## Judge Robert Carey to Talk at G. O. P. Rally Here

### Rambling Around Town

ZONING SPRINGFIELD APPEARS TO be favored by most members of the Tax-payers Association, the Rambling Reporter understands . . . this is the proper time to zone the township before it grows further and if the local authorities name a non-partisan board, as we understand it will, the entire township will benefit . . . the appearance of former Judge Robert Carey of Jersey City in Springfield on November 1 at the Republican rally in the Municipal Building should pack a large crowd in the building, as the speaker is one of the state's most fiery characters, fearless and strongly independent . . . the new practice of the clock striking hourly on the Presbyterian tower revives the hope that the timepiece might be lighted at night in the near future so that the hands might be read at all times as well as the hourly sound heard . . . the expense attached to illuminating the clock should not be high and a valuable township convenience would be afforded . . . the description of last week's "sarcastic and discourteous" individual appears to have been misunderstood by persons not behold, the actual man is more foolish than we thought . . . we suspect he doesn't even realize we mean him . . . if you're one of the persons who feel this column is striking at you, you are mistaken . . . the Rambling Reporter enjoys no personal malice and if you think you fit the shoe why then wear it . . . we endeavor to work toward the betterment of all residents and the description effected makes the change desired, we are satisfied . . . the annual Armistice Ball of the Policemen's Benevolent Association on November 10, the eve of the holiday, is an affair which ranks with colorful occasions in the township . . . the cops always have an entertaining program and at least 200 residents come out to the dance each year . . . the police department may soon get a new car and certainly the condition of the local police auto would easily get away in a chase.

### To Hold Fair

The Ladies' Aid Society of the Methodist Episcopal Church will hold its annual fair in the lecture room Tuesday afternoon and evening, November 1. The fair will open the afternoon at 2:30 and a hot supper will be served at 5:30 o'clock. Tickets fifty cents will be sold at the door.

### G. O. P. Women Meet

The Womens' Republican Club of Springfield met Monday night at the home of the president, Mrs. John J. King of 63 Tooker avenue. A subscription to the SUN will keep you informed of all local items of interest.

### Elect Dr. Morris Medical Officer

DR. WATSON B. MORRIS

Dr. Watson B. Morris of Springfield was elected president of the Union County Medical Society at a meeting the latter part of last week in the Elizabeth General Hospital. The local physician is president of the First National Bank and a director at Bonnie Burn Sanatorium.

Dr. Emil Stein of Elizabeth was chosen president and other officers are: secretary, Dr. G. W. H. Horre; treasurer, Dr. Alden R. Hoover; reporter, Dr. Russell A. Shirreffs, and censor for five years, Dr. Milton A. Shangle, all of Elizabeth.

Dr. A. Haines Lippencott, president of the State Medical Society and Dr. J. B. Morrison, state secretary, were visitors at the meeting, both making brief addresses, outlining the current work of the state society.

### Police May Get New Automobile

Springfield police may receive a new automobile so badly needed as a result of a conference between Chief Runyon and Police Commissioner George B. Gaskill Wednesday night. Since the 1932 budget could not allow enough to purchase a new car, a plan has been devised to trade in the present Ford which has been driven over 50,000 miles in three years and get a new one.

The dealer would have to finance the sale so that the added cost to the township would be merely the 6 per cent interest. The move is being made rather than to continue to repair the present auto which has seen its day as far as the strain of police duty is concerned. Mr. Gaskill will report to the Governing Body Monday night on what steps will be made.

Criticisms are welcome. The publishers are open at all times to constructive suggestions in making this newspaper more interesting.

### Collegians to Hold Masquerade and Card Party Next Thursday

The Collegian Club will hold its first annual Halloween masquerade dance and card party in the Haunted Lodge, Evergreen Park, Friday of next week, October 28, at 8 o'clock.

There will be continuous dancing from 8 until 1 o'clock and Kohler's Moonbeam Orchestra of Irvington will supply the music. A cash prize of five dollars will be awarded the funniest, best looking and most

### Delinquent Sewer Connections Will Be Given Notices

#### Board of Health Rules That Third Letter Be Mailed About 169 Owners

Steps will be taken by the Board of Health to enforce a township ordinance that connections be made into the sanitary sewer system as a result of action Monday night in instructing the secretary to notify about 160 delinquent property owners that they connect into the system ten days after notification or be subject to penalties provided. The number represents those who have disregarded two previous notices.

A small committee consisting of Lewis F. Macartney and George B. Gaskill, president and member of the Board of Health, and Dr. Henry P. Dengler, health officer, are investigating the cases not connected into the system. About 650 connections have been made to date.

The report of the secretary for September listed four births, four deaths and two marriages. It was reported that a survey of all dairies in the state supplying milk for local consumption had been made by Dr. Dengler and A. H. Richards, inspector assisting. Under a new law, this work formerly performed by state officials, is given to local municipalities as an economy measure in the state government.

### To Consider Act On Zoning Monday

The Township Committee will hold a public hearing Monday night on an ordinance authorizing the formation of a five-man planning and zoning board for the township.

The act provides that the body include the chairman of the Township Committee as an ex-officio member, a Township Committeeman and three citizens to be named by the Mayor. The group will work with the township engineer and zoning experts on preparing plans and maps. An advisory committee of citizens-at-large may also be named at the discretion of the chairman.

Members of the planning board will serve without compensation. The terms of the committee members will expire at the end of their respective service on the Township Committee while the remaining three members to be selected first will be in office for one year, two years and three years, their successors to be chosen for three years. Thus, the board will have a new selection of citizen members each year.

### Wesley Collins Popular Candidate

C. WESLEY COLLINS

Under-sheriff C. Wesley Collins of Westfield, who is conducting an active campaign for election as Sheriff on the Republican ticket, has many friends and wellwishers in Springfield. Mr. Collins feels that he has fitted himself for the trying and onerous duties of the Sheriff's Office by serving as Under-sheriff for the past three years. Sheriff Frank R. Emmons, the present incumbent, speaks highly of the manner in which the duties of Collins have been performed.

Mr. Collins is a graduate of Rensselaer Institute of Technology, and served for many years as assistant to the City Engineer of Plainfield and as Engineer for the Town of Westfield. He enjoys the unique distinction of having with him at his home four generations of his family.

### New Officers in Fire Department

The Fire Department met Wednesday night in the firehouse and completed arrangements for a new system of officers. Instead of wardens as heretofore, captains and lieutenants have been selected from the volunteer ranks. They serve with no compensation, except that given volunteer members.

The department officers have been selected as follows, president, David S. Jeakens; vice-president, Edward C. Townley, Sr.; secretary, Reuben H. Marsh and treasurer, Charles S. Quinzel.

George W. Parsell is captain for two years and John J. King captain for one year. Edward Townley, Jr. is lieutenant for two years and Harry Widmer is lieutenant for one year. Thus, a new appointment must be made each year.

Chief Charles Pinkva and fire officials have devised the new system to encourage activity amongst the younger firemen.

### Republicans Plan Monster Rally in Town Hall Nov. 1

#### McLean, Loizeaux and Others Will Also Speak at Climax of Local Campaign

Former Robert Carey of Jersey City, prominent New Jersey Republican leader and one of the most colorful figures in state politics, will be the principal speaker at a monster rally in the Municipal Building the night of November 1, to be held under the auspices of the Springfield Republican Club.

Peter H. Meisel, county purchasing agent, chairman of the local committee in charge, announced yesterday that Mr. Carey has been secured to speak in Springfield, despite his heavy speaking schedule so close to election, principally due to his friendship with the Jersey City man.

Donald H. MacLean of Hillside, Congressional candidate, Charles A. Loizeaux of Plainfield, candidate for State Senator, and other county candidates, will also be heard.

A meeting of about twenty local Republican leaders was held early this week at the home of Mr. Meisel in Morris avenue, to formulate plans for the rally.

The presence of Judge Carey has caused adjoining Republican groups to seek admission to hear him, but it is being stressed that the local interest will be encouraged in insuring seating for all since an overflowing audience is expected to be present.

### Court of Honor Exercises Held

Local scouts received awards at Court of Honor exercises in Connecticut Farms Church, Union, last Sunday night.

The following awards went to Springfield officers and scouts: District Commissioner Grenville A. Day, canoeing and photography; Scoutmaster Edward J. Hoagland, canoeing, cycling, pathfinding and safety; Robert Kohler, bird study; Assistant Scoutmaster Harry Venn, canoeing and pathfinding.

First class and second class badges were awarded to troops in the district. The Rev. Fred W. Druckenmiller, pastor, preached on the topic, "The Man Who Quit Cold."

Local members of the Court of Honor committee are: Wilbur M. Selander and A. Lenox Crane of the local Troop Committee and Deputy District Commissioner Day.

### SPRINGFIELD GARAGE TO CHANGE QUARTERS

The Springfield Garage, now situated at Morris and Mountain avenues, will be in new quarters at Morris avenue and Keeler street, by November 1, Erwin S. Doerries, owner of the garage, has announced.

Remodeling of the three present stores at the new quarters will begin the end of this week and when completed, a more modern garage will be available, Mr. Doerries states. Better access will be afforded and "Standard" service will be continued.

Arrangements to close a five-year lease were completed and permission has been received from the Governing Body to construct three gasoline pumps in front of the station.

Future activities will be placed on the bulletin board, troop officers announced at a meeting last Friday night.

About 125 scouts were present at Court of Honor last Sunday. Troop 65 and 68 of Union took most of the prizes. Mention of local awards will be found elsewhere in this issue.

The first meeting to organize a Sea Scout group was held in Union Monday night. They discussed dues, registrations, an inexpensive source for uniforms and equipment. The Sea Scout Commissioner and several Sea Scout officials will meet soon to form a local organization.

Raymond Kimball spoke to members of the D. of A. in the Town Hall Friday night on the scout drive for funds. A life saving contest will be held soon for local scouts and the Summit troop, the date to be announced.

Two members of the troop were seen last week devouring a soda. We think these two plump young men should reduce rather than drink sodas. One was the Cuckoo patrol leader and the other his assistant. Careful of those waistlines, gentlemen!

Edgar Buell has been named leader of a new patrol. A meeting to decide a name will be held soon.—THE NEWS SCOUT.

### "OUR LIBRARY" OPEN

Monday, 7:30 to 9:30 P. M.  
Wednesday, 2:30 to 5 P. M.  
Friday, 7:30 to 9:30 P. M.

With so many varied activities it is very satisfying to note the sustained interest in our library. Over eighty books have been added to our free shelves within a short time which makes for a wider variety to offer our readers. This reflects many hours of work on the part of the cataloguing librarian and her staff of assistants. The other side of the picture is the continued interest of our more than 600 readers.

Much credit is due the Boy Scouts for the quick and cheerful response they have made to our suggestion that they be the means of bringing our library to those who otherwise could not have the privileges of the free shelves.

Now that football season is in full swing, "Pigskin," by Charles W. Ferguson, ought to be interesting reading for those interested in college athletics. "The Choir Invisible," by James Lane Allen, is one of those books which certain of our readers would go out and do battle to maintain its reputation.

Probably this is one of the few books which will outlast this generation because of real merit. Rafael Sabatini is one of our present day writers who commands attention as a result of a deserved reputation. His "Life of Cesare Borgia" is well worth the time of biography enthusiasts.

Another of this class of reading is "The Story of Gilbert and Sullivan" by Isaac Goldberg. Here we have behind the scenes of the keenest wits of their time. One would never be aware of the weather or time while reading this book.

John W. Vandercock has given a great account of a phase of Haitian life in "Black Majesty." This is a Literary Guild selection and good reading for one inclined to learn of the unusual.

### AT THE STRAND

Zane Grey's "Heritage of the Desert," starring Salley Blane and Randolph Scott, will be the feature at the Strand Theatre in Summit today and tomorrow. Richard Dix in "Hell's Highways," a powerful prison drama, will be the associate feature.

The astonishing mystery, "The Phantom of Crestwood," the special broadcast special will be shown Monday and Tuesday. It is the picturization of the story recently broadcast over the NBC network, in which listeners-in were asked to submit solutions, cash prizes for answers totalling \$6,000. The second attraction on the bill is "Way Back Home," Seth Parker's starring vehicle.

Jimmy Durante, George M. Cohan and Claudette Colbert are the stars of "The Phantom President," the political comedy drama, to be screened Wednesday and Thursday and acclaimed by thousands of movie-goers. "Midnight Morals," with Gwen Lee and Beryl Mercer, will also be presented.

### On Camping Trip

G. Arnold Wright and T. C. Davidson, Jr. of Springfield, Clifford Wright of Nutley and Edward Cort of Irvington were on a camping trip over the week-end in the western part of the state, in and around Harding Lake, Sussex County.

If it happened in Springfield, read it in the SUN.

## School Notes

RAYMOND CHISHOLM

**PLAN HALLOWE'EN PARTY**  
The 8B class is planning a Hallowe'en party. The date has not yet been selected.—JOHN LANE.

**THIRD GRADE NEWS**  
We have a Hallowe'en border, with witches, pumpkins and cats on brooms being driven by witches. We are having a spelling contest with the fourth grade. We wrote letters to a pupil and hope she will be out of the hospital soon.—THOMAS STREET.

**LEARNING SONGS**  
Our song about a ship is pretty. Soon we will learn one about a train.—DONALD WIGGINS, Grade 2.

**7B ATTENDANCE**  
For this month we have had only two and one half days' absence on account of illness. We hope it will be just as good in the latter part of the month.—MARGARET STAEHLE.

**STUDYING IVANHOE**  
The study of "Ivanhoe" has been made in class by special projects. Pupils have collected pictures. Castles were drawn by Fred Pieper, Edgar Buell and Betty McDonald. Betty also dressed dolls to show the type of clothing worn by Rowena and Rebecca, characters in "Ivanhoe." Margaret Anderson and Thelma Sargent made

a copy of the dining hall, in the castle of Rotherwood. The weapons used were drawn by Lucille Welter and Norbert Ganska. Other projects are being completed, such as the making of the lists, soap carvings and other drawings.—EVELYN GRAY, Grade 9.

**FALL BOOKS**  
We made our fall books. We made pictures of cat-tails, colored leaves, acorns and other things that show fall is coming. We put the names of the things on the pictures and made covers and put the pictures inside. We have the books on our fall table.—Grade 1, Raymond Chisholm School.

**OUR SCIENCE**  
The first period we have in the morning is science. We are learning about "spare dust." It grows on flowerless plants. If you have a fern you can see the spores on the lower part of the leaves. They are ripe in the fall. We also learned that a mold is a spare plant. This mold trusts lives in the air, until it lights on some moist object like bread or fruit. Then it begins to grow. It is interesting to study science.—ANN RUSSELL, Grade 5.

**INDIAN BLANKETS**  
Our grade is making small Indian blankets. We are also going to make a book

about New Jersey Indians. We have been studying about seeds in our class and how they travel. The boys and girls have brought in many different kinds of seeds.—JUNE ALLEN, Grade 3-4.

## Fall is the Time to Check Over Car, Says Dealer Here

### Sudden Cold Spell May Find Motorists Unprepared—Check-Up Advised

"The wise motorist will see that he is not caught unprepared by a sudden cold snap," says Ernest Stickel, of Stickel and Stahl, local Firestone tire dealers, located at Mountain and Tooker avenues. "Fall weather is so changeable that even though you start out on a trip in fine weather, you may come back through sleet or snow; and then is when you need Non-Skid on your tires."

"Tires are so low in price now that it is impractical to risk life and property trying to run out the last mile. Based on the present selling price, the last thousand miles in a 4.75-10 tire is worth only 43 cents.

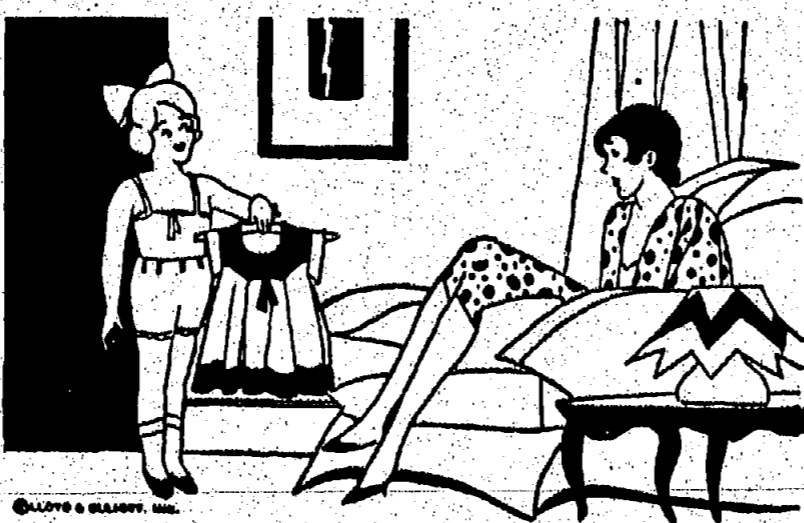

When you drive with smooth tires you are gambling 43 cents against your life and your family's. You may only need safe tires for one second of your life, but if that second comes while you are travelling 60 miles an hour—88 feet per second—safe tires mean life itself. The extra traction and safety of Firestone tires was recently demonstrated on the salt beds near Salt Lake City, when Ab Jenkins drove a Firestone-equipped Pierce-Arrow car 2710 miles in 24 hours over a circular 10-mile course—an average speed of 112.91 miles per hour—breaking all existing world records.

"Fall should be the time for a general check-up of the car," continued Mr. Stickel. "The battery soon will be called upon to turn over a motor stiff from cold, and lights will be burning for longer hours. The generator charging rate should be advanced and the battery inspected to make sure there are no weak cells that might fail when you need them most. Spark plugs also need adjusting for hard winter starting, and radiator hose connections should be inspected so that you will not waste anti-freeze solution or alcohol.

"If the motorist checks his tires, battery, brakes, spark plugs, and radiator hose, he can rest assured that he will have safe, trouble-free winter driving."

## Town Committee Should Meet in Town Hall Auditorium

WHEN a member of the Springfield taxpayers' Association rose and told the gathering last week he had joined the group "to get the truth and facts about local affairs, not gossip... then apply the remedy if such a remedy is needed," he had no idea he was expressing the prime purpose of all residents interested in such a movement to educate the taxpayer in expenditures of municipal, county, state and national governments.

Certainly, no able-minded citizen wants to take a man's job away but he does seek to learn the actual figures attached to salaries of officials who are being paid from the amount collected on his tax bill.

The membership of the Taxpayer's Association does not represent disgruntled voters but merely persons anxious to get the truth and facts about local affairs.

Increasing interest in such an organization leads to the question of attendance at meetings of the Governing Body. Most of the populace have an idea their Township Committee is a private body meeting in secret session. This is not true. Truthfully, the townfathers are anxious that citizens they represent attend public meetings.

The fault might lie at both ends. One that the public has never been conscious of their duty in keeping alert with local governmental affairs. The other reason may be laid at the feet of the Governing Body in not affording a proper hall to encourage outsiders to listen in.

The auditorium of the Municipal Building should be used for all meetings of the Township Committee. Thus, the entrance is inviting to those who otherwise might not attend. We know of no municipality in this vicinity with its quarters so closed in appearance as that of Springfield's public meeting place.

In preparing for next year's plans, the Township Committee might take steps to

### SPRINGFIELD

Population—1930 census 3,725; 1926 1,715. Assessed valuations—1931, \$5,481,774. Tax rate, 1932—Township, \$3.22; state and county, \$1.06. Incorporated 1857; settled early in 1700's. Springfield is essentially a township of homes. It is 55 minutes from New York City on the electrified D. L. & W. Railroad and has excellent bus connections to Newark, Elizabeth, Summit and Plainfield. The railroad stations at Millburn and Short Hills are less than a mile from Springfield Center. The Rahway Valley Railroad has a freight station in Springfield, giving service for factories, commercial and industrial purposes. State Highway Route 20 makes it convenient to reach New York in thirty minutes by car when completed. Numerous state and county highways pass through the township. It has good streets; water; gas; electricity and a newly opened sanitary sewer system. Of interest in Revolutionary history with its historic Presbyterian Church where Rev. James Caldwell cried "Give 'em warts, boys," in the midst of the Battle of Springfield fought on June 23, 1780. Several colonial landmarks are to be found in Springfield, one of the oldest communities in Union County.

## What the SUN Advocates

Believing that the following improvements are vital necessities to nourish Springfield's betterment and substantial progress, the SUN advocates:

1. A high school.
2. Removal of dilapidated buildings which are "sorespots."
3. Sidewalks wherever needed.
4. Encouraging clean factories, to increase the rates.
5. Establishment of a Taxpayers' League.
6. Postal-carrier delivery.
7. Reduced bus fare within town limits and to Millburn R. R. station.
8. Full time position for the township clerk's office.
9. Set of Building Zones, before township is developed.
10. A county park.

meet upstairs in the Town Hall. Then, citizens present at meetings could leave with information first-hand, not gossip, but the true facts about local affairs.

The Township Committee would benefit in securing confidence and co-operation which is sadly lacking from the greater part of our residents and the gossip instigator would have to remain in the background.

## READERS' FORUM

### Negro Voters Asked to Come to Election Polls

To the Editor of the SUN:  
Will you please publish this plea to the negro voters of the Third District:

Will you be a beggar all your life or will you register and vote?

The good citizen doesn't wait to be urged to vote. You do so because your community and your neighborhood need your help. Then you are also helping yourself. You cannot succeed in a democratic government unless you share fully in it.

If you are registered, try to get your neighbor or friend to do the same. You are doing no one a favor or harm by not voting. If you keep away from the polls the politician and his family will vote themselves into office for life.

Between 105 and 115 colored voters cast ballots at the last general election, considerably more than in previous years and what we want is for colored voters to come out 100 per cent strong.

We will be in position to demand our rights if we vote 100 per cent strong. We have no colored political position in town; no colored policeman, fireman or colored janitor in our schools.

We have taxes to pay and it is this same tax money that pays our township officials. But it is our own fault because what we need is a 100 per cent negro vote.

Then we can demand our rights because of the strength in an organized group. With nothing, we can't demand nothing. United we stand, divided we fall. Will you be a beggar or will you vote, every eligible man and woman, on November 8?

WADSWORTH V. FRANKLIN,  
President, Third District Colored Republican Club.

### Change of Quarters Explained by Relief Director

To the Editor of the SUN:

I would like to take this opportunity to explain and correct some false impressions why the vacant store in the Lichtenstein Building is not being used for emergency relief work.

Due to the increase in the number of people to be helped and the large quantity of clothing collected for distribution to the needy, larger quarters were necessary. The Red Cross also was in need of a room or store where they could carry on their work. Through the generosity of the owner, Mr. Wallhauser, I was especially fortunate in being able to secure the present location.

Mr. Lichtenstein has rendered most valuable service in the past. He has given the use of his store without charge and his personal services very generously. I am

# MATTER of OPINION

A Woman Looks at Springfield

The supreme importance of building in the ranks of our youth of each generation the strength of character which is needed in times of stress and trouble, was succinctly expressed by Edward D. Duffield, member of President Hoover's Emergency Relief Committee, at the New Jersey State Welfare Mobilization Meeting in Newark Tuesday night. His statement is particularly to be heeded because Boy Scout week, in which the funds for carrying on Boy Scout activities are raised, began October 18th, and ends next Monday, October 24th.

Mr. Duffield said: "It is possible we might not be so far in the mire if some of our leading financiers had taken the Boy Scout oath and lived up to it. If our character building organizations only had had a few older pupils we might now be better off." The men who are unselfishly giving of their time and efforts to the Boy Scout work, are doing so at a sacrifice of their leisure time and very often of time they should be devoting to their own personal affairs. Some money is needed for Boy Scout activities. Obey that impulse and send in your contribution.

Governor Moore's story told at the meeting, illustrating the importance of mobilizing relief forces, is so apt, that it deserves repeating. It is of significance in this community, as elsewhere, for we must join hands in relief work, if the job is to be well done. The Governor told the story of a child lost in a great wheat field and of hundreds of neighbors searching day and night for the youngster in the broad expanse of waving wheat. Finally, he said, one of the searchers suggested joining hands and walking up and down the rows. Soon, he continued, they found the child, but it was dead. "Isn't it too bad," one of the searchers said, "we didn't join hands before it was too late?" "Now," Governor Moore concluded his appeal, "let's join hands before it is too late."

In Springfield mobilization of man and woman power is under way. There has been splendid co-operation evidenced. Emergency Relief Director Lewis F. Macartney was successful in obtaining rent-free an ideal location for the distribution of clothing. The Red Cross, in establishing its sewing room in the same store, has received a fine response to appeals for volunteer sewers to make up the government's cotton material into garments for the needy. From the churches and Parent Teacher Associations have come heartwarming interest and co-operation. The Board of Education has permitted the storing and distribution of government flour in the basement of James Caldwell School. Firms have donated the use of trucks and drivers for the hauling of the flour from freight depots and the flour warehouses in Newark. The school nurse and the Red Cross nurses assist the emergency relief director and deputy director in the investigation of cases. The American Legion, the Scouts and the Junior Red Cross have collected large amounts of good used clothing. The Sunshine Society, the Lions Club, the charitable organizations of the churches, all are doing some measure of relief work. It is the joining of hands, in the form of a periodic meeting of representatives of these several groups and agencies that Mr. Macartney is trying to bring about in order to make sure that a "solid, impenetrable front against our enemy" has been mobilized.

On the long ballot which will confront us on election day, there will be one referendum in which Springfield is vitally interested. If passed, the sum of \$20,000,000 of authorized highway bonds will be diverted for relief work. Springfield Township is receiving from the State all of its funds for relief. The public has been very glad to say that Mr. Lichtenstein has volunteered to continue to aid wherever he can.

LEWIS F. MACARTNEY,  
Director of Emergency Relief.

warned that failure to approve the bonds for this purpose would result in a direct tax of some sort, for the Relief must be financed.

### High Spots of the Rodeo at Madison Square Garden.

AS LONG AS THERE ARE "BAD HORSES" IN THE WORLD, THERE WILL BE RECKLESS YOUNG ADVENTURERS TO RISK THEIR NECKS MAINLY FOR THE THRILL OF TAMING THEM —!

WHEN THE MAN LOSES IT OFTEN MEANS THE HOSPITAL.

A GOOD "BAD HORSE" WILL BAT ABOUT 900 DURING ONE RODEO.

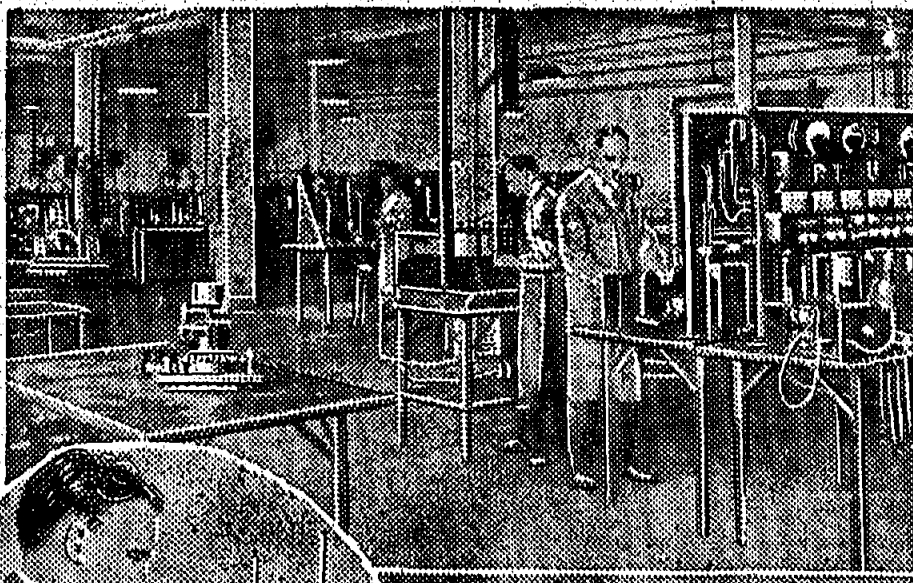

EVEN IN CALF-ROPING, WATCH THE CALF WIN OVER THE AVERAGE COW BOY MORE THAN HALF THE TIME...!

In these spirited drawings, Burris Jenkins, Jr., famous artist, who has a happy faculty of seizing upon the dramatic moments in sports events, has picked out some of the thrills of the rodeo. The World Series rodeo, the greatest of all, will be at Madison Square Garden, New York City, from October 14 to 30. In the arena in bronk riding, steer wrestling, calf roping and other sports of the range. The rodeo will be for the benefit of the Free Milk for Babies Fund. Mrs. William Randolph Hearst, founder.

### Inventors No Longer Live in Attics

INDUSTRIAL research during the past quarter of a century has become highly organized with the result that no important invention has been made in this country during that time which has been the work of one man. Thousands of engineers and chemists now form the research staffs of the leading industries of the United States, and the inventions and discoveries being made are the result of the cooperative efforts of many. Inventors no longer live in attics. Research is no longer on a hit-or-miss basis. Industry knows exactly what it wishes to accomplish, and after the engineering or chemical problems relating to design and production are mapped out, a staff of experts are assigned to solve the problems.

One of the most interesting industrial laboratories is that at Stamford, Conn., of the Petroleum Heat and

Power Company, leading manufacturer of oil and gas burners and oil and gas fired boilers. This company has spent well over a million dollars in research, which has resulted in bringing home and industrial oil burning to its present high state of perfection. The first fully automatic oil burner was perfected only fifteen years ago under the direction of Morgan J. Hammers, now vice-president and general manager of the

Petroleum Heat and Power Company. There are today more than 1,000,000 homes in the United States enjoying the comfort, convenience and healthfulness of oil heat. In the lower picture is shown a battery of domestic furnaces, where flame temperatures, flame characteristics, drafts, oil atomization and other factors in oil burning are studied. The center photo shows a chemist of the laboratory testing oil, which is standardized for the various types of oil burners. The upper photo shows a section of the testing laboratory, where oil burners are subjected to many scientific and performance tests. Sometimes a corps of experts work for months on a problem which to the general public would seem insignificant.

### Huge Boiler, More Than 100 Feet in Height, Requires Seven-Story Addition to Burlington Electric Station

TOWERING more than 100 feet above the ground a boiler, which is one of the largest steam making units in the United States, has recently been installed at Burlington Generating Station of Public Service Electric and Gas Company. In order to house the boiler it was necessary to construct a seven-story addition shown at the right in the above photograph of the station.

In twenty-four hours this boiler can produce 14,400,000 pounds of steam at a pressure of 675 pounds. This is a greater capacity than the combined output of ten boilers originally installed at the station, which the new unit displaces.

The boiler is large enough to furnish sufficient steam to heat approximately 10,400 seven room houses.

## SPECIAL OCTOBER CLEARANCE TRADE-IN SALE

# on Firestone Non-Skid Tires

FISCAL year closes October 31, and we are offering unusual bargains during the month of October.

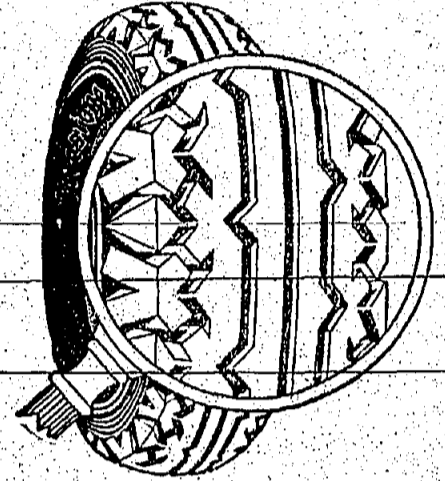

October and November are the dangerous months of the year for driving. Trade in your thin, worn tires for Firestone non-skid tires, used by race drivers because they are the safest tires in the world.

Glen Schultz recently set a new world's record for the Pikes Peak climb, where hair-pin turns were made at high speeds and where a skid or tire failure meant death.

All world's records on road and track, for safety, speed, mileage and endurance are held by Firestone Gum-Dipped Non-Skid tires.

Come in today and exchange your smooth, thin, worn tires for the safest and best tires you can buy.

They cost you no more — besides, in this October Clearance Sale we will give you a liberal allowance on your old tires in exchange for these safe non-skid Firestone tires.

The Firestone tread is designed with angles and projections to give the maximum traction and non-skid. The brakes can stop the wheels, but the tires must stop the car.

Bert Heinz Loses Third Flight Golf Final to Westfield Man

MUNICIPAL BOWLING LEAGUE

Table with 4 columns: Name, W., L., Pct. Rows include Recreation, Hook & Ladder, Five Aces, Junior Order, Battle Hill, Hose Company, Indians, and A & P Gypsies.

Bert Heinz of Springfield was defeated in the final round of the third flight of the Union County golf championship at Galloping Hill Course Sunday by Fred G. Hruda of Westfield, 5 and 4.

Hruda, winner of the second flight in the 1931 tournament, played an exceptionally steady game, managing to secure a lead of 6 up at the end of the first nine holes. Meanwhile, Heinz had halved three holes, winning no holes until the tenth.

The local player came through at the twenty-sixth hole with a par 3 and piled up successive pars and birdies for eleven holes, scoring 34 for the last nine, although the match ended on the thirty-second green. Had Heinz shot his first round with the skill of the second, the result might have been different.

TOWNSHIP OF SPRINGFIELD COUNTY OF UNION AN ORDINANCE AUTHORIZING THE PREPARATION, ADOPTION, REGULATION AND ENFORCEMENT OF MASTER PLANS, OFFICIAL MAPS AND SUBDIVISION PLANS FOR MUNICIPAL PLANNING PURPOSES FOR THE TOWNSHIP OF SPRINGFIELD IN THE COUNTY OF UNION; AND PROVIDING FOR THE APPOINTMENT OF A PLANNING BOARD AND ZONING COMMISSION WITH SPECIFIED POWERS AND DUTIES.

BE IT ORDAINED by the Township committee of the Township of Springfield in the County of Union:

SECTION 1. From and after the passage of this ordinance there shall be established in and for said Township, a Planning Board and Zoning Commission consisting of five members as follows, to wit: CLASS I. Mayor, ex-officio. CLASS II. A member of the governing body to be appointed by it. CLASS III. Three citizens of the municipality to be appointed by the Mayor.

The members of said Board designated in Classes I and II shall hold office for a term corresponding with their respective official tenures. The members of Class III shall be appointed for one, two and three years respectively, and their successors shall be appointed for a period of three years. All the members of

Deadlocked With No Score as Visitors Quit Gridiron

The Springfield F. C. and Clinton F. C. of Belleville played a scoreless tie at Flemer Oval Sunday through a drizzling rain marred not only by the weather but by dissension between the referee and visiting players which resulted in a forfeit victory for the locals when the visitors walked off the field in the early stages of the third quarter. Charles Phillips, Jr., referee of the game, engaged in a discussion with the captain of the Belleville team over piling on which was being attributed to the local eleven. The visiting coach then walked on the field and Phillips declared a penalty of twenty-five yards against his team. This caused the visitors to quit.

The Clinton squad had gone through with two seasons without a defeat. They lost the gate receipts of the day, the winners taking all donations collected. A large crowd attended despite the poor weather. Next Sunday, the Irvington Senators will be seen at Flemer Oval at 2:30 o'clock.

annum, payable semi-annually on the first days of April and October in each year and such bidder must state in his bid which of said rates of interest the bonds are to bear. If any legally acceptable bid is received for bonds bearing interest at one of said lower rates, no bid at said higher rate or rates of interest will be considered.

Both principal and interest of said bonds will be payable at the office of the First National Bank of Springfield, Springfield, New Jersey, in gold coin of the United States of America, of or equal to the present standard of weight and fineness.

The bonds will be coupon bonds, with the privilege of registration as to principal only or as to both principal and interest.

No more bonds of said issue will be sold than will produce a sum equal to the authorized amount of such issue and an additional sum of less than \$1,000. The bonds will not be sold for less than ninety-nine per centum (99%) of their par value, and the sum required to be obtained at the sale of said issue is \$141,570. Subject to the above provisions concerning the interest rate, said issue of bonds will be sold to the bidder or bidders complying with the terms of sale and offering to pay not less than the said sum required to be obtained at the sale of such issue of bonds; and to take and receive the least amount of bonds of such issue commencing with the first maturity (stated in a multiple of \$1,000); and if two or more bidders offer to take the same amount of said bonds, then to the bidder or bidders offering to pay therefor the highest additional price. Notwithstanding any and all of the foregoing provisions, if any legally acceptable bid for said bonds at par or above is received, no bid for bonds at less than par will be considered. The right is reserved to reject all bids and any bids not complying with the terms of this notice will be refused. In addition to the amount bid, the purchaser must pay accrued interest at the rate borne by the bonds from the date of the purchase price.

All bidders are required to deposit a certified check, payable to the order of the Township of Springfield, New Jersey, for two per centum (2%) of the amount of bonds bid for, drawn upon an incorporated bank or trust company. Checks of unsuccessful bidders will be returned upon the award of the bonds. Interest at the rate borne by the bonds from the date of award to the date of delivery will be allowed upon the amount of the check of a successful bidder and such check will be retained to be applied in part payment for the bonds; or to secure the Township against any loss resulting from the failure of the bidder to comply with the terms of his bid.

Proposals should be addressed to Robert D. Treat, Township Clerk, Springfield, New Jersey, and enclosed in a sealed envelope, marked on the outside, 'Proposal for Bonds.' The successful bidder will be furnished with the opinion of Messrs. Hawkins, DeLafield & Longfellow, of New York City, that the bonds are binding and legal obligations of said Township.

ROBERT D. TREAT, Township Clerk. By order of the Township Committee. Dated: October 11, 1932. Oct 14-21
