Vol. VI.—No. 46 SUBSCRIPTION PRICE TWO DOLLARS BY THE YEAR Friday, July 14, 1933 OFFICIAL NEWSPAPER TOWNSHIP OF SPRINGFIELD PRICE FIVE CENTS

Opposition Fails To Halt Sunday Sale of Beer

Rambling
Around
Town

WE HAVE BEEN TOLD OF absent-minded professors, but the latest to hit Springfield affects a Morris avenue baker . . . only because we know he is a good sport and can "take it" does the Rambling Reporter bring out a comical incident which arose out of a friendly sports discussion in Gibson's Diner Tuesday afternoon . . . it seems the boys were exchanging views on baseball, etc., as our good friend unconsciously moved toward a telephone coin-box, where, mistaking it for a cigarette-vendor machine, dropped a ten-cent piece and a nickel in the box; before he realized what had happened, the coins were lost . . . Jerry Potter, our congenial stove-warmer friend at the Town Hall, suggested this week that instead of calling this column by the title bestowed, it should be termed "Stumbling About Town" . . . as interesting a debate as we've ever heard at a Township Committee meeting was delivered this week when the Sunday beer sale question was being thrashed out . . . whether one is a prohibitionist or an "anti" the whole matter of discussion was utterly uncalled for . . . the National fact-finding body, Congress, has declared 3.2 per cent beer to be non-intoxicating . . . therefore, it is asked, why spend so much time on the sale of a concoction which, as the definition of its legal content bears out, is no stronger than ordinary soda water? . . . the dress factory in Morris avenue opened last week as this column foretold not so long ago . . . it is interesting to note that Springfield is the first municipality in Union County to have paid its county taxes due June 15, approximately \$15,000 . . . this is not, however, half of the total state and county taxes Springfield pays, since the whole instalment of state taxes is not collected until December 15, when the payment will total about \$35,000 . . .

RETURNS FROM EUROPE.

Miss Marion Phillips, daughter of Mr. and Mrs. Charles Phillips of 89 Battle Hill avenue, who has been studying abroad in France and visiting relatives in England, is expected to return home late this month.

PLAN "DOGGIE" ROAST.

Camp 103, Patriotic Order of America, will hold a frankfurter roast Monday evening at 8 o'clock at the home of Mrs. Fred Pierson of Main street. Admission will be twenty-five cents. The public is invited.

The SUN is on sale at the following newsstands: Shack's, Morris and Mountain avenues; Buckalew's, 247 Morris avenue; Majorino, 234 Morris avenue; Morris Soda Shoppe, 161 Morris avenue, and at 19 Morris avenue.

P. S. To Add Six Busses on Elizabeth Line Here

Public Service seeks to add six new busses on the Elizabeth-Union-Springfield line, according to notice received by the Township Committee Monday night from the Public Utility Commission. A date of public hearing on the added busses, has been set for September 27. Local authorities are expected to be represented.

Few Complain on Garbage Service

Only three minor complaints have been received from the first month's operation of the new municipal ash and garbage collection service, the Township Committee was told Monday night. Committeeman Gaskill, chairman of ashes and garbage, suggested that better service would be effected if unemployed men, working on the garbage truck, would be left on duty for longer periods at a time, instead of changing too frequently. Other members agreed that the lack of more serious complaints against the scavenger service speaks well for the department. Charles D. Horster is supervisor of the work, the system having been instituted June 1, in place of the yearly contract to an outside concern.

Playfield Starts Every-Day Events

Daily contests were inaugurated this past week at the county playground in Flermer avenue. Forty-one children participated in the guessing and judging contest Monday. Honors went to Jack Donovan, Everett Lichtenstein, Isabel Ferry, George Dick and Tony Giacomina. A sand-modelling contest took place Tuesday and the following came in for awards: Robert Hoernig, Lucille Welter, Robert Boek, Harold Berry and John McGeehan. Quoits occupied the activity for Wednesday afternoon. Among the boys, Homer Buckalew, Frank Kaspereen and Harry Anderson won honors. Since the girls have yet to finish their finals, they will resume competition later.

The program next week: Monday, Jackstone for boys and girls, Tuesday, story-telling contest and animal picture contest; Wednesday, horseshoe tournament (singles); Thursday, dramatics and on Friday, washers (singles) and horseshoe tournament (doubles). Beginning next week, J. E. VanHart, playground director, will post point-standings which will also be published in the SUN weekly.

Plans are being made to hold the annual doll parade on Thursday, July 27. On Wednesday, August 2, local boys and girls will compete in the district championships in Union against representatives of Union and Roselle Park. District winners will go to Warinanco Park, Elizabeth, on August 9, where the entire county championships will be determined.

MARK TWO BIRTHDAYS AT HOAGLAND PARTY

Mr. and Mrs. John T. Hoagland of 151 Tooker avenue entertained Wednesday night at a party in honor of the eighty-first birthday of Mr. Hoagland's father, Edward A. Hoagland, and the sixty-first birthday of Mrs. Hoagland's

Springfield Pays All County Taxes

Committeeman Alfred G. Trundle, finance chairman, reported to the Township Committee Monday night that Springfield had paid its county taxes due June 15, totalling approximately \$15,000. The original payment, made shortly after June 15, was \$3,000. Springfield is one of the few communities in the county which to date, is paid-up for county taxes due at this time, he said. Trundle also informed the board that bondholders of \$41,000 of the \$60,000 sewer bonds which fell due June 1, had agreed to take the committee's proposal of 50 per cent in cash and the remainder within a period of two years. Agreements from holders of the remaining bonds are anticipated, the finance chairman said.

Disposal Works Changes Held Up

The State Board of Health has deferred action upon approving the application of the Rahway Valley Joint Meeting in seeking changes in the design of the proposed disposal plant at Rahway. The plant is being designed so as to have a capacity sufficient to meet the population growth of the Rahway valley area for the next ten years. Changes in the plans are desired, it is understood, to eliminate details in order to bring the project within a favorable bid recently received for the construction contract.

Changes which the Rahway Valley Joint Meeting seeks in the disposal plant specifications are to reduce cost of construction about \$30,000. Total of low bids on contracts for the plant is \$387,140, on specifications approved previously by the State board. Originally, it was estimated that the cost of the plant would run between \$350,000 and \$375,000. After that figure was reached, however, changes in plans ordered by the Joint Meeting boosted the estimate to \$390,000, but with member municipalities having difficulty in raising their appropriations for completion of the project, it was deemed advisable to prune the plans to reduce the cost.

At the last meeting of the sewer board, former Mayor Roger C. Aldrich, of Cranford, chairman of the body, was delegated to appear before the State Board of Health with the plea for changes in plans. It was expected that approval would be delayed, until after State engineers had opportunity to recommend elimination of details which would bring the cost down, as desired by the Joint Meeting.

Although the State board deferred decision on permitting plans to be altered, their action is not expected to cause further delay in completion of the work, as the Joint Meeting planned to withhold awarding of contracts until reports are received from State engineers. When bids were first authorized, however, it was expected that the disposal plant would be nearly completed by winter.

mother, Mrs. Lena K. Abbeal. Fifteen relatives attended, including Mrs. James F. Stephenson and daughter of Newark, Mrs. Isabel Chamberlain of Dunellen, Mrs. Martha May Eaton and daughter of Plainfield, Mrs. Clarence Garwood of Newark, and Mr. and Mrs. Walter Atkinson of Springfield.

TOWN COMMITTEE APPROVES SABBATH SALE BY 3-2 VOTE

To Close Electric Power Line Sunday at 8.30 P. M.

Announcement was made yesterday by W. R. Whittingham, manager of the Millburn office of the Jersey Central Power and Light Company, that power lines, supplying electricity in Springfield, will be shut down Sunday morning at 8:30. Service will be resumed at 8:35 A. M. Repairs in the line are expected to be put through during the interruption.

Lions, Boy Scouts Hold Get-Together

Members of the Lions Club held their third annual get-together with Boy Scouts of Troop 66 at the Scouts' camp near Brookside last Friday. Transportation was furnished by the Lions and the trip started from town at 5:15 P. M.

The party stopped in Brookside where a short softball game between the Lions and the Scouts resulted in favor of the latter, with a slight lead. The expedition continued on to the Scouts' cabin where supper was served by scout leaders, consisting of steak, French fried potatoes, string beans, fried onions, rolls, coffee and ice cream. After supper, the Lions played several games of horseshoes while the boys cleaned the cabin. Then, all hands adjourned to the council fire of the Scouts in the adjoining wood, each observing a sacred rule to carry a rock to deposit on the fire.

Numerous songs were sung under the leadership of Assistant Scoutmaster Harry Venn and a short play was presented by the Scouts, entitled "The First Flag." The secretary of the Lions Club, L. J. Winan, announced that the annual Lions award, a wrist watch, to the best camper in the troop for the year 1932-1933, had been ordered. It will be presented to the winner of the award, Scout Rudyard Jennings. After giving cheers for the Scout leaders who made the enjoyable evening a success, the Scouts and Lions returned to the cabin and left for home at 9:30.

Lions in the party included L. J. Wiman, Richard T. and Robert S. Bunnell, Donald B. Palmer, Charles E. Huff, M. Lichtenstein, Undersheriff Lee S. Rigby, Alfred G. Trundle and Nicholas C. Schmidt.

Farmers to Hold Outing Tomorrow

The Union County Agricultural Society will hold an outing tomorrow at the farm of Richard Trivett, Springfield resident, in Mt. Olive. About fifty persons are expected to attend.

Cars will leave Mr. Trivett's home in Flermer avenue at 10 A. M., going by way of Livingston, Mt. Taber, Denville, Succunna, Flanders and Mt. Olive. Dinner will be served after the party arrives, after which short speeches will be heard.

Games will be played in the afternoon. The committee in charge of arrangements consists of A. B. Headley of Union, John Courtney of Springfield and H. Brewer of Clark Township. Cars will leave the farm at 6 o'clock.

Chairman Cannon Breaks Tie By Approving Plan With Gaskill and Geiger

Unexpected opposition to the Sunday sale of beer in Springfield Monday night featured a lengthy discussion by the Township Committee, which after a debate of forty-five minutes, voted 3-2 to legalize Sabbath sale. Due to incorrect interpretation given the board originally that mere passage of resolution complying with new state regulations permitted Sunday sale, it was necessary to introduce a supplemental resolution providing Sunday sale. No opposition had been reported and the board was expected to pass the new resolution unanimously.

Under the local resolution, all classes of license holders, those selling on premises, those distributing in the form of bottles, and the last, clubs, are permitted to operate from 1 P. M. to midnight on Sunday, standard time. Committee Chairman Cannon broke a tie when Committeeman Geiger and Gaskill voted for the resolution by voting with them in favor of the resolution.

Committeeman Trundle, who previously failed to get a second for his motion to table the resolution, voted with Committeeman Selander, against Sunday sale.

Selander was principally opposed to Sabbath sale, pointing out that while he felt the Eighteenth Amendment would be repealed, the way is left open to sale of hard liquor in numerous places in the township. "We are going too far," he said. "There will be more liquor sold here than before prohibition."

He told the board Sunday regulations had been a club with which authorities could control saloons.

Cannon insisted there is no immediate danger of legal Sunday liquor sale. He pointed out the committee had a duty to beer license holders, who, when they had taken out new licenses, had done so with the understanding Sunday sale would be allowed in Springfield.

He added Police Chief Runyon had informed him that since the legal sale of beer, there are fewer cases of drunkenness in the township.

Trundle said he thought the only license holders who had reason to sell Sunday were the private clubs, class C. Selander preferred sale to class C and class B, storekeepers, rather than class A, to be consumed on the premises.

When first read by the clerk, the resolution provided for class A only. Charles W. Weeks, township counsel, who prepared the resolution, said he had allowed sale for consumption on the premises, to prevent carrying the beer around Sundays. He said he had failed to consider the class C group through an error. Selander said he would "prefer to see a man carry beer in his arms Sunday than in his stomach."

Trundle retorted by saying, "I'm not worried about the man who carries it, but about the one who can't carry it. We can get into this thing easier than we can get out of it." He added there is no tremendous need for the sale of beer in either case.

Geiger pointed out that if Springfield did not approve Sunday sale, the township would be out of step with nearby municipalities who are permitting Sabbath sale.

CHALICE OF ANTIOCH, SACRED RELIC WHICH MAY HAVE BEEN USED AT LAST SUPPER, IS SHOWN AT WORLD'S FAIR

AN OBJECT of reverence to millions of Christians and one of the earliest relics of the faith is enshrined in the Hall of Religion at A Century of Progress, Chicago's 1933 Exposition.

It is the Great Chalice of Antioch, earliest existing vessel thought to have been connected with the Holy Eucharist. According to an outstanding authority on archaeology and early Christian art, Dr. Arthur B. Cook of Queen's College, Cambridge, England, it raises the presumption that the cup it contains might be the very vessel used at the Last Supper.

The Chalice, according to Dr. Gustavus A. Eisen, to whom was entrusted the renovation and preliminary study of the vessel, dates from the first century A. D., and probably was constructed between 50 and 70 A. D. This opinion is concurred in by Dr. Cook, by Dr. A. T. Olmstead, president of the American Oriental Society, and by many other authorities. Some, however, hold that the Chalice is of a later date, probably of the fourth century.

Constantly Guarded.

The Chalice is the most important item of the Kouchakji silver treasure, which includes book covers, a plain silver cup and a ceremonial cross, all of silver. They were discovered in 1910 by Arabs digging a well or a cellar in the city of Antioch.

The Chalice is displayed in an appropriate setting at A Century of Progress Exposition, and is guarded night and day. It is an open-work container of silver, beautifully wrought, 7.56 inches high, standing on a pedestal and holding a cup which would contain about two quarts of liquid. This cup, likewise of silver, is a Jewish Passover bowl of great antiquity, identical with those used when Christ walked the earth.

Brought to New York.

The Chalice was carried to Paris by its owner, together with the other objects of the discovery, in 1913. There Leon Andre, archaeological expert for the Louvre and other great museums, examined and cleaned them. Shortly before the battle of the Marne, when Paris was threatened by German armies—the Chalice and the other objects were removed to the City of New York, where they have remained for safety's sake in the

vaults of a Fifth Avenue bank.

The renovation and preliminary studies of the Chalice were begun by Dr. Eisen, noted scientist and archaeologist, shortly after its arrival in New York. Day by day, as he worked on it, the relic gave up its secrets. The silver of the cup and its openwork container was heavily oxidized and would not permit ordinary methods of cleaning. Little by little, with infinite patience and care, it was restored and the beauty of its decoration made apparent.

The church at Antioch dates

from 41 A. D. It was there that the followers of Jesus first became known as Christians, and thence for many years missionaries were sent to preach the gospel. As to the probable connection between the early Church and the Chalice, Dr. Cook writes:

May Be Holy Grail.

"With the fall of Jerusalem, Antioch became the main center of Christianity in the East. And so the inner bowl of the Chalice may have been not improbably brought thither from Jerusalem, where it may have been the very vessel used

in apostolic times by the infant Church. Indeed, a presumption that it was none other than the cup of the Last Supper is raised.

Dr. Cook's words open up a field of speculation regarding the Chalice which embraces the whole legend of early knighthood. If this vessel chances to be the cup of the Last Supper, then that search which for years claimed the devotion of Europe's noblest blood, was never ended. Indeed, not to a Knight of the Grail, but to a humble Arab workman, would thus be given the honor of its recovery.

The Great Chalice of Antioch, on display in the Hall of Religion at A Century of Progress—the Chicago World's Fair.

MOTORCYCLE RACING LISTED FOR TRI-CITY

Motorcycle racing under arc lamps will start at the new Tri-City Stadium Wednesday, July 19, as another main activity at the Borinsky's sport center, Mill road Union, at the Irvington line.

Weekly meets with at least 20 of the East's best riders competing, will be run Wednesday nights. The daredevil events are under the supervision of Andy Watts. Rubé Borinsky acts as promoter for the

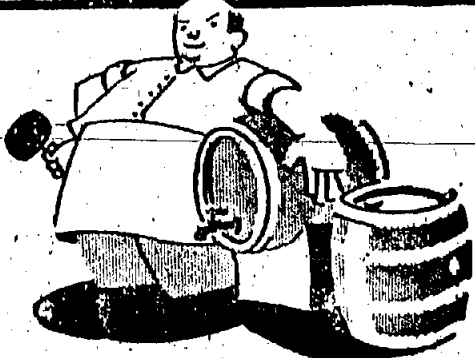

affairs at the field owned by his father, Louis Borinsky.

Construction has started on a one-fifth mile track around the baseball field. It is expected to be completed next week when several riders will try out the saucer. Lamps will become part of the field's equipment, installed permanently.

The promotion of the motorcycle races is part of a promotion plan to make the local field Northern Jersey's outstanding sport centres. Watts will conduct amateur bicycle races on the track. The light-

To Save What One Saves

THE American public is cheated out of \$500,000,000 a year through security swindles, according to authoritative estimates. Better laws may help to curb this abuse. But men who make it their daily business to fight the fake stock promoter say education must play as great a part in the campaign against fraud.

Too often people do not know what to do with their money when they have earned it. Some very simple teaching in the fundamentals of investment should be made general, it is urged. High schools and colleges should give primer lessons in protection. Such advice is important when coming from experts who know why people are swindled. Often persons who want the best type of security and think they are buying it, actually are trusting themselves to professional swindlers. They get into danger through neglecting to investigate the people they deal with.

Such an extremely simple thing as watchfulness to see that the person who offers securities is reliable and responsible is among the a-b-c's of investment. But it is apparent from the terrific fraud losses that the first lessons have not been learned by hundreds of thousands of people.

The schools cannot teach everything, but somewhere in human affairs the lesson of how to preserve money from swindlers must be gained. Many homes would have come through the depression far happier if protected by such knowledge. Schools encourage little children to save. Perhaps schools can also help bigger children to save what they save. From the Christian Science Monitor.

SPRINGFIELD

Population—1933 4,000 (est.) 1920, 1715. Assessed valuations—1933, \$6,488,810. Tax rate, 1933—Township, \$3.23; state and county, \$1.06. Incorporated 1871, settled early in 1700's. Springfield is essentially a township of homes. It is 65 minutes from New York City on the electrified D. L. & W. Railroad and has excellent bus connections to Newark, Elizabeth, Summit and Plainfield. The railroad stations at Millburn and Short Hills are less than a mile from Springfield Center. The Rahway Valley Railroad has a freight station in Springfield, giving service for factories, commercial and industrial purposes. State Highway Route 29 makes it convenient to reach New York in thirty minutes by car when completed. Numerous state and county highways pass through the township. It has good streets; water; gas; electricity and a newly opened sanitary sewer system. Of interest in Revolutionary history with its historic Presbyterian Church where Rev. James Caldwell cried "Give 'em credits, boys" by the midst of the Battle of Springfield fought on June 23, 1780. Several colonial landmarks are to be found in Springfield, one of the oldest communities in Union County.

What the SUN Advocates

Believing that the following improvements are vital necessities to nourish Springfield's betterment and substantial progress, the SUN advocates:

1. A high school.
2. Removal of dilapidated buildings which are "sorespots."
3. Sidewalks wherever needed.
4. Encouraging clean factories, to increase the ratables.
5. An active Board of Trade to stimulate "Buying in Springfield."
6. Postal-carrier delivery.
7. Reduced bus fare within town limits and to Millburn R. R. station.
8. Full time position for the township clerk's office.
9. Set of Building Zones, before township is developed.
10. A county park.

"OUR LIBRARY"

Monday, 7:30 to 9:30 P. M.
Wednesday, 2:30 to 5 P. M.
Friday, 7:30 to 9:30 P. M.

Each month there are added to the pay shelf such books as we can afford, so that there are new books being added to the free list regularly. The earnings of the free shelf are thereby converted to the free shelf use.

"Little Man What Now" by Hans Fallada has caused much comment. It is found in most of the lists of books in demand. It may well be, for it describes lives and problems we all are now living.

"Unfinished Symphony" by Sylvia Thompson is a story of a lovely and extraordinary personality. All of us, at times, feel that original loveliness and charm should be preserved from everyday contacts which might soil it, but we fail to take cognizance of the consequent damage to the character in formation. "Unfinished Symphony" provokes thought along these lines.

"Miss Delicia Allen" by Mary Johnson is a delightful book of the pre-Civil War times. It is faithful to its setting and artistically done. As an orchid is beautiful and rare, so is this book.

For Summer reading, Grace Livingston Hill presents "Matched Pearls." A very interesting story is drawn from the usual scoffing of mature ideas by inexperienced, though educated youth.

Dr. Cronin has written another unusual book. "Grand Canary" is cast in Spain's warm and colorful Canary Island and deals with the regeneration, through love, of a brilliant London doctor. The sense of power which this distinguished author has conveyed in his other two novels is still there, but without recourse to tragedy. Although the plot is not new, its treatment and the ability of the novelist, places the book well up on the list of desirable volumes.

All of these books are now on our pay shelf. F. P. L.

Criticisms are welcome. The publishers are open at all times to suggestions in making this paper more interesting.

RECOMMENDATIONS	
<p>There has been difficulty in some instances in ascertaining the period covered in some expenditures. No bills should be passed for payment unless the period is distinctly stated. The same is true of some items of revenue, such as rents.</p> <p>It has been the custom for the Township Clerk to report his receipts to the Township Committee as of date of the Committee's meetings. It is better practice to make reports to cover the calendar month and the payments to the Township Treasurer should be made as of the last day of each month. The Township Clerk should be authorized to open a bank account, to be known as Township Clerk's account, in which he shall deposit his receipts from time to time as required by law and on the last day of each month shall pay the amount of such receipts for the month to the Township Treasurer. The payment to the Treasurer should be accompanied by a copy of his report, giving the classification of the receipts taken from the Township Clerk's cashbook.</p> <p>The report of Audit for 1931 stated that an approved tax arrears register has been installed and that all taxes up to and including the year 1930 had been transferred thereto. The department had given its approval of the book in use upon the understanding that a regularly approved form of arrears register would be installed. As this was not done, all delinquent taxes prior to 1932 have been scheduled. The approved form should be installed at the close of the year.</p> <p>There does not seem to be any good reason for continuing the Fire District, which is co-terminus with the Township, as a separate organization. Were it absorbed by the Township, the District Surplus would revert to the Township's Surplus Revenue.</p> <p>The report of Audit is on file in the Township Offices. By order of the Township Committee. Dated July 11, 1933.</p>	

By the taste of things the Rambling Reporter should have wandered to the Scout camp Friday. After the softball game in which "Babe" Dick Bunnell and "Wild Man" Lou Winan starred, the feast was spread with the Lions Club as guests of Troop 66. And what a feast. After the meal the party went up to the campfire site where songs were sung. The Scouts presented a skit, entitled "Ya Know What?"

This week we deal with a "Hunter and Trapper's fire. To make this type of fire, place two large logs in the shape of a V. Kindling wood is placed between the logs and the fire is started. Green wood may be placed over the two base logs to deflect the heat toward the open end. These "fire-dogs" hid considerably in baking. Another log may be placed across the opening and a pan tilted over it. —THE NEWS SCOUT.

Go to Church Sunday

Join the Happy Throngs

Have you ever noticed the faces of people as they emerge from church out into the sunlight? They are bright faces, faces with faith shining in them, their burdens are lightened, their joys are increased, because they have stopped for a moment in the House of God. Your church holds the same happiness for you, a happiness in being one with your Creator, a happiness derived from good fellowship and love of mankind, a happiness found in doing good—this is only a part of what your church will instill into your heart. If you want a balanced, happy life, join the happy throng on their way to church next Sunday.

Republicans Upset Independents in Thriller, 10 to 9

Winners Score 8 Runs in Last Two Innings

The Republican Club overcame a six-run lead in the late stages of a playground League game against the Independents Wednesday night and surprised the latter by scoring eight runs in the eighth and ninth innings to win, 10-9.

The Independents, who had thrown the Fire Department for a loss last week, to establish themselves more solidly in second place behind the leading Indians, had piled up a lead of 8-2 going into the eighth inning.

The Republicans scored five runs in the eighth frame and they were within a run of tying. When the Independents scored a run in the last frame it looked bad for the politicians, but the latter came across with three runs to ease ahead.

The score by innings:
Independents . . . 0 2 0 0 2 4 0 1 9
Republicans . . . 0 0 0 0 2 0 5 3 10

Independents Win Over Firemen, 10-2

The winning streak of the Fire Department in the Playground League was abruptly stopped by the Independents last Thursday, 10-2, as Art Kasperen, winning pitcher, allowed but four hits. Not until the eighth inning did the Firemen score their runs and the Independents breezed through to an easy victory.

Ed Ruby pitched for the losers and yielded fifteen safeties.

In The WEEK'S NEWS

PLANE OF ITALIAN AIR ARMADA. Here is a front view of the Italian Seaplane "Savoia Marchetti S 55 X," one of the Italian Air Armada making the greatest mass long-distance flight in history. Most of the planes of the Armada are of this type.

COOL — Arline Judge, new featured movie star, hides her brief and cool sports costume behind the wheel of a studio schooner — but we get the idea, anyway.

TAN WITHOUT PAIN—The answer to every vacationer's prayer is a golden coat of tan. Joan Mavis finds non-greasy Vinalbalm put on prior to exposure eliminates a preliminary coat of oil and is useful as a relief from sunburn.

SORRY — Although she refuses to discuss the ultimate outcome, Mary Pickford regretfully admits marital difficulties with her equally famous husband, Douglas Fairbanks, who is in Europe. At right—Mary's latest photo.

TEST GIANT THERMOMETER—C. A. Donnel, senior meteorologist of the U. S. weather bureau in Chicago, compares the reading on his official "sling" thermometer with the 2-foot wide "mercury" columns on the huge Havoline thermometer shown in the background. The 218-foot tower, the largest thermometer in the world, shows visitors to the Century of Progress Exposition just how hot it is day and night.

TRYING A HAND STAND. Here is the method A. J. Erwin, San Francisco steelworker, used to strengthen his son Alfred Jr., aged 2½ years. Erwin is a firm believer in exercise for body building.

Unfortunate Armada
The Armada which sailed from Spain to attack England consisted of 130 ships, most of which were Spanish, but some of which were Portuguese and some Italian. The flagship was the Capitana and other capital ships were the San Martin, Santa Ana, Senora de la Rosa, Raba Coronada, San Juan and San Pedro. In each ship six choir boys sang "Buenos Dias" each morning and "Ave Maria" each evening.

Sought English Throne
The Chevalier of St. George in English history was James Stuart, eldest son of King James II of Scotland known as the Old Pretender. He was proclaimed king of England on November 9, 1715. After the great Scottish victory of Prestonpans.

When Idol Is Harmless
"I respect an idol at the temple door," said Hi Ho, the sage of Chinatown, "who being never called upon to hear, see or speak, may at least be depended on to do no wrong. It is only when overturned that he is likely to be found in the way."—Washington Star.

Quaker Haven
Shelter Island, Long Island, N. Y., was bought in 1651 for 1,600 pounds of Muscovado sugar by the Sylvester family. On it was established a shelter and refuge for persecuted Quakers from New England.

Making Sweet Sounds
There are three types of musical instruments—percussion, wind and stringed. Probably the percussion instruments were the first, though legend takes the pipe of Pan back to prehistoric times.

Financial Centers
Lombard Street is the English equivalent to New York's Wall Street.
