SEWER BUILDERS ORDERED TO FIX ROUGH ROADBEDS

All Further Construction Will Be Forbidden Until Bad Streets Are Repaired

OTHER NEWS OF TOWN COMMITTEE MEETING

In answer to complaints made by residents of South Maple avenue, who appeared before the Township Committee Wednesday night, the committee promised the petitioners that all sewer construction work will be definitely suspended until streets left in a deplorable condition have been made passable for trucks and automobiles. The letter sent to the E. J. Flaherty Contracting Company from Thomas F. Bowe, consulting engineer, on the advice of the Township Committee after Mr. Bowe made an inspection of the condition of Springfield's streets Tuesday will be found in full in another column of this newspaper.

John Kulp acted as spokesman for the South Maple avenue delegation. Mayor Larsen explained to him that all work will be left unfinished and that the sewer workers will stay on South Maple avenue and all other streets left in bad shape until they have been remedied.

John Gunn and George Gaskill, judges of the two election districts, asked the Township Committee to lay out a third election district, since the districts now used are being overcrowded. A motion was made and passed that a third district be created. Each will contain about 600 registered voters. Township Clerk Robert D. Treat was instructed to notify the Union County Board of Elections of the action, and a copy of the letter was sent to Freeholder Charles H. Huff.

A report was read from Robert S. Bunnell that all rights-of-way for the sewer have been received, except one, that of Joseph Janakowitz, will be allotted a certain time, and then condemnation proceedings will follow.

A request was read from Judge Lloyd Thompson of the Juvenile Court that a certain court room be designated where juvenile cases can be handled, other than in the regular courtroom. The room where the Township Committee meets was chosen, and a letter sent to Judge Thompson, notifying him of the choice.

A communication was received from the New Jersey League of Municipalities, asking the Township Committee to complain against action of the State Legislature to exempt property from a personal tax to be made up by increased taxes on buildings. The Township Committee approved of the present law, with no change.

A letter was read from the Railway Valley Joint Sewer Meeting that that body will meet January 9 and evening Thursday evening thereafter until further notice at 37 Elm Street, Washfield. All committeemen were invited to attend. Mr. Larson was retained the representative of the local body.

A petition was read that the sewer construction be extended to Dundee Road. This matter was turned over for consideration of costs to Mr. Bowe the consulting engineer.

A request was received from the Babusrol Golf Club that Hillside

Town Committee To Arrange Confab With Water Co.

Many Springfielders will be glad to know that the question of putting in water connections in Springfield Square and the southern section of the township, is gradually being brought to a climax. At the meeting of the Township Committee, Wednesday night, Township Clerk Robert D. Treat was instructed to notify the Commonwealth Water Company, of Summit, arranging for a conference between them and the Township Committee, for the purpose of putting water mains in Springfield Square.

GROWTH REVEALED BY POST OFFICE

Stamp Sales and Money Order Business Increase

On increase in sale of stamps for the period from October 1 to December 31, 1929 over the same period in 1928, was shown this week when the quarterly report of Postmistress Mrs. Belle J. Smith was announced.

The postal receipts for the last three months in 1929 amounted to \$2,784.74, while the year before they were only \$2,246.63. Evidence of the growth of the local office is shown in the large increase in the sale of money orders. In the year 1928, 1409 money orders were issued from October 1, to December 31, while this year they were 2412, divided as follows: 867 in October, 751 in November and 794 in December.

If the local department is to be given any better consideration from the Federal offices in Washington, local residents must purchase all their stamps and money orders from their own post office, and thus help increase the receipts here.

Gas Wicker, 28, colored, of 355 Pine Street, Newark, who was arrested by Patrolman Nelson Stiles on Mountain Avenue, December 29, on a charge of illegal transportation of liquor was fined \$200 when arraigned before County Judge Stein in Special Sessions Court, in Elizabeth, Monday morning.

Wicker was stopped by the patrolman who became suspicious when he saw an automobile with the lights out, and going from the side of the road to the officer. Upon investigation, a gallon of alleged corn whisky was found in a suitcase in the rear. He was placed under \$500 bail before Police Recorder Everett T. Spinning Monday of last week.

Wicker's companion, Charles Reed, colored, of 260 West 117th Street, New York City, was recognized at headquarters by Mountainclair police as a fugitive from Montreal, where he was wanted for a prominent assault and battery, after shooting a man there, and also for conducting a disorderly house. He was placed in \$500 bail.

It has not yet been adopted as a State highway, but it is believed it will be improved in 1930, and taken into the highway system when improved. Springfield is situated only 55 minutes on the Lackawanna R. R. from New York (20 miles) and has good bus connections to Newark, Elizabeth, Summit and Plainfield. The Lackawanna railroad stations at Millburn and Short Hills are only one mile from Springfield Center. The Rahway Valley R. R. has a freight station in Springfield, giving service for factories, commercial and industrial purposes.

Two building and loan associations, one bank, and two schools, as well as excellent fire and police protection are afforded.

Four churches: First Presbyterian, Methodist Episcopal, St. James Catholic, First Colored Baptist.

ALL SET FOR ACTION

Having set its own house in order for the coming year, the new Township Committee is prepared to cope with Springfield's growing problems. The two new members of the body, Lewis F. Macartney and Frank C. Geiger bring an infusion of new blood and fresh ideas, balanced by the experience of the other three members, Gabriel Larsen, Francis Leslie and Fred A. Brown.

In selecting Mr. Larsen as chairman, the committee in our opinion, started off on the right foot. Springfield's "mayor" has had sound executive training which coupled with his constructive achievements in the sanitary sewer installation bodes well for the future of the community.

The retiring committeemen, Charles S. Quinzel and former Chairman David S. Jeakens should not be forgotten for the part they have played in planning Springfield's growth in a progressive period of her history. We think that the township will do well to employ the services of both these men in some civic capacity, irregardless of partisan politics. Our main objective should be the sound constructive building up of the community and personalities and petty factional feuds, if they exist, should be subordinated to the common weal.

We are also glad to note that many of the former lesser officials will continue with their duties. A new separate office was created, that of plumbing inspector, and Harry C. Anderson has been appointed to fulfill these duties which had been previously carried on by William B. Denman who was also building inspector. A new figure, by the way, Reuben H. Marsh, succeeds Mr. Denman as building inspector.

The municipal team is well balanced and we expect it to gain much yardage in the suburban scramble in this section toward the goal of attracting new residents as well as new businesses and industries.

Quarterback Larsen has a strong team and in many respects a co-operative audience. The squad is all set for action. We're pulling for the 1930 team.

TEXT OF LETTER TO CONTRACTOR

Consulting Engineer Orders Streets Fixed Immediately

The following communication was sent to E. J. Flaherty, sewer contractor, Tuesday, after Mr. Bowe, consulting engineer, acting on the advice of the Township Committee, made an inspection of the condition Springfield streets were left in after sewer excavations.

The letter reads as follows:
January 7, 1930.

E. J. Flaherty Contracting Company,

Dear Sirs:

"The surface conditions of all roads and streets wherever sewer construction has been executed by you are in a deplorable and dangerous condition for traveling. I hereby direct you to make a special effort with labor and equipment to expeditiously remedy the situation.

"Without reducing your force, this work must be carried on to the exclusion of all other parts of the exclusion of all other parts of

noted. Sufficient trucks shall be added to efficiently remove the surplus earth in the shortest possible time. Additional supervision shall accompany the operations. Until such time as a material change is evident throughout the unfinished portions of your contract, these directions are in force.

"The construction of manholes and the construction operations through the Hartshorne Estate are the only exceptions which will be permitted at this time.

"My resident engineer, Mr. McNulty, will direct the course of the cleaning up and your full cooperation is requested. I have notified the Township Committee of this action.

THOMAS F. BOWE,
(Consulting Engineer.)"

Rambling Around SPRINGFIELD

All this week discussion has been heard in town of the terrible condition of the streets due to the recent sewer excavations. However, we must take into consideration that the winter "muggy" weather has not been of any help. However, the Township Committee told complainants Wednesday night that everything will be repaired and left in its original condition before any new construction is attempted. The committee has acted wisely. They have used the best method possible.

Everyone in Springfield will be contented to know that plans for installing water pipe in Springfield Square will soon materialize. A Conference between the Township Committee and the Commonwealth Water Company is being planned.

Evidence of a new mode of doing things was the thought in the mind of an on-looker when an automobile came flying along Morris avenue Tuesday. Something looked like a new image on the roof of the vehicle, but it turned out to be only a frightened black cat holding onto the roof for dear life!

Basketball interest is being developed among the young bloods of Springfield. If enough persons would encourage the idea, there is no doubt but that an evening of recreation could be provided. If readers are interested get in touch with the office of the **SUN**.

Springfield bowlers are now eighth in the league standings of the Lackawanna League. Wasn't it but a few weeks ago they were the "unlucky thirteenth"? They have an excellent opportunity of placing in the "money."

At this time of the year, va-grants from all parts of the country are plentiful. But if they knew of all the turkey suppers being planned for the latter part of this month and February, there is no doubt, Springfield would rise to national prominence. For the benefit of those who are a bit dull on the matter, remember the Junior Order Council of Springfield will hold a turkey dinner January 25th; the Junior Guild of the St. Stephen's Episcopal Church of Millburn will hold a turkey supper January 21st; and the Ladies' Aid Society of the Methodist Episcopal Church will hold an old-time Washington's Day supper, February 22.

TWO HAVE PERFECT LIONS' ATTENDANCE

Richard T. Bunnell and Charles H. Huff had a perfect attendance at meetings for the year 1929, according to a report of Secretary Donald B. Palmer, at the regular weekly luncheon-meeting of the Lions' Club last Friday afternoon in the Villegiant Inn. Louis Wieman also had a perfect attendance, but he has been a member only since May, while the other two have been members for the whole year and longer.

Incidentally Mr. Huff, missed his first meeting Friday, and Vice-President Fred J. Hodgson presided. Sixteen members and one visitor, C. W. Schatzman, of Newark, were present.

If it happened in Springfield, read it in the SUN.

Sewer Builders Must Fix Rough Roadbeds

(Continued from page 1)
avenue be left in suitable condition to allow cars to pass through. Since this will be remedied as stated before, a letter to that effect was sent to the club.

A communication was received stating that Springfield must provide in the 1930 budget for \$640.46 to defray expenses for the Railway Valley Joint Sewer Meeting.

Charles Tavormina of Elizabeth, who is in charge of garbage disposal, explained to the Township Committee that in certain places his trucks were not able to pass, and that he had failed at certain times to take away garbage for this reason. He was informed that the sewer construction was being held up until certain streets are repaired.

A proposal was made of the appointment of a Sewer Assessment Commission. Mr. Treat was instructed to write a letter to Mr. Bowe, the consulting engineer, to arrange a conference with the committee to aid in selecting a commission.

Arthur H. Lennox, of Springfield, was awarded the contract to prepare a new Tax Atlas, at a cost of \$70 per sheet, and not to exceed \$3,500. Another bid was given by Marshall Congleton, of Newark, brother of the mayor of that city, for \$7,500.

Mr. Treat was instructed to arrange a conference between the Commonwealth Water Company and the Township Committee on the subject of installing water in the southern section of Springfield, in and about Springfield Square.

The telephone number of the Tax Collector was ordered to be changed from a party number to a direct wire, and an extension made to Mr. Treat's desk.

Mr. Treat was also appointed to arrange for the renting of the auditorium in the Municipal Building since the chairman of the committee on Buildings, Mr. Geiger, lives at too great a distance from the center of the township, and Mr. Treat might always be reached every night in the Municipal Building.

A letter was read by Erwin S. Doerries asking permission to obtain a livery license. At present there is no livery in the township. Mr. Doerries was granted the permit.

The budget meeting of the Township Committee was elected as Wednesday evening, January 29, in the Municipal Building at 8 o'clock.

FORD FOR SALE

One good Ford with piston rings, two rear wheels with rusted springs.

Has no fenders, seat or tank; Burns lots of gas and is hard to crank.

Carburetor busted half-way thru. Engine misses and hits on two.

Radiator busted, sure does leak. Differential dry, you can hear it squeak.

Tires all off, runs on the rims. But it's a pretty good Ford for the shape it's in.

AT THE STRAND

A topic of timely interest—one that has been featured in bold type in newspapers above everything else and has been the chief item of conversation of the office and millionaire is the inside machinations of the New York Stock Exchange—Wall Street. Columbia Pictures has taken this subject and dramatized it in a novel and romantic manner under the appropriate title of "Wall Street" with Ralph Ince and Aileen Pringle in the leading roles. It is scheduled to play at the Roth Strand Theatre, Summit, Friday and Saturday. R. William Neill handled the megaphone. The cast assembled for the supporting roles is a capable one and includes Philip Strange, Sam de Grasse, Ernest Hilliard, Freddie Burke, Frederick and Jimmie Finlayson.

A Pathe "All-Talking" comedy featuring that truly popular comedian of the audible farce comedy films, George La Maire, in "The Barbers' College," is the outstanding short subject on the Strand's current week-end program. A Mickey Mouse cartoon is always a sure-fire riot of laughter and Disney's latest animated pictorial skit, "Barnyard Battle," is a part of this Friday and Saturday's bill, which also includes recent issue of "The Screen Snap Shots," which shows in pictures the celebrities of "Filmland" at work and at play.

Mary Pickford in "Pollyanna" is scheduled for a special showing this Saturday afternoon at two o'clock.

Corinne Griffith, whose latest Vitaphone production, "Lilies of the Field," a story of present New York night life, is to be shown at the Roth Strand Theatre next Monday and Tuesday, is sailing for Europe early in February and planning to spend a month at St. Moritz.

Harry Langdon in his last released all-talking comedy sketch, "The Sky Boy," is exhibit number one on the list of short subjects next Wednesday and Thursday. Chic Sales in the vaudeville comedy skit, "The Ladies' Man" is a close second for wholesome fun and humor honors of the same bill. The customary mid-week Pathe Sound News Events is also included.

The Girl Scouts of Millburn Township are holding a benefit at the Roth-Strand Friday afternoon and evening and Saturday afternoon of next week. Jack Holt in "Flight" is the principal attraction, with the Visugraphic picture production, "The Girl Scout Trail" as a special added attraction.

The United States government co-operated in the production of "Flight," the all-talking special which comes to the Strand Summit Theatre next Friday and Saturday. Three marine officers, assisted Director Frank R. Capra with the technical end of the flying scenes which were made on location at San Diego, California. The cast of this aviation film includes Jack Holt, Lila Lee, Ralph Graves, Alan Roscoe, Harold Goodwin and Jimmy De La Cruze.
