Condo decision upset

By VICTORIA VREELAND
 A Union County Superior Court judge has reversed the Springfield Board of Adjustment's double denial of a variance request from the Greenbriar Service Corp. to construct a five-story luxury condominium complex at Wilson and Shumaker roads.

In his ruling, Judge Milton Feller stated, "It is the opinion of this court that the granting of the variance would not be a substantial detriment to the public good nor would it impair the zone plan and zoning ordinance."

According to municipal zoning laws, buildings may be no more than two-and-a-half stories high.

The proposed application calls for 117 condominium units to be constructed on top of two floors of underground parking.

Hearings on the application were held from December 1983 to July 1984. The board narrowly denied the application in April 1984 by four members voting "yes" and three voting "no," and again that July after the case was reopened for testimony from an additional witness.

A majority of five votes from the seven-member board is required to grant a variance.

In its appeal, Greenbriar charged the board acted, "arbitrarily, unreasonably and capriciously" in denying the application.

During the hearings, board members challenged Greenbriar's position that the condominiums would provide housing for retiring Springfield seniors, you wouldn't be building something as affluent or elegant as this," stated William Halpin, current board chairman.

Residents in the surrounding neighborhood, particularly those in Baltusrol Way, turned out at many of the hearings to object to the proposed construction. They objected chiefly to the destruction of their view, an increase in traffic and possible detrimental effects from blasting at the site.

Halpin, who served on the board for nine years, said he was surprised by the decision, but added, "We've been surprised before." Halpin said the board will discuss the ruling at its meeting May 21.

According to Yale Greenspon, who represented the board in the Greenbriar matter, Feller's decision can be appealed.

Greenbriar witnesses were questioned by board members as to why the site could not be developed with garden apartments, which are within the zoning regulations.

Robert Newman, a builder, testified, "You can't tear away half of that mountain and build two-and-a-half stories and make it economically feasible."

Newman's testimony, along with other experts who testified that the "unique" topography of the land caused special developing problems, apparently convinced Feller the Greenbriar Service Corp. faced an "undue hardship."

According to the proposal, no one under 18 years of age will be allowed to reside at the complex. Richard Bottelli, an architect, testified the age limit would reduce the tax burden on the municipality for providing education. Bottelli is currently contracted by the township to design plans for remodeling the municipal building and the Raymond Chisholm School.

In his decision, Feller said the township's special reason presented by the plaintiff was "to prevent... degradation of the environment through improper use of land." (NJSA 40:55D-21.1).

"The proposal would prevent the degradation of the environment; it would leave much of the site intact, two-thirds of the vegetation would remain, and the building itself would conform to the natural setting of the mountain by, in effect, wrapping itself around the summit," he wrote.

Feller, who made a personal inspection of the site, noted, "The proposal would not be visible from the residences on Baltusrol Way."

Experts also testified that since the site was unique, it would not set a precedent for other mid-rise structures in Springfield.

Other features which apparently swayed the judge included private trash collection, 24-hour fire security, and a 100 percent fire-sprinkler system equipped with an emergency generator.

Feller also noted testimony from a traffic engineer who stated that the traffic increase projected from the complex would be "minimal," or a 4 to 5 percent increase.

Although a number of witnesses objected to the application, Feller said the board did not present expert testimony to "refute the extensive testimony submitted by plaintiff's expert witnesses."

Retrial bid denied

By TIMOTHY OWENS
 A motion to reopen a case against two teachers accused of allegedly assaulting a sixth-grade student at Florence M. Gaudineer School in February was rejected by a Summit Municipal Court judge Monday.

Judge Russell Huizler denied a motion filed by Donald Rinaldo, attorney for Sue DiNorscio, the plaintiff, that the case against the teachers, Joseph Blanda and Jo Ann Walde, be reopened. The case was originally heard April 15, but Huizler dismissed the charges when Rinaldo failed to appear for that court date.

The judge said that there was "no justification for Mr. Rinaldo not appearing April 15."

Blanda, represented by attorney Richard Ulan, and Pieper, represented by Stephen Kleiser, originally pleaded not guilty to the assault charges in Springfield Municipal Court before the case was transferred to Summit. In her

complaint, DiNorscio charged that the teachers assaulted her son at the school in several instances.

Ulan, who called the original charges "groundless," argued that reopening the case would harm the reputations of the teachers. The judge agreed, noting that the case could cause a "great deal of anxiety" for the teachers.

"This type of case is one, in that in all likelihood, would not have terribly onerous ramifications in terms of a fine," but the "charges" and the reputations of the teachers would far outweigh any penalty I could impose (should they be found guilty)," the judge said.

Incidentally, Rinaldo also did not appear Monday. Arguing his case was attorney Louis Minotti. He submitted an affidavit from Rinaldo's secretary, Katherine Walde, in which she stated the failure to appear stemmed from a problem in communication between (Continued on page 3)

BEST WISHES TO MOM are expressed by Gina Sarracino in this drawing. Gina is in the fourth grade at St. James School.

Children think Mom is tops

Pupils at St. James School Springfield honored their mothers for their day Sunday by writing these letters of love and appreciation.

The thing my mom does best for me is she loves me. When the whole world is mad at me she is the only one who hugs me. Even though she gets angry with me, it's only to make me a better person. When I am not able to deliver my papers, she will do it for me. It's not only delivering papers, but it is true love. She always tries her best for me. When she hugs me that makes me feel loved. When she says, "Jay, you did good," it makes me feel great. Writing this paragraph makes me realize what she does for me and how much I take her for granted. If I had a chance to pick any mother in the world, I would pick mine because no one can love me more than her, except God.

By TARA MC GANN Grade 7

If my mom's picture is ever on a magazine cover, I think it would be "Family Circle," because she really is a great mother and knows how to take care of a family. She always takes care of me, my sister, and sometimes even my dad.

In my family, my mom is the one that is always there, ready to help out no matter what. If someone in our family is sick, she'll stay home to take care for them. If someone has a problem, she'll be ready to talk about it, and along with my dad, is the most important part. She can give love to our whole happy family, something absolutely nobody else can do.

By ERIC GRUSZECKI Grade 7

My mom's the greatest because she treats us nicely. She's always at my baseball games, she mostly makes my favorite dinner and lets me help her cook it, and a lot of other things. Mommy's always good to us, but the thing I like best about her is that she always helps us if we're in trouble, and I think she is the greatest and she's No. 1 out of all mom's I ever knew. You might say she's iffy, sometimes, but it's for our own good. She has a good day every day and that's why I think she should be head of Woman's Day Magazine, because she is what I think a mom should be.

You're great Mommy!

By ROBIN O'BRIEN Grade 2

Well, for one thing, she cares about me. She's not the kind who stays glued to the television! She's the kind that you can play a game of cards with, and she won't complain unless it's not the time to play a game, or something. I really love her! She should be No. 1 on the mother's chart for 40 weeks. If there were a mother's chart, I could cook really well. She likes reading books, and so do I. She lets me play her old records, too. Yes, I really like my mother. Besides, she's different.

By THOMAS TRUBER OWENI Grade 3

If my mom's picture is ever on a magazine cover, I think it would be "Good Housekeeping." She keeps our house so clean, it looks like a professional house cleaner did it. When my mom cleans the house, she leaves it spotless. When we make a mess, my mom goes and cleans it up. When there is a pile of dirty clothes to be washed, my mom washes them right away until there are no more clothes that washing to do. And we wonder why she is so tired when we get home!

Dem hopefuls coming to township

Springfield Democratic Committee Chairman Mike Alper announced that he will not debate the upcoming elections in 1985, but will hold gubernatorial elections in 1985, which is a most difficult time to generate voter interest, especially in a township that has a large number of absentee voters. Alper said there is too much time to lose in preparing for the 1985 elections. He said the township is currently holding a "Dem Day" on May 14, which is a "Dem Day" for the township. Alper said he will be holding a "Dem Day" on May 14, which is a "Dem Day" for the township. Alper said he will be holding a "Dem Day" on May 14, which is a "Dem Day" for the township.

Dietz honored

Joseph M. Dietz, C.B.C., president of J.M. Kessler Advertising, Newark, was recently nominated by the New Jersey Chapter of the Business/Professional Advertising Association (B/PAA) to be a candidate for the 1985 G.D. Crain Jr. Award.

This national award, which is presented at the B/PAA International annual conference in June, honors a few industrial advertising practitioners who have made important contributions to B/PAA and to the business-to-business advertising profession. The 18 previous winners of the award have been selected from three major segments of the industry: advertising agencies, corporate communications staffs and trade media publication companies.

Dietz's nomination for this distinguished award marks the first time the New Jersey chapter has made a unanimous recommendation.

Dietz joined the Kessler agency in 1956 and became its president in 1964. He is listed in Who's Who in Advertising. In 1979 he was named New Jersey's Advertising Executive of the Year. He served as the NJ B/PAA president for several years. He is a vice president of the League of Advertising Agencies. A graduate of Amherst College, Dietz has been a resident of Mountainside since 1956.

JOSEPH DIETZ — left, receives Award of Merit from Ron Coleman, right, national director of B/PAA.

Library planning events

The Children's Department of the Springfield Public Library has scheduled a free after-school movie show Wednesday, from 3:30 to 4:30 p.m., with live and recorded films. The films to be shown through the "Give Me a Sign" and "Sign of Sharing," both of which are singing and vocalized motion pictures, and "Pirno," the story of a matrioshka. An old favorite, "Ira Sleeps Over," is also scheduled. All the films for this program will use sign language as well as a regular soundtrack and are especially planned for hearing-impaired children.

Another free children's movie program is scheduled Saturday—"Veveiten Rabbit," the story of a little boy who loses his toy rabbit, "Cow On the Moon," about a girl who finds a novel way to get even with a pestering playmate and "Miss Nelson Is Missing," about a teacher who disappears. The films are suitable for ages 4 to 10. Youngsters should be accompanied by an adult.

A craft hour is planned for May 22, 3:30 to 4:30 p.m. Children ages 4 to 10 are welcome. Participants may register at the Circulation Desk in the Children's Department.

The Children's Department has also planned a four-week story hour session for the 2- to 5-year-olds, beginning May 24, and continuing May 31, June 7 and June 14. The time for the story hour is 10:30 to 11 a.m. A parent must accompany the child and mothers are requested not to bring other siblings to the library on story hour days. Children may be registered by calling 307, "Reservations at 274-8300 Monday, Tuesday or Thursday noon to 5 p.m., or Tuesday or Friday 10 a.m. to 5 p.m."

The friends of the Springfield Public Library are planning an all-day trip to the Sleepy Hollow Restorations in the Tarrytown, N.Y. area May 28. Proceeds from the trip, which will include lunch, will help to purchase more books for the library.

The bus will leave from in front of the library at 8:30 a.m. May 28 and will return at 6 p.m. The price for the complete trip is \$35 of which \$5 is tax deductible. Reservations can be arranged by calling Ethel Baker at 376-2377, or Marie Green at 276-7358.

Library cited as regional member

The Springfield Public Library has been named as a member of the Union-Middlesex Library Cooperative, the first to be established in New Jersey. She joined the cooperative with an estimated price of \$8,000. Judith Blijstein, president of the library's board of trustees, and Irma Wetzstein, secretary of the board of trustees, were instrumental in the cooperative's recognition of the Springfield Library as being the first library in the state to become a member of a Regional Library Cooperative and honoring it for its cooperative spirit and leadership.

Wetzer also commended Josephs and other members of the planning committee for completing a demanding task in the development and establishment of a library cooperative, noting that it will provide all residents with greater access to materials and resources from all types of libraries and will assist libraries in their response to the increasingly diverse informational needs of library users.

At a recent meeting at Woodbridge Public Library, Barbara Weaver, state librarian, certified the Springfield Library as a member of the Union-Middlesex Library Cooperative.

The Springfield Public Library is a part of the regional cooperative, which includes Middlesex County, Cymbia Josephs, director of the Springfield Library, was chosen to head the committee which is developing the plan for the operation of the Union-Middlesex Region.

lights, emergency lights, exterior reach a final staff size total by June 1, however, the deployment of the staff members remains a management prerogative thereafter.

The board also discussed other items that will appear on the agenda of Monday's regular meeting including changing the 1984-85 school calendar to add a half day for students and a full day for staff June 24 to comply with the state required minimum of 180 school days. According to Baruchin, the extra day is necessary because schools were closed for two snow days and election day.

In other business, the board approved a contract agreement with Y.H. Cheung AIA, Inc. at a fee of \$9,300 for architect/engineer services for all plans, specifications and inspections necessary to complete capital outlay work at Caldwell, including exit lights, emergency lights, smoke detector, systems, three outlets/classroom, exterior lighting, handicapped facilities, and four substantial classrooms, and the design of a new playground and arrangements for paving of a parking lot. At Sandeimer, the contract calls for exit

lights, emergency lights, exterior lighting, handicapped facilities and two substantial classrooms; and at Sandeimer, exterior lighting and paving of the front walk.

The board also heard from Gaudinere, Principal Helene Kosloski, who described the school's newly devised discipline code. The code of behavior, which was drawn up by a committee of teachers, will be outlined to the students Tuesday, and go into effect one week later, she said. She characterized the period between now and the end of the school year as "a trial run" before the code is formally incorporated in a booklet that all Gaudinere students will receive in September. The code bans " foul language," "boisterous behavior," and the "disruption" of classes. It also says that no student will be allowed inside the school before 8:20 a.m. without a pass.

Group will meet

The Ladies Evening Group of the First Presbyterian Church, Springfield, will meet Wednesday at 8:15 p.m. in the parish house on Church Hill. Robert Halsey will present a slide program, "The Four Corners."

The Springfield Historical Society's sixth annual flea market will take place June 9, 10 a.m. to 5 p.m. in the parking lot of 150 Morris Ave. and at the adjacent Historic Cannon Ball House and its Red Barn, 126 Morris Ave.

Chairwoman June DeFino announced that the flea market would include a variety of new and used items as well as a book sale and a selection of homemade cakes, pies and cookies. DeFino is offering contracts for a minimal fee for parking lot spaces of approximately 18 by 18 feet to interested individuals and organizations.

Further information is available from DeFino, 376-7523, or committee members Catherine Sless, 376-1343; Mildred Levens, 376-2518; or Madeleine Lancaster, 467-3580.

the lawyer's office and the Summit court clerk's office. She said she was asked to request an adjournment for Rinaldo who notified her he would be tied up in court for the morning. She said she was assured by Summit municipal officials that the adjournment had been granted.

Holizer rejected that evidence, noting that in a letter he had sent to the parties in the case March 28 granting an adjournment from April 3 to April 15, the sentence "There will be to further adjournments," was typed in all capital letters, "it would stand out," the judge said.

Rinaldo has 10 days from the signing of the judge's order to file an appeal.

In another development in the case, Springfield Board of Education Attorney Yale Greenspoon appeared to request that the judge order that Rinaldo be made financially responsible for the teachers' legal fees as well as Greenspoon's fees and the cost of hiring substitutes to cover for the defendants and teachers who were scheduled to testify April 15. Greenspoon told the judge the costs totalled "more than \$1,000."

The judge reserved a decision on Greenspoon's request, asking that the board attorney furnish him with further citations of case law within 10 days.

Time to heal

For the last decade, Americans have been groping for a way to sort out their thoughts and feelings about a war that they've never really been able to understand. The process of coming to grips with the Vietnam War has shaken the collective psyche of the nation to its very roots.

The problem was, even when the war was over, it wouldn't go away. The ambiguity that characterized our feelings about Vietnam distorted our feelings about the men who fought in its trenches.

Instead of blaming the architects responsible for our foreign policy mistakes, many Americans unwittingly chose to focus all their resentment against the masons. In place of parades, the returning veterans were often greeted with jeers.

The tragedy of the war was followed by a social tragedy of devastating proportions: marriages were ruined, households divided and value systems torn asunder to the point that many veterans were driven to alcoholism or drug dependency, and in 45,000 cases, suicide.

There are signs, at least, that America may finally be giving the Vietnam veteran his due. With the dedication of the Vietnam Veterans Memorial in Washington, D.C., two years ago, built and paid for largely by the veterans themselves without government support, a powerful and stirring symbol was established which marked the turning point in the struggle of veterans to gain national acceptance.

The fanfare is important and has its place, but the work needed to heal the wounds of the Vietnam War has just begun. Symbolic progress has been made in recognizing the contributions of the Vietnam veteran; what remains is the need for substantive action in a number of areas.

Lastly, the public must continue to exert pressure on elected officials and Congressmen to call on the Vietnamese government to immediately release all 2,470 American servicemen and civilians still listed as Prisoners of War (POWs) or Missing in Action (MIAs) in Southeast Asia.

Nation must remember 'a vet is a vet'

BY CHARLES E. JOECKEL JR. Ten years after the fall of Saigon and the capitulation of South Vietnam, old questions have resurfaced that continue to beg answers. Like other veterans of that war, those questions aren't new to me.

There's a real problem, though, in seeking the answers to questions generated by one of America's wars without considering the nation's entire history of warfare. More importantly, Vietnam veterans are not well-served by the single-minded analysis of their special service and sacrifice to the exclusion of all of this nation's military veterans.

Charles E. Joekel Jr. is the national director of Services for the Disabled American Veterans. The author lost both legs in Vietnam during an enemy attack that threatened to wipe out his entire company of Marines. In spite of his massive injuries, Joekel is credited with directing close-air support that subsequently saved many of his fellow Marines' lives and for which he was awarded the Silver Star.

generation of veterans are a unique group of veterans. But the problems and personal strife of Vietnam, as a group, may not be divorced from the problems and personal strife of their fellow veterans: the men and women who wore the nation's uniform in the World Wars or Korea, or, most recently, Grenada and Lebanon.

For many Americans, this is a difficult notion to accept. They look to the heroes of World War II and wonder where the similarities exist with veterans that they falsely categorized as the adolescent drug users of Vietnam.

Charles E. Joekel Jr. is the national director of Services for the Disabled American Veterans. The author lost both legs in Vietnam during an enemy attack that threatened to wipe out his entire company of Marines. In spite of his massive injuries, Joekel is credited with directing close-air support that subsequently saved many of his fellow Marines' lives and for which he was awarded the Silver Star.

Each generation of veterans has had their differences, one with the other. And each generation of veterans brings their own special insight to the task of preserving America's national system of health care for disabled vets. But underlying all is the notion that America's—without qualification or exception—has a duty to the men and women who've fought and were disabled in America's wars. The only thing, really, that separates this generation of veterans is their generation of veterans is their generation of veterans.

Letters to the editor

Facts were 'fairly presented'

I would like to thank the Springfield Leader for its reporting of the alleged assault at the Gaudinier School on Feb. 2. Contrary to Mr. Sarro's letter of May 2, I feel the Leader has fulfilled its obligation to its readers by fairly presenting the facts as known regarding the incident.

Searching for causes of mental illness

The following are reviews of books currently available at the Springfield Public Library. "THE DISABLED REVOLUTION: The Broken Brain" by Nancy C. Anderson, M.D., Ph.D. All psychiatry becomes in biological terms, and not to "troubled mind" Dr. Anderson devotes much time to explore the structure of that extraordinary organ, with its numerous systems, which she also analyzes.

PORTRAIT OF MY FATHER "Home Before Dark," by Susan Cheever. Drawing from her own life, family, friends, letters and journals, the author reports on the history of mental illness and the three competing models of the condition (psychodynamic, biological, and biological), their creators, the causes and methods of treatment, and the four major syndromes (affective disorder, schizophrenia, anxiety disorders, and dementia).

The American Lung Association of Central New Jersey and TV-36 are co-producing a six week Freedom From Smoking Clinic. The goal of this combined effort is to get the five-town community served by TV-36—Springfield, Berkeley Heights, Millburn, New Providence and Summit—involved in a quit smoking effort.

Finally at his own home in Ossining, Susan Cheever tells about her family life as children (she had two brothers) of her parents (though not married), of her father's travels and friends, and her intellectual relationship with her father. She describes her father's infidelities, his alcoholism and his conquest of it, his last days (he died in 1982), and his literary achievements.

Women receiving the T.W.I.N. Award become part of the Career Options Unlimited program of the YWCA, sharing their knowledge and experience with area students and women at career awareness sessions and job fairs. They are also invited to join the T.W.I.N. Management Forum, a support network for career development. Honorary chairman for the 1985 T.W.I.N. project is William Kastner, director of Springfield Technology Systems. The center has two 1985 T.W.I.N. Board seeks funds for rape center

At the last meeting of the Union County Advisory Board on the Status of Women, the membership agreed to urge the Joint Appropriations Committee of the New Jersey Legislature to vote "yes" on Assemblyman Bob Franks' resolution to establish a \$500,000 yearly line item in the state budget to fund rape crisis centers throughout the state.

Administered by the Department of Health, the funds would be in the form of federal block grants, with counties being expected to come up with 10 percent matching funds.

Sandy Flack, head of Union County's rape crisis center, said that it is currently short \$65,000 of its annual budget of \$75,000 for the coming year. The center is presently surviving on \$10,000 given to them by the mental health division of a Social Services Block Grant.

She emphasized that such hit-and-miss support cannot sustain the center for very long, and that it was imperative that a line item be included in the county budget for rape crisis so that funding would be

Barbara Pratt, Research and Development manager, who was cited for her development of a mobile research lab and a patent for cargo containers.

Among the other T.W.I.N. honorees from Union County firms are Denise E. Maleska, executive director of Human Resources, planning and direction of the Pharmaceutical Division's human resources activities at CIBA-GEIGY in Summit, and Linda Glascoffe of Rahway, Information and Contrast Manager for Cosmair Inc. in Clark, maintenance and allocation of

mandatory, no more laws would be required.

Flack and Chairwoman Betty Coy agreed that because Union County is the only county in the state not to have a fully funded rape crisis center, it was a top priority for women, cutting across party and ideological lines.

In other business, a questionnaire was drafted to explore the child care needs of county employees. It will be distributed to them in their paychecks.

Vets criticize Reagan

In a letter to President Reagan, National Commander David J. Zielinski of the Catholic War Veterans of the United States of America, decried the wreath laying ceremony Sunday by the president at the German cemetery in Hilberg, during his European trip, according to Chester J. Silk of Union, director of Public Relations for the state chapter.

A part of the trip coincides with the 40th anniversary of the German surrender to the Allied Forces.

"Mr. President, we of the Catholic War Veterans of the United States of America appeal to you to forego any public demonstration on your part to pay homage in honoring the members of the German Armed Forces who fought to destroy humanity and freedom throughout the world," the national commander wrote.

Dear Car Buyer.

Too often we have customers tell us about their unpleasant experiences of shopping for a car at a "volume" or "highway" dealership. They say that low price is what they wanted and thought that the larger dealers would give the better price. Unfortunately, they find that until they finally haggle for that price, the pleasure of car shopping becomes a hassle. And the price they get was not for the car they originally wanted or saw advertised.

IF YOUR CAR SHOPPING IS TURNING INTO A FIT & FIGHT GAME, IRVINGTON CHRYSLER PLYMOUTH HAS A SUGGESTION

Come to our showroom at 817 Springfield Ave., Irvington and see the difference between dealers. While low price is extremely important, it's not the only thing to consider when you make your car purchase.

At IRVINGTON CHRYSLER PLYMOUTH you get more than our great low price. Our professionals are committed to giving the public the best car, the best protection and the best, courteous service. It's a commitment shared by everyone in our dealership. You'll feel and appreciate the difference.

Our smaller, "low overhead" dealership actually saves you more money. We don't bounce you around from salesperson to salesperson confirming equipment options and costs. We don't make promises that can't be honored, like delivery dates or finance and leasing rates. And we want and timetable you with quick sales talk. We want you to get the car you want and be comfortable while you decide. After the sale, our SERVICE DEPARTMENT is always available without making you wait 2-3 weeks for service.

Bring us any advertised deal... and in our comfortable showroom and relaxed atmosphere we'll discuss how to make even that deal a better one here at IRVINGTON CHRYSLER PLYMOUTH.

We want your business. We want your friendship. We want to grow... and by doing more for you now, we know you'll be back again.

Thank you,
Dallas Farnsworth

MAKING AN IMPRESSION—Three inmates who recently spent time at the Union County Jail, Elizabeth, left a lasting impression on the facility — something that both inmates and corrections personnel will be able to enjoy for years to come. This mural of the American flag, embellished with the logos of the Union County Department of Public Safety and Policemen's Benevolent Association Local 197 was handpainted on the facility's dining room wall by Charles W. Dridson and Keith Jarmon of Plainfield and Thomas R. Masterson of Clark. The project, which took about a month to complete, was supervised by Corrections Officer Harry Williams.

Peace site to be dedicated Sunday

The Unitarian Church, Summit, will be dedicated as a "Peace Site" Sunday at 10 a.m.

A number of religious and community organizations, including the Unitarian-Universalist Association, the American Friends Service Committee, the Union of American Hebrew Congregations, the Roman Catholic Diocese of Newark, United Presbyterian Church, YWCA, S.A.N.E., and others have been working both here and abroad to establish peace sites as a focus for those who hunger for viable alternatives to violence and militarism as the only methods of solving international disputes.

A featured speaker of the dedication ceremony will be Nancy Frommelt, sisters of St. Francis, Dubuque, Iowa, a member of Global Public Relations Associates of East Orange. She is a college teacher and leader of workshops relating to world order and security alternatives. Frommelt holds a master's degree in European History from the University of Iowa, and was the recipient of grants from the University of Hawaii and Loyola University of Chicago. The theme of her talk will be based on a saying of Confucius: "Unless we change our direction, we shall end up where we are going."

The peace site movement will be discussed by its founder and coordinator, Louis Kousin, a retired public relations specialist for non-profit organizations, whose column "Brotherhood every day" was nominated for a Pulitzer Prize in 1968, and won the Mass Media Award for the National Conference of Christians and Jews.

Kousin will present a symbolic plaque designating the Unitarian Church in Summit as a peace site to the Rev. Jan Vickery Knox, minister.

A special program of choir and organ music for the occasion is being planned by Music Director and Organist Kenneth Hopper.

6 firms eye bids for resource plant

Six experienced resource recovery firms will soon be submitting proposals to Union County to construct a waste-to-energy plant in Rahway to process the county's solid waste.

"The results of the evaluation of the firms' qualifications were announced by Louis J. Coletti, Union County manager, who said that companies from all over the United States submitted their qualifications to the county for evaluation.

The firms who were evaluated on technical and financial criteria are American REF-FUEL of Houston, Texas; Mount Energy Resources, Inc. of Livingston; Riley Stoker Corp./Research-Cottrell, Inc. of Somerville; Signal RESCO of Hampton, N.H., and Ogden Martin Systems of Paramus.

"The firms were determined eligible to undertake the project by a panel of the county's environmental engineering staff and resource recovery consultants. This same group will draft the requests for proposals," said Paul J. O'Keefe, a member of the Union County Board of Chosen Freeholders who acts as liaison to the county's Solid Waste Advisory Council. "Each of the firms submitting their qualifications were evaluated on demonstrated technical expertise in building and operating resource recovery plants and on an outline of each firm's financial data."

Each of the six eligible companies has a license for technology used in a waste-to-energy plant which has been in commercial operation for at least two years.

It is estimated the plant will cost \$150 to \$180 million to construct. Once in operation, it would burn about 1,200 tons of waste per day.

New Japanese 'Super Pill' Insures Rapid Weight-Loss

No Dieting — Eat All You Want, Pill Does All The Work

BEVERLY HILLS, CA — An exciting new "all natural" weight-loss "Super" Pill developed by the JMA (Japanese Medical Association) has just been approved for distribution in the United States. Reportedly, it can guarantee that you will lose more than a pound a day without dieting, from the very first day until you reach your ideal weight and figure. News of this "Super" Pill is literally sweeping the country. It's called **Amilol** and there has never been anything quite like it before.

"Flashin Calories Right Out Of Your Body"

What makes Amilol so thrilling and unique is its reported ability to flush calories right out of your body. Amilol is completely safe, it contains no drugs whatsoever. Its ingredients are derived solely from the Konjac root which grows primarily in Northern Japan.

Why the Konjac root? It has been used in Japan for over 1600 years to produce rapid slimming effects. Japanese studies verify that Konjac root actually prevents fat producing calories from being absorbed into your system. They say it does this by surrounding much of the fat, proteins and starches you eat with a protective coating which prevents them from being absorbed into your system. And that's why you can enjoy your favorite foods without gaining weight!

TOWN RECORD SETTER—Liz Pabst, a junior at Jonathan Dayton Regional High School, set two marks at last weekend's Springfield Junior Olympics. She broke her own mark in the quarter mile, then ran the mile in a new town record time of 5:54.

Pabst sets records at town Olympics

Liz Pabst was the star of the show last Saturday's 20th annual Springfield Junior Olympics at Meisel Field. An hour after lowering her own town record for the quarter mile (1:58), she broke the town mark for the mile for 13-year-old girls, set by Tracy Biber three years ago.

She had missed the record by two seconds last year, but this time ran a perfectly paced race on the Meisel oval in a record time of 5:54. The Dayton Regional High School junior is a state class runner with numerous records and championships.

Ryan Feely, 11 years old, also made an impact on the meet by tying the 20-year record for the half mile, set by Thomas Ard in 1977 with 2:30.

Other results saw Susan Werner win three gold medals in the Midget Girls division, taking first in the 50, half mile and high jump. Her half mile time of 5:02 has been bested once in 20 years, and that by Pabst.

Anna Dobeck missed Danielle DiPalma's mark for the half mile by one second in the Bantam Girls. Ryan Huber also missed the record by a second. Huber did win the long jump, just beating Patrick Reddington.

Kamal Brown won both the long and high jump, but Peter Kuenzel edged him by three-tenths of a second in the 100. Leslie Schwartzbeck also won twice, taking the 50 and 100 runs in Bantam Girls, but her bid for a triple fell short in the long jump by two inches, which Julie Adler won.

Total results are as follows: Junior boys-100: Tom Miskewitz (12:75), Greg Gomez and Brian Tellebaum. Quarter mile: Danny LaMorges (1:10), Tom Miskewitz and David Schlosser. Mile: David Brooks (7:30), Eric Grzeszcki and Chris Spirito. Long jump: Brian Tellebaum (13-10 1/4), Greg Gomez and Dan LaMorges. High jump: Scott Leonard (4-6), Tom Miskewitz and Brian Tellebaum. Shot put: Bryan Rubin (29-11 1/4), Chris Spirito

LaMorges homers lead Elks

Top individual performances highlighted the first week of play in the Springfield Junior Baseball League.

Orioles win opener in Mountainside LL

The 32nd season of the Mountainside Little League got underway this past week with several outstanding individual performances, but with team balance predominating.

Ryan Driscoll drove home six runs with a home run and a double in the eighth inning. Chris Swanson also homered and pitched the final three frames for the winners. David Wickham tripled and Jay Desal doubled for the other Elks hits. For

Angels scored eight times in the first inning and held on to beat the Yankees, 8-5. The Angels got their hits from Jamie Kupperman, Brent Rausche and Kevin Sauer. Ryan Davis, Scott Driscoll and Alan Kennedy led the Yankee hitters: Jason Davis and Eric Serio combined for a double and a triple.

The Brewers downed the Indians, 3-1, behind the combined three-hit pitching of Anthony Caprigione and Brian Anderson. Caprigione also drove in two runs with singles and Anderson added a double and triple.

The Angels did come back to beat Carter Bell, 5-2, as Art Carver hit two homers and pitched well. John LePore also homered and pitched well. Murphy and LaLevee had the hits for the Angels.

Yankees came back to score four times in the last inning and nip the Yankees, 6-5. Alexis Walters, Brande Aylward, Jim Foraker and David Santos sparked the winners' offense with a triple and a double.

Applications are now being accepted for the Springfield Recreation Department's summer tennis program.

The 1985 Mountainside men's softball league opened last week the same way the previous season ended: with Patrick's Clouters beating Video Junction.

The Clouters, again considered the team to beat this season, rolled to a 13-2 victory in the season opener.

Notable results from the first two games: Patrick Reddington (7-53), Christian Gomez and Brian Costello. 100: Patrick Reddington (14-63), Ryan Huber (16-11), Patrick Reddington and Christian Gomez.

Bantam girls-50: Leslie Schwartzbeck (8-90), Anna Dobeck and Jamie Feely. 100: Leslie Schwartzbeck, Anna Dobeck and Tanya DeTone. Half mile: Anna Dobeck (3:23), Debbie Netchert and Tracy DeNicolis. Long jump: Julie Adler (8-4 1/2), Leslie Schwartzbeck and Traci Calabrese.

Three locals in UCT advance

They are now down to the final eight teams in the 1985 Union County girls softball tournament, and three local teams: top seed Union, second seed Roselle Park and sixth seed Dayton Regional, are seeking berths in the semifinals to be played tomorrow at Memorial Field in Linden.

Union will host Scotch Plains in one quarterfinal game this Saturday, while Governor Livingston is at Roselle Park and Dayton is at Westfield. All three games are at 10:30 a.m., along with Johnson Regional at Cranford (with the winner meeting the Union-Scotch Plains victor).

The Dayton-Westfield matchup provides plenty of interest, since it was these two teams that met for the county title last year, with Westfield winning, 4-1. As it was last year, it will be a confrontation of two outstanding pitchers in Dayton's Sharon Kutsop and Westfield's Nancy Kasko.

Dayton advanced to Saturday with a 15-0 rout of Elizabeth as Kutsop fired a one-hitter and Suzanne Crane doubled in two runs and scored a third with a sacrifice fly. Westfield advanced by beating Linden, 20-0, as Kasko tossed a no-hitter, combining with Elise Finelli.

In other first round action last week, Union belted Mother Seton, 19-0, as Andrea Peters and Lisa Morelli combined on a one-hitter. Roselle also smacked a two-run homer, while Kim Miller drove in five runs with three hits and Julie Brzezinski had two triples.

Roselle Park had the toughest struggle in the first round, edging past Summit, 2-1. Merrily Day's sacrifice fly in the seventh scored Carolyn Hazlehurst with the winning run as the Pink Panthers overcame a 1-0 deficit. Diane Casmeyer singled in the other RP run. Lisa Dragon allowed just three hits, with the lone Summit run coming on a base-full walk in the third.

Also, Cranford ripped Roselle Catholic, 9-1. Scotch Plains edged Rahway, 5-4. Governor Livingston whipped Brearley, 16-1 and Johnson got past Union Catholic, 6-5.

The other top game came this past Monday, when Union rallied from a 4-2 deficit to defeat Roselle Park, 5-4, in what could be a preview of the UCT finals later this month. UHS took an early 2-0 lead with single runs in the first and second innings, but two errors led to four unearned runs for Park and a 4-2 lead. But in the fifth, Brzezinski slammed a two-run homer to left to tie it and Miller

tripled and scored on Rosellary and Degliano's single for the tying run. Peters fired a three-hitter in outdueling Dragon.

But all teams will be busy this week as they make one final attempt to salvage in-season or qualify for the state playoffs, with the deadline being tomorrow.

Union met Cranford yesterday and will play at Union Catholic tomorrow and Millburn this Monday, followed by a home game next Wednesday against Linden.

Dayton met Ridge this past Tuesday and will be at Roselle Catholic today and New Providence this Monday before hosting Johnson on Tuesday. As for Brearley, they played at St. Mary's last Tuesday.

Bontempo paces Locust wins

Joe Bontempo had eight hits in nine at bats, including a homer, to buck winning pitcher Tony Klutkowski as Locust Inn won two games from R.C. Carpet, 16-15 and 2-6, last week in the Linden Sunday Morning Softball League.

Two other teams scored sweeps. The Meat Vikings won 2-0 and 15-4 decisions from Old Corner Inn as Dean Ferraro won both mound decisions. Also, Bob Hemingway won twice as Towne Tavern took 11-7 and 13-9 wins from Dew's Tavern.

Finally, John Meszek pitched a two-hitter and Bob Howlett cracked a grand slam homer as Midtown Tavern blanked WSC, 6-0, in the first game. But WSC won the nightcap, 8-7.

GOLF TOURNEY AROUND THE CORNER—The Township of Union Chamber of Commerce is getting ready for its annual golf tournament June 3 at Suburban Golf Club. Among those preparing for the event are, standing from left to right, James Tino of Mulli Chevrolet; Merrill Howe of Franklin State Bank and Stephen Hehl and David Conlon, attorneys. Seated in the car are Fred Giordano of Maplecrest Lincoln-Mercury and Elizabeth Bataille of the Cornell Hall Convalescent Center.

UHS, RP golfers reach states

Union's golf team improved its record to 10-5 last week and have now won five straight matches. The mark enabled coach Nick Nugent's team to qualify for the state section to be held this Monday at the Rutgers University course in Piscataway.

Joe Scancelli posted a 44 in a 187-200 win over Cranford, while Mark Seb's 42 helped Union defeat Pingry and Chris Sabath had the low round in the win over Linden.

UHS placed fourth in the recent Watching Conference at Sabath, Seb and Bill Schau paced the Farmers Westfield team that meet. Dayton Regional halted the Farmers' streak by posting a 235-244 win at the Suburban golf course.

Matches this week are against Roselle Catholic, Johnson Regional, Watching Hills, John F. Kennedy of Iselin and St. Peter's of Jersey City. Matches against Irvington and Bloomfield were rained out and will be rescheduled.

Roselle Park's golf team has also had a very strong season, winning eight of 11 matches and qualifying for the states for the third straight year. The Panthers are led for first place in the Valley Division of the Mountain Valley Conference with New Providence as Park seeks its fifth straight division title.

Leading Roselle Park have been seniors Frank Hellriegel, Bill Cambreling, Chris McEvoy, Joe Telfaric and Tony Catinello, as well as junior Jim Frida. Hellriegel has

Farmer boys still undefeated

The Union High School boys track and field team had a very successful week, continuing its undefeated dual meet streak by defeating Scotch Plains and Irvington, and turning in some fine performances at last Saturday's Plainfield Invitational.

Against Scotch Plains, Rob Trinker was a triple winner, taking the 110, 200 and 400 meter sprints. Junior Steve Kraus set a new school record of 8:19 for the 3,200 meters. A pleasant surprise was sophomore Mike Foreman, who won the long jump and finished third in the 110 and 200 meters.

Tony Stewart, another junior, also came up a triple winner against Irvington. He set personal records in the 110 high hurdles, 100 meters and long jump. Kraus won the 1,600 and 2,000 meters and senior Jeff Barber took both the shot put and discus.

Stewart had the best day of his career at the Plainfield Invitational. He finished third in the 100 meters in his first ever race, running the event in an invitational meet. He was officially clocked in 10.6 seconds in his trial heat, setting a new UHS record.

He set another school mark in the high hurdles, finishing second in 13.1 to David Jones of Montclair, one of the state's top hurdlers. Stewart

Mom's Club wins twice

Mom's Club won twice last week in Clinch Girls' action in the opening week of the Roselle Park Youth Baseball League. They beat Jedji Box, 11-4, and Federal Lane, 6-0.

Wendy Sweeney and Kelly Neck each had four hits in the Jedji game, and Kristen Klosek struck out nine batters and had three hits and two RBIs herself in the triumph over Federal.

In the Major Girls, Innovation Optics edged McDonald's, 12-11, as Anabelle Branco and Gina Antonucci each had three hits and Kerry Paporello hit a grand slam home run. Laura Milligan and Karen Matthews combined on a three-hitter as Four Seasons downed Donato Fiorati, 4-1.

Donato bounced back to rip McDonald's, 36-8, as Amy Ferrara, Dawn Skebeck and Maura Geobegan each had four hits. Skebeck also cracked a grand slam.

In Senior Girls, Joseph Express recorded victories over Rosemeier Florist (18-2) and Oakwood Del (25-6). Gina Netla pitched a four-hitter and Tara Schlegler and Leslie Wikander each had three hits in the

WE'VE GOT A PLAN TO LOWER YOUR GAS BILL!

Conserve & Save

Working with the New Jersey Board of Public Utilities and Department of Energy, we've developed a plan to make it easy and affordable to install practical conservation measures. The plan is called "Conserve & Save" and includes:

- LOW-COST HOME ENERGY AUDITS**
These audits, valued at \$70 each, are part of the New Jersey Department of Energy's Home Energy Savings Program, and cost you only \$15. It's free to Lifeline recipients.
- A specially trained auditor will inspect your home, for energy wasting conditions, and issue a detailed report on how to correct the problems and reduce your energy cost.
- A free weatherization kit is included. Free literature and do-it-yourself audit instructions are also available. This program is available for gas heating customers residing in one- to four-family dwellings.

NO INTEREST/ LOW INTEREST LOANS
If you own and live in a gas-heated one- to four-family dwelling, you may be able to pay for qualifying conservation measures with a no-interest or low-interest loan from a participating bank, provided you have an approved HESP audit.

No-interest loans are available to homeowners with family incomes under \$30,000. Those with family incomes over \$30,000 are eligible for loans at 8.5 per cent interest.

Loans will range from \$500 to \$4,000, for terms of four to six years, subject to credit approval by the lending institution and determination of the cost-effectiveness of the improvements.

ASSISTANCE TO LOW-INCOME HOUSEHOLDS*
Working through selected social service agencies, we're providing low-income gas-heated households with free weatherization kits and free installation of cost-effective weatherization measures.

*Low-income households are defined as those not exceeding the following income limits: family size (in parentheses): (1) 17,470; (2) 11,020; (3) 11,260; (4) 11,500; (5) 11,740; (6) 12,000; (7) 12,260; (8) 12,520; (9) 12,780; (10) 13,040.

REBATE TOWARD CLOCK THERMOSTAT PURCHASE

If you buy and install an energy-saving clock thermostat, we will give you a \$10 rebate. You will soon receive a rebate request card with your bill. Please fill it in and return to us to get your \$10 rebate coupon, which you will use when purchasing your clock thermostat at any retail outlet.

Greeting cards...A to X rated

By RAE HUTTON

Sunday is Mother's Day, a day traditionally set aside for honoring the mother. But in recent years, thanks to the nation's greeting card companies, grandmothers, grandmothers, best friend's mother, the single mother, your "other" mother, the new mother, the mother-in-law, the woman who is just like a mother, aunts, nieces, daughters, sisters and, this year, even dad, can get into the act.

The variety of cards on display this year is testimony to the fact that "if you care enough to send the very best," you can find a card for anyone for any occasion.

Area card store owners, enjoying an unsurpassed boom in the business, attribute much of the interest to the great variety of cards available. Statistics show they're right.

According to an article in New York Magazine last year, greeting cards or "the social expression industry" accounted for 10 percent of all mail flowing from households to households. Americans expressed themselves to the tune of \$2.5 billion.

Americans exchanged 900 million Valentines, 2.7 billion Christmas cards, 1.5 billion birthday cards and 7 billion cards altogether. ... sent bushels of Easter cards,

Americans exchanged 900 million Valentines, 2.7 billion Christmas cards, 1.5 billion birthday cards and 7 billion cards altogether. ... sent bushels of Easter cards,

Mother's and Father's Day cards, Thanksgiving cards and cards commemorating lesser holidays as well as anniversaries, deaths, and other less permanent departures.

And that's the habit of sending cards had hundreds of thousands of people from which to choose the one that was just right.

One could spend hours selecting a card for Mother's Day — the third most popular card-giving holiday.

Jean Rosenkrans, owner of Jean's Kountry Korner at Union Center, points out that there is a card for just about every type of mother, including the single mother, stepmother and even dad.

American Greetings has put out two cards for dad on Mother's Day, says Rosenkrans, who opened the business in September. "We'll have to see how they do."

John Turner, owner of the Greeting Place in Springfield for the 11 years, notes that Christmas and Valentine's Day are the top card-buying seasons, with Mother's Day a close third.

"But some of the less prominent holidays, like St. Patrick's Day are picking up," Turner notes.

Aileen Dear, owner of Windsor Hallmark in Linden, which recently had to move to larger quarters, agrees with Turner. Both say that across the board, birthday cards are the best sellers, followed by anniversary and sympathy cards.

"People very often don't want to buy a gift for someone, but they want to get more than an ordinary card," says Dear.

And more than an ordinary card is something that is meaningful. "I've seen people have thousands of cards on their cards in the store," says Dear. "Cards range from 10 cents to about \$2 in price and from the postcard variety to the three-foot tall size. As Turner says, "Buy a big card. They'll remember it."

Day

BIG DECISION — Salvatore Robert Vargo, 7, picks out a Mother's Day card for his mom at Jean's Kountry Korner, Union Center. The Livingston School first-grader had thousands of cards from which to choose — evidence that the greeting card business is bigger than ever.

Card store owners dealt a good hand

(Continued from page 1)
Musical cards became popular during the holidays, with the price decreasing as their availability increased. Cards that light up and cards that are perturbed also appeared for Christmas and Valentine's Day.
At Cards 'n All in Union, scratch and sniff cards and puzzle cards are available for the younger customers. Joan Mericle and her daughter, Pat Conington, co-owners, note that they've even created a young person's corner in the store to encourage mothers with young children to come in and browse through the rows and rows of cards, shelves of gifts and boxes of candy, all outgrowths of the greeting card business.
And while some stores have special sections for kids, others have special adult sections, like Memory Lane at Five Points in Union which has such a section at the rear of the store.
The store, which displays 2,000 different cards in its everyday line also, has carried a small "adults only" line for about two-and-a-half years and, according to a spokesman there, "it's a very fast-moving line."
"Office women will spend an hour picking out cards," the spokesman says, adding that while there are male customers, women buy most of the cards in that line, and usually come back for more.
Although the adult cards are suggestive, they are not meant to be insulting, the spokesman says, but there have been complaints.
"Parents don't want their kids looking at them and we do discourage kids who come in without

parents to leave," he says.
While not all of the less traditional card styles are suggestive, cards today are trendier, more sophisticated and less flowery.
The cards have to go with the times," says Dean And Rosenkrans, who says she may expand the card section in her store, where she also sells antique furniture and country-style gifts, but only to include a larger, more modern line.
Humorous gag cards and studio cards have been on the rise for the past decade, but it's been only in recent years that cards can be purchased that offer greetings on the occasion of your divorce, doing a good job, going camping, getting your driver's license, buying a house, buying a car, going on a cruise, leaving a job, getting a new job, staying on your diet, becoming a parent or becoming a brother or sister. Greeting cards also have become a popular way to say "I miss you," "I'm sorry" and "Enjoy your vacation."
New relationship cards offer greetings to Dad and his new wife, mom and her husband and the new mother of the older child.
The come on and put down are part of the changing times, and pets and cartoon characters are often used to convey the message.
Cards come in all languages and in every color of the rainbow.
And Turner emphasizes that "women are, without a doubt, our best customers."
As a matter of fact, if it were left up to men, the card racks would remain untouched. At Memory Lane, "the 'to wife' card sections remain the neatest."
And when men do remember an

occasion, it's at the last minute. "Women shop early, men shop late," Turner says.
Statistics indicate that people living in the northeastern and north-central parts of the country buy more cards than the national average. Southerners purchase 30 percent fewer than the norm. Heavy card consumers tend to live in their own homes in the suburbs, come

from large families, be between 35 and 54 years old and have an average household income of \$30,000.
So if you're still not sure what to get your mother for Mother's Day, spend a few hours at some area card store, where, "if you can't enough to send the very best, you're bound to find the perfect greeting for that special person."

BEING SELECTIVE—Customers shopping for greeting cards for any occasion have thousands of styles from which to choose. (Photo by John Bostjanakis)

A 'little of everything' in this hefty bag of books

By ALAN CARUBA
Every so often I like to write a column that resembles a "tossed salad" — it has a little of everything in it to interest or amuse a variety of tastes. I receive so many offbeat and worthwhile books that I like to take note of them so you may find one of special merit.
Recently, for example, my mail included "The Eternal Garden: Seasons of Our Sexuality" by my friend, Sally Wendkosold, (\$17.95, Times Books) which takes a refreshingly different look at sex, pinpointing what she calls 15 sexual turning points in our lives, ranging from the onset of puberty through first intercourse, and onto parenthood, menopause and diminishing sexual powers. In the course of this extensively researched study, Sally raises and answers some important questions about the affect of casual sex, the impact of birth control, why some choose celibacy as a lifestyle. You'll find yourself somewhere in this book and you'll find some powerful insights.
"The Female Ego" by Susan Price (\$15.95, Rawson Assoc.) shows women how to analyze their responses to the world and how to take care of their needs first. I found this an excellent book for women who have to get out and compete in a man's world and would recommend it to you.
"The Homeowner's"

it to any woman seeking her own identity.
"Woman's Counsel: A Legal Guide for Women" (\$8.50, Arden Press, 1127 Pennsylvania, Denver, CO 80203, softcover) covers a wide range of issues such as divorce, rape, spouse abuse, how to deal with attorneys, etc. For either the single or married woman, this book is a treasure of valuable information. For younger readers seeking a role model, "Mary Lou Rotton" inspired a lot of little girls and there's a softcover out, (\$2.50, a Simon & Schuster Wanderer Book) that will answer most of their questions. For mothers of small children, there's "What Would You Do If...?" (\$4.95, Houghton Mifflin, softcover) which serves as a "safety game" by which children can be taught not to run out in traffic, what to do in case of a fire, and how to respond to a potential child abuser, among many other things a child should know.
SPRINGTIME BOOKS
I love the Reader's Digest books on various subjects and with the advent of spring, I like their "ABC's of Nature: A Family Answer Book" (\$21.50) which uses four sections to illuminate the world of plants, animals and the world in general.
Closer to home there's "The Seven Wonders of New Jersey" by Thomas C. Murray and Valerie Barbo (\$8.95, Enlow Publishers, Box 77, Hillside, N.J. 07035) which actually takes a look at a lot more than just seven wonders, introducing you to the many interesting parks and places to visit throughout the state.
Or maybe you just want to stay home, surrounded by beautiful plants? Then get "The Homeowner's"

Complete Handbook for "Add-On Solar Greenhouses & Sunspaces" by Andrew M. Sharpe (\$16.95/\$13.95, Rodale Press, hard & softcover. It's the best book I've seen on this subject.
What is springtime without

Bookviews

baseball? Don't miss out on Penguin Books' delightful paperbacks, "Why Time Begins On Opening Day," "The Greatest Slump of All Time," "The Thrill of the Grass" and "The Wrong Stuff." Baseball addicts will love these fiction and nonfiction titles ranging from \$3.95 to \$5.95.
How's that for an offbeat hobby? "The Rubber Stamp Album" (\$9.95, Workman Publishing) is the complete guide to where to buy more

than 5,000 rubber stamps and how to use them in the most creative ways. I promise that you can get hooked on rubber stamps because they dress up any ordinary letter and you can do all kinds of wonderful things with them.
Or maybe you should just find a place in the sun and read the "Collected Stories of John O'Hara" (\$19.95, Random House)? Despite the fairly hefty price tag this book has taken my word for it when I tell you that it is a lifetime treasure to own. O'Hara was one of America's masters of the short story form and this book provides hours of reading pleasure. If you're building a personal library, you must include this excellent book.
SERIOUS STUFF
I'll close out with a reference to some useful, serious books. For example, "A Guide to Colleges for Learning Disabled Students"

(\$24.95, Academic Press) which will prove a great help to parents of children who fall into this category. Basically, the book lets colleges and you to contact, along with special facilities and services. Other guides for blind and deaf students are being prepared for publication soon. Call 908/345-2735 for more information.
"Your 1985/86 Guide to Social Security Benefits" is now available in softcover (hard, Facts On File) with 500 plain English answers to your rights under Social Security. You may be eligible for benefits and not know it. In a similar way, the "Complete Guide to Government Benefits for Veterans, Their Families, and Survivors" (\$5, CERC/Veterans Project, 338 Clark St., South Orange, N.J. 07079) may hold the key to benefits to which you are qualified. Veterans over 65 on limited incomes can collect up to \$9,474, as just one example.

Theater souvenir book raising funds

"Encore For a Worthy Performer," a 50-page paperback souvenir book on the history of the old Railway Theatre, has found its way onto book shelves and coffee tables throughout the U.S. and in three foreign countries. The book was published in December to help raise funds for the Union County Arts Center project, which involves restoration of the 56-year-old vaudeville/movie theater on Irving Street.
 The widespread distribution of the book is due in part to the fact that its publisher, Railway Landmarks, Inc., has dues-paying members living in several distant cities, but is mostly the result of an ad that was placed in "Marquise," a quarterly publication of the Theatre Historical Society, headquartered in Indiana. The ad resulted in more than 200 sales to theater buffs in at least 100 U.S. cities in 27 states (including Hawaii, California, Texas and Florida), as well as in Canada, England and Australia.
 "Our 'skinny little book' has put Railway on the map in several places that might otherwise never have heard of it," says the book's author, Dan Costigan, an Edison resident. "A freelance" writer, Costigan has been involved with the arts center project for several years as its part-time volunteer publicity director.
 The Railway Theatre opened as a combined vaudeville/movie theater in October 1928 and remained in continuous operation until

November, 1981, when it went out of business and was put up for sale. Railway Landmarks, a volunteer organization founded in 1979, purchased the theater in September, 1984 and has since proceeded to restore it for eventual re-opening as a nonprofit county arts center.
 The Railway is a solidly built steel and concrete structure with 1,600 seats, a full working stage, dressing rooms and a built-in pipe organ.
 Encore, the souvenir book, contains more than 70 historic pictures and many nostalgic anecdotes. It is available for a donation of \$1.50 per copy (plus 75 cents for postage and handling if ordered by mail) from Railway Landmarks, P.O. Box 785-D, Rahway, N.J. 07065. It is also available within the city through the Railway Book and Gift Shop, Carr Realty, the Hay Eggers Insurance Agency.

 Seats are still available on the bus and walking tour of 42nd Street in New York being sponsored by the Linden Adult School on May 19. "Tom Sawyer" is the most popular ballet in the company's roster of dance works, and has been seen and enjoyed by thousands of youngsters throughout New Jersey. The familiar characters of Aunt Polly, Becky Thatcher and Tom's mischievous friends are featured in this delightful dance version of Mark Twain's classic tale. "Tom Sawyer" was created by nationally acclaimed choreographer Peter Anastos.

The three-part program also includes "Joplin Rags Duet" set to the tunes of Scott Joplin.

"Pirate Island" follows the humorous and fun-filled adventures of the pirate crew, empty headed bathing belles and the "Innocent

Sailor." It has been set to the familiar and enjoyable music of Gilbert & Sullivan's operettas.

There's no better way to spend Mother's day than with Mama.
 It's a tradition in many families to come home to Mama's on Mother's Day, and for some very good reasons. You're invited to relive the sights and sounds and tastes of the Mother's Day you remember. The happy sounds of laughter and lots of family gossip. The aroma of melt-in-your-mouth sauces and freshly baked desserts. There's beef, poultry, veal and, of course, pasta...all made the "old fashioned" way.

So come on and sit, eat, enjoy. We're sure to stir up those fond childhood memories this Mother's Day...no ifs, ands, or buts. We left it all up to the expert, Mama.
