THOUGHTS AT RANDOM... what would happen to card players if the old Hotel in Morris avenue should be torn down... now that the Lions Club Rooms in Flemer avenue are occupied by a tenant, a number of organizations have or must change meeting places... the list includes the carpenter's local, Cub Scouts, Republican Club, American Legion, ping-pong players, election polling place, and a long string of others... no more card parties, no more benefits of any kind... reminds one of the old Madison Square Garden or the present structure... anything of everything... no more can Springfielders have the use of the rooms... the absence of Christmas trees in full decoration was particularly noticeable this year at the Municipal plaza and the Presbyterian Church... the lights of other years were not to be seen... residents are interested to learn of the economy measures contemplated by the townfathers in consolidation of municipal jobs... the Governing Body organizes for 1933 next Monday morning and the announcement of what will be done is expected to be heard then... Springfield is becoming "bowling-minded"... get to work in the morning and at a local garage all one can hear is mention of strikes and spares or misses... then in the chain grocery store the manager tells of that "big split" he made not so long ago... he told the story to one of his assistants at least eighty-seven times... at lunch time, the diner sizzles with talk of its representatives having won the first-half championship in the local municipal league... another stop to police headquarters and the desk man explains why he bowled so poorly this week... the ice man, hardware dealer, newspaper reporter, insurance man, realtor, coal dealer, gasoline station attendant, park commission truck driver, carpenters... all of them talk bowling, bowling and some more bowling... they dream of spares and strikes and when it comes to bowling night all they see are holes and misses... what Springfield should have for the benefit of the non-bowler is a moratorium declared by the Mayor that no one shall discuss the gentle game of BOWLING for at least three days.

1933 Township Committee to Seat Selander at Organization Monday

The Township Committee will hold its annual reorganization meeting Monday morning at 10 o'clock in the Municipal Building. The session is usually held the first day of the year but due to January 1 coming on Sunday, the date was advanced ahead.

Charles S. Cannon, committee chairman, is expected to be renamed chairman, a position he has held since January 1, 1932. Wilbur M. Selander will take his position on the board, having been elected in November to fill the post of Lewis F. Macartney, who resigns the end of the month after serving one full term of three years. Frank C. Geiger was reelected with Selander at the last election.

It is reported that announcement may be made at the meeting of consolidation of certain municipal offices although no actual information has been disclosed by Cannon or Alfred G. Trundle, finance chairman, with whom the former has been working on economy measures for 1933 in the hopes of reducing the budget considerably.

Act Approved As Taxpayers Ask \$1000 Cut

Action of Board Defended by Gabriel Larsen, Former Town Committee Head

An ordinance reducing the salary of Township Clerk Robert D. Treat from \$2,000 to \$1,500 per year, was passed on second and final reading by the Township Committee Monday night. The ordinance was marked by one dissenting vote of Committeeman George B. Gaskill, sole Democrat, who leaned to recommendations of the Springfield Taxpayers Association to cut the salary to \$1,000.

Edward Cardinal, Sr., John E. Gunn, Edkarl A. Conley and Thomas J. Hankins, Jr., president of the taxpayers group, spoke for taxpayers. In addition to the position of Clerk, Treat is also secretary of the Board of Health at a salary of \$450. Both are part-time jobs.

A large group of taxpayers and other citizens attended the meeting.

In defending the \$1,500 salary, Charles S. Cannon, committee chairman said the ordinance had received "full consideration." He intimated a combination of jobs to effect further economies was being considered but said he did not want "to upset the applecart at this time" unless taxpayers demanded it, as plans had not yet been completed. He said a saving of \$1,500 to \$1,000 in municipal positions was anticipated for 1933.

Following passage of the ordinance on first reading several weeks ago it had been declared by Committeeman Alfred G. Trundle, finance chairman, that the act was "not entirely an economy measure" and that the clerk's work had decreased after completion of assessments for the sanitary sewer system. The salary was raised several years ago from \$1,500 to \$2,000 due to the increased amount of work attached to the office.

Cannon denied at the meeting that the work had materially decreased. Gabriel Larsen, former chairman of the Township Committee, lauded Treat's organization and said, "You will seldom find that a man's work decreases as he holds the job."

The taxpayers spokesmen recognized Treat's ability, but thought \$1,500 "ample for part-time jobs." Conley estimated \$1,050 was "more than three-quarters of the men in this room receive a year for full time jobs."

Hankins said taxpayers had not known of job combinations contemplated by the governing body. Cannon emphasized he had not said there would be any but that economy measures were under consideration. Gunn suggested making the clerk's position a full-time job and giving him more work.

The Union County Park Commission in a letter to the committee made suggestions for flood relief after heavy rains along the east branch of the Rahway River. The commission advised the committee to continue its efforts to induce a property owner, George Treiber, at a critical point of the stream to sell the commission more of his land, so relief measures could be undertaken. It also suggested the governing body to the State Water Policy Commission for control of a dam owned by another individual, Ewald Broecker, and termed "a serious obstruction to the stream's flow."

The commission approved in general a preliminary report and suggestions on relief.

New Pontiac Car on Display Here

Newly designed throughout and with an motor perfected during two years of engineering development work, the 1933 Pontiac went on display this week as General Motors' latest offering in the low price field. The car may be seen at the local Pontiac showroom of the Springfield Sales Company, 163 Morris avenue, near Seven Bridges road. Factory list prices start at \$585.

Seven new windstream Fisher body models are offered on a wheelbase of 115 inches. The ample size and weight of the new line is indicated by the fact that the four-door sedan, equipped for delivery, weighs 3,265 pounds.

The car will attain a speed of seventy-eight miles per hour and it has a new Fisher body feature which assures plenty of fresh air, yet protects passengers from drafts and discomfort in every weather. Full balloon tires with 5 1/2-inch tread are mounted on 17-inch wire wheels. All models are equipped with super-safety glass windshields and cowl ventilators. Rubber insulation is used at thirty-seven points throughout the car.

On the road, the new Pontiac, with its long wheelbase, low center of gravity, sure traction of wide tire areas and ease of shifting, steering and braking, creates a distinct impression of "big car" stability. And the big, straight eight motor, with "something left" even at high road speeds, reduces driving fatigue and raises Pontiac performance to new brilliance in the low price field.

The second of sketches of local scout officers concerns Harry B. Venn, Jr., assistant scoutmaster. It follows:

Assistant Scoutmaster Venn entered Scouting in 1921 by joining Troop 1 of Garwood which disbanded due to inability of the scoutmaster to give it enough of his time. In 1923 Troop 1 was reorganized by a Garwood church and here Mr. Venn became a second-class scout, then promoted to patrol leader.

He moved to Millburn in 1924 but continued in Springfield troop activity. After being a member several weeks, he was named patrol leader and advanced to first-class, the first boy in Springfield to enter the first-class ranks. He still prizes the gold miniature first-class pin presented him by Clifford Evers of Short Hills, then interested in Springfield scouting.

Mr. Venn later was selected senior Patrol Leader and in 1927 became Assistant Scoutmaster, a position he still holds. He is a highly experienced camp and activities director, holding a commission of "Activities Director" from the National Council of Scout Leaders' Training School. He is also a member of the Veteran Scout Association and has received an award for completing a five-year training course.

He has been awarded certificates for minimum, approved standard and advanced

Truck Destroyed at Fire in Barn

Fire which started from a short circuit in a truck destroyed the truck and damaged the barn in which it was stored Monday afternoon at 6:15 at 102 Main street. The truck and barn was owned by Daniel Ruggiero of that address.

Firemen under Chief Charles Pinkava fought the blaze almost an hour. The building was a two-story frame structure and the truck a traveling candy store known in this vicinity many years. Damage was estimated at \$500.

Alvin Schramm, member of the Volunteer Fire Department, suffered a knee injury and was treated at the office of Dr. Watson B. Morris.

Held by Police After Accident

Fred W. Nissen, 54, a butcher, of 233 South 21st street, Irvington, was arrested Monday afternoon on a charge of drunken driving after his car had been in a collision at Meisel avenue and Milltown road with one operated by James B. Haynes of 12 Hamilton avenue, Cranford. Both machines were towed away.

Herbert W. Farrell, Jr., of 117 Forest avenue, Cranford, a passenger in Hayne's car, was treated at the office of a private physician in Cranford for numerous lacerations.

Haynes was traveling north in Meisel avenue and Nissen east in Milltown road when the accident occurred.

Nissen was arrested by Patrolman Stiles and pronounced unfit to drive by Dr. Henry P. Dengler. He was released in \$500 property bond for appearance in police court, January 4.

The 1933 County Budget

THE intelligent taxpayer, who is concerned not only with the problem of a reduction in his taxes, but feels that he has a right to say which things he is willing to do without in the line of public services, reads with considerable interest the published reports of the proposed items in the Union County budget. He notes that to some county departments an increase has been allocated. Of the total reduction in the proposed county budget, stated as \$111,524.87, it appears that \$75,000 has been cut off the Union County Park Commission's allowance and the remaining \$36,524.87 is the total that the county's budgeteers could, or shall we say would, cut from all the other county departments, combined. Suspicion inevitably enters the mind of the taxpayer, that the Park Commission is being made the "goat", the more so because of the fact that the Park Commission last year reduced the salaries of all employees 10 per cent and inaugurated measures of strict economy in the operation of the park system—this policy of reduction being effected a full year in advance of the present movement in other county departments, which, as stated above, has thus far developed nothing more than a proposed cut of \$36,524.87.

The Park Commission has issued a statement making clear the curtailments and eliminations which must ensue upon the drastic reduction which the Board of Freeholders is endeavoring to force upon the park system. The fact that playground supervision will have to be eliminated is perhaps the most disquieting feature of the statement, and should be a matter of concern to every parent who knows the blessed feeling that the children are off the streets and under the watchful eye of a playground director. To those who have had to do with the problems of keeping up the morale of the unemployed, and who know what it means to have a condition when boys and men are idle and discouraged and at loose ends, with no diversion

SPRINGFIELD

Population—1930 census 3,726; 1920, 1715. Assessed valuations—1931, \$5,481,774. Tax rate, 1932—Township, \$3.23; state and county, \$1.06. Incorporated 1857; settled early in 1700's. Springfield is essentially a township of homes. It is 65 minutes from New York City on the electrified D. E. & W. Railroad and has excellent bus connections to Newark, Elizabeth, Summit and Plainfield. The railroad stations at Millburn and Short Hills are less than a mile from Springfield Center. The Railway Valley Railroad has a freight station in Springfield, giving service for factories, commercial and industrial purposes. State Highway Route 20 makes it convenient to reach New York in thirty minutes by car when completed. Numerous state and county highways pass through the township. It has good streets, water, gas, electricity and a newly opened sanitary sewer system. Of interest in Revolutionary history with its historic Presbyterian Church where Rev. James Caldwell cried, "Give 'em watta, boys," in the midst of the Battle of Springfield fought on June 28, 1780. Several colonial landmarks are to be found in Springfield, one of the oldest communities in Union County.

What the SUN Advocates

Believing that the following improvements are vital necessities to nourish Springfield's betterment and substantial progress, the SUN advocates:

1. A high school.
2. Removal of dilapidated buildings which are "sorespots."
3. Sidewalks wherever needed.
4. Encouraging clean factories, to increase the ratables.
5. An active Board of Trade to stimulate "Buying in Springfield."
6. Postal-carrier delivery.
7. Reduced bus fare within town limits and to Millburn R. R. station.
8. Full time position for the township clerk's office.
9. Set of Building Zones, before township is developed.
10. A county park.

offered them, prospect of the abandonment of supervised recreation in park playgrounds seems nothing short of a calamity. A hearing on the 1933 budget of Union County will be held in the Freeholders' Room in the Court House, at 1:30 P. M. tomorrow. There is every reason to expect that the hearing will bring forth some interesting debates. Certainly the unfairness of the budget as at present constituted, and the gross discrepancy in the savings which are demanded of the several departments, putting the greatest part of the cut upon the Park Commission should bring forth the protest of every intelligent taxpayer. Taxes must be reduced, but common sense, fair play and sportsmanship may reasonably be demanded of those whose job it is to make up the budget.

PROSPECTS FOR A HAPPY NEW YEAR.

Ring out the old year and ring in the new. This expression of the past is through lack of a better, the saying of the present and probably will be the thought of the future. But to many this year it will be more than merely the ringing out of the old year and the ushering in of the new. For in the close of 1932, many will feel that they are shutting a barrier on the past, its problems, disappointments, misunderstandings and failures.

Many will feel that prospects for 1933 are not brighter than for 1932 and will therefore discount any attempt to present a picture which has other than cold facts to indicate a better future. But the reports from every source, while not of the type to cause any immediate rejoicing by the rank and file of humanity, do show an upward trend which cannot be checked. Politics with either party playing a major role cannot claim the spotlight in Springfield or the Nation, for the predominant factor is the law of supply and demand.

It does not matter whether your investigation only reaches the shelves of local merchants, the warehouses of local industries, or spreads out to comb the Nation for details—you are sure to find the same result. Everything that could be used without purchasing more has been used. The supply everywhere is at a low ebb. The demand may diminish to a certain point, but not beyond that and now manufacturers must manufacture to actually meet a need. This is the point where the upswing of the business cycle receives its start, and it is at this point where no power can stop improvement.

Keep your head up if you are a citizen—a respectable taxpayer and fight on a little harder. Carry on if you are a business man for you have weathered the worst storm in the history of mankind. The higher the local morale, the quicker

MATTER of OPINION

A Woman Looks at Springfield

Among its public spirited citizens who have proven to be "the right man in the right place," Springfield is fortunate in having at the head of its emergency relief work, Lewis F. Macartney, whose connection with the Governing Body will be severed on January 1, when his term of office as a member ends. Mr. Macartney has made an outstanding record of management of local relief, measuring up more and more to the difficulties of the emergency as the months have gone by. One of his outstanding characteristics is his ability to get along with others who are working with him. He has thus been able to obtain the co-operation which has forwarded the relief work in this township on a plane of efficiency and real accomplishment bearing favorable comparison with the work done in communities supporting paid social workers. The dignity and reserve with which Mr. Macartney accepted the political rebuff dealt him when his party failed to support his renomination because of the fear that his non-partisanship in the management of his job as relief director might react unfavorably upon his candidacy, had the effect of adding greatly to his prestige with all citizens. Filled with the "milk of human kindness" and with sympathy for those in distress, he has nevertheless been unrelenting when exposing men who were imposing upon the township, in getting relief. His balance, sanity and sense of humor have saved him from the effects of the strain of his work. We doubt that any adult at the Legion Christmas party for the children of Springfield enjoyed the occasion more than did the relief director, who helped with every step taken in making it such a great success.

SURPRISED
Mrs. Jones the other day when I was shopping at Kresge's. After purchasing numerous articles I nonchalantly said, "Charge it please." I could see that I immediately rose in her estimation. The fact that I had a charge account gave me more prestige. But Mrs. Jones didn't know that I have an eye to the future. She didn't know that in the meantime I am constantly building for myself a good credit record. A record that will be very valuable to me.

So why don't you, too, take advantage of the benefits of a Charge Account? Just clip this coupon and present it at our Charge Account Office, 3rd Floor, or mail it to us.

OUR LIBRARY OPEN

When our library started there was placed at the disposal of every citizen of Springfield a means of acquiring knowledge on any subject.

On every public question there is necessarily a difference of opinion in some respects. Zoning of Springfield will be before us in the near future and it is important.

"City Growth and Values" by McMichael and Bingham, will give the ignoring mind splendid information on the influences affecting the growth of cities.

"The Legal Aspects of Zoning" by Newman F. Baker is an able work dealing with the fundamentals of the legal side of the question.

Therefore, we now have right in our own library information for the inquiring citizen that he may intelligently discuss or pass upon one of the very important public measures undertaken in the history of Springfield.

Should there be other specific works desired, these will be obtained upon requests left with any librarian.—F. P. L.

AT THE STRAND

Charles Farrell and Joan Bennett appear together for the first time on the screen in "Wild Girl," at the Strand today and tomorrow. Irene Purcell has the leading-feminine role in "The Crooked Circle," the associate feature. "Little Orphan Annie," starring little Mitzi Green and May Robson, will be shown Sunday and Monday as the New Year's holiday program which will be continuous both days from 2 to 11 o'clock.

burton is also on the bill. Tallulah Bankhead and Robert Montgomery are co-featured in "Faithless," the presentation Tuesday and Wednesday. Reginald Denny, Marian Marsh and Norman Foster in "Strange Justice" is the companion attraction. "The Devil Is Driving" with Edmund Lowe and Wynne Gibson will be screened next Thursday and Friday. Charles Laughton and Maureen O'Sullivan have the leading roles in "Payment Deferred," from the successful stage play, the second picture on the program. Mr. Laughton's performance in London and New York in the play has been hailed as one of the most artistic characterizations of the decade. In the picture he plays the same role.

Fix Date to Give Clothing to Poor

Red Cross clothing will be distributed only on Friday afternoons between 2 and 4 o'clock, at the headquarters store, 230 Morris avenue, according to the announcement of Mrs. Charles D. Horster, chairman, who states also that the used clothing collected by the Relief Administrator would be given out at the same time.

The new garments which have been given to the needy by the Red Cross consisted of winter underwear for men, women, boys and children, trousers, overalls and jumpers for men, knickers and denim play suits for boys, stockings and socks. To date seventy-two distressed families have been given garments, many of them being entirely outfitted. The majority have also received yard goods for the making of dresses and nightclothes for women and children. More than 1,100 bags of flour have been distributed, and it is expected that the flour shipments will continue until late in the spring. It is given out from the basement of James Caldwell School Monday evenings from 7:30 to 9 o'clock. Volunteers who have assisted Mrs. Horster with the flour records are members of the Service Club of the Methodist Church, including Mrs. Edward McCarthy, Miss Helen Terry, Mrs. H. Leslie Chisholm, Mrs. Harold S. Buell and Mrs. Frank Burd.

Reduce Salary of Town Clerk

(Continued from page one)
from Arthur H. Lennox, township consulting engineer. The engineer November 28 suggested widening and deepening the river, raising grades of roads along its banks and cleaning the stream's bed. The park commission owns most of the land through which the river flows in Springfield.

A letter from Mrs. Charles D. Horster, Springfield Red Cross chairman, asked \$500 for that organization in the 1933 township budget. Committeeman Macartney, municipal emergency relief director, who retires from the committee January 1, praised co-operation of the Red Cross and said cutting its appropriation would "prove more costly in other ways."

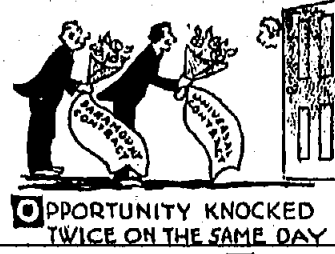

The committee authorized \$25,000 in tax revenue notes at 6 per cent.

MANY PERSONS VIEW THE NEW CHEVROLET

Upwards of 4,000,000 people visited Chevrolet dealer showrooms during the first day's display of new 1933 models, and many retail orders were added during the day to the thousands on hand prior to the showing, H. J. Klinger, vice-president and general sales manager, states. He said it was the most successful announcement, both as to attendance and orders taken; that his company had experienced since 1929. A similarly favorable report as to local conditions is made by the L. & S. Chevrolet Co., of 1755 Morris avenue, Union.

First Mississippi Levees

When the first levees were built along the Mississippi river is not a matter of record, says Pathfinder Magazine. Such levees have been constructed in that region since early in the Eighteenth century. At first individuals built levees to protect their own land property in time of flood and later local authorities, county and state, added in the work. In 1870 congress created the Mississippi river commission and the first appropriation for improving the river was made the following year.

AT MILLBURN THEATRE

Marie Dressler and Polly Moran in "Prosperity," is the New Year's holiday attraction Sunday, Monday and Tuesday. Chester Morris in "Breach of Promise," is the second feature. The management is making plans to hold a gala New Year's Eve Show Saturday night, starting at 7. The pictures to be screened are Richard Dix and Ann Harding in "The Conquerors" and "He Learned About Women" with Stuart Erwin.

"Central Park," starring Joan Blondell and Wallace Ford and Lowell Sherman in "False Faces" will be shown Wednesday and Thursday. An associate feature will be pictures of the football classic between Notre Dame and the University of Southern California, play-by-play.

Warren William in "The Match King," supported by Lili Damita and Charles Farrell and Joan Bennett in "Wild Girl," are to be shown Friday and Saturday.

In Washington, D. C.

Robert Marshall, son of Mr. and Mrs. Arthur L. Marshall of 74 Washington avenue, is on a week's vacation visiting friends in Washington, D. C.

Plan Stay at Resort

Mr. and Mrs. Phillips M. Goodwin of 26 Bryant avenue will spend the New Year's week-end in Atlantic City.

Birds Like Small Boys
It appears that the bath-bating complex of small boys extends to birds. That conclusion could easily be drawn after observing a robin who, after several unsuccessful attempts to entice two youngsters under a lawn spray, forced them to take a bath by nudging them along with her beak until they were under the water.

Terrier's Long Swim
A fox terrier that fell into an abandoned coal pit at Wrexham, England, swam about for 20 hours before it was rescued.
