## MINIATURE GOLF ORDINANCE GIVEN HEARING TONIGHT

Will Be Considered for Final  
Passage at Township Com-  
mittee Session

## WATER COMPANY HEAR- ING ALSO ON PROGRAM

The ordinance to regulate mini-  
ature golf courses, introduced by the  
Township Committee for its first read-  
ing several weeks ago, will be given  
a hearing tonight at a special session,  
for second reading and final passage.  
The terms of the ordinance provides  
a license fee of \$100 annually, that  
Sunday play be prohibited, and that  
the hours of business be between 7  
a. m. and midnight. A group of resi-  
dents is expected to be present, to  
ask that Sunday play be permitted.

A hearing will also be held, to act  
upon giving a franchise to the Spring-  
field Township Water Company, a  
subsidiary of the Commonwealth  
Water Company, for a term of fifty  
years. An ordinance, letting the fran-  
chise, will be introduced for its first  
reading.

An ordinance, changing the name  
of Weiland street to Prospect Place,  
will be given its second reading and  
final passage at the special session.

## BALUSTROL GOLF CLUB CULPRITS ARE CAUGHT

Three youths, 16, 17 and 22, were  
apprehended Wednesday night by  
Special Officer Schramm at the Bal-  
ustrol Golf Club, for trespassing on  
the course, stealing golf balls and  
swimming in an ornamental pool on  
the grounds. Two of the culprits  
brothers, lived in town, and the other  
was from Millburn.

When arraigned before Recorder  
Everett T. Spinnig the same night,  
two of the youths admitted having  
been caught before and were reprim-  
anded, while the third said it was  
his first offense. On the strength of  
a plea of leniency made by Major  
Jones, manager of the club, the com-  
plainant, the boys were released after  
warning by the Recorder that they  
would be dealt with severely if ap-  
prehended again. They were assessed  
court costs of \$2.50.

## BAIL MAN ON CHARGES OF WORTHLESS CHECK

Charged with issuing a worthless  
check of \$300, Gustavo A. Tweer, 46  
owner of the Villegiant Inn, at 107  
Morris avenue, was arraigned for a  
hearing before Recorder Everett T.  
Spinnig, Friday, and held in \$500  
bail for action by the Grand Jury.  
Tweer was arrested on a warrant  
Friday night at 8 o'clock at his place  
of business by Patrolman Ross and  
Selander. The complaint against  
him was made by Anthony Parini, of  
Morris avenue former proprietor of  
the Inn, who claimed the check was  
issued to him for work he had per-  
formed.

## Arrested For Non-Support, Later Held On Bigamy Charge

George E. Davis, 24, of Meckes  
street, was committed to the county  
jail by Recorder Everett T. Spinnig  
Tuesday morning, on a charge of non-  
support of his wife, Mrs. Helen Davis,  
of the same address. The complaint  
was made by Overseer of the Poor  
James C. Stiles. Davis pleaded not  
guilty to the complaint.

Police learned later that Davis had  
married twice, and his first wife, Ma-  
bel, had lived in the same street  
prior to the arrest, and had moved  
to Millington. Certified marriage cer-  
tificates were obtained from Union

## FINE NEWARKER AS TIPSY DRIVER

Arthur Volk, 30, an electric worker,  
of 29 Darcy street, Newark, was fined  
\$200 and costs, \$5.65, in police court  
Wednesday night by Recorder Ever-  
ett T. Spinnig, on a charge of drunk-  
en driving preferred by Patrolman  
Stiles.

Volk was arrested Wednesday  
morning at 4.30 a. m. in Seven Bridges  
road, after the car in which he  
was riding going towards Spring-  
field, crashed into a fence. A passing  
taxi-cab, headed for Newark, stopped  
at the scene of the accident and at-  
tempted to drive Volk away but  
Patrolman Stiles made the arrest af-  
ter a chase of several hundred feet.  
The driver of the cab, whose name  
was not revealed, made a quick get-  
away, while the policeman deter-  
mined whether anyone had been injured  
in Volk's car.

Volk pleaded guilty to the charge,  
and his license was revoked for two  
years. Dr. J. M. Silverstein of Mill-  
burn issued a certificate, stating the  
defendant was under the influence of  
intoxicating liquor.

## RICHARD T. BUNNELL NAMED AS NEW MOTOR VEHICLE AGENT HERE

Richard T. Bunnell was named as  
the agent of the local Motor Vehicle  
Registration Agency here early this  
week by Commissioner of Motor  
Vehicles Harold G. Hoffman. The  
change was effective Monday, and  
the new offices are at 4 Plemer ave-  
nue, in the Brookside Building.

## HOLD CARD PARTY FOR P. O. S. A. FUND

Mr. and Mrs. Charles E. French of  
26 Clinton avenue, entertained at a  
card party at their home Tuesday  
evening for the benefit of the sequen-  
tial fund of Camp 209, Patrio-  
tic Order Sons of America, of which  
Mr. French is recording secretary.

Seven tables of pinochle and do-  
minoes were in play, and the pino-  
chle winners were as follows: Mr.  
and Mrs. O. M. Hopler, Mr. and Mrs.  
C. E. McTigue, Mr. and Mrs. Monta-  
gue Martyn, Mrs. John J. King, Mr.  
and Mrs. Erwin L. Hotek, Charles S.  
Quinzel, Neal Binkerd, Mrs. A. Ca-  
tala, Mrs. Laver, E. Wahler, and Mrs.  
T. Bondend.

Dominoes winners were Mrs. Theo-  
dore G. Betzler, Mrs. Charles E. French  
and D. G. Van Winkle.

## COUNTY PARK NOW OPEN; DIRECTORS REPORT ACTIVITY

Operates From 9 to Dark;  
J. E. Van Hart, Miss K.  
Hennessey in Charge

## DAILY FEATURES ARE ON SUMMER PROGRAM

The playground at Flemer Oval, op-  
erated by the Union County Park Com-  
mission, opened this week, and the  
directors, J. E. Van Hart and Miss  
Katherine Hennessey, report that an  
active program has been scheduled  
until the park closes about Labor Day.  
The hours the park is conducted are  
from 9 a. m. until dark.

The sports and games program in-  
cludes checkers, horseshoes, marbles,  
jacks, rope skipping, as well as various  
contests and tournaments which are  
arranged. The playground is fully  
equipped with swings, slides, sand  
boxes, junior ball fields, volley ball  
courts and basketball backboard. A  
full-size baseball diamond is open to  
boys, and efforts are being made to  
form a league for boys 12, 13, 14, and  
15 years of age. Soft indoor ball as  
well as regular baseball competition  
is on the program.

Adults may use the grounds, as well  
as children, and Mr. Van Hart invites  
the adults to enjoy the full use of the  
grounds at any time, be it in the day-  
time or evening.

Each day a special contest is being  
planned by the directors and to insure  
interest in the work, points for each  
activity are awarded, and a bronze  
medal is presented to boys and girls  
who have attained 200 points or more.  
A bulletin board is used at the play-  
ground, keeping the boys, girls and  
adults well posted on the doings.

Handicraft for the boys and sewing  
for the girls is part of the activities,  
and a list of other events includes  
stills, baby parade, doll parade, play-  
ground circus, pot show, lantern fete  
and "Frontier Day." The latter calls  
for displays and creations suggesting  
"Daniel Boone" and other trapper and  
cowboy characters.

At its capacity, about 200 children  
receive benefits from the playground  
morning, afternoon and evening. The  
playground opened for the first time  
last year, and due to the fact that the  
sewer contractors were building at the  
grounds during the spring and part of  
the summer, the opening date was  
later than usual this year.

## Victim of Dive

JOHN HENRY YOUNG, JR.

## YOUTH, KILLED IN DIVE, BURIED HERE

Funeral services for John Henry  
Young, Jr., 19, of 1234 Grandview  
avenue, Union, who was buried at the  
Presbyterian Cemetery here Monday  
afternoon, were largely attended. The  
youth died in Long Branch Hospital  
Wednesday of last week from injuries  
he received July 13 at Keansburg,  
when he dived in shallow water and  
broke his neck.

The Rev. F. W. Druckenmiller, pas-  
tor of the Connecticut Farms Church  
of Union, officiated at services at the  
home and the cemetery. Six members  
of Loyalty Chapter, Order of DeMolay,  
of Summit, of which the deceased was  
a charter member, were pallbearers,  
and special DeMolay services were  
conducted.

The youth, prior to moving with his  
family to Union five years ago, lived  
in Morris avenue, Springfield. His  
mother, Mrs. Nellie H. Young, is active  
in the local Daughters of America or-  
ganization, Pride of Battle Hill Coun-  
cil, No. 17. Besides his mother and  
father, he is survived by three sisters,  
Minette, 17, Ethel, 15, and Charlotte,  
15; and a brother, George, 12.

## OFFICERS INSTALLED IN LOCAL JR. O.U.A.M.

New officers were installed into  
Battle Hill Council No. 120, Junior  
Order United American Mechanics, at  
a meeting held last Friday night in  
the Municipal Building. Councillor  
John H. Baker will announce the  
chairmen of the various committees  
at the next meeting, August 1.

## INJURIES FATAL TO AUTO VICTIM TUESDAY NIGHT

East Orange Man Dies at  
Overlook Hospital Two  
Days After Accident

## MOTORIST RELEASED ON BAIL OF \$1500

James C. Ambrose, of 61 Crawford  
street, East Orange, died in the Over-  
look Hospital, Summit, Tuesday night,  
of internal injuries he received when  
struck by an automobile Sunday morn-  
ing at 1 o'clock at the corner of Mor-  
ris and Linden avenues.

The driver of the car, J. C. Ashley,  
of Cottonville, Md., residing in Spring-  
field at 50 Marion avenue, was re-  
leased in \$1500 bail yesterday morn-  
ing at the prosecutors' office in Eliz-  
abeth, to answer a charge of man-  
slaughter before the Grand Jury. The  
machine was registered as the prop-  
erty of the Davey Tree Expert Com-  
pany, of Ohio.

According to witnesses, Ashley was  
driving a Ford roadster at a rate of  
about 20 miles an hour towards the  
Center, when Ambrose, standing at  
the curb directly opposite the St.  
James Church, walked in front of the  
machine. The brakes were immedi-  
ately used, and the car stopped 20  
feet away from the injured man. Pa-  
trolman Selander, nearby the scene of  
the accident, took the man to Over-  
look Hospital.

A small dog ornament on the radio-  
tor of the machine pierced Ambrose's  
left arm, breaking off that part of the  
ornament. Mr. and Mrs. E. S.  
Wheeler of Warner avenue and Miss  
Julia McRae of Worcester, Mass., pas-  
sengers in Ashley's auto, were wit-  
nesses to the accident, and corrobor-  
ated the driver's statements.

Ashley was given a hearing by Re-  
corder Spinnig following the accident  
Sunday and released in \$500, pending  
the outcome of the injuries. When he  
appeared before the Recorder Wednes-  
day night, he pleaded not guilty to the  
manslaughter charge.

The dead man was born in East  
Orange and lived there most of his  
life. He leaves four brothers, Thomas,  
an East Orange traffic policeman;  
Joseph and John Ambrose, also of  
East Orange; and Eugene, of West  
Orange; and three sisters, Mrs. An-  
drew McCormick and Mrs. Joseph  
Schwede of East Orange, and Mrs. Ed-  
ward Friend of Montclair.

## LOCAL MAN NAMED LEGION DELEGATE

Anthony Schaefer of Battle Hill  
avenue, has been named as an alter-  
nate to represent Summit Post 138,  
American Legion, at the State Legion  
Convention September 5, 6, and 7, at  
Wildwood, N. J. The delegates elect-  
ed are Joseph Hanville, former com-  
mander, George Falkenburg, and Otto  
Oswald. Other alternates, beside Mr.  
Schaefer are Theodore Ellis and Sid-  
ney Powell.

The Legion held its annual Past  
Commanders' Banquet Wednesday  
night at Kay's Hotel, Lake Hopat-  
cong.

## Chemical Fire Truck Arrived Here 5 Years Ago This Month

The Mack chemical fire truck, the  
first major improvement the local vol-  
unteer company received since the  
firehouse was built in the Municipal  
Building in 1919, celebrates its fifth  
anniversary of coming to Springfield  
this week.

A vital necessity to the company,  
since the old Reo truck was not suf-  
ficiently equipped, the chemical truck,  
in contrast, bears as many accessories  
as any piece of apparatus in the entire  
state.

Fires here in 1925 had reached a  
point where more equipment was  
needed. The Reo had served its pur-  
pose well until that year, fighting fires

for more than fourteen years, first as  
part of a horse-drawn wagon, then as  
part of a motor vehicle. Then again,  
brush fires in the south neighborhood  
were frequent and since no water was  
available there, it was deemed wise to  
add a chemical truck to the equip-  
ment.

The present Board of Fire Commis-  
sioners was in force at that time and  
consisted of the following members:  
President David S. Jeakens, Vice-  
President Edward C. Townley, Sec-  
retary Robert B. Ferguson, T. C. David-  
son, Jr., and Charles H. Ruby. After  
valuable consideration, the Mack

### COMMENTS FROM SUN READERS

July 22, 1930.

To the Editor of the SUN:  
 Some citizens of Springfield are wondering why certain things have happened in connection with the Police Department. Others might also wonder if they were aware of these things, and I will try to inform them of several peculiar cases from week to week. Here is the first, in the form of a question—  
 "Why were Patrolmen Searles and Brill penalized heavily, for what at the most were very minor offenses, while men who have been charged with far more serious offenses, have only had four of their days off duty, taken away from them? At least, it has a very strange appearance, if it was intended for justice.  
 Very truly yours,

CURIOUS.

#### Bridegroom's Friend

The "best man" is a relic of the far-away days when marriage was effected by capture. The man could not always do it himself, and often he would take a strong-armed friend to help him. And it is this friend of the olden days who has now become the "best man" in the modern wedding ceremony.

### AT THE STRAND

Lottie Howell, erstwhile member of "Roxy's Gang" in New York and former American Opera Company songster, makes her debut as a regular film actress in "In Gay Madrid," which is at the Roth Strand Summit today and tomorrow as a new Ramon Novarro all-talking and dsinging picture.

Dorothy Jordan plays opposite Novarro in his new vehicle.

Nance O'Neil has the role of Lady Trench in "The Lady of Scandal," an adaptation of the successful Frederick Lonsdale play "The High Road," to be at the Strand Summit Theatre, Monday and Tuesday. Ruth Chatterton is featured and the cast includes Basil Rathbone, Ralph Forbes and others.

Arthur Lake, who played the role of "Harold Teen" in the picture of that name, has graduated from high school and is a college undergraduate in "Cheer Up and Smile," a romance of campus and night club life in which Dixie Lee and Olga Baclanova are also featured. It will open next Wednesday at the Strand.

Which is the greater passion, love or patriotism? This question finds its answer in "This Mad World," a William de Mille vehicle, which is to be at the Roth Strand Summit next week Thursday and Friday at the Theatre. Basil Rathbone, a French spy, and Kay Johnson, a beautiful German girl, are the protagonists in a gripping romance which takes place entirely behind the German lines in Alsace.

#### Built-In Garage

In addition to the considerable saving given the home builder by the built-in rather than the detached garage, the esthetic sense is satisfied by the elimination of that sometimes objectionable little building at the rear of the yard. From the utilitarian standpoint as well as the artistic, the most complete house is the one which holds within its walls all the features required for modern living; and with the automobile occupying so important a part in our lives, shelter for it should also be provided.

Gardens, too, occupy an important place in the true home, and the small suburban lot can sometimes ill afford the square feet of ground occupied by the detached garage. The built-in garage is apt to be popular with the garden lover.

#### SEASONABLE DISHES

As we are getting the larger sized oranges this season, one may use them for fruit cups and for gelatin desserts, making a pretty table decoration. Fruit cocktails are attractive served in orange or lemon cups.

**Fruit in Orange Cups.**—Cut the oranges into half, remove pulp and all the membrane. Chill on ice until ready to fill. Take three oranges, two slices of pineapple, one-fourth cupful of banana and one-fourth cupful of nut meats. Mix and add a bit of lemon sirup, fill cups and serve on a paper dolly covered plate. One may add a dozen finely cut marshmallows instead of the sirup, if preferred.

Serve the above with whipped cream as a dessert, or as a salad, using mayonnaise and you have a three-in-one recipe.

**Lamb Patties.**—Take two pounds of the shoulder of lamb ground, mix with two tablespoonfuls of finely chopped onion, salt and pepper to taste. Mold into small cakes about an inch thick and wrap around with a thin slice of bacon. Fasten with a toothpick, dredge lightly with flour on both sides, then brown on a hot frying pan with a very little suet. Place in the oven to finish baking. Garnish with parsley and serve.

**Sinbad's Punch.**—Take a quart of grapefruit juice—this may be bought now in cans in many markets—two ounces of honey strained, one-half cupful of grenadine sirup, three bottles of ginger ale and just before serving the whites of two eggs beaten stiff.

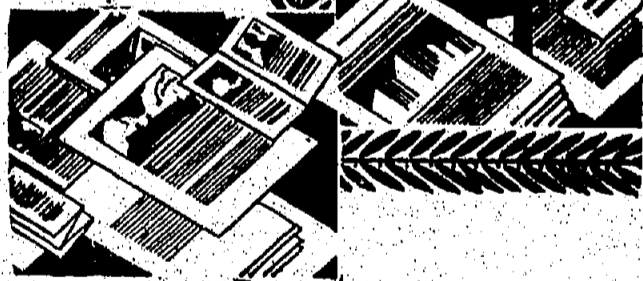

**Quick Bran Nut Bread.**—Take three cupfuls of whole wheat flour, two cupfuls of bran, one teaspoonful of baking soda, one tablespoonful of melted shortening, one egg, one and three-fourths cupfuls of milk, one-half teaspoonful of salt, three-fourths cupful of molasses and one-half cupful of boiling water. Add the egg and the boiling water at the last. Bake in bread tin for one and one-half hours.

**Immense River**  
 The Gulf of St. Lawrence is larger than Lake Superior. The area of the former is 64,000 square miles approximately, and the area of Lake Superior about 31,820 square miles.

The November Bond Issue

STATE SENATOR ARTHUR N. PIERSON, of Westfield, sponsored of the bond issue legislation passed by the Legislature this year, is asking the voters to approve of the State's hundred million dollar bond issue plan, which is to be presented to the voters in the form of a referendum at the November election. He maintains that the passage of the plan will reduce the annual tax property level in the County to the extent of \$616,741. If the plan is adopted, the tax now levied for State institutions will be suspended, and the State will return to the municipalities \$5,000,000 each year as a fund to meet traffic control and street maintenance costs. These two means of tax relief will be equivalent to a 13-point reduction in municipal tax rates throughout the State, states Senator Pierson. To raise the revenue, the burden of collecting these funds is placed upon the shoulders of the motorist, who will be charged with three-cent tax for gasoline, instead of the present two-cent tax.

According to Senator Pierson, "Of the 100 million dollars of bonds to be authorized, sixty-five millions are dedicated to State Highway purposes; eighteen millions to the State's share of grade crossing eliminations, of which the railroads bear a 50-50 percentage; ten millions go towards the completion of our State institution re-building program, and seven millions for acquiring water-shed and reservoir sites for future water-supplies."

"Everyone of these projects is vital to the development of our State, especially the metropolitan area, where the water problem is most important."

"The burden of raising the moneys to accomplish these vast improvements is taken from the property-owner and placed upon the users of the highways. It is just in this way, since the automobile owner, undoubtedly, gets the greatest benefit from the State, county and municipal highway programs.

Springfield's institution tax to be suspended if the bond issue be approved is \$2,704.78, and its State tax refund to be received each year is \$4,137.17, making a total of \$6,841.95 which the township will be given as the share of tax relief.

Union's institution tax to be suspended if the bond issue be approved is \$10,901.32, and its State tax refund to be received each year is \$16,674.45, making a total of \$27,575.77 which the township would receive as its share of tax relief.

With all the benefits the municipalities receive, the entire issue is not fair to the users of the automobiles of the State, some declare. One of the strongest factions opposed to the bond issue plan is the New Jersey Automotive Trade Association, a group of automobile dealers, who would naturally be opposed to a higher tax to users of automobiles. But the arguments presented by the association are worth considering and should be considered by all

Springfield is situated only 55 minutes on the Lackawanna R. R. from New York City (20 miles) and has excellent bus connections to Newark, Elizabeth, Summit and Plainfield. The Railway-Valley R. R. has a freight station in Springfield, giving service for factories, commercial and industrial purposes.

With the completion of the new State Highway No. 29, this year in the southern section of Springfield, it will be possible to get to the downtown part of Newark by automobile in eleven minutes, within speed limits. The Holland Tunnel in Jersey City will be reached in twenty-five minutes.

Two building and loan associations, one national bank, and two schools as well as excellent fire and police protection, are afforded.

The sanitary sewer system, covering nearly all of the township, part of the Railway Valley Trunk Sewer, will be completed early next year. Water is available in all parts of the township.

voters at the November election, when they are asked to approve of the several appropriations.

One of the points brought out at a convention of the automobile association May 17 of this year at Atlantic City, was that "not one of the bond issues will build a single foot of good roads."

"No association of right-thinking people can endorse a plan of taxing one class of our people from farm and city if the money on gasoline tax is not to be used for good roads purposes." What an awful precedent that would establish. So much so that if any department of the state suffers a deficit, in any one year, they then have the gasoline tax the good road moneys of the state to help out their miscalculations or mismanagement. The cure is not in additional taxes. The cure is to correct the mismanagement that causes additional taxes.

A set of resolutions drawn by the convention declared, "That whereas no figures or facts now available show there is a need of an increase in the gasoline tax; whereas there was made available in 1927 the amount of \$165,000,000 for a 6 1/2 year building program of State highways; whereas motor vehicle moneys from horsepower taxation, from driving permits and from gasoline tax have exceeded the estimated income necessary to carry on the 6 1/2 year highway building program; and whereas to use motor vehicle funds for other purposes than the building and maintaining of our highways would be a violation of the trust for which such funds are collected and would constitute class legislation and taxation, be it resolved that the automobile dealers of the State go on record as being opposed to the plan."

The convention ended with a few facts given out by the association, "that to use Good Roads moneys of the state for other purposes than the building and maintaining of highways is a mal-administration of such funds and immediately establishes a precedent where if any particular department of the state shows a deficit in the future, then the balance of the Good Roads funds may be used to make up such deficits. This should be cured in the administration itself, not by charging additional taxation to a class of citizens, which make up a large part of the State."

Motor Vehicle taxation is a taxation on essential transportation. Over 90 per cent of the highway transportation is utilitarian transportation, for business purposes. Good roads, irrespective of value to property, are of a benefit to all people in the economic plan of business. To raise a taxation to users of the highways will affect every man, woman, and child, in the State of New Jersey.

A Unique "Trek"

WHILE we are seeing pictures and hearing much about the Byrd expedition to the bottom of the world a strange trek is taking place in the far north which may not have the same romance and adventure but has a uniqueness all its own and in its aim it has a very human element—to supply the necessities of life to other peoples. A drive of reindeer to save Canadian Eskimos from starvation is now going on under conditions such as were never known before. It is an effort to deliver the reindeer in the Mackenzie river delta.

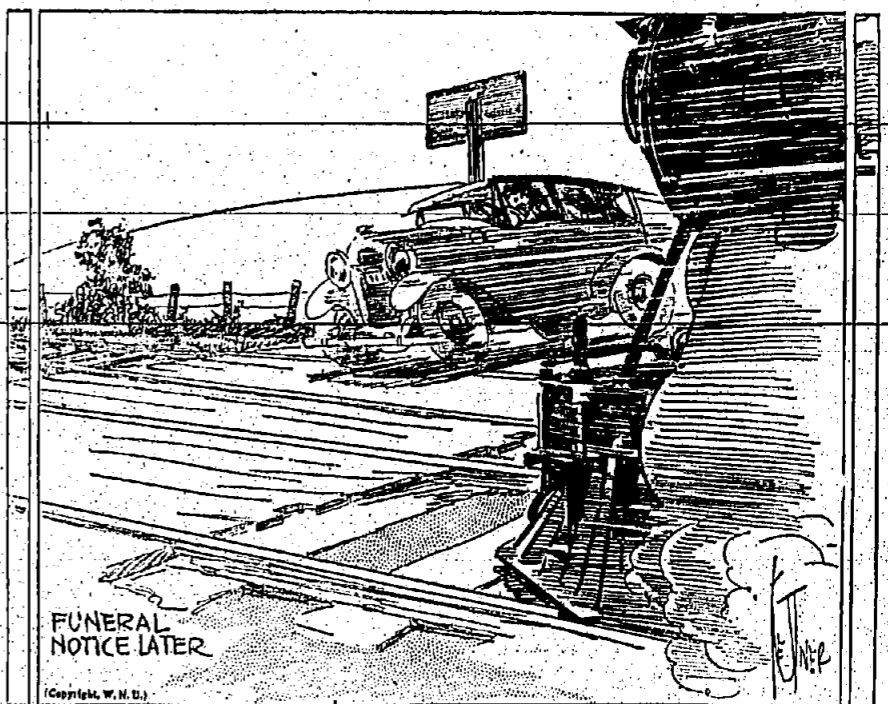

It is a stupendous undertaking to start with a herd of 3,442 of these animals and drive them over the arctic snow and through the cold of Alaska. And yet the contract has been assumed by Andrew Bahr who is said to be "the best reindeer man in the world." If the reindeer take a notion to turn back there is little the herders can do to stop them. Success of the undertaking will mean food, hides, harnesses, clothing and even roofs to the Canadian Indians that live in the Arctic circle.

Poor attendance at the contests of the Springfield Stars in the Union County Baseball League each Saturday and Sunday at Flemer Oval, indicates an apparent lack of interest of Springfielders in "America's National Pastime."

The locals are now tied for first place with two other teams in the league, and stand a chance to taking the championship of the second half, to play the winners of the first half, Hillside A. A., for the championship of the league.

Starting the first part of the season, the Stars got off to a bad start, losing three straight games. Five hundred fans were present at the opening game in May, and on only one other occasion was there more in attendance. The representatives, after having lost the first four or five games, came back in an excellent drive, winning the next eleven out of thirteen games, and finished in third place in the final standings for the first half. More fans should see the Stars in action. Were the local ball-players unworthy of support, a reason could be given for poor attendance, but there should be more present. With Hillside and Westfield at Flemer Oval this week-end, we shall expect to look to see a large delegation of local residents and baseball "bugs" in the group of excited spectators.

Five Years Ago

Happenings in Springfield 5 years ago this week July 25, 1925. The new \$6,000 Mack truck arrived this week at the firehouse. A demonstration was given, and to celebrate the coming of the machine, children were given free rides. A statement was made yesterday by Peter H. Farley that more than \$500,000 is being spent in the West Millburn Section development (near the Farmer's Hotel). Work was started this year on 3 new homes. The tract was purchased last year from the Stemmeyer Estate, which owned it for more than half a century.

Edward C. Townley, Jr., son of Springfield's Township Clerk, was injured this week when the motorcycle he was driving crashed into a curb. Young Townley attempted to avert his machine from striking a pedestrian who stepped from the curb into his line of path. Word was received from the officers and directors of the First National Bank that their charter had been approved at Washington. The bank is expected to be open by the middle of September in the premises formerly occupied by the Springfield Eight Company, in Morris avenue.

Three pairs of honeymoons returned home this week. Mr. and Mrs. Richard T. Bunnell, Dr. and Mrs. Cornell Grossman, and Mr. and Mrs. J. Edgar Morrison. Only one Springfielder, Charles M. Cannon, is registered at the Citizens Military Training Camps for the summer, was the report issued by the 2nd Army Corps Area, New York.

The Catholic Women's Club of the St. James Church will stage a lawn party August 8, the proceeds of which are to go towards the construction of a hall on the site adjoining the church. The hall will be used for social and parish affairs. A lawn party was held only this week at the home of Mrs. John E. Gunn, of Morris avenue. Mrs. Charles E. Smith, of Union, is president of the club.

Rambling AROUND SPRINGFIELD

Much discussion was centered this week about the ball game between the local business men and the Springfield Stars Wednesday night. "Doug," popular meat-cutter and "favorite" chef at Gibson's Diner as they say in France, was the leader of one team, the business men, while "Johnny" Poldore, known for his ability to cause near riots at Flemer Oval every once in a while, was the manager of the Stars for the game. Details will be found on the sport page. Speaking of the Stars, they're tied for first place with Elizabeth A. A. and Plainfield Aemys. Bill Burkhardt, who pitched the first few games for the locals is back, and will hurl them over against the Westfield Hawks Saturday, with Cecil Spittler or Jack McHugh pitching Sunday, against Hillside A. A. It looks like another pair of wins for the Stars. Westfield is the only team in the league having an edge on the Springfield nine. They beat them twice during the first half, something no other outfit has accomplished. Speaking of pitching staffs, Burkhardt, McHugh, and Spittler shape up as the most formidable in the league. The "Thorne brothers," "Duke" and Walter, have played an important part in the Stars' latest winning streak. Maybe the Springfield team will be matched against Hillside for the championship. A good time to test the outcome will be had this Sunday afternoon when the champs appear at Flemer Oval. How many readers know that George Martinka, member of the Volunteer Fire Department, is an excellent rifle-shooter. George captured three cups at a championship shoot in Union City last Sunday.

Rome's Wide Sway Among the nations of the present day which were encompassed within the boundaries of the Roman empire are Great Britain, Spain, Portugal, France, Germany, Italy, Austria, Albania, Switzerland, Egypt and the Balkan states.

And Never Desired Adversity, it is said, is a good teacher. Maybe so, but in our experience it is, in many instances, neither good nor wise.—Moose Magazine.

Iris Adapts Itself

From the study of geographical distribution of the iris, it appears that the two centers of original location are central and southern Europe, and the Orient, especially China. For the most part, however, the exotic species are thoroughly at home on the American continent and in certain sections have established themselves as freely as any native plant.

Proverbs

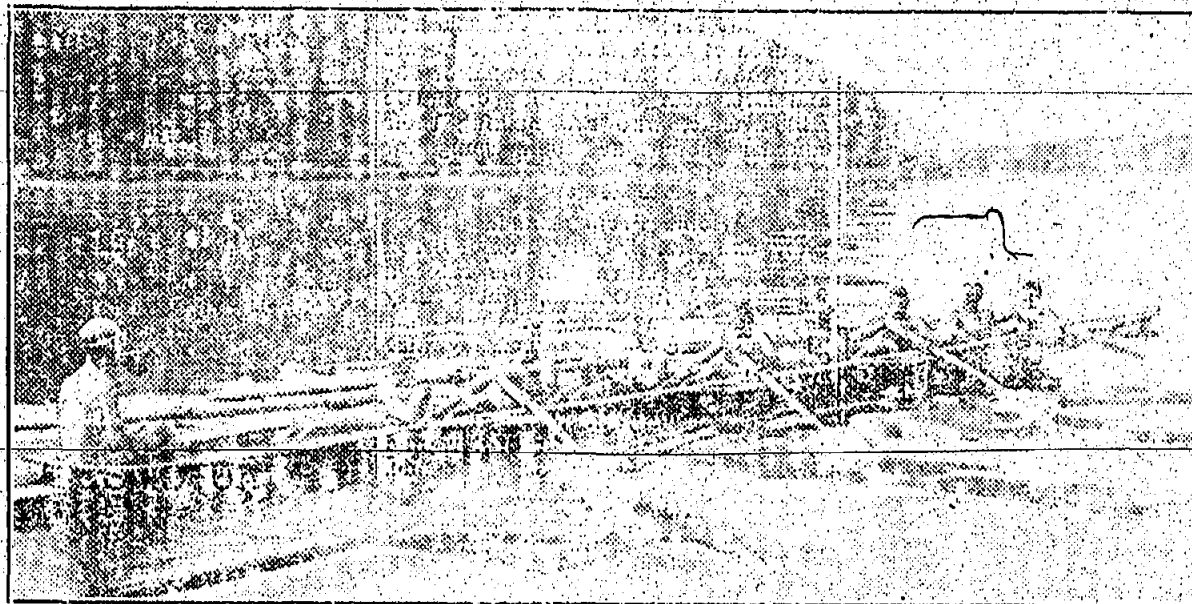

Not all proverbs hold wisdom. Some, such as "All's fair in love and war," hold clotted nonsense. Conscience—knowing what is right and doing it—is a better guide to conduct than proverbs.

Monkeys Showing Off for the "Talkies"

Seventy-five monkeys scampered across the rope bridge between two tall trees on Monkey Island, Washington Park zoo, Milwaukee, when they were placed in the exclusive residential colony for the summer and filmed for the talkie movies.

IT'S THE TRAINING TABLE THAT SETS THE STROKE

By Richard Glendon, Jr. (Coach of the Columbia University Crew Inter-Collegiate Champions 1929)

IN the old days, when a coach was looking around for a place to locate his training camp, he usually spotted a hotel or boarding house that specialized in corned beef and cabbage, for corned beef and cabbage was the ne plus ultra of training fare in the "dear and fortunately dead days." And yet, while the men stewed away as much of Jiggs' favorite dish as they could hold, they were allowed only a limited quantity of water. The idea, then, seemed to be to stuff 'em, and then bring them to a keen competitive "edge" quickly through sweats and lots of purgatives. Needless to say the after results were anything but desirable.

Today a coach goes about bringing his men into shape in just the opposite fashion. I always start the men as early as possible, so that there will be no need for last minute, intensive grinding to bring them to the "peak."

The more gradually a man can build up his stamina and drive, the more effective he will be and the less apt to go stale. Balanced against the necessary meat in our crew diet is always an impressive assortment of leafy and fibrous vegetables, the cellulose or bulk of which promotes intestinal hygiene and helps carry off the residual poisons in a normal and healthy manner. This same "veg-

No coach of any sport has ever racketed into a deserved place of such national-wide prominence in such a short-time as has "Dick" Glendon, son of an illustrious father who has guided Navy crews to so many stirring victories in past years. The younger Glendon after temporarily replacing his father at the Naval Academy, came to Columbia just four years ago. In those four years he has completely rejuvenated rowing at Columbia, his freshmen winning in 1928 and his varsity catching up two wins and a second in the next three years. Realizing the supreme importance of conditioning in such a grueling race as the 4 mile race at Poughkeepsie, we have asked Mr. Glendon to tell us something of the training requirements imposed on a crew man, particularly in regard to what he may and may not eat.

—EDITOR.

etable effect" is achieved, also, through use of certain cereals such as rice, bran, and corn. Whole rice is especially ideal in that it is not only highly palatable, but also forms a bulk whose smooth texture is kind to the tenderest of lining membrane.

When the first call for crew is made, early in the year, I find the men in all sorts of conditions. There are always a few conscientious ones—would that their number were larger—who report in excellent condition; but there are others who have to start from scratch every year. These men I watch with particular care to see that their physical grooming

keeps pace with the early spring workouts. Nothing whips such men into shape more quickly or more effectively than a diet which builds appetite at a keen edge and works off, sanely and normally, the residues collected during the athlete's lay-off period of inactivity.

When eight men swing their shell in line for the 4-mile grind at Poughkeepsie, these men should be carrying in their stomachs nothing but energy supplying foods. They will call upon—and need—every ounce of reserve they can carry before they pass the finish marker. Naturally, the men in the best condition to meet this exacting demand upon energy are those whose training has removed from the body all the dead weight and useless residues.

One hears a great deal of talk—and sees much written about the stroke used by this or that crew. Naturally, each coach teaches his men the stroke which he believes, through experience, will be most apt to drive his crews out in front and keep them there. But no type of stroke in the world is worth a plugged nickel, if the men manning the oars have not been properly conditioned to set a winning pace and then have the stamina and reserve energy to hold it.

A sensible diet then, which includes plenty of roughage, cellulose or bulk (choose your own name for it) is as necessary in the long training grind, as the actual workouts in the racing shells, for a crew man needs every ounce of usable foods that he can store in his body. When the excitement increases the heat for the final spurt, it takes a perfectly trained human machine to stand the gaff.

CHEMICAL FIRE TRUCK

ARRIVED 5 YEARS AGO Continued from page one

chemical truck was purchased at a price of \$8,000. The truck is essentially used for pumping chemicals, and has for that purpose two tanks, holding 50 gallons of chemicals each, capable of a two hundred and forty pound pressure. The chemical used is a mixture of baking soda and sulphuric acid. Two hundred and fifty feet of chemical hose is carried on the machine. For hand purposes, there are six small tanks and two Foamite tanks, used for fighting oils, naphtha, gasoline and similar quick-extinguishing substances.

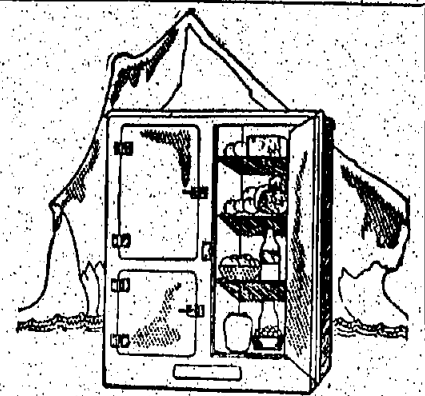

The machine has four cylinders and seventy horsepower. For emergency use, there is available a gas mask, an inhalator, as well as respirator. There is also a powerful flashlight carried on the machine, with two sets of bulbs, which will throw a light for 300 yards. Ladders are carried on the side of the truck, as well as 1,000 to 1,100 feet of water hose.

Red and white tail lights are found at the rear of the machine, and the vehicle is powerful enough to attain a speed of 50 miles per hour in a needy alarm.

Besides the chemical truck and the Reo, the local department boasts of a \$13,000 hook and ladder truck, with a 900-gallon combination water pump.

The old familiar example of Elihu Burritt, who mastered some eighteen languages in moments spared from fitting horseshoes, should convince the most skeptical that minutes have value, and we all know what Gladstone thought of the thrift of time. ## FANTASTIC SHORT WRAPS SUCH AS DELIGHT NOVELTY SEEKERS

IN THE fantastic little wraps of silk or of velvet or of ever-so-swanky velveteen—such as are enticing the summer mode—novelty seekers are finding all they are looking for—and "then some!"

Judging from appearances, the more eccentric the summer, is the sentiment of the mode in regard to these whimsical little capotes, do-han-like capes and "last but not least" the voguish paleots, the latter reminiscent of frankly old-fashioned basques, some having "shoulder capes," some with bell sleeves, all of them amusingly form-fitting.

As said before, if you are to follow fashion's lead, before the summer is over you will be toting your daintiest gowns, your sports frocks likewise, with some one or other of these summer-time short wraps which are that

absurdly quaint they are truly clever. As for the charming little taffeta wrap in the picture, it is one of the more conservative types. These enticing little contrivances which are dignified with the name of summer wraps, are adding an entirely new note of chic to present-day costumes. Of black or navy taffeta, they lend themselves to almost any afternoon occasion. Developed by pastel coloring they are lovely for garden party wear and such.

If there is one wrap more than another under discussion in Paris, it is the new gay colored velveteen types. Les Parisiennes are wearing these colorful little velveteen basque-like novelties most everywhere from tennis court to country club porch and dressiest garden party affairs.

# Springfield Tied for Lead in County League

## Elizabeth A. A., Plainfield, Locals In 3-Cornered Fight

### Jack McHugh Breaks Long Winning Streak of Plainfield Outfit

The Springfield Stars surprised every rabid follower of the Union County League last week-end, when they emerged victorious over the Plainfield Acmys and the Elizabeth Braves, two of the strongest teams in the league, and after the smoke had cleared away, the locals were in a triple tie for first place, with the Acmys and the Elizabeth A. A.

The Braves, having just handed the leaders, St. Joseph's a defeat, the day previous, 1 to 0, were confident of beating the Stars at their own diamond at Bayway Field, and after Springfield scored two runs in the first inning, the Indians came back with three in the second. It looked like a Braves victory, until the sixth inning, when the Stars made three runs to sew up the game. They added two in the eighth, and one in the ninth.

Cecil Spittler was on the mound for the Stars, and pitched his usual good game, yielding nine hits, two more than the locals made against Eddie Chmiel, Braves hurler, but the nine safeties were well-scattered.

"Jake" Stars shortstop, a weak batter, went on a spree and got three singles, and scored the same number of runs. Boslavage, the new third-sacker for the Springfield nine, got two hits and also scored three times. Spittler fanned three batters, and gave four walks, while Chmiel struck out three, and also gave four free passes to first base.

### Westfield Hawks, Hillside A. A. Oppose Locals at Flermer Oval in League Tilt

Two Union County League contests will be played at Flermer Oval over the week-end. The Westfield Hawks will oppose the Springfield Stars tomorrow, while the champions of the first half, Hillside A. A., will furnish the opposition on Sunday. Bill Burkhardt, who pitched for Springfield in the early part of the season, but who left for the Summit Red Sox in the

### STARS HIT HARD AGAINST ACRYMS, WINNING, 14-3

The Plainfield Acmys, leaders in the Union County League, were handed a rude jolt in their chances for the championship of the second half last Saturday at Flermer Oval, when the Springfield Stars walloped out fourteen hits to win by the score of 14 to 3. The loss marked the second the Acmys have received in their last twelve games.

With the defeat, six teams were tied for first place for one day only, including Springfield, Plainfield, St. Joseph's, Braves, Garwood and the Elizabeth A. A. St. Joseph's was tied for first place with Plainfield, previous but were beaten by the Braves, 1 to 0.

Jack McHugh, steady as ever, let the Acmys down with six hits and the Stars romped away with an easy win. The local budgeons did show their fire, and two Plainfield pitchers, Townley and Sparks, bore the brunt of the damage. Artie Lamb led the attack with four singles, Duke Thorne and his brother, Willie who incidentally is proving his ability as a slugger, got two hits apiece, while "Duke" scored four times. Springfield was ahead from the beginning, making their big splash in the eighth with five runs.

The defeat was a sweet win for the locals, since Townley the first Acmy hurler, had beaten them June 14, allowing them only five hits, and broke a winning streak of seven straight. That loss also robbed the Stars of any chance of winning the first half's championship.

Lackawanna League, is back in the fold, and will hurl them over against Westfield. Either Cecil Spittler or Jack McHugh will pitch against the Hillside team.

To keep their hold for first place, the Stars cannot afford to lose, since the other occupants of first place, Elizabeth A. A. and Plainfield Acmys have less formidable opposition, and are certain to take two wins both Saturday and Sunday.

### MARRIED MEN VS. BACHELORS TILT NEXT WEDNESDAY

#### Game to Be Played at Flermer Oval; Winners to Be Given Watermelons

A large part of local baseball fans who took part in the Business Men-Stars game Wednesday night will be in action next Wednesday at Flermer Oval, in a contest between a team consisting of married men and a team consisting of single men. The game will begin at 7 o'clock, and as a prize, watermelons will be given the winners.

The married men's lineup will include the following: Richard T. and Robert S. Bunnell, Louis J. Wiman, Charles H. Huff, Russell Anderson, John Polidore, Martin L. Woods, Elmer Adams, Art Lamb, "J. C." Carter. Anderson will be in the pitcher's box.

The single men will have in their lineup Doug MacIntosh, "Butch" Ziegler, "Happy" Horigan, "Babe" Hatter, Enos Parsell, Walter Parsell, Freddy Esposito, Bill Syaco, Billy Brunns, "Doug," popular chef at Gibson's diner, who pitched a good game Wednesday against the patched Stars, will throw them over in a prize for the watermelons.

### Darkness Halts Game Between Stars and Business Men In 7th, With 4-4 Tie

The much-heralded game between the Business Men and the Stars ended in a 4-4 tie at Flermer Oval Wednesday night, in the seventh inning, when darkness halted the contest. The Stars had only two players of their regular team on the field, "Icchy" Anderson in the pitcher's box and Johnny Pulidore at second base.

"Doug" MacIntosh, on the mound for the Business Men, pitched a good game, striking out eight, while Anderson gave way to Enos Parsell, who finished for the Stars.

The Stars scored in the first inning, after Anderson hit a drive to right field and continued home on an error. The Business Men came back in the third inning with a run on a walk, a steal, and a terrific double by "Bob" Bunnell. "Babe" Hatter, Business Men's third baseman, assured his team of a tie in the fifth inning when he hit a triple with the bases loaded. The Stars scored twice in the fourth and once in the sixth.

The Business Men's lineup, besides MacIntosh, Bunnell and Hatter, included Martin L. Woods, right field; Louis J. Wiman, center field; "Dick" Bunnell, second base; Freddy Esposito, shortstop; Elmer Adams, left field, and "Butch" Ziegler, catcher.

In the Stars' lineup, besides Polidore, Anderson and Parsell, were Walter Parsell and his brother, William Hoffer, Deltzel, "J. C." Carter and Gottrey.

It seemed more turned out at the "mock" contest than a league game. A series between the two teams for the summer would prove interesting with the players evenly matched, and all local men in both lineups.

Doug, Business Men's manager, was slightly nervous at 6:45 with not half of his team present, but 5 minutes later three cars pulled up and left the rest of the players at the field.

They said Johnny Pulidore was watching the Business Men's battery for fifteen minutes, trying to catch their signals, but he was out of luck. Come to think of it, Polidore had an advantage over his fellow players in batting, having watched his rival throw them over, but he struck out twice.

The Business Men had the advantage in weight, but that's only good in boxing. In baseball, it requires speed, and the Business Men, as a rule, didn't show much of that. The Stars

had speed in the younger players, but the speed of the Business Men's pitcher stopped them in their tracks.

To do justice to the Stars, they didn't have their regular team on the field. Somebody said they're lucky, the score might have been 15 to 0 in favor of the Business Men.

A return game is being planned for the week after next. With the players confident of their superiority over the opposing team, the return fray should be a "wow."

Several of the Business Men reported losing their weight, but they should not worry. They'll have it back by next week. Then the Single Men will engage the Married Men! Seems the management pulled a "wise one" in arranging this contest. It's to get more women out at the ball games. Maybe we'll have a baseball game between the Married Women and Single Women before the season is over??

### Simple Blackboard

Blackboards of any size are usually quite expensive, but one woman found a way to make one that costs less than 75 cents. She bought an inexpensive dark-green window shade and a can of flat black paint. Two coats of the paint were applied to the shade, which when dry became a blackboard that could be rolled up out of the way when not in use.

It takes 35,000 acres just to provide the flavorings of part of the chewing gum and candy consumed in this country annually. The flavorings in question are the essential oils of peppermint. In the case of the spearmint, all the product goes into the manufacture of gum, but peppermint also finds its way into candy and as a flavoring for toothpaste.

Harringly was trying hard to listen to the speaker's eloquence at a political meeting but the squalling of an infant directly in front of him gave him little chance. At length he leaned forward, touched the mother on the shoulder, and asked: "Has your baby been christened yet?" "No, sir. Why do you ask?" "Merely because I was about to suggest that if he had not been christened you might name him 'Good Idea.'" "And why 'Good Idea'?" asked the woman. "Because," replied Harringly, "it should be carried out!"—Vancouver Province.

**Helpful Suggestion**

An employer who believed in supporting all efforts to introduce a new spirit into industry had called his men together to place before them his plans for bettering working conditions. "Now whenever I enter the work shop," he said, "I want to see every man cheerfully performing his task, and therefore I invite you to place in this box any suggestions as to how that can be brought about." A few days later he opened the box and took out a slip of paper on which was written: "Take the rubber heels off your shoes."
