance, resourcefulness, patriotism and general worthiness."

Students entering in this area must file their applications with the local lodge by Dec. 15. Names of top winners will be selected locally and then passed on for judging on a state and national basis.

Application forms and further information on the Elk's "Most Valuable Student" competition may be obtained from Henry A. Cumberley, scholarship committee chairman, 19 Rose ave., Springfield, DR 6-6274.

'Radical Right' Provides Topic
For Address By Official Of ADL

Financial aid for conservative supporters of the radical right comes from over 70 tax-exempt foundations, more than 100 top business firms, and over 250 individuals who contribute at least \$500 each, plus thousands of one-to-five dollar givers who have succumbed to a frightening propaganda barrage, was one of several charges made by Robert C. Kohler, state regional director of the B'nai B'rith Anti-Demagogation League, before a joint meeting of the Springfield Men's Lodge and Women's Chapter of B'nai B'rith at Temple Beth Ahim on Monday evening.

Kohler spoke on the basis of a four-year ADL study of the radical right which was recently made public. Called "Danger on the Right," it was published as a book by Random House this month.

He declared that the radical right and its conservative-extremist supporters have spent \$14 million and that this figure is expected to increase to \$25 million during the month ahead.

While conservative-extremist supporters of the radical right provide the major portion of this multi-million dollar "assault on democratic progress," he went on to add, they do not tend to subscribe to the alleged socialism and softness to "sinister plots in high places," as does the radical right, but rather to "blindness, stupidity and bungling on the part of four Presidents and their liberal advisors."

The "Lunatic fringe," said Kohler, cannot be classified as part of the radical right, and

certainly not of its conservative supporters, but its adherents do "join the bandwagon and add the extra-noxious ingredient of racial and religious bigotry."

The B'nai B'rith joint meeting heard Kohler declare that what is needed is a "housecleaning that would separate the conservative wheat from the radical chaff, so that an Admiral Ben Moreell, retired, or a William F. Buckley Jr. would no longer with such ease agree to lend their names to organizations and groups that abound with leaders or members of the John Birch Society, or to make common cause with those who willfully appear in Billy Hargis' carnival of fright."

Hockey Players To Open Season Against Millburn

By Diane Scobey
Mrs. Lois Conley, field hockey team advisor at Jonathan Dayton Regional High School, has reported that the Girl's Athletic Association field hockey team will open its season this afternoon at Millburn High School.

A junior team consisting of Cheryl Boyle, Kathy Carell, Evelyn Grimshaw, Jane Hoeft, Jerri Kieffer, Sue Lieblich, Lila Moore, Nancy Mumford, Marge Penard, Sharon Robbins, Ruth Stogoeke, Jaclinta Smolinski and Joan Werner will try to get the season off to a successful start in the first game.

The second game will pit the senior sticklers, Marilyn Brownlie, Alice Gaby, Rose Criscuolo, Pat Dessewffy, Cathy Evans, Pat Furze, Marilyn Gierman, Ann Machin, Carol Matturo, Chris Mintas, Marilyn Mohr, Diane Scobey, Nancy Smith and Judy Spaeth, against the Millburn-High senior aggregation.

Last week the Dayton Junior girls traveled to Union High School in the GAA soccer team debut and successfully opened the season with a 3-0 victory. Nancy Mumford and Ingrid Swenson tallied twice, and Lila Moore added a penalty goal.

The GAA senior girls' soccer team suffered a 2-0 defeat to its Union counterpart. Sandra Carson, GAA girls' soccer team advisor, said that the next game is at home next Thursday against Berkeley Heights, and away on Oct. 26 at Clark. The field hockey team will travel to Berkeley Heights on Monday and will host visiting Clark and Summit on Oct. 28 and Nov. 5.

Official Town Voice To Be Lifted On Key

The Springfield Choral Society was officially greeted at the Township Committee meeting Tuesday night by the members of the Township Committee. At this meeting, the society was officially recognized as the newest member of the township's growing family of Recreation Department groups. The Choral Society will now take its place alongside the Recreation Department's already existing activity groups.

The delegation that was greeted by the Township Committee was headed by the Choral Society leader, Timothy Nolan, Kathy Silence, society president, and Mrs. Walter Camber, corresponding secretary, who also on hand to receive the official greeting of the Township Committee.

This recently formed vocal organization is prepared to sing

now an "outstanding vocal group."
New voices are always wanted as an addition to the Choral Society. Anyone interested in serving in either of these two capacities is asked to contact Mrs. Walter Camber, DR 9-8282.

CANCER CRUSADE SHORT OF GOAL IN SPRINGFIELD

Mrs. Lee I. Andrews of 450 Mebel ave., chairman of the 1964 Springfield Cancer Crusade, announced that \$2,247.50 was raised during the American Cancer Society's annual fund raising drive. In making the announcement, Mrs. Andrews said that the community fell \$1,552.20 short of its Crusade goal of \$3,800.

Mrs. Fred Waldorf of 391 Milltown rd., co-chairman of the Crusade added that the community was only \$3.83 below the amount raised in 1963. The two chairmen expressed their "sincere thanks and appreciation to volunteers and district captains who helped make the Crusade possible."

Buttons Show 'People's Choice' Over 132 Years

Once every four years, during the Presidential election campaign, the curator of the Springfield Public Library Museum, Don Palmeri, gets out the museum's collection of political relics from bygone campaigns for exhibition.

The collection consists of buttons, badges, medals and tokens dating as far back as the campaign of Andrew Jackson, the seventh President, for re-election in 1832. Also included are a combination cane and flag carried in the Harrison-Morton election of 1888 and a pocket match safe shaped to resemble the head of Benjamin Harrison, who won that election and became the 23rd President.

Prior to 1900, the celluloid label buttons now so widely distributed by both political parties during Presidential elections were unknown, and various devices in metal or ribbons were used for the same purpose, the earliest of which were in the form of tokens or medals. These items resembled coins and were carried as pocket pieces by the voters.

A bronze medal goes back to the famous "Tippecanoe and Tyler Too" campaign slogan in 1840, when the renowned Indian fighter, Major Gen. William Henry Harrison, was elected ninth President of the United States. On the face "The People's Choice in the of the medal he was called,

"The People's Choice in the Year 1840" and his log cabin homestead was pictured on the reverse side.

HIS OPPONENT was Martin Van Buren, who was running for re-election, after serving as vice-president with

Andrew Jackson and as the eighth President during the following term. Harrison died suddenly, of pneumonia, 23

days after his inauguration, and John Taylor became the 10th President. Another pocket piece marked

"No Sectionalism" for the campaign of James Buchanan in 1856, reflects efforts to halt the widening breach between the North and the South which preceded the Civil War.

Other items in the collection represent the efforts of politicians to woo voters in nearly every campaign since "Old Hickory" was swept into office to launch what became the modern Democratic Party. A "Union Party," the GOP's first name, medal handed out to help re-elect Lincoln, in 1864, bears the now famous inscription, "Honest Old Abe," beneath his picture.

of Gen. Ulysses S. Grant, hero of the Civil War, adorns a piece designed for his two campaigns of 1868 and 1872.

The earliest celluloid button bears the dual portraits of William McKinley and his running mate in 1900, Theodore Roosevelt, who became the 26th President when McKinley was shot by a fanatic at the World's Fair in Buffalo, N.Y., in 1901, and was elected to a term in his own right in 1904. There is a badge from that campaign in the exhibit, also.

TEDDY ROOSEVELT'S split with the Republican Party, in 1912, following William Howard Taft's term of office, is commemorated by a Progressive Party button. His efforts

to win as an independent resulted in the election of the Democratic candidate, Woodrow Wilson.

When Teddy's cousin, Franklin Delano Roosevelt, announced his intention of upstaging precedent by running for a third term, in 1940, it created a terrific uproar, and the efforts of the Republicans to help Dewey defeat him are illustrated by a group of buttons bearing the inscriptions "Roosevelt for Ex-President," "No Third Term," "14 Years is Enough" and "We Don't Want Eleanor Either."

The museum, located on the second floor of the Springfield Public Library, is open every day, plus Monday and Friday evenings during regular Library hours.

FUTURE VOTER — Mrs. John C. Gacos explains the collection of old political campaign buttons and other relics,

displayed in the Springfield Public Library Museum, to her son, Peter, who will have to wait several years until he becomes a qualified voter.

to expect the present Township Committee.

"The attempt of the Democratic candidates to divide the community in the face of its movement towards unity and mutual understanding leaves little choice to the voters in the coming election.

"There is a clear-cut decision to be made. Do the people of Springfield want to face the future based on a platform of divide and conquer, of smear and slur, on discontent and stagnation as advocated by the Democratic candidates, or do the citizens of Springfield want to move forward on a positive program, a program that will insure unity of our people, coupled with a determination to instill pride in the history as well as the future of our community?

"A vote for Falkin, Hargrove and Planer is a vote for the future of Springfield, a vote for the candidates who proudly serve Springfield, and a vote for the candidates who are best qualified to serve Springfield."

clubs, your Township Committees were putting in hundreds, yes hundreds, of hours with us — planning, sweating and creating. At no time during this period were we deluged by party politics or past affiliations. The spirit and excitement of people from varied backgrounds and origins working harmoniously and creating together is an experience that we are all proud of and will long remember.

"Let us not waste the talent and real potential of our community by spending so much time digging up petty inferences and innuendoes that can serve only to undermine and divide that which we have sought to attain. But half of this effort into a positive direction, and there is no limit to the heights that our proud community can reach.

"The concrete fact cannot be denied that we do have a magnificent pool at a low bargain price. Let's not depress and belittle the efforts of those who willingly and unselfishly helped to make the undertaking a reality. Let's not pollute the waters with garbage and debris. Let's look forward to swimming and playing together once again next year. Republicans and Democrats alike, with mutual respect and dignity."

"3. In re the weak points of the current administration, see basic issues, plus the fact that they have accomplished little that benefits the majority people of the community, as witnessed by the numerous suits brought against them by the taxpayers whom they are supposed to represent.

"4. I regard my election as in the best interests of the people of Springfield, because I feel I can give them the representation they are now lacking and because over the years I have been working for and with the youth of our community and feel that I can instigate a program that will be beneficial to the young people and help them to become better citizens of this community."

**World Day Plans
Near Completion;
Africa To Benefit**

With the approach of Nov. 5,
the date set aside for the na-
tional observance of World
Community Day, plans are being
completed by local church
women for the annual obser-
vance scheduled this year in St.
Luke's Zion A.M.E. Church,
Westfield. World Community
Day is sponsored in this area
by the United Church Women
of the Westfield Area.
The major emphasis of World
Community Day this year will
be placed on the developing
countries of Africa, the chair-
man, Mrs. Philip Smith, stated.
Offerings taken at the obser-
vation will go to further the work
of the All-African Conference
of Churches.
Mrs. Smith pointed out that
half the population of Africa
is made up of people under 30
years of age, most of whom
are victims of very rapidly
changing conditions. There is a
desperate need, she said, to
educate and train this
"uprooted youth population"
for useful occupations.
Women of the member
churches, including the Com-
munity Presbyterian Church of
Mountainside, have been making
school bags which will be filled
with yard goods and sent to the
All-African Conference of
Churches.

THE FEMININE LOOK

Commentary on a recent National Editorial Association Round the World Newspaper Study Mission

by TRUDINA HOWARD

27th of a Series
PAKISTAN
"East is east and west is west, and never the twain shall meet" and Kipling couldn't be righter as far as Pakistan is concerned. It is a unique country in that it has an eastern part and a western part, which in itself may not sound terribly original, but in Pakistan's case, there are 900 miles of another country, India, between the two.

Pakistan was created in 1947 when the sub-continent of India was partitioned according to religion. Moslem controlled parts of India, one in the east and one in the west, became Pakistan, and Hindu controlled areas remained Indian. It is said that the name "Pakistan" was made up from the initials of Punjab, Afghanistan, Kashmir and Sind with the Urdu name for land, "tan" being added. But it is also true that in the Urdu language "pak" means "pure" or "clean," so it could also mean "Pure Land." At any rate, initial land or pure land or clean land — it is a land with a problem. It could almost be said that Pakistan is a bit nervous.

Pakistan is trying to "put in the eye" of Mother India and drink tea with comrade China, and it isn't comfortable doing either. The trouble is, India is all around it like an octopus and China is as trustworthy as a dragon. Essentially Pakistan fears India and sees it as a powerful threat. The Pakistanis say that white colonialism has been replaced by Nehru colonialism, and they resent the Indian view that Pakistan is a "big brother" problem which will resolve itself back to India. They are consequently wary of every Indian move and their current friendly relations with China are purely opportunist because they want to "put dirt in India's eye."

In addition to this worrisome situation, Pakistan has another problem: Kashmir. The Kashmir dispute has been raging between India and Pakistan for 16 years. Pakistan claims it should have Kashmir and India claims she should have it, and a running feud has been going on along the Kashmir border over the matter, with explosions apt to occur at any time. With it all, Pakistan is hard put for supplies, money and men. And that brings up a third problem: The country's biggest internal problem is with the wanderers, particularly in West Pakistan, and with the tribal peoples. Besides the nebulous quality of this kind of population, the wanderers, who summer up near the USSR border and winter on the Northwest frontier in Pakistan, bring with them many problems such as disease and lawlessness and destroy crops. The tribes live in isolated, units hardly knowing a national feeling, let alone a national loyalty. They fight and feud between themselves and tend to resist the government. You can ride along the highway in the wild rural areas, and see men with guns, not soldiers and not police, but ordinary natives in turban and dhoti or baggy trousers with rifles on their backs ready to shoot at the first mistake from a strange looking person. The British inaugurated a system whereby they hired tribes to keep law and order and administer the area in which they happened to be, and the Pakistan government has followed this pattern in the frontier sections. But the tribal people are mainly illiterate and bound by tradition, and so, the system has its limits. Besides all this fluctuating, high-strung "home guard," Pakistan still has the problem of being a separated country. The 800 miles that separates West Pakistan from East Pakistan is a long distance to span. West Pakistan is on the northwest side of India and is bordered by Iran, Afghanistan, Kashmir, India and the Arabian Sea. It is about the size of Texas and Arkansas combined. East Pakistan is on the eastern side of India and is bounded by the Bay of Bengal, Burma and In-

dia. It is about the size of Arkansas alone. To communicate and travel between the two Pakistanians depends on radio and planes. Karachi was the capital but Rawalpindi is being re-styled to be the new capital and is in West Pakistan. WITH ALL THESE PROBLEMS however, Pakistan is also a hard-working, constructive, interesting country and our National Editorial Association Study Mission Group found it wonderful to visit. We went to West Pakistan and got to it, we flew north out of Delhi, India. The first stop was Lahore, the second was Peshawar, pronounced Peshawar, and then came the historical and Kipling-famed Khyber Pass at the northwest frontier. — Next — Of The Khyber Pass

Marsh Displays Valuable Watches
One million dollars of 1965 Piaget watches—the world's most expensive watches—are receiving their first public showing in the United States this week at the Millburn store of S. Marsh & Sons, jewelers and silversmiths. The Marsh display, which closes tomorrow, is the beginning of a cross-country tour for the timepieces, all creations of Piaget of Switzerland, the world's most exclusive watchmaker. Prices on the watches, many never before shown publicly, range from \$600 to \$45,000. According to Irving Marsh, who has been dealing with fine watches, diamonds and silver since 1908, the Millburn firm has taken extraordinary precautions to safeguard the collection, which, though valued and insured for more than \$1 million, could be carried off by one man.

Dayton Linemen, Runners, Too Much For Hillside

Yaras Scores 4; Roselle Next Foe

By Donald Lewis
The Jonathan Dayton Regional High School football team clearly outclassed the visiting team from Hillside last Saturday in a one-sided game here that went to Dayton, 37-0. The defensive line for the unbeaten Dayton eleven outdid even its previous two performances, yielding only six yards to Hillside rushers. The pass defense, which had been the weak spot of the team, also seemed to jell. It yielded only 28 yards to Hillside through the air.

As if these statistics were not impressive enough, the Dayton rushers amassed a total of 392 yards gained on the ground and scored six touchdowns, four by Carl Yaras.

Dayton will be gunning for its fourth victory here on Saturday when it meets Roselle High. Roselle was beaten the previous week, 23 to 0, by the same Hillside team which Dayton defeated.

Head Coach Herb Palmer of Dayton had praise for the performance and skill of his whole team, individually and as a unit. He said that he was pleased that the mistakes which made previous games closer than they should have been eliminated. He felt that the pass defense had finally tightened up. His defensive plan calls for the perimeter to contain the ends and prevent the long pass which could go for a touchdown and for the line to rush the passer to prevent the short pass. On Saturday, he felt, both parts of the plan went well for the first time.

First Tally
The first Dayton score came in the first period, after Hillside had intercepted a Dayton pass deep in Dayton territory. The visitors were unable to

The first Dayton score came in the first period, after Hillside had intercepted a Dayton pass deep in Dayton territory. The visitors were unable to

move the ball, however, and Dayton took over on its own 33. Then, in 11 running plays which consistently gained four or five yards each, Dayton moved the ball to within 10 yards of a score. Halfback Carl Yaras, who had contributed more than half the yardage in his 70-yard drive, carried it over for the TD.

The second and third Dayton scores came in the second period. Again Yaras played the key role, catching a 70-yard pass from quarterback Bob Rites, who was given excellent protection throughout the day by his forward line. Then, two plays later, Yaras galloped through three would-be tacklers to run 15 yards for the second score.

The third score came after Dayton back Frank Hayashi recovered a fumble for Springfield. Eight running plays later, when backs Dan Ginter and Mike Adickman had brought the ball down to the Hillside goal line, Yaras carried it over to make the score 18-0 at the end of the half.

The final two periods were more of the same for Dayton's offense and defense. Hillside obtained the ball five times and each time was forced to punt after three downs. Rushes led by tackle Tom Tonkin and Dan Eizold didn't give Hillside quarterback Sandy Lipman any chance to get off passes.

Wide Sweep
In the third period, a 15-yard gain by hard-running fullback Eddie Hartz set up the end of the Hillside line. On the next play, Carl Yaras swept around the left end and outraced defenders to score his fourth touchdown of the day.

As the fourth quarter opened, Hillside trailed, 25-0. The demoralized team was unable to contain even the Dayton junior varsity team, which was sent in by Coach Palmer to play the entire final period. Quarterback Steve Hartz handed off to halfback Harold Hansen to score on a long and sweep, making the score 31-0.

Then, on the last series of downs in the game, Hartz took over the ball on his 45 yard line. After halfback Jimmy Williams had raced around the end 20 yards, Hartz faked on a beautiful draw play that freed Hansen to run up the middle for another score. The game ended, 37-0, in favor of Dayton.

Officers Selected To Head Leagues

Douglas C. Mattice was elected director of business administration of the Springfield Junior Baseball League at a general meeting held last Thursday at the Recreation House. He succeeds Del Tompkins as head of the league, which last year provided an opportunity for some 420 boys to compete, under the supervision of 30 volunteers. Also elected were Anthony Fabrizio, director; Babe Ruth League; Robert Wittich, director; Babe Ruth League; S. W. Falcone, director; Youth Major League; William R. Webster, director; Youth Minor League; Abner Gold, secretary; Robert S. Harding, treasurer; Jack A. Williams, manager of public relations; Ron Mitulsky, equipment manager.

The report submitted by Francis Sammond, outgoing treasurer, listed, as major items of income, \$2,450 from sponsors, \$1,600 from the boys' annual door-to-door fund drive and \$268 in collections at Youth League games. Major expenses included \$897 for insurance, \$1,785 for equipment, \$661 for umpires and \$459 for trophies.

Baldwin Bowlers Led By Anderson

Baldwin Shell swept three from the Springfield Market in the Springfield Municipal League at the Springfield Bowl to take undisputed possession of first place, knocking the marketmen into a second place tie with Polcarpio Atlantic. Bob Anderson of the Market team, rolled 209-221-610.

Harold Burdell paced the other 200 game bowlers with 213-200-594; Stan Truncate, 203; James Pumphrey, 203; and Ken Baldwin, 202.

Regional Booters To Play Irvington

The soccer players of Dayton Regional High School, added another three points to their team total in the Union County Conference competition last week by tying the undefeated Pingry team, 0-0, and defeating Gov. Livingston Regional, 1-0. Two team points are awarded in the County competition for a victory, and one for a tie.

Games coming up include an important match with Irvington High at home tomorrow. Last year Irvington defeated Dayton, 3-0, scoring four goals in the second half. On Tuesday, the Dayton booter will play host to the soccer team of Watchung Hills Regional High School. Both games promise to be close and hard-fought, according to John Palfi, regional coach.

Last Wednesday, a highly skilled and well-trained Pingry team traveled to Springfield. In a game that saw superb ball handling and control by both sides, Dayton was able to make only five shots at the Pingry goal.

Two attempts were made by Mike Heineke and one each by Ken Max, Bob Mowles, and Mark Miller, but none scored. The Dayton offense, playing without its regular center and leading scorer, Fred Reu, seemed unable to mount a sustained threat.

Defensive Stars
Much credit, however, should

go to the Dayton defense for preventing any Pingry score. Forward Rich Mayer's aggressive footwork broke up many attacks on the Dayton goal. Halfback Dave Dropkin made

two alert saves in the month of the goal by booting the ball clear to the sidelines.

Dayton goalie Keith Neigel played an outstanding game. Neigel made 16 saves for the team, many requiring unusual efforts. The game ended a hard-won scoreless tie.

Last Friday, Dayton battled Gov. Livingston Regional of Berkeley Heights in a match for possession of the Little Brayon Ball, symbol of the rivalry between the two schools. Last year Berkeley Heights retained the ball by tying Dayton. This year Dayton obtained it by defeating Berkeley, 2-0.

In the first half, neither team was able to score. Early in the first period, Dayton forwards Max and Reu raced on an unprotected Berkeley goalie, but Max's shot went wide by about a foot. A later shot by Reu, after a pass by Mayer, also went wide. Berkeley scores were prevented by a diving save by goalie Neigel and a timely boot by halfback Dropkin.

In the fourth and final period, with the score still 0-0, Dayton cheerers gasped as Reu attempted to pass the ball back to goalie Neigel to be cleared, fell and Neigel dropped the ball. A quick recovery, however, by Reu and the Dayton backs, Stu Falkein and Val Spina, prevented a score.

Finally, about halfway through the period, close play in front of the Berkeley goal resulted in a hand ball by Berkeley. Mike Heineke was chosen to try the penalty kick for Dayton. He scored in the upper right hand corner of the goal.

The game was clinched for Dayton as Mark Muller, with only a few minutes remaining, saw the ball flying by the Berkeley goal and jumped up to hit it into the goal with his chest.

TOWNSHIP OF SPRINGFIELD
 A-BOND ORDINANCE APPROVED BY THE BOARD OF FREE AND ALTERNATE TAXPayers of the Township of Springfield, New Jersey, on October 13, 1964, for the purpose of providing for the improvement or purpose authorized to be undertaken by the Township of Springfield, in the County of Union, and State of New Jersey.

Section 1. The improvement described in Section 2 of this ordinance is hereby authorized as an improvement to be made or required by the Township of Springfield in the County of Union, New Jersey. For the said improvement of purpose stated in said Section 2, there is hereby appropriated the sum of \$13,000, said sum being the sum of all appropriations heretofore made therefor and including the sum of \$850 as the down payment for said improvement or purpose as required by law and now available therefor by virtue of the appropriation of said sum.

Section 2. For the financing of said improvement or purpose and to meet the part of said \$13,000 appropriation now provided for by appropriation heretofore made therefor, the Township of Springfield is hereby authorized to issue and sell bonds in the principal amount of \$13,000 pursuant to the Local Bond Law of New Jersey. In anticipation of the issuance of said bonds, the Township of Springfield is hereby authorized to issue and sell promissory notes in the principal amount of \$13,000 pursuant to the Local Bond Law of New Jersey. The interest on said promissory notes shall be paid by the Township of Springfield in accordance with the applicable laws and regulations therefor, and the same shall be paid by the Township of Springfield and hereby approved.

Legal Notice

financing of which said obligations are hereby authorized to be issued in the amount of \$13,000, the exact interest on said bonds or notes to be issued therefor is hereby determined, declared, read and stated:

Section 3. The estimated cost of said improvement or purpose is \$13,000, the exact interest on said bonds or notes to be issued therefor being the amount of the said \$13,000 plus the estimated maximum amount of interest thereon to be paid by the Township of Springfield, as determined, declared, read and stated.

Section 4. The following matters are hereby determined, declared, read and stated:

(a) The said improvement or purpose described in Section 2 of this ordinance is not a public purpose and is not a public improvement which the Township may lawfully require or make as a local improvement.

(b) The period of installation of said improvement within the limitations of said Local Bond Law and according to the reasonable life thereof, is ten (10) years.

(c) The supplemental debt statement required by said Law has been duly made and filed in the office of the Township Clerk and a complete executed original thereof has been filed in the office of the Director of the Division of Local Government in the Department of the Treasury of the State of New Jersey, and such statement shows that the gross debt of the Township as defined in said Law is increased by the authorization of the bonds and notes provided for in this ordinance by \$13,000 and that the said obligations authorized by this bond ordinance will be within all debt limitations prescribed by said Law.

(d) The aggregate amount of debt authorized for issue of bonds or notes permitted under section 40A-2.9 of said Law has been included in the foregoing supplemental statement of said Township.

(e) Nothing will be contributed by the Township at large to payment of the cost of said improvement or purpose, and the estimated amount of the special assessments to be levied on property specially benefited by said improvement is \$13,000 and the number of annual

installments in which all such special assessments may be paid is five (5).

Section 5. The cost of said improvement shall be paid by special assessments which shall be levied in accordance with the provisions of said Law, and in proportion to and according to the particular benefits accruing to the property benefited by such improvement in value which the respective lots and parcels of real estate shall be deemed to receive by reason of said improvement. The owner of any lot upon which any such assessment shall have been made may pay such assessment in the number of equal annual installments hereinafter designated, all as may be provided in accordance with Law and with legal interest on the unpaid balance of the assessment.

Section 6. The full faith and credit of the Township are hereby pledged to the principal payment of the principal of and interest on the said obligations authorized by this bond ordinance. Said obligations shall be direct, unlimited obligations of the Township, and the Township shall be obligated to pay such obligations within the Township for the payment of said obligations and interest thereon without limitation of rate or amount.

Section 7. This bond ordinance shall take effect twenty (20) days after the first publication thereof after final passage, as provided by said Local Bond Law.

Collegian Fined, License Lifted By Judge On 3 Driving Counts

Springfield Magistrate Max Sherman Monday night suspended for 60 days the driver's license of a 19-year-old Seton Hall student from Springfield and fined him a total of \$35 on three motor vehicle charges.

The youth, Frederick J. Koermer, 19, of 80 Brin Hills circle, was found guilty of racing on the highway, a stop-sign violation and failure to keep right at an intersection.

He was involved in an accident with another car early Aug. 28 at Mountain and Hillsides avenues. In other cases—before the court—Edward Hardwick, 25, of Orange was fined \$40 for reckless driving and \$10 for driving an unregistered vehicle on Mountain ave. at Shunpike rd. June 29.

Michael Pettinich, 21, of 43 Mapes ave., Springfield, was fined \$15 for firing a rifle within the township limits. Other motor vehicle violations followed: Alvin Montgomery, 30, Scotch Plains, speeding, 540; Adele F. Tortorella, 1370 Wood Valley rd., Mountainside, inspection violation, \$15; Richard P. Hodson, 37, Chatham, careless driving, \$25, and James Goense, 24, 269 Central ave., Mountainside, \$5.

Springfield Resident Ends Basic Training

Airman John R. Grocki, son of Mr. and Mrs. John J. Grocki, 84 Madison ter., Springfield, has completed Air Force basic training in Lackland Air Force Base, Texas.

Airman Grocki will be assigned to an Air Defense Command unit at Sault Ste. Marie Air Force Station, Mich., for training and duty as a specialist. He is a 1964 graduate of Jonathan Dayton Regional High School, Springfield.

Alleged Embezzler Held For Grand Jury

Jerry Grossman, 23, of Elizabeth was indicted by a Union County grand jury last week on a charge of embezzling \$2,198.85 from his employer, Automatic Machines of Springfield. It was one of seven indictments handed up last Thursday to Superior Court Judge Walter J. Hatfield III. The alleged offense took place between Jan. 1 and March 8.

Millburn-Springfield Kiwanis Club To Feature Barbershop Vocalists

The Millburn-Springfield Kiwanis Club will sponsor a benefit review of barbershop singing Nov. 6 at 8 p.m. in Jonathan Dayton Regional High School in Springfield. Highlighting the review will be the Dapper Chorus of Harmony, a 50-voice chorus, which for two years has been the champion chorus of the Mid-Atlantic District of the Society for the Preservation and Enhancement of Barbershop Singing in America. Also taking part in the Springfield review will be three quartets: The Villagers, the 1800 Four and the Main Street Four.

Meeting

(Continued from page 1) through local assessments against the property owners involved.

The governing body also approved two bond ordinances for \$25,000 and \$238,000, to consolidate financing for projects previously authorized and in many cases, completed.

Following passage of the bond ordinances, bids were received for paving S. Maple ave., a project for which several residents had asked earlier in the meeting. The residents had cited continuing damage to their cars because of the high crown in the middle of the street.

The contract was then awarded to Union Paving and Construction Co. of Union, which had submitted the low bid of \$16,604. The project is slated to start immediately, with completion expected "within a month."

The Township Committee acknowledged a letter from residents of the Milltown rd. and Meisel ave. neighborhoods urging that the traffic light there be kept operative through the night, rather than switching to blinker operation by midnight. Steps are planned to institute this change immediately.

Committee member Robert G. Planer reported on an outgrowth of his recent meeting with bus commuters and officials of the Somerset Bus Co. He stated that a new bus run has been instituted, at 7:32 a.m., in response to the commuters' request.

The Committee voted a commendation for three members of the police force whose prompt action had prevented loss of life in a recent fire. They are Sgt. Dan Madding and Patrolmen Harold Soarles and Howard Thompson.

Melvin Bohred, an attorney with offices on Morris ave., criticized as too narrow the new sidewalks being built on Morris ave. as part of the state's paving project. He urged that the land is "property of the Highway Department. We cannot tell them what to do, but we have been getting the utmost in cooperation."

Henry S. Mendley, frequent critic and erstwhile candidate for the Township Committee, presented a bill of particulars against the administration. His many charges included alleged irregularity in operation of the municipal swimming pool this summer. Wright was challenged on this point by Committeeman William Koonz, who asked him to be more specific. After declining several times, Wright moved on to his next charge.

Sweep By Leavitt In League Action

Sol Leavitt's team swept its match to the Joe Klein's quintet for first place in the Temple Beth Ahm, Springfield, Bowling League at Hi-Way Bowl. Mel Zeller's team also swept its three games to move into a second-place tie with Stan Brubaker's.

High scores for the week included Lee Sarokin, 217-211-602; Dave Adler, 225; George W. W. 218; Sid Dorfman, 221-209; Ralph Feldman, 207; Harold Kaveberz, 210; Oscar Baroff, 204; Manny Meyer, 204; Norman Peckin, 218.

HOSPITAL WORKERS - Leaders of the Springfield Twigs, local chapters supporting the work of Overlook Hospital, review plans for the coming year with Mrs. John L. Gartlan, seated, township chairman. They are, from left, Mrs. Vincent J. Bonadies, Mrs. Stanley Lord, Mrs. Wilfred Murphy, Mrs. Charles Janjikian and Mrs. Joseph R. Knowles.

Twig Leaders Plan Year's Activities To Support Work Of Overlook Hospital

Springfield women's activities in behalf of Overlook Hospital this year get under way with a recent meeting of township leaders at the home of the local chairman, Mrs. John Gartlan of Troy Village. Individual groups working for the hospital are known as Twigs, and Mrs. Gartlan is Twig chairman for Springfield.

Plans for the coming year were discussed at the opening meeting. Mrs. John Donovon is chairman for a spring fashion show and card party. The calendar also includes a formal dinner-dance at the new Governor Morris Hotel in Morris-town.

Another topic at the meeting was the hospital's need for items which can be made or provided by the Twigs. These include children's scrappbooks made from old cards and cloth, crossword puzzle books, "pinkie" dolls, drapes for newly re-novated rooms and holiday baby-bunnings sewn by Twig members. Several Twigs have already launched various other projects.

Mrs. Vincent J. Bonadies was named head of the nominating committee. As members, she

selected Mrs. Lillian Beuther, Alice Rele, Mrs. Wilfred Murphy and Mrs. Helen Gidner. The hospital workers issued an invitation to any women who might wish to form a new Twig in Springfield. Further information is available from any of the local officers.

They are Mrs. Gartlan, DR 6-3625; Mrs. Tom Chaffield, chairman, 379-5778; Mrs. Mary Janjikian, secretary, CR 3-9478; Mrs. James Thomas, treasurer, DR 6-3065, and Mrs. Wilfred Murphy, publicity chairman, DR 615086.

The officers stressed that, with the projected addition at Overlook, additional volunteers will be needed to conduct present Twig services, as well as new projects being started this year.

Others planning to attend are: Mrs. Saul Brazier of 266 Highland rd., Mountainside; Mrs. Harold Ackerman of 121 Laurel dr., Springfield; Mrs. Mel Kestenberg, Mrs. Bernard Genzer and Mrs. Cy Saltzman, all of Westfield.

Mrs. Gutman will also head the local delegation at the 63rd annual conference of the N.J. Welfare Council scheduled Oct. 27, 28 and 29 in the Robert Treat Hotel, Newark. Mrs. Sherman Tannenbaum of 1265 Popular ave., Mountainside, will be among the delegates.

Girl Scout Group Names 2 Officers

Myra K. Flint, executive director of the Washington Rock Girl Scout Council has announced the appointments of two members to the Council staff, Jane Cammann and Judy Henahan.

Miss Cammann has served in Philadelphia and more recently, with the Greater Boston Girl Scout Council. Miss Cammann's assignment will be to serve as staff adviser to Elizabeth.

Miss Henahan joins the staff after a year's teaching experience at the Mount Avernus High School for Girls, Mount Airy, Jamaica, West Indies. She will serve as staff adviser in the communities of Springfield and South Plainfield and will also be responsible for the direction of the Council's public relations function. Her home is at 13-Hempstone-st., Cranford.

B & P Women

The Business and Professional Women's Club of Summit will hold a dinner-meeting on Monday at 7 p.m. at the "Harvest Supper" in Summit. Hostess will be Ethelreda Barry, chairman of the world affairs committee. Dr. John B. Tsu, director of the Institute of Far Eastern Studies at Seton Hall University, will be the guest speaker.

Schedule PTA Discussion On Modern Mathematics

The first fall meeting of the Thelma I. Sandmeyer PTA will be held Monday at 8:15 p.m. The guest speaker for the evening will be Robert O. Goff who will discuss the topic, "Modern Mathematics - What Is It All About?" Goff, who received his B.A. and M.A. at Montclair State College and is at present teaching a mathematics course at the Florence Gaudin School. He is also on the faculty of Jonathan Dayton Regional Adult School. Included in the program will be a display of materials pertinent to the subject under discussion. A question and answer period will follow. During the summer months the PTA purchased a gift which was presented to the Sandmeyer School. This gift will also be on display for attending parents. Mrs. Marvin S. Fish will introduce Superintendent of Schools John Borwick prior to the business portion of the meeting. Refreshments will be served by the hospitality committee. Mrs. Donald Rotwein is program chairman.

Completes Course

William Rempfer of 75 Colfax rd., Springfield, has successfully completed the three-day industrial workshop course at the MULTI-AMP Institute in Cranford. The instruction consisted of lecture and workshop periods in the testing of electrical protective devices (motor overload relays, protective relays, fused case circuit breakers and low voltage power circuit breakers). Rempfer is employed at Union Carbide, Linden Division.

MRS. AMY BANDOMER

Mrs. Bandomer Heads Local Unit Backing Rinaldo

Mrs. Amy Bandomer this week urged Springfield voters to cast their ballots for Freeholder Matthew J. Rinaldo. Mrs. Bandomer, who is chairman of the Springfield Rinaldo campaign effort, said that "on his record alone Matthew Rinaldo deserves to be returned to the county board for a three-year term." Mrs. Bandomer said she believed that Rinaldo "has a genuine concern for the pocketbooks of residents of this and other Union County communities. This is a concern that has been reflected in his efforts to keep the costs of county government down." The Springfield Rinaldo-for-Freeholder coordinator pointed to the Union Township officeholder's "successful efforts to slash more than a million dollars from the budget, requisits submitted last spring by county department heads."

Fitness Course For Middle Aged

A six week course in physical fitness will be conducted at the Westfield YMCA with the announced purpose of "helping to preserve the middle aged man." Classes will meet each Monday from 8 to 9 p.m. starting Oct. 18. Enrollment is limited. Applications may be secured at the main desk of the YMCA. The program will consist of calisthenics to piano music and general conditioning of the body through physical activity. Self testing will be used in the program. Ralph Murray, physical education director of the YMCA, said the program will be geared to men 30 years of age and older. He said the typical middle aged man is subject to rapid deterioration because of sedentary living habit which lead to poor circulation, nervous tension and overweight.

State Agency Details \$50 Million Bond Issue

(Editor's note: This is the first of three articles prepared by the N. J. State Department of Institutions and Agencies detailing the proposed \$50 million Bond Issue which voters will decide on Election Day, Nov. 3.)

On Nov. 3 the people of New Jersey will be asked to vote approval of Public Question No. 1. They are asked to approve a \$50 Million bond issue for the construction, development and improvement of urgently needed state facilities in mental retardation, mental health, corrections and veterans' facilities.

People of New Jersey are being cared for in facilities which are seriously overcrowded. Too many of them are confined in log-cabin space. The State of New Jersey is unable to meet its responsibilities in providing for the training, treatment and custodial facilities needed by these people.

Lloyd B. Westcott, President of the State Board of Control, has said: "Many in need of our services are on waiting lists or jammed into badly overcrowded, antiquated buildings simply because there is no other place for us to put them."

Historically, New Jersey has led the way in meeting these responsibilities. However, at this time provisions for institutional care in the state are below the national average and each year its position becomes more critical.

THE RETARDED

New Jersey is well-known for its study and care of the retarded. In the nineteenth century Vineland became a world famous center for training and research. There, well ahead of their time, a small group of men pioneered in the development of tests and programs of treatment and training.

More recently, the beginning of a Field Services Program has brought caseworker services to families of retarded children right in their own communities.

It is now possible for retarded children who are considered to be either "educable" or "trainable" to enter the public schools where they are offered special classes and programs. The choice is no longer between keeping these youngsters at home with no possibility of education or sending them to institutions for the retarded.

In spite of the increased services being offered in the community, there is present need for more institutions. With the rise in population, increasing numbers of children are in need of services. The new programs at the public schools have drawn off the more able retarded children from the institutions, leaving a hard core of severely handicapped, many of whom have other disabilities as well. These people may require long-term care in our institutions.

At this time there are six institutions in which the retarded can be cared for. Of these, two are seriously overcrowded. The Vineland State School is filled to 131 percent of capacity. Woodbine has occupancy of 123 percent. These institutions are located in South Jersey, far from the densely populated urban areas of metropolitan New Jersey. Families of many of these patients have long distances to travel in order to visit.

Later this year the Woodbridge State School will open. It is a 1,000 bed institution for severely retarded children. It has been built with funds from the 1961 bond issue. The 1964 Bond Issue is asking for additional funds for the retarded children of New Jersey to meet the continuing lack of adequate facilities.

Even with the opening of Woodbridge long waiting lists will continue and these waiting lists will continue to grow.

Dr. Lloyd W. McCorkle, State Commissioner of the Department of Institutions and Agencies, has stressed that additional residential facilities and community day care centers for the mentally retarded are needed to accommodate the 1,382 retarded who are awaiting services and the estimated 135 new people who will apply each year. Twenty-four million of the \$50 million bond issue is to be used for construction of facilities for retarded adults and children.

The Bond Issue has the support of Robert Weil, President of the New Jersey Association of Retarded Children, and of Charles S. Burl, Executive Director of the New Jersey Welfare Council. It is proposed that another 1,000 bed institution be built at an estimated cost of \$18,400,000. It is planned for this institution to be built nearer to the families of the retarded children.

Parents will then be able to visit more often and the child's contact with his family will be easily maintained. It will be located in Hunterdon County. This proposed facility for the retarded is given first priority by the Department of Institutions and Agencies.

To further relieve the pressure on the institutions for the retarded, other community facilities will be constructed. Group living centers, sheltered workshops in large urban areas and day care centers in each of the twenty-one counties are planned. These facilities will cost \$4,800,000. Handicapped people will be able to remain close to their families in the communities in which they have grown up. Such a program will offer activity to people who are incapable of independent work and for children who are excluded from the public school program because they are too severely handicapped.

An additional \$1,050,000 will complete the restoration of the New Lisbon Colony. Improvement to this Burlington County institution for the retarded was long overdue. It was finally started with funds from an earlier bond issue.

There is almost nothing as tragic as a severely retarded child for whom no provision can be made. Nothing can match the despair of worried and overburdened parents. This is why the Department of Institutions and Agencies considers the care of the mentally retarded to be the State's most urgent problem.

(This is the first of three articles explaining the \$50 million Institutions Bond Issue. Next: the problem in mental health.)

Europe Is A 'Wonderful' Place To Visit, Say Boyers, Back After Two-Year Stay

"Europe is a wonderful place to visit, but there's no place like home."

This was the unanimous conclusion of Mr. and Mrs. Charles Boyer, daughter Suzanne, 13, and son, Michael, 16, upon their recent return to their home at 354 Princeton rd., Union, after two years in the Hague, Netherlands, where Boyer, an engineer with Esso Research and Engineering Corp., was transferred temporarily.

The family seized the sojourn abroad to visit other European countries. On short vacations they visited nearby countries - England, Germany, France, Belgium, Switzerland and the Scandinavian countries. On longer vacations they traveled as far south as Spain and Italy.

The youngsters say that of the countries they visited they prefer Denmark because of the friendliness of the people. They attended an international Ringer Camp near Copenhagen one summer and had opportunities there to visit homes and farms of several Danish people.

"We were all homesick," Mrs. Boyer said, "but the opportunities for travel made up for this."

Michael, a Junior at Union High School, attended a Quaker school in Holland, where he learned to speak fluent Dutch. Suzanne, eighth grader at Kawamech, attended an American school.

Mrs. Boyer studied Dutch while the family was in Holland but had little opportunity to speak the language. "The people there have a burning desire to learn English," she said. "They would rather practice their English on an American than let him practice his fractured Dutch."

Suzanne said she's glad to be home because she missed her friends in Union.

UJC Slates Films On Presidential Race

The film, "Battle for the Nomination," will be shown next Thursday at 1 p.m. in the Theatre of Union Junior College's Campus Center, Cranford. The program is open to the public at no charge, it was announced. "The Battle for the Presidency" will be shown Oct. 29, at 1 p.m. in the Campus Center Theatre. The films are based on Theodore White's book, "The Making of the President, 1964." They were first shown on television last fall and again last spring.

LEADER PROFILE

(Continued From Page 4)
 son, Lintz Jr., who is 22 years old, attends Catholic University of America.
DEENY EXPLAINED that when he isn't selling ice cream, he is making decisions on important problems for his Springfield Knights.
 "Our next scheduled event," he said, glancing at a well-worn calendar on his kitchen wall, "is on Nov. 8. We will have a communion breakfast on Jeanette Ave. in Union.

"We'll be having a Christmas party for the orphans in December." He pondered, "but we haven't decided where."
 And the grand knight sat at his kitchen table, deep in thought as this reporter descended his front steps. Perhaps he was thinking about some new problems to discuss with his young "right arm" or with the St. James pastor, Father Francis Coyle, who, Deeny commented, "deserves a lot of extra time to discuss our problems with us."

LEGION LEADERS — Incoming and outgoing heads of the Continental American Legion Post and Auxiliary pose at the recent installation meeting. Shown, from left, are William Weber, new commander; Alfred Rutz, retiring commander; Mrs. Edith Holmberg, new president, and Mrs. Ruth Van Arsdale, retiring president.

Legion Group, Auxiliary Install New Officers In Joint Program

New officers of Springfield Continental Post, American Legion, and the Legion Auxiliary were installed at a recent joint ceremony at the Legion Hall, with some 200 members and guests attending.
 Heads of the post now are William Weber, commander; Ray Daudelin, Robert Dougherty and Donald Schwartz, vice-commanders; George Baker, adjutant; Francis Sammond, finance officer; Anthony Fabrizio, sergeant at arms; Allen Best, service officer; Nishan Veskin, historian, and Joseph Natello, chaplain.
 Auxiliary officers are Mrs. Edith Holmberg, president; Mrs. Louise Rochow, and Mrs. Ruth Wuertz, vice-presidents; Mrs. Ruth Natello, secretary; Mrs. Doris Holme, treasurer; Mrs. Sada Weber, historian; Mrs. Carol Garrison, chaplain; Mrs. Ann Jones, sergeant at arms;

Mrs. Carolize Russell and Mrs. Rose Marie Daudelin, color bearers; Mrs. Olga Cohen and Mrs. Beulah Rutz, color guards.
 Installing officer for the post was Ray Schramm, past post and county commander, assisted by Thomas Dougherty, James Cawley, Herbert Quinlan Sr., Herbert Quinlan Jr., Wilbur Se-

lander and Francis Sammond, former post commanders, and Eugene Wuertz, former chaplain.
 The ceremony for the ladies was conducted by Mrs. Doris Holme, assisted by Mrs. Beulah Rutz, Mrs. Wazna, Mrs. Hazel Hardgrove and Mrs. Rita Natello. All are past presidents.

I'm the "POP" in a population explosion!
 We need a bigger house fast!

Sir, you'll get action with

Multiple Listing!

A Realtor has to be ready for almost anything. And he is — with the help of Multiple Listing. This is the modern, most effective way to buy — and speed up the sale of your home by multiplying the number of buyer-prospects.

You set everything into action by simply enlisting the services of a selected Realtor. He becomes your Listing Broker and immediately assumes the responsibility of giving your property — and needs — his specialized attention. He then calls upon the entire Board of full-time brokers

and salesmen to start a concentrated campaign to sell your house. This means multiple-prospects through Multiple Listing. And this means ACTION!

If it's a residence you need — or if you have residential property you'd like to sell, call your Realtor today. Or, call the Board of Realtors. Ask for our brochure that tells all about Multiple Listing — also the Roster of Realtor Board Members.

PROF. PREDICTS

County Can Be 'Haven Or Unbearable Slum'

Union County can become either a "haven or an unbearable industrial residential slum in the next three decades," Professor Saul Orkin, chairman of the social sciences department at Union Junior College, Cranford, said last week.

Prof. Orkin, speaking to approximately 80 policemen from Union County who are enrolled in a human relations course at UJC, pointed out that Union County is part of the "megapolis" stretching from Boston to Norfolk, Va.

A still growing area, Union County contains, the educator said, industrial sections in Elizabeth, Linden and Hanway, residential sections in the north and west and is strongly urban, non-rural, with a growing suburbia.

"There are great problems of complexity here in the areas of transportation, roads and schools. It is an affluent society on one hand and submerged urban groups on the other. This is the challenge to government and to the police. We all have a stake in this challenge — every community and every industry," Prof. Orkin cautioned.

Prof. Orkin pointed out that Union County is located in the most urban part of the most urban state in the United States. In 1960, New Jersey had a population density of 807 persons per sq. mile, while Union County had a population density of 4,806 per sq. mile with some parts of the county having 10,000 people per sq. mile, he said.

Roselle Park is the most densely populated municipality with 9,851 persons per sq. mile, followed by Hillside with 8,261 persons per sq. mile, Plainfield with 7,555 persons per sq. mile, and Cranford with 5,393 persons per sq. mile, he said.

"Most people have no interest in figures except those following dollar signs and those encased in bikinis. If figures are boring, they can also be dramatic. For example, the 1960 census shows that Union County is relatively small geographically, densely populated, highly industrialized, well-to-do economically, and "seething with problems of urban living," Prof. Orkin said.

With a population in 1960 of 504,255, Union County was the fourth largest, exceeded only by Essex, Bergen and Hudson counties. It is 20th of 21 counties in size geographically.

Union County in 1960 had 150,000 households, and the effective income per household was \$5,884, exceeded only by Bergen with \$6,888. Prof. Orkin said 42 percent of all persons over 25 years of age attended high school and 18.2 percent of the same group attended college.

Union County's non-white population increased 52 percent from 1950 to 1960, but the non-white population is only eight percent of the total population and is concentrated

in the larger cities of Elizabeth and Plainfield.

Prof. Orkin said Union County had 199,138 workers in 1960, and 119,407 of them worked within Union County and 69,013 or 34 percent worked outside the county. There were 1,091 manufacturing establishments with 84,028 workers.

Low Bid Announced For Rt. 22 Project

The New Jersey State Highway Department announced a low bid of \$832,360.55 was received from Standard Bitulithic Co., Newark, for a project for resurfacing a portion of Rt. U.S. 22 in Union County.

Other bidders on the project were: C. H. Winans Co., Roselle, \$833,469.85; Michael La Morgese and Son, Inc., Irvington, \$948,697.33; L. Zimmerman and Sons, Inc., Hillside, \$904,257.22; Lizza and Sons, Inc., Cyster Bay, N. Y., \$1,015,857.90; Tri-Country Asphalt Corp., Roseland, \$1,058,789.00; Robert Bossert and Co., Inc., Newark, \$1,111,203.70; County Asphalt Inc., Tarrytown, N. Y., \$1,195,942.48, and Franklin Contracting Co., Little Falls, \$1,269,203.27.

Rt. 22 in this location carries two-lanes of traffic in each direction, eastbound and westbound, on reinforced concrete pavement which has become badly deteriorated as a result of heavy traffic usage, the state said.

The 5.5 mile project will extend westward from the vicinity of Vauxhall rd. in Union Township through the Township of Springfield to the vicinity of New-Providence rd. in the Borough of Mountainside.

All of Rt. 22, including turnarounds, will be resurfaced with a three inch thickness of bituminous concrete. Bituminous concrete shoulders will border the outer edges of the roadways, according to the state.

The roadways of the route are separated by variable width median divider in some locations and by concrete barrier in other locations.

Numerous turnarounds are located along the entire length of the highway in the area of the proposed project permitting traffic to readily reach local road intersections and business establishments, according to the state.

Principals To Attend Dinner By Yale Club

Robert F. LaVente, principal of Jonathan Dayton Regional High School in Springfield, and Union High School Principal Harry Cooke Jr. will attend a dinner to be given at the Cane Brook Country Club in Summit Oct. 23 by the Yale Club of Central New Jersey to acquaint area principals and guidance personnel with the university.

The speaker will be Professor Frederick C. Barghoorn, Russian specialist in the Department of Political Science at Yale, who was arrested while traveling in the USSR in October, 1963, and released only after the late President Kennedy made a strong protest.

Costs of the project, which is expected to be completed in 70 working days, will be paid entirely by the State Highway Department. All bids will be reviewed before a contract is awarded, it was added.

Union County has 103,33 sq. miles. Residences occupy 55.9 percent of the county, industry occupies 15.7 percent, and forests and farms occupy 18.4 percent.

"The population trends in Union County are a general movement into the suburbs with the cities losing whites to fringe areas. Non-whites from the South and Puerto Rico are moving into the cities; a great movement of large corporation shifting professional, middle class personnel in and out of the county, and a location magnet which draws

persons from all over the United States," Prof. Orkin said.

The Union Junior College professor said the area reflects generally middle class values; education for children, women-dominated, and child-centered.

"There is strong representation of upper and middle class families in north and west areas of the county like Summit, New Providence, Springfield, Westfield and Berkeley Heights with highly organized youth activities like the Little League and Boy Scouts," Prof. Orkin explained.

The UJC professor had this

advice for the policemen:

"This county in which you must work and with which you live is your domain. The better you understand the environs, its demographic, economic and social composition, the more effective you will be. The complexity of society in which we live requires informed, intelligent opinion. Police play a critical role. You stand as protectors of public security, and defenders of law and order. The nature of your work brings you into confrontation with individuals and elements in the society who may have little stake in that society, yet they are the products of that society."

The course is sponsored by the Union County Police Chiefs Association.
