PROPOSE NAMED ZONING COMMISSION HERE

Rambling
Around
Town

CONTRARY TO GENERAL reports, the State Highway improvement of paving Morris avenue from Union Center to Seven Bridges road, will not be started until early next Spring . . . the first stretch from Elmora to the center of Union has been completed, graded and appears to be an attractive highway, with four wide lanes throughout . . . the local part will be forty-six feet in width and it appears that it may be necessary to remove large trees in Morris avenue in Springfield to permit the desired width . . . unless trees are removed from only one side it may wind up in cutting down trees on both sides . . . the beauty of the thoroughfare should not be impaired if it is possible . . . the silence along the local political front of the minority party is the surprise of many politically-minded residents thus far in the campaign.

The board of directors of the Springfield Taxpayers' Association is as representative a body of men as could be selected . . . we understand women will be sought for the three vacancies on the board . . . the group met last night but this column was prepared too early to list the added directors . . . a prominent man in local circles has a reputation for a sarcastic and discourteous manner which is hard to equal in any individual we have yet to meet . . . a bit childish but old enough to know better, he is efficient in his work but can he be intolerably mean? . . . knows everything, in his own opinion and never fails to grasp the opportunity to tell anyone his mind . . . some day the worm may turn and then it will be interesting to note the change in temperament against this certain party's narrow-minded disposition . . . It is encouraging to see the excellent move being made by the Township Committee to instigate a zoning commission in Springfield for the purpose of contemplating action in the near future . . . we understand the matter of zoning has been discussed time and again but the ordinance introduced Monday night by the Governing Body is the first concrete step in the right direction . . . more power to Mayor Charles S. Cannon and Committeemen Alfred G. Trundle, who advocated zoning in their platform when running for office last year . . . this is a true example of an election promise which appears to be materializing.

Elected Post Commander

George Glutting of Springfield was elected commander of Connecticut Farms, American Legion, of Union at a meeting last Friday night. He succeeds Alexander Rose and will take office on October 20.

Members Increase at First Meeting Held Last Night

Adopt Constitution, By-Laws and Hear East Orange Man, Also Radio Talk

Increasing membership in the Springfield Taxpayers' Association has resulted in a present enrolment of over 150 citizens, it was reported at a meeting of the group in the Municipal Building last night. Thomas J. Hankins, Jr., president, presided. About eighty per cent have paid their dues. John D. Lee, treasurer, declared. A constitution and set of by-laws as approved by the board of directors, was adopted by the association. It provides annual dues of one dollar; meetings the second Thursday of the month, and the annual meeting in March.

A. Warren Littman of East Orange, affiliated with the State Taxpayers' Association, of which the local unit is a part, gave an interesting talk on the purposes of the organization.

"This association," he said, "is not to criticize but to give constructive suggestions in cutting down extravagant expenditures."

He listed five reasons for the rise in taxes, namely, the growth of population in regard to need of more municipal service, incompetency of men in office to plan for future progress and development, antiquated governmental machinery which must be adjusted to present-day means, tolerance by taxpayers to extravagance in boom times which must be lowered to present conditions, and advance of technical and economical development.

Arthur Smith, Waldo M. Brown and Alvin H. Boss were elected directors to fill three vacancies on the board.

John D. Lee spoke on why he had joined the association. He said: "I want to get the truth and facts about local affairs, not gossip. I have no complaint to make. I don't care to take a man's job away but there is a lot of talk about certain office holders in town. One man gets \$60 a week, I hear, another gets \$2,500. If these facts are so, why can't he work eight hours a day in the daytime? All I ask is to get the truth and then apply the remedy."

A letter of thanks was ordered sent the Township Committee for co-operation in granting use of the Municipal Building for monthly meetings.

Wilbur D. Schuster, secretary, declared the committee's assistance was self-evident and the Governing Body was willing to co-operate with the taxpayers group.

A board of directors meeting will be held next Thursday night.

Democrats List Party Platform in Local Drive

Against Full-Time Salary on Part-Time Jobs—Favor Monthly Tax Payments

Opening guns in the campaign of local Democrats is launched in a statement of the party platform released today which among its eight planks, emphasizes monthly payment of taxes, opposition to full time salaries for part-time positions which is believed to refer to the status of the township clerk and a policy to invite groups of citizens to help prepare a budget for the forthcoming year.

The Springfield Democratic Club is endorsing Otto F. Heinz and John M. Sweeney for Township Committee. The platform reads in full as follows:

WHEREAS, the Democratic Party of Springfield, cognizant of the fact that locally the Republican Party having been in power and control of township affairs many years, has disregarded the principles of intelligent economy until, now, taxes have become a burden upon the taxpayer, and no immediate improvement in sight, and

WHEREAS, their promises made only a year ago have gone for naught, proving that promises made in behalf of the Republican candidates cannot be depended upon and that once elected to office these pre-election promises are forgotten and they

Mayor, Committee Member and Three Residents to Sit on Planning Group

SET PUBLIC HEARING FOR ACT OCTOBER 24

Creation of a five-man planning board and zoning commission in Springfield is provided in an ordinance introduced by the Township Committee Monday night by Committeeman Frank C. Geiger. Means controlling aid aiding development in the township by the appointment of such a body has been advocated by residents and Charles S. Cannon and Alfred G. Trundle, present chairman and committee member, who included zoning in their platform when elected last November.

The ordinance provides naming a member of the Township Committee, preferably the chairman of zoning, the chairman as member ex-officio and three citizens. The committee members will serve the duration of their terms on the Governing Body and the other appointees would be for one, two and three years, successive appointments to be for three years. The chairman of the Township Committee makes the selections and a new chairman may appoint members as he desires.

The board will have power to prepare plans and maps for municipal planning purposes. All five members will serve without compensation. A clause in the ordinance provides that an added advisory committee of five citizens may be named to assist the planning and zoning commission.

The ordinance will be given public hearing on October 24.

Home Economics Service Offered to Residents

STATE COLLEGE IN NEW BRUNSWICK MAINTAINS COUNTY DEMONSTRATION INSTRUCTOR, MRS. SATTERTHWAITE

Home Management, Food, Clothing, \$10 a Week Menus Are Subjects Discussed

Each year, a state appropriation is levied to carry on the work of the New Jersey Extension Service in Home Economics, of which Mrs. Margaret V. Satterthwaite is county demonstrator.

The director gives instructions in home management, clothing, parent education, food, etc. on information from the State College in New Brunswick and state specialists on the subjects.

Last year representatives of the local Child Study Group attended leader training meetings of the service. One group has had food classes where \$10 a week menus prepared by the state department are furnished free upon request complete with shopping list and recipes.

There have been regular classes in millinery and sewing helps. In the hat classes, the demonstrator furnishes the use of various hat blocks and millinery thread. All outside material to be taken to meetings may be purchased at wholesale shops and old hats may be brought to be cut down and remade into new styles.

One lesson has been taken on upholstering of a chair. Recently, the class made rush-bottom stools, which did not cost over one dollar. Every member made a chair in addition for her own use and also an extra chair to be given as a gift.

On one occasion, the Home Management Specialist from New Brunswick spent one morning in kitchens explaining how to improve them. She also furnished helpful bulletins on kitchen arrangements, care of floors, etc.

At the present time a Christmas box complete with suggestions for gifts under one dollar with patterns and instructions in making is available. This service is offered to any resident of Union County.

Any reader interested may communicate with Mrs. William H. Young of 47 Clinton avenue, or Mrs. M. V. Satterthwaite, Room 306, Courthouse, Elizabeth, N. J.

Many Goldenrod Varieties

There are about 125 varieties of goldenrod, most of which are found in this country. They are cross-fertilized by butterflies and bees, and are typical insect-pollinated plants. The pollen gives a positive hay fever reaction, but, not being wind-borne, can cause hay fever only upon direct inhalation.

Old Norman Trees

A tree census of Normandy disclosed the fact that there are many multi-centenarians in the forests. A yew tree in the village cemetery of Saint Ursin (Manche) was planted 900 years ago. There is also a colossal yew tree 32 feet around at Blondiere which is known to have been growing in the Seventh century.

Amber a Fossil

Amber is a fossil resin, consisting of the sap of an extinct species of pine tree of the tertiary period. 1. A high school.
2. Removal of dilapidated buildings which are "sorespots."
3. Sidewalks wherever needed.
4. Encouraging clean factories, to increase the ratables.
5. Establishment of a Taxpayers' League.
6. Postal-carrier delivery.
7. Reduced bus fare within town limits and to Millburn R. R. station.
8. Full time position for the township clerk's office.
9. Set of Building Zones, before township is developed.
10. A county park.

MATTER of OPINION

A Woman Looks at Springfield

While it is to be regretted that former State Senator Arthur N. Pierson of Westfield will not be returned to Trenton after the coming election, due to his defeat in the primary, he is serving a most useful purpose in his frequent talks before taxpayers' associations. In a recent editorial in Collier's weekly, "Congress is what you make it," it was said. "There are strong and intelligent men in both parties and there are scoundrels in both parties. Worse even than the scoundrels are the weaklings. Without positive convictions and with not too much intelligence, they are the easy prey of lobbies and vocal minorities." The same may be said of the New Jersey State legislature. Senator Pierson has been a "strong and intelligent" legislator. In his long and splendid record he stood head and shoulders above the "weaklings and scoundrels."

probably was of more effect in furthering the formation of the League than any other statement made. No governing official can justifiably complain of a lobby of intelligent, informed and reasonable taxpayers, who are willing to admit that you can't have anything in this world without paying for it. And there is nothing more certain that you can't expect good government if you elect a body of men and after that, smugly feeling that you have done your duty, wash your hands of the whole matter of government. The lobby is an accepted appendage of our legislative halls. The idea is actively carried on, even in the tiniest hamlet. It remains to be seen what taxpayers' lobbies can accomplish.

Representative Fred A. Hartley, Jr., announced his change of views yesterday on the payment of the veterans' bonus. It has taken Mr. Hartley a long time to see the light. Is it possible that this right-about-face was caused by the terrific wallops the press has been handing out to the politicians who have been exploiting the veterans by enacting vote-getting laws which have been a raid on the public treasury, conferring benefits that the majority of veterans have not asked for or expected?

Things usually work out, if we just stop fussing.

People generally measure up to what we expect of them.

Speaking in Millburn several days ago the former senator emphasized that efficient and economical local government is not a matter of form, but a matter of the quality of the officials running the government, whether it be commission or councilmanic. "It's the man behind the gun" that counts.

Mr. Pierson's statement at the convention of the Taxpayers' League held this Summer, that every kind of a lobby had been active at the legislature but a taxpayers' lobby,

KEEP THE LARGE BOARD

The voters of this community will be asked to choose between a large and small Board of Freeholders on Election Day, November 8. On snap judgement, it would seem that the small Board would be the most economical, but it is quite the contrary. The small Board also has other disadvantages that vitally affect you, the citizens of a small community.

The Board of Freeholders at present consists of twenty-four members, with a total appropriation of \$33,000. This includes all expenses of each member. The proposed small Board of nine members provides for a salary of \$4,000 each with an additional \$500 for the Director, making a total of \$36,500. This amount does not include expenses. The taxpayer foots the bill—in these times do you want your taxes increased?

There is yet another phase of this situation that is very important, aside from the monetary standpoint. The members of the small Board would be elected from the County at large, the nine men having the largest number of votes being seated, regardless of the location of their residence in the County. It is very possible, in fact quite probable, that under the small Board, the Township of Springfield would have no representation at all, but would have to look to someone who knows nothing of local conditions. Would you care to entrust your County Government to nine men, all from one large city in the other end of the County? This could happen under a small Board.

It is our sincere belief that, after thinking this matter over carefully, you will come to the conclusion that the large Board is the best, both from a financial standpoint, and in the matter of fair and equal representation.

READERS' FORUM

Asks Voters to Relieve Work by Registering Early

To the Editor of the Sun: Since you have always granted the use of your columns for the purpose of enlightening our readers I trust you will again extend this privilege.

Next Tuesday, October 18, will be the third registration day in all municipalities not having permanent registration. The hours are one to nine o'clock P. M.

The coming election is of sufficient importance to induce every American citizen to see that his or her name is upon the Registry books. It is true that in municipalities like ours one may register upon election day. However, it is in the interest of the elector officers that I am writing this letter. To save confusion that will follow the enrolling of voters upon the day that votes are cast it is urged upon our citizens to register next Tuesday. When one considers that the ballot will be the largest we have yet had, some 24 by 36 inches in size, it may readily be seen how difficult will be the work on Election day for our

election boards. I trust the voters will appreciate this and help our election officers. Very truly,

OTTO F. HEINZ.

SPRINGFIELD

Population—1930 census 3,725; 1920, 1715. Assessed valuations—1931, \$5,481,774. Tax rate, 1932—Township, \$3.22; state and county, \$1.00. Incorporated 1857; settled early in 1700's. Springfield is essentially a township of homes. It is 55 minutes from New York City on the electrified D. L. & W. Railroad and has excellent bus connections to Newark, Elizabeth, Summit and Plainfield. The railroad stations at Millburn and Short Hills are less than a mile from Springfield Center. The Rahway Valley Railroad has a freight station in Springfield, giving service for factories, commercial and industrial purposes. State Highway Route 20 makes it convenient to reach New York in thirty minutes by car when completed. Numerous state and county highways pass through the township. It has good streets; water; gas; electricity and a newly opened sanitary sewer system. Of interest in Revolutionary history with its historic Presbyterian Church where Rev. James Caldwell cried, "Give 'em waddy boys," in the midst of the Battle of Springfield fought on June 23, 1780. Several colonial landmarks are to be found in Springfield, one of the oldest communities in Union County.

fall into the ways of their predecessors, and,

WHEREAS, the Democratic Party in the State through its Governor is keeping the promises made last Fall to practise economy, with further more sweeping economies on the parties' program, therefore,

The Democratic Party of Springfield, appreciating the fact, that a change locally in controll of Township affairs, will benefit the taxpayer, has nominated two candidates, whose integrity, unselfishness, courage and consistency fit them admirably for the office of Township Committee, and offers for your consideration the following platform:

1. We favor and commend for the consideration of the citizens of Springfield the platform of the Democratic Party adopted at the National Convention in Chicago last June.
2. We favor and will practise intelligent economy in the conduct of the business of the Township.
3. We favor and will work for the reduction of taxes and promise to encourage groups of citizens to participate in the preparation of the annual tax budget, recognizing the fact that the taxpayer is a stockholder in the Township of Springfield and not a mere figurehead.
4. We favor and will urge upon the citizens and taxpayers the use of a plan permitting monthly payments of taxes thus lightening the burden of lump payments thereby reducing the interest charges to the Township on borrowed money.
5. We favor a five cent fare within the Township on all bus lines and a five cent fare from Springfield to Millburn, Summit and Union, and promise to enlist the aid of these communities in bringing before the Public Utilities Commission our rights in this matter and to urge the co-operation of the Commission in bringing about this change. (This was a Republican campaign promise last year that failed of fulfillment.)
6. We favor lower gas, electric, telephone and water rates and to secure these promise to appear before the Public Utilities Commission if necessary.
7. We do not favor paying full time salaries for part-time positions.
8. We favor a true Democratic service to the masses and not to the favored few.

Sewing Quarters Given Red Cross

Details of a program to provide new and used clothing for the relief of needy families in Springfield, are being furthered and plans are rapidly shaping so that the work of a large number of volunteers who have pledged their time and efforts to the cause, will begin work in a week or ten days. Progress reported by L. F. Macartney, director of emergency relief, and Mrs. Charles D. Floeter, chairman of the Red Cross is as follows:

Central headquarters, where 2500 yards of government cotton material allotted to Springfield will be made into garments, and distributed, will be located at 230 Morris avenue. Use of the store was granted to Mr. Macartney for the Red Cross project, by J. M. Wallhauser & Co., of Newark. Sewing machines will be set up for the use of the volunteer workers, and the shelving and cases now in the store provide ideal equipment for the storing of materials and garments.

In the rear of the store is an alcove which will be used for the used clothing which was collected two weeks ago by the Emergency Relief Committee.

This will be distributed on three afternoons each week, Mondays, Wednesdays and Fridays, between 2 and 4:30 P. M.

As the Act of Congress authorizing the transfer of the Government-owned cotton to the American Red Cross states it, is to be "for use in providing clothing and wearing apparel for the needy and distressed people of the United States and Territories," the basis for the distribution is need.

Three sewing groups have already been formed as follows: Parent-Teacher unit, Mrs. William H. Young, chairman; Presbyterian Benevolent Society unit, Mrs. William R. Richardson, chairman; Methodist Ladies' Aid unit, Mrs. William I. Reed and Mrs. Manng Day, Jr., chairman; other groups will be selected later.

STUDYING VIKINGS

The pupils in our class have been studying about the Viking. We made Viking boats and pictures of weapons they used in their days.

Edward Meeker is going to make a real drinking horn like the Vikings used. The class enjoyed the Viking story, "Farmers" read by Jean Hodgson. It was about Thorstein's feast hall. Isabel Ferry also read an interesting story to the class, the title being "King Haldan." — EDWARD SPERA—Grade 5A. Reporter.

RAB AND HIS FRIENDS

Miss Meade is helping us in literature. The story she has just finished was about "Rab and His Friends." In the story there was an Englishman and wife who owned a dog named "Rab." The wife grew sick and instead of a nurse, her husband and Rab watched over her until she died. — MARIE VOLK, Grade 6.

THE 7B LIBRARY

We have about fifty books in our class library. Among those which are the most interesting are "Track's End," "The Frozen North," "How They Carry Mail," and many other. Not all the pupils have read the books but we hope they will before long. — HARRY ILIFF.

7A NOTES

7A is proud to have these pupils on the Honor Roll for the month of September: Mary Van Veen, Wendell Collins, Gene Morrison, Carolyn Harmon, Charlotte Mueller and Freeman Huntington. — CAROLYN HARMON.

MAKING "CITY"

The fourth grade is making a miniature of the city of Bagdad. The houses are being made of cardboard. We made the Tigris River from blue paper. Miss Harvey brought us two stuffed birds. One was a barn swallow and the other a red winged blackbird. — HENRIETTA HAMMONDS, Grades 3 and 4. Reporter.

GRADE 3 NOTES

We made a map of our town. We have written stories about pictures and learned new songs about the Dutch people. — WALLSWORTH BALDWIN, R. C. School.

FALL

We have a table of things that show fall is coming. Holman bought some cat-tails. John, Hilda, Gloria, Florence, Clara and Dorothy brought some acorns. — Grade 1, R. C. School.

SCHOOL SOCCER

The Junior High School girls played an exciting game with the alumni Monday, October 3. The first half was scoreless but the school team managed to rush a goal in

the second half. The alumni tied the score in the last half minute, making a tie score at the end of the regular periods. The alumni came through with a goal in the extra period to win, 2-1.

There is possibly no more interesting an occupation for one so inclined, than writing a column because one sits down without an idea and drifts along with the old friends and new acquaintances of the book shelves.

As a pedestrian on a beautiful day would say, "Good morning, Mrs. Brown," or "Flowdy, Bill," so the column writer salutes Mark Twain, Van Dine, Grey, Beach or Miss Cather. We have been accused of a superfluity of intellect which is not a correct appraisal of merely saluting the passer-by on the literary avenues.

Once in four years, usually, this country takes stock of itself and becomes very interested in how it runs and why public men have done thus and so. It is well—but we should take that interest every year with regularity.

There are two books on our free shelves which give background to any national, political or economical thought. In themselves very good reading, yet instructive.

"King Coal," by Upton Sinclair is a study of certain American coal mining conditions and "The Pit," by Frank Norris, describes the wheat pit activities centered in Chicago.

We have a book here by Calvin Coolidge which is more than interesting at this time

Springfield, New Jersey, in gold coin of the United States of America, of or equal to the present standard of weight and fineness.

The bonds will be coupon bonds, with the privilege of registration as to principal only or as to both principal and interest.

No more bonds of said issue will be sold than will produce a sum equal to the authorized amount of such issue and an additional sum of less than \$1,000. The bonds will not be sold for less than ninety-nine per centum (99%) of their par value, and the sum required to be obtained at the sale of said issue is \$141,570. Subject to the above provisions concerning the interest rate, said issue of bonds will be sold to the bidder or bidders complying with the terms of sale and offering to pay not less than the said sum required to be obtained at the sale of such issue of bonds, and to take thereof the least amount of bonds of such issue commencing with the first maturity (stated in a multiple of \$1,000); and if two or more bidders offer to take the same amount of said bonds, then to the bidder or bidders offering to pay therefor the highest additional price. Notwithstanding any and all of the foregoing provisions, if any legally acceptable bid for said bonds at par or above is received, no bid for bonds at less than par will be considered. The right is reserved to reject all bids and any bids not complying with the terms of this notice will be rejected. In addition to the amount bid, the purchaser must pay accrued interest at the rate borne by the bonds from the date of the bonds to the date of payment of the purchase price.

All bidders are required to deposit a certified check payable to the order of the Township of Springfield, New Jersey, for two per centum (2%) of the amount of bonds bid for, drawn upon an incorporated bank or trust company. Checks of unaccepted bidders will be returned upon the award of the bonds. Interest at the rate borne by the bonds from the date of award to the date of delivery will be allowed upon the amount of the check of a successful bidder and such check will be retained to be applied in full payment for the bonds, or to secure the Township against any loss resulting from the failure of the bidder to comply with the terms of his bid.

Proposals should be addressed to Robert D. Treat, Township Clerk, Springfield, New Jersey, and enclosed in a sealed envelope marked on the outside, "Proposals for Bonds." The successful bidder will be furnished with the opinion of Messrs. Hawkins, DeLafield & Longfellow, of New York City, that the bonds are binding and legal obligations of said Township. ROBERT D. TREAT, Township Clerk.

Byron, right back for the locals, scored two touchdowns while Lyons and Ogden were credited with a touchdown each. The Maple eleven was a bit lighter than the Springfielders and were outclassed by the clever football tactics employed by the local team.

BERT HEINZ IN GOLF FINAL NEXT SUNDAY

Bert Heinz, popular local golfer, will play Hruza in the final round of the third flight of the Union County public links championship at Galloping Hill course next Sunday.

Heinz has played consistent golf throughout his matches, having failed to place in the first or second flights. Some idea of his superiority over the semi-final opponent, Maul, is indicated in his 6 and 7 rout last Sunday, the biggest margin of the day's matches.

Ramblers to Meet Westfield Seconds on Gridiron Monday

The Springfield Ramblers, consisting of local boys, managed by Rocco Marcantonio and coached by Carmen Pariso, will play the Westfield High School seconds in a return contest at Flemer Oval Monday afternoon at 3:45.

Lott's 35-yard end run in the third period featured the Ramblers' attack and Ross made several long runs for the winners.
