Party Harmony Is Stressed at G. O. P. Reorganization Meeting

King and Selander, Defeated
in Primaries, Promise
100 Per Cent Aid

LEE S. RIGBY NAMED
PRESIDENT OF CLUB

Officers Elected; Canvassers
Chosen to Work in Every
Street in Township

A feeling of unanimous party har-
mony feature the reorganiza-
tion meeting of the Springfield Re-
publican Club in the Lions Club
Rooms in the Brookside Building,
Monday night called by President
Lewis F. Macartney. More than 75
members were present.

The Republican candidates being
supported in the coming election,
Charles H. Huff for Freeholder, Fred
A. Brown for Township Committee
and William Hoppage for Tax Col-
lector, were all present and made ad-
dresses.

Wilbur M. Selander and John J.
King, who were defeated in the pri-
maries for nomination as Township
Committeeman, pledged their support
one hundred per cent to the candidates,
and urged the members to get out the
full Republican vote in November.

Lee S. Rigby of 8 Prospect place,
was elected president, to succeed Mr.
Macartney, who declined the position
due to the time it required. Mr. Rig-
by's nomination was made by Mr.
King, and after thanking the mem-
bers for electing him to the position,
he took the chair. Robert D. Treat
was renamed secretary; A. B. Ander-
son was elected first vice-president;
Mrs. Joseph A. Olling, second vice-pre-
sident, and Reuben H. Marsh was re-
elected treasurer.

A communication was received from
the County Committee, recommend-
ing that a worker in each street be
selected, to make a thorough canvass
for Republicans to vote in the Novem-
ber contest. Mr. Rigby called out
for canvassers with the aid of a town-
ship map, and workers were secured
in every street.

County Purchasing Agent Peter H.
Meisel addressed the club and urged
all Republicans to support the ticket,
and stressed their qualifications. He
prophesied that with the county event-
ually being promoted from the second-
class to first, proper county represen-
tation will be needed.

Each of the candidates emphasized
the need of getting out the voters to
the polls. Mr. Hoppage said that in
his many years of residence here, he
never experienced such a gathering
at a reorganization meeting. This
was also repeated by both Mr. Huff
and Mr. Brown.

Mrs. G. M. Duttweiler, vice-presi-
dent of the Women's Republican Club
said that her organization would sup-
port the candidates 100 per cent.

Mr. Rigby appointed the chairman
of the standing committees for the
year, but it was not definite as to

Pear Tree Here in
Bloom During October

An unheard of rarity—a pear
tree in bloom during October—is
on display now in the rear of a
building at 262 Morris avenue. A
quarter of the tree is covered with
white blossoms, and Hans L.
Peterson, who conducts an estab-
lishment nearby, is said to have
removed thirty pears from it in
July, other than some seventy-
five taken by boys. The tree is
about fifteen years old, and is the
only one in the vicinity with bloss-
oms. At the rate it's going, it
may bear fruit Christmas Day,
if the weather continues as warm
as it is now.

\$1,000 BAIL FOR THREE YOUTHS ON CAR THEFT CHARGE

Elizabeth Judge Holds Trio
For Grand Jury After
Being Nabbed Here

Arrested in Morris avenue Sunday
morning at 12:50 a. m. by Patrolman
Selander, when an alleged stolen auto-
mobile, in which they were en route
to the seashore was stopped by the
policeman for suspicion, three Eliza-
beth youths, were turned over to the
Elizabeth authorities and arraigned
Monday morning by Police Judge
Brown on charges of larceny. They
were held in \$1,000 bail for the Grand
Jury.

The youths held were John Sheedy,
17, of 462 Spring street; Bert McCar-
thy, 19, of 855 Colonial road, and Harry
Coyle, 17, of 179 Spring street, of
Elizabeth. Sheedy and McCarthy
pleaded guilty, but Coyle denied im-
plication in the plot.

The machine was parked in front of
Elizabeth Y. M. C. A., and was owned
by Barron Thompson of 1781 Morris
avenue, Union. An alarm that the
auto was stolen was sent over the
county wire late Saturday night, and
Selander spotted it when he was
stationed in Morris avenue. He gave
chase, and stopped the car at Profit
avenue.

Sheedy, together with two other
youths, was given a suspend sentence
in Elizabeth Police Court Saturday,
on a charge of having stolen fifty-five
gallons of gasoline from a drum owned
by the Central Railroad Company.

SEVEN COLLISIONS PAST WEEK RESULT IN MANY INJURIES

4-Year Boy and Aged Woman
Among Eight Persons
Hurt—Set Record

Seven accidents in seven days, in-
juring eight persons, set a record for
collisions here during the past week.
The injured included a 4-year old boy,
an aged woman, five women and one
man.

Mrs. Jennie Shurat of Suffern, N.
Y., suffered a possible ankle fracture
Tuesday morning when her foot jam-
med and bounded off the Rahway Valley
freight station in Mountain avenue,
while dodging a truck operated by Er-
win L. Meisel of Meisel avenue, owned
by County Purchasing Agent Peter
H. Meisel, father of the driver.

Another passenger, Mrs. Sarah De-
Brim, also of Suffern, sustained sev-
eral broken teeth, and cuts on the face
and mouth. They were rushed to
Overlook Hospital, where their condi-
tion was said to be fair.

According to police, both machines
were travelling south in Meisel ave-
nue, with the truck in front, when it
turned left into the yards of the Union
County Coal and Lumber Company, and
the rear driver lost control of
her vehicle, stopping several hundred
feet from the railroad. Patrolman
Phillips investigated.

Small Boy Injured

Peter Berg, 4 years old, of 269 Mor-
ris avenue, sustained bruises on the
forehead Monday afternoon at 5
o'clock in front of the post office,
when he was hit by a truck, operated
by Antonio Cedola, of 262 Montclair
avenue, Vaux Hall. The boy was
treated at the office of Dr. H. P. Den-
gler, and sent home. The mother and
another child were standing on the
sidewalk at the crossing, and the ma-
chine was going east, when the tot
was said to have dashed into the
street, and was hit by the right rear
tender. The truck stopped several

SIMPSON GUEST OF DEMOCRATIC CLUB

Plans were made last night at a
meeting of the Springfield Democratic
Club to receive Alexander E. Simp-
son, candidate for United States Sena-
tor, who will speak next Wednesday
evening at 8 o'clock at an open-air
meeting of the club on the lawn of the
Colonial Inn, at Morris and South Ma-
ple avenues.

Other speakers will be Mrs. Mary
T. Norton of Jersey City, member of
Congress; Warren N. Gaffney of Ros-
elle, seeking the Congressional post
from the Fifth District, of which
Springfield is a part; and Mrs. Sarah
Ackerman of Hillside, candidate for
the State Assembly.

A Halloween card party, and dance,
under the auspices of the club, will
be held Friday evening, October 24,
at the Colonial Inn.

G. O. P. Ladies' Card Party Thursday Night

The Women's Republican Club will
hold a card party Thursday evening in
the Municipal Building, at 8:30
o'clock. Mrs. John J. King is the
general chairman, and her assistants
are Mrs. A. D. Warner, Mrs. R. D.
Tread, Mrs. Joseph A. Olling, Mrs. F. A.
Brown, Mrs. F. G. Deller, Mrs. W.
Hinze, Mrs. O. M. Topler, Mrs. H. G.
Kulp, and Mrs. W. Ahlgrl.

REMOVAL OF SEWER CONTRACTOR WILL BE RECONSIDERED

Town Board Votes For Con-
ference to Settle Before
Getting New Builder

That it would be wiser and better
for the township's interests to re-
consider its decision of declaring null
and void the sewer contract for Sec-
tion 2 with E. W. Flaherty, contractor,
was decided at the regular monthly
meeting of the Township Committee
Wednesday night.

A conference between representa-
tives of the Flaherty Company, the
Constitutional Indemnity Bonding
Company of Philadelphia, the local
Governing Body, and its consulting
engineer, will be held to iron out
the difficulties arising out of the situa-
tion.

The contract was declared void
several weeks ago when the commit-
tee passed a resolution, stating as its
reason that the Flaherty Company
was "unnecessarily delaying" on fix-
ing repairs.

Committeemen Leslie and Geiger,
at first, approved of readvertising for
bids and getting a new contractor,
while Committeemen Macartney and
Chairman Larsen acted upon a recom-

CHURCH OFFICIALS
TO OPPOSE PASSAGE

Methodist Official Board to
Have Representative At
Session to Speak

A large group is expected to be
present in the Municipal Building
next Wednesday night at 8 o'clock
when an amended ordinance approv-
ing driving golf courses, will be given a
Sunday operation of miniature and
public hearing before being considered
by the Township Committee for final
passage.

Arguments will be heard from both
factions in favor and opposed to the
present ordinance which prohibits
Sabbath play. The Official Board of
the Methodist Episcopal Church,
through its representative, Walter
White, is in favor keeping the Sun-
day closing clause intact, while the
owners of local courses are asking for
a change.

The controversy dates back to July
25 when the present ordinance was
passed and approved. A petition was
presented the Town Board September
10, bearing 557 signers, in favor of
Sunday opening.

When a vote was held to authorize
Township Attorney Charles W. Weeks
to draw up an amended ordinance, a
tie vote occurred with Committeemen
Brown and Macartney for Sunday
closing and Committeemen Leslie and
Geiger for opening. Chairman Lar-
sen decided the issue when he voted
for opening.

On September 24, the same vote
was held, with ordinance being pass-
ed, 3 to 2.

mention of Township Attorney Char-
les W. Weeks that it would be better
to ask the bonding company if it
would perform the necessary construc-
tion needed to complete the job, ac-
cording to the specifications of Con-
sulting Engineer Thomas F. Bowe.
Committeeman Brown was absent.

Wednesday night a communication
was received from Judge Fred G.
Stickel, Jr., of Newark, consul for
the bonding company, in which he
denied that the contractor was negli-
gent, and inferred that the body was
under a "serious misapprehension of
facts" and suggested a conference to
settle the affair.

A petition signed by twenty prop-
erty-owners, objected to the barking
of dogs at the Baltusrol Dog Kennels,
at Mountain avenue and Shunpike
road. It was learned that any ken-
nels in the township had no obtained
licenses. The clerk was ordered to
notify the owner of the particular Ken-
nels complained of, to maintain con-
trol over his dogs.

Order Eastern Star to Tender Reception to Mrs. Ethel McCollum

Mrs. Ethel M. McCollum of 14 Salter
street, this township, will be the hon-
ored guest at a dinner and reception to
be held next Wednesday evening in
Wallace Pines, by Continental Chap-
ter, O. E. S., of Millburn, in honor of
her appointment last May as Worthy
Grand Marshal of the State of New
Jersey.

The dinner, expected to draw 125
guests will be held at 6:30 o'clock and
the reception will follow at 8:30

o'clock in the Masonic Hall in Mill-
burn, and will include among those
present Most Worthy State Matron
Mrs. Martha Johnson of Maplewood,
Most Worthy Past Patron Henry Klei-
nsell of Bloomfield and their staff of
officers. More than 300 persons will
attend the reception.

Mrs. Nina Hayward will be general
chairman of the affair, and her assis-
tants are Mrs. Grace Friberger, Mrs.
Harry Brodessor, Mrs. Violet Day and
Mrs. Ethel Mayer.

"Gym" Classes for Business Men to Start Wednesday in Caldwell School

Plans are being made to sponsor
gymnasium classes for local business
men in the James Caldwell School one
evening each week by Supervising
Principal Fred J. Hodgson.

The first class will be inaugurated
next Wednesday evening at 8 o'clock,
and all business men, around the age
of thirty years, are being invited to
attend, and take an active part.

John Nies, physical training instruc-
tor of the Caldwell School, will be in
charge and has outlined a program of

callsthetics, simple apparatus work,
and a game period. Each class will
last about an hour and a half. The
showers will be available, and the re-
creational period is expected to draw
many local men who are in need of
sufficient exercise. Volley ball and
games of similar nature are also be-
ing arranged for.

The number of business men attend-
ing the classes will determine wheth-
er or not they be continued, accord-
ing to Kulp, and Mrs. W. Ahlgrl.

GIRL SCOUT TROOP TO BE ORGANIZED

A meeting to organize a Girl Scout troop in Springfield, has been set for Monday evening, October 20, at 8 o'clock, in the James Caldwell School.

All girls, over the age of ten years, interested in the movement are asked to attend. Miss Margaret Hinze of 112 Tooker avenue, will be the leader.

A Community Committee, consisting of local elder women acting as an advisory group, conferred with Girl Scout officials in Elizabeth Monday with the purpose of recognizing a troop.

CARD PARTY OF P. O. S. A. SUCCESS

More than fifty persons attended a card party held Tuesday evening in the Municipal Building, for the benefit of Camp, 209, Patriotic Order Sons of America.

Prize-winners in pinochle were Mrs. B. Henderson, Mrs. John J. King, Mrs. F. Pierson, Mrs. L. Maier, Mrs. T. VonEnd, Mrs. T. J. Hankins, Sr., Mrs. O. M. Hopler, Mrs. Kohling, Mrs. J. Wyckoff, Mrs. A. Cotella, Mrs. E. Houck, Eugene Wallace, Arthur Menzi, Mr. Henderson, Charles Bock, Jr., and Charles S. Quinzel.

Other winners were: bridge, J. Wyckoff, Jr., Mrs. W. Spangle, and Mr. Waller; euchre, A. Montgomery; bean bag, Edward Ecker and Miss E. Schaefer; dominoes, Mrs. Charles M. French.

Refreshments were served during the party and the committee in charge consisted of Charles M. French, Louis B. Parsil, Jr., and Otho M. Hopler.

The camp is planning to hold a card party the first Tuesday of every month, during the winter, except in November, due to conflict with the annual Hallowe'en Masquerade ball, which will be held Friday evening, October 31.

Physical Education

The new school year has found a few new subjects taught in the physical education programs. For the ninth grade boys the fundamentals of boxing is being taught while the girls in this grade are receiving the fundamentals of foil fencing.

Work in athletics at this time for the boys is confined to the teaching of form in sprinting. The usual games and gymnastics follow the remaining Junior High grades.

The inter-class program has begun with field hockey for the girls. So far, the most exciting game was a tie between the eighth and ninth grade hockey teams, and finally concluded in a 2-2 score.

Grade 8; Emma Hopler, Ruth Dannefelter, Edith Gorga, H. Morkan, Edith Dray, F. Hubbs, G. Douglas, Anna Conley, B. Bardy, A. Schramm, and C. Miniami.

Grade 9; Ida Bardy, Lorraine Smith, K. Blake, D. Simpson, Senona Franklin, D. Marsh, A. Richards, G. Freeman, E. Reeves, R. Groves, and Mae Parcel.

The school team is in the process of being picked with games with Millburn, Cranford, and Union on the list for this month, the dates following:

- October 16—Union
October 20—Millburn
October 31—Cranford

Soccer, the boys' after school activity, is new to the school's program. Football has been proven to be un- sound physiologically and psychologically for Junior High School boys, hence soccer. It is however being readily accepted by the boys.

WE MAKE A BOW

Today the Springfield School News page makes its bow to the public. The editor of the SUN has kindly permitted and urged that the department be undertaken. The purpose is that fortnightly some of our pupils shall have the pleasure of seeing their names and literary efforts in print—they like this even better than their elders.

So look for news of school activities as seen by the pupils. Also, if the occasion permits, read the offerings of some youthful Longfellow, Emerson or Irving.

At times the temptation for teachers to speak out will not be resisted. Some word of explanation on conditions, organizations or methods may be helpful. Therefore, while the department is primarily the work of the pupils of the schools, an occasional article by one of the faculty may appear.

We thank the editor for the opportunity he has given us.

COLUMBUS DAY PROGRAM ANNABEL CUNNINGHAM, 3rd Grade. There are 38 pupils in the third grade. Our teacher is Miss Meade. All of the pupils in Grade 3 are in a Columbus Play. We are inviting all the parents to the play. Our play is at 2:30, Friday, October 10, 1930.

JUNIOR POLICE FORCES ORGANIZED

The boy's department of the Junior Police has been organized by Mr. Newschwager. Robert Ball is chief of the squad. The duties of the Junior Police are to keep order on the playground, assist children in crossing streets safely, keep order in the busses transporting the children to and from school, and handling the swings and see-saws.

CHANGES IN THE COMMERCIAL DEPT.

The Commercial Department of the Junior High School which has been in charge of Mr. Robert J. Young for the past three years, is now under the direction of Miss Hershey, a graduate of Temple University and who has formerly taught in the Lancaster Business College.

AT THE STRAND

For the first time in his long and brilliant career, Richard Barthelmess will be seen without a leading lady in "Dawn Patrol," which comes to the Strand-Summit today and tomorrow. The story, laid in 1915 on the British German war front, concerns the adventures of "schoolboy" flyers in the Royal Flying Corps.

"Midnight Dadies," a Mack Sennott feature length comedy, is the matinee special for tomorrow.

Moran and Mack, the famous black-face comedians, appear in "Anybody's War" at the Strand Monday and Tuesday. It was taken from the novel, "The Two Black Crows in the A. E. F.," written by Mack, himself, and provides the tale of two darkies, Amos and Willie Crow, who are adventuring into the battles of the World War.

More than 100 real Indian appear in "The Silent Enemy," next Wednesday and Thursday. No white man appears in the picture, and the picture concerns a drama of the Red Man's fight against hunger in the trackless wilds of the North.

Joseph Schildkraut plays the leading part in James Cruze's "Cook o' the Walk," as an associate feature Wednesday and Thursday.

Progressive City Sees to Its Attractiveness

While much emphasis is being placed—and rightly—on the advantages that Indianapolis possesses as a commercial and industrial center, which are many and obvious, not enough thought or effort is directed to making it attractive as a place of residence. The men who work here have to live here, and therefore the town must be a good deal more than a workshop.

While we have a fine start, there is much that might and should be done to increase the advantages that we already possess. We are richly endowed with churches, schools, libraries and art facilities, all of which make a strong appeal to those seeking new homes. We have our clubs, municipal playgrounds, golf courses and swimming pools and parks, and these are very important assets.

Valuable as they are, other things are needed. People like to live in comfort and amid beautiful surroundings. A campaign for the beautification of the city would yield rich returns. There should be greater care for our trees and a planting of new ones, even in streets supposed to be doomed to treelessness—certain of our business streets, for instance.

The campaign against the smoke evil will, just as far as it succeeds, contribute to both beauty and comfort—contribute very largely. For cleanliness is an element in both. Dinginess is certainly not attractive. Nor is it sanitary. Beauty, cleanliness and comfortable living conditions are all the marks of a wideawake and progressive community.—Indianapolis News.

Rural Schools Urged to Beautify the Grounds

The Missouri state highway department urges each rural school on a state highway to beautify its school grounds with proper plantings and landscaping, and offers the services of a landscape expert to the schools for the preparation of suitable plans for planting flowers, trees and shrubbery, according to letters sent by the department to all county school superintendents in the St. Joseph highway division.

This move is a part of the highway beautification project started by the state highway department last year.

George L. Argus, engineer at the St. Joseph highway office, points out that northwest Missouri's wooded countryside abounds in native shrubs and plants that are unequalled for landscaping purposes, and they may be transplanted to the school grounds, and if a landscaping program is followed, surprising results at little cost can be obtained. Other desirable plants and flowers may be brought from home by the pupils.—Kansas City Star.

Modern Traffic Needs

The smaller cities of the country, even the small towns, need major street plans and other comprehensive plans as badly as the big metropolitan areas. Everywhere the increased use of the automobile, demand for traffic relief, for airports, parks and new and enlarged business centers is requiring enormous changes, particularly in the widening of streets laid out for a horse-drawn era.

Regional planning activity in the United States has materially increased, particularly in and about Chicago, Los Angeles, Philadelphia and Washington. Many new county planning commissions have been established.

Remodeling Old Homes

Veneering an old house with face brick has been made a simple process. The contractor merely changes a few old-fashioned bays, etc., on the exterior and lays up the brick right over the old frame. Many builders are offering to finance the remodeling job, letting the owner pay a small amount down and the rest on convenient terms.

County Park Issue

THE Union County Park Commission authorized placing on the November ballot a referendum for taxpayers to approve of the 1906 Supplement of the Park Act of 1895, which provides \$300,000 for county park purposes, to purchase and develop lands. This sum will be raised by the sale of bonds and is to be retired annually over a period of fifty years.

It is in order to inquire whether Springfield will receive any of the funds to be raised for local purposes. Isn't it time enough to erect a suitable county park here?

When the commission several weeks ago approved of the plan, a report was heard concerning all the achievements of the Park Commission for the past year, and to enumerate these creditable deeds, it includes tennis courts in Cedar Lake Park; an extra nine holes at Galloping Hill Golf Course; lakes in Warrancon Park, Echo Lake, and Nomahegan Parks; soccer fields in Mattano and Green Brook Parks; and many others.

But Springfield, it appears, is being left out in the "cold." True, mention was made that a skating pond for both Springfield and Summit will be Park, at the boundary line of the two completed this winter in Briant's municipalities, but exactly how much is being given local taxpayers in return for the large amount of revenue over a long period of years which has been paid to benefit hundreds of other residents in Union County.

It is time to rebel against the action of Park Commission in refusing to erect a park here in Springfield. Unless a promise be made that some definite plan is on foot, and Springfield will be considered in next year's development program, some organized opposition should be made against the issue of raising \$300,000 for the benefit of others who are actually receiving a benefit at local taxpayer's expense.

Red Cross Roll Call

AN appeal for funds to help support the local chapter of the Red Cross for the coming year, will be launched next month from November 11 to 27. An added effort will be shown due to the new Nursing Service effective here since October 1, which is being underwritten by the Newark Chapter.

Part of the expense to pay for this service must be realized from the Roll Call, according to Mrs. Charles D. Horster, chairman of the local branch. Mrs. Hattie Doerries is in charge of the Roll Call and will be assisted by many local members. The results of the Roll Call will greatly help to aid the service, and it should not be difficult to raise the necessary funds.

Membership in the Red Cross is one dollar per year, out of which fifty cents is sent to Washington headquarters for national and international work, and the remainder stays in the local treasury.

Everyone should join in contributing their share to make the Roll Call a success. Anything which will be of a benefit to local residents, who are sick and unable to pay for nursing service, deserves financial aid from those who can afford to assist.

What the SUN Advocates

Believing that the following improvements are vital necessities to nourish Springfield's betterment and substantial progress, the SUN advocates:

1. A high school.
2. Removal of dilapidated buildings which are "sorespots."
3. Sidewalks wherever needed.
4. Encouraging clean factories, to increase the ratables.
5. Better and more powerful street-lighting system.
6. Postal-carrier delivery.
7. Entire township under one Fire District.
8. Ample police protection in North End.
9. Set of Building Zones, before township is developed.
10. A county park.

Dangerous Crossing

THE corner of Mountain avenue and Shunpike road is the cause of many dangerous accidents, and some means must be effected of solving a plan to avoid these collisions, which occur most frequently.

Both roads are under the care and control of the Board of Chosen Freeholders. According to reliable sources, the county will not install an automatic signal light at this point, at its own expense in accord with its regulations of not placing signals on its highways.

With this in mind, the township-at-large will have to bear the expense of relieving the situation by placing a light at the corner. Many numerous advantages of such a signal arise, the most important of which are (1) no policeman is needed to regulate traffic, and (2) some safe crosswalk for pedestrians is provided.

It has been considered to select an automatic light which operates by some outer force of a "automobile wheel" passing over it, and flashing a green light to allow it the right-of-way. In case two machines arrive at the same time, one has the preference over the other. In this way, it would be possible to allow the thoroughfare with the greater number of machines an opportunity to be always kept moving.

The paper plan, then, is to install such an automatic light, which may either be rented by the year, placed here on trial, or be purchased outright.

A Reminder

IT is no long ago, to be exact in June, that a meeting of the Sesqui-Centennial Celebration Committee was held in the Lions Club Rooms, at which time various questions of importance arose. Unless our memory is failing, a committee was appointed, consisting of Joseph H. Gunn, Charles H. Huff, Peter H. Meisel, Dr. Watson B. Morris, and Nicholas C. Schmidt, to determine the feasibility of purchasing the old Heald Homestead in Morris avenue, the only remaining dwelling in Springfield from the eddy of the Revolutionary War, and to preserve it as a local or even a national patriotic shrine.

It would be in order at this time to hold a meeting for everyone interested, to hear the report of this committee.

PLANNING DANCE

Final arrangements have been made by the Tau Gamma Phi Sigma Sorority to hold its annual Fall Dance in the Town Hall Saturday evening of next week, October 18. Music will be furnished by Tommy Strumph and his Moonlight Merry-Makers of Livingston.

Miss Meta Sturm is general chairman of the affair. Tickets are on sale now at seventy-five cents each. Decorations of the hall will be orange and yellow.

The next meeting of the sorority will be held Tuesday evening, October 21, at the home of Miss Ottilie Saurin of Elizabeth.

B & L MEETING MON.

The Baltusrol Building and Loan Association will meet Monday night at 7 o'clock in its headquarters at the Lyons-Conley office, 277 Morris avenue.

Press Opinion

A THIRD BRIDGE

(From Metuchen Recorder)
 The tie-up of shore travel through South Amboy, Victory Bridge and Perth Amboy has brought about the consideration of building a third bridge. We have noted comment in neighboring papers and heartily join with them in approving a suggested relief of this situation.

Saying that "in the estimation of thousands of motorists, the excellent achievements of the State Highway Commission are to a large extent nullified by the failure of the commission to provide additional bridge facilities across the Raritan river at Perth Amboy," the Newark Star-Eagle has come out for a third structure.

It points out that the shore roads on each side of Victory Bridge have been so widened that a much greater flood of traffic is poured onto the structure than before, and that the structure now is a barrier to traffic, instead of an assistance. To overcome that, the Newark Star-Eagle says:

"What is needed is an entirely new bridge over the Raritan at some point west of Victory Bridge. The shore roads during the summer months carry a greater amount of traffic than any other highway in the state. The continued growth of this traffic burden is a certainty, and the highway commission and the legislature are neglecting the most important highway development in the state by failing to do something to solve the problem. Planning and building a new bridge west of Victory Bridge with the laying out of connecting highways will require several years. In the meantime, double decking of the Victory Bridge, so that its capacity would be doubled would give quick relief."

There is the growing prospect that not many years hence there will be another bridge across the Raritan between the Raritan River and Victory Bridges. Not unlikely by that time traffic over the new bridge nearer New Brunswick also will have grown, so that this relief will be imperative. It was only a few years ago when Victory Bridge replaced the old wooden structure. Development of highways and river spans cannot keep abreast of the increase in motor travel, it grows constantly apparent.

A FORECAST OF 1915

(From Montclair Times)
 Fifteen years ago, Dr. Charles Steinmetz, considered by many to be the greatest electrical genius of our time, wrote a magazine article called, "You Will Think This is a Dream," in which he forecast the electrical progress of the future.

Among the things Dr. Steinmetz forecast, according to an article in the Financial World, were that electricity would get cheaper; that buildings would be heated and cooled by electricity; that humidity would be electrically controlled; that much of our food would be cooked on the table and that cooking would be automatically regulated; that concerts would be heard in homes; that the motion picture and the talking machine would be perfectly synchronized; that farms would be electrified; that cities would be cleaner; that industrial plants would move close to the source of materials; that city industries would lessen smoke by using electric power.

IT IS CERTAINLY REMARKABLE how false impressions might be spread about by those who are always unacquainted with the particular subject.....an example was shown here Monday night in front of the post office,.....a child had just been struck by an automobile, while according to witnesses, the mother was standing on the sidewalk and the child had dashed into the street.....Immediately, someone gossiped that the child was severely injured, another that the car was going 40 miles an hour, some said 50, and others thought it could have been 60.....at any rate, several minutes later, it was learned that the auto had stopped ten feet away from the scene of the accident, and the child had suffered only a slight bruise on its forehead.....so the truck was not travelling at the alleged variations of speeds and the little boy was not as seriously injured as believed.....another view on the same situation arises from something affecting the SUN.....other than running a newspaper, selling ads and snoring in subscribers, and collecting news of interest, we also are printers, and are always on the alert to handle such needs, but it appears that an impression is made that the SUN are only jobbing the work and giving it to someone else.....will the person or persons who has circulated that statement inform the publishers where he received the information?—It is absolutely false and untrue, and we rise to defend ourselves.....coffee season is in full sway, and a local radio dealer has the unpleasant experience every-so-often of demonstrating an electric set to a prospective customer, when an electric coffee grinder next store, begins to grind away.....and in the midst of a World Series game or when an interesting detective yarn is being given, a gr-r-r sound is heard.....he is expecting to communicate with the authorities at Washington, D. C., to send out all coffee in containers, already ground.....

In 1915 it probably was the consensus of opinion that Dr. Steinmetz had a somewhat overly-fanciful mind. Yet every one of his forecasts has, to some degree at least, come true, and in all probability the achievements of future years will make these past achievements seem trivial in comparison. The epochal progress made by the electric industry since pre-war days is unequalled in world history.

THE WHY of SUPERSTITIONS
By H. IRVING KING

PEACOCK'S FEATHERS

AMONG the superstitious peacock's feathers have a bad reputation. In England and the United States it is a common belief that to keep them in the house for decorative purposes portends disastrous events; and that if there are daughters in the family the girls will never be married as long as the ill-omened feathers are a part of the household adornments.

These superstitions are survivals from the ancient cult of Juno to whom the peacock was sacred and by which the Romans represented the goddess in many of their paintings and sculptures made for protective purposes. Elworthy says with regard to the superstition that peacock feathers bring bad luck, that Juno's anger is excited in some way by the plucking of the feathers of her favorite bird; while the idea that so long as they are kept in the house no suitor will come for the daughters points to the old attribute of spite and jealousy in love or matrimonial matters with which the goddess was always accredited.

Bank Notes of Sweden

Defy the Counterfeiter

Swedish bank notes offer practically insurmountable difficulties to counterfeiters, because of a secret process used in the manufacture of the bank note paper, at the ancient paper mill of Tumba. The Swedish riksbank, which has been in existence for more than 200 years, and is the oldest institution of its kind in the world, in 1755 purchased the Tumba mill for the manufacture of its bank-note paper.

Since then this paper has been manufactured there by workmen who have passed along the secret of their craft from father to son. A number of processes, which are guarded by the strictest secrecy, are used in the making of the paper, and the bank notes are very carefully printed to avoid all possibility of forgery. Through certain chemical ingredients in the bank-note paper it can even, if burned, be identified from the ashes.—Montreal Family Herald.

Local Bowlers Defeat Union in 2 Out of 3 Matches

LOCAL PINSTERS IN GOOD FORM

Those old arch-rivals, Springfield and Union, met at the Woodruff Alleys last night in a Lackawanna Bowling League match, and the locals emerged victorious in two out of three games.

Captain Huff's pinsters captured the first game, 969 to 933, through the efforts of Happy Widmer's brilliant 235 score. Every member of the squad rolled over a 200 in the entire three games. Cain, taking the place of Gus Schmidt, unable to bowl, filled in nicely with 177, 207, and 176.

Union's bowlers were in good form, with Heath and Duryea setting up some fine scores.

The score:

	Union		
Friberger	168	197	190
Hoffman	152	150	142
Clair	187	149	168
Heath	214	199	172

\$50 Fine For Not Registering Car

William F. Alliston of 35 Tichenor street, Newark, was fined \$50 and costs by Recorder Everett T. Spinning Saturday for possession of a fictitious registration card on a light truck he was operating, and also for using false plates. The car was ordered held until a check is made to determine whether or not the machine is stolen.

Alliston was apprehended by Patrolman Day Saturday at 4:45 a. m. at Miesel and South Springfield avenues, when he could not produce the proper credentials.

SCHOOLS CLOSED MON.

The local public schools will be closed Monday, in observance of Columbus Day.

REPUBLICANS

(Continued from Page 1) their assistants. The heads of each group are as follows, finance, Nicholas C. Schmidt; publicity, Robert D. Treat and entertainment, Mrs. Robert D. Treat. In an effort to secure new members, a red team and blue team was formed, with Mrs. Clarence Gillis heading the former and John H. Schuster the latter.

The president asked members if there was anything they wished to discuss, and it was brought out that through some misunderstanding, an impression had been made that there were separate Men's Women's Clubs. Mr. Rigby said that the Springfield Republican Club was for both men and women, and that the Women's Club includes many members of the Springfield Republican Club.

Mr. Miesel stated that the Women's Club was beneficial in that teas and card parties could be held, but women were always welcome in the Springfield Republican Club.

It was announced that a meeting will be held during the week of October 20, to be selected later, and at which time speakers will be heard.

STARS AND BRAVES IN BASEBALL TILT AT WARINANCO PK.

A baseball exhibition contest between the Springfield Stars and the Elizabeth Braves, former pennant contenders during the current season of the Union County League, will be held tomorrow afternoon at 3 o'clock at Diamond No. 1, Warinanco Park.

Lefty Gray, reliable southpaw this year with the Tuscan Farmers of Irvington, or Ceell Spittler, slim port-sider, will hurl for the Stars.

The locals lost out last Sunday to the West Orange B. B. C. to the tune of 5 to 3, when the winners scored three runs in the ninth inning. Spittler pitched for the Stars and fanned sixteen batters, but approaching darkness in the final frame, assisted the Orangettes.

TUSCAN ELEVEN WILL OPEN SEASON SUNDAY

Nutley Collegiates, a traveling semi-pro team, will open its season with the Tuscan Farmers Sunday morning at Olympic Park.

The eleven is composed of former high school and college stars and will feature the Sentner brothers, who formerly starred for Nutley High and Seton Hall. Ted Sentner will coach the eleven and Jim Sentner, who played with Seton Hall last year, will play the tackle position. Bob Sentner will play center, a post he held with the Elizabeth Blues last year.

Efforts are being to secure Douglas for Dwight W. Morrow, Republican Thompson who is campaign manager nominee for the long and short terms in the United States Senate, to make an address.

Mr. Rigby asked the entertainment committee to arrange for an interesting program to insure a large attendance.

TUSCAN DAIRYMEN TAKE TO GRIDIRON

Thirty-five Tuscan Dairy A. C. candidates have answered Coach Andy Watts's initial gridiron call.

The Tuscans have signed many leading figures in high, prep and college play of the recent past. Central High, especially, has yielded generously with material, many of Charlie Schneider's 1925 state champs being listed for action with them.

Some well-known players that have reported for practice are: Frieberger, Cliff and Bill Knoekles, Clark, Entner, Malcolm, Kirschman, Monance, Eskowitz, Schnell, Doyle, Prall, McCullen, Miller, Steets, Walz, Larry, Toussaint, Heim, French, Lipkin, James, Phillips, Salbano, Schmelling, Cannon, Bruno, Tessler and Herbie Foster.

ACCIDENTS

(Continued from Page 1) feet away from the scene of the accident.

Mrs. Henry Rhyner of South Springfield avenue, sustained a broken rib Saturday afternoon when an automobile in which she was riding and her husband was operating, was hit by a truck, driven by John Iacono of 125 West Twenty-sixth street, New York City.

According to the police, the local driver's vehicle was traveling north in Milltown road and had reached Miesel avenue when Iacono crashed into the rear, hurling Mrs. Rhyner against the side of the archino, breaking her rib, and leaving her husband uninjured. The woman was treated at the office of Dr. H. P. Dengler, and Iacono paid a fine of \$10 and 65 cents cost on a charge of reckless driving, preferred by Rhyner. He pleaded guilty to the charge. Patrolman Stiles and Phillips investigated.

70-Year Old Hurt

Two machines, operated by Carl E. Peterson of 22 William street, Summit and Otto Tews of 26 Valmore road, New Market, which collided Saturday in South Springfield avenue, between Miesel and Evergreen avenues, resulted in serious injuries to Mrs. Margaret Tews, wife of one driver, and Mrs. Freda Mohr, her mother. They were taken to Overlook Hospital by an ambulance, where it was learned Mrs. Tews suffered severe lacerations on the face and mouth, and Mrs. Mohr, whose age was said to be in the seventies, suffered a possible skull fracture.

Peterson was declared drunk and unfit to drive a car by Dr. H. P. Dengler, and fined \$200 and \$5.65 costs, and his license revoked for two years, on a complaint signed by Patrolman Stiles. He admitted guilt.

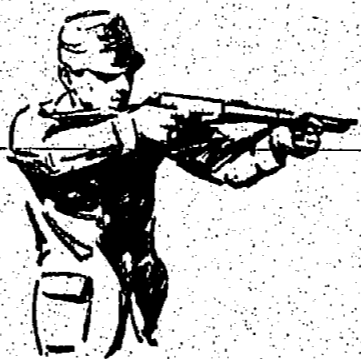

Mrs. Harold W. Christy of 130 Maple avenue, Irvington, and Meredith Whalen of 478 Ayon avenue, Newark, were slightly injured Sunday afternoon when an auto in which they were passengers, operated by Mrs. Christy's husband, collided with a machine, driven by Conrad Ubbans, of 68 Osborne place, Irvington. The injured were treated at the office of Dr. Watson B. Morris.

The collision occurred at Morris and Short Hills avenues, and both cars were going in opposite directions. Patrolmen Sarge and Joyner investigated for the police.

Hans Clausse, of Shumpke road, escaped injury Friday in Morris avenue at Main street, when his automobile was in a collision with a Public Service bus, operated by Herbert Morgan, of 7 Irving place, Summit. The right rear fender of the auto was damaged, but the bus was undamaged.

Pompeii Wealthy City

At the time of its destruction Pompeii had about 25,000 inhabitants. It was a city of wealth and refinement, situated on the Bay of Naples, at the foot of Mount Vesuvius. It, together with Herculaneum and Stabia, was destroyed by a volcanic eruption August 24, A. D. 79.
