He also announced that a banner will be stretched across Morris avenue at Main street, from the First Presbyterian Church to the home of Carl H. Kemer, bearing the date of the celebration and the nature of the anniversary.

OBJECT TO PERMIT FOR 'GRAVEYARD'

Reiner Avenue Residents Ask Town Board to Refuse Auto Yard License

A dozen residents of Reiner avenue appeared at a special meeting of the Township Committee Wednesday night and protested against the granting of a permit to the M. & K. Auto Wrecking Company, in Mountain avenue, near the site of their dwellings to operate an automobile graveyard. A petition was presented by the owner of the establishment, signed by property owners near the location and containing several signatures of property-owners in Reiner avenue, approving of the location. The group of objectors asked the board to consider their petition, signed by property-owners in Reiner avenue against the issuance of a permit. The board notified those present that they will render a decision at next Wednesday's session. Committeeman Leslie was acting chairman, in the absence of Mayor Gabriel Larson, and was also appointed to represent Springfield at a session of the Railway Valley Trunk Sewer meeting in Westfield last night.

A communication was read from the State Highway Commission asking that when paving construction in Weigand street be started, reinforced concrete be laid from the corner of Morris avenue about twenty-five feet in, as an apron for the State Highway Route 24, and that the expense be borne by the township. When the question was brought up, it was decided to have the township pay for the improvement.

To allow everyone to take part in the carnival, tickets at the booth will be sold for five and ten cents. The carnival will begin every night, except Saturday, at 7 o'clock, and on Saturday, in the afternoon at 2 o'clock, to enable children to attend.

PHONE NUMBERS
CHANGE SATURDAY

The New Jersey Bell Telephone Company today begins clearing up final details remaining before the new modified telephone number plan takes effect in the metropolitan northern part of the state Saturday at midnight.

The whole system in this part of New Jersey, including some 450,000 telephones, 73 central offices, and their associated equipment, is now practically in readiness for the number revision, which will modify all telephone numbers in Essex, Hudson and Union counties, and in adjoining sections of Middlesex, Somerset, Passaic and Bergen by adding a number to the central office name. By this plan, a number that is now Unionville 1234 becomes Unionville 2-1234.

B. M. Hartnett, manager for the telephone company, said today that almost a million new number cards have been put in place, two on each telephone. One of these is to be removed by subscribers Saturday evening, leaving the permanent card with the telephone number in its modified form showing. New directories have been delivered, and the 360,000 subscribers involved have been personally interviewed and had the details of the number revision explained to them.

"The modification of telephone numbers is being made," said Mr. Hartnett, "in anticipation of the rapid increase of dial service in the next few years in this part of New Jersey. Under the present number system, in many localities central office names would conflict under dial service, and by adding a numeral to each name, these conflicts are ended. We are thus able to retain the names that have valuable local meaning because they are in most places also community names. Also, by making a widespread minor revision now, a long series of complete number changes is avoided in the years to come as dial service reaches each community. The revision on Saturday night affects central office designations, and leaves call numbers unchanged with a few exceptions. These are the numbers below '1000', which will have zeros added to them, so that a number such as '99' will become '0099'.

"The revision is a simple one and easy to adopt," the manager concluded. "We are pointing out to subscribers that all they need to do is to tear out the temporary number card on their telephones Saturday evening, destroy their old directory, refer to the new one beginning Sunday morning, and from then on, include the central office numerals as a permanent part of telephone numbers in this area."

**EVERYONE INVITED

Huff, chairman of the program committee for the celebration, is in charge of the parade.

**BUSTER KEATON
AT THE STRAND**

Swimming under water forty feet is the latest performance of being an actor. This is what Buster Keaton had to do as one of the stunts in the all-talking, all-star comedy, "Free and Easy," which will be at the Roth-Strand today and tomorrow. The comedian emulated the famous Annette Kellermann in doing a high dive into a tank, swimming under water across the stage, and coming up in another tank forty feet away. Most of the swimming was in a black tunnel connecting the two tanks.

"Neighbors," an all-talking comedy featuring that imp of mischief "Snookums," will be the principal short subject, and a Disney symphonic cartoon entitled "Night" is the associate short subject on the current week-end bill.

George Jessel, the original star and featured player in the stage production of "The Jazz Singer," will appear in "Love, Live and Laugh" as this week's Roth-Strand matinee special offering.

Actors who are also pianists are rarities in these days of radios and pianolas, but Joseph Wagstaff, the youthful leading man of "Let's Go Places," is an ivory-tickler of note, as well as an accomplished singer, having been the youngest pupil ever to graduate from the Academy of Music in Toledo. All three of his talents are amply utilized in "Let's Go Places," the Fox Movietone musical extravaganza, which opens at the Strand next Monday and Tuesday.

Montague Love headlined for 52 weeks over the Radio Keith Orpheum circuit, giving recitations from Dickens and Kipling set to music. His first part at the RKO motion picture studios in Hollywood is in "Love Comes Along," the all-talking, dramatic Radio Picture, starring Bebe Daniels, to be screened at the Strand Wednesday and Thursday of next week.

Springfield is situated only 55 minutes on the Lackawanna R. R. from New York City (20 miles) and has excellent bus connections to Newark, Elizabeth, Summit and Plainfield. The Rahway Valley R. R. has a freight station in Springfield, giving service for factories, commercial and industrial purposes.

With the completion of the new State Highway No. 29, this year in the southern section of Springfield, it will be possible to get to the downtown part of Newark by automobile in eleven minutes, within speed limits. The Holland Tunnel in Jersey City will be reached in twenty-five minutes.

Two building and loan associations, one national bank, and two schools as well as excellent fire and police protection, are afforded.

The sanitary sewer system, covering nearly all of the township, part of the Rahway Valley Trunk Sewer, will be completed early next year. Water is available in all parts of the township.

Four churches: First Presbyterian, Methodist Episcopal, St. James Roman Catholic and First Colored Baptist.

LEAKS IN SANITARY SEWERS.

Sewers being torn up during the past few weeks due to leaks do not cast reflections upon the ability of members of the Township Committee, contrary to the general belief. Most onlookers are of the opinion that poor judgment and faulty management are responsible for the additional labor being burdened on the sewer contractor. While this might be true, credit is deserving members of the township's governing body for discovering such leaks and demanding that they be repaired now.

Customary criticism is in the limelight once more and pessimists are again crying that the blame rests with the municipal officials. Springfield does not own the sanitary sewer yet and will not until every part has been inspected, not merely by Committeemen, who are laymen, but by expert engineers. Knocks and boosts are not being asked for yet. If necessary these should come after the sewer is township property. Meanwhile, everyone may help by watching and making opinions, not by stating their woes before the undertaking is completed.

THE BANK OPENING.

The First National Bank will open tomorrow morning in its new location in the Brookside Building, at the corner of Morris and Flemer avenues, and a treat is in store for those who inspect the fine equipment and added facilities the institution offers in its new quarters.

The opening of the local bank marks a milestone in the township's progress, and is encouraging to those who see ahead a "bigger and better Springfield." Established in 1925, the First National Bank has made rapid strides in winning the confidence and trust of local residents.

But not only has Springfield been included among the patrons of the bank. We may mention persons from Summit, Union, Short Hills, Millburn, Westfield, Elizabeth, Wyoming, Maplewood, Newark and other surrounding places. Using that familiar phrase, "Such popularity must be deserved."

It is in order to bestow congratulations to the directors and officials of the First National Bank that they succeed in their new location, and we are positive our readers will agree with us that the next step in the enlargement program of the local bank will be the erection of its own building.

BROWN WORKERS PLAN CAMPAIGN

The second regular meeting of the Fred A. Brown Republican Primary Committee held Tuesday night at Mr. Brown's residence on Washington avenue was largely attended. Forty-two members of the committee of fifty were on hand.

Committee reports received by Chairman Peter H. Meisel indicated a healthy condition in the Republican ranks at this time and marked increased in sentiment for Mr. Brown's candidacy for Township Committeeman. Mr. Brown at present a member of the Township Committee, Police Commissioner and chairman of the Roads Committee, Police Commissioner and chairman of the Roads Committee has been an employee of the Standard Oil Company for many years and narrowly escaped death in the catastrophe at the Bayway plant this winter. Mr. Brown was con-

finely to the Elizabeth General hospital for several weeks, but has fully recovered and has returned to business.

Mr. Brown's friends are rallying to his support in the belief that his work on the Township Committee for the past six years justifies his return to office and that a change in the personnel of the committee at this time would be a mistake as there are many important projects under way that Mr. Brown is familiar with and has participated in as well as being the head of two most important committee, police and roads.

—and the Worst Is Yet to Come

Rambling Around SPRINGFIELD

Springfield's representatives in the Union County Baseball League are going "afire" and are resting in fourth place in the team standings of wins and losses, tied with two other entrants. The Stars have taken their fourth and fifth straight victories and are two and one-half games to the rear of the first place Elizabeth Braves. If they should cop both contests this week-end the leaders will begin to become restless and wouldn't Springfield look good in the first place standing?

The Stars have got two good pitchers in Cecil Spittler and Jack McHugh, both having turned in creditable performances. An example of McHugh's ability was displayed last Saturday when Garwood threatened in the ninth inning, and three of their sluggers struck out with men on the bases.

The hitting of the local team has been above normal and unless we miss our guess Springfield stands a good chance of winning the pennant for the first half of the season's schedule. "Ernie" Penoyer, "Artie" Lamb and Manager "Ed" Ruby, popular local players, have played no small part in helping the Stars reach their present position in the league race.

Flags should decorate every home in Springfield during the coming semi-celebration June 21, 22 and 23. The executive committee has arranged for sufficient street decorations, and local residents are asked to co-operate by dressing their dwellings in American flags.

Speaking of the celebration, the quest of obtaining funds will soon begin. An entire canvass is being mapped out, and solicitors have been given certain neighborhoods in which to obtain donations. Give what you can afford and remember the celebration will be exactly as Springfielders want it to be.

Trolley tracks in Main street are being removed this week from Morris avenue to the township's boundary line with Millburn, and with this move "two birds" are being killed with one stone." After the removal of the tracks has been finished the sewer contractor will lay pipes there.

All roads lead to the Firemen's Carnival at Meisel and Morris avenues beginning Monday and continuing on through to Saturday night, when the final award of an electric refrigerator will be made, together with the presentation of a \$50 wrist watch to the "Most Popular Girl of Springfield."

Numerous articles will be on sale, from toys to foods and clothing to "hot dogs." Firemen will become salesmen and what mothers will care for youngsters staying up after sleeping hours... barkers will shout to sell their wares, and in the midst of all the steady music of the merry-go-round will provide a real touch of a carnival spirit. If the week be monotonous in other places in town perhaps a certain Rambling Reporter will spend his time there. Remember—only time. That's all.

Under New Management.
Charles Detrick, of Detrick's Service Station, at Morris and Springfield avenues, is now proprietor of the establishment. William Detrick, his brother, is no longer connected with the station. The change was effective the beginning of the month.

The board donated \$25 to the Edward Wad: Post, G. A. R., for caring for graves here and other details for preserving Civil War Veterans' graves.

The meeting was adjourned and the regular session of the Board of Health, Secretary Robert D. The amount of cases for the month was sixteen, compared to forty nine in April.

niversary, to attract the many motorists passing there. On the suggestion of the general chairman, Mr. Reed, it was deemed advisable to arrange to place signs advertising the celebration in such places as Morristown and Dover where sufficient interest would be aroused to attract many visitors here.

Mr. Gunn also was authorized to have flags placed from telephone poles in Morris avenue from the Union line to the Farmer's Hotel, from Morris avenue in Main street to the Millburn line, in Mountain avenue from Morris avenue to the Rahway Valley Railroad, and in Flemer avenue from Morris avenue to Mountain avenue. The probable line of march for the parade will cover this course, and everyone is asked to have a flag in front of his home or place of business, whether or not it be on these streets.

A report was given that the fire works display to be held on Monday, June 23, the actual day of the ball field, will be one of the finest displays ever shown in this vicinity, and that as a special feature, the fire-

works will portray Revolutionary War figures and incidents.

The program committee also announced that a prominent speaker is being sought to appear on the Sunday of the celebration at the Revolutionary Cemetery. While the Sons of the American Revolution will conduct their regular annual services on June 22 to commemorate the anniversary of the Battle of Springfield, an additional ceremony is planned by the executive committee, and both forces will cooperate for that day. A band will be hired to furnish music during the Sunday ceremonies.

Chairman Reed announced that a meeting of the complete committees will be held tonight in the chapel of the First Presbyterian Church at 8 o'clock. Due to the fact that a great amount of business is to be settled, everyone on the committees is asked to be prompt in attendance.

HEAR SPEAKERS AT MASS MEETING HELD LAST NIGHT

Senatorial, Local and Congressional Talks Made At G. O. P. Rally

Representatives of the Republican Senatorial representatives, Dwight W. Morrow, Franklin W. Fort, and Joseph S. Frelinghuysen, spoke on behalf of their candidates at a mass meeting held last night in the Municipal Building...

Mrs. Arthur D. Warner, president of the club, was in charge and about seventy-five persons attended. The salute to the flag and singing of "America," opened the program and the first speaker, Mr. Huff, explained about the celebration June 21, 22 and 23 and asked those present to help make it a success...

Mr. McLean, speaking for Congressman Ackerman, stated his candidate's career as a State Senator, an Assemblyman, and later having rose to the important position of chairman of the Foreign Relations Committee in the House...

Miss Simpson asked votes for Joseph S. Frelinghuysen on his 25 years of service to New Jersey, and urged that every voter should follow the organization in its choice, regardless of personal feelings.

William J. Dennis, of East Orange spoke for Franklin W. Fort and told the audience that Mr. Fort played a valuable part in the Republican Convention in 1928, and in rebuking a "wet" statement that "bootleggers are more in demand today than at any other period..."

Former State Senator William A. Perry appearing for Mr. Frelinghuysen, attacked Mr. Morrow's stand on his principles and asked whether or not Mr. Morrow had ever declared for any particular issue as had Mr. Fort and Mr. Frelinghuysen. He disclosed his candidate's record as United States Senator for six years, and concluded his address by stating that the forces backing Mr. Morrow, were in reality the controlling forces of the Public Service Company...

Mr. Macartney gave a short talk, and Wesley A. Stanger, Congressional aspirant, attacked his opponent, Mr. Ackerman, for not attending rallies as other candidates were. He stated he was in favor of the Morrow Plan of State-control of liquor, and since the Union County Republican Committee was backing Mr. Morrow, they had to also support him and not Mr. Ackerman, who favors the enforcement of the Eighteenth Amendment.

Refreshments were served after the meeting. It marked the first meeting of the club until next fall.

be awarded to the winner of the contest. A vote for a candidate is equal to one ticket to the Grand Drawing of an electric refrigerator at the Firemen's Carnival, which will begin Monday night at Meisel and Morris avenues and continue up until Saturday, June 14. The final awards for both grand drawing and popularity contest will be made on closing night, Saturday.

Reuben J. Marsh, chairman of the popularity contest, asks that all candidates forward their tickets and money to the Lyons-Conley office as soon as possible to help keep a check on the amount of tickets sold. Thus far, only a small percentage have responded to an appeal to make their returns early.

BATTING PROWESS SHOWN BY WINNERS

The Springfield Stars extended their winning streak to five straight over the week-end by beating Garwood Saturday in fourteen hectic innings, 6 to 4, and crushing St. Joseph's of Roselle Sunday, 12 to 6. As a result of the double wins, Springfield is now tied with Westfield and the Elizabeth A. A. in fourth place, one-half game to the rear of the third place Linden nine, and two and one-half games away from the first place Elizabeth Braves.

The Garwood game was thrilling from start to finish. Garwood opened with a run in the second inning and Springfield retaliated in the sixth. Springfield scored once in the first part of the ninth inning, and Garwood evened it up. Due to the fact that the game was changed in schedule the Garwood outfit were the home team and batted last. In the last half of the ninth, Jack McHugh, Stars pitcher, averted several runs, when he fanned three Garwood sluggers. In the twelfth inning, both teams again scored, this time, twice, and not until the locals put two runs across in the fourteenth was the outcome decided.

McHugh pitched the first nine innings for Springfield, and struck out five, and Cecil Spittler followed, whiffing five batters. Banyaz started for Garwood, and was succeeded by Conlin, striking out altogether seven Stars. "Artie" Lamb and "Itchy" Anderson, local players, were the batting heroes for the home team, getting three doubles and three singles between them.
