PRAISE FOR FIREMEN

A real test under-circumstances which really proved their worth, was commendably passed by the Springfield Volunteer Fire Department at the Union County Coal and Lumber Co. fire Saturday morning.

No greater hazard could have presented itself at the fully loaded sheds of the lumber yard than the two nearby dwellings which were scorched by flames that, at times, shot into the air for a height of at least 50 feet. But the firemen, aided by co operative Summit and Millburn companies, handled their jol efficiently and saved the houses and several other lumber yard structures.

The new Firemen's Reserve also comes in for the praise of Chief Charles Pinkava, who sorely needed all the help that could be mustered and the first actual fire to which they responded, clearly emphasized that their assistance was well directed.

A GOOD PUBLIC SERVANT

Fortunate indeed is the citizenry of any community whom offered the opportunity to support for public office one who has proved his qualifications to fill the office sought.

Republican voters of Union County will have an oppor tunity to nominate for the office of county clerk, such an in dividual in the September primary.

Henry G. Nulton, now completing his first full term a county clerk, has established an outstanding record-for-service to the public in the office he occupies.

Those who know Mr. Nulton personally, and his acquaintainship_in the county is extensive, are not surprised at the probably cover the three-day hollsteps he has taken while in office to improve both the accommodations as well as efficiency of his department of county lands. to A Real Convenience!

YOU probably never considered the SUN as being a magic carpet, it doesn't whisk you around town in a physical sense of the word. But the steady stream of such expressions from our readers and friends of "how convenient"-and "we certainly appreciate getting such needs now in town" prompts us to really give emphasis to the news that a visit to the new Commercial Stationery Department will prove most enlightening ... and better yet, why not see for yourself.
