

# Township to seek probe of highway planners

# District ready to unveil program for expansion

As the Regional High School District Board of Education-planned to announce its program for expansion and pupil distribution at a special meeting next Thursday, three local residents were reportedly preparing to file as candidates for the one seat-from Springfield to be filled at the regional board-election on Feb. 6. At the same time, plans to seek another-term were announced by one of the three members of the Springfield Board of Education whose terms expire this winter, The other two stated that they had not yet decided whether or not to run again in the local school election Feb. 13,

The seat on the regional board is being vacated by William Melick, former board president, who this fall disclosed that he will retire from office after some 15 years of

The three citizens who tions' to file as candidates, but have not as yet filed, are-Mrs, Henry Huncke, former president of the Springfield League of Women Voters; Robert Halsey, former board president of the Springfield Public Library, and Henry S. Wright, long active on the local political and educational scene, who ran unsuccessfully

last year for the regional board. The board comprises two members each from Springfield, Clark and Berkeley Heights and one each from Mountainside, Kenliworth and Garwood. The other member from Springfield is Mrs. Leonard Waldt, whose term has

two years to run. Board members whose terms expire this year, in addition to Melick, are Alfred G. Battaglia of Berkeley Heights and Robert W. Lockwood of Clark. Neither has announced his plans concerning another term,

FRANCIS SHIMSHOCK, one of the three members of the Springfield Board of Education completing three-year terms this winter, this week reported that he plans to seek reelection, The other two are Mrs. Lawrence Dorsky and Canio\_A. Casale. Both declared that they had not yet reached a final decision on plans for the next three years.

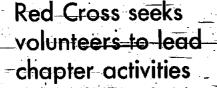

The Springfield board operates five schools for local youngsters, running up to the eighth grades. The regional board is responsible for four high schools for teen-agers from six communities.

The deadline for filing petitions as candidates, for the regional board, and for the registration voters to participate in the regional election, is on Dec. 28. Deadline for filing to run for the Springfield

board, and for voter registration for that election, is on Jan. 4. In addition to the choice of candidates, both

elections will give the voters an opportunit to pass on the budgets for the next school ented by the two boards of education ceive candidates for school board membership can obtain petitions from the secretaries of the two boards. Completion of highway now postponed to 1972

The township-administration p for a legislative investigation of State High way Department planning procedures, in the wake of last week's disclosure that completion of Rt, 73 is at least five years away, Mayor Arthur M. Falkin announced this week. Construction of the superhighway into Newark is now scheduled for 1972, if sufficient

federal funds are available. Commissioner David J. Goldberg of the State Department of Transportation disclosed at the N. J. High-way Users Conference seminar held in Treuton last Friday.

He added that if a bill to permit transfer of Rt. 278 funds to the proposed Central Jersey Expressway is passed in Washington, en 278 will be terminated at Rt, 1 in Linden. That bill has passed-the House, and-Senate approval is expected.

Commenting on Goldberg's announcement concerning the delay in Rt. 78, Mayor Falkin stated:

"We are extremely dismayed by Commis-sioner Goldberg's report that Rt, 78 will not be ready for use prior to 1972, Our concern is based\_on the fact that Springfield is losing the benefit of approximately seven years of tax ratables which would have amounted to somewhere in the vicinity of \$250,000 --- and during all this time the taxpayers were not

### **Regional school plans** affect entire township

One of the year's most sigdificant-events will-take-place ext Thursday evening, Dec. 🙀, at Jonathan Dayton Regional High School, where the Regional High School Board of Education will present its plan for long-range expansion and future pupil distribution.

We-can-earnes y-hope-that-Springfield citizens will be present in the largest possible numbers, since-the plan presented that evening will have the greatest possible importanue for several reasons .--For one. thing, Springfield axpayers\_will join with their colleagues in the Regional District's five other communties to pay for the new exansion over a period of many tears--and figures proposed by regional school boards quite naturally include a large number of digits.

 Second, and even more important, much of the future of Springfield will be determined ' by the kind of secondary education\_offered\_to its young people. Good schools, to coin an expression, attract\_good residents.

The township-Board-of-Education has wrought for its children an outstanding school system, culminating in a midde school which provides challenging, progressive\_education for youngsters in grades six to eight.

From there, they proceed to a high school which is muchmore traditional in many of its philosophies, where the physical plant needs extensive gerinevitably, less attention is naid to the educational needs Springfield as a community than to the needs of the entire six-town district.

as the stepchild of the regional, system, first to be raided for top teachers when a new school opens, last to get new equipment and needed renovation, Some of these complaints are valid; many are not.

One suspicion which does appear to have a measure of validity is the belief that Gov. Livingston is the academic show school of the system. The students there are bright, undoubtedly, with a scattering of Bell Laboratory Ph. D. offspring among the brightest. In addition, family trees tend to be longer in the westernhills, and backgrounds generally more aristocratic.

One undeniable fact is the presence of advanced college preparatory courses at Gov. Livingston, more-often-than at the other-schools, for whatever reason.

Some evidence to support at least the existence of an attitude, whether or not backed by facts, was provided by the uproar from Mountainside last spring-when the board proposed to send teen-agers from that borough to Dayton, rather than to Gov. Livingston.

A large part of the protest. of course, stemmed simply from dislike of change, fromsatisfaction with one school and with a general lack of knowledge-about the other, We still recall, however, the matrons who called for a thorough investigation-of "moral, social and academic standards" at Dayton. They are certainly entitled to express their philosophy, of life

and of education, in any way they please. The regional board and administration, we hasten to add, would certainly be unwise to reflect any of the same attitude-and we trust that as many Springfield citizens as possible will attend next Thursday's meeting to see Too many Springfield citi-\_\_\_ what comes through the looking glass.

By BEA SMITH Louis Spigel, one of Springfield's more active men, has served a busy six months as president of the B'nai B'rith Springfield Lodge 2093, and is eagerly looking forward to another busy six months. As president, the tall energetic, friendly man says, "I am correlator for the entire lodge. And that includes our partici-pation in the Hillel Foundation, the Anti-Defamation League, Leo Levy Hospital in Den-ver; civic work, veterans' affairs--the whole

works. "We have B'nai B'rith groups in 46 different countries, and their individual efforts on be-

worked through the township contained this particular project." One of the lodge's most important pro-grams will take place Feb. 12, Spigel indi-cates, "That will be when we present our annual civic affairs award. The recipient will be Rabbi Reuben R. Levine of Temple Beth Ahm. The annual award goes to the outstanding citizen in town, who has done for the community over and beyond the call of duty.

- "THE\_RECIPIENT is selected," explains -Spigel, "after we've sent out letters to various organizations asking them to suggest an out-standing citizen. We have committees that find our what kind of activities the citizen is involved in, we have a ballot on it and the recipient is chosen.

"The event is held in Temple Beth Ahm. at a regular program. Four to five hundred people attend. We have a keynote speaker. Then we present the recipient with the plaque --- the Civic Affairs-Award for the outstanding citizen of the town-for the year. Spigel says, "we have a vocational guidance program too. The director, Joel Goldberg, speaks to parents and children on guidance placement tests. For further information, parents may come down to our office at 1060 Broad st. in Newark."

In March, he continues, the B'nal B'rith Lodge has an Anti-Defamation League pro-gram. "Robert Kohler, regional <u>director, will</u> speak on the various problems.

"And in April, we hold a sports night. We present a scholastic-achievement and sports award to the outstanding student-athlete at Jonathan Dayton Regional High School. The student is selected by a combination of people, including the principal, guidance coun-sellor and the school staff, and a plaque is awarded." +-+ + -

THE YEAR IS culminated in May with a dinner dance held at the Short Hills Caterers in Short Hills, says Spigel, "It also is the month in which we hold our installations." "We are the only lodge out of the 37 lodges

It has been suggested that the three most important scientific advances of the 20th century were computers, the harnessing of the atom and manned space flights, it is significant that the latter two would have been impossible without computers.

The contribution of computers has been immense. It has freed men from countless onerous clarical tasks -- with fewer-resultant errors -- and it has even been predicted that computers might make government efficient.

Semiconductors. Nearly everywhere you look you'll see an increasing number of electronic devices. And if you examine the insides of those devices, you'll find an increasing number of semiconductors, Thus, as the electronics industry grows -- and it will -- the semiconductor segment seems likely to grow even faster.

Federal control procedures have not kept pace with spending growth, however, points out the New Jersey Taxpayers Association. For example, Congress continues to act on appropriations bills plecemeal, never relating at any one stage the individual actions to the total budget picture.

Neither has it moved on various proposals looking toward an evaluation of the hundreds of Federal spending programs and the estab-lishment of reasonable priorities. Among pro-ponents, Cheirman Wilbur Mills of the House of Representatives Ways and Means Committee has advocated a blue ribbon private commission to review all Federal programs with a view to curtailing or eliminating those which are outmoded or ineffective. Such a study would help set priorities in Federal activities.

# Ivy League basketball schedule begins for top players in recreation program

Last Saturday was opening day for the 1968 youth basketball program in Springfield. The program offers basketball training and competition for Springfield boys from nine to 14. The program is conducted by the Springfield Recreation Department. The Ivy League was organized lest Saturday at Jonathan Dayton Regional High School. The boys will meet each 'Saturday from now until the middle of March-The Ivy League is the final development stage of the youth basketball program. The boys in the Ivy League are mainly 13 and 14 years old. The league is also open to younger boys who have shown particular talent in the other leagues. The league is composed of six teams, who will meet in round-robin competi-

tion throughout the coming season. Cornell, which won the league championship last season, will return to defend its title with Coach Phil Kurnos at the helm. Backcourt wizard Bobby Meisel will lead the Cornell team. Bobby, only in seventh grade, performed in the lvy League last season. Ed Cook, a State League graduate, will operate in the front court for Cornell. Joe Pepe, a -sixth grader with much promise, will be

another front-court operative for Cornell, John Zurkoff, another sixth grader with promise, will hold down a guard position for Cornell. Jerry Jones and Larry Silverstein, both in the seventh grade, will help in the back court for the Big Red. Ross Ackerman is another State League graduate, who will be counted on heav-lly in the line-up. Derek Goforth rounds out the

Columbia is enother team in the lvy League set-up. Coach Jack Weiner will head the squa lack took the title last season with the Cornell team. George Robhins, who was the State League's high scoler last season, will be counted on to be the point producer. Barry Pomp, an Ivy League veteran, will also per-form this season for Columbia, Gavin Widom, a sixth grader with a great basketball future, will operate in the back court for Colu Bill Stefeny will also be counted on in the back court for Columbia. Steve Zwillman will also be in the Columbia, Steve Pull of big boys, Ken Perimutter and Kevin Herridge, will be counted on to get the ball, while Leon Mar-gules and Jame Farber-round out the squad, Yale should prove to be another strong unit

Commended

In league play this season, Coaching Yale this season will be Les Rosenbaum, Les will be making his first appearance in the lvy League after being a successful coach in State League play for many seasons. Jeff Slater, an Ivy League veteran, will head the squad. Warren Schleupner will give the squad another veteran performer. Schleupner is able to play both front and back court. Howie Tenenbaum and Jeff Sarokin will give Yale a pair of speedy back-court performers, Both boys are seventh graders and are coming off top years in the State League: Howie Pleischman will give Yale size up front, while Bob Goodman and Gary Neifeld will provide scoring punch, Mark Berkowitz, a strong forward, and Tommy Falcone a top guard prospect, round out the nine-man sound

Dartmouth moves into league competition with a new-coach. Jim Haines will be at the helm of the Dartmouth green this season. Dartmouth will be led into competition by Kenny Baroff. Kenny is a seventh grader experience and is a proven scorer. Al Wil-bourn will attempt to control the boards for Dartmouth. Al is also a seventh grader. Tommy Lowy, a-top prospect, and Bobby Zucker, a lefty scorer, will operate in the back court for Dartmouth. Howie Levine, a top scorer in State League competition will be in the line-up, as will Todd McQuaid, a scrappy back-courter, Gary Weiner will do heavy worl under the boards for Dartmouth, Bob Fox and Dave Schaffer complete the squad.

Coach Jack Williams will head a strong Harvard quintet this season, Williams, a veteran coach in the lvy League as well as other youth sports in Springfield, will have Bruce Jeffreys leading his squad. Jeffreys played in the lvy League last season and is a proven scoring threat. Gary Tiss, another seventh grader with Ivy experience, will be in the Harvard line-up. Vincent Davis can be expected to do heavy work Ivy experien off the boards for Harvard, Gary Schulman and Art James, both State League graduates, will operate in the Harvard back court. Harvard can be expected to get some scoring punch from Bob Nardone. Sur Liebeskind, Joe Gardiner and Richy Colandrea will give Harvard strength at both ends of the court,

The final lvy League will be Princeton, which will be coached by Joe Demark. Demark is another new comer to the lyv ranks, and he will be in charge of a strong squad. The Princeton team will be led by Jim Schoch. Jim is a top prospect with Ivy experience. Jim was also a stalwart of last season's Minutemen team, and has been named captain of this season's squad. Helping Jim with the scoring will be Mark Weber from the State League ranks, Mark is a seventh grader and a top shooter. Big Arnie Blumenfeld will do most of the board work, with the help of Dan Herman. Steve Harris, another solid performer, will operate for Brinceton, as will Phil Argyris, a scrappy guard, Richard Lan will be tough of the boards for the Orange. Doug Weg and Andy Nitkin complete the squad.

### Church services

to use new liturgy

-Starting with each celebration of the Holy Communion during the Advent season, the parishioners of St. Stephen's Church in Mill-burn will participate in the new service of Holy Communion recently authorized by the General Convention of the Episcopal Church, This new service, which culminates almost 15 years of study, is authorized for trial use pending further modifications and final acceptance. The service of Holy Communion was last revised in 1928.

The revision of the Holy Communion ser-vice offers, a simpler service and is more similar to the communion service in the early. church than is the service presently being used. The new service provides flexibility to meet the particular needs of each congrega-

### Isoniazid, TB-fighting drug, 'rediscovered' after 15 years

A discovery that made front page head-lines fifteen years ago is in the news again today. In 1952 the discovery of the drug,

isoniazid, revolutionized the treatment of ma berculosis by releasing from TB hospitals thousands of patients who might have been kept there for years fighting to regain their health. This was the first-revolution in TB-

control. The New Jersey Tuberculosis and Health Association, which is now conducting the 61st annual Christmas Ssal Campaign, reported that today isoniazid is -causing a second revolution in TB control. The Association said the drug is now used to prevent tuberculosis through treatment of persons who are infected with TB germs but who have not yet

A tuberculin skin test will show if a person has been infected with TB germs. A positive reaction means the person is infected but does not necessarily have active TB. Isoniazid can prevent active TB.

The TB Association said this is so signi-ficant that expert medical opinion refers to it as the second revolution in TB control. This use of isoniazid is called chemoprophylaxis. It means the prevention of TB by the use

of drugs, What it means to thousands and thousands of people already infected with the TB germ is that they can, by swallowing pills, be probacted from developing active tuberculosis and having to spend weeks or months away from their families regaining their health in a

TB hospital. According to the TB Association, extensive -trials on using isoniazid in the prevention of TB have been conducted by the United. States Public Health Service.

chemoprophylaxis-now would likely reduce by 300,000 the total number of TB Cases in the United States' in the next fifteen years, the Association said

Chemoprophylaxis with isonlazid is report-ed to be safe for children as well as adults, experts said, but medical supervision is extremely important in order to see that the pills are taken according to schedule Chemoprophylaxis is recommended for cer-

tain groups by a priority schedule as follows, the TB Association reports. 1). Ex-patients - persons who have had

active tuberculosis and had no drug therapy or had inadequate drug therapy. 2) Persons with x-ray findings that show healed TB lesions and a positive TB test:

3) A person with a positive tuberculin testwho may be in danger of breaking down with active TB in certain situations, depending upon his physical condition. 4) Household contacts of a reported active

CREO 5) Persons of all ages who convert from a

negative TB test to a positive TB test. 6) Positive reactors through the age of school entrance and for teen-agers because of

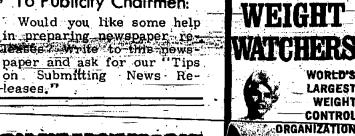

the relatively high risk of attracting TB in-fection in these age groups. The TB Association said chemoprophylaxis can be done through the family physician or through a public health program, but that the patient must be medically supervised.

### Food price drop in October Prices of many products increased in October, but prices of farm products and

oods declined, the Labor Department's Bureau of Labor Statistics (BLS) reported this week.

(CPI) rose 0.3 percent to 117.5, up 2.6 percent over the year, and the Wholeswle Price-Index (WI'l) fell 0.1 percent to 106.1.

The Will decline was due to a continued drop in the prices of farm and food products. Industrial --commodities averaged 0.3-percent higher, with increases being posted for nearly half of all classes

of products. Preliminary deta for November show the WPI un-

changed from October. Farm products and foods dropped an additional 0.6 percent, while industrial commidities gained 0,2 percent,

### Junior Girl Scouts slate busy season

The Junior Girl Scouts in Mountainside are working on badge requirements and service projects resulting in a busy fall schedule and what promises to be a full winter one. Troops 137, 557, and 695 are hiking in the Watchung Reservation, cooking and eating in the open and following trails from Trailside Museum to Surprise Lake, the Tower and Deserted Village to complete their Gypsy Badge

requirements. Troops 195 and 499 are traveling to the Ice rink in Elizabeth each week and participating in the ice skating instructions. Visits to the Plainfield Telephone Co. and the Mountainside Rescue Squad were included in Troop 499 activities, between meetings for completing their "sock dolls" which will be sent to orphans in Vietnam. Upon their return from a week-end at Blue Heron and a visit also to the Mountainside Rescue Squad, Troop 695, assisted by Brownies, Juniors, Cadettes and the new Senior troop made Thanksgiving centerpleces for PTA meeting and for Runnella Hospital, they also decorated baskets for the annual Girl Scout Thanksgiving rememberance

for needy families, Troop 557 made decorative cans for food storage with a fall theme. Troop 195 also made favors for the Cherry Hill Rest Home in Elizabeth. The troops are engaged in their holiday

projects and preparations, and a report will

forthcoming. All girls 4-6 grades-are always welcomed into Junior Scouting at any time of the school year, a spokesman added. Anyone, young or old,-interested in helping the Scouts at this level, may call Mrs. E. W. Alessi, 232-

### « Twenty-ninth In A Series KENYATTA UNLIMITED

Jomo (Burning Spear) Kenyatta who is credited with being the leader of the infamous Mau Mau movement in Kenya, and who spent bout ulne years under imprisonment and restriction by the British for his very activities in that movement, is today the top man in Kenva. He was elected that country's first president in 1963 and thus made the very unusual step

. ,

going from prisoner to president. In January of 1963 when our Study Mission roup was also in Nairobi, Mr. Kenyatta had ot yet become president but he was an Ďt portant official in the government under the British, and we met him. It was a memorable

We had been invited to a reception at the home the the Governor-General of Kenya and one the guests we were introduced to was the "Minister of State for Constitutional Affairs and Economic Planning, Mr. Jomo Kenyatta." and Economic Flamming, Mr. Joho Kenyatta. Lit is rather a jolt to stand at a cocktail party in the ballroom of the mansion of the English governor-general and have the reputed leader of the Mau Mau ask you if you would care for another sherryl After all, the stories told Bout this man are not exactly gentle. The British themselves once condemned him as "the African leader to darkness and death." Some politicians in Kenya have considered him an "evil man who wants to drive out all whites cowns." THE MAU MAU SOCIETY itself is a grim fact. While only about 35 to 40 whites actually

leader of the group. It was a secret society with the taking of oaths and the use of in-timidation, terror and force to gain objectives, one of which was to drive all the English one of which was to drive all the English (whites) from Kenya, The alarming fact, however, is that it might still not be dead. "It is potentially still dangerous with new organization," we were told in Nairobi in 1963, "and could be a threat to any power who comes in after independence." To Kenyatta too though? Who is a Kikuyu and an ex-Mau Mau?

Be that as it may, it is a bit incongruous and even somewhat startling, to be able to chit chat at an elegant sophisticated, English party with a charming, gay and interesting man--and have him turn out\_to\_be\_Jomo Kenyatta,

We had the same feeling in Berlin when we sat in a nice, cheery building with American Army officials and delightedly had coffee and easy conversation, only to find, that the building was the ex-Luftwaffe headquarters, it's like relaxing or top of dear Old Smokey---

only to discover it's Vesuvius. <u>On the other hand</u>, <u>Mr.</u> Burning Spear Who is now called "The Mzee" (Old Man of Respect) and no-longer "Burning Spear," has said that his leadership is not one "to dark-

ness and death" but to "light and prosperity.

And it seems to be a veritable fact, He has, be it noted also, spent almost 16 years in England and was married at one time to an English white woman. He went to Russia for an education, but he sounds Oxford British and he claims not to be a communist. Nor has he shown such tendencies. It is said also that Mr. K. of Kenya at

74 plus has been mellowed by age, by im-prisonment and by four marriages; that he is keenly interested in Buddhist philosophy which teaches that the secret of life is brother love and unselfishness, and in the teachings of Gandhi which holds to the principle of nonviolence. His governmental policy, like that of Tunisia's Bourguiba, seems to be, "go of Tunisia's Bourguiba, seems to be, "go slow and get things done gently but definitely."

All of which are a far cry from Mau Mau, If this be true, and it is the general opinion that it is true, the first African president of Kenya may yet reach Nirvana by living happily ever after. But if it is only a veneer, or mainly if the second president of Kenva is to be less mellow and less wise, one might well shiver as one chit-chats,

At any rate, wise and mellow and capable as Mr. Kenyatta may be, he doesn't look placid, He doesn't look benevolent. And he-doesn't look 74. He looks alert and debonair and like a capped bomb. I would say he doesn't miss a trick, particularly Miss-Trick, and

his eyes seem to be powered by 300-watt bulbs. That must be the real reason for the name "Burning Spear," for his gaze is a burning shaft of appraisal.

The day we methim, he wore a grey business sult, a beaded "beanie" which sat on the back of his head, and a fancy fly-whisk which hung unused from his right wrist. It looked as though it were a horses' tail -- but should have been a lions' I suppose -- and it had what seemed to be a finely hand-crafted, jeweled handle. These two items are his signature and he, reportedly, is never seen without them. He also wears and mustache and a spade-like

### **Basketball clinic** for township lads

Ray Yanchus, head basketball coach at Jonathan Dayton-Regional High School, and mem-bers of his staff will present a clinic for boys in the Recreation Department leagues and all interested adults next Wednesday from 7 to 9 p.m. at the Dayton gym. The Recreation Department urged all boys to take part, and to wear their team shirts. A special invita-tion was extended to their fathers.

The winter program of league activities is now getting under way. Small Fry Leagues for boys aged nine and 10, in the fourth and fifth grades, play each Saturday afternoon at James Caldwell and Thelms Sandmeier the schools. The State League, for sixth and seventh graders, meets at the Florence Gaudineer School, and the Ivy League, for seventh and graders, plays at the high school. All eighth boys who register will take part, the announcement added. The league officials appealed for fathers\_and other men to serve as coaches and scorers.

### Falcons keep-grip to remain unbeaten in Friday bowling

The Falcons continued their domination over the rest of the league in the Friday Afternoon Boys' Bowling League, as they swept to their eighth consecutive victory without a defeat. The boys returned to competition last week at the Springfield Bowl after a week away 'over Thanksgiving. Bob Lee and Captain Mike Levine enabled

the Falcons to sweep two games from the Tigors. The Falcons moved three games up on their closest rivals. Bob rolled a 259 series to pace the Falcons to their twin victories. Mike Levine-rolling for the first time-this season after an injury, was in mid-season form. Mike posted a two-game total of 236, Barry Fink was the top scorer in the Tiger attack. Barry colled a 241 series. The Royals moved into a second-place tie with the Chargers, as they topped the War-riors twice last week. Arnie Blumenfeld had a terrific day as he paced the Royal attack. Arnie turned in the season's sebond best series performance, as he posted a 321 total. Arnie's games of 187 and 134 boosted his beam to victory. Perry Koplik with a 243 total also rolled well for the Royals.-Roy-Greenberg was the top bowler for the Warriors, Roy rolled a 254 series.

In another match last week, the Chiefs split with the Chargers, Gary Neifeld of the Chiefs was the top individual performer of the afternoon, as he rolled a 327 series, which is the high mark of the young season. Gary put to-gether games of 142 and 185. The Chargers but together a balanced attack against the Chiefs to gain a single without of y jamie Farber, with a 244 total, topped the Changers' scoring, column. Others' rolling well for the Chargers were: Steve Blumenkrantz, 240 series; Mark Berkowitz, 228 series, and Steve Rosenberg, 222 series.

Gary Neifeld's top effort last week enabled him to raise his league-leading average to the 150 level. Tommy Lowy is in second place with a 140 average. Roy Greenberg at 131 is third, while Steve Glover's 130 average is good for fourth place. Arnie Flumenfeld moved into the fifth spot, His season average is 122, The remaining boys among the top 10 include: Robert Lee, 120; Perry Koplik, 119; Steve arris, 116; Mark Berkowitz, 115; and Steve Elumenkrantz, 110.

WRESTLING SCHEDULE

### **Bowling team wins** 1st conference test, shuts out Cranford

The Jonathan Dayton Regional High School \_\_\_\_\_\_DATE Varsity, powhine learn opened its 1967-68 Beason by defeating Craitord, 3-0, in Watchung League play. Coach Peter A. Scocce's keglers won the first game with relative ease, but had to rally in the 10th frame of the second game to win by 22 pins as Mickey Weatherston threw three consecutive strikes to wrap up the victory. Art Buzin and Weatherston shot games of 170 and 164 in the first game, while Lou Stein's 171 game in the second round-was-tops. The third game was all Dayton as they won by a score of 874 to 742.

Tom Poznanski, anchor man in the third game, racked up-a-214, high game for the day, followed by 186 and 185 for Weather-ston\_and Ray Haines, Weatherston, Haines and Poznanski finished with 179, 177 and 160 averages\_for the day.

JV team dropped a close match when the deciding game was lost by a mere six

### Coach sees reasons for good season Campbell, Kurtz to lead

team as 2 key veterans

By MYRON MEISEL

The Jonathan Dayton Regional High School basketball team will open its 1967-68 season tomorrow night when the Bulldog cagers will play Arthur L. Johnson Regional High School of Clark at Clark. The game, which will start at 8, will be preceded by a junior varsity contest. Dayton will also travel next. Tuesday to Rahway High School,

"We are counting on performing as well as-last year," commented head coach Ray "We do have the personnel to make Yanchus. this a good season. The team has been working hard and is doing consistently better in set scrimmages, despite a slow start. We've had a few minor injuries, but the whole team should be ready for play tomorrow.

Two of last year's starting five, Richle Campbell and Gary Kurtz, are back. "Camp-bell has done a good job this season, especially-on defense, and in addition has developed into a strong scorer this year. Kurtz, who will play guard and forward this season, has been doing well in all departments: rebounding, passing, and shooting. "Tony Gromek-is our hig man at 6-5,

and we are hoping he can do the job inside. Ralph Losanno came to the team late from football, but he showed up well in the scrim-mages, helping considerably under the boards. Cliff-York has also missed some practice

because of liness, but he is shooting well and should be fine for the opener. Denny Lester is bustling and is a good defensive man, also strong under the boards. A big factor could be David Margulies, who is showing a lot in the scrimmages and, particularly, blocking a lot of opposition shots.

"Alan Todres is playing well defensively, and we liope to get some offensive punch from him as well. Don Cubberley is a much improved shooter and a strong hustler, and Jon Schoch is also starting to score, tallying eight points in last Menday's scrimmage, Lee Rothfeld is another really good defensive man In addition, Alan Garawitz, Burt Kravitz, Mike Davis, Mike Pomp and David Cohen will round out the varsity squad." Campbell, Kurtz, Gromek, York, Todres, Cubberley-and-Schochare seniors; the other players are juniors.

AS FOR THE OPENING CONTEST, Yanchus stated, "We don't know much about Clark, except that it has lost four of its five starters from last season. Its lead man should be Guy Gorski, a football player, who played well

Ist year. "The Watching Conference should be as tough as always," continued Manchus, "Scotch Plains and Rahway, Did two leaders last season, each lost four men, but both, especially Rahway, had "strong JV squads to take their place." Hillside's team is largely intact, and this could be a very good year for the Comets, "Cranford, which had its worst season in lost year will be stronger and both years last year, will be stronger, and both Berkeley Heights and Westfield could be tough, Berkeley Heights and Westfield could be tough. Berkeley from its good JV and Westfield from its fine coaching. The race this year should be-interesting and close all around, with no power running away with the title. We hope to be in the thick of it.

"If we work up to potential, we could be as good as last year, when we went 13-6-and placed third in the Watchung Conference, and placed third in the Watchung Conference, I've been encouraged by what the team has shown so far, but we'll have to see how the

LEADS WOLFPACK -- Bill Kretzer of Springfield is co-captain of the North Carolina State University basketball team, which launched its season Saturday night at Wake Forest. Kretzer led the team in scoring last year with an average of 11.7, and in rebounding.

### Rifle, two pistols listed

A burglar who broke into the home of Salvatore Querques of 104 Hillside ave, early on Monday made off with a wide variety of loot, including three weapons, according to the Springfield police report. The intruder pushed in a screen on the back porch and then pushed in a screen on the back porch and their cut another screen leading to a rear bedroom, the report added. A partial list of items taken included a ring valued at \$620, two jackets valued at \$155, one rifle, two pistols, a-large supply of ammunition, cuff links, two watches and a charm bracelet.

Letterman fencer

EASTON, Pa. -- Sam Gershwin of Springfield, N.J., is one of seven lettermen on the Lafayette College fencing team. Gershwin is a star of the epec team.

Miss Owens stars in bowling for girls

The Tuesday Afterneon Girls' Bowling League, which is sponsored by the Springfield Recreation Department had its second opening week of the season last Tuesday at the Spring. field Bowl on Center street, The league had been reorganized during the previous week to better distribute the bowling talent of the league.

Barbara Owens was\_outstanding last week, as she led the Strikers to a pair of opening-week victories over a fine Stars team. Barbara 3:30rolled a 320 series, as she put-together games of 156 and 164. Earlier-in-the year Barbara had rolled a 206 game in league action. Miss Owens has been bowling in the Girls Recre-3:30\_ 3:30 ation League for three seasons. She has improved to the point where she now ranks with any bowler in the three leagues. Her per-formances this season have outdistanced the bowlers in the bey's league.

> Liz Simpson, Ann Marie Calmusa and Sue Murphy were also very effective in the Striker sweep over the Stars, Liz rolled a 183 series; Sue toppled 178 pins in the two games, and Ann Marie posted a 175 series total. Carol Roessner was the top Towler for the Stars with a 192 series. Peggy Graessle was also outstand-ing for the Stars team. Peggy rolled a 472 series,

> In another match last week, the Dancers and the Charms split their two games. Darlene Panckeri paced the Dancers and was the top bowler in the match. Darlene had a twogame total of 191, Nina Kahn also rolled well for the Dancers, The Charms were led to their single victory by Robin Caulfield. Robin rolled a 147 series. Debbie Grossman also rolled a good series for the Charms to help gain the victory.

# Rep. Dwyer gets humanities award, warns of new Arab threat to Israel

Rep. Florence P. Dwyer (R-12th Dist.) Sunday night waroed that "the threat to Israel's security not only remains but is intensified" as a result of Arab preparations "for another round of aggression.

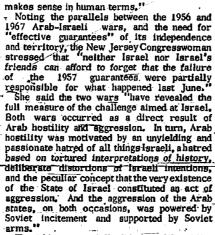

Urging free-world opposition to the jag-gressive plans, she pointed out that Arab states are receiving. Soviet weapons "in greater number and higher quality than before" and and she charged that Egypt's Nasser and other Arab leaders-"have returned to the offensive less than six short months from all but total military defeat.

Congresswoman Dwyer spoke at the Plain-field Area. Israel Bonds Committee's award presentation dinner where she received the Eleanor Roosevelt Humanities Award as "a distinguished legislator" and "stalwart friend of Israel."

Major contributions to peace in the Near East, Mrs. Dwyer said, could be made in at least two ways: first, by halting further. arms shipments to the Arabs to prevent "one-sided superiority," and second by destroying-the-myth-that-because the Western Powers-need-Arab-otl-and strategic-bases the Arab states can effectively neutralize the West in its struggle against Israel.

"As the June war demonstrated," she added, "the Arabs need the West more than the West needs the Arabs, and if this fact could be made clear in the Arab-capitals, it would be

a major contribution to peace." CONGRESSWOMAN DWYER SUCCESTED

Two things especially impressed her as a result of the June war, Congresswoman Dwyer said: --=

"First, the immediate and total commitment of the entire Jewish people to the defense of- Israel," especially the response of American Jews which constituted probably the greatest single act of mass philanthrophy in American history."

AND SECOND, THE reasoned and restrained" way in which Israel has responded to military victory, especially in the face of the Arabs'-"deliberate campaign of hatred,

threat and provocation." Accepting the Eleanor Roosevelt Humani-ties Award, Mrs. Dwyer termed it "especially meaningful" to her because "it is a part of one of the most hoble and selfless causes I know -- the effort to strengthen a tiny country and its people who have taught the world great lessons in courage and humanity -- and because it symbolizes the spirit of great and gallant woman -- the first woman of the world during her lifetime --- who exemplified the very same qualities of humanity -qualities-which\_seem\_so\_ofter to be in such short supply.

According to the award committee, the Eleanor Roosevelt Humanities Award was established "to perpetuate the spirit and ideals of a noble woman who graced the American scene as a humanitarian fighter for freedom, defender of underdevelope tions, staunch friend and supporter of the State of Israel,"

Governor Richard J. Hughes and Senator Clifford P. Case were honorary dinner chairmen of the "Congresswoman Florence P. Dwyer Tribute Committee." Harry E. Bronston was general chairman and Philip J. Levin was dinner chairman.

AGRICULTURAL MUSEUM PIECE---W. C. Krueger, retired extension specialist in agricul-tural engineering and now volunteer curator of the Museum of Old Farm Machinery at the Rutgers College of Agriculture and Environmental Science, inspects a corn planter from the Thorn family farm in Crosswicks.-Visits to the museum are by appointment only.

## Farm machinery museum

Old-time farm machinery and household gad-gets have always held a fascination for Wabun C. Krueger of Dayton, extension specialist in

when "Krueg" visited a farm, he would often spot an old interesting piece which may have been stored in a far corner of the barn, and chances are he'd get around to talking about the item

"If you don't want it any more, how about giving it to the College's Museum of OldFarm-Machinery?"

This museum of the Rutgers College of Agriculture and Environmental Science began in 1929 with a gift from the farm of the late Hiram E. Deats, noted Hunterdon County antiquary and historian.

Now the collection has about 1,650 pieces --plows, cradles, hay forks, fodder cutters, rakes, flax breakers, spinning wheels, old hand tools, early-clothes washing machines, butter churns and the like, A 1910 Maxwell rosdster provides an off-beat touch. Many items were acquired through Krueger's

intefest and inquiry. Others were donated by families who wanted to get rid of certain be-longings but held some in too high regard to throw them away.

SINCE "KRUEG" TOOK over as volunteer curator, he's been busy cataloguing the items

by descriptions and donors. There are now 266 donors, most of them New Jersey people, Some have given as many as 40 items. Krueger himself is one of the donors, having added several items from his family farm in

Wisconsin. "There's really nothing much here of intrinsic value, even to an ardent-antique fancier," he says, "But the collection does tell great deal about what life was like in New Jersey in our ancestors' days." —Living wasn't easy then, That becomes ob-vious as you walk down the sisles of the two

long-narrow buildings where the crude, workworn but often ingenious items crowd the floorand the walls, But all was not drudgery, either. Life in those days apparently gave rise to industry, inven-

tiveness and even humor, For example, one donation of a corn planter from the Thorn family farm, Crosswicks, came with arhyme: "One for the bull worm, one for the crow; one for the blackbird, one to grow," Som e of the items made their inventors in-

mous, John Deats of Hunterdon County, for

example, patented a plow in 1828 and mani-factured it for a number of years, Other early inventors whose "works" are represented in the collection are Charles Newbold and David Peacock, both of Burlington County. Newbold patented his cast iron plow in
