Marine In Viet Nam Writes To Red Cross

The Springfield Red Cross Chapter has received a letter from a Marine in Viet Nam. The letter, dated Jan. 15, 1966, was written by 1st Lt. Edward G. Nelson of 2nd Battalion, 1st Marine Division, 1st Marine Amphibious Brigade, Vietnam. The letter expresses his gratitude for the Red Cross's work in Viet Nam and asks for help in making his family comfortable in their new home.

Township Budget

The complete text of the municipal budget for 1966 is printed on page 26. It calls for a new tax rate of \$6.11 per \$100 of assessed value. The final hearing on the budget will take place at the March 8 Township Committee meeting.

YES GROUP SEEKS SUPPORT TO HELP WORK FOR TEENS

The Springfield Youth Employment Service for this week needs contributions to support its program. The success of our fund drive is one of the most important ways you can assist our young people," said Mrs. William Leffner, YES chairman. "Last year we were able to secure employment for 800 youths."

READY FOR ALL EMERGENCIES

Overlook Hospital last week held a meeting of rescue squad and police officials to introduce the four new full-time emergency physicians Overlook has added to its permanent staff. Their object is 24-hour, seven-day-a-week experienced coverage for Springfield.

Municipal Voices In Town Chorale Plan For Concert

The Springfield Community Chorus will hold a concert on Sunday, May 15, at 8 p.m. in the new auditorium of the Florence M. Gaudinier School.

The program will feature selections by Bach, Gribaldi, Debussy, Myhrle and Grieg and several songs from current musical comedies.

According to the group's president, Mrs. John W. Kuntze, "New members, with experienced or inexperienced voices, are cordially invited to join the chorus. This is the most needed at the present time. We certainly want sopranos, altos, baritone and bass voices."

Conductors are the musical director, Alfred Wagner, and the accompanist, Mrs. Kuntze. Details regarding the chorus are most needed at the present time. We certainly want sopranos, altos, baritone and bass voices.

DATE OF MEETING SHIFTED TO AVOID HOLIDAY SESSION

The Township Committee will meet next Wednesday at 8:30 p.m. at the Municipal Building. The meeting was postponed from the usual Tuesday evening session because of the holiday.

The agenda is expected to include action on two ordinances which were held for further study following extensive debate at last week's meeting. One would limit the storage of boats and trailers on residential property. The other would prohibit overnight parking on any street in Springfield.

Noted Post Will Speak At Program Set By Anti-Censorship Committee

The Springfield Anti-Censorship Committee will sponsor a program at the Springfield High School on Saturday, Feb. 19, at 8 p.m. The program will feature a reading of the "Noted Post" by the Springfield Anti-Censorship Committee.

The "Noted Post" is a collection of letters and articles that have been censored by the Springfield Board of Education. The committee believes that these materials are of great educational value and should be made available to the public.

The program will be held in the high school's gymnasium. Tickets are available for \$5.00 and \$10.00.

Opening Planned Of Jewish Appeal At Cocktail Party

The Springfield United Jewish Appeal leadership this week announced that it is completing plans for the annual gift cocktail party to be held next Thursday evening, Feb. 24, at the home of Mr. and Mrs. Wallace Cullen, 10 Mohawk dr.

Cullen is Springfield UJA chairman. Leonard Sherman heads the annual gifts committee, assisted by William Sam-Eiler, UJA spokeswoman Donald Mantel, Milton Whitman and Irving Malogarsky.

They have sent formal invitations to members of the local Jewish community, asking for attendance at the cocktail party and for "wholesome and enthusiastic support for the 1966 UJA fund-raising campaign."

Kleinman Directs Local Drive To Assist National Mend Fund

Wallis Kleinman, proprietor of the Springfield Pharmacy, 212 Mountain Ave., has been named

of the Springfield area. This was announced this week by Paul G. DeMuro, chairman of the board of directors, National Foundation for Neuromuscular Diseases, Inc.

The annual MEND Fund campaign for the support of patient services, research and educational programs of the Foundation and its community chapters, will be conducted here from March 10 to April 10.

State Is Advised

How To Get Well: Income Tax Pills

Mrs. Henry Huneke, president of the Springfield League of Women's Voters, has announced that in the coming weeks League members will be distributing to all Springfield residents a "Get Well New Jersey" card which explains "why we should support a state income tax."

"She added: 'There are some of the reasons why a state income tax would be a fairer and better way to pay for expanded state service.'

"An income tax is fairer to families with annual incomes under \$10,000 a year.

"An income tax is fairer to the retired who have to buy taxable items out of reduced incomes.

"An income tax is fairer to commuters who would pay two taxes with a sales tax.

"An income tax is fairer to retailers who would have the burden and expense of collecting a sales tax.

"An income tax is fairer to retailers who would lose the benefits of purchases from out-of-state to avoid their sales tax.

"An income tax is better because it provides true property tax relief—not just another tax on the same families.

"An income tax is better as the yield grows with the economy to meet expanding needs.

"An income tax is easier to pay through withholdings of a small amount from each pay check—(60 cents a week for the average worker).

"An income tax is easier to collect as the employer uses the same procedure as with the federal tax.

"An income tax is easier to administer as the federal government takes care of difficult enforcement cases.

"An income tax is cheaper because of the savings in the federal income tax when deducting a state income tax."

Girl Scouts

(Continued from Page 1)

Robin Yunker, Holly Quinton and Stephanie Laird, Mrs. Charles Roth is troop leader. Girls of Troop 583 entertained their fathers at a Valentine party last week at the Florence Gaudineer School. Otto Granick presented a magic act, assisted by his daughter, Dale.

The program also featured dance competition, in the Mexican hot dance, Virginia reel and rock and roll. Winners were Howard Bernstein and Bonnie, Nat Stokes and Dale and Ollie Owens and Barbara.

Supervising the festivities were Mrs. Milton Urban, troop leader, Mrs. Nat Stokes, co-leader, and Mary Ann Mucario.

Current projects for members of Cadette Troop 471 are the hostess, child care and stamp collector badges. Troop leaders are Mrs. Donald Stearns and Mrs. Randolph G. Frost.

At a recent troop party, the girls' mothers pinned membership stars on each scout's uniform. Mrs. Stearns welcomed as new members Barbara Goldstein and Beth Reisinger. Scout Gretchen Kraft entertained with piano selections.

Incumbents, Caprio and Mrs. Ruth Weisman. In other business, board members referred for committee study a letter from the Board of Adjustment asking for a revision of the effects on the school system of a proposed garden apartment development.

The project, at the corner of S. Springfield and Evergreen avenues, would consist of three buildings, with a total of 20 two-bedroom, one-bath apartments.

According to law, the Board of Education must report to the zoning body on the effects of any apartment construction before any decision can be rendered.

John Gacos reported to his fellow board members of a recent meeting with officials of the Recreation Department. The board authorized an agreement with the recreation body for construction of playground facilities on school board property in the Baltusrol Top area in time for use this summer.

Gacos said that the township plans to spend some \$10,000 on construction of a ball field, basketball court and play area for small children.

The board accepted the resignation, for maternity reasons, of Mrs. Anita Lania, Spanish teacher at the Florence-Gaudineer School.

Mrs. Ruth B. Wise was named to the official list of teacher substitutes. Also approved were Mrs. Margaret McGurgan, as an office substitute, and Mrs. Betty Elvin, as a substitute nurse.

school program for children. Following the meeting, Prager said that he had written to many state officials about the problem, among them State Sen. Nelson F. Stamler.

Prager also commented that Stamler had written, "Five years ago when Rt. 78 was laid out, I called upon the then mayor, the Township Committee and the residents of Springfield to take careful notice of what was going to happen to this community if the Highway Department—now the State Government—were to build it apart."

"It is interesting to note that, with the exception of the Township Committee, I received absolutely no response from anyone in the community."

LEADER SEEKING PERSON TO SELL SUBSCRIPTIONS

The Springfield Leader would like to help a local resident earn money selling subscriptions to this newspaper on a part-time basis. The work would be on a direct basis, not telephone solicitation.

Our belief is that this work could best be handled by a woman, but it could certainly also be performed by a man with spare time and a need for extra cash. Details are available from: Anne Cold, editor, Springfield Leader, Post Office Box 69, Springfield, or by calling him at 686-7700.

added. Patient services vary according to the needs of the community, but typical services include grants to local clinics for the care of neuromuscular victims, support of recreational programs, summer camp scholarships for handicapped children, and supplying wheel chairs, hydraulic lifts and other prescribed orthopedic appliances.

Since its establishment in 1953, the Foundation has invested more than \$1,000,000 in promising research programs aimed at getting to the causes and cures of neuromuscular diseases.

MEND Fund contributions also support important patient services through the Foundation's community chapters. Kleinman

Insurance Firm Lists Assignment On Advisory Committee

Richard E. Werner, CLU (Chartered Life Underwriter), who resides at 28 S. Maple Ave., Springfield, and who is general agent of the Manhattan Life in New York City, has been re-

pointed a member of the company's general agents advisory committee for the year 1956, following a recent two-day series of meetings of the committee with home office officials.

President of the Springfield Historical Society, Werner this month retired as a member of the township's Board of Education.

Werner, whose agency offices are at 250 W. 37th St., New York, has been a consistent award-winning since his appointment in 1950. He started in the life insurance business nine years before he joined the Manhattan Life, following graduation from

FRANK RUBAN

It is not an unusual incident to have a Springfield police car pause in front of 248 Hillside ave. at two o'clock in the morning, while one of the policemen steps up to the front door to ring the bell.

And it's not unusual to see the owner of the house hastily donning his clothes on the way to the door.

At least, it's not unusual for a man named Frank Ruban. Frank Ruban happens to be Jonathan Dayton Regional High School custodian, and he knows beforehand that no one but a policeman would be ringing his doorbell at 2 a.m. ("and sometimes even 4 or 5 a.m.") to tell him that during the daily (or nightly) check-up, they discovered that a door in the high school was ajar or that a window was left open or unlocked.

"The police will not enter the school building without some person of authority with them . . . that is, unless they actually see that there's a disturbance going on right before their eyes," says Ruban.

FRANK RUBAN

"SOMETIMES, instead of coming for me, the police will ring my telephone at all odd hours in the morning," Ruban explains. "But I don't mind; it's all part of their job and it's part of mine to see that everything's in order in the school at all times."

Ruban good-naturedly declares that the police department calls him "for practically everything."

"There may be something amiss on the scoreboard . . . or something wrong with the heat . . . or the electricity for some reason is left on . . . anything . . ." he chuckles.

As the school's head custodian, Ruban says, "I take care of everything . . . I do all the repairs . . . do all the maintenance in Jonathan Dayton."

"I open the building every school morning at 6 and I work until 3:30 in the afternoon. Of course, when it snows . . . as it has been doing recently, I get to the school at five o'clock in the morning, to begin the job of clearing away the snow."

"I HAVE A MAINTENANCE crew of six men and two women — the women serve as matrons . . . and the men help me with all the mechanical and physical work. I supervise these people . . . and when there's a snow, we use a Ford tractor, a snowblower and, of course, a shovel to clear the paths for walking and driving."

"There was a time, however, when Ruban first came to Jonathan Dayton Regional High School about 22 years ago, when there were only three men to do the manual labor of clearing away snow and taking care of the general maintenance."

"I was just a regular custodian then," he recalls, "and the school was pretty small — just one building . . . and only a few teachers . . . all of whom I knew."

At that time Dayton Regional was only seven years old. (The Springfield high school, which ceremoniously opened its doors on Oct. 7, 1937, with an enrollment of 815 pupils, was a \$533,000 building. Before 1,000 witnesses, Joseph P. Mulholland, who was president of the Regional Board, accepted the school from architect Fred Elsasner.)

MANY IMPORTANT political figures, including A. Harry Moore, U. S. Senator, who was guest speaker at the dedication exercises, took the platform and bestowed their blessings and good wishes upon the new school and to Warren W. Halsey, the principal of the new school.

"Yep, I knew every teacher there back in 1944," says Ruban. "Today," he heaves an overwhelmed sigh, "the school's so big, I just don't know any of them anymore. The school did grow a lot," he chuckles.

"Fifteen years ago," Ruban claims, "we added on to our building — then on and on . . . and the school kept expanding all the time. I was just a regular custodian until the additions," he says. "Then my boss, Edward Fry, was made superintendent of all regional school buildings — so I look over this one."

"That," he remembers, "was when the three of us . . . Ed, my brother Warren (Ruban) and I used to form a trio to shovel the snow."

"My brother Warren took Fry's position as coordinator of the three regional schools in Springfield, Berkeley Heights and Clark. We'll be having another regional high school in Kentworth. It should be ready some time this spring."

Ruban, who was born in Springfield on May 26, 1905, was one of 10 children (seven brothers and two sisters). He says: "I have seen this town grow. And really grow! When I was a kid Mountain and Springfield avenues were just dirt roads."

RUBAN ATTENDED the James Caldwell School. "I finished the eighth grade; that's as far as I went. We didn't have a high school here in those days." (Continued on Page 5.)

'Why All The Fuss About Reapportionment?'

This is the first in a series of articles on the reapportionment of the New Jersey State Legislature, provided by the Springfield League of Women Voters.

Why all the fuss about reapportionment? Why is it being called a crisis, a threat, a hope, a calamity or a great step forward? Can it be all these things?

The original constitution of our United States, New Jersey included, provided for representation on a population basis. The state legislatures were generally evenly represented then, and countries were created as the states developed. There were no great problems in that representation of the population was fairly even.

But, after the Civil War, mass immigration and industrialization changed things. Rural areas decreased in population and cities grew and grew. Fear of big machines came to the fore. So reapportionment, or to put it more simply, re-assignment of the number of State Legislators to represent the population equally was not done. This had the effect of allowing rural areas to keep some controls where cities became so large.

EDITORIAL COMMENT

A Whole Week Of Brotherhood

The modern era may well be known to future social scientists as the age of the sanctified-hoods. Entire segments of our economy are engaged in profitably meeting the desires of Childhood. The whole country devotes a full day to the glorification of Motherhood.

But only Brotherhood merits an entire week. This year, it begins on Sunday. For seven days, the American ruling class, as personified by the National Conference of Christians and Jews, pays tribute to the peculiarly American concept known as tolerance — the belief that the other fellow, however strange his ideas might be, still has a right to practice them.

The NCCJ was founded after the bitterness of the Al Smith Presidential campaign in 1928, when tolerance may well have represented progress. Today, this concept, with its implications of superiority and inferiority, is one which we must outgrow to remain healthy.

To the credit of Springfield, local churches and synagogues hold a joint religious service on Thanksgiving, when praying together means something, rather than during a manufactured "week," however noble the goal of this week might be.

As has been said frequently, much of the American society is organized along

sectarian lines — even if religious denotation to many Americans means primarily which type of services they best like to stay-home from.

Actually, of course, a week dedicated to the ideal of Brotherhood must benefit the community and the nation. Another 51 weeks devoted to the cause of humanity will do 51 times as much good.

In the year to come, perhaps we could devote a week, each, to eliminating the segregated housing patterns which perpetuate our racial problems, to ending the anti-labor bias which impoverishes much of our economy, to eradicating the short-sightedness and corruption of some labor leaders which can cause blow-outs on the wheels of progress, to finding an equitable solution to the inequities in legislative apportionment which tend to disfranchise city dwellers.

The list of problems is long, but we should be able to find 51 which we can solve before the next Brotherhood Week.

On second thought, the people of Springfield took a long step forward last week when they elected to the Board of Education, on his merits as a citizen, a member of the town's minuscule Negro community.

Let's give ourselves a week's credit for that. Now we have only 50 problems left.

The big problem is how to do this fairly and legally, and still preserve as much of the county system as we can. The change in numbers can wipe out the state senator or representative seats, and shift balance greatly.

One clue to its importance is the information that President Lincoln gained election as a minority leader. In the Illinois House of Representatives when the number from the district was increased from four to seven, had it not been reapportioned to represent more equally, he might never have started on that road to the Presidency.

New Jersey will have a constitutional convention this March 21, the purpose of which will be to amend the provisions of the present state constitution so as to represent more equally the population of New Jersey in the state legislature.

The delegates to this convention will be elected by the voters, as a special election, on March 1. These delegates will be empowered to make changes which will affect many aspects of New Jersey representation.

These will be taken up next week, in part two of this series.

CALENDAR LISTS EVENTS PLANNED IN COMING WEEK

SMALL-FRY GAMES

Please extend a big "thank you" to the person who writes up the small-fry basketball games. I clip the articles and use them in reading classes. My students love to read about themselves and their friends. I believe that it is good for these kids to get public recognition for their athletic accomplishments.

Some of these boys are turning to a newspaper for the first time (other than comics). I hope that your writer will keep up the excellent coverage.

I'm sending the "Eggs and Ties" columns, too. I'll use them later. Boys, especially, love these stories. I'm glad we bought our snow tires there.

FAVORS PARKING PLAN

I have followed with much interest the recent Township Committee proposal to ban overnight parking on township streets. Living on a very narrow street, I am strongly in favor of such an ordinance.

We have been confronted with cars parked opposite our driveway for the past three years. Police officers approached on the matter claim an ordinance is required to alleviate the problem.

In the Newark Evening News, Feb. 9, it was stated that the benefits from this proposal were vastly exaggerated. If a fire engine had to come on this street, it would have some difficulty in maneuvering around the circle.

At a time when so many compulsory and unavoidable inconveniences are imposed upon us (i.e. the new highway, many robberies, excessive traffic, etc.) one would assume that our governing body would do all in their power to make our town as comfortable and peaceful as possible.

To ban the parking of our automobiles in front of our own

ly go around parked cars. There is nothing more exasperating than to find a pile of snow dumped opposite your driveway because the plow had a couple of parked cars to avoid.

Also mentioned was "that the objectors were too lazy to drive their cars off the streets" not to the benefit of saving a life is not mention taking the time to clean out their garages, making space for that extra car they drive.

Others would have to pay for garage space elsewhere. Instead of taking advantage of the free space provided on our streets.

I sincerely hope the Township Committee will pass the above-mentioned legislation.

DOROTHY M. HENDRIX

OVERNIGHT PARKING

It seems to me that our Township Committee in recent years has ignored the fact that they are elected to serve the people of Springfield. They are constantly trying to change zoning ordinances and pass laws which would in no way benefit our citizens.

They spend thousands of taxpayers dollars for legal fees to defend the township against law suits instituted by its own residents.

They give no feasible or logical explanations for their actions, and the fact that so many irate citizens are present at the Township Committee meetings to voice their objections makes no difference in their final decisions.

At a time when so many compulsory and unavoidable inconveniences are imposed upon us (i.e. the new highway, many robberies, excessive traffic, etc.) one would assume that our governing body would do all in their power to make our town as comfortable and peaceful as possible.

To ban the parking of our automobiles in front of our own

homes is an outrageous infliction of unnecessary inconvenience. In Springfield our cars are necessities, not luxuries and many families find it very necessary to have three or four cars.

There is no solution to the problem of where these cars could be parked during the writing hours of 7 a.m. and 6 p.m., to say nothing about the cars of overnight guests.

Instead of being a government "of the people, by the people and for the people," Springfield is fast becoming a government by the government and for the government. One needs only to attend a single public committee meeting to recognize this fact.

SYMPHONY GROUP

The publicity and encouragement you have given the Springfield Symphony Society has come to my attention. Al-

though there are many miles away from Springfield, your interest in this endeavor has a direct effect on our own project.

For a number of years, West Chester, Pa. State College String Conference and Chamber Music Workshop has attracted a very high percentage of the Springfield musicians now comprising your orchestra. Those who have attended our summer workshop have enriched their vacation time by improving their playing skills, which in turn is reflected

in the society's concerts. We at the college congratulate the town of Springfield. You are fortunate indeed to enjoy the luxury of your own fine orchestra and we are proud that the orchestra was conceived and founded by Benjamin D. Slapin who is likewise one of our staunchest supporters.

 "I started working at a pretty young age. First I worked in a car shop... then in a couple of other places... such as Les Bartell's Feed Concern in Clark Township. I was a salesman... a truck driver..."

"Well, anyway," he laughs, "I did all sorts of jobs. Then I came here to Jonathan Dayton. I didn't need any training for my job; I'm mechanically-inclined by nature, I guess. I do all kinds of mechanical work."

Ruban is married for the second time. His wife, Mrs. Ann Ruban is "one of the two-matrons here at the school."

Mrs. Ruban was a widow with three children when she married Frank Ruban, and he also has three children from his first marriage.

"SO THERE ARE six all together: My three are Frankie, 42, Henry, 26 (he lives in Scotch Plains) and Barbara, 23... and there are three grandchildren on my side. My wife's children are Milan, who has two children and lives in Detroit; Paul, who is in his late 20's and lives at home with us; and another, Barbara... she has two children and she lives in West Orange."

"When we get together... and I mean really get together... every Christmas Eve — just the immediate family... my brothers and sisters and their children... our children and their children... well," Ruban laughs...

"There are about 80 of us... We can't even meet at home any more... too many people. So, every Christmas Eve we get together at the Evergreen Lodge. "Now," he beams proudly, "that's what I call a real family!"

Blood Bank

 credits (i.e. they decide how many credits to release to any one person in need and whether or not to make these credits available to non-resident relatives of the participating group members).

2.) Those who are not members of a special blood donor group may donate blood as individuals to the Red Cross community bank which functions as a group for the township as a whole for establishing and distributing blood credits to meet the township needs.

Two-thirds of a group's total credits belong to the group, the other third of the credits going to the community-blood bank to be used for disaster and emergency cases and open heart surgery, as well as for the aged and indigent.

In addition to securing credits for whole blood, donors are also entitled to free blood-derivatives upon presentation of a doctor's prescription. Such derivatives include gamma globulin for measles and hepatitis prevention.

'Simple, Painless'
 Giving blood is a simple and painless procedure. It takes about one hour. You do not fast, but eat your regular meals. You are medically screened according to high standards established by the National Institute of Health.

Temperature, pulse, blood pressure and hemoglobin are checked and your weight must be over 110 lbs. Approximately one pint of your blood will be drawn by highly trained registered nurses. You have some light refreshments and return home.

Transportation is available when needed through the Red Cross Motor Corps, which maintains the station wagon on call throughout the day. Those who have not donated in the past, because of a history of malaria or hepatitis may now build up credits provided they have had no attack within two years.

The blood donated thus is not used as whole blood. It is fractionated and the non-disease-carrying cells are used for valuable derivatives.

If your group or organization is interested in forming a blood donor group or if you wish to make an appointment as an individual donor for the bloodmobile visit March 18, please call your Springfield Red Cross at DB 6-1878 for further information.

Our goal is 150 donors on March 18 to meet the blood needs of Springfield, your needs and your neighbors. We look forward to seeing you then as a donor or volunteer worker in this vital community project.

Violations Cost 2 Driving Privilege
Two Orange men had their licenses revoked for 30 days and were fined a total of \$110 by Springfield Magistrate Max Sherman in Municipal Court Monday night.
Patrick Taddeo, 22, had his license revoked and was fined \$20 for speeding on Rt. 22, \$15 for driving on an expired license and \$25 for contempt of court.
In the other case, Enzo Mitrano had his license revoked and was fined \$30 for obstructing traffic and speeding on Morris ave. in Springfield.

Wright Faces Court On Driving Charge
Henry S. Wright of Springfield will appear in Magistrate's Court in South Orange on March 2 to face charges of drunken driving, arising out of an auto accident in that community on Jan. 30, according to court records.
Wright has been free on bail since the date of the accident. South Orange police stated that he was examined by a physician on that day, after he was taken to headquarters. His case was scheduled for a hearing last week, but was postponed until March 2.
Wright, who is a former Republican district leader in Springfield, is a frequent participant in meetings of the Township Committee and many other local and county governmental agencies. He has been an independent and write-in

candidate at various times, for election as a Township Committeeman, county freeholder, U. S. senator and President.

A FEMININE LOOK

By TRUDINA HOWARD

(Second in a series of three excerpts from the semi-monthly "France Aotelle" publication of a private association of French businessmen. It gives impressions of America by a group of French youth who saved for several years to tour America last summer.)

FAST, SAFE TRANSPORT—Even though France has one of the largest national per capita car parks in the world, these young people were impressed by the number of autos and the low-cost gasoline in the U. S. And speaking to nods of approval from the others taking part in the discussion, Jean Claude Tuvi (24-year-old professional photographer and also judge instructor at the American High School in Garches outside Paris) noted, "Despite the automobile density, the traffic moves remarkably fast, thanks to the fantastic network of express highways and coordination of signal lights and straight, one-way streets in cities."

In this line, they all found their bus transport between cities "marvelously comfortable and efficient."

Plenty, and Plenty—Martine Jouda, 18, was excited by the lights of New York's Broadway, "but in daytime," she says, "you see the walls and it is so ugly." Also in New York and other American cities she visited, she saw "so much poverty in the midst of so much plenty." Pauline Murray agrees: "In the cities buildings often were dirty, and we did see a good deal of poverty side-by-side with so many riches."

Quite a few, however, voiced disagreement on this. Thus Jean Claude Tuvi: "Poverty in the United States is not flagrant, though certain states seem to have more poor and relatively backward areas than others."

Francis Le Tohic, 21-year-old pharmaceutical student adds, "And those who were poor, were not very poor."

All these French visitors, however, felt strongly that, as one put it, "All Negro quarters we saw were quite bad, and neglected in every way."

Conveniences Worth Getting Used To

The comments next turned spontaneously to what one girl put: "ecstatically" called "these superb modern conveniences most Americans have." Above all, as one young woman sighed, "the household-comforts and efficiencies." Edwige Bosoms found the air-conditioning "wonderful," though there was general group muttering to the effect summed up by one young man's "have to get used to it, I guess."

Also, "the swimming pools are sensational—everywhere, and good!" All were impressed, furthermore, by "the full concentration on the job of the life guards."

The telephone system and service were found to be "formidable." Said one young engineering student, wistfully, and with the others nodding agreement, "So easy to send telegrams!"

And, added a girl, office workers, "The courtesy of the 'bell-phonists!'" Said another girl: "The phone service in America is something we couldn't have believed possible from our own experience at home."

Goldbrickers?—They were not, however, greatly impressed by the American production they saw: "The automobile factory they visited in Detroit, for example, was disappointing. 'It was an old factory,'" said a technical-minded young Frenchman, "with an old assembly line—the plant and production at the Simca and Renault plants outside Paris, for example, are much more modern." The refinery they saw at Baton Rouge, however, was deemed to have "the same modern machinery and methods as our refineries in France."

Nor were they impressed by the working pace. Sample comments: "Americans do not work hard, even on assembly lines." And, "In offices they seem to take it easy, with lots of breaks." Added a young business executive, with the group about him nodding agreement: "In our French factories we work much more seriously and carefully. This is not true, however, in our offices. Possibly even Ameri-

Can office workers be more serious and productive than ours? Women's Jobs

The conversation—with one group got around to women in America. Said Jacqueline Vasseur, forthrightly, "The American woman is the queen. The men are constantly polite to them and catering to them. And this seems to be true even in families of simplest circumstances."

Another Frenchwoman's comment: "The most shocking thing is the way the American women go out on the streets, and do shopping, in curlers! But I was prepared—a friend who visited America before me had told me that if a young woman in the United States has an evening date, she may even go to work in her factory or office in curlers."

The Way They Dress!—Says Edwige Bosoms: "Young Americans do dress strangely. Shockingly, actually, and without any complex about it." Added another young woman: "They certainly are eccentric in their dressing!"

And the American young men? "Not very good taste in dressing" summed up the general conclusion, though one Frenchman added: "It was surprising to see how many American men, young and older, wear ties, and how many wear white shirts."

Good Old Family Life!—Contrary to a rather prevalent impression in France, these young people give top marks to American family life. Says 16-year-old Dominique Courtin: "American home life is closer and more relaxed than books and movies had led me to believe."

Mme. Vasseur, with three children of her own, was even more approving: "As soon as young Americans marry, they get the best including modernly equipped kitchens. They manage this somehow, maybe on credit, and this seems a very good idea. All so American families play games and sports together—and, quite other than we had been led to believe, they do many things together as a family. They're pals together. Another thing we

noted was that the typical American father is much closer to his son than the typical French father."

Federal Tax Facts

INCOME TAX ERRORS

A large number of simple errors were revealed in the 1965 Federal income tax returns filed during January.

Joseph M. Sholtz, Director for the New Jersey District of the Internal Revenue Service, states that these repetitive errors delay refunds and cause unnecessary correspondence with taxpayers.

Sholtz suggests that each taxpayer (1) copy his Social Security Number directly from his social security card onto his tax return, (2) print his name and address clearly, (3) use the correct tax table in figuring his tax, (4) check all arithmetic, (5) total itemized deductions on page 2 and (6) sign the return. Both husband and wife should sign a joint return and both of their social security numbers should be included.

Your tax return will be processed sooner if you use the pre-identified tax form, or the label from it on the tax return which you file.

Finally, the District Director suggests that you do not mail your return immediately after preparing it. Put it aside for

that they had not received them. Director Sholtz advises taxpayers to be sure that their employer has their current address. Some taxpayers have moved without notifying past employers. He says:

"Try to get a Form W-2 from your employer. If he has gone out of business, contact him or the present owner of the business."

If you do not succeed, prepare your 1965 income tax return from the best information available. Land file it before the April 15 deadline. Attach a note to your return explaining why the Form W-2 is missing.

Finally, if your tax return comes out even or if you have a refund coming, mail it to the Internal Revenue Service Center, 11601 Roosevelt Boulevard, Philadelphia, Pa. 19154.

Survey Shows N.J. Adults Lack Knowledge About Schools

Great gaps in citizen knowledge about local schools and how they are run are disclosed in a recent state-wide survey released this week by the New Jersey State Federation of District Boards of Education, the organization representing the state's 595 local district school boards.

Interviews conducted with a cross-section of New Jersey adults showed that 20 percent of those interviewed had no idea whether their local school board members were elected or appointed. An additional 19.5 percent of those who did respond gave the wrong answer for their particular school district. Twenty-eight percent of those interviewed either did not know if their public board meetings were open to the public or thought that the meetings were not open.

Forty-seven percent of New Jersey adults in the cross-section were misinformed as to whether they even had a vote on their local budgets.

Practically none of those interviewed from the 522 school districts where budgets are submitted to popular vote each year had any idea of the amount of the budget on which they were voting.

The survey, conducted by the Federated School Boards by John T. Foydick Associates, Inc., a New York research firm, also probed citizen attitudes on New Jersey's public schools, school administration and finance and sources of citizen information about their schools.

Nearly 60 percent of those interviewed felt that New Jersey's schools were as good as or better than those of neighboring states. However, over 40 percent either had no opinion or felt New Jersey schools were worse (13 percent) than those of nearby states. Sixty-eight percent felt that their local elementary schools were as good as or better than others within New Jersey, and 68 percent felt that their local high school was on a par with or better than other New Jersey high schools.

A number of dissatisfactions with New Jersey's schools were also expressed. There was some feeling (19 percent) that too much emphasis is placed on sports. There was considerable feeling (45 percent) that not enough is being done in the area of vocational education. There was also substantial belief (28 percent) that not enough emphasis is being placed on college preparation.

Despite feelings of insufficiency both in vocational education and in college preparation, neither course variety nor teacher quality were highlighted as the top problem facing New Jersey school systems. Instead, overly large class size was viewed by citizens surveyed as the area of greatest concern.

From a checklist of 12 groups, citizens interviewed considered the local school board to be, by far, the most influential factor in determination of school quality. School administrators were rated second most influential — far below the school board — and the mayor and town officials were rated third.

City officials, on the other hand, were considered to be the most influential in the approval of school financing. School boards here rated a close second and administrators received no rating at all.

Only four percent of those interviewed felt that they, as voters, had any influence on the approval of financial proposals.

Of those interviewed, 70 percent evaluated the job done by the present school board as adequate or excellent. Only 12 percent actually felt that their local board was doing a poor job.

Citizens were asked: "Do you know where the money comes from to run your local schools?" A check list of six taxes was supplied and interviewed voters were allowed to select any combination. Real estate taxes, which carry the major burden of school support, were named by only 40 percent of those interviewed.

Other sources selected included state grant (35 percent), local town or city "sechul" taxes other than real estate (35 percent), personal property taxes (32 percent),

gasoline and cigarette taxes (6 percent), and others — mostly federal government and sales tax — (10 percent).

When citizens were asked where, in view of rising costs, additional monies for schools should come from — in the future, a surprising 67 percent preferred to increase the federal income tax. Fifty-seven percent selected a broad-based tax on sales or income. Twenty-four percent selected increased cigarette, gas and liquor taxes. Only 12 percent were willing to increase local real estate taxes.

From a checklist, 77 percent of those surveyed selected their local newspaper as an important source for their information about local schools. Twenty percent selected the local paper as the one most important source.

Only 16 percent of the citizens interviewed felt that their local papers slanted or printed biased school news.

When asked about types of articles most frequently run by local papers, 63 percent mentioned sports schedules and scores. Only 38 percent mentioned stories on curriculum, new courses, new facilities or teachers.

Know Your Government
From N. J. Taxpayers Association

THE TAX BITE
Taxes cost more than any other item in the household budget, and we spend better than one-quarter of our working time to meet the costs of Federal, state and local government.

The Tax Foundation, a national research organization, estimates that Americans work two hours and 10 minutes of each eight-hour day just to pay taxes. Housing and household operations, the next biggest family budget items, take an hour and a half of the working day. For food and tobacco, Americans work one hour and 16 minutes. Transportation costs set up another 39 minutes; clothing, 31 minutes; medical costs, 21 minutes; recreation, 18 minutes. The remaining hour and six minutes go for other costs.

Projected on an annual basis, observes the New Jersey Taxpayers Association, the figures indicate we could spend the first three months of the year "working for the government!"

And, in New Jersey, there are several reminders of the cost of governmental programs during the early months of 1966.

In January, the first job came with greater pay check deductions for social security and medicare benefits. This was followed by the President's Message to Congress recommending an all-time high \$12.8 billion Federal Government administrative budget in fiscal 1967 and restoration of some of last year's estate tax cuts.

In February came the Governor's budget spelling out proposals for greatly increased state government spending. A broad base tax is proposed to provide the wherewithal.

The wintry blasts of February and the winds of early March will bring with them other reminders in the form of budget adoptions at the county, municipal and school district levels of government. Costs of these will be met mostly through local property tax bills. After this the taxpayer will be relatively free to complete his tax return for the 1965 Federal income tax and have it paid up by April 15.

SONG AND DANCE — Two members of the Leyte Filipiniana Dance Troupe give a "sample performance" for Mrs. Remedios Cabacungan of Springfield, their hostess for a few days prior to a program at Summit High School last week. Juliet Ramo, 17, plays the octavina, a Filipino instrument, while Christine Roxas, 20, sings.

Filipino Dancers In Local Visit Troupe From Leyte On Tour Of Nation

By ADA BRUNNER

Minor bouts of homesickness have not stopped a group of young Filipinos who have been dancing their way across the United States.

The young people, members of the Leyte Filipiniana Dance Troupe, made a stop-over in the Springfield area last week before going on to New York City and upstate New York. And, thanks to a Springfield woman, they found "homes" for a few days.

Mrs. Remedios Cabacungan, who operates the Bayanihan Crafts Shop in Springfield, made the arrangements to have the young dancers and musicians stay in homes in the community and surrounding areas.

As president of the Filipino Ladies Circle of New Jersey and vice-president of the Filipino Executive Council of New York and New Jersey, she was the natural person to take charge of the visit.

SHE HEARD ABOUT—the planned visit to the area from Sister Lella Callanan, a member of the staff of Holy Infant School in Tealoban, capital of Leyte, and assistant director of the dance troupe, which is in the United States to raise funds for a new school building.

Mrs. Cabacungan and her husband, Pat, immediately began asking friends to give temporary "homes" to the dancers, all students in the Holy Infant High School and College.

When the young people arrived in the area several weeks ago, there were more than enough hosts signed up.

The dancers and musicians stayed in homes in Summit, Chatham, Westfield and Springfield. Among the Springfield residents who opened their homes to the group were Mr. and Mrs. John Brennan of 91 Briar Hill Circle, Mr. and Mrs. Dominick LaMorte of 531 Mountain Ave. and Mr. and Mrs. James Cawley of 420 Mountain Ave.

Two of the dancers, Christine Roxas, 20, and Juliet Ramo, 17, stayed with the Cabacungans.

With nearly five months of touring already behind them, they were experienced trouper by the time they gave a program at Summit High School last Friday night.

BUT THEY WERE still excited as they looked forward to the remainder of their tour, which included a performance at Hunter College in New York last night. The group was to leave for Buffalo today.

Mrs. Cabacungan admitted that members of the group—some of them are as young as 14—had had moments of homesickness. But, she added quickly, "then we get over it."

There hasn't actually been much time for homesickness. The troupe has given more than 100 performances since landing in California last September, sometimes as many as three a day.

They have danced in high schools and universities, in civic auditoriums and even on the Ed Sullivan television show last October.

In addition, they have attended a steady round of parties and receptions.

THEY DISCOVERED the Northern winter and snow as they headed east across the country.

"It was nice at first," Juliet said, speaking of the snow. "But I don't like it much any more."

"That's because she slipped and fell," Christine barks in, laughing.

The group of 38, including staff, is composed of girls from the Holy Infant school plus some boys from other schools "borrowed" for the tour.

The Leyte Filipiniana Dance Troupe, now in its fifth season, has gone on tours in the Philippines in past years, but this is its first time in a foreign land.

Christine and Juliet agreed that it will be good to get home when the tour ends in June.

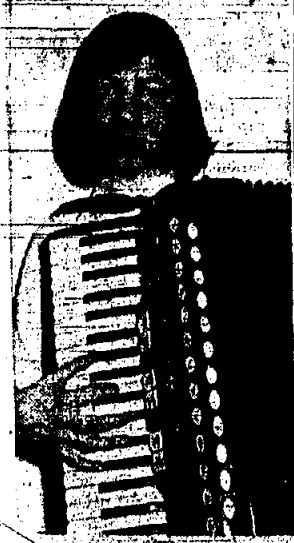

However, Christine added, "We're having a wonderful time."

Young Musician Chosen To Offer Accordion Solos

Rita Weinbuch, young Springfield accordionist, will be featured in an "Evening of the Performing Arts" on Saturday, Feb. 26, at the YM-YWHA of Essex County, 295 Chancellor ave., Newark.

The program will commemorate the 50th anniversary of the founding of the city of Newark. It is being produced by the Teen Creative Arts Committee of the "Y."

Miss Weinbuch, who lives at 9 Cayuga court, Springfield, is a 14-year-old sophomore at Jonathan Dayton Regional High School. She has studied accordion with Eugene Etore, nationally known composer and teacher.

RITA WEINBUCH

Winner of first prize and a scholarship in the recent national contest of the American Accordion Association, Miss Weinbuch has also received three first-plus trophies in all-state competition.

Her renditions in the "Performing Arts" event at the "Y" will include "Lullaby and Awakening," as well as a medley of Jewish songs.

Classes In Millinery Offered At Summit 'Y'

Looking forward to spring and Easter bonnets, the Summit YWCA is offering a five lesson class in millinery beginning on March 4 and running through April 4. The class will be held on Friday mornings from 9:30 to 11:30 a.m. Baby sitting is available for children of mothers attending the class.

Since enrollment in all YWCA classes is limited it was asked that registration be made as soon as possible. Further information may be had by telephoning Miss Thelma Louie, young adult program director, at the YWCA, 273-4242.

Methodist Service Marks Start Of Lent

The mid-week Lenten services of Springfield Emanuel Methodist Church, Main st. at Academy green, will begin Wednesday at 8 p.m. Worship, emphasizing prayer and penitence, will be conducted by Pastor James Stewart, assisted by Emanuel Schwing, local preacher.

Dr. Karl Quimby, a member of the Northern New Jersey Annual Conference of the Methodist Church, will present his slide lecture on "The Holy Land," the pictures having been taken on the occasion of five different trips to Israel and Jordan.

Dr. Quimby was superintendent of the Jersey City District, which includes Bergen and Hudson counties in New Jersey, and Rockland and Richmond counties in New York.

Among the churches he served were Ridgewood, Rosville in Newark, and Irvington. From 1941 to 1957, he was secretary of the department of field work of the Board of Methodist Missions, and following his retirement was associated with the American Bible Society, and the Goodwill Industries of New Jersey in the fields of cultivation and finance.

The service will continue during the week.

ing March with a study of the Book of Ephesians, using "One Witness in One World," by Bishop Roy Short, as the text. Each service will open with worship in the sanctuary led by one of the laymen of the congregation, and a "Hymn Fest" conducted by Pastor Dewart. Following the Bible study directed by Pastor Dewart in the Mundy Room, there will be a coffee hour.

Realtors Named For Committees

Frank Bedford of Livingston, president of the Board of Realtors of the Oranges and Maplewood, Livingston, Milburn, Short Hills and Springfield, has appointed two Springfield residents as committee chairmen.

Georgia McMullen will serve as chairman of the education committee and will be representative for the neighborhood relations committee and local chairman for the round table discussion groups.

Harold L. Moore, a Springfield resident, is chairman for the round table and the dinner dance and vice-chairman of by-laws and advertising and publicity.

Two Pedestrians Struck By Autos

A 42-year-old Springfield woman was taken to Overlook Hospital last week by the First Aid Squad after being struck by a car on Mountain ave.

According to police, Mrs. Ida Grossman of 32 Edgewood ave. was crossing Mountain ave. near Remor ave. last Friday night at 7:15 when she was struck by a car driven by John Lonati Jr., 32, of North Plainfield. Lonati was going north on Mountain ave.

In another pedestrian accident, Thomas Liato, 17, of 22 Caldwell pl. Springfield, standing next to a parked car and talking to Mrs. Frank Viscardi of Spring Brook rd., on Caldwell pl. was struck by an auto driven by Antonio Monagan, 17, of Kenilworth. The accident occurred at 3:35 p.m. last Thursday.

After Liato was struck, Monagan allegedly stopped briefly and then drove away. He was issued a summons for leaving the scene of an accident.

Liato complained of leg injuries and said he would see his own physician, police said.

'Remains To Be Seen' Lacks Humor, Etc.

By Dr. William H. Brucker
At the end of "Remains to Be Seen," at present at the Paper Mill Playhouse, Gisele Mackenzie has a small one-way chat with the audience. There is uncontrolled hilarity on the part of her co-workers at her joltingly unfunny remarks. Really, Miss Mackenzie; I couldn't help but fail to applaud.

I felt the same way about the play. Whatever it could have been, it just wasn't. Billed as a comedy, the humor was undernourished or absent. Suggested as a mystery, there is no sustained line of tautness or "scant" terror. Written as picture of the gay, effervescent Park Avenue ethos, it fails to gain a head because the bubbles have no zing, no spirit.

The tale involves the murder of a millionaire reprobate, Travis Revercombe, and the gathering of his inheritors. His niece Judy River done in black chemistry by Gisele Mackenzie, Valaska Chauvel, an understanding friend in need by Lynn Carlyle, and Hideo Hayakawa, trusted houseboy, piping done by Clyde Ventura, are among the hopefuls. Benjamin Goodman, played by Erik Rhodes, is the family solicitor, and then, there are the assorted type of Mad Magazine cops.

Originally written as a vehicle for Jackie Cooper, it put full demand on his talents—playing the drums and being a shy and bashful out. Cooper was an acting drummer, or should it be said that he was a drumming actor. Hal Linden

plays the Waldo Walton role here amiably enough; but as a drummer he wouldn't make the first beat in the Connecticut Farms Band.

Singles Grads Group Plans Dance Friday
The Single College Graduates' Club for single men and single women between the ages of 21 and 39 who are college graduates or college students will hold a Washington's Birthday Ball tomorrow from 8:45 p.m. to 12:45 a.m. at the Hotel Robert Treat, 50 Park pl., Newark.

The club and its activities are designed for single professional people. Every community in north and central New Jersey has been represented among the more than 2,300 persons who have taken part in activities at one time or another. Any one interested in the club and its activities can write to its mailing address: 29 Bentley ave., Jersey City.

on black underwear for laughs and gasps; it is in trouble. Miss Mackenzie makes it interesting enough, but it hardly makes the play. Even slight gag like tickling a drummer to make him play faster, or the woman drunk who is just too fey are from the Joe Miller Book of High School histories. If you laugh you get a crick in your neck.

All the clichés of the detective story are here. The dumb cop, the ringing telephone, the darkened stage, the lieutenant who wants action, the ineffective hero and the other world damed clutter the stage, to seek the farce. But the farce ("a light dramatic composition marked by broadly satirical comedy and

improbable plot," says Webster) is a farce—"ridiculous or empty show" Webster also says).

Note may be made of Richard Latessa whose Patrolman Miller has a ring of truth to it. His was the best comic characterization. The FEPC can take an injunction on the Paper Mill. It is a fair wager that there are at least two unemployed Japanese-American actors in New York who could have played Hayakawa.

Leslie Cutler, over-directed in too many areas, Miss Mackenzie's inarticulateness after being scared should not have sounded like a Nazi given. Robert T. Williams' set was adequate for the conditions put upon it.

Course Is Offered For Small Firms

Civil Service Sets Post Office Exam For Summer Help

The Civil Service Commission this week announced testing dates for positions as Post Office summer help. The positions being opened for the summer are "Seasonal Assistants" and carry an hourly wage of \$2.37.

Applications may be obtained from any post office. Applicants will be notified of the time and place at which they will be given a written examination. Tests will be conducted on March 11 and 12 at the Elizabeth Post Office. Closing date for applications is next Thursday.

Minimum age for appointment as a Seasonal Assistant is 18. However, high school graduates under the minimum age will be accepted.

Further information may be obtained from any post office.

Response Urged In Dimes Appeal

The Union County Chapter of the National March of Dimes this week asked residents to return their March of Dimes appeal envelopes.

Arthur C. Fried, chairman of the county appeal, said the request is being made in an effort to save money on stamps that would have to be used if individual reminders were sent out. He said response to this year's appeal is 50 percent lower than last year.

Edward L. Whelan, chairman of the chapter, said the funds collected in Union County go toward support of the birth defect clinic in Babies Hospital, Newark.

Mortgage Loans Rise At Howard

Union County mortgage loans held by the Howard Savings Institution of Newark, the largest savings bank in New Jersey, on Dec. 31 totalled \$3,449 and amounted to \$45,844,255, John W. Kress, Howard president, reported this week. This was an increase of \$2,173,796 over the previous year.

"As the largest lender of money for mortgage loans in New Jersey," Kress noted, "The Howard continues to make a significant contribution to the state's economic growth. The Institution has granted 37,257 loans, totaling \$485,331,126 at the end of 1965, on properties in all of the state's 21 counties." "Of particular note," said Kress, "is the high percentage of loans granted on one-to-four family dwellings." This totalled 98.72 percent of the Howard's mortgage loans granted in 1965. The balance of the portfolio includes multi-family, industrial, institutional and other loans which ranged in 1965, from \$25,000 to \$1.6 million.

The Howard mortgage loan correspondent for Union County is Margarett and Company, Inc. of Perth Amboy.

County Heart Association Ready For Door-To-Door Campaign Sunday

HEART SUNDAY — Linda Koby of Union, Little Miss Heart of 1966, examines a campaign poster with Mrs. Margaret Monaco, Linden Heart Fund chairman, and Mr. and Mrs. Francis Kelly, who head drive in Winfield. Volunteers will go door-to-door this Sunday which is Heart Sunday.

ORGANIZING EFFORT — Mrs. John E. Keuler of 161 Locust ave., Mountainside, center, chairman of the 1966 Heart-Fund drive in Mountainside, discusses plans for Sunday's canvass with Matthew J. Rinaldo of Union,

at right, county drive chairman; Linda Koby, Little Miss Heart; Mrs. Lucille Claus, drive chairman in Union, and Charles Macola of Roselle.

FIRST CONTRIBUTION — Fred Colucci, Heart Fund chairman in Roselle Park, at left, makes first contribution to canvass which will be held Sunday. Sanford Kessler, chairman in Springfield, points the way.

DOORBELLS WILL RING

Heart Sunday Volunteers Prepare For Annual Drive

The month-long 1966 Heart Fund campaign will reach its high point on Sunday when Heart Sunday volunteers commence a canvass of residences in Union County. It was announced this week by Matthew J. Rinaldo, Union County Heart Fund chairman.

It is anticipated that all residential visits will be completed and that kits will be turned in no later than Feb. 28, he said. The residential canvass will augment the total already completed in the February campaign which is being conducted to support and expand research, education and community service programs of

the Union County Heart Association. It is part of the "American Heart Association, the only national voluntary health agency devoted exclusively to combating diseases of the heart and blood vessels.

During the last year for which vital statistics are available these diseases were responsible for 1813 of 3487 deaths in Union County, while in the nation they account for approximately 54 per cent of all deaths each year.

Each Heart volunteer will call at the homes of between 50 and 100 neighbors, distributing helpful information

about the heart diseases and receiving contributions for the Heart Fund, said Rinaldo.

Emphasizing the uniqueness of the Heart Cause, Rinaldo pointed out that Heart Fund contributions go to a fight a vast complex of diseases, among them heart attack, stroke, hardening of the arteries, high blood pressure, rheumatic fever and inborn heart defects.

He urged residents to be generous when the Heart Sunday volunteer calls.

In case of inclement weather, the Heart Sunday canvass will be postponed until Feb. 27.

Phone Book Honors Rutgers

Delivery of 169,000 telephone directories in the Elizabeth area starting next Wednesday is part of New Jersey Bell Telephone

Company's year-long salute to higher education in the state, the company announced this week.

The cover of the Elizabeth and Vicinity Telephone Directory commemorates the founding in 1786 of Rutgers, The State University, and pays tribute to New Jersey's 42 colleges and universities.

The front cover painting is of "Old Queens," the most famous landmark at Rutgers. The book cover carries the school colors and founding dates of every college and university in the state.

Alphabetical listings in the February 1966 directory increased

to 124,000, some 3,500 more than in 1965. Distribution was up, too — 9,000 over 1965.

Telephone directories for other parts of New Jersey can be obtained free of charge by calling any local New Jersey Bell business office. The telephone company has also arranged to use a plastic sling to loop the new directories over the front door knob if customers are not at home at delivery time.

Disc Jockey Slated For Hostess Dance

Tony Clair, disc jockey at the Casino Ballroom, Seaside Heights, will appear at a "Supper Dance" scheduled Saturday at 7:45 p.m. at the Elizabeth YWCA.

The dance, sponsored by the Junior Hostesses Club of the Elizabeth YWCA, will be in honor of the servicemen stationed at Fort Monmouth.

The front cover painting is of "Old Queens," the most famous landmark at Rutgers. The book cover carries the school colors and founding dates of every college and university in the state.

Alphabetical listings in the February 1966 directory increased

Catholic Women Will Attend Show

Members of the Catholic Women's Club of Elizabeth will attend a performance of "Consider the Lilies" at the Black Box Theatre, New York City, on March 2. Transportation will leave from the Winfield-Scott Hotel at 7 that evening, according to Mrs. Joseph Cox, reservation chairman.

The club will hold its annual retreat March 11 through March 18 at the Convent of Our Lady of the Cenacle, New Brunswick. Mrs. John A. Conlin will be chairman of the event, assisted by Miss Isabella McGuire, co-chairman.

Jewish Women Hear Program On Cancer

Dr. Robert Lynn of Plainfield, a member of the Board of Managers, Union County Chapter, American Cancer Society, was guest speaker at a meeting of the National Council of Jewish Women, held yesterday in Plainfield.

A film titled, "Breast Self-Examination for Cancer Detection," was shown by John O'Rourke of Roselle, a volunteer representative of the county chapter.

GIVE AND FIGHT

The Union County Heart Association points out that when you give to the Heart Fund you fight heart attack, stroke, high blood pressure, rheumatic fever, inborn heart defects and other heart and circulatory disorders. A Heart Sunday volunteer will call at your home for your gift. Be generous!

BE GENEROUS — Give generously on Heart Sunday to combat diseases of the heart and circulation.

MEMBERS WANT — Tell them what you have by phoning a low-cost Classified Ad in this newspaper before noon Wednesday.

Samenfeld, Mrs. Heald Named To Head County Cancer Drive

Andrew A. Kieplech, president of the American Cancer Society, announced today that Mrs. Heald and Dr. Samenfeld have been named to head the county-wide cancer drive.

The drive will be held from April 1 to April 30. Mrs. Heald will be in charge of the drive in the Union County area, while Dr. Samenfeld will be in charge of the drive in the Sussex County area.

The American Cancer Society is a national organization that has been fighting cancer for over 50 years. It has been successful in raising money for cancer research and in providing information to the public about cancer.

The drive is a very important one, as cancer is one of the leading causes of death in the United States. It is hoped that the drive will help to raise more money for cancer research and to provide more information to the public about cancer.

Traditional Morristown Park Hike Scheduled By Club This Weekend

The Morristown Park Hiking Club has scheduled a traditional hike for this weekend. The hike will be held on Saturday, Feb. 19, and will start at 10 a.m. from the Morristown Park parking lot.

The hike will be a 5-mile loop through the park, including the Morristown Park Inn, the Morristown Park Golf Course, and the Morristown Park Zoo. The hike will be led by the club's president, Dr. Samenfeld.

The hike is a very popular one, as it provides a great opportunity for people to enjoy the outdoors and to get some exercise. It is hoped that many people will join the hike this weekend.

DISCUSS CRUSADE — Andrew A. Kieplech, president, Union County Chapter of the American Cancer Society, discusses the organization's April Cancer Crusade with Crusade Chairman, Mr. Robert L. Heald and Dr. Herbert W. Samenfeld, Ph.D., dean of students at Newark State College.

Princeton Professor To Speak At Meeting

Dr. David Wilkinson, a Princeton University professor, will be speaking at a meeting of the Union County Chapter of the American Cancer Society. The meeting will be held on Wednesday, Feb. 23, at 8 p.m. at the Union Junior College.

Dr. Wilkinson will be discussing the "Big Bang" vs. the "Steady State" theory of the origin of the universe, which is creating a stir in astronomical circles at this time.

Neighbors Want You Used Here

The Trailside Center is looking for people to help with its work. The center is a non-profit organization that provides services to the community. It is looking for people who are interested in helping others and who have some free time.

INTERNATIONAL FREE ART SHOW AT AREA YMCA

A free art show by Children of the World will be presented next Sunday from 2-4 p.m. at the Kenilworth-Roselle Park-Union branch of the YMCA, 218 Salem rd., Union.

The show was compiled by artist Giselle Mason, who has collected hundreds of examples of everyday art work of children from throughout the world.

The show will also have a children's art corner where the young visitors will be invited to participate in crayon art.

The family program committee under the direction of Mrs. Peter Koshove, will offer a reception and foreign snacks will be offered. Members of the committee will wear authentic foreign costumes. There will also be a speaker.

In addition, the Union Township Youth Chorus, under the direction of Mrs. Esther Berry, will present a program at 3 p.m.

Mrs. Gerald Bachelder of Union is coordinator of the Feb. 27 program.

Holiday Hours Set For Enrollment For Medicare

The Elizabeth Social Security District Office will be open Washington's birthday, Tuesday, Feb. 22, Ralph W. Jones, district manager, announced this week.

Mr. Jones said that Washington's Birthday will give an opportunity to people age 65 and over who are still working to enroll for Medicare. The holiday increasing hours will also enable sons and daughters in being parents to the office file applications for the medical and medical insurance, he said.

Persons who have never filed an application with Social Security and are age 65 or over must file to be eligible for medical and hospital protection when it begins in July, he said.

This insurance is available to almost all people 65 and over even if they have never worked under social security and have never had a social security number.

The Social Security offices will continue to be open Saturday mornings from 9 a.m. to 12 p.m. in addition to the regular hours, 9 a.m. to 5 p.m., Monday through Friday.

The reason, Jones said, for the additional hours is to give everyone age 65 and over the opportunity to register for the Medicare provisions before the deadline of March 31.

Trailside Center To Present Film

"Our Mr. Sun," a color, sound film, will be shown at the Union County Park Commission's Trailside Nature and Science Center, in the Watchung Reservation, Mountalenside, on Sunday at 3 p.m.

The film shows the story of the Sun and its effects upon all life on earth.

On Monday, Wednesday and Thursday at 4 p.m., Dr. Harold N. Moldenke, director of Trailside, will present half-hour nature talks for children. The topic selected for the three days is "Smaller Animal Homes." The talks will be illustrated with color slides and admission is free.

Public Notices

Notice is hereby given that the Town of Union in the County of Essex, New Jersey, is holding a public hearing on the application of the Board of Commissioners of the Township of Union to amend the zoning ordinance of the Township of Union, New Jersey, to change the zoning classification of certain property located in the East Union Township, Essex County, New Jersey, from R-1 to R-2.

The purpose of the hearing is to receive and consider all objections and suggestions of property owners and other persons who may be affected by the proposed amendment.

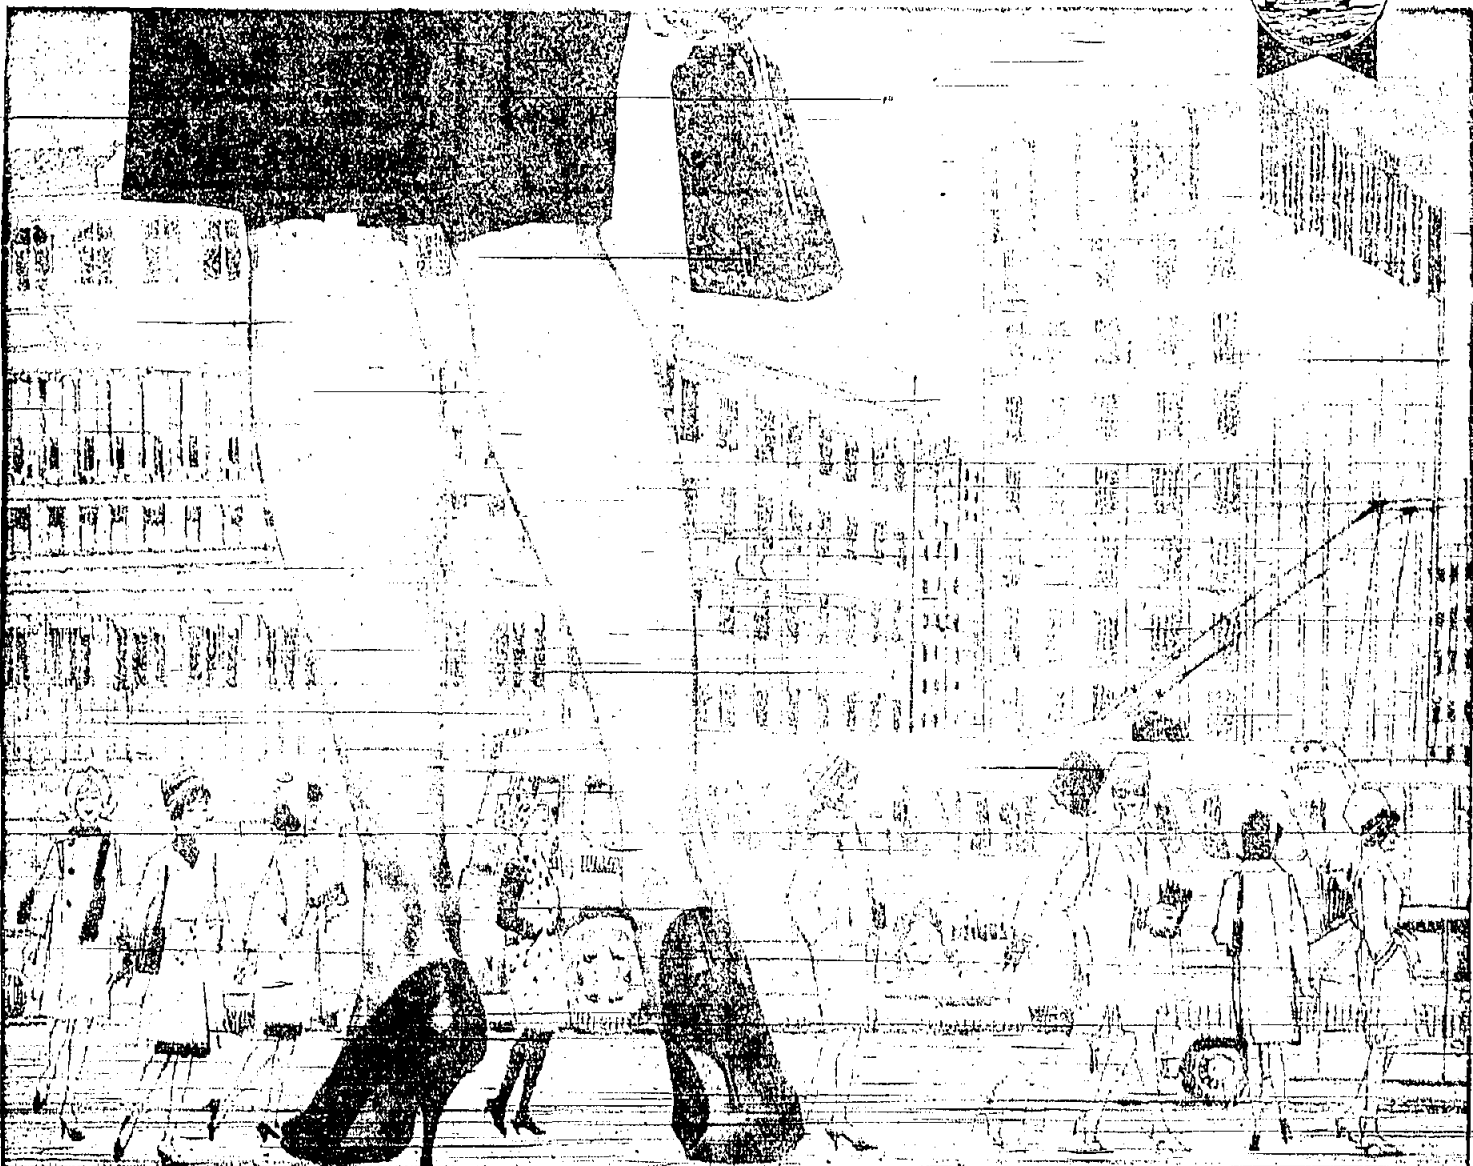

The hearing will be held on the 23rd day of February, 1966, at 8:00 o'clock in the afternoon, in the office of the Township Clerk, at the Municipal Building, 100 North Main Street, Union, New Jersey.

Any person who wishes to object to or suggest a change in the proposed amendment should appear at the hearing and state the reasons therefor.

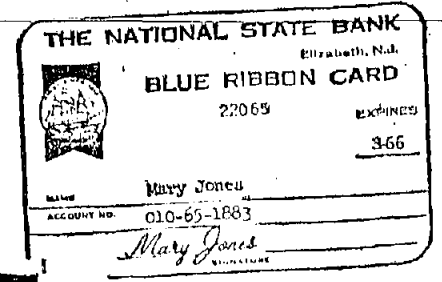

Witness my hand and the seal of the Township of Union, New Jersey, this 15th day of February, 1966.

All About People
BY GENE ROSENFIELD
EUGENE TIRE CO
She was the wife of a baseball star, who in his day was the idol of millions of fans. A man who shaped thousands of breathless sport thrills. But he was sick with what the doctors called amyotrophic lateral sclerosis. He stumbled over the words as he told her of his visit to Mayo Clinic.

NORTON DRESS THAT
Norton, son of M. and Mrs. Joseph Norton, of 121 E. 1st St., Union, N.J., was killed in a plane crash on Monday night. He was a member of the Union State College in Warren, Ky.

"Don't worry, honey," he said. "I'll get rid of it."
But she did worry. One morning she quietly dressed and went off alone to the family doctor. She told him the story of her husband's visit to the Mayo Clinic. The doctor broke the news as easily as he could. "I'm sorry, but the reports say your husband has about two years to live."

In her car, she cried as if her heart would break. But before she reached home, she stopped at a gas station, washed her face, powdered her nose and arranged her hair. Then she continued home as cheerful as ever.

She never once revealed that she knew the truth. For almost two years she lived a lie. The months went by, bitter, heart-breaking months. Her husband grew worse and had to quit baseball. Soon he lost the use of his arms altogether. But he would always smile and say, "Honey, I'll fix this up. The doc says I'm getting better."

And she would smile back softly and reply cheerfully. "Sure you will." And so she lived on the lie. To the very end she never let on to him that she knew the truth.

Her husband died on June 2, 1941, 17 days short of the two years the doctors had given him. She never once betrayed her emotions and he never knew that she was suffering as much as he was.

PRESSURE FOR HIGH MARKS

It is not surprising that the pressure for high marks is increasing. The parents of the children are pushing the children to do better in school. This is because the parents are afraid that their children will not be able to get into the college of their choice. The parents are also afraid that their children will not be able to find a good job after they graduate from college. The parents are also afraid that their children will not be able to support themselves after they graduate from college.

Tips for Today's Homemaker

from Carolyn Yuknos, County Home Economist

The custom makes that a home sewer finds not only an outfit, a special blouse and an individual signature. Custom touches are usually a little more time consuming, but most of them require hand sewing. For example, the bound edge of a hem is really a custom touch and can be easily accomplished. To bind the edge of a hem-use either bias binding or self bias cut from the same material. One edge of the bias can be machine stitched on the inside so that when the bias is folded over the raw edge of the hem the machine stitching does not show. Then the other edge of the bias strip is hand sewn in place. Finally, the bound edge of the hem can be catch stitch-

ASK AMY... by Amy Adams

Dear Amy:
I have been engaged for five years to a swell fellow. We are both 26 and have been married since last year. I have been working my brain trying to figure out what to give him for Valentine's Day. We met on Valentine's Day six years ago. He has just about everything. Any suggestion of what to give him?
Andrea

Dear Andrea:
-Yes, an ultimatum!

Dear Amy:
My children sent me a gorgeous pompetin plant for the holidays. I would like to keep it always, but I don't know how to care for it. It looks like it's dying and I need advice.
Mrs. R. J. W.

Dear Mrs. R. J. W.:
My plant expert is on vacation, and I'm as green as grass on pompetins. So I'm throwing it open to my "green" thumb readers. Fill print-their-roplox as soon as they arrive sit tight.

Dear Amy:
My husband died Aug. 31, 1965. We were a close couple and loved each other more than life itself and I have mourned him so. My neighbors, one in particular, have bugged me ever since about getting over this. She thinks I'm foolish for not having sent Christmas cards out this past season. I had told her I was not sending any and that I hoped no one would send me any, either. I made it known to everyone, but he and hehold, her Christmas card arrived anyway. I was so disgusted I took and threw it in the garbage.

I would like to know what was correct. If I was wrong or if she was.
D. Gustaf With Neighbors
Dear Disgusted:
I understand your feelings, but you were wrong not to accept and welcome those Christmas cards as a token of the thoughtfulness, kindness and affection of your friends.

If you were not up to sending cards this past year, that was your prerogative, however, to have rejected those of your friends and family was in poor taste and unkind.

Dear Amy:
I have known a certain 200 inch for a collar, edge or waist.

SUFFICIENT LIGHT REDUCES FATIGUE FOR HOUSEWIVES

Well planned lighting at the principal work centers of your kitchen reduces fatigue. When there's sufficient light, you don't work in your own shadow, wasting energy to see what you're doing.

What is good lighting in a kitchen? Mrs. Cleo M. Cottrell, extension home-management, family economics specialist at the College of Agriculture and Environmental Science, Rutgers University, says it's good general lighting—plus added light at specific work areas.

With fluorescent lighting, use three 20-watt or two 25-watt tubes shaded with glass or louvers for general lighting. Or a 150-watt incandescent lamp bulb in a 12-inch enclosing globe will give enough general illumination for most kitchens.

Over the sink, a shielded ceiling fixture can be used with a 150-watt standard bulb. Or you can use fluorescent tubes shielded so the light will not glare in your eyes.

A well-lighted range will help you see what's cooking. Shield this light, too, so you are not conscious of the light itself—just the ease of seeing if a food is done.

Light at work counters minimizes fatigue. The New Jersey State University specialist recommends a 20-watt shielded fluorescent tube for each 24 to 30 inches of counter space.

When attached on the underside of the wall cabinet near the front edge, they flood your work counter with a soft light. The shaded tube will not be too bright, even when you sit down and look directly at the fixture.

Deadline for late copy is Monday at noon. NO COPY WILL BE ACCEPTED FOR PUBLICATION in our next issue after Monday noon.

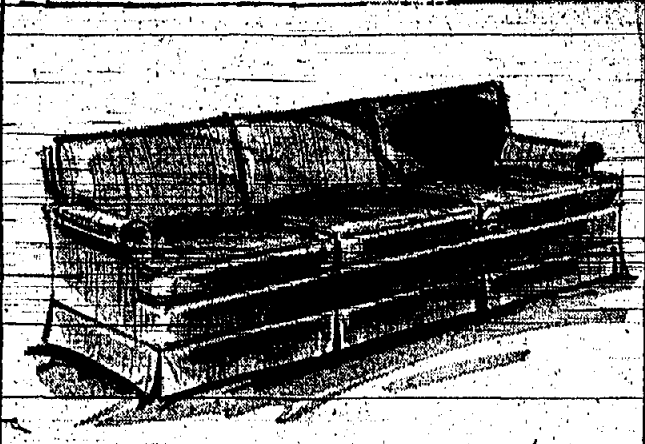

Notice On Engravings For Social Pictures

This newspaper does not maintain its own engraving plant and finds it necessary to charge a fee for engravings of photographs to appear with wedding and engagement stories. There is no charge for stories; they will be published whether or not a photograph is needed.

An engagement engraving, always the same in width, will cost \$3. The fee for wedding engravings will be \$5 for one column or \$8 for two columns.

'Sound Of Music' Breathtaking Film

By BEA SMITH
The walls of the Bellevue Theater, Montclair, reverberate "The Sound of Music," as the wide screen seems to widen even more with the splendid, picturesque, breathtaking views of Salzburg and surrounding areas in Austria, especially eye-filling in Technicolor and with a near-

ly-three-dimensional effect as presented in Todd-AO.

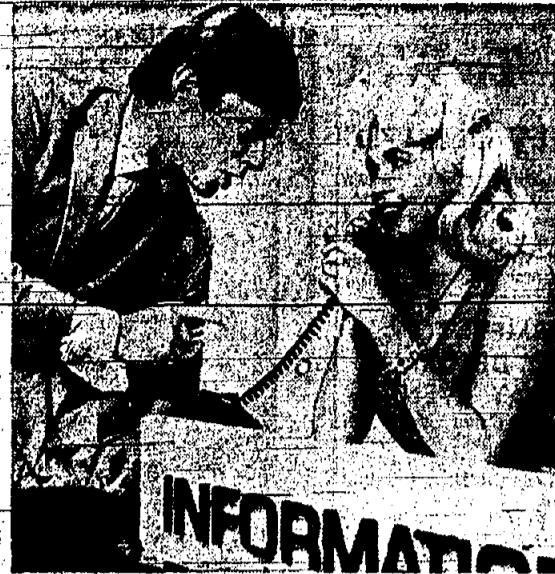

The sweeping, magnificent scenic splendors in the film adaptation of Rodgers and Hammerstein's long-running Broadway stage musical, are equalled only by a superb cast headed by Julie Andrews (in the Mary Martin role), Christopher Plummer, Eleanor Parker, Richard Haydn, Peggy Wood, Anna Lee and the seven marvelous youngsters who enact the roles of the seven Trapp children, and such memorable songs as "The Sound of Music," "Do Re Mi," "How Do You Solve a Problem Like Maria," "Soliloquy—Going On—Seventeen," "A Few of My Favorite Things," "Climb Every Mountain" and more, too numerous to mention. The familiar story of the Von Trapp family, with its governess-niece, Marie (Miss Andrews) is retold on the screen with a mixture of realism and fantasy under the superb direction of Robert Wise, Academy-award-winning producer-director. The Bill and Cora Balducci Puppet scene, a true delight, is one the children in the audience will not forget to enjoy.

"The Sound of Music" has, in fact, something for everyone; it has so much more to offer on the wide-wide screen than it ever could have in the confines of a Broadway theater.

'DARLING' IS HELD IN SECOND WEEK ON CASTLE'S BILL

John Schlesinger, one of the more original of the world's new crop of young directors, is the guiding force behind Joseph E. Levine's new film satire of life and love among the international "jet-set" society, "Darling," which is being held over for a second week at the Castle Theater, Irvington Center.

The adult film, which stars Dirk Bogarde, Laurence Harvey and Julie Christie, tells a story of a beautiful amoral model and her climb to the top of high society. With it, Schlesinger delves into the glossy structure of upper-class life with the same penetrating understanding he has brought to the working-class reality of his previous films, "A Kind of Loving" and "Billy Liar."

INFORMATION PLEASE! — Jayne Mansfield has some information to offer Robert Morse in scene from satirical film comedy, "The Loved One," dealing with life, love and lunacy in a Hollywood memorial park setting which came to the Palace Cinema in Orange, yesterday. Academy-award winner Tony Richardson, shuffles around a roster of such stars as Jonathan Winters, Anjanette Comer and Rod Steiger, with guest stars Dana Andrews, Milton Berle, James Colburn, John Gielgud, Ruth Gordon, Tab Hunter, Margaret Leighton, Liberace, Roddy McDowall and Barbara Nichols.

'Ipcress File' Set For Art, Monday

"The Ipcress File," Harry Saltzman's film drama of espionage, encompassing scientists to petty crooks, heads of state to professional killers, opens a holiday show, Monday night at the Art Theater, Irvington Center. Filmed in Technicolor and Techniscope, from Len Deighton's best-selling novel, the picture stars Michael Caine, Sue Lloyd, Nigel Green and Guy Doleman.

The Art Theater is holding "Zorba the Greek," starring Anthony Quinn, through Sunday night.

Favorite Places for DINING

Still a few good seats left for our Washington's Birthday celebration.

In fact, they're the best seats—the ones lined up to help you live it up on your day off. Economy tigers like our Tempests. Luxury tigers like our Bonneville and Broughams. Swinging tigers like our Grand Prix, our GTO and our Sprint. And lots of other great ones. Or, if you're more in a used car frame of mind, we have some great seats in that department, too. All kinds of nifty one-owner, late-model beauties we were able to persuade their owners to part with. (Thanks to the popularity of our great '66 Pontiacs.) It'll be the Washington's Birthday Open House to end all Washington's Birthday Open Houses. So we hope you'll be there. Time? Whenever you get there, to whenever you've picked out your favorite. See you!

COME IN AND TAKE ON A TIGER AT YOUR PONTIAC DEALERS—A GOOD PLACE TO BUY USED CARS, TOO.

Bombers Hold Lead In Thursday Action

The Bombers broke the three-way tie that had existed in the Thursday-Afternoon boys' Bowling League by sweeping an important series. The twin victory by the Bombers moved them into loose possession of first place.

This boys' league meets at the Springfield Bowl and is sponsored by the Springfield Recreation Department.

The Bombers met the Bulls in a show-down series last week, and the Bombers emerged from this meeting with a sweep of the two games. Jimmy Sarokin and the Bulls rolled a terrific series as he paced his team. Jim

a 256 strike, while Karl tallied 233 for two games. Roy Greenberg and Gary Fox were the Atom leaders. Gary hit 248 while Roy was a pin better for the series with a 249 effort.

The Raiders had one of their finest afternoons as they downed the Rockets in two games. During this match David Epstein established a new high series mark for his league. David tallied 346 for the two games. Joel Millman with a 266 series effort and Fred-Gold at 239 for two games were also effective for the winning Raiders.

Steve Harris with a 273 series was the top bowler for the Rockets.

The final match of the day saw the Jets score a double victory over the fast-slipping Pirates. Danny Weiss and Jamie Farber paced the Jets. Danny rolled 271 for two games, while

Upsets Mark Ivy League Play; Three Top Teams Meet Defeat

Action last weekend in the Springfield Recreation Department's Ivy League Basketball League produced an unprecedented three upset victories. Last Saturday each of the three teams tied for first place met defeat.

Harvard, Yale, and Dartmouth rose up to trip the front-runners in three heated and hard played contests. The boys in the Ivy League meet for action each Saturday afternoon at the Jonathan Dayton Regional High School gymnasium.

The opening game last week saw previously all-losing Harvard score its first victory of the campaign by posting a 17 to 15 upset over front-running Cornell.

Dan D'Andrea of Harvard played his finest game of the season. Dan's hard and steady play drove the Cornell team from the floor. D'Andrea contributed 10 points, as his scoring total paced both squads in this game. Jim Sarokin and Danny Weiss also played well for the winners. Johnny Edwards played his finest effort of the season for Cornell. Cornell's big center scored seven points and rebounded well.

The middle contest last Saturday saw Columbia fall before a strong Yale team. Yale's Bob Janukowicz swept everything

from the backboards and scored 19 points to sink Columbia's chances of victory.

Bob's 19 points established a new high point mark for the 1966 campaign. Yale received fine game efforts from Tommy Campbell and Marty Joseph on route to this victory. Richie Deutch with eight points and Eddie Green with six points topped the scorers for Columbia. Columbia also received a fine effort from Scott Prussing, who is just up from State League play.

Dartmouth fought off a determined Princeton rally in the final period to score a thrilling 23 to 22 upset victory in the final contest last week. Dartmouth ran off to an early lead in this contest as the Green was paced by the early scoring of Dave Epstein.

Keith Brownlie and Phil Stokes of Dartmouth held their team in the game during the later stages, and the upset was scored. Brownlie scored a game total of nine points, while Epstein had six points and Stokes scored four points to pace the winners.

Frank Buccell led a determined rally that fell short. Frank scored eight of his game total of nine points during a second-half rally. Gary Fox, with six points, played well for the Princeton team.

Bob Janukowicz continues to pace all Ivy League scorers. Bob has tallied 71 points in the six league games. Richie Deutch of Columbia is a distant second with 48 season points, while Frank Buccell is next with 45 points.

Silverman Bows To New Records In Friday League

The Black Hawks dealt the Rangers a double defeat last week and moved back into contention in the Friday Afternoon boys' Bowling League. The Rangers, prior to bowling last week, were threatening to run away with the league.

A good Hawk effort prevented the Hawks to win two games of first place. The boys met at the Springfield Bowl, which was sponsored by the Springfield Recreation Department.

In the final match of the day between the Chargers and the Chiefs, Jay Silverman of the Chargers established two new league highs for the season. Jay rolled high game in the first contest as he hit 203. Jay rolled the highest series ever in the Boys Recreation League as he tallied 365 for the two games. Silverman's top effort paved the way for a double victory for the Chargers. The Chiefs were paced by Howie Fleischman who rolled 234 for two games.

The Black Hawks presented a well-balanced scoring sheet last week, and as a result they edged out a pair of important victories over the league-leading Rangers. Jeff Sarokin rolled his best series of the season as he paced the Hawks. Jeff tallied 245 for two games. Jeff Slater rolled a series of 244, while Doug West tallied 237 for the winners. A Ranger bowler, Billy Schwab, paced all bowlers in this match as he rolled a 311 series.

The Tigers moved to within three games of first place as they tripped the Royals twice. Peter Gelwarg topped the Tiger bowlers as he rolled a 322 series. Perry Koplik with 223 series was also effective for the Tigers. Bob Hannon with a 201 effort for two games paced the Royals.

The Bruins and the Eagles split a pair of games in another match last week. Billy Schwab rolled another good series for the Bruins. Billy tallied 296 for two games. Billy has been the league's hottest bowler for the past few weeks. Mike Denner and Mike Levine topped the scoring column for the Eagles. Denner rolled 283 for the two games, while Levine tallied 257 for the series.

Mitch Wolff fell from his usual high pace last week but continued to hold his top average. Mitch is pacing the league with a 146 mark for the season. Jay Silverman is in second place with a season average of 136.

Rich Freundlich and Henry Zachau are tied for third place. Each boy is rolling 123 for a season mark. Scott Prussing and Gary Neifelder are tied for fifth best position. Scott and Gary are rolling at a 120 pace. The remaining boys among the top 10 are: Mike Denner, 118; Bill Schwab, 118; Steve Grau, 115; and Jeff Slater, 115.

Dayton Wrestlers Defeated By Berkeley In Final Meet

By MYRON MEISEL
The Jonathan Dayton Regional High School wrestling team closed its 1966 regular season with a 2-9 record, after losing the final match last Wednesday to Governor Livingston Regional High School of Berkeley Heights, 30-13.

They will enter the State Sourney tomorrow night in Hillside.

The match showed great split and strong wrestling, particularly on the part of the heavier men, who did surprisingly well in spite of the fact that winning the contest was already an impossibility. Berkeley Heights capitalized on its particular

strength in the lower weight classifications, and it was in those bouts that it secured victory over the Dayton wrestlers.

The Bulldog grapplers led off with Pete Sayki at 98 pounds. Quick with polishes, moves and with one of the better records on the varsity squad, Sayki was beaten on a 7-0 decision. The Dayton man at 106, Pete Mollen, likewise met his match, losing by the same score.

Howard Goldhammer at 115 tried to give a fine performance for the last two rounds but suffered from a takedown and near-fall in the first. Despite a strong effort, Goldhammer could not make up the deficit. At 123, Joe Sarno faced off against an unusually adept opponent and was pinned in the first round.

Berkeley Heights was not only shutting Dayton out, 14-0, at this point, but as well had prevented the scoring of even one individual point. The Bulldogs were in near-total control.

Then at 130, Bulldog Dale Lies restored lagging morale. Lies' match was a one-man show. In the first round, he took down his opponent for two points. In the second he missed a pin by seconds. Nimble on the bottom position in referee's stance, as well, Lies completed his tally at 6-0, escaping his counterpart's grasp and gaining control to gain the Bulldogs their first team score of the match, 14-3.

At 138, Ed Camaleri encountered an extremely tight contest. Losing 2-0 after being taken down in the first round, Camaleri abruptly tied the score, 2-2, after a deft reversal. But in the few remaining seconds of the third round, Camaleri, riding for time and victory, found his opponent escaping. The one point granted defeated Dayton once again, 3-2. Team scores: Berkeley Heights 17; Dayton, 3.

At 141, Steve Hartz proved nimble while underneath in referee's position, twice escaping with amazing speed. Hartz proved unable to gain control of his opponent, however, and lost on an 11-2 decision. At 147, Glenn Douglas, after an uneventful first round, was pinned in the second. Berkeley Heights then clinched the match, leading 25-3.

After a stalemated opening round, Mike Clancy, stalwart at

156, found himself in trouble. Despite an injury during the bout, his opponent managed to escape and take down Clancy for a 3-0 lead. But with 0:30 remaining to the round, Clancy engineered a shift in position by sheer strength and nearly pinned. The near-fall gave Clancy a 4-3 lead, which he widened by a point in the concluding round by escaping.

Likewise Al Silverman at 167 was behind, 3-0, but before the close of the round, he had not only reversed, but became the only Bulldog to pin his opponent. Dayton had by now narrowed the Berkeley Heights margin of victory to 14, 25-11.

Ernie Milner at 177 lost his bout 8-0. On the other hand, the junior had led hard in the lostest bout of the day. Greg Baskin, representing Dayton, stalemated his opposition for one round, each wrestler attempting, unsuccessfully to gain control of the other. Baskin took the lead by a more aggressive escape, overpowering the Highlander man on top. But the final round saw the same occur to Baskin, and the match ended in a 1-1 tie.

Dayton now faces the State wrestling tournament with mixed hopes for success. Since it is an individual nature, the team record is not necessarily indicative of the Bulldogs' potential showing in the tournament.

The Union County Novice Tournament is over, as far as the Bulldogs are concerned. Nine contenders went to the North District Union County competitions last week.

Seven of these reached the semi-finals. Dave Pierson, 98; Gary Vosburgh, 123; Gary Haydu, 136; Howard Rubinstein, 156; Walter Barnfield, 177; Brian Zabalski, 167; and Tom Small, 130.

One of these, Zabalski, competed in the district finals. Zabalski entered the bout with two pins to his credit in the tournament, but failed to win in a close decision.

Mrs. Janice Blaufox was named vice-president of the Central Jersey Alumni Association of Syracuse University at the January meeting. The Central Jersey group includes all Syracuse graduates from Union, Hunterdon, Middlesex and Somerset counties. Victor Blaufox was named a director of the group.

Mr. and Mrs. Blaufox live in Springfield. They were graduated from Syracuse in 1946. Mrs. Blaufox is a teacher at the St. James School in Springfield. Blaufox is a sales engineer with General Electric.

Other officers named at the meeting were Roque D. Dameso of Somerville president, and Frances P. Gold of Westfield, secretary-treasurer.

Report By Police Offers Summary Of January Work

The Springfield Police Department dealt with 31 crimes during the month of January, according to the regular report submitted by Chief Wilbur C. Schlander.

The report stated that there were 12 incidents of breaking and entry and larceny; seven cases, larceny over \$50; six, larceny under \$50; one, assault and battery; two, fugitive from justice; two, bad check, and one, attempt to obtain narcotics.

The department was able to close its books on nine of the cases during the month. The remainder is still under investigation by the local police and by authorities elsewhere.

Springfield was the scene of 38 auto accidents during the month, the report added. Twelve persons were injured in 10 accidents.

The police issued 63 summonses during January for automotive violations. There were 21 for moving violations, 20 for non-moving violations, nine for meter parking violations and 13 for other parking violations.

There were 416 routine calls answered by the department during the month and 21 emergency calls, for oxygen and in similar cases.

Dayton AFS Chapter Plans To Sell Stock

Officers were elected and two fund-raising programs adopted at the organizational meeting of the Jonathan Dayton Regional High School Chapter of the American Field Service held last week at the school.

Eric Krueger was elected chairman, and Anne Josephson, secretary-treasurer. Scott Hammen was named student representative to the adult committee.

The high school group voted to sell shares of stock in the American Field Service at a per share cost of 50 cents. Jim

Bender, president of the Student Council, offered the council's "Ugly Man Contest," currently in progress, as a medium of raising funds.

Both plans will be used to raise enough money to enable a foreign student to come to Springfield next year.

Springfield families who are interested in having a foreign student live with them for a year may contact the school or Mrs. Ben Josephson, chairman of the adult chapter.

2nd Round Of JV Tournament Pits Roselle, Dayton

Home Five Wins; York Scores 39

By MYRON MEISEL
The first round of the Junior Varsity Union County basketball tournament was a success for the Jonathan Dayton Regional High School JV players. Pitted against Cranford High School, whose varsity counterpart placed first in the Watchung Conference, the JV's squeaked out a narrow overtime victory, 58-56, in what began as a walk-away.

The Junior Bulldogs will face Roselle Saturday morning at Westfield in the second round. Far and away the finest player on the court was Bulldog Cliff York. The game proved to be a showcase for an extraordinary performance. York out-rebounded every player on the court, occasionally losing out to his teammate Tony Gromek. But much more important, York shot well. Missing only seven from the floor, he accumulated the amazing individual score of 39 points. Spearheading the offense, Bulldog York hit the basket when it counted and with some spectacular shots as well.

The entire squad played well, despite the rather overwhelming presence of York. Tony Gromek, although shooting less, was rebounding more, and grabbed more offensive rebounds than any other player. In addition, when he shot, his eye was remarkably accurate. Alan Todres played a fine floor game, setting up most of the plays and feeding York very well. Todres' fine moves were complemented by fine ball-handling and defense by Willis Rutz and Don Cobbyly. Dayton came on strong for the first quarter. Rutz passed well, Todres fed York, and York drove, and rarely missed. The Cranford team did not score for well over six minutes, and then the score was 14-2, Dayton. In the end the Cougars rallied and gained great momentum. The end of the quarter saw a 19-9 score.

The Cranford drive did not end with the whistle of the first quarter. It carried over, and despite six consecutive missed layups, came within two points of the once far-ahead Dayton; 22-20. This was largely due to a hard worker for the Pistons. Last week Ribby tallied six points to contribute greatly to the team victory. Mike Scopelluto topped the Aggies game. In the ten seconds left, the Cougars scored one foul but lost, 58-56.

Junior Stars Hoping For Revenge

Minutemen Meet Linden PAL Boys, Sole Conquerors

Springfield Quintet Whips Youngsters Of Plainfield School

The Minutemen, recreation league all-stars, raised their season record to three victories in a return engagement this Saturday evening at the Florence Gaudineer School. The doors will open at 7 p.m., as game time is scheduled for 7:15.

The Minutemen, recreation league all-stars, raised their season record to three victories in a return engagement this Saturday evening at the Florence Gaudineer School. The doors will open at 7 p.m., as game time is scheduled for 7:15.

The Minutemen's lone loss of the season came at the hands of the Linden PAL squad, which will provide the opposition this Saturday. The squad includes seventh and eighth graders. The 80 to 50 rout of St. Bernard's Saturday evening saw the Minutemen at their shooting best. A very hot first period put the Springfield team far ahead at the outset and they were never headed as they rolled to their third victory of the present campaign.

The co-captain and veteran back court performer, Frank Bucc, started the Minutemen in the right direction in this contest. Ribby tallied on his first five shots in the game. This opening burst gave the Minutemen room to maneuver. Bucc finished the contest with 16 points.

High Scorer
Center Bob Janukowicz had another good evening for the Minutemen. Bob led all Springfield scorers, as he hit for 20 points. This marked the highest scoring performance of the year for any member of the Minutemen squad.

Keith Brownlie, Springfield's talented starting forward, played his finest game in two seasons. Keith tallied 15 points and helped control the backboards. Brownlie was particularly effective with jumpers from the corner. Keith's third-period outburst put the game far out of reach for the Plainfielders.

Another Springfield player to turn in a fine game effort was Fred Gold. Fred plays the role of Springfield's floor general. Fred doesn't score many points but it is his fine ball handling and play-making which make the Minutemen offense click. Fred paced the Springfield offense early in the game, and was inserted in the line-up in the latter part of the evening to help settle the younger players, who were then in the game.

All in all this was a fine team game for Springfield, as all 17 players played in the game, and 12 boys hit the scoring column.

In addition to meeting the Linden PAL in a game on Saturday evening, the Minutemen will play against a team representing the Irvington PAL this coming Monday evening. This game will also be played at the Gaudineer Gym, with game time set for 7:15.

St. Bernard's was paced by a strong effort from three boys. Steve Baglin led all scorers with 14 points, while Frank Nutt showed some of the finest play of the season. Frank finished with 17 points. Another top performer was the center, George DeLuca. George rebounded well and scored nine points.

Texas Defense Brings 1st Loss For Iowa In State League Play

Texas played the finest defense basketball game of the season last Saturday in State League play, as the Longhorns bottled up a highly rated Iowa offense to topple Iowa from the ranks of the undefeated 12-0.

As a result of this game Texas moved into a first-place tie with Iowa at one top of the league standings. Both squads have a record of five victories and one loss.

State League action takes place each Saturday afternoon at the Florence Gaudineer School. The Springfield Recreation Department sponsors this league as part of the youth basketball program.

Feature Game
The feature game played last week was the contest between Texas and Iowa. Iowa was undefeated at game time, while the Texas team had dropped only one game. Texas held the Iowa team to nine points, while the Texas offense scored 12 points.

Rockets Possess Township's Only Unbeaten Record

Action in the Sandeider Small-Fry League improves with each week. At the conclusion of six weeks of play in this Recreation Department-sponsored basketball league, the Rockets remain as the lone undefeated team in all the recreation leagues.

Last Saturday the Rockets again escaped defeat as they thumped the Chargers, 13-11, in a hard-fought game. Each Saturday afternoon the boys meet for play at the Thelma Sandeider School gym.

The Rockets held their undefeated status and their one-game lead in league play when they thumped the Chargers by the score of 13 to 11. The Rockets took an early lead in this game when Mike Klarfeld and Marlon Dennis hit foul shots. The remainder of the game saw the two teams trade baskets in a very even contest.

Bob Wallick with six points was high for the winners. Mark Weber with four points also played well for the winners. Gary Schulman of the Chargers played his finest game of the year and paced all scorers in this game with seven points.

The opening contest last week saw the Tigers trip the Chiefs by a score of 18 to 8. The Tigers are a much improved team since their opening games this season. Mark Tasher topped the scoring column for the Tiger team, as he tallied 17 points. Barry Gerst with four points played well for the Tigers. Jon Zurkoff and Sammy Kaplan topped the Chiefs in scoring. The Chiefs played a very spirited game, but their effort fell short of victory.

In another game of the four games played last week, the Pirates defeated the Pirates by a 14 to 3 count. Jeff Saroldin with 6 points and Bruce Cohen with five points headed the Raiders. Robert Dorsky and Ricky Rubinfield also played well for the winners. The exciting game was divided between Robert Stromeyer and Mitch Kurtzer.

The final contest last week saw the Comets score an impressive 18 to 5 victory over the Jets. The Comets, by virtue of this triumph, raised their season record to five victories against a single loss. The Comets hold sole possession of second place. Dick Flahsin, Max Velser, Mike Marder and Larry Silverstein each hit four points as they paced this Comets victory. Art Freeman, Larry Flahsin and John Siegel divided the scoring for the Jets.

Anderson Beats 6-Century Mark

Robert Anderson led all bowlers in the Springfield Municipal action last week at Springfield Bowl. The first place team, Polaris Bowling Club, led to Springfield Market, which swept from Mendis Florist. Polarcipio is now 44-22, with the Market at 38 1/2-27 1/2.

Other high scorers included Mark Conte, 213-205-574; Richard Schwerdt, 245; Hank Esholz, 233; Marty Kruse, 227; Walter Schramm, 216; Alan Wass, 208; Frank Katz, 208; James Funchess, 205; and Jim Kallie, 201.

Gary Tass topped the scoring for Texas as he gathered four points. Robert Meiss and Perry Knapp tallied three points each for the winners. Texas extended this winning streak to five games.

High Score
The opening contest last week resulted in a rout of California by the high-scoring Utah team. The final score was Utah, 40, and California, 13. Utah, after early-season setbacks, has been moving of late. Last week's 40 points established a new league high for this campaign.

Seven players entered the scoring column for the well balanced Utah attack. Jimmy Shoeh with 15 points led the way. Jim's 15 was closely followed by Rich Freundlich's nine points. Lee Adler and Bob Goodman each had four points to pace California.

Florida Ramps
Florida continued to move up in the standings, as it downed Wyoming by a 28 to 10 count last week. Florida was paced by Kenny Baroff in this game. Kenny tallied nine points. Ira Shulman turned in another fine game for the Floridians. Ira scored seven points and controlled the rebounding. Bobby Reichman was the whole show for the Wyoming team. Bobby scored six points and ball-handled at both ends of the court.

Ohio Wins
Ohio tripped Idaho last week by the score of 25 to 15. Ohio evened its record by posting its first triumph. Howie DeVine played his best game of the season as he scored eight points to pace Ohio. Barry Pomp and Marc Jaffe tallied six points each for the winners. Stan Mazieck led the scorers for Idaho. Stan tallied six points. Mike Stadler and Mark Tannenbaum each had four for the loser.

Kansas Coasts In
The final game of the day resulted in a 17 to 4 victory for Kansas over Oklahoma. Kansas spread its scoring net among seven ball players as they ran over

Year's Top Game For Miss Cooper With Score Of 191

The Rockin' Bowlers continue to pace the Girls' Bowling Recreation Department. The big new last week, however, was the 191 game rolled by Alyse Cooper. Alyse, rolling for the Alliettes, turned in a fine game during a match against the Charns last Tuesday. Alyse's 191 score established a new mark in the Girls' Bowling League. The girls compete at the Springfield Bowl.

The Rockin' Bowlers kept in front of all other teams by taking one of two games from the Alley Cats. Lorraine rolled a 225 series, while Cainte turned in a 203 series. Carol Hammen was the top performer for the Alley Cats. Carol hit 191 for the two games.

The Strikers moved one game closer to first place last week by sweeping two games from the Alley-Oops. Diane Ogonowky with a 248 series topped all bowlers in this match and paced the Strikers. Virginia Vogt and Barbara Owens were also effective for the Strikers in this series. Ginny scored a 218 series, while Barbara tallied 223 for the two games. Linda Mutschler was the best scorer for the Alley-Oops as she rolled a 237 series. The final match of the day saw the Alliettes score a double victory over the Charns. Alyse Cooper with her great 191 game and her high series of 319 for the two games paced the Alliettes. She also rolled a 203 series. Diane Ogonowky was also effective for the Alliettes as she turned in a 185 series. And Margulies was the top bowler for the Charns. Andy tallied 213 for the two games. Close behind with a 212 series was Lisa Brown. Both teams rolled very well in this series but Alyse's top effort turned the tide.

Lorraine Cicconi maintained her position at the top of the individual averages. Lorraine is rolling at a 181 pace for the season. Alyse Cooper is the leading high average champion, moved closer to the top spot and is in second place with a 124 average. Virginia Vogt is the third best bowler with a 108 average. Fourth place is held by Diane Ogonowky. Diane is now 103 season mark. Karen Luber is in fifth place with a 102 season average. The remaining girls among the top 10 bowlers are: Eileen Francis, 101; Sally Heines, 100; Linda Mutschler, 99; Lisa Brown, 97; Barbara Owens, 96; and Debra Kistner, 94.

and around the Oklahoma team. Reid Hegerly with four points paced the winners. Chris and Jamie Gacos played good floor games for the Kansas team. Gary Neifeld and Army Blumenfeld divided the four points for the Oklahoma team.

The feature game on the schedule next week will be the final contest of the day. This game will pit high-flying Utah against a very strong Florida team. The game will have an added feature as top rookies Jim Schoch of Utah and Kenny Baroff of Florida will oppose each other for the first time this season. Other action will include: Kansas vs. California, Iowa vs. Oklahoma, Ohio vs. Texas and Wyoming vs. Idaho.

Bulldogs Drop Final Contests Of '66 Season

The Jonathan Dayton Regional High School team closed its season last week with a 5-14 record, after dropping its final two contests to Scotch Plains-Fanwood High School, 62-50, and the Watchung Conference vendor for the second straight year, Cranford High School, 69-47.

The Scotch Plains game started off poorly for the Bulldogs, who fell behind eight points in the first quarter. Afterwards, under the guidance of Steve Hirschorn, Kerry Tompkins and Joe Bucc, Dayton play equalled or excelled that of the Raiders. But the eight-point deficit remained constant, although on several occasions it dropped to four. The last quarter saw Dayton give up the ghost defensively, and the Raiders extended their lead in a scoring spree in the final minutes.

The Cranford contest was an expected loss, but the Bulldogs fared remarkably well, leading for a brief time in the second quarter and only six down at the half. But a third quarter, marked by the speed, experience, and toughness that Cranford has displayed all season, broke the score wide open.

Dayton rallied towards the end, and managed to out-score Cranford in the final quarter, while the Cougars chanted of

Pistons, Nats In Tie For Small Fry Lead

The Caldwell Small Fry League was the scene of a torrid action last week. The Pistons and the Nationals remain at the top of league standings as each raised their season record to a mark of 5 victories and one loss, with victories last week.

The boys meet in this Recreation Department-sponsored league each Saturday afternoon. The games are played at the James Caldwell School.

The opening contest last week saw the Bulldogs pit a 13 to 6 upset defeat on the Billkens. This victory by the Bulldogs dropped the Bills from a first-place tie. Howie Tannenbaum played a very good game for the Bulldogs. Howie controlled the ball and paced the winners with eight points. Johnny Gagos, court general for the Bills, had a good effort. Johnny chipped in four points as his team dropped its second game of the year.

Their Conference victory. Notable was the emergence of Larry LaSota, who played an exceptional game off the boards, although erratic in shooting. LaSota grabbed 11 defensive rebounds in the contest.

In the first round of the Union County Tournament on Monday, Dayton was eliminated from further competition, being soundly drubbed again by Scotch Plains, 92-47.

The Nats held their portion of first place as they posted a 13 to 8 triumph over the luckless Lakers. Mike Levine once again was the top point scorer for the Nats. Mike tallied eight points.

The Lakers played their best game of the season as they gave a determined effort in this contest. Joe Vicsosky gave the Lakers a top effort. Joe scored four points and did a good job of rebounding. Joe is improving each week and shows promise of becoming a top-notch basketball player.

The Celtics moved into league contention by defeating the Knicks by the score of 12 to 6. The Celtics have played the best defense in the league throughout the season. Last week they added an offensive surge to their fine defense.

Mark Ronco turned in his finest effort of the year for the winners. Mark tallied a game high of eight points to pace both quintets. Bruce Blumfeld with six points also played well for the Celts. Billy Huntley with four points paced the Knicks squad. Gary Matthews once again sparkled for the Knicks. Gary is a fine player with great quantities of drive and hustle.

The final game of the day saw the high scoring Pistons defeat the Aggies by the score of 20 to 10. Johnny Ballivan topped the winners as he collected 12 big points. Richy Schwerdt continued to

HOME OF THE WEEK:

Partridge Hill Features "Estates" Of 1 1/2 Acres In Watchung Mountains

"The Willow" split level model at Partridge Hill sells for \$33,500. The 4-bedroom, 2 1/2 bath home is one of several models available at the Warren Township community.

Nestled in the hills between the first and second Watchung Mountains in Warren Township, the homes of Partridge Hill are spacious set on "estate-sized" lots of 1 1/2 acres. The generous sized lots and the location high in the hills are responsible for the success story of sales at Partridge Hill, according to Thomas Zaninelli, realtor, sales agent for the tract. Some 40 homes have been sold there since Labor Day with only 5 lots still available.

Spaciousness, too, is apparent in the six basic models — in room dimensions, well-planned traffic pattern, closet and storage space. The homes feature 3, 4, and 5 bedrooms with 2 1/2, 3 baths. All homes are prepared for central air conditioning and central vacuum system. Despite the country surroundings, all lots are improved with city sewers, water, natural gas, and curbs.

Prices range from \$29,900 to \$36,500 for the basic models at Partridge Hill. On exhibit are:

THE MAPLE — a 2-story home with a 38 foot covered porch. This model offers four bedrooms including a master bedroom 18x13 with a walk-in closet.

The first floor has a living room 23 ft. in length, formal dining room, a 20-ft. kitchen-dinette with adjoining laundry room and lavatory, and a paneled family room. A full basement and a two-car garage is included in this model which sells for \$36,500.

THE DOGWOOD — a Cape-Ranch blends the convenience of ranch style with the expansion possibilities of the Cape Cod. A living room with formal dining-room, family room, kitchen, dinette, laundry, 3 bedrooms and 2 baths are all conveniently arranged on the ground level. Second floor offers space for two additional bedrooms and bath. The Dogwood sells for \$29,900.

THE WILLOW — a split-level, the Willow offers four bedrooms and 2 1/2 baths. The master bedroom features a wall-length closet. The living room with optional fireplace overlooks the formal dining room on a lower level off the kitchen-dinette area. Model also includes a family room, 2-car garage with storage space, and laundry room. The model is priced at \$33,500.

Among the other models at Partridge Hill are **THE POPLAR**, ranch-and-a-half of Dutch Colonial Farmhouse design. Three bedrooms are at ground-level with expansion possible for two bedrooms and bath. Home sells for \$33,500. **THE SYCAMORE** is a 2-story home with 4 bedrooms and 2 baths on the second floor and is priced at \$33,900. **THE LAUREL** bi-level features a "sunken" living room and a raised dining room with outdoor dining balcony. The home has three bedrooms with an optional fourth bedroom at a lower level off the recreation room.

BUILDING REAL ESTATE
REALTOR OF THE WEEK
Space Age Is Complex For Realtor
Dealing In Industrial Developments

The role of the present day industrial realtor is becoming more complex and requires professional knowledge and ability never before required.
Frank A. Schlesinger, Executive Vice President of Louis Schlesinger Company, Industrial Realtors of Newark, considers the role of the space age realtor to be as demanding as that of the space scientist.
In discussing the space age realtor, Schlesinger was also referring to the requirements for close-in industrial space which is disappearing at rapid rate in the northern and central part of New Jersey.
Louis Schlesinger Company has developed new techniques and a new department to cope with the complex problems of close-in industrial space, which is needed to market tracts of land.
An example of the success of the Schlesinger program was completed this week.
A 107-acre tract of land in rapidly growing Piscataway, has been ignored for years while surrounding lands have sprouted "blue-chip" factories and laboratories.
This land fronting on the new Interstate Rt. 287 and at an interchange had one basic fault, it consisted of 21 parcels owned by nineteen individuals. Some of the land had no access to a road or right of way. The largest parcel was 34 acres and the smallest, an area of 2,600 square feet.
In negotiating with the individual owners the realtor's toughest problem was to convince them of the necessity of cooperating with each other in order to effect the marketing of the entire tract, with each owner's plot as an important part of the jigsaw puzzle.
Lislon and joint planning with municipal officials and utilities were coordinated by the Realtor to effect the issuance of a zoning permit, new subdivisions and the development of roads and utilities.
The entire project took fourteen months to complete and accomplished the following:
Agreements to extend and to share costs for a \$150,000. sanitary sewer extension, construction and alignment of 1200 feet of paved road and other utilities. The redrawing of lot and block lines to create new and practical tract areas.
The land assembly of the various properties and subsequently three major transactions, which included the following:
A new manufacturing facility for the Shield Aerial Chemical Co. of Boston, Massachusetts on an eight-acre tract.
A multi-million dollar processing plant and laboratory for Tenneco Co. (Heyden Newport) on a 73-acre tract.
The creation of a 28-acre industrial park which will attract at least five more plants to the area and which the Schlesinger organization will help develop.
Similar projects accomplished in the same period as the case example involved the assembly of six major tracts consisting of more than two hundred acres with forty individual owners.
Not resting on the laurels of the Schlesinger organization is now assembling a 150-acre tract which is located on three major highways, for a regional retail and commercial center. Using the same techniques more than 120 separate parcels will be consolidated.

Real Estate Newsbriefs

The Boyle Company of Elizabeth and Chatham, has announced the appointment of Dick Rosen of Spring Lake Heights as manager of its Development Department. Rosen, until recently operated the Dick Rosen Agency in Wall Township, which has been merged into The Boyle Company. Rosen will be in charge of all Boyle Agency sales and merchandising. In addition to expanding operations in North Jersey, The Boyle Company will also play a more active role in the selling of new homes in Monmouth and Ocean Counties. The firm is now handling sales for three tracts in that area plus four new home communities in Morris, Union and Somerset Counties. Several new tracts will be opened in early spring.
Similar projects accomplished in the same period as the case example involved the assembly of six major tracts consisting of more than two hundred acres with forty individual owners.
Not resting on the laurels of the Schlesinger organization is now assembling a 150-acre tract which is located on three major highways, for a regional retail and commercial center. Using the same techniques more than 120 separate parcels will be consolidated.

CLASS HELD FOR TUTORS

Action Program To Aid Disadvantaged

The young man, who had been held for a week in the detention center, was brought to the court by his father. "I think we should hold 'Playboy'."

"Fine, let's let the board for now," replied the judge. "What do you think we should do with this class?"

The scene was a classroom in the Rutgers Graduate School of Education. The teacher was Laurence Hopp, director of the Rutgers Educational Action Program, an experiment in working with a group of disadvantaged children from the State University with federal funds. The young man was a Rutgers student taking part in the final evening of a two-session training program for prospective B.A. teachers.

Hopp and the college students were role-playing, or acting out, some of the attitudes the tutors might confront while working with the seventh and eighth grade students who participate in REAP.

"Hopp was demonstrating how a teacher can channel and utilize a student's interests, even seemingly unlikely ones."

"If a teacher is really good, he can use practically any starting point to get to his subject matter. The important thing is to take account of the pupil's need for attention and recognition and to use his emotional needs as a lever to get him to take an interest in his own education," he said.

"The youngsters are learning to deal with," he told

the students, "are an important key to their success. They are not just a blank slate. They have a lot of knowledge and experience. They just don't think very well of themselves."

We think we have a way to get these kids to learn by themselves and to lead them to their own ideas rather than in a dictatorial way."

THERE ARE 220 youngsters from New Brunswick and Franklin Township, selected in cooperation with the school systems in those towns, who take part in REAP.

The project began during the summer of 1964 with 60 children and enrolled an additional 60 last summer. The youngsters attend a seven-week summer program at the Rutgers campus and all are provided with special auxiliary services

at school. The REAP program is for those who want special help with their school work, and work help for parents to bring their children to their children and operate a Saturday program of cultural enrichment.

In recent weeks it has opened REAP centers in Franklin Township and New Brunswick where students in the program can come for tutoring and extra-curricular activities.

In addition, careful records are kept of the school and behavior performances of the

students. The REAP program is for those who want special help with their school work, and work help for parents to bring their children to their children and operate a Saturday program of cultural enrichment.
