REV. WM. I. REED IN CHARGE WITH SEVEN ASSISTANTS

A. B. Anderson Is General Secretary — Twenty Seven On Total Staff.

THREE-DAY AFFAIR IS AGREED UPON

The Rev. William I. Reed will be in charge of the sequi-centennial celebration of the Battle of Springfield June 21, 22 and 23, and will have supervision over seven general committees, for the entire affair, as an outcome of a public meeting held in the Lions Club Rooms Wednesday night, under the auspices of the Business Men's Association and the citizens of Springfield. Mayor Gabriel Larsen is the honorary chairman.

Chairmen of the seven committees appointed by President Charles Huff are: Finance, Nicholas C. Schmidt; publicity, John E. Gunn; program, Charles S. Cannon; reception and headquarters, the Rev. Dr. George A. Liggett; and safety and health, Police Commissioner and President of the Board of Health, Fred A. Brown. A. B. Anderson is general secretary, working in conjunction with the general chairman.

A committee appointed May 12 by Mr. Huff, consisting of A. B. Anderson, the Rev. William I. Reed, Mrs. John E. Gunn, Howard L. Potter and Richard T. Bunnell, presented a report, advising such a celebration. It will take the form of a three-day observance, with a parade on Saturday, June 21, a field day, and a bowling tournament at night and a reception for acquaintances at headquarters Sunday will be devoted to commemoration and personal acquaintances, while Monday, the actual day of celebration, will be occupied by the exercises of the S. A. R., in which a memorial tablet on pillars and a gateway at

Complete School Report

The Board of Education realizing the current feeling regarding high school facilities has during the past six months made an extended study of the practicability and feasibility of local high school facilities.

Factors affecting the conclusion of this committee were: (a) Existing facilities. (b) Possibility of continued accommodation by adjoining municipalities. (c) Comparative costs.

At the present time our high school pupils are accommodated chiefly at Roselle Park, Westfield and Summit. While this is of course not the most desirable situation in view of travelling and remote control nevertheless we feel that these high schools are first class and are providing proper secondary education.

It is difficult to foretell what the attitude of the surrounding Board of Education will be in the more remote

future toward accommodating our pupils. However, we feel sure that our immediate future needs will be supplied and from computations of probable school population we do not feel that Springfield pupils will overtax the facilities of these schools.

In considering the factor of cost in owning and operating our own high school we feel it imperative that such an undertaking be postponed. While our taxes this year have been somewhat reduced, assessments of our sewer will be levied in 1931. We feel that the necessary increase in taxes occasioned by the sewer should represent the only major increment for the immediate future and since we are satisfied that our high school needs can be taken care of by surrounding towns for some time to come it is our conclusion that in justice to our citizens the high school procedure should await a more propitious time.

Board of Education Hears Report Of Committee Tuesday Night

DUGUID IS NAMED TO SUCCEED LEACH

The possibility of a high school in Springfield this year has been laid over by the Board of Education until after assessments for the sanitary sewer have been made, to prevent a large debt accumulating upon the shoulders of local tax payers. A committee appointed by President Alvin H. Boss, consisting of George Arnold Wright, Donald A. Leach and T. C. Davidson, reported at the regular School Board meeting Tuesday night that it was inadvisable to plan a school this year. The report will be found in full in another column of this newspaper.

The resignation of Donald A. Leach from the board due to being transferred to Tulsa, Oklahoma, was received and James M. Duguid was appointed to take his place.

Miss L. Perrot, who applied for a release from her contract for 1930-1931, was granted her request. Miss Perrot is planning to be married this summer.

The board decided to award a ten-dollar gold piece to the pupil in the Junior High School graduating class who had the highest scholastic standing for the year.

Springfield is situated only 55 minutes on the Lackawanna R. R. from New York City (20 miles) and has excellent bus connections to Newark, Elizabeth, Summit and Plainfield. The Rahway Valley R. R. has a freight station in Springfield, giving service for factories, commercial and industrial purposes.

With the completion of the new State Highway No. 29, this year in the southern section of Springfield, it will be possible to get to the downtown part of Newark by automobile in eleven minutes, within speed limits. The Holland Tunnel in Jersey City will be reached in twenty-five minutes.

Two building and loan associations, one national bank and two schools as well as excellent fire and police protection, are afforded.

The sanitary sewer system, covering nearly all of the township, part of the Rahway Valley Trunk Sewer, will be completed early next year. Water is available in all parts of the township.

Four churches: First Presbyterian, Methodist Episcopal, St. James, Roman Catholic and First Colored Baptist.

VANDALS AND GRAVES

Richard Stockton Chapter, Daughters of the American Revolution, of Ocean Grove, has decided to present a petition to Governor Morgan F. Larson that the unknown vandals who have been responsible for the desecration of the grave of a Revolutionary Soldier in West Long Branch, be apprehended and punished severely.

Springfield is in the same category, with children playing a large part in destroying or maliciously marking graves of twenty-six Revolutionary Soldiers in the cemetery of the Old First Presbyterian Church, in Main street, opposite the church. The memories of fighters of one hundred and fifty years or more back, should be kept and their final resting places cared for.

Futile attempts to correct this bad practice, has led various chapters of the Sons of the American Revolution in Summit, Westfield, Elizabeth and Newark, to cooperate in having a fence erected about the cemetery, with large pillars and a gateway at the entrance.

The State S. A. R. is arranging to unveil a memorial tablet at the entrance, one on the pillars, on or about June 23, the sesqui-centennial anniversary of the Battle of Springfield. But children, will, if not taught otherwise, still continue to trample on the graves or destroy the stones, if they have to climb a fence.

Parents are much to blame if their offsprings are not reprimanded for harming graves of the dead. It is difficult for school authorities to watch children out of school. That is enough to handle during school hours, let alone at other periods. The responsibility of a child out of school rests on the parent. Would you have harm fall to the graves of one of your dead? Certainly not, if you saw some way to prevent it. Then, why not instruct your child to leave that which is sacred unharmed?

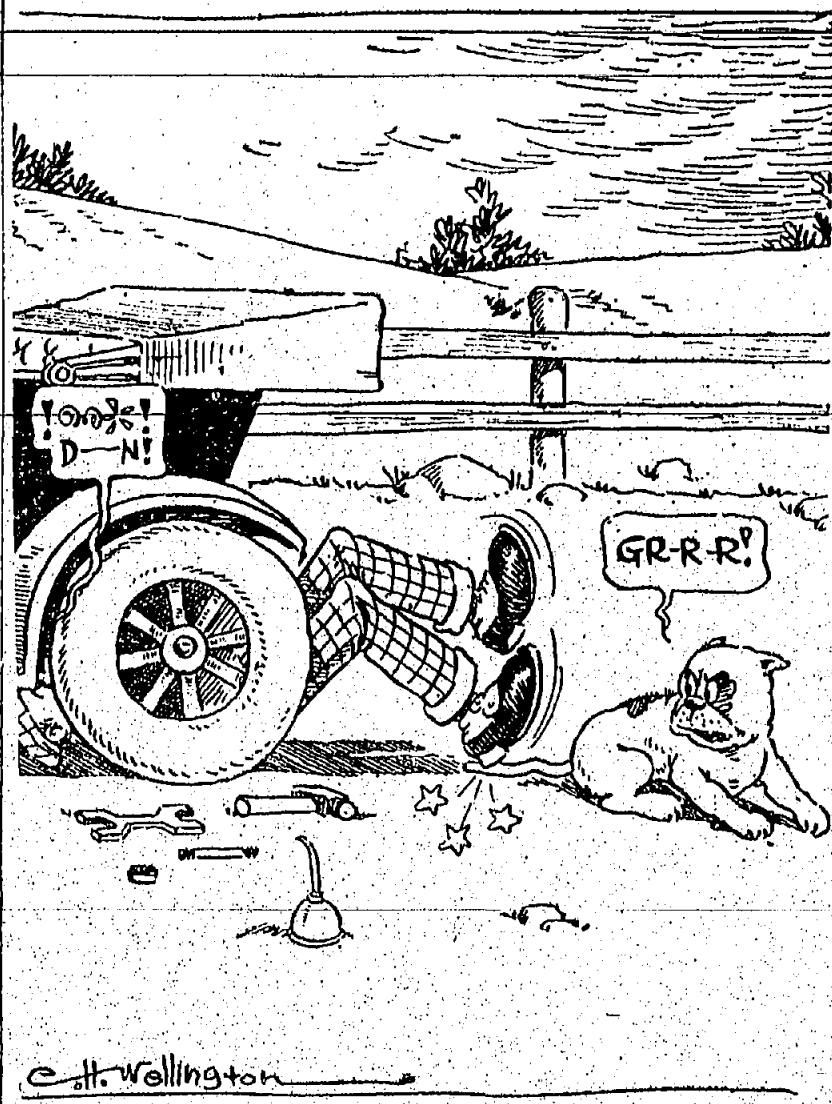

RED CROSS

Springfield for the past year and half has supported the visiting nurse service here, out of the roll call funds remaining in the local treasury; over and above fifty cents collected for each membership, which is sent to the national treasury of the Red Cross. The sick in Springfield who are unable to pay in whole or in part, or who do not receive this nursing service from the Metropolitan Life Insurance Company, have been benefited by the work of the Red Cross.

The value of this service cannot be measured in dollars and cents. That it is extremely worth while is indicated by the emphasis upon it by the great insurance company we refer to.

Through an arrangement made by the Springfield Red Cross with the Neighborhood Association of Millburn, the visiting nurse, supplied to Millburn by the Visiting Nurse Association of the Oranges, is now doing the work here. The local committee on nursing includes Mrs. A. Palmer Brill, vice-

—and the Worst Is Yet to Come

chairman of the branch, Mrs. Paul Prince and Mrs. Clarence B. Meeker.

Now the Red Cross is appealing for reading books to be sent American Soldiers in Panama, in their leisure hours. Springfield has agreed to supply several hundred books to the Newark Chapter, to be forwarded South. The books, which need not be new, may be left at the office of this newspaper, in Flermer avenue, or at the Lyons-Conley office, at 277 Morris avenue. Mrs. C. D. Horster, chairman of the local branch will arrange to see that they be distributed.

LOCAL BOYS ASKED TO JOIN LEGION NINE

The last date for Springfield boys to apply for a position on the baseball team, being organized and sponsored by Summit Post 138, American Legion, has been set for June 7. Every local youngster, under the age of seventeen, should write A. Schaefer, Battle Hill avenue, before that date for full information in the proposed league, in which various teams will play elimination contests, so as to engage in county, state and national competition, all under the supervision of the American Legion.

W. C. T. U. MEETING THIS AFTERNOON

The regular monthly meeting of the Springfield W. C. T. U. will be held this afternoon in the lecture room of the Methodist Episcopal Church, with a special program on "Child Welfare." Mrs. Edwood Marshall, chairman of the committee on child welfare, will be in charge. Mrs. Walter White is in charge of the devotional exercises, and solos will be given by Mrs. John L. Mayer of Springfield and Mrs. Harry D. Stevens of Millburn.

Sun's Straw Vote Will Get Under Way Monday

ONLY REGISTERED VOTERS ENTITLED TO CAST BALLOTS

Being Held In Huff Hardware Store—G. O. P. Candidates Affected.

VOTING TIMES ARE ANNOUNCED BELOW

The Sun's Straw Vote Primary Contest will begin Monday at the Huff Hardware Store, next to the Post Office. Candidates to be voted upon are only the Republican nominees for Township Committeeman, since the other positions in both Democratic and Republican parties are not to be contested.

Names on the ballot will be those of Fred A. Brown, who is seeking reelection, and John J. King and Wilbur M. Selander, who are striving to take Mr. Brown's place on the Township Committee. All three men have support in the township and predict victory, and the primary June 17 is to be closely watched. Therefore, a straw vote is being taken to arouse interest, as well as to possibly forecast results of the primary election.

Time for voting is on Mondays and Tuesdays, 5 to 6 o'clock; Wednesdays and Saturdays, 12 noon to 1 o'clock. No ballots may be cast before or after this set time period. For commuters, ballots may be left in the Sun office on Monday evenings from 6 to 7.

One need not purchase a copy of the Sun to vote in this contest. Voters at the last election are eligible, but those who voted on the Democratic ticket at the last primary, will not be allowed to vote as a Republican, in accordance with election laws. A list of registered voters has been prepared, and as the voter is given a ballot and deposits it in a box, his name is taken off the list. None may vote more than once.

The names of the candidates will be shown on the printed ballot, with a square at the left of each. An "X" or any mark in a square will determine the voter's choice. If there be more than one "X" or mark on the ballot, it will be thrown out.

The weekly results of the contest will appear in each week's issue of the Sun, until June 13, when the final tabulations will be announced. The votes will be counted by this newspaper.

SILVER-MARSHALL DISTRIBUTORS IN NEW QUARTERS

Turner Lippe Company, Inc., is celebrating its fifth anniversary by moving into its new quarters at 37-39 William street, in Newark, where it occupies an area of 15,000 square feet to floor space.

This new home for Silver-Marshall Radio sets and radio accessories has a window frontage of 50 feet, and a depth of 135 feet. The display room will consist of the entire frontage to a depth of about 30 feet, making a show room of approximately 1,500 square feet.

In this space will be seen the complete Silver-Marshall Radio Line, which will consist of many surprises, in the way of advanced designs, beauty and performance.

Turner Lippe Company, Inc., were among the first jobbers appointed to merchandise Silver-Marshall Radios, as exclusive distributors for New Jersey, Staten Island, and Rockland County, New York. Dealers and consumers showed immediate acceptance, and the growth of this line was phenomenal.

Whereas Silver-Marshall, Inc., now occupy one of the most modern radio plants in the country, and the third largest in the Chicago area, Turner Lippe Company, likewise found it necessary to look for more spacious quarters, in keeping with Silver-Marshall and other products merchandised.

The Silver-Marshall, Inc., and Turner Lippe Company, Inc., will also occupy the entire eighth floor of the Ambassador Hotel in Atlantic City. Sets will be demonstrated in every room, and pretentious plans are being made to receive the thousands of dealers who will be on hand to see these new wonders that are keeping a full day and night factory force busy to supply the oncoming demand.

Silver-Marshall has long been reputed as amongst the leaders and pioneers in radio parts quality field. They decided to enter the commercial receiver field at the beginning of 1929, and Turner Lippe Company, Inc., feel that Silver-Marshall Radio sets and their other products, contributed largely towards their success.

M. Turner Lippe, president of the Turner Lippe Company, Inc., is well known to the trade throughout New Jersey and Staten Island. His career as a wholesale distributor and jobber dates back almost to the first days of the automobile. He is assisted in the management of the business by H. M. Weinberg, vice-president and secretary.

The Springfield Battery & Electric Store, at 245 Morris avenue, is the local Silver-Marshall agency in this vicinity, and carries the complete line of Silver-Marshall Radios from \$145 to \$195, less tubes. E. E. Clayton is the proprietor of the establishment.

DEMOCRATS MAKE PLANS FOR JUNE 23

Secure Congressional Aspirants To Be Present—Roger Williams' Descendant, Speaker.

The program is being prepared for the celebration and dance of the Democratic Club, which will be held in the United Singers Grove, in Evergreen avenue, on Monday evening, June 23.

The speaker secured to make the patriotic address is Edward W. Simms, a resident of Montclair, and with law offices in New York City. He is considered well qualified for this as he is a lineal descendant of Roger Williams, one of the great early Americans, and he is also a member of the Sons of the American Revolution. Mr. Simms is a Democratic aspirant for Congress in the Tenth Congressional District.

Warren N. Gaffney, of Roselle, who will be the Democratic Congressional candidate in the Fifth District, of which Springfield is a part, also has been invited, as has William L. Dill, former Motor Vehicle Commissioner. Howard E. Potter, local freeholder aspirant, and George B. Gaskill, candidate for township committee also will be present.

Joseph H. Gunn, chairman and Cecil Jenkins and Vincent Shea, two other members of the committee are arranging for a committee of fifty to handle the affair. Tickets are now being distributed.

ASKS BOOKS FOR U. S. SOLDIERS STATIONED IN FOREIGN LANDS

For the past two years, Newark Chapter of the American Red Cross, with which the Springfield R. C. is affiliated, has adopted the policy of adding to the ten small gifts contained in the Christmas bags sent by the chapter to the Panama Canal Zone, for distribution among the soldiers stationed there, reading matter in the shape of a book of fiction. The books were contributed last year by residents of Newark, after an appeal was made to the public by Newark Chapter, and made a distinct hit with the boys. It was stated at the meeting of the executive committee on Wednesday, attended by Mrs. Charles D. Horser, chairman of the local branch, that among the hundreds of books donated, there were only three duplicates.

The Springfield chapter has been asked to help in making up the col-

lection of 700 books. The books (and they need not be new) may be taken to the office of the Springfield Sun, on Plover avenue, or to the office of the Lyons-Conley Co., at 277 Morris avenue.

Plan Chart Showing Most Popular Girl Standings

WILL INDICATE AVERAGES IN FIREMEN'S DRIVE

Contestants Urged To Forward Tickets and Money As Quickly As Possible.

EIGHT ALREADY IN COMPETITION

The eight candidates in the "Most Popular Girl" Contest being held under the direction of the Springfield Volunteer Fire Department, in connection with a Carnival to be held June 9 to 14, are urged by Reuben H. Marsh, chairman of the contest committee, to get all tickets and money in to him as quickly as possible, so that standings in the race may be shown on a chart in the office of the Lyons-Corley Company, at 277 Morris avenue. Thus far, only a small percentage of tickets have been forwarded to the department, thus keeping unknown just how many have been sold.

Contestants in the race are the Misses Marion Pinkava, Alice Reed, Gladys Chennells, Grace James, Ruth Ray, Helen Welter, Virginia Anderson, and Evelyn Ross. Miss Lillian Parsell King, daughter of John J. King, Republican primary candidate for Township Committeeman, who is also a member of the Fire Department's Carnival Committee, has withdrawn from the popularity drive, due to her father's position. She had already sold a large amount of tickets. If the contestants hand their stubs and money in early to Mr. Marsh, the chart, showing each candidate's position, will be drawn up as soon as possible.

The tickets being sold act as a vote at a grand drawing of an electric refrigerator, June 14, the last day of the carnival. The carnival will be held at the corner of Morris and Meisel avenues.

BE IT ORDAINED by the Board of Health of the Township of Springfield in the County of Union:

SECTION 1. It shall be unlawful for any person, firm or corporation to engage in the plumbing business as a master or employing plumber in the Township of Springfield, or to repair, install, erect or add a plumbing, drainage or sewerage system or any of the connections in either of said systems unless such person, firm or corporation shall first furnish to the Board of Health of the Township of Springfield, a certificate from the Board of Examiners of Plumbers (provision for the creation of which is hereafter made), certifying that such master plumber is qualified to engage in the plumbing business, or as a master or employing plumber, and unless such person, firm or corporation shall have registered his name and business address in the office of the Board of Health upon a form to be supplied by said Board, and shall have furnished to the Board of Health a certificate of qualification, securing the faithful performance by said plumber of his work under the Plumbing Code, and all other regulations of the Township.
