HIGH STAKES—Youngsters risk both injury and arrest by using the Rt. 78 right-of-way near the Springfield Municipal Pool as a drag strip for their minibikes. The young riders, who gain access to the highway property by tearing holes in the fence, have been observed speeding as fast as 50 miles per hour. At least one serious injury, in Millburn, has resulted. Police Chief George Parsell has been in contact with the State Department of Transportation to step up the campaign against these illegal practices. (Photos by Bob Baxter)

Police Chief George Parsell said that his men have seized some of the young racers but that since the land is unowned, he cannot send a police car in to bulldoze the runways. He added that he keeps patching holes cut in the fence, but the minibikers just keep cutting new holes. He added that his department is checking on the use of no trespassing signs.

Minibikes pose safety problem for town police

Trouble comes in cycles in Springfield these days. Specifically, it comes in the form of minibikes and small motorcycles whose young owners have turned the Rt. 78 right of way into an illicit speedway.

Police Chief George Parsell said that his men have seized some of the young racers but that since the land is unowned, he cannot send a police car in to bulldoze the runways. He added that he keeps patching holes cut in the fence, but the minibikers just keep cutting new holes. He added that his department is checking on the use of no trespassing signs.

"One boy was jolted off his bike, in a portion of the land in Millburn," Parsell stated. "He hit his head and was taken to the hospital." The chief said that some of the bikes can top 50 miles per hour, with riders as young as 12. He said that he has been in touch with the N.J. Department of Transportation, which owns the property, but that he had not yet received a reply to his latest letter sent to Robert Nolan, supervising engineer of the department's traffic bureau.

'Superior' rating awarded to Dayton by Middle States

Jonathan Dayton Regional High School has been awarded a "superior" rating by the evaluating committee of the Middle States Association of Secondary Schools and Colleges. It was announced this week by Robert A. LaVanture, principal.

A committee of professional educators representing Middle States visited the high school on March 31 and April 1 and 2 to evaluate the school and its program. The association is a cooperative organization which establishes accreditation standards and procedures.

At the same time, LaVanture also released the evaluating committee's list of commendations. He noted that the commendations were made public by a school board member several weeks ago.

Lewis Obour, executive secretary of the Monroe County School Boards Association, Rochester, N.Y., and chairman of the evaluating committee, sent the following letter to LaVanture:

"I am enclosing a graphic summary of the Jonathan Dayton evaluations made by the

visiting committee on March 31, and April 1 and 2 of 1971.

"As I indicated in my formal report, Jonathan Dayton Regional High School is a very good school with a highly comprehensive program which meets the needs of students in attendance. You, your co-workers—both professional and non-professional—received high praise from the visiting committee.

"The graphic summary shows your school to rate superior (very good).

"My personal congratulations to you."

LaVanture said the following five-point scale was used in the graphic summary: 4—excellent; 3.5—very good (superior); 3—good; 2—fair; 1—poor.

He said all subject areas received 3.5 rating (superior) or better, except for science (3.3) and art (3.3) (average rating (3.3)).

"And in these, they were rated better than 'good,'" LaVanture said.

"Two major purposes are served when a high school is evaluated," LaVanture said. "Accreditation is continued when the visiting committee gives a favorable report at the conclusion of its study.

"Such accreditation certifies to colleges and employers that important standards have been met or exceeded by the school. In addition, the evaluation gives the school and community being served an objective report of commendations of the strength while making recommendations for improvement."

Playgrounds open Monday with plans for active season

The 11 Springfield playgrounds opened for the season Monday when children brought their playground registration slips to their neighborhood parks.

The Springfield Recreation Department plans an eight-week program which will include games, sports, arts and crafts and various other forms of creative fun, a spokesman said. Playgrounds will be supervised from 9 a.m. to noon and 1 to 5 p.m.

The spokesman continued by saying that this year something new has been added. Plans call for a carnival on Wednesday, 28, at the ballfield behind the municipal pool. Each playground will be in charge of one of the activities or booths.

Attractions will include a performance by Mr. Jiggs, TV chimpanzee star, and a "balloon race" in which the children release about 100 balloons and position a cart mailed to them. The child then has a cart mailed back to him from the furthest distance will receive a prize.

The spokesman added that it is also hoped (Continued on page 5)

Activities planned for pool members

The Springfield Pool opened for the season officially last Saturday. As in previous years, activities are planned for the enjoyment of all members. For the young boys there will be softball and basketball leagues. Softball practice and games will be held on Mondays, Wednesdays and Fridays, at 1:30.

The basketball leagues will be run on Tuesdays and Thursdays at 1:30.

Boys, 8-14, may sign up for the leagues at the recreation house. A mixed bocce league is also scheduled for boys and girls. Modern dance instruction is also planned along with twirling lessons to be held on Tuesdays and Thursdays.

For men 16 and up, and adult softball leagues are being organized. Interested athletes can sign up at the recreation house. The league will play every Sunday. For the women, gymnastics groups are being organized. The gymnastics exercises will be held on Mondays, Wednesdays and Fridays at 1:30.

Board rejects effort to switch busing costs

By ABNER GOLD.

An effort to shift some \$36,000 in school busing costs from the Regional High School Board of Education to several of its constituent municipalities failed by a vote of six to three at the Regional school board meeting Tuesday night at A. L. Johnson Regional High School, Clark.

The motion was presented by Mrs. Sonya Dorsky of Springfield, who said that the money is being spent to bus students who live closer than 2-1/2 miles from their schools. By state law, buses must be provided for high school students living more than 2-1/2 miles from their schools, with 75 percent of the cost paid by the state.

Busing of youngsters living closer than the 2-1/2-mile limit is permitted when the board decides there are hazardous conditions—but entirely at board expense.

Mrs. Dorsky noted that the board, however, can have the municipalities concerned pay the cost of the busing caused by hazardous local conditions.

She said that the board will spend for hazardous busing in the coming school year: Mountainside, nothing; Berkeley Heights, \$21,290; Springfield, \$2,225; Kentwood Hills, nothing; Garwood, nothing, and Clark, \$32,225.

Manual Dios of Clark, expressing strong opposition to the proposed change, declared, "If we run over part of our responsibilities to the municipalities, that will only be the beginning."

John Conlin of Garwood added, "This will only lead to the further fragmentation of the district. There are those in the district who would like to see us break up."

John Conlin of Clark stated, "It is hard to understand how we should abdicate to outsiders what we deem safe and unsafe."

In a range of parliamentary procedure, the motion was first tabled for study by the board attorney, then removed from the table and finally defeated, six to three.

Voting for the measure were Mrs. Dorsky and Mrs. Nautic-Wald of Springfield and Dr. Minor C. K. Jones of Mountainside. Voting against were Charles Scheuermann of Kentwood Hills, Dios, Conlin and Edwin Little and Dr. Fred Hagadorn of Berkeley Heights. Hagadorn is board president.

HAGEDORN REPORTED that the board has received 89 applications from 21 states for the position of superintendent of schools, which will be filled this summer. He said that the applicants are now being screened and that the board will then start to interview final candidates.

The board adopted a resolution commending the achievements of Dr. Warren Davis, who will retire at the end of this month after 15 years as superintendent. He will become a professor at Lehigh University.

In other business, the board approved salaries for the coming year for administrative personnel.

They are: Dr. Donald Merachnik, assistant superintendent, for pupil personnel services,

\$24,000; Lewis Fredericka, assistant superintendent for business, \$24,000; Charles Fairman, director of personnel, \$22,500; I. Kenned; (Continued on page 5)

Fourth of July to be observed with fireworks

A fireworks display will highlight Independence Day which will be observed on Sunday, according to Leonard Golden, president of the Springfield Fourth of July committee.

The program will also include Happy the Clown, otherwise known as Harry Gregory of Springfield. He will give away toys and goodies for the younger set.

Mrs. Robert D. Hargrave, entertainment chairman, announced, "For the teenagers and those adults who think young, a well-known rock 'n' roll instrumental group, making their first appearance at this event, will be Bosworth Framp & Family. This band has performed at many local high school dances and parties in this area." The members are: Bob Reisman, vocalist; Dan Silverman, drums; Jamie Gecob, lead guitar; Rick Gletsman, bass guitar; and Joseph Polito, electric organ.

Alfred E. Bowman will preside as master of ceremonies. The American flag will be presented by the color guard of Springfield American Legion Post 228, Rabbi Howard Shapiro of Temple Shalom, and the invocation of the national anthem. Mayor Nathan Stokes will address the gathering and there will be a talk by Golden, representing the Fourth of July Committee. Mountainside's display of fireworks will begin.

Other organizations which will participate are the Springfield First Aid Squad, the volunteer firemen, the Civil Defense Corps, the Police Reserve, the Civil Air Patrol and the Calmen of Lions.

Also serving on the Fourth of July committee are: Alfred E. Bowman, vice-president; Mrs. Lee Andrews-Jr., recording secretary; Mrs. Alfred E. Bowman, corresponding secretary; Louis W. Pignolet, treasurer; Lee Andrews-Jr., auditing Mrs. Theodore Schuss, decorating; Mrs. Hargrave, entertainment; Frank E. Harlow Jr., fireworks; Theodore Ganska, grounds and Theodore Schuss, special equipment.

The gates will open at 7:15 p.m. Ticket committee members are Mrs. Golden, Mrs. Gregory, Mrs. Harlow Jr., Mrs. R. A. Hella, Janice B. Hargrave, Robert D. Hargrave and Don W. Pignolet, as well as other officers and committee chairmen.

Refreshments will be served by the Springfield Boy Scouts and Girl Scouts.

PRESENTING THE COLORS—Fred Rutz, former county commander and a member of the American Legion color guard, which will take part in Independence Day ceremonies Sunday night at Mabel Field, explains the meaning of the flag to 4-year-old Jonathan Schol. The program for the evening is: 7:45, gates open; 7:30, music by Bosworth Framp & Family; 8:45, commemorative ceremony; 9, fireworks display, in case of rain, the program will be held Monday night.

UC campus cop retires

Hirth returns to Swiss village

Many college and university students regard the campus police as an offshoot of the military. In the case of the University of Connecticut, however, students know Otto Hirth of the campus police as "the perfect example of a good cop" in the words of one student.

Hirth, retired in Germany and the surrounding area, left the Union College road on July 18 and made his final preparations for his return to Oberhofen, Switzerland, a village of 200 people, surrounded by mountains. He is looking forward to his retirement while still retaining fond memories of 43 years in the service.

"A campus cop," Hirth was charged with protecting campus security, including the enforcement of parking regulations, and preventing vandalism and trespassing. Students recall his friendly and helpful nature.

Central air cooling alleviates hay fever

Hay fever time means sneezing, and other symptoms of allergies, and it usually comes at a time when the majority of people are trying to escape the heat.

Such problems can be easily alleviated by central air conditioning, the Plumbing-Heating-Cooling Installation Bureau points out.

Pollen and other impurities are filtered-out and the air is dehumidified and cooled at the same time.

Doctors often recommend air conditioning for those suffering from allergies.

In addition, the home stays cleaner and quieter because the doors and windows are kept closed.

Mrs. Kroebel new president of Hospital Volunteer Guild

Mrs. William Kroebel of Clark has been installed as president of the Memorial General Hospital Volunteer Guild.

The new officers assumed their posts at the Guild's annual installation dinner held last week at the Town and Campus, Union.

Dr. John Queller conducted the installation of officers. Guesting president, John DeLoach, delivered the Guild Message and Mrs. Leonard Hokenham made a presentation. David Hokenham, a professional physical therapist, was guest speaker.

Other guests included Murray J. Rubin, executive director of Memorial General; Dr. John Gudella, chief of staff; William Kroebel of Clark, president; and Mrs. John Roessler of Union, recording secretary.

Home accessories permit inexpensive changes in decor

When people want to revamp their personal workspaces, a considerable expenditure is usually required. It would be desirable, however, to make changes in decor without the expense of new furniture.

That's the why of home accessories. Because even when major furnishings aren't changed, adding accents can create quite a difference.

Take a plenary and plastic table, for instance, or a pedestal table that's an art object in itself. Red-wood can give the room a look new.

Ideas for accessorizing the home emphasize color. A black dining table, a red chair, a rustic provincial and all the other designs for decorating.

For instance, modern lamps and lighting fixtures blend with traditional furniture, just as abstract paintings have been used to dramatize otherwise traditional settings.

Painting is now joined by prints, abstract and three-dimensional pieces in wall design. Shaped along a curve are many coffee and occasional tables. Elephant-leg tubs, for example, add "savoir-faire" and "art" when used as room accents.

Ornamental pedestal lamps are topped by circles or squares of flange-grade crystal. In table styles, to complement traditional, modern and mixed decorative schemes.

Plush, the small-way-spark-table and chair, modern, modern and mixed decorative schemes.

Skincare experts agree on urgent need for sunburn protection

More and more medical experts agree that the sun is damaging to the skin. At the same time, excessive sun exposure promotes premature aging of the skin. At the same time, the possibility of skin cancer from excessive sunbathing is real.

The summer body is still a fashionable fashion symbol, however, and many people will be tanning themselves this summer. The individual should, at least, follow certain precautions against excessive sun damage.

For years, doctors have been recommending small doses of sun. From mid-morning to mid-afternoon, 10 to 15 minutes per side is ample exposure the first day out. The time may be increased gradually each day.

Don't rely on oils or lotions to protect against sunburn. Baby oil and mineral oil can do nothing but lubricate the skin.

The night's uncovered sunbathers and the day's sunbathers should use a minimum sun protection level of 15 minutes per side is ample exposure the first day out. The time may be increased gradually each day.

An eight-pound, seven-ounce son, Robert Scott Snyder, was born June 19, 1971, in Saint Barnabas Medical Center, Livingston, to Mr. and Mrs. Edward S. Snyder of 2620 Bill, 47-2.

His father is the former Anne Saffrin of Millburn.

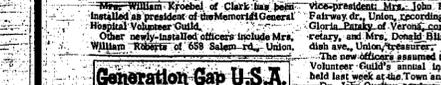

Prisoners to perform

The group of young prisoners from the Livingston Correctional Institute, Livingston, N.J., will be performing at the Union High School, Livingston, on Sunday, July 11, at 8 p.m. in aid of the church's centennial celebration.

The group is composed of 15 young men, organized, trained and directed by a volunteer prisoner, Rhoder Brown, 27, who is a "life." He began his life in prison, and the group has given 100 performances outside of prison walls in schools, churches and synagogues. They are accompanied by guards.

Calendar of events discussed by PTA

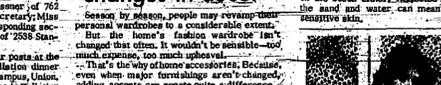

Mrs. Harvey Schwartz, president of Community Parent School PTA, Union, recently held an executive board meeting to discuss the calendar of events for next September.

The date of the luncheon was postponed. Mrs. Schwartz offered the PTA a gratitude to Mrs. Sal Sanzone and Mrs. John Conley, past school chairmen, for their participation in the pre-school year.

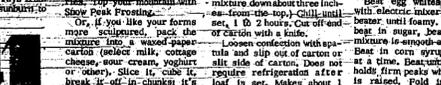

The recipients of the PTA summer luncheon scholarship were named. They are Beth Garbarino, Paul De Nardin, Amy Kluzak and Karen Kaledak.

Protein's protein defined

What are "protein spices"? The term includes red pepper, chili, curry powder, marjoram, sage, mustard, poultry seasoning, thyme and rosemary, according to the U.S. Department of Agriculture. Such spices often are used with meat, poultry, fish, eggs and bean dishes.

Hollands feted on golden year

Mrs. and Mrs. Meyer Holland of Union were feted on their golden wedding anniversary, Sunday, at a dinner party at the Golden Inn in Woodbury. The affair was hosted by their children, Mr. and Mrs. Sherman Barkan of Union, Mr. and Mrs. Sherman Kaufman of Livingston and Mrs. Jack Dorfman of Clark.

The celebrants are members of Congregation Beth Shalom in Union.

Hospital unit tries to aid the alcoholic

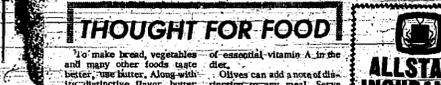

CHICAGO—The American Hospital Association is engaged in an educational campaign to open hospital doors to alcoholics.

Edwin L. Crosby, M.D., executive president of AHA, said the resistance by many hospitals to admitting severely ill alcoholics is "a real serious problem."

The National Institute of Alcohol Abuse and Alcoholism, a National Institute of Mental Health hospital, a three-year grant to AHA to develop and coordinate intensive training materials on alcoholism. The grant is the first year funding is close to \$500,000, and is high priority.

Dr. Crosby said that some professional health personnel share many of the popular prejudices about alcoholism, and that these prejudices will distort the diagnosis. "These special facilities won't pay his bills and will require time-consuming and ultimately unsuccessful treatment," said Dr. Crosby. "These people need to know the facts about alcoholism so they can approach the alcoholic as a sick person, not a drunk."

Thought for food

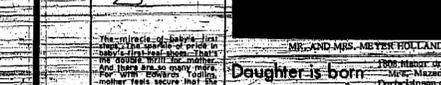

It's hard to find vegetables and many other foods taste better when they are cooked. Along with the cooking, you can add a little extra to one of the finest sources of essential vitamins A in the diet.

Olives can add a touch of distinction to any meal. Serve them alone, or in salads, omelets, sandwiches, soups or casseroles.

Line individual ramekins or casseroles with a thin piece of buttered bread, add 2 tablespoons light cream. Bake at 350 degrees for 10 minutes.

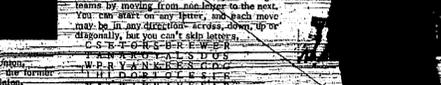

For a summer treat, try raspberry milk shake. In blender combine 1 cup skim milk, 1/2 cup raspberries, 1/2 cup sugar, 1/2 cup heavy cream. Blend 2 minutes. Sprinkle with meringue, if desired. Makes 1 serving.

DON'T DRIVE YOURSELF TO DEATH DRIVE SAFELY

Death is the Hitchhiker DRIVES SAFELY

BRING THEM BACK ALIVE

Your family. Your pride and joy. Being with them, loving them, laughing with them is your world. So, play it very safe this holiday weekend.

Play it very safe on all your Summer vacation travels. Keep those happy faces smiling. Drive as if their lives depend on it. Because they do! And, watch out for the other guy. That way everyone gets back alive.

Family trips are fun, so let everyone help plan the excursion. And remember, driving safely makes vacation time and summer weekends more enjoyable. Dad's the pilot, but it's only fair that some of his crew pitch in for a safe trip by checking to see safety belts are buckled and to watch for traffic problems and signs on the highways.

The family can help with directions, too, so Dad won't be map reading while driving.

Before you leave, double-check tires, brakes, steering. Be sure your engine is in tip-top shape. When you're on your way, take it easy, drive carefully, obey the rules of the road. Take safe driving along, wherever you go.

Follow the Road to Fun
This Summer by Driving Safely,
Carefully, Courteously
