TOWNSHIP OF SPRINGFIELD

PRICE FIVE CENTS

LOCAL MERCHANTS CANNOT ACTUALLY believe their ears... this talk of a "new deal" must be true far beyond their fondest expectations... they can hardly realize that local authorities had taken the attitude not to charge a license fee to sell 3.2 per cent beer after they eagerly awaited the opportunity to pay a nominal fee even if the license granted in exchange was good for only the period until May 25 when permanent regulations are expected to be in effect... one business man opined that if the local township treasury could not stand replenishing when money is none too free then the payment of taxes could be treated as a secondary matter in the line of importance when due June 1... the Governing Body needs no funds, he sees it... not only does this individual feel this way about the beer license matter but a number of residents and your Rambling Reporter agree that even a small fee could be charged... in fact the question is again revived as to why a license fee of \$500 is charged a second-hand lumber yard and \$300 for an automobile junkyard with not even a temporary charge of a cent for a beer license?... the answer must be as well known to residents as the well-known axiom that "two and two makes four"... the minstrel and dance to be held in the James Caldwell School April 28 sponsored by the Lions Club with the assistance of the St. Vincent de Paul Society, American Legion and Choral Society, will be as grand an affair as we've seen in town and that's excepting none... we rambled around to the chorus rehearsal early this week and the thirty-six male voices alone sounded harmonious enough to be worth the price of admission... we'll let you in on a secret... several prominent people around town will come in for a panning (a la Winchell) so be careful, boys and girls, of your p's and q's between now and the twenty-eighth day of April... it seems our guess of candidates to be chosen by the Democrats last week was as good as right after we learn everything went along as the SUN had reported... local unemployed who would like to attend Jaekawanna League baseball games this year may do so without charge, we are informed, by applying to the local emergency relief department when the season gets under way shortly... Springfield and Millburn are grouped as one team this year so that an equal portion of free tickets are to be distributed from this township as well as in the neighboring town...

Committee Changes Policy; to Prescribe Beer License

May Pass Resolution Monday Night Setting Up Rules For Temporary Period

The Township Committee will change its policy of not permitting license fees to sell beer in Springfield. Reports indicated this morning that the Governing Body will take the matter up for consideration Monday night at a special meeting with a small fee to be charged. It is further indicated that applications may be obtained at the office of the township clerk by tomorrow, Saturday, so that they may be submitted to the board Monday night.

Had Decided Monday Night to Refer Question of Permits to Police Department

Springfield authorities will take no immediate steps to issue municipal licenses to sell beer, it was decided by the Township Committee Monday night as seven applications, making eleven in all, were received. They were referred to the Police Department, pending further action on license fees and restrictions. Places with soft drink licenses at present may sell 3.2 per cent beer under state regulations, committeemen feel.

Since state regulations will be in effect until May 25, when permanent legislation will be effected, the townfathers feel this would not be the right time to consider any local restrictions or license fees and to proceed slowly would be the most advisable course to take.

A petition, signed by eleven residents of Evergreen avenue, asked that a permit be denied the United Singers' Grove to sell beer, the grove being in that street. The petition called attention to "drunkenness, noise and dust" occasioned by patrons of the grove. An application for a beer license from the grove was among those received Monday night. The petition was referred to the police committee.

In addition to the grove, applications were received from Spring Inn, Mountain avenue; Christopher Reilly, Farmer's Hotel, Morris avenue; Douglas Huggan, Maple and Springfield avenues; James T. Sickle, Morris avenue; Frank Davis, South-Springfield avenue, and the Baltusrol Golf Club, the latter seeking a club license.

Latham C. Squire, of New York City, recently engaged as consulting engineer for the Planning and Zoning Commission, notified the board he had accepted their con-

Democratic Club Names Candidates

The Springfield Democratic Club last Thursday night endorsed M. G. Lott for the Township Committee, Edward A. Conley for tax collector and Vincent Shea for the Board of Freeholders in the Democratic primary next month.

Lott will be a candidate for the position held by George B. Gaskill, whose term expires this year. Gaskill, who is chairman of the police committee, is the only Democrat on the Township Committee. Conley is secretary of the local Zoning Board and Planning Commission and Shea is chairman of the Springfield Democratic County Committee.

The club will meet tonight at the office of the Larchmont Estates in Morris avenue.

FIREMEN CALLED TO BLAZE IN SQUARE

Firemen were called to a blaze at the dwelling of John Davis of Ruby street Sunday afternoon when flames, said to have started from a stove, almost destroyed the building. The volunteers extinguished the fire before any serious damage was effected.

The firemen also answered brush calls Saturday to Morris avenue at the old Hemlocks Restaurant above Short Hills avenue and on Monday to Warner avenue adjoining the dwelling of Dean Widmer.

KEROSENE LAMPS ASKED FOR NEEDY

Readers who are in a position to donate kerosene lamps to local needy families are asked to do so by Lewis F. Macartney, municipal relief director. A number of un-

employed and needy persons are in need of lamps due to lack of facilities for electricity, the service having been cut off in many instances for non-payment of bills.

Mr. Macartney also makes an appeal for readers to use needy persons on the emergency relief dependency relief in odd jobs around the home, such as painting, trimming lawns, etc. The telephone number of the local relief quarters is Millburn 6-0030.

REPUBLICAN CLUB HEARS CANDIDATES

Assembly and freeholder candidates Friday night addressed a meeting of the Springfield Republican Club in the Legion rooms, Morris avenue. Speakers were Sheriff C. Wesley Collins, Bruce Conlin, Assembly candidate, and Peter H. Meisel, C. E. Smith, Elias F. Applegate and Joseph Cahill, candidate for the Board of Freeholders.

Lee S. Rigby, club president and Union County undersheriff, presided. The club has endorsed Freeholder Charles E. Huff for tax collector and Ebert B. Johnson for the Township Committee in the Republican primary, but plans no endorsement for freeholder. The club will meet May 5.

7A NEWS REPORT

As we have been studying causes of the Civil War, several of our pupils made interesting posters showing how runaway slaves escaped from the South to Canada by the "Underground Railroad."

Virginia Ste, Marie showed us an unusual ring owned by her grandfather which was made by a Confederate soldier during the War. He was stationed in a Northern prison camp at Elmira, N. Y. and made the ring from two uniform buttons and a dime piece. It is carved with a pen knife and was sold to Virginia's grandfather at the end of the War so the soldier could buy a ticket home.—KENNETH GLUTTING, Grade 7A

GRADE ONE NOTES

The Easter bunny is coming to school. He will bring us baskets. There will be candy in them.

MADE EASTER BORDER

We made a new border for Easter. This month we kept the attendance banner. Seven pupils in our class were on the Honor Roll this month.—THEODORE ROBERTSON, WALLSWORTH BALDWIN, Grade 3

SIGNS OF SPRING

Some boys and girls from our class saw some first signs of Spring. We are writing them on our blackboard. We have seen robins flying around. We also saw bluebells coming up in the yard. Miss Gabriel saw daffodils in a garden. Days are growing longer and warmer. Easter is coming soon. Then summer will soon be here.—Grade 1, R. C. School.

THE CHERRY TREE

Up into a cherry tree
Who should climb but Paul and me.
We held the branches with both our hands
Peering through to see all the land.

If I could find a higher tree,
Farther and farther I should see.
The roads that go up and down
Always leading to the town.

I saw the babbling river pass.
And the blue sky's looking glass.
To where the roads on either hand
Lead onward into fairyland.

Letter to the Editor

Support for Nursing Service Asked by Red Cross

To the Editor of the SUN:
The Executive Board of the Springfield Chapter, Red Cross, would appreciate if you will give the attached article of our nursing service a space in your paper:

"Every person in Springfield must know how valuable to the community has been the Nursing Service instituted and maintained by the Red Cross Chapter. Our high standard of health, despite the hard times, the fine condition of our mothers and babies, and the absence of epidemics and cases of malnutrition, can be largely credited to this service and that provided by the Board of Education. It is not only in material results that we benefit, but, in our two weekly baby clinics, our service is building up the desire to maintain better health standards through more intelligent care and diet.

"Like most other organizations, we feel the pinch of the 'depression.' Our Roll Call, we believe, was as good for our municipality in these times as could be expected, but it did fall below that of last year. We are determined to keep our nursing service in Springfield and we hope all of you readers, who can, will support us later when we make an effort to balance our budget.

"We want to call attention to the three types of service given by our nurse:
"First, there is the service given without charge to every resident who requires it and is unable to pay. If you are able, the nurse will be glad to accept any donation, however small, in return for this service.
"Second, there is the service to which you are entitled if you have a life insurance policy in the Metropolitan or the John Hancock Insurance Companies, which entitles you to it. First ascertain if your policy includes this privilege and be ready to show your policy to the nurse, because these insurance companies re-imburse us for all such calls and we must count on this type of service for a considerable part of our running expenses.
"Third, there is our paid service, meant

for those families who do not require a full time nurse, but who do need daily or occasional skilled help in caring for their sick, in an emergency or in the care of old or crippled people. For this the charges vary with the type of service and are as follows:

Bath and general care	\$1.00
Colonic Irrigation	1.50
Maternity After Care (Mother and Baby)	1.25
"The nurse may be called at Millburn 6-2003 daily except Sundays and holidays. Her hours on duty are from 8:30 A. M. to 1 P. M., except on Wednesdays, when the hours are from 12:30 to 4:30 P. M.	
"We hope that everyone who needs the services of our nurse will call upon her, so that you may see for yourself that this service is much too valuable to our community to think of discontinuing it."	
ETTA R. GEIGER, Secretary.

::: Theatre Notes :::

"42ND STREET" AT MILLBURN THEATRE

The most sought-after leading man in Hollywood is a young Irishman who has been there about a year!

He is George Brent, who plays opposite Bebe Daniels in Warner Bros. epic of metropolitan and backstage life, "42nd Street," with drama, comedy and spectacle intermingled, which plays at the Millburn Theatre five days, Friday to Tuesday, April 14 to 18. Brent has the added distinction of being Ruth Chatterton's husband.

Brent's picture playing has largely been confined to Miss Chatterton's pictures, but not because he wasn't in demand anywhere else. His first picture with his future wife had hardly been completed before a momentous message came through from another large studio:

Garbo wanted him!
She was starting a picture almost immediately, and had decided that he was the only one who could play opposite her in it. Conflicting schedules were all that kept him from that particular plum. He would have liked to have done it. Where even the Barrymores consider it no slight honor to be called, he felt himself fortunate to be chosen.

Brent plays a role in "42nd Street" dangerously close to that enacted by many of Hollywood's prominent players in real life—that of the actor-lover whose own abilities are overshadowed by those of the lady he loves—in this picture role, Bebe Daniels. The working out of this love problem forms one of the chief highlights of this picture, which Warner Bros. executives consider one of the best to come out of their studio in years.

Others in the cast of this bona-fide all-star production include Warner Baxter, Una Merkel, Ruby Keeler, Guy Kibbee, Ned Sparks, Dick Powell, Ginger Rogers, Allen Jenkins and many others. Direction was handled by Lloyd Bacon.

"KING KONG" TO SHOW AT STRAND

"Men Must Fight," with Phillips Holmes and Diane Wynyard and "Strictly Personal," with Marjorie Rambeau and Eddie

Quillan comprises the double-feature bill at the Roth-Strand Theatre in Summit to-day and to-morrow.

"King Kong," the sensational story of a fifty-foot prehistoric ape, a skyscraper giant of tremendous size, will be screened at the Strand Sunday, Monday and Tuesday as the holiday special for Easter. Fay Wray, Robert Armstrong, and Bruce Cabot are in the cast. The associate feature is a Bing Crosby film, "Sing-Bing-Sing." There will be continuous performance Sunday from 2 to 11 P. M.

Constance Bennett, in her latest picture, "Our Betters," will be the attraction Wednesday and Thursday. The satirical drama is adapted from W. Somerset Maugham's sensational play. In the cast are: Anita-Louise, Gilbert Roland, Charles Starrett, Phoebe Foster and others. "Private Jones," with Lee Tracy, Donald Cook and Gloria Stuart, in which Tracy plays the role of a wise-cracking doughboy in this comedy drama of the A. E. F., is also on the bill.

RADIO CITY

The big Easter show at the Radio City Music Hall, produced by Leon Leonidoff to embellish first-popular-priced showings of Noel Coward's mighty "Cavalcade," is now in its second record-breaking week at the world's largest theatre.

Every unit of the Music Hall's stage production is in keeping with the spirit of the Spring and Easter season. The outstanding spectacular feature of the bill is a lavish presentation of Rubenstein's beautiful chorale, "Kamenoi Ostrow," with the solo part sung by Edwina Eustis, brilliant young American contralto from the Philadelphia Opera, supported by the Music Hall's vocal chorus.

The Roxyettes' offering is "Easter On Parade," one of their finest precision numbers. For the overture the Radio City Symphony, Erno Rapee, conductor, plays Tschailowsky's great "1812."

"ALWAYS A GOOD SHOW"

Bauer to Run

(Continued from page 1)
after a previous training of eight years as deputy, my chief interest has been to provide Union County with an office efficiently operated at a profit for the taxpayers. Instead of promises what I will do, I can show what I have done.

"Now, when more attention than ever before is being given to the cost of governmental departments. I am happy to be able to point out that, under my direction, the register's office (1) always has been operated within its budget, (2) has a budget this year of nearly one-half of the budget in 1929, (3) always has paid all its expenses and (4) always has shown a profit.

"From January 1, 1918, when my first full elective term started, until December 31, 1932, the office receipts from fees totaled \$1,165,446.07. After disbursements of \$781,492.24 for salaries and other office expenses, there were profits amounting to \$383,953.83, which were turned over to the county treasurer to be applied to the expenses of other county governmental functions. Every year a profit has been paid to the county. During the last five years, these profits were in excess of \$100,000.

A Triple Embarrassment

A newspaper offered \$1.00 each for "embarrassing moment" letters and received the following:

"I work on an early night shift in a steel plant. I got home an hour early last night and there I found another man with my wife. I was very much embarrassed. Please send \$2.00 as my wife was also embarrassed."

The editor, so we are told, sent a check for \$3.00, admitting the possibility that the stranger, too, might have been embarrassed.

MAPLE LEAFS TO MEET BEARS SUNDAY

The Toronto Maple Leafs, who make their initial bow of the 1933 season at Ruppert Stadium on Sunday, are a far different aggregation than the last-place club of last year. Under the inspired leadership of "Howling" Dan Howley, the Canadians have built up a club which promises to be in the pennant fight right down to the wire. It will be remembered that Howley, in his last year in the International League, won a pennant for the Leafs, breaking Baltimore's string of seven successive pennants. Since that feat he has been managing major league outfits constantly.

Ike Boone, one-time leading hitter of the League in Newark livery, heads the list of distinguished additions to the Leaf cast.

The race, the annual Easter Inaugural Sweepstakes, with more than forty cars entered, is one of the most spectacular and thrilling contests of the auto racing season. The race will start promptly at 2 P. M.

Dolphin a Whale

The name dolphin is sometimes wrongly applied to a fish, but the true dolphin is in reality a small whale and is sometimes called the porpoise. It attains a length of about six feet and, unlike the whale of larger size, has teeth in its slender, prolonged beak.

CHEVROLET ADDS NEW BODY TYPE

A new body type known as the "Master Six Town Sedan," has been added to the passenger car line by the Chevrolet Motor Company for the Spring and Summer motoring season.

Listing at \$545 f.o.b. Flint, Mich., the new model is said to be the lowest priced of its type now on the market. It features a built-in trunk and combines the comfort of a five-passenger body model with the intimacy and individuality of a close-coupled sedan.

The model has new colors and is designed primarily for the tourist market, the built-in trunk affording sufficient luggage space for an extensive journey.

Addition of the town sedan, which is now displayed by the national dealer organization, brings the number of models in the Master series to eight, while three additional types are built on the Standard-series wheel-base.

SPRINGFIELD
Population—1933 4,000 (est.) 1920, 1715. Assessed valuations—1933 \$3,438,319. Tax rate, 1933—Township, \$3.22; state and county, \$1.00. Incorporated 1867; settled early in 1700's. Springfield is essentially a township of homes. It is 35 minutes from New York City on the electrified D. L. & W. Railroad and has excellent bus connections to Newark, Elizabeth, Summit and Plainfield. The railroad stations at Millburn and Short Hills are less than a mile from Springfield Center. The Rahway Valley Railroad has a freight station in Springfield, giving service for factories, commercial and industrial purposes. State Highway Route 20 makes it convenient to reach New York in thirty minutes by car when completed. Numerous state and county highways pass through the township. It has good streets, water, gas, electricity and a newly opened sanitary sewer system. Of interest in Revolutionary history with its historic Presbyterian Church where Rev. James Caldwell cried, "Give 'em warts, boys!" in the midst of the Battle of Springfield fought on June 23, 1780. Several colonial landmarks are to be found in Springfield, one of the oldest communities in Union County.

What the SUN Advocates

Believing that the following improvements are vital necessities to nourish Springfield's betterment and substantial progress, the SUN advocates:

1. A high school.
2. Removal of delapidated buildings which are "sorespots."
3. Sidewalks wherever needed.
4. Encouraging clean factories, to increase the variables.
5. An active Board of Trade to stimulate "Buying in Springfield."
6. Postal-carrier delivery.
7. Reduced bus fare within town limits and to Millburn R. R. station.
8. Full time position for the township clerk's office.
9. Set of Building Zones, before township is developed.
10. A county park.

CHORAL GROUP VOTES TO DISBAND FOR YEAR

Due to the activity of its members in the various undertakings being held in the township for the benefit of the local Block-Aid Campaign for emergency relief, the Choral Society voted Wednesday night to discontinue rehearsals for this season.

Herald A. Jones, director, expressed gratifications for the interest and large attendance at the Community Sing given March 20. The society extends its thanks to the Springfield SUN for publicity given in its columns and to Herman A. Mende and J. Harth, florists, for the ivy and plants used in decorating the Municipal Hall on that occasion. A sum of about \$16 was realized for the Block-Aid Fund.

BOXING PROMOTER RUNS IN PRIMARY

Recognizing the urgent need for young men in politics and basing his platform on an "honest deal" for the taxpayers, George Kobb, of Elizabeth, long recognized as one of the foremost boxing promoters in New Jersey, yesterday announced his candidacy for the Republican nomination to a one-year term on the Union County Board of Chosen Freeholders. Mr. Kobb resides at 620 Park avenue, Elizabeth.

MATTER of OPINION

A newspaper which features each week, on its woman's page, a symposium on some topic of interest to women, has requested its readers to send in, for publication, letters in the form of an Easter "sermon." It happened this week that this columnist, browsing among the books in "Our Library," came across "One Increasing Purpose" that novel of A. E. M. Hutchinson, the English writer, which followed his better-known book "If Winter Comes," and we took it home to dip into it for an "Easter Sermon." Out of all the turmoil and welter of the World War Simon Paris emerges with an idea that he is to learn in some way the meaning of life; and in his experiences and misunderstandings, mistakes and gropings that make up the life of those near and dear to him, he finally receives the vision of the "one increasing purpose" in the life, crucifixion and resurrection of Jesus, and that it is his mission to go out into the highways and byways to preach "Christ the Common Denominator." "The interpretation is, simply, that just as He once was on earth among men, so He ever since has been and is today resident among men, resident in every man, in you, in me, in all. Every smile, every kind action, every kind thought, seen or felt in those about us, those whom we live, those whom we only pass and see, is, simply, the Christ who is in them appearing in them. What I am telling you," he writes, "is that Christ is here, today, now, always, not in the vague religious sense that tells us vaguely this spirit is among a congregation and that leaves us cold, untouched, not able to believe, but that He is here in real and actual presence in each separate and individual one of us. And He is in every man and woman whom you meet or see; each time you pass a fellow-human being, you are passing Christ. We wish we had the chance of those to whom Christ came, but we have. He is even more among us now than before He was among us; and daily, hourly, with each base thought, with each mean act, with every selfish thought, anew He suffers crucifixion at our hands. Christ, the Common Denominator, the spirit common in us all, placed there two thousand years ago to advance the great purpose that goes swelling ever on until again we raise him from ourselves, the dead, and the

Great Purpose is at last fulfilled, His kingdom established here on earth."

Would this book, we wonder, if read by Hiller, reveal to him that he, a professing Christian, is daily crucifying Christ, in his persecuton of the Jews? It could also be recommended to those Presbyterians who are showing their dislike for Mrs. Pearl Buck, the Chinese missionary, because she has had the courage, in her love and admiration of the Chinese people, with whom she has spent most of her life, to say that it were better to send no missionaries to China, if they are not such that can win the people to Christ.

"Nothing succeeds like success"—also "Work well done means more work." These two maxims fit very well the unswerving growth of the Public Library. Have you noticed that more shelves have been added, with more and more books of every kind? It is so easy to take good things for granted, that it would be well for us to take a moment's thought and "wonder what we should do without it!" Further, that in the background there are many hours of

OBITUARY

Mrs. Anna Margaret Weis

Funeral services were held this afternoon at the home for Mrs. Anna Margaret Weis, 82, of Hillside avenue who died at her home Wednesday at 3 A. M. of complications after being ill for a month. tract and would start immediately on the zoning work. Provision was made in the 1933 township budget for \$800 to finance the project.

E. M. Cunningham, of 193-Fooker avenue, complained of the condition of the pavement of the street in which he lives,

Contentment

There is a great difference between contentment and a dead ambition.

citing that "makeshift repairs" had left large holes impossible for an automobile to avoid, causing damage to tires. He said he believed large trucks passing through were responsible and suggested the street be designated for light traffic. After a discussion, it was decided to make a survey of streets to be similarly designated by ordinance as light traffic thoroughfares. The clerk was authorized to notify Mr. Cunningham the street will be repaired as soon as funds are available.

An application from Charles D. Horster of 51 Mountain avenue for the position of

ash and garbage collector and supervisor of the road department was filed. Mr. Horster, in a letter, said he had read newspaper reports that the township was contemplating the purchase of a truck for this purpose and pointed to his experience in the work. He said he would supervise the scavenger, which requires two days weekly, and patch roads the remaining time. He added he would work at a salary decided upon by the committee.

The clerk was ordered to request the county road department to trim overhanging trees in Flemer avenue upon the recom-

mendation of Committeeman Frank C. Geiger, road chairman, who said the trees were low enough to be continually damaged by passing trucks and pedestrians.

The Zoning and Planning Commission notified the board that it would not give favorable action to the application of Angella Morigi, of 98 Main street, to erect a gasoline station at that site due to the lack of information on plans submitted. Hereafter, the commission ruled, it will be necessary for applicants to supply full information on the height and description of proposed buildings.

FIREMEN TO PRESENT NEW TRUCK APRIL 22

Local volunteer firemen who recently purchased a new hose wagon from private funds of the company to donate the apparatus to the township, will formally present the bill of sale to the Board of Fire Commissioners at fire headquarters Saturday, April 22, at 3 P.-M., when the annual inspection will be held.

After the presentation, the firehouse and apparatus will be open to the public.

To those who remember well the days of thrills or depression due to reports from the front during the Great War there is a fascination about "The First Hundred Thousand" by Ian Hay. There is great sincerity shown in the simple way heroic deeds are described. Not any braggadocio is found in the reliable accounts of sacrifices made on the altar of War.

The subject of Russia is bound to come to the fore from time to time. With so large a population, more than one viewpoint should be presented to get a satisfactory inkling of the situation. "The Unforgotten" by General P. N. Krassnoff is an intimate and understanding account of past events. Whether for research or pastime this book is absorbing reading.

"The Portrait of Zelide" by Geoffrey Scott, is one of those rare books we are fortunate to have. Not all will look like its contents and some might take it to be old-fashioned. Out of the dusty records and letters of the past, the author has brought out a very real and live character, a true reflection of the life of her time.

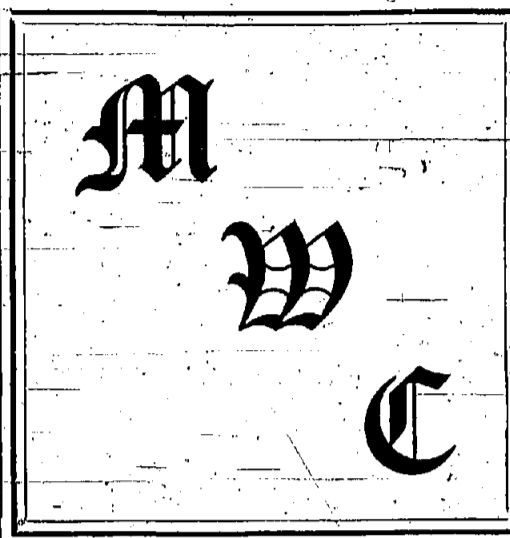

All the books listed herewith may be found on our free shelves. One does not need to be a member of the association to obtain books. A borrower may loan books at no cost, whatsoever.—F.P.L.

Indians Win Bowling Championship Against Aces

Winners of Both Halves Meet in Post Season Tilt

Indians Roll 2770 to 2687 As Total Pins Decide Thornton High Man

Captain Doug MacIntosh's Diner Indians won the 1933 championship of the Springfield Municipal Bowling League Tuesday night at Woodruff's Alleys in Center street by defeating the Five Aces, 2,770 to 2,687, a margin of eighty-three pins.

Scoring by total pins, the Indians, first half champions, averaged 923.1 to 895.2 for the losers, who won the final half, the league title being decided by a post-season roll-off, total pins to count.

Although beaten, the Aces won two games to one for the new champions, but the overwhelming advantage the Indians enjoyed of 131 pins in the second game was too great an obstacle to overcome.

Dave Thornton, anchor for the Aces, had high average for the night, 203.1, as compared to Joe McCauley, Diner Indian anchor man, high for his team, with an average of 194.1, but the latter's teammates trailed close behind.

Bricklayer (new on job): "Guess I can't work here. There's no place to park my car."

Boss: "No, you won't do. We only hire bricklayers who have their own chauffeurs."

SOFTBALL TEAMS TO MAKE PLANS MONDAY

Organization plans of the Springfield Playground Softball League will be made at the initial meeting Monday night at 8 o'clock in the Legion rooms, 240 Morris avenue. Those desiring to enter teams are asked to submit rosters and entry fees at the meeting.

Officers will be elected and arrangements made for the league opening in the near future. Harold Cain, president last year, will act as temporary president until officers are chosen. J. E. VanHart, playground director since 1926, is expected to return to his post here this year and will again supervise league contests.

Following several new drills and games the troop did some singing (?) at the meeting Friday. Patrol leaders were instructed to teach their patrols different songs to be sung at the meeting tonight.

The new patrol met Monday night and Beaver met yesterday. At the meeting earlier in the week Assistant S. M. Venn left his car in front of Patrol Leader Schmidt's house in South Maple avenue. Upon his return, he was surprised to find the air missing from one of the tires. H-mmmmm?

An officers' meeting was held Wednesday. The answer to last week's question; Patrol Leader Rudyard Jennings!

A riddle this week—what two scouts let the air of Mr. Venn's tires? One of them has been mentioned here before. Don't miss the answer next week.—THE NEWS SCOUT.

BOWLING LEAGUE TO HOLD DINNER TUESDAY

The Springfield Municipal Bowling League will hold its annual banquet Tuesday night at 7 o'clock in the Old Orchard Inn, Route 20. Dave Thornton, president, is in charge of arrangements.

"YOU'LL WONDER WHERE THE MOTOR IS!"

QUIET IS RIGHT!

TAKING the noise out of noisy motors is our specialty. After we get through cleaning the spark plugs, grinding the valves, adjusting the carburetor—in general, giving the ma good overhauling—they run so silently and smooth "you can't hear them."
