

Social Security offering jobs

The Social Security Administration is looking for qualified people to work in its offices throughout the area, according to Robert E. Willwerth, manager of the Social Security office in Elizabeth.

"It is no longer necessary that applicants take a written examination for the professional level Claims Representative job," Willwerth said. "People will be hired based upon their educational and experience background."

"The starting salary will be about \$11,200 for these positions," Willwerth said, "and successful candidates will reach \$18,700 after three years on the job."

"If you are interested in a career of service to the public in a job that offers promotional opportunities, visit your nearest Social Security office or Federal Job Information Center by Dec. 10, and ask for details about Project CRESS. Application are available by calling 353-5319" he said.

Statewide poll finds few favor blue laws

Most New Jerseyans agree with voters in Missouri, Massachusetts and Union Counties—they do not support the "blue laws" which still require most retail stores to close on Sundays.

Voters in the three counties repealed the blue laws in the November election. The latest Eagleton Poll, conducted the last two weeks of October, found 68 percent of New Jerseyans agreed that stores should be allowed to be open on Sundays throughout the state, while 28 percent disagreed and five percent offered no opinion.

New Jerseyans put little faith in the arguments of those supporting the blue laws. By identical margins of 84 percent to 14 percent, state residents did not feel that "allowing stores to open Sundays would force small business owners out of business" and did not find persuasive the argument that "Sunday is the Sabbath for many people and retail shopping should not be permitted on a religious day."

Seventy-eight percent agreed that people should be allowed to shop on any day they want while only 23 percent disagreed. Two-thirds felt that "having stores closed on Sundays is a hardship on those unable to do their shopping during the week." While one-third did not see this as a severe hardship.

Kurt Zalkin, director of the Rutgers-based poll, commented, "People still want to be able to shop anytime they like, but with the increasing number of

women in the workforce and single-person households, Sunday shopping has become a matter of convenience for some people." People were evenly split on a related environmental issue. Half of those interviewed—48 percent—agreed that "shopping stores closed on Sunday would save energy by cutting driving," while the other half—49 percent—disagreed with this statement.

Residents of the seven counties which presently have Sunday closing laws (Bergen, Cumberland, Essex, Hudson, Morris, Somerset and Passaic) favored Sunday shopping almost as strongly as did residents of counties without the blue laws. Residents of "blue law" counties favored Sunday shopping by a margin of 87 to 28 percent with five percent undecided. Residents of counties with Sunday shopping favored

UC lists dates for spring term
 The spring semester at Union College, which is open to entering freshmen as well as returning students, will begin Jan. 28, it was announced by Dr. Leonard T. Krelman, vice-president for academic affairs.

Union College will offer some 175 credit courses in day, evening and weekend classes in its 38 programs in the arts, sciences, business, criminal justice, engineering and human services. Students may work toward the two-year associate degree and then transfer their credit to four-year colleges and universities. A recent survey of Union College graduates shows that 62 percent transfer to four-year schools.

Students enrolling at the Cranford campus may charge their tuition and fees to their Master Charge or VISA credit cards. Registration will be conducted at the Cranford campus Jan. 24 and 25. Those who wish to apply for admission by telephone may call 272-8500 or 272-8561.

Classes for the spring semester conclude on May 24.

All speakers oppose closing any schools

By SAM FINNELL
 Springfield residents turned out 100-strong at a public hearing last week to voice their concern over the possibility that a township school may be closed to accommodate a projected decline in enrollment.

While Board of Education members listened, last Wednesday, residents asked the board to consider or asked the board questions about ramifications of a closed school, such as busing problems, changes in the tax rate, class size changes and problems if population increases over the next few years.

Laura Rosenbaum, board president, said that because the board won't receive state budget cap figures until the end of the month, a decision probably won't be made until sometime in January.

Dr. Fred Baruchin, superintendent of schools, in a speech that summed up the

points raised in the hearing, told the audience that unless there is a "massive budget problem, it seems as though it would not be desirable to close a school for the next school year."

Some of the possible effects of closing a school, he said, such as larger classes, itinerant teachers and the loss in some cases of "neighborhood" schools, are not desirable.

Baruchin said that the closing of the Raymond Chisholm School a decade ago brought educational advantages, whereas the closing of a school for next year would be in response to economic concerns.

In a section of the school reorganization report titled Alternative Strategies, which was distributed at the hearing, six options, their advantages and disadvantages, are delineated.

The first option entails maintaining the status quo, which would save \$34,000 in teacher salaries, obviate the problem

of pupil relocation, but leave the board with the cost of maintaining all four schools now in operation.

Options 2 and 3 both propose to close the Edward Walton School. Option 2 would send the fourth and fifth grades to the Thelma Sandmeier School. Option 3 would send the fourth grade to Sandmeier and the fifth grade to Florence Gladstener School. Both options would mean a savings of more than \$183,004, but would increase traffic and safety problems. Also, empty space could be rented if the board insures the facility, maintains the building and the parking lot and provides heat and air conditioning. The property also could be sold.

Options 4 and 5 involve closing the James Caldwell School. Option 4 would send the kindergarten through third grade to Walton, the fourth grade to Sandmeier—and all of grade-five students from both Caldwell and Walton to Gladstener. Option 5 proposes to send kindergarten through third grade to Sandmeier and grades 4 and 5 to Walton. Although both choices would mean a savings of more than \$186,000 and include the rent-or-sell option, they would cause increased traffic and a relocation of about half of all elementary pupils.

The final option is to close down the Raymond Chisholm School building, which now houses the board offices and special classrooms. A projected savings of \$74,000 would result and the property also could be sold or rented.

One resident who said he was new to town, asked the board why no advantages for the children were listed. Dr. Thelma Sandmeier, chairperson of the reorganization committee, replied, "The omission is eloquent."

Library offers holiday punch—Friends of the Springfield Public Library will celebrate the beginning of the Hanukkah and Christmas holiday seasons with a punch bowl set up near the Circulation Desk Saturday from 11 a.m. to 3 p.m. Members of the group will serve free punch and a piece of cake to all comers. Joyce Hopkins of Public Service Electric and Gas will present a slide illustrating lectures, "Holy Days," offering menu, recipe and decorating suggestions for holiday parties in the Meeting Room at 8 tonight.

Town raises compensation insurance fee

By DANIEL P. JONES
 An emergency ordinance allocating \$40,000 of township funds for the payment of a workmen's compensation plan for employees of the municipality was unanimously passed Tuesday night by the Springfield Township Committee.

The money will be paid to the township's insurer, Home Insurance Co., through the Kalem Agency in Spritling, according to Arthur Buehrer, township clerk. The ordinance was opened to questions from the public, but no one spoke up.

In other committee action, contracts were awarded for the installation of playground equipment at the Alvin Terrace playground and Ed Ruby Field. The Rgn Shaffer Co. of Livingston will install the equipment at a cost of \$14,825, committee member William Cieri said.

Contracts were also awarded for a civil defense vehicle, waste receptacles and a recording system for Municipal Court.

The township will purchase a Ford LTD from Garden State Ford for the township's civil defense group at a cost of \$6,600.

Spruce Industries of Garwood was awarded the contract for the purchase of trash containers. The township will buy 29 containers at a cost of \$134.99 each, for a total of \$3,914.71.

The contract for the recording system to be used in Municipal Court was awarded to Magnetic Dictation Inc. of Pine Brook. The system will cost \$2,700, according to the township clerk.

Bids were received for police mobile radios, janitorial services for next year and fuel oil for next year.

Motorola Co. of Glen Rock gave the only bid on the police radios. Its figure for nine mobile radios was \$7,622. Comm-Team's Robert Walchek suggested that a police department radio expert check the bid, along with the township engineer and recommend action to the committee before the next meeting.

Lawrence Burns of Stiles Street was the only bidder for janitorial services for next year. His figure was \$7,740, the township clerk said.

Schaltel Oil Co. and Power-of-Princeton bid on the contract for heating oil, but the figures were given in different scales and the bids were turned over to Walter Kozub, the township engineer, for examination and recommendations to the committee.

The committee authorized Kozub to sign an application with the Department of Environmental Protection (DEP) for the construction

Monday visit slated for food stamp data

Marching band plans blow-out
 Members of the Jonathan Dayton Marching Band will be honored at a covered dish supper tonight at the high school. The Band Parents Organization is host at the dinner to thank the students for the hours of work which led to the band's winning the Tournament of Bands Chapter V Championship, Class I.

Guests at the dinner will be dignitaries from Mountainside, Springfield and the Regional Board of Education and administrators from the high school.

Following the dinner, the band will present its annual December concert.

Holiday deadlines
 The newspaper has instituted 5 p.m. Wednesday deadline for material intended for the Dec. 27 and Jan. 3 issues because printing schedules will be disrupted by the Christmas and New Year's holidays.

All organizational, social and other material meant for the Dec. 27 issue must be submitted by this coming Wednesday, Dec. 19, all material for Jan. 3, by Wednesday, Dec. 26.

SHOPPING TIME—Andiela Khalil, left, and Randi Eilon enjoy selecting gifts for their families at the Thelma Sandmeyer School, Springfield, holiday boutique, sponsored by the PTA. The children, students in Doris Polito's and Blanche Trester's second-grade class, were among children in the school who had the opportunity to shop for gifts by themselves so that their presents would be a secret from those who normally take them shopping. The boutique is one of several PTA fundraising projects. The funds are used in bringing cultural programs to Sandmeyer School. Madeline Zamora, second vice-president, announced that two of the programs already scheduled are the Nicola Marinovets Christmas and the New Jersey Ballet in February.

5 will perform in free concert

Newark Academy Livingston, will present its annual holiday concert free to the public Saturday at 8 p.m. Springfield members of Upper School Chorus include Jill Brenner, daughter of Dr. and Mrs. Richard Brenner, Tree Top Drive; William Chesley, son of Mr. and Mrs. William Chesley, Northview Terrace; who also plays bass and guitar in the jazz group; Sheila Wadle, daughter of Dr. and Mrs. Rudi Wadle, Herald Argyle Sing.

The children were dressed in the appropriate costume of the day. At the table, from left, are Jennifer Geiger, Patricia Weir and Gregory Henn.

Skid-crash injures driver

A 26-year-old Kearny man was injured Friday when the car he was driving swerved off Route 22 west near the Union-Springfield border and struck a tree.

William Brady, who was treated at Overlook Hospital, Summit, for hip and knee injuries, and released, told police he was traveling west on Route 22 in the left lane when a truck entered the highway from the center island.

GETTING READY—Members of Temple Sha'arey Shalom, Springfield, rehearse tonight for the celebration of Hanukkah tomorrow. Rabbi Howard Shapira will be lighting the menorah. From left, principal of the school, announced that each evening ceremony will be held at 7:30. Children's choir, from left, are Eric Luper, left, and Leslie Weinger.

Schedule published for Hanukkah period

Temple Sha'arey Shalom, Springfield, has announced the Hanukkah holiday schedule.

Rabbi Howard Shapira indicated that the holiday period will have eight days commencing at sundown tomorrow and that, on each day, a separate candle will be lit in celebration. The rabbi said, "Each candle lit adds to the strength of the Jewish people who are the survivors of many enemies over the ages."

A holiday 'gift' idea—blood donors sought

Union County residents can donate a gift of life and health for the holiday season during a special blood drive tomorrow at Red Cross headquarters, 203 West Jersey St., Elizabeth, from 12:30 p.m. until 5 p.m.

The special blood drive is an attempt to bring up the level of local donations, which have been dropping during the past two years because of resident "apathy," according to the Red Cross.

IN CONGRESS

Matthew Rinaldo

Individuals and families throughout Union County are deeply troubled over the state of the economy. Even with rising incomes, many find their purchasing power dwindling as inflation reduces the value of the dollar. For senior citizens and others on limited or fixed incomes, the soaring cost of living imposes a severe hardship.

Every analysis of inflation shows that it is closely related to energy costs. This is ominous for New Jersey and other northeastern states, which must spend

27th District

heavily on energy for water heating. Increased energy prices account for almost a third of our 13 percent inflation rate. Although our total oil imports have been reduced from last year's level, unrelenting OPEC price increases have resulted in a mounting outflow of U.S. petrodollars. Heavy dependence on foreign oil now costs America \$60 billion a year. It is the major cause of a U.S. trade deficit that weakens the dollar overseas and aggravates inflation at home.

U.S. exports have experienced a healthy increase of about 14 percent this year. Yet last month the United States suffered its 41st consecutive trade deficit, due primarily to increase in the price of imported oil.

November warmth missed record high

The Union County area enjoyed the warmest November in four years, according to the Cooperative Weather Station on Union College's Cranford campus.

In the 20-year history of the weather station, the only warmer November came in 1976. The average temperature that month was 56.7 degrees. The average for this November was 48.5 degrees, 8.2 degrees higher than normal for November.

A high of 74 degrees reached Nov. 25 marks the latest date in the month it has ever been that warm. The previous late-in-the-month high was recorded Nov. 15, 1973, when the thermometer hit 70 degrees.

The lowest November temperature this year was 23 degrees Nov. 30.

November of 1976 had the record of 14 degrees. This year has had the second highest precipitation record through November in weather station history. The 55.87 inches of rain that have fallen since Jan. 1 are second only to the 60.73 inches recorded through November 1976.

There were 15 days with measurable rainfall last month, for a total of 3.66 inches.

The average relative humidity per day was 49.7 percent, with a maximum of 78 percent recorded Nov. 10 and Nov. 26 and a minimum of 28 percent Nov. 16.

There were 15 days in November, with an average per day of 16.6 total degree days from Sept. 1 to 30, compared to 1,067.5 at this time last year.

Registration is open for ice skate courses

Registration is under way at the Warnant Ice Skating Center, Roselle, for several programs, classes in group ice skating, hockey and Girl Scout merit badge instruction will begin next month.

"We teach various aspects of ice skating—from how to wear skates to balance to crossovers and spins, which place the student at the door of figure skating," explains skating pro Ray Duman. "Every participant receives personalized attention."

Prospective students may register for specific sections according to age and skill. Classes for pre-skaters begin Wednesday, Jan. 2, at 10 a.m.; those for youth begin Wednesday, Jan. 5, at 10:30 a.m.; adult's, Thursday, Jan. 3, at 8:30 p.m.; women intermediate skaters, Tuesday, Jan. 8, at 10 a.m.; and advanced lessons, Saturday, Jan. 5, at 3:30 p.m.

Classes will continue for eight weeks. "We can be flexible in our programming," said the rink manager, Carolyn Gilbrub. "If our pre-skater section conflicts with nursery school, we can shift the class to a more convenient time."

Hockey clinics, beginning Tuesday, Jan. 18, will focus on the skills needed for "the fastest game on ice." Eight one-hour sessions will teach proper skating maneuvers and techniques, care and handling of equipment and the rules of the game.

"Class time will be divided between lessons on dribbling, passing the puck and setting up plays and scrimmages incorporating these skills in a safe game," Duman explained. Expensive equipment is not needed.

Two sessions will be held each Tuesday—at 6 p.m. for youngsters 6 to 10; at 7 p.m. for those 11 to 16.

There is no age limit for registration in Girl Scout merit badge instruction. Troop leaders can enroll their girls in lessons held each Monday, Tuesday, Thursday and Friday, at 3:30, 4:15 and 5 p.m. Classes begin Jan. 7.

Lessons will cover all facets of basic skating including balance, forward, backward and backward skating and games on skates. Each skater receives a certificate at the end of the semester. Additional information and free brochures are available by calling 241-2583.

NO PLACE FOR BOREDOM—The recreational activities of Greenbriar II center on the U.S. Home Corp. community country club complex. The clubhouse stone wood-burning fireplace, and auditorium with stage, men's and women's saunas and whirlpool bath, card and billiards rooms, staterooms, woodwork, ceramics, the kitchen, a library, a catering kitchen and the community's own closed-circuit TV system. Off Barrett Tavern road in Brick Town, Greenbriar II offers three detached home models priced from \$59,990.

Panther Valley offers 10 1/2% mortgage rate

Ample 10 1/2 percent interest rates will apply next year, he said. "Considering that it is 13 percent and still rising elsewhere, it is certainly improbable. In any case, the present 10 1/2 percent is a result of bank commitments made to us before rates went up—in a substantial amount for anyone buying a home today." Another bonus at Panther Valley, just off Exit 19 of Interstate Route 80 in Alamuch, stems from the developers' completing much of the preparatory work—roads, utilities, the security system, recreational facilities and other amenities—when costs for materials were lower and the value of the dollar higher. "It has enabled us to hold the line on prices of townhomes and single family residences, so that we are competitive with the facilities and the prestige enjoyed by residents of Panther Valley," Knoeller pointed out.

Mobile Homes at South Wind have 3 1/2% OF INSULATION IN THE WALLS AND 4 1/2" IN THE CEILING.

Facts available on organ giving

Modern science has made life possible where there was little hope before—operations like kidney transplants and cornea transplants enable some very ill people to lead new lives. If you've ever thought about donating your body or a part of your body to someone who needs a transplant after your death, you'll want to know the facts first. A free booklet from the National Institutes of Health explains what you must do and includes donor cards you can fill out. For your free copy of How to Donate the Body or Its Organs, just send a postcard to the Consumer Information Center, Dept. 589G, Pueblo, Colo. 81008.

NEW YEAR'S RESOLUTIONS

How interest is figured

By JUDITH G. RHOADES

Q. If I save "so much" money each month, how much money will I have in five, 10 or 20 years?

A. This particular question is probably on the minds of many of my readers. The answer depends on the type of savings account you have, the amount of interest paid and how the institution compounds your money.
