

Regional board moves toward referendum on March 15

School board candidates to speak at annual forum

The annual school board candidates' night program will be held on Monday, Jan, 29, at 8:15 p.m. at the Florence Gaudineer School. lt was announced this week by Mrs. Harry Einstein, president of the Springfield League

of Women Voters. Speakers will include the four candidates seeking the one Springfield seat to be filled

Board OKs

new budget; vote Feb. 13

By ROBERT LIBKIND

After a 15-minute discussion Tuesday evening of the 1968-69 budget, before seven members of the public, the Springfield Board of Education approved the measure unanimous. ly. The budget goes to the polls on Feb. 13 for voter approval

Citizens will vote on current expenditures capital outlay totaling \$1,730,376. The bailor will also include voting to elect school board members. Three incumbents, Mrs. Sonya Dorsky, Canto Casale and Francis Shimshock and James Adams are running for the three available posts.

Attendance at Tuesday's meeting varied between seven and 11 persons. Board member Casale, who introduced the budget at the hearing, said the rise of more than \$120,000 from last year's budget was To increased salaries and benefits, insurance and transportation. Part of the transportation expenses howaver, are being subsidized by state funds.

Gassle Said the board "attempted in every way to keep it down After a member of the audience asked about

a rise of \$1,400 in the summer school program expenses, Mrs. Dorsky explained that the land crease was due to the possibility of expanding musical instruction during the summer. A jump from \$17,400 in employee retirement contributions to \$26,200 "is a mandated expenditure by....the state, Mrs. Audrey Ruban, board

secretary, said, BOARD PRESIDENT Robert Southward announced the appointment of Mrs. Ruth Weisman and August Caprio, two board members, to two ttees, Both will serve on the annual school dinner committee as well as a committee to investigate the possibility of changing the date of the Springfield Board of Education

(Continued on page 3)

Feb. 6 on the Regional High School District Board of Education, as well as the four can didates for three seats on the Springfield Board of Education, to be filled Feb, The program Jan. 29 will be sponsored by the Springfield League and the PTAs of the James Caldwell, Raymond Chisholm, Edward Walton, Thelms Sandmeler and Florence Gaudineer schools and of Jonathan Dayton Re-gional High School;

Candidates for the regional board are Robert Halsey, Mrs. Helen Huneke, Dr. Benjamin H. peting for the seat being vacated by William. Melick, Josephson and Henry S. Wright, They are com-

Running for the Springfield board are james Adams, a newcomer, and three incumbents. They are Canio A. Casale, Mrs. Sonya Dorsky and Francis H. Shimshock, Mrs. George Walker, state vice-president of the League of Women Voters, will serve as

moderator.

THE SPRINGFIELD LEAGUE this week also issued a list of questions and answers pertaining to the regional school board election, They are:_

"1.-Whom-do-Springfield voters elect on Feb. 67

Answer: The Springlield_member_of the Regional High School District Board-of-education. 2. How many communities are included

in Springfield's regional high school district? "Answer: Six; Berkeley Heights, Clark, Kenilworth, Springfield, Mountainside and Gar-

wood. "3, How many high schools are in the re gional district? 'Answer: Four; Jonathan Dayton in Springfield, Gov. Livingston in Berkeley Heights,

Arthur L. Johnson in Clark and David Brearley in Kenilworth. 4. How many me

Vote at budget hearing next step in procedure

By ABNER GOLD The Regional High School Board of Educa-

tion Tuesday night took preliminary steps to set a March 15 date for the referendum on its \$4,000,000 capital expansion plan announced at a public meeting last mo Meeting at Jonathan Dayton Regional High chool, the board announced that it would take a final vote on the referendum date at its hearing on the annual school budget this coming-Tuesday at 8 p.m., at Dayton Regional. The board also authorized its architectural Elsasser and Miller, and its audito Frederick J. Stefany, to begin work needed

or the referendum. The board operates four high schools; Daytor in Springfield, Goy. Livingston Regional in Berkeley Heights, A.L., Johnson Regional in Clark and David Brearley Regional in Kenilworth. They serve students from these four ities, as well as Mountainside and ommu Garwood.

Board members voted to offer an aeronautics program this summer at one of the high schools. Warren Davis, superintendent of schools, noted that the course will be the first of its type in the state, although similar instruction

in the country. The course will take students up to; but not including, actual flight training. It will be designed to prepare local young people to pais the ground test, with instruction in pavigation, meteorology, engine operation-radio and similar subjects. If there is subficient demand, Dr. Davis commented, the focurse could be offered in the winter as well. He also said that participants this summer, would probably be limited to seniors and uniors.

Robert Lockwood of Clark, board me in charge of negotiations with the faculty, presented three policy charges worked out with a committee poincy charges where Regional-Teachers Association. The proposals were, approved on first reading. They require final approval at the February board meet-

Editorial Comment

Plywood never enough for a good school board

With school board election time now upon us, the snowdrifts are full of advice on how to pick and then to be a good member of a board of education. As it happens, we have a few observations we might add to the literature on the subject. The most important requisite is probably a thick skin, all over. A great deal of a board member's work is done at committee meetings, and the member who can outsit all the-rest, while-still-maintaining his zest for human -perfectibility, is the one who will be the most valuable. The remainder of the thick skin, of course, is for protection against the slings and arrows of outrageous neighbors who_tend to_hold the board member personally. responsible for everything that goes wrong.

If a teacher berates little Johnny-for-neglecting his work for six weeks, for example, blame it on the board. If Susy doe'sn't like her lunch, blame that on the board, too. And if Herman suddenly_discovers, the hard way, that glibness is no substitute' for knowing his - a monopoly on the truth.

subject, by all means, call the board member to account. Another important quality in

a board member is that he be determined to take no nonsense from the superintendent of schools. After all, 20 or 30 years devoted to the study of education certainly don't qualify a man to know more about the technical aspects of his job-than all the election votes attesting to diligent membership in a variety of local clubs.

On the other hand, the expert's expertise has been known to stop at the point at which he stopped studying. Just because he never had to learn the answer to yesterday's problems does not always, signify that the boardmember is not aware of the questions to be-solved today. Looking-at-the picture a little more seriously, every school board should have a balance-between members with their eyes set on the ultimate goals of superlative education and those who are equally determined that the schools don't stumble unduly , on the way,

The one quality both groups must have in common is an awareness that no one can have

Letters To Editor

Letters to the editor must be submitted no later than Monday of the week they are to appear. They should not exceed 250 words in length and should be typed with double spacing (not all in capital letters, please). All letters must be signed. Writer's name will not be withheld if the letter is of political nature. This newspaper reserves the right to edit or reject any letter.

THANKS FOR KINDNESS

I-would like to take this means to express the-appreciation of-my entire family and myself for all the kindness shown to us recently. To the Springfield First Aid Squad, who answored my call so quickly and efficiently; to the Springfield police; to Overlook Hospi-tal for all the help that was humanly possible to render; and to all our wonderful and thoughtful friends and neighbors, who helped me and my children through a very difficult time; a simple, but most sincere "thank you" from Barbara, Lonny, Laurie and myself.

MRS. PAULINE STRUM 17 Avon rd.

FROM BOARD CANDIDATE The regional board and the administration of Dayton High School can best work in harmony with teachers in helping the young people of Spring— field develop to the utmost limits of their po-tential by enkindling an improved esprit de corps through more detailed communications among members of the three groups Less

paperwork and more down-to-earth talk to as out problems would go a long way to improve the education atmosphere for your children and mine. Please let it never be said that I bear any

particular malice loward my fellow candidates, I wish only to bring out facts, such as; public statements by candidates that they hadn't enough time, for one reason or another, to serve ately on other boards or committees and consequently stepped down, disappointing many people and their youngsters. I welcome the last-minute candidacy of Ben Josephson because a finer candidate could not serve my children. However, I hope your chil-dren and mine won't be disappointed if he decides to quit in mid-term, I am running out of a sincere public spirit, I have never run for money in a general election. Our children are closest to my heart, and despite what others say or how much time they have for committee. meetings, it takes a parent to understand

children To be on the ballot in honest competition with woman and mother of two children in high. school is a stimulating challenge, if the voters of Springfield had two candidates to elect on

Feb, 6, I could think of no better candidate to vote for than Mrs. Helen Huneke. Finally, let all candidates play "20 Questions" at candidates' night on Monday, Jan. 29 and sub-

Wall Street Notebook

By ARTHUR POLLACK

PEACE IN VIETNAM? Peace in Vietnam would be the greatest imaginable blessing — and, in addition, sub-stantial economic benefits would accrue.

For the past week, "rumors have been circulating regarding the extension of "peace feelers" by the North-Vietnamese: Reportedly,the Hanol government said if was willing to talk peace as soon as the U.S. stops bombing. North Vietnam. If true-that statement goes beyond any previous concessions coming from

Hanot. Obviously, it is not possible to determine the extent to which such rumors may reflect sincerity on the part of the North Vietnamese government. Nevertheless, even the prospectis most encouraging...and offers new hope for a possible early conclusion to the Vietnam war. Peace in Vietnam also would be the most

that could happen to the stock market. This should be obvious ... but apparently it isn't. On occasion over recent years investors have

A-MUSING from the desk

PLEASE USE THE STORY Newspaper editors are also people (we are told on good authority.) If we sometimes appear cantankerous, there is a good reason-at least

10 of them, Here's a list of those stock phrases the average editor encounters every day which give him ulcers: 1. 'Please use the story as I've given it to We want it for our group's scraphook."

(They'll do it every time.) 'How come it wasn't in the paper? (In 95 percent of the cases "it" was in the paper --- the reader just missed it.) 3., Are you-busy? (No, we just put in a 60-

hour week because we like our work so much.) 4. 'YOU'RE INVITED ... and bring your -camera,' (the greenest cub reporter knows etter than to fall-for this trap. Besides, a free rubber chicken won't get you any more publicity.)

5. I know it's Saturday but would you ... (Ob no we won't. Whatever happened to the fivework week?)

been frightened by "peace scares" ... concern that an end to the fight in Vietnam would produce a business decline -- and consequently sell-off-in the stock market.

In my opinion, this is short-sighted. One of the reasons for, investor apprehenion-doubtless has to do with a misconception of the significance of defense expenditures -as related to the nation's Gross National Product. For example, in the years 1943-44 (during WW II), national defense accounted for over 41 percent of total GNP, However, in 1952-53 (during the Korean conflict), this per-centage had declined to 13 percent. Last year, it was under 10 percent, and on the basis of our estimates for 1968, total defense spending will account for less than nine percent of.

. . . .

OF-COURSE. THERE will be economic dislocations when business is able to make a transition from emphasis on war production to) reamphasis on peacetime operations. But this transition should be accomplished quickly ... and with only a temporary market correction. In fact; investors should seriously con-sider using any such period of market weakness (i.e., following the end of hostilities in Vietnam) as an opportunity to buy quality securities of carefully selected-companies. Here's one reason for my disagreement with the generally prevailing theory that peace in Vietnam would bring about an economic downturn: The United States is not--suddenly-going to discontinue its defense program.

in an era which, almost certainly, willcontinue to be marked by international inclents requiring U.S. involvement, Therefore, while there may be some shift in emphasis on defense spending -- and some reduction in total appropriations -- this country is committed to the maintenance of a substantial defense machine...one which must remain alert and which might be called into action at almost any time --- and at any place in the world. There's a second reason for my disagreement with the "peace scare" theory of abusiness downturn. The escalation of the Vietnam conflict to its present level has created an enormous. Increase in defense demand, This has been superimposed bon demand from both the private and public sectors of the economy, which -- already -- had stretched the nation's production facilities to the point where there

was virtually no remaining reserve of economic resources. Result: a substantial increase In inflationary pressures, Thus, the principal economic problem. to be faced now is the question of how to-restrain a still further buildup in inflation. But an end of the war in Vietnam would change all-that, The-threat of demand/pull inflation would subside. Hence, the debate between advocates of fiscal restraint versus monetary restraint would no longer be relevant. IN FACT. WE would probably see a swing in Administration policy -- from economic restraint to restimulation of the economy. For example, the question of a tax increase would disappear. It's entirely conceivable, however, that Administration economists might recommend an income tax cut. This would nend-to stimulate-consumar spending ... which at least would partially offset any decline in defense spending. In addition, the end of the war in-Vietnam would permit a resumption of spending in many areas of the President's domestic program Because of the buildup in defens mand-resulting from the Vietnamese escalation, much of the President's Great Society program had to be shelved, That would all Funds needed for the war in Vietnam could be rechanneled to the war in Vietnam could be rechanneled to the war on poverty. Educa-tion, highways, housing ---- all would come in for higher government appropriations as a result of the end of the war in Vietnam. I plan to write while the legislature is in session on the important matters facing the state, with particular emphasis on Union And it is questionable as to whether total government spending would be reduced sign-County last November. Both to them and to those of ilicantly. Shifts in spending...rechameling of appropriations...would follow peace in South-east Asia. But a substantial reduction in total another view_I would express my intention of being a senator of all the people --- Republicans, Democrats and Independents alike. The campaign and the election are over, and it is government spending seems doubtful. Peace in Vietnam would be the greatest now time to get on with the business of runof. all imaginable blessings -- and it is ning New Jersey. impossible for me to see any negative factors resulting from the end of hostilities. Peace will afford each of us the opportunity for an new legislature that was sworn into office economic reemphasis on peacetime pursuits.... and the satisfaction of increased demand for last week is the matter of Tinances. With a budget almost certain to top a billion dollars. all the things and services to which we aspire largely because of statutory increases in existin our affluent society, ing programs and because of inflationary pres-From a portfolio management standpoint, sures, our state-finds itself in the same the possibility of peace in Vietnam raises bind confronting governments at all levels. It seems clear to me that last November's obvious questions. Questions of portfolio policy...of overall portfolio balance...questions elections were an obvious vote against concerning portfolio evaluation of aggressive constantly increasing spending and rising taxes. It is also quite obvious that we as versus defensive issues. And, of course, the big question; Which stocks to buy ... and which legislators have a responsibility to meet the stocks to sell. real needs of our people. PROFILE -- Marie R. Giannone

BY BEA SMITH "There are many things going in their favor-by the time high school students become junsays Marie R. Giannone, guidance, iors," counselor at Jonathan Dayton Regional High School, Springfield.

"There is an awakening here," she says, "You can sense it coming --- especially when the student does a lot more research on his own. The juniors begin to show a great interest in college. Today, they place impor-tance, not on going to college bur on getting into a college.

In Jonathan Dayton, Miss Giannone points nut, there are 10 homercoms of juniors. "We there are 10 homercoms of luniors. have approximately 283 juniors, And our trend has been pretty near 80 percent going on to higher education. In 1967, 175 students went on to colleges 95 boys and 80 girls. "The percentage of those getting into colleges is very good. We've been quite success-ful with our students getting into colleges." has been her personal experience, Miss Giannone explains, to see that the students ping-aware of the fact that there is no road map to the future; that they have to be prepared, not only for detours but for alternates; and that they are beginning to ask around, which is important.

"I'VE ALSO OBSERVED," she says, "that, the spidents in their third year are pretty -good at taking direction,"

This, Miss Giannone indicates, "starts back into their freshman year. At that time, we meet with them, tell them that a firm determination is necessary to build a background, and we is necessary to build a background, and re-try to develop independent study. We also make known the fact that if they don't start. early, it-gets harder and harder to catch-up. They should always attempt to change for the better. And we tell them that it' never too late to change -- although the degree of change may be different.

"We stress to the ninth graders that they have to budget their time between academic study and other activities.

again.'

Miss Giannone who was born in Newark, was graduated from West Side High School in that city, and from Seton Hall-University, where she received a B.S. degree in business administration and an M.A. degree in guidance. She did graduate work at New York University. the University of Denver and Montclair State University. "I worked in industry for a while," she says,

"then as a training officer for the civilian personnel of the United States Air Force in personnel Newark." She taught business for four years Newark schools (two in Webster Junior High School, and two in East Side High School), served as a business teacher for three years in irvington's Adult School, three years at Jonathan Dayton Regional High School and three_summer sessions there.

SHE SERVED AS class advisor and club advisor to cheerleaders and twirlers at jonathan Dayton. She has spent the last eight years as a counselor at the high school--four years as a ninth grade counselor and four years on all grade levels_

"In addition to full-time counseling," Miss Giannone says, "I served as the supervisor in charge of administration of the Educational Testing Service, college boards and the Amer-ican College Testing Program."

"There are three junior class counselors at the high school, she says, "Helen Crawd. Melvin Lefever and myself."

The general role of all counselors, Miss iannone explains, "is to provide good guidance so that it's a gradual process of heading a dent toward the kind of institution and work where he can have a satisfactory experience. Counselors must provide a realistic program, consisting of sharing in the responsibility for the student's education, using existing opportunities, such as incorporating compre-hensive-testing programs, bringing together parents and staff members as well as students. 'We must strive for the student's

screening', emphasize 'self-analysis' of the variables: test scores, rank-in-class, gradec.

"In the junior year, we meet first with the students as a group to give them general getting-acquainted period. The handbook provides information in chronological order on college planning and what procedures to follow.

"The college planning handbook is for. college - bound students and their parents. There also is a career opportunities hand-book for non-college-bound students and their parents

"Our conferences," she says, "with parents, students, teachers, individually or as a group, contain discussions in detail of specific student abilities, aptitudes and objectives.

"THESE ARE FOLLOWED UP with questions, telephone-calls to qualify the student's position in his or her requests " Miss Glannone says. "This is done every year. It makes the student mindful of what is going on. The students are given the basic requirements, and particularly if they're juniors, we are able to see if they're lacking in anything before they go into their senior year.

Miss Giannone says that juniors are "not definite" about what they specifically want to do, "They have a wide range of goals. They gear themselves to these goals--unknowingly. "They have worked on their goals-and you begin to see the pattern that they're setting.

"There are three types of students," Miss Giannone says. "The student who wants too much (He over-reaches, over-esimates his own abilities and aims for the wrong goals. le should try to think more realistically);

"The student who wants too little (he settles for too little, is satisified with the minimum, is unaware of his own capabilities. He should be guided by results of tests interests hobbies, discussions, readings and academic performance); "The student who doesn't seem to care (he

rejects the idea of education, of betterment, advantages and self-discipline as as 'waste of time.' Goals may change from year to year but it is important that he is always working toward something)."

The counselor explains that the students are invited for college conferences. "A calendar to help themselves. is issued once a week. We start them each

"WE TAKE THEM on visits to colleges, industries and talks with admission people And their parents are invited to seminars. general presentations by guidance These are people, followed by small-group discussions."

-Miss-Giannone-says-that "usually the girl breaks out very early, and is bubbling over with definite vocational plans, whereas the boy

were hastily passed by a legislature that many

comes up slowly, but strongly .-.

ng the under-achieving students, we feel that there are signs of lack of motivation ---- no goals and a number of inconsistencies.

Miss Giannone, who lives in Cedar Grove, and who likes "to travel a lot," explains that she likes to read a great deal, too. But most of her reading matter concerns her guidance work ("I read when I can --- beyond our own school time"); She also attends "a lot of guidance programs on my own time. For the past two summers, I worked in a guidance office here with a-counselor, "So, you see," she grins-"I-take my work

and my students quite seriously,"-... 1

fiscal

regarded as a rubber-stamp for the governor's office.

THE LEGISLATURE IS by nature a deliberative body. But it should not spend so much time deliberating that nothing gets done. We have been elected by the people of New Jersey, who have every right to expect us to propose and implement programs that are of real value to them within the framework of a state's responsibility to its citizens.

The Republican party, with an overwhelming majority in both houses of the legislature, has a unique opportunity and a clear re-sponsibility to function constructively and wisely. Governor Hughes, in his address last week, stressed his desire to work with us Republicans, Although we are of different political faiths, we Republicans should take the Governor at his word and make a sincere effort to work with him for the greater good of New Jersey. To be obstructionists for the sake of partisanship would be irresponsible. to all We should give serious consideration the Governor's proposals, retaining those that are worthwhile and rejecting only those we regard as unnecessary or not in the best nterests of the state, During the conting weeks I will discuss my

approaches to the various problems that are of pressing urgency. I will also cover the bills I plan to introduce. I would appreciate hearing from any of my constituents regarding their thinking on the issues of the day. No legislator can function effectively in a vacuum, Armed with the view of Union County residents, I will attempt to do my best to reflect their wishes and act in their best interests.

Athletic injuries are subject of doctor at coaches' meeting

Dr. W.U. Cavallaro of Summit, an orthopedic surgeon, spoke on athletic injuries at a meeting of the Jonathan Dayton Regional High School coaching staff in the school last and answer period in which the coaches pre------

Herbert H. Palmer, athletic director, said the meeting was called to give the coaches of Springfield a chance to refresh their knowl-edge about knee, ankle, joint and muscle inurles as well as ways to prevent them from happening

Dr. CavaNaro emphasized the importance of equipment, instruction and conditioning in reducing the possibility of fractures, sprains, strains and carrhage and ligament injuries. He also described the signs of these injuries

and the methods of giving first aid until the doctor candiagnose and treat the ailment.

The two-hour - session included a question sented topics for discussion in their particular sports, Head coaches present included: Adam LaSota (golf), Peter Scocca (bowling), James Horner (football and wrestling), Edward Jasin-ski (baseball), Martin, A. Taglienti (track and cross country),-Louis-Piccolo (soccer). Assistant_coaches present were: Vincent Albano, William Jones, Barry Rund, Robert Hooper, John Swedish, Manuel Pereira and Leonard-Pallis. Absent because of sickness were basketball coaches Raymond Yanchus and Michael lannelli, H. Palmer introduced the speaker and acted as moderator_during the question ses-

Guidance expert slated as speaker

Elizabeth Taylor, child guidance counselor for the New York City Board of Education, will speak at the Hebrew Youth Academy of Essex County, 200 Lyons ave., Newark, Mon-day, Jan. 29, at 8:30-p.m.

Miss Taylor's topic will be "Childrenese, a Language for Teachers and Parents," it was anounced by Mrs. Dose Lalter, presi-dent of the academy's Parents Gouncil. Miss Taylor holds two master's degrees,

one in education and one in guidance. She is completing her doctorate in child guidance, she is at Yeshiva University, New York. She is an associate of Dr. Haim Ginott, author of the book, "Between Parent and Child," now on the best-seller list.

Third Division, first prize, Linda Buzzi, grade 8, of St. Michael's; second prize, Lauren Lee, grade 7, of St. Michael's; and thirdprize, Cecile Dupre grade 7, of Holy Spirit.

Ricci to be soloist at two_concerts_

Violinist Ruggiero Ricci will be the featured artist in a concert to be given by the New Jersey Symphony Orchestra Friday, Feb. 2, at-Montclair-High School and repeated the following evening, at Millburn High School,

KNOW YOUR GOVERNMENT

From N.J. Taxpayers Association

More effective and efficient use of the tax dollar is essential if New Jersey's problems of growth and expanding governmental services are to be met without adversely affecting the State's tax and economic climate.

Clarence J. Ziegler, executive director.of the New Jersey Taxpayers Association, today pointed to "a general concern that efficient administrative management practices and effective financial controls be the accepted standard for state and local government," as 1968 programs and spending plans were being unturled

Citing a three-fold increase in State appro priations to \$993 million and a doubling of the cal property tax levy to \$1-1/2 billion over the past decade, he declared that better utilization of the tax expenditure dollar must be achieved if New Jersey is to keep competitive-economically, while providing for its social,

educational and other needs. He called attention to NJTA recommendations for modern administrative methods, procedures, programs and organization in state and local areas of government.

In the Executive Branch of State gov he listed opportunities for exploration of organization and operating procedures; greater stress on efficiency and economy through an independent study committee; improved personnel and fiscal reporting; long-range capital budgeting:-updating-and-completion-of-master-planning in education, water_resource devel-

The two concerts, each beginning at 8:30 p.m. . comprise the second portion of the symphony's 1967-1968 "Suburban Concert Serles", an announcement this week said.

Riccis solo offering will be Edouard-Lalo's "Symphonie Espagnole", Opus 21, The symphony orchestra also will play Mozart's Overture to "The Abduction from the Seraglio" and "Sacre du Printemps" (Rite of Spring) by Stravinsky.

TERRETATION AND A DESCRIPTION AND A DESCRIPTION OF A opinent and other fields. He also cited long standing proposals-for improved organization and functioning of the State Legislature and adoption of strengthened fiscal controls. In local government, recommendations in-

cluded: (1) work toward consolidation, functional or otherwise, of small units of municipal and school district governments; (2) consider broadening the base of financial support by authorizing permissive sources of revenue for municipalities and counties; (3) improvement in the structure of county government

Seton Hall-gets grant for science research

Seton Hall University has been awarded a Seton Hall University has been awarned a grant of \$10,400 by the National Science Foun-dation to support nine undergraduate particl-pants in a 10-week research program according to Rev. Alfred V. Cellano, Chairman of the Department of Chemistry,

Department of Chemistry. The program is designed to provide in-creased opportunities for the scholar bree-velopment of outstanding undergraduates with a review toward raising the individual compe tences of those students who will pursue careers in science.

Placement tests for Peace Corps set for Saturday

Union and Essex County residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps placement test at 1:30 p.m. Saturday at: Room B-89, Federal Building, Newark, or the main post offices at Montclair, Morristown and Plainfield.

The Peace Corps uses the placement test to. determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not educa-tion or achievement. The test requires no preparation and is non-competitive; an applicant can neither pass nor fail, a spokesman

Persons interested in serving with the Peace Corps must fill out an application, if they have not already done so and present it to the tester. before the test, Application forms are available from post offices or from the Peace Corps in ngton, D.C. 20525.

Fifteen thousand volunteers are currently serving in Asia, Africa, Latin America and the Pacific Islands, working with the people of those nations in self-help projects ranging from food production to health to education, More volunteers are needed for programs which will begin this spring and summer, the spokesman added.

Work stoppages. highest in 8 years

out one-third of one percent of work time was lost because of strikes last year, according to the Labor Department's Bureau of Labor Statistics.

At .30, however, the ratio was higher than in any year since 1959 -- mainly because of the effect of a few large strikes and some long ones, the Bureau said.

-BLS which computes the estimates from information secured from cooperating agencies and the parties themselves, also reported that — the number of stoppages beginning in 1967 — 4,475 — was only about 2 percent higher than 1966 strikes, But in 1966 idleness was only .19 of all work time. The difference is that the were a greater number of strikes of long duration last year.

The BLS tables list 29-stoppages in 1967involving 10,000 workers or more, accounting for half of 41 million mandays of idleness and more than half the 2.9 million workers strike-idled; Three of these "major" stoppages involved more than 100,000 workers. One ar Ford Motor Company-lasted more than two months,

NO MORE COPPER

Although New Jersey no longer mines copper, t remains a leading copper smelting and refining state. There are two large plants, one in Carteret and the other in Perth Amboy.

Junior Miss contest set at Newark State College

Finals for New Jersey's Junior Miss Pa-geant, sponsored by the Greater Elizabeth Jaycees, will be held on the campus of Newark State College, Union, according to Sheldon Nagrod, president of the Pageant committee, Pageant Week ends Saturday,

Arrangements were made with the college, Nagrod said, because the state pageant has grown to such an extent in the last seven years that additional parking facilities and an auditorium offering the staging capabilities found in-Newark State's new complex were vitally-needed

Nagrod said eighteen local and regional contestants from virtually the entire state will compete in the competition this year. He said the large number of girls will necessitate a...two-night final in which the contestants divided into two teams and judged on various phases of the competition on both nights;

Bend their winners to the state pageant Include; Hackettstown Jaycees, Warren; Woodbridge Jaycees, Woodbridge; Somerset Hills Jaycees, Somerset; Collingwood-Haddon Twp.

French language school opened The Summit French School has been opened by Bernard Biren at 13 Beechwood rd., Summit,

Biren has taught at both the Berlitz School of Language and the French Institute in New York. and is associated with the Union County adult ducation program.

Biren said he is forming small classes at the beginning, intermediate and advance levels. He said the classes, which will have a maximum of six students, will be conducted almost entirely in French "with a strict minimum of translation and grammar," Tutoring and pri-vate lessons will also be available. Biren, a native of Paris, has lived and worked in this area for many years.

Big section of Route-80

redesigned to six lanes

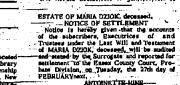

A 21.3-mile portion of Interstate RL 80 from Columbia in Warren County to Net cong in Morris County, originally-planned-for two lines of traffic in each direction, is being redesigned to provide three lanes each way, Transportation Commissioner David J. Goldberg announced this week.

At the same time, Commissioner Goldberg said that all of I-80's 68.1 miles in New Jersey either will be completed or under construction by the end of this year, and that the target date for completion of the major transcon-tinental freeway in the state has been firmed up as the winter of 1970-71.

The girls, who will stay at the homes of chaperones during their week-long visit to Elizabeth, will set a brisk pace during Pageant Week. Some of their week-long activities include ncheons with the Eastern Union County Chamber of Commerce, General Motors Plant

at Linden, Elizabethtown Gas Co. and Humble Oil & Refining Co., Bayway Refinery as well as tours to Newark Airport and through the downtown Elizabeth community. The five top winners in the state-pageant

will split almost \$3,000 in prize and scholar-ship money in addition to numerous other and awards which will be given to winners in several different categories dur-ing_ceremonies marking the completion of the Pageant.

Last-year, Miss Vicki Frederick of Middle--town won-the title and competed in Mobile as New Jersey's representative. Since that time, she has made numerous personal ap pearances on behalf-of the Junior Miss program.

The state pageant is intended to find the ideal high school-schior girl in New Jersey who personifies the admirable qualities and ideals of today's youth., Exceptionally-high standards have been set for the girls with special emphasis placed on character, citi-zenship, high school activities, personal am-bitions and lady-like poise and demeanor.

Public Notice

ESTATE OF LOUIS SCHRADER. deceased Notice is benefy given that the accounts of the subscriber, Administrator of the estate of touls Scriber, Administrator of the estate and stand by the Surregate and resorted for entiment to the Hisser County Court, Probate Devision, on Tuesday, the 5th day of MARCH

Entate of KATIE GREEN, decreased, — Purguant to the order of JAMES E. ABRAMS, Surrogate of the Couly of Beaux, this day made on the application of the undersigned. Parcenne of and decreased, indice is hereby, given to the craditors of said decreased to whibit to the subscriber, under out or af-firmition, their claims and demands against the setter of and decreased within six months-Hirmition, their claims and unmania spanne-the astate of aid docased within aix month-from this date, or they will be forever barred-from proseculing or receivering the same against the subscriber, HARRY.HAZELWOOD, JR. N. J. employment reported up more than seasonally

Nonfarm wage and salary employment in New Jersey increased more than seasonally by 15,800 from October to November, According to estimates prepared by the New Jersey Department of Labor and Industry, November employment in New Jersey establishments (excluding farm, domestic, self-employed and unpaid family workers) was 2,434,200. This was 26,800, or approximately one percent, higher than a year earlier. Mahulacturing employment rose by 6,900

during November, as small seasonal gains in some industries were augmented by the settlement of several strikes. The largest gain was in the transportation equipment industry, where strike settlements boosted employment by 6,500. A new strike is the primary metals industry pushed employment in that activity down by 800.

In nonmanufacturing, employment was up 8,900. Most of this gain was the result of seasonal increases in trade and government (primarily state and local) of 7,300 and 5,500, respectively. Employment was down season-ally by 2,700 in contract construction and 300 in services.

The average factory workweek remained. 40.8 hours in November, Average hourly earnings-of-factory-production-workers rose-one cent to \$2,97, and average weekly earn-ings were at an estimated \$121.

Milk-to-continue rise

Farm costs for milk and the costs of milk processing and distribution in New Jersey have reached a new high and will undoubtedly continue-to-rise-during-1968- This is the prediction of the New Jersey Milk Industry Association based on milk cost changes which have either occurred or been requested during the past month."

as announced a pioneering job program to provide work for over 500 people from the central city areas of the state where unemployment is most severe.

According to Robert D. Lilley, president of New Jersey Bell, who served as spokesman for the Bell companies, the plan involves the hiring and training of people who would be unable to meet existing employment standards. In addition to New Jersey Bell, companies involved are the Western Electric Company, Bell Telephone Laboratories and local offices of the Long Lines Department of American Telephone

portunities to some 200 men, principally in the company's plant department, About half of these positions will be in the Newark area, and the

and Telegraph Company. He said New Jersey Bell will provide job op-

balance in other large New lersey cities To

Western Electric, manufacturing and supply unit of the Bell System, is taking a major part in the program with establishment of opera-tions in Newark. This move will provide office and production type jobs for about 250 unemployed. The company has leased a three-story building at 200 Central Avenue, Newark, which will provide approximately 50,000 square feet oor space. The lease was negotiated by J. I. Kislak, Inc.

The Bell Labs, which operates research and development centers in Murray Hill, Whippany and Holmdel, plans to hire and train about 100 people for jobs in their laboratory and drafting areas at these locations. Long Lines also plans to make a number of jobs available at their Newark offices.

Your Garden This Week

Abanbankanananakanan By Your Rutgers Garden Reporter WARMAN Snow on evergreens makes a real pretty

SPRINGFIELD (N.J.) LEADER-Thursday, January 18, 1968-9

But snow can spell trouble-if the evergreen appens to be a spruce or a taxus. Spencer. H. Davis, plant disease specialist. frequently_quoted_in_this_column,_would like

you to know more about the danger so that you can try to keep branches from becoming overloaded with snow.

branch is where you may find a spruce canker next spring. The crack gives a fungus disease

So if enough branches are cracked a tree can -be' ruined. The blue spruce "'catches" the canker disease pretty easily. =

There's no disease involved in the taxus problem but if only half of a taxus branch is broken the whole branch will die.

Shake or brush the snow off as soon as you can,

" And now to get in out of the snow, Dr. Davis tells us that black spots on the leaves of a house plant don't always mean trouble from insects or diseases.

He suggests that if you discover spots, think back and try to remember if the plant stood next to a window during a cold night.

A leaf can be hurt if part of it touches the glass for as little as a half hour during a cold

Hayden aide to discuss moon at UC astronomers meeting

Moon" will be the topic of Dr. Kenneth ranklin of the Hayden Planctarium, New York City, tomorrow at 8 p.m. at a meeting of Amateur Astronomers, Inc., in the theatre of Union College's Campus Center, in Cranford, A highlight of the meeting will be a display

Project engineers named by Tenney

Appointment of Walter J. Stiedler of Roselle, and Batuk P. Viradia as project engineers was announced by Martin S. Schletter, Vice president-sales of Tenney Engineering, Inc., Union manufacturor of environmental test equipment.

Stiedler, 28, a native of Jersey City, for-merly_was with Thiokol Chemical corp. -lie holds a B. S. in mechanical engineering from Stevens Institute of Technology and a masters degree in-mechanical orgineering from Newark College of Engineering,

Viradia, 30. was born in Kerala, India Lie has a B. S. in mechanical engineering from the University of Missouri School of Mines-and-Motallurgy, and is taking a graduate course at the Newark College of Engineer-

SKEETER SOLUTION

liere's how to controt-the mosquito-problem as answered by a Freehold newspaper of 1885. Never kill-or drive off a skeeter; let him have his fill. Expose your body so as to be bitten all over, after which no skeeter will bite you for a skeeter is never known to place his sucker in the same place that one had been before him, even if it were 50 years ago."

of recent Surveyor and Orbitor photographs of the moon, John Shea of Westfield, vice president, said

Dr. Franklin's talk is open to the public. A specialist in radio astronomy and binary stars, Dr. Franklin joined the Hayden Plane-tarium staff in 1956, Prior to that time, he spent two years with the Carnegie Institution of Washington where heheld a research fellowship in radio astronomy. He is a graduate of the University of California where he carned his Ph.D. in 1953,

-IN-1949 AND 1950, Dr. Franklin served as a research assistant at the Lick Observatory, in California. After completing his graduate studies at the University of California, he assisted Dr. Otto Struve, chairman of the University's Astronomy Department, in re-search on various problems of visual double stars.

Dr. Franklin's recent research has been concerned with the planet Jupiter, in 1955, he and Dr. B.F. Burke of the Carnegie Institutionjointly discovered the radio frequency noise emanating from Jupiter, and in 1957 he initiated refer at the Havden Planetar with to invest gate further the static-like emissions from the planet.

Dr. Franklin is a member of the American Astronomical Society, the Astronomical So-ciety of the Pacific, the Radio Astronomy Commission of the International Scientific Radio Union, the Institute of Radio Engineers; fellow of the American Association for the Advancement of Sclenge, and a fellow of the Royal-Astronomical Society,-

Mr. and Mrs. John Ziecke of 300 Indiana st., Union, have announced the engagment-of their daughter, Margaret Ann, to Raymond

engagement-told

'For those who would lose by default' Honolulu fashions Legal Services office offers aid to indigent

"We-represent the person who cannot affor to pay a layer...,who would otherwise lose by default."

This was the way Donald Smith, the woung lawyer who heads the Legal-Services office serving Union Township and neighboring com-munities, including Springfield and Mountainside, described his job. Smith is a member of the staff of Union

County Legal Services, which is financed by the Office of Economic Opportunity and erates in cooperation with the New Jersey Bar Association.

His office in Union-is one of four in the The others are in Elizabeth, Plaincounty. field and Rahway.

-From-his headouarters in the new Multi-Service Center (the old Vauxhall firehouse), be offers legal aid to the indigent in a wide variety of civil matters including defense in contract cases, tort actions (civil actions for some wrongful act other than contractual), bankruptcy cases, defense in foreclosure actions and domestic relations cases.

INDIVIDUALS WITH INCOMES of not more than \$3,000 a year are eligible for Legal Services aid. The income limit provides for an additional \$500 for each dependent.

Smith noted that many of those who com his office for help would otherwise lose legal actions by default, simply because they cannot afford a lawyer.

He cited as an example a case of a woman in a community near Union who was told by the building inspector in her town that she must replace a hazardously damaged flight

of stairs in her home. She signed a contract with a firm to do the repair work for \$300. When she heard nothing from the contractor for two weeks, the woman signed another contract with a second firm-

this one for \$600, The second firm subcontracted the work or \$200 and the new stairs were installed. But the woman was left with a bill for the two contracts which--including interest--came to about \$1,300.

SMITH POINTED OUT that the law applies one_set_of_statutes_to "the rich and the poor, the uneducated." He said that, in defending

DONALD SMITH

Overlook out-patient section named after former city elder

The new out-patient and emergency service section of Overlook Hospital has been named in honor of a former Summit resident and outstanding civic leader, Parker Webster Page, whose widow has made a memorial gift to Mr. Page, a Summit resident for 45 years

efore retiring to Venice, Fa., where he died in 1937, was chairman of the township committee of Summit at the turn of the century, Under his accis Summit, then a hamlet of some 3,000 residents, began its first steps toward becoming the city that it is today, He and his fellow committeenten were responsible for the building of the old Town Hall

St. Barnabas Guild sets member drive

Dayton basketball team faces Union, Berkeley Heights

Iowa quintet scores 47 in State League feature

The expanded State League, playing at the Florence Gaudineer School moved past its second week of the regular basketball campaign. last Saturday. The new and bigger league with rwo divisions is proving to be a success, as

Minutemen_set game Saturday against Linden

The Springfield Minutemen all-stars of the township basketball program, will play host to a strong team from the Linden PAL Saturday at 7:30 p.m. in the boys gym at the Florence

Gaudineer School. The Minutemen opened their 1968 season last Wednesday evening at the Gaudineer School. The Springfield boys played host to a team representing the Sacred Heart Grammar School In Elizabeth. The Elizabeth boys took a 61-th 50 million School School

to 50 verdict from Springfield. The game opened on a sour note for Spring field, as Sacred Heart outscored Springfield; in the opening period. The remain-15 to 5. der of the game saw the two teams play on equal terms with the Minutemen pulling within hree points of the winners midway-in-the period. The Minutemen opened their 1968 season_with_Ed_Cook_at_center, Kenny Baroff_and George Robbins started at forward, with captain lim Schoch beaming with Bobby Moisel in the back court.

Cook led the Springfield scorers in this game, as he hit for 10-points - Most of Ed's points were the result of rebound shots from under neath Ed also led the Springfield team with 11 rebounds. Jim Schoch hit for eight points forthe Minutemen and played a top floor game, jun was the Springfield leader when he was on the floor, as he controlled the ball and assisted on many buckets. Jim consistently hit the free man under the hoards for the Min the team lost both_Cook_and_Schoch_on fouls

in the fourth period, their rally came to an end. Robbins, tallied eight points for the Minuteen, hitting on three-field-goals during th team's third-period rally. Meisel tallied six points for the Minutemen and played a strong game, as did Barry Pomp, who came off the mance. Another fine game in a reserve role was played by Al Wilbourn. Al came off the bench in the third period, and although he failed to-score, Al grabbed seven rebounds in limited play and was strong defensively.

Sacred Heart presented a strong one-two punch in-John Saavedra and Vernon Banks aavedra, operating under the basket, used his superior size to tally 21 points, Banks, operating at a forward post, showed great versatility. Banks controlled the ball for the Eliza-beth team and tallied 19 points.

Barn dance scheduled by Springfield Council

Springfield Council 5560, Knights of Columbus, will hold its fourth annual barn dance on Saturday evening, Feb. 10, at the Old Evergreen Lodge, Evergreen avenue, Springfield. There will be square dancing from 9p.m. to 1

a.m., and prizes will be awarded during the eveing a council spokesman said.

> NEW & USED Automobile Dealers

the games are close and more boys are gerring the chance to play a role in the competition, Kansas and lowa are at the top of the State League's eastern division, as both teams remain unbeaten after two weeks of competi-tion. Kansas tripped Indiana last Saturday, while Iowa proved itself a power to be reckoned with as it rolled past Florida, 47-14.

Art Freeman and Kenny Merser led the lowa rampage which left Florida out of the game after the opening period of play, Art getted 15 points, while Kenny put 14 points through the hoop, John Segal and Richard Feldman also hit well for the winners, Stu Garawitz was a bright spot in the Florida line-up, Stushot from the field but we alt-on-only terror at the free throw line with 9 for 11

and 11 game points. Kansas moved ahead of Indiana in the third period and then held the losers even the rest of the way for an 18 to 8 victory and a piece of first place, Sam Kaplan, with anothe game, led they Kansas attack. Sam had six points. Doug Weg and Mick Byrd each hit three points-for-Kansas. Bruce Rosen and nny Belliveau each hit three points to lead Indiana:

The opening game of the afternoon in the boys' gymnasium saw North Carolina take the measure of West Virginia by a 21 to 15 score. North Carolina hit for six points in the first period, while West Virginia drew the collar, This was the difference in the game, as the teams played on even terms over the remainder of the game, Dino DiCocco scored eight points for the winners, while Bobby Hydock tallied six points and played a fine ballame. West-Virginia was paced by Billy Huntey, who scored five points. Brian Mullen and Frank Zarello each tallied four points in a losing cause for West Virginia.

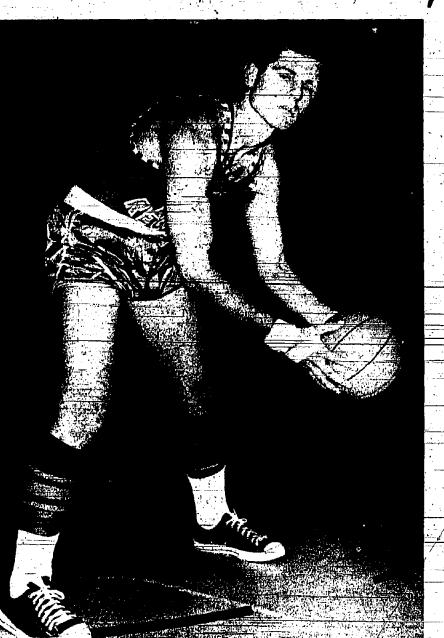

ARIZONA WON its second squeaker in as many weeks to be the only undefeated squad in the State League's western division, Arizona defeated a powerful Texas team with a finalperiod rally by a 15 to 13 score.

Arizona pulled out the game when Charles Adlckman and Bruce Cohen hit final-period huckets, Adicionan led all scorers in this game, as he hit for eight points, Glenn Cooper tallied four points for Arizona, while Cohen tallied three points. Texas was paced by Roy Greenberg and Bobby Wallick: Both boys hit for five points, Mark Matthews played a top

oor game for Arizona. Wyoming had a hot hand in the opening game last Saturday as it knocked off Utah by a 30_to_18_final count, Barry Gerst, with five shots from the floor good for 10 points, led the Wyoming attack. Johnny Bahr, a scrappy back-court performer, hit for nine points, while Dick Fishbein scored beven points. Justin Schneider led the Utah attack-withpoints, Mike-Marder hit for five points, while lowwie Forman scored four points.

The final game of the day, which was played in the girls' gym at the Gaudineer School, saw <u>California-roll past Oklahoma by a 21 to 12</u> score. Neil Anderson and Bob Day played hig roles in the California victory, as both boys hit for seven points to lead the team. Dave "Mitchell also played a hig game for California," Dave rebounded well and hit on a pair of field als. Five boys hit the scoring column for goals. Five boys nit us scoring our Oklahoma, with Bruce Hoffman hitting four points to lead the way.

Arizona will play Wyoming next Saturday in opening game in the western-divis California will meet Utah, and Texas will play Oklahoma. The castern division will feature lowa vs. West Virginia, North Carolina vs. Kangas and Indiana vs. Florida.

POWERFUL JUNIOR --- Ralph Losanno, junior forward for the basketball team/at Lonathan Dayton Regional High School, provides rebounding power and scoring punch for the Buildogs.

Princeton still unbeaten for Ivy League top spot

Princeton went into overtime last Saturday Columbia a 12 to 10 lead, Columbia, however, Afternoon at Jonathan Dayton Regional High fouled Princeton's Steve Harris with one second School to be the last team in Ivy League com- remaining to be played. Steve, with a one-and-petition to remain unbeaten. The Ivy League, as one situation, stepped to the line and sank both part of the Recreation Department's youth pressure-filled shots to send the game into over-basketball program, is presenting an evenly, time. Steve was Princeton's, top scorer in the balanced league this season as the results of the game as he hit seven times from the line for early games indicate. The boys meet in competi-78 aven points. tion each Saturday atternoon at the high school. The overthe

on each Sanirday afternoon at the high school. The overtime period started with Arnie Blu-The Princeton - Columbia game was a real -menteld-of Princeton hitting on a rebound shot. The overtime period started with Arnie Bluthriller, as the teams went into overtime to gain-Phil Argyris then hit on a beautiful driving lay a decision. Princeton took the final verdict by a up to give Princeton a four-point lead. This 17 to 14 score to be the league's last unbeaten bucket proved to be the game winner. Columbia quinter, Columbia seemingly had the game drew glose again on free throws by George wrapped up in the final seconds of regulation Robbins and Barry Pomp, With four seconds, time, as George Robbins stole a Princeton pass, left, Steve Harris put in eway with his seventh at mid-court and drove in for the bucket to give, free throw of the game, Robbins, with the points, was the scoring leader for Columbia,

THE OPENING GAME of the afternoon saw Dartmouth take the measure of Yale by the score of 26 to 16. A big second half by Dartmouth made the difference in the game, as the big green entered the second half trailing by four points. Kenny Baroff, with 10 points in the second

Bulldogs top Brearley, beaten at Scotch Plains

By MYRON MEISEL The Jonathan Dayton Regional High School basketball team will travel to Union High School tomorrow evening and to Governor Livingston Regional High School of Berkeley Heights on Tuesday afternoon, The Bulldog cagers are now 5-5, following last week's 60-53 victory over David Brearley Regional High School of Kenliworth, and a narrow66-60 loss to Scotch Plains-Panwood High School,

Head coach Ray Yanchus commented on the Kenilworth contest. "We played a good game for three quarters, but ran into some trouble. In the last quarter. We did win the game, but the team did not look as good as it should have. Throughout the game, we did not convert opportunities that presented themselves, Sev-eral fast breaks failed to score, and numerous violations set up Kenliworth's final-quarter rally." The Brearley Bears were down throughout-the game, but outscored the Bull-dogs by seven in the fourth quarter.

. Scotch Plains, defending champion and cuitsagain had a difficult fight in defeating Spring-field. Dayton is by seven at one point in the second quarter, by five at the half, and by seven again in the third quarter. Dayton turnovers, however, gave the Raiders the chance they needed and Scotch Plains pulled ahead by eight in the early part of the fourth quarter. Dayton staged a fast comeback to the the score at 50-50 at mid-quarter, with the lead then see-sawing. With Dayton up, 58-57, a long Raider pass down-court pushed Scotch. Plains ahead for the remainder of the game. With 30 seconds remaining, Scorch Plains had a thin one-point-margin, 61-60, but scored two three-point conversions in the final halfminute to seal the victory

/"The team was especially up for this game, and they played well," Yanchus stated. "Violations cost us the game, and Gary Kurtz's fouling out in the final quarter also hurr us. Richie, Campbell and Citt York played fine

Chargers' sweep tightens standings in bowling for boys

The Chargers moved close to the Falcons last week in the Friday afternoon Boys! Bowling League. The Falcons slipped from their three-game lead and are now holding but slim, one-game margin over the rallying Chargers. The boys roll in competition each week at the Springfield Bowl in a league sponsored by the Recreation Department.

The Chargers were on their game last Friday. ine Chargers were on their game lagt Friday, as they pulled a two-game sweep over the league-leading Falcons. Steve Coldstein, leading the Chargers' scoring, was the big factor in the sweep, Steve rolled a 250 series. Jamie Farber was also effective in this match for the Chargers, rolling a 217 series. Mike Levine was the high man for the Falcons with a 236 series total 236 series total.

The Royals moved to within twogames of the top with a two-game sweep over the Rangers. The Royals took the opener by a mere two pins, Larry Ogintz and Arnie Blumenfeld paced the Royals, Larry rolled a 224 series, while Arnie's two-game total was 223. Tommy Lowy, one of the league's top bowlers, was high for the Royars with a series total of 220 the Rangers with a series total of 270.

The Tigers also moved to within two games of first place, as they split a pair of games with the Hawks, Barry Fink was the high man for the Tigers, as he rolled a 241 series, Danny Gecker with a 227 two-game effort was also effective for the Tigers, Jeff Davis with a 193 series and Stu Garawitz with a 192 series were

the top bowlers for the Hawks, The Chiefs and the Warriors split the final match of the day, as each team took a game. Roy-Greenberg of the Warriors led all bowlers

ul-around games, with York scoring 10 against Scotch Plains. Tony Gromek was strong on the boards and inside and is this week's Defensive Player of the Week.

-Yanchus-commented on the upcoming contests: "Union has a 3-8 record, but the game" has always been a close one, with three on /does play tough competition, and they have a new coach. This game is always tight:

"Berkeley Heights gave us some trouble for three quarters earlier this season, but we turned in the victory thanks to a strong final quarter. They are big and strong, and as last time, we will have to break through them in order to win."

Wrestling team slates action at Scotch Plains

The Jonathan Dayton Regional High School wrestling team will travel to Scotch Plains-Fanwood High School tomorrow, and to Rahway High School on Wednesday, The Bulkdog grap-plers now have an 0-4 record following last week's losses to Arthur L. Johnson Regional High School of Clark and to Hillside High

Clark trounced the Bulldogs, 47-5, Dayton scoring its only points as 98-pounder Tommy Campbell pinned his Crussder opponent in 0:15 of the first round. The Hillside meet was a little closer. Dave Pierson at 115, Barry Snyder at 130 and Gary Vosburgh at 130 Barry Snyder at 130 and Gary Vosburgh all won on decisions, with Campbell tying, Again the lack of a strong heavyweight contingent was the main-cause-of-the Dayton

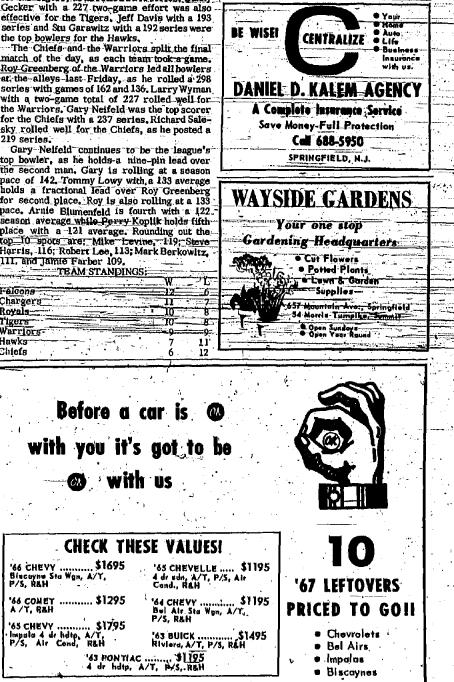

The junior varsity won its third meet last week over Hillside but also dropped its firstmeet to Clark, as the Crusader JV carried over from its varsity's momentum to gain a narrow victory. "I think the team showed a noted improve

nent last week," commented head coach Jim lorner, "The tunior varsity is doing quite ted head coach Jim Horner, "The prior varsity is doing quite well, with a large group of freshmen, and shows a good deal of promise. The varsity will continue to have similar problems with locations but soveral its heavier weight classifications, but several juniors are showing up well in the lower weights."

Baseball leagues schedule meeting

The Springfield Junior Baseball Leagues will hold a general membership meeting next Thursday, Jan. 25, at 6 p.m. at the Recreation House on Caldwell place. Officers will be elected, and plans for the coming year will be discussed.

The organization operates the Youth Major Minor leagues, the Pony League and Babe-Ruin-League to provide competition for hoys nine to 15. Every hoy who applies re-ceives a place on a team and an opportunity to play against opponents of his own ability. Next week's meeting is for all managers, coaches and all other interested men in the community,

The Baum-Lester-Kurtz team holds top spot in Tomple Beth Ahm Sisterhood at Hy-Way Bowl with a record of 27-9, followed by Gould-Uslan-Lichter, 24-12, and Turner-lovine-Giovanello, 23-13.

vanello, 23-13. Leading ladies-wore Diane Blum, 192-500; Rosalle Perlmutter, 155; Rosalie Millman, 183-497; Roz Gerber, 164; Sylvin Kosnett, 156-456; Myrna Wasserman, 158-402; Shirley Kurtz, 164-444; Shelley Wolfe, 156-456; Phyllis Polikoff, 173-441; Shelley Raab, 182-431; Pearl Marder, 155-402; Bernice Kurtzer, 171-424; Iris Uslan, 160; Flora Lichter, 152-401; Ann Ardito, 159-402; Donna Preziosi, 161; Ann Ardito, 109-404, ____ Edith Schwalb, 156-444,

Tops in the standings of St. James Ladies at 4 Seasons are the Die Hards, 27-12; El Dose, 23-16, Unknowns, 23-16, and the Hot-Peppers, 22-17.

High scorers were Helen Keppler, 189-166-486; Barbara Dostal, 157-156-451; Jane Planer, 170-432; Kuthleen Kuzik, 169-452; Elinor Ward, 163-424; Marie Beyer, 168-419; Freda Kaelbieln, 159-160-164-483; Cay Beneker, 410,

half and a game high of 13, led the way for Dartmouth. Al Wilbourn played a big role for Dartmouth, with a board game and a fine overall floor game. Al also chipped in with six points with four of Al's points coming from the four

line. Vale received a balanced scoring attack, which faltered after a fine opening half, Porry Koplik, with six points, paced the attack, while Mark. Berkowitz hit for four points on a pair of uckete.

The middle game of the afternoon was a defensive battle which saw Cornell trip Harvard by a 14 to 8 count, This was a close battle throughout with the teams matching noints through each period, Bobby Melgel played a big role in the Cornell victory as the lift for seven points on two field goals and three free throws. Bob played a top floor game and hit for six of his game-high total in the final period to pull the game out for

Cornell, Cornell also got a good game from the speedy Jerry Jones, Jerry was a defensive while, as he was all over the floor, Jerry hit a big bucket in the second period and assisted on other Cornell scores.

Harvard-was led in this game by Vincent Davis and Bruce Jeffery. The two big boys for Harvard controlled the boards and had many shots roll off the rim. Davis paced the squad with five points on two field goals and a free throw. Jeffery hit a third period bucket.

against Darmouth, starting at 1:15p.m.; Princa-ton vs. Yale, at 2, and Cornell vs. Columbia, at 2:45. All games will be played at the Dayton Regional High School.

Well-kept building recently mod-

Dear Amy:

I have something to say and if this little say" is not said, I will cry or something, bad will happen.

I am 13 years old and my little brother is 9. My mother and father have been maryears. My father talls my mother ried, 19 that he has a son by mother woman. They, have a war every Friday night.

Por Christmas, he gave the boy a \$40.95 present and gave the woman \$40.00 He gave my little brother a \$13.00 present and my mother \$6.00. Mother says that she doesn't want to get

a divorce and break up our home. Please help! He gets drunk every Friday night and "her" is what he talks about. Lost Out <u>____</u>12

Dear Lost Out:

It's too bad that your family is subjected to this "war" every Friday night, but your father needs help. Urge your mother to enlist the sid of your clergyman and a member of your local chapter of Alcoholics Anonymous-With the proper help and your dad's c ation, he can resolve his personal problems and peace will reign in your-home once more. Good luck!

Dear Amy:

tam a sponsor (or godmother) to a boy your community, who is going to be 19 this month He will in all the year graduate in june. i-have given him a gift for his birthday

up to his eighteenth and also a Christmas

gift every year including the past year. I am-now wondering when does the gift-giving stop?" I have children of my own, and as they are-getting older, they need so many things that somatimes I feel I-can't afford these extra gifts.

This young boy was confirmed at age 14 (I gave him a cash gift at that time), and some-one once- told me that gift-giving stopped

-one one- one of the person was confirmed. -after the person was confirmed. Your employ on the above matter, please? Mrs. L. K.

Dear Mrs. L. K .:

You were never obligated to give the young. man gifts. The only gift expected from you

was at his birth, Godparents are to oversee the spiritual education of the godchild up to his confirmation. At this time in his life, remain his friend, confidant and advisor.

Dear Amy

_I heard that your birthday is on May 30th and that you will be 80 years old. Is that true? Just sign me Curious

Dear Curious-I should live so long! You have the birth'

date right. Now divide by two, then add two. 1.

Dear Amy: I'm 28 years old, have been happily married for 10 years, I love my husband and like to be loved, but I think my husband is taking advantage of our marriage license by being overly affectionate. The minute supper is over.

be wante to make love. We already have seven children, and I'm about ready to go out of my mind, Would you suggest that he get psychiatric-help? Going Nuts

Dear Going Nute:

Your husband doesn't need a psychiatrist, but if you think he's "taking advantage", and if your family is completed, you should both visit the Planned Parenthood Center in In all the years I have been writing this column. I have yet to hear a wife complain

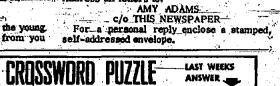

about an over-affectionate spouse,

Dear Amy: Next month my high school graduating class of 1958 is having its first reunion. I have been invited, and since I neverattended before I don't know quite what to do or expect. Do

vou? Mr. Paul Dear Mr. Paul:

It's where memories are revived by those who survived.

Space trip

During January and February visitors to the New Jersey State Museum Planetarium's public lectures will be transported on a journey that begins in the center of the earth and

in the center of the earth and ends at a point billions of miles beyond our galaxy. In a primeination of "The Earth in Space" the planetar-lum instrument and a host of auxiliary, aids will team up to jet project the sufferce to an imaginary opece platform where they can see Earth as future astronauts may but as much has not yet seen it. man has not yet seen it. Observers will certainly be enlightened on the relation--ship of our planet to the rest -of the universe with this view-

through___seemingly_endless_ of space, Sky watchers who have never traveled through space or seen the Carth as it would appear from the moon or even lenus can make the trip at any of the free public planetarium lectures, given at 2, 3 and 4 p.m. on Saturdays, Sun-days and sholldays (Washing-ton's and Lincoln's birthdays); Only children of seven years of older mail third planeter.

or older may attend planetar-

Employers will get information packet N.J. mayors ask more participation on new wage laws

Nearly two million U.S. employers -- employing about 42.5 million workers who will be affected by new changes in the Federal mini-mum wage-law -- will receive a special informational package from the Department of

abor. The package will contain information about changes in the Fair Labor Standards Act that

become effective on Feb. 1. Included will be an official poster which must be displayed in the establishments, high-lights of the amended law, a listing of regional, district, and field offices of the Wage and Hour and Public Contracts Divisions and a coupon that may be mailed to the Divisions offices for further information.

The new changes, resulting from the 1966 Amendments to the Fair Labor Standards Act. establish a wage of at least \$1.60 an hour for employees covered by the provisions of the Act. before last February 1. These employees are presently entitled to \$1.40 an hour. Employees_brought under the law last Febru-

will be entitled to not less than \$1.15 an агу hour. The rate for these workers is now at cast \$1.00 an hour:

A non-technical pamphlet explaining the provisions of the amended Fair Labor Standards Act is now available from the offices of + the wage and Hour and Public Contracts Divisions. The "Handy Reference Guide to the Fair Labor Standards Act" gives basic information about the law's minimum wage 'overtime pay, equal pay, and child labor standards.

Copies of the amended law of the Reference Guide are available from the U.S. Government Printing Office Washington, D.G., 20402 at 15 cents each. There is a 25 percent reduction in price for orders of 100 or more.

DEATH NOTICES

by public in local government affairs Jersey Conference of Mayors willurge in 1968 "a greater public participation

in local government and will seek to develop broader public interest in municipa problems," leaders of the state-wide mayors rganization stated in the annual statement eleased this week.

Mayor James W. Kelly Jr. of East Orange, president of the Mayors Conference, said the group will be asked to "seek new means of easing tax burdens on real estate, give greater study to utilization of computer equipment in compiling municipal records and statistics and to give intensive study to the regionalization of some essential municipal services as a means of reducing costs."

'Caught in a growing financing squeeze, rising cost and demands for more municipal services, the problems of New Jersey municipalities are further aggravated by interest costs on municipal bonds, which are among the highest in history," he reported. "While Federal and State aid have tonde

to give some degree of relief, it is clearly svident that 1968 must bring with it a re-evaluation by county, state and federal offi-clais of the growing complexity of the problems which confront municipal governments," the statement said.

"AS A FEATURE of a program aims at boosting the economy of the State's 567 muni-cipalities, the Conference of Mayors will accelerate a four-pronged promotion drive. aimed at attracting new business, industry, shome owners and recreation seekers into the state from among the millions of out-of-state

travellers passing through New Jersey and from surrounding States", Mayor Kelly said. " Tied to the theme of "Our State Is Great -In '68 ... for your Industry, Residence and Recreation," the conference will use some 200 major highway displays and bus advertising cards, as well as newspaper, radio and TV material pointing up the advantages of New "Support for the mayors' prolersev. motional campaign has siready been indicat by leading business, real estate and industriat groups in New Jersey", the statement said.

The annual report, issued to county, state and congressional leaders, as well as m mayors of New Jersey's 567 municipalities, and to be published in the "Conference Quarterly", official publication of the mayors' organization, said, "In view of the increasing number of municipal problems, the mayors, as elected leaders of their communities should encourage . increased involvement of their own people in the affairs of local government and also direct attention of these problems to high school and college students who are voting for the first time.'

gram will be developed in which annual awards will be made to high school and college students who submit outstanding papers on governmental This program is a contis subjects,' the plan, he said, in which students who annually submit meritorious papers in governmental institutes held at colleges in the state are guests at the New Jersey Conference of Mayors annual meeting at Princeton University each Year.

### 1967 receipts up \$6,027 in County Surrogate Court

Surrogate Mary\_C. Kanane, in her annual report of the receipts of the Surrogate's Court for 1967, reported receipts totalling \$143,385,42, an increase of \$6,027,29 over the revenue in 1966.

The greatest revenue was realized from the probate of 2,171 wills, which netted the county \$38,970.78; 162 accounts of executors, administrators, trustees and guardians produced a revenue of \$27,837,49, and 25 of these accounts\_were\_Veterans Administration accounts where no fees are paid to the surrogate, she said.

Union County residents have become more will-conscious, Miss Kanane said, with five times as many persons dying testate as intestate. In addition to the probate of wills: 426 administrations of estates in excess of \$2,500 were granted, 413\_affidavits were issued to surviving

spouses, on estates which did not excee \$2,500,

211 affidavits were issued to next of kin of decedents where no spouse survived. 311 letters of guardianship were issued on estates of minors.

377 affidavits in lieu of guardlanship for-estates of minors which did not exceed \$1,000 in personalty and \$100 in realty were issued to either parent upon the consent of the other. 258 Judgments permitting adoptions- of -minors and two adult adoptions were granted during 1967, the revenue from which was:

\$5,698.50. 21 persons were declared mentally incompe-

Certificates issued to executors, administrators, guardians and trustees authorizing the transfer of personal property, including bank accounts, building and loan shares, stocks and bonds and automobiles, netted \$16,130,23, an increase of \$1,361.98-over the 1966 total.

Since Dec. 7, 1963, it is possible for the surrogate to validate short certificates issued to fiduciaries within one year for only 25 cents.

### Proceeds lagging in Yule Seal drive

Central New Jersey reported lagging returns this week as it announced that the Christmas. Seal campaign is being continued. Dr. Stephen Ayres of Westfield, Union County chairman for the tri-county drive which also takes in Monmouth and Hudson Counties, said contributions to date are approximately \$9,000 less than the comparable totals for last.year. He pointed out that the campaign is the first attempt-by a tuberculosis association to raise on a regional basis in New Jersey and funds is a result of the merger of the organizations In the three counties. He urged those who have not yet mailed their contributions to the TB= Respiratory Disease Association to do so

PTA session settor Newark State A county-wide "special interest conference" will be sponsored by the Union, Council of Parent-Teacher Associations at Newark State College, Union, on Wednesday, Jan, 31.

The forum has been planned for committee chairmen of local school PTA's and countywide chairmen and is also open to all PTA members in the county, it was announced by Mrs. H. F. Ungar, Scotch Plains, county legislative chairman.

The meeting will open at 10 a.m. following registration at 9:30. State chairmen will con-duct workshop sessions at 10:30 on the subjects of legislation, health, program president's duties, cultural arts and juvenile protection. The-latter-session-will-concentrate on safety and various problems of children and youth, Mrs. Edward F. Ryan; chairman of legislation for the National Council of PTA's, will be. the main speaker at a luncheon at 12:30 p.m. Luncheon reservations may be made with Mrs.

Donald Gilmore, 1435 Parkview ter., Hillside.

PULL THE PLUG When you disconnect an electrical appliance, always pull the plug, not the cord, Pulling Can gradually break fine wires.

### UC to offer pre-engineering pre-science programs in fall

grams will be offered by Union College, Cranford, starting with the fall semester in September, it was announced this week by Dr. Kenneth C. MacKay, president.

Dr. MacKay said the pre-engineering and pre-science programs are now possible with the opening of the new Science Building,

The new programs will be available to high school graduates who may be deficient in . entrance credits in mathematics, chemistry and physics, for example, or those who may need additional preparation for their chosen curriculum? Dr. MacKay said the program for the first year will be limited to about 50 students.

Dr. MacKay said Union College has offered opportunities for high school graduates to make up deficient entrance credits for many years, but now a more formalized type of program is being developed.

""It should be emphasized that students in he pre-engineering and pre-science programs will be matriculated in degree programs and with summer work and will be able to receive their Associate in Arts degrees in two

missions, said.

LYNES SAID GUIDANGE counselors in area high schools have been requested to recommend students they feel should be considered as pre-engineering or pre-science candidates. Prof, Elmer Wolf, chairman of the engineering department, said the new pre-engineering program is designed for the high school graduate who is not academically ready for the

demanding college program, "Our new program will be geared to the scholastic achievements and potential of thesestudents, and will give them an opportunity to move into the college program at a somewhat slower pace than our usual engineering and science majors," Prof. Wolf said, A typical student in the new pre-engineering program would take an English review course,

in mathematics depending upon his background in the field, engineering drawing, fundamentals of engineering and government,

In the pre-scienceprogram, a typical student would take English <u>-Review</u>, <u>mathematics</u>, government, chemistry and biology. would
