Nearly 100 Per Cent Fire Protection Soon, As Fourteen Hydrants Are Being Installed

Three in Limits of Present District—Others Located in "South Neighborhood"

CERTAIN SECTIONS LEFT UNPROTECTED

Milltown Road, Hillside Ave., State Highway 29 Are Without Water

(Exclusive SUN Story)

The Commonwealth Water Company is now at work placing fourteen new fire hydrants in various parts of the township, and with its completion, Springfield will enjoy practically 100 per cent fire protection.

The majority of hydrants are being installed in the "south" neighborhood, where 11 out of the 14 are located.

One hydrant is going in the center of Colonial terrace, where incidentally, a 6-inch main is supplanting a 2-inch private water line. Another hydrant is to be placed in Henshaw avenue, in the Baltusrol Hills development, giving this section protection for the entire "south" neighborhood, is to be in Meisel avenue, where the present Linden avenue, will form a corner when it is projected to Meisel avenue.

Six hydrants are to be placed in South Springfield avenue: one, 1000 feet from the Raymond Chisholm School south; two, at Evergreen avenue, opposite the corner where a store is now located; three, at the corner of Diven street; four, at the corner of Hillside avenue; five, at the new elementary school site, between Hillside avenue and State Highway 29; and six, at the corner of Dundar road, near the Westfield line.

The other hydrants are to be located at the following sites: Evergreen avenue, 1000 feet east from South Springfield avenue; Ruby street, 1000 feet west from South Springfield avenue; Meckes street, the same distance west; and an equal distance west in Diven street and Meckes street. Thus, the entire "Square" will have fire protection.

Milltown road, State Highway 29, and Hillside avenue, do not have any water pipe, and therefore are without fire protection. The residents of these thoroughfares, favor having water pipe laid there, so that the sanitary sewer system will be able to have to drain itself. The owners have asked the Township Committee to place water in their streets, and the matter has been left for consideration with the Commonwealth Water Company. If the water be placed in these streets the Board of Fire Commissioners will ask for hydrants.

LIONS HOLD FISHING TRIP TO BEACH HAVEN

A fishing trip to Beach Haven was held all day Wednesday by members of the Lions Club. Two boats traveled in the bay, while another went about 40 miles out for deep sea fish. The latter consisted of Dr. William G. Huff, Wilbur W. Parsell, Louis J. Witman, and Nicholas C. Schmidt. The deep sea catch was about 24 blue fish, some fish weighing as heavy as seven or eight pounds.

Another boat consisted of Hobart E. Benedict, Charles H. Huff, Robert S. Bunnell and Frank E. Meisel, Sr., and Jr. The third boat was made up of Dr. Stewart O. Burns, Norman M. McCallum, Fred Morte of Summit, Ernest Roach of Irvington, and Joseph Trumans of Yallsburgh, Newark. The two boats took in close to 150 fish.

On Fishing Trip
George W. Parsell, Jr., Fire Chief George W. Sisco and Arthur Bjorstead, were on a deep-sea fishing trip at Beach Haven last Sunday.

New Racket Born From Latest Bug For Tabloid Golf

The latest toy golf course fad, other than causing economists to scratch their heads over the possibility of miniature layouts prospering in such "hard times", has now been responsible for a new crime racket.

Golf ball factories cannot turn out golf balls in sufficient quantities for owners of miniature courses, and do it at a reasonable price, so the proprietors in some cases, resort to purchasing balls from "fences." That was the reason given by three men from Yonkers, N. Y. after they had been arrested by Patrolman Selander Wednesday night at 3 a. m. for trespassing on the Baltusrol Golf Course and stealing balls.

About 44 golf balls were found on their possession, and the men, Frank J. Debrocky, 39; Joseph Burzinski, 22; and Andrew Drost, 22; were each fined \$5 and costs \$2.50. Police learned Drost had a criminal record, and had served 21 months in prison in Elmira, N. Y., on a burglary charge.

NAB CHICKEN THIEF WITH GOODS IN BAG

Horace Jackson, 55, colored, of 84 Hillside place, Newark, was committed to the county jail Monday morning by Recorder Everett F. Spinning, to await action on a charge of stealing chickens from his brother-in-law, Walter Layton, of 62 Millburn avenue, this township.

Jackson was waiting for a bus at the corner of Morris and Millburn avenues last Saturday night about 11 o'clock, when Patrolman Selander, patrolling the vicinity was attracted to a suitcase Jackson was carrying. After questioning the suspect, the policeman found four dead chickens in the suitcase, and took Jackson to headquarters, where he admitted to the police he had stolen them from his brother-in-law.

According to police, Jackson has a record of other crimes committed in Union and Millburn.

AT SEA GIRL FOR "GOVERNOR'S DAY"

A group of local Republicans attended Union County Day as the guests of Governor Morgan F. Larson at Sea Girt Wednesday. In the party were County Committeeman John A. Courtney and Mrs. Courtney, of 19 Marlon avenue; County Committeewoman Mrs. John J. Kulp, of 119 South Maple avenue; Mrs. Fred A. Brown, of 28 Washington avenue, wife of the Police and Roads Commissioner; Overseer of the Poor James C. Stiles, of 25 Linden avenue, and Clarence E. French, of Colonial terrace, as well as other Republicans of the First District.

Chevrolet Announces Wire of Disc Choice Of Wheels with Cars

Effective today, purchasers of new Chevrolet Six passenger cars are given a choice of wire or disc wheels as optional equipment with their machines, without extra cost.

Formerly disc wheels were standard equipment except for sport models, on which wire wheels were mounted at the factory. All passenger models, since the latter part of July, are being shipped with wire wheels, except for those who prefer the discs. Dealers with cars having only disc wheels at this time, are being supplied with new sets of wire wheels to make the change-over for purchasers desiring them.

WEIGAND STREET CHANGE OF NAME MEETS OBJECTIONS

Weigand Interests Ask Town Board to Prevent Calling Street Prospect Place

CLAIM "GRUDGE" IS IN BACK OF ACTION

Declaring that the action against changing the name of Weigand street to Prospect place was merely a "grudge" against his client, George W. Weigand, Assistant Prosecutor John B. Walsh asked the Township Committee last Friday night at a special session to vote against passing an ordinance, which would change the street's title.

The ordinance was being given a hearing for its second and final reading. A petition, bearing fourteen signatures of property owners, had been presented the board several months ago, asking for a change of the street's name, and the first reading was held July 9. The ordinance was tabled pending further investigation.

Mr. Walsh, in his speech, said that his client had been the original developer of the section, and through Mr. Weigand's work, the property added assessable value to the township's ratables. He reminded the committee it was the first time a street name was even changed in the history of the township, and that it might form a bad precedent, adding that "any person who had a grudge against some one else, might also encourage having some other street changed."

COUNTY TAX BOARD GRANTS 3 APPEALS

A total of \$4,500 of reductions of Springfield assessments was allowed by the Union County Board of Taxes and Assessments in session Monday in the Summit City Hall. Three appeals were granted, and two were dismissed. The five decisions are as follows:

Gottlieb Kilgus, Bryant avenue, assessed valuation personal \$100, owner's valuation cancelled. Granted.
Anna J. Oelling, 17 Remer avenue, assessed valuation building \$3,000, owner's valuation building \$2,500. Granted.

Eva Drapkin and Mary Vogelstein, Morris avenue and Baltusrol way, assessed valuation building \$12,000, owner's valuation building \$9,000. Dismissed.

St. Rose of Lima R. C. Church, block 37, lot 22, Morris avenue, assessed valuation land \$3,000, owner's valuation cancelled and exempt as cemetery property owned by church. Granted.

Gulseppl Montanari, block 25, lots 6-7, Springfield avenue, assessed valuation land \$4,400. Dismissed.

Lions Sponser Movement To Erect Welcome Signs At Boundary Limits

(Exclusive SUN Story)

A movement is under way by the Lions Club to sponser having welcome signs erected at the boundary limits of the township, where they are in dire need.

The Club sent in a communication to the Township Committee, last week asking the Committee if it would co-operate financially in having welcome signs built at suitable points in the township. It was the pleasure of the committee, that since no appropriation for the purpose had been included in the 1930 budget, the matter would have to be curtailed temporarily.

The Lions' Clubs in most communities erect welcome signs at their own expense, and the marker bears the name of the town, the place, time, and date of the weekly meetings, to-

Two Miniature Golf Permits Granted As Township Committee Votes In Favor Of Sunday Ban

Tabloid Courses Will Open in Meisel Ave., Another in So. Springfield Ave.

ARGUMENTS PRO AND CON AT MEETING FRI.

Otto P. Heinz Talks for Play On Sabbath; Is Opposed by Church Officials

The Township Committee went on record last Friday evening as being in favor of Sunday closing of miniature golf courses in Springfield, after it had heard arguments put forth by representatives of both groups, for and opposed to the Sunday clause ban of an ordinance regulating and licensing courses in the township.

Speakers for Sunday closing were the Rev. William Hoppaugh, present Tax Collector and Township Treasurer, retired, pastor of the First Presbyterian Church, from 1887 to 1913; the Rev. Winfield C. Snodgrass, also a retired minister; and Wilbur M. Selander, a teacher in the the Sunday school of the Methodist Episcopal Church and a former member of the Board of Education for three years, also active in local Boy Scout affairs. Otto P. Heinz of Clinton avenue, asked the Committee to permit opening miniature courses on Sunday.

A resolution approved by the Official Board of the Methodist Episcopal Church was presented the Committee by Walter White, of 126 Tooker avenue, and read as follows: "At a meeting of the Official Board of the Methodist Episcopal Church of Springfield, held on July 20th, the following resolution was adopted, that the Official Board is opposed to miniature golf or any other commercialized amusement on Sunday in the township."

The board is made up of twenty-five officials in the church, connected with the various organizations, as well as departments. Fifteen of the members were present at the meeting. About 100 persons crowded the Board room.

Mr. Heinz claimed that the nearby municipalities would receive the revenue of local persons who would leave the township to play elsewhere on Sunday, and also that the churches would have their share of attendance if the courses were opened after 1 o'clock. He argued that it is impossible to persuade anyone to go to church Sunday to worship, as in his statement, "You can lead a horse to water, but you can't make him drink."

The Rev. Mr. Snodgrass spoke from the Bible viewpoint, and the Rev. Mr. Hoppaugh in his talk, stated, that "the church is still an important part of the activities of the state and is considered equal in its right to the school as evidenced by the state legislations that church property be exempted from taxation." He maintained, "That the church has

proved valuable in making the country what it is today, and that without some sort of discipline and co-operation from the governing bodies or from the people, all its good work will be cast aside.

The ordinance, which does not prohibit the operation of miniature golf courses, but merely places a ban on Sunday opening, provides that a license fee of \$100 be charged for one year; that the course be opened from 7 a. m. to midnight; and that violators of the provisions of the ordinance will be subject to a fine of \$100 or ten days in the county jail. It goes into effect immediately.

Two applications for licenses were granted the same night by the Committee, after a fee of \$100 accompanied each. They were issued to James C. Stiles, Jr., who will operate a course on Meisel avenue, one block from Morris avenue; and to Harry E. Speicher, who plans to erect a miniature course at the corner of South Springfield and Evergreen avenues.

Two other applications have been received by the board, prior to the passage of the ordinance, and since no license fee accompanied each, they have not been acted upon. One is from Robert Kaplan, for a course next to his tire repair shop, at 326 Morris avenue; and the other from Ralph Dellasera, at the corner of Alvin terrace and Morris avenue. Construction on the latter has already been started.

SIX ARE INITIATED IN D. OF A. COUNCIL

Six members were initiated in Pride of Battle Hill Council No. 17, Daughters of America, in the Municipal Building last Friday evening. The candidates were Evelyn Ross of Springfield, Anna Koll, Ruth Reitzel, Bertha Bachman, Sarah Volker, and Louise Schmitt of Union. Montague Martyn, captain of the degree team, was in charge. Mrs. Josephine Murray of Roselle, State deputy, was present.

The council is planning a watermelon party Friday evening of next week. Mrs. Ida Martyn heads a committee in charge of arrangements. A short business meeting will precede at 7.30 o'clock.

1st MINIATURE COURSE OPENS TOMORROW

The first miniature golf course in Springfield is to open tomorrow in Meisel ave. a block from Morris ave. Residents and those of adjoining towns will doubtless be interested to try their skill on this course, which is considered to be one of the most unique and artistic layouts in these parts. The course has an abundance of shade, plenty of fine landscape, using the natural structure of the land to advantage. James C. Stiles, Jr., of 69 Linden avenue, is the proprietor.

HELP WANTED

Do you want a job? Have you a job to offer? Let the SUN help you solve your employment problems. To alleviate the unemployment situation, this newspaper will publish free of charge situations wanted and help wanted classified ads.

According to the census returns there were 108 persons in Springfield on April 1 who were without a job and physically able to work.

The SUN will be glad to connect potential employers and employees. Phone Millburn 6-1256 and if you want ad falls under this heading, you need expect no charge.

The SUN is not an employment agency, and we request that all either use the mail or else inspect our files at the office. We cannot find that job unless some one informs us of it.

WEGAND STREET CHANGE OF NAME MEETS OBJECTIONS

Continued from page one name changed." He also said that with all the maps of the development already drawn up, a new name would mean confusion.

John J. Kulp, of 119 South Maple avenue, spoke in favor of retaining the name. He said that his business experience with Mr. Weigand was favorable, since he had purchased a home in the Weigand development of South Maple avenue. The Township Committee decided to readvertise the hearing, and have both opponents of the issue present, before doing any further action.

It was later learned from a spokesman of the group in favor of having the name of Prospect place that a delegation would have been present, had they known any opposition was to be inserted in the discussion.

The members of the Board of Plumbing Examiners were appointed with Plumbing Inspector Harry C. Anderson as chairman; Arthur L. Marshall, 74 Washington avenue, master, and Edwin Lambert, 14 Weigand street, journeyman.

Nine applications for the positions were received in all, of which four were for master and five for journeyman. The duties of the board is to examine applicants for plumbing licenses and the term of office is for one year.

A communication was received from the Lions' Club, asking whether the committee would co-operate in financing the erection of welcome signs at the boundary lines of the town's limits. This board decided that since no appropriation for such a purpose had been made in the 1930 budget, they could not handle the matter, as yet.

Township Engineer Arthur H. Lennox, who reported that the paving of Remer avenue had been completed, recommended in a communication to the Township Clerk that Remer avenue and Weigand street be made light traffic streets. While the members of the board were of the opinion that an ordinance would have to be drafted for such action, the matter was referred to Township Attorney Chas. W. Weeks.

Frank A. Maiorino, of 161 Morris avenue, who operates a taxicab in the township, asked permission to be granted a cab stand at Morris avenue, just below Walnut court. After it was decided no parking troubles would arise, the request was granted.

An application was received from George W. Sisco to be appointed maintenance foreman when the sanitary sewer system is completed. It was placed on file.

A group of residents from Milltown road, headed by Frank H. Davis, complained that while water had been laid in other streets in the "south" neighborhood, none had been placed in their street. Mr. Davis stated that the sanitary sewer in his property would be useless without water, and that the development of Milltown road is being stumped by the fact no water had been supplied there, both for health and fire protection. He told the committee that certain building in Milltown road is being curbed, due to the fact no water is available there. The board told the complainants that they would consult with the Commonwealth Water Company in regards to laying water pipe in the section.

An ordinance authorizing the Springfield Township Water Company to lay, remove, repair, replace and maintain water pipes and other incidentals in Springfield for fifty years in exchange for a new franchise, was passed on its first reading. It will be given a hearing Wednesday evening, August 13.

Chairman Gabriel Larsen reported that the Rahway Valley Trunk Sewer would be completed by September, basing his claim upon the report of the consulting engineer, Alexander Potter, and that the unit between Cranford and Springfield, has been already finished.

Saving the Pennies

It requires only a very small degree of saving or spending to lead to comparative wealth or poverty, even in one generation. As Micawber said, a man with an income of one pound a week will ultimately reach poverty if he spends just one penny more a week, and reach opulence if he spends just one penny less.

He Doesn't Understand

A man should be proud when his wife is jealous of him, but he is more apt to act as though he was abused.—Miami Herald.

NEW DRY CHIEF

A. W. Woodcock of Sillsbury, Md., new director of the bureau of prohibition in the Department of Justice

The annual Field Meet and Picnic of the playground system will be held next Thursday at Warinanco Park, in Elizabeth. Tickets are on sale at the local playground for ten cents and this entitles the bearer to a bus ride, as well as soda, candy and ice cream at the stadium. The bus will leave Flemmer avenue 9 a. m., and return at 4:30 o'clock in the afternoon. Thirteen playgrounds in the county system will compete in the meet.

A local meet to pick entrants will be held at 2 o'clock Monday afternoon at the playground. Boys and girls of all sizes are in various classes, and the groups are selected by height, not by age or weight.

TOWNSHIP OF SPRINGFIELD COUNTY OF UNION AN ORDINANCE AN ORDINANCE REGULATING AND LICENSING THE OPERATION AND MAINTENANCE OF MINIATURE GOLF COURSE AND CAMERS OF SIMILAR NATURE IN THE TOWNSHIP OF SPRINGFIELD IN THE COUNTY OF UNION.

TAKE NOTICE that an Ordinance entitled as above, was regularly passed and approved on second and final reading at a special meeting of the Township Committee of the Township of Springfield in the County of Union and State of New Jersey, held on the twenty-fifth day of July, 1930, at 8 P. M., Daylight Saving Time, in the Springfield Municipal Building.

Dated July 26, 1930. R. D. TREAT, Township Clerk Aug. 1-11

TOWNSHIP OF SPRINGFIELD COUNTY OF SPRINGFIELD AN ORDINANCE

AN ORDINANCE AUTHORIZING SPRINGFIELD TOWNSHIP WATER COMPANY, A CORPORATION OF THE STATE OF NEW JERSEY, ITS SUCCESSORS AND ASSIGNS, TO LAY, REMOVE, REPAIR, REPLACE AND MAINTAIN ITS WATER MAINS, FIRE HYDRANTS, SERVICE PIPES, FIXTURES AND APPURTENANCES IN AND ALONG ANY STREET AVENUE, PARK, PARKWAY, HIGHWAY OR OTHER PUBLIC PLACE IN THE TOWNSHIP OF SPRINGFIELD IN THE COUNTY OF UNION AND STATE OF NEW JERSEY, FOR A TERM OF FIFTY YEARS.

WHEREAS, SPRINGFIELD TOWNSHIP WATER COMPANY was heretofore duly incorporated under the provisions of an Act of the Legislature of the State of New Jersey, entitled "An Act for the construction, maintenance and operation of water works for the purpose of supplying cities, towns, villages, boroughs and other municipalities in this State with water"; and

WHEREAS, said Springfield Township Water Company has filed with the Clerk of said Township of Springfield its petition for the consent of said Township that said Company, its successors and assigns, may lay, remove, repair, replace and maintain its water mains, fire hydrants, service pipes, fixtures and appurtenances in and along any street, avenue, park, parkway, highway or other public place within said Township for a term of fifty years; and

WHEREAS, due notice of the filing of and hearings upon said petition has been published and posted, as required by law; and WHEREAS, the construction and maintenance of such water works distribution system will be advantageous to and for the best interests of the Township;

BE IT ORDAINED, by the Township Committee of the Township of Springfield in the County of Union and State of New Jersey:

SECTION 1. That the Springfield Township Water Company, its successors and assigns, be and they hereby are granted the right to lay, remove, repair replace and maintain its and their water mains, fire hydrants,

service pipes, fixtures and appurtenances in and along any street, avenue, park, parkway, highway or other public place now or hereafter laid out within said Township, for a term of fifty years from the effective date of this ordinance.

SECTION 2. All rights hereby granted to the Company shall be subject to the right of the Township to make and enforce reasonable regulations with respect to the use of its streets, avenues, parks, parkways, highways or other public places.

SECTION 3. The Company shall, with reasonable promptness, fill all excavations made by it in the streets, avenues, parks, parkways, highways or other public places of the Township, and shall restore the surface thereof to as good a condition as the surface was prior to such excavations. In the event that the Company fails to fill in any such excavation and restore the surface as aforesaid, the Township may cause such work to be done and shall then be entitled to collect the expense thereof from the Company. The Company shall save the Township harmless and shall reimburse it against and for all liability, loss, expense or damage of any kind incurred by the Township on account of the failure of the Company to comply with the requirements of this Section.

SECTION 4. Upon receiving signed application for service, the said Company shall extend its mains so as to accommodate additional consumers of water in accordance with the rules and regulations governing such extensions prescribed by the Board of Public Utility Commissioners of the State of New Jersey or by its successors in authority.

SECTION 5. The rates to water consumers and all matters of regulation and service shall be determined by the Board of Public Utility Commissioners of the State of New Jersey or by its successor or successors in authority.

SECTION 6. This ordinance shall become effective when it has been accepted in writing by the Company or its successors or assigns, and has been approved by the Board of Public Utility Commissioners of the State of New Jersey.

I, Robert D. Treat, do hereby certify that the foregoing Ordinance was introduced for first reading at a special meeting of the Township Committee of Springfield in the County of Union and State of New Jersey, held on Friday evening, July 26, 1930, and that the said Ordinance shall be submitted for consideration and final passage at a regular meeting of the said Township Committee, to be held on Wednesday evening, August 13, 1930, at 8 P. M., Daylight Saving Time, in the Springfield Municipal Building; at which time and place any person or persons interested therein, will be given an opportunity to be heard concerning such Ordinance. Dated July 26, 1930.

A Printing Service Second to None

The most important part about a printing job is the speed, the accuracy and the quality of work a printer can offer. A printing job delayed is always a loss to a business establishment. Place your printing with us and you will be assured of prompt delivery and of a quality of workmanship that will bring results.

Our plant includes every modern printing device: flatbed presses, rotary presses, linotype machines — every invention that modern printing has to offer. We print everything from calling cards to newspapers. Let our service department help you with your printing problems. We will assist you in planning your publicity campaign and will help in the preparation of your copy. Complete printing service for every need — and at prices unequalled for the quality of our work. We will be glad to furnish estimates.

Springfield Needs Welcome Signs

PERHAPS the most inexpensive and at the
same time, most beneficial, improvement
Springfield is in need of are welcome signs.
The subject of erecting markers at the township's
various boundary lines has been under discussion
for several years, and the longer the project is tossed
about for talk and no action, it's that much longer
Springfield is the loser. What community, lacking
the necessary means of informing passersby
when they have either reached or left the town-
ship, as does Springfield?

For the benefit of the backward few who would
prevent the progressive step of erecting welcome
signs on the grounds it is so expensive, when in
reality the cost is but several hundred dollars more
or less, may they be enlightened on the situation
as it really stands: entering Springfield from Moun-
tainside in Mountain ave. or Stae Highway, one has
no knowledge of the township in which he is travell-
ing. If the passer-by goes by way of the Center,
he might ascertain from the sign, "The First Nat-
ional Bank of Springfield," and that's two and one-
quarter miles from the town's limit. If he contin-
ues to Newark through Seven Bridges road, not
until he reaches Werner's corner in Maplewood
does he realize he's left Springfield at least one
mile further back. The same situation arises going
to Plainfield from Newark.

There are other places where the same difficulty
arises. One is at the Summit-Springfield line, in
Morris avenue or Morris turnpike where Millburn
touches the local limits. Another point is at the
Millburn line in Main street, and more difficult is
the boundary line with Union in State Highway 29.
Although a light traffic thoroughfare, can anyone
tell when he reaches Summit in Shunpike road,
above the Baltusrol Golf Course? Only one natural
border rests in Springfield, that being in Morris
avenue at the Rahway River Bridge, where the
Chamber of Commerce of Union Township has
erected a welcome sign for its own community.

The immediate reason for bringing up the ques-
tion of welcome signs arises from a communica-
tion received by the Township Committee last
Friday night from the Lions' Club, asking the Com-
mittee whether it would co-operate in having wel-
come signs erected at the limits of the township.

The Board decided that since no allowance had
been made in this year's budget to permit the action,
the plan was out of that body's hands for this year
at least. It is not novel for the Lions' Club to spon-
sor a betterment idea such as this. The association
has done much for Springfield since its founding in
1925. Among its program was the separate tele-
phone classification from Millburn, it affected; an
aeroplane marker built last Christmas; its charity
fund which is available to the poor and needy of the

STATISTICS OF SPRINGFIELD

| | |
|--------------------------------|------------------|
| Population, 1930 | 3,725 |
| Assessed Valuation, 1930 | \$5,370,454 |
| Tax Rate, 1930 | \$3.90 |
| Form of Government | Township |
| Bank Resources, 1930 | Over \$1,000,000 |

Springfield is situated only 55 minutes
on the Lackawanna R. R. from New York
City (20 miles) and has excellent bus connec-
tions to Newark, Elizabeth, Summit and Plain-
field. The Rahway Valley R. R. has a freight
station in Springfield, giving service for fac-
tories, commercial and industrial purposes.

With the completion of the new State
Highway No. 29, this year in the southern
section of Springfield, it will be possible to get
to the downtown part of Newark by automo-
bile in eleven minutes, within speed limits.
The Holland Tunnel in Jersey City will be
reached in twenty-five minutes.

Two building and loan associations, one
national bank, and two schools as well as ex-
cellent fire and police protection, are afforded.

The sanitary sewer system, covering
nearly all of the township, part of the Rah-
way Valley Trunk Sewer, will be completed
early next year. Water is available in all
parts of the township.

Four churches: First Presbyterian, Metho-
dist Episcopal, St. James Roman Catholic and
First Colored Baptist.

township, as well as other numerous commendable
deeds; and the plan of erecting welcome signs is
just another one of the Club's fine projects.

Were such problems as a high school, a storm
sewer, permanent pavements, an elementary school
or the like under discussion, the need of conserving
expenses might curtail their development, but in a
case such as this in which not more than a few
hundred dollars is involved, it seems foolish to even
debate strenuously over it. A public subscription
might solve the problem, but why should a select
few pay for the something the entire community
will profit by, at a small cost. The entire group of
Springfield's citizens should bear the expense of wel-
come signs. If the matter is not acted upon this
year, it would be wise for the Governing Body to
include a definite amount in next year's budget to
provide that welcome signs be built.

Regardless of the action next year, the township
is still the loser as stated earlier in this article.
Who knows for certain that next year's Township
Committee will put aside in the budget to get these
signs?

If the Lions' Club could afford to furnish these
welcome signs, bearing its name, the time, place,
and date of the weekly meeting, as well as a "wel-
come" or a "good-bye", there is no doubt but that
the matter would be discussed no longer, but the
treasury fund of the club would be strained quite
heavily, were such a move contemplated by the or-
ganization itself. One might say the Lions made
five hundred dollars last month at its automobile
raffle, but the proceeds there are to be used, as ad-
vertised, for charity only.

If the local residents, who are progressive and
sensible-minded enough to realize the benefits deriv-
ed from welcome signs, would discuss the matter
more thoroughly and are willing to have the cost of
erecting welcome signs come from the taxpayer's
pockets, our readers may be assured, welcome signs
would be here as soon as their requests are made.

Water in South Neighborhood

IT is with surprise that one learns the Common-
wealth Water Company, in laying water lines in
the "south neighborhood" several months ago,
failed to provide water in Milltown road from the
Raymond Chisholm School to the Union boundary
line.

A group of residents asked the Township Com-
mittee last week how it would be possible to use the
sanitary sewer system without the use of water. That
question is not very simple to answer. Perhaps the
water company would agree to place water in Mill-
town road, if it was aware of the fact that several
large property-owners are contemplating building
several homes, as well as opening their tracts to
developments, now that the sewer is in, but if water
is not available, the projects will fall through.

The water company has always been favorable
in its transactions with the local governing body,
and were it enlightened as to the amount of water
to be used there in the future, the installation of
water in Milltown road would be effected as quick-
ly as possible. State Highway 29 does not have
water, nor does Hillside avenue from Mountain
avenue to the State Highway. If sewer pipe were
placed here, it would be absolutely useless with-
out water. That important problem of fire hydrants
also arises in discussing the situation, and the water
company would immediately have a revenue from
hydrants were it to lay water in the thoroughfares,
which in the near future, will use a tremendous
amount.

Light Traffic Streets

A RECOMMENDATION by Engineer Arthur H.
Lennex that Remer avenue and Weigand
street, which have been or are being paved
now, should be kept "light traffic" streets, is a
commendable one. In this way, trucks weighing
more than 10,000 pounds are prohibited from using
the thoroughfare. The type of pavements being placed
in both of these streets is durable enough for pas-
senger vehicles, but constant use of them by heavy
machines, will prove injurious.

There are other streets in the township which
might also be termed "light traffic" streets, and the
Township Committee would be establishing a good
rule if the recommendation be carried out.

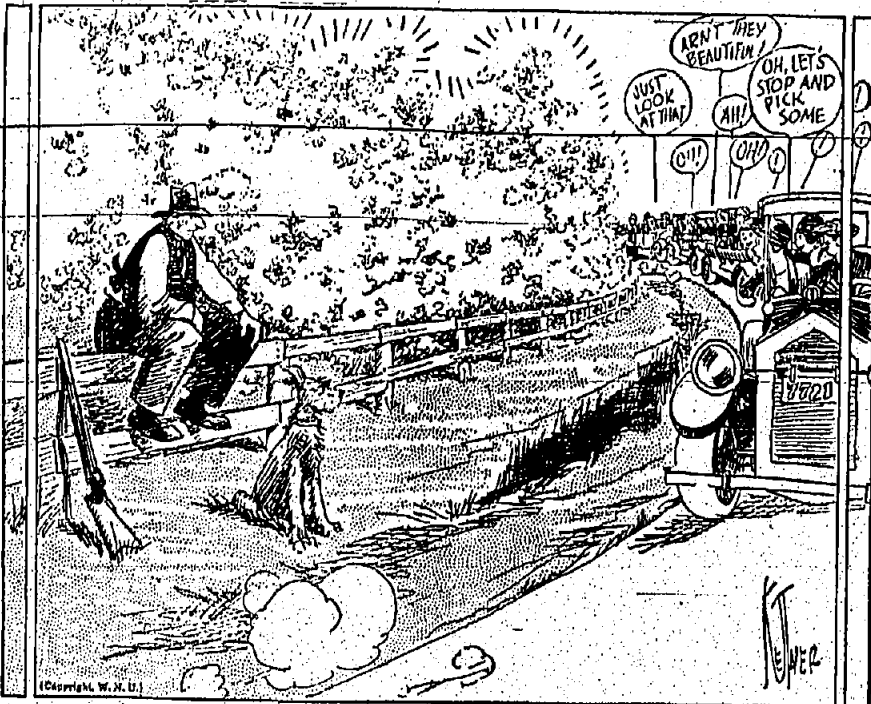

Where Do You Spend Your Money?

WHEN it comes to spending your money,
where do the home town folks come in?
We believe they ought to come into your
minds at least every time you think of buying. And
your mind should say "I'll try that Springfield
shop."

The obvious good to the Springfield shopkeeper
will not be mentioned here. And the indirect good
to the town as a whole will be outlined only. But
the unbelievable good to the buyer must be revealed.
We have long since lost patience with the chronic
out-of-town shopper.

Along the Concrete

EVENTS OF THE WEEK

| | |
|---|--|
| Today Meeting, Lions' Club, Villegiant Inn, 12:15 p. m. Baby parade, county playground, Flemer avenue, 3 p. m. | Outdoor services, Methodist Episcopal Church, 7:30 p. m. |
| Tonight Meeting, Battle Hill Council No. 126, Jr. O. U. A. M., Municipal Building, 7:30 p. m. Meeting, Troop 66, Boy Scouts of America, James Caldwell School, 8 p. m. | Monday Court, Municipal Building auditorium, 2nd floor; Recorder, Everett T. Spinning, 8 p. m. |
| Tomorrow Baseball, Springfield vs. Elizabeth A. A., Union County Baseball League contest Flemer Avenue, 3:15 p. m. | Tuesday Meeting, Camp 209, Patriotic Order Sons of America, Municipal Building, 7:30 p. m. |
| Sunday Baseball, Springfield vs. Roselle Park Cardinals, County League contest, Flemer Oval, 3:15 p. m. | Wednesday Meeting, Board of Health, board room, 1st floor, Municipal Building, 8 p. m. Card Club, Twentieth Century Club, home of one of members, 8 p. m. |
| | Thursday Mid-week prayer meeting, Methodist Episcopal Church, 8 p. m. |

Rambling AROUND SPRINGFIELD

It requires very important matters to bring a crowd to a Township Committee as an audience. About 75 persons stormed the entrance and interior of the board room last Friday night at a special session...regarding Sunday miniature golf, opponents of the new Prospect Place name, Board of Plumbing Examiners applicants, water complaints and the like...it seems the group in favor of Sunday golf has not laid down its battles and quit...the Rev. Thomas B. Larkin, rector of the St. James Catholic Church, who is in favor of opening on Sunday, was to speak...but through some delay, did not reach the board room until 9 o'clock...after the proposition was all finished...surprising to see Assistant Prosecutor John B. Walsh in the room...later developed he represented George W. Wiegand, opposed to having the name of Weigand street change to Prospect place...Mr. Walsh, caused some merriment...discussing petitions he said to Mr. Larsen... "If a petition were circulated to have you hanged, there would be at least 200 signers, of which none of them knew what they were doing"...he meant to bring out the fact petitions were useless, but it seems quite clear in the mind of many, if not in that of the Rambling Reporter's where petitions meant plenty and were quite effective...a driving course, "you hit 'em, we find 'em," will be opened soon by Otto F. Helnz, who was the chief objector at the committee meeting on Sunday closing...Mr. Helnz will also operate a miniature course, so that if a duffer blames the miniature course for its phony tricks, he may switch to a regulation driving exercise...will be located at aeroplane field, "Baker's Field,"...close to gas station operated by Herman Scott...the local Board of Tax Assessors lost out in the appeals heard by the county board Monday...three appeals granted, and two dismissed...percentage of .600...a good time will be had by all at the county playground this afternoon...baby parade is on the program...by the way, it appears the new SUN feature, "Five Years Ago", is a popular column...heard comment

from many this week that it was pleasant to hear of the happenings of 1925 each week...most readers think a weekly newspaper consists solely of massing clippings from daily metropolitan papers, and to rid our readers of that foolish impression...special articles in this issue bear a caption, "Exclusive SUN story"...and we stand ready to be defendants in any case where a rival pen-pusher believes we are not entitled to carry that three-worded expression.

Jewels in Industry

Rubies, sapphires, garnets and diamonds are the jewels used chiefly in watch bearings. They are also used, together with agates and other jewels, in electrical and surveyors' instruments, meters, compasses, clocks, phonographs and various other precision instruments. Such precious stones used for technical purposes would include all of the above, as distinguished from their use merely for ornament or jewelry.

Continued from page four

These out-of-town maniacs contend that there is nothing fit to buy in Springfield - nothing fits - everything is too expensive - the wonders of the world are to be found anywhere outside of Springfield. We have known - actually seen and talked to such people as these who have gone all the way to Newark to buy a few yards of goods and another a card of buttons - both because they thought they could get these items cheaper there. They spent the day shopping then, bought several unnecessary articles, paid fifteen cents less for the goods (five cents less for the buttons), caused the rest of their family endless inconvenience, come home tired and cross and found twice as much work to do the next day because of the time lost shopping. Is that economy?

Another economist left early in the morning and spent the day in the city shopping for a child's coat. She came home weary but triumphant over having saved twenty-five cents. She neglected to add the cost of carfare and extra help that she had to hire that week, to the cost of the coat. Nor did she value her time and energy at anything.

If all the shop-out-of-town folks would add to the price of what they buy, a sum estimated to be the value of their time, the price of their transportation, the price of help needed at home to do the work they leave behind, the price of parking the car within walking distance of the store and the price of refreshments, it is doubtful if they would feel so triumphant at the end of the day.

There is no doubt but that we are living in a period of financial depression. Thrifty folk such as constitute this community, are not going to waste their pennies now, if they can help it. But even if they spend them wisely and spend them out of town, in a sense they are wasting them. Those wise in thrift will spend their pennies right in Springfield. Prosperous people make a prosperous city and a prosperous city makes its people prosperous. Likewise a prosperous nation is made up of prosperous States and a prosperous State boasts prosperous cities and towns. It is up to every loyal citizen of the United States to see that his community prospers.

Surely our trades people will not be prosperous if no one patronizes them. And if they have no money, they in turn are unable to patronize other town activities. They can not build fine houses nor pay high rents; they can not give to the churches nor patronize school, American Legion or other benefit affairs.

The Elizabeth or Newark or New York merchant won't help Springfield to prosperity. But the Springfield merchant will.

If the Springfield business men do not succeed, it is likely that Springfield houses will continue to depreciate in value. It behooves every house owner in Springfield to get behind Springfield and boost hard. It behooves every home maker who so wisely has chosen this suburb for her "central office" to enjoy the comforts of shopping at home along with the other pleasant features of living in this community.

To us the comfort of being able to park our car almost directly in front of the shop where we may be buying, is a luxury well worth paying for. And when we find that the shop sells "just as good for just as cheap", we feel doubly compensated for our "shop-at-home" virtue.

County Playgrounds

A SAFE and healthy form of recreation is now available to Springfield's boys, girls, and adults with the opening last week of the county playground, operated under the direction of the Union Park Commission.

A uniform program is scheduled throughout the county in every one of the thirteen playgrounds the Park Commission supervises, so that each of the recreation centers get the same benefits. To interest children to use the playgrounds, a contest is held every day, and for boys and girls who show all-around activity, a medal of Recognition is awarded.

Mothers should encourage their children to use the playgrounds. The playground is not only safe from street dangers and the healthy sport it affords, but its environment is excellent for developing boys and girls to grow up and become clean-minded and physically-inclined young men and women.

The Value of Education

(From MORRISTOWN JERSEYMAN)
ONE of those little incongruities that continue to disturb our best laid plans is contained in a recent list sent out by the Civil Service Commission. Among the positions to be filled by competitive examinations are those of window cleaner and teachers of occupational subjects.

The state is offering \$1,500 to \$1,800 to capable window cleaners.

For "Teacher of Occupational Subjects" the best the state can offer is \$1,080 to \$1,440.

The \$500 extra that the window cleaner gets is enough to give pause to those ambitious parents who are educating their children for the better things in life, for who can judge better the true relative values of things than the commonwealth.

A Real Danger

(From CALDWELL PROGRESS)
WHY is it that a motorist always develops a hostile feeling toward another driver, especially when the latter is trying to pass him on the road? Why is it that he always, or nearly always, harbors a suspicion that the other fellow isn't driving correctly, doesn't know how to drive and shouldn't be allowed to drive?

Even a pretty girl, charming in every other respect but that of a driver, arouses suspicion when she gets behind a steering wheel. When persons meet face to face while walking or in a crowd they normally are cordial, polite and friendly. But let them get out on the road in their cars on a Sunday afternoon, or on a holiday for instance, and start cutting in and out of the line of traffic, squeezing another's car and honking horns, and they immediately become enemies without ability to see good in each other. Every motorist will have to admit that it is true, but few can explain it. Can it be that the feeling of power that comes from sitting at a steering wheel makes the average man a sort of a despot, and brings back the old prehistoric desire to "rule or ruin"?

Whatever the reason for such conduct might be, it is decidedly dangerous. This feeling of hostility toward a fellow motorist, this feeling of a necessity for vengeance should be curbed. Some drivers deliberately step upon the accelerators of their cars as soon as they know that another motorist is trying to pass them. Such a practice, whether it is instinctive or deliberate, is apt to cause accidents.

Community Building

National Movement for Beautifying of Homes

Kansas City has had a worthy reminder of the better-homes movement in the exposition that was conducted at Convention hall. This type of local activity is being supplemented increasingly each year by national observance of a better-homes week.

The purpose is to carry into every community of the United States, if possible, the gospel of attractiveness, comfort, convenience and good order in home life. This is effected through co-operation with the schools, civic and other organization leaders. In Missouri, it is reported from Jefferson City, more than 150 communities already have enlisted in the enterprise for this year. That is a much larger number than had become interested at this time last year, which points to a growth of the movement. Farm communities, small towns, cities and counties are being organized.

Beautification and other improvement of homes, inside and out, the planting of flowers and shrubs, clearing of vacant lots and removing unsightliness of other kinds all are included in this educational plan. It seems to be the kind of endeavor in which every community of the country could profitably engage. It suggests that the day may come when any city, town or other area that ignores such enterprise will become notorious for its backwardness and indifference. -Kansas City Star.

Humble Garland

In ancient Greece parsley was often used for garlands to crown heroes.

Five Years Ago

August 1, 1925.

George Treiber, of 37 Washington avenue, well-known resident, announced this week that he will present to the boys and girls of Springfield a playground, equipped with tennis courts, baseball grounds, croquet courts, and many other pieces of equipment. Township Committeeman Fred A. Brown enlisted Mr. Treiber's aid in starting the playground, and the two, together with William Johnson, of 38 Washington avenue, have been sponsoring the plan. The grounds, which are to be located in the Springfield Park section, will open August 10. It has not been decided as yet, whether formal opening exercises will be held.

Mrs. Charles E. Smith of Union, president of the Catholic Women's Club of the St. James Church which will stage a lawn fete August 8, has announced the committees for the affair, and they are as follows: candy booth, Mrs. A. Santora; refreshments, Mrs. M. Monte, and Mrs. Edward Cardinal; apron booth, Mrs. Gunn; fancy articles Mrs. Charles Baumer; supper, Mrs. Hopkins; wheel of fortune, John E. Gunn and Charles Baumer. James Tansey and John Koch are in charge of the hot dog table, and Miss Virginia Smith is chairman of the committee to arrange for music. Freddy Slickman and his Band will furnish the music. As a special attraction, a baseball game has been arranged between the Springfield and Jersey City teams.

The directors of the First National Bank held a meeting to decide upon candidates for cashier of their new bank, which is expected to be opened by the middle of September. Robert S. Bunnell read the list of aspirants for the position.

Crame-Fudge Company, in Morris avenue, reported recently that it will open two more plants in Western Pennsylvania and Connecticut. The firm, which was started in 1924, now employs 14 salesmen and 16 factory workers. W. C. Jensen and his wife are in charge of the firm, and R. W. Feder is the chief chemist.

Ambassador's Credentials

An ambassador is sent by the head of a sovereign state as his personal representative to negotiate with a foreign government and to care for the interest of his own country. The credentials consist of a sealed letter addressed from his sovereign or ruler to the one to whom he is accredited and embody a general assurance that his ruler will confirm whatever is done by the ambassador in his name.

La Paz Seized by Bolivian Revolutionists

Revolutionists of Bolivia recently seized La Paz and took over the government, establishing rule by a military junta. The picture shows a view in the capital city when a parade was taking place.

Playground Notes

Past Week's Activities
A checker tournament which began Monday is now under way, and the finals are to be decided today. Of the girls and boys entered, there are about 35 of each.

A rope-jumping contest for boys and girls was held Tuesday and the results were as follows: girls, first, Edna Smalley; second, Marie Pieper; third, Grace Freeman. Double Dutch, Marie Pieper, Dorothy Blake and Edna Smalley, first-second and third, respectively; double Irish, Kathryn Blake, Alberta Schramm and Grace Lindquist, first, second and third respectively; high jump, Jeanette Houck and Elizabeth Kellett, first and second. The finals of the boys' competition were as follows: single Arthur Bjorstead, Kenneth Morrison and Robert Marshall, first, second and third; high jump, Vincent Pinkava and Albert Quinzel, first and second.

On Wednesday, a hat contest was held, in which hats of all sorts were exhibited, and the winners were as follows; best decorated, Grace Freeman and Billy Schomer; funniest, Marie Pieper and Arthur Bjorstead.

Baby Parade Today

A baby parade will be held today at the playground, and begins at 3 p. m. Babies over six months old and not more than two and one half years old are eligible to enter. The classes are given as follows: curliest hair, darkest eyes, fattest, most dimples, and for the bluest eyes.

A doll contest will be held next Friday, and the classes are for the best decorated carriages, best dressed doll with sewed clothes, oldest, largest, smallest, most unique, and for the best home made dolls.

20th Century Club

The twentieth Century Card Club met Wednesday evening at the home of Mr. and Mrs. Fred O. Wicks, in Crawford terrace, in Union. Four tables were in play, and the winners were Mrs. Fred Wicks, Mrs. Walter M. Colombo, LeRoy Baldwin and Fred Pierson. The members enjoyed an automobile ride to Asbury Park last night, where they dined at the Plaza Grill. The club will meet next Wednesday evening at the home of Mr. and Mrs. Colombo, in Black's lane.

At Long Island

Arthur H. Lennox, of Flemmer avenue, and family spent several days this week at their summer cottage in East Marlon, Long Island.

In Atlantic City

Mr. and Mrs. Arthur J. Jennings and children, Elaine, and Rudyard, of Flemmer avenue, were at Atlantic City for several days this week.

"Smile at the Ache"

YOU'LL GET RELIEF—OR YOUR MONEY BACK

The program for next week is outlined as follows: Tuesday, treasure hunt 3 p. m. Wednesday, quilts from 1 p. m. to the remainder of the afternoon; and Friday, the doll parade at 3 p. m. Other plans are being made for the boys on Friday.

All Around Standings

The standings in the race for obtaining merit badges for all-around ability, and participation in the various units, up until Wednesday afternoon follows: Arthur Bjorstead and Albert Quinzel, 55 points; Grace Freeman, Vincent Pinkava and Marie Pieper, 40 points; and William Schomer and Alberta Schramm, 30 points. The others are as follows: 25 points, William O'Neill, Edna Smalley, and Marie Schomer; 20 points, Kathryn Blake, Kenneth Morrison and Robert Marshall; 15 points, Dorothy Blake, Elizabeth Kellett, Grace Lindquist, Fred Pieper, William Pieper and Muriel Hinz; 10 points, Carl Gordon, Hazel Freeman and Helen Freeman.

The five-point holders; June Mahoney, James Widmer, William Hibbs, Arthur Albanese, John Brant, Franklin Bock, William Buckalew, Anne Conley, Edwin Falk, Rudyard Jennings, Robert Kimball, Howard Lott, Thwing Mende, Helen Myer, John Martino, John McGeehan, Bensley Pieper, Edward Phillips, Robert Parnsen, William Quinzel, Arthur Staehle, Daniel Staehle, Margaret Staehle, William Titley, Raymond Tansey, George Schmitt, Amy Buckalew, Edith Gorga, Jeanette Houck, Helen Milner, Guy Stevens, Eleanor Van Arsdale, Herman Mende, Kenneth Springley, Florence Hubbs, Ralph Parse, Dorothy Schomer, and Tony Marcantonio.

BRIEF BITS

A feeling of aristocracy is something that absolutely nothing can eradicate.

Even the most careful and dignified have to hear some impudence.

Silent people are frequently terribly conceited; not without reason, sometimes.

"Life is just one thing after another." That means unexpected "things."

What is said of others in your presence? What is said of you in your absence?

A "career" is a very good thing if it means sticking to something you know how to do.

One with a jealous disposition should be careful not to care much for anybody.

Experience is not always valuable. Multitudes reach the end of life, having nothing to show for it but experience.

GEMS OF THOUGHT

Patient waiting may solve a problem when feverish activity fails.

There is no electric elevator to success. Step up the stairs, don't stare.

AT THE STRAND

George O'Brien, famous for his portrayals of virile "he-man" roles on the talking screen, plays the part of "Billy West," a stowaway jumperjack in "Tough Romance," at the Strand tomorrow. Others in the cast include Helen Chandler who won fame as the heroine of "The Sky Hawk" and is featured with Mr. O'Brien, Antonio Moreno and Noel Francis.

Installation number six of the chapter play, "The Ace of Scotland Yard" is this Saturday's matinee special.

One of the real pioneers of the picture industry is a featured character player in "Caught Short," the new talking comedy, starring Marie Dressler and Polly Moran, which will be at the Strand Theatre Monday and Tuesday. Edward Dillon was a member of the famous old D. W. Griffith Biograph Company of 1908, which included Mary Pickford, Jeanie Macpherson and other celebrities of today. Also he has directed scores of big productions. He plays a guest in Marie Dressler's boarding house in the coming comedy on the stock market crash.

George Grossmith, England's famous stage star, filled a dual role in connection with the singing, talking romance of adventure in Morocco and the Foreign Legion entitled "Women Everywhere," which comes to the Strand next Wednesday.

Herbert Brenon, pioneer film director, assembled one of the strongest casts ever heard on the talking screen for "The Case of Sergeant Grisca" at the Roth Strand next Thursday and Friday.

The title role of the Russian peasant-soldier so vividly described in Arnold Zweig's epic novel, is played by Chester Morris, the young dramatic star whose rise to fame since his cinema debut in "Alli" has been phenomenal.

REALTY TRANSFERS

E. E. Meacham & Son to Mr. and Mrs. William M. Robinson, property in Diven street, 272.17 feet from Springfield avenue.

E. E. Meacham & Son to Mr. and Mrs. William M. Robinson, property in Mackes street, 297.12 feet from Springfield avenue.

Daily Fire Toll

A small city, burned today—981 homes, five schools, five churches, fifteen hotel buildings, one hospital, four warehouses, six department stores, two theaters, eight public garages, three printing plants, three dry goods stores and ninety-six farm buildings. That is the average daily toll taken by fire in the United States.

This same destroyer day after day snuffs out twenty-seven lives nine being children under ten years of age. It is a horrible thing, fire, but its ravages can be controlled.—Washington Star.

Shade Trees Important

Few features add more to the yard than well-placed shade trees. It is not necessary to plant so many trees that a crowded appearance results but a few in proper locations add accent to the landscape and an atmosphere of security to the home. Trees may be considered for shade as well as ornament and in making up planting lists, at least one or two should be included.

HOW TO LIVE LONGER

By John Clarence Funk, A. M., Sc. D.
Director of Public Health Education,
State of Pennsylvania

You Are You

A HIGHLY educated man of fifty-two years of age while reading his morning newspaper crumpled up in a heap and promptly expired. The obituary columns were exceedingly flattering and mentioned his many notable and scientific achievements. What they did not say, however, was that in spite of all his book learning he was far from being a wise man.

As a keen observer he was very definitely trained. But for some inexplicable reason he did not apply this gift to his own body. Yet he would have been almost insulted had any one intimated to him that he was not living a sensibly healthy life. As a matter of fact, this unfortunate gentleman lived by rule. He ate, slept, bathed and exercised according to the book. His body was magnificently disciplined. But the point he failed to see was that it was the other fellow's discipline.

If human bodies were made in factories and could therefore be tested for standardized stresses and strains then perhaps it would be all right to set up rigid rules governing health activities to be strictly followed by one and all alike. However, nature is not made that way at all.

It seems scarcely necessary to indicate that there are thousands of things people can do which every one well knows are harmful. But then again there seem to be many other things that some people can do harmlessly which naturally damage others. Inhaled tobacco, cold baths, coffee and even sleep and exercise develop different reactions in different people. It therefore behooves every one carefully to study the bodily response to one's living habits. And this, without over emphasized reference to the effect upon others.

Within a limited extent, every individual is a law unto himself. That is the one thing to remember in connection with this fascinating game of living. Get acquainted with yourself and govern yourself accordingly. You are you!

(© 1929, Western Newspaper Union.)

Sunrise on the Moon

The transition from night to day on the moon is very rapid, for the moon has no atmosphere; no rosy tints paint its mountain tops at dawn. There are no graduations between darkness and night, no twilight with color-tinted clouds. Before the sun comes there is blank, black darkness, deeper and blacker than anything experienced on our earth. As the sunshine moves across its surface the first peaks to catch its rays stand suddenly out, fully defined in a harsh, untempered glare and in sharp contrast to the dense blackness of the nearby terrain, where it is still night.

Food Requirements

According to Prof. V. H. Mottram, an adult woman needs but 2,500 calories a day. An adult man engaged in sedentary occupation requires 3,000 calories daily. A man doing hard work should have 5,000 calories. The physiological reason given is that the feminine organism utilizes food more economically than man. A child's food should not be proportioned according to his age, as he requires more than half the food of an adult. Boys and girls of fourteen are to be considered as adults in food utilization.

Sanity in the Madhouse

I should imagine that a madhouse would be an excellent place to be sane in. I'd a long-sight rather live in a nice, quiet, secluded madhouse than in intellectual clubs full of un-intellectual people, all chattering nonsense about the newest book of philosophy; or in some of those earnest, elbowing sort of Movements that want you to go in for Service and help to take away somebody else's toys.—From "The Poet and the Lunatics," by G. K. Chesterton.

Stars Take Lead For Day, Drop Back After Loss

Both Elizabeth Teams Tied With Springfield For Lead, After Hillside Beats Locals

After holding the lead in the county league for one day, the Springfield Stars were forced to share first place with the Elizabeth A. A. and the Elizabeth Braves, after a setback by the Hillside A. A. on Sunday at the winners' field, to the tune of a 4 to 0 shutout.

With the defeat, the Stars winning streak of three straight was shattered. The locals had undisputed possession of first place on Saturday by beating the Westfield Hawks, 3 to 2, while the Elizabeth A. A. and Acmys, who were tied with the Stars for first place, were being handed reverses. The Braves came back with two-week-end wins, while the Stars were losing, the Acmys were on the losing end twice, and the Elizabeth A. A. split two games. Thus, the three-cornered standstill for the lead.

The standing in the league is so close that the leaders are only one full game in front of the seventh place Linden team. These teams are tied for first place and five are dead-locked for fourth place.

The Stars only made six hits against Hoskins, the hurler for the champion Hillside nine, while Cecil Spittler, local ace, who by the way took his first loss in some time allowed nine safe hits. Hoskins struck out nine, and allowed three walks, while Spittler fanned six, and gave no free passes. "Itchy" Anderson, Stars' right-fielder, was the hitting star of the game, getting three safeties. Rowe and Sweeney of the winners, each hit a home run.

The score:

| Springfield | | R | H | E |
|---------------|----------|----------|----------|---|
| D. Thorn, cf | 0 | 1 | 0 | |
| Jackson, ss | 0 | 1 | 1 | |

WESTFIELD LOSES 1ST GAME OF YEAR TO LOCALS, 3 TO 2

Springfield Breaks Tie for Lead in County League For One Day

ALLEN, NEW STARS HURLER, ON MOUND

Westfield's jinx over the Stars was broken last Saturday, when the locals barely won out in the last few innings to win by the score of 3 to 2. With the win, the Stars took first place in the county league, while the Acmys and the Elizabeth A. A., here-to tied, were beaten respectively by the Braves and Garwood.

Jack Allen, new addition to the Stars pitching staff, hurled a fine game, allowing eight safe hits, and striking out four batters. The Stars made fewer bingles than the Westfield boys, six, but they were bunched together. Vachal was on the mound for the Hawks, and fanned two. Both pitchers gave two bases on balls.

Walter Thorne led the winners with two hits, one a double, while the slugging Pecina, Westfield center-fielder, made three. The Hawks were ahead 1 to 0, until the seventh, when the locals tied it at 1-1. The Hawks forged ahead in the eighth with a run, and the Stars sewed up the game in their half by scoring two runs.

Bennett, center-fielder for the Stars, prevented a Westfield run in the eighth inning, when he made a wonderful throw to the plate, putting out Scheck of the Hawks.

The score:

| Westfield | | R | H | E |
|---------------|----------|----------|----------|---|
| Wilson, 2b | 0 | 0 | 0 | |
| A. Pecina, 3b | 1 | 2 | 0 | |
| Lincoln, 1b | 0 | 1 | 0 | |
| Scheck, c | 0 | 1 | 0 | |
| Scharr, rf | 0 | 0 | 0 | |
| Lee, ss | 1 | 1 | 1 | |

TIE IN COUNTY LEAGUE SURE TO BE BROKEN HERE

Stars, Elizabeth A. A., Dead-locked for Lead, Play Tomorrow Afternoon

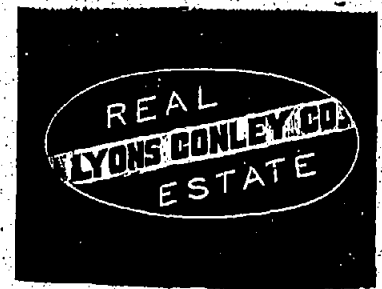

BRAVES, FIRST, IN STRONG CONTEST ALSO

The triple tie existing in the Union County Baseball League is certain to be broken tomorrow afternoon at Flemer Oval, when the Springfield Stars and Elizabeth A. A. teams battle together, while the Braves, other occupants of first place, oppose the powerful Westfield Hawks, who rate a good chance of beating the Indians at their home diamond, in Westfield. Cecil Spittler, Stars' right-hander, who lost his first game in thirteen starts this year to the Hillside A. A.

Last Sunday, will attempt to get away to a winning streak against the Elizabeth A. A. outfit, which boasts of several long distance sluggers.

The Stars play the Roselle Park Cardinals Sunday afternoon at the local field, and are favorites to cop, their opponents having captured their win of the season in six starts last Sunday. Jack Allen, who pitched the locals to a win against the Westfield Hawks, will attempt to tame the ball players from the twin borough.

Fireman Pinkava On Vacation
Fireman Charles Pinkava, is on a week's vacation beginning today.

Returns From Vacation
Joseph Schomer of Tooker avenue, an employee of the Huff Hardware Company, returned to work Monday after a vacation at the shore.

Home From Cal.
Miss Marie Quinzel, an elementary teacher in Pomona, Cal., is spending the summer vacation with her parents, Mr. and Mrs. Henry Quinzel of Tooker avenue.

Has Granddaughter As Guest
Mrs. John J. King of Tooker avenue had as her guest, recently her granddaughter, Miss Vivian Mahoney of Hackensack.

On Maine Trip
Dr. and Mrs. Watson B. Morris of Morris avenue, and Mrs. Morris' mother, Mrs. Anna Smith, are on a vacation to Mooshead Lake, Me., where they will remain until the latter part of this month.

Away in N. Y.
Miss Harriet Spinning of Morris turnpike and Miss Anna Beechle of Black's lane, were at Camp Sherrman, Warwick, N. Y. for the past week.

Katy Dids Card Club
The Katy Dids Card Club met last night at the home of Miss Edna Arney of Bloomfield. Local members are the Misses Blanche Fuchs, Evelyn Day and Isabel Jacobus.

At Lake Hopatcong
Mr. and Mrs. Raymond C. Hubbs and daughter, of Battle Hill avenue, are at Lake Hopatcong for their vacation.

Expected To Return Soon
Fire Commissioner T. C. Davidson and Mrs. Davidson and family, of Mountain avenue, who have been in Colorado for the past month, are expected to return home soon.

In Ocean Grove
Mr. and Mrs. John H. Schuster, and Mr. and Mrs. Wilbur D. Schuster, of Warner avenue, were in Ocean Grove over the week-end. While there, they visited their parents, Mr. and Mrs. Henry B. Schuster, who are staying at the Victoria Hotel, in Ocean Grove.

Home From Hospital
Jules L. Moreau of Morris avenue, has returned home after a sojourn at Overlook Hospital in Summit, where he had been treated for an infected foot. Mr. Moreau, a member of the Newark Post office staff, is expected to be at work soon.

Leaves For Maryland
Mrs. Alfred G. Trundle of Perry Place left Monday morning with Mr. and Mrs. Howard T. Smith and daughter, Lorraine, of Frederick, Maryland, where she will remain until Labor Day. The Smiths were week-end guests at the Trundle home.

Will Return From Tour
Miss Jessie Ruby, daughter of Fire Commissioner Charles H. Ruby and Mrs. Ruby, of Mountain avenue, and Miss Alice Reed, daughter of Mr. and Mrs. George N. Reed of Short Hills avenue, are expected to return the latter part of this week, after a week's motor tour to Niagara Falls and part of Canada.

Is Ill
Scoutmaster Greenville A. Day of Morris turnpike, was ill at his home several days this week with a high fever.

Leave For Canada
Mr. and Mrs. Edward P. Steltz of Battle Hill avenue, left Monday morning on a motor trip to Niagara Falls and Canada, where they will visit Thousand Islands, and return by way of New York State. Upon their return the latter part of the week, they will visit at Ideal Beach.

Leaves For Pennsylvania
Mrs. A. H. Schmidt of South Maple avenue, left the early part of the week for Luther's Mills, Pa., where she will spend the summer with her mother and son, Raymond, who is vacationing there.

At Highlands For Week-End

P. O. S. A. To Meet
Camp 209, Patriotic Order Sons of America, will hold a regular bi-monthly meeting next Tuesday evening in the Municipal Building at 7:30 o'clock.

Health Board Meets Wed.
The Board of Health will meet Wednesday night at 8 o'clock in the Municipal Building. President Fred A. Brown will be in charge.

DILLEY'S DICTIONARY

- Panper-A male parent.
Pannet-To beat or strike.
Pack-A fourth of a bushel.
Pillow-A great wave of the sea.
Pepper-A printed news journal.
Palfry-A tower in which a bell is hung.
Otter-To give voice to your thoughts.
Porch-A covered structure on the front of the house.
Phase-The anterior portion of the head; visage; countenance.
Puish-A reddening; as of the face from modesty, shame, or confusion.
Peltion-A wall or other barrier separating one part of a room from another.-"The Jester."

Utopia

Perhaps in some happy planet a few quadrillion miles away, the people don't have any social and political problems, but just mind their own business and live and enjoy themselves.-Detroit Free Press.

PLEATED TROUSER TYPES POPULAR IN REALM OF PAJAMA COSTUMES

NOW that the scope of wearableness for the pajama costume reaches beyond the boudoir and the beach, into almost every environment, designers are seizing upon the theme as an outlet for their most intriguing and venture-some ideas.

Just now it is the pleated-trouser type which is making a name for itself in the pajama realm. The cunning outfit in the picture is of printed challis-a material which is very popular for sports and kitchenette wear this season. These pleated flares which begin at the knees are quite skirtlike in appearance. Made of challis, linen, gingham and other smart washable weaves, pajama ensembles of the sort pictured are smart for beach wear. They are also rapidly usurping the place of the bungalow-apron type and its near relations.

In creating the multitudinous pajama costumes which have invaded the mode, fashionists make it a point to tune their materials and their styling to environment and event. For instance, one would naturally expect beach pajamas and those worn by enthusiastic sailor lassies, to take on a nautical aspect. Which they do, as in the case of a clever outfit the coat of which goes navy both as to color

and motif. In that a very important looking insignia is embroidered on one arm while there appears on the shirt of white washable silk an anchor stitched in the dark blue. The trousers completing this ensemble are made of navy and white polka dot crepe-the polka dots strikingly big.

For mornings in the garden the picturesque farmerette tunes into the landscape, in that she wears cunningly devised trousers styled of flowered cretonne or print crepe gay with a floral patterning.

When one's cottage or tent is in a wooded spot, gingham is the sensible thing to wear. Pajama costumes made of this humble material are among fashion's proudest achievements, especially when patterned gingham and plain percale are combined.

LARGEST MINIATURE GOLF COURSE OPENS

Unique Hazards Are Feature of Tabloid Links

The Union Miniature Golf Course opened yesterday at 980 Stuyvesant avenue, Union, and is said to be the largest and best course of its kind in the State.

It is laid out similar to the holes as found in the regular game of golf and in addition is equipped with unique hazards. The caddy house as it is commonly known, is built in a Spanish type of architecture with a real Spanish tile roof of variegated colors and the whole is bathed in lights of many colors.

The course drew a large throng of interested spectators and players. Instead of imitation sod this course has a crystal spar floor that sparkles like diamonds in the reflected electric light rays. The putting greens are larger than the average, measuring from 45 to 90 feet. One hole calls for a 90-foot drive over an electrically illuminated pond.

Other holes call for a show of skill and are intended to be especially attractive to the golfer. Each hole as it is played gives the player a thrill in feeling that the hole was not intended to be made in one shot but that it is the result of a certain amount of skill.

The course is operated by two business men in Union who wish to give to the residents of Union and surrounding communities the utmost in miniature golf. No expense has been spared in putting in this course and it is conceded by those who saw last night's play that it is very fascinating.

Each Wednesday evening all those who are able to play, will be eligible to try to win a handsome prize donated by the owner for the lowest score. Each night a smaller prize will be awarded for the best score of that night.

Miniature golf is now rapidly gaining in this territory and the Union Miniature Golf Course is the last word in miniature golf.

Busted

Little Richard, aged four, had been watching the sun set with great interest. When the sun had sunk half-way below the horizon he turned to his mother and said: "Oh, look, mother, the sun 's busted."

Word's Significance

The ending "worth" in the names of places signifies that the town stands on the point of land made by a bend of a river, or a tongue of land between two rivers.
