Woman Beaten in \$800 Robbery As Bandits Escape

Life Savings of Dundar Family Taken by Two Armed Bandits in Route 29

Police are searching for two young armed bandits who ransacked the house of a farmer Monday night in Route 29 and escaped with \$800 in cash after beating the man, his wife and sister.

The victims were Jacob Dundar, 58, his wife, Wanda, 57, and Mamie Dundar, 55, who lived on a small farm off the state highway. Miss Dundar is in Overlook Hospital in serious condition suffering severe cuts and bruises. She was reported this morning to be slightly improved.

Mr. and Mrs. Dundar were in the kitchen at 9:30 P. M., Miss Dundar having retired. Mrs. Dundar finished washing her face and hands in a basin. She opened the front door to throw water out when the two bandits appeared from around the corner of the house.

Inside one of the men covered Dundar with a pistol and blew out the kerosene lamp.

With an order of "keep quiet or you'll be killed," they set about tying Mr. and Mrs. Dundar with new rawhide factory belt lacing strips they had brought with them.

Mrs. Dundar's hands were tied down to the leg of a table and Mr. Dundar's to the back of a settee.

"We're broke and we want \$25 apiece," one of the gunmen told Mr. Dundar.

"If it is money you want I have \$50 upstairs I'll get for you," Dundar pleaded.

"Shut up," one of the gunmen snapped. The trussing was under way when Miss Dundar sensing something wrong on hearing strange voices, went downstairs into the darkened room to investigate. She called out to her brother, as she entered.

"Shut up and keep quiet," one of the bandits ordered. She screamed. The bandits struck Mr. and Mrs. Dundar on the head and then set upon Miss Dundar, knocking her unconscious with blows on the head. They then struck the other two several times.

Obtaining silence in this way they finished the trussing, bringing Mr. and Mrs. Dundar together and then tying up the unconscious sister.

One of the gunmen sat down as a guard while the other went upstairs. He searched for three-quarters of an hour, pulling out drawers, lifting carpets, looking behind pictures and the like, before returning with the \$800 in bills from a cigar box in a dresser drawer. He used a flashlight and left several burned matches in the rooms.

Meanwhile the guard appeared nervous. He continually rolled cigarettes, lighted them, threw them away and lighted new ones. Twice he arose and took a drink of water with a dipper from a bucket.

Before leaving the two held a conversation which led the victims to believe they had a stolen car which had run out of gasoline near a dumping ground.

The bandits gave a final warning on departure.

"Stay still and in about an hour a man will come and untie you," one of them said. "If you raise a disturbance we'll come back." (Continue on page 8)

Day Reinstated to Police Force, Loses 30 Days Pay

Pleads Guilty to Charges of Inefficiency and Neglect Reinstated to Duty

HEARING CONSTITUTES "PUBLIC REPRIMAND"

Patrolman Manning Day, Jr., who was suspended from the police department on September 13, was publicly reprimanded, fined thirty days' pay and then reinstated at a hearing before the Township Committee Monday night.

About fifty persons, a larger audience than usually prevalent at board meetings were present as the meeting started promptly at 8 o'clock. Day pleaded guilty to the charges of inefficiency and gross neglect which were preferred by Chief M. Chase Runyon. The charges enumerated twenty-six late daily duty calls from June 2 to

September 13, when Day was suspended for failing to report to duty at 8 P. M.

The greater part of the late calls listed were for five minutes tardiness, although some were eight and ten minutes and two were thirty minutes late.

When asked if he had anything to say after pleading guilty to the charges, Day said: "On that last count about not reporting for duty September 13 I had forgotten that I was to report at 8 P. M. and intended to report at midnight, my regular time."

The committee went into executive session with counsel, Charles W. Weeks, and twenty minutes elapsed between the meeting reopened. Charles S. Cannon, board chairman, read the unanimous decision.

The "public reprimand" constituted the decision of the hearing. The fine of thirty day's pay was effective from the date of suspension and Day was ordered to report for duty immediately.

Reported to Have Long Record; Held By Newark Police

Caught in Aftermath of Chase of Both Union and Local Police Departments

Nation-wide attention was attracted to Springfield early last Friday morning when bandits escaping from a three-mile chase in Union and Springfield stole the local police car from under the noses of the police officers. Stories of the event were published in the metropolitan newspapers and even came in for comment over the evening radio period by Lowell Thomas, famous correspondent, as being among the news features of the day.

The machine was found the next morning near the Maplewood-Irvington boundary line and was in the same condition as when stolen. An empty gasoline tank revealed the bandits had evidently rode for some time before abandoning the car.

William Lang, 32, of New York City, only suspect arrested, has been found to have a long criminal record and was turned over to Newark police where he is being held. He is said to have admitted being implicated in a \$11,000 Lyric Theatre robbery in that city.

He was found under the stoop of the home of Mrs. Harry E. Speiched of Evergreen avenue but refused to say whether he was one of the five men, apparent New York gangsters, who gave Union and Springfield police a wild ride through the two municipalities.

Union authorities had lost the car and were about to give up their efforts when they were notified that the thugs' car was in Ruby street and South Springfield avenue, this township. Patrolman Joyner was sent out to search for the men in the police car.

Joyner and three Union officers parked the police car and went into the woods searching for the men but the fugitives circled about the dense woods and made their escape in the police car.

Frank C. Geiger and Wilbur M. Seilander, endorsed by the club for Township Committee, will also attend. Interesting information for party workers will be announced at the meeting.

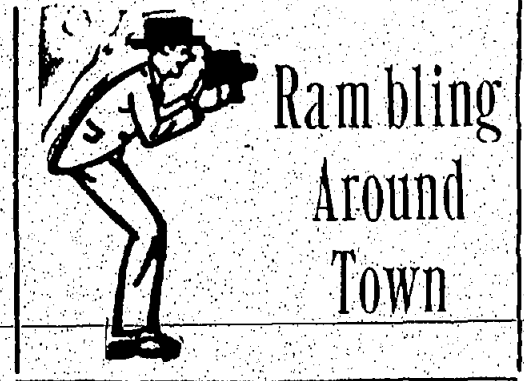

Open Campaign Quarters. The club has opened headquarters in the vacant store in the Lichtenstein Building, Morris avenue which will be ready for the public's use next week. Information on registration, removals and address changes of voters, will be available at the new quarters.

When sample ballots have been printed, data on marking for candidates and referendum questions, may be had here.

The headquarters will be open every evening until election. The local Republican organization is giving this service in the hope of providing authoritative information to all voters.

In Virginia

Dr. William G. Huff and Norman H. McCollum of Satter street, Dr. Stewart O. Burns of Morris avenue and Nicholas C. Schmidt of Prospect place, left Saturday on a fishing trip to Chincoteague Islands, Va.

STEALING A POLICE CAR in any town, hamlet or borough in these United States would make news anywhere but occurring right here in Springfield gives the Rambling Reporter an opportunity to add further to the incident in broadcasting over the radio last Friday night. Lowell Thomas, famous correspondent, cited the possible joy of local police on the theft in that department might receive a new car. We know, of course, the guardians of the law were not in on the stealing, but the cops were certainly feeling in poor straits when the machine was returned the next day, found near the Maplewood-Irvington boundary line in the same shape as when borrowed except that it was minus seven gallons of gasoline. Springfield can now add to its memoirs of the great Revolutionary War a 1932 souvenir to be displayed to tourists in year to come, a police car stolen by naughty bandits. Spectators at the hearing of Patrolman Day in the Town Hall Monday night who expected to witness a trial similar to that of the sensational 1930 affair were in for a disappointment although newspapermen could have told them the officer would not be dismissed as it was, it is believed that the public reprimand and thirty days suspension, will prove enough punishment and that the discipline of the local police department will be upheld. Chief Runyon and his force rank high in police circles when it comes to efficiency and errors on the part of members stand to be corrected since policemen, like humans, are not perfect, it is to be expected that men from time to time will be brought up on the "carpet." Local unemployed under the direction of the Governing Body have cleaned the paper and refuse from the vacated Heinochowitz stores in Morris avenue and local authorities request parents to see that children, in eating school lunches on the premises, do not deposit waste there. It seems the stores are kept in this column every week, several readers may be heard to say. Having seen the stores in a prominent part of the local business thoroughfare for so long a time, it's no wonder the Rambling Reporter crusades to keep the condition of the place at least presentable until, we hope, it can be torn down or improved.

Benefit on Wednesday

A benefit card party will be held Wednesday night in the P. O. S. A. Hall, Morris avenue. Tickets are thirty-five cents. The affair is open to the public.

Plan For Annual Library Meeting on November 9th

Plans for the first annual meeting of the Public Library Association on Thursday evening, November 9, were discussed by trustees at a meeting last night. Due to the small quarters of the library, the Lions Club Rooms have been reserved for the annual session.

A nominating committee will be named shortly and it is believed there will be no change in the officers or trustees.

In anticipation of financing the library in 1933, the Lions Club and Parent-Teacher Association have appointed two members of their respective groups to work with the trustees in an advisory capacity. Freeholder Charles H. Huff and Dr. Stewart O. Burns have been selected by the Lions Club and Ernest F. Swisher and F. Chase will represent the P. T. A.

The library has received about 100 volumes during the past month. The Book Committee will purchase new books in the near future. Special attention will be given the juvenile department.

Although the circulation has fallen off this past month, it is accounted to the opening of the schools. An increasing demand is being made for non-fiction, especially biography and travel. There are about 125 copies of the National Geographic magazines on the shelves covering a wide range of subjects.

Miss Marian Townley has been added to the librarian service staff. Mrs. Clarence W. Gillis has been designated to take charge of supplementary home service, made possible by co-operation of the local Boy Scout troop. This service is free and available to those unable to visit the library due to disability or illness. Letters are being sent local organizations describing the service.

A subscription to the SUN will keep you informed of all local items of interest.

Taxpayers Group Planning to Hear Radio Broadcast

Arrangements for the first meeting of the Springfield Taxpayers Association in the Municipal Building next Thursday were completed at a meeting of the board of directors last night in the SUN office.

A special nation-wide radio broadcast is being sent over the air on the night of the meeting and the local group will tie in with the program by installing a radio in the hall. The air program will begin at 10 o'clock after the business meeting has concluded.

A speaker from the State Taxpayers Association has been invited to attend. All members are asked to attend and residents desiring to join the association are invited. All residents, whether property-owner or rent payer, are eligible for membership.

A constitution and set of by-laws were prepared last night to be submitted to the organization and the following committees have been announced by Thomas J. Hankins, president:

Board of Education, John E. Gunn, chairman and Dr. William G. Huff, vice-chairman; Township Committee, Walter S. Jacobus, chairman; Charles S. Quinzel, vice-chairman, and Charles A. Schaffernoth; publicity, E. M. Cunningham, chairman, and Wilbur W. Parsel, vice-chairman; and membership, George J. Wagner, chairman, and Edward Jaecel, vice-chairman.

Republican Club to Meet Tonight

Assemblymen Herbert J. Pascoe of Elizabeth and Clarence A. Ward of Rahway candidates for reelection, will be the principal speakers at a meeting of the Springfield Republican Club tonight in the Lions Club Rooms at 8 o'clock.

All voters, regardless of political affiliation, are invited to attend. Lee S. Rigby, president, will preside.

Let's Get Together, Mr. Town Official and Taxpayer

THE Springfield Taxpayers' Association can be of real service to foster cooperation between the local Governing Body and the residents of this township who pay the bills.

In most municipalities the percentage of citizens taking an active part in town matters has been limited to a very low figure. Economic conditions as they are, increasing interest is revived with the ultimate organization of a civic group whose sole purpose is to not merely serve as a watchdog on the municipal pocketbook but to prevent useless future expenditures.

If taxes are to be kept at a minimum, economy is vital but economy to the extreme often has its disadvantages which may end in tearing down the cardinal purpose of a taxpayers group—an efficient and business like administration.

The local Township Committee cannot be pointed at as having been responsible for a wild spasm of spending in reckless fashion. The present board has acted judiciously in preparing its budget for this year to the extent that the local tax rate has been reduced by a substantial amount. We understand the Governing Body will attempt to further reduce taxes despite the heavy load of interest charges attached to constructing a sanitary sewer system and which must be added to the annual budget.

If the newly formed Taxpayers Association will see with open eyes and understand problems facing township officials, then and only then will it succeed. On the other hand, confidence of the town fathers in the honest efforts of the organization will help to bring about a bigger and better Springfield.

"Loyalty to your town costs nothing and yields vast returns—think it over."

MATTER of OPINION

A Woman Looks at Springfield

Headlines announcing that a reduction in electric rates is probable bringing a feeling of satisfaction to newspaper readers. This satisfaction is dashed away by the statement further on in the article in the Newark News that "It is regarded as unlikely that any cut will fall within the first 50 K. W. H. block of current." A residential customer pays \$4.10 a month if he uses 50

where rates are astoundingly low are borne out by the high profit earned on present service rates.

If the recently formed Taxpayers League will take a firm stand on this question, more can be accomplished than a cut which will be of no assistance to the modest householder, whose name is legion, and who probably in the final analysis, bears the greatest portion of the cost of operating.

No greater service can be rendered toward the furthering of the ideals upon which this country was founded than that which is being carried on by those who are working earnestly and steadfastly in building up the organization of the Boy and Girl Scouts. If the character of our youth is wisely formed, we will in the next generation have men and women who can be trusted to carry on.

If only those whose bills are more than \$4.10 a month are to be benefited by the expected cut, then the people who are in greatest need of rate relief will be denied it. There is a growing feeling that only by ending the monopoly of utility companies and permitting competition in the supplying of the necessary services, will the public receive a square deal. Information which has been published relative to the low cost of producing electric current prevailing in other sections of the country

Community Sewing to Aid Unemployed Planned Here

ASSISTANCE FOR NEEDY SOUGHT BY DISTRIBUTING 2,500 YARDS OF COTTON THROUGH RED CROSS

Parent-Teachers' Association First of Groups to Work One Day Each Week

Among the words in our language which hold for us feeling and sentiment, are father, mother, baby—and home. It was the happy privilege last week of the Red Cross to give certain articles of furniture, some of them the most essential things which are needed in a home. They were distributed among various families and were received with the most satisfactory appreciation. The greatest joy was shown, however, by a young couple with one small child, who were enabled to start their own little home when they obtained the kitchen stove and the bed. The furniture was donated by Mr. John Yaeger, who recently sold his homestead on Shunpike road.

The Springfield Branch of the Red Cross is constantly enlarging the scope of its activities, and this winter the work will probably reach a war-time basis. Plans are being made for a comprehensive sewing program, in which it will be assisted by various units formed in the churches and civic organizations.

The Parent-Teacher Association, through its president, Mrs. Charles G. Nelson has formed a unit which will be under the leadership of Mrs. William H. Young. These groups will sew one day a week, making garments from the cotton materials which the government is distributing. The yardage allotted to Springfield, 2500 yards of six different types of cotton goods, will be used in relieving distress among the unemployed. When mothers have sewing machines and are able to sew, they will receive them in that form and will finish them. Those who are unable to sew will receive the garments completed.

All sewing must be done in groups in a centrally established workroom which Lewis F. Macartney, local relief director, is planning to establish. Electric machines will probably be set up for the use of the volunteer workers. Goods cannot be taken into homes to be made into garments.

When mothers have sewing machines and can sew, they may have the yardage, or the garments will be cut out and given to them in that form. Others will be given the finished garments. There will be articles for men, women and children. There will also be bed linens.

Salutatorian of her class and a member of the honor society, Miss Phillips had achieved an excellent record when she graduated from Roselle Park High School in 1929. During her college career, she played basketball and baseball, was a member

of the "Cercle Francais," the Woman's Chorus, the Contemporary club, and the World Fair committee, and, in 1931-32, acted as exchange editor of the "PELICAN," the college paper. The trip abroad results from her excellent scholarship, and is part of the program of the student exchange system of the Montclair college. It is sponsored by the department of foreign languages under the direction of Margaret B. Holz.

Miss Virginia Deller, sister of the bride and maid of honor, and Miss Cecilia Dunleavy of Maplewood, wore maroon velvet gown trimmed with pink satin and carried roses. They were attired in turbans of maroon velvet.

The bride's mother wore brown velvet and turban to match and carried roses. The groom's mother wore black velvet with hat to match and also carried roses. Miss A. Park of Millburn, former church organist, played the organ and Edward Jaekel of Springfield, sang two selections.

For traveling, the bride wore a brown dress, hat and sport coat with accessories to match. After a trip to the South, Mr. and Mrs. Baird will reside at 2066 Emerson avenue, Union.

Park System

ed frequently during the week. In addition to the frequent tests of the water in the pool made by the commission, the Rahway Board of Health makes independent tests and furnishes the commission its report daily.

A second pool at Wheeler Park was opened on July twenty-fifth, 1931, and is provided with all the up-to-date improvements suggested by experience.

The golf links at Galloping Hill consisting of twenty-seven holes is so well known and recognized for its beauty and availability that it does not seem necessary to enlarge upon this development of the Park System.

The Watchung Reservation, consisting of 1962 acres, is constantly sought by those who are familiar with its beauty. Since the last report of the Commission a surfaced road has been constructed from a point about one-half mile west of the westerly entrance to Echo Lake Park on Route No. 29 to the Watchung Reservation. This road continues thru the reservation across Lake Surprise at the easterly end and up to Glenside ave, which is now being improved by the county. Following Glenside avenue easterly, we come to the stables from which something more than twenty miles of bride trails extend thru the forest primeval.

OUT OF THE ORDINARY

WITH all the different kinds of foods talked about and recipes for using them in ways that are different, we come to molasses, the good old sweet that comes to us right from the sugar cane. Here is one to serve to youngsters that will be enjoyed:

Vitamin Salad.

Place a leaf or two of crisp lettuce on each salad plate. Place a slice of pineapple on the leaf and fill the center with New Orleans molasses. Cover with a thick slice of orange, top with a slice of apple (or a square), topped with a cherry. Just before serving pour over the following sirup: To one teaspoonful of molasses add the juice of one orange and one-half a lemon. This will serve four salads.

Veal Stuffed Tomatoes.

Take out the seeds from six tomatoes after slicing off the top. Sprinkle well with salt and pepper. Cook two tablespoonfuls of butter with one-half tablespoonful of chopped onion for five minutes. Add one-half cupful of chopped cold veal, one-half cupful of bread crumbs, the tomato pulp, season with salt and pepper. Cook five minutes and fill the tomatoes with this mixture. Place in a buttered pan, sprinkle with buttered crumbs and bake for 20 minutes.

Pineapple Salad.

Take one cream cheese, three-ounce size, one-third of a cupful of walnut meats, the same of raisins cut into bits, make into small balls. Arrange on crisp lettuce leaves in the center of a slice of pineapple, add a spoonful of mayonnaise and a spoonful of whipped cream. Garnish with dates cut into quarters. Add a tablespoonful of lemon juice to the four slices of pineapple.

Tea Ice Cream.

Take one cupful of milk, three egg yolks, one cupful of sugar, a bit of salt, one-half cupful of strong tea infusion, one cupful of thin cream, two cupfuls of heavy cream. Freeze and add two cupfuls of whipped cream, and finish freezing.

and kill you all."

The three might have been there yet except that the bandits overlooked a penknife in Dundar's pocket. Dundar set to work as soon as they closed the door. He managed to work the penknife out of his pocket and cut his and his wife's bonds in a forty minutes struggle.

Without waiting to free his sister Dundar and his wife ran across fields for an eighth of a mile to the home of Charles Kramer in Dundar road. Kramer telephoned police.

Patrolmen Selander and Sturm responded. Selander cut the bonds of Miss Dundar, who was by that time conscious. Sturm took her to the hospital. Chief Runyon and Patrolman Sorge arrived later.

The bandits left numerous clues. The brand-new rawhide and the exceptional, expertly tied knots in it; cigarette papers, the matches and their box which carried a Long Island City advertisement; half of the barrel of a cast iron fake gun which broke; part of a pistol handle, fingerprints on the water dipper handle and other articles which police do not wish to reveal at this time.

Picnic of the Dead
One of the strangest sights in the world is on a mountain top of Luzon, Philippine islands. Fully clothed, and sitting in groups of from 10 to 25 each, there are hundreds of bodies of Igorots which have been mummified by the hot, dry air—their method of burial. It resembles a vast picnic.—Collier's Weekly.
