

Tar/Taste Theory Exploded.

New 9 mg tar MERIT with 'Enriched Flavor' proves taste no longer depends on amount of tar.

Until now, cigarette flavor pretty much depended on the amount of tar that went along with it. Regardless of low tar, good taste claims, regardless of fancy filters and "space-age" filtering systems — you couldn't get high taste without high tar. Nor low tar without low taste. That was the theory. Until now.

This is another report on MERIT from Philip Morris. If you smoke, you'll be interested.

Low Tar. Good Taste. Filters Fall Short.

At first, we tried designing special filters, too. Like others, our results were generally disappointing. These results confirmed a belief that there was any way to get flavor — real flavor — into a low tar cigarette, the answer had to lie somewhere in the tobacco itself.

So we focused on the business end of smoking. The tobacco end. And decided if we wanted to get more flavor through to you, we'd just have to start with more.

After a twelve year effort, our Richmond Research Center succeeded. They isolated the "key" flavor ingredients of tobacco as they exist in cigarette smoke.

By adding only those natural ingredients of extreme high quality, as flavor contributors, yet low tar producing as well, they were able to pack MERIT with 'Enriched Flavor' without the usual corresponding increase in tar.

'Enriched Flavor.' It's extra flavor. Natural flavor. Flavor that can't burn out, can't drop out, can't do anything but come through for you.

Read the taste-test results for yourself.

Taste-Tested By People Like You

9 mg. tar MERIT was taste-tested against five current leading low tar brands ranging from 11 mg. to 15 mg. tar. Thousands of filter smokers were involved, smokers like yourself, tested at home.

The results were conclusive. **Even if the cigarette tested had 60% more tar than MERIT, a significant majority of all smokers tested reported new 'Enriched Flavor' MERIT delivered more taste.**

Repeat: delivered more taste.

In similar tests against 11 mg. to 15 mg. menthol brands, 9 mg. tar MERIT MENTHOL performed strongly too, delivering as much — or more — taste than the higher tar brands tested.

You've been smoking low tar, good taste, claims long enough. Now you've got the cigarette. MERIT. Incredible smoking pleasure at one of the lowest tar levels in smoking today — only 9 mg. tar.

Mayor: state creates chaos in school and town budgets

Mayor Robert Weltsch Tuesday night blamed state officials for the difficulties that municipalities and boards of education face in trying to prepare their budgets for the coming year.

The mayor spoke to the 20 members of the Township Committee meeting Tuesday at Town Hall that committee members are at work preparing their new budget, which will have to deal with a probable loss of all state aid to the township and to the Springfield and Regional High School boards of education.

Weltsch said, "There is a general feeling of outrage. The state is creating chaos in the municipalities by not solving its own problems. They are eliminating state aid payments to the municipalities, and forcing the boards to take over former state contributions to the pension fund—contributions mandated by state law."

He added, "I hope the special session will give serious reflection to what they are doing before they pass this budget. In Springfield, it will result in a tremendous burden to the taxpayers. The upper local residents to express their concern in letters to the legislators. (See listing of legislators on page 4.)"

IN OTHER BUSINESS, the committee introduced an ordinance to permit a limited municipal pool. A final hearing is set for Feb. 24.

Committee member Jeanne Rajmoff said that residents would be permitted to take out associate family memberships 60 days after all local residents are informed that memberships are available. Each resident family would have to be sponsored by a local family member. The maximum number of memberships would reach 4,000 persons, with a total capacity of 8,000.

The governing body is taking this action reluctantly to avert a probable deficit as the only alternative yet found to an increase in membership fees. Supporting the effort by the Recreation Committee to find another answer, she called on all concerned citizens to attend a meeting of the recreation panel Tuesday night at the Sarah Bailey Civic Center.

Martin Manes, Recreation Committee chairman, said after the meeting that membership receipts for the past seven years have been as follows: \$104,000 in 1969, \$100,000 in 1970, \$103,000 in 1971, \$96,000 in 1972, \$93,000 in 1973, \$105,000 in 1974 and \$101,000 in 1975. The pool was opened in 1975.

The membership fee was \$75 from 1969 to 1972, \$85 in 1973 and \$90 for the past two years. He stressed that costs have continued to rise through this period. Membership in 1969 was 1,331 families or 5,839 persons; last year, 1,613 families or 6,452 persons. Other members of the governing body noted that the decline has paralleled a drop in school population.

The controversy over possible flood damage caused by encroachments along the Hillside avenue brook continued with the release of a letter sent to the board of education by the board of health. The board of health, who has been a spokesman for residents in this area, stated that there are several encroachments, but that "The removal of these structures will not eliminate or decrease your flooding problems; most of these structures have existed for 10 or 20 years, and most if not all of these neighbors own their property with those various structures in place."

Burnham read his reply, which listed encroachments along the brook.

ACKNOWLEDGING their actions which add to the flooding, that they have improvements made, have a major remedial effort. He demanded to know why the state letter was directed to him, rather than to the governing body. No committee member offered an explanation. In response to another Board member request, Mayor Weltsch said he would also send a letter calling for speedy removal of the encroachments.

The committee accepted the resignation of Police Lt. William Clark, who has been a special agent of the U.S. Secret Service. Sgt. Andrew Catalano was then sworn in as a lieutenant to fill the resulting vacancy. Another resignation was that of Sgt. Robert Mason from probationary to third class patrolman.

Committee member William Russo noted that the Union County block grant committee will meet tonight at 7:30 at Town Hall to vote on allocation of federal funds for projects in its town.

He also reported that the governing body will meet Tuesday with officials of Villa Contracting Co., owner of land which would be involved in the Marlon avenue dike project.

THE COMMITTEE approved a Rent Control Advisory Board recommendation in a case involving the landlord and tenants at 80 Mountain avenue. The board said that tenants paying \$275 per month had been given a 2 1/2 percent rent increase for last year and 2 1/2 percent for this year, plus a \$7 per month charge for capital improvements.

The board also noted that the next ordinance limits increases to 2 1/2 percent in any one year, and it denied the increase which would have been charged to last year. It also disallowed the charge for most of the improvements, leaving them maintenance work or correction of building violations—rather than capital projects.

New law requires bike registration; first sign-ups scheduled at Dayton

The first official registration of bicycles required by a new township ordinance, has been scheduled for Thursday and Friday, Feb. 26 and 27, at Jonathan Dayton Regional High School, Springfield, for local high school students only.

Patrol officers were asked to bring their bicycles to the school on those days as the serial numbers can be filed with the town hall.

The ordinance also requires that the front emitting a white light visible from a distance of 100 feet, and a bell or other device to warn of the presence of the bicycle to the front and rear.

The ordinance also requires that the bicycle be equipped with a rear reflector, a front reflector, a rear fender, a front fender, a rear mudguard, a front mudguard, a rear chain guard, a front chain NOVELIST OF MERIT

Evans Waugh, by Christopher Okaka: "He lived in a state of chaotic disturbance... tormented by a chronic melancholy... by the disasters of the times." Waugh's private life as a youth was luxurious and brilliant. The author, his friend for 20 years, writes as a writer he was intensely imaginative, intellectual, witty and mentally disciplined.

In 1903, he was descended from England to a "professional class" in Oxford, but he soon went to the United States, where he occasionally to a literary magazine, but he felt nothing of importance until 1928—"The Balance." This was followed by "Decline and Fall," which received high praise and which made him realize that writing, not art, would be his vocation.

He fell in love, married, but soon was divorced, leaving him a "mildly disappointed man." The author, his friend for 20 years, tells of Waugh's atrocious behavior, his successive marriages, caused by "immaturity" his conversion to Catholicism, his religious beliefs, his second chance marriage, his children, and his exemplary World War II service.

Among Waugh's best-known works were "Brideshead Revisited," "The Testaments of Mr. Arden," "Officers and Gentlemen" and "Unconditional Surrender."

Municipal budget—its format

The municipal budget is a complex document which is prepared by the Township Committee and the Township Engineer. It is a statement of the Township's financial position for the coming year. It is a statement of the Township's financial position for the coming year. It is a statement of the Township's financial position for the coming year.

Each year, the Township Committee, through its Finance Committee, prepares a budget for the coming year. This budget is then presented to the Township Committee for approval. The Township Engineer then prepares a detailed budget for the coming year, which is then presented to the Township Committee for approval.

The budget is a statement of the Township's financial position for the coming year. It is a statement of the Township's financial position for the coming year. It is a statement of the Township's financial position for the coming year.

Seven decades of community service Overlook aiming at a still healthier future

When Overlook Hospital was founded as a general institution in 1906 by the late Dr. William H. Lawrence Jr. of Summit, its patients (all of them that first year) were cautioned to "please bring your own linens."

Optimist that he was, the "boy doctor" of Summit, who "inherited" the College of Physicians and Surgeons at Columbia University at the age of 18, started Overlook with the intention of sum of \$15,000. "I almost had by then the first three years," he has been quoted as saying. Yet, in 1911 he borrowed \$50,000 to add two wings to the hospital and finally paid them in 1912.

Overlook Hospital today, with 550 beds and 81 basins, is worth some \$20,000,000 in capital stock, but an annual budget of \$24,000,000, numbers 1,500 employees, served over 20,000 inpatients plus 124,415 out-patient visits and 26,172 emergency bed days.

In 1914 Overlook was purchased by public subscription and became a nonprofit community hospital. Since then, with successive administrators and boards of trustees, Overlook has enlarged and broadened its services in several major steps.

In 1925 the maternity wing was added. In 1924, Robert E. Hebllein became Overlook's director at a time when two major wings were built along Morris avenue.

In 1929 another major history addition brought increased facilities and in 1929 the \$2,000,000 "Progress Program for Overlook" culminated in the dedication of an expanded medical facility.

The 1937 wing provided model emergency and outpatient departments, extensive anatomical laboratories, a radiology department, one of the earliest short-term psychiatric units in a community hospital, intensive care and isolation units, a surgery and maternity facilities, plus a new main entrance, lobby, admissions, administrative offices, hospital shop. An important advance also was a new medical education center which provides community educational programming as well as seminars for the medical staff to keep the 350 physicians on the Overlook medical staff up-to-date with latest developments in medicine.

Overlook pioneered in establishing the first electronic monitored coronary care unit in the state, with a pattern for other hospitals. Overlook's medical center is the first hospital to have a coronary care unit.

THE YEAR 1959 saw another new concept developed at Overlook with the advent of a new extended care unit designed to care for the recovering patient who still needs professional nursing and hospital care but not so intensively as the acute care patients in the main hospital. Official communal dining rooms and recreational programs as well as occupational and physical therapy departments, the ECU was fitted for Medicare which brought in

growing numbers of patients over 65 years of age.

Overlook's "The Community" became the focus for the health development of family health centers in both VanHorn and Summit. Aimed at providing full range of services for low-income patients, the centers have been successful.

Under a "physician director" of community and emergency medicine plus a director of ambulatory services, Overlook steadily broadened its scope of services to include a five-physician panel providing 24-hour emergency care, and a growing number of clinics including dental and family planning clinics.

Extensive drug and alcohol programs were undertaken to meet new needs in the community. The latter funded by a \$1,000,000 grant from the federal government in 1962.

During this period Overlook's medical education program expanded in its efforts to provide well-qualified young physicians for the area.

Under a full-time director of medical education, Dr. William F. Minogue, formerly of Westfield, AMA-approved residencies were established in the new specialty of family practice, internal medicine and pediatrics, each with its own physician director, in addition to the hospital's long-standing residencies in radiology and pathology.

Recently affiliated with Columbia University College of Physicians and Surgeons as its first community teaching hospital, Overlook has also affiliated with Children's Hospital in Montclair for its pediatric residency program, strengthening the base of training by interchange with these two institutions.

This has enabled major new equipment and services for Overlook patients, including the \$200,000 cardiac catheterization laboratory, the \$200,000 linear accelerator, magnetron for the nuclear medicine department, multi-channel gamma camera for laboratory and long list of essential items.

Most recently the installation of a closed-circuit TV system permits free patient consultation with a physician residing in his home. Overlook's family practice services will also be broadcast over the new system.

In addition, the volunteer program continues to flourish, with 1,600 workers. Volunteering in all areas of the hospital, they contributed 1,000,000 hours last year.

Overlook's medical center is the first hospital to have a coronary care unit.

AAUW to hear Miss Kanane in tonight's meeting at library

Miss Mary C. Kanane, the Union County superior, will give a talk on "Where There's a Will There's a Way" to the Mountaintop Branch of the American Association of University Women tonight at 7 p.m. in the Women's Room of the Mountaintop Library.

In 1964, Miss Kanane was the first woman elected to the Board of Presholders in Union County. While serving as a Presholder, she was chairman of the Department of Health, Welfare and Education. She was also chairman of the establishment of a 50-bed unit for the chronically ill at Runnells Hospital.

In 1965 she became the first woman to be elected surrogate in Union County and she has been re-elected twice. She is the author of a book, "Come Along With Me," Miss Kanane is active in various religious, civic and political organizations. Tonight's program is open to the public.

Applications for the AAUW Summer Scholarship are still available from Mrs. Joyce Barry at 777 Fair Lane, Mountaintop. Applicants must be female residents of Mountaintop or members of the immediate family of Mountaintop Branch AAUW members. They must be full-time matriculated students or accepted in a graduate program for fall 1976. The closing date for receiving applications is this Sunday.

BUYING WISELY

From Better Business Bureau
Metropolitan New York, Inc.

Dear Larric: Like most red-blooded American families, my family likes meat. I've decided to buy my own freezer to store large quantities of meat. However, I am confused as to what grade of meat I should buy. The grade that best suits my pocket is USDA-GOOD-But, I'm told by relatives that this is not a superior grade of meat. I'm in a dilemma as to what grade of meat to buy. I don't want to purchase meat that is unavailable, and yet I can't afford the one that is. Can you come to my rescue?

Dear Harriet: The U.S. Department of Agriculture lists steaks that USDA-GOOD grade of meat please thrifty consumers who seek best with little fat but with an acceptable degree of quality. Although cuts of this grade lack the delicate flavor associated with more marbling, their relative tenderness and high proportion of lean fat make them the preference of many people.

Dear Larric: Should I use the services of a real estate broker in shopping for a house? I don't know if it would be advantageous to use the services of a real estate broker as there are numerous

advertisements I can use as leads. But, my father-in-law doesn't think it's advisable to be without an agent when house hunting. Can that my father-in-law has been generous enough to advance me the down payment for a house. I want to make the right decision in this case.

Dear Harriet: A good broker will give you general information about a community and specific information about schools, churches and shopping centers. He will also help you get financing and may know how to eliminate much red tape. Check the reputation of a real estate broker with your Better Business Bureau before enlisting his or her services.

Dear Larric: All items other than spot news should be in our office by noon on Friday.

HOUSE HUNTING

Dear Harriet: In most cases using a real estate broker will be to your advantage. A good real estate broker provides a clearing center for real estate brokers and his screening process will have you find a wide good choice.

A shot against cancer?

One day the scariest thing about cancer may be the needle that makes you immune to it.

The theory: build up the body's defense to fight off a disease naturally.

Dramatic research in this direction is going on right now.

Scientists are working on mechanisms to make the body reject cancer.

And the promise for the future is staggering.

Wouldn't you feel good knowing you contributed to the research?

Feel good.

Please contribute. Your dollars will help further all our cancer research.

We want to wipe out cancer in your lifetime.

Realtors realize home inspection has ethical value

A recent New Jersey Supreme Court decision has changed the long-standing common law concept of "buyer beware." No longer is the buyer's responsibility to find out for himself, but the seller and the broker are now required to disclose any defects in the property. Home inspections are now suggested to their home buyers. Home inspections are now suggested to their home buyers. Home inspections are now suggested to their home buyers.

Princeton takes lead in Ivy, 35-24, as Dartmouth jolts Harvard, 50-37

Princeton gained sole possession of first place in Springfield Ivy League basketball action by beating Brown 35-24, as Dartmouth produced the biggest upset of the season by defeating Harvard 50-37.

Dartmouth scored its first victory of the season in the upset of Harvard. The backcourt combination of Dan Gallivan and John Karp spearheaded the Dartmouth victory. Pulliam was particularly effective in the second half. Harvard's defense was not as strong as it was in the first half. Karp finished with 15 points. Gallivan had five points and four rebounds. Pulliam scored 10 points and was particularly effective in the second half. Princeton scored five points and had a good floor game.

Brown was led by the fine outside shooting of Mike Silver, who scored 10 points. Allen Herlihy worked very well in the Brown back court, he directed the attack and scored seven points. Bill Chelley was tough under the hoop, pulling in also rebounds. Doug Foreman and Courtney Bachus each played strong defense for Brown.

Colonia Stars, Summit defeated by Minutemen

The Springfield Minutemen rolled to a pair of impressive victories last week to raise their season record to 17-20. Last Wednesday evening the Minutemen topped Summit 85-50. The Springfield eighth graders defeated an all-star team from Colonia last Saturday night 75-49. In a game which was closer than the first of the season, both teams were played at the Gaudinier School in Springfield.

This weekend, the Minutemen will play a New York Academy in Livingston Friday evening and will meet a team from the Bronx on Saturday. Both games will be played by 8:30 p.m. junior center.

Springfield destroyed Summit in the opening minutes as the starting five—Mitch Toland, Craig Clineker, Ricky March, Tony Crocchi and Adam Joseph—went on a tear. The Springfield attack was led by Toland, who scored 15 points and had three rebounds. Clineker added nine points to help the attack. Toland scored 15 points and had three rebounds. Businesses are joining fight to reduce cost of electricity

Home Economists are joining a nationwide effort to reduce the cost of electricity. The effort is being led by the National Electrical Contractors Association (NECA) and the International Brotherhood of Electrical Workers (IBEW).

When it comes to using electricity, residential customers in general, and commercial customers in particular, are being urged to conserve energy. This is being done by turning off lights when not needed, using energy-efficient light bulbs, and using energy-efficient appliances.

Businesses are also being urged to conserve energy. This is being done by turning off lights when not needed, using energy-efficient light bulbs, and using energy-efficient appliances.

Town meeting

Discussed from page 11 reported that the two items at the Florence Gaudinier School will be opened for youngsters to vote on from 10 to 11 p.m. next week, when the school will be closed. She also stated that the department is working on a federal grant for a recreation center at the Baywood-Clatsop School.

Mrs. Halpoff added that a special art committee had selected a few suggestions for the painting of a mural in the newly-redecorated town hall meeting room. She also stated that the group suggested that Gaudinier School pupils construct a mobile sculpture in the town hall meeting room.

Taste Barrier Broken.

Struggle to get taste into low tar smoking ends suddenly with new 'Enriched Flavor' discovery for 9 mg. tar MERIT.

For years, dependency on tar for taste has created a taste barrier for low tar cigarettes. A limit on how good a low tar smoke could taste. Now that barrier has been broken. Broken by a remarkable cigarette called MERIT. MERIT packs a radically new 'Enriched Flavor' discovery developed after years of research by Philip Morris.

producers that are also low tar contributing. 'Enriched Flavor' was carefully developed, perfected and packed into the tobacco used to make MERIT.

The taste-test results were startling. The taste-test results were startling.

Taste Tested By People Like You. 9 mg. tar MERIT was taste tested against five current leading low tar cigarette brands ranging from 1.1 mg. to 15 mg. tar. Thousands of filter smokers were involved, smokers like yourself, all tested at home. The results were conclusive. Even if the cigarette tested had 60% more tar, a significant majority of all smokers tested reported new 'Enriched Flavor' MERIT delivered more taste. Repeat, delivered more taste. In similar tests against 11 mg. to 15 mg. menthol brands, 9 mg. tar MERIT MENTHOL performed strongly too, delivering as much - or more - taste than the higher tar brands tested. You've been smoking 'low tar, good taste' claims long enough. Now you've got the cigarette: MERIT. Incredible smoking pleasure at only 9 mg. tar. From Philip Morris.

Warning: The Surgeon-General Has Determined That Cigarette Smoking Is Dangerous to Your Health.

Washington Commemoratives on view at township library

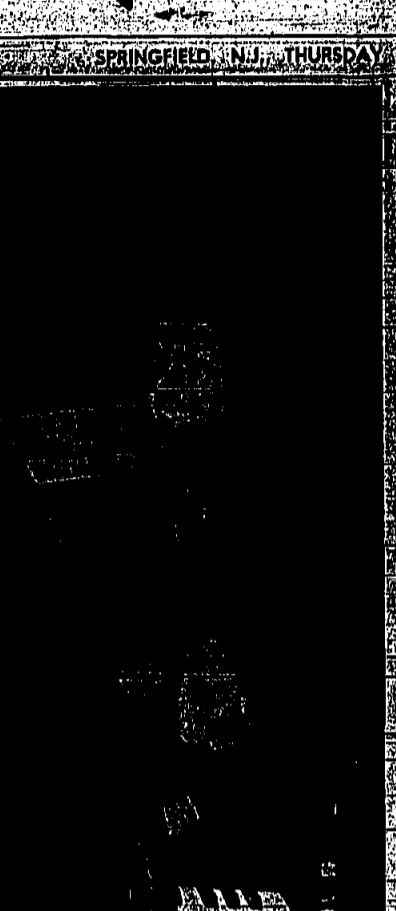

The first two pages, now on display, contain items commemorating Washington's arrival in New York and his inauguration at Federal Hall on April 30, 1789. Pages to be displayed at future dates include a series of Bicentennial-evoked and cards bearing postmarks of towns named after Washington in numerous states. One from Washington, Ga., proudly informs the world that it was the first town to issue a stamp commemorating the arrival of George Washington in December 1775. It shows her carriage and depicts the Boston custom of cooking and trumpets, including as well a star of Bethlehem and a holy wreath.

Silver Tea is set by heritage units. The Springfield Historical Society and Bicentennial Heritage Committee will sponsor a Silver Tea on Sunday from 2 to 5 p.m. at the Historic Cannon Ball House, 120 Morris Ave. in observance of George Washington's birthday. On display will be an original letter written by Washington while he had his headquarters in the township, just before the battle of Springfield, and a 1976 newspaper giving an account of his funeral.

Fund a memorial for Mrs. Powers. A memorial fund in honor of Mrs. Elizabeth Powers, principal of Springfield's James Caldwell School, who died Feb. 3, has been established by the Caldwell PTA. A committee of the PTA is soliciting contributions to the fund. Mrs. Powers died of cancer at the age of 62. She was a devoted mother and a dedicated teacher.

LWV to discuss school aid crisis. The League of Women Voters will be the subject of a unit meeting of the League of Women Voters of Union and Springfield on Monday at 7:15 p.m. at the United Methodist Church on Caldwell Avenue. The discussion will center on the present fiscal crisis, bond issues and school financing.

Principals discuss closing Walton School, alternatives

The school would also have to shift from three to four fifth periods. Mrs. Gashin declined to offer specific details of the impact of Caldwell, where she has just taken the reins. Fallon said that the Walton School could accommodate 100 students, but with some increase in class size. He said the major decision would be whether to have three or four first grades, with an anticipated 67 youngsters. An alternative could be to close the music room to provide space for a fourth first grade.
