Board Grants Three Additional Licenses for Beer

Rambling
Around
Town

ONE WEEK THE BEER QUESTION was a quiet sort of affair as far as licensing was concerned and now to the surprise of many, somewhat delayed, of course, we are flooded with numerous permits here and there . . . the Township Committee granted nine applicants the right to sell beer Monday night with several left aside until a later session . . . the extra meeting was held Wednesday night, and four new licenses were understood to have been considered . . . it is customary to issue licenses at regular meetings and no doubt the Governing Body will formally approve the permit Monday night . . . although the announcement that the U. S. was off the gold standard was sensational in the newspapers yesterday morning, little or no concern seemed to be reflected in the comment around the Center . . . the little bird which told us how to correctly furnish predictions of the local Democratic recommendations several weeks ago, comes along to remind us that Vincent Shea, indorsed for Freeholder, will not seek that office, but may be a candidate for the Assembly nomination . . . some of the boys at the bowling dinner Tuesday night were somewhat disappointed . . . they're checking up on the cost and feel they could have prepared the meal at a cost of at least half of what was supposed to have been paid for the feed . . . the remark by a friend to mention the supposed inconsistency of the Township Committee Monday night to allow two local chain grocery companies the right to dispense beer and reject licenses sought by several storekeepers is here as requested . . . since then, however, as mentioned above, these merchants will be able to sell bottled beer as asked . . . why the impression that the latter did not get licenses was originally conveyed to the press, we will never understand . . . perhaps this statement would not have been encouraged had the board openly approved the application at first.

LEGION TO SPONSOR BOYS' BASEBALL TEAM

Continental Post, No. 228, American Legion, is furthering plans to sponsor a Junior baseball team this Spring in conjunction with a nation-wide system of similar squads organized by Legion posts throughout the country.

County, state and national elimination contests are held at the close of the year to determine the champion "Junior World Series." Definite information will be announced in the near future as a local committee is named to supervise a Springfield team. The age limit is seventeen years.

FIREMEN ARE CALLED

Firemen were called Tuesday night to a brush fire in Shunpike road and a house fire Wednesday afternoon, also in Shunpike road. Little damage resulted in either alarm.

REPUBLICAN WOMEN INDORSE CANDIDATES

The Women's Republican Club of Springfield met last night at the home of Mrs. O. Schwerdt of 42 Tooker avenue and indorsed the following candidates at the forthcoming Primary election: Peter H. Meisel for Freeholder; Ebert B. Johnson for Township Committee, and Charles H. Huff for Tax Collector.

Mrs. John J. King, president, presided. A social hour followed and cards were played.

No Contest in Local Primary

There will be no opposition to township offices in the Republican or Democratic Primary tickets May 16 as petitions were filed last night, the deadline, with Robert D. Treat, township clerk. Scarcely a contest will be seen, although two Republican women have filed petitions for county committee posts in the third district. They are Mrs. Dorothy Weber, backed by the Springfield Republican Club, and Mrs. Anna J. Oelling, who will run independently.

Petitions were filed for Charles H. Huff as Republican tax collector and Ebert B. Johnson for township committeeman. The Democratic petitions listed were: Edward A. Conley for tax collector, and Milton G. Lott for township committeeman.

On the Republican slate, in addition to Mrs. Weber and Mrs. Oelling, the following filed petitions for the county committee: first district, Arthur L. Marshall and Mrs. Ida H. Martyn; second district, Harold W. Cain and Mrs. Jennie King; third district, Fred O. French, and fourth district, Lee S. Rigby and Mrs. Helen Pierson.

The Democratic county committee petitions filed were: first district, George Welter and Mrs. Ann Daly; second district, Peter Tansey and Mrs. Florence Cullen; third district, Edward Cardinal, Jr. and Mrs. Mary Holms, and fourth district, Vincent Shea and Mrs. Lillian Lott.

SAMUEL B. GOLDSTEIN

Former Police Judge Samuel B. Goldstein of Hillside announced his candidacy for the Republican nomination to the Assembly before the Regular Republican Veterans Association of Union County Wednesday night, at 120 Broad Street, Elizabeth. Not until he was assured that there would be two vacancies caused by the decision of two incumbents not to run for re-election, did the former Hillside magistrate make known his decision, he told the gathering.

His Committee on Vacancies is composed of former Mayor Martin B. Stutsman of Plainfield; Undersheriff Lee S. Rigby of Springfield and Harry Kessler of Elizabeth. (Continued on page two)

Farmers' Hotel Among Latest Favored; Total of 12 Permits Allowed

Legion Dinner Held Last Night

Continental Post No. 228, American Legion, held a dinner last night at Legion headquarters, 240 Morris avenue. State Vice-Commander William Regen of Elizabeth was among the guests of the evening. About sixty were served.

He spoke on the service of the American Legion to the community, state and nation. Other out-of-town visitors included Anthony Glutting, commander of Connecticut Farms Post of Union, and Joseph Caesar, commander of Summit Post.

The Argonne Entertainers, made up of seven members of Argonne Post of Elizabeth, entertained with songs, stories and music.

Ralph H. Titley was chairman of arrangements assisted by Gregg L. Frost, Herbert R. Day, Charles G. Nelson, William H. Young and wives of the members of the post.

United Singers' Grove Will Get License; Plan Made to Fence Off Grounds

After granting nine permits to sell beer Monday night the Township Committee on Wednesday night met to reconsider several of the sixteen applicants rejected that night and voted to allow three additional permits. The new applicants favored were: Farmer's Hotel, Morris avenue and Morris turnpike; Clarence Buckalew, a storekeeper, at 247 Morris avenue, and John B. Schott, at South Springfield avenue and Diven street.

Officials of the United Singers' Grove were present to discuss their application, a petition having been submitted recently from neighbors asking that the grove be denied a permit due to "drunkenness, noise and dust" occasioned by patrons to the grounds. Assurance was received that a fence will be erected around the grove and restrictions approved by the officials before a permit is released Monday night.

At Farmer's Hotel, it is understood that that owners will place a wire net at the bar and serve beer only at tables in accord with state regulations.

The Governing Body acted on beer for the first time Monday night as a resolution setting license fees was approved, 3 to 2. The resolution provided these fees for temporary permits until May 25: \$50 for establishments where beer is consumed on the premises; \$15 for sale for consumption off the premises, and \$15 for clubs in existence at least one year.

Committeeman Alfred G. Trundle and George B. Gaskill voted against the resolution. Chairman Charles S. Cannon sided with Committeeman Frank C. Geiger and Wilbur M. Selander and the resolution passed.

Trundle, finance chairman, is understood to favor a higher fee for places where beer is served on the premises, and Gaskill asked for a lower fee. All voted for the resolution which followed, granting nine permits.

The following received licenses in Class A, where a \$50 fee is charged: Marguerite Inn and Orchard Inn, Route 20, and Spring Inn, Mountain avenue; Class B, sale to be consumed off the premises, Mutual Grocery Company, Atlantic and Pacific Tea Company; Herbert T. Abel of 19 Morris avenue and Gustave Ludwig of South Springfield avenue; Class C, clubs, Baltusrol Golf Club, the only club license sought.

All applications at both Monday and Wednesday night meetings were passed upon in executive session.

The following applications have been rejected: Murray W. Koonz, Seven Bridge road; Alfred Gibson, Morris avenue; Kless' Diner, Morris avenue; Frank Davis, South Springfield avenue; Charles Woodruff, Center street; Carl Muhngnug, Evergreen avenue; James T. Sickle, Morris avenue; Angelo Arnato, Mountain avenue; Paul Maddehana, Morris avenue; Herman Scott, Mountain avenue; Joseph J. Deutsch, Seven Bridge road and Frank Maiorino, Morris avenue.

It is reported several lunch establishments were rejected because of counters in conflict with state regulations. The Township Committee, it is understood, will issue the new licenses Monday night and may also consider additional applications at that time.

Minstrel and Dance to Benefit Block-Aid to Be Held April 28

Representative residents from various township organizations will comprise the cast of the minstrel and dance to be held in the James Caldwell School auditorium next Friday night, April 28, at 8:30 o'clock, for the benefit of the Block-Aid Campaign for emergency relief. The affair is sponsored by the Lions Club in conjunction with the American Legion, Choral Society, St. Vincent dePaul Society and a number of other local civic groups.

Dr. Stewart O. Burns, Block-Aid chairman of special projects, is general chairman. His general committee consists of Rev. William I. Reed, Block-Aid committee president; Robert S. Bunnell, Dr. William G. Huff, Theodore Johnson, Undersheriff Lee S. Rigby, John Potts, Gregg L. Frost, and William White.

Dancing will follow the minstrel and music will be played by an orchestra popular at local occasions. Tickets are on sale at fifty cents and proceeds of the show will be used to aid local needy and unemployed families. Since expenses are being kept down to a minimum, the full support of all townspeople is being sought.

The minstrel will feature a male chorus of twenty-four voices and there will be eighteen added specialties.

Mr. Rigby will be the interlocutor and Mr. Johnson the pianist. The end men include Richard T. Bunnell, Louis J. Wilman,

Frank E. Meisel, Elton Chase, Gregg L. Frost and Al Clarke. Special numbers will be performed by Muriel Johnson and Lillian Seales, local dancers.

A quartet, composed of John Potts, Percy T. Hammonds, Clayton B. Spahr and Theodore H. Cohick, members of the Springfield Choral Society, will sing several selections. George Glutting will also give a short novelty act.

An instrumental quartet, consisting of Cliff Sippell, Albert and Walter Charles, and Kenneth Shew, will be heard.

The male chorus, although not complete, includes the following: William Baumsmith, William White, James Tansey, Charles H. Huff, Donald B. Palmer, Nicholas C. Schmidt, Robert S. Bunnell, Clifford Walker, Norman M. McCollum, Alfred G. Trundle, J. G. Thomas, Ranson W. Randall, Herbert R. Day, William H. Young, James Haggert, Charles G. Nelson, Ralph H. Titley, Edward Jaekel, Edgar Jacobs, Rev. William I. Reed and Dr. Burns.

With such a large representative cast, the sale of tickets already forecasts there will be a capacity crowd in the school for the affair.

Judge Goldstein in Assembly Race

(Continued from page one)

who was an active worker in the recent campaign to elect Mayor Thomas H. Williams of that city.

This marks the first time Mr. Goldstein has sought public office, although he has played an important part in varied activities in his own community. He helped to organize the Regular Republican Club of Hillside.

His statement, in accepting the advice of his friends to run for Assembly, follows: "I am entering the Republican primaries for nomination for Assembly, fully acquainted with the grave responsibilities which fall upon the shoulders of public officials in economic stress such as we are passing through. I feel that only the paramount qualities or honesty and courage of one's convictions, regardless of the pitfalls encountered in fulfilling one's duties, should be the factors to be considered in electing men to public office at this time and at all times.

"Leadership and the sole desire to fulfill the wishes of the taxpayer, who, after all foots the bill, must be maintained without faltering. It shall be my duty, if elected, to help reduce the costs of government to conform to a constructive, yet, economic and tax saving program. I feel that legislation can be effected to relieve our people from the tremendous tax burden imposed on them and, if I am nominated and elected, I shall work in that direction.

"It is my intention to conduct a vigorous campaign, visiting as much territory as is humanly possible and I shall strive to act in a sportsmanlike manner, without injecting personalities, merely stressing the issues involved.

"Considerable study of the set-up of our State government reveals that the majority of the smaller municipalities in our State have been sadly neglected, while the larger cities have been favored with special legislation for their own particular needs. If elected, I shall represent all the people regardless of the size of the municipality in which they live."

Mr. Goldstein has been active in Hillside public, civic and political life for eight years. He was co-founder of the Regular Republican Club there, the Progress Club and the Maple Avenue Business Men's Association, and became Patron of the Radiant Link of the Order of the Golden Chain.

He is a practicing attorney with offices in Newark, having graduated in 1923 from the New Jersey Law School. He passed the Bar the next year, and after his graduation, he affiliated with Judge Nicholas Albano of Newark for six years until he opened his own offices. Judge Albano is a candidate in the present Newark City Commission race.

When appointed Police Judge in 1931, Mr. Goldstein became one of the youngest Magistrates in New Jersey, being only thirty-one at the time. He is well-known for his fairness as evidenced in a case during his term when he placed the decision in the hands of the spectators, with the permission of the opposing attorneys. The defendant charged with embezzlement received a suspended sentence from the young Judge after the spectators had so decreed.

He is a member of the Newark Lodge of Elks, Order of Moose, Columbia Lodge No. 176, F. and A. M., State Benevolent Patrolmen's Association, Firemen's Mutual Benefit Association of N. J., and the Union County Police Court Judges' Association, in addition to numerous other organizations.

Mr. Goldstein is married, resides at 210 Williamson Avenue, Hillside, and is the father of two boys, Bernard, 8, and J. Nathaniel, 5.

Forestry Jobs Open to Needy

Springfield has been allotted six jobs for the Union County reforestation army, the Emergency Relief Administration announced this week. Recruiting of 570 men for the entire county is under way and the quota of jobs is based on families on relief.

The recruits will be selected by the local relief department and applicants must be approved by Lewis F. Macartney, municipal relief director, before acted upon. The successful candidates will be assigned to forestry work under the Federal program. They must be men between 18 and 25 years old, possessing full naturalization papers, free from organic or contagious disease, willing to accept forestry work for six months, and have dependants who receive municipal relief.

They will receive \$1 a day for the work and it is required that at least \$25 of a month's pay of \$30 be sent to their dependents. Transportation, food, shelter and clothing are provided by the government. Applicants must also undergo a physical examination.

The cars are the first six-cylindered products ever to be purchased for police duty in Detroit, officials said. Taken in trade were 101 old four-cylinder cars formerly in police department service.

Awarding of the contract to Chevrolet followed competitive bids and comparisons among lowest priced cars. The new "Standard" Chevrolets—first publicly displayed March 11—are designed primarily for fleet users and people such as commercial travelers who want low first cost, the utmost in gasoline economy and low insurance, and registration fees.

SPRINGFIELD

Population—1933 4,000 (est.) 1920, 1715. Assessed valuations—1933, \$5,488,310. Tax rate, 1932—Township, \$3.22; state and county, \$1.00. Incorporated 1837; settled early in 1700's. Springfield is essentially a township of homes. It is 55 minutes from New York City on the electrified D. L. & W. Railroad and has excellent bus connections to Newark, Elizabeth, Summit and Plainfield. The railroad stations at Millburn and Short Hills are less than a mile from Springfield Center. The Rahway Valley Railroad has a freight station in Springfield, giving service for factories, commercial and industrial purposes. State Highway Route 20 makes it convenient to reach New York in thirty minutes by car when congested. Numerous state and county highways pass through the township. It has good streets; water; gas; electricity and a newly opened sanitary sewer system. Of interest in Revolutionary history with its historic Presbyterian Church where Rev. James Caldwell cried, "Give 'em warts, boys," in the midst of the Battle of Springfield fought on June 23, 1780. Several colonial landmarks are to be found in Springfield, one of the oldest communities in Union County.

MATTER of OPINION

If there were any basis for a comparison between the inflation of the German mark, and the present course taken by President Roosevelt and his advisers to bring about a rise in the prices of commodities in the United States, there might be cause for uneasiness on that score, among the people of this nation.

There is, however, no comparison, or, to use a better word, no similarity either in the financial situation of the two countries or in the methods used by the governments to bring about better conditions. It is probable that our President, in seeking a way to impart to commerce that impetus which it needs to start again an upward swing in the wheels of industry, has decided that the best plan is to cheapen the dollar. Quicker results may thus be obtained than by huge projects of government works, which take many months to get under way and are finally an added debt to be passed on to future generations. The immediate effect has been a rise in the price of raw materials, and a corresponding rush to buy these materials before there is a further rise. Possibly the psychologists who are in the group of advisers to the Chief Executive, have pointed out the way to make use of that powerful human emotion, fear. If, in the fear that their money will buy less tomorrow than it does today, enough people will take out of the banks and hiding places their hoarded cash, and put it into circulation by buying things they need and want, little of the newly-printed currency will be needed. More and more people will be put to work to manufacture new goods to meet the demand, and the "corner will be turned."

We must view the conditions in other countries to get a clearer perspective of our own situation. It is reported that there is no apparent hardship to the citizenry of England because of the fall of the pound sterling. Business seems to be gaining instead of losing. We have been the greatest sufferers in the gigantic economic struggle between the nations of the world, and our greatest disadvantage has been our determination to remain on the gold standard. Newspapers which have heretofore hesitated to comment on the unceasing campaign which has been waged by the leading European powers against us to regain the financial supremacy of the world, now admit that for the past two years formidable raids have repeatedly been made to break down the security of our monetary system. If, through "controlled inflation," we have a powerful weapon to be used in this fight, more power to our President and the leaders who stand by him. He is trying a new method while at the same time he has the situation under complete control. There will not be any great change for the better or worse. Things will probably improve slowly. There is an enormous amount of debt for all of us to pay, and no leader, no matter what new plan he evolves, can wave a fairy wand and wipe out those debts.

What the SUN Advocates

Believing that the following improvements are vital necessities to nourish Springfield's betterment and substantial progress, the SUN advocates:

1. A high school.
2. Removal of dilapidated buildings which are "sorespots."
3. Sidewalks wherever needed.
4. Encouraging clean factories, to increase the rentals.
5. An active Board of Trade to stimulate "Buying in Springfield."
6. Postal-carrier delivery.
7. Reduced bus fare within town limits and to Millburn R. R. station.
8. Full time position for the township clerk's office.
9. Set of Building Zones, before township is developed.
10. A county park.

Emerson has said that there is a solution for every problem, and the highest duty of the soul is to be of good cheer. An abundance of hard work done with a cheerful spirit, and a firm belief in ourselves and our country, will do the trick.

We have all been a bit impatient with the rain and the raw winds of the last week, but how clean and fresh the air seems, and all green things are budding. The forsythia flaunts its golden bells and the yellow of the daffodils glows against the "spikes" of green. We read that everywhere sales of flower seeds and bulbs exceed those of vegetables. Proving that in this, the world's worst depression, we are turning to beauty and nature for solace. Have you a garden? Then share it with your neighbor. By exchanging seeds, plants and bulbs, you can double your pleasure.

Probably there can be no greater incentive to continue to work than expressed appreciation and therefore our Library feels the glowing warmth of our fellow columnist's kind words. It is easier to carry on and we are collectively thankful for them. Hutchinson has certainly given some wonderful thoughts to fiction readers. "The Uncertain Trumpet" is another of his books which holds the reader because of his ability to draw real characters as well as touch the deeper feelings. Not all care for his style, but those who do find in it great refreshment.

"From Day to Day," by Ferdynand Goedel, is a translation from the Polish, in which it is written. This book is a remarkable blending of diary and novel. The diary describes the present spiritual state and material surroundings of the principal character and the novel, of his past experiences as a prisoner. The two forms are carried concurrently and are intended to show the influence of the past upon the present.

Spring seems to be getting more real each day and that gives us a yearning for outdoors. Some of us want to go fishing. For those who love fishing as a sport and cannot get away to indulge, we recommend "The Book of the Tarpon," by A. W. Dimock. Not only do the words thrill the reader but the many illustrations add to the tremendous zest of reality. As mentioned on other occasions, all the books listed here are free to our readers.—F. P. L.

**44 Nations Reported
as Off Gold Standard**

Washington.—Thirty-three countries were listed by the Department of Commerce as having "officially suspended the gold standard" and the statement was made that eleven other countries, while not officially off the standard, "are practically in the same category."

The defection of Great Britain is generally considered the prime factor in putting many other countries off and holding them off the gold standard.

The thirty-three countries officially off the gold standard were named by the Department of Commerce as follows:

Denmark, Finland, Greece, Norway, Portugal, Sweden, United Kingdom, Spain, Japan, British India, Straits Settlements, Siam, Argentina, Bolivia, Brazil, Chile, Colombia, Ecuador, Paraguay, Peru, Uruguay, Mexico, Costa Rica, El Salvador, Australia, New Zealand, Egypt, Palestine, Northern Rhodesia, Southern Rhodesia, Nyassaland, Mozambique and Canada.

The eleven countries "unofficially" off the gold standard are Austria, Bulgaria, Czechoslovakia, Germany, Hungary, Estonia, Latvia, Rumania, Yugoslavia, Nicaragua and Venezuela.

**War Vet Raises His Own
Drum and Bugle Corps**

Colorado Springs, Colo.—Walter D. Hodgkinsons, a World war veteran, is raising his own drum and bugle corps.

The corps is composed of four little Hodgkinsons, Joan, four and one-half; Duane, seven; Fred, eight, and Jim, ten.

All four are buglers, and both Fred and Jim are adept with a drum.

Their father was an artillery man during the war, and apparently came out of the conflict without the aversion of most soldiers to such evils as "first call" and reveille.

the **CASH
REGISTER**

THE delicate clang of the cash register keys, accompanied by an insistent obligato of cash drawers opening and closing is music to the merchant's ears. What annoys most merchants today is the extremely slow tempo in which this commercial music is played on their cash registers. Today, as yesterday, accelerating the pace of your cash register is accomplished by tuning up on your advertising. The SUN reaches the Home, those purchasing markets that still make purchases, that still build for merchants, that still read the local paper for news of bargains, seasonal merchandise, innovations, and competitive prices—markets that will keep your cash registers busy.

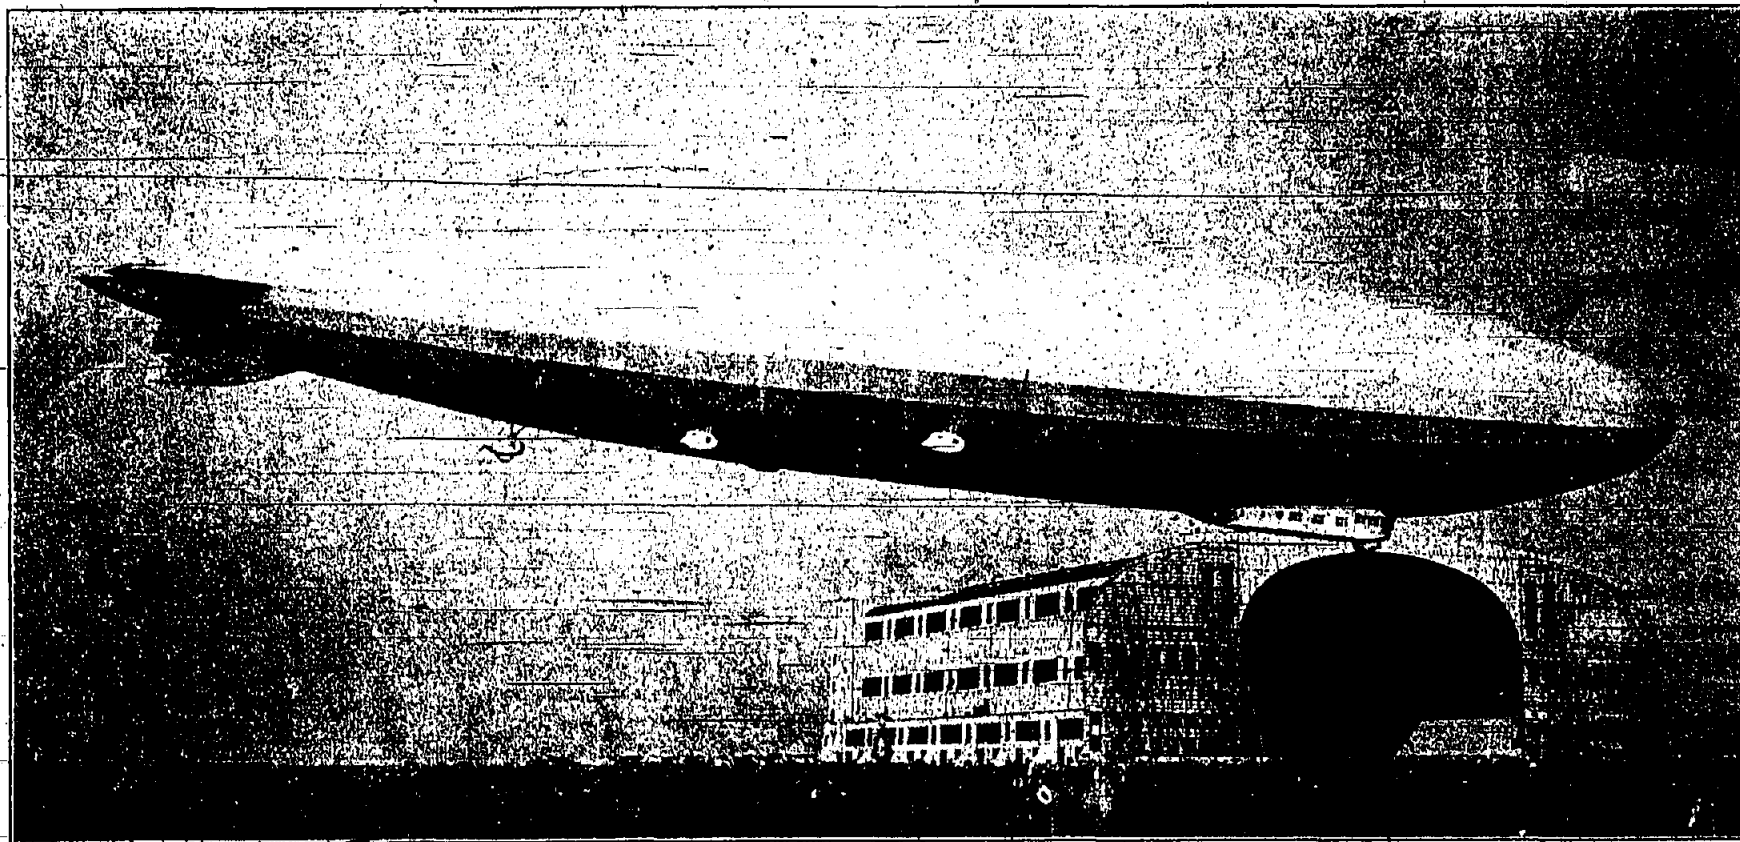

Call or drop us a card, and we will send a representative who will explain in detail the benefits derived from advertising in the SUN.
