Vote On Ordinances Postponed After Long Debate Caprio Far Ahead In School Board Voting

Mrs. Weisman Wins With Ease; Johnson Elected Margulies Selected For One-Year Term; Budget Is Approved

The Springfield Board of Education today postponed its vote on a set of ordinances which would have authorized the board to purchase a new building for the high school. The board also elected Mrs. Ruth Weisman as president for the next year, and selected Joseph Johnson as president for the next year. The board also selected Joseph Margulies as a member for a one-year term. The board also approved a budget for the next year.

Operation Mail Call

A steady flow of mail to Springfield men and women in service overseas, continuing through the week. That is the objective of "Operation Mail Call," which is continued this week.

If anyone knows the names and addresses of other Springfield residents serving overseas, the information should be sent to the Springfield Leader, Box 59, Springfield, N.J. That friends and neighbors can keep in touch and express appreciation for contributions to the national welfare.

Top Aides Selected For Jewish Appeal

Wallace Callen, Springfield United Jewish Appeal chairman, this week announced the appointment of Sam Miller and Leonard Sherman as vice-chairmen for the 1966 fund drive. Proceeds are used to support Jewish philanthropies locally, nationally, in Israel and elsewhere.

Miller, who has served as vice-chairman for the past two years, is a trustee and membership chairman of the Springfield Lodge of B'nai B'rith and a member of the religious affairs committee of Temple Beth Ahm. He is vice-president of Elkay Products Co., Springfield.

Committee Heads To Present Talks At LWV Program

The Springfield League of Women Voters will conduct a "Know Your League Night" on Tuesday at 8:15 p.m. in the home of Mrs. Allen Rabin, 91 Pitt rd.

Mrs. Richard Moore, chairman for the evening, will introduce the following committee chairmen: Mrs. Lawrence Goodman and Mrs. Joseph Horowitz, who will speak on "Higher Education"; Mrs. Herbert Meisel, "Human Resources"; Mrs. Harry Elstein, "Reapportionment"; Mrs. Charles Danziger, "Taxes"; and Mrs. Sidney Miller and Mrs. Leonard Kriegman, "Master Plan". Each chairman will give a brief progress report, and then there will be a "brain storming session" - questions, complaints, new ideas and suggestions for change.

Interested Springfield residents should call Mrs. Charles Gerst, 376-5730, if it was announced.

'IT Girls' Include Local Members Of Women Voters

The "IT Girls of 1966" will convene in Trenton on Monday, and they will include a delegation from Springfield, it was announced this week.

The "girls" are members of the New Jersey League of Women Voters, the announcement stated, and the "IT" stands for a state income tax, which the league is supporting, the "fair financial cure for New Jersey's ills."

The LWV members on Monday will start distribution of a special "Get Well" card for "Dear New Jersey" to legislators and other citizens. The cards will be distributed to local residents by the Springfield League. Local president is Mrs. Henry Hunecke.

She recalled that the LWV staged a similar rally in Trenton last year, distributing special coloring books to state legislators to emphasize the state's need for a broad base tax.

This year's "Get Well" cards illustrate with verses and drawings such New Jersey "ailments" as high property tax pressure, congested roads, dying school budgets, falling institutions and amputated railroads, the LWV statement continued.

The remedy is depicted as a hypodermic needle labeled "State Income Tax," with the proper treatment: "a good shot in the broad base."

On the county level, the Union County League will hold its annual legislators luncheon March 8 at the Hotel Suburban, Summit. Mrs. Richard Moore of Springfield, former county president, is a committee member for the day. Guests will include Union County members of the State Senate and Assembly, as well as the county freeholders.

Town Meeting

(Continued from Page 1) parking, would close that loophole for trailer parking. A number of the trailer owners said they would accept an amendment similar to the one suggested for boats, with size limits and storage confined to back yards. They said that fear of their vehicles prevented them from storing their trailers in commercial areas.

Overnight Parking Considerably more heat, and less agreement, was generated by the overnight parking request of the township. Specifically, it would prohibit all parking on Springfield streets between 2 and 9 a.m.

Committeemen explained that the ordinance was offered at the request of the Police Department. It was designed to prevent crime by depriving criminals of hiding places on the street and of use to use while seeking homes to enter and while escaping.

The ordinance was also termed valuable in aiding passage of fire engines and ambulances on narrow streets, as well as a help to snow removal, leaf removal and street cleaning.

The majority of the speakers, while conceding in varying degrees the benefits of the proposed ordinance, stressed the great difficulty of enforcement. Several said that they had one-car garages and up to five cars, almost all necessary for business.

"Asphalt Jungle" Typical comments were that residents would have to sell their cars, which could be impossible, move out of Springfield or else convert their front lawns into an "asphalt jungle" of driveways. Other speakers asked about overnight guests, who would have to park in the streets. Several committeemen said that in other communities, residents notified police when guests would have to leave cars in the street, and that the cars were then not ticketed.

This was protested as illegal, discriminatory and unenforceable. Several residents of apartment developments declared that there simply was not enough off-street parking space available for them, and that street parking was essential.

Among the proposals advanced were suggestions for widening streets for cars of "handicap parkers" or else limiting parking to one side of each street.

Enley Bennett, municipal traffic consultant, commented that he and the committeemen had already studied virtually all of the problems, and that the problem now was to weigh the benefits against the inconveniences.

FAR EASTERN DUTY is the assignment of SP 4 Edward Rackowski of Springfield, now with an Army Educational Center in Pusan, Korea.

Letter From Korea Promotion For Rackowski

A Springfield soldier recently wrote home from Pusan, Korea, to extend his thanks to all the friends and neighbors who sent greetings and letters to him, before and after the holiday season.

He is Edward Rackowski, newly promoted from private first class to SP 4, the son of Mr. and Mrs. Edward Rackowski of 94 Shunpike rd. Rackowski told his parents of the many letters he had received after his name was listed in the "Operation Mail

Call" column of this newspaper. Rackowski is assigned to an Army educational center, dealing with servicemen throughout the Pusan area. He was recently elected president of the Enlisted Men's Advisory Council for the area. Rackowski also wrote that he was about to spend a week on leave in Japan.

He commented that letters sent to him Air Mail are delivered in four to six days, while regular mail usually takes as many weeks.

RACKOWSKI is a graduate of the Florence Gaudiner School, Springfield, and Seton Hall Preparatory School, South Orange. He holds a B. S. degree in accounting from Seton Hall University. He was captain of the varsity golf team during his senior year at college, winning a trophy as the team's most improved player.

He worked in the actuarial department of the Prudential Insurance Co. following his graduation in 1963. He entered the Army in November of 1964.

His tour of duty in Korea is scheduled to end on May 20, and he expects to be transferred to a post in this country.

While at college, Rackowski worked part time at the Springfield Post Office, where his father is also a staff member. He also served as a coach in the St. James Little League.

Cars Crash Head On

Two automobiles, whose drivers attempted to pass from opposite directions in the central passing lane in Springfield on Saturday, crashed head-on and had to be towed from the scene, according to Springfield police. The single lane serves cars passing from both directions.

The drivers were Edward James, 46, of Westfield and Edward Halper, 16, of 107 Mopes ave., Springfield. Halper's car went into a spin as he swerved in an attempt to avoid the crash, police said.

Give a selfish gift.

Barton's Valentine Chocolates.

Men: Be selfish. Be calculating. Give her a Valentine heart that'll get you more than a Thank you. Give her Barton's.

These are not just everyday candies in a fancy box. They're Continental Chocolates made from old Viennese recipes.

Brought to America by Barton's.

That's why these chocolates have that Continental touch.

In fact, their chocolates are so good that some girls will act downright stingy with them.

So be selfish: Give Barton's only to girls who are generous. That way, you can get your kias and the candy, too.

Shown: Barton's "Forever Young" heart of Continental chocolate with nuts, \$3.00. Come in and see the rest of the Valentine's.

LEADER PROFILE

MRS. EDWARD LILIEN

Mrs. Edward (Ethel) Lilien, who was recently elected state secretary by the New Jersey Association of Youth Employment Services during the group's annual meeting, regards this honor as another step in the rapid progress of success in YES agencies, and particularly her "pet baby," the Springfield YES group.

MRS. EDWARD LILIEN

In fact, Mrs. William Lorimer, Springfield YES chairman, has been quoted as saying: "It's a feather in our cap to have a local member elected to the state board, and I am highly pleased that it was Mrs. Lilien — since without her urging for the formation of a YES office in town and her subsequent help, the Springfield group would not have gotten off the ground."

Mrs. Lilien, who has been active in township improvement since she moved to Springfield more than 13 years ago, has worked especially hard in projects concerning young people.

She had been active with Girl Scouts and PTAs, and served as chairman for three years on the juvenile protection committee as well as the parent and family life group in the Florence M. Gaudineer School.

Mrs. Lilien, an articulate, knowledgeable woman, explained the other morning during a visit to her home at 7 Warwick circle, that "I worked for a year to get this thing going. This is what I call my baby!"

TWO YEARS AGO (the local YES agency is a year old), Mrs. Lilien was finding it extremely difficult to get a YES office started. She encountered obstacles, negative responses, lack of sufficient interest. Nevertheless, she plunged forward.

"I had tried her to get the high school to volunteer its services; I went to the Township Committee twice; I visited, called, wrote — I saw so many people, I lost track. I just couldn't get the thing rolling," she declared.

"Eventually," Mrs. Lilien explained, "when they were ready to start rolling with the project, they decided to call me. "But I said I couldn't handle it; that I wouldn't be available for some time." Mrs. Lilien mused, "You see, it was just at that particular time that I had to go to the hospital too for surgery."

Mrs. Lilien credits the small group who started the Springfield YES office — and she especially lauds Mrs. Lorimer, who gave of herself so much to the project. "Alice Lorimer," Mrs. Lilien exclaimed, "is a real dynamo! I don't know where she gets all the strength and energy to do all the things that she does."

Mrs. Lilien went on to relate the events which took place during her recovery, when she returned home from the hospital.

"BY THE TIME I was able to go into it," she said, "I couldn't give too much active assistance. But I gave a great deal of literature to the agency" which she'd accumulated during her feverish campaign.

"Alice Lorimer and I worked hand-in-hand," Mrs. Lilien said, "and with the valuable help of others in the office, we managed to make a success of our agency. Last year, I served as recording secretary for four months and served as a volunteer in the office as a fill-in for last minute emergencies."

This year, officially, Mrs. Lilien is corresponding secretary for the local YES office, "but I've been helping with publicity for two months now."

And this past summer, when the office closed for vacation, Mrs. Lilien took files, names, paper and paper work home, and she conducted her pencil and phone work from home (in her personal "temporary" YES office).

"THE WORK LOAD wasn't so heavy," Mrs. Lilien protested, "but I did manage to keep busy. At this point," she said, "we have filled about 300 jobs — about 80 per cent of our registrants has been placed."

Why does she work so hard pouring so much of her time and energy into a volunteer project?

"I happen to like working with kids," Mrs. Lilien replied. "They're far more serious-minded than most people seem to think. So, with a respectable start in life, and a purpose, they can go much further. "At an early age, they can learn how to talk terms — business, salary. (We never talk terms with an employer; we merely offer the basic service of getting the job for a youngster. After that, he's on his own.)

"Actually, I believe we've done much to keep youngsters from dropping out of high school because of impending financial problems at home; and we've been able to help drop-outs from college to get back in."

A SMILE illuminating her pleasant (Continued on Page 5)

Rights Committee Meets This Week; Chairman Named

The Springfield Advisory Committee on Human Rights will hold its next meeting Wednesday in the Town Hall, it was announced this week.

At the committee's organizational meeting, held recently in the Municipal Building, Norman Banner was named chairman and Mrs. David Schwartz, secretary.

The following members also participated: The Rev. James Dewart, Rabbi Reuben Levine, Mrs. Elwood Carmichael, Monsignor Francis X. Coyle, Robert Johnson, Abraham Levine, Harold Bishop and Jack Quinn.

The purposes and plans of the committee were reviewed by Banner who stated, "The committee's function to the community will be as an advisory committee to act in a conciliatory capacity on any complaint directed to it, either through the office of the mayor or to the chairman."

Rabbi Levine and Pastor Dewart have been conferring with the superintendent of schools to institute programs in the schools which will explain civil and human rights at that level.

Baseball And Buffet Are Elks' Attraction

On Saturday night the Springfield Lodge No. 2004, of the B. P. O. E. will feature color movies of the baseball World Series and All-Star game.

Special guests will be in attendance. Guests are welcome. A buffet will be served, said a spokesman.

FINED \$15 IN COURT

Airman Eppinger, a graduate of Jonathan Dayton Regional High School, is being assigned to Hunter AFB, Ga. for duty with the Military Airlift Command.

EDITORIAL COMMENT

Let Freedom Ring

This week millions of Americans will take part in ceremonies honoring the memory of Abraham Lincoln. Of all his many accomplishments and achievements, President Lincoln may well be remembered longest as the statesman who recognized that a nation cannot exist half-slave and half-free.

Today, the entire world must find some sort of answer to the same basic problem, as the free nations of the West face the imperialists of the communist world. The only barrier between the two sides is a fence of thumbs pointed above panic buttons.

Will the desire to live and the capacity to mature prove superior to man's lust for extinction of the species? Tune in next century, and check whether anyone is still broadcasting.

Just as the confrontation of freedom and slavery, physical, economic or spiritual, applies on a scale much larger than national, it also is equally urgent and equally relevant on a much smaller scale.

Can our large cities survive and prosper with growing Negro minorities penned into ghettos and shunted into inferior schools which tend to perpetuate and aggravate the problem? Tune in on the Watts section of Los Angeles for the answer to that one.

Can communities like this one grow sleeker and more suburban with Negroes turned aside with evasion or outright

refusal, into new suburban ghettos, here or elsewhere. Real estate values are important, of course, but human values should not be made counterfeit.

This phase of the problem, admittedly, is difficult almost to the point of ultimate confusion. The typical product of generations of slum-bred apartheid is not a desirable neighbor. The Negro many white Americans would accept as a neighbor is not always the one they get — but in that he is just the same as any other new resident.

We are beginning to learn, at least, that freedom cannot exist only on one side of a color line, nor on both sides as long as that line exists. By the same token, our communist neighbors on this planet are, a few here, and there, starting to discover that they cannot segregate freedom on to our side of the Iron Curtain.

The two problems, in many respects, are the same. In urgency they certainly match each other. One Abraham Lincoln may have been enough for the 1860s. In the 1960s, we need more, many more.

Log cabins may have gone out of style, but we have yet to develop a formula for instant genius. Lacking that, we must rely on the same moral code that has brought us this far. It may not be perfect, even for those who still believe in morals, but, at least so far, it is all we have.

Dayton Teachers Write Article On Joint Instruction In History

"An Experiment in Team Teaching" is the title of an article prepared by Paul Karish, Mrs. Shirley Pantini and Dennis Fox of the social studies department of Jonathan Dayton Regional High School in Springfield and published in the current issue of the Research Bulletin of the N.J. School Development Council of the Graduate School of Education at Rutgers University.

The four-page article describes the creation of the team teaching program in U.S. History II, in 1963, at Dayton. The project is designed to "promote greater student responsibility, better utilize teacher specialties, improve study and research techniques, make more efficient use of audio-visual aids, present historical material in a broader cultural context, make use of a thematic approach in unit development, expose students to a variety of historical viewpoints and avoid monotony in student-teacher relationships by employing varied situations and procedures in meeting the class."

To meet these objectives a group, which includes seventy juniors, was selected from those who had shown the most proficiency in the social studies. The large group was divided into three smaller groups, each of which is the primary responsibility of one of the three teachers. Attendance, primary grading and other administrative procedures are handled in the small group, which also serves as a discussion section when not meeting with the total group.

Meetings of the whole group are used for lectures, audio-visual presentations, panel discussions, testing and such activities as trips and library work. Lectures are shared by the three participating teachers so as to take advantage of fields where each enjoys special competence. When possible, special speakers are brought in from the school or community.

The article describes the four main units used by the U.S. History II program, along with the grading system and bibliography and concludes with comments on the "stimulating effect" the program has on the teachers and students involved.

Book Cover

(Continued from Page 1)

"We need the Bible of our Almighty God back in the schools of Springfield. (We must acknowledge God.)

"Without recognizing God the hearer, we will never have peace in our United States of year round, publicly and in our America. Our nation was founded on faith.

"The school Board of Education and churches of Hawthorne, N.J. decided upon an inter-denominational prayer to be printed on book covers for children's school books and have had these printed."

On the front of the book cover are an American Legion seal and the Legion slogan, "For God and Country."

The message on the back cover declares: "With the knowledge that: "Our nation was founded on Godly principles:

"Our pledge of allegiance indicates our desire to be a nation under God:

"We are dependent upon God for peace and hope:

"A cardinal principle of the American Legion is: 'For God and Country';

"It is suggested that you pray the following prayer at the beginning of each school day:

"We acknowledge our dependence on Thee, Almighty God, and pray Thee to assist with Thy spirit of counsel and fortitude the leaders of our country. Grant that they may perpetuate to us the blessings of liberty and freedom. Bless our teachers and parents and all the people of our beloved country, and may we ever be faithful to Thee. Amen."

LEADER PROFILE

(Continued from Page 4)
 face, Mrs. Lillen declared: "You know, it is so rewarding... so satisfactory in knowing you've done something beneficial for somebody. And there's an additional feeling of gratification when a youngster will encounter you on the street and say: 'Oh, Mrs. Lillen, thank you for the job.'"
 "You may not recognize the youngster's face, but you certainly will be familiar with his or her name, once it's mentioned. At least," she grinned, "I would. I go through the files, often enough."
 Mrs. Lillen said that from the first moment the YES office was established here in Springfield, UNICO presented us with a check to get started.
 "Then, while I was shopping for a desk and some kind of a file cabinet, the owner of the office furniture firm offered to sell me a large executive-type desk at a moderate price. 'Well,' she sighed, 'the desk is still up in our office, but we never received a bill for it; it wound up as a donation.'"
 "IT JUST GOES to show how cooperative people here can be. Mrs. Lillen, the former Ethel Silverman, who was born in Newark, was educated out West in Indiana for four years; a year

in Long Island and the rest of my school years in Caldwell." She met Edward Lillen, who hailed from Irvington, at Essex County College in Newark, when they both attended evening classes.
 "I was working days and going to school at night... and after a while, it became too much, so I left school. Edward, on the contrary, continued. He went to a school for chiropractors in New York and completed a four-year curriculum in three years.
 "This is a man who doesn't know how to rush or run. My husband gave up his practice 18 1/2 years ago, when he went to work for an advertising agency for the New Jersey Bell Telephone Co. in an office in Union. Now he is director representative of New Jersey Bell... and he travels quite a bit."
 The Lillens were married in Bloomfield. They resided in East Orange and Bloomfield before moving to Springfield more than 13 years ago. "We feel like settlers," Mrs. Lillen laughed.

"WE HAVE two daughters, Marcia, 19, who is studying at the Philadelphia College of Art." (Mrs. Lillen had taken her visitor on a tour of her home—each room contains landscapes and portraits created by Marcia). "And there's Janice, who is not quite 16, a very ambitious child, and at this point, she has decided that she wants to become a doctor."
 "She's very self-sufficient," Mrs. Lillen said. "She gets baby-sitting jobs on her own; she doesn't want my help."
 Perhaps Mrs. Lillen is inspired by the relaxed, close-togetherness atmosphere created by her little family that makes her go all-out on whatever project she deems necessary. "I never do things halfway, I always feel I should do it right. I'm going to do something, I'm going to go all the way—and I'm going to do it right!"
 She says she really doesn't have much time for hobbies (understandably so) but that's not because of her Temple Beth Ahm and YES activities.
 SHE WILL IN FACT be busier than ever, now that she's an officer in the state organization ("We'll be holding meetings in Princeton—and there will be executive board meetings in town about eight or nine times a year.")
 "And at the State YES, we'll be trying to get some changes made... particularly on child labor laws which are very outdated. We'd like to give the youngsters a little more leniency with the changes of times."
 "No—there really isn't any time for hobbies," she reiterated. "I do have some stamps that I'm putting aside for a stamp collection in my old age. However, here at home, I've become an amateur 'teppiman.' Because my husband travels a lot, I have learned to do a lot of repair work. I've even worked on a humidifier."
 "You know what they call me around here?" She chuckled. "Ethel, the Plumber."

Snow Is Blamed For 2 Mishaps

Roads that were slippery with snow were blamed for two Springfield accidents last Thursday, police said.
 One of these, a three-car crash, occurred in Meisel's area, beside Union County park property, when Sadie Jaffe, 48, of 23 Newbrook rd., traveling north, skidded into the southbound lane according to police.
 Her car collided with a car driven by Ellen Woolley, 23, of 1059 Mayfair rd., Union, traveling south, which was then struck from behind by an auto driven by Lester Lieberman, 36, of West Orange, police said.
 The other accident occurred when Diane Watano, 25, of Clark, traveling north on S. Springfield ave., collided with Samuel Aikens, 70, of 40 Ruby st., who was attempting a left turn out of Ruby at onto S. Springfield, according to police.

YMCA Plans Weekend In Great Gorge Area

Summit YMCA Rangers and Pathfinders, fourth and fifth grade boys from Summit, New Providence, Berkeley Heights, Millburn, Sligo Hills, and Springfield have scheduled a father-son winter weekend for February 12-13 at Camp Silver Lake near Stockholm.
 More than 150 are expected for two days of skiing in the Greta Gorge area, ice skating, sleigh riding, with camp fire activities planned for Saturday evening. Camp Silver Lake is a completely winterized camp owned by the Paterson YMCA, said a "spokesman."

Mr. Ellenberger is marketing engineer with Lockheed Electronics in Plainfield. This sale was arranged by Jeanne Lundbeck an associate of ANNE SYLVESTER'S REALTY CORNER.

Dayton Scientists At Bell Labs' Unit

Three top science students at Jonathan Dayton Regional High School, Springfield, have been invited to be guests at a program Feb. 24 at the Bell Telephone Laboratories in Murray Hill. The event will be in observance of National Engineers Week.
 The three Dayton students are Robert Gleitsman of 14 Hemlock ter, Springfield; Robert Morgines of 20 Shelly rd., Springfield; and John Wallace of 98 Park dr., Kenilworth. They will be accompanied by their instructor, Stephen Cephraghy.
 Following luncheon—at noon on Feb. 24, the students will tour the Bell Laboratory facilities. An engineer from the laboratory staff will be assigned to each student group as a host and guide, to explain engineering techniques and discuss various phases of the work being done.
 The theme for National Engineers Week in 1966 has been announced as "Engineering—Creative Resources for Progress."

Student Human Rights Society Sponsors Film Presentation

By MYRON MEISEL
 The Jonathan Dayton Regional High School Student Human Rights Society is working to further its goal of educating its members to recognize unnoticed prejudices and to show up the fallacies of certain racial and social "myths."
 The most fruitful meeting of late was showing of the film, "The High Wall," provided by the New Jersey Region of the Equal Rights Anti-Defamation League.
 "The High Wall" was screened for a total audience of over 90 interested students. The film centered around a child's growing up with a prejudice against an ethnic group, slowly poisoning his personality. Subjected to a stern father who is unable to rise in business and takes his aggressions out in prejudice and discipline, the boy is injured while trying to "crash" a party

at one of the "interior" boys' homes. Running parallel is the story of the boy's sister, who keeps an open mind and refrains from malicious generalizing about those different from her.
 After the film showing a discussion, lasting for over an hour, was held under the guidance of the society chairman, Scott Harman, and faculty advisor, Paul Karish.
 Discussion Topics
 Individual opinions and conclusions produced lively arguments. How can one really keep an open mind? What makes some groups intolerant and others not?
 Some comments from students follow:
WELCOME WAGON
 Mrs. Dorothy M. Achilles of 128 Summit ct., Westfield, is the new Springfield Welcome Wagon hostess. It was announced this week.

"Lack of security, either emotional, economic or social seems to be a major cause; everyone has to have someone beneath him in a 'pecking order.'"
 "Success doesn't seem to erase damage done by prejudice. From what I've seen, it lingers on in the personality."
 "Prejudice may come from one source, but as it carries down from one social level to another, the effects are multiplied."
 Students found that many of their experiences paralleled those in the film. They had often heard many of the same words, but yet had thought nothing of it.
 One person claimed that a variation of discrimination existed between Springfield and Kenilworth students. Assumptions are often made about students from the other town without recognizing individual differences.
 Although some attributed this to rivalry, others contended that such "stereotyping" is damaging to the character of the school.
 The society intends to continue its discussions and possibly have another film presentation. It is also doing research into the history texts of the school for omissions of important contributions of ethnic and racial groups to United States history, the Negro in particular.
 The society is, in addition, planning a survey on the prevalence of discrimination and "myths" in the high school and in Springfield.
 While not militant, the Student Human Rights Society is trying to be alert, a spokesman stated.

Language Expert Speaks At Dayton

"The Romance of Words" will be the subject of a lecture by Dr. Rowland M. Meyers at Jonathan Dayton Regional High School this morning at 8:40.
 Dr. Meyers, a native of Brooklyn, was graduated from Dartmouth College and received a Ph. D. degree in romance languages and literature from Johns-Hopkins University in Baltimore. He was awarded an American Field Service Fellowship for study in French universities by the Institute of International Education.
 Dr. Meyers has taught languages and literature at five of the leading colleges and universities in the United States as well as at the American School Center for Military-Government Officers in England.
 In his lecture, Dr. Meyers presents a series of ordinary words, explains their origin and shows how they reflect the past history of man; his activities and his thoughts.

N. J. Groundhogs Play It Safe

New Jersey woodchucks display superior intelligence by staying in their holes on Groundhog Day, Feb. 2, according to the Division of Fish and Game in the Department of Conservation and Economic

Development. "Publicity hogs in nearby states reportedly followed tradition by leaving their holes, awaiting their shadows and going back in for six more weeks of winter. Their Garden State cousins sensed that the blanket of snow and morning precipitation made the day unfit for any self-respecting woodchuck. They preferred to continue hibernation in their cozy dens where the temperature varies no more than 12 degrees throughout the year," a spokesman said.

The groundhog's scheduled re-emergence in six weeks will occur during the first week of the New Jersey woodchuck hunting season, which opens March 12. Actually, according to the State Wildlife Managers who observed the groundhog's non-appearance last week, they can be expected to wait for a break in the wintry weather. Furthermore, they will be more strongly motivated by instincts to eat and mate than by any shadow-watching proclivities.

Group To Attend Lithuania Event

A delegation of area residents of Lithuanian descent will celebrate the 48th anniversary of the Declaration of Independence by the people of Lithuania Sunday in St. George's Hall, Newark. A proclamation was issued this week by Governor Richard J. Hughes proclaiming Feb. 16 Republic of Lithuania Day. Speaking at the ceremonies will be Newark Mayor Hugh J. Addonizio, Vytautas Abrulis, a lawyer, and Monsignor Prel. J. Kelmelis of Trinity Church in Newark.

FAMILY LIFE TODAY

By PHYLLIS GREER
Specialist in Human Relations at Rutgers

FATIGUE
There are two kinds of fatigue: physical and mental. Either one or both could cause an excessively tired feeling. All too often, this over-fatigue is not caused by extra work but by poor working conditions, illness, lack of recreation, monotony, boredom, nervous tension and anxiety. The way to cut down on fatigue is not to work less but to work differently. A change of pace, a different activity, short and frequent rest periods, make the difference. These short periods do not need to be times of actual rest, such as lying down. A change of activity, preferably something enjoyable, is much better. This change of pace and activity helps in almost all kinds of work. It usually takes some planning and perhaps a bit of ingenuity in order to change your pace of work, but it is possible. And don't overlook the value of recreation. Good fun during a breathing spell provides renewed vigor for tackling a job.

GOES INTO EFFECT
Medicare, or Health Insurance for persons 65 or over, goes into effect July 1, 1966. If you are 65 or over and haven't familiarized yourself with the program, ask your nearest social security office for a copy of leaflet No. 2.

Tips for Today's Homemaker

From Carolyn Yukus, County Home Economist

Shopping for a sewing machine? Whether it be the first sewing machine you will own or one to replace a machine you have had for a long time, you, as a shopper, should know what to look for before you go buying.

All items other than spot news, submitted to this newspaper, should be in our office by Friday to insure publication in the next issue.

Leave the 'GIFT THINKING' to david BURR for your Male Valentine!

Valentine's Day is a good time to remember . . . that male in your life. Give him a gift he can wear, from david BURR . . . something for sports, business, school, leisure . . . and all of his "other" lives.

david BURR
choices for clever men and boys

1059 Springfield Avenue, Irvington Center

at home is whether you want a straight sewing machine or the automatic stitching variety with extensive decorative stitch features. This decision can be made more easily if you look at your sewing needs. If you are a novice sewer and have never owned a sewing machine, then it may be wise to select a straight sewing machine and learn to use this type to its fullest extent. If you are an accomplished sewer and have children or grandchildren to sew for, or do a lot of fancy stitching, then perhaps the automatic stitching machine should claim your attention. Regardless of your decision on the type of machine, investigate several brands before you buy. Make yourself a list of the following questions as you look at and try different makes of the type of sewing machine you are considering. The first question on your list might be, in the direction book written in an easy-to-understand manner, and are the illustrations clear? Then, as you sit at a particular machine, ask yourself, is it easy to thread? Is there a regular sequence of eyes and is it easy or difficult to get the thread through these eyes? In your trial, wind a bobbin. Is this operation a major task or is it an easy and logical performance? Try inserting the bobbin into the bobbin holder. Can this be accomplished without standing up, lifting the head or bending a finger? Where is the top tension adjustment located? Can you adjust it while sitting or do you have to stand to one side of the machine or even peer over the arm to see the adjustment mechanism behind the machine? Operate the machine by sewing on a double thickness of cloth. Does it run smoothly and slowly or does it race away from you? How much pressure do you have to apply to the foot or knee control? Try the reverse stitching lever. Do you have to hold it in reverse and tie up one hand or will the lever stay in reverse until moved to a forward position? Does the sewing machine stop immediately upon release of the power, or does it drift on beyond the point you wanted to stop? Answers to these major questions will help determine which make of sewing machine you will buy.

State Accordion Contest Schedule

The Accordion Teachers Association of New Jersey will sponsor a state-wide accordion contest Sunday, March 20, at Burlington High School, Newark. Eugene Elmer, contest chairman, announced this week. Cash prizes and trophies will be awarded contestants in divisions graded by capabilities and ages. Entries are expected to exceed the 1,000 students entered last year. The top division of the contest is the Virtuoso Division in which the first three winners will receive a trophy plus cash prizes of \$100, \$75 and \$50. These winners will be state representatives in the national contest. National winners will go on to represent the United States in the world competition. A dinner will be held immediately following the contest at the Fountain in Belleville. The Accordion Teachers Association of N. J. is a non-profit organization, incorporated to display their achievements to families in this public.

DRIVE SAFELY

The World Of Outer Space

From the Sperry Memorial Observatory
Union Junior College, Cranford
Amateur Astronomers, Inc.

By **PATRICK J. WHITE**, Amateur Astronomers, Inc. Comets are awesome things. History tells us of the dire predictions made by seers, astrologists, and others of the same ilk as these fiery objects appeared in the ancient skies. Kings abdicated their thrones, proclamations were issued, villages were panic-stricken, and charms were worn to protect people from their influence. Even today, with our present knowledge of comets, they are still regarded by many as fearsome bodies bringing all kinds of potential disasters as a result of their appearance in the heavens.

We now know that comets are members of our solar system. They travel in great orbits about the sun and many have reappeared at a time calculated for their reappearance. Because of their orbital distance and other factors, many comets seem to appear only once and then disappear forever. The appearance of comet Ikeye-Seki in the autumn of 1955 has once again aroused our interest in comets. Comets are usually first seen as a blob of light in a telescope. If this patch of light is not catalogued and it moves against the sky background, it can be assumed that a comet is approaching the sun. It is at this time that fame may come to some observer. If he is the first to notify an observatory of his find and it is recognized to be a new discovery, he will have the comet named for him.

We find as we examine the recorded appearance of comets that man has seen about four brilliant comets each century. These comets were visible to the eye alone. With the aid of the telescope, two or three comets are viewed each month and may be observed for about four months before they move far enough away from the earth in their orbit to disappear from view.

Comets give off no light of

their own. It is only as they approach the sun that they reflect the sun's light and because of solar radiation produce a glow which we see as a comet. They are composed of rarified gases, there is no evidence of solid material. The tenuous gases that make up a comet allow stars to be photographed through them. The fact that comets are composed of gases is the basis for the changing appearance of a comet as it approaches and recedes from the sun in its orbit.

There are three orbits a comet may follow—an ellipse, a parabola, or a hyperbola. If the orbit is elliptical it is a periodic comet and may return on its journey through space. Since parabolas and hyperbolas are open curves, comets with these orbits are temporary members of the solar system and do not return. The calculation of the type of curve followed by a comet is not simple since at perihelion—all these arcs are quite similar. The familiar picture of a comet with its head and tail is not always true. A comet keeps changing its appearance as it approaches and recedes from the sun. The first appearance of a comet usually shows only a head. As the sun's radiation increases its influence, a nucleus may appear within the coma, the nucleus being a bright spot, and gaseous material may stream from the head producing a tail that at times may stretch millions of miles out from the head. It may be one tail be formed, but some comets have formed multi-tails. It is interesting to note that the tail of the comet does not always follow the head depending on its position the tail is always pointing more or less away from the sun whether the comet is approaching or receding from the sun.

Comets seem to have some relationship to meteors. The heads of some comets may be a grouping of fragments of meteors. There have been instances when a comet's scheduled appearance did not produce the comet but a meteoric shower in the region of reappearance.

There have been many spectacular comets viewed from the earth. Halley's comet, in 1910, scheduled to return in 1986. The great comet of 1882, Encke's comet and Biela's comet, to name just a few, have been observed and studied in fine detail. The great comet of 1965, the comet discovered on September 18, 1965 by the two Japanese amateur astronomers Ikeye and Seki and named in their honor, also called 1965f, has brought increased knowledge of cometary composition. The spectrum of 1965f has been examined with spectroscopic techniques that were not available when the last opportunity to study the spectral characteristics presented itself in the comet of 1882. Preliminary examination of the spectrum of the nucleus of 1965f shows the dominant presence of emission lines of iron and also lines of silicon, calcium, chromium, and manganese, and sodium.

Resort Communities In State Building For Summer Season

New facilities and new entertainment features have New Jersey resort communities bouncing like popcorn in an open grate, according to officials of the State Department of Conservation and Economic Development. While the ski-tows and snow-making machines keep the lake and hill areas lively, the seashore resorts are busy building for a new sun fun season.

Cape May, where the Victorian Era is being re-created for sightseeing and entertainment, is planning to dedicate its 2,000-seat Convention Hall on May 28. The new facility, which replaces the old wooden structure destroyed in the March storm of 1962, is of all-concrete construction and is being erected over the ocean beside the Seaside Promenade. In addition to conventions and group meetings, the new hall will be the scene of special events during the summer. Concerts and children's shows are being planned.

The summer program at Cape May this year will include an antique auto show, a three-day art festival and two new events: a clamshell pitching contest and a national blues festival.

Ten new motels are under construction at Wildwood and will be ready for the summer vacation season. Some additions and improvements are being made to existing motels and hotels, and novelty rides will be installed at the amusement parks. Plans are being made now for the annual Easter Parade, the major season opener at Wildwood.

Ocean City's skyline will have a new look this year with completion of an eight-story hotel-motel-apartment of ultra-modern design at 14th st. and the Boardwalk. Named Port O'Call, it will be ready for guests this spring.

Ocean City is continuing its beach improvement program with construction of jetties running parallel to the boardwalk rather than at the conventional right angles. The project, which is being carried out with State matching-funds, support, is now in its second year and will ultimately provide a new and wider beach spanning a 10-block stretch along the Boardwalk.

Another new recreational facility will be an 18-hole municipally-owned "Par 3" golf course, plans for which are now being completed. The Chamber of Commerce plans to install a new Visitor Information Center near the major causeway to the resort.

Lakewood, the unique winter resort in the pines, already has booked major Broadway talent for the two big February holidays: Lincoln's and Washington's birthdays. Traditionally these are two of the biggest holidays on the Lakewood calendar. In addition to the shows at the hotels, there are special holiday package rates, ice skating on Lake Carasajo and Monet's Lake and at the skating pond as well as the two indoor and two outdoor skating rinks. Eight heated indoor swimming pools in the heated pools in the hotels have been busy all winter.

Preliminary engineering studies for Lakewood's new ski slope have been completed and the County Parks Department is clearing the site for a rivergate center and other recreational facilities. Plans for a 60-room Holiday Inn, to be erected on the site of the Old Grossman

Hotel, at Madison Ave. and 8th st., on Rt. 9, have been presented for approval by local authorities. The new inn will contain meeting rooms, a coffee shop and will have a large outdoor pool. The Irene Court Motel has added 25 rooms and will begin work on its swimming pool and health club as soon as weather permits. Asbury Park's major winter event is the Jersey Coast boat show, one of the largest in the country. It will be staged in Convention Hall Feb. 19 through 27.

Most Asbury Park hotels have scheduled weekend entertainment, through the winter and early spring, and the college and high school basketball games in Convention Hall have been well attended. An apartment house, with 250 units, is nearing completion on a site having an unusual view of the ocean and coastline. It is designed for use by both permanent residents and seasonal guests.

Seaside Heights, the amusement center of the north Jersey coast, is continuing its program of weekend activity with many of the amusement centers, rides and games open to visitors. This is the first time this resort center has kept its attractions going on a year-around basis.

In Atlantic City a \$2,000,000 renovation and improvement program at the Traymore Hotel, is well under way. The entire structure is being air conditioned and television sets will be installed in all rooms. The city has opened a modern municipal bus terminal and is discussing several alternative plans for a high-speed transit system between Atlantic City and Camden-Philadelphia.

Events on the Atlantic City calendar this year include a three-day International Women's Basketball Tournament in Convention Hall April 25 through 28 and surfboard contests to be held in June and December.

Four Atlantic City hotels, the Chalfonte-Haddon Hall, Seaside, Lafayette and Colton Manor, have joined to offer a package program, including a variety of big-name entertainment for the four-day Washington's Birthday holiday weekend. In addition, the Chalfonte-Haddon Hall continues its traditional winter weekends with the three-day Fricolites Française April 25, 26, and 27. The Dennis stages its "house party cruise" Feb. 10, 18, and 20, with Tolle Fields topping the entertainment bill.

Recruiters Schedule Orientation Program

Marine recruiters from North Jersey will hold a parent orientation program Feb. 25 at 8:30 p.m. in Myrtle Avenue School, Irvington. It was announced this week.

The presentation is planned to show parents what basic training at the Parris Island, N. C., depot is like. There will be a live narration and audio-visual demonstrations.

A FEMININE LOOK

By TRUDINA HOWARD

THE FRENCH VIEW

"I found ketchup..." "American neighborliness is fantastic... neighbors even talk to each other by telephone!" "United States drivers are remarkably prudent and calm, and respect each other and the pedestrian. Also, people stay in line and obey rules—all much different than in France."

"The men in America are so courteous!"

"The service in American restaurants is absolutely excellent, far better than in France."

These are some comments on America by tourists from abroad. In the paragraphs of this column, opinions have often been expressed about people of other lands, but WHAT do people from other lands think of us, when they are tourists here? Aha, what?

WHILE FRANCE was not on the itinerary of the "last few National Newspaper Association Study Missions, from a previous visit there, a magazine about France called the "France Actuelle" is still sent to me. In one of the issues a story appeared on a French Youth Tour of the United States last summer and the subsequent impressions of the young people.

How did the Americans then impress the young French people? From the story in France Actuelle here is what they said:

"The most surprising thing," says 37-year-old Patrice Murray who works in the NBC office in Paris, "was the courtesy of American men. They have a natural courtesy—and indeed, everyone was most polite and kind to us. Actually, we had come to know the general tendency of Americans to be polite from the young Americans over here who came to take French lessons and exchange conversations."

"The most satisfying finding of Edwige Bossons, 13-year-old student at the Ecole Normale de Musique in Paris: "When we arrived as the guests of an American family in the evening, the first thing they asked was what they could do for us. They were always trying to make us happy."

Philippe Fosseux, 18, student in a technical college, found Americans "very generous," and remembers gratefully that one evening a man in the family where he was staying gave us \$5 to go out and have a good time."

Jacques Pic, 20, finishing his studies before his military service, found American neighborliness "fantastic," and was astonished that "neighbors even talk to each other by telephone!"

Jean Leveque, 24, who runs a book shop, found Americans "the young people—the trend to stay so young and optimistic." Adds

Mme. Vasseur, "I found them young-in outlook at every age. They are sportive, realist, and practical." But to another young woman, "Americans seemed a strange mixture of sentimentalists, realists and wishful thinkers."

"U. S. drivers" one of the young men observed, "are remarkably prudent and calm, and respect each other and the pedestrians. Also, people stay in line, and obey the rules—all much different than in France."

Maybe, he added, "this is because the fines in America are much higher, and in any case I think it is an excellent idea to set maximum speed limits, instead of the raceways we often have in France."

One young woman apologetically said she thought Americans "tend to have a superiority complex, and to think foreigners a bit savage and untutored."

From the group of some twenty gathered about, however, came sounds of disagreement, and the word, "exaggerated."

Christian Vasseur, 37, who works for a Federation grouping all youth organizations in France, and specializes in advice on equipping new households, came up with this conclusion: "Americans obviously have a very good sense of organization, but I think they have little sense of improvisation. If they have to change their plan, or their organization, they hesitate; they try not to, and sometimes seem unable to. My impression is that a drama is created if Americans must change plans they have set up."

EVEN THE DEFEAT WAS FUN

On landing in New York the latter part of July, the group was lodged at the World's Fair Youth Hostel in Westbury, and saw the World's Fair and other highlights and monuments of New York. The boy's baseball team, in a preliminary to a Yankee-Kansas City game played three innings against the New York high school "All-Stars." Score: 8 to 0, favor of the home team. Reflective comment by the boys on the French team: "We didn't get one hit. Those boys were very good and in fact were very kind to us. But we'll get better."

"I found ketchup. I have introduced it to my family and now we have it on the table at every meal."

"I got some unexpected good cooking ideas. But what they call French-dressing—that's a joke!"

SUMMING UP THE CITIES

From New York the group went on in special buses to Niagara, Detroit, Cincinnati, Knoxville, Louisville, and from there by plane to New Orleans. Then, by bus again, to Tallahassee, Charleston, Washington, Philadelphia and New York. A large

SCIENCE TOPICS

CATHERINE DE MEDICI hid deadly poisons behind a secret panel in her boudoir, but chances are the average American home has a larger supply of potential poisons not quite so well hidden, says the American Medical Association. Items that cause half a million accidental poisonings each year are available in every room of your house. Some potential poisons are detergents, insecticides, un-labeled or old medicines, paints, lacquers, herbicides, silver polishes and fertilizers.

BROADCASTING weather information at regular intervals from the Gulf of Mexico to the North Atlantic is being done by a nuclear-powered NOMAD weather buoy. Operating unattended, the floating weather station transmits both general weather data and hurricane warnings. It was developed by the National Bureau of Standards for the Bureau of Naval Weapons.

THE NEEDLE-SHARP beam of a linear accelerator is being used to destroy malignant tumors of the retina in infant eyes without damaging the lens or other structures, says the Stanford University Medical School. The tumor, called retinoblastoma, occurs almost exclusively in children younger than 10.

ONE FIRM that's "frank" about its business is The All-bright-Nell Company, Chicago. It manufactures a continuous processing frankfurter machine that can produce up to 3,000 pounds of wieners an hour.

U. S. AIR CARRIERS flew 95 million passengers and 63 billion revenue passenger-miles in the 1965 fiscal year, reports the Federal Aviation Agency. The agency predicts that by fiscal year 1971 U. S. domestic airlines will carry nearly 160 million passengers and fly almost 113 billion revenue passenger-miles.

LABORATORY scale models of existing highway bridges are being designed by Lehigh University to react to loads in the same manner as the actual bridges. The pre-stressed concrete structures are being studied so that new bridge construction testing techniques can be developed.

MORE THAN 900 potentially destructive earthquakes occur each year throughout the world, reports the U. S. Geological Survey.

Ask Amy

by AMY ADAMS

Dear Amy:

I have met and fallen in love with the most wonderful man. He has been married, divorced and remarried. He has a son, 14, by his first wife. He is childless by his second marriage. We have been together several times and I am deeply in love with him. He has told me he loves me and would go away with me. I know I shouldn't feel this way about him, but I can't help myself. He is the kindest, most considerate person I have ever known, and we have a wonderful time when we are together. We both hate to sneak around, so you can understand the moment when I am near him, I can't think straight. I go all weak in the knees.

Please, Amy, don't tell me to give him up, he is the only real happiness I have ever known. And as sure as God is above me, I know we could be happy together, and I could give him all the love that is lacking in his second marriage.

In Love With Love

Dear In Love:

His second wife thought so, too. That's why she married him. A man who is wonderful, kind and considerate, and who has had two chances to make marriage work wouldn't be run around with Woman No. 3. If you can't think straight, you have my sympathy... because you'll need it!

25th Reunion

The June, 1942 class of South Side High School, Newark, is planning its 25th Reunion. Anyone with knowledge of the whereabouts of any members of this class, or interested in further information, may contact Rose Schmeitman Senders, 824 Mitchell Ave., Union, N. J. 07087. Philip Torrey, 2787 Washington Rd., Union, at MU 8-5406.

Two Are Appointed To Crestmont Posts

Raymond Schunk has been appointed to the newly created post of Executive Vice President of Crestmont Savings and Loan Association, Maplewood, it has been announced.

The announcement of Schunk's appointment was made by Victor Neumark, President of the association.

At the same time, Neumark announced that Thomas W. Lyons, a member of the Board of Directors, would assume duties as Chairman of the Executive Committee.

Schunk, Controller at Crestmont since 1959 and a Vice President since 1961, was formerly with Equitable Savings and Loan Association, Brooklyn. A graduate of New York University, he also holds the three-year and five-year diplomas of the American Savings and Loan Institute. The newly elected official resides in Maplewood.

Lyons, a native of Springfield, New Jersey, has served as a member of Crestmont's Board since 1954. The new appointee is involved in real estate and land development. Lyons resides in Short Hills.

FULL INFORMATION

Do you have a relative or friend 65 or over who is unable to take care of his own affairs? You can help such a person by seeing that they get full information about Medicare. Get in touch with your social security office and find out what you can do.

\$100 Million Obligated To Highway Construction In Seven Months

TRENTON—The New Jersey State Highway Department today announced that it has obligated \$100 million in federal highway funds for construction of 100 projects in the next seven months.

The department's obligation is the largest in the history of the program, which began in 1956. It is the result of a record \$100 million in federal highway funds made available to the state in 1965.

The department's obligation is the largest in the history of the program, which began in 1956. It is the result of a record \$100 million in federal highway funds made available to the state in 1965.

Teacher Leaves Faculty At Dayton For N. J. Position

Thomas W. Gambino of Clark, a guidance counselor at Dayton regional high school in Ohio, has resigned his position at Dayton to accept a position with the N. J. State Department of Education.

Gambino, who was an instructor at the school from 1942 to 1945, will work under Dr. Robert Worthington, who is director of vocational education in the state.

Gambino pointed out that his new assignment will give him more opportunity to promote vocational education programs throughout the state. He will set up a positive work program through the state in cooperation with various industrial and business concerns, and conduct programs for the benefit of teachers, principals, schools, colleges and training centers.

St. John's Knights Hold Installation

Albert Johnston of Linden was installed as commander at a recent meeting of St. John's Commandery, No. 9, Knights Templar of Union, grand warrant of the grand commander of New Jersey, served as installing commander, and was assisted by John D. Warrander of Union and Wilfred Minton.

Also installed were John W. Hines of Roselle, Louis E. G. Landheim, Warrander, Minton, Ernest Uehly of Union, Alfred Wagner of Union, Henry Thayer of Linden, Z. Gordon Venable of Linden and Kathleen V. Reynolds. Mrs. Robert of Roselle Park was presented with an associate patron certificate of the Knights Templar Eye Foundation in memory of her late husband, Mrs. Wilma F. Taylor of Union was presented with a number of roses. Mrs. Taylor is president of the Ladies Auxiliaries. Mrs. Louis Landheim is vice-president and Mrs. John Warrander is secretary-treasurer.

Senior Named To List

Charles Doranski of 1318 Orange ave., Union, a senior at Rutgers University, Newark, has been named to the dean's list for the first semester of the 1965-66 school year. Dr. Roy A. Honors, dean of the State University's College of Arts and Sciences, said Doranski is named to the list because of his excellent academic record.

All About People

by GENE ROSENFIELD

He was just a kid when he reported to the manager of Junction City's Class D baseball club in the old Central Kansas League.

He told the manager his name was Wilson and that he could play the outfield.

Wilson proved to be a ball hawk in the field and he batted like a demon. He quickly became the best outfielder in the league. His fielding was perfect. In game after game, he played without making an error. No rival base-runner dared to stretch a hit on any ball that went into his territory. As for his hitting, he became one of the best in the league by leading it with a .335 average.

All in all, Wilson was a player destined to make his mark in big league baseball. And then one day he quit. He packed his spiked shoes and left the club. It caused quite a sensation in the league for he offered no explanation. In a few weeks, the incident died down and he was forgotten.

No one ever heard of Wilson again.

No one heard of him, that is, until a few years ago, when the once-upon-a-time promising outfielder for Junction City, popped up again and revealed his long-forgotten baseball identity and his boyhood ambition to play professional baseball.

"Wilson" treated quite a sensation with his revelation. For this once obscure bush league baseball player of some fifty years ago is today far more famous as...

DWIGHT ROSENFIELD

Everyone wants to be in the "Big League" and that is just what we offer here at EUGENE TIRE CO. The "Big League" new tires by Firestone, "Big League" guaranteed retreads, and there is never any thing "bush league" about the service we dispense. Why not join the many happy customers who have found EUGENE to be the place where "the tires are great, the service is great and the atmosphere is always friendly." Drop in soon at EUGENE TIRE, Milltown Road (between Route 22 and Morris Ave., just off Liberty Ave. across from Ercher's Grocery) in Union. Our phone is 687-4150.

DIRECTIONS: Take Route 22 west to Somerville, then go South on Route 206 toward Princeton for approximately 4 miles to HOMESTEAD VILLAGE.

HOME OF THE WEEK:

"Colonial" Is A Way Of Life At Cromwell Hills In Morris

"Massachusetts" model at Cromwell Hills is one of a variety of designs available. This ranch home has 4 bedrooms, 2 1/2 baths, and 2 car garage. It was built by Sunset Village Homebuilders, one of nine builders at the community.

The gracious era of Colonial architecture has been recaptured at Cromwell Hills in Morris Township. Southern Colonial, Dutch Colonial, Georgian, Early American, and Farmhouse—all are in evidence here with their distinctive columned fronts, barn shakes, shutters, cupolas, porches, and large Colonial fireplaces and kitchens.

Over 150 families are currently living at Cromwell Hills—now in the seventh year of development. Nine builders have models ranging in price from \$30,500 to \$50,000. The custom and semi-custom homes are available in ranch, 1 1/2 story, split-level, bi-level, and 2-story elevations in a variety of designs by the area's

top architects. A limited number of homesites are still available on wooded lots of 15,000 square feet or better. City water, sewers, roads and curbs have been installed and paid for by the developers.

Located between Madison and Morristown, the community is convenient to shopping, schools, parks, and golf clubs. A swimming pool, owned and operated by the Cromwell Hills Recreation Association is for the exclusive use of the residents. A recreation field for football and soccer is also on the property.

The Boyle Company of Elizabeth is the exclusive sales agent for Cromwell Hills.

Medicare: 'Time For Action'

"If you have reached 65 and are not receiving social security or railroad retirement benefits, and have not signed up for Medicare, right now is the time for action," Ralph W. Jones, social security district manager in Elizabeth, said this week.

He explained that almost every older person in the Nation is eligible for health insurance under the new law passed by Congress last year.

"The major part of hospital charges, and doctor bills will be paid for those people 65 or older who sign up for the health protection," Jones said.

"We are trying especially to reach two groups of people. One group includes those over 65

who have not applied for social security retirement benefits because their earnings are too high to permit cash payments. These people will obtain Medicare protection only by applying for it.

"The second group we need to get in touch with may have had little or no work under social security," Jones explained.

"If they are 65 or over, they can get the health protection by enrolling for it. This group also includes aliens who have had at least five years of permanent residence in this country."

Jones said that health insurance benefits begin July 1, 1968.

"I cannot overemphasize the importance of prompt action by all those who are eligible," he said.

"This applies to several thousand persons in this area."

Further information may be obtained in person, by mail, or by telephone from the Elizabeth Social Security District Office, 268 North Broad st. The telephone number is 681-3200.

The municipal bond ordinance published herewith was introduced at a meeting of the Township Committee of the Township of Springfield, in the County of Union, State of New Jersey, held on February 10, 1966, and will be further considered at a public hearing to be held in the Municipal Building in said Township on February 23, 1966 at 8:30 P.M.

ELIZABETH H. WORTHINGTON
Township Clerk
Spd. Leader - February 10, 1966. (Pgs. 63,60)

HOSPITAL SEEKS 15-YEAR-OLDS FOR VOLUNTEER WORK

The Volunteer Services Department of the John E. Runnels Hospital for Chest Diseases, Berkeley Heights, has opened the service to enrollment by 15-year-old girls and boys. In the past, Junior Volunteers had to be 16 years of age.

In announcing the lower age limit, Dr. Eugene Nargiello, superintendent and medical director, said this week that all Junior Volunteers are carefully trained and supervised. Prospective Junior Volunteers must have their parents sign a permission slip and must present a doctor's certification of good health. Hospital regulations require that all in-service volunteers give a minimum of three hours of service weekly.

A tour of the hospital and a personal interview will be given to anyone interested in serving the hospital as a volunteer. "Please contact Mrs. Richard Walton, Director of Volunteer Services, at the hospital, RA 2-7240," Dr. Nargiello said.

FLOORING CHOICE NEEDS PLANNING BEFORE SHOPPING

You can't choose wisely from the numerous displays of attractive flooring materials unless you've done some before-shopping thinking, according to Miss Gena Thames, extension specialist at the College of Agriculture and Environmental Science, Rutgers University.

So before you shop, decide on the color possibilities. List all of the ones you could use.

Next, Miss Thames said, ask yourself how you want a floor in this area to perform. Be easy to keep clean? Resist sand tracked in? Withstand skid-proof heels and dentist-resistant heavy traffic?

Is this to be an interim covering or is it to last about 12-15 years?

The specialist urged prospective buyers to become acquainted with the types of resilient flooring that would serve their purposes and find out what performances can be expected from them.

She ranked those easiest to maintain in this order: special linoleum tile (don't confuse with linoleum tile), then vinyl asbestos, sheet vinyl, vinyl tile, linoleum and rubber tile. Maintenance of asphalt tile can be simplified by proper cleaning, sealing and waxing from the beginning.

Some of the new resilient flooring materials in standard and service gauges provide durability equal to or better than heavy gauges in more traditional materials.

More information on performance of each type of resilient flooring is available from the county home economist at the Cooperative Extension Service office.

Scranton's Aide Set To Speak At Dinner

Freeholder Walter E. Ulrich of Rahway, general chairman of the annual Lincoln's Day Dinner sponsored by the Union County Republican Committee, announced this week that the featured speaker for the dinner will be William Johnson, executive assistant to the Governor of Pennsylvania, William Scranton.

The dinner starting on Sunday at 6 p.m. will be held at the Elizabeth Carter Hotel, Elizabeth. Among the guests will be Senator Clifford P. Case (R-NJ), Congresswoman Florence P. Dwyer (R-NJ), State Senator Nelson Starnler, State Assemblyman Frank McDermott and Nicholas LaCorte, Surrogate of Rahway, Registrar Joseph Durkin, State Chairman Webster Todd, State Committeeman Albert Benninger, State Committeewoman Irene Griffin, County Chairman Jay A. Siemmer, County Vice Chairlady Helen Huber, Freeholders Harry V. Osborne, Edward Tiller, and Walter E. Ulrich, County YB. Chairman Jane Yates.

Rev. Joseph H. Murphy of Elizabeth and Rev. Canon J. Carter of Roselle will ask the invocation and benediction. County Clerk Henry Nulton will lead the first salute and Mrs. Marie Oakie of Hillsdale will sing the National Anthem accompanied by Mrs. Yolanda Petrapaul.

Anyone wishing tickets may contact George Syme of Rahway (388-8513) or Amy Bandomer of Springfield (DR 6-1290). Tickets will also be available at the door.

Freshman Day Is Held At UJC

An orientation program will be held today for freshmen who launched their college careers this semester at Union Junior College, Cranford.

Dr. Kenneth C. MacKay, president, will welcome the new freshmen to the UJC campus and will review the college's educational philosophy and history. Other speakers will be Dr. Kenneth W. Iversen, dean, and Edwin Durand, director of the Campus Center.

The orientation program will be conducted at 1 p.m. in the theater of the Campus Center. About 70 young men and women began their college courses this semester at Union Junior College.

Valentine Colab Slated By COPO

A "Valentine" meeting of the Union County Chapter of the Catholic One-Parent Organization will be held Wednesday in the Westwood Lounge, North Ave., Garwood, Ray Barton, guitarist, will furnish the music for the evening.

A combined party of the Bergen, Essex and Union County chapters is scheduled for Friday night March 18 in the Lounge. There will also be a St. Patrick's Day Dance and midnight breakfast. Reservations may be made by calling Mrs. Sue Wear at 486-4160 or Mrs. Schmidt at 354-7789.

"Roaring Twenties" was the theme of the January meeting of C.O.P.O. Charleston number-bomb were given by Mrs. Jean Kasovian and Mrs. Helen Britt both of Kenilworth; Mrs. Agnes Greene of Cedar Grove and Mrs. Carmella Barry and Mrs. Frances Musgrave, both of Newark.

Members Sought For Canoe Group

Registrations were invited this week for charter memberships in the proposed Eagles Canoe Club in Kenilworth. White water, cruising, sailing and racing canoes will be eligible for registration, it was announced.

Three types of membership in the club are being offered: individual, family with one vote and college student. All persons over 18 years of age were listed as eligible for membership. Hiking, instructional and social affairs are also being planned.

It was stressed that ownership of a canoe or knowledge of canoeing are not required for membership eligibility. Further information may be obtained from Bill Beule of 16 N. 28th St., Kenilworth (241-4747).

RED CROSS PLANS BLOOD DONATIONS IN ELIZABETH

A Red Cross blood bank, open to the public, will be held from 1 to 3:30 p.m. on Monday, at Westminster Presbyterian Church, North and Salem avenues, Elizabeth.

A bloodmobile from New York Regional Red Cross Blood Center will be on hand. Individuals may donate blood designated for patients in other cities, or they may build up credits for themselves, their immediate families or organizations and industries affiliated with the blood plan.

Interested persons may call Eastern Union County Chapter, American Red Cross, 293 W. Jersey St., Elizabeth, EL 3-2800, for an appointment.

NEED HELP? Find the RIGHT person with a Want Ad. Call 686-7700.

Two Hikes Scheduled By Park Commission

The Union County Hiking Club has scheduled two hikes for its members and guests for this weekend.

On Saturday, Robert Gasser of Annadale will lead a 16-mile hike on Staten Island. The hike will meet at the Administration building of the Union County Park Commission, Warhance Park, Elizabeth at 8:30 a.m.

Rahway Scout Gives Report To Governor

Kenneth R. Miller of 422 Orchard street, Rahway, an Eagle Scout of Post 100, sponsored by St. Mary's Roman Catholic Church, Rahway, was the master of ceremonies at the annual report to the Governor by the Boy Scouts of America.

These ceremonies took place on Tuesday at 11 a.m. in the office of the Governor, Richard Hughes, State House, Trenton. Miller represented 145,855 Cub Scouts, Boy Scouts, and Explorers in the 24 Boy Scout Councils.

'ZORBA' REACHES ITS 5TH WEEK AT ART IN IRVINGTON

"Zorba the Greek," Michael Cacoyannis' lusty film drama about a man who devours life as if it were a feast who never put off until tomorrow what he can enjoy today, begins its fifth week at the Art Theater, Irvington Center this Wednesday. "Zorba" is portrayed by award-winning actor Anthony Quinn, who in a sea-bathed, sun-washed Greece, is as proud as the village beauty whose desire only he understands, as vulnerable as the English youth whom Zorba sends stumbling into love; as Rabelaisian as the Frenchwoman who was bathed in champagne provided by four admirals. An award-winning cast, Lila Kedrova, Irene Papas and Alan Bates, is featured.

Grove Matinees For Young Folks

A special "Young Folks Show" is being presented for the next two Saturday matinees starting at 1:30 p. m. at the Grove Cinema, 16th ave. (near Grove st.), Irvington.

This Saturday's double-bill, "Thief of Bagdad" and Edgar Allan Poe's "Castle of Blood" will be featured, with a "Three Stooges" comedy plus color cartoons.

On Feb. 19, Elvis Presley will star in "Blue Hawaii" in color, accompanied by "Hercules, Samson and Ulysses," plus the "Three Stooges" and color cartoons.

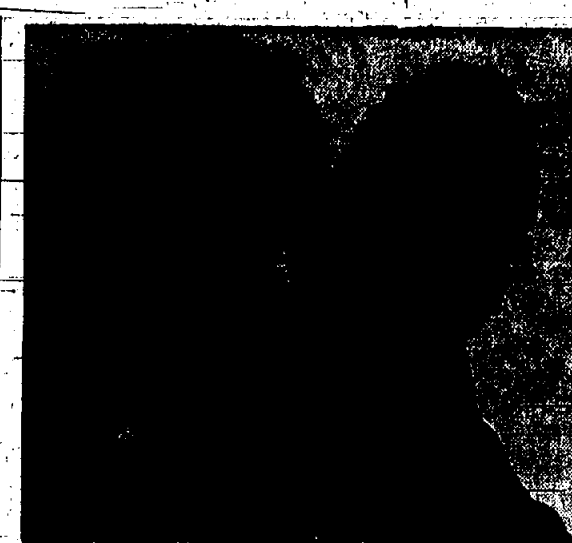

An all-Polish show will be screened today.

Tomorrow through Monday, Elizabeth Taylor and Richard Burton will co-star in "The Sandpiper," and the associate film will be "Breakfast At Tiffany's" with Audrey Hepburn, heading a large cast.

"Bunny Lake Is Missing" begins Wednesday, accompanied by "Botten To The Core."

Paper Mill Books Gisele MacKenzie

Gisele MacKenzie will star in the next Paper Mill Playhouse production, "Remains To Be Seen," by Howard Lindsay and Russell Crouse, which will open Tuesday, following the

WELCOME TO THE JET-SET SOCIETY - Laurence Harvey enjoys the latest addition to his vicious world, Julie Christie, an amoral model in Joseph E. Levine's satire of life and love, "Darling," now playing at the Castle Theater, Irvington Center. Dirk Bogarde also has a starring role.

current production, "Dial M for Murder," with Joan Fontaine. Broadway star Barbara Cook has been signed for the next show, "The Boyfriend," a musical spoof of the 20s by Sandy Wilson, which will run from March 1 through 20.

Clare Booth Luce's comedy, "The Women," will begin March 22 with Peggy Cass in a starring role. Mrs. Luce, editor, magazine-writer, ambassador, congresswoman, skin diver and

playwright, has prepared this version of her play for the opening of a new civic theatre in Phoenix, Ariz. It will be presented by special permission from the author.

'Hill' Has Realism At Palace Cinema

"The Hill," realistic film drama, continuing an exclusive engagement at the Palace Cinema, Orange, has a sequence with "real" unexpected human drama.

In the picture, which takes place in British military stock exchange during World War II, Alfred Lynch, co-starring with Sean Connery, had to run up a 60 foot incline on the "hill."

It would have been difficult under ordinary circumstances, but under the burning sun of a Spanish desert location, it was almost impossible. Director Sidney Lumet wanted realism, and really got "realism" because Lynch fainted exactly two minutes after the scene was safely tucked away.

Over 400,000 customers of Public Service are now enjoying the convenience and comfort of Gas Heat!

The demand for Gas Heat keeps growing and growing. It's because Gas is a superior fuel. It burns clean, leaves no smudge or odor. It's always there when you want it. It's fully automatic. And Gas is surprisingly economical, with Public Service providing prompt, efficient adjustment service, without charge, on the gas burning parts and controls of gas heating equipment. Now is the time to get a free Gas heating survey. Call your plumbing contractor, gas heating installer or Public Service, today.

PUBLIC SERVICE ELECTRIC AND GAS COMPANY / *Trusting Service of a Great State*

Iowa Keeps Unbeaten Record In State Basketball Standings

The strong Iowa team continues to rule the State League in the Springfield Recreation Department's Youth Basketball Program. Last Saturday's action at the Florence Gaudineer School concluded the first half of the 1966 regular season.

Iowa is the lone unbeaten squad in State League play. The Iowa record is 5 victories in as many games played.

Perfect Record

Iowa stretched its season mark to 5 and 0 last week with an impressive 19 to 3 victory over Idaho. Ray Danziger of the Iowa squad played his finest game of the year as he paced his club with nine points. Ray played a top floor game in the contest to complement his point scoring.

Idaho was able to score against the strong Iowa defense in the third period only. In the third period, Bob Zuckenberg and Nate Kaufman divided all the scoring for Idaho.

Texas Wins

The opening contest last week saw Texas move into sole possession of second place with a

14 to 9 victory over Kansas. Robert Molel outstanding floor general for Texas, paced the attack for the winners with nine points.

Kansas, playing without its former top scorer, Scott Prussing, who was called up to the Ivy League, was paced in this contest by Jamie Gacos and Warren Schleupner. Jamie hit for four points, while Warren tallied three points for Kansas.

Florida Romps

In the middle contest of the five games played at the Gaudineer School, Florida returned to early season form and crushed Ohio by the score of 28 to 15.

One of the league's outstanding rookie performers, Kenny Baroff, paced the Florida team with seven points. Ira Shultman of Florida also tallied seven points, while Ronnie Shapiro of Florida topped the scoring column with eight markers. Todd Herman was the top scorer for Ohio. Todd tallied eight points.

High Score

In another State League contest, played last week, Utah hit its stride and overwhelmed Wy-

oming by the final count of 35 to 10. Another top rookie performer in the State League, Jimmy Schuch, topped the Utah team with 15 points, while veteran player Rich Freundlich was effective for the winners with 10 points.

Wyoming presented a balanced attack in this game as seven players tallied for the team. Wyoming, however, could not stop the strong Utah offense. Utah's 35 points was the high mark of the season in State League play. Bobby Reichenman with seven points led the Wyoming team in scoring.

The final contest last week in State League action saw California trip Oklahoma by a 21 to 12 score. California chalked up its second straight victory by winning this contest.

Lee Adler with 10 points paced the California quintet to this important victory. Bob Goodman with five points also played well for the winners. Steve Gray, veteran, State League player, topped the scoring for Oklahoma as he tallied nine points.

Next week the action in the State League will feature a head-on collision between undefeated Iowa and once-beaten Texas. This contest between the league leaders is scheduled for 3:30 at the Gaudineer Gym.

Other games scheduled for next week include an opening contest between California and Utah, followed by Florida vs. Wyoming, Idaho vs. Ohio and Oklahoma vs. Kansas.

Wright Will Appeal From Court Ruling

Henry S. Wright of Springfield declared on Monday that he will appeal a court decision concerning the form of the ballot to be used in the March 1 special election to choose delegates to a state constitutional convention which will deal with legislative redistricting.

Wright is part of an independent slate seeking election as delegates. The state Republican and Democratic organizations, to insure bipartisan participation and to prevent controversy, have combined to present a single slate in each county. The bipartisan slate appears on a single line.

Superior Court Judge Walter L. Heffield II last week dismissed a complaint by Wright that Henry Nulton, county clerk, should have conducted a drawing for ballot positions.

Announcing plans to appeal, Wright and a fellow independent candidate, Wray Bailey, said they would seek funds from the public. They also asked for free help from the bar association.

In another statement this week, Wright also assailed a ruling that there will be no challenger badges for the March 1 election.

He declared, "I for one, Henry S. Wright, am prepared to die for our God-given rights to have free elections in America, New Jersey, Union County and Springfield.

Officers And Staff Of Presbyterians Schedule Dinner

More than 125 men and women of the Springfield Presbyterian Church, all officers and their wives or members of the staff, will gather Sunday evening in the Parish House for their annual church officers' dinner.

This dinner, beginning at 6:30, honors officers who retire from office and welcomes the newly elected officers. Mrs. Frank H. Sanders heads the committee of women deacons including Alice Ries, Mrs. William P. Wood and Mrs. Maximilian Schelder, which is in charge of arrangements.

Robert Kearns, a former elder in the Springfield Church and a salesman for Carpenter Steel, will be the guest speaker. Kearns currently lives in Flemington where he is active in the Presbyterian Church. He will discuss what the church is and it can be.

Podiatrists Join Lecture Session

Drs. Leon and Edna K. Tropp, local podiatrists, last week attended a lecture at the Robert Treat Hotel in Newark given under the sponsorship of the Schering Corporation of Union.

The lecture was on the subject of "Mycology, and the Use of Modern Laboratory Techniques in the Identification of Fungus."

That same evening Dr. Edna K. Tropp was one of the principal speakers at a dinner meeting of the Paramus-Clinton area. The meeting, under the sponsorship of the Northern Division of the New Jersey State Podiatry society, was for the purpose of enlightening the guidance counselors on the opportunities in podiatry for today's graduating students.

Edmonds Gives Keynote Address

A talk by Richard F. Edmonds of Springfield on new industrial marketing methods concept was the keynote of the five-day 1966 sales seminar of Magnus Chemical, Division Economics Laboratory, Inc., Garwood.

Edmonds, Magnus finishes and coatings manager, lives at 14 Cypress ter, Springfield. He addressed the seminar which consisted of Magnus district managers representing more than 180 Magnus salesmen across the nation — on the properties and uses of several important products, as well as on efficient marketing procedures in the field.

Misfits Top Team In Skittler Action

The Misfits had a slim lead in Skittlers' bowling standings, following last week's action at Springfield Bowl. They had a record of 34 1/2 — 22 1/2, with the Jewels close behind at 34 — 23. The Oldimers are in third place, at 32 1/2 — 24 1/2.

Mabel Henshaw had the high series of 165-162-485. Other top scores were Cheryl Sikano, 174; Edna Edwards, 173-151; Claita Mutschler, 172-158; Verna Anderson, 166; Ruth Wood, 165-169; Marge Bullman, 161; Evelyn Adams, 158; Barbara Rickey, 154; Kathy Grim 152.

JANUARY TERMED WARMER, DRIER THAN FORMERLY

Weather during January was somewhat drier and slightly warmer than the average for the past 20 years, according to the Commonwealth Water Company's Cape Brook Weather Station in Scott Hills.

Total rainfall in January was 3.08 inches, while the average had been 3.40 inches. The average temperature in January was 28.3 degrees, while the 20-year figure was 27.7 degrees. The temperature rose to 63 degrees on New Year's Day, and it dropped to three degrees on Jan. 29.

Cadet Del Vecchio Named For Ability

U.S. AIR FORCE ACADEMY, Colo. — Cadet Philip Del Vecchio Jr., son of Mr. and Mrs. Philip Del Vecchio of 11 High Point-dr., Springfield, N.J., has been named to the Superintendent's Merit List at the U.S. Air Force Academy.

Cadet Del Vecchio, a member of the class of '69, will wear a special silver star and wreath insignia on his sleeve in recognition of his outstanding academic and military achievement.

The cadet was graduated from St. Benedict's Preparatory School, Newark.

Sherwood Bowls Top Game Of 222

Scoring leaders in the Church Bowling League last week at Springfield Bowl included Warren Sherwood, 222; Walter Harn, 209; Norman Rothfus, 207; Robert Bennett, 203-201; Joseph Telesco, 201, and Robert Bersler, 200.

Team standings showed the Wunderlich quintet holding first place with a point total of 53. The Oakman team was second with 51. Other contenders included Zarrelli, 49; Delguercio, 46; and Lord, 46.

Course To Provide Bridge Instruction

Registrations are now being accepted by the Springfield Recreation Department for a 10-week course in contract bridge for beginners and those who have some knowledge of the game.

The instructor will again be Elide B. Stockler, certified Gothen teacher and a member of the American Bridge Teachers Association.

The course is sponsored by the Springfield Recreation Department, with classes to be held at the Recreation Building, 50 Caldwell-pl., from 1 to 3 p.m., beginning Friday, March 4. The fee is \$5 for the complete 10-week course.

The basic principles of contract bridge will be taught in a step-by-step scientific manner, and mimeographed lessons will be provided so that the students will not have to take notes in class.

Anyone interested may register by calling the Recreation Department, DR 6-5800.

DEADLINE NEARS ON APPLICATIONS FOR GI INSURANCE

The Springfield Red Cross Chapter this week reminded veterans of World War II and the Korean war that May 2 will be the deadline for obtaining GI insurance.

The period during which these veterans have been eligible to obtain GI insurance began in May of 1965.

The insurance is available for veterans who served in the U. S. Armed Forces between October, 1940, and January, 1957, who have service-connected disabilities and who have less than \$10,000 of GI insurance in force, or no GI insurance at all.

The Red Cross added that veterans who do not have service-connected disabilities, but are unable to purchase commercial insurance because of conditions not connected to military service, may also be eligible for the GI insurance.

Details are available from the Veterans Administration regional office, 20 Washington pl., 645-2150.

Show School Enrolls Springfield Girl

NEW YORK CITY — Miss Margie Frieder, daughter of Mr. and Mrs. Gerard Frieder, 835 Mountain ave., Springfield, N. J., has been enrolled in the junior school of the Neighborhood Playhouse School of the Theater here.

The Junior Classes for young people between the ages of 8 and 17 are held on Saturdays at the Neighborhood Playhouse School, a non-profit organization. Miss Doris Blum is Director of the Junior School and Miss Muriel Sharon is the Artistic Director.

Dayton Five, Down 17-0, Rallies To Beat Hillside

Minutemen To Play Plainfield Team

Three Top Teams Keep Pace With Triumphs In Ivy League

The Ivy League basketball schedule reached its half-way mark at the conclusion of the games played last Saturday at the Jonathan Dayton Regional High School gymnasium. With half of the regular season history, the three-way tie for first place in the loop standings continued in force.

Princeton, Columbia and Cornell remained tied with identical records of four victories against a single loss. Last week each of the first-place teams edged out a narrow victory.

Cornell Rallies

In the opening game last Saturday afternoon, Cornell held its portion of the top spot by defeating Dartmouth in an overtime battle, by the score of 30 to 24. Cornell was hard pressed to gain this victory.

It took some final minute heroics by Jay Silverman and Alan Schlinger of Cornell to tie the game in regulation time. With 15 seconds to play, Silverman hit a foul shot, Schlinger stole the ball on the throw-in and hit a shot as the buzzer ended the game sounded. Bobby Vaughan, with a pair of driving lay-ups during the overtime put the game away for Cornell.

Jay Silverman headed the Cornell scoring column with eight points, while Bobby Vaughan hit seven for the winners. Mike Chotiner hit six points for Cornell and it was

Mike's early bombing which kept Cornell close until the finish.

Keith Brownlie of Dartmouth paced all scorers in this game as he tallied 11 points. Keith was particularly effective for Cornell with his driving shots. Phil Stokes scored five points for the Big Green team, while Dave Epstein scored four points.

Slim Margis

The middle contest of the three played last week saw Princeton score over Yale in the narrowest of victories. The final score was Princeton, 20, and Yale, 19. Princeton showed a balanced attack with six players scoring. Jeff Morris of Princeton turned in his second good game in succession as he tallied eight points. Jeff was very effective with his left-handed corner shot. Frank Bucci hit four points for the winning Princeton team.

Bobby Janukowicz led all scorers for the afternoon as he paced the Yale team with 15 points. Bobby came near to winning the game for the Yale squad as he hit two baskets near the end of the game and missed on a third attempt at the buzzer.

Columbia Triumphs

The final contest of the day resulted in a 17 to 12 victory for Columbia over Harvard. Columbia held its portion of first place by winning this game. Ritchie Deutsch paced the light

blue of Columbia to victory as he scored 12 points. Fred Gold with three points and many assists was effective for Columbia; as was Marc Hollander, who tallied four points.

Dan D'Andrea played an outstanding game for the Harvard team. Danny hit for only three points but missed on countless other efforts and was a tower of strength off both backboards.

With the schedule reaching the mid-season point, Bobby Janukowicz of Yale has taken a commanding lead in the individual scoring race. Bobby is taking dead aim on the 100-point-per-season mark as he has tallied 52 points at the half-way mark.

Ritchie Deutsch with 40 points is in second place. Ritchie plays for Columbia. Frankie Bucci of Princeton is the third best scorer with 36 points. Jay Silverman of Cornell and Keith Brownlie of Dartmouth are tied for fourth place among the top point makers with 34 points each.

Boys Top Colonia To Bring Record For Squad To 7-1

The Springfield Minutemen, all-stars of the Recreation Department basketball program, who are off to a successful campaign in 1966, will meet St. Bernard's of Plainfield this Saturday evening at the Florence Sauter Gymnasium.

Game time is 7:15 p.m. The Minutemen have been victorious in two of the three games they have played to date. The boys are seventh and eighth graders.

This past week the Minutemen split a pair of games with two very powerful squads. Saturday night the Springfield team dropped a close 66 to 61 decision to the Linden PAL.

Linden was just off a tournament triumph in Elizabeth. The Linden squad was, however, hard pressed to get a victory over determined Springfield team.

A Monday evening the Springfield Minutemen rebounded to score a 58 to 50 victory over the Alba team from Colonia.

The Colonia team presented a tallie, but older squad of boys but fell before a late Springfield rally which was played with hard play and enthusiasm. Both games were played at the Gaudinier gymnasium in Springfield.

The tough Colonia team led Springfield for three periods Monday night. The Minutemen, however, staged a final-period rally to score a 58 to 50 victory over the taller, quieter, Springfield tallied 16 points in the final period as the boys overcame a press imposed by the Colonia squad.

Bob Janukowicz once again paced the Minutemen in the scoring column. Bob scored 18 points in the first half. Bobby Janukowicz, 15 points. Ritchie was particularly effective from the charity line. Ritchie scored on seven of nine foul shots.

Dan D'Andrea and Eddie Graessle provided a spirited punch to the Springfield team when things were going badly in the home court. Dan scored 15 points, period, with Colonia up by 10 points and seemingly in control of the contest. D'Andrea and Graessle entered the game and sparked a rally.

This rally, inspired by Dan's hustle and rebounding of Dan's shot, brought Springfield back to within three points at half time. The Minutemen, went on to tie and win the game in the second half.

Colonia presented a very tallied forward in this contest in Tommy Ciento. Tom dropped in 25 points for the Colonia team. This was the highest output of the season by any player on the Gaudinier floor.

Ciento was a tower of strength around both backboards as he contributed countless offensive and defensive rebounds. Joe Frantz was also effective for the Colonia team as he consistently swept the defensive boards.

Linden started fast in this game only to see Springfield recapture the lead by the half-time buzzer. The Minutemen continued to lead in this game through the third period. Linden, on a fast period rally, tried to drop the Springfield team to its fourth loss of the season.

Dick Eaton sparked in the back court for the Linden team as he amazed the Springfield defenders with his wide variety of twisting lay-up shots. Eaton also hit consistently from the outside while the Minutemen dropped off to defend against his drives. Eaton hit a game-high of 21 points to pace all players in scoring.

Ed Cierniecki played a good game for the winners. Cierniecki tallied 18 points and gained many rebounds.

Ritchie Deutsch and Bobby Janukowicz paced the Minutemen in scoring. Both boys tallied 16 points in this high-scoring contest. Janukowicz was a tower of strength under the boards, while Deutsch hit most of his points on jumpers from the key hole.

Gary Fox once again played a good game for the Springfield, as he came off the bench in the second period to spark the Minutemen's best rally of the season.

Frank Bucci paced a final period rally by the Minutemen which tallied just short of victory. Frank had a game total of 13 points, while Gary scored seven in the contest.

Keith Brownlie played well in spots for the Minutemen and concluded the game with six points. The co-captain, Fred Gold, once again was Springfield's floor general and paced the team in assists.

Ski Hints by LUIS SCHAFFLINGER

SKI SCHOOL DIRECTOR, GREAT GORGE SKI AREA

BUYING EQUIPMENT

THE PURCHASE OF EQUIPMENT IS AS ESSENTIAL TO THE BEGINNER AS TO THE EXPERT. IMPROPERLY FITTING EQUIPMENT IS UNCOMFORTABLE, DANGEROUS, AND INHIBITS THE BEGINNER'S LEARNING PROCESS.

LENGTH OF SKIS—THIS IS DETERMINED BY RASING THE ARMS AND EXTENDING IT UPWARD SLIGHTLY. THE TIPS OF THE SKIS SHOULD TOUCH THE WREST OF THE RAISED ARM.

BOOTS—PROPERLY FITTED BOOTS ALLOW THE SKIER TO BEND HIS ANKLES FORWARD WHEN LACED. IT IS MOST IMPORTANT THAT BOOTS PROVIDE ADEQUATE SUPPORT FOR THE ANKLES AND HEELS. THE FOOT SHOULD NOT BE ABLE TO SLIDE WITHIN THE BOOT AND THE SKIER SHOULD BE ABLE TO MOVE HIS TOES.

SAFETY STRAP—THIS IS ESSENTIAL TO SAFE SKING. THE STRAPS ARE ATTACHED TO THE RELEASE BINDING AND THE BOOTS.

POLIES—WHEN THE ARMS ARE EXTENDED SIDWAYS AND PARALLEL TO THE GROUND, POLIES SHOULD TOUCH THE GROUND.

RELEASE BINDINGS—TO ASSURE SAFE OPERATION, BOOTS MUST BE ADJUSTED TO RELEASE BINDINGS BY EXPERIENCED SKI-SHOP MECHANIC.

Conference Play Ends Tomorrow

The Jonathan Dayton Regional High School basketball team will close its schedule in the Watchung Conference tomorrow evening at 8 against first-place Cranford High School. The game will be played at Dayton.

The Bulldog cagers' performance was even last week. They split two games, defeating Hillside High School, 47-43, and in turn losing to Rahway High School, 78-51.

The outlook was not especially brilliant for the Dayton five last Tuesday, facing a much taller and browner Hillside team. To add to the general pessimism, the Hillside Comets had already beaten the Bulldogs, earlier in the season.

The first quarter seemed to bear out the worst fears of Dayton partisans. Despite an aggressive fight by team captain Kerry Tompkins, there seemed to be a total lack of any plan whatever, offensive or defensive, by the Dayton squad. They lost the ball frequently, and a victory seemed out of the question.

The Hillside team galloped through all defenses, zooming the scoreboard up to a 17-point lead. Score: 17-0.

With mere seconds remaining to the first quarter, a sudden Dayton blitz, the first sign of life on the squad, broke the shutout just as the ending buzzer sounded. The Bulldogs were painfully behind, 17-2.

Formerly, a six or eight-point deficit in the first half had lost Dayton a total of four games. With a 16-point separation, the temptation to leave was almost overpowering.

'Explosive' Rally

Then it happened. What exactly occurred is something long coaches dream about: an explosive team game; well-balanced, spirited and above all, successful. It was the same Bulldogs, but suddenly the nickname meant something. What was seen was really some fine basketball.

As head coach Ray Yanehus put it, "The Hillside game was perhaps the finest comeback in our experience. The validity of our basic strategy for the year, sharp offense through aggressive defense, was proven."

"The job the boys did was tremendous. Not only did they score with remarkable accuracy and frequency, but they had to also prevent the least bit of scoring on the part of Hillside." And hold Hillside they did.

The defense was certainly the best of the Bulldog season. Pressure forced over 30 offensive violations: fouls, traveling and painting, on the part of the Comets, who barely scored more the remainder of the game than they did in the first quarter.

The steam of the single basket in the first quarter carried over. Tompkins and Steve Hirschorn proved particularly slick ball-handlers.

The entire team contributed to the comeback: Mike Lester, on the boards; defensively and on tip-ins; Joe Bucci, deadly accurate from the corner; Bob Gardian and Bill Murphy, both playing extraordinary defensive games; and Tompkins and Hirschorn, who put in all-around performances.

In spite of his small (5-6½) size, Hirschorn rattled his opposition, gaining more than his share of steals. The Dayton tally for the second quarter equalled that of Hillside's in the first. As the half closed, the Bulldogs still trailed the Comets, 34-16.

Second Half

The third quarter seemed crucial, and Dayton did not waver. The extent of Hillside's lead wavered, and they stretched alternately, and the Bulldogs seemed to lack the necessary momentum. All in all, both teams equalled one another in scoring. The tally was now 37-22. The odds were against Dayton, but curiosity kept up flagging hopes.

The final quarter started, and time now helped the Bulldogs. Numerous fouls by Hillside began to take their toll, as Lester began to sink the shots at his more and more regularly.

Bucci broke the seemingly impregnable five-point lead for the first time, only to have Hillside recover. Bucci broke the margin again, and again the Comets bounced back to their comfortable lead, 43-38.

Four minutes remained on the clock. Tompkins suddenly broke out fast, driving in to lessen

the margin to 43-40. Within 45 seconds, three key Hillside players fouled out.

Then Lester, covered by three men, dived underneath a great pile-up for possession of the ball. Cool-headed despite the horde on top of him, Lester slid the ball to Gardian, who shot behind the perfect screen, a tower of four players rolling on the court floor.

The basket made the score 43-42, and for the first time, it was anyone's ball game. Lester then shot two from the foul line, tied the score and then gave the Bulldogs the lead for the first time in the contest.

The ball changed hands frequently, but neither side could score. Suspense was the order-of-the-day, and every call seemed decisive.

Then, in a fitting climax to a most unusual contest, Hirschorn stole the ball from the tallest Hillside man on the court, showed it to Tompkins with only 30 seconds remaining, and Dayton secured a well-earned victory, 47-43.

Loss To Rahway

The Rahway game reversed the tables. Dayton dominated the first half, leading at one point, 27-26. After a defense superior for that period of time, after which comment is unnecessary.

Rahway streaked off with 18 consecutive points to gain an unbreakable lead. The surprise was that it was basically the Indian back-up squad that won the game.

The Rahway regulars Steve Maynard, Terry Sweeney and Jack Dorsey, were all stopped by the Dayton five during the first half. Bill Murphy held Dorsey from a perilous 30 points to 14, Sweeney hit only one goal from the floor during the half, and Larry LaSota turned in a surprisingly fine guarding job on Maynard, who was held to five, his first experience below two figures.

LaSota also shot unusually well, scoring 10, second only to Hirschorn's 20. LaSota appears to have a lot of promise for the future, although it is late in the season.

Tomorrow's game with Cranford pits the Bulldogs against the first-place team in a close conference. If Springfield should defeat the Cougars, the Watchung Conference leaders will be tied with Roselle.

Dayton cannot hope to improve its final conference position, just above last-place Arden. The Bulldogs against Cranford, the first game of the season, will be a test of their ability to overcome an element of luck, overtake Hillside.

Rockets Keep Lead After Close Contest

The league-leading Rockets in the Sandmeier Division of the Small-Fry League barely escaped being upset by the last-place Pirates last week. The Rockets were victorious, however, and club in loop play. Other teams which scored victories in play last Saturday were the Tigers, Chiefs and Comets.

The opening game last Saturday at the Thibault Sandmeier School saw the Comets tie the Chargers by the score of 10 to 5. As a result of this victory the Comets moved into sole possession of second place in the standings.

Five players hit the scoring column, as the Comets presented a well balanced attack. Dick Fischbeck led the Comets with four points. Scott Herman played a great game for the Chargers as he gathered all of the five points the Chargers scored.

The Chiefs took charge in the second period of another game played last week and moved off to a 12 to 9 victory over the Jets. Sam Kaplan paced the fast-moving Chiefs, as he tallied six points. Gavin Widom also played a good game for the winning team. Gavin hit four points. Art Freeman topped the scoring column for the Jets as he tallied five points.

The Tigers were on top of their game last week as they upset the highly-touted Raiders by the score of 9 to 5. The Tigers relied mainly on defense during this contest and they managed to restrain the Raiders' offense. Mark Fisher provided the majority of the Tiger attack, and contributed seven of the total nine points. Bobby Lee scored two for the Raiders. Robert Dorsey and Steve Blumenthal paced the Raiders.

The final game of the day last Saturday was almost the upset of the year. In this contest, the undefeated Rockets narrowly defeated the yet-to-win Pirates by the score of 18 to 14. Bob Wallick played his finest game of the year to provide the margin of victory for the Rockets. Bob tallied 10 points during the game. Lou Klein was also effective for the Rockets as he scored four points.

The Pirates, who just missed this upset, were led by Jimmy Tall. Jimmy scored six points for the Pirates. Robert Stromeyer and Anthony Petruzzello also played outstanding games for the Pirate team.

Next Saturday the schedule will include the following games: Chiefs vs. Tigers, Raiders vs. Pirates, Jets vs. Comets, and Rockets vs. Chargers. The first

3 Bowling Teams Together At 19-11 To Share 1st Spot

With 15 weeks concluded in the Boys' Thursday Afternoon Bowling League, the league standings are tighter now than they were when the league began.

Three teams are tied for the top spot. The Hurricanes, Bombers, and Bullets are all even at the top of the standings with identical records of 19 victories and 11 losses. This boys' league meets at the Springfield Bowl in competition sponsored by the Springfield Recreation Department.

The Hurricanes rolled to a pair of victories over the Pirates last week to jump from third place into a tie for first.

The Hurricanes, who dropped their first eight games of the season, have rolled at a 19 and a pace since the opening weeks. Bob Zuckenberg took his turn to pace the Hurricanes last week. Bob rolled a 233 series. Karl Mendel, sub for the Hurricanes, also rolled well as he turned in a 227 series. Doug Esteman topped all Pirates bowlers as he rolled 239 for the two games.

The Bombers split a pair of games with the Atoms to hold their portion of first place. Evan Wasserman with a high 217 series paced the Bombers, along with Phil Stokes, who rolled 208 for the two games. Gary Fox rolled the best series for the fourth place Atoms. Gary hit 211 for two games.

The Bullets managed a split in a pair of close games with the Raiders to hold another share of the league lead. Robert Shindler had his best effort of the season for the Bullets. Shindler topped all bowlers for the afternoon, as he rolled a high 337 series. Dave Stromeyer with a 251 series also rolled well for the Bullets.

The league's top bowler, Dave Dypstein, rolled another high series as he paced the Raiders with 326 for two games. Mike Klarefeld with 264 was another high man for the Raiders.

The final match of the day saw the Rockets move back into contention, by tipping the Jets in two games. Ted Ramos, newly acquired bowler for the Rockets, paced his team with a 278 series effort. Mitch Goldberg helped the Rockets' cause as he rolled a series of 247. Danny Weiss was high for the Jets at 257.

Dave Epstein raised his league-leading average to 187 last week. Three bowlers are next, each with a 127 season average. The boys tied for first place are Robert Shindler, Jim Schindler and Marc Hollander.

Another tie exists for fifth place, between Evan Wasserman and Stuart Liberman at 126.

The remaining four boys in the top ten are: Joel Millman, 123; Eric Wasserman, 120; Dan Weiss, 118, and Gary Fox, 117.

Rangers Rolling For Large Lead In Boys' Bowling

The Rangers continue to roll past all opposition in the Boys' Friday Afternoon Bowling League. At the conclusion of play last week, the Rangers had built their league lead to a full four games.

The Rangers, with a record of 23 victories against seven defeats, have established the best mark of all teams in any of the Recreation Department-sponsored leagues. All leagues meet at the Springfield Bowl.

Last week the Rangers topped the Chiefs in two games to post a four-game league lead. The Rangers topped the 300 mark for another time last week as he rolled a series of 322. Scott Prussing with a 253 effort in two games was also effective for the league leaders, as was Henry Zachau at 245 for the series. Keith Singer, with 282 pins in two games, rolled high for the Chiefs.

The Black Hawks managed a split in a series with the Eagles last week. As a result of the split the Hawks fell four games off the pace. Gary Neftel topped the Hawks with a 244 series. Mike Denner at 285 for two games was high man for the Eagles. Mike Sanders rolled 243 in two games to aid the Eagles attack.

The third-place Tigers held their one-game margin over the fourth-place Royals by dividing a pair of games with them last week. Robert Karlsberg with a 268 effort for the series paced the Tigers, while David Rubin rolled 280 in the two games to lead the Royals.

The final match of the afternoon last week resulted in a two-game sweep for the Bruins over the Chargers. The Bruins have been a hot team over the past four weeks and they moved into sole possession of fifth place after a shut out.

Ira Shulman paced the Bruins as he turned in a 290 series. Billy Schwab was once again effective for the Bruins. Billy rolled 233 for the two games. Jay Silverman and Kenny Pearl muller paced the Chargers. Jay rolled 238 for two games, while Kenny had a series total of 205.

Mitch Wolff, who is maintaining the highest individual average in the Recreation Department bowling league, has raised his league lead to an average of the 147 level. Jay Silverman remains a distant second with a very respectable 133 mark. Rich Freundlich continues in third place with a season average of 123.

Scott Prussing and Gary Neftel are tied for fourth with an average of 121. Henry Zachau is next with a season mark of 120. Other boys who are also among the top 10 bowlers include: Steve Grau, 117; Mike Denner, 117; Billy Schwab, 115, and Alan Schlinger, 114.

Cranford, Madison Score In Wrestling

The Jonathan Dayton Regional High School wrestling team dropped another two meets last week to Cranford High School, 42-6, and Madison High School, 36-5. The Bulldog grapplers, led by his line, completed a very difficult season for a young team.

Out of the two meets, only Jon Brenn, at 106, and Glen Behrens, at 147, managed to defeat their opponents: Ed Capriello scored for the Bulldogs by tying his match.

Varsity wrestlers for Dayton also included: Pete Sayki, Pete Mollen, Stu Cohen, Joe Sarro, Dale Lies, Larry Johnson, Mike Clancy, Al Silberman, Ernie Millner, Dave Pierson and Greg Baskin.

At this writing, with one match against Governor Livingston Regional High School of Berkeley Heights outstanding, the grappler season record is 2-8.

Cranford, Madison Score In Wrestling

Tomorrow afternoon and Saturday afternoon and evening, the Union County Novice Tournament will get under way at Union High School, with the finals being held next Wednesday afternoon.

Participating for Dayton are: Dave Pierson, David May, Gary Vosburgh, Tom Small, Gary Haydu, Howard Rubinstein, Walter Bamfield, Brian Zabelski and Eugene Budosck.

Small-Fry Action Leaves 3 Teams Tied For Top Spot

The four-team deadlock which had existed prior to play last week in the Caldwell School Small-Fry Basketball League dwindled to a three-team tie at the conclusion of play.

The Pistons, Billkins and Nationals all scored victories and raised their league-leading records to 4 and 1. Play in the Caldwell School Small-Fry League starts each Saturday afternoon.

The opening contest last week saw the Pistons score an 8 to 4 victory over the Knicks. Johnny Belliveau led the Pistons in scoring as he tallied six points. Joe Pepe with two points and a good floor game aided in the Pistons victory.

Bill Phillips and Marc Matthews divided the scoring for the Knicks team. Marc was particularly effective for the Knicks, as he played a good floor game and rebounded well. The Pistons held their portion of first place with this victory.

The second contest saw the Celtics and their good defense trip the Lakers by the final score of 17 to 9. Joe Solandera, Eric Greene and Richard Babineau provided all of the scoring for the Celtics. Jeff and Richard scored four points each, while Eric tallied three points for the Celts.

The Nationals returned to form last week as they defeated the Bullets by a 20 to 12 count. This victory enabled the Nats to lead first place, while the loss dropped the Bullets from a top spot.

Mike Levine tallied nine points as he paced the Nats. Bill Peralta with six points was also effective for the winners. Howie Tanienbaum with six points and Mickey Byrd with four points were the leading point-getters for the Bullets.

The final contest of the day saw the Billkins score a very impressive 20 to 4 victory over the Aggies. Johnny Gacos played his finest game of the season as he tallied 10 points to lead all scorers for the afternoon. Neil Anderson scored six points for the Bills. Frank Zarallo hit three times from the foul line to lead the Aggies scoring column. Kenny Bleshop also hit a foul shot for the Aggies to close out their scoring for the day.

Lead Increased By Front Team In Girls' League

The Rockin Bowlers increased their league lead in the Girls' Bowling League to a full five games last week. The girls, who meet in this Recreation Department-sponsored league each Tuesday afternoon at the Springfield Bowl, have been paced by the Rockin Bowlers through most of the season.

The Rockers, with but nine weeks remaining in league play, have been increasing their margin with each passing week. Last week the Rockers managed to split a pair of games with the third-place Strikers. While the Rockers were winning a single game, the second place Charns dropped a pair to fall five games behind the leaders.

Lorraine Ciccotti once again paced the Rockin Bowlers in their series match. Lorraine rolled a 273 series last week. Diana Ogonowky with 233 pins for two games was top bowler for the Strikers. Virginia Vogt with a 212 series and Barbara Owens with even 200 were also effective for the Strikers.

The Alley-Oop deal, the Charns a double loss last week to drop them five games out of the place. Linda Muschler and Ellen Franz were the big guns for the Alley-Oop. Linda rolled 223 for two games, while Ellen contributed a 214 series to the winning effort. Kathleen Summerer with a 199 score for two games also rolled well for the winners. Sally Haines was high for the Charns as she rolled a 230 series.

The final match of the day saw the Alley Cats eke out two close victories from the Allites. Karen Luber with a series of 205 paced the winners. Carol Hammen with a 198 series was also effective for the Cats. Sheri Moreines and Alyce Cooper were high for the Allites. Alyce topped all bowlers in the match with a 227 series for the two-game set.

Lorraine Ciccotti, a sensation in the girls' league this season, continues to pace all bowlers with a season average of 193. Linda rolled 223 for two games. High average award last season, is in second place with a season average of 182. Virginia Vogt is in third place with a 194 season average.

Fourth place belongs to Karen Luber, who is rolling at a 193 pace. Ellen Francis is the fifth-place bowler with a 192 average. The other girls among the top 10 bowlers are: Diane Ogonowky, 192; Sally Haines, 191; Linda Muschler, 190; Debbie Kleiber, 98, and Lisa Brown, 96.

Cranford, Madison Score In Wrestling

Tomorrow afternoon and Saturday afternoon and evening, the Union County Novice Tournament will get under way at Union High School, with the finals being held next Wednesday afternoon.

Participating for Dayton are: Dave Pierson, David May, Gary Vosburgh, Tom Small, Gary Haydu, Howard Rubinstein, Walter Bamfield, Brian Zabelski and Eugene Budosck.

Small-Fry Action Leaves 3 Teams Tied For Top Spot

The four-team deadlock which had existed prior to play last week in the Caldwell School Small-Fry Basketball League dwindled to a three-team tie at the conclusion of play.

Lead Increased By Front Team In Girls' League

The Rockin Bowlers increased their league lead in the Girls' Bowling League to a full five games last week. The girls, who meet in this Recreation Department-sponsored league each Tuesday afternoon at the Springfield Bowl, have been paced by the Rockin Bowlers through most of the season.

Bowling Honors To Mrs. Moroze

Sue Moroze, with a 98 average in the Temple Beth Ahm Sisterhood Bowling League, tallied 152-408 in league action last week at Hy-Way Bowl.

Other leading ladies included Joanne Silverstein, 205-488; Mally Heller, 407; Tiz Usian, 177-220; Marilyn Lipton, 167; Myrna Wasserman, 413; Carol Papper, 401; Rita Wolberg, 180; Joyce Rosenkrantz, 417; Sharon Parsimon, 449; Ann Cohen, 434; Helen Naubarth, 307; Loreta Zekner, 165-456; Shirley Straus, 166-446; Judy Meyers, 406; Frieda Pedrotti, 167-170; Tillie Rockoff, 168-431; Bernice Kurler, 189-435; Jerry Purkas, 162; Phyllis Cohen, 162.

Top teams and their standings include: Penstern, 3245; 1741; Fisher, 32-18; Lipton, 30-18; Kurler, and Kurler, both at 28-19.

Carroll Advances In League Action

Carroll Stangino took two games from Columbia Shoghs in Springfield Sports bowling action last week at Springfield Bowl to close in on the first place.

Carroll's team, Shoghs, was blanked by Carroll's Delbertson. Shoghs' record of 40-23 with Carroll at 36-28 and Milton at 36-28.

High scorers last week were Scott Donington, 236; Joseph Alasco, 222; William Taus, 214; Don Casternova, 211; Nell Kell, 203, and Dick Weber, 201.

HEALTH HINTS

THE PASSING OF THE CHIEF

As the news of the passing of Chief Justice Warren spread, many people were struck by the thought that the nation had lost a great leader. The Chief Justice was a man of great integrity and courage, and his death is a great loss to the country.

AMMONIA AS PLANT FOOD
 Did you know that you can use ammonia to fertilize your houseplants?

GROWING SLOWLY NOW
 During these wintery months the days are short, and the light coming through the window is pretty dim. Most plants develop more slowly under these conditions.

Major Truck Route To Be Partially Closed For Repairs This Summer

TRIMMION, N.J., Feb. 10 (AP)—The New Jersey State Highway Department today announced that a major bridge repair project will require the partial closure of the Holland Tunnel, one of the major truck routes between New York City and New Jersey, during the summer months.

The highway department said that the eastbound traffic on the Holland Tunnel will be shifted to the Passaic River Bridge and the Passaic River Bridge will be closed for repairs during the summer months.

The highway department said that the westbound traffic on the Holland Tunnel will be shifted to the Passaic River Bridge and the Passaic River Bridge will be closed for repairs during the summer months.

Highway department officials said that the eastbound traffic on the Holland Tunnel will be shifted to the Passaic River Bridge and the Passaic River Bridge will be closed for repairs during the summer months.

The highway department said that the westbound traffic on the Holland Tunnel will be shifted to the Passaic River Bridge and the Passaic River Bridge will be closed for repairs during the summer months.

Another by-pass route is the New Jersey Turnpike which will pick up Rt. 7 in Jersey City, turn onto Fish House rd. and follow the road to Central ave. or to Jacobus ave. and take either of these avenues to Rt. 1 and it will be found near the Passaic River Bridge.

Another by-pass route is the New Jersey Turnpike which will pick up Rt. 7 in Jersey City, turn onto Fish House rd. and follow the road to Central ave. or to Jacobus ave. and take either of these avenues to Rt. 1 and it will be found near the Passaic River Bridge.

Work is expected to start in May and will be completed by the end of the summer. The highway department said that the Holland Tunnel will be closed for repairs during the summer months.

Work is expected to start in May and will be completed by the end of the summer. The highway department said that the Holland Tunnel will be closed for repairs during the summer months.

The bridge which must be replaced carries six lanes of traffic over the Passaic River between Newark and Jersey City. Its deck must be replaced. To do this, the Highway Department plans to close the eastbound half of the bridge in July; replace the deck shift traffic to the new portion and then repeat the process on the westbound half. The entire job is expected to be completed in October.

Highway Department engineers, realizing the impact of the traffic restriction, have mapped an alternate route around the bridge.

1. Eastbound traffic: Through-trucking behind for the Holland Tunnel or points in Hudson County may pass over the Passaic River Bridge and take the right-hand ramp which leads down to Jacobus ave., pass under the bridge and follow Jacobus ave. to Pennsylvania ave. and Fish
