FARMER'S HOTEL RAIDED; POLICE DISCOVER LIQUOR

Six Policemen Led By Chief
M. C. Runyon, Arrest Owner
and Two Employees

Led by Police Chief M. Chase Runyon, six members of the police department raided the Farmer's Hotel, in Morris avenue, shortly after midnight last Saturday morning, arrested the owner and two employees on a charge of illegal sale and possession of liquor, and disposed of some of the alleged liquor found there.

Eleven fourteen-gallon barrels of beer was emptied, and the remainder of the evidence found, ten gallons of applejack, four gallons of rye, two gallons of gin, and one quart of Scotch whisky, was removed to police headquarters. Seven slot machines were also carted away.

Those arrested were Louis Ebbson, owner; John J. Flynn and Joseph E. Peacock, bartenders. All three were arraigned Saturday before Recorder Everett T. Spinning, and released in \$1500 bond each to await action by the Grand Jury.

A Millburn man, arrested in Millburn on a drunk and disorderly charge, signed a complaint, against the place, after a Summit man who employed him on his estate insisted.

The raiding party, beside Chief Runyon, included Patrolmen Stiles, Thompson, Searles, Selander and Joyner. While on their way back to headquarters, Patrolman Stiles espied an automobile in Morris avenue, traveling in a zig-zag manner, and arrested the driver, Robert J. Schaefer, 43, a broker, of 69 Morris place, Hillside.

He was declared under the influence of intoxicating liquor by Dr. H. P. Dengler, and released in \$250 to appear in police court October 20.

Answer Alarm

Firemen were called to a pile of burning fence logs early Saturday morning in the rear of Scott's Service Station, Mountain avenue. There was no damage.

Fifteen persons were present. William McCarthy of Salter street presented a resolution from the Official Board of the Methodist Church, stating that no petition opposing the ordinance was necessary since passage would be contrary to the laws of the State and Sunday opening would make the Township Committee and the residents of Springfield accessory to the violation of the State laws prohibiting Sabbath form of commercialized amusement.

The Rev. H. L. Bowlby of East Orange, general secretary of the Lord's Day Alliance of the United States, representing the churches, opposed the passage of the ordinance, and maintained that the Committee could not legalize that which is contrary to the New Jersey laws. After the meeting, he declared that it was still illegal to operate miniature courses on Sunday.

Arthur D. Warner of 8 Alvin terrace, owner of a course, stated that the petition which he had presented the committee several weeks ago, hearing 557 signers, deserved proper thought as to the opinion of the people, on the subject.

The Rev. William I. Reed, pastor of the Methodist Church spoke against the ordinance, and said he represented about 300 members of his church. "His sole reason against the act," he said, "was that the Township Committee could not legally pass it."

Mr. Larsen replied that the advice of Township Attorney Charles W. Weeks was that it could be done according to law. Both Mr. Reed and Mr. Bowlby said that they challenged Mr. Weeks' standpoint.

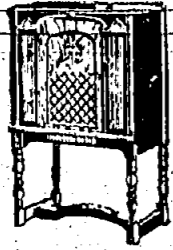

In closing, Mr. Reed cited the editorial in the New York Times on Springfield as an aftermath of the sesquicentennial celebration in June, in which was included, the expression "Springfield is still a simple country town." He asked the committee to keep Springfield that same way, "a law-abiding and simple country town."

Mr. Leslie spoke at this time and maintained that if it was illegal to close miniature courses on Sunday, then every other amusement operating in the township was also illegal and must be prohibited to open.

Mr. Macartney remarked that the 557 signers and 100 more, as the Sunday opening speaker stated earlier in the evening had been added, did not represent a true majority of residents, and that many people signed the petition with a thought in mind that "it didn't affect them, since the courses did not adjoin their property." He mentioned that the ordinance be thrown out, and Mr. Brown seconded it.

Committeemen Leslie and Geiger voted no, and Chairman Larsen decided that the ordinance should not be blocked, and cast a ballot of no.

A motion was then made that the ordinance be adopted following the defeated motion, and it was passed.

War on Speeders

THE police "war" during the past week on speeders, reckless drivers and other law-violating motorists, is a noteworthy move.

Most automobile operators, coming from the direction of Union, Newark or Summit, fail to heed the fact that between Seven Bridges road and Mountain avenue on Morris avenue, constitutes Springfield's business center. Also that to travel in this section at a greater speed than twenty miles per hour is not only outside the barrier of the law, but is dangerous to the safety of pedestrians and fellow motorists.

As one resident has declared, "It's selfish to speed through another man's town and drive with caution through your own." That's food for thought. On the other hand, a foolish and silly argument is raised that Springfield will earn a name of being "hard" on motorists and local drivers will suffer when magistrates of other municipalities learn they reside in this township.

Any local resident, rich or poor, black or white, operating a Packard or a "Model T", if he violates the law, deserves a just penalty, and if found guilty, should be made to suffer the consequences.

And any motorist from out-of-town who pays a fine here for speeding or other charges, will be a bit more cautious when he comes through this township, knowing that the motor laws in Springfield are strictly enforced and that it will be cheaper to be just a little more careful.

School Supply Bids to Be Received By Board

Bids for instruction supplies in the local schools will be received by the Board of Education at its regular monthly meeting Tuesday night in the James Caldwell School. President Alvin H. Boss will preside.

Ideal Citizenship

No citizen should be rich enough to be able to buy another, and none poor enough to be forced to sell himself.—Rousseau.

What the SUN Advocates

Believing that the following improvements are vital necessities to nourish Springfield's betterment and substantial progress, the SUN advocates:

1. A high school.
2. Removal of dilapidated buildings which are "sorespots."
3. Sidewalks wherever needed.
4. Encouraging clean factories, to increase the ratables.
5. Better and more powerful street-lighting system.
6. Postal-carrier delivery.
7. Entire township under one Fire District.
8. Ample police protection in North End.
9. Set of Building Zones, before township is developed.
10. A county park.

BUILDING VALUES \$7,000 FOR MONTH

Building here during September totalled an even \$7,000, according to the report of Inspector Reuben H. Marsh.

Permits issued are as follows: Sarah Koscher, Mountain Ave., store and dwelling, \$5,000. A. D. Warner, Morris Ave., miniature golf house, \$300. P. F. James, Henshaw Ave., 2 car-garage, \$500. Otto Sturm, Mountain Ave., addition to stand, \$100. Union County Coal & Lumber Co., Prospect Place, 2 1-car garages, \$600. P. F. James, Henshaw Ave., addition, \$500.

The total for the year thus far is \$174,292.

Baby Clinic in Near Future Being Planned

RED CROSS AIDES HANDLING DETAILS

So great has been the interest displayed in the well-baby clinic which the Red Cross nurse, Miss Orpha Puder, is planning to open, and so many inquiries have been received as to the time of opening, that the Red Cross nursing committee feels it is advisable to inform interested mothers of the progress made in the plans. Two essential instruments, the scale to weigh the babies, and the measuring board to determine their height, will be ready for use within the next week, but it is felt that it would be inadvisable to open the clinic before the first week in November as there are other details to be worked out. The clinic will be held one day a week and the day and hour have not yet been determined. Members of the committee will be present at each clinic to assist the mothers in dressing and undressing the babies keeping the garments separated, etc.

Plans are also being made for the annual roll call. Mrs. Hattie Doerries, of Keeler street, is the chairman. Mrs. Doerries and Mrs. Charles D. Horster, branch chairman, attended the New Jersey Regional Conference of the Red Cross, held on Tuesday of this week in the Hotel Madison, Atlantic City. They motored to the shore resort on Monday in the Red Cross car, driven by Mrs. Lillian E. Tideman, executive secretary of Newark Chapter. The car of Newark chapter, with five delegates also made the trip, the whole party returning on Tuesday evening. In the party were Mrs. Mary C. Lynch, family visitor, Mrs. Marie Carlucci, Mrs. E. Sawyer, chairman of packing and shipping; Mrs. A. Vandergrift, and Mr. and Mrs. Charles Grant Shaffer. Mr. Shaffer, who is principal of Elliott street school, Newark, is chairman of Junior of Red Cross of the Newark Chapter, and made an address at the conference on "The Juniors at Work."

It was interesting to the Springfield delegates to learn that nearby committees were on the honor list of last year's Roll Call. Elizabethtown, Cranford and Westfield Chapters were among the names read. Chapters achieving the membership quota set by National Headquarters in proportion to the population of the community, are placed on the honor roll. Mrs. Doerries has requested that a quota be assigned to Springfield, so that a definite goal may be set. This will be announced at the Roll Call rally to be held on Monday afternoon, November 19, at 2:30 o'clock, in the lecture room of the Methodist Church. All the workers who have assisted in previous years and others who, imbued with the spirit of service, wish to help in the work of the Red Cross, are expected to be present. As the Springfield Roll Call is conducted by a house to house canvass, with a personal invitation to membership to each individual visited the group of workers can scarcely be too large. Roll call supplies will be distributed at the meeting. There will be an informal reception for the nurse, and a Field Representative of Red Cross Nursing, either Mrs. Belle Wagner or Miss C. Logie, will make an address on Red Cross service. Refreshments will be served.

THINGS FOR THE TABLE

IF ONE enjoys fresh tasting grape-juice, which may so easily be put up at home, do not fail to prepare a basket or two of grapes this fall.

Grape Juice.

Take one cupful of grapes, taken from the stems, place in a quart jar, add one-half cupful of sugar and fill up with boiling water. Seal and set away for use at any time of the year. The two-quart jars which are apt to be too large for most foods in a small family may be used for grape-juice. Add two cupfuls of grapes and one of sugar, then fill with the boiling water and seal with new rubbers and perfect tops.

Ripe Tomato Marmalade.

Remove the skins from four quarts of ripe tomatoes and slice, add four pounds of sugar, six large lemons thinly sliced and the seeds removed, and one pound of raisins. Put all together in the preserving kettle and cook slowly about an hour, or until thick. Stir often and seal when thick.

Welsh Rarebit.

Put two tablespoonfuls of butter into a chafing dish or a double boiler. When melted add one and one-half cupfuls of finely cut cheese, one-half teaspoonful of salt, one teaspoonful of mustard, one-half teaspoonful of sugar; when the cheese is melted add two-thirds of a cupful of cream, one teaspoonful of cornstarch a dash of cayenne and two beaten eggs. Stir constantly and cook until very smooth and thick. Serve on hot toast with a slice of tomato.

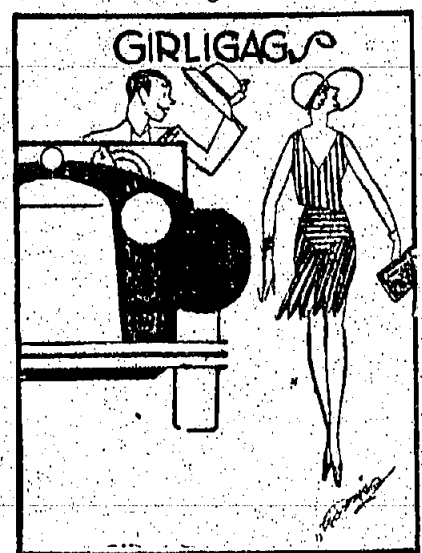

Mint Wallop.

Put one quart of boiling water over six teaspoonfuls of tea, a good-sized bunch of mint, the grated rind of four lemons and two oranges. Cool, add the juices of the fruits and strain. Add two cupfuls of sugar, one quart of light grape juice and one quart of water, with a bit of green coloring. Stir and mix until the sugar is well dissolved. Chill and serve with whipped ice.

Orange Sauce.

Cream five tablespoonfuls of butter with one-half cupful of sugar. Put into a saucepan over hot water and add one-half cupful of boiling water. Add the juice of two oranges and one and one-half tablespoonfuls of lemon juice, fold in three egg whites beaten stiff, continue to heat until light and foamy. Serve hot.

HALLOWE'EN NIGHT

One night John went into the garden, named Jane and a boy named John. One night John went into the garden. Jane followed him. When he came to the garden, he opened the gate and then he let Jane in. She followed him through the garden. Just then he saw something orange. He saw that it was a pumpkin. Jane almost stepped on it. John said, "Look out, Jane. You are almost stepping on the pumpkin." "Oh, said Jane, is that a pumpkin?" "Yes, it is," said John. "Shall we pick it for Hallowe'en?" "No, not yet. Let us show it to Mother and Father first." Just then, Jane ran and shut the gate. She got to the house first. Mother said, "Where is John?" "He's in the garden." "You go and get him. It is time for bed." So Jane got John and then they went to bed.

Extreme Affection

New expressions of love always brought a repetition from Bobby, to the delight of his father on returning home each evening.

"Bobby," the father greeted him, "I love you so much, it hurts."

Bobby laughed, bestowed a kiss and ran to play. A little later he dashed up to his father and said: "Daddy, I love you so much, it's sore."

Chinese Wisdom

Anent after-dinner speeches, one of the most popular London diplomats was sitting next to his Chinese colleague at a big dinner in London, which was being followed by the usual interminable after-dinner speeches.

After listening a while, he turned to his Chinese neighbor, and casually asked:

"And what is your opinion of after-dinner speeches? Do you have them also in China?"

Whereupon the Chinese diplomat gently and politely replied:

"Oh, yes, of course, we too, used to have them—but we abolished this habit some 1,500 years ago."

Having attended quite a few dinners, and accompanying speechmakings, we think this story well worth repeating.—London Chronicle.

Ear-Piercing Dying Out

According to the statement of a doctor quoted some time ago, ear-piercing still prevails, but to only a limited extent. "At one time it was believed that piercing the ears and wearing tiny gold rings was a preventive for eye and other troubles. As a matter of fact, however, it is just simply a survival of the period when we were savages and indulged in a primitive style of decoration by mutilation. Between piercing the ears and putting gold rings in the heated-up holes is but a whisper from the present practice of African savages of slitting the lips and by a gradual increasing in the size of objects soon having a hole big enough to slip a plate into."

"Fifth Monarchy Men" were a Puritan sect in England which, for a time, supported the government of Oliver Cromwell in the belief that it was a preparation for the "fifth monarchy" that would succeed the Assyrian, the Persian, the Greek and the Roman.

Son of Murat in America

Murat, the famous French marshal, brother-in-law of Napoleon, and sometime king of Italy, was condemned by a court-martial in 1815, and shot. His son, Napoleon Achille, came to the United States a few years after his father's death and settled in Florida. He was appointed postmaster of a small town in that state, and died in 1847.

Battle Hill Council 120, Junior Order United Mechanics, of Springfield, will enter a bowling league being formed now to consist of various Union County councils. It was learned this week from Harold Baker, who is acting temporarily in charge.

The second practice for the quintet was held Wednesday night in the Woodruff Alleys, and fine scores were said to have been rung up.

While the squad will consist of more than the necessary five, thus far, the names of the probable members are Arthur Koenig, Walter Parsill, T. Warren Baker, William McCarthy and Harold Baker.

A meeting of the league will be held shortly, and a schedule will be arranged to run into March of next year. The Springfield council will roll at the Woodruff Alleys.

Community Building

Maintenance Big Point in Real Estate Value

The owner who realizes that the maintenance of property is a real asset as to the sale or rental of the property does not have to be told of the necessity of keeping property in good condition. Unfortunately, however, there are many property owners, especially owners of unoccupied property, who do not realize this fact and then wonder why the property cannot be sold or rented. There is an old saying, "A stitch in time saves nine." This applies to many phases of business, but in regard to the maintenance of real estate it has a significance which can be measured in dollars and cents to an exceptional degree.

A small repair neglected can have much the same effect on an individual property as a decaying apple can have in a barrel of sound apples. The small repair develops into a bigger one which affects other parts of the property, causing a decay, so to speak, and a depreciation in value that really in the end makes the property unattractive and undesirable. It also affects in a detrimental way every nearby piece of real estate and deters persons who might be interested in nearby property to the point that they will neither buy nor rent in a particular street or section.—Philadelphia Ledger.

Pennsylvania in Move to Beautify Highways

Community and civic organizations throughout Pennsylvania have been called upon to carry out plans of roadside development and landscaping to supplement construction of highways. The appeal was made by the Pennsylvania Motor federation.

"Pennsylvania has spent and is spending millions of dollars for the construction of fine roads," S. Edward Gable, president of the federation said. "In connection with this there should be in each community a program of tree-planting, landscaping and roadside care which, when completed, not only will make the roads more pleasing to the eye, but will give to the traveler a much better and pleasanter impression of the community."

"There is little reason why the wind-swept, sun-baked stretches of concrete roads winding through the countryside should not be made more graceful to the eye by the planting of trees and flowers and roadside landscaping. The possibilities of roadside beautification are unlimited, and, if handled by community enterprise in co-operation with the proper authorities, can be worked out without burdensome expense."

Good Citizen Defined

The qualities of good citizenship are both positive and negative. A hermit is not a good citizen because while he may do no real harm, break no important laws, he contributes little to the general welfare, does not assist in enforcing law and withholds from the world the good influence which he might exert. The good citizen is interested in and helps to promote religion, education, clean politics, public economy and thrift; he keeps posted on public affairs and candidates in order that he may vote intelligently, attends the primary and regular elections and votes.

His greatest contribution to public welfare is perhaps unfaltering faith in the ultimate triumph of good in the affairs of men.—Grit.

Garage as Investment

Most home-owners who embark on a modernization campaign are sold on the idea that no improvement on the home place will add more to the appearance of the property and help more on the ease of sale, than an attractive garage building.

As a source of revenue, for the small amount expended or invested, there are few better revenue producers than a garage built on the rear part of a home lot as there is, in most residence neighborhoods, a continuous demand for rented garages.

Four Youths Flee Stolen Car; Nabbed

Four Elizabeth youths, two sixteen years old and the other fourteen and fifteen, were captured by Patrolman Selander Tuesday night in Morris avenue near the Springfield-Union line, after they attempted to flee from an auto which they had stolen in Roselle Park. Police of that place took them back from local headquarters.

Selander, who was stationed at Seven Bridges road and Morris avenue, spotted the license plates on the machine, as having been reported shortly before over the county wire as stolen. He gave chase toward Union, and just over the line the boys jumped from the car, and fled in the nearby woods. Two boys were taken to headquarters, and the others were found when Selander came back.

The auto was owned by Robert LaGrace of 551 Pierson street, Westfield, and was taken from in front of an apartment house in West Grand Street Roselle Park. According to the police, one of the boys had a criminal record and the other was serving a probationary period.
