## PLANS FOR BLACKOUT READY

### Blackout Will Be Held Wednesday

All forces of the local defense set up will be put into motion Wednesday evening from 10 to 10:15 o'clock when Springfield will go dark in the test blackout which is covering practically all the northern part of the state. The time for the test blackout was announced today by Leonard Dreyfuss, State director of Civil Defense.

### Nine-State Alarm Out For Three Men Who Attacked Girls

Springfield police, up until last night, were still seeking three men who criminally attacked three local 13-year-old girls Wednesday afternoon in the Railway River Parkway of the Union County Park Commission near the Springfield-Kearlwood-Cranford line. The girls supplied police with descriptions of their assailants and looked over a gallery of pictures in an effort to make further identification. A teletype description was sent out by police for the men.

According to police, the girls, who were hiking in the park area, were accosted by the men and dragged into the bushes. The girls reported that they had struggled with the men, but were overpowered. One of the girls claimed that she had struck her assailant on the left cheek with a stone. Another said she had seen her attacker's face. Clothing of all three was tipped off.

After the attacks, the men fled and the girls made their way home and reported the attack to their parents. Police were notified, and a nine-state alarm was sent out. The girls were treated by a physician.

### To Hold Spring Luncheon

The Ladies Benevolent Society of the Presbyterian Church will hold its annual Spring Luncheon on Wednesday noon in the chapel of the church.

### SEVEN LUNCHEON ADVANTAGES CITED

Through the efforts of the School Lunch Fund Raising Committee which is sponsoring a card party on May 1 at the Raymond Chisholm School, the pupils of the school will find a well-equipped dining room in which to eat their lunches.

The Raymond Chisholm School was chosen for the new project because it has the available space. The James Caldwell School, which does not have the space, allows children to have an additional 15 minutes for lunch period, which should enable them to go home every day. Because this too, for many reasons is unsatisfactory.

The hope of the School Lunch Fund Raising Committee is that the James Caldwell School will also soon be equipped for serving school lunches.

### Meeting Postponed

An important meeting of graduate nurses who have enrolled for the defense, called by Mrs. Russell J. Pfizinger, registrar of nurses for disaster emergencies, which was to have been held on Wednesday evening at Regional High School, will be postponed on account of the test blackout to be held on that evening. Mrs. Pfizinger will announce the meeting for a later date.

### Collection Postponed

Because of inclement weather, the Junior Red Cross did not make collections yesterday as scheduled. Mrs. Charles H. Nelson, chairman, announced, "Collections will be made on Thursday as usual, she added.

### County Ranks Sixth

Union County has the sixth highest ratio of mortgaged farm properties in the State of New Jersey, it has been announced by the Department of Commerce, Washington.

### SPRINGFIELD DEFENSE COUNCIL AIR RAID RULES

- Short blasts of sirens and whistles. All Clear. Steady sounding of sirens and whistles. Emergency Rules.
1. Stay off streets. Stay at home or go to nearest building and stay there until all clear signal.
  2. Stay away from windows.
  3. Don't go to schools. School teachers will safeguard children.
  4. Use phone only in serious emergency.
  5. Turn off stove burners that are lit—not pilot light. Make no attempt to shut off main gas valve.
  6. If in an automobile, move car to curb. Don't obstruct fire hydrants or street intersections. Go to nearest building.
  7. If bombs drop near you and you are unable to reach a building, lie down and protect the back of your head.
  8. Keep dogs and other pets inside.
  9. Leave no lights on in an unoccupied house.

The meeting will be presided over by Mrs. Edith Hankins, chairman. Henry P. Kees is program chairman.

### George W. Morton Named As Member To Draft Board

George W. Morton of Springfield has been appointed a member of Selective Board 2 covering Springfield and Union. It was announced this week by Richard J. Hall, chairman of the board. Mr. Morton replaces Anthony J. Robina of Union, who recently resigned, and is the only member from Springfield on the board. The other member is Vincent Slavin of Union, who was appointed to fill the vacancy caused by the resignation of Gregg L. Frost of Springfield.

Mr. Morton, who lives with his family at 108 Morris avenue, has been a resident of Springfield for the past seven years. A native of Roselle, he attended Roselle schools and graduated from Roselle High School. He is in the real estate business.

Always interested in athletics, Mr. Morton played football and basketball for Roselle, and won many awards in other sports, particularly bowling. A World War I veteran, he is a member of Continental Post 228, American Legion, of Springfield. He also serves as vice-president for Springfield on the Regional Air Parent-Teacher Association. Mr. Morton has two children, both students at Regional Junior-Morton, a Junior, achieved prominence this year as one of the outstanding members of the Regional basketball squad.

### Neighbors Opposed To Erecting Bridge On Profit Avenue

Protest against the proposed building of a concrete bridge in Profit avenue which would eliminate the present dead-end thoroughfare was registered with the Township Committee Wednesday night by a petition of thirty residents of Bryant avenue, which street would be connected by the bridge.

Local authorities have already sought action by the Board of Freeholders to erect the bridge, similarly to one which was constructed last year at Satter street, about a block away. Favored with a charter of either the committee, accepted the Satter street bridge first, awaiting future action on the Profit avenue job.

Edwin Medford of Bryant avenue, speaking for the petitioners, spoke on the project which the signers opposed "as unnecessary and serving no useful purpose to our community."

Mayor Selander declared that "the township has been strongly urging the Freeholders to provide that bridge for the past three years." He said it was designed to eliminate a dead-end street, which "is always detrimental to the community" and that "it was a worth-while project." Because of the war and difficulty in obtaining steel, he told the residents that the bridge would probably not be built for a few years.

In public auction a group of lots on Meisel avenue was sold by the committee to Maurice Levine, for \$7,500 cash for the property. Norman T. Birick, representing Vetsuch Brothers of Summit, made an offer of \$8,100 with terms, 15 per cent cash and the balance in three years, payable at interest of 6 per cent.

Edward Conley, local real estate agent, urged the committee to consider factors such as kind of house, "welfare of Springfield," etc., in accepting a bid, implying that his client, Vetsuch, would conform to those factors.

Mr. Levine then urged the committee to consider the "bid only," declaring that "there are building restrictions that look after the welfare of Springfield." He said that it was "a question of appearance and type of house, but a question of bid only."

After a brief executive session, (Continued on Page Five)

### Tuttle Acquitted Of Driving While Tipsy

John Tuttle of 18 Crescent road, former president of Newark Freelemen's Union, was acquitted Tuesday night of a drunken driving charge after a trial before Traffic Court Judge Tully in Newark. The defense was not even required to present its case as Tully declared, after hearing state witnesses, that the state "had failed to prove Tuttle drunk beyond a reasonable doubt."

Tuttle was arrested March 12 on drunken driving and manslaughter charges after a collision at Central avenue and Norfolk street, Newark, in which the driver of the other car, Arthur Matyot of Dover, suffered fatal injuries. Tuttle, who had been hospitalized, but on the basis of police investigation of the accident, was arrested after his release.

Five policemen testified for the state that Tuttle appeared unsteady at the scene of the accident. One reported that his eyes were closed and "he didn't move or say a word," but that his breath "smelled of alcohol."

Dr. Richard Outwin, City Hospital interne who treated Tuttle, testified that he "appeared dazed and confused." He described Tuttle's injuries and added that he had "an alcoholic odor to his breath." Dr. Outwin said also that he could "not be at all certain that he was under the influence of liquor."

In cross-examination, Dr. Outwin said Tuttle "spoke coherently and rationally and appeared well-orientated." In answer to a statement by Assistant Prosecuting Counsel Gaudner, prosecuting for the state, that he had "written 'delirious and stupified' on Tuttle's hospital card, Dr. Outwin claimed that that information was "given to me by police as the condition of Tuttle at the accident scene." He added: "Disregarding that statement and from what I've seen, in my opinion Tuttle was sober."

Dr. Russell Stewart, assistant house surgeon, on hand service, said he had examined Tuttle nine hours after his admittance. He said he had written "acute alcoholism" on his report of the case because of the information on Dr. Outwin's report. He said Tuttle was quiet and co-operative at the time he examined him.

The state rested its case. Morris Mason, Tuttle's lawyer, moved for dismissal, asserting that the state had failed to show that Tuttle was drunk. Tully then found Tuttle not guilty.

### Arthur H. Smith Guest Of Honor At Farewell

Arthur H. "Pete" Smith, clerk in the First National Bank of Springfield, who enlisted in the U. S. Navy, was guest of honor at a farewell party last week in the home of Carlisle H. Richards of Meisel avenue, cashier of the bank. The party was given by the company last Wednesday for Company 107, Naval Training Station, Newport, R. I.

Attending were relatives and fellow bank employees, comprising Mrs. Smith, Mrs. Richards, Mr. and Mrs. Robert Smith, Mr. and Mrs. Nell Johnson, Mrs. Edward P. Stelz, and the Misses Ruth Danneberg and Virginia Wilson.

Smith's uncle, Rear Admiral William Ward Smith, is a top ranking officer in the Pacific fleet. As a result of Smith's departure, his wife has been engaged to fill the vacancy.

### Gogel Gets Certificate

Russell H. Gogel, student of the evening branch of Rutgers University, was awarded a certificate for work on the student newspaper, at the annual Student Awards dinner held Wednesday night in East Orange. Presentation was made by Professor Edwin L. Stevens, chairman of the University committee on student activities. Gogel is the son of Mr. and Mrs. C. Raymond Gogel of 78 South Maple Avenue.

### GETTING TOUGH ON SPEEDERS

Whether we like it or not, it looks as though we're going to be forced to conserve our tires. First the speed limit was reduced to forty miles an hour, and now the announcement comes from Motor Vehicle Commissioner Arthur W. Magee that from now on he would revoke the license of any driver twice convicted of exceeding that limit. It seems like a drastic punishment. But in light of the fact that rubber has become such a vital commodity, it is justified. It is another indication that the war is getting closer to home, that things are serious, and that the pleasure of whizzing along at sixty was a pleasure not a necessity. Isn't there a wise little story about a hare and a tortoise?

### REMAINS A PUZZLE

The refusal of the OPM to grant priority rating for the installation of the two-way police radio system which the Township Committee agreed to purchase in December from Fred M. Link Co. of New York is a little puzzling in the light of Mr. Link's remarks on the subject. Mr. Link claims that his company has such a substantial number of orders, the system for Springfield could be delivered on demand. Yet in answer to Springfield's request for a priority rating, the OPM expressed regret that "we are unable to assign to your department a preference rating," failing to refer to the reasons Springfield listed for its request, either to condone them or rule them insufficient. One begins to wonder what precisely constitutes a priority rating, and on what basis they are issued. Shouldn't one question?

- Total number of new buildings for the month is 17, with a value of \$24,000.

### April Tire Quota Fixed

April quotas have been announced by Robert W. Johnson, State rationing administrator. Springfield will receive the following allotment: Passenger cars, 3 tires; 15 retrofits, and 9 tires; trucks and buses, 6 tires, 5 retrofits, and 5 tires.

The State rationing headquarters revealed that it had arranged with the twenty-one county prosecutors to investigate all cases of "obstructing" or other infractions of wartime emergency rules.

### Variety Show Plans Being Made By PTA

Plans are being made by the six municipalities of the Regional High School District for the second annual Variety Show sponsored by the Parent-Teacher Association. It will be held on Wednesday evening, April 22, at the high school. The district is preparing a call for the show, which will be composed entirely of members of the association. Tickets have already been distributed throughout the districts and are on sale.

The show, which was one of the highlights of last school year and which filled the auditorium to capacity, is put on for the benefit of the student aid and general funds of the high school. It is hoped that this year's success, and that the proceeds will swell both funds.

Harold A. Jones and Mrs. Herbert R. Day are collaborating on the skit to be presented by Springfield. For Mountain Side, Mrs. B. Murphy will be in charge, assisted by Mrs. Gilbert Pittenger, chairman of the Parent-Teacher Association and Mrs. Charles S. Shapiro.

For this year, it has been announced, there will be dancing after the show, with music provided by Pete Gogel's orchestra.

On the evening after the show, a PTA picnic will be held at the following assembly will be held in the high school. Speller will be Colonel William O. McKinley, New Jersey representative on the National Executive Committee of the American Legion. At the business meeting, the nominating committee will be appointed to prepare a slate for the annual elections, which are held at the last meeting of the group for the year.

### About Half Received In Boy Scout Drive

With many returns yet to be made, the drive of the committee to collect \$500 for the Boy Scout Picnic Campaign reveals this week that about half has been received. The school pupils are expected to have all been made by April 13.

Figures have not yet come in from the Lions Club committee, under direction of Herbert A. Kuyin, which is expected to swell the total considerably. It was announced by Elbert B. Johnson, chairman of the drive, that the names of all district workers and the respective total amounts they collected, will be published when the final figures have been tabulated.

# A WEEK OF THE WAR

A summary of information on the important developments of the week made available by official sources through the Defense Advisory Committee of the National Editorial Association.

War Production Director Nelson, speaking in New York City, said "America's industrial plant is really beginning to roll." He said airplane production schedules for the first three months of this year have been met or exceeded, and production of tanks is ahead of schedule.

Mr. Nelson said production of merchant ships is "rising rapidly" and this year's schedule should be met. A Garand rifle is now available for "every one of our combat soldiers who is supposed to have one."

### Civilian Supply

The WPB ruled persons buying toothpaste or shaving cream in tubes must turn in the retailers some kind of tin or tin-coated tube for each new one purchased. The Board froze sales and deliveries of all new bicycles for adults, including those already ordered and paid for.

The Board ordered production of cover caps or tinplate used as closures for catsup, jelly, etc., stopped immediately, and of iron wire caps for bottled beer and soft drinks stopped April 30.

Production of vacuum cleaners, April 30, and toys and games made of metal, plastic and other essential materials, June 30. The Board curtailed use of crude rubber and latex in 50 articles, including tire and mill hose, storage batteries, etc.

### Priority Order Compliance

The WPB reported investigations of 14,000 firms for compliance with priority orders have been undertaken since last June. Reports have been completed on 4,500 firms, the Board said, and of these 1,600 showed no violations while approximately the same number reported minor violations through misunderstandings.

### Prices

The Office of Price Administration froze manufacturers' wholesale and retail prices of plumbing fixtures and of 44 common household electrical appliances, all of March 30 levels. Ceilings were also set on wholesale prices of bond, ledger, book and plain and fancy cover paper and pencils, and on producers' quotations for Pennsylvania anthracite coal.

### Civilian Defense

Civilian Defense Director Landis said Axis air raids on American war industries this spring are "entirely possible." He said "it is worth a dozen bombers to the Germans to wreck vital industries, even in the heart of the country."

### The Armed Forces

The Senate passed and sent to the House a bill granting pay increases from \$30 a month to \$42 for privates and apprentice sergeants, and providing proportional increases for other classes of enlisted men in the armed forces. The Post-Office Department issued regulations for granting of free first-class mailing privileges for all ranks of the armed forces.

### The War Front

The Navy reported as of April 4 total Japanese losses inflicted by U. S. naval forces included 21 warships sunk, 13 possibly sunk and 22 damaged; 48 non-combatant ships sunk, 14 possibly sunk and 14 damaged.

### Shipping

The Maritime Commission reported all contracts have been awarded for the 23-million deadweight tons of merchant shipping—nearly 2,500 cargo ships and tankers—which the President has set as the 1942-43 goal.

### Agriculture

The Department of Agriculture said it had purchased more than \$500 million worth of farm commodities, totaling more than 7,500 million pounds, during the first year of the Department's expanded purchase program.

## READING & WRITING

BY Edwin Searver AND Robin McKown

## CHRISTOPHER COLUMBUS came close to discovering

the Pacific Ocean as well as the New World, according to Professor Samuel Eliot Morison of Harvard, who has written a book that will probably remain the best story of the great discoverer and his voyages in existence. It's called 'Admiral of the Ocean Sea' and will get off to a flying start when the Book-of-the-Month Club begins to send it out to its members as a March selection.

On his fourth journey to the new world, Dr. Morison points out, Columbus anchored on Christmas eve 1502 at what is now the Atlantic entrance to the Panama Canal. The Indians tried to explain to him that this was an isthmus between two seas, but Columbus was too weary after the long voyage to undertake the additional overland trip that would have brought him to the Pacific.

## Serves His Country

EMMET J. HUGHES

Son of Judge John L. Hughes and Mrs. Hughes of Summit, is now in the service of the Coordinator of Information, in Washington, D. C. This was learned Easter Sunday when Mr. Hughes visited his parents.

Mr. Hughes, having graduated from Princeton University last June, proceeded with graduate work in History at Columbia University last fall. He resigned from Columbia in mid-February to enter the Coordinator's office.

The office of the Coordinator of Information is headed by Colonel William Donovan. It serves to coordinate the information gathered by all the intelligence agencies of the government and of the armed forces. This includes Military Intelligence, the Office of Naval Intelligence and the F. B. I. His work is in the Division of Special Information.

## New Victory Bikes Easy On Both Purse and Legs

For the many local residents who are planning to get a bicycle, there is good news. It comes direct from one of the country's largest and oldest bicycle manufacturers. The new "Victory" model about which there has been so much speculation will be available about April 15.

It will differ from the finest of pre-war American lightweights only in that handlebars and trim will be black instead of chromium plated, and its narrow tread pneumatic tires will be made of vulcanized rubber. It will be about 20 or more pounds lighter than the standard heavyweights. Best of all—contrary to many wild rumors on price—it is expected that the price will be "razor" at between \$45 and \$40.

## OVERWEIGHT MALNUTRITION SIGN

New Bulletin, "Food, Women and War" Reveals That Heavy Person Can Be Starved For Essential Foods

Heavy—Overweight is as their homes and country has given added emphasis to the great need for "better" planned meals, meals that will supply adequate quantities of vitamins, minerals, and the right kind of proteins.

If you are tempted to raise a questioning eyebrow saying, "protein is a protein, is it not? Remember that some proteins haven't the essential amino acids to be valuable—but better still, write to Mrs. Mearns at her office in the Court House, Elizabeth, for this valuable bulletin.

And now just in case you are inclined to say why this study into the relative values of food? Why not get our ready-vitamins-in-one-tablet form and use our food for the pleasures of taste? Listen to what "Bread and Butter" says in a recent issue. "The only completely adequate source of vitamins is found in natural foodstuffs. Scientists have discovered how to pack large amounts of vitamins into a capsule or processed food; but they don't know how to balance the vitamins in the proportions in which they are present in natural foods—and they don't know yet all the vitamins necessary to good health; the most

authoritative opinion is that there are many essential factors which can't be put into pills but must be supplied from food. The excitement about vitamins in recent years is a good thing, on the whole, as an indication of an awakening nutrition consciousness. But commercial outfits, which have rushed in to exploit the situation, have obscured this main fact.

Vitamin A can be obtained without aid of the doctor or druggist. It is abundantly present in broccoli, carrots, egg yolks, kale, spinach, squash, sweet potatoes, turnip greens, yellow corn, apricots and liver. One average and one small serving a day of any of these foods is ample to give you all the Vitamin A you need. So plan your meals to include the little hidden guest Vitamin A.

The home economics extension service, under Mrs. Margaret Mearns, acting home demonstration agent, is offering a Monday afternoon course for members of Consumers Interest committees to familiarize them with information on consumers' problems. This series of meetings, held through April, will be open to all consumer interest committees of each local defense council in Union County and will be given in the Extension Service offices at the Court House in Elizabeth. Such a move on the part of the extension service, which comes from Rutgers University, indicates the importance of the consumer interest committees and their work as a part of the state defense set-up.

## LOOKING BACKWARD

### 10 Years Ago

APRIL 10, 1932. Five youths failed in an attempt to hold up a store in the freight station of the Railway Valley Railroad in Mountain Avenue when they became frightened and were apprehended a few minutes after leaving the scene. Four of the youths were from Summit, the other from Springfield.

### 1 Year Ago

APRIL 10, 1941. Local grammar schools were ordered closed upon recommendation of Health Officer Dr. Henry P. Deuler due to an outbreak of measles. Students received an added three days to their regular Spring vacation when 67 cases of the disease were reported.

"Open House" was held for all parents and friends interested in the Boy Scout movement at the James Caldwell School as a prelude to the drive for funds to be collected for the Union County Boy Scout Camp in Truckway Township.

The Township Committee authorized the purchase of a new fire truck and fire extinguishers intended to issue \$8,000 in bonds for the new apparatus.

Mrs. Leslie Joyner and Mrs. Herman Morrison were appointed to represent the Spring Group, and Henry Pfeiffer and Waldemar DeGroot were appointed to represent the Junior Group, as delegates of the Springfield Chapter to the National Red Cross Convention in Washington.

Students of the agricultural course at Barclay High School were engaged in the project of pruning the trees in the vicinity of the school grounds.

The Rev. William F. Reed, pastor of the Methodist Church, was reassigned to the local church for the year at the 75th annual session of the Newark Conference of the Methodist Episcopal Church held at St. Luke's Church, that city.

ACTIVITIES OF MOUNTAINSIDE

Tabulated Returns Has \$1,679 Received In Community Drive

MOUNTAINSIDE—Final figures for the campaign of the Mountain-side Community Association were announced at a meeting of the Board of Directors last evening by Theodore V. Mundy, chairman and campaign manager. The total to date, Mr. Mundy reported, is \$1,679.50.

Mountainside Notes

Miss Ruth Rinker of Springfield Road spent the holiday week-end at the home of Rev. and Mrs. E. A. Lautenschlager at Amsterdam, N. Y. Miss Rinker is the fiancée of Henry G. Beze, son of Mrs. Lautenschlager.

Arranging For Skit

MRS. MILDRED MURPHY The Mountainside contingent of the Regional High School Parent-Teacher Association is preparing for its skit to be part of the annual Variety Show at the high school April 22. Mrs. Mildred Murphy is in charge of arrangements for the local group, assisted by Mrs. Gilbert Pittenger and Mrs. Charles Shomo.

Tempting Dishes At PTA Sale Planned

MOUNTAINSIDE—Layer cakes dripping with icing, cup cakes that baked dream about, cookies, tea cakes, pies that only mother can bake, rolls, jellies, these are just a few of the sweetmeats and foods that the Mountainside Parent-Teacher Association will offer at its food sale, to be held as part of the monthly meeting of the group in the school on Thursday afternoon, Mrs. Fred Long is chairman in charge of the sale, and she will be assisted by a large committee of women all enthusiastically keeping to their kitchens to provide the items that it is hoped will make the sale one of the most successful projects of the association.

Where's That Sign?

MOUNTAINSIDE—Probably part of a cannon or a machine gun is the sign that formerly designated Central avenue. The sign, which was knocked down by an automobile last year has disappeared, and complaint was made to the Borough Council by a resident at a recent meeting. In referring the matter to the road committee, Mayor Moxon expressed the hope that, whoever had taken the cannon's property, had taken it for patriotic purposes.

Branch Mills Chapel To Resume Weekly Services

The Branch Mills Gospel Chapel, Springfield avenue near Echo Lake, will begin services again on Sunday afternoon at 3 o'clock. After an absence of six months due to illness, P. Walton Herbert will be directing activities. For this Sunday, Edgar Polesky, a graduate of the Moody Bible Institute, will be guest preacher. This public is cordially invited to attend.

Word-From-Bill Lantz

To the Editor of the SUN: From home, I received clippings from your paper, which I was very glad to see. Next to mail from home, your paper has brought me many moments of relaxation in reading. Also, thank you for the picture and write-up of me. I am now stationed at the "Navy pier" in Chicago. It is wonderful here. Last week, I was sent to Great Lakes Hospital due to illness. My temperature was 102, but with excellent care from the Navy doctors, I soon recovered. While at the hospital, Xavier Cugat and his world-famous rumba band with Lina Romar, his female vocalist, entertained. Orrin Tucker and his orchestra were here last night and were equally enjoyed. Well-known personalities such as Hugh Herbert, Sylvia Sidney, and Art Kassel and his orchestra provide entertainment nightly. I would appreciate it if, through your paper, you thanked all the friends and neighbors for the gifts I have received from them while serving Uncle Sam. WILLIAM LANTZ, A. M. M., U. S. N. Co. 16, Sec. B, 121 U. S. Navy Pier, Chicago, Ill., April 1, 1942.

Tire Quota Set

MOUNTAINSIDE—April quotas for tires and tubes have been announced by Robert W. Johnson, State rationing administrator. Mountainside will receive the following allotment—passenger cars, one tire, four trucks, three tubes; trucks and buses, two tires, one retread, one tube.

Annual Rat Campaign

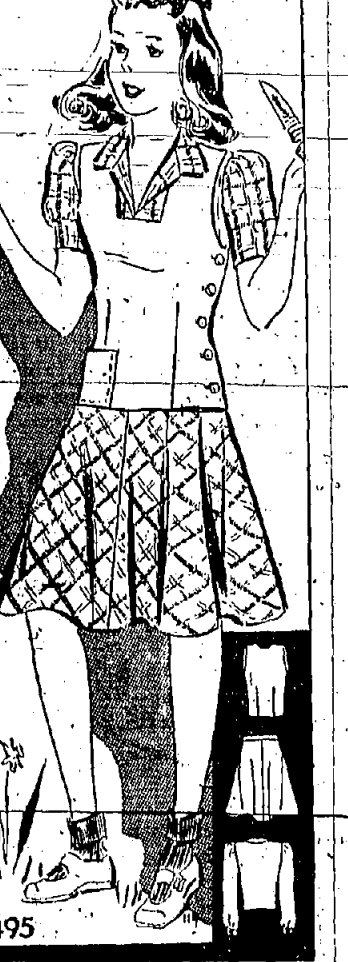

"The annual rat campaign is getting under way throughout the county," Fred D. Osman, Union County Agricultural Agent, stated this week. "Hundreds of residents have joined the campaign in past years and have reported excellent results in wiping out this pest. Full details will be sent to anyone on request to the County Agricultural Agent, Court House, Elizabeth," Mr. Osman said.

IDEAS FOR SAVING GAS AND RUBBER

Share Your Car, or Ride a Bike; Tire Authority Sees No Tires Available to Individual for Many Months

According to Albert I. Stiles, Union County Quota Authority, the rubber situation will be serious, not for a matter of months, but for perhaps two full years. "SO MANY THINGS" new or retreads, is what the present restrictions mean to the average local car-owner. Nobody qualifies for new tires except physicians visiting nurses, municipal officials, police and fire departments, etc. April is the first month in which any retreads have been allotted in Union County. The April quota is exactly 1,198. Divide this into 350,000 (Union County's population)—in this way you can figure your chances, if you are eligible, to "qualify" for a retread. The most obvious solution to the problem is to share your car with more people riding on fewer tires.

GOVERNOR CHARLES EDISON

An executive proclamation was issued by Governor Charles Edison this week officially opening the 1942 Governor's Fishing Tournament in New Jersey.

Neighbors Opposed To Erecting Bridge On-Proffit Avenue

The committee voted to accept Mr. Levine's offer.

A group of homeowners of Homestead Avenue protested to the committee that Anshore Builders, who are developing the property in their neighborhood, are building "bungalows," thus not conforming to the style of house previously built there.

The mayor informed them that as long as the builder adheres to the regulations in the building code, the regulations could do nothing to prevent the builders from erecting any type of home they chose.

GOVERNOR BACKS OPEN FRESH WATER FISHING CONTEST

Fresh water fishermen participating in the approaching open season in New Jersey will compete for public recognition and prizes under a proclamation issued by Governor Charles Edison this week.

Through the cooperation of the New Jersey State Fish and Game Commission and the New Jersey Council, promotional and development agency for the state, trophies will be awarded to all first place winners.

Divisions in the fresh water tournament for which prizes will be awarded include: Brook, brown and rainbow trout, season for which opens on April 15; pike, pickerel and perch-pike, which opens on May 20; black, oswego, rock and calico bass and crappie, which opens June 15; and yellow perch, white perch, blue sunfish and the common sunfish.

In Army Camps This Week

Seven selectees from Springfield will leave Wednesday for induction into the Army. They are: Francis J. Bolger of 97 Lyons place; William R. Buellet, of 769 Mountain avenue; James F. Jakobson of 262 Mountain avenue; Harold Edward J. Snyder of 42 Proffit avenue; and William Spera of Mountain avenue.

Pvt. Edward J. Gunn, son of Mr. and Mrs. Joseph H. Gunn of 21 Colonial terrace, and Pvt. Robert S. Anderson, of 34 Keeler street, who were recently inducted into the Army, are stationed at the Engineer Training Center, Fort Belvoir, Va.

Private First Class F. Ray Pierson will be home from Camp Claiborne, La., on a ten-day furlough to visit his mother, Mrs. Helen Pierson, and brother, Edward, at 78 Main street.

Arthur J. Staehle, Jr., son of Mr. and Mrs. A. Staehle of 43 Colonial terrace, spent the holiday week-end with his parents. He is stationed with the Coast Artillery at Fort Belvoir, Va.

Sgt. George E. Conley returned to Pine Camp, N. Y., after spending the Easter holidays with his parents, Mr. and Mrs. Jack Conley of 35 Colonial terrace.

REGIONAL NOTES

Parent-Son Banquet At School Tuesday

MALCOLM BALDWIN

The annual parent-son banquet of the Regional High School agricultural department will be held Tuesday at the school.

Model Building

The Regional High School wood-working classes are making model airplanes of all types for the U. S. Government. These miniature models of the air will be used for identification purposes in the training of men interested in the Air Corps.

When the planes are finished, they are inspected very carefully by experts in the aviation field. The plans for the planes come from the Navy Department in Washington; the local Board of Education supplies the wood and materials.

Altogether, the boys are making twenty different types of planes—13 American, 3 British, 3 Japanese, and 2 German. Some boys have already made as many as three miniatures. The boys who have finished at least one plane include the following: Walter Yankov, John Bohadel, and Frances Corley of Garwood; Bennie Gerles, Jon Kramer, Charles Cottrell, Owen Morrison, and Griffith Woodruff of Springfield; Andrew Chorniewy, Albert Sosa, and Edward Foster of Clark; and Ted Plum of New Providence.

Automobiles Aplenty If You Can Qualify "Since January 7, there has been appearing repeatedly in many places the news which has left the public with the impression that the automobile dealer is out of business." E. Arthur Lynch, president of L. & S. Chevrolet Corp. of Union, declared in an interview to the SUN this week. "This is definitely not true," Mr. Lynch stated. "Today we are back in business, selling new cars and new trucks under rationing regulations—used cars and trucks with no rationing program whatsoever." "What are the rationing regulations?" They are more liberal than the general public realizes. Also they are subject to local interpretation by a local control board. There are many people in Springfield who are actually eligible to purchase a 1942 car, but who have the impression that it is impossible. I would like to clear up that misunderstanding. The rationing regulations have been greatly liberalized. We can tell you whether you are eligible or not and are prepared to assist those entitled to a new car in obtaining a purchase order. "Further evidence of misapprehension is the used car situation," standing is the used car situation." For Mr. Lynch went on to say, "For several months prior to January 1, many of our customers anticipated freezing orders, purchased new cars and trucks. As a result, our company has a good stock of better than usual cars, in top condition and with good rubber. "So if you need a new car or truck," he continued, "make sure you are not included in the new classifications for eligible buyers before you say 'What can I do, I'm not eligible.' And if you are not eligible, don't forget that there are thousands of '39, '40, '41 used cars on the market that are like new."
