Local Park Use Urged For Rt. 78 Land Sale Funds

Library To File For Federal Aid

The board of trustees of the Springfield Public Library this week announced its intention to apply for a federal grant of \$50,000 toward the construction of a new library. Under the Library Services and Construction Act, P. L. 87, local public libraries in New Jersey may apply for funds up to \$50,000.

The intent of the grant is to enable New Jersey to construct quality public library buildings with a combination of federal and local money. Applications must be filed by Jan. 15, 1966.

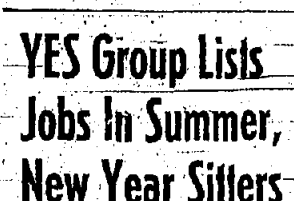

For months the Township Committee—and the library's board of trustees have been working out details that would enable Springfield to meet the qualifications for such a grant. A public hearing is planned for late December, at which drawings of the proposed library will be on display, as well as floor plans. The architecture is intended to be in Colonial style, in harmony with other public buildings in Springfield, a library spokesman declared.

The new library to be erected in a more central location, is expected to have 15,000 square feet of space, as compared with approximately 8,000 square feet currently utilized in the present building. In the new building it will be possible to have all departments on one floor.

The book collection will no longer be on three levels, and it will not be necessary to climb stairs to reach the children's room. Book deliveries will be made at a back entrance instead of being carried through the library—and up two flights of stairs as is now the case.

Preliminary plans call for adequate seating areas for adults and young people, study areas, and a browsing area, in addition to the children's section.

The present library building will be retained as the Donald B. Palmer Museum and contain the library's historical collection, New Jerseyana and rare books.

YES Group Lists Jobs In Summer, New Year Sitters

Residents who want babysitters for New Year's Eve were urged by the Springfield Youth Employment Service this week to make their reservations immediately.

Noting that many people who waited until the final day last year were unable to obtain sitters, the YES office advised prompt action. Details are available from the YES office at Town Hall, DR 6-8800. The statement added that all sitters recommended have provided references and may be considered reliable.

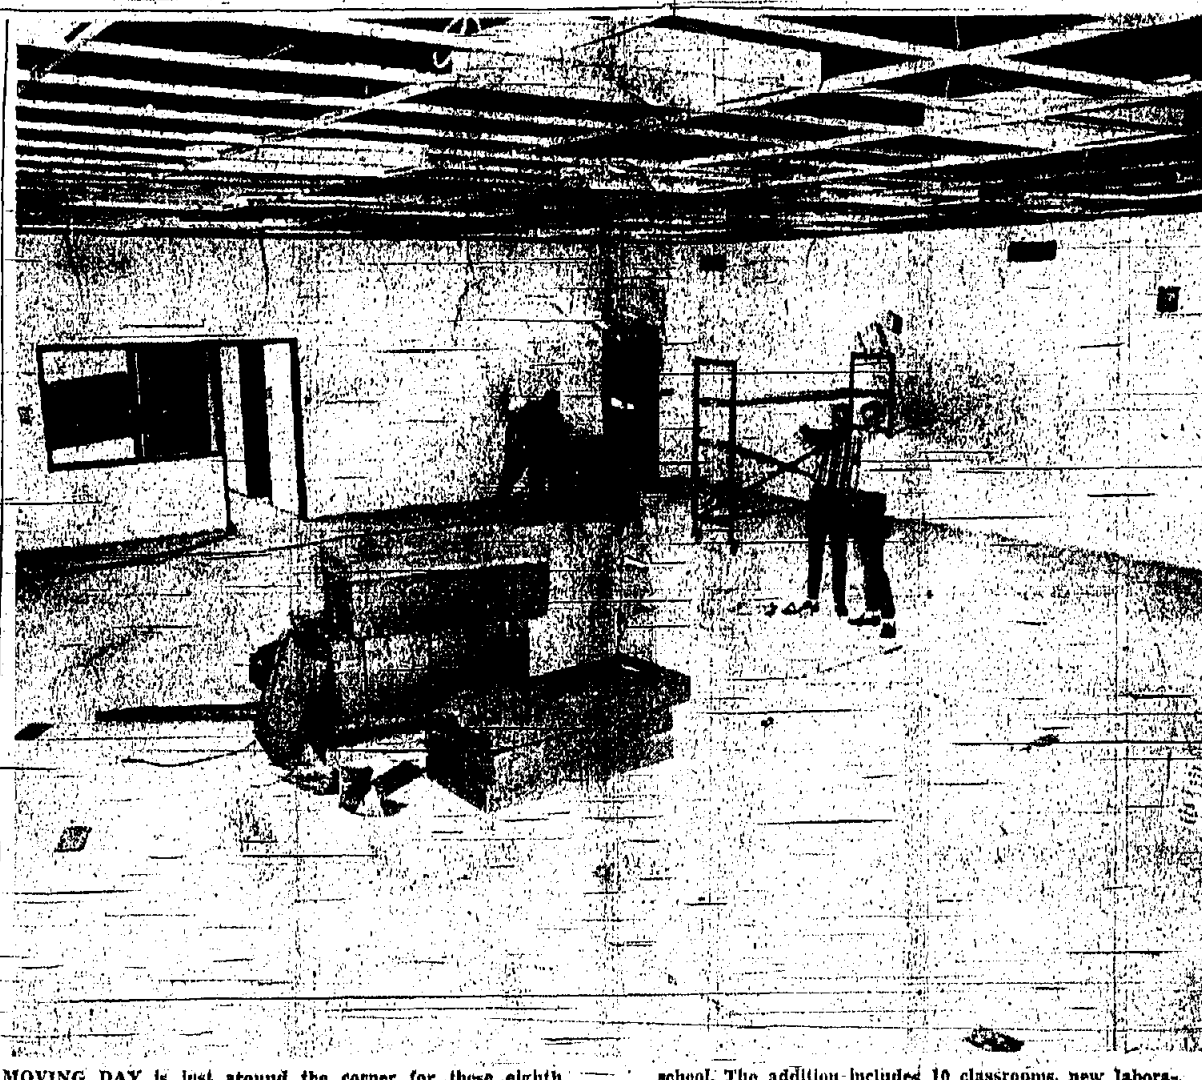

The youth employment group also declared this week that it is now completing plans to provide summer jobs for college students and young men and women now seniors in high school. The statement advised all colleges and high-school seniors to register with the YES office during the Christmas vacation.

The YES group plans to send students out for interviews during the spring vacation for work in such areas as offices, selling, construction, restaurants, road work and other fields. Successful applicants, the statement added, will then be able to "walk into a job when they come home for the summer or are graduated from high school."

New York Driver Fined \$250 Total On Two Charges

A 37-year-old Staten Island man appeared before Springfield Magistrate Max Sherman in Municipal Court Monday night to answer to two motor vehicle charges.

Michael Cantarella was fined a total of \$250 for driving while on the revoked list and for speeding. He was caught on Mountain ave. traveling at 59 m.p.h., a 25-mile zone.

In other court cases, Stanley Adams of Convent Station was fined \$10 for obstructing traffic on Morris ave.; Corrie Heard, 28, of Plainfield, was fined \$10 for failing to transfer license plates, and Arnold Roth, 37, of Union, was fined \$25 for speeding on Meisel ave.

Fined also was Richard Phipps, 19, of Avoncl, who paid \$40 for traveling at 62 m.p.h. on Meisel ave., a 25-mile zone. John Ludlow, 70, of Westfield, was fined \$20 for traveling 44 m.p.h. in a 25-mile zone on Mountain ave., and William Maloney, 21, of Ridgewood, was fined \$15 for going through a red light at Morris and Meisel avenues.

Safety Officer Presents Rules On Instruction, Care Of Bicycle

This is the third and final article in a series on bicycle safety written by Lt. Thomas J. Kennedy, who heads the bicycle safety program of the Springfield Police Department. The current safety campaign will include lectures for students in the local schools.

There is no law to tell at what age of when a child is "ready" or capable of assuming riding responsibility. This will always be a parental decision to make, depending upon the individual child. Rarely do two children qualify in the same, identical way.

A child will usually get his readiness to ride to be known, and if then becomes the parental responsibility to provide a bicycle to fit the child; one that is in safe operating condition and meets safety equipment requirements. It is then that safe riding instructions may begin.

Postponing or ignoring, without a good reason acceptable to the child, the child's desire to ride, may not be the best solution to the problem. Meeting the situation realistically and providing proper instruction is recognized as the best procedure in most cases.

Fundamentals Teaching a child to ride is a procedure similar to any teaching process in terms of fundamentals. The instructor must: Prepare the pupil to learn; Present the subject matter clearly and simply; Demonstrate what is to be learned; Review the lesson material; Test; Re-teach where necessary.

Legion Post To End Viet Nam Yule Drive

Commander Ray Daudelin of Continental Post, American Legion, of Springfield, this week announced that the legion drive for "a Christmas gift for every member of our armed forces in Viet Nam" will come to a close on Tuesday, Dec. 7, coinciding with the anniversary of Pearl Harbor Day.

This drive was initiated by the American Legion state commander, William R. Huggard, as a means to "show our fighting men in Viet Nam that the American public is backing them and the American policy, in spite of demonstrations from a minority group of protest marchers and draft card burners."

The gift that approximately 165,700 members of the armed forces now in Viet Nam will receive consists of a pocket grooming kit, wallet and ball point pen, enclosed in a reusable plastic envelope. The presents will be flown to them by Air Force and Air National Guard Local agencies, such as the chaplains, Red Cross or military special services, will distribute them. Cards packed in the gifts will say, "Merry Christmas from the citizens of New Jersey — the American Legion of N.J."

Commander Daudelin said that Continental Post and its Auxiliary made substantial contributions to this program, as well as their individual members. He added that contributions on

Bill Introduced To Ban Burning

The improvement of Union County Park Commission property in Springfield, with funds received from the sale of Park Commission land in the township to the state highway department, was urged at last week's Township Committee meeting at the Municipal Building.

In other business, the committee approved one ordinance, introduced four others and approved three variances.

One of the ordinances introduced would ban all burning of plant life and other material within the township, except on farmland or woodland, defined as tracts larger than five acres.

The proposal regarding Park Commission property was offered by John E. Wentz of 24 Tooker pl. He referred specifically to the Harshorne tract, between Tulip rd. and Bryant ave., which is to become part of Rt. 78.

Wentz, who is a sergeant in the Springfield police force, noted that the land had "lain fallow" for more than 30 years, since it was deeded to the Park Commission for recreation use in Springfield. He added that the final sale price to be paid by the highway department is still undecided, but that it will be between \$150,000 and \$200,000.

Postmaster Asks Help From Public With Holiday Mail

SPRINGFIELD — Postmaster A. V. Del Vecchio this week requested a dramatic rise in mail volume over last year's Christmas rush.

"More than two million pieces of mail will be processed at the Springfield post office between now and Christmas. If everyone were to wait until the last week to mail their gifts and greeting cards, there is a possibility that the entire postal system would be literally swamped in a sea of mail. More important, the special messages of good will would not be delivered on time. Public cooperation is the key to fast and on-time mail delivery at this time of the year," he said.

"We have not yet reached the peak days of this mailing rush, but are preparing to handle the load. We shall have no difficulty in handling the heavy volume provided the public cooperates in the same excellent manner as in prior years."

The postmaster's plea was short and to the point: "Shop early, mail early and use ZIP Codes."

Postmaster Del Vecchio has offered the following suggestions which he said should help mailers prepare for the upcoming mailing season:

- 1. Update last year's address list and include ZIP Codes.
- 2. Prepare a gift list as soon as possible. Shop early to take advantage of full-shelf stocks to have on hand enough wrapping materials, boxes, tape and wrapping paper.
- 3. Use first class postage on greeting cards. This assures their being forwarded if the recipient has moved or their mail delivery cards will be returned if a return address is on the envelope.

The postmaster emphasized again this year that poorly wrapped and loosely packed cartons are the major cause of parcel post damage. He urged that cartons be packed tightly by

Organizers Plan For Local Group Of Field Service

Representatives of the students and faculty from Jonathan Dayton Regional High School met recently with adults from Springfield and other communities at the home of Dr. Ben Josephson.

The purpose of the meeting was to organize an American Field Service Chapter in Springfield. The American Field Service, founded in 1947, helps foreign students from all over the world to spend a year of study in the United States by arranging for them to live with American families, and attend the local high schools.

In this same manner, the AFS arranges for American students to spend a year of study abroad in Europe, Asia, South America, and many other areas of the world.

The establishment of an AFS chapter in Springfield would enable a foreign student to live with a local family and attend Jonathan Regional, where he could help bridge the gap in communications that exists between American high school students today and their counterparts abroad.

The Springfield group now forming is in the process of obtaining a chapter and hopes to bring a foreign student to Springfield next fall. The one thing needed, a spokesman declared, is more participants and interested adults.

Adults and teen-agers interested in finding out more about the American Field Service program or in joining the local chapter are urged to contact Mrs. Ben Josephson at DR 6-5655.

Collector Places Dolls On Display

An exhibit of antique dolls from various parts of the world is now on display at the Crestmont Savings and Loan Association office on Morris ave., Springfield. Five 50 dolls on display are part of the collection of Mrs. Yvonne Thompson of Cotter ave. Her entire collection is composed of more than 500 dolls.

Those on display come from the U.S., France and Germany, and they date from the 1860s to the 1930s. The exhibit, arranged for Crestmont by Mrs. Mary Dohy, will continue until after Christmas. The Crestmont office this year has also featured exhibits of paintings by a number of artists living in Springfield.

Operation Mail Call

A steady flow of mail to Springfield men and women is continuing through the year. That is the objective of "Operation Mail Call" which is continued this week.

If anyone knows the names and addresses of other Springfield residents serving overseas, the information should be sent to the Springfield Leader, Box 69, Springfield, so that friends and neighbors can keep in touch and express appreciation for contributions to the national welfare.

A FEMININE LOOK

Commentary on a recent National Newspaper Association Study Mission to the British Isles and Scandinavia

By TRUDINA HOWARD

Seventh in a Series TOURIST ENGLAND

"The expected high for today is 62 and the expected-weather conditions are rather dull." This was a weather report in England and "dour" is what the English call high winds, hurricanes, violent rain and other little things like that. To be more correct sometimes they also call it "bilstery."

There was no violent weather where we were however—nor even dour or bilstery. Our National Newspaper Association Study Mission Group was on the English-Scottish border area at the time and it was sweetest and light where we were, and stayed that way for the five days of our visit in England.

We came into England from Scotland aboard motor coaches to the celebrated Lake District in the northwest made famous by such poets as Wordsworth. The countryside is rolling and hilly and quite beautiful, but this renowned big lake area has 50-square miles and 16 lakes, the largest of which is ten miles long. Wordsworth had his word's worth.

From the Lake District we went out to Liverpool, across to Birmingham, over to Coventry, through Warwick, near Banbury Cross, into Stratford-on-Avon, up to Oxford and down to London. All the while we were advised via billboards along the way to "Take Courage." It was not to give us fortitude for the long ride, but to sell us Courage—a jolly good brand of English beer.

A JOLLY GOOD ROAD, and one of the most unusual we had ever been on, was in England in the London area. After taking a "round-about" which is a traffic circle, we went on a "fly-over" which is a raised highway, and then we were on a four-lane, electrically heated, reflector-lighted, roadway. Electric power in the surface of the road wards off ice and snow.

and reflector "gadgets" in the surface cast back the glow of car lights at night which avoided the need for overhead lighting poles or wiring. Our guide said it was the most wondrously efficient road she had ever traveled on. We figured she only said it because she was British and WE couldn't tell for it was September, warm and light of day.

They we learned she was an American. It was a jolly good road, undoubtedly.

THE SEVEN FAVORITE tourist attractions in England, according to statistics available in London, are Westminster Abbey, The Tower of London, London by night by bus, Shakespeare Land, Windsor Castle, the Kennedy Memorial at Runnymede and Any Statly House.

Therapy Session Will Begin For Brain Injured

The second eight-week session of the Play Therapy Program of the N. J. Association for Brain Injured Children will begin Saturday, Mrs. Beatrice Antell, chairman of the Essex-Union section said this week. The group meets from 1:30-4:30 p.m. at St. Stephens Church, Main st., Millburn, and is open to children between the ages of five to 15, who are brain injured or have problems with learning. Mrs. Antell said.

She said the play program provides opportunities for the "creative use of leisure time and encourages self-expression as well as providing instruction in the techniques and skills necessary for learning." Parents interested in enrolling their children in the program may contact Mrs. Emily Amley at 762-6814 for further details. Mrs. Antell said the Saturday Play Group will be a major beneficiary of the forthcoming theatre party to be held at the Paper Mill Playhouse on Sunday, Dec. 18, at 7:30 p.m. Tickets for the show, "Guys & Dolls" are available from Mrs. Milton Stein, 1 Cullen dr., West Orange, 781-4740.

N. J. Chapter To Hold Sunday Night Dances

The New Jersey Chapter of the Young College Graduates Club will hold four dances this month, from 7:30 p.m. to midnight on Sundays, starting this Sunday. The first two dances will be held at the Coronet in Irvington and the third and fourth at the Hitchin' Post in Union.

What happened to Buckingham Palace and the chanking of the guard???

Our itinerary did not include Windsor Castle or the Kennedy Memorial but did include the others, and some of the lively ones saw even more. There was much to see. There were the great docks at Liverpool with their unique system of locks to keep the docks at a constant level, and their spectacular array of Gargantuan cranes to handle the cargo, and also, their one little dock heaped high with barrels for aging Scotch whiskey which were made of oak from VIRGINIA.

There was Birmingham and its outstanding urban renewal which is massive as well as practical. There is the splendid modern cathedral at Coventry which is not a museum of ruins of the old Cathedral with great artistry; also the Stone of Scone once more returned to the Coronation Chair in Westminster Abbey which is not an abbey but a national church; ALL the towers of the Tower of London which is not one tower but 21; Piccadilly Circus which is not a circus of course, but a traffic circle of sorts; the changing of the guards which were marching to "When The Saints Go Marching In"; Anne Hathaway's cottage which is half a mile away from Shakespeare's at Stratford; Worcester College which is one of the 21 colleges at Oxford; the home of the Earl of Warwick which is a castle with glorious treasures inside and glorious peacocks outside—and for those who looked fast, there was also a very fine lady upon a white horse near Banbury Cross.

"Ride a cock horse to Banbury Cross And see a fine lady upon a white horse. Rings on her fingers and bells on her toes, She shall have music wherever she goes."

Remember? Well, she is still at it. Actually, some woman was only taking some exercise but she was near Banbury Cross and on a white horse.

BANBURY CROSS itself is a town named after a marker that is a monument to a dead lady and not a cross at all. Many years ago a wealthy nobleman went to war, and his wife, with great love, went with him. Unfortunately she died, and he, with great love, bore her back to their home. At each place the entourage stopped to rest the coffin, he built a monument to her memory. Since these markers most often were at crossings in the road, they became known as crosses. Banbury was one stop and consequently became Banbury Cross.

We were told that a "cock horse" is the lead horse of a team—and that the "fine lady" of the jingle was either the fine lady of the village or a lady by the name of Fine which was an outstanding family in the area. The villagers do not know which it really is either, but it makes for fine arguments over a Pin's Cup on our days.

Town Meeting

(Continued from Page 1) mits use of residential land for parking for an office building on land Bonadies owns on Morris ave., between Warner ave and Alvin ter.
Bonadies last year successfully appealed to the courts from restrictions placed by the Township Committee on a variance for a garden apartment development on the same land. He indicated last week, however, that provisions included by the court in upholding his appeal made the new use preferable.
Following the approval last week, Bonadies took the floor during the public discussion period to thank the committee members for their unanimous vote. He said that the new building, to be constructed by Association Management Corp., will be a "wonderful addition" for the township.

He then offered to the township a 30-foot fir tree on the property for transplanting on the mall in front of Town Hall. The committee said the offer would receive full investigation as to whether the tree could be transplanted successfully. Committee Chairman praised the Colonial design of the planned office building.

The third variance approved permits the National State Bank of Elizabeth to construct a parking lot in conjunction with its proposed new building at Morris and Linden avenues.

New Ordinances
The ordinance introduced to ban leaf-burning and other fires is an amendment to the present fire prevention ordinance. Committee Chairman stressed that the leaf pick-up schedule now in effect, as well as clean-up weeks conducted by the garbage contractor each month, make it unnecessary for residents to burn leaves.

The anti-burning ordinance was praised during the public discussion period by Ivy Rosen of 4 Mapes ave., who has long pressed for such a measure to reduce smoke which can be hazardous to allergy sufferers and annoying for everyone else.

Praise for the measure was also expressed by Donald Mantel, a recent Democratic candidate for the Township Committee. He said, however, that the ordinance might be "after the fact" of extensive tree-burning as part of construction for Rt. 78 and Rt. 24 in Springfield. Mantel also praised Committee Chairman Jay Bloom for his handling of the recently renewed garbage disposal contract.

Another ordinance was introduced to amend the zoning laws governing hotels and motels. It sets a minimum 200-foot frontage for business of this sort, and specifies that parking space be provided for accessory uses, as well as at a rate of one parking space per bedroom unit. The ordinance also provides for right of way to industrial property currently land-locked.

Auto Storage
Other ordinances introduced set a storage rate for disabled cars parked by police on township property following accidents, and clarify the number of holidays for which police and firemen are to be paid extra.

The committee approved an ordinance to limit parking on several streets. They include portions of Washington ave., Meisel ave., Franklin pl., Mountain-ave. and Country Club lane.

Del Vecchio reported on a recent meeting with residents of the Heshaw ave. and Warwick circle area to discuss an enclosed storm sewer for the neighborhood. Del Vecchio said that some 1,000 feet of an open brook will be piped underground. The estimated cost of \$25,000 will be paid jointly by general and local assessments. The committee authorized preparation of an ordinance for the project.

The meeting started at 8:30, right on schedule, before an audience of one, Ivy Rosen. Spectators continued to stream in, however, and a full dozen were on hand by the end of the evening.

Next Tuesday, members of the Dayton Chapter, National Forensic League, will take part in a multi-activity contest to be held at Roselle Catholic High School.

These activities will include dramatic interpretation, humorous interpretation, original oratory and other types of public speaking.

On Nov. 17, Eric Krueger, Stan Katz, Myron Meisel, Robert Bush, Scott Hammen, Jim Kosnett, Hal Lewis, Rosemary Stewart, Linda Fingerhut, Marlene Krueger, Wayne Ginter, David Margulies, Steven Katz, Lewis Steln and Ian Starr attended a student congress at Gov. Livingston High School in Berkeley Heights.

The congress was composed of a senate and a house of representatives. In each house, senators and representatives made brief speeches concerning the resolutions at hand. The bills discussed included: "The establishment of a nationwide federal

water conservation program," "Should Red China be admitted to the United Nations," and "Should the United States give her European allies 25 percent control over the nuclear weapons the U.S. has stationed there for the defense of Europe."

Stan Katz and Eric Krueger each scored nine out of a possible 10 points, which made them the ranking speakers from Dayton.

On Nov. 20, Eric Krueger, Wayne Ginter, Stan Katz, David Shrensel and Jim Kosnett took part in a student forum on labor-management relations, held at Teaneck High School. The specific outline followed at the discussion concerned itself with the best possible solution for avoiding strikes in basic industries. These industries include coal, steel, oil and transportation.

Special distinction was awarded the Dayton delegation when Stan Katz scored 12 out of a

possible 12 points and thus qualified for a certificate of excellence. Eric Krueger, acting as a discussion moderator, was the second high scorer from Dayton, earning 11 out of a possible 12 points.

Possible solutions for preventing future strikes in basic industries were discussed by the participants. Plans offered included the prohibition of strikes, the nationalization of all basic industries, destroying the status quo that now exists between labor and management, the outlawing of labor unions and the initiation of federal compulsory arbitration.

On Nov. 22, Scott Hammen, Myron Meisel, Stan Katz, Steve Katz, David Margulies, David Shrensel, David May, Wayne Ginter, Jim Kosnett, Linda

Fingerhut, Janice Lillian, Jan Starr and Eric Krueger took part in an extemporaneous speaking contest held at Joun-tain Dayton.

In this competition, the participant must draw three topics of current interest and choose one to speak on. He is given 15 minutes to prepare his speech and is not allowed to use notes while speaking.

The topics discussed at the Dayton contest ranged in diversity from the withdrawal of United States troops in South Viet Nam to the problem of public apathy.

Eric Krueger and Jim Kosnett were the high scorers representing their schools, each earning 16 out of a possible 18 points.

5 Local Drivers Lose Privileges

Five Springfield residents had their driving privileges revoked, the New Jersey Division of Motor Vehicles announced this week.

Suspended under the state's excessive speed program were the licenses of: Richard A. Moore, 32, of 335 Mountain ave., 30 days, effective Nov. 22; Jay R. Doran, 39, of 52 Kow dr., one month, effective Nov. 23; Gerald Ferdinand, 44, 5393 Morris ave., one month, effective Nov. 23, and Shirley Ross, 35, of 13 Richland dr., one month, effective Nov. 23.

Suspended under the state's point system was the license of Bernard Worman, 45, of 165 Lak ave., 35 days, effective Oct. 20.

PANEL MEMBERS NAMED

Guidance Personnel Will Meet

Dr. Kenneth C. MacKay, president of Union Junior College, Cranford, John Green, coordinator of the Union County Technical Institute, John R. Flynn of the State Department of Education and Jules Kazin of the State Employment Service will be guest speakers at the annual meeting of the Union County Personnel and Guidance Association next Tuesday at Union Junior College.

"New Horizons for Education in Union County" will be the topic for a panel discussion at 4 p. m. in the lecture hall of the Nomahegan Building.

The meeting will open with a coffee hour in the dining hall of the Nomahegan Building where dinner will be served at 6 p. m.

Dr. MacKay will discuss the new County Tuition Aid Plan, which was adopted in the spring by Union Junior College and the Union Board of Freeholders. Under the plan, all Union County residents who win admission to Union Junior College as fulltime Day Session students receive grants of \$200 per semester.

Green will speak on the new programs underway at the Union County Technical Institute for post-high school students, while Flynn will review the provisions of the Elementary and Secondary Act of 1965.

Kazin will speak on employment possibilities for the recent high school graduate.

Bernard Carr, director of guidance of the Gov. Livingston High School, Berkeley Heights, will serve as moderator of the panel.

Burton Mandell, association president and director of student personnel at the Hillside Avenue Junior High School, Cranford, and Dr. Kenneth W. Iversen, dean of Union Junior College, will welcome the members to the meeting.

Serving on the program committee with Mr. Mandell are Miss Ann Yevich of Soehl Junior High School, Linden; William Gardner of New Providence High School, and Carr.

The Union County Personnel and Guidance Association is comprised of guidance personnel from all public, private and parochial high schools and junior high schools in the county.

Youth Is Charged With Theft Of Car, Drunken Driving

A Newark youth, arrested by State Police for drunken driving Monday in Union, was arraigned in Springfield Monday evening on charges of auto theft.

Joseph S. Gundy, 20, a sheet metal worker, was sent to the Union County Jail by Springfield Magistrate Max Sherman, following a hearing Monday evening, since he was unable to post \$500 bail.

Gundy now awaits grand jury action. Magistrate Sherman noted that Gundy is still on parole, following conviction on a stolen car charge three years ago.

Gundy was halted by State Police from the Scotch Plains station in the early afternoon Monday at Rt. 22 and Vance Hall rd., Union. He was charged with driving while under the influence of alcohol.

A check at that time revealed that the car had been reported stolen from the garage of Mr. and Mrs. Joseph Bellino, 51 Toker ave., Springfield, at 9:35 that morning.

Mrs. Bellino, in reporting the alleged theft, told Springfield police that the car had been taken some time after 10:30 Sunday evening. The complaint against Gundy was signed by her husband.

Accept Registrations Of Juniors For College Boards Preparation

The College Review Center announced this week that it is now accepting registrations from high school juniors who wish to prepare for the College Review Board Examinations to be given in March. The courses will start early in January and finish just prior to the examinations which are to be held on March 5.

The Center, now completing its eighth year of operation, assists students in developing skills, concepts, and techniques needed for improving scores on both the verbal and mathematics aptitude tests. The mathematics classes will again be taught by Morton Seltzer, chairman of the mathematics department of Weequahic High School. The English classes will be taught by Irving J. Goldberg, director of the Education Center For Youth. Registration forms and additional information about the courses may be obtained by calling Redwood 1-3995 or Center 9-3114.

Theater Will Present Premiere Of Farce

The third production of the Morris Repertory Theater's autumn schedule will open tomorrow night at the Market Street Playhouse, Morristown.

The American premiere of a version of "Michel-de-Ghelle" by the author of "Pantagloize" will be placed in the repertory beside "Romeo and Juliet" and "Galileo." Samuel Draper has prepared the new version, retitled "What A Lovely Day."

The bolsters, rollicking farce tells the story of a philosopher who innocently precipitates a revolution which he is powerless to stop and which ultimately destroys him. Ish Willinger will play Pantagloize.

FROM GARDEN STATE TO DINNER TABLE

N.J. Food Processing Plants Dish Out Holiday Meals Throughout World

Holiday meals in all parts of the world will owe some of their goodness to the food processing plants in New Jersey. "Everything from soup to nuts" might well summarize this industry in the Garden State. It is a success story which spans a century of phenomenal growth, giving the State the rank of sixth in the nation among such industries. The value added by manufacture is estimated at \$1.7 billion annually.

The latest Census of Manufacture lists a total of 1,117 highly specialized plants throughout the state that package soups, fruits, frozen foods, meats, sauces, sea foods, cookies, cooking oils, edible nuts and scores of other food items.

Crash Reported At Traffic Signal

Three cars were involved in a rear-end crash Saturday evening in Springfield, but all were able to be driven away by their owners, despite damage suffered in the accident. Giuseppe A. Giglio, 20, of Newark and Royinnond G. McCarthy, 44, of Summit, were stopped in the east-bound lane on Morris ave. waiting for the Springfield ave. traffic light to change, according to police.

about 70 per cent of the industry's total production in the state. Few of the companies are large: there are 80,673 people directly involved in the 1,117 food plants, averaging about 54 workers per plant. Campbell Soup, with some 5,000 employees, is a notable exception.

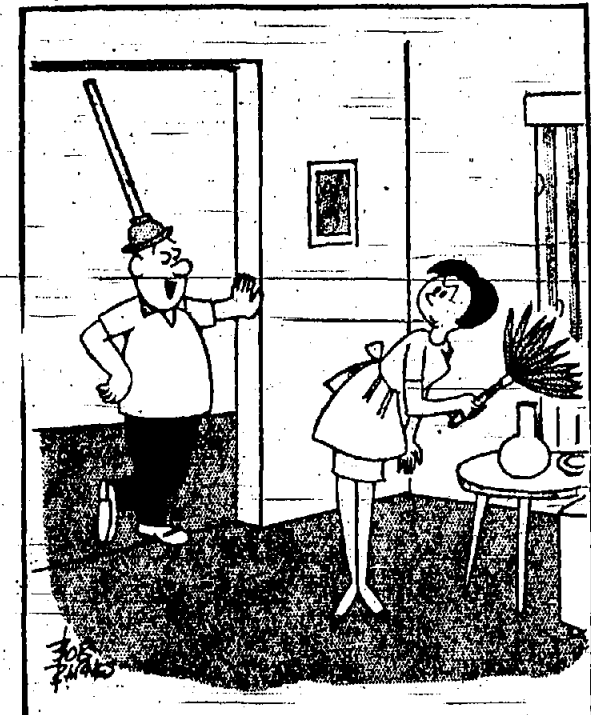

LWV Announces Luncheon Plans, Sells Fact Book

Edward F. Kappay, director of the Project Head Start program in Elizabeth, will be the guest speaker at the Springfield League of Women Voters next Thursday, Dec. 9, at 12:15 p.m. at the Bow and Arrow restaurant in West Orange.

The Springfield league this week also announced that copies are now available of the Citizen's Fact and Date Book, a publication issued by the League of Women Voters, of N. J. Methodists Seek To Aid Churches Hit By Hurricane

The members of Springfield Emanuel Methodist Church will present a special offering on Sunday at all services for the relief and reconstruction of churches that were destroyed or damaged in the South during Hurricane Betsy. Losses to churches and their clergy alone amounted in excess of \$500,000, it was reported.

The offering will be received at the services of Holy Communion, including the 9:30 a.m. German service. At 9:30 in the Chapel and at 10:45 in the Sanctuary, Pastor James Dewart will speak on "Love's Therapy," after which the sacrament of the Lord's Supper will be celebrated. At the 9:30 a.m. German language service, Theodore Reimlinger, lay speaker, will be in charge.

The church school for all ages will be in session at 9:30 a.m. with classes for adults and senior high students meeting in the Springfield Public Library. There will be a nursery for three-year-olds at 9:30 a.m. and a nursery for younger children whose parents attend the 10:45 a.m. service.

Rabbi Reviews Plan For Viet Nam Peace

Rabbi Israel S. Dresner of Temple Sharey Shalom, Springfield, was among the delegates to the recent 48th general assembly of the Union of American Hebrew Congregations, held in San Francisco. The 3,000 participants, from Reform Jewish congregations throughout the country, approved what was termed a compromise resolution on developments in Viet Nam.

Following his return, Rabbi Dresner included the Viet Nam war in the topic for his sermon at the joint Thanksgiving services held last week at the Springfield Emanuel Methodist Church. He was also among the sponsors of the "March on Washington for Peace in Viet Nam," which took place on Saturday.

Heart Association Offers Dieting Help

A diet counseling service has been established by the Union County Heart Association, it was announced this week by Dr. Bernard Rosenberg, president.

Persons with diseases of the cardio-vascular system, diabetes and obesity will be given primary consideration under the diet-counseling program, he said.

Dr. Rosenberg explained that individuals who are referred by physicians will be given instruction in their prescribed diets and assistance in adapting the general plan to their particular economic, cultural and religious circumstances.

Diet counseling will be on an individual or group basis. In addition, guidance will be offered in food purchasing and preparation. Normally patients will be asked to come to the chapter offices. However, home visits will

Jersey Ranks High For Hunting Safety

New Jersey's hunter safety program has been recognized as one of the best in the United States and Canada by the International Association of Game, Fish and Conservation Commissioners.

The State Division of Fish and Game in the Department of Conservation and Economic Development recently received word from the National Rifle Association of its selection as a runner-up in the annual Hunter Safety Awards Program.

The State of Colorado was chosen for the top award. The listing of runners-up indicates that New Jersey was picked fourth among more than 30 states and provinces which submitted entries.

HOME SPECIALIST GIVES ADVICE ON WRITING CHECKS

More and more families and individuals transact business checking accounts, according to Mrs. Cleo M. Coltrill, extension home management-family economist specialist at the College of Agriculture and Environmental Science, Rutgers University.

Write the name of the person, company, or organization to whom the money is to be paid immediately following the printed words, "Pay to the order of." If the name does not completely cover the available space, draw a wavy line from the last word to the printed dollar sign.

Cancer Society Christmas Cards Offered At Elizabeth Headquarters

The Union County Chapter of the American Cancer Society announced this week that Christmas cards are available for those who wish to express holiday greetings and simultaneously support the Society's fight against cancer.

safety instructors make the New Jersey program possible. They are appointed and supervised by the Fish and Game Law Enforcement Section after meeting N.R.A. qualifications. An additional 300 volunteers serve as bow and arrow safety instructors.

All youths between the ages of 14 and 21 must take safety training prior to issuance of their first firearm hunting license. Initial bow and arrow licenses must receive training regardless of age.

More than 10,000 New Jersey youths received gun safety training in 1964. The number of students trained since the program started in 1954 passed the 100,000 mark early in 1965, a spokesman said.

Hunting fatalities have been cut in half in New Jersey since the program's inception, the spokesman said. Less than one New Jersey citizen in a million is fatally injured while hunting, and non-fatal accidents occur to about one in 100,000.

National Safety Council statistics list motor vehicles, falls, fires, drowning, poison and railroads as more common causes of accidental fatalities than firearms and explosives; only a fraction of firearm fatalities result from hunting.

MOTOR VEHICLE QUESTION BOX

Q—Recently, I have noticed newspaper ads for "studded tires." Could you tell me exactly what they are and New Jersey's laws pertaining to the use of such tires?

A—"Studded tires" are those tires fitted with a pin type device consisting of a tungsten carbide core bonded to an outer casing of shell of plastic, aluminum or steel fitted into a tire in openings moulded for that purpose and are designed for use on ice, hard-packed snow and slushy or wet roads.

Union County Chapter of the American Cancer Society

The cards individually signify that a gift has been made to the recipient's name to the American Cancer Society. They are available in two designs — one formal and one contemporary.

The cover of the formal card is white with gold lettering and reads "Holiday Greetings." The inside message states: "With Best Wishes for a Happy New Year."

The contemporary card has a light blue background with three dark-blue bells surrounded by gold stars. The inside message reads, "Best Wishes for the Holiday Season."

Both cards contain a note that a gift has been made to the American Cancer Society. The gifts are tax deductible and all proceeds help support the Society's year round program of research, education and service to the cancer patients, the society said.

For further information individuals were asked to contact the Union County Chapter of the American Cancer Society, 512 Westminster Ave., Elizabeth, or telephone El-4-7373. Sample cards will be sent upon request.

Continued Rise Noted In Death Payments

New Jersey families received \$160,200,000 in death payments on life insurance during the first three quarters of 1965, according to the Institute of Life Insurance this week.

an increase of \$1,600,000 or one percent over the same period last year. The total has climbed 101 percent since 1955. Blake T. Newton Jr., president of the Institute, explained that the rise in death benefit payments reflects the great increase in life insurance protection owned by American families.

Family-Children's Society Unit Appeals For Christmas Funds

Some 600 Christmas Appeal letters were mailed this week to residents of Union Township and other areas by the Children's Service Committee of The Family and Children's Society of Union County.

"There are children in our own communities whose Christmas may not be bright," said Mrs. E. W. Nulton of 394 Putnam rd., Union, chairman of the 1965 Christmas Appeal project, "children who have no family and are totally dependent upon The Family and Children's Society for their care."

"These are the children for whom the Children's Service Committee works, and for whom we ask help. In an area where the population is steadily increasing and human problems multiplying, we, the Children's Service Committee, must help the Society continue this service."

"We are sending this letter to friends of the Committee with the hope that they will make it possible for The Family and Children's Society to provide children with temporary care in foster homes, until permanent plans can be made."

"This Christmas we ask that you put a child on your list whom you do not know. This is the time of the year when every child should be able to dream of wonderful things to come—not only on Christmas Day but throughout the year."

The Children's Service Committee supports the services

given by the Society to unmarried parents, to couples interested in adoption and to children in need of a permanent home through adoption. These services are available to residents of Union County and Colonia.

The Committee has 80 active members and 85 sustaining members from towns throughout Union County and from Colonia. Money raised through the appeal and other activities goes directly to The Family and Children's Society.

The Committee has been sending out its Christmas Appeal letters since 1942. During these years 1,910 children have been cared for and 275 babies have been placed in adoptive homes.

Members of the Committee who reside in Union Township are:

Mrs. Howard Collins, Mrs. Daniel G. Covine, Mrs. Edward W. Hague, Mrs. Peter L. Hughes Jr., Mrs. Arthur E. Jorgensen, Mrs. Joseph W. Kaapereen, Mrs. William McCracken, Mrs. Henry G. McGrath, Mrs. John McKenna, Mrs. John A. Norton, Mrs. E. W. Nulton, Mrs. Rudolph J. Ozol, Mrs. Frank M. Pitt, Mrs. Ronald H. Post, Mrs. D. M. Procopio, Mrs. John F. Rleszen, Mrs. Gordon Roberts, Mrs. Sewall C. Sawyer and Mrs. Richard Thiele.

CHRISTMAS SEAL CAMPAIGN BEGINS IN-UNION-COUNTY.

Christmas Seals should have reached all residents of Union County by now, it was announced this week by George Schott, president of the Union County Tuberculosis and Health League. Anyone who has not received Christmas Seals should notify the Tuberculosis League, 7 Bridge St., Elizabeth, N.J. 07201.

Volunteers this week helped complete the remailing of the many Christmas Seal envelopes returned by the Post Office to the Tuberculosis League with a new address for families who have recently moved.

For people who wish to use Christmas Seals in their holiday decorations, the Tuberculosis League has instructions for making table decorations, boutonnières, and tree ornaments. Copies of the instructions will be sent on request, Schott said.

The Christmas Seal Campaign is being conducted now through December to raise funds for the tuberculosis league's work in the coming year to combat tuberculosis and other respiratory diseases.

60 Area Children To Receive Help At Reading Clinic

The Reading Clinic of Newark State College, Union, will provide help for about 60 area children with reading problems during the winter and spring of 1960, Professor Samuel Lourie, clinic director, announced this week.

Screening sessions to select the children will be conducted on Mondays and Wednesdays, Dec. 13 and 15 and Jan. 4 and 6 from 4-6 p.m., at the Child Study Center on campus. Parents accompanying children must bring with the materials from a teacher, principal, or guidance officer recommending that the child receive help at the clinic. No appointment is necessary, Lourie said.

The selected children, eight to 15 years old, would attend clinical sessions at the college for at least an hour once a week. Graduate students supervised by faculty would provide individual attention.

A child would come for the clinical sessions on either Monday or Wednesday. Children enrolled in diagnostic sessions would come at 4:30 p.m., while those enrolled in corrective courses would begin at 5:30 p.m., Lourie said.

A \$35 fee per child is charged each semester for materials and a \$5 deposit is required of all selected children, he said.

Area Girl Scouts Have Conference

Senior Girl Scouts and adults from Washington Rock Scout Council held a conference recently entitled "Apathy or Action." The meeting, also attended by Senior Scouts from Rolling Hills, Morris Area, Crossroads and Bergen County councils, was at Newark State College, Union.

Susan Matko of Mountainide served as the conference chairman. Joann Kobyta of Linden was the conference secretary.

Dr. James Eagan, national vice-president of the National Conference of Christians and Jews was the keynote speaker. Dr. Eagan urged the girls to give service to help clear the rural and urban slums and to help the people in the inner cities.

Panel discussion followed. The panel included Howard Devaney, executive director of the New Jersey region of the National Conference of Christians and Jews; Ralph Zinn, executive director of the National Human Rights Commission; and Mrs. Bertram Cohen, council volunteer.

A banquet lunch followed by career workshops closed the conference.

Appeal For Shut-Ins Made By State Group

The State branch of the Shut-In Society, with a membership of hundreds of invalid and handicapped people, will gladly furnish names and addresses of shut-ins to those interested in sending cards or small gifts.

"We deem it advisable for our many friends who remember our shut-ins to send for a new up-to-date list, as many changes take place, thereby affecting outstanding lists," Mrs. M. B. Hamfeldt said.

Mrs. Hamfeldt, of 47 Orange ave., Irvington, chairman of the appeal, said she will be glad to supply names of shut-ins to any who write, specifying the number of shut-ins they wish to remember.

Dean Pursues Many Hobbies
Chef, Geologist, Actor, Rolls His Own

Dean Gilliland is not a stranger to the East; he has visited New York many times and lived there for a brief time.

"I had anticipated the same rush-in-Newark-as-I-found in New York, but instead Newark reminds me of Omaha in many ways," he remarked.

In contrast with the pace of life in New York, Newarkers are relaxed and easy-going.

Discussing his new post, he called it "the most exciting thing I've done in years. Rutgers in Newark has infinite potential, and with the unlimited demand for education in urban areas, I would think our most pessimistic estimates of enrollment problems will be outdated in five years."

Although he is trained in science, Dean Gilliland continually stresses the importance of the arts in the university structure. In a recent statement before the New Jersey Commission to Study the Arts, he said: "No one should doubt that a thriving theater, an active art program and lively music offerings at a University are essential to a community's well being. Furthermore, no one should doubt the great need to satisfy the cultural hunger of those in the community who normally cannot afford it financially."

DO-IT-YOURSELF DEAN — Dean William N. Gilliland of the Rutgers College of Arts and Sciences in Newark demonstrates his flamboyant rolling technique. A geologist by profession, he also is an expert horseman, an actor and an accomplished chef. Dr. Gilliland came to Rutgers last July from the University of Nebraska.

Youths to Face Stolen Property Charges Today

Two youths will appear in Irvington Court this morning on answers charges of possession of stolen property from a Union real estate office.

The pair, Michael D'Addario, 19, of 118 Harper ave., Irvington, and Richard Haag Jr., 19, of 81 Florence dr., Union, were arrested Nov. 22 by F. B. I. agents and Irvington police.

The F. B. I. entered the Harper ave apartment to question D'Addario in the Nov. 12 robbery of the People's Savings & Loan Association in Far Hills.

The authorities said they found a number of items of office equipment, radio and record players and tools. Four of the items were identified as stolen Nov. 18 from the F. & M. Ecklund Agency at 1417 Stayvesant ave., Union.

Haag, who was in the apartment at the time, was arrested and D'Addario was arrested the following day.

Both were remanded to the Hudson County Jail for further questioning in the bank robbery by the F. B. I.

Fatally Injured

A Union man is scheduled to appear in Irvington Court today on the mandatory charge of causing the death by auto of a 45-year-old Newark waitress early Sunday.

Police said Mrs. Dorothy Economy, 45, of 604 So. 18th st., Newark, was struck in front of 1242 Springfield ave. shortly before 2 a.m. by a car driven by Charles Jones, 49, of 172 Oswald st., Union.

Police said Mrs. Economy, mother of two who had been crossing with a male companion, was thrown some 60 feet after she was struck by the car. She was pronounced dead at the scene.

Jones, a machine operator, was released in \$2,000-bail pending arraignment.

Senator Williams Reports

By Sen. Harrison A. Williams

WASHINGTON — I'm often asked, "What do you do when Congress is in recess?" And I often detect an envious note in the questioner's voice, as if he were saying, "Boy, I'd like to have a long vacation like that!" The answer, of course, is that some of the most important work of a legislator is accomplished when Congress is out of session. It falls into two categories. It is important for a Member of Congress to let the people back home know what is going on in Washington and what he's doing. And it's also important for him to find out what's on the minds of his constituents. And much of the recess time is spent in this two-way dialogue. It's a good many speaking engagements, explaining my special relative projects and interests and what Congress is doing. And listening as well as speaking. I pay close attention to the questions that are asked of me and the tone in which they are asked, whether it be friendly, hostile, or just questioning. And I always try to get in a few questions of my own. The other category of work is preparation for the upcoming legislative year. When Congress is in session, there's not much time for the careful research and drafting which is required to originate a serious legislative proposal. It's when the daily routine of Committee meetings, floor ses-

sions, and votes is over that the time for serious research and careful plotting of legislative strategy becomes available. Right now, in my office, we are working on a number of legislative ideas, some of them already introduced as bills, some being readied for introduction next year. For instance, we are now doing the groundwork which, hopefully, will enable us to get passed next year at least three of a package of six bills dealing with the working and living conditions of migratory farm workers. These bills were introduced last year. They deal with minimum wage, collective bargaining, child labor, housing, and establishing a farm employment service and a National Advisory Council on Farm Labor. If we do our work properly now, we should be able to enact into law the minimum wage, child labor, and the housing bills next year — with a little luck. We also are laying the foundation now which will enable us to push for passage early next year of bills to protect elderly people from the modern-day medicine men who peddle quack nostrums and medical devices and from the salesmen of sorrow and loss, whose stock in trade is retirement home sites under water or on a desert mesa. Other bills, already introduced, which we are now pre-

paring to push hard next year provide: protection against foreign piracy of American patents; low-cost loans for non-profit nursing homes; the lower Hudson River as a National Scenic Riverway; and, an income tax exemption for necessary child care for working mothers. We also are working on several bills which I expect to introduce early next year. Among these are measures to establish health screening centers for senior citizens and to establish Senior Citizens Corps across the Nation to channel the abilities of retired persons into productive and enjoyable pursuits. In truth, what we accomplish next year, depends in good part on what we do this year during the Congressional recess. Of course, a little legislative luck helps, too.

FESTIVE FOODS CAN MAKE IDEAL YULETIME GIFTS

By ANNE L. SHEELEN, County Home Economist

Homemade cookies, candies, and cakes, attractively wrapped, make ideal Christmas gifts. Prepare these holiday gifts now and use your freezer to store them so to reserve valuable time for necessary activities just before December 25th. Deciding upon the gift most suitable for the recipient is important. Use this check list as a guide to your decision: Will the receiver like the food; does the receiver have special dietary restrictions?; is the food not only good tasting but attractive?; can the food be easily packed and wrapped?; and will the food retain its quality without danger of spoilage? The wise homemaker also chooses a recipe that she is familiar with and is fairly sure the results will be satisfactory. If a new recipe seems appealing, however, prepare it for your family and have them evaluate it before you choose it for a gift. Plan a day to prepare your food gifts when you expect few interruptions. When you are relaxed and not in a hurry, the risk of forgetting an ingredient is greatly reduced. Prepare your recipes for freezing just as if you were going to serve them immediately. Decorations using holly, cherries, or loins will be more attractive, however, if they are added after freezing. Attractive wrappings and containers will add the finishing touch to your gifts. Placing gifts in aluminum foil paper doilies, colored ribbon and sprigs of artificial holly are just a few suggestions for dressing up your packages. Placing the food in a container that can be used in the future also adds to the thoughtfulness of the gift. A bread basket, cutting board, apothecary jar, and mixing bowls would be appropriate.

'TRACKSTOPPERS' CAN SAVE RUGS, SPECIALIST SAYS

Moisture from melting snow as well as tracked-in mud and cinders may badly damage your rugs or carpet. This warning comes from Miss Gena Thames, extension specialist in home furnishing at the College of Agriculture and Environmental Science, Rutgers University. She suggests furnishing house or apartment entrance ways with a few simple "trackstoppers." A door mat at each outside entrance is her first suggestion, but just any door mat will not serve the purpose. Miss Thames recommends one that's sufficiently absorbent to soak up the dripping snow, ice, mud, boots, shoes and rough soles to remove cinders and dirt from footwear. Open construction will permit scrapings to fall through the mat rather than caking on the surface. Another suggestion is a firm scatter rug on the floor or over the rug just inside the entrance to act as a landing area for tracked in soil and moisture. Be sure the rug is firmly anchored so it won't trip anyone, Miss Thames says. Check to see that the door opens and closes easily with the rug in place, and don't use a scatter rug with a coarse or rough backing over good carpeting as it may cut the pile, she adds. A plastic runner inside the door is another possibility. Plastic will shield the carpet from moisture, but it won't absorb moisture or dirt from boot soles. Miss Thames points out that a bench in the entryway can discourage everyone from the youngest to the oldest family member or guest to remove boots at the door. Also, youngsters can sit on it as they climb into or out of snowsuits. An overshoe caddy or a plastic or plastic-lined waste basket, tray, or basket is the next suggestion for entrance areas. If it is placed near the bench or door where the family can toss drabby boots as they're removed, the whole thing can be carried away for storage without dripping on the carpet.

Welder Training Program Begun

John R. Green, coordinator of the Union County Technical Institute, Mountainside, announced the start of the Institute program in welding at a meeting of the New Jersey Chapter of the American Welding Society held at the Town and Campus in Union last week. John Flannery of Westfield, employed by the International Nickel Corporation in New York, was appointed as liaison member by the Chapter to assist the school in the establishment of the program and to help insure its success. Flannery has been made a member of the Institute's Welding Advisory Committee and Union County Technical Institute has been added to the membership roll of the American Welding Society in the person of Dr. George H. Baxel, superintendent of Vocational-Technical Schools of Union County, and director of the Union County Technical Institute.

The four soloists will be supported by the 160-voice Festival Chorus and the 55-piece Festival Orchestra. Professor Jack E. Platt, chairman of the college's Music Department, is conductor.

Soloists include Lucia Evangelista (Mrs. Jerome Hines), soprano; Louise Armstrong, contralto; Willard Pierce, tenor; and Fred Jones, baritone.
Lucia Evangelista, from Genoa, Italy, was an established young singer in this country before she married Jerome Hines in 1952. Her family of four boys has limited her singing engagements to what she can fit into her family schedule with ease, but she has found time for television performances with her husband and concerts both locally and elsewhere. Several years ago she made a technical film version of "La Traviata." On Tuesday she will appear with her husband in a concert for the annual benefit for the Newark News Christmas Fund in Newark.
Louise Armstrong of Westfield has been heard in opera, on the concert platform, and in musical comedy. She sings regularly at Temple B'nai Abraham, Newark.
Willard Pierce has appeared in Broadway musicals on TV, on the Radio City Music Hall and Town Hall stages, and has been soloist with leading orchestras throughout the United States, Canada, and Mexico. At present he is a soloist at Central Presbyterian Church in New York City.

Sutton of Forest dr. will become sales-ladies for the annual New Eyes for the Needy jewelry and silver sale to be held tomorrow from 10 a.m. to 9 p.m. and Saturday from 10 a.m. to 5 p.m.

Bestowers' Annual Party For Needy Children Slated

Councilman George Coughlin of Mountainside has been named chairman of the fifth annual Christmas party for needy children sponsored by The Bestowers. The party will be held Dec. 12 in the Springfield Stenok House with patients in the children's Specialized Hospital of Mountainside and the 208 children at St. Joseph's Villa, Rockleigh, sharing gifts brought by the guests and enjoying the Yuletide program.

GEORGE COUGHLIN

The Bestowers, who describe themselves as "civic-minded and self-appointed Santa Clauses," are extending invitations to residents of the Mountainside-Springfield area to attend the Christmas party. The buffet supper, other refreshments and entertainment will be supplied free to all attending. Invited guests are asked to bring Christmas gifts, wrapped in holiday style, to be distributed to the children.

Cost of refreshments, entertainment and other incidental expenses is absorbed by voluntary contributions of charitable residents and merchants, Coughlin stated.

Robert Youngmans and James Monk of Mountainside are serving as assistant chairmen. Mrs. Monk is heading the hostesses committee.

Albert J. Bonninger, also of Mountainside, will serve as master of ceremonies at the affair which will open at 4 p.m. and run until 8.

SORORITY LADIES PLAN YULE LUNCH

The Northern New Jersey Alumni of Chi Omega will hold their annual Christmas luncheon tomorrow at 12:30 p.m. at the home of Mrs. L.D. Barney, 14 Heller dr., Upper Montclair. Co-hostesses are Mrs. Oliver G. Dienne Jr. of Springfield.

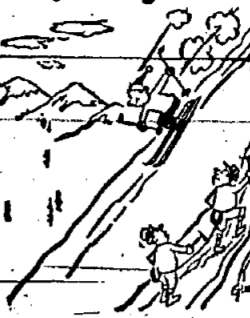

Clubwomen Aid Patients, Send Books To Viet Nam

Candy favors with a Thanksgiving theme were delivered to the John Rummels Hospital recently by the welfare department of the Springfield Woman's Club, together with some jigsaw puzzles. This group will construct writing kits for the patients at Gwynstone at its next meeting.

To date, 600 paper-back books have been collected and shipped to Viet Nam by the welfare department. Mrs. John Rackowski announced that she will accept books until Jan. 15, instead of the deadline previously announced of Dec. 1. Contributions to defray the expense of sending these books will be "gratefully received," she added.

An "international dinner" was composed of girls from countries around the world, the club has grown for an initial membership of 10 to some 50 young women, many of whom are in domestic service. They meet on the first and third Thursdays of the month. The club is open to all young women new to the area or new to the country.

Van Allen Attends Dentists Confab In Las Vegas

G. Clyde Van Allen of Pembroke dr., Mountainside, returned recently from Las Vegas, Nev., where he attended the 106th annual convention of the American Dental Association.

Van Allen heads the family-owned firm Jay E. Healey Co., a dental manufacturing concern located in Newark. His son, Roy C. Van Allen, is vice-president of the firm.

Van Allen parents and grandfather, Emil Jost, established the dental division of Engelhard Industries in 1914. Van Allen entered the dental field in 1919 at the age of 17 and has been active in that field ever since.

He and the late Dr. Jacob Warner bought the Healey firm in 1938 and after Dr. Warner's death the Van Allen family purchased his share of the business. The firm bought out the H. B. Wiggins Co. Dental Division in 1955.

Farms Legion Auxiliary Unit Discusses Christmas Projects At Recent Meeting

The American Legion Auxiliary, Connecticut Farms Unit No. 35, Union, held its semi-monthly meeting at the American Legion Memorial Home, Legion dr., Union, with president, Mrs. Alfred Stein, presiding.

Mrs. William Banks, rehabilitation chairman, announced that she and Mrs. Andrew Knox will assist with the County Auxiliary Christmas party at the V.A. Hospital in Lyons, on the evening of Dec. 14. Mrs. Banks reported that a patient at the Vineland Memorial Home, Vineland, a former Union Township resident, will be remembered with a Christmas gift from the unit.

Mrs. William McNamara, child welfare chairman, announced that a Christmas dinner basket will be ready for delivery to a needy family, and Christmas gifts will be provided for the children in the family. The members were requested to donate canned goods and non-perishable food items for the Christmas dinner basket.

Mrs. Robert Walsh was appointed chairman for the unit's Christmas party, which will take place Dec. 14 following a brief business meeting. The president appointed Mrs. Harry Kurtzner, Mrs. Robert Gargullo and Mrs. Knox as co-chairmen, to serve with the post chairmen on the post and unit joint Christmas party on the evening of Dec. 18.

At the recent meeting, Mrs. Sam Gerow, safety chairman, read an article on Christmas trees and Yuletide decorations, and how to reduce the number of fire casualties.

The unit voted favorably to make a donation to the Union Township Chamber of Commerce for the "Municipal Christmas Display Fund," for the purchase of a group of "Dickensian Carols" for display at the Township Municipal Hall. Mrs. Gargullo, foreign relations chairman, reported that a department of New Jersey project for the Philippines, the country for auxiliaries' study this year, is the "Open Door Collections."

The unit voted to send a check on the project to the department. The past auxiliary President's Party will meet at the home of Mrs. Charles Frick, 929 Springfield rd., Union, on the evening of Dec. 9 for a regular monthly meeting and Christmas party. The date has been advanced from the regular third Tuesday meeting night. Members will bring gifts for the Grab-Bag Exchange, and a prize will be awarded for the "prettiest wrapped package." It was announced by parley president, Mrs. George Hauck.

The unit will sponsor a benefit ice show theater party for "The Ice Follies" at Madison Square Garden, New York City, on the nights of Jan. 12 and Jan. 17. Mrs. Robert Wacker was named chairman of the ice-show ticket committee.

The Women's Auxiliary of the Salvation Army of Newark invited the members to attend the eighth annual "Doll" tea and awards, held at the Salvation Army headquarters, 45 Central ave., Newark, yesterday from 3 to 6 p.m. Hundreds of dolls were on display. Members of the unit who dressed dolls for the project were Mrs. Robert Walsh, Mrs. Harry Kurtzner, Mrs. Frederick Stein, Mrs. Vita

Fresolone and Mrs. Robert Amersman.

The unit volunteered its services in assisting the post members in collection cash donations from the Department of New Jersey American Legion project, "A Christmas Gift For Every G.I. In Viet Nam." The unit members, with the post

members, will solicit funds, by canvassing, from many places at Union Center and other sections of the township.

At the semi-monthly meeting, Mrs. Theodore Rachtsteiner was awarded the surprise gift of the evening, and also was winner of the first drawing of the dress club.

Tips for TODAY'S HOMEMAKER
 From MARY ARMSTRONG, County Home Economist

VARIED DECEMBER PLENTIFULS
 Seven of the foods on the December Plentiful list of the U.S. Department of Agriculture are in record supply. These are apples, onions, navel oranges, cabbage, peanuts, boiler-fryers and turkeys. All are popular items in demand by most housewives.

Tailor-made for the holidays, the Plentifuls List provides all of the makings for a Christmas dinner.

Peanuts top the December Food Plentifuls list. The peanut crop is expected to be whopping big for lots of good eating. Peanut oil for cooking and baking is also included among the plentiful foods, and so are peanut butter and peanut candies. For institutional buyers — canned red pitiful cherries are in good supply.

Plentiful supply is often reflected in lower price tags. Therefore, December food shoppers are fortunate since most of the foods listed have many and varied uses.

Make An Apple Santa Claus
 Use apples not only in pies and desserts but as colorful table decorations. They make up into wonderful roly-poly Santas. Add a construction paper cap and a cotton beard to a face, either cut out or stuck on (training for eyes and mouth, and a cherry for Santa's nose). If you cut out the features, be sure you paint the cut areas with orange or lemon juice. This will keep them from turning brown.

Orange Bavarian
 Yield: 8 servings
 1/2 envelope unflavored gelatin
 1 1/2 cup-cold water
 1 tablespoon lemon juice
 1 teaspoon vanilla
 1/4 cup instant non-fat dry milk
 1/4 cup sugar
 1 can (6 ounce) fresh-frozen orange juice, undiluted
 1 egg white, beaten

Soften gelatin in half of cold water. Place remaining water, lemon juice and vanilla in mixing bowl. Sprinkle dry milk over surface and beat with rotary beater about 10 minutes or until mixture is thick. If electric mixer is used, beat 10 minutes at low to moderate speed. When mixture is thick, add sugar gradually, beating constantly. In the meantime, stir softened gelatin over low heat until just dissolved. Beat in frozen orange-juice. Beat egg white until stiff, not dry, then fold carefully into mixture. Pour into serving dish and chill in refrigerator three-four hours.

AN ORDINANCE TO LICENSE AND REGULATE MODEL CAR RACEWAYS, SLACKS TO THE RACEWAY, AND TO REGULATE THE RACEWAY AND PROVIDING PENALTIES FOR THE VIOLATION THEREOF.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE TOWN OF IRVINGTON AN ORDINANCE: That any person, firm or corporation who shall conduct a Model Car Raceway shall be licensed by the Municipal Council of the Town of Irvington.

shall be licensed in accordance here-with and the persons conducting same shall be given 30 days after final passage of this ordinance in which to secure said license.

(1) The license issued after August 1st of any year, shall require payment of one half (1/2) of the full license fee for the year and such license shall expire on December 31st after its issuance.

(2) Each license issued shall apply only to the person, firm or corporation specified therein and shall not be transferable to any other firm or corporation or to any other place or location other than that shown or set forth in said license.

(3) The license herein provided for shall be posted and displayed on such other place as may be specified in such other place where the business of Model Car Raceways or Slot Racing is conducted by the licensee.

SECTION 5. LICENSE FEE—

(a) The annual fee payable for license shall be as follows under this ordinance shall be:

(b) The fee of \$50.00 per annum.

(c) The license fee shall be paid to the License Bureau of the Town of Irvington at the time the application for license is submitted. In the event the license is refused or not issued, then the aforesaid license fee shall be returned.

SECTION 6. The Owner or Operator of every Model Car Raceway room, or such other place where slot racing is conducted, hereunder shall not permit the use of slot racing for any purpose between the hours of 1 a.m. and 9 a.m. on weekdays, and between 1 a.m. and 2 p.m. on Sundays. The hours herein mentioned refer to Standard Time or Daylight Saving Time, whichever time shall then be in effect on that date.

SECTION 7. COMPLAINTS, HEARING, REVOCATION
 (a) A complaint may be filed by any interested citizen or by a member of the Police or Fire Department of the Town of Irvington. If said complainant shall have reason to believe that a violation of this ordinance exists in any premises licensed in accordance with this ordinance.

(b) The licensee hereunder may be suspended or fined by the Municipal Council upon a hearing to be held within 10 days of the filing of a complaint.

SECTION 8. PENALTY— Any person, firm or corporation who violates any provisions of this ordinance or fails to comply with same, upon conviction thereof shall be punished by a fine not to exceed \$250.00 or by imprisonment in the County Jail not to exceed 90 days, or both. Each separate offense shall be deemed a separate violation for each day during which a violation occurs, upon conviction in any court having competent jurisdiction.

SECTION 9. This ordinance is enacted for the purpose of revenue as well as for the proper regulation, control and operation of the business, and premises described herein.

SECTION 10. ENFORCEABILITY AND REPEAL.
 (a) If for any reason any section or provision of this ordinance shall be held to be unconstitutional or invalid by any court, this ordinance shall not be affected by any other section or provision of this ordinance.

(b) All ordinances or parts of ordinances existing at the same subject matter herein contained, or inconsistent herewith are hereby repealed.

SECTION 11. This ordinance shall take effect upon final passage and publication in accordance with the law.

Attest: I hereby certify that the Municipal Council of the Town of Irvington, New Jersey will meet on the 14th day of January, 1966, at 8:00 o'clock p.m. in the Council Chamber, Municipal Building, Old Square, Irvington, New Jersey, at which time and place, or at any time and place to which such meeting shall be adjourned, all persons concerned will be given an opportunity to be heard concerning such ordinance and at such hearing or adjourned meeting, said ordinance will be further considered for second and final reading.

New 'Brooms' May Sweep Away Fog

The State Highway Department this week announced it is seeking to adapt a device used in the misty mountains of Chile in its latest effort to combat fog on New Jersey highways.

At Highway Commissioner Dwight R. G. Palmer's direction the Department's Division of Research and Evaluation has been engaged in investigating all possible methods of reducing the traffic hazards created by fog on major roadways.

During the research into this problem, it was learned that the natives of Chile use fine nylon nets to collect moisture from the fog and mist that is prevalent in their mountains so that it can be used for irrigation purposes in the valleys.

The Research Division's variation of this device, labeled a "fog broom," consists of a network of fine nylon threads wrapped around a revolving frame, a department spokesman said.

The big test will come when several fog brooms are mounted on a low flat bed truck and driven through actual fog. The theory is that the device will sweep enough fog out of the air to permit safe movement of vehicles, the spokesman added.

Similar to snow removal operations, the fog broom vehicle would operate in tandem, clearing a path truck-wide.

When a test model of the device was tried out in the Department's fog laboratory, the revolving frame picked particles of moisture out of the air, causing the humidity to drop and the temperature to rise, and producing a tunnel of visibility in the dense mist within six minutes, the spokesman said.

Various other types of tests are being conducted by the research group in the Highway Department's continuing fight to eliminate fog as a highway danger. These include special reflectors, imbedded in the highway surface, radar mounted in vehicles, and closed circuit TV in vehicles.

Similar to snow removal operations, the fog broom vehicle would operate in tandem, clearing a path truck-wide.

From N. J. Taxpayers Association

AUTHORITIES REQUIRE STUDY BEFORE ACTION

Increasing concern is being expressed over the fragmentation of established lines of municipal government organization through the creation of local authorities which can escape traditional popular controls over their financing and operation, points out the New Jersey Taxpayers Association. At the local level, authorities frequently are created to provide sewerage, water, parking and other special services and facilities.

Discussed advantages and disadvantages of these separately financed special governmental units, the Association observed that under certain circumstances an authority may be the only way to provide for water or sewerage utilities, particularly in serving two or more municipalities.

Advantages usually cited in the creation of local authorities include: independent self-supporting financing; escape from statutory debt limits and procedures; freedom from politics and a more businesslike operation with better qualified personnel.

Some counter arguments against setting up a separate authority to perform public function were listed as: "Authority" bonds, usually bearing higher interest rates, are considered overlapping debt and therefore not necessarily beneficial to the municipality's financial rating; New Jersey's statutory limitations on local debt are flexible and provide avenues to meet extraordinary circumstances; appointments to authority boards are made by

Recipients of dinner bars were Michael Baumrind, Clifford Barker, Thomas McMahon and Steven Lehrhoff. Special arrow awards were presented to Jeffrey McQuaid, Robert Roth and Ronnie Toll. Harry Warman received a two-year pin.

Union Center National Bank Offers Stock Dividend Plan For Approval

The directors of the Union Center National Bank at the time of the collision, according to the report, and Mrs. Janet was headed north on Linden ave. Both cars were towed from the scene.

That afternoon at 1, another accident took place on Mountain ave., at the exit from the Echo Plaza Shopping center. John Irving, 58, of Scotch Plains was driving north on Mountain ave., according to police.

The report added that his auto collided with one driven by Emigdio Lols, 50, of Mountainside, who was leaving the shopping center. Lola apparently was turning south, to his left, as he left the Echo Plaza parking area. The Irving vehicle was towed from the scene.

Chayat Jewelry To Be Displayed

Maxwell M. Chayat of 530 Morris ave., Springfield, is among the craftsmen who will be represented in the Newark Museum's Christmas Crafts and Jewelry exhibit.

Jewelry designed by Chayat will be on display at the exhibition, which opens tomorrow and continues through Jan. 9.

The show, an annual event at the museum, will feature hand-crafted articles and graphic art. All items will be for sale.

A majority of the participants are New Jersey residents, museum officials said. They recognize that the show will include a group of woodcuts, etchings, lithographs and serigraphs by artists who are also represented in the museum's current exhibition, "Selected Works by Contemporary New Jersey Artists."

Barbara Moore Named Candidate

Barbara H. Moore of 26 Battle Hill ave., Springfield, is among 28 candidates for the title of "Miss UJC" in a competition sponsored by the Day Session Student Council at Union Junior College, Cranford.

Five semi-finalists will be selected in campus-wide balloting on Dec. 14. The 28 entries were nominated by male students at Union Junior College.

"Miss UJC" will be crowned at the annual Christmas dinner-dance on Dec. 22 at the Canticlar, Millburn.

Miss Moore is enrolled in the day session as a liberal arts major. She is the daughter of Mrs. Edward H. Moore and the late Mr. Moore, and is a graduate of Jonathan Dayton Regional High School, Springfield.

Springfield Girl Wins Award In Art Contest

Ellen Weg, 14, of 7 South Gate, Springfield, a student at Jonathan Dayton Regional High School, received honorable mention in the annual statewide art-contest held in connection with the New Jersey Apple Harvest Festival.

Sponsors of the contest were the Orange Savings Bank and the New Jersey Apple Industry Council of the State Department of Agriculture.

Ask Amy

BY AMY ADAMS

Dear Amy:
 I am a teenage boy with a problem. I hope you can see me straight but I think I probably need psychiatric counselling. I am considerably overweight and have tried diets and the whole bit but I still remain the same. I have finally realized why I stay so heavy. I feel that remaining a 'freak,' I will not be drafted by the Army. Right or wrong, this is the best analysis I can give for my problem.

Dear Freddy:
 Your attitude does need working on I urge you to talk to your parents. They won't be ashamed, so don't you be. And if you need help, physical or mental, they will see that you get it. Few young men who face the draft are heroes, but one must come to the realization that a job must be done and be man enough if called upon to do it.

Dear Amy:
 I'm 24 and my husband is 26. We have been married 15 months now, but although we want children very badly, we've had none yet.

Right after we were married, I quit my job and did what I had always thought most good wives should do: stay home, took care of the house, made it a real home and gave all my attention and love to my husband so that I would never have to be afraid that he would look for it somewhere else like some other men.

However, all my married girlfriends and my mother-in-law kept asking me why I don't go back to work. I've had the remark dropped once or twice by my friends that since they work and bring in an income and help relieve some of the burden off their husbands, they are being appreciated more by their husbands and being better wives. My husband says he loves me and wants me to do whatever I think is best, and whatever I want to do. He works nights but refuses to allow me to work nights and to come home at late hours—while he's not home.

Since we are only renting an apartment, I realize by working I could help save for a home some day. My husband brings home a good check each week to pay our bills and live on, but it only leaves a small portion to put away in the bank each week. But by my working, it would leave much less time for us to be together and perhaps make it considerably longer before we have children.

I want to be a good wife very much and have our marriage last for a lifetime, but I'm not sure if my old-fashioned way or

(thinking is really best. Is it Mrs. W. J. D.
Dear Mrs. W. J. D.:
 Although there are pros and cons on the subject of working wives, your thoughts are not old-fashioned, if they are practical. While it is true that you could make more money if you took a position until your first child came along, if it would be detrimental to the good and welfare of your marriage, I wouldn't advise it. The only opinion on this matter that is important is your's and your husband's. Come to a conclusion and be happy with it!

Dear Amy:
 About three years ago, I met a boy in a city not far from where I live. Since then, I had not seen him until this summer when we met again and got to know each other in the short two weeks he was here. Reliable sources told me that he likes me, but I don't know for sure.

Now his birthday is coming up in a couple of weeks and I'd like to know if it's proper for me to send him a birthday card? If this is not proper, please tell me what to do so he will know that I like him.

Dear P. M.:
 Send him a birthday card. He'll get the message!

Dear Amy:
 I just read your column in our local paper and the answers you gave were so sensible that I thought maybe you could help me.

I'm the mother of four boys, ages 18, 16, 14, and 6 months. Every time one of them is unhappy, I can't stand it and get severe headaches.

The oldest wanted to join the navy; we signed for him. He's now unhappy in the service. He wanted to marry a Weave at 18; we signed for him. I now worry if he is happily married. He always wanted things and was too young for — for instance he got his first car at 12. I just haven't learned to say 'NO' to anything any of my boys wanted.

My two middle boys are very sweet and reasonable, but the baby is sure spoiled. It's getting me down—all of it! Can you please tell me if all mothers go through the same thing or is it just me!

Mrs. Miserable:
 I certainly hope all mothers don't go through what you describe. The happiness you want to enjoy from your children can only be achieved by doing for them what is necessary for their physical, mental and moral well being. Overdoing and not being able to say 'NO' results in their inability to grow up and become responsible adults. Raising four boys isn't easy, but if you raise them right they will be happy and so will you.

College Will Host Forum For Political Organizations

SYNOPSIS OF MINUTES OF MEETING OF THE UNION COUNTY BOARD OF CHOSEN FREEHOLDERS HELD ON OCTOBER 1, 1965. Regular Meeting of the Union County Board of Chosen Freeholders was held in the Court House, Elizabeth, New Jersey, October 1, 1965, at 8:00 P.M.

(364)—Freeholder Stimmer for Department of Administration and Public Affairs, approving Longevity to various employees, upon their anniversary dates. (365)—Freeholder Stimmer for Department of Administration and Public Affairs, creating the position of Director of the Union County Planning Board and setting forth the salary range for this position.

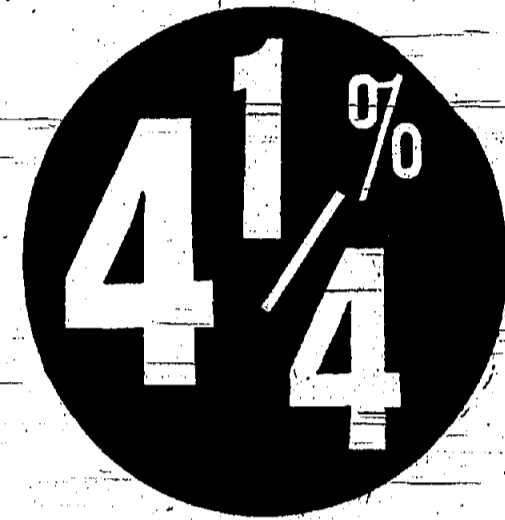

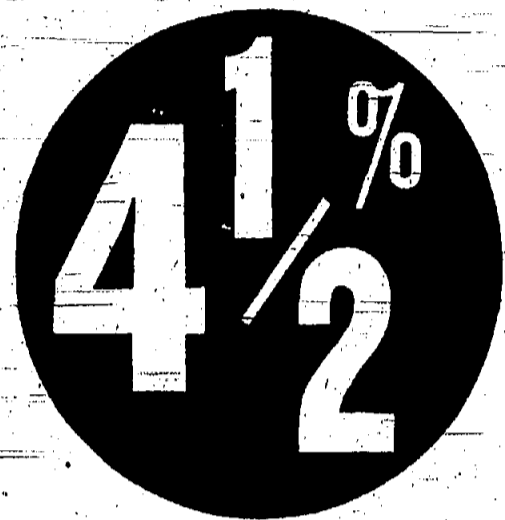

Politically active national organizations running the gamut from far left to far right will have the opportunity to air their philosophies, ideologies, and Democratic Society, and the representatives of these organizations which are so much the center of controversy today.

Tom Hayden, one of the founders of Students for a Democratic Society and Chairman of the "Port Huron Statement" which outlined the philosophy and goals of SDS.

Steve Block, organizer for Newark Community Union Project. Form of the forum is as follows: Each speaker will have 10 minutes to present his organization's philosophy and goals. There will be no debate and each speaker will be restricted to his topic by the moderator.

HARMONIA'S NEW RATES

EFFECTIVE JANUARY 1, 1966

NEW "HI-RATE" INVESTMENT SAVINGS ACCOUNTS

NEW "HI-RATE" REGULAR SAVINGS ACCOUNTS

NO HIGHER RATE IN THE GARDEN STATE

TO REWARD HARMONIA SAVERS WITH LONG-RANGE GOALS WHO WANT HIGHER EARNINGS, the bank introduces the INVESTMENT SAVINGS ACCOUNT effective January 1, 1966, which will give depositors 4 1/2% a year return after deposit has remained in the account for 4 full quarterly periods.

INTEREST ON HARMONIA REGULAR SAVINGS ACCOUNTS will be at annual rate of 4 1/4% starting January 1, 1966 — compounded and paid 4 times a year on all balances of \$25 to \$50,000.

Until a deposit shall have remained in an Investment Savings Account for four full quarterly dividend periods, it earns dividends at the rate applicable to Regular Savings Accounts — 4 1/4% per annum, effective January 1, 1966 computed in the same manner.

Remember — your Harmonia bankbook can be used at both Harmonia Offices. The "Hi-Rate" INVESTMENT SAVINGS ACCOUNT is ideal for long range savings goals such as a new home, a car, retirement, college education, as part of an estate-planning program, etc.

Thereafter, the deposit will be credited quarterly with dividends at the Investment Savings Account rate declared by the Board of Managers from time to time, which will be composed of the then Regular Savings Account dividend rate, plus the additional rate then in effect.

LOAN ADVANTAGES YOU CAN BORROW ON YOUR INVESTMENT SAVINGS ACCOUNT just as you can on a regular savings account. Present your bankbook and we'll arrange your loan in a matter of minutes.

SPECIAL PASSBOOKS Special passbooks for Investment Savings Accounts will be required, and will be issued upon an initial deposit of \$1,000. Additional deposits and withdrawals may be made in multiples of \$50, but dividends may be withdrawn in any amount.

Form for HARMONIA SAVINGS BANK. Includes fields for name, address, and account type selection. Text: "I enclose \$ (1,000 minimum required). Please open an Investment Savings Account as checked."

Payment Hikes Due For Disabled Vets

More than 80,360 New Jersey veterans with service-connected disabilities will receive higher compensation payments beginning in January, 1966. P. M. Nugent, manager of the Veterans Administration regional office at Newark, New Jersey, said this week.

The bill increasing compensation payments was signed into law Oct. 31 by President Johnson who said, "The nation has no greater obligation than its debt to these nearly two million Americans who have been maimed in mind or body in the service of their country."

The increase in payments went into effect yesterday and will appear first in the compensation checks to be mailed at the end of this month.

This is the second increase in compensation payments in three years. In 1962 the increase totaled approximately \$120 million, Nugent said.

The present increase is expected to total \$176 million annually and will go to almost two million veterans.

Individual increases will range from \$1 a month for those veterans adjudged to be ten percent disabled to \$50 a month for those who are classified 100 percent disabled.

Even more substantial increases are provided under the new law for more seriously disabled veterans (for example, those suffering multiple amputations, etc.) whose monthly

compensation may total more than \$800.

For veterans whose disabilities exceed 50 percent, the law also provides increase of approximately ten percent in the additional allowance provided because of dependents, Nugent said.

Other changes affecting dependents that are brought about by the bill increase from 21 to 23 years the age limit of a child attending school on whose behalf a dependency allowance may be paid. The additional allowance payable to the veteran-parent for these school children has been increased to a monthly maximum of \$40.

The new law also removes the age requirements for Medal of Honor winners who may seek the established \$100 payment, he added.

To Attend Rehearsal

High school seniors in Union, Essex, Middlesex, Morris and Somerset counties have been invited to attend a dress rehearsal of "The Male Animal" by the Union Junior College Drama Club next Thursday at 7:30 p.m. in the theater of the Campus Center, Cranford.

The club will present the James Thurber-Elliott Nugent comedy on December 10 and 11 in the theater of the Campus Center. Members of the Student Council and Alpha Phi Omega, service fraternity, will greet the high school students and conduct guided tours of the campus.

HEALTH HINTS

From N. J. Medical Society

MEASLES MUST GO

Measles has always been a commonplace but by no means inconsequential disease of childhood. The complications of measles — such as pneumonia, deafness, encephalitis, and the activation of arrested tuberculosis — have regularly posed a threat more serious than the disease itself.

A vaccine is available that will give enduring protection against measles. In it we now have the means to stamp out measles as a continuing threat to childhood. It is estimated that 20 million children under the age of six have not yet been given the immunizing vaccine.

The New Jersey State Department of Health has issued a plea to New Jersey parents to have their children immunized against measles. Now is the time to take the necessary steps. Your physician will welcome the opportunity to do his part to eliminate this age-old enemy to your child's well-being. Decide now.

26,000 More College Spaces To Be Available In N.J. By '68

More than 26,000 new college spaces are expected to be ready in New Jersey by 1968, State Education Commissioner Frederick M. Raubinger announced this week.

Dr. Raubinger said the additional space represents an increase of 40.4 percent over present facilities and will bring the total number of full-time undergraduate spaces to 90,987. State and Federal funds recently allocated are helping make the increase possible, he noted. The Commissioner explained that 22 public and private colleges and universities throughout the state, including four-county colleges, have been named recipients of the funds.

Already Allocated "These 26,086 spaces are not dependent on future appropriation of funds; the money has already been allocated," Dr. Raubinger observed.

Sixteen thousand of the opportunities for college education will be provided by the Higher Education Facilities Act, which granted more than \$12 million on a matching basis this calendar year—generating more than \$87 million in college construction. The remainder of the spaces are being financed through the \$40 million bond issue passed last year by New Jersey voters.

Still to be awarded under the Higher Education Facilities Act this fiscal year is \$5.8 million. This money is expected to generate additional construction totaling \$17 million and create several thousand more student spaces.

With the money already appropriated, private colleges will admit 11,000 students while public institutions will be able to increase their full-time undergraduate enrollments by about 15,000. This year, 84,601 places were available in New Jersey's colleges and universities, 33,576 of them in the public sector.

Construction of facilities to accommodate the 26,000 students is expected to be completed in time to begin taking freshmen by 1968.

Some of the buildings are planned for completion in time for the 1968-69 school year. Four-county colleges — Atlantic, Cumberland, Middlesex and Ocean — anticipate September, 1968, openings. Funds appropriated for the four colleges will provide for 4,050 students.

For New Facilities Money awarded to county colleges is being used toward construction of complete academic facilities—including classrooms, laboratories, libraries, physical education facilities, student centers, etc.

Much of the money allocated to the other 18 schools will help construct classrooms, science and foreign language laboratories, libraries, dormitories and related buildings.

Colleges — and universities awarded funds and their anticipated increased enrollment by 1968 are:

Alphonsus College, 400; Atlantic Community College, 800; Bloomfield College, 463; Cumberland County College, 1,000; Drew University, 718; Fairleigh Dickinson University, 4,261; Middlesex County College, 1,500; Monmouth College, 715; Newark College of Engineering, 500.

Also, the State Colleges: Gloucester, 1,118; Jersey City, 883; Montclair, 1,241; Newark, 1,980; and Paterson, 1,613.

Also, Ocean County College, 1,350; Princeton University, 95; Rider College, 1,052; Rutgers University, 3,400; St. Peter's College, 1,032; Seton Hall University, 784; Union Junior College, 620; and Upsala College, 571.

We go to all the trouble of redesigning our interiors, improving our handling, and refining our Wide-Track ride, and some people buy us just for our looks.

Our new Executive Hardtop Coupe.

Just once we'd like to have people fall in love with the inside of our cars before they flip for the outside. Why, this year alone we've made available brand-new wraparound buckets. Profile bench seats. More rich, genuine walnut paneling. And nicer instrument clusters you've never seen. We even had our engineers take our test cars apart piece by piece to come up with improvements that, incredibly enough, make our Pontiacs smoother, quieter, more enjoyable to drive. Really, though—we don't care which feature gets you inside a new Pontiac, as long as it gets you there. And it will. At least judging by the number of Pontiacs you see on the road.

Everything's new In tiger country. Wide-Track Pontiac/66

'More I Cannot Wish You': See 'Guys And Dolls'

By WILLIAM H. BRUCKER
Lash me with celery stalks, stone me with stuffed olives and gravel me with chopped liver. Because if "Guys and Dolls" doesn't come down as one of the best musical comedies of the last third of a century, I am willing to be drummed out of Lindy's Restaurant for my belief that it is. The show, as it unfolded at

the Paper Mill Playhouse last week, is one tight little ship with a superior book by Jo Swerling and Abe Burrows, based on a full menu of Damon Runyon characters that invoke memories of the halcyon days of Broadway and Little Miss Marker, and with a per-

fectly logical choreography by Betty Hyatt Linton, and with a superlative score and lyrics by Frank Loesser that integrates all into the topnotch showpiece that it is. People fit with a cast that not only plays the roles, but is the roles. Move them about as Gus Schreiner does with a casual theater know-how and an abhorrence for timing and the word. Drench it with boisterous good humor, lace it with unbelievable grammatical non sequiturs, look for the endearing aspects of a load of senry characters—and—-together you have "Guys and Dolls", a four-star, free-for-kick blockbuster. This present revival of a story of revival meetings and horse players, mission dolls and gamblers, winner and losers is as plausible a reflection

of the times as the intensely vicious "West Side Story." Frank Loesser is no less a master of the musical comedy form and brings to the score as intellectual a motivation and engineering as has the one by Leonard Bernstein. The former uses fugues, cantatas, motets, duets, chorales, sonatas, et al to relate how Sky Masterson, an honest gambler, wins Sergeant Sarah Browne, of the Save-A-Soul Mission, by losing a bet to Nathan Detroit. He must win his bet so that he may at long last marry Adelaide to whom he has been affianced for 14 years. This is perhaps the best cost ever assembled at the Paper Mill. Hal Linden could not be a better Sky. He is lanky, has dark good looks and does powerful things with powerful songs. Christine Mathews is pert and pretty as Sarah Browne and is equally as effective with her songs. Together they do "If I Were A Bell" and "I've Never Been In Love Before," more than a full portion from many shows, but only a small but beautiful part here.

Sam Levene was born Nathan Detroit. Thus there never was a problem casting this role. He is always the entrepreneur, this time the proprietor of the oldest established floating crap game in New York. He evades matrimony with cat-like feel and causes Adelaide, lovingly portrayed by Vivian Blaine, to lament about the psychosomatic origins of the common cold. She satirizes the old night club routings with "A Bushel and a Peck" and epitomizes the burlesque stype of the noblest days of the Minsky era with "Take Back Your Mink." In "Marry the Man Today" she is only a half beat away from

MARY PILART (Irvington's busiest woman) says: "I eat at Kless' regularly to save time... the service is quick, the food excellent... the price is right... Andy Kless must be doing something right!"

SANTA CLAUS DUE AT UNION BANK'S CHRISTMAS PARTY

Santa Claus will pay his annual visit to The First State Bank of Union again this year.

All local community children are invited to a Christmas party to be held at the Main Office, 1930 Morris Ave., Union, next Wednesday from 3 to 5 p.m. Another party will be held at the Townday Branch, 2901 Morris Ave., Union, next Thursday from 3 to 5 p.m. The Highway Branch on Rt. 22 and Monroe St. will play host to Santa on Friday, Dec. 10 from 3 to 5 p.m., a bank spokesman said.

Each child who attends will be given a Christmas gift from Santa Claus, but must be accompanied by an adult, the spokesman added.

Santa will be portrayed this year by Fred Campbell of Winfield Park.

Senator Case Reports

At a time when the American people are being asked to shoulder heavy responsibilities in Viet Nam and elsewhere, there is a special need for candor and the fullest possible disclosure of pertinent information by our Government.

There may well have been good reasons for doing so. It is in any event a matter of judgment on which men of good will might differ. There can be no justification, however, for the subsequent and repeated "enials" by the highest officials of our

Government that any such offer had ever been made. If the democratic process is to be sustained and strengthened, it is essential that the public be told all the facts, except as national security may otherwise require.

officials, both in America and abroad.

As concealment undermines public confidence, disclosure strengthens it. That is why I have suggested to Senator Fulbright, the chairman of the Senate-Foreign-Relations Committee, that we make public transcript of our recent closed-door inquiry on the Dominican Republic.

There have been news reports of conclusions purportedly based on "evidence" offered to the committee, neither the source nor the accuracy of which can be judged by the public.

Conflicting accounts of what was or was not presented in the way of facts to the committee have made for a confusion that can only be dissipated by publication of the actual transcript, except for items of strictly security information.

Ski Movie Slated Tomorrow Night

Dick Barrymore, ski photographer and lecturer, will bring his ski film, "Snow Motion," to Millburn High School, Millburn tomorrow at 8:30 p.m., sponsored by the Short Hills Ski Club. Tickets may be obtained at the door or from Miss Shirley Bennett of 1375 Beverly rd., Union.

The 90-minute color movie captures old scenes from Australia, Japan, Vail, Squaw Valley, Taos and Aspen. Highlights of the 1964 Winter Olympics also will be featured with close-up photography of the slalom runs of California's Jimmy Heuga and Vermont's Billy Kidd as they twisted and slidded their way to Olympic medals.

The movie is open to the public. The Short Hills Ski Club meets each Tuesday at 8:30 p.m. at the Springfield American Legion Hall, North Trivett ave., Springfield. New members are invited to attend.
