Board appoints Friedland as superintendent

By MARK YABLONSKY

Springfield's three-month search for a superintendent of schools is over. The search ended early Tuesday when the Springfield Board of Education approved a new, two-year contract for Dr. Gary Friedland. Friedland, presently serves as principal of the Harrison Grammar School in Livingston. The Long Valley resident, who is 39 years old, will assume his new post June 1. He will be replacing Interim Superintendent Dr. Leonard DiGiovanni, who will stay on as board secretary/business administrator. DiGiovanni took over his present post when former Superintendent Fred Baruchin resigned in December under the terms of a negotiated settlement that will see Baruchin collect a salary of \$39,000 through June 1987. Friedland, who was the former chief school administrator in Sussex County, topped a field of nearly 40 candidates who applied for the position. DiGiovanni and Caldwell School Principal Dr. Robert Black were reported to be among those applying for the position. A search committee composed of board members Lee Eisen, Ruth Brinen, and Myrna Wasserman has been conducting interviews for several weeks. One of the reasons Friedland received the position was what some board members perceived as his "enthusiasm." Baruchin, who received a vote of no confidence from the board last year, had been accused by many as being

no longer motivated with his district. Prior to the 7-2 approval of Friedland's contract, the board went into a closed session that lasted nearly two hours. But just before 12:30 a.m. Tuesday, the board emerged from the private meeting and issued a stamp of approval to the contract, which will see Friedland paid an annual salary of \$64,000 from June 1, 1986 until June 30, 1988. During that time, Friedland will be allowed discretionary cost-of-living increases, and an optional merit salary hike as well. "The Springfield school district will be receiving a very qualified candidate," said Board Vice President Kenneth Faigenbaum. Voting against the contract were Pietro Pelino and Joseph Pepe Jr., who expressed dissatisfaction with Friedland's salary structure. "For our students in this district, we're spending too much money," said Pelino. "I am looking forward to having Dr. Friedland in the district and I would not equate his salary with what he can give us," replied outgoing Board President Stuart Applebaum. Under terms of the contract, the board would have to give Friedland a six-month advanced notice of termination prior to the expiration of his agreement if it decided not to rehire him after the June 1988 deadline. But if the two sides were unable to agree to a new contract before then, the present

agreement would hold for each successive 12-month period. Friedland would be eligible for tenure after having served three years. "It's going to be surely a group effort to bring confidence back to the superintendent's office," said a pleased Friedland, who is also a former principal in Vermont. "I look forward to the challenge of bringing harmony to the district, and in serving the best interests of the children and community it serves." Friedland inherits a district that has been the subject of numerous controversies in the past several years. Among them were the decertification of classroom buildings, the continuing legal battle over the sale of the Wallon School building and the filing of assault charges against teachers on several occasions. All but one of the assault cases have been dismissed. The one remaining unresolved case involves an alleged sexual attack by a Gaudineer School music teacher against student in the district's program for the neurologically impaired. The lack of emotional issues in the district has been given by a number of local residents as a reason for there being only three candidates for the three available board seats, five fewer candidates than filed for the same number of seats last year.

CERTAMEN CONTESTANTS—The Jonathan Dayton Regional High School Latin students pictured above competed for the first time in the New Jersey Junior Classical League's Certamen, a college-bowl-type competition which tests the students in language and cultural aspects of ancient Roman and Greek culture. In Old Tappan, Dayton placed second in the upper team and sixth in the lower team competitions. Pictured in the first row is David Brooks. In the second row are, from left, Hallie Smith, Suzanne Demitrio, Sherry Belz, Naree Chung and Becca Hillyer. In the third row are Brad Krumholz, Mike Crowley, Susan Lynsky, Beth Lebovitz, Blair Micke and Leonard Westerman.

School budget makes grade

By MARK YABLONSKY

Taxes will increase slightly as a result of the 1986-87 Springfield school budget that will be sent to the voters April 15. The total budget of \$5,048,388 represents an increase of 4.4 percent over last year's budget of \$4,835,862. Of the total, \$4,384,869 will have to be raised by local school taxes. The new tax rate means an increase from \$1.15 to \$1.23 per \$100 in assessed valuation for Springfield homes, or an extra \$2 dollars per \$52,000 of value. Springfield Board of Education Vice President Kenneth Faigenbaum, who also serves as finance chairman, explained at Monday's meeting, however, that the new tax structure is not necessarily final, since the town's overall revaluation may lead to "another adjustment" in rates. "This does not in any way reflect the reassessment of property values in Springfield," he warned. "This only applies to the tax bill they have in their hand right now." The largest overall increase lays in the budget's instruction line item, in which an additional \$141,057 has been set. The \$75,684 hike in administration costs is due mainly to the board's negotiated settlement with former Superintendent Fred Baruchin, who resigned in December, but will continue to be paid until June 1987. Before the board's 7-2 approval of the budget, members of the township police suddenly appeared and ordered all board members and town residents to vacate the school cafeteria due to a threatening phone

call that had just been made to police headquarters. According to the police report, an unidentified caller warned in his 9:55 p.m. call that a bomb was present in the Gaudineer building, and that it would go off shortly. The 18-minute search of the school by both Police and Fire department personnel, however, revealed nothing and everyone was permitted back into the building. Lt. Richard Bromberg dismissed the incident as "your usual prank call" from "somebody disgruntled" who wanted to cause a disruption. The two dissenting votes for the budget came from Pietro Pelino and Joseph Pepe Jr. Pelino complained about a cutback in the art program that led to the dismissal of teacher Bruce Hansen. "I'd like to see 11,000 of that 19,000 go toward that position," said Pelino of the dollar amount proposed for the art program. "I'd like to see something done right now." "I don't think we can commit a section of the budget for that art position," replied Faigenbaum. "It really doesn't make a difference what positions you want to establish because the budget is at its maximum limit." An attempted motion by Pelino to restore the cutback was deemed "Inappropriate and out of order," and failed. "When I look at the community and how solid it is, I attribute it to our school system," said outgoing board member Stuart Applebaum, who as president presided over his final meeting. "I think that's what makes Springfield such a fine place to live."

Consolidation the key word

By KENNETH SCHANKLER
Consolidation could be the key word for the future of the senior citizens' nutrition program at the Raymond Chisholm school building. The Township Committee Monday discussed the possibility of opening the program to senior citizens from Mountainside and Summit. Mayor William Cleri said the program had not been as well attended as hoped, with attendance averaging 12 to 15 seniors per day. Maureen Meixner, coordinator of the local nutrition program, said she had sent a memorandum to the committee asking it to consider the acceptance of residents from other towns. Attendance at the program, she said, has been inconsistent. "It varies according to the day of the week," Meixner said. "It varies according to people's schedules." Meixner noted that on St. Patrick's Day, when corned beef and cabbage was served, 30 people

showed up, but the average was about 15 people. Meixner, though, said lower than hoped-for attendance was not unique to Springfield. Meixner said residents of Mountainside and Summit could be "invited" to attend the Springfield nutrition program. Should the program be expanded to include seniors from Mountainside and Summit, seniors from those two towns would most likely have to provide their own transportation to Springfield. Arlene Patrusевич, assistant project coordinator for the Union County Nutrition Program, said that combining some sites in Union, for example, was being considered. She added, however, that the Springfield program is not in danger of folding. Patrusевич said programs like the one in Springfield offer more than just a meal. "This isn't charity," Patrusевич said. "This is giving them a feeling

Candidate forum to address issues

The Springfield League of Women Voters will hold an informal "Meet the Candidates" Night for Board of Education candidates in the Florence M. Gaudineer School cafeteria April 8 at 7:30 p.m. The Springfield Board of Education candidates are M. Donald Davidson, incumbent Pietro Pelino and Jeff I. Rauchbach. Incumbent Margaret Hough is running again for the Union County Regional Board of Education. None of the four candidates faces any opposition in the April 15 election. Davidson and Rauchbach, both newcomers to the scene, will replace current Springfield Board President Stuart Applebaum and board member Joseph Pepe, both of whom have cited personal reasons for not seeking re-election. "Despite the fact that there are no contests this year for seats on the two boards of education, we wanted to give local residents a chance to meet the candidates," explained a League of Women Voters spokesman. All Springfield residents are invited to attend.

Postal rates increased

For the second time in less than three months postal rates have increased for second-class, in-county mail. Such increases directly affect the cost of distributing newspapers such as this one. The new rates, which took effect March 9, were increased 20 to 25 percent. For example, the 2 oz. carrier route, in-county rate was raised from 3,488 cents to 4,383 cents per 100. This reflects a 25.00 percent increase. The rate hikes were announced by the Postal Service Board of Governors in Washington, D.C., March 4. The next day, the National Newspaper Association board of directors sought a temporary restraining order in federal District Court to stop the increases, saying it lacked jurisdiction in the matter. The District Court told NNA lawyers to file their case with the U.S. Court of Appeals for the District of Columbia. The appeal may be heard by mid-April, according to NNA vice president and Chief Executive Officer W. Melvin Street.

The stars represent merely some of the places your tax dollars have flown the fun-loving Portnoys - Phil, the Board of Education member who will go to the ends of the earth for our youngsters, and/or Phyllis, his school nurse/wife. According to board records, these trips have cost you \$10,513. And that's only for the years we were able to check.

Pat Patricco, one of Portnoy's traveling companions on the school board, found the skies so friendly and congenial that he took a trip at our expense AFTER he lost an election.

Their running mate, Elaine Chipperson, no doubt agrees with this generous travel policy because she has

failed to condemn the exorbitant travel habits of Patricco and the Portnoys.

At last week's candidates night, Phil Portnoy laughingly offered to return the tax dollars he has spent for his travels.

If you agree that the Portnoys and Patricco should be kept down to earth, there are two things you can do:

1. You can complete and return this coupon to the Committee for Affordable Education, which believes your education tax dollars should go for instruction, not junkets, and
2. You can vote for Board of Education candidates on April 15 who support clipping the wings of men like Portnoy and Patricco.

Students told of scholarship

The Junior League of Elizabeth-Plainfield Inc. has announced that applications are available for a \$500 Voluntary Scholarship to be awarded to a Union County high school senior during National Volunteer Week in April. The deadline for application submission is April 15.

High school seniors throughout Union County who have demonstrated an exceptional commitment to volunteerism are invited to apply. Applications are available from guidance offices at all Union County high schools. The prime criterion for this scholarship provided by the Junior League's Tribute Fund will be the applicant's volunteer record. Financial need is not a factor for consideration.

U.S. Air Force seeks registered nurses

Nursing is a profession that offers more than ample opportunity for employment and a particularly attractive nursing program can be found in the United States Air Force, according to Major Bruce Weber, Air Force recruiter.

The Air Force is looking for registered nurses for baccalaureate nursing programs to become commissioned officers. They are being sought to provide quality health care in a variety of clinical settings. Nurses with experience in mental health, anesthesia, midwifery, operating room, and other clinical specialties are also eligible to apply for a commission.

"The Air Force offers a very progressive nursing program and many opportunities for personal and professional growth," said Weber.

Air Force nurses are commissioned either as second or first lieutenants, based on their education. Their initial obligation is three years and all nurses are given a base of assignment before taking an active part in planning their futures. "The Air Force Nurse Corps is interested in the individual's goals and aspirations," Weber said.

After commissioning, they attend a two-week Medical Service Officer Orientation course at Sheppard Air Force Base, near Wichita Falls, Texas.

Instruction covers such subjects as Air Force customs and courtesies, military justice, physical fitness, Air Force medicine, and nursing responsibilities.

Following their orientation, many newly graduated BSN nurses attend a five-month internship at an Air Force hospital which may be the site of their final assignment. The internship provides a smooth transition of the initial active duty nurse from beginning practitioner to that of a professional Air Force Nurse Corps officer.

From the beginning of their Air Force nursing careers, nurses take an active part in planning their futures. "The Air Force Nurse Corps is interested in the individual's goals and aspirations," Weber said.

Various assignments, continuing education, training in specialty areas, and advanced education in civilian institutions all help a nurse to pursue a career plan that is virtually unlimited.

As commissioned officers, they enjoy an attractive package of entitlements. Those who elect to make the Air Force a career can look forward to timely promotions, if they compete favorably with their peers. They may decide to specialize in areas such as environmental health or anesthesia.

Basic entitlements include comprehensive medical and dental care, 30 days of vacation with pay each year along with the normal pay increases for promotion, longevity, and cost of living.

All Air Force members have the use of a wide range of basic facilities and recreational activities. These include a well-stocked "department store" and a commissary, the Air Force's equivalent to a supermarket. Recreational activities on most bases include a theater, bowling alley, golf course, swimming pools, gym, and social clubs that normally feature live entertainment and a full-serve menu.

More information is available by calling Weber, 1-800-USA-USAF.

"Changing Shapes" on hospital slate

Changing shapes, a weight control program for children which has educated hundreds of area youngsters and their families over the past few years, will get underway Tuesday, April 1 at Children's Specialized Hospital.

Three Springfield teachers have been selected as recipients of the Governor's Teacher Recognition Program by a special selection committee, composed of three teachers, three principals and three community residents.

Pool ordinances pass Committee

The two ordinances for the township's swimming pool will now permit 200 out-of-town families to be pool members under the sponsorship of local families, thereby superseding the old ordinance that allowed only town residents to belong.

Hearing to resume Tuesday

The Planning Board Tuesday will pick up where it left off last month on the Arden Associates proposal for a planned unit development near the intersection of Route 22 and South Springfield Avenue.

The problem usually begins for overweight individuals when they are children, unfortunately the educational programs available are normally not geared to the specific program children face. One fact is certain, weight control programs for adults can seldom be applied successfully to children.

The eight-week program, open to youngsters between the ages of eight and fourteen, will be held on Tuesday evenings between 7 and 9:15 p.m. at the hospital. The fee is \$45 per family.

Recognizing that obesity is one of the most common nutritional problems of today's youth, the pediatric rehabilitation hospital has developed a three-part program which includes nutrition education, exercise and behavior modification with peer support.

Members of the hospital staff, including physicians, registered nurses, dietitians, occupational therapists and social workers will conduct the weekly program.

In addition, youngsters will participate in several supervised activities which burn calories, such as swimming and volleyball. Also, psychologists and social workers will lead group discussions at each session in group integration with family and peers as a means of learning how moods and feelings affect eating patterns.

Report issued on veterans committee

Assemblyman Peter J. Genova, R-27, has issued his first report on the Assembly Select Committee on Veterans Affairs. Created by Speaker of the General Assembly Chuck Hardwick, the committee is charged with the responsibility of evaluating the needs and programs related to veterans, and generating legislation addressing those needs.

To date, we have held two meetings and testimony was given by the commanders and chairmen of the many veterans organizations throughout the state. These meetings were well attended and there was representation from the majority of organized veterans' groups in New Jersey.

The consensus of these leaders is that the establishment of the Select Committee on Veterans Affairs is the biggest step forward New Jersey has taken for its veterans. They praised Speaker Hardwick's foresightedness, applauded the concept and are eager to participate in every facet of the work ahead.

GOP selects slate

Incumbency was the key as Union County Republicans gathered in Roselle Park Saturday to nominate candidates for national and county offices.

Rep. Matthew Rinaldo was the unanimous choice of the more than 650 delegates to seek another term as the 7th congressional district representative in the U.S. House.

County Clerk Walter Halpin, seeking his fifth term, was also unanimously chosen for county clerk. Both Halpin and Rinaldo were unopposed during the voting, held at Roselle Park Middle School.

The convention votes determine which candidates receive the party organization line on the ballot in the June primary. Union Township Police Chief John Truhs was selected as the Republican candidate for Union County sheriff. He will face incumbent Democrat Ralph Froehlich, now serving his third term, in November.

Student Writes

Term taken literally

Fourth-graders at the James Caldwell School, Springfield, have taken the term "Student Writes" literally this month. Under the direction of teachers Sharon Knoller and Paul Tyburki, students have been putting together their own newspaper, the 10 Fourth Grade Journal.

The 24 fourth-graders have been interviewing teachers, creating games and puzzles, and developing original art work and cartoons for the newsletter that will be distributed throughout the entire school. They have also conducted surveys on the students' favorite colors and television shows.

Some students are writing about their favorite television shows and others about their favorite teachers, such as Audrey Silverstein and William Vetter. Sonja Begun, meanwhile, designed a crossword puzzle to test readers' minds and Chris Dobre designed a comic strip detailing the adventures of Ninja Turtle.

The solution to the crossword puzzle is printed in the lower right-hand corner of the page.

BLACK'S MAGIC
I chose this show because I like magic. This show is about two people, one named Alexander Black and his father, they both know magic. Alexander Black is very good at magic. He could make a bird appear out of a handkerchief that was empty. He could also escape out of a box that is chained, locked and put under water. He is also chained up and he always escapes. Alexander Black's father is also good at magic. One thing I remember he could do is, put a small ball under one of three walnuts. He mixes them around. When he finishes, somebody picks a walnut and sees if the ball is under the walnut. But nobody could find the ball because the ball is never under any walnuts. People who know magic very well can move their hands fast enough so nobody will see. They also solve mysteries with the magic they know.

It is on Channel 4 at 9 a.m. on Wednesday night. I hope you watch it.

Chris B. Dobre

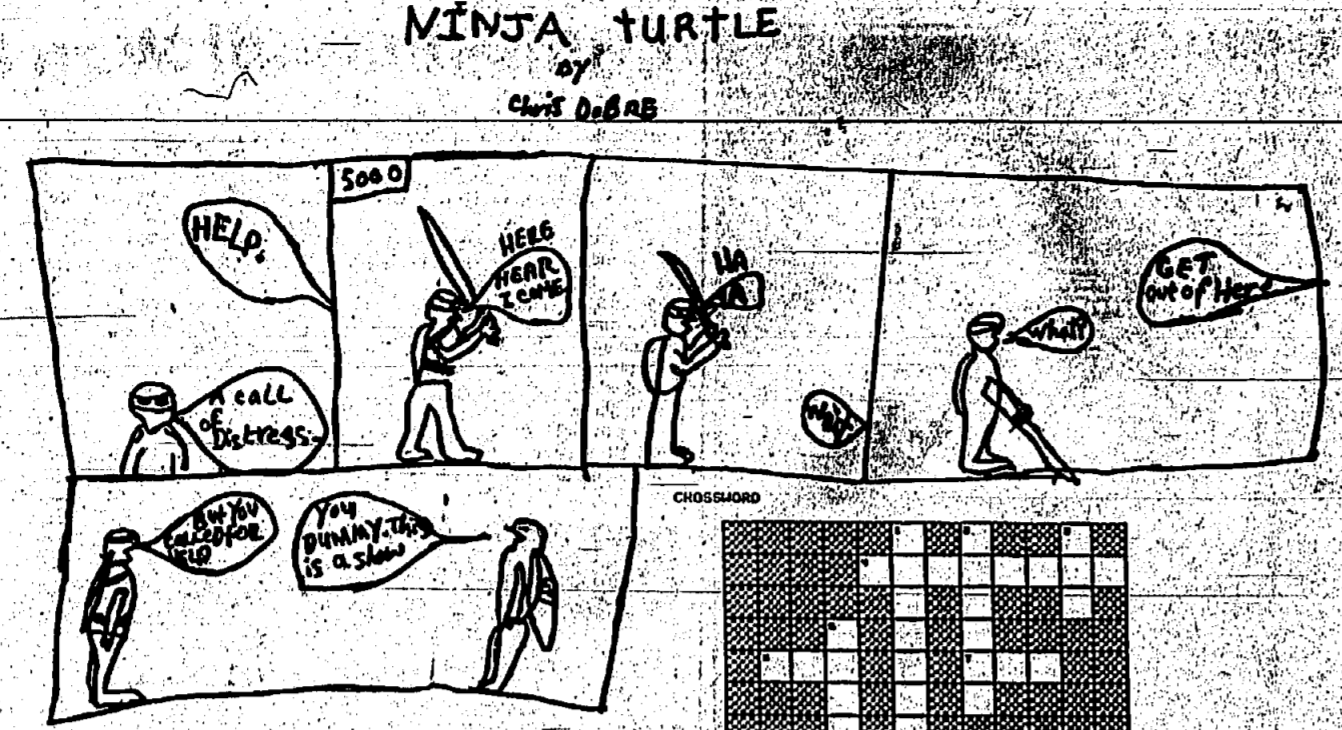

MIAMI VICE
Miami Vice is a TV show based on two vice cops that work in Miami, Florida.

Tubbs and Crockett are the two main characters—in—the show. Crockett lives on a sailboat with a crocodile. Tubbs came from New York City and teamed up with Crockett.

It is one Friday, Channel 4, from 10 to 11 p.m.

Jamie Pederson

MRS. SILVERSTEIN
Mrs. Silverstein is a fourth grade teacher at Caldwell School. She wanted to be a doctor, but when she got in her second year of college, she changed her mind. She went to New York University. She has been teaching for 22 years and loves

teaching children. She said it didn't matter what grade level she taught.

Mrs. Silverstein has already taught in Walton, Chisholm, Sandmeier and Caldwell Schools. She thinks the fourth grades are fantastic, wonderful children to teach.

Jennifer Friedrich
Christina Reino

MR. VETTER
Mr. Vetter has been teaching for 26 years and loves it. Right now he is a fourth grade teacher in Caldwell School. He has already taught at Chisholm, Walton, Gaundineer and Sandmeier.

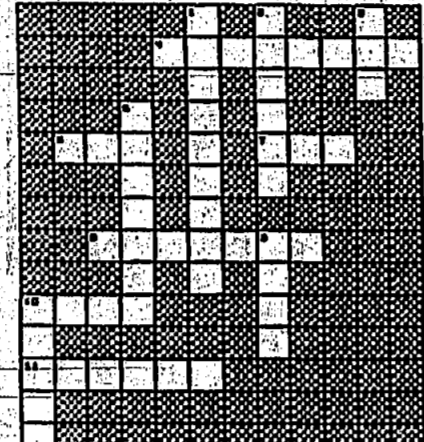

Mr. Vetter went to Montclair State College for his Bachelor's degree and Kean College for his Master's degree and studied education.

When Mr. Vetter got out of the Army, he wanted to be either a forest ranger or a state fish and game commissioner. After talking to a good friend, he decided to become a teacher.

Gina Gruber

POPULAR TV SHOWS
We did a survey on favorite TV shows of fourth-graders. We surveyed all the fourth-graders in the school and the most popular TV show was "The Cosby Show". Another show that people liked was "Punky Brewster" and another was "Silver Spoons". Also a TV show that the fourth graders enjoyed was "Three's Company". The shows that people liked least were "Mr. Wizard's World", "Different Strokes" and "Black's Magic". One more show that people seem to like was "The Young Ones", even though it has a strange name and it is on very late.

Shuttle memorial

At the Deerfield School, Mountaineers, students have contributed \$72.84 to the Space Shuttle Children's Fund, a trust fund established for the children of the seven astronauts killed in the explosion of the space shuttle Challenger.

Nationwide, the fund had received over \$3,000 at last report. The fund was established by Washington, D.C. attorney Delbert Smith, who has represented the National Aeronautics and Space Administration and space and satellite organizations and companies for 15 years, to benefit the 11 children of the seven astronauts.

Below are some of the letters written by Deerfield sixth-graders in Ken Johnson's class to Edward and Grace Corrigan, the parents of Christa McAuliffe, who would have been the first school teacher in space and to NASA.

Dear Mr. and Mrs. Grace Corrigan:
I am very sorry about your daughter. I can't believe that the space shuttle blew up. It's such a tragedy. I know how sad you must feel. You must be proud of Christa. From 11,000 people she was picked to be the first teacher in space. I am proud of her too.

Audrey Belleza

Dear Mr. and Mrs. Edward Corrigan:
When I first heard about the tragedy of the space shuttle and its seven crew members, it was unbelievable to me. My social studies teacher, Mr. Theis, was the first one to tell me about this terrible accident. For a while I thought he was kidding, until he showed a headline story about the space shuttle crew. I was shocked in my own way!

I am extending my deepest sympathy. I wish I could do something to comfort you. And may God be with you!

Nazreen Khan

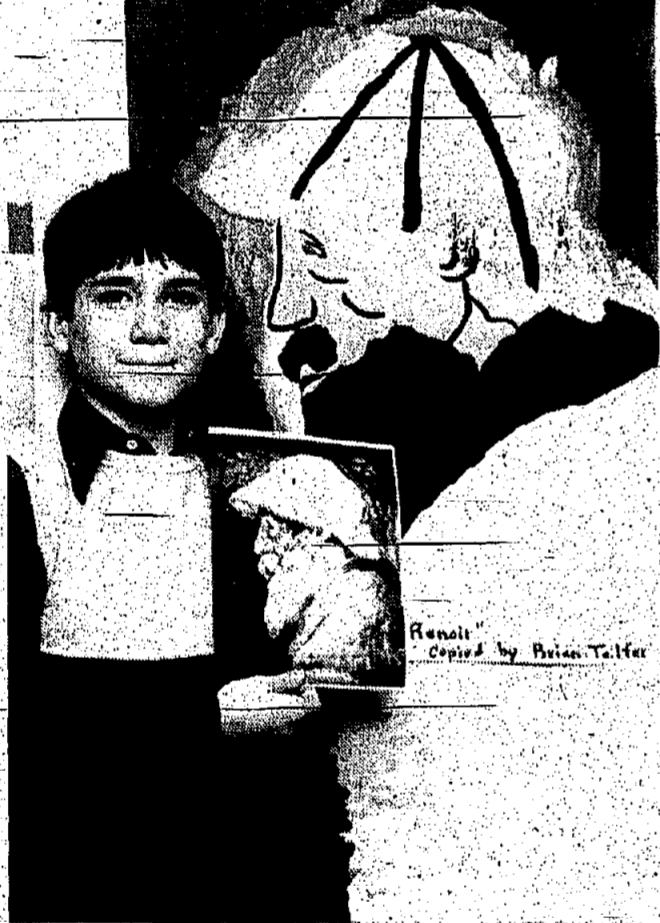

Dear NASA Director,
I am sorry about what has happened to the astronauts and the space shuttle. I first heard about the accident when my social studies teacher told the class. When I went home that day, I saw the explosion on the news. The Challenger was my favorite shuttle and I wish it would have taken the passengers up safely. My whole family was looking forward to seeing the first teacher in space.

ART GALLERY—Pamela Fiesel's fifth-grade class at the HALLERY School, Kentonworth, has recently turned its classroom and the surrounding hallway into an art gallery of Impressionist paintings.

The students researched famous Impressionist artists, copied paintings and shared their information with their classmates. More than one hundred paintings were on display.

Individually, Wright is pictured with his impression of Edward Degas on the far left. To the right of Wright is Teller with his drawing of Auguste Renoir. Frank Ruggiero strikes a serious pose next to his rendering of Vincent Van Gogh below. Photos were taken by John Boutsikaris.

Council to sell Watchung Scout camp

The Watchung Area Council of Boy Scouts of America has announced its executive board decided at a meeting last month to sell its Camp Watchung property near Glen Gardner.

The camp consists of about 300 acres and has been in continual use by the Scouts of the Watchung Council area for more than 50 years.

Concurrent with this decision, all Watchung Council non-adventure camping will be consolidated at the 425-acre, Camp Winnebago, near Marcella. This camp previously was owned by the Eastern Union-County Council which merged with Watchung Council in 1980. Winnebago is

bounded on one side by Split-Rock Reservoir and on the other side by Farney State Park so that it is relatively safe from future encroachment by industrial, commercial, or residential development, said a council spokesman.

The council also owns and operates Camp Sabatini in the Adirondacks. The decision regarding Camp Watchung and Winnebago came after several years of analysis and consideration, said the spokesman. It was found that either camp could provide all of the non-adventure facilities the council needs now or could foresee in the future, and thus the decision came in a deter-

When retirement arrives, you'll both have earned The Best.

You're partners, and you work hard to make today the best it can possibly be for each other; naturally, you want tomorrow to be the same.

An Investors Individual Retirement Account can help with both today and tomorrow.

Depending upon the length of time you participate in it, an Investors IRA can guarantee that your retirement years are spent together without even thinking about additional sources of income. If your spouse is not employed outside the home, you can open an Investors IRA and put away as much as \$2,250 a year; if both you and your spouse work outside the home, you can put \$4,000 a year into two separate Investors IRAs.

Not only will your contributions earn high returns toward your tomorrows together, they'll translate into important tax benefits right now, today. That's because every dollar you contribute -- plus every dollar of high interest those contributions earn -- is completely tax deferred until you retire, when you'll probably be in a lower tax bracket.

The enjoyment you share today can last a lifetime when you invest with The Best. Come in for full details on our Individual Retirement Account.

Withdrawals from our Investors IRA may begin at age 59½ and must begin by age 70½. Federal regulations require substantial interest and tax penalties for early withdrawal.

Invest with the best!

Ukrainians celebrate Easter holiday with solemnity and joy

"Krylos Voskres", - "Christ is risen" - sings the priest. "Vostynu Voskres", - "indeed He is risen" - chant the parishioners.

This joyous exchange will take place during the early dawn service Easter Sunday at the St. John's Ukrainian Catholic Church in Valsburg. A procession around the church three times by the entire congregation and priests precedes the services and commemorates the procession of the myrr-bearing women to the tomb of Jesus Christ and His resurrection.

The Thursday before Easter today is Good Thursday and is the occasion for special services in St. John's Church. In between each reading of the 12 gospels, "an altar boy knocks a hard ball against a piece of wood. The clacking echoes through the nave, an imitation of the hammering in of the nails into the body of Jesus Christ on the cross," Keybidia related.

After morning veppers on Good Friday, "a piece of cloth painted with the image of Christ, the Holy Shroud, is placed over a tomb-like structure in the front of the altar surrounded with flowers and guarded by the young members of the church. The worshippers approach the tomb, kneel, kiss the image and then return to their pews to pray. Again, no bell rings - only the dull, ominous clacking on a ball on wood is heard," he noted. On Holy Saturday, the parishioners bring their "gaily decorated wicker baskets laden with food and pysanky - to the church basement for a short liturgy and the priestly blessing," said Keybidia.

The services of Easter morning begin at dawn. The image of Christ is taken from the tomb and carried by the trustees, followed by priests and all the parishioners. The church doors are bolted and while the entrance circles the church three times singing and chanting their prayers, all traces of the tomb inside the church are removed.

"Then standing before the doors of the church and holding high the cross, the priest announces 'Krylos Voskres', and the faithful respond with 'Vostynu Voskres.' As the doors are opened and the faithful follow the priest inside the church, 'the church bells muffled all week long, peal forth in happy glory,'" Keybidia said.

Croce, McCoy named

Tom Megles, Frank Croce and Gene Mirabella of the Roselle Park High School wrestling team were recently named to the 1985-86 All-Mountain Valley Conference wrestling team by a panel of conference coaches Tuesday.

Joining the Panther trio on the all-Valley portion of the elite squad are two Brearley High School wrestlers, Paul Minifelli and Mike McCoy. Megles, a sophomore, competed in the 101-pound weight class, where he compiled an 18-7 record. Megles won his opening-round region 3 match, defeating Gerald Benoitida of Westfield, 5-1. Megles lost in the regional semifinals to Steve Giordano of South Plainfield by 17-1 technical fall midway through the final period of the match.

At 141 pounds, Croce captured both the District 10 and Region 3 titles. Croce, a senior, beat Bill Taylor of South Plainfield by superior decision, 12-3, then pinned New Providence's Brent Kaiser in just 26 seconds to capture the regional title.

Mirabella, a junior, logged a 12-2 record for Sam Apollo's Panthers, who finished 10-6 and captured the North Jersey Section 2, Group 1 title. Sam Apollo's Panthers won the sectional title by beating North Warren, 61-6, and Brearley, 48-15. Roselle Park lost in the Group 1 semifinal to Pompton Lakes, 5-4, but captured the consolation match by defeating Middlesex, 30-28.

Roselle Park had lost their last regular-season dual meet to the Blue Jays, 24-27.

Mirabella lost his District 10 championship match to Union's Nick Yarusi. Yarusi, who compiled an 18-9 record, pinned Mirabella in 8:25 of their 188-pound match.

Mirabella lost to Nick Zarra, the eventual Region 3 champion at 188 pounds, by 7-4 decision in regional competition.

Seven Panthers received honorable mention status from MVC coaches. Freshman Chris Tokarski (179 pounds) was selected, along with sophomores Anthony Gallicchio (108 pounds), Scott Toy (115 pounds) and Dave Fischer (118 pounds). Triggel fashioned a 17-6 record for and Joe Swedo (heavyweight) and McCoy, a junior, finished 10-4-1 in the heavyweight class despite wrestling at 190 pounds — usually too light for that weight class.

The Bears finished 3-4 overall, defeating New Providence, 29-21, in the sectional Group 1 semifinals before losing to Roselle Park. Brearley had lost its regular season dual meet with the Panthers, 46-12.

The Bears' under-cards, Ron Ferrara, finished tenth in the Union County Tournament, with 52½ points and logged a fifth-place finish in District 11 competition with 59½ points.

Two Bears, Al Holland (115 pounds) and Mike Tripodi (135 pounds) were given honorable mention status by the coaches.

Triggel fashioned a 17-6 record for and Joe Swedo (heavyweight) and McCoy, a junior, finished 10-4 and captured the

Freshman Tigers finish with 11-4 mark

The Linden High School freshman basketball team's season opened at the Elizabeth Freshman Holiday Tournament with a 70-56 victory over Hillside.

Greg Barra led the Tigers with 16 points; Derrick Reynolds followed with 14 and Antonio Allen and Donald McNeill each added 11.

In the final, the Tigers lost to Elizabeth, 69-51. McNeill led the Tigers with 17 points and Allen chipped in with 11.

In their home opener, the Tigers triumphed over Irvington 65-42, as Ken Kosiba led all scorers with 19 points.

The Tigers traveled to Plainfield and came away with a 69-35 victory. McNeill and Brian Settle led the Tigers, scoring 17 and 12 points, respectively.

Linden then hosted Elizabeth and lost by a point, 66-65. Reggie Webb was high man with 14 points.

The Tigers then ran off six consecutive victories, including wins over Union (63-44), Elizabeth (60-53), Kearny (67-49), Cranford (67-46), Westfield (65-40) and Union Catholic (58-22).

Scotch Plains interrupted the Tigers' success by registering a 62-50 victory.

Linden entered the Union County Freshman Tournament whose field consisted of seven teams — Cranford, Union, Roselle Catholic, Governor Livingston, Roselle, Elizabeth and Linden.

The Tigers drew Roselle Catholic in the opening round and in a tightly

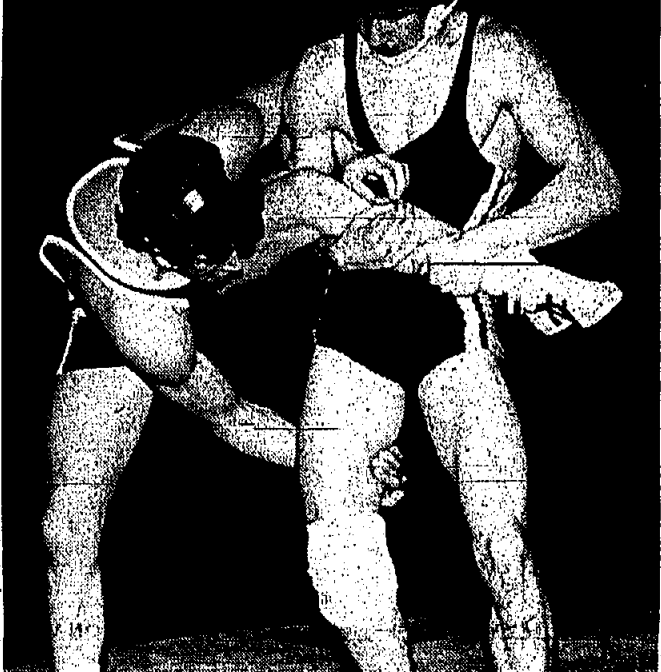

contested game, edged the Lions, 62-59. Allen, Barra and McNeill paced Linden.

In the semi-final round, Elizabeth bested Roselle, while Linden defeated Governor Livingston, 60-44. The Tigers got 24 points from McNeill, 20 from Barra and 17 from Allen.

In the final the Tigers (11-4) lost to Elizabeth, 64-50. Elizabeth trailed most of the game, but put on a strong show in the fourth quarter, outscoring the Tigers 20-10, on 10 of 14 from the free-throw line.

The remainder of the Tiger squad was made up of Shawn Wilson, Anthony Downey, Sultan Aziz, Tony Caldera, Rudy Taylor and Greg Demeler.

McNeill led the team in scoring with 171 points. Allen finished second with 150 points and Barra finished third with 120 points. The team averaged 61.8 points per game while limiting opponents to 56.0.

UCC tennis: a familiar look

Coach Dave Hayes of Cranford was happy to see a couple of familiar faces when he opened practice for the Union County College tennis team.

Players returning from last year's squad are Alfonso Rodriguez of Linden and Chris Ventura of Elizabeth. Rodriguez was the Owls' number two singles player last season.

Joining the squad this year will be Dave Sparito and Dave Miller, both of Westfield and Robert McCarthy of Mountainside.

The Owls will open the 1986 season on April 2 by traveling to County College of Morris—in Randolph. Coach Hayes' team will play eight of its 12 matches at home this season, seeking to improve on last season's 5-5 record.

UCC also will be seeking a bid to the Region 10, National Junior College Athletic Association (NJCAA) tournament to be held May 8-10.

All of the Owls' home matches will be played at UCC's Cranford campus.

Kean prepares 'down South'

The Kean College men's golf program has begun its preparation for the 1986 season, despite less than ideal weather conditions.

Poor weather conditions however, are not the only obstacle that the Cougars will have to overcome. Only two members of the 1985 team, Seniors Brian Zychowski and John Petala, both from Linden, return for the 1986 season.

Fortunately for Kean, two new recruits — sophomore Tom Donachy of Linden and freshman Chuck Young of Scotch Plains, have been added to the roster.

The Cougars are led by Coach Gary Garrett, who seems confident of his group's chances. "I feel that despite our lack of tournament experience, we have an outstanding group of individuals, with tremendous potential. Assuming each man is able to improve with the season, I believe we will be able to compete quite well," he said.

Coming off a 6-1 season in 1985, Kean has increased its schedule to 11 matches, the first of which is scheduled for March 31 against Fairleigh Dickinson University in Madison.

The Cougars will open their home season at Ashbrook Golf Course the following day (April 1), against Division II power Monmouth College. Three N.J.A.C. tournaments are set for April at Glassboro State, William Paterson College and Montclair State College, all leading up to the Metropolitan Golf Association's Collegiate Championships on April 28.

Junior League clinics stress instruction

By DENNIS ORLANDINI

The Spring Junior League is gearing up for its season opener on April 26 by conducting clinics the next few weekends.

That's right — clinics, not tryouts. Every elementary school child that wants to play ball in this community is assured of a spot on a squad.

The emphasis, according to Harry Weinerman, an American Legion coach who conducts the clinics, is on instruction, not competition.

"Young kids will have enough time to compete later in life," said Weinerman, who added that it is more important for children to learn the fine points of the game and to learn to enjoy the sport.

Marly Mand, the League's director, explained that the league is split into four divisions. The instructional league is for first and second graders. Hitting is practiced using hitting tees, and coaches are allowed to come on the field at any time to instruct a player. Score is not kept at this level of play.

The minor leagues, which include third, fourth and fifth graders, allows every player to bat whether he's playing a position in the field or not. Players are encouraged to learn several positions and must rotate positions after two innings.

The major leagues (grades six and seven) feature a rule where every player must play at least half of a six-inning game. Those who do play only half a game must play the full six innings of his or her team's next game.

The Pony League, which is comprised of eighth graders on two Springfield and four Mountainside teams, works on further refining playing skills.

Weinerman and Mand said that American Legion coaches and players benefited a great deal from working with the young children. Weinerman said that his high school aged American Legion players made excellent teachers, and exhibited a lot of caring and patience in instructing the youngsters.

Mand said that reexamining the game's fundamentals in turn helped the American Legion players who conduct the clinics.

In another example of the program's far-reaching impact, entirely new teams are selected each year, rather than allowing a situation develop where teams are perennially either weak or strong. This creates a balance, and gives youngsters the opportunity to work with different sets of teammates, said Mand.

Players who have missed previous clinics and still wish to register for the league can contact Mand at 975-5003 or 376-1833, or at any of the remaining press-area clinics.

Clinics are scheduled for Gaudineer Elementary School between 12 noon and 2 p.m. April 5-6. Additional clinics may be held on April 13 and 20.

UP AND OVER—Karyn Ligourner goes up for the spike during a varsity volleyball game at Newark Academy in Livingston. A resident of Springfield, Karyn is a junior at the Academy.

Spring Rec sports scheduled

The Recreation Department has begun making plans for its upcoming spring sports. Girls softball registration was held yesterday for girls in grades 5-8. Lance Bartel will be the supervisor. All girls must be registered by April 26 to be guaranteed placement on a team. Any girl who missed registration can mail it in to the Recreation Department.

A girls' "All Star" team will compete in the Junior Girls Suburban Softball League, and will play against surrounding towns. Tryouts will be announced. A boys' traveling team will also compete during the summer.

The Men's Softball League will have an organizational meeting in the near future.

The department is looking for an individual interested in running "Junior" Olympic events scheduled in May. Anyone interested in running a track and field program can also contact the department. This sport has been idle for a few years.

Tennis badges have not arrived as yet, but when they are in, all residents will be required to obtain badges in order to play on Township Courts. Suse Eng will again coach the women's tennis team and junior tennis team.

The Teen Center at Chisholm School has been closed for alterations. We are still in need of help at the center. Any parents willing to help out one or two nights per week would be appreciated.

Two YMCA camps Referees needed

The hot days of summer are a few months away, but already the Summit Area YMCA is formulating plans for another active and fun-filled camping season. The Summit Area YMCA runs two camps — the "Camp Canadus" day-camp and the "Y Ranger" travel camp.

The Summit Area YMCA camp brochure will soon be available. If you want to be sure of getting a copy and reserving a place for your child, call the Summit Area YMCA at 273-3330 or stop by to leave your name.

Referees are needed for the seven-week YMCA Youth Soccer Association season which begins in April. According to Bill Lovett, YMCA assistant general executive, applicants must be 15 years of age or older and be available Sunday afternoons.

The YMCA's YSA is broken down into four divisions — Undergarten through grade 5. To apply for further information about the YSA, contact Lovett, at the Summit Area YMCA, 67 Maple St., Summit, or call 273-3330.

Hurley set to help Bucettes

Eileen Hurley of Mountainside is being counted on to help the Seton Hall University women's softball team improve on last season's 13-21 record.

Hurley, a freshman, graduated from Mt. St. Mary's Academy, where she earned second team all-state honors at first base in her junior year and was named to the all-state third team in her senior year. Mt. St. Mary's won the Frochian state championship in Hurley's junior year.

"Eileen has to prove she can make the switch from high school to college level play," said Bucette coach Sue Parker.

Ukrainian egg art a symbolic ritual

Editor's note: The following article was prepared by Andrew Keybida, a trustee of St. John's Ukrainian Catholic Church in the Vailsburg section of Newark, where egg dyeing is an annual Easter-time event.

The egg, as the embodiment of the life principle, has been associated with mythical and religious ceremonies from earliest pagan times. With the advent of Christianity, the egg transcended its symbolism of nature's rebirth and became the representation of man's rebirth. Christianity absorbed the egg symbol which was likened to the tomb from which Christ arose. During the earliest Christian ceremonies commemorating the Resurrection of Christ, rich ornamentation of the egg was kept as a religious memento. In 886 A.D., when Ukraine accepted Christianity, the decorated Easter egg became an important symbol in the Ukrainian rituals of the new religion.

Of the various types of Easter eggs in Ukraine, the "pysanky" is the most widely known, because of its exquisite artistic beauty. The word stems from the Ukrainian verb "pysaty," meaning to write, as the designs are actually written on the egg, which is then dyed in several colors. High artistry was achieved through accuracy, perfection of delicate, lace-like designs and brilliancy of colors.

The oldest designs are of an ideographic character with the principal character, the motif of the sun, represented symbolically by

triple, rose and stars arranged in various patterns. With the introduction of Christianity, crosses, churches and Biblical symbols in combination with geometrical designs of decorative character were added as well as animal motifs. The "pysanky" has a ritual significance as it is believed to possess magic and healing powers, protect from evil, thunder or fire and is proof of friendship and devotion.

This very old craft of egg decorating, Ukrainian style, is practiced by members of several Ukrainian Catholic Churches in Union County. Each year, or the Saturday before the Resurrection celebration, members of the parish take their decorated eggs and other foodstuffs for Easter to the church to be blessed by a priest of the parish. There can be seen all kinds of baked "pascha" (baked dough of wheat or rye flour), meats and other foods, as well as the "pysanky," both colored for giving to friends and plain for eating on Easter morning, are gathered together at the church in many wicker baskets covered with a Ukrainian embroidered cloth.

The procedure for egg decorating is simple but the resulting designs are quite complex-looking. Designs are built up through a series of dye baths working from the lightest color to the darkest. Between these dye baths, designs are drawn with wax so that areas covered with each wax application will stay the color of the entire egg at that point. After the egg comes from the last dye bath, the wax is removed and the artistic design revealed. This simple technique of alternating wax applications with dye baths produces the intricate tracery of lines and bright glowing colors.

How to make "pysanky"

To make "pysanky" you will need a candle, cake of pure beeswax, commercial dyes, assorted spoons and bottles, clean wiping cloths, thinned shalun, lintless cloth, a stylus called a "kistka," a writing instrument which is a stick with a small metal cone attached with a pinpoint opening at the end, through which the wax may flow and clean, and white unbleached raw eggs.

The eggs are washed in warm water to which some baking soda has been added, then dried. The hands must be very clean and free from oil. Hold the egg with the thumb, second, third and fourth finger. Take up the kistka with the other hand and hold its tip in the darkest part of the flame of the candle. When the tip is hot enough, insert it into the cake of beeswax and proceed to draw the basic lines of the egg with the tip. As soon as the wax in the kistka stops flowing, reheat, dip in wax and complete all basic lines, rotating the egg as you work and always be certain to keep the kistka at right angles against it in almost stationary position, while the wax is constantly being turned in the other hand.

When the lines and area planned to be left white are detailed; the egg is carefully lowered into the first and lightest color, usually yellow. As it reaches the desired shade, it is removed and dried by patting with a soft cloth. Do not rub. If green is to be part of the design, it is usually applied with a stick to the necessary area. This is then covered with wax because a green bath tends to dull succeeding colors.

is then incorporated into the pattern by sealing it with wax. "And so the color process is repeated with each color progressively darker until the final color black is reached. The finished egg is then placed on a soft cloth on a tray and put into the oven until the wax glazes indicating it has reached its melting point. Remove and wipe gently with a cloth and the full beauty of the finished "pysanky" is now revealed.

Shalun, thinned with alcohol is applied to the eggs with a lintless cloth for a glaze. Rub the entire egg with it very quickly and gently, then set the egg on a clean surface and do not touch until dry. Repeat this process until the desired gloss is achieved.

Ukrainian egg art symbolism is as follows: white means purity, yellow is health, orange means attraction, red is love, pink is success, violet means power and black is remembrance. As is their custom, the parishioners of Ukrainian Catholic Church give the blessed "pysanky" to their relatives, friends and sweethearts during the three days of Easter celebration.

Take one egg...

The design is applied with a kistka—a brass cone mounted on a stick. Filled with beeswax and heated over a flame, it functions as a pen. These first lines protect the egg's natural white.

The egg is bathed first in a light-colored dye, usually yellow. The second wax design will protect the yellow from succeeding dye baths. The process is repeated using progressively darker dyes.

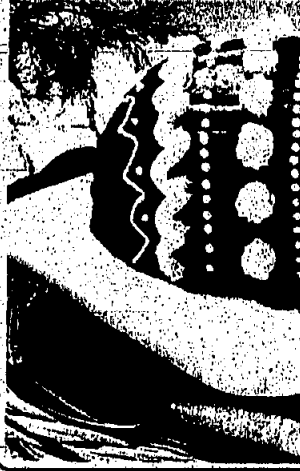

Wax is melted off the finished egg, which is then polished with a tissue and varnished. Eggs are raw, as hard-boiled or hollow eggs will not take dye evenly; yoke and white will dry up eventually.

Create an ice cream Easter egg

Easter is a joyous season that invites families to gather for a day of sharing. Whether for Easter brunch or late-day dinner, you want it to be special to the dessert finale. The traditional Easter egg inspired this Chocolate-Glazed Ice Cream Egg, easily molded in a melon mold or bowl. A delicious mixture of flaked coconut, chopped pecans and chocolate ice cream covers a layer of strawberry ice cream. All is frozen and later covered with a semi-sweet chocolate glaze. Finally, show your creative hand by making decorations with Fluffy Butter Cream Frosting.

Ice Cream Egg
 1/2 cup coconut
 1 tbsp. butter or margarine
 1/4 cup chopped pecans
 1 pint strawberry ice cream, softened
 1 pint chocolate ice cream, softened
 semi-sweet glaze, fluffy butter cream frosting

Or use commercial decorating icing. Combine coconut, butter and pecans in skillet. Cook and stir until golden brown. Cool. Spoon strawberry ice cream into 4-cup melon mold or bowl. Fold coconut mixture into cream frosting.

Fluffy Butter Cream Frosting
 4 tsp. butter or margarine
 1/2 tsp. salt
 1 tsp. vanilla
 1 pound (about 4 cups) sifted confectioners sugar
 2 egg whites, unbeaten
 1 tsp. milk
 Cream butter with salt and vanilla. Add sugar alternately with egg whites, beating well after each addition. Add milk and beat until smooth and of spreading consistency. Makes 2 1/2 cups frosting.

'Blooming' good talk slated Tuesday

A discussion group on gardening will be offered by the Union County Cooperative Extension Service on Tuesday from 7:30 to 9 p.m.

James Nicholasiewicz, program associate in agriculture, will lead the discussion. Participants will be asked to share their tips on gardening with the group. Anyone interested in participating should call 233-9366 to register for this free event.

The talk will be held at the Union County Administration and Service Building, 300 North Ave. East, Westfield, in the auditorium. For more information, please call 233-9366.

All Extension Service Programs are open to the public without regard to race, color, national origin, sex or handicap; the meeting room at 300 North Avenue East, Westfield, has handicap access.

Prune shrubs now
 Although both spring-flowering and summer-flowering shrubs can be pruned now, before growth begins, the method of pruning differs considerably, according to Steven Bachelder, county agriculture agent.

Spring-flowering shrubs, such as Forsythia, Lilac or spirea, which flower before mid-June, bloom on wood produced the year or before. These multi-trunk shrubs should be pruned while dormant by thinning out older wood at the base of the plant, leaving the younger growth to bloom this spring.

Summer-flowering shrubs, such as butterfly bush, vibex or the white Snowhill hydrangea, will bloom on new growth produced this spring. These shrubs can be pruned back severely now before growth begins. Excess shoots may also be thinned out at the base of the shrub.

The blue or pink florists' hydrangea is an exception to the rule, since its buds are set in late summer for the following year's blooms. These hydrangeas should be thinned near the base if the number of shoots becomes excessive.

Proper pruning can remove old overgrown shrubs and keep new plantings flowering for years to come.

Free trees offered
 The National Arbor Day Foundation is giving 10 free shade trees to people who join the nonprofit foundation this month.

A Sugar Maple, Weeping Willow, Red Oak, Green Ash, Thornless Honeylocust, Pine Oak, Silver Maple, Tuliptree, European Mountainash and Red Maple trees will be given as part of the Foundation's campaign to encourage tree planting.

These trees were selected because they provide flowers, berries and nuts, in addition to shade and beauty, according to John Rosenow, the foundation's executive director. The foundation will give the 10 free trees to members contributing \$10. The 6-to-12 inch trees will be shipped between now and May 31, when they will be sent with enclosed planting instructions, and are guaranteed to grow or they will be replaced free by the foundation. It was announced.

To become a member of the Foundation and to receive the free trees, a \$10 membership contribution should be sent to TEN SHADE TREES, National Arbor Day Foundation, 100 Arbor Ave., Nebraska City, Neb., 68414, by Monday.

Garden spots

A rose pruning demonstration sponsored by the North Jersey Rose Society and the Essex County Department of Parks, Recreation and Cultural Affairs will be held April 5 at noon in the All American Rose Selection Rose Garden of Brookdale Park, Bloomfield. In case of inclement weather, the demonstration will be held April 6, at noon.

Kasimer T. Niemaszk, of Union and director of the rose garden, will lead a team of consulting rosarians and club members in a practical demonstration of rose pruning techniques. Participants should bring pruning shears, heavy gloves and warm clothing.

Nature program for children

Trailside Nature and Science Center is offering learning experiences for children in grades 3, 4 and 5 in its Afternoon Adventures program scheduled on Wednesday afternoons from 3:30 to 4:45 p.m. Pre-registration is required, and each program has a \$3 fee. Further information may be obtained by calling Trailside at 233-8350.

April's program schedule is as follows:
 April 2—"Clouds"—in which youngsters will investigate the 10 most common clouds, and discover myths that have been inspired by their shapes.
 April 9—"The Case of the Missing Penguin"—A prized penguin from a museum exhibit is missing. Children will help solve the disappearance by dusting for fingerprints, meeting a police officer and making a official copies of their own fingerprints.
 April 16—"Mosquito Misconceptions"—Should all mosquitoes be wiped off the face of the earth? Youngsters will explore the life cycle of the mosquito and determine ways to control them in this area.
 April 22—"Wildflower Folklore"—Participants will discover how wildflowers got their common names and ways in which they were used during a walk. They'll make a wildflower suncatcher to take home.
 April 29—"Discover the trees"—Children will celebrate Arbor Day on a hike to investigate and identify the trees in the Reservation.

Children in first and second grade can attend programs at the nature center on Thursday afternoons from 3:30 to 4:45 p.m., and there is a \$5 fee per class. Pre-registration is required by calling Trailside at 233-8350 for further information.

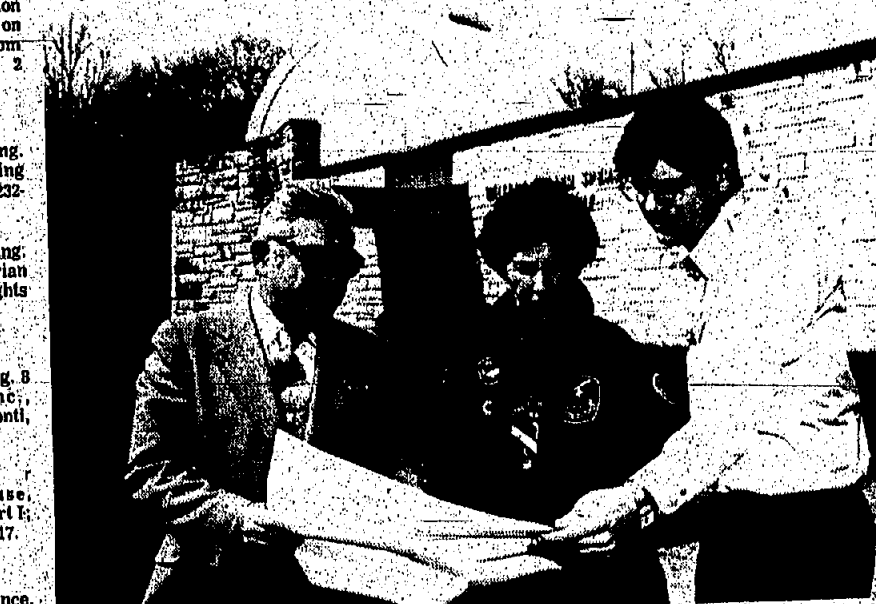

Volunteers needed

For gardeners whose green thumbs thrive year-round, volunteer opportunities to care for, work with and learn more about exotic and tropical plants such as orchids, cyclamen, ferns, bromeliads and cacti, are available now in the Reeves Arboretum's greenhouse. Training where required will be provided by Greenhouse chairman Carolyn Lydon of Summit. Volunteers spend about one-half hour per day, for a series of five days every five weeks at the Arboretum, 165 Hobart Ave., Summit. Duties include watering, propagation, pruning, general greenhouse care and decorating the century-old Wisner House on special occasions such as weddings.

To volunteer, those with or without experience, who are interested in unusual plants and the operation of a greenhouse, can call 273-8787, Monday, Tuesday or Thursday.

COMET CHASERS—Mr. and Mrs. David Kuchnisky of Plainfield and the Rev. Allen Tinker of Summit, right, go over plans for two expeditions. Amateur Astronomers, Inc., which makes its headquarters at the Sperry Observatory, Union County College, Cranford, has organized to Chile and Australia to view Halley's comet. The Kuchniskys are leading the trip to Australia and Tinker heads the expedition to Chile. Both groups will begin their trips April 4 with the maximum viewing periods being April 9, 10 and 11. About 150 people are involved in the two expeditions.

'Manor' wins another award

The Manor has been awarded the 1988 Business Executives' Dining Award by "Sales and Marketing Management" and "Restaurant Business" magazines.

Named one of the top 100 restaurants in both the United States and Canada, this is the 12th consecutive year The Manor has received the citation.

The award, which is based upon the only nationwide poll in which the country's top restaurant patrons — sales and marketing men and women — select the "places" they prefer to go with valued customers and clients.

In addition to the Business Executives' Dining Award, The Manor, which is celebrating its 28th anniversary, has been the recipient of the "Travel/Holiday" Award for Dining Distinction for 16 consecutive years; the "Mobil Travel Guide Four Star Rating" for the past nine consecutive years; The Ivy Award from "Restaurants/Institutions" magazine, a one-time selection for excellence, not an annual award; "Cartier's Golden Plate Award" for elegance in dining, a one-time selection; and the one-time appointment to the "Fine Dining Hall of Fame" from "Nation's Restaurant News" with only 30 restaurants in the U.S. as recipients in recognition of excellence in

service, food, innovation and dedication to the highest culinary standards.

The Manor is the only restaurant in New Jersey to receive these one-time life awards and uninterrupted national recognition.

Teen disco is set

Teen groups from all over the state will converge on the "Electric Playground" teen disco tonight for a Purim celebration.

YM-YWHA Teen Director Terri Ampel will accompany the Union county contingent, which will depart from the Green Lane Building at 6:30 p.m. A game room provides a place for socializing between numbers.

Anti-drug single released

MCA Records has released the all-star anti-drug anthem "Stop The Madness" single, with the record royalties going towards the "Stop The Madness" Foundation, which will fund anti-substance abuse rehabilitation and educational campaigns, and to Nancy Reagan's "First Lady's Drug Fund."

Produced and arranged by Michael Stokes, the recording features vocals by New Edition, Whitney Houston, Herb Alpert, La Toya Jackson, Steve Arrington, Toni Basil, Tata Vega, Andre and Sandra Crouch, Tim Feehan, John Buford, and Jackie Ball and Linda Stokes (of Magic Lady). The accompanying video, which debuted on NBC-TV's "Friday Night Videos" on Jan. 17, features cameo appearances by First Lady Nancy Reagan, Lyle Alzado, Kim Fields, David Hasselhoff, Kareem Abdul Jabbar, Casey Kasem, Stacy Keach, David Keith, Michelle Lee, John Matuszak, Daphne Maxwell, Gerald McRaney, James Paker and Arnold Schwarzenegger.

The idea for "Stop The Madness" was created by actor Tim Reid ("WARRIOR in Cincinnati," "Simon and Simon") who appears in the video and heads the foundation. Reid also co-wrote the song with producer Stokes, Sharon Barnes, and Lathan Armour.

TOM CHAPIN

Chapin to appear at Kean

Tom Chapin, singer, songwriter and guitarist, will appear April 6 at 8 p.m. in the Wilkins Theater, Kean College of New Jersey, Union, at a Kean Fights Hunger campaign benefit. Proceeds of ticket sales will go to the New Jersey Community Food Bank and to a CROP hunger relief program in Haiti.

Chapin, who performs with his brother, Steve, and two friends as the house band at the Bitter End in New York City's Greenwich Village, occasionally includes one or two of his late brother, Harry's, story-telling songs in concert.

Tickets are available by calling the box office at 627-2337.

Attorneys sponsor contest

Alan J. Schirman, Linda A. Torrey and chairman of the Union County Bar Association Law Day Committee, has announced that the Union County Bar Association is sponsoring a "Law Day Essay Contest" to coincide with the Law Day Ceremonies to be conducted on May 1, at the Union County Court House, Elizabeth.

The essay contest is open to all Union County high school students, both private and public.

The writers of the five best essays will be selected by the Law Day Committee and each winning essayist will receive a \$100 U.S. Savings Bond. A total of \$500 in U.S. Savings Bonds will be presented by the Union County Bar Association.

The deadline for submitting the essays, which must be submitted through the student's high school, and which is limited to one essay per high school, is April 4.

Each high school in the county has been notified of the details of the contest and any interested student should contact his or her principal.

OUR LITTLE GIRL ON DRUGS?

How could it be possible? We've always tried our best to be good parents, but lately we've felt her slipping away from us. Her grades haven't been as good as they used to be. She seems sullen much of the time and she was always a happy child until this began. We've been talking it over and we just don't know what to do.

Sound familiar?

Clubs plan suppers, meetings, show

The GFWC Woman's Club of Connecticut Farms, Union, a member of the New Jersey State Federation of Woman's Clubs, will hold an executive board and supper meeting Monday at 6:30 p.m. at the Boys and Girls Club on Jeanette Avenue, Union. Mrs. Joseph Cantalupo, who will preside, requested that all board members attend the event.

THE LINDEN CHAPTER of Hadassah will meet Monday at 8 p.m. in Congregation Anshe Chesed, Orchard Terrace, Linden. Irene Rubin, president, will welcome members and guests. Rayna Martucci, an educator and representative of the Linden Board of Education, business administrator's office, will present a proposed "Budget for Current Expenses and Capital Outlay for the Linden School Year 1986-1987." A question and answer period will follow. Sadie Peck and her hospitality committee will serve refreshments. Members and guests are invited to attend.

THE LINDEN LIONESSES Club sponsored a fish and chips dinner yesterday in the PAL Center, Maple Avenue. Argyle Restaurant of Kearny catered the dinner. More information on the event can be obtained by calling 625-3818 or 465-0090.

DOROTHY GORDON, president of Beth Birth Women Tabernacle Chapter, has announced that a luncheon program will be held Wednesday at noon in the Suburban Jewish Center, Deerfield Terrace. During the proceedings, William and Ruth Proelch of the Roselle Historical Society will present a slide show, "Miss Liberty."

"BEES BY BEE'S" will be the title of a program presented by Betsy Coyns of Coyns's Honey Farm in South Plainfield, at a meeting of the Springfield Woman's Club Wednesday at 8 p.m. at the Sarah Bailey Civic Center, Springfield. She will discuss "the importance of the honey bee to man and will explain how bees make honey and how the beekeeper extracts it for our use." She also will discuss wasps and hornets and will have a question and answer period. Mrs. Coyns has been a beekeeper for 10 years. She is a registered nurse and had worked in the emergency room at Mulenberg Hospital, Plainfield. The club also will hold a honey sale.

A CRAFT SHOW will be presented by the members of Women's American ORT, Union Chapter, at a meeting April 3 at 7:30 p.m. in the first classroom at Memorial General Hospital, Union. Refreshments will be served. The chapter will sponsor a "Nail-A-Thon" May 19 from 8:30 a.m. to 2 p.m. at "Volanda's Creative Concept," 336 Chestnut St., Union. It was announced that no appointment is necessary. The cost is \$4 and refreshments will be served. FASHION & TRAVEL

SLIM SILHOUETTE, clean lines and easy care is the direction Gene Ewing is taking for spring '86 with her machine washable, rayon crepe, sleeveless dress with matching broad-shouldered cropped jacket, perfect for taking along on vacation.

FITTED FOR SUMMER—Gallery by Haggard offers fashionable slacks in a tropical-weight tri-blend for cool comfort and good looks.

Gant name is international

The Gant Corporation was founded in the early 1940's by New Haven, Connecticut shirt contractor, Bernard Gant. Since that time, Gant has been well-known for and consistently fastidious about the quality fit and profile of his shirts.

Gant grew at a rapid rate throughout the 1950's. Under the leadership of Bernard and his two sons, Elliot and Martin, Gant introduced its quality button-down shirt, the basic Gant dress shirt, which became a classic Ivy League style. Also introduced were such creative tailoring features as collars with buttons on the back, the hanger loop and the back box plait.

Moving on to such successful style innovations as the straight flare, the town collar, the British spread collar, the round collar, the English tab collar and the pleated formal further established Gant's reputation. Its button tab won the company the first Esquire fashion award ever presented.

With an increased emphasis on leisure time and casual lifestyle in the 1970's, Gant responded by in-

troducing the highly successful "Rugger"—a knit shirt with broad, brightly colored striping which continues to attract a large following.

In 1977, Gant introduced both women's and boys' lines; the ladies' sportswear line originally consisting of stylish shirts, Rugger knit jerseys, pants, jackets and blazers; the boys' line being a scaled-down version of the men's line.

Secretaries set fashion show

The Union County Association of Educational Secretaries is sponsoring a fashion show on April 8 at 9:30 a.m. The show will be given by Brooke Sealants, 410 Springfield Ave., Summit. The theme will be, "Ahi Spring!"

A continental breakfast will be served at 9:30 following a short business meeting at which the slate of officers for the 1986-87 school year will be presented. Prizes will be offered for the benefit of their Scholarship Fund.

FASHION & TRAVEL

THE ENTIRE CREW commands the whites of spring and Sassoon gives activewear a fresh energy for spring. A wave of nautical inspiration rides the crest for women. Sailing with strength into '86 are cropped wide-legged pants capped off with one of a selection of crisp, regimental striped T's, soft and oversized. Sassoon's coordinated activewear for men and boys casts off in white crinkle cotton. A wave of oversized tops and coordinating bottoms stand out when treated with canvas taping, crinkle nylon and french terry fabric mixes. Even when it comes to activewear, 'Sassoon Says So Much' to every mate.

FORMULA 10

How Does Formula 10 Work? Formula 10 is a crystal clear protein fortified nail strengthener used with or without your favorite polish. When used with your favorite nail polish, Formula 10 eliminates all other base and top coats. As a base coat Formula 10 gives strength to your nails while allowing your polish to go on smoothly, evenly and beautifully. As a top coat Formula 10's unique crystal clear formula adds strength to your nails, while it keeps your polish lasting, shiny and chip-free.

FASHION & TRAVEL

LORRIE KABALA manufactured this three-piece white pleated skirt for Rod Owens Fashion Atrium, Seventh Avenue, New York, for spring 1986.

SPRING PLATFORMS reach new heights: Platforms and wedges are back, bringing a whimsical accent to this spring's fashion message. These updated, big-bottom styles come in an extraordinary variety of materials and colors. From left, Banchini adds a bow to an ankle-tied platform sandal; Josephine's big-bottom sandal features new proportions; Charles Jourdan's muted metallic wedge with multi-colored stitching and ankle tie; Santini and Dominici's sleek slingback. In patent with contrasting vamp, and Carlos Falchi's printed linen with a shiny patent platform and bow.

UNION COUNTY BOARD OF CHOSEN FREEHOLDERS

RESOLUTION
DATE: 3/26/86
W. O. 1 5 4
BE IT RESOLVED by the Board of Chosen Freeholders of the County of Union that it hereby retains Dr. Raphael J. Caprio, P.O. Box 711, Chatham, New Jersey 07725, for the purpose of providing consulting services to the Union County Manager Search Committee which services shall consist of: (1) To assist the Search Committee in generating applications for the position from the widest possible source of potentially qualified candidates; (2) Assist the committee in establishing appropriate criteria in assessing the applicants to determine those candidates most likely qualified and potentially successful in the position of County Manager; (3) Provide certain analytical services and direct verification activity for credentials where deemed appropriate; (4) Maintain communication with the Chair of the Search Committee in order to provide other appropriate consulting services as may be required by the Committee in the process of their selection; and
BE IT FURTHER RESOLVED that the compensation for such services to be paid to Dr. Caprio shall be in the sum of \$200.00 per day for a sum not to exceed \$2,000.00 which shall be charged to Account No. 001-001-511-10-212 and
BE IT FURTHER RESOLVED that

there shall be established for the use of the Committee a fund in the amount of \$1,000.00 for the purpose of paying the cost of newspaper advertising, travel and other normal and reasonable expenses incurred in connection with the carrying out of the Committee's assignment which shall be charged to Account No. 001-001-511-10-226 and
BE IT FURTHER RESOLVED that the County Counsel shall prepare the appropriate contract and
BE IT FURTHER RESOLVED that the said contract is in the nature of "Extraordinary Unspecifiable Services" and as such this contract is being awarded without competitive bidding, pursuant to the Local Public Contracts Law, due to the fact that this service is specialized and qualitative requiring extensive knowledge of high level management selection procedure as well as a proven reputation in the field; and
BE IT FURTHER RESOLVED that a copy of this Resolution be published according to law within ten (10) days of its passage.
I hereby certify the above to be a true copy of a resolution adopted by the Board of Chosen Freeholders of the County of Union on the date above mentioned.

'Crucifixion' due at Symphony Hall

The Family Theater Company's Easter production, "The Crucifixion," is scheduled tonight to Saturday in the 1016 Space at Newark Symphony Hall, as part of the "Off-Broadway On Broad Street" theater series sponsored by Newark Symphony Hall. Also scheduled is a "Family Cabaret and Talent Show" April 3 to 6, as part of The Family's performance season at Newark Symphony Hall.

"The Crucifixion" is a theatrical "reaffirmation of faith based on James Weldon Johnson's sorrowful lyric poem about Jesus and his family." Written and directed by The Family's artistic director Marvin Felix Camillo, of Newark, "The Crucifixion" uses gospel music, mime and dance to enact scenes in the stages leading to the crucifixion of Jesus.

"The Crucifixion" is scheduled tonight, tomorrow and Saturday evenings, at 8 o'clock and a matinee on Saturday at 3 o'clock.

The "Family Cabaret and Talent Show" is an integral part of The Family's commitment to encouraging professional and amateur local artists to perform and showcase their acting, dancing and musical talents. Audience members at the cabarets are encouraged to perform during the talent show segments which follow the Cabaret

performances. The show is scheduled on April 3, 4 and 5, at 8 p.m. and a matinee April 5, at 3 o'clock.

"The Family" is directed by Marvin Felix Camillo.

Also scheduled as part of "Off-Broadway On Broad Street" is Christopher Durang's "Baby With the Bathwater," performed by the Ironbound Theater.

Tickets are available by calling the Newark Symphony Hall ticket office at 643-4550.

GRAND OPENING!

**THE EYEWEAR STORE
OF TOMORROW
OPENS IN
WOODBIDGE TODAY.**

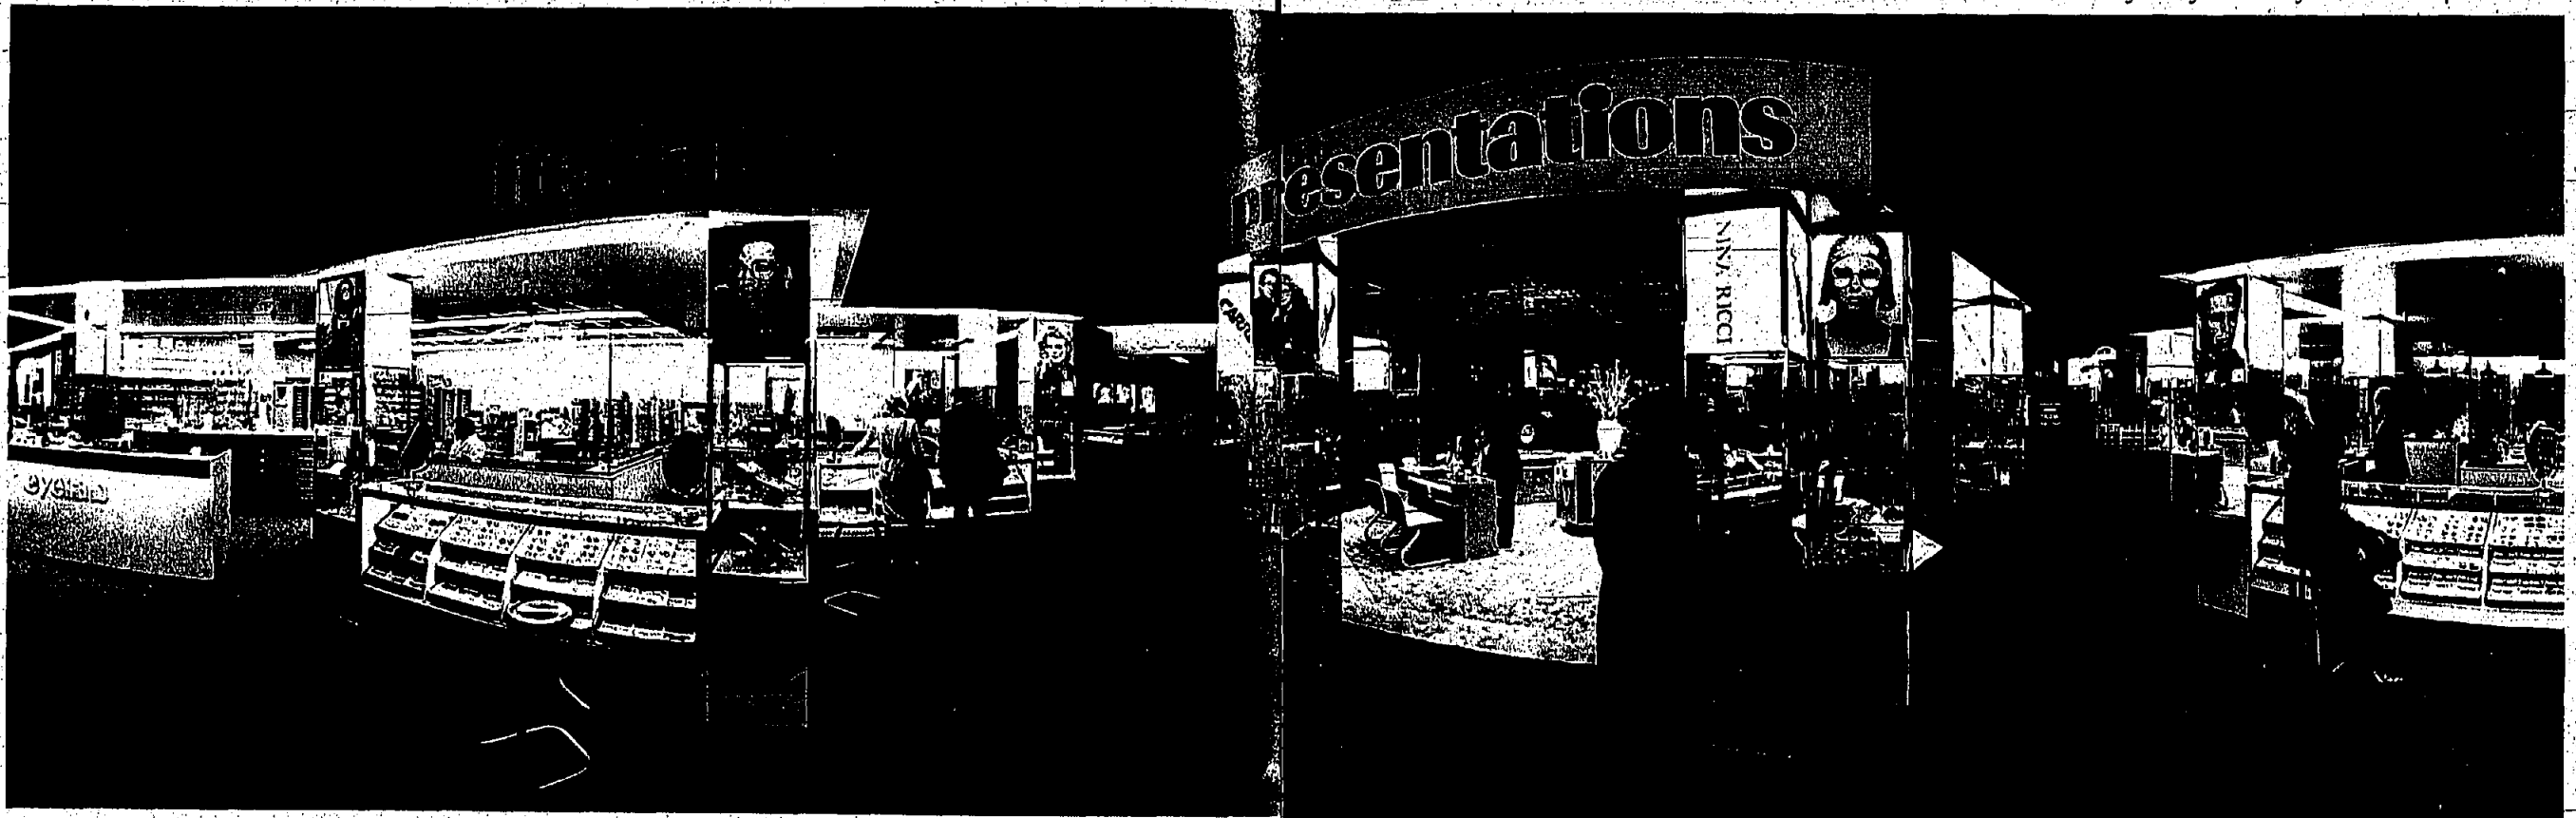

eyelabTM

THE WORLD'S FIRST EYEWEAR DEPARTMENT STORE.

WELCOME TO EYELAB, THE WORLD'S FIRST EYEWEAR DEPARTMENT STORE.

THE DREAM THAT BECAME REALITY.
The World's First Eyewear Department Store. Eyelab offers selection, quality, service, speed, and exceptional value—all in one beautiful and convenient shopping environment.

GRAND OPENING
Now the newest Eyelab has opened near you. And regardless of what great things you may hear or read about Eyelab, you'll hardly believe the experience.

ONLY EYELAB MAKES YOU THESE FOUR PROMISES:

1. SAVE 20 to 50%.

Eyelab offers designer eyeglasses for 20-50% below ordinary retail. If, within 30 days after you make a purchase, you find the exact same glasses selling anywhere for less, bring us proof. We'll gladly refund the difference.

2. YOUR GLASSES READY WHEN PROMISED.

At Eyelab, most glasses can be ready in less than 2 hours. If for any reason your glasses are not ready when we say they will be, we will give you a \$5.00 gift certificate, absolutely free.

3. WE PROMISE 100% SATISFACTION.

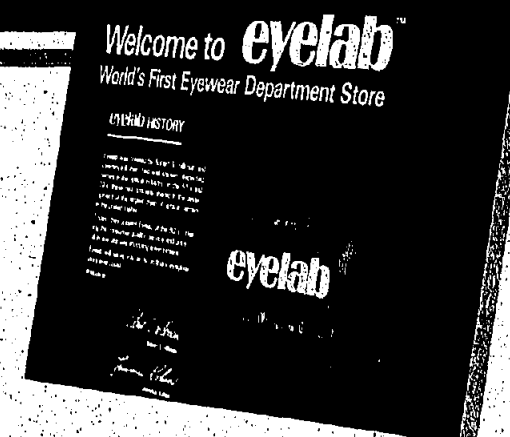

Eyelab wants you to be completely satisfied. With every purchase, we offer a 30-day unconditional guarantee. If for any reason you don't love your new glasses, bring them back. We will either adjust them or replace them absolutely free.

4. NO ONE HAS MORE DESIGNER FRAMES.

At Eyelab we stock up to 10,000 designer frames; ten times more frames than most eyewear stores. We promise you a greater selection of frames than you ever thought existed.

Choosing eyewear is an important decision. It affects both your precious eye sight and how attractive you look. That's why this message is at the entrance of every Eyelab:

"You will see more frames here than you might have thought existed. You will see your prescription filled here faster than you might have thought possible. You will pay less here than you might have ever expected. Eyelab is our dream come true. It will serve you as no ordinary eyeglass store ever could. Welcome!"

eyelab presents

For your shopping convenience, Eyelab is divided into a number of separate departments; the first one to greet you is Eyelab Presents.

EYELAB PRESENTS: THE VERY FINEST IN EYEWEAR FASHIONS.

Here is where eyewear fashion finally comes into its own, with presentations of complete designer collections. Eyelab searches throughout the world for frames we doubt you will see anywhere else. Here you will find the craft of the Great Americans and Europeans; Silhouette, Rodenstock, Metzler—Polo by Ralph Lauren, Christian Dior, Laura Biagiotti, Yves St. Laurent, Calvin Klein, Gucci and on and on.

At Eyelab Presents you'll see the finest the world has to offer. **ALL AT EYELAB PRICES**

Christian Dior style 2250

hislab & herlab

TEN TIMES THE FRAMES OF ANY VISION CENTER.

For men there's hislab. For women herlab. Within each department you'll find scores of designer and fine maker frames organized by style and price. (From under \$10 to \$75)

Marcolin style 956 by Marchon

And, behind every Eyelab counter stands a professional who cares whether you're looking for top fashion or economy. The conservative or spectacular, you'll be personally helped by one of Eyelab's optical stylists.

And with 10,000 frames you will find the ones most suited to you. **ALL AT EYELAB PRICES**

And, at the end of each department is a fitting and adjustment department. Here, regardless of where you purchased your prescription lenses or frames, the service department is free. And, if Eyelab's adjusters can't solve the problem, Eyelab's repair shop is right next store.

THINK "CONTACTS" NOW!

If you've ever thought of trying contact lenses, this is the time to think even harder. The contact lens department brings you the most modern facilities, with the newest innovations, the greatest price values and the largest selection of contact lenses in the world. Isn't it time to see what contact lenses can do for you?

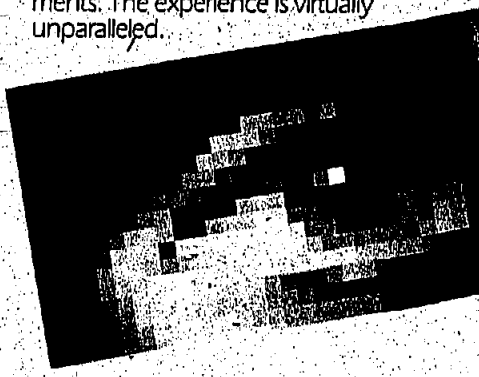

THE GREAT CONTACT LENS WALL.

The secret of good fitting and correct vision in contact lens service is offering a maximum number of prescriptions to fit variations of the human eye. The Great Contact Lens Wall contains lenses to cover virtually every type of prescription.

Virtually every quality manufacturer is represented, including Bausch & Lomb, American Optical, American Hydron, Polycor, Permalens, Hydrocurve II (Builcon A), Wesley Jessen, the new Ciba color tint, and more.

STATE-OF-THE-ART EXAMINATION ROOMS.

A trained, professional staff utilizes the finest and most up-to-date analytic and testing equipment and fitting instruments. The experience is virtually unparalleled.

Independent Doctors of Optometry
 Dr. Alan DeYong
 Dr. Minas Nicholas

Here are the tests and examinations of your eyes that you will receive at the Eye Exam facility.

1. **Your health history** is recorded by trained optometric assistants.
2. **Your present glasses Rx** is analyzed, electronically.
3. **Your visual skills** are assessed in tests with present glasses.
4. **Your depth perception** is tested, using a subjective method.
5. **Your color perception** is tested, with numbers-in-color dot cards.
6. **Your distance vision** is measured objectively by an Eye Exam computer.

7. **Your visual field** is measured (if you are over 35) by an Auto Perimeter. This planetarium-like electronic instrument has a high degree of accuracy in spotting early symptoms of glaucoma or other diseases that may affect your sight. (A small surcharge is made for this special examination.)

8. **Your prescription** is first determined by use of the traditional Phoropter. Results are compared with other Rx tests before your eye doctor writes your final prescription.
9. **Your cornea** is measured by use of a Keratometer.
10. **Your cornea** is inspected through a Biomicroscope.
11. **Your external eyes** are inspected for movement and for signs of disorder, such as inflammation, discharge, etc.
12. **Your internal eyes** are inspected for disease or any sign of eye disorder, such as cataracts.

13. **Your refraction** is determined by examination with a retinoscope.
14. **Your distance and near vision** are measured through a Subjective Test Series.
15. **Your muscle balance** is analyzed to determine how well your eyes perform, separately and together.
16. **Your optical accommodation** is tested, measuring your response to changing distances of visual stimuli.
17. **Your new prescription** is made and tested through use of test lenses.
18. **Your blood pressure** is taken as an added index of your health.
19. **Your eyes are screened for Glaucoma** by airpuff tonometry.
20. **Your final consultation** to answer any questions you may have.
21. **Your new eyeglasses** are checked for accuracy.

*If over 35, add \$3.00 for Peripheral Field Testing.
 Offer good at Woodbridge location only.
 Expiration Date: 4/30/86

kidslab

TO SEE IS TO KNOW.

80% of what we learn comes thru our eyes. And 50% of reading problems in school-aged children can be attributed to unrecognized vision problems. These two statistical facts were enough to encourage Eyelab to build a store within a store just for little eyes.

TO KNOW IS TO GROW.

The moment a child enters Kidslab, he knows Eyelab is on his side. There are fun frames and serious frames, great European craftsman frames and designer frames. And, to help them, Kidslab is staffed with child-oriented specialists who are skilled in dealing with children.

Kidslab has everything, and ALL AT EYELAB PRICES.

THEY MAY COME HOME WITH SCRATCHES, BUT THEY WON'T BE ON THEIR GLASSES. Every kid can have lenses made at Eyelab with a special hard finish—"Super-Shield"—an invisible protective shield. We call these "Can't Scratch Me" lenses and they're always in stock at Eyelab.

Kidslab has everything, and ALL AT EYELAB PRICES.

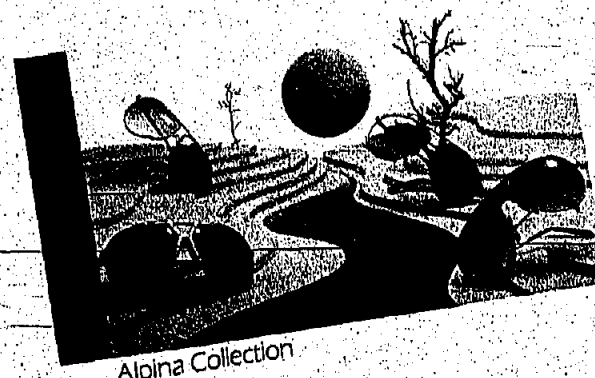

sunlab

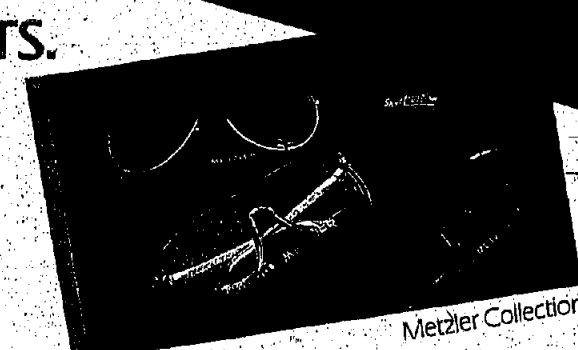

SUN, GAMES AND GIFTS.

At last, a fashion showplace to fit the size of America's sunglass craze. In Sunlab there are ten times as many fine designer and quality maker sunglasses than in most department stores. Ray-Ban, Porsche Design, Vaurmet and Bollé, are just a few of the famous names.

Sunsensor Lenses® by Corning and mirror-coated lenses by Ray-Ban and Vaurmet—everything under the sun. ALL AT EYELAB PRICES.

Alpina Collection

Metzler Collection

SPORTSLAB/GIFTLAB

Sportslab is unique. Here you will find all the frames for the games people play... from racquetball to riflery, from mountain climbing to scuba diving and every place in-between, including ski prescription or non-prescription goggles by Bollé.

And, in Giftlab, you'll find gifts that aid Man's greatest gift—eyesight—from magnifiers of every type to specialty lenses and accessories and binoculars. And, if you can't choose a gift we also offer Eyelab Gift Certificates. ALL AT EYELAB PRICES.

lenslab

Ever since Man first discovered that lenses could aid his vision, he's been waiting for his glasses. Today, although some advertising claims imply otherwise, most prescriptions are filled in an optical laboratory, far removed from the eyewear store. In the majority of cases, the "short waiting period" for glasses will range from two days to two weeks.

At the heart of Eyelab is a modern, automated, computerized lens laboratory. Here your lenses pass through 18 precision stages, and 5 quality control checks. All under the one roof of Eyelab you can actually see your glasses being made while you wait in most cases.

We encourage you to compare. There truly is nothing to equal Eyelab's precision, quality and experience, when it comes to making your lenses.
