Planer, Hardgrove, Mrs. Smith Win Town Elections

SAFETY WARNING: The winners of the town elections, Robert G. Planer, Robert D. Hardgrove, and Marie Smith, are shown in the photograph above. They were elected to office on Tuesday night.

national Council of Jewish Women. The final election will take place tomorrow afternoon. Showing was not to do in three-year-old Rocky Gomez. The intent, however, was to meet on completion of the course.

Gov. Hughes Has Springfield Edge To Lead Dumont

Stamler Total Tops In Township Voting; Del Vecchio Loses

Republican Robert G. Planer and Robert D. Hardgrove were elected to the Township Committee Tuesday by margins ranging from 444 votes for Hardgrove to 590 for Planer.

Mrs. Marie Smith, Democrat, was elected tax collector, defeating the Republican incumbent, Fred Braun, 3,271 votes to 3,166, a margin of 105 votes. (All vote totals given are without the absentee votes.)

There was a total of 6,738 votes cast, out of 8,548 registered voters.

Planer an incumbent, led in the municipal voting with 3,545 votes. Hardgrove, a former mayor, received 3,506. For the Democrats, Donald Mantel received 2,935, and Henry Grabarz had 2,933.

Philip Del Vecchio, former mayor of Springfield, was scored high man on the ballot as he received 3,842 votes in his run for the State Assembly. He was defeated in the county total, however, as 1965 proved to be a Democratic year throughout the state.

Nelson Stamler, Republican, re-elected to the State Senate in the face of the Democratic trend, continued to show impressive strength in the township. He received 4,022 votes to lead all candidates in the local voting.

Gov. Richard J. Hughes was a second Democrat, besides Mrs. Smith, to carry Springfield. He received 3,347 votes, to 2,883 for his Republican opponent, State Sen. Wayne Dumont.

Three voting districts switched party preference Tuesday from their verdicts of a year ago, when Hardgrove lost to Democrat Jay Bloom by 15 votes. The swing districts, which may well have decided the local elections, are:

THE WINNERS — Robert D. Hardgrove, left, and Robert G. Planer, right, smiling as they leave their election as Republican candidates for the Township Committee. Marie Smith won by a margin of 105 votes over the incumbent Democrat, Donald Mantel. Hardgrove's winning margin was 444 votes.

Democrats Take Loss Calmly, Feel Voters 'Made A Mistake'

BY MARIAN BROWN

The Springfield Democrats weren't even commiserating. They sat around their election headquarters in Morris Ave. after the results were in Tuesday night and talked about the football game.

Of course, there was the victory of Mrs. Marie Smith, who won the tax collector's post, and their faces lit up when they talked about that, but the defeat of Township Committee candidates Henry Grabarz and Donald Mantel they took with the quiet comment, "The voters made a mistake."

Mrs. Smith, deputy tax collector and a member of the tax collector's office for six years, 1964—the election by 105 votes, right out from under the nose of her boss, Fred L. Braun, who has served as tax collector for 24 years.

"I'm so excited," her 13-year-old daughter, Charlene, exclaimed as she stood beside her mother and beamed. "And I'm proud. I've been waiting for this for a long time," she said.

"We're going to go home now and call my other daughter, Jacqueline, who is a freshman at Duquesne University in Pittsburgh," Mrs. Smith said.

Asked if there will be changes in the tax collector's office when she takes over in January, she said there will be "many changes in office procedure."

Nine-year-old David Mantel threw his arms around his father and asked, "Why did you lose, Daddy?" But he and his daddy were both smiling, and soon David left with his neighbors, Mr. and Mrs. Ronald Arnold, to get an ice cream cone.

Asked if he would run again next year, Mantel said he was too weary to think about it. "After ringing 4,800 doorbells, I'm tired," he said.

Grabarz said he was tired, too, and that he would not run again. He lost by 468 votes. Mantel lost by 444.

Irwin Weinberg, Democratic chairman, and Mrs. Ruth Hillard, county committee woman, attributed the Republican victories to what they termed the "Change To Come."

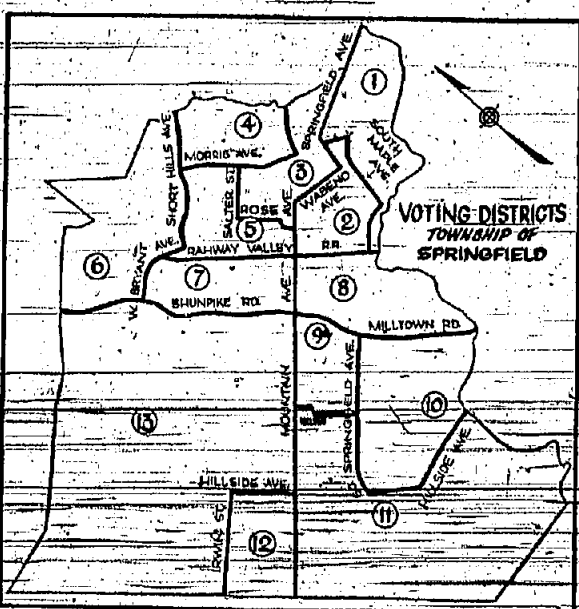

Chairman of the Youth Week observance is James M. Cawley, who is Springfield township attorney, lieutenant governor of the N.J. Optimist Clubs and a member of the board of governors of Seton Hall University.

Republican Winners View Vote With Affection For Everybody

By ABNER GOLD

Republicans love everybody. This was the overwhelming impression gained from a visit to Springfield Republican headquarters election night, as the winning candidates, Robert G. Planer and Robert D. Hardgrove, and their enthusiastic campaign workers began to savor the taste of victory.

The one note of sadness was provided by the single defeat suffered by the municipal GOP organization. Tax Collector Fred Braun left headquarters, as soon as he learned of his defeat by Mrs. Marie Smith, and many of the party faithful expressed sorrow that he was not included among the winners.

One other bit of unfavorable news failed to dim the spirits of township Republicans. Sen. Wayne Dumont lost to Gov. Richard Hughes in Springfield by 454 votes, en route to defeat by a statewide landslide, but Springfield workers shed tears. Had a Clifford Case been in trouble, indications were, the mood might have been different.

Both Planer and Hardgrove were holding glasses from which they were too excited to drink.

nor did they need added stimulation. Their victory margin of more than 400 votes provided its own stimulation.

The two Democratic candidates, Donald Mantel and Henry Grabarz had paid a congratulatory visit early in the evening. Republicans even had a kind word for them, now that the tension and the competition had subsided.

"Positive Program" Fred Beneker, Republican campaign chairman, summed up the feelings of the 200 men, women and teen-agers when he said, "Our candidates won because they ran on a positive program. The people of Springfield felt they needed Township Committee members of this experience and ability."

Discussing Braun's defeat, Beneker said, "The voters made a mistake. They elected a man who will now take over the head post." Mrs. Smith won on a sympathy vote.

Philip Del Vecchio, former mayor and party chairman who retired from the Township Committee to run for the State Assembly, presented a picture of slightly mixed emotions. He was underclouded by the success of the local Committee candidates, but still concerned over his fate in the rest of the county. Returns from the suburbs were somewhat slow in reaching metro-politan Springfield.

Henry Hillman, who took over as municipal chairman this year, declared, "We're all very happy that we got away with this thing, but still disappointed that Mr. Braun was not included."

"Vote of Confidence" Planer, when he recovered his breath after kissing and being kissed by an impressive cross-section of feminine well-wishers, stated, "I appreciate the vote of confidence which the people of Springfield have given me."

Paper Drive

Springfield Continental Post, American Legion, will hold its monthly paper collection drive on Sunday morning, according to Ben McGonigal chairman. He asked residents to donate paperback books, for hospitalized veterans, along with their bundles of old newspapers and cardboard.

WHO LOST FRED? HE'S ALL ALONE INSIDE A DISHPAN

Has anybody here lost Fred? If anyone has, Fred is waiting patiently in a dishpan on the back porch of Mr. and Mrs. Sidney Miller, 114 Jefferson ter. Fred, just in case anyone might not know, is a turtle, described by Mrs. Miller as speckled and about six inches long.

She knows he must be Fred, because his name is painted across his shell. Mrs. Miller reports that she was washing dishes the other day, looked out and saw Fred marching across the back lawn. His owner may retrieve Fred by calling him, or Mrs. Miller at 374-4805.

Best Art Entries Go On Exhibition

The prize-winning works of art selected at the Oct. 10 art show of the Springfield Association of Creative Arts are now on display in the front window of the J. J. Newberry Company in the General Greene Shopping Center. The entire collection will be transferred to the Crestmont Savings and Loan Association (Morris Ave branch) tomorrow.

The outdoor art exhibition was interrupted by a sudden down-pour of rain at its original time. The business establishments have agreed to show the winners' paintings and sculptures in response to many requests by the general public, according to a spokesman for the Creative Arts group.

Girl Scouts Stay On Their Toes With Projects, Holiday Parties

Cadet Girl Scout Troop #40 is led by Mrs. Robert Ziegler. Co-leaders are Mrs. Michael Vicedo and Mrs. Henry Graveman. They meet on Thursday afternoons at St. James School.

The troop has five patrols. Patrol leaders are Patricia Kabin, Mary Beth Reister, Kathleen Johnson, Jane Ruocco and Debbie Ziegler. Assistant patrol leaders are Barbara Lies, Dale Murnane, Barbara Da Quilo, Bernadette Brennan and Barbara Vicedo.

Scout Rose Mary Hagones is acting as patrol leader for Mary Beth Reister, who is recuperating from a broken leg. The troop has seventh and eighth grade Scouts working together. The Seventh Grade Scouts are working on the "Challenge of Emergency Preparedness." When the challenge is completed the Scouts will be prepared to assist in an emergency.

The eighth grade Scouts are working on the "Challenge of Social Dependability." They are attending a 10-week course on good grooming being given by "Toppers" in Sport Hills each Saturday morning.

The troop will include in this year's program, a trip to New York to visit the art and historical museums and St. Patrick's Cathedral. Two camping weekends are planned, and a visit to Colonial Williamsburg, Virginia, will end the year. The Scouts have been earning and saving money for this trip during the past year, by saving their calendar and cookie profits.

Bowling and swimming and ice skating parties are also planned. Junior Troop 280 has as leader, Mrs. Charles Roth, and co-leader, Mrs. Frank Madison. They meet at the Presbyterian Parish House on Monday evenings. The troop has 21 Scouts. Patrol leaders are Cindy Madison, Debby Jarmon, Susan Conklin and Eileen Parse. The Scouts are working on

two badges at the present time. Cook badge, with Mrs. Donald Weber as their instructor, and toy-maker badge, with Mrs. Louis Soos as their instructor.

Ten Scouts delivered voting material for the League of Women voters in Springfield. A Halloween party was enjoyed by the girls last week.

Junior Troop 169 with its leader, Mrs. Daniel Turcott and co-leader, Mrs. C. A. Lalak, meets on Wednesday afternoons at the Springfield Recreation House. Mrs. Turcott, is a new-comer to scouting. Mrs. Lalak is welcomed on her return to the scouting program.

Ceremony Marks Retirement Of 1937 Regional School Loan

Special ceremonies will be held this afternoon at 2 at the Jonathan Dayton Regional High School in Springfield marking a milestone in the progress of the Union County Regional High School District.

Dayton High PTA Selects Officers For School Year

PTA officers for the current year have been announced at Jonathan Dayton Regional High School, Springfield.

They are Mrs. Leonard Waldt, president; Mrs. John Buss, vice-president; Robert La Vanture, honorary vice-president; Mrs. Isadora Zablansky, recording secretary; Mrs. Harold Riker, corresponding secretary; Mrs. Frederick Rein, treasurer.

Committee chairmen include: Mrs. Nathan Hart, faculty advisor; Mary Franklin, student representative; Mrs. Rein, budget; Mrs. Waldt and Mr. and Mrs. Saul Seneper, budget; Mrs. Martin Karp, spiritual; Mrs. Louis Schneider, Founders' Day; Mrs. Sol White, historian; Mrs. Frederick Viscardi, hospitality; Also, Mrs. Joel Kaplan, legislation and citizenship; Eugene Graham and Mrs. Rena Graham, membership; Mrs. Benjamin Josephson, international relations and cultural arts; Mrs. Robert Harbridge, procedure and by-laws; Mrs. Leonard Harris, school education and cooperation with colleges; program, John Buss; publication and publicity, Mrs. Marvin Strauss; scholarships, Marvin Strauss; services and health, Mrs. V. J. Cinquina.

Avery Ward, president of the Regional Board of Education will hand a check to Arthur Vall, assistant president and manager of the Springfield branch of the National State Bank of Elizabeth, to complete payment of the original loan of \$320,000 on a 30-year bond issue for Jonathan Dayton. The high school was constructed in 1937 at a total cost of \$538,000 under a P.W.A. grant.

Lewis Fredericks, secretary of the Regional Board of Education; Joseph Mulholland, first president of the original Regional board, and Fred Elsasser, architect for the building, will also be on hand for this event. Warren W. Halsey, first superintendent of the Union County Regional High School District, is unable to participate in the ceremonies because of illness.

Jonathan Dayton Regional High School opened in 1937 with 850 students from the six communities of Springfield, Garwood, Mountainside, Kenilworth, and New Providence and

a faculty of 37 teachers. Margaret L. Matland—supervisor of cafeteria; Barbara Dinmens, librarian; Carl Matthews, English; and Walter A. Hohn, science, are members of the original faculty staff who are still teaching at Dayton. Dayton now has 1,453 students and 97 faculty members.

In 1953, an additional wing of classrooms and boys' gymnasium was constructed at Dayton, at a cost of \$1,400,000. In 1956, Arthur L. Johnson Regional High School was constructed in Clark, and Dr. Warren M. Davis succeeded Warren W. Halsey as Superintendent. Clark has a student enrollment of 1,509 with 94 faculty members.

Gov. Livingston Regional High School was constructed in 1961 in Berkeley Heights and has an enrollment of 1,407 with 97 faculty members. David Brearley Regional High School is being constructed in Kenilworth and will open in June, 1966.

FINAL PAYMENT on the original \$320,000 loan for construction of Jonathan Dayton Regional High School, Springfield, will be presented in ceremonies today at the school. Preparing for the official presentation are, from left, Lewis Fredericks, secretary of the Regional Board of Education; Joseph Mulholland, first board president; Arthur Vall, assistant president and manager of the Springfield branch of the National State Bank of Elizabeth; Avery Ward, the present Regional board president, and Fred Elsasser, architect for the building.

Teens' Talent Show To 'Rock' Regional

Jonathan Dayton Regional High School—Springfield—will be rocking come Nov. 12 and 13.

That was the word issued this week by Milton Ogintz, president of the Millburn-Springfield Kiwanis Club, which is sponsoring a teen-age talent show at the high school on those nights. "We've already booked 20 acts for the two-night show," Ogintz said, "and plan to continue auditioning acts through this week." He said the club will have approximately 40 acts competing for the top prize, a \$100 savings bond.

Among the groups so far to be picked for the finals on Nov. 12 and 13 are Denni Tucker and her four-piece girls' band; all of whom are residents of Millburn. The Belliveau Brothers of Springfield (and members of the Key Club at Jonathan Dayton) and Walter Dobushack of Springfield, who Ogintz described as a top-flight accordionist and organist.

The Kiwanis president also noted that several of the newcomers in the show have already won recognition for their talent. Rita Weinbuch, a Dayton Regional High School student, was named the national accordion champion in the 14-year-old division at a competition held in Chicago this summer.

Andrea Hyde of Mountainside, a folk singer and guitar player,

has appeared in summer stock productions in local theaters and college hootenannies in the area. Talented teen-agers who wish to audition for the show should write to the Millburn-Springfield Kiwanis Club, 517 Millburn ave., Short Hills, and give their name, address, telephone number and a description of their act.

Those wishing to purchase tickets for either or both nights may do so at The Short Hills National Bank, the Mem. Millburn Cycle Shop, Messer's Jewelers, Bremer's Florist or Travel Headquarters all in Millburn, or in Springfield at the National State Bank of Elizabeth and Sunnall Bros.

COUPLE HONORED AT FETE MARKING SILVER WEDDING

Mr. and Mrs. Sidney Mitnitsky of 446 Morris ave., Springfield, were honored at a surprise party Saturday night at the Washington House, Washington, in celebration of their 25th wedding anniversary.

Among those taking part were Mr. and Mrs. Hirsch Goller, Mr. and Mrs. Saul Freeman, Mr. and Mrs. Milton Teltzer, Mr. and Mrs. Ed Schwartz, Mr. and Mrs. Will Skelley, Mr. and Mrs. Marvin Karp, Mr. and Mrs. Daniel Schwartz and Mr. and Mrs. Marvin Strauss.

ROBERT M. BLACK JR.

Robert M. Black Jr., the new 32-year-old principal of Raymond Chisholm School in Springfield, believes that the turnover of "younger" administrative and staff personnel in many schools over the past decade or two, has had a beneficial effect on the school systems and on the youngsters.

"I've heard of more and more young administrators, principals whose average ages are in the upper 30s, who are going into the elementary level of education. This really is to the advantage of the school system and particularly to the children.

"The younger men — principals and teachers — seem to serve as a 'father-influence' on children whose fathers, in this day and age, and for one reason or another, cannot seem to find enough time to devote to their children."

Black, who is experiencing his first term as principal in the Chisholm School, managed to take some time off from a heavy administrative-schedule recently to discourse on various aspects of education and their effect on youngsters.

He explained that since the opening of the fall term, he really hasn't had time to sit back and reflect on the change he has made from teacher to principal.

THE YOUNG MAN, who lives in Madison, has spent the past seven years in the Florence Gaudineer School as a teacher. From 1958 to 1960, he taught "all subjects" in the fifth grade at Gaudineer, and from 1960 through the first half of this year, he taught social studies in the seventh grade.

"In my new capacity as principal of Chisholm, I have for the past two months, been going through the mill, so to speak. I've been so busy, actually, I haven't had time to reflect on the results of my new duties, one way or the other.

"I've been working with Andrew Allen, new principal of the Walton School. He's been through the mill for the past five or six years, and I'm very grateful to him for his help.

"There really aren't too many problems," Black admitted. "Actually, it's just a matter of adjusting and getting over the initial impact of the opening of a new school year in an administrative capacity.

"PERHAPS I DO MISS teaching a bit, simply because of the close proximity of working with the pupils, but I'm beginning to discover the many advantages open to a school principal.

"For example, a school principal is able to carry influence beyond the normal classroom limits and he is able to gather his ideas over a wider scope. It is very satisfactory to be able to sit in with bigger numbers of students at one given point."

The fact that there are all types of youngsters who come from all types of homes and who very often carry the influence of their environments with them into the schools, both physically and psychologically, has a great deal to do with their attitudes in class, Black indicated.

Black mentioned that he hasn't really come across unmanageable "problem children," although "all children have some problems.

"I think problem children are the result of problem parents — and mind you, I am not speaking now of the average parent. There are some parents who, in many cases, are genuinely concerned with their children's education and attitude in school, and who want to be helpful, but do not know how. But unless there's support in both areas it's like beating your head against the wall."

"AFTER ALL," Black says, "a child spends only about five hours a day in school; he spends 19 hours outside of the school." Those hours in which a child is molded have a great deal to do with his attitude in a school room, Black mused.

"There are some children who come to schools from situations not conducive to education. And the hardest thing, in these cases, generally speaking, is the bringing about of changes in the parents' attitudes. And naturally, their attitudes pretty much rub off on their children. I believe the most difficult job is the simultaneous education of the child and his parents."

Black declared that the Springfield School system has been "very fortunate" in having an adequate service staff to take care of many of these situations.

"If a youngster is a real problem child, our service staff (composed of a child psychologist, plus social and medical personnel) is right there to assist a child — and his parents too, if need be.

"Also, fortunately for us, here at Chisholm School," Black declared, "among our many advantages is the fact that our classes are not overcrowded, thereby permitting our teachers to devote more individual attention to each child.

FIRE SALE OBSERVATION

The township provides leaf collection ("Now on Schedule," Springfield Leader, Oct. 28). Any property capable of producing leaves is also able to compost them. Yet, how many clear autumn days are polluted by burning leaves? Windrows must be closed to keep the odor of a fire sale outside.

In view of the ever-increasing problem of air pollution as well as the fire hazard burning leaves present, I feel more attention should be given to this practice.

Regional Staffers Slated For Roles At NJEA Meeting

Several staff members from the Union County Regional High School District will take part in the 1965 annual convention of the New Jersey Education Association.

The work conference is held in Atlantic City on Nov. 11, 12 and 13 and is the largest educational convention in the world.

Three girls' physical education teachers from the district, Doris Anderson, Betty Snow and Mrs. Lois Conley, are co-chairmen of the girls' physical education section. They have arranged a lecture demonstration program on golf, archery, and bowling.

Walter Both, string teacher in the regional district, is chairman of the all-state orchestra meeting which makes plans and selects the conductor for next year's district in New Jersey.

As president of the New Jersey Association of School Psychologists, Dr. Donald Merachnik, director of special services for the district, will chair the meeting of the association. This meeting is concerned with the Initial Teaching Alphabet, a reading procedure which is being studied widely in New Jersey. In addition to the chairmanship of this meeting, Dr. Merachnik will also be co-chairman of the association's annual luncheon.

Stanley Grossman, chairman of the nominating committee of the New Jersey Industrial Arts Association, will present the 1966 slate of officers for this association.

Republicans

(Continued from Page 1) Springfield have given us. "I can assure everyone that we will do our utmost to justify this vote. We will certainly continue to operate a government that is responsive to the will of the people."

Hargrove may well have been the happiest man in a room brimming with joy. He had rebounded to win by 444 votes, after having been edged by Democrat Jay Bloom last November, by only 151 votes.

"I'm very pleased," Hargrove said, "to see that the town has supported us. Please extend my thanks to all the people who supported us. We will keep on working to keep Springfield a good place to live, and to make it better."

Outside the brightly lit campaign headquarters at 191 Mountain ave., cars were jammed into the rutted parking lot almost to the passenger tracks of the Valley Railroad. Some of the autos were almost lost in the tall grass that rimmed the parking area, but the people knew just where they were. They were in the winner's circle.

Threats To A Free Society

Now that Election Day has come and gone, the community should be ready to settle down to another nine or 10 months of nonpartisan turbulence. There are, however, a number of issues which deserve the close attention of us all, from the gentry at Town Hall to the serfs in the outlying residential districts and the indentured apprentices in the schools.

For example, what does the administration plan to do about lines? Anyone who has ever had to wait in line for a bank window or a supermarket check-out counter or a parkway toll booth, and watch while everyone went speeding through the other lines, has seen just how the system works. A wall-run government, at any level, should have a department of waits and starts, to stamp out this brush fire of injustice.

The plot against a free society can wear many faces, from large women who favor tight pants, to children who are always polite to their friends' parents, to wives who can always put their hands

right on whatever it is their husbands have been searching for in vain.

In an earlier generation, there was the sad story of the frontiersman, back in '78, who spent years developing his homestead, right on a trail coveted by Dwight R. G. Palmer. Even today, there is a sore lack of a Society for the Advancement of Highways in "Some Other Town."

Actually, the pattern of the bedraggled eagle can be traced back to the dawn of civilization. One theory finds its origin in the saga of the young caveman who found just the right girl, only to have her hair come out by the roots just at the beginning of their honeymoon.

Be that as it may, we must deal today with today's problems. The show must go on, no matter who might have taken the script to wrap garbage.

The complexity of the American Way of Life was best illustrated recently by one indignant reader who phoned to demand that his subscription be canceled at once — and refused to leave his name.

High School Teams Participate In Student Congress At Dayton

Over 100 students and coaches from all sections of New Jersey attended a student congress held at Jonathan Dayton Regional High School, Springfield, last week. The event was held to provide practice for the Dayton students who entered a state sectional congress at Morristown on Saturday.

A student congress is a model of the national Congress. The participants are divided into a House of Representatives and a Senate. Robert's Rules of Order are used as a guide for running the session.

Members of the Jonathan Dayton Forensic League, Stanley Katz, Eric Krueger, Myron Meisel and James Bender, acted as speakers of the House and presidents of the Senate.

The following bills were discussed at the Congress:

A resolution pertaining to

Rockaway; Millburn High School; Newark Academy, Livingston; Governor Livingston; Berkeley Heights; Seton Hall Preparatory, South Orange; St. Benedict's, Newark; Roselle Catholic; West Orange High School and Morristown High School.

The next forensic event held at Dayton will be an extemporaneous speaking contest, Nov. 17. Students from Dayton and other invited New Jersey schools will choose one of three topics.

After choosing the topic they will have twenty minutes of preparation to speak four or five minutes. Interested community residents are invited to attend. Teachers in Charge of Forensics and debate at Dayton are Dennis Fox and David Carl.

Elections

(Continued from Page 1) election, were the 2nd, 9th and 13th. (See district map on Page One.)

Bloom carried the 2nd last year by six votes. This year, it went to Hargrove by 40. In the 9th, Bloom won a year ago by 10. Hargrove led there by 46 on Tuesday. The 13th went to Bloom in 1964 by five votes. Hargrove led this year by 38.

Democratic margins were off substantially this year in those districts which the party still held. They dropped in the 7th, from 93 to 51; in the 8th, from 133 to 122; in the 10th, from 180 to 82; in the 11th, from 208 to 82; in the 12th, from 174 to 9.

Republican margins increased in most districts which supported the GOP both years. The changes were: in the first, from 83 last year to 92; in the 3rd, from 84 to 136; in the 4th, from 143 to 167; in the 5th from 143 to 167; in the 6th, from 238 to 213.

Gov. Hughes Leads: Gov. Hughes, to lead in Springfield by more than 550 votes, took the 2nd and 13th districts away from the Republicans and ran up large margins in the 7th, 8th, 10th, 11th, and 12th.

In other contests the Springfield totals were: For the State Senate: Stammer, 3,868; Peter J. McDonough (R.), 3,803; Mrs. Mildred Barry Hughes (D.), 2,720; William P. Hourihan (D.), 2,480. Stammer and Mrs. Hughes were the county winners.

For the Assembly: Republicans, Del Vecchio, 3,842; Loree Collins, 3,259; Nicholas La Corte, 3,257; Frank X. McDermott, 3,273; and William M. Weaver, 3,167. Democrats, Henry E. Gaven, 2,480; Robert E. Henderson, 2,477; Robert E. Hughes, 2,389; John H. Weigel, 2,716; and George C. Woody Jr., 3,338. Gaven, Henderson, Hughes, La Corte and McDermott will be going to Trenton.

In the race for freholder, Republican totals were: Raymond Moore, 3,103; Matthew J. Winaldo, 3,242; Jay A. Stenimer, 3,123. The Democrats, all of whom were elected, and their local totals, were: William J. Ahern Jr., 2,859; Hugh Caldwell, 2,806; Arthur C. Fines, 2,813.

The third Democrat to carry Springfield was Sheriff Ralph Orsiccio, an easy winner in his race for another term. He led here, 3,150 to 2,830 for his opponent, Republican Charles E. Rabig Jr.

COST OF SPEEDING: Frank B. Laregina, 18, of Irvington paid a \$35 speeding fine Monday in Springfield Municipal Court, with Magistrate Max Sherman presiding. The youth was charged with driving 47 miles per hour in a 25-mile zone on Mountain ave.

Housewives Enjoy Humanities Course

A college humanities course is drawing a group of Union County housewives from some of their morning chores.

Robert Seyfarth, director of the Union County Regional Adult School at Governor Livingston in Berkeley Heights, reports that the New York University course is attracting "women who are college graduates and who have been away from a good, solid academic course for some time."

He said the non-credit course, entitled "The Responsibilities of the Humanities," is being held for the first time in Union County on an experimental basis and because of its success will continue next term.

The course is taught Wednesday mornings by Mrs. Carol Rose, a member of the NYU Arts in Extension faculty. The Union County Regional Adult School in cooperation with NYU charges \$18 for the study-discussion program, which takes up the philosophies of Plato, Aristotle, Melville, Tolstoy, Shakespeare, Thoreau, Chalkov, Twain, Auden, Whitman and Ibsen. Required reading is assigned.

"Women are finding that this course is beneficial to them for self-improvement and also to review college courses they took a number of years ago," Mrs. Seyfarth declared.

Each year, about 3,500 Union County adults attend classes offered at Governor Livingston; Jonathan Dayton Regional High School, Springfield; and Arthur L. Johnson, Clark.

Among the courses offered this year are "Politics in Action," "Antiques," "Mystery Can Be Fun," "Great Books," "Electronics," "Planning for College," "The Role of the Substitute Teacher," "Education, Today and Tomorrow," and "Opening College Doors."

Also, beginning English, languages, math, typing, and vocational courses such as sewing, cooking, tennis, golf, small boat piloting and various music courses.

'Teahouse' Show Is Being Brewed By Dayton Actors

Intensive rehearsals by a cast of 36 are under way at Jonathan Dayton Regional High School in Springfield, as the senior class prepares to present its annual stage spectacular, "Teahouse of the August Moon," on Friday and Saturday, Nov. 18 and 20, at 8:15 p.m.

John Patrick's Japanese comedy, has been selected for this year's play. Adapted from a novel by Yamamoto, "Teahouse" was originally performed on the Broadway stage by David Wayne, Paul Ford and John Forsythe. Glenn Ford starred in the movie version.

Joseph Trinity, who is starting his seventh year as senior play director, has selected Steve Greenstein as "Sakini," Steve Tasher as "Colonel Parry," Robert Young as "Captain Pilsby," David Rubenstein as "Sergeant Gregovich," Ronnie Greenfelt as "Lotus-Blossom" and Barbara Tropp as "Miss Hilga Jige."

Other cast members include: Terry Sarno, Edie Bell, Lauren Blaustein, Barbara Strum, Joan Werner, Jackie Benner, Ed Harper, Ron Eckstein, Sanford Neuberth and Glenn Friedman. Joann Sarno is the student director. Barbara Kanter is assistant student director, while Terry Sarno is choreographer. Tickets are on sale from any cast member or at the box office.

PLAN CHARITY BALL — Final preparations for the eighth annual Crystal Charity Ball to be held by the Springfield Ladies of Union Nov. 20 at the Governor Morris Hotel, Morris town are, left to right, Mrs. Dominick La Morgese, chapter president; Mrs. Frederick Puorro, prize chairman, and Mrs. James Genovese, chairman for the ball.

Motorist Strikes Two Parked Cars

Three cars were damaged in an accident last Wednesday evening on Mountain ave. at Springfield, according to a Springfield police report.

The report stated that Raymond J. Regenthal 18, of Newark, was driving north on Mountain ave. when his vehicle struck two parked cars. A car owned by Joseph S. Bizer, 40, of Jersey City, which was parked in front of 417 Mountain ave., was damaged on the left rear.

A second car, owned by Dr. Louis Fiedl, 46, and parked in front of his home at 411 Mountain ave., was completely damaged in the rear, the report added. The complete front end of the Regenthal vehicle was also demolished, according to the police.

Unico Ladies Preparing For Crystal Charity Ball

The eighth annual Crystal Charity Ball is shaping up as one of the outstanding events of the Springfield Thanksgiving social season.

The Ladies of Unico of Springfield expect to feature "glamour and glitter" on Saturday, Nov. 20, in the grand ballroom of the Governor Morris Hotel in Morristown, where the "night of gaiety" will be held. Hot hors d'oeuvres and cocktails will be served from 11:30 p.m. and De Costa's society band will play for dancing. Coffee will be served at 1 a.m.

St. Peter's Orphanage on Lyons ave., Newark, will share in the proceeds. In the past, contributions to Overlook Hospital in Summit, the Children's County Home in Mountainside, the former St. Walburga's Orphanage, Roselle, and John E. Runnels Hospital at Berkeley Heights were made possible by funds raised through the Unico Ladies' annual charity balls.

Mrs. James Genovese is chairman and Mrs. Philip Statile is co-chairman in charge of reservations. Mrs. Dominick La Morgese, chapter president will welcome guests. Guests will include Mayor and Mrs. William P. Koopz of Springfield.

Assisting as committee heads are: Mrs. Carlo Casale, tickets; Mrs. Frederick Puorro, prizes; Mrs. Azeglio Pancani, Jr., patron; Mrs. Michael Passero, Jr., publicity; Mrs. Vincent Bonadies; Mrs. Nicholas DiGiorgio and Mrs. Joseph Principe will distribute perfume to each lady.

Others on the committee are Mrs. Anthony Zarello, Mrs. William Royal, Mrs. Vincent Scaleri, Mrs. Joseph Florig, Mrs. Ernest Loguori, Mrs. Nicholas Montanino, Jr., Mrs. William Doland, Mrs. Charles Rapa, Mrs. Bruno Marino, Mrs. Frank DeLino, Mrs. Harry Lorin and Mrs. Joseph DiLeo.

Letter Protests Speed Of Cars Terms Mountain Ave. Perilous

Traffic hazards described as produced by speeding cars on Mountain ave. were protested in a letter sent to the Township Committee last week by David Ross of 381 Mountain ave.

He urged strict enforcement of the 25 miles per hour speed limit and installation of a traffic light at Hillside ave. to slow the flow of traffic.

Police Chief Wilbur C. Selander, following receipt of the letter, said that the 25-mph rate is unrealistic. "The practical enforcement rate now is between 35 and 40," he stated. "It has been that way for 20 years."

Reviewing what he termed a "very fine accident record" along Mountain ave., the chief said that there were eight accidents on Mountain ave., between Hillside ave. and Shunpike rd., in the first 10 months of this year.

"There were no injuries involved," he added. "There was only property damage in all cases." Of the eight accidents, Chief Selander said, four were at the intersections of Hillside or Shunpike and one was at the corner of Kow dr. One involved an auto and a bicycle.

He also noted that the township authorities had requested a 35-mile speed limit for Mountain ave. several years ago, but what the state traffic experts had wanted a 40-mile limit.

"Since there was no agreement," Chief Selander said, "we still have the same unrealistic 25-mile limit."

"I cannot believe that our neighborhood cannot be considered a residential area where there is a solid block of private homes from the Shell gasoline station on Mountain Ave. up past the Walton School and even after this, a row of garden apartments on Route 22. Except for one business area, the balance of this street is strictly residential. And yet, a 25-mile per hour speed limit cannot be enforced."

"In checking with the feelings of our police chief, he states that the speed on our avenue is impractical as it is too slow. Yet, I cannot get out of my driveway and by chance, if I have to walk or ride bicycles with my children between the Walton School area, I cannot even cross the street because the automobiles do not slow down."

"Automobiles coming from Route 22 use this avenue as a speedway. It is a straightaway that has no traffic lights until a car hits Shunpike rd. It is this right?"

"I have been told that you cannot hold the speed down on a new car; that 25 miles an hour is not a reasonable speed. Yet,

if you will look at these accidents, one has only to imagine the terrible damage and injury that can occur when these cars are hurled into people's driveways and front yards. I drive a fairly new car and if my speed goes beyond the limit, all I do is apply my brakes."

I suggest three solutions:

"1. The avenue should be patrolled more often.

"2. The speed limit should be strictly adhered to at 25 miles per hour.

"3. A traffic light should be put on Hillside ave. to break up the straightaway now existing which will slow cars down and permit people to cross this street in that area.

"I feel that in the past, my approach to this serious problem has been very lenient. I now insist that a more constructive and immediate attention be given this problem which now exists in our main thoroughfare in our town.

"I would appreciate an answer to this problem in the very near future.

one of the older school buildings in the town," continued Black, "it was painted over the summer and quite a bit of work was done to it to brighten it up. It is now in ship-shape condition for the children."

According to Black, the school is inhabited by some 240 students — kindergarten through the fifth grade — and is staffed by 11 teachers, "two for each grade all the way down the line, with one kindergarten teacher for a morning session and an afternoon session."

"We also have a number of 'specialist' teachers for art and music and physical education," said Black.

Black, who was born in Philadelphia, was brought up in Cranford. He was graduated from Middlebury College, Middlebury, Vt., in 1954 with a B.A. degree in political science.

At Middlebury, he was a member of the Blue Key (men's national honorary society), captain of varsity tennis, co-editor of the college handbook, co-editor of sports in the school newspaper, he served as an announcer on WRMC, local radio station, and was a member of other school organizations including Chi Psi fraternity.

lyn Kiss of Union). "I was teaching the fifth grade while my then-wife-to-be taught fourth grade classes next door," said Black. (The Blacks have two children, Robert III, who will soon be five, and Patricia, 3½.)

From 1952 to 1964, Black attended Newark State College, Union, where he earned an M. A. in administration and supervision of elementary education.

"ONE OF THE PERSONAL advantages of being employed by the Board of Education," Black says, "is that I am able to get home early enough to spend sufficient time with my youngsters. Actually it is a great big plus in my life."

Black says that he is chairman of a municipal action course in social studies. "It's a system with a scholastic basis. The school also is working on a pilot program on economics in the first grade. Records are played for the children, who follow the records in accompanying texts."

"And of course, you know about our new math program, which had started in a few grades only, and which is now a system-wide program. We are now working on a pilot program to train first graders to develop their motor skills, and they are learning how to identify perceptible motor difficulties."

What does Black do in his spare time?

"Well," he chuckled, "when I'm not busy with the children, I play bridge. It's kind of a hobby. And I like to golf as much as possible."

"I'm not very good at it," he laughed, "but at least I try."

PAYS TWO FINES
Adele Charles, 46, of Newark paid a total of \$27 Monday in fines for two violations. She was fined for doing 47 in p.m. in a 25 mile zone and also with disregarding a stop sign on Prospect st. The fines were levied by Springfield Magistrate Max

HE THEN JOINED the U. S. Army, where he served in the personnel department in Tripler Army Hospital, Honolulu, Hawaii. When Black was honorably discharged from the service, he went to work for a year as a personnel investigator at West-ern Electric Co., Rahway.

The following year he decided he'd like to go into the teaching profession, and attended Panzer College in East Orange, where he earned a certificate in education and took courses in physical education for preparation for coaching.

That year, he became a teacher at Gaudineer. He also was a director in the tennis clinic and was playground supervisor for the Maplewood Recreation Department.

794 Given TB Tests, 1,089 Get Chest Films

A six-month report of work by the Union County Tuberculosis and Health League for its tuberculosis clinic shows that a total of 794 people have been given tuberculin tests, 1,089 people have had screening chest films, 1,215 people have had diagnostic X-rays,

and 711 patients have been seen by the clinic physicians to evaluate their progress and explain their treatment.

The Tuberculosis League provides the clinic and case finding services with funds received from Christmas Seal contributions, aided by a grant

of \$5,000 from the Union County Board of Chosen Freeholders. It was announced this week.

The Surgeon General's Task Force on Tuberculosis last year gave the top priority to the availability of clinic services for unhospitalized active cases, cases inactive less than five years, and contacts of new active cases, and to screening facilities for identifying persons at risk of spreading tuberculosis infection.

The 794 tuberculin tests were given principally to persons known to have been in contact with an active case of tuberculosis, and to associates of young positive reactors to identify the source of infection. Diagnosed through the tuberculin testing and X-raying of reactors were one case of active tuberculosis, and three previously unknown inactive cases. Several children were placed on drug treatment to help prevent their developing tuberculosis, the announcement said.

The 1,089 screening films taken included 292 in the survey of county welfare clients and 797 in the county jail survey. These two screening programs in six months have found six active cases of tuberculosis and two previously unknown inactive cases of tuberculosis.

Because of limited facilities the Union County Tuberculosis and Health League is able to provide diagnostic X-rays only on a priority basis. The priorities are those established by the U. S. Public Health Service and the N. J. State Health Department. The 1,215 diagnostic films taken by the League were for the following priority groups: non-hospitalized active cases of tuberculosis, 87 X-rays; inactive tu-

berculosis cases under treatment, 137 X-rays; inactive tuberculosis cases for check-up only, 149; contacts of active tuberculosis cases, 262; associates of positive reactors in child health conference, five; referrals from jail screening, 169; referrals from other screening projects and from private physicians, 268, and all other groups, 140.

In the six month period 113 new patients visited the clinic and 95 were discharged to other medical supervision, died, or were lost to follow-up.

Nebulized sputum samples were obtained from 64 patients. The number of persons seen in the clinic has nearly doubled in the past three years, the announcement added.

NSC Will Present 'Messiah' Dec. 3; Public May Join

Händel's oratorio "Messiah" will be presented Friday, Dec. 3, at Newark State College, Union, it was announced this week. As has become traditional, interested singers throughout the area are invited to join the chorus along with students, faculty, and alumni in the eighth annual performance of this work at the college, a spokesman said. "We cordially invite you and your musical friends to participate in singing this great work as members of our Festival Chorus," Professor Jack E. Flatt, chairman of the music department and director of the "Messiah" said.

Rehearsals are scheduled as follows: Tuesday evenings, Nov. 9, 16, and 23, from 7:30 to 9:30 p.m. in the Little Theater of the College Center. The final rehearsal will be Nov. 30, starting at 7:30 p.m. with both orchestra and chorus participating on the stage of the college's new auditorium.

Each person is expected to purchase his own copy of the "Messiah." Scores will be available for purchase at rehearsals, he said.

GI-Loan Program Confusion Cleared Up By Official Of VA

Can veterans still get GI loans from the VA to purchase, or build, homes? Has the GI Loan program been replaced by the new Housing Act of 1965 which authorizes the FHA (Federal Housing Authority) to insure loans to veterans? The answer to the first question is "Yes." The answer to the second question is "No."

Apparently, says the Veterans Administration Regional Office in Newark, some confusion exists on the part of both the general public and the real estate industry as to the part which the VA is to play in the field of home financing.

So, this newspaper has asked the Newark VA's loan guaranty officer, Raymond E. Marchese, to clear up the confusion. Here is his reply!

Just Supplemental

"The continuity of the GI Loan Program is in no way affected by the new legislation, and the new law merely supplements existing programs."

"Under the Housing Act of 1965, the FHA is authorized to insure a loan for the purchase of a single-family dwelling for any veteran who has not previously availed himself of GI financing under the Servicemen's Readjustment Act of 1944 as amended, provided of course he meets certain requirements."

"The 1944 Act made World War II veterans eligible for GI financing on the basis of certain criteria and, later, veterans of the Korean emergency were included."

"Since 1962, the entitlement of many World War II veterans has expired, and earlier this year, Korean Service veterans whose periods of service began to be affected by the phase-out formula for entitlement. Those veterans whose entitlement has expired, and who have not previously availed themselves of this benefit, may now be eligible under the FHA program."

"Additionally, any veteran of any war, cold or hot, who is not covered by the Servicemen's Readjustment Act of 1944 as amended, may now be eligible under the new FHA program for low down-payment financing. 'Boon To Veterans'."

"The Housing Act of 1965 was, and will be, for many years to come a boon to veterans who were not covered by the 'GI Bill,' or whose entitlement may have expired without having been used, and such veterans should avail themselves of this opportunity to obtain the housing they need."

"However, the World War II GI Loan Program still has until July 25, 1967, to run, and for Korean Conflict Service, until Jan. 31, 1975."

"Any veteran who is still eligible should seek financing under the GI program since it provides the advantages of NO down-payment loans, rather than LOW down-payments—a rate rate of interest below the FHA requirement which necessitates an insurance premium, and it permits the purchase of multiple-family dwellings not possible under FHA."

"We hope that the real estate fraternity will continue to direct veteran buyers to the most favorable financing and dispel the false notion that the VA is no longer a major force in the field of home-loan financing."

"Hardly more than 40 percent of World War II veterans have availed themselves of GI Home Loan financing and many thousands are still eligible despite the phase-out formula. Only a very small percentage of Korean Service veterans have availed themselves of this financing to date, and many thousands each year are expected to seek GI financing until Jan. 31, 1975."

"All veterans are reminded that they need only telephone or write the Veterans Administration Regional Office at 20 Washington pl. in Newark for a review of their eligibility or entitlement to GI Loan benefits."

Bank's Earnings High Says Study

A study issued this weekend reveals that the stock of the National Newark & Essex Bank is yielding a return of 3.68 per cent, compared to the recent average of 3.30 per cent for the six largest banks in New York City.

Also, according to the report compiled by John J. Ryan & Co., Inc. New Jersey bank stock specialists, the bank's recent 23 per cent increase in nine-month earnings over the same period last year was not equaled by any of the nation's top 25 banks. National Newark & Essex is the third largest bank in the state and 94th in the nation.

Know Your Government

From N. J. Taxpayers Association

Property tax deductions granted veterans and senior citizens, respectively, in New Jersey added approximately two and one-half percent to the total tax levy imposed this year upon all property owners—including veterans and those 65 years of age or over.

The levy to offset the tax deductions this year totals \$32,688,649. This represents 2.6% of aggregate 1965 general property tax levies totaling \$1,233,814,955 for municipalities, schools, counties and districts.

Under referendum approved by the voters of New Jersey in 1963, individual deductions from their tax bills were granted veterans (\$50) and senior citizens (\$80) in order that each person in the State qualifying would receive similar tax treatment within his category. Previously there was a \$500 and \$800 deduction from the assessed value of the property owned by the veteran or senior citizen which meant that the tax value varied widely due to varying local assessment ratios.

The law requires that a senior citizen apply initially for the tax credit with the local assessor by November 1 of the pre-tax year on a State-prescribed form. Qualifiers then must file an annual statement of income with the local collector by Feb. 1 of the year following that in which credit for the deduction was given. Veterans file initially with the assessor by Dec. 31 of the pre-tax year or during the tax year with the tax collector. All deductions are totaled and added as a separate section of the general property tax levy in each municipality to be shared by all property owners.

In Union County the levies to offset tax deductions for senior citizens and veterans' exemptions this year aggregate \$2,715,330. This is 2.6% of the \$105,225,455 total general property taxes levied against property owners in 1965 for county, municipal and school costs, and deductions.

In Essex the tax levy for senior citizens and veterans' deductions is \$3,042,765 or 1.4% of the \$221,781,232 total property tax levy.

The totals are among data included in the 1965 edition of "Financial Statistics of New Jersey Local Government" published by the New Jersey Taxpayers Association.

Ackerson Law Hall Termed Finest Physical Plant In Land

Ackerson Hall, the new Rutgers University law center in Newark, has been hailed by the school dean, Willard Heckel, as "one of the finest physical plants in the country" for a law school.

Completion this fall of the three-story gray building, now occupied by some 385 law school students and the school's staff, marked a milestone in legal education in New Jersey and a giant step forward for the State University in Newark.

Ackerson Hall, on a tract of land fronting on Plane st. and in an area once dominated by shabby tenements, is the first building on the Newark campus built for educational purposes. It will be an integral part of the overall redevelopment of a campus area for Rutgers-Newark.

The Rutgers School of Law formerly was housed in the old Newark YMCA building. Other "academic" buildings include a former brewery, a razor blade factory, a barn and an insurance company building, but the new facility has been carefully tailored to include the latest in physical facilities for teaching law.

The core of the new law center is the law library, which houses close to 100,000 volumes. Students are able to pore over legal books and documents in a third floor reading room constructed to emphasize an airy, natural light quality. During the day, huge windows with specially tinted glass combine with carefully selected lighting to give students the most pleasant atmosphere possible for study.

The second floor of the building is devoted primarily to book stacks, which also take up a sizable portion of the basement. The second floor also contains a vault with controlled atmosphere for the preservation of rare documents.

Large classrooms and smaller seminar groups take up the periphery of the library area and part of the first floor and basement. Also on the first floor are the student-alumni lounge, moot court, and offices of the Institute for Continuing Legal Education.

Ackerson Hall also contains a pentagonal auditorium which seats 240 but can be divided into three smaller lecture rooms seating 80 each.

The hall is named for former New Jersey Supreme Court Justice Henry E. Ackerson, who spearheaded fund raising efforts to help finance the new building soon after serious discussion on it had begun in 1950.

Warinanco To Hold Ice Skating Classes

A complete ice skating instruction program will be offered at the Warinanco Park Ice Skating Center this season. Instruction will be available for beginners and figure skaters, adults and children, the Union County Park Commission announced this week.

Beginner instruction will be offered at the general skating sessions on Saturdays and Sundays, from 12:30 to 3 p.m. This instruction is given by qualified rink guards and is recommended for adults and children who are skating for the first time. The fee for a 20-minute period is \$1.50 plus admission to the Ice Center.

The instruction staff at the Warinanco Park Ice Skating Center includes Patricia Gillen of Clark who has an experienced background in the knowledge and techniques of figure skating, and Janet and Raymond Dusman of Elizabeth, former members of the Ice Capades.

Group instruction is available for a fee of \$18 for 12 lessons held weekly.

For women, a "Katie-Klatch" session will be held on Wednesdays at 10 a.m., beginning Wednesday, under the direction of Pat Gillen.

For "tots" three to five years of age, Mrs. Dusman will conduct sessions also on Wednesdays at 10 a.m., beginning Wednesday.

A series of 12 lessons will be conducted by Dusman on Saturdays, at 1 p.m., beginning Nov. 13, for boys and girls from beginners to advanced figure skating.

Another series of 12 lessons will be conducted by Pat Gillen for boys and girls who can skate forward unassisted. These sessions will be held on Sundays, at 11 a.m., beginning Nov. 14.

In addition to the above instruction programs, there also will be a special instruction program for Brownies and Girl Scouts consisting of eight one-half hour lessons. These classes will be held on weekday afternoons and on Saturday mornings. The fee is \$1 per girl, per session.

Application for the instruction programs are now available at the Ice Center. For further information contact the recreation department of the Park Commission.

"She will bring new and fresh material and ideas to use in the kindergarten art program and every teacher is asked to come prepared with smock and work clothes" an announcement field Miss Mildred Kramer, kindergarten teacher at the Washington School in Union and Mrs. Gladys King, kindergarten teacher at the Dayton School, Summit, are co-chairmen of the program and blazer.

The Union County kindergarten teachers of the Association of Kindergarten Educators of New Jersey will meet at the Burnet Junior High School in Union from 4 to 9:30 p.m. on Tuesday, Nov. 30. It was announced this week.

A representative of the American Crayon Co. will conduct a workshop during the evening session after the dinner hour.

Need To Control Unwanted Sounds Sometimes Answered By Gypsum

The greatest demand in our industry today is to control the unwanted sounds that our automated society has produced. Supersonic aircraft, air conditioners, humidifiers, dehumidifiers, electric fans, electric clocks, everything is automatic, and everything makes noise.

For many years, the means of controlling sound was a problem. Not so today. Now, sound control is one of our greatest opportunities. For simple, fast relief—gypsum wallboard is prescribed.

The public apartment tenor homeowner always has been interested in the control of sound. But this interest has become a fervent demand since the structural trend toward use of lighter materials.

Others vitally concerned with sound are contractors, building

officials, architects and lending agencies.

It is very clear that the market is ripe for more sound control in construction. And the gypsum wallboard industry has developed partition and floor-ceiling assemblies second to none in the field of sound control. Product research—by manufacturers—and testing at independent laboratories has developed a wide variety of gypsum wallboard systems with sound transmission class ratings to meet virtually any requirement.

The old problem of sound control in the building industry has become an opportunity with gypsum wallboard. Now, the kind of control owners and architects need is available—and there is no sacrifice in fire protection, speed, durability and quality.

Wasted Space Could Be Closet

Do you have wasted space in your basement? Put that unused space to work by building a closet to store out-of-season clothes. And to make it doubly valuable and functional, make it a moth-repellent cedar storage closet.

An out-of-the-way cedar closet takes the "pressure" off

the other closets in the house, makes them less crowded and the garments more accessible. It also provides, during the summer months, excellent moisture storage for the family's winter woolen garments.

Building a basement cedar closet is not a difficult job. Frequently the studding for one or more walls is already in place. Such is the case if a portion of the basement has been finished or if some shelving has been constructed. If then becomes a relatively simple matter of finishing the framing with 2x4's or 2x2's, then nailing the cedar directly to the framing.

It's a good idea, however, to use some kind of vapor barrier on all outside walls. Be sure, too, that your cedar closet includes a door which closes tightly so that you get the full effect of the cedar. Weatherstripping the door will help.

Cedar lining for a closet is available at local lumber dealers in pre-packaged bundles containing either random or uniform lengths of lumber. The individual pieces come in easy-to-handle lengths—8 feet is the maximum size—and all are tongue and grooved with matching ends to simplify and speed the installation. Cedar can be applied vertically or horizontally on a solid backing. If nailed to open framing, it is applied horizontally. In any case, use four-penny finishing nails and set them down about 3/4" from the top or tongue edge.

Do not apply a finish to aromatic red cedar. To do so would only serve to destroy the effectiveness of this unique wood. An occasional dusting and light sanding (about once a year) is the only maintenance required.

Blankets, Rugs 'Dryer Cleaned' In Gas Dryer

You may not realize it, but if you own a gas clothes dryer you can be a "dryer cleaning" expert. That means you don't have to send blankets or small rugs out so often to be washed or dry-cleaned to restore their resilience.

Experts of the Gas Appliance Manufacturers Association recommend that you place a blanket into your gas dryer along with a small, damp (not wet) towel, set the dial at low heat and a short time interval, and turn the switch to "on." A brief tumbling will bring new life to your blanket. It will unmat the nap and make it as springy as new.

This "damp towel" technique will also perk up pillows, draperies and bath mats.

In addition, a modern gas dryer can handle any of the new synthetic fabrics, with or without the tumbling action. All that's needed, GAMA points out, is the proper dial setting. Either the instruction manual that comes with the appliance, or the label on the garment, will tell you what the setting should be.

Insurance Should Be 'Remodeled' If Home Improvements Are Made

Earlier this year a homeowner completed extensive remodeling of his home. He enclosed a sun porch, installed wall paneling in two rooms, put wall-to-wall carpeting in three rooms and a new tile floor in the kitchen. He also installed a new furnace and had the house completely rewired.

Less than three months later, fire destroyed everything.

The fire was tragic enough, but the cruelest blow was yet to come—for this homeowner had neglected to "remodel" his insurance when he remodeled his home.

His insurance (a policy he'd carried for years) protected his home against loss up to \$8,000. The contents were insured for another \$2,500. His insurance company delivered a check for

the \$10,500 total within a few days of the fire.

But the homeowner was still a \$5,500 loser. Replacement cost for his home ran more than \$11,000 and an inventory of the contents placed their worth at about \$5,000.

Walter H. Verder, executive vice-president of the State Farm Fire and Casualty, says situations such as this are not rare. He estimates that a very important number of the homeowners in the U. S. are underinsured today.

How can you avoid being underinsured? State Farm has these suggestions:

—Go over your fire insurance-homeowners policy today with your insurance agent. See that it provides adequate funds for replacing any loss you might sustain.

—Make such a checkup a yearly routine. If any additions or improvements are made, be sure similar additions are made to your insurance coverings.

—Take yearly inventories of the contents of your home. Seemingly minor additions, maybe a new sofa, an antique bed set or even new clothes—do create your personal property value and potential loss. Be sure your insurance on these contents is adequate.

WARM BIRDBATH, ROCK-THE CRADLE BY ELECTRICITY

Today there are over 166 electric appliances "helping" the American family live better electrically. Believe it or not, such things as electric birdbath warmers and cradle rockers do exist! You can also have an electric back scratcher or foot warmer, depending on your need of the moment.

Even Fido comes into his own with electric dog clippers and electrically heated dog houses. And fishermen and their wives will welcome the electric fish scaler.

Most of the 166 products are in fairly common usage and the list keeps growing. Ten years ago, who would have thought of the electric toothbrush, pencil sharpener, floor washer or can opener?

4 Springfield Drivers Lose Their Licenses

Four Springfield residents have had their driving licenses revoked under the state's point system, the New Jersey Division of Motor Vehicles announced this week.

Suspended were the licenses of: Douglas J. MacGregor, 28, of Troy Village, 15 days, effective Oct. 8; Richard J. Williams, 24, of 82C Troy dr., 45 days, effective Oct. 16; Peter D. Trappani, 24, of 23 Caldwell pl., one month, effective Oct. 23; and Moe J. Auster, 61, of 36 Avon rd., one month, effective Oct. 14.

Presbyterians Plan For Founders' Day

The annual Founders' Day observance will be held on Sunday at the 11 a.m. worship service, at the First Presbyterian Church, Springfield, when members having membership of 50 years or more will be honored.

Persons to be so honored are: Laman S. Bersler, Mrs. Albert P. Cain, Mr. and Mrs. Thomas R. Douglas, Mrs. Carl H. Fiebler, Miss Marion Gardner, Mrs. William N. Heard, Miss Elsie W.

Leher, Mrs. Frank E. Meisel Sr., Mrs. Herbert Pascoe, Mrs. Harvory M. Roberts, Albert A. Schramm, Alwin F. Schramm, Mrs. William Stoeckle, Mrs. Clifford Willis and Mrs. Frederick Winterberger.

Seventy-three years of membership is the longest term to be honored — this distinction going to Mrs. Clifford Willis, who joined the church on April 3, 1892.

The second in a series of study seminars will be held in the auditorium of the Presbyterian Parish House on Sunday at 7:30 p.m. The study is on the proposed "Confession of 1967" for the United Presbyterian Church, U.S.A. The Rev. Bruce W. Evans and the Rev. Donald C. Weber, ministers of the church, will lead the discussions.

A special committee of the General Assembly of the United Presbyterian Church has worked for seven years on this confessional statement, which restates the faith of the church in the light of the contemporary world.

This statement has now been sent down to the local churches for study and evaluation, and this is what is being done in this three-part seminar being held by the Springfield church. The final session will be held on Sunday, Nov. 14.

Civic Affairs Test Aided By Officers Of Women Voters

Widespread participation in a CBS television program planned for Tuesday to test viewers' knowledge of public affairs, politics and government was urged this week by Mrs. Henry Hunecke, president and other officers of the Springfield League of Women Voters.

Forms for the public affairs quiz are available from members of the league and also at the Springfield Public Library.

Improving the "quality and quantity of public higher education in New Jersey" will be discussed by two panelists at a workshop scheduled by the N.J. League of Women Voters today from 10 a.m. to 2 p.m. in the Glen Ridge Congregation Church in Glen Ridge, the Springfield chapter of the league announced.

Speakers will be William A. Sutherland of the American Cyanamid Co., a member of the State Board of Education, and Dr. Ellis F. White, executive secretary of the Governor's Committee on Higher Education in New Jersey.

Pinto To Present Talk On Finances For Men's Lodge

B'nai B'rith Springfield Men's Lodge will meet Monday at the Springfield Steak House, preceded by a dinner at 7. Art Kesselhaut, program chairman, announced that Robert J. Pinto, assistant trust officer of the National State Bank of Elizabeth, will be the speaker for the evening.

Pinto is a graduate of Lafayette College, with an A. B. degree in government. He attended Georgetown University Law Center and Seton Hall Law School, and is a graduate of the Kennedy School of Government at Harvard University. He was formerly associated with the Prudential Trust Company of New York.

In addition to his other duties, Pinto is in charge of new business development for all branch offices of the National State Bank, including the Springfield branch.

PAINTINGS DONE BY MRS. KAPLAN NOW ON DISPLAY

The paintings of Mrs. Philip A. Kaplan of Archbishop lane, Springfield, are currently on display at the Summit YWCA, along with those of Albert Bros, Jr. Both artists are instructors in the YWCA's art classes.

Mrs. Kaplan attended the Newark School of Fine and Industrial Arts and the Hull Art School, and studied privately with John R. Grabach. Her paintings have been exhibited in many juried shows, including those at the Monclair Museum, the Newark Museum, Bamberger-Newark, the Art Center of the Oranges, and the Grand National Show of the American Artists Professional League. She has also recently had an exhibition at the Paper Mill Playhouse, Millburn.

Mrs. Kaplan is a member of the American Artists Professional League as well as of the Art Gallery of South Orange and Maplewood. Her current exhibition at the YWCA includes oils, charcoal and pastels.

HAMMEN VOTED NOTED SPEAKER IN SCHOOL TALKS

Scott Hammen, of Jonathan Dayton Regional High School, son of Mrs. Ruth G. Hammen, 24 Shor Hill ave., Springfield, was awarded a plaque in recognition of being voted superior member and outstanding speaker of the House of Representatives by his fellow representatives at a National Forensic League Student Congress held at Morris County Courthouse, Morristown Saturday.

Hammen was in competition with 40 fellow representatives from 20 schools in New Jersey. The award in forensics was the third granted Dayton this year. The others were a recognition of excellence at a forum discussion at St. Joseph's High, Metuchen, and first place in a humorous interpretation contest at Seton Hall Preparatory Friday; Jonathan Dayton Regional ranks among the first five schools in the state in awards, degrees and membership in its forensics program.

Dayton Speaker Will Be In Finals

Linda Fingerhut of Jonathan Dayton Regional High School, the daughter of Mr. and Mrs. Jerome Fingerhut of 35 Smithfield dr., Springfield, won first place in a humorous interpretation contest at the north central section of the New Jersey Forensic League held at Seton Hall Preparatory School last week.

The award makes her eligible for the state finals in humorous interpretation to be held at St. Mary's High School, Perth Amboy, tomorrow. Miss Fingerhut's selection was "Next Number, Please," written by Ruth Glascoff. Schools in attendance were Roselle Catholic High, Teaneck High, Seton Hall Preparatory, Union Catholic High, Boonton High, Bergen Catholic High, and Woodbridge High.

SPRINGFIELD ORT TO HAVE DINNER, FASHIONS IN FURS

The Springfield Chapter of the Women's American Organization for Rehabilitation Through Training will have its membership supper next Thursday evening at Temple Beth Ahm on Balltown way. A Fur Fashion show will be featured at the event. Mrs. Leslie Rosenbaum of 55 Shelley rd., supper chairman, announced that cocktails will be served at 7 p.m. Guests, she added, will be charged a small sum which will be deductible from dues if the guest becomes a member of ORT that evening.

The program chairman, Mrs. Sidney Rosenbaum, 45 Christy lane, announced that Schultz Furriers of Newark will present the latest in fur coats, stoles, boas, jackets and suits.

ORT members Mrs. Paul Miller, Mrs. Seymour Sternbach, Mrs. David Zurav, Mrs. Martin Fishbain and Mrs. David Blum-enkrantz will model. Mrs. Irving Goldstein will provide piano accompaniment. Mrs. Paul Miller arranged for the show.

Evening Students At Junior College

Three Springfield residents are among 309 students who are freshmen in the evening session this semester at Union Junior College, Cranford. The evening session at Union Junior College provides a program equivalent to that of the day session. Courses at Union Junior College parallel the freshman and sophomore programs at four-year colleges and universities, and graduates of both the day and evening sessions have transferred as juniors to more than 300 colleges and universities.

Springfield residents who are freshmen in the evening session are: Russell W. Gleitsmann of 14 Hemlock ter., Carol A. Passero of 127 Briar Hills circle and Karl Schiffrauer of 60 Warner ave.

Gleitsmann is majoring in engineering at UJC, while Schiffrauer is a liberal arts major. Miss Passero is enrolled as a special student at UJC.

Methodist Pastors Set Guest Sermons

The Rev. J. Clark Callender of the Union Methodist Church and the Rev. James Dewart of the Springfield Emanuel Methodist Church will exchange pulpits on Sunday, as part of the Northern New Jersey Annual Conference drive for \$500,000 toward the development of Camp Aldersgate, located in Sussex County.

Camp Aldersgate, purchased in 1952, is the center for Northern New Jersey Methodist summer camps, and as improved will provide facilities for family-camping, picnicking and all-year-round retreats and programs sponsored by the conference and individual local churches.

Funds realized from the campaign will repay a \$100,000 loan for the small group camping area, now nearly completed, and will also be used for a swimming pool and bathhouse, a family camping area, a health lodge,

UJC To Break Ground For Observatory

Dr. Kenneth C. MacKay, president of Union Junior College, Cranford, this week, invited the public to attend ground breaking ceremonies Sunday at 3 p.m. for the William Miller Sperry Observatory on the Union Junior College campus.

The observatory will be the first on a two-year college campus, and will contain New Jersey's largest telescope, a 24-inch Newtonian-Cassegrain reflector telescope, as well as a 10-inch refractor telescope. Both instruments will be designed and built by Amateur Astronomers Inc. and contributed to Union Junior College.

Dr. MacKay said the observatory will enable Union Junior College to provide undergraduate astronomy courses as well as other educational projects in the fields of astronomy and space. AAT plans extensive

programs in public viewing of the heavens.

Construction of the observatory is expected to begin immediately and Robert Miller of the architectural firm of Elzasser and Miller of Union estimates the project will take 10 months to complete.

The observatory is being built with a gift from Mrs.

Frederick W. Belnecke of New York City and William S. Belnecke of Summit as a memorial to their father and grandfather, William Miller Sperry.

Sperry, who came to Cranford in 1898 along with two of his brothers, Thomas Alexander Sperry and Joseph Austin Sperry, had much to do with

the development of the Cranford community as all three maintained a sincere and continuing interest in the civic growth of the area. The influence of Mr. Sperry and the

Sperry family is still felt in Cranford today. Dr. Henry J. Misur Crandford, a trustee of Union Junior College, will preside at the ceremonies.

staff cabins and a year-round conference center.

Mr. Callender will deliver the sermon at the 10:45 a.m. service of Springfield Emanuel Church, using as his subject, "A Place in God's Kingdom," with Matthew 19:14-30 as the text.

Mr. Dewart will preach at the 11 a.m. service of the Union Methodist Church, entitling his message, "Speaking a Word of Reconciliation," with Mark 2:15-17 as the text.

Union Methodist Church plans to incorporate the solicitation of pledges and gifts with its "Every Member Canvass" in April, 1963.

The Springfield Emanuel Methodist Church under the chairmanship of David W. Brown, will solicit pledges on Sunday, Nov. 14, at all services, and through a canvass during the following week.

Speaker To Discuss Cake Decorating Art

The art of cake decorating will be discussed and demonstrated by Mrs. Frank Surges at the Summit YWCA's Kaffeeklatsch program on Wednesday, from 10 to 11:30 a.m. A teacher in the Union County Regional Adult School, Mrs. Surges will relate cooking hints and will show how the average housewife can decorate a cake professionally with the minimum amount of equipment as well as inexpensively.

Kaffeeklatsch programs begin at 10 a.m. with a half-hour coffee and social time. The hour-long program follows at 10:30. Concurrent activities for children of mothers attending the program include baby sitting for infants 18 months and over and dance and rhythm classes for 3 to 5-year olds. This week's Kaffeeklatsch will be the last in the fall series of Wednesday morning programs.

FAMILY LIFE TODAY

By PHYLIS ORRER

HOW OLD IS OLD ENOUGH?
How many times do we hear a teen-ager's mother say, "You're old enough to know better?" Almost as often, we hear her say, "You're not old enough to do that!"

Adolescence is confusing to adults and also to adolescents. Teenagers feel more grown up than they ever will again. They constantly struggle to impress parents and other adults that they are grown up. They want adult independence, freedom, and responsibility.

Yet at the same time, teenagers do not have the wisdom of experience that accompanies adulthood. In most instances, they must learn through their own experience and not by the experience of parents or other adults. Too often parents resist allowing teenagers to learn from mistakes.

Young people are not emotionally mature and are not as sure of themselves as they pretend to be. At times, they actually retreat into childhood because of the need for security. At these times, they want parents to treat them as children.

Until much more is known about the age of adolescence, the confusion and mistakes will remain. But these need not be serious. Young people need freedom to grow into adulthood. They need freedom for independence, for experience, freedom to be "almost adult." And at the same time, they need parental love and security whether, at the moment, they feel like an adult or a little child.

A number of prominent persons will speak, including Arthur S. Goldman of the Urban Renewal Service and James C. Massey of the National Parks Service.

THEFTS TRIPLE

Auto thefts in the United States have nearly tripled since 1948, according to the Insurance Information Institute. There were 163,400 cars stolen in 1948 and 466,805 in 1964. Authorities stress that the best way to safeguard your car against thieves is to lock it and take the key with you.

Tips for TODAY'S HOMEMAKER

From MARY ARMSTRONG, County Home Economist

ON COOL DAYS, HOT POTATOES EVEN AS SALAD ARE WELCOME

Potato prices are back to near normal. This is good news for the average housewife who knows that potatoes are nutritious and filling. A bountiful potato crop is the reason for the lower retail costs.

Potato prices normally are at their lowest point in late October and early November. The cost has sometimes been as low as two cents per serving for fresh white Eastern potatoes. But last fall prices were far higher because of short supply.

Western potatoes are often higher in price than Eastern potatoes because of the transportation costs. Currently the cost of the variety known as "Idaho Bakers" is about double that of locally grown potatoes. Both Maine and Long Island, however, are now growing more of this variety correctly called "Russet Burbank."

Storage space and temperatures may limit the amount of potatoes you purchase at one time. It is, however, usually more economical to purchase more than a few pounds at a time, especially for a large family. Potatoes keep best in a cool dark, well ventilated place.

The best reason for buying potatoes in any quantity, is however, their popular appeal prepared in a wide variety of different ways. The old stand-

ards such as mashed potatoes, baked potatoes, scalloped potatoes, home fried and French fried potatoes, and cream of potato soup are still popular. Some less usual potato dishes are hot potato salad, potatoes au gratin, and baked stuffed potatoes. The hot potato salad is even easier to make than the typical summer picnic version made and served cold.

Hot Potato Salad
6 medium sized potatoes (balled in their skins)
1 small onion, chopped
1 tablespoon chives and/or parsley
2 slices bacon, diced
4 tablespoons mild vinegar
4 tablespoons bacon fat or salad oil and bacon fat
Salt and pepper

Cook potatoes, peel, dice and keep warm. Fry diced bacon until crisp; drain (save fat). Combine vinegar, sugar, salt and pepper with bacon fat; heat to boiling. Add onion, chives and bacon to potatoes. Pour dressing over potatoes. Cover and keep warm until ready to serve. Garnish with parsley.

Potatoes Au Gratin
1 1/2 cups milk
2 tablespoons flour
2 tablespoons butter or other fat
1/4 pound chives, washed
4 cups cooked diced potatoes
1 cup buttered bread crumbs
1 teaspoon salt

Prepare a sauce with the milk, flour, fat and salt. Add

the cheese and stir until melted. Place the potatoes in a shallow, greased baking dish. Pour the cheese sauce over them and cover the top with the buttered bread crumbs. Bake in a moderate oven 20 to 30 minutes or until the crumbs are golden brown and the potatoes are thoroughly heated.

Stuffed Baked Potatoes
3 large flat potatoes
1 tablespoon butter
Salt and pepper
3 tablespoons hot milk
Bake potatoes 45 minutes in

hot oven (425° to 450° F.) or until soft. Remove from oven, cut in halves lengthwise, scoop out inside. Mash, add butter, salt and pepper and milk. Refill shells, bake five to eight minutes in very hot oven (450° F.).

Ask Amy

BY AMY ADAMS

Dear Amy:

Our daughter (18) has dated a couple of "big boys" recently. Now she has a boy who is a graduate of high school. She thinks she likes him, would like him to come to the house and also date him.

The trouble is: he had been involved in a sex affair during the time he was in grade school, involved in petty thefts and is of a different religion. Most of his teachers have said he was a problem boy in school.

With these things against him, how is this situation handled? Do we tell our daughter not to date him... or allow it?

Does a 16-year-old really know how she feels about certain boys? Troubled Parents.

Dear Parents: A 16-year-old girl THINKS she knows how she feels about boys... but her feelings are to oversee her friendships. The wrong ones can be damaging.

Do not permit her to date this boy unless he has changed and his present behavior patterns are acceptable to you. And don't take just anyone's word for it, find out for yourself!

Dear Amy:

I am writing you in the hope that you could tell me where to write regarding something I have been wanting to do but haven't the vaguest idea of how to go about it. I would like very much to write to any of our servicemen who are serving in the way in Viet Nam. I am thinking especially of those men who may have no one to write to them, or any of these wonderfully brave men risking their lives daily to fight the spread of a "world without peace" who would like to correspond. Perhaps in some small way it would aid in their morale to hear something other than the ravages of war.

Receiving "letters from home" to me, would be a most precious thing. It seems this is the least we can do to keep up the morale of these men and give them something to look forward to. So, Amy, if you know to whom I should write to get the names of some of our fighters for peace, I would greatly appreciate it. MRS. J. M.

Dear Mrs. J. M.: I'm glad you asked as I have received many requests from many wonderful people wanting the same information. I have been informed that the Y.M.C.A. has groups of girls who write to servicemen all over the world. Contact your local chapter.

Good luck, good writing, and God Bless you!

Dear Amy:

Help! Help! My poor house! I have a dear friend (?) and a good neighbor who truly in a time of need is always ready to help. But she has four children who get into everything the minute she hits the front door. The 3 year old boy starts pounding on the piano, then moves on to my son's \$80.00 typewriter and finishes by pulling apart his room. The other children wind up in my daughter's room, playing with and banging everything in there.

The mother hears and sees nothing of what's going on! We just finished remodeling our house; now furniture (the best we could afford) plus a new rug (after 13 years), but she doesn't stop her youngest children from coming in with grape pop (horror!) or peanut butter

THE MISTY MAGIO of the Irish countryside... the Upper Lake of the Lakes of Killarney in County Kerry, Ireland (South) where leprechauns abound of course...

A FEMININE LOOK

Commentary on a recent National Newspaper Association Study Mission to the British Isles and Scandinavia

By TRUDINA HOWARD

Third of a Series
THE IRLANDS
In the United States we wonder what the governor of North Carolina said to the governor of South Carolina, but in Europe one wonders what the prime minister of North Ireland will say to the prime minister of South Ireland. And not only what, but **WHERE**.
Apparently nothing is said between them as a rule, for when our National Newspaper Association Study Mission Group was in "the Ireland" this summer, there was quite some excitement about a meeting.

He also told us about his attempt to get to Texas. "I've been to meet every state," he said, "but not to Texas." Then he related how he approached it from the east side and from the west side and that his actual goal was Texas, but something always prevented me," he said.

what they are today, both Irelands may find they belong to the same club, and, economic pressure being what it is, they may also find that in spite of themselves, the economies of the two regions will become increasingly reciprocal — and what will THAT do to togetherness? ???
AT ANY RATE, whatever way Ireland — all Ireland — is a charmer: the North of Ireland, the South of Ireland, the president, the prime minister, the people, the places AND the leprechauns. Of course there are leprechauns: Do you doubt it? In Ireland you wouldn't. It seems perfectly logical when you are there. Many people thought we had one right on our private bus.

Rutgers Students Display Support Of Policy On Viet

Nearly 60 percent of the 8,700 students at the men's college of Rutgers University have signed a petition supporting current U. S. policy in Viet Nam, it was announced this week.
More than 3,250 signatures have been obtained by a small group of volunteers who began circulating the petition at Rutgers a week ago, the announcement said.
The signatures are scheduled to be presented to Senators Clifford P. Case and Harrison A. Williams and the New Jersey Congressional delegation tomorrow in Case's Washington office.
The drive to show support at Rutgers for American actions in Viet Nam was organized and sponsored by officers of the Rutgers-Douglas Youth Citizens for Hughes and the Rutgers-Douglas Young Republicans.

Following the successful completion of its 53rd Annual AKC Licensed Field Trial recently, the New Jersey Beagle Club will hold its next trial beginning Sunday, Nov. 14. The November field event will be for dogs only. All age hounds will be permitted to run.
In the recent trial, held at the club ground on Hollow rd. in Bella Mead, Skuller's Lou took the field championship over 144 entries. Judging was handled by Paul Hastings and Ken Brittain of Delaware with Art Curran of Cedar Grove as field marshal.

HEALTH HINTS

PERILOUS HAVEN
With the coming of cold weather it is natural for people of all ages to spend more time indoors. We come into the house to keep from dying of exposure, but equal or even greater threats to life and limb can often do lurk within the encompassing confines of home.
Stairways, waxed floors, worn carpets, skidding throw-rugs, fragile chairs, slippery bathtubs—all can traitorously topple you. Faulty electrical outlets, appliances, fixtures, and cords can shock the life out of you. Leaking gas pipes or stove flues threaten to asphyxiate you. Poison waits for the unwary one who carelessly dips into disorderly medicine chests or storage cupboards.

As president of Ireland in the south, de Valera stands for Ireland. The South Irishlanders would "rather fight than switch" also. The only way for Irish unity THEY say, is for Northern Ireland to forsake the United Kingdom status and join the Republic of Ireland in independence.
And so, apparently, never the twain shall meet. Ironically, individual Irishmen seem to yearn for a "single" Ireland, but not one of them seems willing to concede doing it any way but their way. So surely, the twain will have trouble.
There is, however, a provocative little fact hanging about which is subject to much lively discussion. Ireland (south) feels it will be a member of the European Common Market by 1970, but despite its differences with the United Kingdom of Great Britain and Northern Ireland, it still is closely tied to them commercially and economically, and claims it will not join the Common Market unless Britain does. So, economics being

we met Captain the Rt. Hon. Terence O'Neill, DL, MP, at an evening reception in the ballroom of "Stormont", the palace-type parliament building on top of one of the highest hills in Belfast. The "Captain" title derives from service in a regiment during World War II, and the "prime minister" title goes with the position, but actually, since Northern Ireland is a country within the UK, it is more a governorship. Either way, Captain O'Neill was tall, young, gay, gracious, intelligent, and we were impressed.

AS FOR IRELAND (south) we did not meet the prime minister who is a full prime minister, but we did meet the president, Eamon de Valera, who seems to hover over Ireland forever, like an Irish de Gaulle. He

\$3 Million Ready For Yule Savers

"Checks totalling over \$3,000,000, which includes \$20,000 in dividends as a bonus, were prepared last week for 21,240 members of the Howard Savings Institution's 1965 Christmas Club," stated Howard President John W. Kross.
Commented Kross, "This fine record is indicative of the popularity of our reward system of paying dividends on all completed clubs. We will again pay a dividend, in the form of a bonus to all who complete their 1966 Christmas Club accounts." "Spurthamers," Kross continued, "Effort does not really end with the payment of the Christmas Club. We are expecting about one-third of those outgoing checks to be returned to us as new accounts or as additional deposits on regular savings accounts. The balance of the funds was expected to be used to 'spend' holiday or year-end expenses."
The Howard opened the 1966 Christmas Club at all 10 of its offices Monday.

Fire Volunteers Meet

The 12th annual meeting of the New Jersey State Firemen's Association will be held Sunday in the Harmony Township Volunteer Fire Company headquarters, Harmony Township, near Phillipsburg. Frank Cruts Sr., president of the Association, will call the meeting to order at 2 P. M. The main items of business for the expected 160 delegates will be preparation of a legislative program for 1966 and election of officers for the coming year.

Fund-Raising Ball

The Fourth Annual Golden Bell Ball, which will ring in funds for the New Jersey Association for Mental Health is scheduled for Saturday in the ballroom of the Governor Morris Hotel, Morristown.
The affair will begin with cocktails at 7:30 and dinner at 9:15. A formal dance will follow.

Pirates, Jets Chase Once-Beaten Bullets

The Bullets suffered their first defeat of the season last week in the Boys' Thursday Afternoon Bowling League but still managed to retain a slim one-game lead in league play. The boys bowled every Thursday afternoon at the Springfield Bowl. The league is sponsored by the Springfield Recreation Department.

The Jets caused David Epstein with a 240 series was high bowler for the Raiders.

The final match of the day saw the Rockets top the winless Hurricanes twice. Marc Hollander with a 240 series, and Steve Harris with a series of 225 paced the Rockets to this pair of victories. Stuart Liebesskind at 221 and Bill Harlem at 215 were top men for the Hurricanes.

David Epstein continues to pace all the league's bowlers. David's season average is 133. Robert Shindler at 132 and Danny Weiss with 131 are second and third respectively and have cut into Epstein's league lead.

Regional Football Team Faces Undefeated Westfield Gridders

By MYRON MEISEL

The Jonathan Dayton Regional High School football team was defeated here last weekend, 25-13, by Cranford High School and will face the top team of the Watching Conference, Westfield High School (5-0), at home this Saturday. Dayton is now 1-4-1.

The Cranford game last week was unusual in the amount of scoring. Both teams moved the ball considerably. Dayton played basically a running offense, relying especially on the speed of left halfback Dan Ginter, who amassed a total of almost 100 yards in personal rushing yardage.

The decisive factor in the game, however, according to head coach Herb Palmer, was the breakdown of our pass defense. Cranford produced an amazingly accurate aerial game, piling up over 200 yards in passing.

Ginter and Anthony then crashed through for nine and 12 yards respectively, and Dayton quarterback Steve Hartz, working with Ginter, brought the Bulldogs another first down on the Cougar 26.

Anthony taking a handoff from Hartz, then forced his way to the 2-yard line where Ginter hopped around the left end for a touchdown. Ginter also scored the extra point which placed Dayton in the lead, 7-6.

Cranford Rebounds But the Cougars sprang back starting on their own 37, they swept back when Bulldog tackle Al Lobballo caught Nordstrom behind the line of scrimmage for a loss of several yards. Again a pass saved Cranford.

Otherwise, the Dayton team continued the balance that had been displayed against Scotch Plains. We are really moving the ball, and our blocking is considerably tighter. Our line on defense has been exceptional.

Upsets Jam League At 3-3 For All Teams

After the conclusion of three full weeks of competitive bowling in the Girls' Recreation Bowling League, each team in the league has an identical won three, lost three record. The girls bowl each Tuesday afternoon at the Springfield Bowl in a bowling league sponsored by the Springfield Recreation Department.

These upset sweeps were rolled by teams in the league last Tuesday to provide the impetus for this unprecedented six-way tie for first place in a six team league.

The first of these upsets was rolled by the Rockin' Bowlers, who swept two games from the front running Alley-Oops. Kathy Tonko with a 186 series paced the way for the winning Rockin' Bowlers. Bonnie Baskin was the high bowler for the Alley-Oops with a 175 series, Debbie Kiebler with a 175 series was effective for the winners, while Kathie Summerville's series of 172 scored well for the losers.

The second of the three upsets was posted by the Star Bowlers who tripped the Charmers in two games. Karen Luber with a very fine 210 series paced the Stars with help from Carol Hamman, who rolled a 189 series. Sally Haines with a 190 series was high for the Charmers.

The final match of the day saw the Alliettes sweep a two-game series from the Strikers. Alyse Cooper with a 228 series and Sharon Gagnon with a 220 series paced the Alliettes to a pair of run-away victories. Virginia Vogt with a 189 series was the high-bowler for the Strikers.

Three consecutive firsts followed. Subback Mark Anthony plowed through for nine yards, halfback Hank Knapinski and Ginter took handoffs for 10 more yards, and Ginter sprinted 12 yards through the Cranford line. Then a Dayton fumble ended the drive and the quarter.

It was the second quarter which was the crucial point in the game. On the Cranford 19-yard line, the Cougar left halfback ran for eight yards to begin the Cranford advance. On the next down, right halfback Jim Baker broke loose around the night for a big gain of 33 yards.

Now on the Dayton 40, Cougar quarterback Don Nordstrom faded far back and for the first time in the game showed the accuracy of his passing. A long 25-yard pass to Baker on the Dayton 16 gave Cranford its first touchdown.

Dayton immediately exploded back. A deft kickoff-rückback of 22 yards by Ginter began the Bulldog advance. Ginter drove for eight, and Anthony for three to give a first down to Dayton on the Cranford 47.

Harriers Sweep Top Four Places In Beating Clark

The Jonathan Dayton Regional High School cross-country team dashed to its second straight victory last Tuesday over Arthur L. Johnson Regional High School of Clark, 38-17.

The squad will race Hillside High School this Tuesday. Sparked by the addition of a sixth man, Ken Shatten of Springfield, the Dayton harriers swept the first four places, as well as seventh and eighth.

Captain Ronald Fry again ran first, with a time of 13:32 over the 3.1-mile course. Row Boesford, Bob Middleton and Bill Apper placed second, third and fourth, respectively, all less than a minute behind Fry. Shatten ran seventh and Tom Knott took eighth to complete the Dayton victory.

Coach Marty Tapfenti believes the team will have a difficult race against Hillside. "They're an experienced team with an experienced coach. They've been in general, their times have been faster. I doubt if we can beat them."

Black Hawks 6-0 In Boys' Bowling Rangers Second

The Black Hawks continue as the lone undefeated team in the Recreation Department's Boys' Bowling League. After the conclusion of three weeks of competitive play, the Hawks stand alone with a 6 and 0 record, followed by the Rangers with a 5 and 1 record.

The Rangers continued their high scoring last week as they rounded the hitting in two games. Mitch Wolf rolled a season high series of 322 to pace the winners. Wolf's series was the highest of the year in all the Recreation Bowling Leagues.

On the strength of his high series, last Friday Mitch Wolf raised his season average to 141. This is high average in league play. Jeff Slater has a 127 average for second place. Jay Silverman is holding third with a 125 average. Howie Fisherman at 119 is fourth, while Greg Spoor is fifth with 116 average. The remaining bowlers in the league's top ten are Gary Neifeld, Howie Levine, Billy Schwab, Bloh Freundlich, and Alan Schlangor.

erback sneak by Nordstrom scored for the Cougars, now ahead 12-7.

Three Dayton incomplete passes gave Cranford the ball again on its 20-yard line. After hammering out a first down, a 45-yard penalty against Dayton advanced the visitors to the Dayton 44. A sudden long pass to Detering far downfield was good for 27 yards. Now on the Bulldog 18, Nordstrom hit the Cougar left end in the end zone to widen Cranford's lead to 19-7.

In the second half, the Dayton offense picked up. From the Dayton 48, Ginter and Anthony forced their way up to the Cranford 35. Hartz then threw a short pass to end Glenn Cole for nine yards, a play which sparked Dayton greatly.

From the Cougar 26, halfback Hal Hansen moved up 11 yards on another short pass. Anthony closed the remaining yardage, disingling through the Cranford line for the touchdown.

The action generally eases up until late in the game, with Dayton having slightly stronger play. Then from the Dayton 42, Cranford was penalized 15 yards. Nordstrom instantly recovered, leaving a 57-yard bomb to his right end for the final touchdown, giving Cranford the game, 25-13.

Distaff Bowlers

Leading lady in the Temple Beth Ahm Sisterhood Bowling League last week at Hazyway Bowl was Audrey Cole with 175-49. The Adler team leads with a record of 15-3, followed by the Popper and Lipton squads.

Audrey Wildman, with a 117 average, bowled a 423 series. Other high scores included Carol Popper, 161-42; Bernice Kitzner, 171; Shelley Waite, Irma Rosenthal, 163-43; Susan Sanders, 157-45; Frisita Pedeloff, 410; Helen Neubarth, 418; Shirley Kurtz, 187-458.

From the Sperry Memorial Observatory

Amateur Astronomers, Inc.

BY DR. A. C. ASHCRAFT, JR.
Amateur Astronomers, Inc.
Visual and photographic observation of the surface features of the planet Mars have been considerably hampered by the great distance of Mars and by the blurring effect of the Earth's turbulent atmosphere. The great distance requires that large telescopes with high magnification be used to make visible or "resolve" small surface details. However, one finds that the shimmering distortion and blurring caused by atmospheric turbulence are also greatly magnified along with the image of the planet.

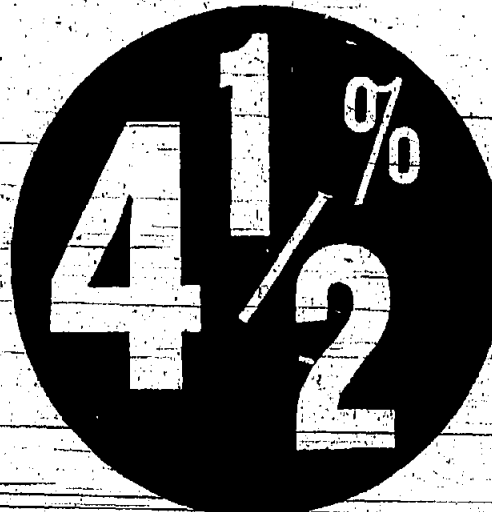

Freeping at Mars under these conditions, some observers have "seen" and drawn a network of linear features covering the whole globe of Mars. These linear features are the famous "canals," first reported by the 19th century astronomer, Schiaparelli, and later widely publicized by Percival Lowell and his associates. Other observers saw nothing at all other than the large dark "Maria" or seas and broad, rust-colored "deserts."

Still other observers, using very large telescopes under excellent observing conditions have reported seeing linear patterns of small dark spots and patches. They report that the slightest increase in atmospheric turbulence causes these spots and patches to blur and fuse together, giving the impression of a continuous line. They naturally maintained that the observers who saw the canals were really "seeing things" that were not there, but a considerable amount of controversy has been generated by this subject.

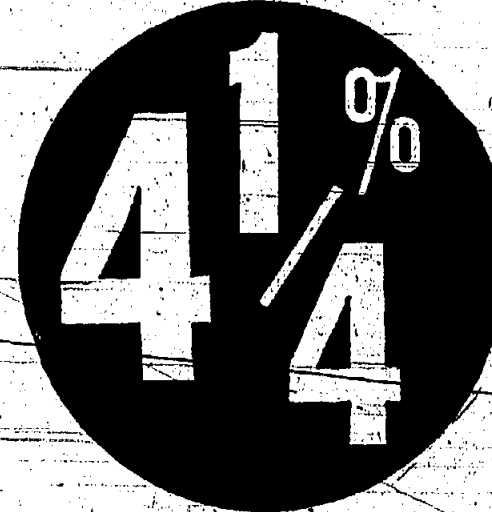

Beginning with frame three, however, a new and almost completely unexpected type of surface feature was found. In this and later frames shallow oblong or circular depressions were seen in great profusion. These depressions bear a striking resemblance to the craters of our moon. In the small strip (about 1 percent) of Mars observed by the telescope of Mariner IV, the craters have about the same size distribution and number as found upon the lunar highlands. But during the whole sequence of frames, no feature could be seen that would correlate at all with the position of canals drawn upon some Mars maps.

HARMONIA'S NEW RATES

EFFECTIVE JANUARY 1, 1966

NEW "HI-RATE" INVESTMENT SAVINGS ACCOUNTS

NEW "HI-RATE" REGULAR SAVINGS ACCOUNTS

NO HIGHER RATE IN THE GARDEN STATE

TO REWARD HARMONIA SAVERS WITH LONG-RANGE GOALS WHO WANT HIGHER EARNINGS, the bank introduces the INVESTMENT SAVINGS ACCOUNT effective January 1, 1966, which will give depositors 4 1/2% a year return after deposit has remained in the account for 4 full quarterly periods.

Until a deposit shall have remained in an Investment Savings Account for four full quarterly dividend periods, it earns dividends at the rate applicable to Regular Savings Accounts — 4 1/4% per annum, effective January 1, 1966 computed in the same manner. At that time the deposit will receive a special dividend — presently 1/4 of 1% per annum, for the preceding four full quarterly dividend periods. The current rate on Regular Savings Accounts, if continued through the four full quarterly dividend periods following a deposit, plus the present special rate, would therefore produce earnings at the rate of 4 1/2% per annum on the deposit for such periods.

Thereafter, the deposit will be credited quarterly with dividends at the Investment Savings Account rate declared by the Board of Managers from time to time, which will be composed of the then Regular Savings Account dividend rate, plus the additional rate then in effect.

INTEREST ON HARMONIA REGULAR SAVINGS ACCOUNTS will be at annual rate of 4 1/4% starting January 1, 1966 — compounded and paid 4 times a year on all balances of \$25 to \$50,000.

IT WILL PAY YOU TO OPEN AN INVESTMENT SAVINGS ACCOUNT OR ADD TO YOUR REGULAR ACCOUNT... NOW!

Remember — your Harmonia bankbook can be used at both Harmonia Offices.

The "Hi-Rate" INVESTMENT SAVINGS ACCOUNT is ideal for long range savings goals such as a new home, a car, retirement, college education, as part of an estate-planning program, etc. Although this type of account has income advantages, it is, however, a wise thrift habit to keep some funds in a regular savings account... readily available for financial emergencies and opportunities.

LOAN ADVANTAGES

YOU CAN BORROW ON YOUR INVESTMENT SAVINGS ACCOUNT just as you can on a regular savings account. Present your bankbook and we'll arrange your loan in a matter of minutes.

SPECIAL PASSBOOKS

Special passbooks for Investment Savings Accounts will be required, and will be issued upon an initial deposit of \$1,000. Additional deposits and withdrawals may be made in multiples of \$500, but dividends may be withdrawn in any amount. The balance in such an account shall be not less than \$1,000 and shall not be more than \$50,000, except as permitted by law. If balance drops below \$1,000, account must be closed or transferred to regular savings account in which case it would be without loss of dividend at regular rate.

Open your Investment Savings Account now by mail or at our Morris Avenue or Union Square Office. It will start earning interest at the new higher rate on January 1, 1966. Regular Savings Accounts may be transferred at any time without loss of interest.

Woman At Ormont; 'Ippress' File' Next The Married Woman, French adult film, opened yesterday at the Ormont Theater, East Orange. It has Macha Merrill and Philippe Leroy in leading roles.

On Wednesday, the Ormont will start an exclusive engagement of "The Ippress File," Universal's suspense drama of international espionage in Technicolor and Techniscope. The film, produced by Harry Saltzman (who co-produced "Goldfinger," "From Russia With Love" and "Dr. No"), is based on Len Deighton's best-selling novel, and features Michael Caine and Sue Lloyd. Caine, a new star discovery, portrays an intelligence agent who finds himself hurled into a tangled web of treachery in the complicated, professional game on world espionage.

KHMI Kondrashin will conduct the Moscow Philharmonic in its single concert Dec. 2 at Symphony Hall in Newark. (The Mosque Theater.) Soloists in this Moe Septe presentation will be the husband-and-wife team of Galling Vlahnevskaya, Bolshoi Opera soprano, and the noted cellist Mstislav Rostropovich.

Kondrashin was born in 1914 to a musical Moscow family—his mother and father were violinist and violist, respectively, in the Bolshoi Theater orchestra.

After early experience as a pianist, Kondrashin held conducting posts at both the Stanislavsky - Nemirovich-Danchenko Musical Theater and the Bolshoi in Moscow, as well as the Malý Opera Theater in Leningrad. In 1960 he became chief conductor of the Moscow Philharmonic Orchestra.

Polish Arts Club Will Offer Opera

Mrs. Stanley Jaworski of 575 Golf Ter., Union, is distributing tickets locally for a concert version of the opera, "Halka," to be sponsored on Sunday, Nov. 21 by the Women's Club of Maplewood and the Polish Arts Club of Newark. The concert will be at the women's club.

Montusko's opera tells of a Polish girl who forsakes her childhood sweetheart for the love of a noble and is then rejected. Armen Boyajian of Paterson will narrate. Soloists will include Myra Genis, Theresa Minocci, Richard Boyajian, Robert Swaisons and Paul Pliska.

'Stop The World' Is Set To Open At Paper Mill Playhouse Tuesday

"Stop The World, I Want to Get Off," the Leslie Bricusse-Anthony Newley musical that ran for 18 months on Broadway, opens at the Paper Mill Playhouse Millburn for a two-week run, beginning Tuesday.

Kenneth Nelson and Joan Eastman, who replaced Anthony Newley and Anna Quayle in the original production and in a subsequent national tour, will co-star in the production. The entire cast has been associated with the musical either in its original Broadway version or the national tour.

Because of an early demand for tickets for the following production, "Mary, Mary," the Jean Kerr comedy, starring Betty Palmer and Barry Nelson, its run will be extended one week. Performances are now scheduled for Dec. 28 through Jan. 16. There will be two per-

WEEDER'S DIGEST By Your Rutgers-Garden Reporter MORE QUESTIONS Did your willow tree seem to come alive with bugs this year? If it did, you have lots of company. Mr. T. H. E. described clusters of small black insects and lots of "sap" running down the tree. When is the best time to transplant roses from a Shore home? asks Miss M. C. The first of November is the favored time, according to Donald B. Lacey, specialist in home horticulture. Roses should have gone dormant by then. W. H. likes his sour cherry tree, but can't stand the mess they make when they fall. What about a spray or something to keep the tree from beeing? Such a spray works with some trees, but not the cherry, says Ernest G. Christ, fruit specialist. Mr. H. now has a copy of the free Rutgers Leaflet, "Small Trees for New Jersey Home Grounds," in case he wants to try another tree. You may have a copy, too, by writing to your county agent or Garden Reporter, Rutgers University.

'Progress Program' Campaign
Resumes At Overlook Hospital

The \$6,500,000 "Progress Program" for Overlook Hospital has
opened its 1965-66 campaign
season with a gift of \$115,000
from the Overlook Women's
Auxiliary, first installment of
the Auxiliary's \$200,000 pledge
to the hospital building fund.

Mrs. David S. Loudon, president
of the Women's Auxiliary pre-
sented the check this week to
Overlook's director, Robert E.
Heinlein.

"Overlook greatly appreciates
this splendid contribution to-
ward its new wing," commented
Heinlein. "The Women's Aux-
iliary has undertaken many fund-
raising projects to raise this
money and we appreciate the
devoted work of its 2,200 mem-
bers."

Summit YWCA Schedules Features
For Annual 2-Day 'Winter Market'

The Summit YWCA's annual
two-day all-association fund-
raising event, "Winter Market,"
scheduled for Wednesday and
Thursday, Nov. 17 and 18, will
take over the entire YWCA
building on those two days.

The downstairs of the YWCA
will be devoted to Santa and
festivities to delight the hun-
dreds of youngsters who attend.

Construction on the new wing
is already well under way, with
foundations laid and framework
on the first floors beginning.

Churchmen Plan
Children's Party

"Feasting, films and fun" will
highlight the annual Men's Club
father, son and daughter ban-
quet scheduled for Saturday
evening in the Parish House of
the First Presbyterian Church,
Springfield. The festivities will
get under way at 6:30 p.m.

The children's portraits will
be done this year by a profes-
sional portrait artist, Mrs. Fred-
erick Eberhardt. A sample of
her work is now on display at
the YWCA. Reservations to have
a child's portrait sketched may
be made by calling Mrs. Keith
Mount at 484-5407.

The Auxiliary provides many
free services for Overlook pa-
tients as well, such as the book-
cart, diversional therapy, art
and pediatric play cart, and binde-
dolls, augmented by volunteer
hours in virtually every depart-
ment of the hospital.
