## Milltown Rd. Trucks, Speeders Seen As Danger

### Parents Mobilize Against Transfer

A drive to "mobilize efforts to rescind a recent order transferring children from the Edward V. Walton School to the Raymond Chisholm School" was mapped at a meeting held last week at the home of Mr. and Mrs. Paul Miller, 23 Shelley rd., according to a spokesman for the group.

### FIRE CHIEF LISTS TOWNSHIP TOTAL FOR HALF-YEAR

The Springfield Fire Department responded to 139 alarms in the first six months of 1965, it was reported by Chief Ormond W. Meeker. There were 31 fires in buildings, including 18 residential, five commercial, six public and two others, such as sheds. There were also 16 vehicle fires, 51 brush fires, 13 emergency calls, 14 miscellaneous instances and 12 false alarms, as well as "typical cases of assistance in other towns."

### Museum Feature Provided Music In Victorian Era

A new addition to the relics on display in the museum of the Springfield Public Library is a large music box, in operating condition. It is the personal property of the museum curator, Don Palmer, and is on loan to the museum. Although "box" seems to have been the only term ever used to designate it, this machine, or instrument, stands six feet two inches in height, and is three feet wide. The case is solid oak, with fluted columns at the sides and a double rail of spools around the top, surmounted by two lattice-turned finials in the shape of urns. All of the hardware fittings are brass. Unlike the more commonly known Swiss music boxes, which consist of a rotating cylinder studded with tiny pins to engage the teeth of the tone bar or comb and produce the sound, this instrument is operated by means of metal discs, 27 inches in diameter, called tone sheets. Slots perforating them resemble the slots in the paper rolls of a player piano, and the metal punched out is left attached at one end of each slot and is rolled into a projection on the under side of the disc. This little tab engages the teeth of a "star wheel," which in turn strikes one of the teeth of the comb as the disc rotates. There are two combs in this machine, providing a total of 172 notes in the chromatic scale and covering a little more than seven octaves. The edge of the disc is perforated.

### Town Committee Seeking Remedy

By ABNER GOLD  
For the third meeting in a row, traffic problems attracted primary attention at the Township Committee session Tuesday night at Town Hall. This time, the discussion concerned heavy truck traffic and speeding by motorists on Milltown rd., particularly since the opening last month of the new, improved bridge linking a Springfield residential area with an industrial section in Union.

### HEARINGS LISTED FOR SIP AND SUP EVERGREEN CASE

New hearings in two cases of widespread interest to the community are scheduled for Tuesday evening by the Board of Adjustment. The application of Sip and Sup Realty Co., Inc. for a special exception use to permit a motor court is third on the agenda. The applicant had appealed a previous denial by the board, and the case was remanded by the court. Further hearings on the bid of United Singers of Newark for a variance to add a single lot shell to Evergreen Lodge are also scheduled. Following a court remand, the board's approval of this variance was set aside. The matter was returned for further information by the Township Committee. Hearings are slated on the agenda for Tuesday, however, and may well not be heard until a later time.

### Library Stacked With New Books For All Readers

The Springfield Public Library this week reported on the following new books for summer reading. About children: "The Deal Child" by Edith Whetzel and D. B. Fry. This book is mainly for teachers, speech therapists and doctors, but some parents may want to be acquainted with it. The central theme is the auditory approach to the training of deaf children. For the college crowd: "I See By The Outfit," by Peter S. Beagle. "The true story of two young men who journey from the Bronx to San Francisco on a rheumatic motor scooter, seeing the sights, buying used guitars and meeting a varied assortment of characters along the way." Vacations: "Mobil Travel Guide" to good food, lodging and sightseeing in California and the West; Arizona, California, Nevada, and Utah. Theatre: "Kolly's Eye and Other Plays," by Henry Lyman. "The author is considered one of the outstanding new British playwrights. His use of language is very original." "Lawyer, Doctor and Heavy Metal," by George S. Voth. "A satirical comedy written by the author, who is 25 years old when Durrell (Continued on Page 2) BOOKS

### Police, Firemen Plan Ball Games With Union Nines

Springfield Police and Fire Department athletes will play their counterparts from Union in a softball doubleheader for the benefit of the Theresa Gargalowitz Fund Sunday at 1 p.m. at Bierbaum Park, Union. The proceeds will go toward meeting hospital expenses for Miss Gargalowitz, a college-bound girl from Union, who has remained in a coma in Oxford Hospital since her car crashed on Morris Ave., Springfield, in April of 1964. The two police teams will meet in the first game at 1 p.m. Refreshments will be on sale during both games. Tickets priced at \$1, are available from police and firemen in both towns, and will also be sold at the gate. Sam Calabrese will coach the police team.

### Survey Covers Flow Of Traffic To Franklyn Pl., Henshaw Ave.

Results of a traffic survey made all last week along Windsor pl. and Franklyn pl. were reported by Committee member Robert G. Planer at the Township Committee meeting Tuesday evening at Town Hall. He commended that the volume of traffic going from Shunpike rd. through Warwick circle to Henshaw ave. did not appear to warrant any changes in traffic regulations in the area. The survey was prompted by a complaint last month from Henshaw ave. residents that drivers seeking to avoid the traffic light at Shunpike rd. and Mountain ave. were making a speedway out of Henshaw ave. and endangering children there. Proposals to ban left turns from Shunpike into Windsor pl. and Elton pl. drew a heated response at the next meeting from residents who charged that this would impede access to their homes. The traffic survey was made by township police, Planer said, every morning and afternoon from June 28 through July 2, on both Windsor pl. and Franklyn pl. License numbers were checked to permit the totals to be divided between residents of the Warwick-Eton neighborhood and those from out of the area. A count was kept on cars for the entire week, from 7:30 to 9:30 a.m. and from 4 to 6 p.m. For the five days, and for the hours checked, a total of 317 cars was recorded at Windsor (Continued on Page 2) TRAFFIC

MOVE-OVER, TOSCANINI — The Whatts teen-aged rock and roll quartet, will perform Tuesday at the New Jersey Pavilion at the New York World's Fair. They are, from left, Joe De Christopher of Kenilworth and Jeff Solondz, Mike Della and Steve Kaplan, all of Springfield. All attend Jonathan Dayton Regional High School. Their goal, besides the sweet music, is to raise funds for their college education.

### Poolside Discussion Program Planned On Zoning Ordinance

"Zoning in Springfield—Does It Affect Us Personally?" is the next topic for discussion in the Springfield League of Women Voters poolside discussion series. On Tuesday at 2 p.m., this subject will be examined by interested pool members at the Springfield Municipal Pool. The Springfield League of Women Voters has studied the state zoning statutes over a two-year period and next fall will make a detailed exploration of Springfield's zoning ordinance under the co-chairmanship of Mrs. Sydney Miller and Mrs. Leonard Kriegman. Mrs. Arnold Harlem will be discussion leader, along with Mrs. Harry Einstein, of the third session in the poolside discussion series. Some questions that may arise are: "Why Zone?" "What is a variance?" "What is the difference between a use variance and a special exception use?" "How can the average citizen protect his property from commercial encroachment?" How does an individual apply for a variance? All interested pool members

forated with round holes. A gear operated with corresponding teeth, rotates the disc. A hinged bar, with several rollers spaced along its length, holds the disc in position. The upper part of the machine is enclosed by a glass door, and space is provided in the lower part of the case for the storage of discs.  
As well as can be determined, this particular instrument dates from about 1895 to 1900, and many of the selections used in making the discs were from songs popular in the "Gay Nineties."  
It was made by the Regina Music Box Company in Rahway, which was established by Gustave Brachhausen in 1888.  
He was sent to this country by the Symphonian Company of Germany, and most of the work was done in the United States from about 1895 to 1900, and many of the selections used in making the discs were from songs popular in the "Gay Nineties."  
Regina made disc-operated music boxes of various sizes, starting with a four-inch disc model. The 27-inch discs designed for this model were the largest made.  
There is a music box almost identical to this one in the Henry Ford Museum, Dearborn, Michigan. This instrument was intended for use in public places and is operated by a coin slot placed in the side. It is interesting to note that the coin which fits the slot is a cent-proving that at the turn of the century a cent was still regarded as "money" in this country.  
With the invention of the phonograph by Thomas Edison, competition to the music box industry developed rapidly. Brave efforts were made to combat it, such as the invention of a device which made it possible for a disc music box to play phonograph records, and the Regina Company for a short time manufactured the "Regina-phonograph," a combination music box and phonograph.  
Public interest in the new phonograph, which was much less expensive and could reproduce voices, spelled the doom of the music box.  
For a time, the Regina Company continued to make discs for the boxes already in use, but finally ended even that. Meanwhile, its facilities were turned to the manufacture of vacuum cleaners, and it is still in business in Rahway, as the Regina Corporation, making floor machines.

**Program Designed For All Age Groups**  
In Springfield, it's at the municipal pool that the Joint is jumping for members of all ages. The opening of the pool this year was greeted by a large turnout.  
Many people said they were greatly impressed by some of this year's new facilities, which include a second paddle-ball court and a regulation softball field equipped with lights and grass infield.  
The initial contest on the new diamond saw the Springfield-Fleming down the Police-men by a score of 7-6.  
The women at the pool this year are in the best shape ever thanks to the work of Ron Puorro and his all-male coaching staff held daily. Another feature that keeps the girls active is women's volleyball, which is scheduled three days a week.  
For the younger set, a complete program of supervised activities is offered, highlighting arts and crafts. This program is in the hands of Toni Missette and Janet Casardo.  
The athletic program is in full swing with paddleball, deck shuffleboard and horseshoe tournaments scheduled, and softball and tough football leagues underway.  
The first day of league action in the softball circuit had the Tigers trounce the Comets, 11-2, and the Mets roll over the Sharks, 7-2.  
Aside from those previously mentioned, Fred Puorro and Tom Marino round out a recreation staff headed by Anthony Vellanger.

**Traffic**

pl. Of these, 14 made left turns from Shumpke in the mornings and 36 made left turns in the evenings. Making right turns from Shumpke were 52 in the mornings and 115 in the evenings.  
Planer commented that a substantial majority of the drivers counted came from outside the Warwick-Eton area. Of the left-turn drivers, the following figures represent those not from the immediate neighborhood:  
Left turn right mornings: 9; in afternoon, 27; right turns in morning, 41; in afternoon, 80.  
He added that many of the right-turn drivers, particularly in the afternoon, were probably residents returning to homes in the Henshaw-Hawthorne area. On Franklin Pl.  
The survey conducted along Franklin pl. showed 301 drivers going north on the five mornings from Warwick circle to Henshaw Ave. In the afternoon there were 245 cars headed north-Traffic headed south consisted of 134 cars in the mornings and 288 in the afternoons.  
The report also include a count on cars only from outside of the immediate neighborhood of the north-bound figure was 154 in the mornings and 162 in the afternoons. Of these, 60 in the mornings and 106 in the afternoons had entered through Windsor pl.  
The out-of-area total for south-bound traffic was 111 in the mornings and 137 in the afternoons.  
Planer also commented that he intended to ask the State Highway Department to reexamining its position on requirements to qualify for a traffic light at the corner of Mountain and Henshaw Aves.  
This would not have any particular connection with the flow of traffic along Henshaw, he said, but would be a "big help" to all drivers through the area in previous years. The state had imposed conditions on traffic along the streets involved which would make the light impossible, Planer added.  
He noted that installation of a light would not effect assignment of a policeman to the intersection, because is now on duty there in the morning and evening rush hours, and at other times when there is a flow of schoolchildren to and from the Florence Gaudineer, Raymond Chisholm and St. James Schools.

## Youth Pays Fine After His Refusal To Leave Eatery

Howard Mullen, 20, of Kenilworth was fined \$55 in Springfield Municipal Court Monday evening for having refused to leave the premises of Slip and Sup restaurant when asked, on June 16.

Mullen had pleaded guilty June 28, but sentencing was deferred until his parents could be present. He was also ordered to keep away from the restaurant.

Magistrate George Lombardy Jr. of Union presided. In place of the vacationing Springfield magistrate, Max Sherman.

Henry L. Terry of 82 Meeker st. was fined \$15 for having permitted his dog to bark all night. Terry, a paraplegic, appeared in court in a wheelchair.

Mike O'Malley, 18, of Lawton, Oida, paid \$30 for having sold books door-to-door on July 7 without having registered with police.

Lee Van Goforth of Summit, charged with non-support of three children, was sentenced to three concurrent one-year terms in the Union County Jail.

Stanley Talc, 30, of Wayne, was fined a total of \$45 on three counts arising from an incident June 28 at Main st. and Morris ave. He was charged with loading his truck so as to spill over, with driving an unregistered vehicle and with disorderly conduct in the use of loud, offensive and abusive language.

Talc told the court that he had been swearing at the trucks which fell off his truck, and no at the complainant, Patrolman Richard Elwin.

Joyce A. Frieri, 17, of 753 S. Springfield ave. was fined \$15 for permitting an unlicensed driver to drive her car. She testified that she let a 15-year-old boy try to start the car after it had become stuck.

June Pavilla, 24, of Newark, was fined \$205 for driving while on the revoked list. Rogelio Castro, also of Newark, owner of the car, paid a \$15 fine.

James Kelley, 70, of Union, paid \$200 for driving without a license. He had been suspended for drunken driving in 1964. He testified that his wife had been driving, but had become ill. She was fined \$5 for permitting him to take the wheel.

John R. Young of East Orange, paid \$5 for three offenses leaving the scene of an accident on June 16: careless driving, and driving on an expired learner's permit.

## Seltzer Is Named Top Law Student

George L. Seltzer of Springfield has been named to the dean's list for academic excellence at the South Jersey Division of Rutgers University School of Law in Camden. He was one of seven students to be honored at the law school.

Seltzer, whose home is at 32 Sherwood rd., is a member of the class of 1967. To qualify for the dean's list, according to Dr. M. Donald Kepner, associate dean, each student had to maintain a scholastic average of 1.0 or better. A grade of 1.0 is the highest mark under the Rutgers grading system.

Springfield residents who are enrolled in Union Junior College's summer session are: Frank G. Conroe of 41 Christy lane, Robert W. Edmondson of 134 Hawthorne ave., Richard Evans III of 42 Redwood rd., Douglas J. Hattersley of 890 Morris ave., James E. Lies of 17 Tooker pl., James L. Menh of 123 Bryant ave., Barbara H. Moore of 26 Bittersweet, Warren A. Murphy of 445 Morris ave., David E. Powers of 8 Benham st., Russell J. Rose of 32 Laurel dr., Philip S. Shuman of 16 Laurel dr., Howard C. Stein of 96 Belair Hills circle, Fred E. Gussman of 297 Baltusrol way, Thomas Tonkin of 65 Seavoy ave., and William A. Valois of 510 Meisel ave.

Another half the students are regularly enrolled at Union Junior College and the others are from more than 100 colleges and universities throughout the United States. Fred Walter Mattimore, director, reported.

"All students from other colleges and universities must have approval from these colleges to enroll in our summer session," Prof. Mattimore said.

## Highest Honors To Miss Marder

Ellen June Marder of 74 Kew dr., Springfield, daughter of Mr. and Mrs. Sidney G. Macy, received highest honors at Upsala College for the spring semester of the 1964-1965 academic year.

Ellen is an alumna of Governor Livingston Regional High School. She will begin her senior year at Upsala this September. A history major, she is one of 20 students who received the distinction at Upsala for the spring semester.

Through the use of popsicle sticks, Indian beads, glue and imagination, there emerged objects with a two-fold purpose, artistic and functional.

"Collages and kids go together, and the result is often surprising," the staff says. Boxes containing such articles as cut straws, toothpicks, cut paper, raffia, wool, dried beans and alphabet noodles were placed on the tables, along with individual paper plates serving as bases.

The finished products ranged from facial expressions to Joseph Pepe's unique vegetable-covered hors d'oeuvres picks.

Crushed gravel wall plaques kept the older group busy. Gail Efrus displayed talent and patience with her interpretation of a colored sea horse. The exceptional care of equipment and respect for the supervisors by these hundreds of participants should be noted, the instructors added.

## WET PAVEMENTS LISTED AS CAUSE FOR 3 ACCIDENTS

Automobiles skidding on wet pavement Sunday caused three accidents, according to Springfield Police Department records.

At 7:18 a.m., Clinton Shaffer, 41, of Morristown skidded into a light pole on Morris ave., heading west. The vehicle was towed away.

Albert J. Lobbato, 18, of 31 Evergreen ave. was driving at 8:40 a.m. when his car skidded and hit a pole in front of 23 Morris ave. The auto received damage to the front fender and bumper, the police report.

At 8:10 p.m., Victor Camillary, 40, of Brooklyn and Charles A. Rostetter, 59, of Staten Island were both halted in the east-bound lane on Morris ave., at the Meisel ave. traffic light.

Michael J. Erlzberger, 20, of Irvington was reportedly unable to stop behind them on the wet pavement. His skid resulted in damage to all three cars, the report added.

# LEADER PROFILE

MRS. JOHN KUNTZE

When the committee asked Mrs. John Elizabeth Kuntze of 27 Salter st., Springfield, to sing "The Star Spangled Banner" at the recent Fourth of July celebration at Meisel Field, the request really touched off a spark of historical significance.

Mrs. Kuntze who serves as president of the Springfield Community Chorus, exclaimed during a chat the other morning that the request to sing the National Anthem "was the most thrilling thing I was ever asked to do" — thrilling in more ways than one. As a youngster, she used to spend her summers in Frederick, Md. (the home of Francis Scott Key), as a guest of her great-aunt, Mrs. R.E. Carlson, who now lives in Short Hills.

"During my grand-aunt's residence in Frederick, at one point, she actually owned the desk on which 'The Star Spangled Banner' was written, Francis Scott Key's desk that came down to her from past family generations. Today, it stands in the Maryland Historical Society in Baltimore.

"So although I had never previously had the opportunity to sing 'The Star Spangled Banner' before an audience, you can imagine how completely floored I was when Mrs. Robert Hardgrove asked me to sing it."

MRS. KUNTZE'S FAMILY tree goes back to the signing of the Declaration of Independence. John Hart, a New Jersey politician and an ancestor on her father's side, was one of the signers of the Declaration of Independence. And Thomas Johnson, who was also in the company of gentlemen who signed the document, was the first governor of Maryland. "He was on my mother's side," Mrs. Kuntze explained.

Born in Washington, D.C., Mrs. Kuntze grew up in the Middle West. "In Detroit, I was educated in Indiana." She was graduated from De Pauw University in Indianapolis, with a bachelor of music degree.

"I had wanted to teach music, but during the war I came East. Everybody was in war work. I got a job at Bell Laboratories in Murray Hill, and I worked on the atomic bomb — not knowing what I was working on."

"Later, we were all given citations — a little paper showing that we'd worked on the project. At that time, I sang occasionally at the Stage Door Canteen in Newark."

"After that, I decided to settle down, get married and have a family." She married John Kuntze, and they have two children, Johannes, 18, and Kurt, 11. "We moved from Union to Springfield six years ago, and the children now attend Florence Gaudineer School."

"Mrs. Kuntze said that when she first moved to Springfield she liked what she saw."

"I WAS VERY HAPPY about the type of community Springfield had and has," she said. "With our fairly new organization, the Springfield Community Chorus, which was started two years ago by Cathy Silence, we hope to do a lot of township programs ... and to see that Springfield has more of a cultural aspect through activities of our community chorus. That is one of the promises of our present mayor."

"The 12 members of the chorus she said, "sang our little bit at the World's Fair last summer at the New Jersey Pavilion. It was fun. You know, she mused, "we sing anything from Bach to pop. We rehearse at schools which are made available to us through the Recreation Department in the winter. In the summer, we rehearse at each member's house."

"We've given programs for the Lion's Club, organizational groups, hospitals (we've already presented programs at Rannels and East Orange Veterans). This is all as a community service, more or less."

"On Sunday, July 25, at 3 p.m., we're going to present a special program, 'A Salute to the Western Hemisphere' at the Municipal Pool. It'll be sort of a calypso program with songs and all sorts of South American instruments. In addition, our selections will include American folk songs, Latin American favorites and box songs of the 'Polvo and Bean' type."

GERALD MATFEN will direct and accompany the vocalists on the piano, she indicated, and among those who will perform and sing are Anthony Addotta, Isabel Adler, Cynthia Cantor, Walter Cantor, John Malacker, James O'Rourke, Ruth Roller, Natalie Roughgarden (the group's secretary), Richard Stegory and Virginia Stewart. "And we won't care whether they splash or not," she laughed, "we'll just go on singing."

"The pool is a boon in the summertime. Ed Ruby's done a good job on that."

Mrs. Kuntze returned to the subject of "The Star Spangled Banner," the Fourth of July program and the fireworks.

## Town Meeting Eyes Milltown Rd. Traffic

(Continued from Page 1) town rd. is 25 miles per hour. Committeeman Philip De Vecchio noted that "light traffic" and other signs in town have been erected in many spots without legal authority for years. Violations in these areas cannot be legally punished.

Following a suggestion by Dorsty that checks against truck traffic might be established elsewhere in Springfield, Committeeman Jay Bloom said that heavy trucks could be barred from the area of the Florence Gaudineer School, thus reducing truck traffic along Milltown rd.

Mayor William Koonz and Planner both promised to consult with the governing body in Union on the possibilities of joint action.

Planner added that a police manpower shortage, aggravated by current vacation schedules, made constant surveillance of speeders "very difficult." He pledged, however, to take all possible steps in this direction.

The gas station issue arose after the committeemen had authorized construction of an underground 5,000-gallon storage tank at the Shell station at the corner of S. Springfield and Milltown avenues.

Ben Yarow of 17 S. Springfield ave. questioned whether a variance might have been involved in past additions to the station. If so, a new variance would be needed to expand a non-conforming use. The approval was then rescinded pending further study.

Bloom announced that bids will be received Aug. 24 for a new scavenger contract, to run two to five years. He noted that

### Army Pvt. Pedersen Completes Course

PORT JACKSON, S.C. — Army Pvt. Vernon Pedersen, 24, son of Virgo Pedersen, 3 Ross ave., Springfield, N. J., completed a light vehicle driver course under the Reserve Enrollment Program at Fort Jackson, S.C., on July 8.

During the course, Pedersen received instruction in the operation and maintenance of military vehicles up to and including the two and one-half ton truck. He completed basic training at Fort Gordon, Ga.

Pedersen is a 1952 graduate of Jonathan Dayton Regional High School and attended Rutgers University in Newark. Before going on active duty he was employed by American Export Lines in New York.

### ON MAIN ST.

The top headline in last week's Leader that the Planning Board had amended the master plan came as no surprise to me, particularly the business about the library.

However, if Main st. is covered over to make a mall, I think Springfield will go down in history as a laughing stock. We lack parking space in that area of town to begin with, so why wantonly destroy a perfectly good, expensive road surface which can be used as a natural parking facility and still preserve access to the expanded church parking need and existing church parking lots and loading platforms.

With no through traffic, Main st. could have ample parking on both sides for a length of almost 1,000 feet.

If, as the "planners" say, the old Colonial library building can be retained by using it for a much-needed meeting hall for town functions, then even more parking space will be needed in that area than when the use was strictly library.

To have a new "centrally" located library would be fine if practical and economical. Therefore, I would go along with it on two conditions:

1. That Springfield retain "ownership" of the old library building for use as a free meeting and recreation hall.

2. That the \$250,000 recreation center planned last year be precluded by using part of the new and old library buildings for that purpose. Maplewood has two library buildings and rooms are available to the public for meetings of a cultural and recreational nature.

I think the already overburdened taxpayers might go for one new municipal building, but not two. And by one I don't mean spending more money for something fancy. I mean saving money. Also, let's build any new library on existing town land so no suspicion of a "land deal" can remain, as is the case regarding the pool land.

### Reports Election Of James Allen

The election of James V. Allen of 150 Baltusrol ave., Springfield, to assistant secretary of Manufacturers Hanover Trust Company, New York, has been announced. He is in the metropolitan administration department.

Allen joined the bank as a trainee in 1940, and served in the corporate trust and credit departments prior to becoming a division analyst in the metropolitan administration department earlier this year.

He is a director and former treasurer of the Springfield Junior Chamber of Commerce.

Born in Orange, he attended the Plenary School, and received his B.A. degree in economics from Hamilton College. He is presently taking advanced courses at New York University Graduate School of Business Administration.

**DIDN'T STOP**  
Louis Monaco, 24, of Millburn paid a \$10 fine in Springfield Municipal Court Monday night for having passed a red light.

Buchanan, 72, of Baltimore, was driving out of the Howard Johnson parking lot into the east-bound lane of Rt. 22. The report stated that she cut across the lane, and her car collided with one driven by Jesse Walker, 36, of Newark. Both autos were damaged, but left the scene under their own power.

**LIGHTS OUT**  
Salvatore Cavallaro, 38, of New Haven, Conn., paid a \$18 fine Monday night in Springfield Municipal Court for driving with his car's rear lights out.

**3 Accidents Listed Saturday**

Three accidents took place in Springfield on Saturday according to Police Department records.

At 10:20 a.m., Lula J. Parker, 19, of 50 Meeker st. was driving north on MEISEL AVE. when her car struck one coming west on Diamond parked in front of his home at 302 Meisel ave. Both cars suffered major damage; the report stated. Miss Parker was treated at Overlook Hospital for injuries suffered in the accident.

At 4:31 p.m., Mrs. Beth Lee

Miss Geitz Receives Diploma At Berkeley

Bonnie Geitz, daughter of Mr. and Mrs. William Geitz of 487 Meisel ave., Springfield, was graduated recently by Berkeley High School, East Orange, after completing the intensive secretarial course.

Before going to Berkeley School, Miss Geitz attended Jonathan Dayton Regional High School, where she was secretary of the Spanish Club and a member of the Girls Athletic Association.

**TRAFFIC LIGHT FINE**  
Richard Haber, 33, of Millburn, both pair at 3 p.m. Monday night in Springfield Municipal Court for having passed a red light.

# It Hasn't Happened In Springfield

Springfield is a well-run community. With several changes of administration, municipal government has remained honest, efficient and progressive, well above the average, nationally or locally.

The frightening thought is that this civic health is due to the efforts of perhaps 100 citizens, men and women, Republicans and Democrats and those who dispense with party labels. The one thing they all have in common is that they care what happens to Springfield, while their thousands of neighbors do not.

The following anecdote, if somewhat apocryphal, document might provide insight into a problem which this community has solved so well, but which many others have not:

Once upon a time there was a town. It was a pleasant suburban community, and many people said they were proud to live there. The only problem was that people were busy.

They were busy working, busy commuting, busy playing golf, and pinocle and mah jongg and anything else that was playable. They were also busy joining. They joined clubs and lodges and PTAs and men's groups and women's groups. They were so busy joining that they very seldom had time to attend meetings.

Most of all, the people in this nice little town were too busy to pay much attention to what was happening in Town Hall. They were very quick to form associations and sign petitions, whenever anything might change life on their own blocks. Otherwise, they were too busy.

Elections, of course, continued to be held, year after year. A few determined nonconformists did care, and they ran for office, and they were condemned and slandered in recreation rooms all over town, whenever the TV programs stopped and the commercials came on.

For a long time, there were enough people who cared to keep an eye on the other people who cared, and the local government ran quite well.

Then a few other people started to care, not about how well the town ran, but about how much they could make out of it for themselves. They started to make deals, and to promote tidy little private arrangements. They were even able to have one of their friends elected to something, then another and another.

After quite a while, the town was known, to a highly select few, as a place where anything could be arranged, at a profit to everyone concerned. Promotions could be arranged, for teachers and policemen and firemen. And why not? Nobody really cared. Everybody was too busy.

Very gradually, the sky began to grow dark and gloomy. Nobody cared about air pollution, either. There were ominous rumblings in the heavens. Nobody listened, or at least hardly anybody.

The one last family that still cared decided it was time to leave. The parents and children worked to load both cars, and then they drove off over the hill.

As they reached the top, the mother slowed for one last look back into the smog and the corruption. As she did, she loosened her grip on the steering wheel; and she turned — into a pillar. Of salt.

## Machinists' Program Underway

Chairman of the State Apprenticeship Training Program for the N. J. Tool, Die & Precision Machining Association Clifford Heller announced today that a few vacancies were still open in the association's Institutional Training Program which started on July 12 at the Union County Technical & Vocational Institute.

The work session got underway on July 12 and will run for 12 weeks at the Institute with emphasis placed upon institutional training. On completion this program is to be followed by a 40-week on-the-job training.

Requirements for qualifying are: machine shop training and related technical work in machine blue print reading and its fringe areas. This program will be an earning-while-learning one with credits gained for apprenticeship and employment opportunities offered.

Enrollment for this training program will be open until July 20. Those interested are to contact: George Bassell, Director of Union County Technical & Vocational Institute, Globe Ave., Mountainside, or Thomas Padgett, U.S. Employment Service at 1115 East Jersey St., Elizabeth.

## 45 Swim Lake Areas Certified

The New Jersey State Department of Health this week announced it has issued certificates to 45 lake bathing areas in counties which have met requirements for quality bathing water.

The department said that the bathing places will post signs signifying their certification. Other bathing areas should be certified in coming weeks, the Department said.

## OIL BURNERS ADJUSTED

Comprehensive burner service contract covers annual checkup and adjustment plus other cost-saving services

**OIL BURNERS**, like automobiles, need periodic attention. Our comprehensive burner service contract guards you against heating worries. And it lowers heating costs these three important ways:

1. By making sure your burner is cleaned and adjusted for peak efficiency to give you maximum heat from every gallon of fuel.
2. By catching little troubles before they can become big ones. A small adjustment or repair now may save you many dollars later on.
3. By insuring you against unexpected repair bills - by helping to protect you against heat interruption.

**RECOMMENDATIONS**  
1. That interest on delinquent taxes be collected uniformly from the date due without granting a grace period during which time payments may be made without interest.  
2. That differences between general ledger "INTEREST" and detail list of taxes receivable for years 1964 and 1965 thru 1963 be resolved.  
3. That the provisions of N.J.S. 40A:5-17 be strictly adhered to by revenue receipts of "final" receipt to deposit or receipt of funds within 48 hours after receipt.  
4. That the practice of reviewing unpaid personal property taxes be continued until those deemed uncollectible be cancelled by resolution.  
5. That an ordinance be adopted prescribing the manner in which claims shall be approved or disapproved as required by N.J.S. 40A:5-17.  
6. That an ordinance be given to a committee membership of the tax office.  
The above summary of synopsis was prepared from the report of audit of the Borough of Roselle, County of Union for the calendar year 1964. This report of audit, submitted by Super, Cleary and Company, Registered Municipal Accountants and Certified Public Accountants, is on file at the Borough Clerk's office and may be inspected by any interested person.

# Checks Continue To Come In For Union Student Still In Coma

The Florence Gaudinier School of Springfield sent a check for \$97 to the Theresa Gargalowitz Fund this week, bringing that school's contribution to a total of \$400.

Theresa is the Fairleigh Dickinson University coed who was critically injured in an automobile accident in Morris Ave., Springfield, last year when her car skidded on a snow-removed trolley track and struck a bus. She was removed to Overlook Hospital, where she still lies in a coma. Her condition remains poor, said a hospital spokesman.

A fund was established by Phil Portnoy to help the family with medical expenses. The fund now hovers at about \$14,000, although a portion of this has been paid out in medical and hospital costs.

Six Union youngsters held a backyard fair last week to benefit the fund. Proceeds came to almost \$12.

The fair was held in the yard of Gail and Linda Silverstein, 768 Nixon rd. Bob and Linda Derish helped to organize the event, and Kenny Einhorn and Billy Neurochel offered assistance.

Contributions can be sent to: The Theresa Gargalowitz Fund, Box 4, Union.

## BSA Council Head Names Chairman Of Fall Campaign

Victor Neumark, Union Council Boy Scouts of America Finance Chairman, has announced the selection of Theodore W. Edgar as chairman of the Council's fall campaign.

Edgar, who is associated with the National State Bank, has the responsibility of guiding the more than 1,500 volunteers that will be needed to make the Scout Finance Campaign a success. Edgar, a graduate of Pace Institute in New York City, and his wife Mary have two daughters, aged five and three.

Union Council's Fall Finance Campaign is scheduled to kick-off in September in Clark, Kenilworth, Springfield, Union and Winfield Park.

Neumark stated that Edgar would be holding the first key meeting with the following District personnel: Northern District (which includes Union and Springfield) - District Campaign Chairman, James Conlon, 780 Fairway Dr., Union; Vice-Chairman - James M. Cawley, 420 Mountain Ave., Springfield, and B. Warren Hehl, 1881 Arport Lane, Union.

Western District (which includes Kenilworth) - District Campaign Chairman, Harold Grepentini, 36 N. 7th St., Kenilworth; and Vice Chairman, James Lennon, City Federal Savings & Loan, Boulevard, Kenilworth.

## 2 Cars Damaged At Intersection

Two cars were damaged but the drivers escaped injury Saturday in a two-car collision at the intersection of Elmwood and Stuyvesant avenues, according to police.

William Pelton, 23, of 541 Morris Ave., Springfield, told police he had stopped for a stop sign and proceeded to break into traffic when he applied his brakes to stop again and was struck in the rear by a vehicle driven by Judith Stone, 25, of Montville. The second car was towed from the scene.

## Springfield Collegian Named To Dean's List

Peter Gardner Grede, son of Mr. and Mrs. Thomas B. Grede of 19 Twin Oaks oval, Springfield, made the Dean's List at Marietta (Ohio) College this past semester.

He is a freshman mathematics major and a member of Alpha Sigma Phi fraternity. He was graduated from Jordan Daytown Regional High School.

# Senator Williams Reports

WASHINGTON—Senator Robert F. Kennedy has seen enough of the so-called "shock" as he put it, by the testimony of the representative of the American Farm Bureau Federation at the hearings, still under way, on five bills designed to improve the lot of the nation's migratory farm workers.

The bills would:

- Bring migrant farm workers under the coverage of the minimum wage law, with some modifications which take into account the nature of farm work.
- Restrict agricultural child labor to children 14 years and older, except that children 12

to 14 would be permitted to work on farms within 25 miles of their homes. There would be no restrictions on children working on their own family farms.

Amend the National Labor Relations Act to extend collective bargaining rights to agricultural workers.

Amend the Wagner-Peyser Act to provide a voluntary farm placement program, improving and supplementing the present federal-state placement procedures.

Establish a National Advisory Council on Migratory Labor.

The representative of the Farm Bureau Federation testified at considerable length, but the essence of his testimony was that his organization was strongly opposed to all five bills.

"This didn't shock me. I've heard it before. The Farm Bureau Federation even opposed the Migrant Health Program, which we enacted three years ago.

But Senator Kennedy, new to the Senate and new to the Subcommittee on Migratory Labor, was unprepared for the monolithic opposition of the Farm Bureau Federation.

He was especially angered by the opposition to the child labor bill and the minimum wage bill. He pointed out that earlier testimony had been that one quarter of all work accidents in 1963 occurred in farm work. And he pointed out that farm wages often go as low as 45 cents an hour, according to the testimony.

Senator Kennedy finally asked the representative of the Farm Bureau Federation whether he would agree that the miserable poverty stricken condition of migrant farm workers is, in fact, a problem.

After pressing for a direct answer several times, Senator Kennedy finally asked: "The Senator from New York then asked: 'If you concede that there is a problem and you flatly oppose all the solutions we propose, do you have a program of your own?'"

The answer was a lame "no," with the explanation that time and declining employment on the farms would take care of the problem.

Senator Kennedy then commented: "To oppose all these bills and not come before this committee with one constructive suggestion and yet admit there is a problem—that is a shock to me."

Senator Kennedy has always been sympathetic to the work of

conditions for those who harvest our crops for some time. Hearings by Senator Gaylord A. Hefner have been made, at these And a substantial conclusion of Wisconsin and Senator George Murphy of California. Senator Murphy has disagreed with some of the things the subcommittee has recommended. But he has made a number of thoughtful and constructive suggestions, and I have a strong feeling he'll be with us when it comes to voting on most of this legislation.

### Beats Man On Head; Assault Charge Filed

Walter Brooks, 21, of 117 Elm st., Union, was arrested Monday and will face an assault and battery charge filed by Thomas Bush of 9 Maple ave., according to police.

According to the charge, Brooks allegedly struck and beat Bush on the head with a board and struck him on the side in an incident that occurred May 23 on Atlanta ave.

**You Pay Your Money**

**DO YOU MAKE A CHOICE?**

Too many people considering an economy car have come to accept their decision as inevitable. The big news in imported cars is that you now have a choice. The RENAULT R-8 is the car which offers you that choice.

Car & Driver in their 1965 Yearbook made this comparison:

"Compared to VW, the RENAULT has better power, better brakes, better handling, better comfort and better visibility."

The important step is for you to try the Renault R-8 — compare it, then you've got nothing to SAVE but your money, but it's your choice.

### Sarah Ahearn Married; Honeymoon In Caribbean

William David James and his bride, the former Miss Sarah Higbie Ahearn of Mountaintop, are honeymooning in the Caribbean. Their itinerary includes stops at Puerto Rico and the Virgin Islands. They will also visit New Orleans before heading to the west coast where they will make their home in Palo Alto, Calif.

Miss Ahearn, the daughter of Mr. and Mrs. Arthur John Ahearn of 961 Hillside ave., Mountaintop, and Mr. James were married July 3 in the First Congregational Church, Westfield. Dr. J. Lyle MacCorison officiated. A reception followed in the Woman's Club of Westfield.

Given in marriage by her father, the bride had Miss Frances Swenson of Fairfield, Conn., as her maid of honor. Bridesmaids were Mrs. H. Emerson Thomas Jr. of Watertown, Mass., and Mrs. A. Mason Ahearn of Fayetteville, N.C. Miss Susan Thomas of Watertown, Mass., was flower girl.

Steven Philip James of Olympia, Wash., served as best man for his brother. Ushers included

Peter Richard Mason of Pulaski, N. Y., Richard De Teresa of Mahwah, and Mr. Thomas.

A graduate of Northfield School for Girls, the bride received her bachelor of science degree from the University of Rochester. She has taught in Boston, Puerto Rico, Tokyo and San Mateo, Calif.

Mr. James, the son of Mr. and Mrs. John Wiley James of Olympia, Wash., received a bachelor's degree in mechanical engineering and a master's degree in business administration from the University of Washington. He was a member of the track team during his undergraduate days, the Oval Club, the Purple Shield and the Big W. He is employed as an engineer by Lockheed Missile and Space Co., Sunnyvale, Calif.

Out of town guests at the wedding included Mrs. George P. James of Seattle, Wash., grandmother of the bridegroom; the bridegroom's parents, Dr. and Mrs. John Mason of Rochester, N. Y., and their son, Charles Glover Jr.

Lt. Walter W. Davis and his bride, the former Miss Virginia A. Waters of Mountaintop, are shown leaving Community Presbyterian Church. The newlyweds are now living in Tacoma, Wash.

### Virginia Waters Married To Graduate Of West Point

Lt. Walter Ward Davis Jr. and his bride, the former Miss Virginia Anne Waters of Mountaintop, are now residing at Tacoma, Wash., near Fort Lewis where Lt. Davis is currently stationed.

Miss Waters, the daughter of Mr. and Mrs. Joseph H. Waters of 204 Pembroke rd., and Lt. Davis were married June 10 in Community Presbyterian Church, Mountaintop. The pastor, Rev. Elmer A. Talbot Jr. officiated at the ceremony. A reception followed in the social hall of the church.

Mrs. Albert W. Braun of Union served as honor attendant, and Miss Mary Ash of Collis Neck as bridesmaid. Miss Robin Umber of Mountaintop was flower girl.

Best man was J. W. Griggs of Seattle, Wash. Ushers were Stogben Waters, twin brother of the bride, Alan Roper of Staten Island, N. Y., Lt. Loren Lewis of Fort Wadsworth, Staten Island, and Lt. William Lucke of Long Island.

The bride, an alumna of Jonathan Dayton Regional High School, Springfield, and the Manhattan School of Music, New York City, taught music privately before her marriage.

Lt. Davis is a graduate of the United States Military Academy, West Point, N. Y.

The newlyweds honeymooned in Atlantic City before heading for the west coast.

### CAROLE R. PLANTE WEDS ENGINEER; NOW IN BERMUDA

Our Lady of Lourdes Church was the setting July 3 for the wedding of Miss Carole Renee Plante, daughter of Mr. and Mrs. Paul E. Plante of 461 Summit rd., Mountaintop, and Frank J. Olszewski of Altoona, Pa.

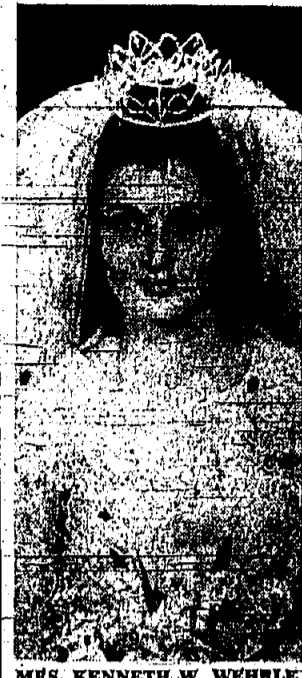

The Rev. Francis F. McDermitt, assistant pastor, officiated at the double ring ceremony. A reception followed in the Governor Morris Hotel, Morristown.

The bride was escorted to the altar by her father. Honor attendant was Mrs. Francis P. Pralitto of Westfield. The Misses Ann, Marie Boylan of Kenilworth, Arlene Fletcher of Farmingdale, Long Island, N. Y., and Alyce Marie Plante of Mountaintop served as bridesmaids.

Ronald J. Olszewski of Altoona, Pa., was best man. Serving as ushers were James P. Mullany of Burlington, Richard E. Arvidson of Washington, D. C., Steven J. George of Denonville and Paul E. Plante Jr. of Mountaintop, brother of the bride.

The bride is a graduate of Governor Livingston Regional High School, Berkeley Heights, and Essex College of Business, Newark. Mr. Olszewski is an alumnus of Carnegie Institute of Technology. He is a chemical engineer with Bethlehem Steel Corp., Bethlehem, Pa.

After a honeymoon in Bermuda, the couple will live in Bethlehem.

MRS. KENNETH W. WEHRLE

### Miss Graessle Is Wed To Kenneth W. Wehrle

St. James Church, Springfield, was the setting Saturday afternoon for the wedding of Ann Graessle, daughter of Dr. and Mrs. Otto E. Graessle of Atwiter, Springfield, to Kenneth W. Wehrle, son of Mr. and Mrs. Walter L. Wehrle of Victor st., Scotch Plains. A reception was held at the Maplewood Club, Maplewood.

Margaret Mary Olson was maid of honor, and the bridesmaids were Lois Graessle, sister of the bride, and Agnes Halsey, cousin of the bride.

Kenneth Klouse served as the best man. The ushers were Douglas Wehrle, brother of the bridegroom, and Ronald Klouse. Margaret Mary Graessle, sister of the bride, acted as flower girl.

The bride was graduated from Berkeley Secretarial School, East Orange, and is a secretary for the New Jersey Board of Professional Planners. Mr. Wehrle was graduated from Rutgers University, New Brunswick, and is employed by Prudential Insurance Company, Newark.

After a honeymoon in Bermuda, the couple will reside in Irvington.

From MARY ARMSTRONG, County Home Economist

**WARM WEATHER MEALS ARE EASY**

Neither eating nor entertaining stops during the summer when days are warm.

The smart housewife or hostess, however, plans to make food preparation easy. Foods can be attractive and satisfying and the housewife cool

and pruffed at meal time. Make-ahead and easy-to-serve items help achieve this goal.

On most sultry mid-summer days, there is some coolness in the early morning. One smart young matron takes full advantage of this by getting up before her family, donning a sleeveless shift and not much else, and preparing the main menu for the evening meal. She does this especially if company is due.

She usually makes her dessert first and often while it is baking. If cake or pie, she sets a molded jelly salad and prepares her vegetables. If there's time and the family can eat breakfast and lunch elsewhere, she sets the table for evening. If the eight and nine year olds get up before she is ready to give her full attention to the family breakfast, she sends them to the garden for flowers. She may first give them a drink of ready-made fruit juice.

One day simple but adequate and delicious dinner for six was all ready by the time a mid-day sandwich porch lunch had been enjoyed with the children. The hostess enjoyed the luxury of a nap, a soothing bath, and time for beauty care until five p.m. when a ready-to-bake ham with orange glaze went into the oven to heat and brown. A pan of her own partly baked biscuits joined the ham twenty minutes later.

The menu included chilled minted pineapple apple juice, baked ham, a huge bowl of tasty potato salad, jellied tomato salad (unmolded earlier and returned to the refrigerator to keep firm), the biscuits, homemade jam, huge glasses of iced tea with mint leaves, and for dessert, the easy morning baked dough's food cake with boiled white frosting; her husband's favorite.

Dinner was served soon after the guests arrived at five-thirty to accommodate plans for the evening. A good time was had by all, even though the thermometer outside registered in the nineties.

**DEVELOPING SELF CONFIDENCE**

"Sally you are a bad girl! You never do anything right! Give me the mop this instant!"

Sally had been helping her mother clean house. The mop handle was long; she had worked hard for the last 20 minutes to keep from tripping over it and to keep it from knocking over the ornaments in the room. Finally, the inevitable happened; the mop handle hit a vase. It will be a long time before Sally tries to help again for she feels that her mother's attitude is unjust.

Sally's confidence in herself is at a very low ebb. She is

losing confidence in her mother, too, because her mother did not understand how hard Sally was trying.

Instead of tearing down Sally's self-esteem by calling her bad, her mother could have praised her for mopping so well and working so hard to get into all the corners.

Sally's mother could have foregone the difficulty of the long handle and she might have prevented the accident by providing a short handled mop or by suggesting that Sally could help by dusting.

This would give Sally a feeling of success instead of failure. It would help her to have confidence in herself and her mother. And it would make Sally want to help Mother another time.

**Concerts Stated At New Theater**

Outdoor concerts and fashion shows will be held weekly in a unique setting at the Montclair Piano Exchange, 504 Bloomfield ave., Montclair.

Owner Burton Daniels has constructed a miniature outdoor concert theater on the terrace roof of his building and will present classical and jazz concerts and fashion shows.

The classical piano-organ concerts will be presented every Monday between 8 and 10 p.m., jazz concerts every Wednesday evening and the fashion shows on Friday evenings. Frederick's, the Montclair apparel shop, will dress models supplied by the Grace Downs Model Agency of New York.

The concert artists will be noted pianists and organists who have played at Carnegie Hall, Town Hall and other top concert halls.

There will be no admission charge, but admission will be by invitation only. Refreshments will be served.

**SUMMER SPILLS, SPOTS, DAMAGES, MAY BE AVOIDED**

Preparation to cope with summer mishaps on furnishings not designed for easy-care can keep both damage and frustration to a minimum, says Miss Gene Thames, extension specialist in home furnishing at the College of Agriculture, Rutgers University.

If drinks are spilled on the carpet, immediately blot up as much as possible with white absorbent cloth or paper towels. Have ready to use one teaspoon mild detergent or hair shampoo, 1/2 cup white vinegar and one quart water. Place label on the bottle stating liquid is for carpet spills such as acids, alcohol, coffee, tea, soft drinks, fruit and juices, mustard, sugar.

To use the cleaner, gently squeeze a small amount on spot, blot up with cloth or sponge. Repeat. Next, squeeze warm water on spot, blot up. Place paper towels on wet area and weight down. Replace with clean towels as they absorb moisture.

To remove a cigarette burn on the table, Miss Thames suggests scraping-darkened edges of hole with a knife-blade or steel wool wrapped around a pencil. Brush out scrapings and sponge with denatured alcohol to bleach. Dry and apply finish to spot.

For whitish rings caused by wet glasses, use a mild abrasive (cigar or cigarette ashes, fine mild powdered cleanser or table salt) and an oil (sewing machine, olive, mineral, cooking, or baby oil, butter or margarine). Sprinkle abrasive on glass, dip coarse cloth in oil and rub with the grain of the wood, then wipe surface with dry cloth.

To remove candle wax from table tops, allow wax to harden, remove surplus by crumbling with the fingers then scrape remainder gently with spatula or dull knife. Rub with cloth dampened with cleaning solvent, such as Benzoin, Alfa or Lalgol. Change to clean areas of cloth and repeat.

**Tourists' Traveling Aids For Cleanliness Available**

The hot, sticky, droopy-looking tourist is a thing of the past. With the many traveling aids for cleanliness and freshness now available, says Carolyn P. Vukobus, County Home economist. Many packaged products are

now in unbreakable and travel-size sizes. "For example," Miss Vukobus indicates, "wipes by use of plane compressed face tissues are wonderful for a tired, perspired face. They're small, but expand to full size when dropped into water."

Toiletries are moistened with cleansing lotion and can do a waterless job of cleaning the face and hands. There is no need for another towel for drying, she says. Hand lotion is available in one application foil envelopes that are easily carried in the purse. These can renew the softness of the hands, especially after harsh liquid soaps.

Roll on perfumes renew favorite fragrances and are available in spill-proof and space-saving containers, she explains. For brushing after eating there is a traveling toothbrush which folds into a small plastic case along with a small tube of toothpaste.

Light chasers for a quick brush off are available in either purse-size adhesive surface or handy sponge surface.

Spot and stain removers make short work of grease and oil spots without leaving a ring. These, she indicates, are in the form of compressed powder sticks and packaged with a small brush.

Individual shoe polish bits to be used and then thrown away will keep your best foot forward for all shades but white. Bathroom basin washing can be accomplished with individual packets of detergent and along an indoor clothesline the complete laundry job can be done quicker and better.

## COOLING SPLASHWAY

# King Neptune's Big Pool Beckons To Visitors; Always Full

There is plenty of salt water along the Jersey shore, where temperatures in summer average about 70 degrees cooler than inland cities and the broad Atlantic provides a cooling splashway for 20-million visitors, according to officials of New Jersey's Department of Conservation and Economic Development.

State officials this week reminded people who may be worried about using fresh water to fill their swimming pools that King Neptune's big pool is always full and has more than 120 miles of easy access from Sandy Hook to Cape May. Ample room and ample fun are perennial twin attractions in New Jersey where the State's Promotion Section lists something doing every day.

Variety spices vacation life in New Jersey where the program of events runs the gamut of art, concerts, sailing, tennis tournaments, shuffleboard contests, musical shows, floral displays and, of course, beauty contests, during the next few weeks.

The coming weekend, in Cape May is a good illustration of New Jersey's round-the-calendar variety show. More than 250 artists are exhibiting their work in the display along Cape May's annual "Boerwolle" as part of the Art Festival and the Continuum Yacht Club will stage sailing races in Cape May harbor both days, starting at 1 p.m. There will be a tennis team match between the Cape May Tennis Club and the Moorestown Field Club at the same hour on Saturday and a concert in Convention Hall on Sunday evening.

### Area Businesses Support Colleges

Seven area corporations are among the nearly 300 business establishments, based on doing business in New Jersey, who have contributed to the 1964-65 campaign of the New Jersey College Fund Association, Clarence J. Connolly, Executive Vice President of the Association, reported this week.

They are: Adams Carbide Corp.; Kenilworth; Tenco, Linden; American Aluminum Co., Mountainside; Elastic Stop Nut Corp., of America, Union and the Red Devil Foundation, Union.

The Association is composed of 12 independent non-tax-supported colleges of which nearly one-half are in Union, Essex and Hudson counties, including Union-Junior-College-of-Cranford. The total enrollment of the 12 schools, Connolly said, represents about 30 percent of the total college enrollment in the state.

Antique collectors will be converging on Atlantic City where the Antique Collectors Club will hold its annual outdoor antique fair and flea market on Saturday. Fifty antique dealers from six states will participate. Proceeds go to historic restorations in southern New Jersey.

The popular Ice Capades returns to Convention Hall in Atlantic City on July 23 and will continue through August 20. Last year's ice show was pushed off, the calendar by the Democratic National Convention.

Wildwood, in the midst of a month-long series of tennis tournaments, will hold the women's singles and doubles and the mixed doubles matches beginning Monday and will follow these with the girls' singles and doubles tournaments during the week of July 26.

Farther north along the Jersey shore, have tennis courts at Monmouth Park through Saturday, August 7, when the equine scene shifts to Atlantic City for a 54-day meeting starting August 9 and to Freehold, where the trotters start the same day and will continue with daily programs through October 23.

In the same general area, Point Pleasant Beach will be the scene of fireworks displays and moonlight cruising for visitors on Friday evenings through July 30, and on August 6, 20, 27 and Sept. 3.

Asbury Park will hold its third annual Scottish games at the local High School Stadium on Saturday, July 24. The Monmouth Opera Festival continues on Sunday evenings in the Asbury Park Convention Hall.

While the livelier athletes are bounding about on the tennis courts of Cape May and Wildwood, shuffleboard experts will gather for the invitational tournament at Marine Park in Red Bank next Monday, Tuesday and Wednesday (July 19-21). Band concerts are scheduled for Marine Park on the evenings of July 21 and 25 and on August 4, 11, 18 and 25.

One of the exciting marine spectator sports will be staged at Red Bank on July 24 and 29 when the Eastern divisional inboard hydroplane races of the National Sweepstakes Regatta takes place.

Information on New Jersey Events is available free from the State Promotion Section, Dept. of Conservation and Economic Development, P. O. Box 1885, Trenton, N. J. 08625.

## Annual Art Show At Trailside Is Scheduled For Sept. 19

The 17th annual Trailside Art Show will be held Sunday, Sept. 19, at the Trailside Nature and Science Center at the Watchung Reservation in Mountainside. It was announced this week by Mrs. Blanche F. Holland of Cranford, chairman of the show.

Entry blanks for the show are now available at all libraries and art supply stores in Union County, as well as at the Trailside Center, she said. Blanks must be submitted by Sept. 10.

The Art Show is open to all artists, limited to one entry per artist. Artists residing in Union County are allowed free participation. Those living outside of Union County may participate by paying \$1 for an "Art Membership" in the Trailside Museum Association. All entries must be received at Trailside on Sunday, Sept. 19, between 8:30 a.m. and 2:30 p.m.

This year there will be a Children's Exhibit for children who live in Union County (ages five to 12 inclusive) sponsored by the Cranford Creative Art Group.

Members of the committee include: Mrs. Evelyn Eldosh, 14 W. Clay ave., Roselle Park; Mrs. Ann Cort, 437 W. 5th ave., Roselle; and Mrs. Sarah Gelfond, 1251 Wilshire dr., Union.

This year the top award of Best Painting in the show will earn for the artist \$101 in prizes. A total of \$575 in cash or merchandise will be awarded as prizes. Judges for the show will be Albert Bross of Summit, Homer Hill of New Providence and Nicholas Reals of Elizabeth.

## Use Of Fine Accessories Completes Decor-Of Room

Carolyn F. Yuknus, County Home Economist recently announced that accessories in a room are not only an important part of the decor but also reflect the personality of those who live there and in addition to adding beauty in form and color, accessories should also harmonize with the furniture, she said.

Some accessories are purely decorative such as a ceramic figure or wood carving. Others, such as lamps or ash trays are selected for a utilitarian as well as decorative purpose.

"When selecting accessories, be certain they suit your use and the room, but let accessories express imagination, too. For example, some really fine antique objects can complement good modern pieces. Look for the unique and interesting pieces rather than the traditional and over-firesome pieces. A home can be decorated in perfectly good taste yet lack interest or individuality in the choice of accessories."

Regardless of the type of accessories, scale and proportion are two important rules to help achieve the complete look of a room. Scale is the relation of one object to another while proportion is the relation of each part of an individual item to all the other parts. Therefore, two small figurines on a large table will be an example of poor scale while a small lamp base with a large shade will represent poor proportion, Miss Yuknus indicated.

All the desirable qualities of size, color, scale, and proportion can be found in inexpensive accessories. Many low-cost lamps,

reproductions of paintings and handsome-oriental objects can be found in some antique stores looking for suitable merchandise.

Avoid the common mistake of using too many accessories and prevent the cluttered look. Restraint in the number of accessories will be easier to take care of and will add to the total effect, she concludes.

## NEW FUR DESIGNS TO BE SHOWN BY FLEMINGTON CO.

Flemington Fur Co. will stage its initial presentation of new fur designs for 1966 at the Playhouse Inn, New Hope, Pa. next Tuesday, July 27. It was announced by S. Rodgers Benjamin, company president.

The showings, following a press-luncheon, will be exclusively for newspaper and magazine fashion editors. A complete line of Flemington Fur will be presented by TV personality, and one of the former "Miss Americas," Bess Meyerson.

Other special guests will be Liza Minnelli, young new star of "Flora, the Red Menace," latest hit Broadway musical (Miss Minnelli, who won the 1965 "Tony" award for "Best musical comedy actress," is the daughter of Judy Garland); Marguerite Plazzi, former Metropolitan Opera star and present night club favorite; Marian Young Taylor, radio personality, whose "Facts and Fancies" show is aired daily on WTTM.

## Coast Guard Cruise For J. G. Kurt Elste

## EASY RICE MENUS PLANNED SIMPLY FOR NEW BRIDES

By MARY W. ARMSTRONG  
Senior County Home Economist

A few years ago jokes were made about brides who had difficulty cooking rice. But today different types of rice are available. Some of these are easier to cook than others and some rice products and rice combinations have even joined the convenience foods.

Rice costs also vary according to the type. Rice can be teamed with meat, fish, poultry, cheese, or eggs, and stretch costly protein foods.

Generally, meat or main-dish portions with rice may be served for less money.

Medium grain, hilled white rice, the most common type, is tender and moist when cooked, and the particles tend to cling together. Use this type of rice in sweet puddings, croquettes, and rich rings where an easily molded rice is desired.

Long grain rice is slightly more expensive than the medium. When cooked, the particles are separate and fluffy. Choose this rice to serve plain with curries, stews, kebabs, chicken, and meats.

Parboiled and converted rice are treated by a special process that ensures a greater retention of nutrients. These products cost about the same as long grain rice and may be used in much the same way.

Precooked rice is a convenience food that saves preparation time, but adds extra cost.

When rice is a large part of the diet, the use of parboiled, enriched, or brown rice will contribute vitamins and minerals in significant amounts.

## STUFFED CABBAGE LEAVES

head of cabbage  
3/4 cup chopped onion

Remove outer leaves from cabbage and cook in boiling water about 5 minutes. Drain well. Cut leaves in half lengthwise and remove heavy core. Cook 15 minutes and drain. Combine beef, rice, egg, onion, milk and seasoning and wrap about 3 tablespoons of this mixture into each cabbage leaf and fasten with toothpicks. Bake in moderate oven (350 deg. F.) 40 to 45 minutes. Serves 4.

**POISONERS ON THE PROWL**  
Scientists tell us that germ warfare is being employed on the domestic front — even in the kitchens and pantries of our favorite eating places and our homes — by an ancient and dangerous enemy. The sinister foe is the common cockroach, and the deadly agents of his-choice are salmonella germs. These fifth-borne organisms generally manage to make their way to our bodies through the medium of contaminated food.

These cause various serious forms of illness, including a fever similar to typhoid, meningitis, and common food poisoning, with its characteristic symptoms of acute diarrhea, severe abdominal pain, vomiting, and prostration. It has been discovered that infected roaches excrete salmonella germs for as long as 45 days after initial infection. Germs remain alive and viable on the roach for as long as seventy-eight days. Obvious lack of adequate refrigeration is not, as it was previously thought to be, the chief cause of the spread of salmonella germs. Contact with exposed food enables the roach to plant colonies of germs that will

poison urinary enters. What should be done is clear: Keep all food well covered, refrigerated, and protected from contamination — this goes even for cereals, crackers, and bread; wage total war against roaches and other insect invaders. Get them before they get you.

# Playground Youngsters Enjoy County Fairs As Highlight Of Week

The 10 Springfield playgrounds sponsored by the Springfield Recreation Department moved past their second week of supervised activities last week. The featured event of the

week at each playfield was County Fair. Arts and crafts also continues to be spotlighted at the various areas. Special crafts instructors visit each playground on a regular

schedule twice each week. Last week the children made pillows during their regular craft hours.

**RIVERSIDE PLAYGROUND**  
Last Tuesday morning was tournament day at the Riverside Playground. Arthur Cook won a checkers event, while Debbie Gravenan won the honors in a chess event. The winner in a pick-up-sticks contest was Susan Aquilino. NOK-Hockey continues to be one of the most popular playground games. Kirk Libby has shown excellence at this game.

Wednesday afternoon, the County Fair took place. The children brought their stuffed animals to the playground to be entered into a contest. Patrick Smith's kitten was the cutest animal in the show. Francis Aquilino's dog also won a prize. The prize for the most unusual animal went to Nancy Yeager's foster, Susan Aquilino's donkey was judged to be the show's smallest animal. The two funniest animals in the show were Donna Head's bear and Barbara Yeager's dog. The show's most colorful animal was Debbie Gravenan's giraffe.

The boys met the girls in an all-playground kickball game last week. After an entire afternoon of kickball competition, the boys emerged as the winners. A letterball tournament was also held at the playground last week. Scott Prussing was the winner in this event. Craig Hall took second place in the event, while Bonnie Miller was in third place.

Arts and crafts day at Denham Playground checker champion Joan has been turning back all challengers again this year.

Friday of last week saw three important tournaments held at Regional Playground. The washers championship was the first event, and the winner was Jimmy Fitzgerald. Arthur Strauss won the checker tournament, and Gail Lawrence took the girls' horseshoe championship.

## Minutemen Open League Play With 2 Victories; Game Tonight

The Springfield Minutemen, a Recreation Department sponsored baseball team of boys between the ages of 13 and 15, opened the 1965 season last week by request of the Suburban Recreation League Championship.

Springfield, Summit, Verona and Livingston are the teams in this summer baseball league. The Springfield squad opened last week by downing defending league champion Livingston at the Livingston field by the score of 5 to 3. The following night the Minutemen returned home to defeat Verona by a 3 to 1 count.

The Springfield team will meet Livingston in a return engagement at the Sandmeier Field on Springfield tonight at 6. The squad will then travel to Verona on Monday to engage that team in another contest.

In the opening game of the regular season, Springfield bounced back from an early two-run deficit to gain a 5 to 3 decision over a hard-hitting Livingston team.

Springfield led the game in the second inning when Steve Jupa singled and scored on Brian Sheehan and Ron Azarewicz. Sheehan scored on a single by Gary Vosburgh and Azarewicz tallied on a short passed ball.

Springfield went ahead to stay in the third inning when Steve Jupa singled and scored on Brian Sheehan's long triple to deep center field. John Schoch and Gary Vosburgh scored in successive runs for Springfield in the later innings.

Azarewicz pitched a brilliant game for the Minutemen as he limited Livingston to five hits, while striking out six batters. Rich Campbell at third base and Gary Kurtz at shortstop provided

of good support for Azarewicz's mound efforts.

Verona Falls  
The Minutemen opened their home season against Verona last Thursday at Sandmeier Field. Pitcher Joe Buccell turned a fine, five-hit performance to pace the Springfield team to a 3 to 1 victory.

Verona scored in the first inning when the visitors gathered three of their game total of five hits. Buccell, however, closed the door on the Verona team after the initial frame and Springfield rolled to victory.

Springfield tied the score in the second inning when Azarewicz crashed a tremendous home run deep to left field. The Minutemen pushed over another run in the third inning as Steve

Jupa reached first on an error, stole second base, and scored on Brian Sheehan's two out single.

Springfield tallied its final run in the sixth inning when Rich Campbell hit a two-out single to center, stole second and crossed the plate on Gary Vosburgh's safe hit.

The Springfield pitcher, Buccell, was in command of this game after the first inning as he received fine infield support from Rich Campbell at third, Gary Kurtz at short, and Brian Sheehan at first.

It took a diving stop of a hard grounder by Campbell and a scoop pick-up by Sheehan at first which provided the game's final put-out. Springfield also turned in two double plays engineered by Kurtz at shortstop.

Spring Liquors showed tremendous hitting power as they crushed the PBA 14-10, with Tony Nardone, Bill Ehardt, and John Johnson coming through with extra base hits. The PBA rallied for four runs in the seventh, to make the game closer, with Roy Abrams, Mike Pisano and Butch Bell hitting for distance.

The PBA dropped another on Thursday evening, with A.R. Meeker winning by a 12-8 score. Dick Tinkham, with three hits, Ed Dunlap, with a pair, and Bob Rices, chipping in with two, were the leading hitters for the winners. Johnny O'Neill's three hits went for naught for the PBA.

In the nighttime, the Community Sweet Shoppes coasted to a 17-7 margin over Somerset Bus, with Harry McCann and Charley Haas each coming in with three hits.

The PBA posted its first victory of the campaign on Friday, winning 7-1, over the Community Sweet Shoppes. Butch Bell and Roy Abrams sparked the winners, Bell getting two hits and Abrams, three.

In the nighttime, A. Best Pharmacy nipped A.R. Meeker 5-4, in eight innings, with Dennis Francis the batting hero, driving home runs in the fourth and eighth innings. The victory placed the Pharmacy nine in a first-place tie with Frank Millman Distributors.

Twin bills are played in the Springfield Recreation Adult Softball League Monday through Thursday evenings, starting at 6:15. The second game started at 8:15.

### Bids Received For Resurfacing Portions Of Rt. 22

The New Jersey State Highway Department this week announced a low bid of \$404,451.90 was received from Standard Bitullic Co., Newark on a project for resurfacing portions of Rt. 22 in Somerset and Union Counties.

Other bidders on the project included Della-Pello Contracting Co., Inc., Union, \$407,757.60.

Work on the 7.6 mile project will consist of resurfacing both roadways of the highway from Washington ave. in the Township of Green Brook eastward through the Boroughs of North Plainfield and Watchung in Somerset County, across the Somerset-Union County line through the Township of Scotch Plains to New Providence rd. in the Borough of Mountainside, Union County.

At present, a resurfacing project is underway on an adjacent portion of Rt. 22 extending a distance of 5.5 miles from New Providence rd. eastward to the vicinity of Vauxhall rd. in Union Township.

Completion of both projects will provide motorists with more than 13 miles of new riding surface from Green Brook Township eastward to Union Township.

To assure minimum interference to traffic on this heavily traveled roadway, work will be restricted to the evening hours. No work which will interfere with traffic or restrict the width of pavement available for traffic in either direction on Route 22 will be permitted during certain periods.

Costs of the project, which is expected to take 60 working

## County Men Urged To Apply For Service School Openings

Rep. Florence P. Dwyer (R-6th District) this week urged Union County young men to take advantage of a "greater-than-ever" opportunity to win appointments to the U. S. service academies in classes entering next summer.

She pointed out that Union County, the 6th Congressional District, will be entitled to two appointments, instead of the usual one, at both West Point and Annapolis as well as one appointment to the Air Force Academy at Colorado Springs and a chance to compete for 10 appointments to the Merchant Marine Academy at King's Point.

Mrs. Dwyer added that fewer young men than usual have submitted applications to date.

A U. S. Civil Service Commission examination was held on Monday.

For those candidates who were unable to report for Monday's exam, Mrs. Dwyer explained, make-up examinations will be held on Aug. 9 and Sept. 13.

Interested young men in Union County, who are not yet 21, should write or call her office as soon as possible to obtain the necessary information and to submit their applications, she said.

Congresswoman Dwyer's district office is located at 268 North Broad st., Elizabeth, (Tel. EL 5-0400), and her Washington office is at 2421 Rayburn House Office Building (Tel. CA 5-5381).

Under her competitive merit system of making appointments, days to complete, will be paid entirely by the State Highway Department. All bids will be reviewed before a contract is awarded.

Mrs. Dwyer emphasized, all applicants must take the civil service examination. The successful nominees—the six top candidates for each appointment at West Point, Annapolis and the Air Force Academy, and the top ten at the Merchant Marine Academy—must compete further among themselves for each appointment by means of the academies' entrance and physical examinations and their overall evaluation of each candidate's potential as an officer.

"In this way," the Union County Congresswoman said, "all boys have an equal opportunity to compete. No favoritism of any kind is possible. And the academies are assured of obtaining the best young men qualified for future military careers."

One of the first Members of Congress to adopt a completely

competitive system of making appointments to the academies, Mrs. Dwyer believes the system has been especially successful. She points to the unusually large number of young men who compete for places on the honor rolls of the academies.
